THE TEMPLE OF TRUTH

The Temple of Cosmic Truth is located in the Etheric Realms over the beautiful Island of Crete which lies at the foot of the Greek Peninsula. This is the Temple wherein the full gathered momentum of Truth from the Heart of the Central Intelligence is focused for distribution through any and every channel opened to Its Rays.

The great universal Cosmic Law requires that some intelligence magnetize and draw down the Virtues of the Godhead for the blessings of those who cannot rise to the full height wherein their own consciousness can partake of these gifts; thus they find the nourishment which is provided by proximity to the radiating centers of such Virtues.

Therefore, from the beginning of self-conscious life in every sphere, Intelligences have offered Themselves as conductors for these Qualities, Virtues and Gifts. This is done in no more mysterious manner than the physical Sun Itself steps down and radiates the light, heat, nourishment and fecundating power of the Central Sun which stands above It in the universal scheme of Creation, these rays forming the conductors of the Gifts of the physical Sun into the world of man.

One of the Virtues of the Godhead which has been so magnetized is Truth. The Being known as Pallas Athena, Spiritual Complement of Beloved Aeolus, became such a magnetizing Focus and the Essence of Truth established through

Her contemplation of Cosmic Truth forms the core and center of the Flame of Truth. Around this Flame has been builded the Temple of Truth in the Etheric Realm.

Every Intelligence Who has endeavored to conceive the Truth about any subject which would bring illumination to mankind, has been the beneficiary of this gathered momentum of Truth. Whatever branch of life's expression - governmental, educational, humanitarian, artistic, scientific, religious or ceremonial - has had devotees in the world of form (men and women who are consecrated to developing the highest type of service through these channels). These devotees who earnestly desire to know Truth become the specific chelas of the Brotherhood at Crete. God-free Beings direct the Rays and Flame of Inspiration to embodied lifestreams. The particular guidance, instruction, ideas and expressions of Truth flow over these Rays into the receptive consciousness of the pioneers in the world of form who are endeavoring to assist in the progress of the race, working along the seven channels of life's expression.

Even as the physical Sun is equally available to all men but Its potent life-giving vitality is absorbed in varying amounts according to the capacity of the individual to receive, so does the Gift of Truth (focused within the Temple at Crete) flow forth impersonally. Man may have access to It, draw Its illumination through the outer consciousness, or remain complacent in the erroneous concepts of previous generations. There are always the few who refuse to accept as ultimate Truth the theories,

dogmas, and prescribed courses of procedure, especially when these concepts limit the race. These few are usually persecuted by the 'mass mind' which violently opposes change - even for the better. Through these few the ignorance, bias, limitations and shadows of the race are being gradually eliminated. More and more Truth is being proven beyond the power of those who wish to dispute or confute the findings of the consecrated members of the race.

From the Temple of Truth, similar in form to the beautiful Greek Parthenon, the Brothers and Sisters of Truth direct Their concentrated green Rays into the receptive consciousness of all those who are attempting either to teach, realize or manifest Truth.

Beautiful Pallas Athena, Goddess of Truth, is the Patroness of this Temple and Guardian Spirit of the Virtue of Absolute Truth. Beloved Hilarion is the Hierarch and His Service is to direct the Ray of Truth to, through and around all sincere individuals who are consecrated and dedicated to spreading the Message of the Spiritual Law, as they presently see it.

As searchlights comb the heavens above an airport, so do the green Rays of Truth comb the atmosphere of Earth from this Focus and find anchorage, through the power of magnetic attraction, in the consciousness of those who sincerely desire more Light upon a subject, religious or secular. These Rays of Truth pour out impersonally to bless the evolutions belonging to the Earth. However, these are Directed Rays from the Brothers and Sisters at

Crete which specifically envelop with more than ordinary power the earnest exponent or seeker of Truth on Earth.

Every great Avatar, Messiah and Teacher of every religion on Earth belongs to this Temple and gives to It some of His or Her time and radiation, just as doctors give of their time, skill and energy to a free clinic in their vicinity. Thus the power of the Temple of Truth embodies the combined radiation of all God-free Beings Who have brought the Law to the people of Earth through the ages.

The glorious Brotherhood at Crete wear garments of white, banded at the hem of their robes and on the sleeves with varying shades of green, depending upon Their spiritual status and particular service.

Constantly, throughout the year, great Teachers speak from the Temple of Truth to those who find their way thither in their finer bodies while the physical bodies sleep.

Beloved seekers after Truth, avail yourselves of the exceptional opportunity which is yours to visit this Focus during the time when there is an accelerated radiation of the Flame of Cosmic Truth, September 15 through October 14, 1965.

