

# THE AUDITOR<sup>WORLD WIDE</sup> 92

THE MONTHLY JOURNAL OF SCIENTOLOGY<sup>®</sup>

## WHAT YOU CAN DO TO MAKE A HAPPIER WORLD

by L. Ron Hubbard

Millions of people are living better lives today, simply because they have worked with, and participated in, this adventure called Scientology.

Scientology is for use in life. It's to bring order and some control and discipline into the channels of life itself. A Scientologist is someone who is handling life better.

A trained Scientologist is one who uses Scientology to further the business of livingness for himself and his fellows. He is today's Cause point in an embattled world. An Auditor\* undertaking to process another individual in Scientology is seeking to raise the "tone" of that individual—in other words, to increase the person's survival potential.

The purpose of processing is to free people of the things preventing them from being themselves. This is worth while as Man is basically good and it is this basic goodness we want to set free.

We want to clear away the debris making him act in non-survival, destructive ways. We want a better game for all of us—an enjoyable, high-toned bigger game.

The purpose of training is to get processing done fast. The more trained auditors, the quicker the achievement of the above.

We have found that an auditor goes nowhere if he doesn't know his basic Scientology and the fundamental activities, techniques and procedures of an auditor. It isn't so

much the technique that counts—it is knowing how to apply it, knowing fundamentals, knowing procedures. There is a knowhow in auditing. It won't be taught by word of mouth. It will be taught where Scientology teaching itself was evolved—in the Academy of a Scientology Organization.

The emphasis of all Scientology training is on a flawless ability to *do* auditing, and a command of the theory and goals of Scientology. A student, on leaving a training course, is able to *do* Scientology and achieve excellent auditing results.

We know now just exactly what clears people. And we know exactly what a Clear is. A Clear is a being who can be at cause knowingly and at will over mental matter, energy,

space and time, as regards the First Dynamic (survival for self). We know exactly how to train and process. These are hard won riches.

Here we are with the largest fund of information of life that has been assembled in a factual package on Earth. The question is, what are we going to do with it?

Here is a world that is desperately in need of some good order.

Man needs help. As a trained auditor you can deliver it.

\*Auditor: A listener or one who listens carefully to what people have to say. An auditor is a person trained and qualified in applying Scientology processes to others for their betterment.

About 5000 people filled the Hollywood Palladium for the Los Angeles September 16th Event, "Make the World a Better Place" with Diana Hubbard Horwich (photo right) and Quentin Hubbard (photo left), the daughter and son of L. Ron Hubbard, Scientology's Founder.

It is estimated that 1500 of the crowd were new to Scientology.

The all day event included "A Talk on the World and Scientology, Yesterday and Today" by Diana and a talk on "Change for the Better" by Quentin. Later in the evening Quentin also gave a live auditing demonstration.

Scientology musicians including Chic Corea, Back Pocket, the Edward Bear group, Jimmy Spheeris, Amanda Ambrose, Mario Fenninger, and the Brazilian group "Airto and Fingers" contributed to the excitement of the event.

## Dianetics, the Modern Science of Mental Health

"Since I found DIANETICS, The Modern Science of Mental Health, things have never been the same. They get better and better and better. . . ."

Larry Evoy (Lead singer for EDWARD BEAR).

"I couldn't put it down—I was finding the answers to all the problems I had had and the way to achieve all the goals I had ever hoped for. I finally began to understand about the mind and life after years of wishing and dreaming and trying to figure things out.

With that book I began the greatest adventure I have ever been a part of. I have found happiness I never suspected and a capacity for living I had long denied myself. I would not have missed this for anything you could offer."

Jim Cox

"I realized that my trouble was with the mind and that it could be handled. I realized that there was something that could be done about it.

At that point, I was able to handle the environment I was in much better and I realized what my own goals were. I set about achieving them—which is the definition of happiness."

David Butterworth

DIANETICS was THEIR first step to a happier life! (And it can be for you.)

## "More ARC!" "Standard" What Students say about the Senior Course Supervisors at New ASHO

Robin Patterson is finding a lot of new realizations about life and Scientology on the Briefing Course. (One of the 4 Flag-trained Supervisors at ASHO looks on, pleased with her progress.)

ASHO has assumed its role as the Top Technical Organization in the Western Hemisphere by taking responsibility for excellent Scientology training.

The Hubbard Senior Course Supervisors who recently returned to ASHO after intensive training on Flag (home of L. Ron Hubbard) are ensuring EACH student really gets the data on the courses and can apply it.

With high ARC and standard study tech the Senior Supervisors keep each student free of obstacles to a full understanding of Ron's tech.

Here are some of the things full time ASHO students are saying about the course supervision and what it's like to be on course at New ASHO:

"I just love it really. Since they have been back the supervision has been tough but with ARC. You know, very definite, you know where you stand. They just make it very pleasant to be there while you're working your tail off!"

