ARCHANGEL MICHAEL'S RETREAT

Many ages ago the Great Archangel Michael established His Mighty Temple of Faith in the Rocky Mountains in Canada, near what is now known as Banff. This was a physical building of gigantic proportions and exquisitely beautiful.

Lord Michael came forth at the time the very first lifestreams took embodiment upon the Earth and He has made a vow to Almighty God that He will not leave until every lifestream, all imprisoned Angels, Elementals and all Life is once again happy and free!

He spends twenty out of the every twenty-four hours as we count time, in the astral realms, answering the calls of those both in embodiment and out of embodiment who desire to be cut free from the binding chains each has woven around himself.

As the Light increases this year, it is most opportune that you call to this Great God of Love, asking that He cut you (and your loved ones) free from all that binds you to any part of the dear planet Earth; and asking that He charge you with the absolute invincible Faith in the all Power of God - your own "I AM" Presence - to answer your every call. Build your momentum dear students, as you send your deep love and gratitude to this selfless Archangel, Who lives but to assist mankind to be free!

ARCHANGEL MICHAEL SPEAKS

In the Name of God, I, Lord Michael, greet ye each one! You have given of your light to provide the opportunity by which I may speak through the atmosphere of Earth at the close of this Cycle of recorded time! In the Name of the Great Central Sun, before Whose Throne I took the vow to remain with this Planet and Its evolution until each lifestream should be a God-Master in dignity, in honor and in glory! I speak now into the Universe, into the psychic and astral realm, into the mental and feeling worlds of mankind, into the Elemental Kingdom - IT IS ENOUGH! I, Lord Michael, speak unto you in the Name of God!

Oh, Powers of Light in the Central Sun, I plant My standard this day upon the planet Earth. Oh, Powers of Light in every universe that looks with mercy and compassion upon this groaning Earth! I invoke you, open the channels through interstellar space, open the doors of Your Kingdoms and send to Us those Volunteers to increase the Legions of Michael and to manifest through this Earth the Glory of God's Will, and make the Earth again a shining and radiant Star!

Great Mighty Guardians of the discarnates, call forth every dicarnate in the astral realm! Call them into Your Temples for We speak to them directly! No longer shall you take life and create from it discord and inharmony!

Great Mighty Silent Watcher of every lifestream upon this planet Earth today, direct the intelligence and con-

sciousness toward My words, *"Evil shall no longer live! Shadows shall no longer be woven out of primal light! The Banner of Lord Michael is unfurled!"* Look Ye upon it - the Golden Sun surrounded with the Seven Mighty Archangels on the blue field! May every physical eye on this planet look upon it and know that it is the Will of God. I, representing the Will of God, decree this Planet shall now give forth Light!

Beloved Lords of Karma, I stand in the dignity of My God Estate as Representative of the Will of God to this planet, and I ask that no longer You allow through the Gates of Birth a lifestream who will not accept the vow to serve life, emit Light, live within Harmony, balance their karma, and assist in setting this Earth into order! I am Life making this request, backed with all the power of My original vow before the Sun Itself!

The power is withdrawn from the dragon of evil! Where one Saint George lived, NOW there shall live thousands of them! The Legions of Lord Michael came forth dedicated to making things right, to setting life free. As at the very beginning of the Earth's evolution, I stand with My feet upon the Earth, with My heart in Heaven, and My Consciousness dedicated to one purpose - the Freedom of Life into its true and natural divine expression!

Millions of years have come and gone! Experimentation with life energy has not only imprisoned its generator but also a beautiful planet, Great Directors of the

Elements, Mighty Shining Gods like the Lord of the World, the Members of My Kingdom, the Members of the Elemental Kingdom, the Guardian Spirits of the souls of men - to what purpose? License rather than freedom! Now destructive use of free will ceases to be the predominant activity upon this Earth!

I speak through the energies of your life! I speak because you have within the inner recesses of your hearts given Me the opportunity to use your mental bodies, your physical bodies, your etheric bodies and your emotional bodies as conductors of My energies. You have become a Living Body made up of your separate selves for the Archangels, which We shall use now as Our Own! Your armor is that Christ from within your hearts externalized. Your shield is Truth! Your sword is love and mercy! Your helmet Wisdom! You move forward each and every one setting life eternally free! Endeavor to accept that and to hold within your consciousness and worlds the realization of your opportunity, and your responsibility as well.

EXORCISE YOUR HOMES

The Legions of Michael move today. We shall exorcise your homes! Cooperate by holding a clear picture of your home. Brother Jophiel, I call to You! Direct Thy concentrated beam within the mental bodies of these present and energize the picture of their homes, every room!

