LORD MICHAEL, THE ARCHANGEL

## THE TEMPLE OF ILLUMINED FAITH

One of the Foci from which the Great Archangel Michael and His Angelic Host serve is the Temple of Faith, located in the Etheric Realm near Banff, in the Canadian Rocky Mountains.

Many long ages ago, and at the inception of mankind's individualization upon this Planet, Archangel Michael, as Guardian of the Absolute Faith in God in the Hearts of the Holy Innocents, (the very first of mankind to use the Earth as a place of habitation) accompanied them here as their feet touched this then beautiful Earth for the first time - coming into the vicinity of the great Teton Mountains in Wyoming, U.S.A. Many centuries later, after the advent of the 'laggards' who came here from other Stars bringing their shadows of discord, Archangel Michael and His Angelic Host withdrew more and more to the magnificent Temple of Faith which They had created from the substance which Earth offered - flawless diamonds, flashing sapphires and pure molten gold.

From this Focus, which was then an actual physical structure upon Earth's surface, Archangel Michael and His Legions did continue to guard, protect and serve the mankind of Earth for many ages. In the beginning, the veil of maya had not as yet been created, and mankind's natural estate was to walk, talk, serve and accept counsel from the Angelic Hosts and Their Great Directors. From all points on the Earth's surface, people came to bathe in the powerful radiance of Lord Michael's Presence, finding there new strength to continue in their respective services to God and man, and filling their souls with His Faith in the ultimate expression of God's Kingdom of Heaven on Earth.

At that time, Lord Michael walked daily among these pure people, and wherever He went, spiritual enthusiasm and desire to expand God's Perfection were increased and sustained. His shining Presence, His flashing eyes, His exquisite golden hair were a natural and God inspiring sight to all who looked upon Him.

After the 'laggards' came here from other Stars, our sweet Earth having accepted the responsibility of giving hospitality to the souls within whose natures were the seeds of impurity, Lord Michael and His Legions did not desert the Earth and Its struggling evolutions. Archangel Michael had made a Vow to His God to protect the spiritual Light within the hearts of mankind and no human appearances ever could or did swerve Him from His holy purpose!

As the ages passed, His magnificent Temple, His blazing Presence, and the Presence of His Divine Helpers, became less and less visible to the sight of the impure of heart and mind, until the dark shadows of human discord formed a veil between mankind and the Angelic Host and Their beautiful Temple of Jewels.....The existence thereof today is ignored and almost completely forgotten by the great masses of the people. Yet, within the Etheric Realm, Archangel Michael has sustained that Temple and from it even to this day, the Rays of Absolute Faith in God and determination to do God's Holy Will, still pour forth into the souls of men.

From this Holy Temple His Helpers constantly continue to go forth on missions of Protection, Mercy, Redemption and Salvation. From this Holy Temple the Ray of Absolute Unswerving Faith in God continues to radiate forth through the emo-

tional, mental, etheric and physical substance of the Planet Earth and Its evolutions.

Into this Temple (in their finer bodies at night, while the physical body sleeps) come all who seek to be Liberators of the race from disease, soul-weariness and all manner of human limitation. Within this Temple, inspired by Its Great Hierarch Lord Michael, these Liberators find new courage to continue their service upon the Planet Earth, while still clothed in the garments of flesh which either karmic conditions or volunteer service have created for them.

The Temple Itself is magnificent in Its circular design, Its jewel encrusted surface, with Its golden dome shining like the Sun Itself, builded only as the Divine Angelic Host themselves can build, but the service rendered in It and through It far transcends even the beauty of Its structure.....Messengers from the Heavenly Host are constantly coming and going to and from this Temple, carrying messages from the Highest Heavens. Elementals wearied with their task of creating and sustaining beauty upon the Earth, find renewed energies and enthusiasm in Its radiance. Angels Who have taken human form to help the race, are lovingly welcomed and re-charged within Its walls, increasing their desire to serve God and man. Human beings who have dedicated themselves to helping the Angelic Host to restore the Bridge between the Divine Nature of God and the outer consciousness of man are filled with spiritual vigor by proximity to Its pulsating energies.

