THE ETHERIC FOCUS OF SHAMBALLA

by Beloved Kuthumi

Children of the Almighty, enter deep within the Flaming Presence of God within your hearts, and we shall travel in consciousness along the Rays of that Light into the heart of Shamballa in the Etheric Realm.

As we approach the Temple of the Lord of the World, we behold a gloriously cascading fountain, and we notice the Lotus blossoms in pink, gold and blue, floating upon the scintillating water. We proceed about three hundred feet to the steps of the Temple.

As we proceed up the steps, the beautiful Golden Doors are opened by two Members of the Brotherhood. A feeling of great ecstasy fills our beings for within the center of the entrance hall, we see an elevation of three steps which is the approach to the entresol, upon which is a glorious Golden Figure of The Buddha. Within the hands of this Representation is an exquisite Lotus, from the center of which blazes a Three-fold Flame.....This, of course, symbolizes the Jewel in the Heart of the Lotus to which Beloved Gautama so often referred in His final Ministry upon the Earth.

After circling this Shrine, we turn our attention to the right of the entrance. There we see a handsomely appointed drawing room, where visitors may relax while they are awaiting an audience with His Holiness, - the Lord of the World, or Beloved Divino, (the present Buddha) Who has a section of this Temple assigned to Him while performing certain Services for the Lord of the World. To the left of the entrance is a similar section which the Beloved Sanat Kumara

uses when He is at Shamballa in performance of His Service as Regent. There is always some Member of Beloved Sanat Kumara's Court from the Planet Venus in residence here and this provides a tremendous focus for the Light from Venus to blend with that of the Earthsphere.

Traveling to the distant end of the entrance hall, having reverently passed the Representation of Beloved Gautama, we notice the doors of the Inner Temple are of muted gold, upon which are embossed, in Sanskrit, symbols of shining gold, the Tenets of the Middle Way.

The doors are now opened by a Golden-robed Attendant Whose only adornment is the embroidered Three-fold Flame upon the breast. This is so exquisitely done with such detail that It fairly blazes forth from the garment. On some occasions these Attendants wear similar Robes of White, or the colors of the Rays as the specific activity requires. These Ladies or Gentlemen, depending upon Their assignment, bid each guest welcome, as They usher them into the rooms surrounding the Ceremonial Room. If the Guest be a Member of the Cosmic or Ascended Hierarchy, He or She proceeds immediately to the furthest part of the Temple where the Lord of the World has His Private Inner Sanctum. These Guests are always accompanied by an Angelic Attendant, for courtesy and respect of the highest order pervades this Temple.

As the doors to the outer section of the Flame Room are opened, an expanded feeling of humility and reverence enfolds us, for we are in that portion of the Temple which is reserved for the Lord of the World and His Personal Attendants. When the chelas come to Shamballa

to present their Harvest for the Year, they are taken into the Ceremonial Room and the section reserved for that purpose. The Ceremonial Room is so divided as to permit chelas to enter that section in which the Radiation is so tempered as to enable the chela to enter in safety, for the average chela could not stand the intensity of the Radiation - which you can readily understand. It is the Mercy of the Cosmic Law that chelas are permitted to have a brief preview of the Temple of the Lord of the World. This is done specifically, - not to entertain the consciousness, but to allow the chelas to train the emotional and etheric vehicles for such visitations as are granted them.

You have previously been apprised that no unascended being is permitted entrance to the Flame Room wherein is focused the Permanent Atom for the Earth within the Blazing Three-fold Flame.....For this Visitation, we are assigned chairs in that section of the Ceremonial Room designed for that purpose, and we find that we tread very lightly, for no footfall is ever heard in this room. Reverence for the Supreme Source of all Life increases, and it is as though we were walking on air.

It is well that you have these details so that when you make your evening visitations to Shamballa from November 15th - through December 14th, you will be prepared for the honor which is yours, and you will see that your Radiation is one of Sanctity, Reverence and Gratitude.

SUMMER CONFERENCE ADDRESS

Shamballa : Lona Island

BELOVED SOPHIA:

July 11, 1975

Good Morning, Children of Light serving on the Earth to restore Her to Her Divine Perfection, - thereby allowing the Glorious Virgo to wear Her Garment of exquisite Beauty which She once knew.

Thank you for standing, now kindly be seated and relax. Relax in knowing that I am well acquainted with your lifestreams, for in the Oneness of the Father-Mother God there is no separateness. I shall now proceed.

