*Guard well the citadel of mind,  
For in it bides all life..  
Bar from its portals every thought  
Of hatred and of strife!*

*For in the mind lie dormant  
The seeds of war and death,  
Harmless until the fateful hour  
You give them life with breath!*

*Grapple with the first dark angel  
Lest he breed a crew  
That feed upon integrity  
Down to the bones of rue!*

*Thought! Thought is the creative fire  
Whose first small spark means woe,  
If lust and greed and jealousies  
Are fanned by its small glow!*

*Play host to Beauty, Love and Joy,  
And let their tribe increase,  
Using the creative fires  
To spark a world of Peace!*

Predictions for the New Age always have highlighted a great upsurge of interest in all fields of the psychic, occult and spiritual studies. This great revolution is now upon us, and it is natural for earnest seekers to ask about schools, retreats and centers for these exciting and challenging studies. Among the letters I have received was the following:

*"...My goal and dream is to have a Center where the teachers of the New Age may be taught and trained to use this beautiful power of the Inner Wisdom..."* – Margaret M., Texas.

### My Reply

Dear Mrs. M.:

Your desire to establish a New Age Center has several implications which are not always obvious. This desire is usually experienced by all truth seekers at a certain stage in their unfoldment. It is prompted at that point of self-realization

## *Where Will the New*

when you understand and begin to feel the more delicate and subtle powers in your studies, and you resent trivial, mundane activities which interfere with concentration. It is a conscious desire for isolation, tranquillity, a 'quiet corner.'

The desire for a Center is also often prompted by the frustrations of activities necessary to sustain daily living. The picture here is one in which details of housekeeping, food preparation and maintenance, etc., are somehow relegated to a "group" effort, leaving us much more time to study, pray, meditate and contemplate. Unfortunately, actual experience rarely bears out this utopian hope.

"Center" implies a One-Mind consciousness. It is my observation that when individual brains prove incapable of reaching that One-Mindedness, then a Center's program becomes either the reflection of one person's ego, or else it falls apart in confusion and rivalry. Either way, it fails in its original intent, and true seekers tend to go their separate ways.

Your desire for a Center indicates you are at an important point in your inner unfoldment, and it is very important that you keep your own unique needs in mind and not lose sight of them in some heroic effort for a massive or large group project. You can bring a blessing to your group much more valuable

than a few buildings on some isolated acres of ground.

The finest essence of the desire for a Center is the hope for sharing — testing ideas and inspirations through common meditations, group discussions and classes. These fine benefits can be realized by you or anyone else — right NOW.

Begin with your individual and unique Center — You. Whether or not you realize it, you are more than one person. As you read or hear about a psychic truth you will think about it, and consider its importance to you. This is really a two-way conversation between your conscious self and your Super-Self. If your inner unfoldment is in its beginning stages, then your conscious self will probably dominate deliberations. But as your Inner Guidance gains strength then such planning will produce more meaningful decisions. And the stronger your Super-Self becomes, the more you will find that trivial and distracting things can be ignored.

There is a decided trend in New Age organizations to hold seminars and lecture series throughout the country. This will

## *Spiritual Centers Be?*

bring the teachings to more people and with more influence and impact than can isolated physical Centers. For a few days or weeks students and teachers get together to teach, talk and share the New Age truths. Then the program disbands before egoic concepts or private ambitions can assume authority or produce conflicts.

Everyone attending is benefited, and all can feel inspired for further study and practice, even if such efforts move in some unique and individual direction. Indeed, these individual studies can challenge and enrich the deliberations when you attend your next Seminar and can report on your efforts.

So, I urge you to nurture and expand upon your desire for a New Age Center. I would sincerely hope that you will be sharing the fruits of your studies and meditations in that unique personal Center — You. Watch for seminar schedules in your local area, and give serious thought to including such Center activities in your vacation tours. This new form of Center work is the Aquarian answer to the problems inherent in Piscean formality, discipline and tradition. It has been necessary to improve upon the early guru and chela relationship. The student today often has much to say to the teacher, and the teacher should always be ready and willing to learn.