Often, in the gardens that surround the Temple, the Archangel Michael and His Helpers talk

informally with such individuals and they are invited to attend some of the less transcendent services within the Temple Itself. The mercy of Lord Michael spares all Life from too great an exposure to the effulgent Light of God drawn at the Inner Ceremonies.

You beloved ones who long to set Life free, come NOW during this thirty day period into the Presence of the Great Archangel Michael! Enter into the Temple of Faith, and find within yourselves the renewed strength and spiritual stamina required to continue in your service to this Earth and Its evolutions! Speak to Lord Michael strong and powerful as the Messenger of the Most High, yet gentle as a Mother to all who require assistance for themselves or the mankind that He lives to serve!

\* \* \* \* \*

Archangel Michael, let Thy Mighty Power  
Guard and protect and hold us safe each hour;  
Clothe us in armor - blue and dazzling bright;  
Guide, guard, and seal us in Thy Blazing Light.

We call God's blessings on Thee from mankind  
For Thy fidelity - Thy Love Divine.  
Thou art the Light that guardeth everyone  
Until our Earth is blazing like the Sun.

Archangel Michael, set our hearts ablaze;  
Help us become pure channels for Thy Rays.  
As we behold Thy glory in the skies,  
Children of Light, in triumph, now arise.

Melody: God of Our Fathers

## FEAST OF LORD MICHAEL, THE ARCHANGEL

The Beloved Lord Michael, Prince of Archangels, has voluntarily served all imprisoned life in the Earth, on Its Surface and in Its Atmosphere, ever since the veil of maya was spun out of the outer consciousness of mankind.

When the laggards from other stars and Planets were first destined to use the Earth as a Planetary Home, Lord Michael, wisely began His preparation for defending the Faith in God's Holy Will through all the souls who belonged to Earth's evolutions. Seeing the seeds of rebellion, discord and discontent in the consciousness of those laggards, which made it impossible for them to evolve with their own Stars and Planets, Lord Michael knew that the spawn of such seeds of imperfection would find temporary root in the consciousness of other lifestreams who had, until that time, only known the Goodness of God, and who had lovingly, graciously and reverently obeyed His Holy Will, thus sustaining the atmosphere of Earth in a state of purity and grace.

Lord Michael created then His glorious Sword of Blue Flame and has used It, efficaciously, ever since to cut away the discordant human creations which, through contagion, the mankind of Earth accepted into their own consciousness and later externalized into the atmosphere about them.

Lord Michael, together with His Limitless Legions of Angels, has constantly watched for every opportunity to set individuals free from any type of limitation and distress. In His Own

arms, He has carried many a weary soul, who has passed through the change called death, into the Sleepers Realm and placed such an one gently upon a couch, under the supervision of One of His Own Legions, Who guarded that soul until it was time for such an one to awaken and enter the Halls of Karma for judgment as to his or her use of life in the past embodiment.

Lord Michael, then, Himself accompanied that soul to the Halls of Karma, giving of His courage, strength, love and light, so that the soul would be strong enough to present the record of his very own 'book of life' for an embodiment in which, oft times, opportunities were great but use of such opportunities for the blessings of the race were embarrassingly few.

All year long, the services of Lord Michael and His Legions of Angels continues, with but one purpose, TO SET IMPRISONED LIFE FREE. Multiply this by the centuries of time which have passed since first the veil of maya was created between the Ascended Masters Realm and the human octave, and you will understand why at least one day in each year is given to commemoration of His Services and gratitude for His Presence in the Universe. Of course, chelas conscious of His Service, honor Him every day.

However, the entire world chooses to give Him recognition on September 29th of each year. The Silent Watchers, the Ceremonial Angels, the Seraphim and Cherubim, gather all the prayer force and devotion given to Him on this day, and, as the Harvest of the Angels is also brought to Him at the end of this month, He has a great deal of consecrated energy at His command which He, in turn, uses to continue His Service of

Protection of the Souls of men, dissolving of the humanly created entities (all the vices to which men have fallen prey), and the injection, through His Own Beautiful Presence, of FAITH IN THE GOODNESS AND ULTIMATE VICTORY OF GOD THROUGH EVERY LIFESTREAM WHO HAS IN THE PAST, DOES NOW IN THE PRESENT, OR WILL IN THE FUTURE, USE THE EARTH AS A SCHOOLROOM.