ROBIN PATTERSON  
Cherry Hill, New Jersey

"It's just very natural, just spot on supervision. If there's something wrong, the supervisor just spots it and it gets handled and there's no waste of time finding out what the problem is and getting going again."

MARK EGSTAD  
Davis, California

"My study habits have changed more than markedly—it's like a totally reversed trend. I'm actually sitting there and not bogging even for a second. It's actually incredible. I used to be a chronically bogged student. I was bogged I'd say about 99% of the time. Now, when I feel any kind of a manifestation of a misunderstood I know it's a misunderstood and I find it and clear it up and just go flying right along. No one could be as happy as I am about it. It's getting better too."

MARTIN DUBOW  
New York, N.Y.

"There really has been a change. It's more on policy—that's what I've noticed. Anything I could say about it would be right off one of those policy letters about if students are doing well you should let them alone and if students aren't doing well that's when you should talk to them."

ASTRID CORDOVA  
San Francisco

"The Senior Course Supervisors are really in ARC with you. They work WITH you. It's a lot more fun!"

GARY JACOBS  
Detroit

"The targets they set are really real. I'm really happy and having fun on course."

CARLYNN KIRKES  
Washington, D.C.

"They really watch you and what you're doing. You can't lose your place without somebody knowing. They just know what's going on."

STEVE SINGER  
New York, N.Y.

"I think that the course supervision since these guys have been back is the most standard and most comfortable supervision that I've ever experienced in Scientology."

RICHARD DOUGLAS  
San Francisco

"Best supervision I've ever had, and I've been on a lot of courses. I'm so certain that I'm going to get the tech, not only with my student hat data but I know the supervisors will make sure I get the tech and that I am applying it. I'm really really pleased with the training and the tech here at ASHO."

STEVE JOHNSON  
Salt Lake City

"The supervisors are really good at maintaining a position in space—they don't hassle your attention. You're able to really put your attention on the data and study full out. They're not there to bother you unless you need help. It's really good."

ROHN WALKER  
Davis, California

SCIENTOLOGY: An applied religious philosophy, dealing with the study of knowledge, which, through the application of its technology, can bring about desirable changes in the conditions of life.

# Diana and Quentin visit ASHO

Class XII Auditor Quentin Hubbard meets Class VI Tony Hitchman at the event for auditors at ASHO.

After the event held at the Palladium, a special reception was held at ASHO on September 18th for Diana and Quentin Hubbard with highly trained auditors.

Over 150 auditors from the Los Angeles area crowded into the Special Briefing Course room to hear Diana speak about Scientology expansion and the Field Staff Member program, and to hear Quentin (a Class XII Auditor) tell about technical developments in Scientology.

Quentin especially stressed the importance of each auditor keeping himself up to date with periodic training, and advancing his ability as an auditor.

An informal question and answer period followed the talks by Diana and Quentin.

Special consultations and programming for advanced training were made available for the auditors present afterwards.

In the photo above, Tony Hitchman (a Class VI Auditor trained at ASHO) meets Quentin after the question period.

Well known for his filmed interview of L. Ron Hubbard which has been widely used to introduce newcomers to Scientology (the film was shown at the September 16th event at the Palladium), Tony is now auditing professionally in the Los Angeles area.

Formerly a television personality in Rhodesia, he says about his present career—"I think a profession is something to be proud of. And the profession of an Auditor is something to be most proud of. I can't think of anything which can benefit an individual—let alone his family and his group—more than becoming an auditor.

"I'd like to say that becoming an auditor has given me an even clearer understanding and admiration for Ron," Tony says. "And I am certain that in order to be totally free one *has* to be an auditor—there comes a point at which you have to take responsibility for others. And there's no better time to do it than now."

## Briefing Course Graduate plans for a happier world

Class VI Marion Klopp shows ASHO Director of Clearing her plans for the new center.

MARION KLOPP, a Scientologist since she was 5 years old (her mother is a Power Release and her father is an OT III Expanded), has just completed the Saint Hill Special Briefing Course.

She and her sister will be opening a Scientology center very soon in their home state of Michigan.

"The Briefing Course is by far one of the most important things I've done this life time, just as important as going Clear," Marion says. "I can handle people so much better just because I know the basics of the mind and how the basics apply to everyday life."

Regarding her plans for the Michigan area, she explains "My willingness to reach on the 3rd Dynamic (groups) has really increased, and that has a lot to do with my happiness. If you can really put your purpose out there all the way through the dynamics—then you're going to be happy. It's only to the degree your purpose is limited or cut off or you just don't see where it goes that you're unhappy."

"Having all the data adds up to being able to see where I want to go and knowing I can get there—which is certainly amazing!"

## Things just seem to go right for a Class VI Auditor!

*No wonder Briefing  
Course Graduates are  
some of the Happiest  
people in the World*

It's hard to conceive wanting something I couldn't get. For the first time in my life I get to do all those things I always wanted to do. It's really great! Get trained!"

Dean Stokes