Beloved Hilarion: "I cannot over-emphasize the necessity for the earnest student to develop from within himself true God-Illumination as differentiated from intellectual accretion, which surfeits the brain consciousness and inflates the personal ego."

BELOVED EL MORYAJuly 4, 1965SUMMER CONFERENCE, LONG ISLAND

Greetings and Welcome! Friends of My Heart! Oh this is a wonderful day for Me, to witness the chelas assembled from near and far, drawn to the Central Focus by the Light within their hearts.

You have come to learn how you can better serve the Cause of Freedom, under the Banner of Our Reigning King, the Ascended Master Saint Germain. God bless you, each dear one!

Many of you have not previously met due to the physical distance of the location of your various abodes on this Earth, but I wish to assure you that the moment you made the declaration within yourselves that you would be present at this Conference, and at no little monetary expenditure on your parts, We of the Spiritual Hierarchy have gathered you together for meetings at Inner Levels while you were out of the body at night, and the strong desire for Spiritual Freedom for this Earth and Her peoples is firmly and collectively established within your hearts.

We have a wonderful Pattern of Service with which We wish to familiarize you, so that all the Chelas and Groups throughout the entire Planet can render the most efficacious service. Remember you are serving with and not working for the Hierarchy. There is quite a difference. Service is a joyous experience and work usually indicates to the consciousness an

element of drudgery. Our Beloved Maha Chohan, Paul, recently brought forth this point in THE BULLETIN. Those chelas in THE BRIDGE TO FREEDOM who have not yet availed themselves of the opportunity of receiving this Weekly Release are passing up pertinent instruction in their Service to God, and their own Spiritual Unfoldment. Just think, every week the Beloved Maha Chohan takes the time to review world conditions and the elements which are active in the life-streams of the peoples of this Earth, and sets forth the ways and means of correcting these conditions through the cooperation of the dedicated chelas.

Think of it, a Letter weekly from the Representative of the Holy Spirit to this Earth, and then a Special Letter, shall We say as a Bonus, quarterly from Blessed AEolus, Cosmic Holy Spirit for all the Planets under the direction of Mighty Helios and Vesta. Less than half the student body are BULLETIN readers. While the other students receive THE BRIDGE which contains this Address, I trust they will give this deep consideration and make application for the Weekly Releases.

It is of the utmost importance that those of you who have taken the responsibility of holding Groups have a Pattern of Service in which there is some similarity. Bless your hearts, the Pattern which some of you use shows just a slight conformity to that which We have set forth from time to time. You will note from your Program that at each meeting of the Conference there is a different Director of the Day. The reason for this is that they have

earned this right through conscious and constant conformity to an Outline. Next year others will be given this privilege. Each has brought forth a Pattern which is the outpicturing of their own lifestream and which is compatible to those who have been drawn around them. Each has a momentum along a certain Ray or Rays and is expressing it through the specific Service of their Group. The reason for diversity is that the various facets of serving The Cosmic "I AM" Presence must be presented to the chelas so that they may add the momentum of their Light and Love to bring about a balance.

Just think, suppose there was a preponderance of First Ray individuals. Oh My, Me-thinks the chelas would think there was some mistake in the category of service which they had chosen and might weary in their well doing, due to the pressure of the First Ray in getting things done! However, I assure you there is always a good measure of the First Ray Activity throughout all Service, else the Will of God would not be expressed, and need I tell you that the First Ray is ACTION! I believe some of you have found that to be a fact! You know when I prod you, it is because I LOVE YOU. Are We not all cells in the Heart of the Cosmic "I AM" Presence! Separation only comes when thought is given to personality, for it is THE CHRIST PRESENCE within, which entwines Our Hearts in sweet association.

I shall ask each of you to respect the Official Program of the Day and keep the copies which are presented to you, a gift from the lifestream who is holding the Class - their own

energy, time and money went into the preparation of these Programs. Take them home with you, study them, and decide upon the Outline which best fits your Group Service. In this instance, I refer to the Sanctuary Director and Group Leader. There is a strong thread of similarity running through each Outline, resulting from instruction which We have imparted to you through the years.