As the New Era of the Ascended Master Saint Germain requires the conscious, loving cooperation among the Angelic Kingdom, the human kingdom and the elemental kingdom, Lord Michael and His Helpers, both Divine and human, are serving with even greater enthusiasm and devotion to this Cause NOW!

To those interested in the liberation of all imprisoned life, we heartily recommend you to apply to the Beloved Archangel Michael for assistance, and in so doing, become a co-partner with Him on Earth.

El Morya.

## SUMMER CONFERENCE ADDRESS

Shamballa : Long Island

BELOVED MIGHTY ALPHA

July 9, 1972

HEAR YE ME - children of Earth, 'I AM' Alpha, 'I AM' Omega, 'I AM' Masculine, 'I AM' Feminine, 'I AM' the Divine Principle of Life, 'I AM' the Father-Mother God, 'I AM' the Eternal NOW, 'I AM' BEGINNING WITHOUT END, 'I AM' Light expanding throughout the Universe - 'I AM' in thee, thou art in Me!

Thank you for courtesy of standing - now do please be seated.

Beloved children, I speak seldom - I use the tongue and tongues of which you know not in this embodiment, and you will find today that I have come to bring a Cosmic Edict which I shall shortly pronounce, - but My Service all during this week will be one of Cosmic Radiation. I invoke, you - I counsel you, each one, to come into My Heart.....all that is required is that you bend the knee to the Christ within. There is no separation in Cosmic Consciousness - there is one Life, - one Heartbeat for the entire Universe - the great Reservoir of Light is filled to overflowing with the Great Love of all the Components of the First Cause 'I AM'. My children, 'I AM' THAT 'I AM' - Learn you each one to make that statement and FEEL it, and come and dwell with Me while yet walking upon this Earth - abide within My Consciousness for all Eternity!

I speak the Father-Principle this day. 'Let there be Light' is a Cosmic Edict, - and Light 'I AM'. I have come through the intercession of the Mighty Helios and Vesta from Whose Heart came forth the Planet Earth, and on behalf of

Their child, this blessed Star, They came to My Throne with many Celestial Beings and asked for assistance and after receiving acquiescence from the Great Karmic Board - mind you, listen to this - Our Beloved Holy AEolus stood Sponsor for each of you! (chelas stand) - Blessed be that Holy Being! (kindly be seated)

As the Breath flows through Beloved Holy AEolus it is filled with Love - Love indescribable - and His Love for His chelas is so great that shortly I shall ask Him to use the worded expression, and I shall render the particular Service which I have come to give. Every particle of Life is filled with Love awaiting expression - every Kingdom, the Animal Kingdom, the Kingdom of Nature - every part of Life, the birds of the air-----and you, My children, who have the higher consciousness and the Light, the tonal quality of the beautiful birds of the winged kingdom as they raise their hearts and voices in song with praise unto the Father. May there always be a song in your hearts, there is in the Kingdom of Heaven, and you have the opportunity NOW to enter the Kingdom of Heaven. I recognize not tomorrow or yesterday or today as you say on this Earth. NOW, the Eternal Now is the important thing for you to remember, and there is only the NOW!!

It is My privilege to tell you that I have come to bring PEACE - PEACE ON EARTH - the Cosmic Fiat of the Father-Mother God is PEACE, not tomorrow but NOW!! I have spoken and IT SHALL BE - NOW!!!!!!!

I shall continue all this week in the Service of Peace. Not peace alone in what you know as war - but the warring factions within the

hearts of men - that struggle to let go of the human and come into the Heart of God.

I say - THERE SHALL BE PEACE when man goes within and is at Peace with God. If the chelas will recognize that peace within, everywhere they move they will radiate and release it to all Life, through the harmony of their Beings.

Now.....Our Gracious Sponsor Beloved Holy AEolus. (chelas stand)

Ah children, I do not have to affirm My Love for you - you feel it. Please be seated.

