THE TEMPLE OF ILLUMINATION

The Temple of Illumination, situated high in the Andes Mountains in South America, is one of the greatest Foci of Light upon the Planet Earth today. As most of our gentle Readers know, here is focused the Feminine Ray, sustained and protected by the Beloved God and Goddess Meru, whereas the Masculine Ray is focused in the Himalayan Mountains sustained and protected there by the Beloved God Himalaya.

These two Rays form the actual axis of the Earth, entering the Body of the Earth Itself at the points of Their respective Foci. These Rays are those around which the Seven Mighty Elohim of Creation builded the Planet Earth in the Beginning and, where these two Rays meet in the center of the Earth, there is located the Planetary Immortal Victorious Three-fold Flame of Eternal Truth. This is the actual centripetal force within the Earth which, by the magnetic power of Divine Love, holds together the elements which make up the Earth and holds all Her attendant evolutions within Her, on Her surface or in Her atmosphere.

For many centuries, the Masculine Ray was the predominant Focus of Wisdom upon the Earth, drawing to It many earnest and sincere seekers after Truth. To reach this Retreat in those days, the chela had to travel through many dangerous mountain passes in the Himalayan Range. Within their hearts, such earnest ones had the sincere hope....that in this Retreat they would find a Teacher (Ascended or unascended) who could and would help them to find that which would set

them free from all human limitation. Now, as the Earth is entering the Permanent Golden Age, under the direction of the Ascended Master Saint Germain, the Feminine Ray in the Andes Mountains becomes the predominant Focus for such Wisdom. Gradually it will be more and more noticeable that the spiritual aspirants will turn their attention to the Andes Mountains rather than to the Himalayas. Thus will be born the new spiritual impetus, coupled with the physical presence of such aspirants as are able and worthy to be the spiritual pioneers to create again an actual Garden of Eden in South America. Here the Beloved Saithrhu (the Great Divine Director) soon will be able to allow the members of the Seventh Root Race to embody (that race of which He is the Manu, i.e. Spiritual Guide, Teacher and the Protector) and, eventually, as this perfection so created here expands, -- it will externalize the full perfection of Heaven on Earth.

The chelas will remember that there are two thousand members of the Seventh Root Race embodied on the Earth, but the wisdom of the Cosmic Law does not permit their identity or location to be revealed at this time, since their protection is of the utmost importance. These beloved ones are the Advance Guard for those to come in the future.

In the New Era, through the avenue of developed, protected and guided projected consciousness, it is not required of Our chelas today to make the arduous physical journey to this Retreat in order to receive the Blessings. With the expenditure of a little of their personal energies, coupled with the concentration of their attention upon the Temple of Illumination, the chelas are now able to visit the Holy Retreat

in consciousness, sit at the feet of the God and Goddess Meru, - receive there the priceless instruction from these Divine Beings and, returning into their own spheres of influence, expand God Illumination to others through their own auras.

Ponder in gratitude upon the Great Dispensation which allows you so to visit this Focus of God Illumination, - and remember daily to give thanks to the Beloved Holy AEolus Who, through His Personal intervention on behalf of the recalcitrant human race, secured permission from the Great Cosmic Law to allow certain unascended beings who are vitally interested in serving Our Cause to enter these glorious Ascended Master Retreats through projected consciousness.

Like so many of the Ascended Master Retreats of Light, the Focus of the God and Goddess Meru is located high in the Andes Mountains, - near Lake Titicaca. This isolated location is chosen so that the idly curious travelers, as well as the spiritual dilettantes, cannot intrude upon Its Holy Presence. Thus the Brotherhood of Illumination continues to radiate forth the Illumination Flame for the benefaction of the entire human race, undisturbed by the violent and uncontrolled emotions of the people who use the Earth as a Temporary schoolroom, wherein they learn the self-conscious control of energy and vibration.

