THE RESURRECTION TEMPLE

In the Near East, shining in the pulsating ethers over the Holy Land, stands the Temple of the Resurrection, - whose Immortal Flame of Restoration and Resuscitation are guarded and protected by the Ascended Masters, Jesus and His Mother, Mary.

The Flame of the Resurrection is the Hope of Redemption of the entire human race, by which the diseased, distorted and disintegrating substance that has been generated by human thought and feeling and imposed upon the pure God Energy, may be purified, transmuted and restored to its natural, perfect God Nature.

The Action of the Resurrection Flame is the quickening of the vibratory action of the Light of Life within the cells of the body, enabling the Inner Light to throw off the appearance of limitation and stand revealed in "the Glory it had with the Father before the world was". The substance of the Resurrection Flame flows through the inner bodies of those who invite It, as well as through the actual flesh structure.

This vibratory action of the Resurrection Flame is controlled by those Brothers and Sisters who abide within the Resurrection Temple and direct that Flame through the physical, mental, etheric and emotional bodies of the neophytes in answer to their individual invocations for Its tremendous Power to be loosed through them and others at their call.

The Temple of the Resurrection is circular

in design. The Courts, like great cylindrical corridors, circle around the Central Flame Room where the Heart of the Sacred Fire of the Resurrection is focused.

The degree of Mastery and Light achieved by each Brother and Sister belonging to this Temple determine how near They may draw to the Central Sanctuary, the Holy of Holies, because the Power of this Flame is such that only Ascended Beings can stand in Its Presence. However, many chelas occupy the outer Chambers, and gradually, through proximity and through individual application, prepare themselves to approach closer and closer to the Heart Center where the focused Flame abides.

The Resurrection Flame was first drawn into the atmosphere of the Earth Planet by the Great Krishna, Who, seeing the shadow of human thought and feeling taking form in the consciousness of man, knew that the fruit of that seed would be disease, also disintegration and decay, and knew further that some means of restoration of these fallen Sons of God would have to be provided for, in case they desired to return to their natural God Estate.

When a great Being applies to the Heart of Creation for the privilege and honor of ensouling some God Quality with His individual Life Intelligence, He must vow to remain the Guardian Presence of that Flame, renouncing His Freedom and Joyous Release into the Higher Realms until some Volunteer Spirit from the race He serves chooses to relieve Him of His Trust and become that Guardian Presence in His place and stead. Thus, it is not lightly that great Beings apply for voluntary exile from the Peace of Celestial

Glory to guard and sustain a Focus of Light and need, especially when, for countless centuries of time, - not one applicant from the race even applies for the beneficent radiation of that Great Flame, or shows a passing interest in Its Presence and the Gift which It brings to free Life.

However, - through the centuries, the Great Maha Chohans of each Age have availed Themselves of the tremendous power of the Resurrection Flame in bringing the Kingdom of Nature to new Life in each Springtime, - and the Builders of Form have utilized the powers of the Resurrection Flame in creating new temples or bodies for the evolving souls of mankind.

In rare instances, those who had renounced the heritage of death and decay as the natural estate of humankind, were drawn into the vicinity of the Resurrection Temple and taught how to draw that Flame through their inner bodies and their flesh structure as well, - and these Elect became the Brothers and Sisters of The Resurrection.

Many of these Devotees went forth and established Foci of the Resurrection Flame in remote, inaccessible places. The few seekers of the race with sufficient desire for Redemption in their hearts were drawn to these sanctified locations and, - when they persevered in the use of this Flame, found their bodies restored, their minds illumined, and their consciousness prepared to be Light Bearers themselves. These people were able to maintain Life in the physical body for centuries, and the records of their achievements are found in many of the archives of great Civilizations of the past.

The Beloved Master Jesus and His Mother, Mary, applied to the Great Father of Light for the privilege and opportunity of relieving the previous Guardian Spirit of the Resurrection Flame, offering to take His place and remain as Its Guardian until some other Sons and Daughters of Earth might find it within their own heart's Light to assume this wondrous service.