Beloved Legions of the Flame of Michael, in the Name of the living, breathing Christ and God, descend into each student's home, each one. Walk through them from cellar to attic, through every room and blaze Your Light! Blaze Your Light! **BLAZE YOUR LIGHT!** Every destructive etheric record there shall be no more. All the karma of each member of each family and all who come therein

shall be removed! I command it in the Name of Light!

Legions of Michael, in the Name of God Almighty and the Living Christ, enter EVERY HOME UPON THIS EARTH and render now this service in as great an efficacy as you can!

Beloved ones, We speak not idly! You live in a moment that shall be remembered and recorded in the history of the salvation of the planet!

Mighty Legions of Michael, Great Mighty Beings of Light, sweep through every continent on our planet and remove over the battlefields those terrific memories and pressures of etheric tragedy, in Europe, in Asia, in Africa, in our Western Hemisphere, in Australia. PURIFY THIS EARTH, OH GOD! I Michael, invoke those powers of purification.

Mighty Legions, I invoke Your Presence with such intensity and power into each student of Light that never again shall one forget the authority vested through each lifestream!

If you will be so kind as to call for My Presence and the Presence of My Angels of Faith to enfold every lifestream who endeavors now to come out from the shadows of individual miscreations, We shall prove that those who "*trust in the Power of Almighty God*" shall see manifest through their every experience the Supremacy of That Power.

THE MAGNETIC POWER OF LOVE

by Lord Gautama - Lord of the World

From the smallest living intelligence to the Greatest Universal Sun, the Magnetic Power of Love is the ONE activity that knows neither space, time nor barrier, but transcending all form and matter, rushes toward fulfillment of Itself wherever the vibration of Love calls It forth! Truly, Love knows Its Own, and no disguise, no shadow, no form can hide truth and love from Life!

Long did I meditate upon the Love of God as contrasted with the terrible appearances that afflicted the brothers and sisters who shared with me a place beneath the hot Sun. In My heart I prayed that I might understand the Nature of the Creation Who could sustain and energize such unhappiness. If I, a son of man, could find such pain within My fellow's distress, it did not seem within the realms of logic to believe that the Supreme Intelligence from Whose Bosom We all came forth could tolerate such iniquities.

The battle between My reason, mind and intellect, My sympathies and My rebellions took many years as Earth count is reckoned before I came to an understanding of the Love of God and His Sweet Design for all His creatures! Until I could look upon the world and all within it and see it as He, in His Love, conceived it and held it still.

My entire Life became a dedicated pilgrimage to con-

vey the feeling of God for His Children to those who chose to participate in My joyous realization. After the close of My Earth Life and the completion of the Cycle that followed My Ministry, I was enabled to enter the Deep Heart of the Great Silence, coming forth as you know once each year (*at the Wesak Festival*) to bring the blessings and benedictions of God to the evolution still walking the Earth.

Then, the call for Mercy came so strongly through the Inter-planetary communication system that I was drawn from the Heart of the Silence and, in interest, chose to return to the Earth to see multiplied a hundred fold the desire for Mercy for all Life within the yet bound souls of men. As the magnet draws the Light of the Sun and creates a Flame, so does this deep heart desire for Mercy from the souls of men, draw the Flame of Our Presence, for LOVE CANNOT BE DENIED!

I shall endeavor through Lord Maitreya (Lord Divino) and Kuthumi to intensify the outpouring of Love Divine through the teachers of the race, those embodied and those yet awaiting embodiment. I shall endeavor to assist you each one, to remembrance of that feeling which you enjoyed in My Presence and which is within the substance of your etheric envelops awaiting invocation to live again for you today!

May you know the Ecstasy of the Love which God Is - and which it is My privilege to transfer to those who choose to love Him. The Blessings of the God of Love be upon you each one!

EXCERPT FROM THE MASTER JESUS

While I was studying the nature and activities of the Beloved Helios and Vesta and saw the precision of Their use of the powers of magnetization and radiation and looked upon the glories of Their Causal Bodies from the consciousness of My Own Electronic Presence, I was able to absorb much of Their nature of Deity, which nature I brought with Me through the "veil" of birth and embodied It in a physical form here on Earth. I began at My Mother's knee to learn to externalize what We called the Christ Presence. As I grew older I voluntarily submitted to and victoriously passed through the initiations of the Ascension Temple at Luxor, Egypt.

When We returned to Jerusalem, I began the conscious magnetization and radiation of the nature of the Father in daily life, which was a practical blessing to our fellow-man. *Of this radiating activity, We never spoke!*— We kept it in Our hearts and others only knew of it by the manifesting about Us of a certain Peace, Healing, Faith, Illumination and the various God Qualities which mankind required.