# We Are Unfolding

## Part 2

(Conclusion)

*In Part I of this article the author relates how an unexpected encounter with an old friend led to some rare insights which revealed Truth anew to both of them.*

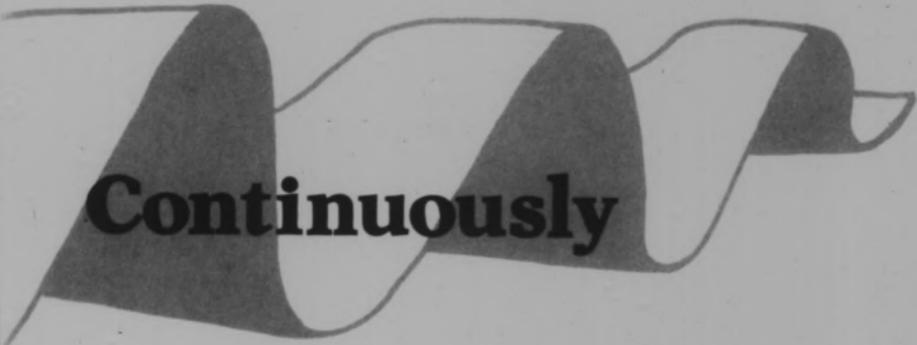

“Remember how you raved about the Spaulding books? Well, so did others, but I never read them. Oh, we had them here; you know my husband used to say so often that I really should read them ... and maybe I was just being stubborn, but there seemed to be so many other things to do *first* that I just never opened one.

“One night, after a number of rather harassing events and trying to think straight, I climbed into bed intending to just do a treatment and fall asleep. I know that night I felt fully aware of the Divine Power, of God’s presence in me.”

Knowing her as I did, it wasn’t easy to believe that she ever had trouble “thinking straight” ... but every teacher and student continually climbs ever higher.

She went on: “I felt rested, light and peaceful, and it was still early evening, so I got up to get a book, and yes”, she laughed, “I picked up Volume One of *The Life and Teaching of the Masters*\* thinking I would read a chapter or two. At 3 A.M. I closed the book on the last page and said, aloud, “Mr. Spaulding, I want to meet you!”

Toni clapped her hands together and her eyes danced. I could hardly wait for the rest of the story. Knowing how what

one can accept as possible just before dropping off to sleep is just about bound to happen, we felt excited, too.

"Do you know," she continued, "when I got up the next morning I had so much to do that I never even thought of that book? The phone kept ringing, I had mail to get out, and I had a full day. There was a meeting of some kind that evening, and when I crawled into bed I dropped right off. The next day things went on about the same, and one phone call, a man's voice, asked, 'Mrs. B...?' I said it was, and the voice said, 'This is Baird T. Spaulding. I believe you said you wanted to meet me? I'm in Los Angeles, at the Biltmore Hotel, and would like to have you and your husband meet me tonight about seven for dinner.'"

We were gasping, but Toni went on, "You know, I just said we'd love to, and asked whereabouts in the Biltmore. He said the Galleria ... and then, I remembered we didn't know what he looked like, so I asked if I should wear a red carnation, or describe my appearance. He simply said, 'Oh, I'll know you!' and I guess I said 'Okay' or something."

"And did you go, and find him there?" I had to know.

She was enjoying the telling of this, "Well, there was a convention on, and the whole hotel was filled with people. When my husband had come in from work, and I told him rather matter-of-factly who, what and where, he said, 'I don't know how we'll know one another', but he was game — until he

saw all those people. For a second, I'll admit I had a few strange feelings ... as you can imagine."

My husband smiled, "I take it that you *did* find each other, or you wouldn't even be mentioning it," making her chuckle.

"First," she went on, "we sort of walked around, and then I thought, 'No, I'd better just stay in one place and let him find me', and said *I* was going to do just that. It seemed like no time at all even to me when there was a hand on my shoulder and a man's voice in my ear asking if I were Mrs. B. I turned and looked and I just knew that *was* Baird T. We were shaking hands and the next minute all three of us were headed for the dining room together."

"Amazing!" I breathed. "But why not? He was a very developed soul. Telepathizing wasn't *new* to *him*."

"I forgot to tell you that on the way downtown to the hotel I brought up about my reading the book, and what I'd said as I

## a familiar story of thought power

closed it upon finishing. You remember my husband, and how often he had mentioned that I *should* read those books, Toni; well, he said he was glad I'd waited since it brought *this* about. The next night he came here for dinner, and he sat right where you are sitting right now!"

I tingled. How many times, I thought, we all want proof of something, and yet with our thought we actually can, if we aren't careful, *prevent* such proof! My friend, Toni, had studied so much, practiced so much — before she had read Spaulding — that by the time she did there was a full acceptance.

Turning to God (and God is Spirit) we get Spirit channeled to us in answers to our needs, whatever their nature. While many do not as yet understand this, because they don't *yet know* the *Law*, nor that IT is backed by the God Force so intelligent, so loving, so orderly and organized it might be called *a system*, they fight against it rather than cooperate with it.

A dynamo of energy, doing it "all wrong" because he won't turn to God, within, and let the Holy Spirit be his "help in every need", suddenly "SEES" what his own resistance has been the moment he even turns *to wondering* what "God" is. His *energy* is "what God is" ... and present. This happens whenever anyone denies the evidence of "wrong", such as loss, or stealing, or a lack of good anywhere. Always it is our own concept of what God is, or is not, with which we deal.