In order to be vested with the Power and the Authority of guarding a Cosmic Flame, - the Presence of which is essential to the redemption and freedom of an evolution, the Spiritual Being making the application must draw that Flame in Its fullness through His own Bodies. The Master Jesus offered to render this service at the close of His Mission in Judea.

With the help of the previous Maha Chohan, Beloved Holy AEolus, - whose Cosmic Service and Momentum are builded into the Full Power of the Resurrection Flame through the Kingdoms of Nature, Jesus was enabled to demonstrate the Power within that Flame in restoring the body life and the spirit to immortality. He was then vested by Cosmic Law with the Power and Authority, together with the Beloved Mary, His Mother, to guard and sustain the Resurrection Flame from within this Temple where They render this service to the present day.

From the Heart of the Temple where the White Fire of the Resurrection Flame pulsates like a great White Lily, the Angel Devas and Cherubic and Seraphic Hosts of the Resurrection are constantly absorbing Its Substance into Themselves, and then sweeping outward at the direction of the Masters Who are in charge of the direction of the Light Rays.

Each of the circular Corridors receives of the Radiation of the Flame, mercifully dimmed so that Its Light and Essence may be absorbed and digested by the Beings Who serve within that sphere of activity. In each such Corridor a Master of Wisdom instructs a group of chelas who are engaged in the service of learning how to draw this Flame, then projecting It toward a given objective, holding the beam of their attention as the channel and guide along which the Light flows into churches, shrines, hospitals, homes and human hearts.

One of the Corridors is devoted entirely to directing the Resurrection Flame into the Etheric Realm and through the etheric bodies of those who have applied, through their own Heart Flame, for purification of their own etheric records. The Brothers and Sisters who direct the Flame in Its Etheric Vibration are instantly responsive to those calls made by conscious chelas for the dissolving and purifying of etheric records in nations, continents, old castles and places where great evils and injustices have been done to Life.

In another Circular Room, the Brothers and Sisters direct the Flame, with the assistance of the Master Who guides them and the willing cooperation of the Angelic Host, into the astral and psychic realms, rendering tremendous assistance in dissolving the mass accumulations of discord which manifests as diseases of mind and body.

From this Room, also, are directed the Rays in answer to the calls and prayers for the so-called dead, - and the purifying power of these Rays does much in assisting earth-bound spirits to rise into the Octaves of Light and enter the

School Rooms of Spiritual endeavors which will enable them to return in bodies of greater purity and light, and thus move forward more quickly in the fulfillment of their God Plan.

From another one of these great Circular Rooms, the Brothers and Sisters direct the Flame through the vast sea of the Emotional Realm and through the Desire Worlds of those who wish to rise above the passions of the senses, sublimating the lusts of the outer self and replacing them by "hunger and thirst after righteousness".

From still another Room the Directors of the Light Rays pour the Flame into the vibratory action of the mental bodies of the race and through the tremendous accumulation of thought forms which fill the atmosphere, impinging themselves in the mental bodies of the people, thus blocking the God-directions of the Individual Higher Self.

In the outermost Court of the Temple are the Brothers and Sisters Who direct the Flame through the physical structure of those who desire bodies that are absolutely non-recordant to disease. From this Court, also, the Nature Devas and the Elemental Builders of Form, under the direction of the Maha Chohan, supervise the direction of the rhythmic currents of the Resurrection Flame that provide the seasons of growth and harvest.

As the Great White Brotherhood freely partake of the Gifts and Blessings of the Resurrection Temple, as well as share in their distribution and, as the mankind of Earth are invited to become the Guests of the Beloved Masters Who guard and sustain the Flame, there is a tremendous opportunity to those who choose to avail

themselves of Its Restorative Powers by the opening of their inner bodies, as well as their physical bodies, to the Transmuting, Quickening, Raising Power, which is provided by the God of Love for those who choose to accept Its Blessings and incorporate Its Power into their individual lives and worlds.