The consciousness of unascended mankind accepted *My personality* as the Authority and Giver of the gift - rather than the Christ within My heart, which had expanded from within Me releasing Its God-Gifts to all. **THIS SAME FLAME IS WITHIN THE HEART OF EVERY ONE!** That is why I said, "*The things which I have done shall ye do also.*"

As this erroneous consciousness increased in the worlds of those I contacted, it became quite clear to Me and My Beloved Guru (Lord Maitreya) that even the most sincere devotees of My teachings were losing the perception that it was the Christ Flame and *not My Personality* which was doing the so-called "*miracles*". For this reason I was called upon to close My ministry at the time I did for through the devotion to My physical Presence, those I was teaching were not expanding the powers of the Christ within themselves!

It is this expansion of your own Christ Flame which We desire to bring forth at this time. Develop a feeling of absolute confidence in the Presence and power of that Christ within you. Daily practice the realization the Presence of God IS WITHIN YOU - The Christus - (whatever Name you may choose to give It). *Even in Its smallest and unexpanded state, that Flame is more powerful than all manifest form!*

As you keep placing your attention upon It in Divine Love, giving It full authority to direct and control the energy of your world, you will begin to let go of the efforts of the human self to accomplish and, instead, allow the dignity of the Christ to take command. Then without struggle It will bring and sustain Peace, instantaneous healing and all the blessings of Divine Love wherever you go!

MY DREAM OF A WORLD BROTHERHOOD

by the Ascended Master Saint Germain

Beloved Friends of Freedom, you who have loved Freedom long and are willing to incorporate the energies of your feelings, your thoughts, words and actions to bringing Freedom to an imprisoned Planet; to Angels that have enmeshed in human creation, to elementals that make up your rivers, lakes and seas, your very Earth and the air you breathe, - for *you* I am so grateful. It has been for many ages My Dream of a World Brotherhood, of a Brotherhood in which neither race nor creed nor color should have any place in differentiation between Divine Love and impersonal unified service!

So now comes this Planet as the Violet Fire which I love, blazes forth from Her heart, and those of you who love Freedom have written in the ethers those words, "*I love Freedom's Star!*" Ah, how I love this Earth! How I have enjoyed all of My lives upon it, the green of the grass and the early Spring flowers. No matter what the visissitudes My outer personality had to go through, I should never renounce, even if I had the opportunity to do it over, one embodiment upon the Platform of Earth. I loved Her; Virgo and Pelleur, Helios and Vesta, Neptune and Lunara, Aries and Thor and everyone of the nature elements that have continued to garland the Earth with a hope to a new Springtime, despite innumerable conditions of distress.

It was in the Spring (May 1st) that I, Myself achieved the Ascension! It was in the Spring that all of My sweetest moments of the various lives were experienced. It was in the Spring when Jesus, Who the great Lord Maitreya

allowed Me to guard with the Holy Mother during those growing years, achieved the resurrection and His Ascension. We, Who had already passed beyond the veil, not only Gabriel and our great Maha Chohan, not only the Divine Beings, *but everyone of Us* who had been a participant in Jesus' Ministry were allowed by Cosmic Law the privilege of gathering around that tomb in Aramathea's garden. There We knelt in a circle from the time that He was placed therein, and praised the God of Light, magnetizing those gifts and powers which were Ours and directing them to Him so that He might have every God assistance.

On Ressurrection Morn when the tomb was burst and He stood forth in the full glory of His manhood, all of Us, not only the Heavenly Host but those of the lesser of Us who still had a long and tedious journey on this Earth, all of Us wept with the Magdaline in gratitude for Our great gift of being allowed to assist Jesus in any small way during His earth life; and in gratitude then for His own personal consciousness that overcame so-called death and achieved the Victory of the Resurrection! Then We were each one called back into those inner spheres where We were being trained for successive embodiments.

I am, through the grace of Almighty God and through the conferring of the title upon Me by Lord Maitreya and Lord Maha Chohan, the presiding and directing Teacher for the Cycle that has already begun. This Cycle will be

beautiful in the extreme. It is with a sense of great love for each earnest, sincere student that We pray that some of that beauty may come forth while they are yet in embodiment that you may know the ceremonial aspect of worship and the great activities of song, visualizations and magnificence which We endeavor to establish. This is part of the dignity and beauty of the Seventh Ray.

It is difficult sometimes when an individual has lived some years in an earth body and accepted during the greater part of the life a particular type of spiritual worship, to make the transition into another type of service.

