BELoved GAUTAMASeptember 14, 1965Thanksgiving at Shamballa

Children of Light, oh how beautiful is that ever-expanding emanation from your blessed hearts. The sincerety of purpose and the harmonious radiation flowing forth from your beings is most encouraging to the Spiritual Hierarchy, Who are ceaselessly serving to redeem this Earth and Her evolutions.

On November 26th, We celebrate the anniversary of the anchorage of the Permanent Ray from the Etheric Shamballa into the substance of the earth on Long Island.

And this year We inaugurate the THANKSGIVING CLASS, which is to take the place of the annual Christmas Class held formerly. This should be readily accepted, wholeheartedly, by the chelas for all are now aware that we are in the New Dispensation of our Beloved Saint Germain, the Age of Freedom for the Planet Earth! While this will be a time of happy festivity, as has been the custom when the Spiritual Hierarchy meet at the Central Focus for the annual presentation of the sheaves of the mankind of Earth, much planning will be done in preparation for the meeting at the Rocky Mountain Retreat, the following thirty-day period.

Your Sponsors are like proud Parents as you approach the Altar to add the harvest of your energy for the year to that of other constructive lifestreams of the Earth. Your Sponsors rise as your presentation is made, and Their

enfolding Blessing is an exquisite mantle about your Etheric Garment. Looking upon you, as "I AM" today, the Harvest promises to be exceedingly bountiful this year.

It is now My pleasure to give you the Names of the Beings Who will address the chelas at this Class, Whose Releases will be printed in subsequent issues of THE BRIDGE:

Summer Conference
July 9, 1965

Hail, thou Children of Light, "I AM" come from the Heart of the Sun of this System, bringing you the greetings of the Beloved Helios and Vesta and the Benediction of Their Love and Light!

Oh thou Holy Light of God, infiltrate the consciousness and beings of these blessed followers on the Spiritual Path, who have dedicated their lives and beings to serving the Omnipotent First Cause, for the externalization of the Divine Plan on this Planet Earth!

Cosmic and important were the Plans which were under consideration by the Representatives of all the Planets under the direction of Helios and Vesta. Obedience is the first order, and when the Cosmic Law lays a Plan before the Beings Who are immediately responsible for the activities which will take place when the Inbreath by Beloved Helios and Vesta absorbs the Planet Mercury into Their Hearts, then the forward progression of all the Planets in this Chain takes place.

And, obedience to the Law of Harmony is the specific request which I present to you today, so that you will not in any way retard for one iota the Great Cosmic Over-all Plan, which has been set into motion.

I give you this information, not to stir up the negative quality of fear in your consciousness, but with the knowing feeling that you are

all now sufficiently 'grounded' in the Teachings of the Cosmic Law that you will recognize the requirement for keeping the harmony at all times through the constant purification of your vehicles, in order that you will be in a state of Listening Grace, alert, ready and willing to follow any Directives which We may set before you for carrying out the Plans of the Spiritual Hierarchy.

This preparation is not the matter of a moment, and has been taking place for many years, in particular this year of Nineteen Hundred Sixty five when the Cosmic Law set into motion the intensified activity of Purification.

YOU are Our Representatives - the Light Bearers for this Planet - who must be in readiness when the Cosmic Move takes place, the hour you know not! Like the Generals in the Forces protecting the various constructive Governments who have their legions well trained for the resultant activity of Victory, so are We responsible to the Spiritual Law for the training, the preparation, the ultimate fulfilment of this Cosmic Edict.

We require humble, dedicated, harmonious lifestreams who are willing to serve as ONE, knowing that in that ONENESS, is the PRESENCE OF GOD, "I AM", which is the Directing Intelligence in all their actions!

You have been apprised by Beloved Maha Chohan that Micah, the Angel of Unity, is the Being ensouling the Bridge Activity. Do you not see the importance of His voluntary Service! Send

your love and gratitude to Him daily, for tremendous is the Mission of this Beloved One!

I trust you now realize to a degree why Shamballa, the Heart Center for the Spiritual Hierarchy responsible for this Planet Earth, is so important and why this is a required Focus on the Earth, which must be freed of worldly ties through financial obligations ensuing from a mortgage on Its blessed bosom.

One opportunity has been passed up by the students, notice I say 'students' for had they been true chelas they would have felt in their hearts the necessity of relieving any pressure upon this property by outer obligation. Blessed indeed are they who have heard the Call and have so generously responded.