Like all talents and virtues, - there can be an inversion of the use of the Power of Resurrection. Man uses It often in resurrecting memories of an unpleasant nature, - and experiences long since passed away which should be completely forgiven and forgotten, - thus causing distress to himself and others. In the Resurrection Temple, man is taught to use the Power of Resurrection only to bring to life the Divine Plan for himself and for those whom he is privileged to influence.

Enter into the Resurrection Temple at least once in every twenty-four hours; - bathe in Its Flame; practice the use of the Resurrection Power that is within your own life to restore to you the perfection of Being which you knew with the Father before the world was. This is the invitation of the Ascended Host to all mankind during this Holy Easter Season. ACCEPT IT. USE IT.....Feel the Resurrecting Power of Divinity stir into action, and then allow It to flow into and through your inner vehicles, - your physical body, your aura, and into the world in which you presently abide. Thus do you become a living Temple of Resurrection in yourself.

New Year's Day Address
Shamballa—Long Island

BELOVED EL MORYA

January 1st, 1979

Salutations Ladies and Gentlemen, Lords of the Flame, you have an opportunity this year to express the Will of God...for that is the order of the day!

When I was apprised that the Mighty Hercules would be One of the Sponsors for this year, like a flash I went to Lord Gautama and said "May I have the privilege of greeting the chelas on the first day of the year?" And the request was granted.

You can jolly well be assured that you are going to hear a lot from Me this year, but be assured always that what I say will come forth on the Pink Flame of Love Divine, for Love is the Heart of God.

Oh blessed ones, I know that when you came into waking consciousness this morning you felt the stirring within, the expectation of great things to come in this year of Nineteen Hundred and Seventy-nine!

It shall be a year of tremendous forward progress in the Light -- for you and all the evolutions of this dear Planet! I have to restrain Myself for I am so enthusiastic of what the chelas will do because you proved last year that you were truly dedicated in service. Fine ...I am very grateful you did but.... I shall expect you to double your service, or maybe triple it!

Anyway, I am just like a proud Parent telling

you that I am so grateful that we can join our hearts, our hands, our spirits, in carrying out the Edict of the Cosmic Law for the Will of God to express on this dear Planet.

Oh lovely ones, last night was a magnificent Feast of Light at the Tetons. I shall just give you a bird's eye view, so to speak, of the entrance of the Sponsors of the Year.

Beloved Lord Hercules, that Mighty Elohim of the Will of God, so majestic, so loving came into the Tetons with a mighty Host of the Deva-rajahs from Lord Lemuel's Retreat, paving the way for His august Presence. Now in your mind's eye visualize that glorious Elohim, so powerful, so beautiful, so filled with the Love of The Almighty!

And then on that Pathway of Light did come the mighty, powerful Goddess of Liberty - the strength of Her Being is a sight to behold!

Now see the handsome Lord Lemuel with His mighty Attendants ... and then these beautiful Deva-rajahs rose into the atmosphere above the Tetons and completely encircled the Earth in Their Strength, Their Power.

You have been told time and again to remember that the Members of the Angelic Kingdom perform service on all the Rays....Call to Them for assistance - They will do as you desire, and amplify the activity by Their great momentum of Love and Light!

As the glorious Thought-Form descended into the Consciousness of the Lord of the World, the expression of gratitude and love on His countenance was magnificent, and as He externalized

It for all of the Beings present, They accepted into Their Beings and knew that They must keep this Torch of Liberty in the forefront of Their Consciousness...and I ask you, each dear one, to do likewise.

And then the Thought Form rose into the atmosphere above the Grand Teton, and the Mighty Principa, God of Divine Order, followed It..... and He bowed before the Light of the Will of God, and the Liberty Flame, and thanked The Almighty for the privilege of guarding this Thought Form.