I consider it such a privilege that Mighty Alpha deigned to come to the Planet Earth into this humble Sanctuary which has been brought forth by the blessed chelas - the generosity of the hearts of the beloved chelas of My Heart, and the chelas of The Bridge to Freedom.

Dear God, every day as I release the Breath and channel It to Beloved Paul, the Maha Chohan, a paean of Praise and Gratitude flows forth to each of you who have given of the substance which is loaned to you by the Father-Mother God to bring forth this manifestation on this site, where the original Temple of the Holy Spirit manifested centuries ago. Know you, each one, I love this Island - O, how I love it, - and She shall shortly become the Shining Isle once again.

The Cosmic Edict has gone forth as you have just heard - that there shall be Peace, but it is very important that I tell you there are some very, very destructive records all ready to be lowered onto this Earth. However the Karmic Board thought that you had sufficient love for

God and for this Planet, and for Our Lord and King, Saint Germain, that you would volunteer gratefully, lovingly to transmute that activity. I admonish you to purify, purify, purify all destructive etheric records so they cannot manifest. Right above all this destructive effluvia, I shall tell you something beautiful - there is the Thought Form of this Class - It is a great and glorious Crystal Globe representing this Earth in Its pristine Beauty, with the Light of the Sun - God Illumination - forming an aura about It. Above that is a Laurel Wreath of VICTORY!!!! (chelas rise)

You are accustomed to hearing Me speak in gentle tones, - but there are times when great force is required and this is one of those times!

Children, - O children, try to realize how privileged you are - privileged beyond all outer comprehension.....so privileged to be here in close proximity of all the Mighty Beings Who have assembled here at Shamballa. Think of it!

I am now going to close the Address by saying - YOU ARE IN THE PRESENCE OF THE SUN BEHIND THE SUN -- the Father-Mother God -- the Divine Principle of Life.....Guard your thoughts, your words, your deeds accordingly. Thank you.

BELOVED LORD DIVINO

July 10, 1972

Love ye one another, children of the Light! This is the Edict of the Father-Mother God, and has been since the Beginning, is now and ever shall be. I pronounce this Fiat again today, as the magnificent Flame of Pure Divine Love emanates from My Being to enfold you and all Life!

Please be seated.

Through the graciousness of the Beloved Lord Gautama, I have come into your midst this morning to represent Him, Our Great Lord of the World, majestic Director of the Spiritual Hierarchy for this Earth. I pray that I may be able to impregnate your consciousness with the strength of the gentleness of that blessed One, He Who is known so well for His Tenets of the Middle Way.

Show Me an individual who has completely surrendered his lower self to The Christ and there will be found one who has brought his four lower vehicles into Divine alignment through the Law of Balance, the glorious activity of the Three-fold Flame of Love, Wisdom and Power, so controlled that there is no intrusion of the Human consciousness.

Blessed ones, as I had the privilege of coming into your immediate midst today from the Etheric Focus, My Spirit was filled with reverence and awe as I gazed upon the Thought Form for this Class, a glorious crystal clear Globe with an aura of Golden Light, representing the Earth

being infiltrated with the Light of God Illumination - the Gift of the Central Sun. There is a Golden Wreath of Victory above the Earth. This Thought Form encompasses all of Long Island, and it will continue to expand all through the week, to enfold the entire Planet with God Illumination and the Wreath of Victory will completely encircle the Globe, as the radiation of the chelas joins that of the Mighty Beings assembled at this Great Conclave.

As you are aware, a Thought Form is given to you for the express purpose of showing you that which the Spiritual Hierarchy wish to have accomplished at a given time. It is felt by 'the Powers that Be' that the chelas can further participate in the service of returning the Earth to Her pristine Beauty through becoming perfectly attuned to their individualized Christ Self, as the tremendous radiation and directives of this Class flow freely to all of you within the compass of this Radiation and that, of course, includes all of the blessed chelas who are tuning in to these Meetings.

