TEMPLE OF PEACE

The Temple of Peace is situated in Suva, in the Great Fiji Island, one of the remnants of the gigantic Continent of Mu, which was submerged beneath the purifying waters of the Pacific Ocean. Other neighboring Islands in the Pacific, part of South Africa, Madagascar, Ceylon, Sumatra, Australia and New Zealand were also part of the Continent of Mu, the home of a very advanced and developed race. This was the Continent upon which the third Lemurian race flourished.

To describe the Retreat of Suva in worded language is not an easy task, as it surpasses all you have read in the Arabian Nights. The Temple is situated in a tremendous cave, under a big mountain, the outer part of which covers it. Nobody knows where the entrance is but the earnest, willing and worthy chelas, and they are guided to it and have no difficulty whatsoever in entering after having passed the examination by the Spiritual Protectors.

Upon entering the Temple, you find yourself in a magnificent Crystal Palace, the floors seem to be a vast crystalline sea from which emanates light in the seven colors of the rainbow. You have the sensation that you are walking on water until you reach a wide stairway that surrounds all the Palace. The stairs are circular and are made of transparent crystal. Underneath you can see cascades of multicolored torrents of water. The stairs around the Palace have forty nine steps. The Palace has seven porticos or porches which give entrance to the seven Halls of Learning. The main portico through which you

must enter in order to meet Lord Surya is due East.

When you reach this point of destination, you will meet two Guardians, a Gentleman and a Lady, fully seven feet tall. They have a glorious Oriental complexion, with well proportioned faces and blue eyes. They are bare headed with long luxurious chestnut colored hair, and the Gentleman wears His hair down to his shoulders, the Lady down to her knees. Both are dressed in white robes, which give off an opalescent hue.

After the two Guardians give the signal that you may proceed, you go up seven more crystal steps under which you continue to see the multi-colored torrents of water. You approach a large crystal door which opens automatically, over which there is a large cross, and above the cross is a circle, the symbol of this Ascended Master Retreat. You do not have to ask its meaning, you yourself know that it means, 'here spirituality rules materiality'.

Upon entering the circular crystal hall you see, seated on a high Throne, the Majestic Lord Surya. He is slender of form and seven feet tall. His features and complexion are similar to those of the two Guardians, but more refined. He has a well trimmed beard like the Beloved Saint Germain. His eyes are purple and His hair falls to His shoulders and is like spun gold. He is attired in pure white clothes and He wears no jewels.

When your turn comes to have the opportunity of meeting Lord Surya face to face, you bow in reverence, and when you lift your head His loving eyes meet yours. He smiles, makes the

Sign of the Circle above the Cross and extends His hand to you. When you touch His hand you will feel a sense of acceleration similar to that when you sit upon the atomic accelerator of the Beloved Ascended Master Saint Germain.

When your salutation and His greeting end, He pronounces a short word in a presently unknown language, but you seem to understand it. It means, "Peace be with you!"

EXCERPTS FROM AN ADDRESS BY LORD SURYA

No lasting supply of any good or perfect gift can come to life without the establishment right within the heart of each individual on Earth of the Lasting Peace which We give to you and shall help you to sustain! On the rhythm of Our Life flows that Peace, and over the life-line of such Peace flows Supply of every God-Gift, including finances, health of mind, body, soul and liberation of Spirit to express the Divine Plan fulfilled through each individual.

Therefore, stretch forth your dear hands and blessed hearts to Us by sending Us your life and love, and We shall send to you and sustain through you, for the benefaction of all life, Our Gifts of Love and Light. Is this not a very reasonable arrangement? I thank you and I know that you, too, in your way, can accept the reasonable Partnership between Divinity's Realm and the Realm of human consciousness!

SUMMER CONFERENCE ADDRESS

Shamballa : Long Island

BELOVED SUN GOD HELIOS:

July 8, 1973

Dear Volunteers serving with the Spiritual Hierarchy in the restoration of this dear Planet, I greet you in the Name of the Beloved Lord of the World Gautama, and I bless you with My Love.