Divine Order shall come to this Earth....it is the Will of God....it shall come forth through the Illumination and the Peace of the peoples of this Planet, and herein is where you specifically enter the picture.....

Now think of the Wisdom of the Mighty Gautama and the Beloved Helios and Vesta, and of course the acquiescence of the Mighty Alpha and Omega in designing the Thought Form of this Year..... First we know that the Will of God is going to manifest on this Planet... and think now of the Goddess of Liberty...think of the Service which She renders to the peoples of all Lands who come to the Heart of this Planet - these United States - She cradles everyone to Her Bosom, knowing that many carry heavy baggage in their beings of untransmuted karma, but She welcomes them, one and all.

It is your responsibility, each dear chela, to cradle not only the people in the United States of America but the entire Planet within your embrace of Love...knowing that all Life is part of the One God! And it is your privilege, and your duty to liberate The Christ! Oh the glorious

Liberty Flame what it is going to do, and shall do, for this Earth. It is truly magnificent!

And through closer association with Lord Lemuel and His Legions, you will walk and talk as you so desire with the Angelic Kingdom, expressing the Dream of Our Lord Saint Germain for the Kingdom of Angels and Men on this Planet!

And through this activity, Divine Order shall come into being for each of you on this dear Planet.

There are some among the chelas who do call daily to God Principa and they could attest to the fact of the "miracle-working" activities of Divine Order! Ask Him daily to set your house in order, as well as all upon this dear Earth.

Lovely ones, I am so enthusiastic.... I am champing at the bit, so to speak, to GET GOING! NOW!

And I expect and I lovingly anticipate your cooperation!

Now dear ones, a few words from My Lady Miriam.

LADY MIRIAM speaks:

I assure you, My lovely friends, the Love in the Being of El Morya is so magnificent..... learn, each one, to accept that Love. Every word that comes forth from His Being is filled with Love Divine. He is trying, and He shall succeed, to have the Will of God - the Faith of God - the Protection and the Action of the first Ray manifest through you, and through all the evolutions of this Planet!

It was not until I had the privilege of coming to Heaven's Realms for all Eternity that I knew what His love meant! Such a beautiful expression of Love ... and I tell you what that Great Being is doing for Me, individually, as I prepare to succeed Him as Chohan of the First Ray. It is a mighty assignment.... Oh Beloved ones, Pray for Me.... as I always do for you...

And know that hand in hand, and heart in heart, as Beloved El Morya has said, God's Will shall manifest on this Planet! And you shall be liberated from the shell of the human and become The Christ in Action!

Now dear ones, with the Blessing of the entire Spiritual Hierarchy, My lovely, My beloved El Morya and My humble Self, I thank you for your attention.

I M P O R T A N T

A correction in the March 1979 IssuePage 19, Paragraph 2

"And now dear ones - as this is the last opportunity, I will have to publicly speak to you this year"

The words this year were inadvertently omitted. Thank You

AN EASTER MESSAGE FROM
THE GODDESS OF SPRING

I ask you in that remembrance that there be resuscitated from within you now, the Glory of the Resurrection and allow the Resurrecting Power to be the ONLY POWER ACTING in, through and around you!.

Let not another Springtime come and go, let there be no Autumn for your life. Let it be lived always in the Eternal Spring for if it were not possible of accomplishment, I would not have told you! We speak only those words which are Truth expressed.

I bless you, each dear one, with My Full Gathered Momentum of the feeling which is within Springtime - that of Life Eternal.

Lady Amaryllis

Musical

Notes 

"With the coming of the Spring, you find the various flowers, plants and shrubs and trees bursting into bloom, at their appointed season, in some seemingly miraculous manner without a conscious line of connection. Every daffodil, every crocus, every tulip and lilac making their appearance upon the stage of life within a certain cycle of time, corresponding to the appearance of their kin the world over—in zones and climates similar to their own.