I truly consider it a great privilege to have been selected by the Great Central Sun and the Spiritual Hierarchy for the Earth to come into your midst this day. O yes, I am here on this platform blazing the Light of My Being into your hearts, with the hope and expectation that you will nourish and expand that Light to all men. Actually it is your responsibility to so do.

Just consider My Presence as a Sister-Being Who has attained a higher state of evolution than you presently enjoy.....and I believe that will result in a greater compatibility. You know that the finite mind often removes Us from true Friendship and Compatibility, for the human looks upon Us in awe. Love and respect is Our due, but separateness does not belong in the consciousness of co-servers in the Light.

There are many individuals in this Sanctuary, and in other places on this Planet, who knew Me well when they lived on the Planet Venus. The

important point in our present association is that you enter deeply into your beings and realize that in the Cosmic Consciousness we are all Cells in the Body of the Creator of us all, endowed with the Love, Power and Gifts - the Fire of Creation to be dispensed according to our desire to expand the Light of the Universe.

Looking upon your auras, I see and feel that as you would say in your parlance, you are 'Warming up' to My Presence, - so we will accept the fact that we are no longer strangers, that all are capable of co-existing in God's Vinyard in perfect Harmony.

It is necessary to speak in this straightforward manner, for I have some rather important facts to relate.

You have read and have heard on your television sets (and let Me add that We have apparatus for viewing current events and those to come into expression, which are certainly superior to those now in use on Earth), - I shall not digress from the point. Many comments have been made about the BERMUDA TRIANGLE, and about what happens to the conveyances and the individuals who suddenly disappear from the Earth scene. Ah yes, they disappear from human sight.

What then? In many instances (notice I do not say all) - these departures are carefully planned by the Spiritual Hierarchy. Many of the individuals involved in these 'disappearances' are lifestreams who have been trained at Inner Levels for extraordinary service to this Planet by reason of momentums in their Causal Bodies. These individuals have been taken to a specific Retreat within the Earth's surface. Naturally

We shall not make an announcement as to the location of this Retreat for, as you say, "news travels fast", and there would be much speculation and exploration by the scientifically minded as well as the curious.

I specifically add, - NO ONE not engaged in this tremendous Project could reach these Foci without assistance from certain Beings, for they are carefully guarded and protected.

The selected lifestreams, above mentioned, are in a sonambulistic state when they reach their destination. They are taken to a place of rest to acquaint their inner vehicles to the Radiation, and during this period they shed their physical garments, and when they awaken, so to speak, they are in 'bodies quite different from those worn on Earth, in order for their survival in this rarified atmosphere.

Prior to the point of awareness, they are taken by their Teacher into a Chamber where they cast off their physical garments, then advancing to another Light Chamber are clothed in vehicles compatible to the Radiation of the Focus, which will enable them to survive, as aforesaid.

Many well known individuals, - and others, who did not reach public prominence, have departed the Earthplane in this manner. Your beloved Aviatrix Amelia Earhart entered this Kingdom through a channel in the Fiji Islands, and she will give magnificent service to the evolutions of this Earth at the appropriate hour.

One individual, - in embodiment, - has been taken to the fringe of the Eastern Focus, - in the etheric garment, without knowing of course

where it is located, and has peered through the mist and seen some of the inhabitants, and upon awakening in the physical garment was aware of this Project.

Why is this taking place? At the time when the Earth changes take place, there will be openings in the surface of the Earth through which these lifestreams can surface, - wearing their physical garments which are now being carefully preserved. This Art is not new, but one of the carefully guarded secrets of the Illuminati, to be released with other Truths at the time indicated by the Cosmic Law. All this may sound incredible to you - like science fiction. Nevertheless, - the passage of so-called time will prove the Truth of which I speak.

You know We have stated many, many times that there is no happenstance in the Plans of the Spiritual Hierarchy, - and this is particularly noticeable this year when you are aware that the Focus of Truth, Whose Patroness is the Beloved Pallas Athena and One of the Sponsors for this Cycle, is specifically accelerated. Attention upon that Focus brings into the foreground the scientifically minded Hilarion Who is serving in expanded manner with the Groups in the subterranean Foci.

I do not, in any manner, - wish to have you stretch your imagination by delving into detailed exploration, for your energy is required at this important hour to bring about the Purification of the Earth and Her evolutions. I repeat the word 'imagination', - for the human is prone to explore and conjure up all manner of situations. When Truth is to be given, We shall lovingly present it to you, but this subject is a delicate

one, - and the Foci are so located and guarded that without the assistance of a Member of the Spiritual Hierarchy there is no means by which you could approach this or any other of its nature.