Kindly be seated - relax - and do not be in awe of My Presence.

I am a Cell - one Cell - in the Body of the Father-Mother God. Each of you is a Cell in the Body of the Father-Mother God...We all have the same Power, the same Love, and the same Wisdom to draw Light, and according to your free will do you widen the Borders of the Father's Kingdom. I just wish you to be relaxed. I am going to speak to you very informally today, so We shall proceed.

The Thought Form for this Class is the Immortal Victorious Three-Fold Flame of God, the Balance which all may attain through the Quality of Harmony. How I bless that Mighty LaMoray for all He is doing this year to assist you to remain in that glorious estate.

As I came along the Cosmic Highway today with an entourage of the Angels of God Illumination, how sweet, My Child, the Earth looked to Me. I thought, "O God bless all the Volunteers of The Bridge to Freedom who are serving to restore Her to Her pristine Beauty." You know this Planet came forth from the Heart of Beloved Vesta and Myself, and like a wayward Child We have been holding Her in Our Light with the assistance of so many Great Beings. You know the feeling in the hearts of the parents in the physical world when one of their children has

decided to accept the appearances which are of a negative condition, and how they rejoice when that child receives God Illumination sufficiently to say "I will go Home." That is just an infinitesimal portion compared to the joy in the Heart of My Beloved and Myself as We see the Earth coming back to Her Perfection.

You will never know until Ascended and Free how much I love you, each dear one - in equal proportion, I share with all alike.

Long Island was magnificent as I came closer today, - for surrounding that Glorious Thought Form - the Immortal Victorious Three-fold Flame of Almighty God, were the Angels of Adoration, the Angels of God's Will and My Legions of God Illumination. From that tremendous Winged Dove over this Island poured forth the sweet Essence of the Cosmic Love of Our Beloved Holy AEolus, bless His Beautiful Heart.....No matter in what manner He is serving with the various Planets under Our Radiation, (I refer to Beloved Vesta and Myself) He always has a moment to think of the chelas who came forth into greater illumination under His Guidance.

So you can see, I can go on and on telling you of the many Beings in Heaven Who are grateful, grateful for your lifestreams, and for the Light which you are releasing!

Now I know, O yes We know everything in the Hierarchy. Many of you are thinking "when is the Axis going to be straightened"? Ah, Ah, that We cannot tell you at this moment, but I bring you the good news that since the beginning of this year, the chelas of The Bridge to Freedom have cooperated so magnificently that you

have fulfilled the quota of the energy that was required. Was that not worth all the effort required to say to that 'little fellow' who gets on your shoulder and says "do this, do that, come on, come on with me!" Was it not worth the effort to say "NO, I stand with My God alone, nothing will take me from that Path! I serve My God, for "I AM" God!" The higher one goes into Cosmic Consciousness, the more it is worth the effort.

Please know that We will apprise you of anything of tremendous Cosmic Import that is about to take place. But always remember that WE WILL NEVER FRIGHTEN YOU! Fear has no place in the hearts of those serving in the Light. As you have been admonished for many years - and very recently also, if you are in a harmonious state of Consciousness, ---- that is your Protection! You have seen many disturbances in the Planet in the form of storms and otherwise during the first six months of this year, - know that this is all according to Divine Plan. We know that while the causes and cores of imperfection are still festering in Governments and people, that they will all be removed as you use the activity of the Violet Fire - and the Fire of the Blue Flame. Use the method of activity which you desire, - some do not care too much for musical renditions; others prefer the worded Decrees and in a bombastic manner, - all which are released in God's Holy Way through the Law of Harmony accomplish the purpose. So, look not into the aura of another in a negative manner, but stand very emphatically today - stand with your own God Presence and ALL WILL BE WELL FOR YOU!