"What is the Creative Intelligence behind such orderly procession of unfolding beauty so exact in its manifestation? From Godhead to elemental, all manifestation occurs through the use of energy. The Beings Who direct the unfoldment of the Nature Kingdom send vibrating through the Universe certain tones and harmonies which represent the keynote of every flower, bush, plant and tree. And when that keynote is sounded, or the energy in that music begins to vibrate, it passes through *every* bulb and seed corresponding to *that rate of vibration* and awakens the dormant Life within tree, seed and bulb, and so their unfoldment and fulfillment occur in a natural sequence.

"Thus, all creation takes place through Music! And it should be a tremendous encouragement to man to realize that if the Great Beings of Nature, through conscious direction of energy, can precipitate Spring, that in like manner, the Great Beings directly concerned with the Planet Earth and Its humanity can precipitate "God Flowers" through the projection of the Cosmic Keynote representative of their type or species. As the Cosmic Currents sound through the inner atmosphere, they vibrate through the inner bodies of *those who invite them* and who try constantly to attune themselves to the Harmony of the Spheres; and besides one's own conscious effort for unfoldment and freedom, one can rise on the crest of Nature's pulse *much more rapidly* than could possibly occur were not the Cosmic Impetus behind such growth and unfoldment.

"When We say the 'Cosmic Moment has STRUCK!' We mean that the Seven Elohimic Builders, the Solar Logoi, the Maha Chohan and His Seven Chohans, have begun the Vibratory Action within the inner currents that form the Keynote of *mass unfoldment*, and IF the individual can so harmonize *and balance* himself as to receive the fullness of that Cosmic Impetus, *through his aspiring consciousness*, he can rise on the crest of the wave of Godliness even as the flowers rise!"

Beloved Lady Hope

The Fountain Of Wisdom

"I AM" The Resurrection and The Life!

"That single affirmation was *so completely* accepted by our Beloved Jesus, when He was impressed with it through the consciousness of His Guru, that He was enabled to pattern His Life so He was *constantly ascending* the ladder into *complete* God Freedom; to fulfill the Plan of The Father—to be an Example to all men!

"The Spirit of the Resurrection is demonstrated so beautifully at this time of the year, when one is reminded of the Resurrection of our Beloved Jesus. *We know that the Resurrection of The Christ MUST take place in all men, and the allotted time for this manifestation on the Planet Earth has long since elapsed!* It is only through the Mercy of Cosmic Law that reprieves have been granted again and again. THE FINAL DISPENSATION IS THE PERIOD IN WHICH YOU ARE PRESENTLY ABIDING, and it is up to you . . . to choose whether you *desire* to be The Christ in action *at all times—not just spasmodically!* According to your acceptance of this Edict shall you write on your Book of Life, and accordingly shall you reap the harvest which you sow. *You will note that I have previously stated that the final dispensation is at hand!* I ADVISE YOU MOST FERVENTLY TO THINK ON THESE FEW SIMPLE STATEMENTS

"We have come these many years to bless you with Our instruction so that you can be the manifest Christ while yet in physical embodiment. You have grown out of the Christian Dispensation and have proceeded to the Age of Freedom, and *it is imperative* that you manifest that Spiritual Freedom *in all ways.* YOUR FREE WILL CHOICE IS UP TO YOU— but by a man's deeds shall you know him.

"The Nature Kingdom is obedient to the Law, and year following year is PROOF of the Resurrection and the Life. *Is not your intelligence developed to a higher state in the human evolution?!* True: BUT how about your obedience to the Law and your constancy in expression!

"*In the Spirit of Easter, which is The Resurrection, AND The Flame of Ascension which The Father of us all permits Me to embody in ever-increasing intensity, I say to all*

"I AM" The Resurrection and The Life!