So, rest in the Wisdom of the Hierarchy and know that I, Sophia, Goddess of the Sun serving with My Beloved Krishna, am privileged to be endowed with the Wisdom of the Gods, incidentally you perhaps know that My Name indicated that Quality. Know always, I dispense that Attribute in deep humility for the honor bestowed upon Me.

At the conclusion of this Meeting, I trust We will not hear a buzz-buzz-buzzing radiation in your auras, indicating the curiosity of the human mind, but that you will take the information which has been given, and thank God that you have advanced to the point in your evolution where you can be entrusted with more than ordinary previews of events to come.

Take what has been released into the sanctity of your hearts, and there, in prayer, send gratitude to those lifestreams who are preparing to render amplified service to those who will be in embodiment at the time ordained by Cosmic Law.

Thank you for your kind attention, and enfolding you in the loving embrace of Beloved Krishna and Myself, -

I AM SOPHIA.

SUMMER CONFERENCE ADDRESS

Shamballa : Long Island

BELOVED ZARATHUSTRA:

July 12, 1975

In obeisance to the Edict of the Creator of all Life, - I, Zarathustra, come into the atmosphere of Earth at this important hour in the Earth's evolution. Be seated please.

I expect the courtesy of your attention, for as High Priest of the Order of Zarathustra, I am here to render a service to you individually, and more importantly to the Planet Earth.

Let us proceed. You make the statement "Let there be Light". Well and good.....for where there is Light, so-called darkness cannot abide. The positive and negative cannot be present at precisely the same instant, at any point, one must take precedence. What one does with that Light is a point, which you must realize, raises it or lowers its vibratory action, the resultant vibratory action speaks for itself.

Constructive action through thought, word or deed creates Fire. The highest element in the Universe is Fire, and it is everywhere present, but it must be released through the direction of some Being, finite or Infinite, to magnetize that substance into use on the Earthplane. In simple terms, one must ignite the ever-present Light to bring forth the substance of Fire.

Speaking directly to you as an individual, you know that you have eight 'Bodies' - that eight stages of Consciousness are present. The four lower vehicles are composed of Light, otherwise they would cease to be. The picture which one holds in his consciousness results in the

appearance or condition of the physical garment. In your Heart Center dwells the Immortal Victorious Three-fold Flame. The unawakened or Unfed Flame is the state of consciousness in the Hearts of the majority of mankind, and it is the responsibility of the chela to stir the hearts of his fellow travelers so that they will become conscious of the Indwelling Christ within that Immortal Flame.

You who have given attention to that Focus of Divinity which animates the lower garments realize that it is Immortal. Through your attention, thought and feeling worlds - you have ignited and expanded that Flame into greater service.

You have now come to the point in your own evolution where you can consciously be Divinity in Action - a Fire Being - the Christ in Action. When that state of being is accomplished, the four lower vehicles are in perfect alignment, and by that I mean they function as ONE in a harmonious manner. The Powers and Ideas of the "I AM" Presence have a direct line to the Golden Man, the Christ within, - and the Divine ideas flow into the world of form without human interference or qualification.

The White Fire Being is the Highest Aspect of Divinity - the Heart Center of all Life contains the crystalline substance of the Supreme Source, and it is the direction of the Individualized "I AM" Presence that qualifies the Fire into the Quality desired, or required.

The Seven Rays with which you are familiar are those required in the evolution of the Earth. I do not wish you to speculate, - but there are

more Rays than the Seven in the Universe. However, the Seven which play upon the Earth are those with which you are concerned.

I, Zarathustra, am the Spirit of Enthusiasm. There is nothing of an insipid nature in My Being. I am a White Fire Being from the Heart of God. Some have chosen to associate Me specifically with the Seventh Ray. I am part of not only the Seventh, - but of all Rays. Where there is Fire.....I AM.....and I repeat, - Fire is everywhere present.

Certainly I am animated by the Seventh Ray Dispensation under the direction of our Lord and King for this Era, - the Beloved Saint Germain, and I am here on the day dedicated to the Seventh Ray to FIRE you into ACTION, to assist in the transmutation of imperfection on and in this Planet. When you realize the intensity of Saint Germain's Love for this dear Earth, and His great responsibility as Chohan of the Seventh Ray, your enthusiastic cooperation is imperative, so I am here to fill your beings, your consciousness with the Enthusiasm required to quickly bring in the Permanent Golden Age. Enthusiasm is a Quality which propels thought into manifestation.