We are going to have some tremendous activities during this week, but I cannot intrude on

any of the other Member's Radiation, but it is My honor and My privilege to be here with you today to tell you that Helios, now referred to by some as the Mighty Helios, is just a Cell in the Being of the Father-Mother God, Who through various momentums acquired through the ages did qualify for My present Position. Love thy neighbor - Love every part of Life - Love the Elements! You see there is no separation. I have the Elements in My Vehicles, not now the elements of Earth, - but you do, - and through you, We can do so much. Be assured that as you walk upon these blessed grounds that you are in the company, always, of Angelic Beings Who are desirous of assisting you to become the Christ in action at all times!

As I look upon you, - I visualize each and every one of you as blazing Light, and as you say in your Decrees 'as of a thousand Suns', and as you have all blended together in harmonious accord, this room is filled with Golden Light, the Light of God Illumination. I now ask My Angels of Illumination to come into this Holy Sanctuary and stand by your side. No matter what form of activity is taking place during the week - one must have Harmony to receive God Illumination, and with God Illumination comes the True Love and the Balance of the Middle Way!

I bless you, each dear one, and all the beloved chelas throughout the Planet who are tuning in to these Classes - I bless you with the Love of My Beloved Vesta and My humble Self.

Thank you for your attention.

SUMMER CONFERENCE ADDRESS

Shamballa : Long Island

BELOVED KUTHUMI:

July 9, 1973

Children of the Universe, I salute the Flame of Immortality within your hearts! It is My honor to tell you that Beloved Lord Divino is in the Forcefield over this Sanctuary today, He is ensouling you in the Flame of God Illumination, to assist you to enter into the Cosmic Christ Consciousness and there abide, not spasmodically - but always! Be seated please.

In My greeting I have referred to you as the Children of the Universe, and rightly so, for you have all advanced beyond your personal orbit, and now realize that your Mission on the Earth is to serve with the Spiritual Hierarchy in bringing Perfection to this Earth and to assist in restoring Her to the Plan which is held within the Heart of the Mighty Silent Watcher Immaculata.

Knowing that Beloved Lord Divino's theme song is - "Ah, Sweet Mystery of Life" - I would like to state when one can really enter into the deep vibration and truly get the feeling of that melody, he begins to understand that through God Illumination, which flows so freely from the Hearts of all Who serve on the Second Ray, he finds the meaning of the 'Sweet Mystery', and as he goes further into the melody, "at last I have found you" this really refers to the Golden Man or The Christ within.

Each man has a God Gift, and it is his responsibility to release that Blessing for the benefaction of all Life. He is expected to be the Christ in Action at all times when he has received Instruction and been under the guidance of the Spiritual Hierarchy. When he has learned of and found his Divinity within, he is expected

to give a balance to Life, and to consciously serve with the Hierarchy.

I commend you, each blessed one, and all of the chelas who are under Our Radiation for the advancement which you have made the first six months of this year. I am pleased to say that you have cooperated with the Sponsors of the Year in a most commendable manner. However, the Cosmic Hour is upon us and one cannot rest on his laurels - it is the Fiat of the Cosmic Law that all chelas must release a balance to Life commensurate with that which has been given to him by the Gods!

You have read many times about the 'Lords of the Flame', and have thought of and envisioned the magnificent Beings in Heaven's Realms!..... Fine!.....You have all entered and enjoyed the Cosmic Consciousness at times, - and should now realize that you are each 'a Lord of the Flame' a designation which you have all earned through purification of your lower vehicles and through assistance given you from your Brothers and Sisters in the Inner Realms.

I am not referring to anyone individually, but I am making a general statement when I say that this Law is not given just for one to meditate upon and enjoy the experiences of journeys in consciousness to the Inner Realms. The time of Action is at hand. The action of assisting the evolutions of this Universe to fulfill the Divine Plan of the Cosmos! Mark well My words!