Now for specifics....I have given you this admonition to love thy neighbor as thyself.. Ah, lovely ones, how many of you have touched the periphery of the true meaning of that statement! Your mental body can be filled with the accretion of the Wisdom of the Ages, but until that Wisdom is clothed in the essence of the feeling world, it is a storehouse of information which one holds close to himself and which causes an imbalance in the vehicle. I do not infer that a chela who has developed an expansion of consciousness through a purified emotional world should propound those teachings from the house-tops, so to speak, for unless the emotional and

etheric vehicles are sufficiently purified to have a semblance of balance with the mental world, the elaboration of the stored-up teachings can be seriously affected by the other vehicles.

One of the most important factors in the giving forth of spiritual knowledge is the Example which the individual sets. For instance, when one truly endeavors to instruct his fellow-traveler, and then personally breaks the Law of Harmony, his lesson certainly will not have the desired effect. What think you of a driving instructor who is giving lessons to an individual, and in that course of lessons tells him not to hit the curb when parking the car, and then the instructor is later seen doing that very thing? Most assuredly the pupil would not have much confidence in him.

The same holds true for one who is instructing another in the Spiritual Law - no matter what the fund of knowledge, if he is not an example of that Law, his teaching leaves a doubt in the consciousness of his pupil. There is an imprint in his mental and emotional vehicles of error, even though no worded comment may be made.

Unless the emotional world and the etheric vehicle are sufficiently purified to have a semblance of balance or rapport with the mental world, the elaboration of the stored-up knowledge can be seriously affected or 'watered down'. I repeat, one of the most important factors in the giving forth of Spiritual Knowledge is the EXAMPLE which the Teacher sets.

I still have the privilege of serving in the capacity of Cosmic Initiator, and that is one

of the reasons I am here today, for all during this week you will be taking tremendous initiations to prepare you for expanded service in the Light. It is not My desire to bring any pressure upon you which would cause you to be tense - for every word I speak is wearing a garment of Love and each minute electron coming from My Being is a Three-fold Flame which, if accepted in Love, will do much to bring Balance to all your vehicles. It is your responsibility to send this feeling of Balance to all the evolutions of this Planet.

To assist you in this assignment, the Beloved Lord Ling is here with Me today. He has graciously volunteered to keep the Flame of Happiness, which is His particular Gift to Life blazing through your beings all this week, and at any other time this assistance is invoked.

Beloved Lord Ling is My Pupil and is about to graduate into the full Buddhist Consciousness. Some among you may think - "are You not The Buddha"? True, My children, it is My privilege to represent the Buddhist Consciousness so far as the Spiritual Hierarchy for the Earth is concerned, but surely you know that there are many Beings who have attained this Consciousness, just as there are many learned individuals on the Earth who could be the Dean of a specific College, but only one is accepted at a particular time to fulfil the requirements of that Office. There are individuals on this Earth, at the present time, who have the Consciousness of a Buddha and are now bound round with a thin band of forgetfulness. At the time when their specific consciousness is required, the holy Truth of the Father-Mother God will then filter

through this gossamer veil! Their God-Illumination in its fulness will come forth when the Earth is more purified - at that time they will become the advanced Teachers of men!

I wish to make a statement that is of tremendous importance, - please listen carefully. Should any of you know of an individual who is a Buddha in embodiment, or think you know one, it is a dis-service to that lifestream to pass that knowledge on to another individual. The Buddhas now in embodiment require tremendous protection - protection from the entrance into their vehicles from others with whom they are associated, and also from the malefic forces rampant on Earth. It is never the part of wisdom for a chela to pass on privileged information to another, especially when that information has been given for the express purpose that they may assist the one who has a Cosmic Mission to perform. Learn the Law of discrimination and keep the tongues from being over-active. It is the propensity of the human consciousness to impart information of this nature, for it embodies the feeling of "I know more than you". Learn the lesson of harmlessness - for that Virtue is imperative. Let the tongue speak words with golden wings - be mindful always that you are responsible to the Supreme Source for every bit of energy which you release - in thought, word or deed!

It is auspicious that a booklet on Happiness has been prepared for your enjoyment and illumination and is being released at this Class. It contains addresses by Lord Ling which will assist you to attune yourselves to His Radiation. So you see, nothing is happenstance, and Lord Ling coming into prominence at this time to assist

mankind to develop the Quality of Happiness fits into the Pattern in a precise manner. The release of Happiness from your vehicles will do much to raise the Earth out of the negative activity of dissention and dissatisfaction.