The time is rapidly approaching when all activities of a Spiritual Nature will be more firmly aligned to this Heart Center. They are in a minor way so connected at present, but due to certain obstruction in the consciousness of their Leaders a limited flow of energy can take place. I in no way infer that they do not serve as individual entities, but to receive of the full benefit of the Light and Energy which should flow from the Heart Center of the Spiritual Hierarchy into their specific service, they should recognize in their hearts what SHAMBALLA means.

As a simile, the individual States in these United States have their own local government, but all are subject to the Central Government of your Nation, in Washington, D.C., or the subjects

of a Reigning King or Queen, or other Person in Central Authority, in any Country. You have been told on many occasions, that the heart of the Planet is these United States, and the Heart Center of the Spiritual Hierarchy was necessarily moved to this location.

It is only in separateness that the consciousness does not accept this fact, for those who are coming closer and closer to the full acceptance that GOD IS ALL, GOD IS EVERYWHERE, there is the true belief in their feelings that the Universe IS the Body of the Cosmic "I AM" Presence, or by whatever Name they so designate the Omnipotent, Omniscient First Cause, the Divine Principle of Life, everywhere!

The Activity of the Composite God Presence is made up of what you designate as Heart, Throat and Head, the Flames of Pink, Pure Divine Love, the Blue Flame of Power (the Will of God) and the Golden Flame of Divine Illumination. These Centers are necessary for the externalization of all Good, the Precipitation Force, and all other components in the Cosmic Body are the adjuncts under the direction of these three activities. So you see, the Heart Center, or Shamballa, which is the throbbing, pulsating Center of the Immortal Victorious Three-Fold Flame for this Planet should be permitted an interrupted flow of energy into all activities of a Spiritual Nature.

You will remember many years ago, and which has been repeated since, that the Beloved AEOLUS, then the reigning Maha Chohan for this Earth, told the chelas that Long Island was such a

super-charged Spiritual Location that only those chelas who had raised their vibratory action to a very high degree could in safety set foot on this Sacred Isle. The day is approaching when this will again be the case, all outer manifestations to the contrary notwithstanding. And the immediate outer Forcefield of Shamballa is to be so charged with Spiritual Currents that only those chelas who have actually and wholeheartedly accepted the Focus of the Hierarchy as being here present, and have so purified their vehicles as to be privileged to set foot on the hallowed ground, will be permitted to do so.

The momentum of God-Power is ever-increasing on Long Island, as well as etherically in Manhattan, and the Plan held in the Hearts of Beloved Clove and Beloved Aurora, the respective Silent Watchers, shall externalize in the not too distant future. This is the Cosmic Edict, and so it shall be!

Now a word about Our Retreat at Yucatan. I wish to tell you that We of that Brotherhood are most pleased that you gravitate to Our Focus of Light and Illumination, and through these etheric visits your consciousness is much more receptive to Truth. Through this acceptance and use of the information which you receive, are you truly becoming Light Bearers, serving under the Banner of the Beloved Ascended Master Saint Germain, Our King, and His Lovely Lady, the Mighty Portia.

Blessed ones, surely you feel the hallowed privilege which is yours and the resultant buoyancy in your beings, to be under the direct supervision of the Great Gautama, Lord of the

World! As the chelas so accept His Presence in the Etheric Focus of Shamballa, this Illumined One will more often be in contact with you, through more frequent Releases of His Cosmic Wisdom. (Audience Rises)

I present this to you, for upon contemplation of Beloved Gautama you will remember that it was He Who emphasized, and still does, the Wisdom of The Middle Way, the fine line of Balance, without a trace of fanaticism. We wish to counsel you that Balance is of the utmost importance, and that no true chela engages in any activity in an extreme manner, which might cause the yet-to-be illumined lifestreams on this Earth to wonder at any unseemly word or action. Be natural, and in so doing, those chelas who live but to serve, shall be the Expressions of God-in-action, for that which is natural in its true sense, is the outpicturing of the Divinity within, pure unadulterated Truth as released by the Directing Intelligence of one's being.

You will remember, Beloved Saithrhu referred to the Presence of God within, as your Individualized Great Divine Director. Remember that always! And give obedience and obedience to the God Intelligence at all times, fully convinced, that you are walking the Path of Righteousness, releasing the Perfection which will be manifest in its fulness in the Golden Age coming to fruition for this Planet.

Before I bring this Release to a close, will you please center yourselves completely within

the Immortal Victorious Three-Fold Flame in your hearts, and remain in meditation, as We request that the Song to Beloved Helios be played on the Organ, and while you are in this state of Listening Grace, We shall have the opportunity of releasing an accelerated activity of Light into and through your beings, and as a result bathing the whole Student Body, and all life in the Light of the Sun.

(Silence - while Music is Played)

Thank you, great hearts of Light, and now I shall just say that you are carrying the Sacred Essence of Divinity in the Chalice of your hearts, and he who is wise will guard his consciousness accordingly.