Year after year you have heard Us say that the restoration of the Planet is taking place. This responsibility does not rest entirely upon the shoulders of the Spiritual Hierarchy - that

transfiguration must come about through the redemption of those yet abiding upon the Earth. You know that when the Space Centers are ready for launching of a Craft, every component must be in alignment and in readiness, else there would be a malfunction when the 'GO' Signal is given. No man knows to the hour or the day when the Supreme Source will issue an Edict of Cosmic proportions which will be the equivalent of the command 'GO':

As aforesaid - I am stating the Spiritual Law, since it is My responsibility as a World Teacher to do so, and My privilege, and those who have eyes to see and ears to hear will accept the fact that they are serving in the world of form - but should not be 'of it'. The indulgence in the pleasures of the senses must be replaced with the positive dedication to God's Service! The Scroll of Obedience to the Law is being unfurled, and contemplation will reveal to you that your name is emblazoned thereon in letters of Living Light! Who placed your name there? Your own God Self! What you write thereon is an entry on your Book of Life, and I humbly pray that the constructive side will show a tremendous expansion of your Causal Body by the deeds well done in the Name of the Father-Mother God!

You may think that I am lecturing to you, indeed I am! It is the way of a Teacher to place facts before His pupils, and I am assiduously serving with Lord Lanto to help you expand your consciousness so that you will be truly chelas upon whom We may depend.....at all times!

As you will note, this is the first Conference where We have delegated Members of the

Younger Generation to be the Directors of the day. This brings great Joy to Our Hearts, for it is the outpicturing of the statement that We have given many times - that those Leaders who have served long and well must have understudies to continue the service which they have willingly given through the years.

Remember I am a Lord of the Flame, and while I have come to you today to present certain Spiritual Truths, - and be assured that while I do issue these statements in a determined and firm tone, I am also a LORD OF LOVE! LOVE protects, LOVE guides, and LOVE presents TRUTH!

We have waited a number of years for the expansion of the Youth Groups, and at last We are witnessing that Inner Vision take place! Let Me again counsel you.....The majority of you are well versed in the Law, and you are receiving instruction nightly at Inner Levels as well as on this physical plane. You can and should expand your Groups without further ado! Yes, I too, personally tarried by the way and looked for the Truth of Life within a small flower, and I gained much illumination thereby, but the time came when I was required to put that Truth into action. You, My beloved ones, have admired the flower of your Divinity, and that is good - BUT the hour is at hand when you are required to be the Christ in Action, and to bring others into the fold! Your own Holy Christ Self does not just dwell within you and meditate and enjoy the Consciousness which is Its birthright -- that Golden Man within you is pressing and pressing Its Light through your consciousness, praying that you will open the door for the Gifts of the "I AM" Presence to flow, to enrich all Life. Remember the factor of man's free will, and I

admonish you - to set aside the desires of the human - in doing that which pleases you. The Law is given to you - not just for your personal illumination and enjoyment in sojourns in consciousness to the Inner Realms - but for the benefaction of all Life!

I will temper the power of the foregoing in saying that all of the chelas, - not only the Youth - are endeavoring to bend the knee to the Christ, and widening the borders of the Kingdom of Heaven through the constructive qualification of the Holy Energy of God.

Would that you could know the great Joy which is within My Heart that you have brought the little children to Shamballa! I am deeply impressed that you have realized it is the Little Ones who will be the Teachers of the New Age! O, help the inner vision which I have held all through the years, and bring forth a School for the Young on Long Island! That pulsating God Desire is being lowered - it is coming closer to the Earth daily, and when it shall manifest is up to you!

There are Members among the Present Youth Groups who are being trained for this specific Service, - and there are many in the other age brackets who have the wherewithal to help bring this into manifestation. You are learning that your 'gentle' Kuthumi is a very determined Man, and when I know that a Project is possible of accomplishment, I do not waste words in giving flowery statements just to please your consciousness. I mean business --- God's Business. How many of you would like to have a share in this enterprise to provide a School of the proven Arts? We shall see!

From your Program for this Conference you have noticed that Beloved Mother Mary will speak tomorrow. In Her great humility She has asked Me if She might place Her Luminous Presence over the Quarters where the little children are having their Classes. Of course We are honored by Her request. Her Love is so great for all the children of Earth, but those who have recently left the Inner Realms to come to Earth are indeed closely watched over and given the care of a loving Mother, Who remembers the preparation which each received in the Sacred Heart Temples, and how the special electrons were selected which would be of the most benefit during this pilgrimage upon Earth. Each and every blessed one who is at these Meetings will receive extraordinary assistance.