Do you not see the Pattern of the Thought Form and how you may participate to bring it to fruition? I feel sure you do and will cooperate!

Ah, the manifold Blessings you will receive during these Classes. It is My pleasure to tell you that the Holy Trinity Picture in its more advanced form is now available for you. You may see it today as the Altar-piece in the Youth Group Sanctuary and Assembly Room. This beautiful picture shows the purified lower vehicles, represented by the aura around the physical consciousness, with the emerging Golden Man - the Holy Christ Self wearing its garments of God Illumination. As you will contemplate in humble gratitude this exquisite picturization, you will find the Golden Man within you taking over and serving through your lower garments.

This Representation came forth under the direction of the Beloved Serapis Bey, and has the Blessings of the entire Spiritual Hierarchy, in particular the Beloved Holy AEolus Who presented the First Picture.

Children of Light, will you please stand...

We have an Assembly of Cosmic Beings here at Shamballa which have never come to Earth at one time since the last Golden Age. In true obeisance I bow before the Light of the Members

of the Great Karmic Board, Who so graciously decided to come after the Meetings at the Tetons. They deemed it wise for Them to collectively observe you at close proximity and see what effect these Meetings would have on your consciousness! Do you not think that tremendous events are about to take place - events of great Spiritual importance? They are not here to advise you of Dispensations which were given at the Tetons which effect you personally.....many have been granted through the years....more will come.... so control your feeling world if you have been anticipating that you would hear of further Grants on your behalf! Count your Blessings, unheard of through the centuries!

I counsel you in deep Love to individually call for expanded protection for your vehicles and for all upon this Holy Island!

Beloved Jesus stated at the Easter Class that great awakening was about to take place, and I assure you His were not idle words! You shall witness the Truth of His statement.

I believe you now have sufficient to digest, so I shall lovingly enfold you in the Flame of Balance, and Lord Ling will bless you with His feeling of Cosmic Happiness, as I say - Good Morning!

## ADDRESS BY ARCHANGEL MICHAEL

HAIL! Beloved children of the One God! To you who are temporarily walking the ways of the Earth, I come! I come to bring to you My conviction of the power of - positively-qualified energy which is within true Divine Love.

The expansion of this particular aspect of the Nature of God has been My service in the Angelic Kingdom for many, many ages. With the help of the One Supreme Source of all Life, I have developed the quality and feeling of God-confidence in positively-qualified energy. This I have developed within Myself, in the Angelic Kingdom and in some few among mankind who have chosen, from time to time, to give their attention to Me and have chosen to invoke My Presence and protective power in, through and around themselves, and their loved ones here embodied; as well as around their loved ones who have passed through so-called death.

Think you not that it takes a tremendous capacity of Divine Love for an entire evolution, for Me to be willing to stay here for service in the Astral Realm twenty-hours out of every twenty-four by earthly count, which I have been doing for quite some time?

Think you not that it must take a tremendous amount of Divine Love for imprisoned Angels, mankind and Elemental Life for the Legions of Lord Michael to come and remain with Me in such service?

Think you not that there has to be a very great power of positively-qualified energy within that Love, for Us to be able to focus It in, through and around a soul whose human creation (of course of its own making) is so heavy that the soul itself is practically inert and cannot even arise by itself to enter the Halls of Karma; there to receive its assignment from the Karmic Board to go to some specific schoolroom of instruction between embodiments? Sometimes too, a soul is so rebellious against God that it is absolutely determined not to comply with the Divine Edict and Law of the Universal which governs those who have 'passed on'.

Think you not that it must take a tremendous 'drive' of energy, qualified with the full power of Divine Love, and directed one-pointedly - to set that soul free from as much as is possible of that discordant accumulation?