Just as Jesus said, "Thou shalt love the Lord, *thy* God", gradually we begin to perceive that our own concept of what God is must *expand* if we are to be delivered out of difficulties by finding the solutions. Another's concept of God may be extremely great, and can certainly be a blessing, but until each individual has some personal experience which proves *to him* God is Something Real, he is "far from the Father's House".

Our human intellectual reasoning has us doing a lot of wishful thinking, and our emotional discontent can continue on, unappeased until quietly we turn away from all that we want and what we think we need — often so desperately — and say, "God, you are the Spirit of me, and the Spirit of all, the true omniscience and power, what do you wish to bring about by means of me?"

How many of us "make God in our personal likeness," as a rewarder and punisher, or as one limited in power? How long does it take us to perceive that God is the Infinite and Unlimited, and that He is the supplier of ALL good? Can we let more of Him come into expression in our individual selves?

Why was I directed by God to see my friend, Toni again? Why did someone have to fly from New Orleans to effect our contact? Was it just so that I might hear the story of Baird T. Spaulding's amazing demonstration of thought power, or that my husband might have a chance to meet my long-time friend? No, those are only the interesting factual sides.

All three of us were dealing with an obstinate human belief which had to do with feeling separated from some particular kind of "good". You know the quotation, "Where two or more are gathered together in My name, there I will be also"? As we shared our thoughts and experiences, the false belief in each of us was dissolved, and what we saw as TRUE in consciousness quickly came into manifestation.

It was like with Jesus ... when He knew the Living Substance as omnipresent, it came forth as bread, wine, fish, or whatever was needed at that instant. It has been so with us ever since.

*PURSUIT OF THE HAPPY LIFE* requires that we keep learning. You can increase your enjoyment by learning to learn. You will thereby build a substantial intellectual curiosity about a wide range of significant human problems. You will avoid absorbing rubbish, and you will cultivate a thirst for understanding instead of an appetite for sensation. You will enjoy adventures of the mind. —Anonymous

## HEALING FOR OTHERS

*Hold some friend or acquaintance in mind and speak positively to his or her soul these words, or similar words, to fit that individual's needs.*

*This is fulfilling the divine Law of Love — as you bless, blessings will return to you a hundred-fold in the Gifts of the Spirit.*

*Your thought is a tangible reality on the spiritual plane. Let each thought be a chalice filled with your love and faith and blessed with the power of the Living Christ. Such thoughts have healing in their beams and will bring health and blessings to whomever sent.*

*All will feel the inspiration of the Christ Power when they attempt to voice His truths. Do His work and trust His love and guidance, and He will be the light to your path.*

— From The Aquarian Ministry, Santa Barbara, California

**The Highest Sermon**

When spiritual things have been spiritually discerned, no dogma, ritual, creed or doctrine can ever again obscure truth. Example is the finest precept, and those who have seen wasted tissues restored and locked limbs freed, have been moved by a sermon as practical as it is divine. They understand then why Christ coupled healing with His ministry.

—From **F. Terry Newman**, editor of *The Spiritual Healer*, English monthly

**Resurrection of the Spirit As a Panacea**

If matter has such astonishing properties, and man is composed of matter, is he not something of a miracle even to the veriest materialist?

—From **Orion** magazine by Francis Merchant

**It's the Real Thing!**

The world of spirit is a real world, as substantial as your own, and its substance of finer ether seems just as solid and real to the spirit people as your matter appears to you. Your loved ones are reclothed in bodies of finer ether, and continue their life, with greater opportunity for developing and expressing their spirit through a higher and purer body.

— From *Stella Polaris* by **White Eagle**

Everyone is taught in sleep, in meditation and even in his waking state; for the high Self and the subconscious self are busy and active while your conscious self thinks it is in full control of your being.

**Predicting ESP**

Parapsychology cannot precisely predict the occurrence of ESP itself. Parapsychology can only describe and help to establish the condition under which ESP operates, and also generally indicate statistically and by knowledge of the ESP condition just when ESP has in fact occurred.

# *The Role of the Spiritualist in the Aquarian Age*

It was William Shakespeare who once said, "All the world's a stage, and we are but the actors." Each one has played many roles, in various dramas, at other times, and in other places, and in many lifetimes upon this Earth plane. It has been necessary to prepare ourselves for the challenge of each role, in each drama, or production that was presented.

At this particular time, we are about to embark on one of the largest, most important productions in history.

We have a most interesting and capable staff of writers: the Spiritual Hierarchal Board.

The leading roles have been chosen and the casting call is out for 144,000 active participants.

The Director has a vast amount of experience, with a long line of credits and is certainly well qualified. He is Jesus the Christ or Sananda as He is known on the inner planes.

The executive Producer is God.