Beloved Serapis Bey

BELOVED SAINT GERMAIN SPEAKS:

Beloved ones, it is always a privilege to enter into the midst of friends who have been interested in Your endeavor through the centuries that have been, and who have chosen voluntarily to come into embodiment to anchor in the permanent Golden Age, which We anticipate from Our side of the veil, so much and which you in turn are anticipating too, for yourselves and for your fellowmen!

You are dear friends of Freedom. What a great responsibility there lies in giving freedom to some parts of life - until that life has been harmonized - until the discordant qualities are removed from it. Sometimes that life can best be served through the power of transmutation of impurity before full freedom is given. For instance, you take a caged lion or tiger and were you in a burst of sympathy or compassion for its imprisonment to loose it without first transmuting its nature, you would have done for your fellowmen more harm than good. It is also true in the case of the great nature kingdom. If the mighty Directors of the Elements were to give full freedom to the seas, to the wind, to the

elementals of the Earth (which are not yet fully harmonized) before purification took place they would run rampant and cause great distress and cataclysmic action.

So in using The Flame of Freedom and in the giving of freedom there must be a great sense of discrimination. That is why the Freedom Flame is known also as the transmuting and purifying activity because when that activity of purification and transmutation of the lower nature has taken place, then life in whatever form it functions may be freed with safety to all concerned and a great sense of liberation and God-joy to that life which was imprisoned may be accomplished.

Representing Freedom to this planet Earth, it is My desire to, as quickly as possible, make it safe for all imprisoned life to know that freedom. Within life is an innate desire for freedom. All life wants freedom, but not all of life is yet ready to allow full freedom to act. We are now in this period of preparation for the acceptance of the responsibility that comes with full freedom. Just as a certain amount of purification goes on in your own world before you can accept the freedom of your Ascension, so this process is taking place on a world-wide scale. During these four days the pivotal attention of the Ascended Masters is directed Earthward - and the chelas and students so informed direct through the atmosphere of Earth a consciousness of the immortality of life and the transient nature of so-called death.

Beloved ones as this Violet Fire which I represent continues in Its action throughout the

entire planet this night, I am eternally grateful for all that you have done in your decrees and in your visualizations and in your enjoyment of the use of that Violet Fire. Every time We come to you, We bring a stronger and stronger FEELING of the reality of the virtues or quality that We have chosen to represent and qualify to magnetize into a particular sphere. I qualified to magnetize the Violet Fire in the Ascended Master Realm and thus became finally the Chohan of the Seventh Ray. I qualified to direct that Violet Fire in the physical world through you who are unascended, through your acceptance of It, your realization of Its potency and Its power and your experimentation with Its use. Beloved ones, one day when you have a conscious use of this Violet Fire and in, through and around yourself or any part of life in distress you can see Its action and the instant and complete release and relief from that distress, it will have been worth all of your endeavors, all of your study, all of your application. Every time you see that word "Violet" Fire or Mercy's Flame and every time you think and every time you feel, with intense feeling the buoyancy within that purification, you draw a greater and greater momentum of Its efficacy into your four lower bodies. As you are part of the consciousness of all mankind you draw that also into the consciousness of the emotional world, the mental world, the etheric and the physical worlds of the entire nine billion souls belonging to this evolution, even though some of them of course are not presently embodied.

We are grateful in the extreme that the Violet Fire Temples provided for those who have passed through so-called death are becoming more and more popular and the individuals, particularly those with an orthodox consciousness, enter them

now joyously without any sense of hesitancy or fear due to teachings of "hell fire", "purgatory" and "damnation". Unfortunately this magnificent Violet Fire has been confused with the fire of hell and the fires of purgatory, where great suffering was assumed to be part of the soul's lot earned by misdeeds. As these people find that this Violet Fire is not painful and is not a punishment but is rather a joyful purification that changes the entire consciousness of the orthodox peoples when they have passed through the change called death and they joyously welcome the use of that Violet Fire through the assistance of the Angels of the Violet Fire and through the Violet Fire Temples provided at inner levels. Gradually, even in the physical world, you will see less and less of the doctrine of damnation stressed from the pulpits and the leaders of the various religions will turn their instruction toward immortality and toward a merciful God.