Again I state, - the activity of Fire is in all Rays, and to bring in a balanced activity the use of all Seven is necessary.

The chela who is presently attuned to a specific Ray sometimes believes that particular Aspect of Divinity is all important and chooses not to honor the other Six. He must realize that all Seven must serve in harmonious accord to externalize God's Plan, which is God's Will. Assuredly the Will of God is in action in every good and

perfect expression, as are the Qualities of all Seven Rays.

IN THE NAME OF THE ALMIGHTY do not be fanatic and believe that the service which you may be rendering, or rather that your Christ Self is giving through you on a specific Ray makes you one whit more important than your fellow traveler's service.....all is a part of the Entirety, The Love of God is ever-present and is the Cohesive Power of the Universe, and is essential for Wisdom, Purity, Truth and so on to express.

I counsel you with all the Love of My Being to have RESPECT and COURTESY for your fellow-traveler, for within his breast burns the Fire of Creation.....and there I abide.

I believe it is important that I bring to your attention that the chelas serving with the Spiritual Hierarchy should think a little more deeply on those aspects of Divinity.....namely Respect and Courtesy. The average chela has much to learn along this line, and as We are stressing the attainment of the Christ Consciousness, I would point out that he who does not have respect for and courtesy toward the Christ within his fellow traveler retards the full expression of the Christ Consciousness within his own life-stream. I would like to add that Lord Lanto requested Me to bring this to your consciousness, for the Radiation of the Rocky Mountain Retreat is playing upon the Earth and Her evolutions at all times, and the Brotherhood of that Focus are so eager to infiltrate the consciousness of the chelas with the Divine Attribute of Reverence for Life. Actually, Lord Lanto hears some chelas speaking about the absence of Courtesy and Respect, - and He asked Me if I would say a few

words on that subject. Suffice to say, Beloved Lanto will keep a close watch upon those to whom this admonition particularly refers, and to ascertain whether these comments have fallen upon fertile ground. The wise chela will accept this kindly counsel and will act accordingly.

Before concluding, I humbly request you to enter deeply into the Fire Element within your beings. Elevate your consciousness to the "I AM" Presence. Blend your consciousness, each one, and enter deeply into the Fire Element and KNOW that the White Fire Being, the Chrystalline Substance of the Fire Element is the Supreme Source of all Life.

Now see Beloved Saint Germain standing in all His magnificence in the center of that Sacred Fire. Send Him your Love as the White Fire blazes with the Violet Light of His Being. Now accept It coursing through your vehicles, cleansing them of all imperfection, - known or unknown, - and as this Purifying Activity is taking place, realize that it is your responsibility and loving privilege to pass this Blessing to all Life. Visualize the Planet Earth completely enfolded in Violet Fire....(Pause).....

Saint Germain was My Pupil and a Priest of the Order of Zadkiel, and I am so very grateful to have you express your love for Him.

I have come from the Heart Center of Creation to FIRE you with Enthusiasm for accelerated service in the Light.....and.....because of My gratitude to Saint Germain for His Service of Love which He so recently rendered to you, and you, and you.

I HAVE SPOKEN

BELOVED JESUS:

September 8, 1975

Blessed Disciples of the Holy Spirit, greatly loved are you by the Spiritual Hierarchy, for your true dedication to the Light.

Can you imagine the joy within My Being as I realize and know that after many, many centuries the true Birthday of The Christ, the intensified pulsation of that Consciousness to the peoples of Earth is being celebrated.

Oh, lovely ones, I am so grateful because We can now proceed with the expanded Light of The Christ Consciousness and send that feeling into the hearts of all men on Earth, because you are now ready.....You are ready to expand that Christ Consciousness to your fellowman.

Can you not see the wisdom when a few years back We discontinued the Christmas Class, - and inaugurated instead one of Thanksgiving. We were preparing you to a great degree to separate your consciousness from the festivities of Christmas as celebrated in December.

Now mind you, - We have gone along with the Christmas Celebration through the years because mankind had been told that through the centuries this was the date of the Birth of The Christ, and We shall continue to send Our Love and Our Light into the Planet Earth at that time, and the Angels will gather up the energy of the Joyous Songs and the Devotions that come from the hearts of men, as they in their limited manner do celebrate the Birth of Jesus.