Remember always that by the NATURAL magnetic power of Their Divine Love and Perfection, the Ascended Host always draw the consciousness of mankind UPWARD toward Their heights. However, true God Illumination NEVER at any time, inflates the ego of the outer personality but, conversely,

creates in the chela a consciousness of ever increasing humility toward their own individualized "I AM" Presence, - as well as the Divine Beings Who serve It, assisting It in Its endeavors to bring the redemption of misqualified energies to Earth's Evolutions.

The God and Goddess Meru and Their entire Brotherhood of Illumination, lovingly welcome into Their Retreat all sincere chelas who are deeply interested in the impersonal development of the greater and greater God Illumination which such chelas may then use to serve their fellowmen, - such chelas not being interested in just the accretion of personal knowledge. Here these chelas are carefully instructed, guided and protected in their earnest endeavors to develop from within themselves the Illumination Flame with Its attendant virtues of Discrimination, Discretion, Diplomacy and Wisdom, for the greatest possible benefaction of the entire human race.

The Illumination Flame is COMPLETELY IMPERSONAL. Its service is to bring the perfection of the Light of God into the outer consciousness of mankind, - and It acts like the physical Sun in this respect, shining upon the just and unjust alike. As We have told you often, every blessing given to a chela by the Spiritual Hierarchy requires, in balance, some expansion of God's Divine Plan of Perfection to be made manifest through the conscious endeavors of the chela so blessed. THIS IS COSMIC LAW, under which We all serve.

A period of personal introspection and honest measurement by each aspirant into the Motive behind his or her desire to acquire more Wisdom

(which is the RIGHT USE OF KNOWLEDGE) will bear fruit in the development of an honesty of purpose which precedes the release of more spiritual blessings, therefore, I say to those chelas who desire to secure more illumination upon their paths, PREPARE YOURSELVES IN HUMILITY to enter into the Temple of Illumination.

Entering the Temple one is pleasurable surprised at the gentle beauty of the waiting room. The magnificent hand-woven tapestries, displaying various legends of past glories in previous Golden Ages hang upon the walls. Soft cushions in beautiful colors provide pleasurable resting places for the waiting guests. Sweet music of another Age wafts through the room together with the perfume of the rose, the hibiscus and the lily. One feels that to have come this far into the Presence of Peace is the ULTIMATE.

However, in due time, everything taking place at a leisurely and rhythmic pace unknown to the average modern individual of the occident, the Guide draws aside one of the tapestries and a long hall illumined by the Light that always accompanies the Presence of the Ascended Ones, precedes the Guide and the chela. The walls of the passageway reveal the rich golden veins in the Andes Mountains which have not yet been discovered by the greedy searchers after wealth for selfish purpose. One can see how lovingly, how kindly these natural veins of gold have been polished to bring out their lustre.

At the end of the passageway, we come to the great Chamber where the actual directed Ray is focused, and where It blazes up in a great Golden Sun of Illumination. Around this Sun sit

many of the Chosen Ones, breathing in Its Illumination and expanding their own consciousness before they return to the outer world to serve God and man.

The utter simplicity; the absolute peace; the sense of concentrated power is almost overwhelming. The chela joins those Brothers and Sisters of Illumination (Ascended and otherwise) and begins to absorb the radiation of this Flame with the one purpose of giving his added Light thus gained by proximity to Its Presence, to mankind through radiation, through teaching, through whatever channel he is fitted to serve. As the Lord Manu of the Seventh Root Race is now pleading with the children of Earth to assist in the preparation of the Planet, and particularly the Continent of South America for the coming of the Seventh Root Race. As you visit this Retreat and enjoy Its Peace and Illumination, we would be so grateful if you would add your prayers and invocations for the quick redemption of this Land.

One of the Illustrious Messengers from this Retreat is our Beloved Lady Master Nada, Who at the present time is also serving as Chohan of the Sixth Ray. We quote a very pertinent Excerpt from one of Her Addresses:

"The constant struggle to maintain a separate identity rather than allowing the little self to flow gently into the ONE UNIVERSAL WHOLE is the cause of all stress, nervous tension and emotional distress and unrest."