There is one important note which I would like to add here. A heart plea has come from more than one Parent that they would like their child or children to be in the Main Sanctuary during the Meetings in order to receive the full benefit of the Radiation....Please be at Peace, expand your consciousness and understand that all who are on these Holy Grounds will receive the Radiation no matter in what building they are present. Please rest in the Wisdom of the Gods! Of course, each dear one is special to you, and you wish them to have every blessing possible, I am speaking directly to those whose children are in attendance....they will receive a concentrated Radiation in our little "School" which will give them the particular assistance they may require to unfold their consciousness, and quickly. All these little ones are in the 'special' category, - and do you not think the Hierarchy in Their Loving Wisdom are assigning them to a particular area for a specific reason?

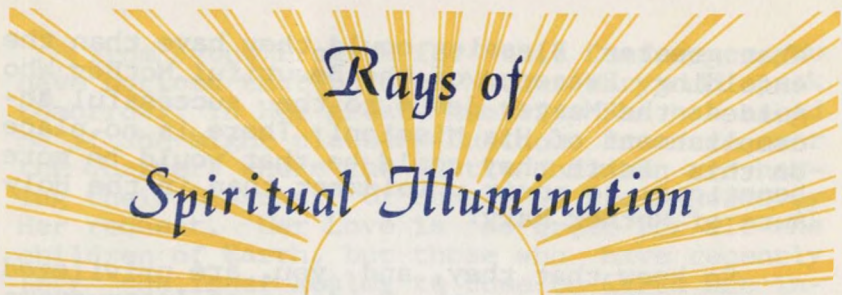

What greater Blessing could they have than the enfolding Presence of the Beautiful Mother Who guided the Master Jesus to the successful accomplishment of His Mission! There is no place on this Earth they could be that would be more beneficial to their unfoldment than in the Holy Aura of Mother Mary!

So know that they, and you, are privileged to have them under the Guidance of Instructors Who have been trained at Inner Levels for this particular Service. Abide in the Wisdom of the Gods!

I now must add that I eagerly anticipate the pleasure of attending the Youth Group Presentation on Thursday afternoon, which I know will be a spiritually rewarding one for all of us.

I shall now draw this release to a conclusion. Let us all direct our attention to the Beloved Lord Divino - the Buddha, Who is in the Forcefield over this Sanctuary with His Legions of Angels of God Illumination, and as I raise My Hand in Benediction, They will intensify the Flame of God Illumination in, through and around you, and will go to each dear chela tuning in to these Meetings, and to all Life on this Planet who will be enriched by Their having passed their way!

I, Kuthumi, enfold you in the Flame of God Illumination, and I shall now repair to the little schoolroom where I shall personally anoint each one there assembled with the Particular Gift each requires, so that they will come to 'flower' quickly.....They will recognize Me in their Hearts, - for they are with Me nightly.

Rays of Spiritual Illumination

THE POWER OF COSMIC PEACE

by The Elohim of Peace

At this crucial hour in the evolution of the peoples of this Planet, of the very Planet itself, I come to bring you, each one, the combined pressure and power of My Cosmic Flame of Peace!

As you read this, I shall pour through each of your four lower bodies this tremendous Aspect of Divinity - that Quality which is a dynamic one, and which embodies a powerful feeling of Faith in God in order to be sustained.

My beloved ones, - Peace must be attained, maintained and sustained, for the Divine Edict is that the Earth must move forward, as fore-ordained, and not hold up the evolutionary scheme of this System any longer. In this so-called 'survival of the fittest', according to Divine Will - all should survive and progress in the Light. This, of course, does not mean that the individual will be destroyed, but he will have to embody on another Planet akin to his lower vibratory action!

I come particularly at this time to beseech you who know of and are trained in the application of the Spiritual Law to employ the Power

of Prayer and Invocation on behalf of yourselves and all the evolutions of this Earth.