I wish importantly to bring to your attention that it is not I, in the embodiment of Jesus, which is to be honored, - it is The Christ Consciousness of which you shall all soon be a part. I counsel you, each one, who have yet to give tokens in the form of Gifts to your families and friends to do your shopping early, so that you will not step into the turmoil of greed and the rushing vibrations of less illumined people who are bustling about in their desire to purchase suitable gifts.

Christmas has become, to a great degree, a commercial holiday, and I counsel the chelas to discontinue gift-giving among themselves. Rather send the Radiation of Love to your fellow chela and do bless him with the Consciousness of The Christ.

Now you realize many versions of the Birth of the Child Jesus have come forth, and in each telling they have been magnified, or deleted from, but this year - the year of Truth - with the Mighty Pallas Athena sending Her Light Rays to the Planet Earth, it is most fitting that you celebrate the True Birthday of Jesus, Who was and is a part of the Consciousness of the Supreme Source, a single Being Who attained that state of Perfection.

I wish to give specific honor to My Holy Mother Mary and Blessed Joseph (Our Beloved Saint Germain) for the strength of Their Light. Those Beloved Lifestreams Who guarded and guided Me, and protected Me by holding the Immaculate Concept for Me at all times. I needed Their strength and I am grateful for Their assistance in holding that glorious picture of The Christ which I came to Earth to outpicture.

I ask you, each one, to have respect for your fellow traveler, and always remember that within him dwells the glorious Christ.....and that Golden Man is expanding and expanding because of your Love one for the other, and for all mankind.

I have been called the Prince of Peace through the ages, and in honor of that designation, Beloved Holy AEolus Who has that tremendous Focus of the Cosmic Dove over Long Island, called in all the Doves under your charge to the Mother Dove last evening, - and even as I am speaking They are travelling about the Earth bringing the Quality of Peace and Divine Love charged with all the Momentum which I have gathered, and of every other Being Who is specifically dedicated to bringing Peace, - Peace to the hearts of all mankind.

This is truly a joyous occasion, - one when the Angels are singing the true anthem of the Birth of The Christ. The Mighty Angel of Restoration came because the Cosmic Law saw fit to have His Radiation envelop the Earth to assist you to restore your beings, and those of all Life upon this Planet. Remember to daily give recognition to Him and to the Beloved Angels of Divine Love from Venus. It takes but a moment to send the Radiation of Love to those Beings, the Cosmic, the Ascended and the Angelic Host, and very importantly to your fellow traveler.

I am indeed pleased that you have chosen to have a physical repast after this Meeting, in the form of food, - and I wish to tell you that this is truly Manna from Heaven, for I have, in the capacity of The Christ, charged every particle of the food with the Power of Transubstantia-

tion, - and you will be taking into your beings the substance and energy of My Lifestream, Holy Communion for the Disciples of the Holy Spirit.

We are having a beautiful precipitated feast in the Etheric Shamballa at the close of this Meeting, - and all the chelas will receive this Radiation into their beings. For We are all ONE, all Cells in the Body of the Father-Mother God.

Enjoy your little repast.....and know that you are no further away from Our precipitated meal than your consciousness desires.

Enfolding you in the Love of The Christ - and all the Beings assembled here at Shamballa, They are Legion in number.

I bless you in the Name of The Father, - and of the Son, - and the Holy Spirit. Thank you.

September 23, 1975

The Beloved Lord of the World Gautama has requested that I apprise the Chelas that December the 25th - will be known and celebrated as -

THE FEAST OF THE ANGELS.

MICAH, Angel of Unity

THE POWER WITHIN
by Saint Germain

The awareness of the Master Presence within brings peace and comfort to the individual, and then active contemplation of this Presence causes It to increase in Focused Power and Authority through an individual and to project Its Pattern, Its Powers and Perfection into the physical appearance world through the outer self.

For the individual to visualize his God Presence as outside of himself is again to separate himself in feeling from the Power that is really within his own heartbeat. When the individual becomes aware of the God Presence within, the externalized Presence then stands radiant as the Manifest Christus and is actually projected from within the consciousness of the Awakened One.

Thanksgiving

The yearly Ceremony at Shamballa, in this thirty-day period between November 15th and December 14th, is not only a World but Cosmic Event, as Representatives from all the Planets of the System attend, as well as the Builders of Form, the Angelic Host and Devas, presided by Beloved Helios and Vesta, to give an additional impulse to the dwellers of the Earth and all their evolutions going on simultaneously.

Another significant activity is the Presence of the Directors of the Four Elements Who direct the Flame into Their respective Kingdoms, accelerating considerably their evolutions.