THANKSGIVING CLASS ADDRESS

BELOVED GOD ZEUS

November 24, 1977

In the Name of the Great Lord of the World Gautama, I welcome you to Shamballa. All of the Members of the Spiritual Hierarchy are giving thanks to The Almighty for the faithful chelas who follow Our Instruction to the best of their present capacity.

Like a bolt of Cosmic Blue Lightning I came from Our Focus, Our Training Center over New Zealand, with four mighty Attendants! Listen carefully as I tell you of Their tremendous service.

There is a Member for each of the Elements Who has been a Director at Our Focus under the great magnificent Beings of the Elements -- the Fire, the Water, the Air and the Earth Element.

You will remember that there was externalized at the time when Our Focus was opened to the chelas, a picture of the purified Earth as She will be in the Golden Age. And thru the graciousness of Mighty Helios and Vesta, Neptune and Lunara, Thor and Aries, Pelleur and Virgo, that Focus of Light, the purified Earth, has been pulsating in the Ethers and will continue so to do until the blessed Earth returns to Her ordained Perfection!

The Beings of the Elements conferred with the Mighty Immaculata and with Beloved Clove, the Silent Watcher, beautiful Lady of Light, for this Holy Island. And it was deemed advisable that these four Lieutenants--these Directors from Our Focus--come to Long Island and remain here until the Golden Age comes forth. What a service They shall render!

When in quiet meditation They are invoking the Supreme Source and sending Their Love to the Mighty Alpha and Omega, and in particular to Beloved Clove, They are Beings at least five hundred feet tall. And when Their Radiation and Light expands in Service it will completely cover this Holy Island!

They have come specifically to assist all the elementals on this Island to be obedient to the picture held before Them for the Perfection of this Island and these glorious Beings shall endeavor to make them non-recordant to the imperfection which is still manifesting hereon, so that They may more quickly bring forth this Glorious Isle of Light!

Lovely ones, comprehend you what a mighty service and sacrifice it is upon these Four Beings of Light! And does it not show you that the outpicturing of the Golden Age is closer than anyone can imagine!

We are grateful in the extreme for the Calls that are made to the Elementals--I am referring specifically to those in the Nature Kingdom, and it is expedient that you further purify the components of your own four lower garments, so that in perfect harmony you can serve with these four powerful Beings of Light.

Lovely ones, privileged are you because serving with and from Shamballa, the Heartbeat, goes forth your energy to completely cradle this dear Earth within the glorious Radiation of Harmony. And oh Music, glorious Music, is such a helpful manner in which to serve. Consider the magnificent Music which flows forth from these mighty Beings of Light and to have the privilege

of adding the harmony of your own beings, lovely ones, you will not realize until you are Ascended and Free.

The Spiritual Hierarchy are so grateful to every chela under Their direction all over the Planet Earth for what they have done to bring forth Our beautiful Harvest of Light which will be presented individually to the Lord of the World Gautama -- blessed be His Holy Name!

And it is My privilege to tell you that the Thought Form for this Class of four days is a Full Blown Lotus with a Three-Fold Flame pulsating brightly in the center -- the Jewel in the Heart of the Lotus! We have chosen this Symbol in recognition of the glorious Service of Lord Gautama...blessed, blessed Holy Gautama, Who has been in meditation the greater part of the day entreating The Almighty on behalf of the children of Earth; and when I say "the children of Earth", I mean every component from the smallest stone on Earth through all the Kingdoms, unto the greatest lifestream who is expanding the Light for the Glory of the Kingdom.

Oh lovely ones, thank you, thank you, thank you for your dedicated service and for the Love which is flowing forth freely from your beings.

Now feel, each one, those magnificent Beings, Our Directors, Who have been loaned to you from Our Focus, bringing the Light which is Theirs to help you and all mankind become God-In-Action at all times.

And in the Name and by the Power of the Three-Fold Flame, the Balance of the Middle Way, Lord Gautama, I bless you and every dear heart

upon this Planet who is giving thanks this day
unto The Almighty for the Blessings received,
and Blessings --especial Blessings-- upon those
who know not yet the Way of the Path of Light!