Think you not that it must take a great deal of positive energy qualified with the power of Divine Love, for Us to be able to assist those lifestreams for whom some of you have chosen to pray in specific 'Liberation' services, after they have passed through the veil called death? Many, many times at Inner Levels, with My Own hands of pure light, have I stripped from the inner bodies of your relatives and friends for whom you have called (those for whom I pledged to you My assistance because of your faithful service to Our Cause for so long) stripping them

emotionally, mentally and etherically of as much destructively qualified energy as the mercy of the Great Law would allow, so that they could make the best possible showing before the Karmic Board. Do you know that some of them I actually had to push into that River of Violet Fire (commonly known as the River Styx), persuading them to remain within It until that substance of humanly qualified energy around them was transmuted.

Many such an one have I helped in this manner, radiating the faith, confidence and power of My conviction in the goodness of God, which later enabled that soul to walk down the long corridor in the Royal Teton, finding the Council Chamber which had been allotted to the country of their birth, and where they waited in turn for invitation to appear before the Karmic Board. (I tell you, those Halls of Karma are a rather forbidding-looking place to those who are aware of wrongs done by them on Earth). Having given them the strength of My Own Faith in the merciful forgiveness of Almighty God, I accompanied them to the Halls of Karma and stood by their side as they appeared before that August Body. There I continued the positive radiation of My Love and My conviction of Self-confidence, that feeling of 'You CAN do it - for God is with you'! That is the vibratory action of Faith which is representative of Our Kingdom, particularly of Those Who serve with Us on the First Ray. That is the vibratory action which is directed by My Legions into the feeling worlds of unascended beings who seem to be in great distress and, at least temporarily, have lost hope. Some of them seem to have lost all faith in God Himself, and to these I send My Legions, telling Them to give such souls through the radiation of Divine Love,

confidence in the power of God within them to do that which they know must be done. Then the Angelic Protectors, standing in the auras of such souls needing assistance, radiate the feeling of 'YOU CAN DO IT - BY THE POWER OF GOD THAT IS WITHIN YOU'! Can you think of a greater aspect of Divine Love in service? I think not!

\* \* \* \* \*

Standing in the full freedom of that Realm where the eyes can see, and the ears can hear, as God intends, I look at the beautiful, constantly flowing stream of electrons that flows from the Source of Life, and which are moulded by the White Fire Spirit from whence all have proceeded into the electronic pattern of each lifestream. To stop one of these beautiful spiritual atoms in its rapid descent, in order to study its beauty of detail, its delicacy of outline, its shining essence, would be impossible. Literally catapulting themselves into the Grail of the Heart of the Presence, they flow outward through every sphere, qualified by the particular vehicle of the individual functioning in that sphere.

For instance, from your Presence flow these lovely beings in every word that Presence speaks, in every wave of its hand, in every motion of the Electronic Body, and they form the substance, essence and glory of the Causal Body.

Then, through the Holy Christ Self, they flow into the Fourth Sphere, moulded into the thought patterns and forms of that Spiritual Guardian of your life expression. Each tiny little electron becomes a moulded prayer - the very Presence of the Violet Fire in action.

As the Life Essence flows onward through the lower bodies, the mental vehicle commands it into every thought form, good or evil, the emotional body commands it into every feeling harmonious or otherwise, the etheric body commands it into every memory, and the flesh body into every action. Here, the lovely little beings become imprisoned in the forms created by the outer self.

Even the tiny little electrons that swing around the polarized center of each atom in your physical body are infinitesimal figures, and it is but the accretion around them that shuts in their beauty and their natural light. When you become accustomed to visualizing your body as such a countless number of these intelligent selves, it becomes easy to speak to them in love and ask them to fulfill themselves in BLAZING LIGHT - IN HARMONY AND BEAUTY OF EXPRESSION - IN HEALING AND PURIFICATION OF THE ENVELOPE WHICH THEY MAKE UP.

\* \* \* \* \*

THE BLESSING:

I now raise My Sword of Blue Flame and DRIVE, DRIVE AND DRIVE IT with a cyclonic action through your lower vehicles, into every cell and atom of your beings. FEEL IT with all the intensity you can accept - for your FREEDOM from all that is not of the Light is NOW offered you - and your FAITH in that which We are endeavoring to do determines the result.

Accept this My Blessing and BE FREE!!!!

MICHAEL
