## VITAL NEW BREAKTHROUGH SUPER-LITERACY

by L. Ron Hubbard

**SUPER** – Superiority in size, quality, number or degree.  
**LITERACY** – the ability to read and write.

Almost everyone these days is able to read and write. This was not true a century ago but, with modern stress on education, it is true today.

But is this enough today?

It is an instruction book world. The civilization in which we live is highly technical.

Education today goes into the twenties.

That's a third of one's life.

And what happens when one leaves school?

Can he do what he studied?

Does he have all his education or did it get left behind?

Literacy is not enough.

Today's schools and today's world require a new ability – the ability to look at a page without any strain and absorb what it says and then apply it right now without any stress at all.

And is that possible?

Am I talking about speed reading? No. That is just being able to read rapidly. It does not improve the comfort of reading and it does not improve the ability to apply.

What is really needed is the ability to COMFORTABLY and QUICKLY take data from a page and be able at once to APPLY it.

Anyone who could do that would be SUPER-LITERATE.

What happens?

The average person – literate – is able to read words and mentally record words.

Like this:

When he writes he writes:

In his mind words are "understood" as other words like this:

When one is Super-Literate, this is what happens:

**GET FREE  
WORD  
CLEARING**  
speed up your  
progress to Clear  
and beyond

Ron has discovered that misunderstood words in Dianetic and Scientology processes have, in some cases, kept people from full gains.

Misunderstood words slow down a person's progress across the Bridge to Clear and beyond. Just as a person gives up any study because of misunderstood words (see the Scientology Dictionary for an explanation of this), so a person can leave Scientology courses or auditing incomplete because of misunderstood words.

Therefore, it is vital for you to come in for Free Word Clearing.

A skilled auditor will check to see if there is anything you haven't fully understood about auditing or Dianetics and Scientology.

If there is, he will help you locate the misunderstood words behind that condition so you can clear them with full understanding. This will greatly help you start moving as fast as you would like to be moving toward Clear.

Come in today and see your local Registrar who will immediately route you to your Auditor. This service is available at the New American Saint Hill in Los Angeles as well as local churches in other parts of the country.

**DIANETICS:** means through thought or mind. Pastoral counseling. E-METER: The Hubbard Electrometer is a religious artifact used as a spiritual guide in the Church Confessional process, and is not intended, effective or ever to be used for attempted diagnosis, treatment or prevention of disease. **REACTIVE MIND (or REACTIVE BANK):** That portion of a person's mind which works on a stimulus-response basis (given a certain stimulus, it gives a certain response) which is not under his volitional control and which exerts force and the power of command over his awareness, purposes, thoughts, body and actions.

**RELEASE:** A person whose Reactive Mind is not influencing him. There are "Grades" of Release, each of which is a distinct and definite step toward greater levels of awareness and ability.

**SCIENTOLOGY:** An applied religious philosophy, dealing with the study of knowledge, which, through the application of its technology, can bring about desirable changes in the conditions of life.

**SAINT HILL:** After Saint Hill in England, a Scientology Church which delivers Power Processing and training above Class IV.

**WORD CLEARING:** A precise activity which locates and then clarifies misunderstood and not understood words or symbols in the materials one is presently studying or has studied in the past.

# The cheapest Road to Clear is through Training

## GOOD NEWS!

The Student Hat (including Study Tapes) is now FREE with full payment for Academy Levels (Levels 0-IV) or the Saint Hill Special Briefing Course.

## MORE GOOD NEWS!

The Academy Level co-audit courses are back—now students will deliver Grade auditing to each other for classification on every level. This saves students money, makes auditing easier to get, gives each student practical experience right on each skill level, and increases reality on the level of auditing being studied.

## WHY TRAINING IS MORE ECONOMICAL

The training route is designed to be the cheapest way to go Clear—as more and more students get trained, more auditors are made. The millions of people on Earth need a lot of help—only a trained auditor can deliver this help. Every auditor counts, and there is no way to create a better civilization without lots of auditing—and that means LOTS OF AUDITORS. So the way is designed to be easy to do for floods of people.