I thank you.

Great Thy Harvest -- Elementals;
Great Thy Love to do God's Will;
Bringing in Thy Sheaves of Service;
Bringing in God's Plan fulfilled.

Bow we now to Thy Love's Harvest;
Bow we now to Thy sweet Love;
Grateful now, our hearts' love
 bless Thee;
God's Elemental Kingdom, we love Thee.

THANKSGIVING CLASS ADDRESS

BELOVED GOD HIMALAYA

November 25, 1977

Lovely ones, Friends of the ages, I bring you today all the momentums of The Blue Lotus Retreat which I have gathered thru the Mercy of The Father-Mother thru the centuries...God Illumination, Peace and Love Divine--Love Divine which enfolds all manifestation. Accept My Love, oh blessed ones.

I am here today for a very special reason. I have come at the request of the Cosmic Law. You all know that the Fourth Root Race Children have come forth from My Bosom and that of My Beloved. The Cosmic Law has issued the Edict that all My Children shall return Home before the conclusion of the Year Nineteen Hundred and Seventy-Eight!

There are many recalcitrant ones still walking on this Planet Earth and I come to plead with you to continue your magnificent Calls for their release, so that they shall, when they leave their Earth body, go directly to the Temples of Light, preparatory to their Ascension.

Many events have taken place, and shall, which will seem to you or the general public as catastrophic action, but this is essential to bring My dear ones Home.

Feel within your hearts the longing which I have to take these children in My arms and carry them to the Other Side...but this is not Cosmic Law...each one who remains on Earth is here to learn the Cosmic Law and use it, just as I do. We must make room for the Seventh Root

Race Children of Our Beloved Lord Saithrhu. And in the coming year, one thousand Seventh Root Race Children will take embodiment on Earth, most of them in South America, where the Great Lord Saithrhu is building a tremendous momentum of Light and Love where His Children may abide and unfold--unfold their Light for the edification of all the evolutions upon this dear Earth.

I counsel you, I plead with you, to make the joint Calls for the Fourth Root Race* and the Seventh Root Race Children.** And if you can feel My Love, oh blessed ones, you will do this daily so that the Cosmic Law will be fulfilled according to Divine Edict.

Oh dear children, you are serving at a time so important in this Planet's evolution, for She must move forward with all the Planets of this System into the next Orbit, for although you know in your intellectual consciousness, you must--and all the chelas throughout the Planet--must accept this in your feeling worlds, too, and deep within the recesses of your beings.

Before the time when the important energy from the Blue Lotus Retreat recedes and Beloved God and Goddess Meru send forth the intensified action at Their magnificent Retreat, I shall come again and speak to you, and if permitted by Cosmic Law, either I or Someone of greater Light will describe to you what takes place when I fold My Garments of Light about Me and go into the Higher Realms for all Eternity. At that time I shall take with Me the glorious memories of the chelas who have loved Me long and loved Me well, for I am but One individualization of the Great Light of The Father-Mother God, desiring at all times, with every release of My Energy,

to send forth a paean of praise for the privilege of representing The Father-Mother God in My humble capacity. And I hope you, each one, will remember Me always, because My Love, the Love with which The Father has invested Me, shall enfold you forever and ever and ever!

** Decree for the Seventh Root Race -- Page 10 -- DECREE BOOK

Heart-Friend of Love,
 Thy blazing Light we see;
 May all that lives and breathes
 Send Love to Thee.
 We call forth blessings from the Central Sun
 For Thy great service and our Vict'ry won.
 Of Love's Perfection that all may attain
 All life shall sing in gratitude again.

O Belov'd Himalaya, blessed be Thy Name;
 Raise our Earth in Vict'ry,
 And her Light reclaim.
 To Thy one great purpose--that to set life free,
 Masters, men and Angels work endlessly
 'Til Heaven's Realm on Earth shall be.