And now please stand and raise your voices in Song to the Great Helios, Who has signified He will address you, following the rendition.

BELOVED HELIOS SPEAKS:

Blessed and beloved of the Light, now grown to the Spiritual Stature where Beloved Vesta and I, in counsel with other Members of the Spiritual Hierarchy believe We can in safety confer upon you the honor of wearing the vestment of Representative of the Sun! (Audience rises).

What does this mean? Simply that you have so dedicated your energies and purified your lifestreams to the degree that We, in the City of the Sun, the Central Focus for all the Planets which issued from the Heart of Beloved Vesta

and Myself, can assign additional Service to you, and in so doing, added privileges which will further expand your own Light.

On the occasions when you will have special service to render for Us, upon retiring you will feel the pull to visit the City of the Sun. After gravitating to the Retreat of the month in company with your Seraphim, a Messenger from one of the Temples around the Sun, will meet you at the Retreat and bring you to the Planet in the System where specific activities are taking place in which you can participate. This will be a great training for you as well as an advancement, benefitting also those from whom the service is being specifically rendered.

Understand, this privilege is being offered you, and does not necessarily mean that there will be a continuance of this advantage. All will depend upon how you conduct yourselves during the initial visits and how you respond to the vibratory action of the Planet. You will, in wisdom, be taken to the Planet to which you have the greatest affinity at the present time, so the investment of Our energies in you, and the return expenditure which you make, will be of the greatest benefit to all concerned.

This assignment is given for the reason that it will be a training for you, and is not in any way to bolster the outer ego. We are interested at all times, on all occasions, in the forward progress of the System. This is Cosmic Law and We, too, are subject, and obedient to the directives of Our Superiors.

There will be times when you will go to Planets of lesser evolution but that will be a later voluntary assignment. First you will be novices and the time of apprenticeship will depend upon your ability to absorb and dispense the additional Light which will flow to and through you. One has to go through a period of training before they can be assigned to more advanced duties. There can be no mistakes, and that is why the Messenger from the Temples around the Sun will accompany you at all times, assisting where necessary, until you have completed a specific part of your training.

These are probationary days, and I pray the Father of all Light that all shall pass through the Portals of Initiation with what you term 'flying colors'.

Now, why this assignment of taking you to other Planets? One of the reasons is that the majority of you are Guardian Spirits from other Stars come to the Earth as volunteers to assist in Her evolution, BUT you for many centuries became so enmeshed in the lower vibrations of the evolutions of the Earth, that you did not raise Her to the accelerated vibratory action which you proffered to do. So let not pride enter in to your feelings and raise its ugly head. This service which We are now initiating will begin with the alignment of your vehicles to the acceptance and continuance of the vibratory action which you knew and enjoyed on your Home Star.

This is an essential activity, for We have spoken again and again about the Forward Push

of the Planets into the orbit which will bring them nearer to the Heart of their Creation. This is in no way a mythical tale, but a Truth which will one day, in the not too distant future, take place, and it is expedient that the Light Bearers on this Earth have sufficient 'oil in their lamps' or more specifically, Light in the Chalice of their Beings, and able to release the expanded Light required by Cosmic Law, to conserve as much of the energy of the Cosmic and Ascended Hierarchy, upon Whose shoulders rests a mighty responsibility. We are permitted to do just so much, and the remainder of energy must come from those inhabitants on all the Planets in question.

Study and ponder this assignment well which is about to be yours and anticipate the day, We trust in the very near future, when Beloved Vesta will summon the Messenger to bring you to the Feet of Her Presence, and in Her great Love and Wisdom, will raise Her hand and confer upon you the honor of Representative of the Sun, at the same time One of Her Attendants will place upon your shoulders the magnificent white vestment emblazoned with an Effulgent Sun, scintillating in great beauty.

We shall eagerly await your acceptance of this responsibility, through your purity of motive, and your obedience to the Cosmic Law!

God bless you, and Good Morning!

BELOVED SERAPIS BEYSummer Conference
July 10, 1965

Greetings, My Friends, I bring you the Love of the Brotherhood at Luxor and My humble Self, and I most sincerely trust that in this Blessing you will feel the buoyancy of Our joy in Service, as well as that determination to get things done, that prodding which you so often feel when in the Radiation of My Presence!

Indeed, "I AM" come particularly this day to tell you that We of the Spiritual Hierarchy expect you to comply with the Instructions which We have released during this Conference. Some of you have wondered why We call these Meetings a 'Conference'. Well, in My humble opinion that is what they are - an exchange of Radiation which is made possible by your Love of the Law and your desire to participate in further bringing in the Permanent Golden Age under the direction of that oh so loving and patient Saint Germain!