In the nineteenth century Lord Maitreya, Who is now your Buddha Lord Divino, interceded with the Gosmic Law and brought forth the *Wisdom* aspect of this magnificent triangle which will yet be complete. Following that the Power aspect in which I through chelas receptive, enabled mighty fiats to go forth. Now We come to the Crown of the Pyramid, which is an activity of *pure Divine Love* wherein the Wisdom and Power are raised *through Love* into the ceremony wherein Angels and men shall join to bring forth perfection of worship that will not offend the great masses We must meet, but will catch them up, they enjoying the beauty and seeing it manifest - will want to be like it!

Love is the apex of all service! Love personified in song, in visualization, in ceremony of every kind, contains within it no drive, but a magnificent ever-increasing vibration of Peace, of perfume, Beauty and Perfection!

It is to establish this Age of Ceremony that I live! It is to gain the outer consciousness of some unascended beings long enough to bring forth some of these ceremonies and to show the chelas that a positive and powerful service in dignity and Love, will be that which will attract the people; that will sustain them and bring them back unto the Teachers Who are willing to make such a transition. Then, those great masses will become the Children of Saint Germain!

Following in the footsteps of the great Jesus I find that I shall have to have much help from those who profess to love Me, for Jesus' Life was like a comet, His Mastery and Victory publicly expressed, before five hundred people and recorded in all the Biblical texts.

My humble Ascension in a quiet Home in Transylvania, as My weary body lay in a friend's arms, was recorded only to a few to whom I have spoken of it. So I have no heritage except in the hearts of a few, the few that loved Me as Roger Bacon; the few who stood with Me on the Santa Maria; the few that knew My heart prayers as the great American continent seemed impossible to find; the very few that knew My integrity and honor as Francis

Bacon and stood with Me against the charge of State, which I accepted to preserve the dignity of the King of England. The few who knew the heartbreak as I passed through the tempest, so sure that if I were to wear the Crown of England, rightfully mine, but denied by human will, that I could establish then Utopia and Britanica as a strong and powerful force; yet that too was denied Me for My Day had not yet come.

Now the Crown I wear and the Throne that is Mine will enable Me in honor to establish Freedom's Star if there are those who believe in Me, on My love for all life from the tiniest gnome and smallest undine and sylph, to every heart within which beats a Christus!

Freedom's Day comes in! Freedom's Light is flowing through the very consciousness of all unascended beings, and Freedom's Way is the way of dignity, liberty, beauty, mercy and Love! I stand on these words in the Name of the Ascended Jesus Christ, until I have become enough of a reality to you that My Light in your hands shall reach all people!

THE SACRED HEART TEMPLE**by Mother Mary**

This is the month of the Visitation of the incoming lifestreams to the Sacred Heart Temple, created and sustained by My humble Self. Why do We have such a Temple? Well, We have It for the same reason that you have a roof over your heads! Remember, on the Other Shore all are not Divine Beings. There are some who live in the lesser Heavens, some have been in the Sleepers Realm. Then there are some laggards who have come from the former Compound, and they all live in various strata on the Other Side of what the Earth calls "death".

We try to make for each and everyone as harmonious a vibration as is possible. For some of these individuals to step into the Light would be a shock to their souls, so We have created at every level something of beauty, some Temple or Palace of Beauty! We find here on Earth, despite all the chaos of mankind, that there are a few places of beauty left, but in the Inner Realms We have created at every level a place of beauty; One I like to think of is Our Sacred Heart Temple!

It is situated in the very center of fields that are indescribable. The grass is almost knee deep and is wheat colored, sometimes changing. That is the magnificence of being able to consciously qualify through your feelings and thoughts your precipitation!

Beloved Nada, Meta and Kwan Yin receive with Me those souls who are to embody during the year. They come from North and East, South and West. Some of them come from other Stars and other Systems, so shining and brilliant in Their Glory that could an Ascended Being weep, I should weep for Them to enter into this world of

Earth, for I knew One Boy Who came to set the world on fire and suffered much, though He emerged Victorious!

Therefore, when these God-free Buddhas, these glorious Kumaras, these magnificent Beings Who have no taint of sin or karma come for love of Earth and the people upon It and They kneel before Us as We stand there, I cannot help in Myself thinking of Jesus. Of course, many of Them do not secure permission, but the Divine Ones come first. They stand before Us, and those who are to receive embodiment I touch with My Wand of Light and they kneel and those other beautiful Divine Ones, thank God, return to Their Own Solar Systems. The Divine Ones Who are to take embodiment are divested of the magnificent garments and shining robes, which is symbolic of humility. Their golden hair is cut and placed carefully in the Heart of My Temple so I may have a bond with Them through all the years of Their embodiment.