Our endeavor, of course, is comparatively new. There is not such a long time of consecutive energy charged and qualified with the realization of the Ascended Masters' activities and the capacity of the Ascended Masters to talk to unascended beings and unascended beings cooperating with the Divine Ones while yet in physical form. This is a relatively new activity in so far as the mass mind is concerned.

As the knowledge and cognizance of the Ascended Masters of Light and the Angelic Host and other Great Beings becomes more widespread, it will not be as difficult to draw forth the activities of the Sacred Fire for there will be more receptivity. Individuals who have passed from the body, who have witnessed the Violet Fire, who have benefitted by It, who have sat at the

feet of the Masters in one of the Temples of Light and then who are born again, will come into embodiment much more pliable and much more receptive to Our instruction and to Our teaching. Then, of course, We have to watch because some students say immediately ... "well that's fine, it is not in our time", and there is the desire to put down one's oars waiting for the next twenty years until some little children are raised who can take up the load. But that, of course, is not the case! We have to have a continuity of consciousness. That is a continuity of contact between Our Realm and the realm where man abides over which We can give as much direction as the Law will permit and as unascended beings will utilize by making Our directions practical in the world of form. When that bridge is broken, even temporarily, and the directions from the Ascended Host do not get through to the consciousness of the chelas, it is a break in the continuity of Our endeavor. Yet We have endeavored since the days of Helena Blavatsky with some small results to reach a few of the people and then the activities of Mrs. Bailey and Baird Spaulding and others carried to the western mind more and more of a realization of the Ascended Masters' Consciousness.

Now We are endeavoring again to hold a bridge open between Our Realm and yours, and you in turn, begin to open the consciousness of those that you can contact until We have a true communion between the Sainted Realm and the Realm of unascended beings.

The activities tonight are focused in, through and around the Resurrection Temple which is presided over by the great Beings -- Beloved Jesus and His Holy Mother Mary, two of the strongest

Lifestreams that it has ever been My privilege to serve with, to love, to guard and to protect.

When We come to the Easter Season I always think back on the honor that was Mine; when I was given the responsibility of guarding that blessed Being, Mary, and having through proximity to Her presence witnessed the strength and yet the gentleness of that life, from the time that She was just a girl all through the years, She guarded that Concept of Perfection for blessed Jesus! His great Light and His beautiful Spirit, was certainly enchanced by that lovely Being, the Mother Mary.

When We honor Mary, I feel always so grateful to God that I had the association with Her and helped Her, She says, but then She always said that everyone with whom She was surrounded helped Her. I think it was She Who helped Us all, even the blessed Jesus, to His fulfillment! Mary was always so graceful in nature and in consciousness, that whatever anybody would do, even the most homely tasks, She would tell them that they were so helpful. I used to sit sometimes in the evening and watch Mary with Her Child and it seemed that all the day's work and service left no mark upon Her; no lines upon Her face and Her hands as smooth and soft at evening as they were in the morning, even though I know She had worked in the earth. She loved the herbs and gardens.

There seemed about Her hands, beloved ones, that most beautiful sanctity - it was a wonderful therapy for Me to sit and watch Her hands. Sometimes She would be playing with Jesus or She would be mending garments or just laying Our

places for the table but I loved to watch those hands. Even yet I can recommend to you for healing the hands of Mother Mary - those hands that have never since those days so long ago, ceased to reach forth and bless all life. I recommend to you when you seem to need peace or rest or healing, to ask for the hands of Mother Mary, to give to you the benediction and the blessing that are Hers. Imagine the momentum of Light qualified by that Lifestream that has flown through that Being, through that Electronic Body and through those blessed hands!