## THE PRECLEAR ROUTE

A preclear going Clear the "Solo" or non-professional route gets his auditing on Dianetics pastoral counseling and the Scientology Grades by hourly donation rates from a professional Scientology minister (trained auditor). The number of hours needed varies with each person, but gaining full benefit of all auditing below Power Processing takes usually at least 100 hours and often 200 or 300. Then, he goes on to Power Processing at full fee, and now does the Primary Rundown (if not already done) before going on the Solo Audit Course and then the Clearing Course. (From Grade VI, Solo, on up, he must learn to audit himself).

## THE TRAINING ROUTE

The student on the training route has a different picture. He gets his Student Hat free (normal fee is \$125) with his Academy Levels 0-IV (\$1000) where he learns to audit the grade processes. He gets his Method One Word Clearing from other students. The Hubbard Standard Dianetics Course (\$500) enables him to co-audit on Dianetics as well. For the amount of spending that would only get him 30 hours of auditing, he will be able to get most or all of his Dianetics and Scientology Grade auditing on an exchange basis from fellow students. The student would also do internships to polish his skills and gain more extensive experience and certainty on Dianetics and 0-IV actions, at a fee of only \$375 more.

Then it's on to the Saint Hill Special Briefing Course! Tuition is \$275, with Power Processing given at 50% discount. For only a little more than the full fee for Power, the student does Power AND the tremendous Saint Hill Special Briefing Course. Then it's on to Grade VI and Clear.

Not only is the road to Clear cheaper by the training route to begin with, but a Clear will very quickly find he needs auditor training to help the other people in his en-

vironment and do the things he wants to do. Though Clears are allowed to start the Saint Hill Special Briefing Course without Academy training first, they still pay full SHSBC tuition to cover the cost of delivering the course.

## REWARDS OF TRAINING

Many find the training route more convenient and rewarding as well as less costly.

It's usually easy to get as much auditing from other students as you want.

While the student puts in a good deal of study time to achieve his goals, the trained auditor's grasp of the mechanics of survival and of this universe makes it easy to be causative in life, and things just naturally go right for him—so he has more time.

And, he gains the ability to truly help other beings, which he does daily—and nothing could EVER pay for this long-sought ability, as any student quickly finds.

## BUT ISN'T IT PRETTY HARD TO STUDY?

Many Scientologists have been unable to study easily in the past. But the SUPER-LITERACY BREAKTHROUGH, the Primary Rundown (or the Primary Correction Rundown for those with considerable difficulty), BREAKS THROUGH THIS BARRIER.

## THE WAY IS WIDE OPEN TO REAL STUDY AND TRAINING WITH FANTASTIC WINS.

## THE TRAINING ROUTE MARKED OUT

While training, you'll be audited by fellow students and get these gains yourself. When ready at each level, you apply what you've learned and audit right away.

Each level, 0 to IV, deals with one of the above areas. Paid for separately, each is \$250. Together as a package, \$1000 (saving of \$250). And of course student grade auditing is FREE.

The Primary Rundown is prerequisite, but the Student Hat is FREE with the package and auditing can be obtained from other students.

# SUPER-LITERACY

(continued from page 1)

Therefore as he is dealing in concepts (ideas or understandings) this can happen:

Concepts

And he thinks in concepts to which he can fit words easily and so can write clearly.

In other words, when one is Super-Literate, one reads not words but understandings. And so one can act.

### PRIMARY RUNDOWN

Super Literacy is the end product of a Primary Rundown or a Primary Correction Rundown.

How these are done are covered in HCO B 4 April 72 Revised 30 May 72 Primary Rundown and HCO B 30 Mar 72 Revised 30 May 72 Primary Correction Rundown.

Basically they consist of a Method One Word Clearing. This is the action taken to clean up all misunderstandings in every subject one has studied. It is done by a Word Clearing Auditor.