BELOVED JESUS' BIRTHDAY

September 8, 1977

BELOVED JESUS:

Children of the Universe, My Brothers and Sisters in the Family of the Father-Mother God-- I greet you in deep Love and Gratitude for your service to the Light.

In the physical appearance world a Birthday is celebrated in great happiness and I bring you all the happiness I have gathered thru the centuries to make you feel the presence of the Almighty. When one is happy there is no negative feeling whatsoever, and I want to send that feeling thru each of you and fill your beings with its Essence so that the world this evening will be benefitted by the Radiation which flows forth from you to enrich all Life.

Last evening at Shamballa, My Mother Mary and Saint Germain--Our Beloved Joseph, were the guests of Our Beloved Lord of the World and there were many others there too--the Three Wise Men, Beloved El Morya--you might expect--Beloved Kuthumi and Beloved Djwal Khul. We sat and talked of the great progress that has been made in the last two thousand years and We looked upon the Cosmic Screen and We saw the events taking place in Bethlehem at that time. We saw the multitudes around not knowing what was taking place and that glorious Star which has become well known--The Star of Bethlehem, the Radiation of My Causal Body, was very brilliant last night. The Angels! Oh the Angels sang the songs of Joy and the planet was blanketed once again with the feeling, the anticipation, the joy and the happiness that was experienced that night when they came to behold the Babe in the manger--those who knew what My Mission was to be.

I said to the various Members of the Hierarchy present, how much I owed to all of Them, Who enabled Me to complete My Mission and to all of the Chelas throughout the World who were present at that time and some who still remain here and others now in the Higher Realms. Each one that had a part in that Mission is deeply blest, for as you have continued on the pathway of the Light, I have been able to send a feeling of the Christ thru you--that great Cosmic Christ which sends Its radiation to all Life. I refer not to the personage of Jesus--I refer to the Christ-Self of every being who has ever walked this Earth. So you see, My lovely ones, how We keep impressing you from time to time to let go of the human and become The Christ. . .The Christ walking this Earth thru which the Mighty "I AM" Presence can send Its radiation, as The Christ can be the representative of The Supreme Source on this Earth.

Dear Hearts of Light, you are doing exceedingly well, and even since the Summer Conference, when I believe it was El Morya who stated there would be stones placed upon your path and that you might stumble but that if you held fast to the Light all would be wiped away quickly. Now some of you here and in the student body throughout the planet have been faced with some difficult obstacle--but praise God have held fast--all of you to the Light. . .which means you are climbing higher on that Ladder of Light, which leads to your Freedom.

I do not wish to speak too much about the Christian Dispensation because we are now in that beautiful Age under Our Glorious Ascended Master Saint Germain--The Lord and King for this Cycle. How grateful I am that My Birthday Celebration

is taking place while His Focus of Freedom in Transylvania is open. Bless His glorious Heart, He is saturating all the chelas and the very planet Itself with the Flame of Freedom, bringing in the Golden Age more rapidly.

I am very happy to tell you since the establishment, or the re-establishment--which might be a better word, of the Ascension Temple on Long Island--the Angelic Kingdom and particularly the Seraphic Host are doing so much for this Holy Isle. Remember the Holy Christ-Self dwells in the Fourth Sphere and as you become better acquainted with the Seraphic Host you will find that Their Radiation is One of Protecting Love.

Tonight, the ethers above this Holy Sanctuary are filled with the Angelic Host--and the Music of the Spheres -- without parallel at any time in the Christian Celebration of My Birthday--is moving around the Earth. You should see the glorious tones--one blending with the other to make a glorious symphony. We are so very grateful that you are using Music in your homes, in your quarters--wherever they may be...because Music is your being. Everything goes forth on a tone and the Music is exquisite. So I counsel you each one...no matter where you reside to ask the Seraphic Host from the Ascension Temple to bring Their feeling of the buoyant, raising power of the Ascension Flame and to saturate your being...so that wherever you are, wherever your attention travels, that Holy Elixir anoints the person, place or thing upon which your attention rests.