Never entertain displeasure in your feelings for any part of Life, because in so doing, you dishonor The Christ within that individual, and make a conscious tie with the imperfection which you permit yourself to see in your fellow traveler upon the Path of Attainment to Spiritual Mastery. Rather call forth the Powers of Purification and transmutation for each of you and replace that imperfection with Pure Divine Love and Good Will toward men.

At this time much is spoken, read and sung about Peace on Earth. If you will invoke the Beloved Ascended Master Jesus, Prince of Peace, My humble Self and Those Who serve on the Sixth Ray of Peace and Ministration, to release Our Momentum of Peace through all Life, MARVELS CAN BE ACCOMPLISHED. The hearts of all the peoples on this Planet are crying for Peace as against the "warring" vibrations so rampant. You, of course, know that this Peace they are seeking is not only a Peace between Nations or supremacy one over the other, but it is the positive Peace which man must bring forth from WITHIN HIMSELF in order to become VICTORIOUS over his lower self.

I suggest you ask Us - that every time the word PEACE is mentioned that it be amplified a thousandfold, until the Earth and all Life thereon is completely blanketed with this quality. There are untold Angelic Legions waiting for the Call of those in the human octave, who know the Spiritual Law, to invite Them to enfold all in Cosmic Peace, and it is Their Joy to render this Service.

Think you in order to sustain Peace that you are just to be in a placid state of being? MOST DEFINITELY NOT! Peace is not lethargic in any sense of the word. That is an erroneous concept. As you have all experienced, it requires a tremendous power of control to hold the Peace regardless of the situation in which you may find yourselves. In the activity of precipitation, you know that the Sixth and Seventh Rays are inverted - for Peace is required to sustain the manifestation when it is drawn forth from the Universal.

Beloved ones, precipitation does not only mean the bringing forth of objects of the physical world! Precipitation is taking place with every breath you breathe, for you are letting flow through you and into the very Life of all that which you entertain in your consciousness. You are 'branding' Life with your qualification of the God Light and Life which is flowing so generously and ceaselessly through you. You, who are privileged to know of the Spiritual Law, are endeavoring, through the application of that Law, to use the Powers of Transmutation to change imperfection into God Perfection, and for this wonderful service I bless you.

If you are willing, in your daily application, to call to Me, the Elohim of Peace, Tranquility, and My Beloved Complement Pacifica, you will, I ASSURE YOU, experience a tremendous step-up in the radiation of Peace - POWERFUL yet so soothing to your lower bodies, and you will become a Radiating Center through which that Peace may flow to enrich ALL LIFE everywhere. Wonderful affirmation that - "LET THERE BE PEACE, AND LET IT BEGIN WITH ME".

THE DIVINE PROTECTOR OF FAITH IN GOD

by Archangel Michael

I am Michael, Divine Protector and Defender of the Spiritual Light within the hearts of all mankind. By the graciousness of the Sun of this System, I have been given opportunity to serve as the Prince of Angelic Hosts and, in regard to the Archangels and the Angelic Hosts who serve with Them, this is exactly the same office as that held by the Lord Maha Chohan with regard to the Chohans of the Rays.

Now, as the Protector and Defender of the Faith of man in God, and the sustaining of that very spirit of Faith within the Immortal Three-fold Flame within the heart of every human being, I have gained a reputation for being a rather fierce and warrior-like Angel! I would like to repeat some of My words of a short time ago when I said: - "My service is to restore to Heaven every lifestream who, through self-conscious use of God's pure energy, has removed himself from a state of Divine harmony and grace". Some of the legends which have sprung up through the centuries about My service to Life have some basis in Truth.

I repeat: I am the Divine Protector of the Faith in God of the peoples of Earth, and it is at least part of My task to prepare for entrance to those Realms where only harmony and peace abide, the consciousnesses who, of their own free will, have not chosen to generate and sustain the harmony which allows them entrance into the Divine Realms. Do you see? Together with other Members of the Angelic Kingdom and Ascended Host, it is My endeavor to train lifestreams who have lost conscious control of their thought and feeling centers, to a point where they are again in

God-control of those centers. It is also the activity of the Protecting and Defending Angels to keep within the compass of Earth's Atmosphere any radiation which is not qualified with the Divine Love and Peace which fills interstellar space.