Then come those who are assigned by their Manu to re-embody; some come happily having chosen to embody; some come sadly because they liked their stay in the Higher Realms and do not care to embody. Yet all who come, even those from the former Compound and the laggards, bending the knee, carry the Benediction of Myself as the Holy Mother, giving to them the best of My Love and Light to fashion for them that Sacred Heart wherein will be burning as long as they are embodied, a part of their own Divine Plan.

Then they are taken and prepared to be bound round with the bands of forgetfulness. From the Divine Beings to the laggards the process does not change except in the case of the Divine Ones I Myself place the silvery cloak around the eyes and bend to kiss the forehead of such Ones,

breathing into Their consciousness as a last remembrance which I know will carry through into Their Earth estate, "*You are God's Children, going to fulfill His purpose on this Planet*"! This I know They shall remember when first They emerge from the cocoon of Their parents' vehicles and when They first hear the song of the birds and the Light of the Sun becomes visible to Them. BEFORE the pressures of the human creation They KNOW They are God's Children.

I invoke the Karmic Board Myself, that every soul so passing through Our Temple this month to take embodiment upon the Earth during the next nine months, KNOW also that they are God's Children! And ACT on this Earth accordingly, creating and sustaining for Its people a Star of Freedom in honor of My Beloved Friend of old, and your friend forever, Saint Germain!

Now while They kneel and as We have Lord Raphael and All of the Celestial Hierarchy, the Cherubim and Seraphim sing, not only to the Divine Ones but to all down the line of those who are coming into embodiment, Kwan Yin, Meta, Nada and Myself hold Our Hands forth to bless them, and the Luminous Presence of Lord Gautama gives the benediction and blessings. You may never see Them on this Earth and yet They may be right on your doorstep!

YOUR INNER CONSCIOUSNESS EXTERNALIZED
by the Ascended Master El Morya

The physical appearance world and everything in manifestation is but externalized consciousness! That is self-evident. Your own bodies and every experience in your daily lives is but the externalization of the consciousness of some lifestream in your environment.

Your consciousness has been builded for hundreds of thousands of centuries of living, and thought and feeling patterns have been set up, many of which your outer self has never been cognizant of. These thought and feeling patterns are constantly moving currents of energy which are like river beds over which the perfect energy released from the Godhead flows naturally along this course because of the momentum the thoughts and feelings have builded in many embodiments. These patterns, conscious and unconscious, represent the inner consciousness of every lifestream and constitute the *nature of the personal self* and by nature of their being, they constitute the outer experience of every lifestream.

We therefore reiterate that whatever is in the consciousness, known or unknown, is externalized as the experience of the lifestream. These patterns continue embodiment after embodiment to form the external experience through which the lifestream passes again and again.

The Spiritual Hierarchy and all Beings concerned with the evolution of the race, deal only with conscious-

ness, knowing that effect always follows cause. The Lords of Karma, looking at the consciousness of the soul, allow only a certain percentage of that consciousness to be externalized in each life, holding back through mercy the externalization of more than the lifestream can bear.

With the increased pressure of the Cosmic Light and the acceleration of the evolution of the planet, there is a much greater pressure upon the inner consciousness of all souls belonging to this System and the externalization of a greater percentage of their iniquities naturally follows.

The import of My Message is to convey to the intellects of the students that they will *never be free* of the *externalized evil* until they make a *drastic change* in their *inner nature*, for the inner consciousness must become absolutely free from the ability to entertain or recognize imperfection in thought and feeling. When the Cup is clean *within*, the appearance world will automatically manifest only the perfection that fills the inner consciousness.

People cannot go on in their uncontrolled thinking and feeling and not have those thoughts and feelings externalize as distress! You can dam up feeling by means of the outer will, but so long as they are entertained within, the cause - though hidden - from the world, will externalize as an effect.

It is more important than the students have realized to cultivate the Ascended Master Consciousness, because a person's consciousness is always under the control of the individual's lifestream. Even the Ascended Masters cannot intrude Their Light into the recesses of the human consciousness unless invited, but the invocation to the Ascended Masters for Their Light into an individual's consciousness will bring great illumination to the mind and great assistance in clearing out the filth of the centuries.

The people who are to advance spiritually have to *change in their inner nature!* Neither suppression nor intellectual knowledge brings release!

The world of consciousness, is the world of thought and feeling, and in this secret and sacred place, man must be completely honest, and if he is, his externalization will prove his sincerity.