This truly is a night of rejoicing--rejoicing that this Sweet Earth is becoming more purified, more filled with harmonious radiation, due

to the service of the chelas of this Activity and others. We are all One and wherever harmonious radiation flows it meets more of its kind. So dwell, My lovely ones, in the Radiation of Harmony and truly are you expanding the Radiation of The Almighty to all Life.

I would like to tell you that I asked a special favor of Alpha and Omega and it has been granted. You know that the Star of Bethlehem has been remembered and is still remembered. So this night in the ethers above Shamballa there is a glorious Star of Light and that Star of Light, which is the Radiation of My Causal Body, will remain until I have the great honor and privilege to come to you visibly and tangibly when the New Age is here.

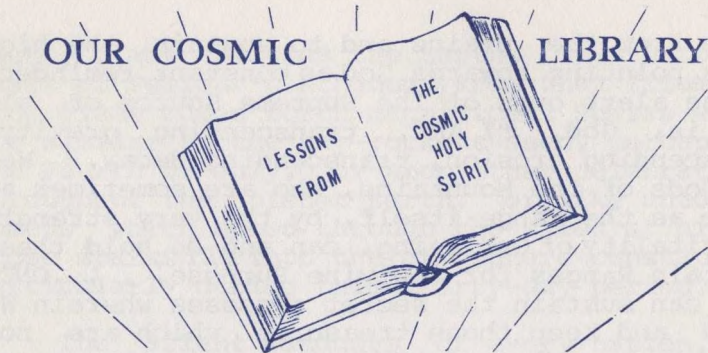

Beloved Ones, the New Age in Its fullness is not too far off--so be of good cheer--be happy and know that all of Us in Heaven's Realms love each of you and all the evolutions of this dear Planet.

I bless the little bird who was so responsive to My Radiation as to give Us a greeting this evening.*

Thank You and God Bless You!

*Just before the Master Jesus' Address, a song-bird outside the window of the Sanctuary sang as though it recognized the Beloved One's Presence.

OUR COSMIC LIBRARY

BELOVED GOD MERU Speaks :

"Welcome into the heart of the Andes, into the heart of the mighty Focus maintained by Myself and the beloved Lady Meru, wherein We guard and guide the priceless treasures that have been transported by My Brother Himalaya and His Brotherhood from the Himalayan Range for the benefaction of the civilizations of the Seventh Root Race, particularly under the direction of Their Manu.

It is My joy, privilege and gratitude at all times, beloved, to give to you and to anybody who seeks It, illumination in their outer consciousness as to how best to pursue their own Divine pathway to Perfection and the conscious Ascension in the Light!

We, Who are the Gods, Goddesses and Guardians of the mighty Mountain Ranges have gained that strength through aeons of Service and, considering the gravity pull of Earth, which seems to hold steadfast the peoples upon the planet Earth, I want you to consider for a moment the strength that it requires to raise a Mountain

Range from the plains and to sustain the high peaks pointing towards God as constant reminders to the alert ones of The Supreme Source of all that is, God, "I AM", transcending gravity, transcending erosion, transcending decay. We, the Gods of the Mountains, Who are sometimes as large as the Range itself, by the very strength and vitality of Our Being, can and do hold these Mountain Ranges for a Divine Purpose. . . .ONE: That can sustain the secret recesses wherein We guard and keep those treasures which are not ready to be released to the layman in the way of the written Truths, Sanskrit, Pali, whatever it may be; TWO: To keep from the curious the sacredness of Our Foci; THREE: To test the endurance of the aspirant and the earnest chela in seeking that elevation of consciousness, although the Dispensation granted does not require NOW that you take your physical vehicles through the great abysses to Himalaya's Home, nor up the Andes to Our Focus. All you have to do is think of Us; direct your consciousness toward Us before entering sleep or at any time during the day when you are so inclined and you are rewarded by having the welcome of entering into Our Temple of Illumination, entering through that door into the spacious Flame Room which We have kept simple.