Oh yes, a word on the distinction between Director and Leader. The Sanctuary Director is the lifestream who has taken upon himself or herself with the permission of the Hierarchy, the responsibility for holding a Class or Classes at regular intervals, building around their locality a Forcefield, into which is constantly fed the momentum of service of the lifestreams in the Group. The Group Leader is the lifestream who also holds Classes, but who is under the jurisdiction of the Director in the conformity of service to a General Pattern or Outline. Where there are Leaders, under a Director, some give general instruction for beginners and others hold Classes devoted exclusively to the use of the Violet Fire of Transmutation, and so on. But remember always, the Director is the one in charge of the Forcefield, and the Leader the assistant. This question has arisen many times and I trust it is now clear. Permit Me to say, when there is any inharmony between the two, it is the human personality which has reared its head!

The reason I bring the various activities to your attention at this time is due to the fact that many of the chelas are not familiar with

the Pattern of Service and have come specifically to this Conference to receive instruction as to how to proceed in their future assignments, and also so that there will not be any conjecture on your parts as to why the daily Classes do not exactly conform to the same Pattern. The time will come when there will be a new General Outline released by the Spiritual Hierarchy for use in Classes, but that time is not yet. Too many of Our Directors and Leaders require additional training. This in no way casts any aspersion on your present service, My faithful friends; you are all doing wonderfully well in building a momentum of your Dedicated Virtue or Virtues in your respective Forcefields. So just be happy, and if one Service is not particularly compatible to your nature, remember there are other types from which to choose. Be patient and you will be rewarded!

And now speaking of a reward or blessing, I take great pleasure in presenting to you My Beloved, Lady Miriam.

LADY MIRIAM:

Children of God, many of you were associated with My lifestream while I so recently walked the Pathway of Earth, and many know I used to think the Mighty El Morya was stern at times - yes, I might say seemed ruthless in His prodding of the chelas. That was a human concept, for standing as I do in His Mighty Presence, blessed and precious ones, the glorious Energy which He releases carries a tremendous amount of the Essence of Pure Divine Love.

Oh love Him, love Him, for His devotion to a Cause, that of assisting the Beloved Saint Germain in the redemption of the Planet Earth and Her evolutions. Magnificent indeed, is this great Master!

I wish now to specifically draw your attention to Our Great Lord of the World, Gautama, that Blessed and Holy One Who abides in the Etheric Focus of Shamballa over Long Island. This Illumined One is, as you know, the Exponent of The Middle Way, and is the Perfect Example of embodying all the Rays while belonging to a specific Ray. When you took embodiment you had journeyed through all the Seven Spheres at Inner Levels and developed a momentum on a specific Ray, that One now being predominant in your Causal Body.

As you came forth time and again for further development of your lifestream in the Schoolroom of Earth, you also acquired a momentum on other Rays which are required for Balance, but the momentum you gathered at Inner Levels before coming into Earth experience is the Ray upon which you rode forth from the Heart of your God-Parents. That is the beautiful harmony which will express in greater and greater intensity, and is the Gift of your lifestream, your contribution to the Cosmic Symphony which will some day be emitted as the radiation of this Planet. The time is getting shorter when it is demanded by Cosmic Law that there be no dissonance in the required Harmony for this Earth. There is still much 'clashing of cymbals and beating of drums' caused by the uprising of the peoples in rebellion all over this

Sphere, and that is where a momentum comes to the fore.

All the chelas having advanced thus far have a momentum of Pure Divine Love and Peace, and IT IS UP TO YOU; yes required of you, that you be Radiating Centers of these Gifts for the entire Planet. We of the Spiritual Hierarchy hear the cries of the masses, cries which come from the deep recesses of their beings for Peace. See that you do not allow the opportunity to fulfil your duty, to pass by. Young men in various parts of the Globe are sacrificing their lives, and their elders, too, in the name of Peace, as opposed to that of oppression, hatred and greed.

Remember always that each blessed life-stream, on no matter what side of the fence he is, has an Immortal Victorious Three-fold Flame, The Christ, within his heart and when on the negative side, he is just caught in the web of the sinister force. I plead with you to untangle the Youth of this Earth from the snares of evil! They are the hope of the future! You know the method; the use of the Fires of Purification and Transmutation, clothed round in Pure Divine Love and Peace!

Oh yes, I can be dynamic too, born of Conviction of the Truth that the Divine Plan shall be fulfilled for this Earth, and in the not too distant future!

I have a special request to make of you, that before retiring this evening, you will each turn your attention to the Beloved Lord

Gautama and ask that you be in a State of Grace to receive of the Blessing which He will bring when He addresses you, bringing the Essence of His Wisdom, and during the repast after His worded Release. He shall preside as Guest of Honor at the Brunch and has requested that I tell you to be happy and enjoy yourselves; no need for solemnity, but cognizant always of the signal privilege which is yours.