Now, this 'Ring-Pass-Not' of the Blue Flame which you have been told has been established in the atmosphere of Earth at a certain distance out from the Planet Itself is a real and living thing! It is composed of the living, breathing bodies of the Legions of Blue Flame - tier upon tier - and It was devised after the 'laggards' came from the other Systems, as the way and means by which the ten billion souls, using the Earth as a schoolroom, might be kept from polluting interstellar space with their chaos and discord. These Angels of Blue Flame are Those Who belong to the First Ray, and They are great Beings, wielding tremendous power of Light. Since there is no discordant vibrations in the entire Universe except those generated by Earth's evolutions, these Angels need not protect the Earth against such intrusion of discord from interstellar space as there is none there!

However, the discordant human creations that surround individuals, - the mass destructive thought and feeling forms which do abide in the atmosphere of Earth and the effluvia which flows forth constantly from them, form the mass tides of destructively qualified energy which sweep constantly back and forth through Earth's Atmosphere - these are all imprisoned within this 'Ring-Pass-Not' of Blue Flame.

Now, it is the joyous service of the Angels of this - 'Ring-Pass-Not' - to welcome and admit

through this Ring into Earth's Atmosphere and into the various foci (Retreats) of Ascended Master Radiation in the Earth, on Its surface and in Its atmosphere, especially to the Half-Yearly Conclaves at the Royal Teton, Solar Lords, Cosmic Emissaries and Interplanetary Travellers Who may be passing in the vicinity of Earth and Who are so joyously willing to expand Their Own Light by giving such service wherever it is required. By the constructive use of your energies in visualizations, decrees and songs, you have made possible - especially recently - the drawing to Earth of Sun Gods and Goddesses from other Systems Who have answered your calls, and have graced Us with Their Presence.

You will see, then, that the 'Ring-Pass-Not' is not just a static band of Light, but is actually made up of living intelligences Divinely alert and on guard every moment of every twenty-four hour period. Therefore, there is no spaceship, (flying saucer) nor occupant thereof that could possibly enter into the atmosphere of Earth with either destructive motive or intent, for even without this 'Ring' there is no Life in any of this Universe that could possibly desire to do so.

This activity of the 'Ring-Pass-Not' of Blue Flame is one which is very close to My heart. It shall remain in the service which it has been giving to the Earth for such a long, long time, until the masses of mankind are taught to use their own life constructively always and the causes and cores of those habits which form the seven mortal sins, and their many ramifications, have been removed forever. Then the discordant effects which have emanated from those causes and cores, and which formed the veil of maya in

the first place, will be no more. Quite naturally, since there is no barrier to Divine Love anywhere in the Universe, when you have group activities and you join together in visualizing, decreeing or singing to any Celestial and Divine Beings, these Angels of the 'Ring-Pass-Not' allow those harmoniously qualified energies to arise and pass out of Earth's atmosphere to become a benediction to all the Planets of the System, and then upward and onto the Solar Lords and Beings in Superior Systems.

In other words, this Protective 'Ring' is elastic and intelligent. It is not like a brick wall or wire fence - it is made up of intelligences Who have been trained in Their service for ages, and when individual lifestreams gain the victory of the Ascension, they pass quite easily through this 'Ring' into the Ascended Master's Realms of Light where They then dwell.

Therefore, My service is dual in aspect, it is shepherding Earth's lifestreams 'Home' and protecting the Harmony of the rest of this Universe from the intrusion of discordant effluvia of the Earth, which radiation is sometimes very subtle, not too apparent in its very beginning, just as it was when the 'laggards' first came to use the Earth as their schoolroom.