You are called, one by one, by the Ascended Master Guide to pass through the long and luminous corridor and join the Illuminati of the race Who are seated in Buddha fashion if They are from the Orient. We have provided chairs for those from the Occident and all see the Illumination Flame in Its Golden Splendor, blazing from the Heart of the Andes and sending constantly Light Rays into the atmosphere of Earth, into the consciousness of the peoples, into the consciousness of all that is. The very base of that

mighty Flame blesses the Earth, down into the Heart of Pelleur's Kingdom. From that Illumination Flame comes forth magnificent Sparks which are similar to the sky-rockets seen, perhaps on the Fourth of July, or upon other celebrations throughout the planet Earth, or like unto the comets which speed through the skies at night. Those sparks fly into the atmosphere constantly, particularly during this thirty-day period.

The Silent Watchers of every nation, of every continent, every oceanic body, every city, town and hamlet (watching the peoples that live therein) magnetize a portion of the Illumination Flame. Then, They direct It into what you call "the outer consciousness" of those who are worthy to receive more than ordinary instruction on any one of the seven lines of instruction, whether it is Illumined Faith in teaching God's Word, whether it is the Wisdom to be a good educator, whether it is that impersonal Divine Love which desires (for humanitarian purposes) to be of benefaction to the entire human race; whether it be a desire for clarifying the inner bodies of the peoples and their physical bodies through Purity, establishing within them an innate desire for Purity of soul and spirit; whether it be through the men of Science so earnestly serving, endeavoring to re-discover ways and means of removing the cause, core, effect, record and memory of distress; whether it be to those beautiful Ministering individuals of every Faith who go forth to heal the sick and minister unto them, or whether it be to the few who have learned the Powers of Conscious Invocation of God Good--through them is directed by the Silent Watchers from Our Illumination Flame these mighty CHARGES, AND CHARGES, AND CHARGES of Illumination! Receive It! Receive It! Receive It! Lest another

man or woman shall, for as the Sun shines on the just and unjust alike, so does the Illumination Flame expanding in Her Perfection flood forth and then descend, through the direction of the Silent Watchers, first to those who are most sincere of motive, and then, if they are not receptive, rather than waste Its Essence, It is placed within the lesser consciousness of those who are receptive and they develop that which the first chosen could have had, but passed by, because for the most part, they were "too busy" to become still!

Consider the lives of every great man or woman of your time, as well as those who lived in the past, and you will find predominately within them the capacity to become and remain still, not only with the lips--one's lips can be sealed. Ah, I have seen them--the ascetic who does not speak until the mouth and tongue are swelled, but become still mentally, still etherically, still emotionally, so that when the great Infinite Benediction from On High chooses descent, your cup is raised and you are ready to receive that Grace. Then, in the Wisdom of the Gods you receive God's Illumination. Be still until It becomes a manifest expression of perfection.

The motive of the Members of the Spiritual Hierarchy, of the Gods of the Mountains, of the Karmic Board Itself, of the Sun of your System, Helios and Vesta, of every Mighty Elohim, Archangel and Chohan is to raise the Earth and Her Evolutions into Freedom. Not One of Them chooses to say or feel, "I did this..." for the Spiritual Great White Brotherhood is like a beautiful flower, All of Us giving to It of Our strength and Our particular God-virtue, and then the Great

Lord of the World Gautama uses that God qualified energy sending Anyone of Us wherever the requirement is, and We give that Blessing which We have invoked, and which is Our momentum, although mankind for the most part are never even congizant of Our Presence.

In the case of Myself, of Lord Himalaya, of God Tabor and the other Great Gods of the Mountains, We cannot, of course, transport Ourselves so frequently as Others, unless We have Someone to remain at Home to sustain that mighty Power which keeps those Mountains erect. I have, in My Lady, such an One!"