Tonight in the Resurrection Temple the activity is in the development of the power of the Resurrection of the good within all life! The lovely Mary of Whom I speak stands above the Resurrection Temple which you will remember is circular in form. She wears as usual that beautiful soft blue with which She has become identified. She stretches forth Her hands in blessing right over the Temple and that is why I speak so much of the blessings from the hands of Mary. Beloved Jesus officiates within the Heart of the Resurrection Temple. He is dressed in white garments; a beautiful Being of Light Who did overcome physically in this world of form so-called death; Who brought that wonderful message of the Resurrection into form through His physical body and then Who accomplished the glory of the Ascension. He stands next to the opalescent flame of the Resurrection Ray, inside of the central corridor where the Flame blazes upward. As has been said Mother Mary stands in the atmosphere and is pouring Her radiation down.

Exercise To Assist Mankind

By Beloved Saint Germain

"During Holy Week, and the forty days preceding It, when the outpouring from the Master Jesus is of such Cosmic significance to the mass of mankind, I would like to give you a simple exercise which would be of great assistance to the people of Earth and would be your offering to Life this Blessed Season:

"Invoke the Flame from the Heart of the Master Jesus into the four lower bodies of every man, woman and child upon this Planet, or belonging to Its humanity. Realize that Flame as an Intelligent Vibratory Action of the Sacred Fire that sets up a vibration within each of the lower bodies of mankind, which in rhythmic pulsation passes through the energy there and carries the vibratory action, tone and color of the Beloved Jesus, anchoring it into the very substance of these vehicles of mankind.

"If you will render this service, you will prepare for a much greater union with the Ascended Jesus Christ Consciousness now and during the coming Holy Season!"

In the Name, Power and Authority of The God Presence "I AM" in me, / and in the Name of The Holy Christ Selves of every man, woman and child in embodiment, / and all who are evolving on this Planet / — we CALL TO YOU — Beloved Ascended Master Jesus, THE CHRIST — / to impregnate the four lower vehicles of all with The Cosmic Christ! / Let every lifestream KNOW the true essence of The Christ Consciousness / so that NEVER AGAIN will mankind be able to give power to the human way of thinking! / Let every man, woman and child feel the Presence of The Christ within them, / and through the magnificent Flame of Resurrection, / raise the vibratory rate of each one to a point where, NEVER AGAIN, will they be able to regress to a lower vibratory nature.

BLAZE Your Heart Flame through the emotional, mental, etheric and physical bodies / of every lifestream on the planet — and those yet to come. / Anchor, within each one, the Light and Love required / to draw out of them their momentums of GOOD of the ages, / and enable them to respond constructively to the increased Light / being released in this NEW VIBRATION.

****"I AM" The Resurrection and The Life of The Momentums of Good / — in the lifestreams of every man, woman and child on the planet, / NOW made manifest and sustained by Grace.** (x3)**

WHO AM I?

With all thy getting get Understanding!

Understanding what?

The Truth about you and who you really are! Man, the Species is created in the Image and Likeness of God - Gods and Goddesses!

Then who is this human? One peek in the mirror and for sure this is NOT created in the Image and Likeness of God! From whence comes this second creation?

God endowed His Divine Man with free will and His Power of Creation that this Divine Man would be free to experiment with the Law of Cause and Effect and thereby learn by the results of his choosing discrimination and hopefully select God's Will and surrender free will to

God's Will permanently; otherwise until this self-made counterfeit does so act, he and/or she remain prodigals stuck with their phony creation unto the occasion through suffering or love prompts the use of God's Life only as God Wills....

Then and then only are these restored their Divine Heritage and rights as God and Goddess. This is the Truth!

Who am I? A God! A Goddess!
-- temporarily estrange in ungod-like miscreations, concepts, opinions and foolish beliefs until redeemed.... Truth again enthroned and God's Will obeyed, lived and fulfilled!

So be it!