With My deep and abiding Love, I now turn your attention to Beloved El Morya, for His further Blessing:

BELLOVED EL MORYA

Beloved chelas this is going to be a momentous week for all of you and one which will bring great Illumination to you who are sincerely dedicated in your Service of freeing the Planet Earth and Her evolutions and bringing in the Permanent Golden Age.

I admonish you to keep up your Protection at all times, and to assist you, Beloved and Mighty Hercules, Lord Michael, and My humble Self shall be on hand at all times to keep up the guard for you, when so invited.

Enfolding you in the Love and Protection of Beloved Lady Miriam, the Great Hercules, Lord Michael and Myself,

"I AM"

Your Advisor and Friend

El Morya

BELoved LORD GAUTAMAJuly 5, 1965SUMMER CONFERENCE, LONG ISLAND

My dear Children, how grateful "I AM" to come into your midst and see the glorious Light shining from your blessed hearts, and to feel the Love which is emanating from your beings. You know, it is the Light which We of the Spiritual Hierarchy see.

I ask that you each remain centered in the Heart of your beings, for in that way the Angelic Host in attendance can perform a beautiful Service in offering the Cup of your Light unto the Supreme Source of all Light, referred to by some as the Cosmic "I AM" Presence, others the Divine Principle of Life, The Father-Mother God, and many other Designations. Each cell of Light of the lifestreams here embodied as it glows more radiantly causes the Body of God to shine through on this Planet Earth in ever-expanding intensity, and which will assist in the dissipation of the shadows of the personal effluvia not yet transmuted.

I shall now refer in more detail to the Service which the Angelic Host is rendering today and which shall continue through all the Classes this week.

As you know, "I AM" the Embodiment of Peace, that Quality which I found must be sustained when I was endeavoring to make complete surrender to the INDWELLING CHRIST and to become 'the Jewel in the Heart of the Lotus.' It was through Peace that I was enabled to maintain

and sustain The Middle Way, which embodies enthusiasm but never fanaticism. Oh the manner in which the chelas should set themselves apart from the mass of mankind is by example and radiation, not by deeds which cause the average person to scoff, by reason of those actions which do not follow the accepted outer world code. Remember, always, you are living in the world but there is no reason that you should be 'of' it.

There are blessed chelas who have journeyed from the far corners of the Earth to attend this Conference and I say to you by so doing, you are making possible a tremendous Service which We wish to expand throughout the Planet, in conjunction with everyone attending this Class, through the magnificent cooperation of the Angelic Host.

In converse with Our Beloved Holy AEolus, Who has come from His Central Focus around the Sun to be in residence at Shamballa for the duration of this Class, it was decided Peace was the Quality which the peoples of this Planet require most at this hour. After Our meeting of last evening, Beloved AEolus went into the Silence and in cooperation with that Glorious Being, the Goddess of Liberty, created from His Cosmic Heart thousands of tiny Doves which will be released at the conclusion of this Conclave. At the moment, the Angelic Host are creating a Protecting Aura around them and will continue to do so for the remainder of the week.

At the closing Class next Sunday, during the Address of Beloved Saint Germain, the God-

des of Liberty, Beloved AEolus and My humble Self will release these Doves. They will first enter your auras, which will make a tremendous Forcefield ere this week has passed. It is now encompassing all of Long Island and Manhattan, and through the cooperation of those blessed ones from other Lands, it shall become world-encompassing on Sunday. That is Our expectation and We feel in Our Hearts that all the blessed chelas will eagerly participate in this Service by maintaining harmony, and by not engaging in any activity of a negative nature. The Service will be rendered with or without the complete cooperation of the chelas, but greater far can be the activity with the chelas blending their energies with Ours, and the benefaction to their individual lifestreams will be greatly expanded.

Since the first entry of the little Doves into the aura of humans will take place when they are released into your own personal auras, it is Our specific request that they will not be buffeted around by inharmony of any kind, and We know you will graciously accede in this matter. By giving this information to you at this time it will save needless extra release of energy on the part of the Angelic Host into whose protective custody they have been assigned.

These tiny Doves when first created last evening were about the size of, oh let Me see, yes, the little fireflies which one can see on a Summer evening. Can you imagine what it will be like when these Doves, the Messengers of Peace, and the composite of whose beings is

made up of that Virtue, wing their way through the atmosphere sending forth that Quality!