BELOVED GODDESS MERU Speaks:

"Beloved, it is My pleasure to allow You Freedom, not only to roam all of the Earth and to give assistance to the least, as well as the greatest of mankind, but it is My joy to hold the Andes and all of South America, which will cradle the Seventh Root Race in My Arms, even should You choose, as Sanat Kumara before You, to visit another Planet, another Solar System. You will find Titicaca and the Illumination Flame BLAZING when You return and Your Mountains intact--for this I have My Being! And now, may I present Our Messenger, beloved Lady Master Nada."

LADY NADA Speaks:

"To Our beloved God Meru and His Goddess, Whose Messenger "I AM", I give Love; Love for tremendous selflessness in holding the Illumination Flame in the Heart of that magnificent Mountain near Titicaca. Often, I go forth representing Them, for I learned a little of the

Law of Love, you know, by Loving life although sometimes It seemed distasteful to My human self, yet I loved It Free! The Cosmic Being Charity was My Teacher and, in those days before My Ascension, I knew what it was to see My sisters bloom as talented artists, both in song and dance. I know what it was to watch in silence My Parents' great joy in My sisters' talents. And I learned the feeling--what it was to have the joy in My Heart--because My Love helped them, although they never knew it, to achieve that Earthly fame...for My fame was nothing. That is why I have taken that name of 'Nada', meaning nothing. The same as Our beloved Brother Jesus, "I of Myself am nothing." But that Father of Love (through Me) has helped Me to bring harmony in many places, not only in My home, but later at Luxor where I assisted the Ascended Master Serapis Bey. "I AM" willing so to bring harmony to you and to the Earth, to all Its peoples, giving them joy in Loving life Free!

Oh, beloved ones, if you would take just for a week something or someone, distant or near, and try the impersonal aspect of calling to Me to direct My Pink Light Rays through that person or place and then give you MY FEELING, as well as to the individual or condition concerning them, I think it would make you very happy. As every sister of Mine became ready to be presented at Court and then were presented to the Kingdom, I knew that while their bodies slept, I had knelt by their beds pouring My Light and Love to them, to help develop each gift and talent. I received such JOY in their expression of that talent and I received a joy in knowing (except for My Teacher, beloved Charity) none knew where in My Life had been spent.

That is the lesson which I learned; that is the reason why the Ascended Master Serapis Bey asked Me to go to Luxor and it is one reason, They say, why "I AM" privileged to be the Director of the Sixth Ray at this time; a great responsibility you will admit stepping into the shining orbit of Beloved Jesus, the Christ, and filling that orbit to its fullness with the Love that is His! I feel a little like Lord Gautama when He learned that He was to be the new Lord of the World. If you have a moment when you are not otherwise occupied, will you think of Me and send to Me the grace of your Love, as I send it always to you. Love is a POSITIVE QUALITY which no human creation can divert, believe Me! "I AM" the Messenger of God Meru and His Lady; "I AM" the Messenger from Titicaca; "I AM" your Sister, Friend, and when you call Me, your Servant. Thank you."

The God and Goddess Meru are magnificent Beings and They wear golden robes of a substance like very fine silk. Embroidered around the cuffs and the hem of Their long garments are pink roses which are symbolic, you know, of the Messengers of Meru. On the left breast, just over the heart, is the beautiful pink rose, also symbolic of Meru's Retreat. The Lady Goddess Meru has golden hair and She wears it flowing down. It comes almost to Her knees bound by a plain gold band upon Her forehead from which there rises a large golden flame which takes the form of a jewel of light. The God Meru wears the exact same garment, only His hair falls only to His shoulders and it turns slightly under at the shoulder and He wears the complement of the band that His Goddess wears with a pink jewelled Flame in the center.

WHO AM I?

With all thy getting get Understanding!

Understanding what?

The Truth about you and who you really are! Man, the Species is created in the Image and Likeness of God - Gods and Goddesses!

Then who is this human? One peek in the mirror and for sure this is NOT created in the Image and Likeness of God! From whence comes this second creation?

God endowed His Divine Man with free will and His Power of Creation that this Divine Man would be free to experiment with the Law of Cause and Effect and thereby learn by the results of his choosing discrimination and hopefully select God's Will and surrender free will to