To confer, there must be more than one party participating, and that is exactly what is taking place - you sending your energy Heavenward in your Decrees and Songs and through your attention, and on the return current comes the Blessings of the Spiritual Hierarchy in worded Release as well as Radiation. Clarified? Good!

As you are well aware, "I AM" a most direct Individual and to some I seem like the most severe Disciplinarian. What is the motivating power behind that discipline? Ah, Pure Love of the Divine Principle of Life, and for you, com-

ponents in the Over-All Pattern of Perfection which shall manifest for this Planet, and which is ordained to do so without much further delay.

As Business Manager of THE BRIDGE on this side of the veil, the subject of finances comes under My supervision. Let Me say, beloved of the Light, We are most grateful for your magnificent cooperation rendered thus far in the establishment of the Permanent Focus on Long Island. You are to be commended for your wonderful assistance and you can be assured that the generosity of your lifestreams has proven to the Spiritual Hierarchy that you are chelas upon whom We can depend. God bless you, each dear one.

You are all overcoming, with great rapidity, certain obstacles in your Path, which have heretofore hindered your progress and are moving forward with tremendous strides.

How well I understand what 'overcoming' means. In My Own personal experience that overcoming was a much more difficult matter than it is now for any of you. The Spiritual Law has since permitted many Dispensations which did not exist in My time on Earth. I perhaps merited the Role of Disciplinarian by reason of the fact that I had to constantly, and determinedly, keep My outer self under restraint until I knew within the recesses of My Being that obedience to the Cosmic Law, through following the Directives of the Christ Within, was the only way HOME!

At such times as the 'going may be rough' to

use your parlance, if you care to call to Me, you can be sure you have an understanding Friend Who will give you all the assistance permitted to help you over a persistent obstacle.

Oh, please understand that while the majority of you are volunteers from other Planets, so are We 'exiles' to loosely use the term, Who have volunteered to assist this recalcitrant Earth and Her evolutions regain Her pristine Beauty and Perfection, as ordained by Cosmic Law. The longer We stay with this Planet, the longer We, in a sense, delay another Being from advancing to greater Heights, by reason that the Position which We should not be filling has to be held by the Being presently in that Office, or in extreme cases, by a Volunteer. Even as We are aligned to this Star by a Voluntary Vow which We made to remain with the Earth until Perfection shall again manifest.

You cannot cognize how many times We appear before the Karmic Council on your behalf, and when I say 'your' I include all the peoples of this Planet as well. We see your great potential. We know that expression of Perfection of which you are capable, and We just have to wait, and occasionally have the opportunity to bring these matters to your attention, always through the Motivating Power of Pure Divine Love. I would love to stand here and bring to your attention a glorious worded picture of the mighty Activities of the Ascension Flame, of the Beloved Brothers and Sisters Who so faithfully and tirelessly devote Their energies to the restoration of Beauty and Perfection on this Planet and of keeping the Door Open for all the peoples

to return HOME in dignity, as ordained by Cosmic Law. I assure you there is little of the activity of Playing on the Harp which one might expect from My glorious Seraphic Host. And the magnificent part of it all is every Service We render is through the motivating power of Pure Divine Love, of the Cosmic "I AM" Presence, of Which We are all a part!

At this point, I would like to tell you that one of the matters which received much commendation by the Beings assembled at the Rocky Mountain Retreat is the pulse-beat of THE BRIDGE TO FREEDOM, which is now truly that of Pure Divine Love and to which the chelas who have wholeheartedly accepted the Truths which We present to them add their own personal blessing of Pure Love. In Pure Love exists the Radiation of the Cosmic Source of all Life, and as that Radiation intensifies through your constancy truly shall this Earth and Her evolutions be enfolded in the ever-present embrace of that Virtue which shall be Her redemption! Blessings upon you, each dedicated chela!

The Beloved Micah in His Service and Radiation of Unity is sending forth a tremendous force of blending all the chelas into One Great Pulsation of Pure Divine Love. May He be loved and blessed in return for this Voluntary Service.

As some of the people of Earth are beginning to realize, this Globe is just a flickering Light when taken into consideration in relation to the multitudinous Stars which are in so-called space, peopled by Individualizations of such magnificence of structure and consciousness that at the

present I could not describe even those Whom it has been My humble privilege to contact thus far. My Consciousness is evolving just as is yours, but to the Spheres I have thus far been privileged to ascend, Gratitude and Love of the highest order I can feel flows forth constantly, in appreciation for My Own Individualization. So you realize, not only you, but We of the Spiritual Hierarchy assigned to this Earth are under the discipline of the Beings Who are Our Superiors. We have commitments to fulfil, as do you.