Representatives from all the Retreats connected with this Planet are of course also present, as well as the different Ascended Masters with the groups of Their chelas, Who act as Transformers for the direction of the Flame to all mankind, individually and collectively.

Consider the privilege of the chelas to be aware of and to join in the expansion of the Light of the Supreme Source to all the evolutions on this Earth.

Rays of Spiritual Illumination

BELOVED GAUTAMA - LORD OF THE WORLD:

Beloved Children of The Father-Mother God, I am grateful to the Supreme Source of all Life Which has given Me individualization, and I bow in humility to the God Presence within your hearts and ask Its Flaming Consciousness to illumine your outer minds so that the Mystic Union, the blending of the lower and Higher Consciousness may take place quickly for your own progress in the Light and the expansion of that Light for the Illumination of all the evolutions of this Planet.

At this season of the year when mankind in this part of the Earth celebrate the Feast of Thanksgiving, it is a time when the chela can expand the Gifts of his own Causal Body with great facility, and in this acceleration raise the consciousness of all mankind.

It is a time, as you realize, when the Angelic Host are invoked through music and song, and your invocation of these Beings of Light at Thanksgiving can do much to make the vehicles of mankind more receptive to the Presence of the Angels. Every time the Angels are called into action, - or are invoked as I have stated, you bring the Golden Age closer to fulfillment, for

the cooperation of Angels and men is necessary for its fuller expression.

O, Supreme Creator of all there is, I pray that this specific Release of Light will find Its way into the hearts and consciousness of all who abide on this Planet. Thou knowest, O Mighty One, this requirement, - and I shall in all the humility of My Being, gratefully contribute My Energies to the fulfillment of this need.

I shall now bring you in consciousness to Holy Shamballa from whence I speak to you this day. My Heart overflows with deep gratitude and happiness as I commune with the various Members of the Spiritual Hierarchy Who have come to Our annual "Feast of Light". The magnificence of the emanation of Light from the Cosmic and Ascended Beings is beyond human reckoning. This is truly festive time of the year, - and to witness the gratitude in the Hearts of the Assembly is an exhilarating feeling which is coupled with great humility. To be in the Company of these Glorious Beings fills One with true Gratitude to the God-head for Its splendor of Expression.

Thanksgiving is the time of Harvest, and the Great Ones Who have sponsored you stand by your side, and Their love enfolds you when you make your presentation. When the Light which has been allotted you by the Father-Mother God falls a little short of the expected release from your lifestream, They formulate plans in Their Consciousness whereby, in the succeeding year, you may make up the deficit, through obedience to the Law of your Being. Now I make no illusion to what the lower consciousness deems as unhap-

piness or disappointment, - that is not the Consciousness of the God'free Beings, but merely give you this reference to show how much We all love you, - and like fond Parents or Guardians, Our every desire is to assist you to further develop your God Qualities, and to release the Gifts of those already builded in your Causal Bodies through centuries of living and serving the Light according to the consciousness in the various sojourns on the Earth.

I would ask that you endeavor to keep the Radiation which is being released to you, - not only through the release of the Love of My humble Being, but of all the Beings who are assembled at the Heart Center of the Spiritual Hierarchy.

Blessed children, you are THE DISCIPLES OF THE HOLY SPIRIT, - for that is the Inner Name of The Bridge to Freedom. Hold this Announcement in your hearts in sacred reverence for the privilege of being so honored. You have endeavored and quite successfully put the Tenets of 'The Code of Conduct' into practice, - and for your constant dedication to the Service of The Supreme Source of all Life, Beloved AEOLUS and I have counselled, and We believe you have earned the right to be apprised, that you are The Disciples of the Holy Spirit.

We, who can see all that transpires in your beings can instantly tell when humility and gratitude to the Father-Mother God results therefrom. No man shall judge you, - for it is the Karmic Council to Whom you are responsible. And as you write in the Book of Life, the Light therein is the dowry resulting from the expenditure of God's Holy Essence on the screen of Life.

Now, come with Me into the Heart of God, and bathe in the glorious Energy which is the Creative Principle of Life, and remember always that Love, Wisdom and Power in perfect balance is The Middle Way which I counsel always.

Through the Activity of Balance did I earn My Freedom in the Light, and I pray the Supreme Source of all Life that you shall quickly reap the Harvest of the practice thereof.

Enfolding you now in the Spirit of Grace which Our Beloved Holy AEolus is, and in My loving gratitude for your Service to the Light and Life, "I AM" humbly,

Gautama, Lord of the World