The Angelic Host will return with them from time to time to the Forcefield of Long Island, where the Cosmic Dove of the Holy Spirit, whose wingspread has long since extended from tip to tip of the Island and now embraces Manhattan, will enable them to imbibe of the Essence of Peace for the continuance of this Service. Each dear chela throughout the Globe who will daily send them a blessing will form a 'way station' for the specific reception and anchorage of this Quality into the Planet and Her evolutions. This is not just a beautiful ceremony which is taking place during this Class, it is an answer to an imperative need at this time of chaotic and crucial conditions on this Earth. The Cosmic Dove over the Island could be likened in this instance, of course in harmonious service for the benefaction of the Earth, unto the Refueling Stations in space which are contemplated by some Nations.

In the countries where to your outer consciousness THE BRIDGE TO FREEDOM does not have any chelas, We have contacted individuals in their finer bodies and they will participate in the service of daily recognizing the Activity of Cosmic Peace in which you will all be engaged.

In your daily love to these little Doves, upon which they will grow and wax strong, remember, too, their Guardians, the Protecting Angelic Host. This is one avenue of the Service to which Our Beloved Saint Germain referred

years ago, when He said that the Angelic Host and man would engage in cooperative activity.

It is the desire of the Spiritual Hierarchy that you will each become such Radiating Centers of Cosmic Peace by the time of the conclusion of this Conference, that that Virtue will be felt by those into whose auras you return. You are Our Ambassadors of Peace, serving without outer portfolio, but with the greatest of all credentials, that of Pure Light and Love!

I should like now to bring your attention to the Thought Form for this Class, which is a gigantic Dove of Peace. I should also like to add that this is to be a joyful and happy experience for all of you, and in no way is to engender strain or the dour radiation of extremism. Please remember the Truths embodied in the Eight-fold Activity of The Middle Way, and which bear repetition at this time:

Right Belief
Right Thought
Right Speech
Right Action
Right Exertion
Right Remembrance
Right Means of Livelihood
Right Concentration.

I wish also to direct your attention to the tremendous activities which are taking place at the Rocky Mountain Retreat, at the half-yearly Council, where the Great Karmic Board is sitting and Cosmic Visitors from all the Planets in this System are assembled; some, too, from

other Systems. Remember that the Angel of the Scrolls will be waiting for your Petitions. As you will note, a Receptacle has been provided for your written Petitions, which will be burned after the concluding Class next Sunday.

This evening Beloved AEolus and I will be Hosts at Shamballa for the Cosmic Beings assembled at the Rocky Mountain Retreat. Can you envision the great Light which will enfold the Earth on this joyous occasion. We feel sure these Cosmic Beings will be enthralled by the expansion of Light from the hearts of the chelas who have made the pilgrimage to Long Island for this so important Class. A service of greater magnitude than you can presently realize is being rendered by you blessed ones, for the Purity of your lifestreams is doing much to re-magnetize the currents which this Island once emitted, and which shall again manifest. Sanctified is the Service of all the chelas, here present or not, who are truly dedicated to the further expansion of the Activities of the Spiritual Hierarchy from the Central Focus here established.

A little introspection will enable you to more fully understand the meaning of SHANBALLA. This is not a mythical Focus, but an ever-expanding Center of Light, into which is tied the energies of all Retreats for this Planet. It is the 'Heartbeat' of Light for this Earth, through which all the components of the Planet are nourished and sustained.

In closing, it shall be My great pleasure to bless the food which you will partake after

this Address, and as My Guests it shall contain the very Essence of the Virtues of Divine Love, and Peace, and Illumination, with which We desire to nourish your beings, and through you, the entire Planet and Her evolutions.

My Love, Peace, Illumination and Deep Gratitude now enfolds you, each dear one.

GAUTAMA, Lord of the World.

The repetition of the following Decree three times daily will do much to bring about God Harmony for all mankind:

In the Name and Authority of God "I AM" in me and the full power of the Sacred Fire vested in us, we call to Beloved God Harmony, Beloved Ascended Master Saint Germain, the Ascended Jesus Christ, the Christ of all mankind and all Perfected Beings:

We invite and invoke your Flaming Ascended Master Presence to walk and pass through the consciousness and bodies of all the peoples of Earth at regular-intervals and in rhythmic pulsation...and as the Ascended Masters' Radiation passes through these bodies...dislodge and dissolve the cause and core of all psychic and astral substance and burn out the poisonous accumulation of the physical and inner bodies at each such rhythmic cycle,-

Increase the Pressure of Light each time, according to the capacity of the lifestreams and thus purify the human forms and raise the vibratory action of all the peoples of our Earth to a momentum of LOVE and LIGHT!

We thank Thee, Beloved Ascended Host for answering this our heart's call.