You have been told that it was I Who brought the Holy Innocents to the Earth in the very beginning of Their habitation here. Ascended Masters and Angels daily walked and talked with the mankind of Earth in those early ages, and then there was no veil of maya - no discordant human creation of any kind between Ourselves, the mankind of Earth and the Elemental Kingdom, (the Sylphs of the Air; the Undines of the Water,

the Gnomes of the Earth, and the Salamanders of the Fire). You have also been told that in the beginning that Our Planet Earth was just as pure, beautiful and perfect as the Seven Mighty Elohim of Divinity could create It, and as the Directors of the Forces of the Elements and the Elemental Kingdom could prepare It for habitation. In that day, We had the trinity of activity, association of the Angels, Earth's people and the Elementals all lovingly cooperating in daily and hourly association. Now there is to be the re-establishment of this Divine Pattern here again. It is the reinstating of the perfect balance of the Holy Trinity in action - the Divine Realm, the human and Elemental Realms - the governing of all of which will come under the direction of your Beloved Ascended Master Saint Germain, as He occupies the Office of the Lord of the Seventh Ray - reigning here for the next two thousand years. This Golden Age which is now being ushered in by the advent of the Seventh Ray's dominion here shall be permanently sustained and expand forever!

You can readily see, that just so long as there exist feelings of antagonism between the Elemental and the human Kingdoms (builded through centuries of ingratitude on the part of mankind for the selfless and constant services of Nature) there is a rebellion within the feelings of the members of the Nature Kingdom against mankind's needless and wanton destruction of food and the various gifts of Nature, to which that Nature Kingdom has given so much of their very life and energy to produce, - the Elemental Kingdom and mankind cannot be joyously and fully united in co-operative service.

WORSHIP BEFORE THE ALTAR OF YOUR DIVINITY:

Will you please now give your Life to this Presence? Will you please now nourish It by adoration and devotion, contemplation of Its living, breathing Presence, reverence for It, respect for Its wishes. Desire to utilize the Life which It draws and magnetizes to serve Its purpose in the world of form. What think you keeps the cord anchored in you? What think you gives you a beating heart? The magnetic Love of the Christ Self, Who keeps the adoration upon the Electronic Presence drawing the electronic light, drawing pure life, giving you, each day, primal essence, unused, - and opportunities to make things right.

What have you done with Life, so freely given to you from the hands of this Great One enthroned within your heart, Who has pressed It into the pleasures of your day! Ah, come Home, and worship before the altar of your Divinity; press your weary heads against the bosom of that sweet Christ, - not in some far distant heaven, not shining in some far star. How good, how beautiful is God - that SO CLOSE has He placed Himself, that in your heartbeat is that Presence, saying to the very few who bow before It, to the very few who even ask It for assistance, though It cries - "My beloved, all this you ask I can be, all this and more!" When your adoration, not only in group worship but when your personal adoration becomes the constant activity of your innermost self, this Being will grow, and will expand. You will not need words to proclaim it. The Light, expanding from that ever-increasing Presence will respond to your life poured into It, and will stand as a radiant and blazing aura about you - that all who run may read!

ACCEPT MY HAND OF FELLOWSHIP:

Beloved Holy Infinite Presence of God within these hearts, shining within Thy blazing Tabernacle, within the Holy of Holies, I greet You on behalf of the Great Ascended Brotherhood, and I ask that through these human forms now in dignity, beauty and mastery, You shall come forth and manifest the perfection which You have designed for them, each one!

And so wrapped in the arms of Love, enfolded in the Presence of the Holy Comforter, not only when you desire to love your God, but when times of bitterness, times of loneliness, times of bereavement are upon you, CALL TO ME! Let Me come and give you My Comfort Flame. Let Me give you My hand in friendship. Let Me give you the substance of My world.....Long since has It been given to the Hierarchy and it is now for use for My fellowman. For I am He Who is called 'His Brother's Keeper'. You are My brothers and My sisters who have not yet found the full ecstasy which comes when you know this Presence within. Until that day I am your Servant.

Paul, The Maha Chohan

THE HOLY GRAIL