The result of a properly done Method One Word Clearing is the recovery of one's education. This in itself is quite astonishing.

This makes one a WORD CLEAR.

The next action is to do the Study Tapes word by word, each word looked up in a good dictionary or simple grammar.

There are booklets of the words in alphabetical order for each tape, as they appear newly on each time. These were compiled on Flag for this purpose.

When one has done the booklet fully one listens to the tape. He is then checked on a word clearing meter for any misunderstood words. If any are found he gets them defined and then hears the tape again.

In this way he goes all the way through the Study Tape Series.

As these tapes also contain all the basics of study itself he is at once in possession of the first real data on how to study something.

He now goes through the Student "Hat" in the same way.

In doing this he has raised his understanding of words and through words up to about ten times that of the average college graduate.

And he has done it.

He will find some remarkable things have come about.

He can read comfortably. He can place what he reads into immediate action.

He will be able to put his thoughts down on paper with ease and clarity.

And there's more case gain in it than many other actions.

He is SUPER-LITERATE!

### PRIMARY CORRECTION RUNDOWN

For those who have had a hard time in schools, the Primary Rundown adds correction of the past brutalities and invalidations of education and finds the reason he is "against study."

The end results are the same.

So it even works for tough cases!

### HONESTY

Honest action on the Primary Rundown is required to obtain the result.

Any skips, cheats, short cuts all deny the person the real result.

The earliest batches of students found this out the hard way and had to be sent for a Correction Rundown!

Honesty is, after all, the basis of sanity. The road to truth is only for the truthful.

But even these, once corrected, made it!

And became Super-Literate.

### BIG WIN

So this is a big win in the world of study and ability.

The first real data on how to study lies there in the rundown, waiting for the student to have it.

And he sure isn't disappointed once he's sweated his way through it.

It's like getting born. Horrible while it's going on. But oh, it's great to be alive!

And able to really Communicate with the world.

### SUCCESS

## NEW AMERICAN SAINT HILL STUDY WINS

"Being an artist I've always tried to expand my ability to create, and I can honestly say that being on the Student Hat (looking up every word) has enabled me to increase my ability to create action with thoughts to form new painting ideas.

Today I've been looking up, for hours, words on the subject of ships. I've never been able to paint or draw a ship for I had no ARC (Affinity, Reality, and Communication) with them. But after looking up and getting to know boat terms my ARC went sky high. After several hours of an adventure it all came together as a beautiful concept. I stopped reading and drew a ship. Knowing its parts I was able to even draw my very own design.

And I just began to study! Words have so much ARC to be understood. It's the greatest adventure I've ever been on."  
Mario Robles

"The student hat is the most rewarding study cycle that I've ever done. Getting a lot of words accurately defined and put to use has helped me become much more oriented to this universe."  
Bill Coatney

"I found in doing the Student Hat, by looking up and gaining certainty on all the words first, a whole new world of communication quality. Words are not just words but expressions of reality from another being."  
Peter Hollinger

I found upon completing the Student Hat a completely new potential to explore, understand and apply. The ability to apply with no doubt, no comm lag [communication lag, hesitation] but with certainty.

On the Briefing Course, you hear a lot from Ron. ... It's not that he makes more sense to me now - I've just finally learned to duplicate him. Thanks Ron for the tools, and for all the rest."  
Scott Montgomery, Briefing Course Student

"Fabulous! These actions have cleared away totally all reservations I have ever had on the subject of study. I am totally at ease without any doubts or reservations on my abilities in the area of study. I recommend this to anyone who hasn't had it. It's invaluable."  
Keith Coulter

"I did the student hat the old way and got a lot out of it. But doing the Primary Rundown I found I'd really missed some parts the first time on the course. Words I'd always thought I'd known turned out to have different meanings or other meanings. Clearing all these words not only makes the student hat easy and clear but also makes other study and reading loads of fun. Doing the primary rundown even cleared up areas of confusion from years in my past."  
Peter Hollinger