Now, I have digressed from the subject of finances - oh, no I did not forget, but was perhaps carried away by the thought I should remind you that We are 'all in the same boat' as terminology goes, in that We are avowed to serve the Cosmic Law, and by My Heart Desire to commend you for the Service rendered thus far.

As you more and more engage in the purification of your lower vehicles, the Activity of Precipitation will become a natural release of the Good of your Causal Body. Remember, too, that if you keep money in a tin box, or in a cookie jar, hidden someplace where you feel it will be safe from taxes and the like, you are not earning 'interest' on that commodity. It is just the same with the personal angle of holding so tightly to the half-truths of the ages and not using the Divine Alchemy of Transmutation in the purification of your lower self. As you use the Activity of Purification, you become more harmonious and precipitation of good becomes natural for you, as it was in the Early Ages before the enmeshment in the discord

of this Planet. The more you use this Activity, the more Perfection flows into your world, and it is the same with money. If you hold it tightly to your bosom through fear or reluctance to part with it, the longer you hold up the activity of precipitation individually.

Be sensible always in this matter and do not wildly spend the money which it is now your privilege to have, but remember the admonition of the Great Gautama when He set forth the Tenets of The Middle Way, balance, balance, balance in all things. We have said before and I shall again repeat the fact that you are most intent on having the proper abode in which to live. You should be even more solicitious when it comes to preparing the way for the Spiritual Hierarchy to have a small tract of land without the encumbrances of the outer world through the weight of a mortgage.

Ah, blessed and beloved ones here present, you are aware of this fact and give so generously of your worldly goods, but there are those who will read My words who still have not allowed their feelings to completely understand what a great honor it is 'to prepare for the coming of The Lord.' Great Blessings be upon all who have responded, and emblazoned on the Cosmic Records are the names of those who are making possible the Permanent Focus of the Spiritual Hierarchy for this Earth. Not until Ascended will you know the blessing and privilege which is yours.

For your further encouragement, let Me say that this Conference is holding the attention

of Cosmic Beings assembled at the Rocky Mountain Retreat. When you were guests at the physical board of Beloved Gautama, a glorious repast of precipitated food was served in the Etheric Shamballa, and the substance of Illumination and Perfection of all Good flowed to and through you, for your benefaction. We closely watched you as you went about in your various diversions during the days following the time you accepted the privilege of setting foot upon the holy ground of Shamballa and carried in the Chalice of your Beings the Gifts of the Hierarchy. "I AM" grateful to be able to tell you that the release of your energy all through this week has been most commendable and worthy of those who carry the Banner of Our Reigning King, Beloved Saint Germain and His gracious Lady, Portia. Forget not that Beloved Portia is the Goddess of Opportunity, as well as Spokesman for the Karmic Board and at every opportunity She gives Her sanction to every Dispensation to the children abiding on Earth that She in Her Wisdom feels can bear fruit, through the cooperation of the chelas with the Spiritual Hierarchy.

I wish to let you in on a little advance information - seldom have We seen Our glorious Saint Germain beaming, so to speak, in His Love and Gratitude to the chelas who have felt it worthwhile to walk the Path with Him. Before retiring this evening, please be sure to prepare yourselves well for the release of His Great Love at the closing class of this God-Victorious Conference tomorrow, Sunday.

"I AM" a Master of Love, even though consid-

ered a Strict One, and My feeling for you is amplified daily, as I guide you from this side of the veil.

Remember My counsel to TRY, and 'keep on, keeping on' until The Father says 'COME HOME, well done thou good and faithful servant' and the Ascension Flame expands Its Light through the Radiation of another Prodigal who has freed himself of the shackles of human bondage, and in so doing has earned his Freedom in the Light.

I now anoint your vehicles with the Holy Light of Luxor, and enfold you in My deep and abiding Love.

Your Friend and Co-server in the
Light, SERAPIS BEY.

"I AM" THE LIGHT OF THE WORLD!

I relinquish now in the Name of my own Beloved "I AM" Presence all power I have ever given to the outer self; all the power I have ever given to others; all power I have ever given to the shadows I have created. I live, move and have my being in the very Presence of God, "I AM".

I cannot lift a finger except by the use of the life of that Presence. I cannot speak a word but for that Presence. I dedicate and consecrate my conscious mind and feeling to remembering that as I walk, as I speak, as I think the Presence of God within me is endeavoring to widen the borders of God's Kingdom. "I AM" a Light Bearer..."I AM" THE LIGHT OF THE WORLD!