This great production has been scheduled to open many times but has been postponed in order to give the participants more time to come into a higher understanding of the script: *Love God and love one another.*

The purpose of this production is to prepare the way for the return of Jesus the Christ sometime before 2000 A.D.

We know that each and every member of the race of man is a son of God, a co-creator with Spirit through eternity. Each one is responsible to learn as much as possible of this nature and power, to function not only as an individualization of God but also as an administrator of God's Creations.

Approximately 206 million years ago when this solar system was ready for life forms, man came here to experiment, to learn, to experience, to govern. He became so enthralled with experiments on the physical or third dimensional plane that he lost awareness of his true spiritual nature. This was known as the fall of man which started the devolution of that part of mankind. Then began the long struggle of man to regain his spiritual inheritance.

Those who did not become entrapped, and thus did not experience this fall and devolution, have been working ever since to help their brothers and sisters again to rise back into the fourth dimensional existence. This present 206 million year cycle of evolution will end by the year 2000, after which a completely new cycle of man's eternal evolution will begin.

As an eternal being and as part of the race of man within this solar system, it behooves everyone to understand the nature of man, the 206 million years of experience on Earth and this solar system and what lies ahead.

The final scheme or plan is to create a society or civilization that combines all areas of Earth: a *United Earth*. This is the challenge of the Americas. In fact, this is incorporated in the government status and situation of one group called the United States of America: the New Jer-USA-lem! This was also the approximate site of the Elder race 206 million years ago.

Those who cannot achieve this re-setting and re-evolution during this lifetime or generation of lives which means within the next twenty-to-thirty year cycle will have to be re-assigned elsewhere, but out of this particular solar system, for this solar system definitely has to move into a new place within the galaxy. This is the problem which now confronts all men.

We must begin by doing *all* things in their right and proper design and scheme of Spirit's will and the overall good of God in man, God in form, God in the third dimensional frequency planet, which is Earth, evolving from that into a fourth dimensional frequency, so this planet also may rise as a star in the system of the Central Sun. It is necessary at this time that each one is alerted and informed as to the nature of his particular role in order to meet this supreme challenge.

Whether you are a Spiritualist, Catholic, Jew, Buddhist or spiritual scientist — call yourself what you must — but know

by Rev. Heliane Isra-El Baldwin

that there is a unity of purpose, a basic truth of love which lies at the core of all religions. God is love and love is God. You cannot possibly have love for God without having love for all of God's creations, for they are one. We must all learn this truth: *Love God and love one another.*

For years occult truths were laid behind mortar and caves and cloaked in mystery. Now is the time, in this beautiful Aquarian Age, to throw off these cloaks. The stone has been removed from the mouth of the cave and the resurrection of truth is brought out into the sunshine!

The Spiritualist is the forerunner of the modern concept of true Christianity. The Spiritualist has dared to invade the occult mysteries. They are the sensitives who recognized truth, and had the courage to stand and proclaim that which they believed to be truth. For this they have been laughed at, scorned, stoned, and even burned at the stake as witches. But the Spiritualist has held steadfast to his beliefs in these times of trial.

Now, what role can the Spiritualist perform to help in this Christed Drama? It is agreed that truth never changes. However, these basic laws have a newer meaning for each advanced era. There is more enlightenment into that truth as creation evolves; as mineral, vegetable, and the animal kingdoms evolve. And as man evolves, truth becomes known esoterically through an eclectic philosophy.

The preparation for the role of the Spiritualist in the Aquarian Age is three-fold. The first is self-evaluation. Through meditation, turn your sight within and evaluate. Develop your particular attributes, your particular dedication and offer these services, expressing your willingness to be a server of light.

Secondly, by transmutation into master consciousness the spiritual centers, or chakras, have been activated. Now the consciousness must be elevated to master level in order to receive direction and teachings from that level. By this transmutation, the spiritual helpers and guides, commonly referred to as the spiritual band, are automatically raised to that higher level. Then you become as a symphony and are consciously aware of the cosmic sound which permeates the entire universe.

Thirdly, with this intunement into master consciousness, call upon your Christ; experience that inner resurrection of the divine marriage; rise up and labor into excellence.

By self evaluation, by transmutation into master consciousness, and by Christed one-ness with God, you will have fulfilled your role, your destiny and purpose in this Aquarian Age. So be it. Om!

# IMPRESSIONS OF A SOUL AFTER DEATH

What is it like . . . BREAKING THROUGH THE VEIL?

## Part IV

The effort of these words is to prepare you for the EXPERIENCE of knowing reality, the Oversoul, the ULTIMATE TRUTH. You will find them a great help, and one day you will be very grateful that you clung to them in the midst of your crowded life. They serve the same purpose in the Realm of the Oversoul that is served by a study of architecture, if one wishes to become a proficient architect, or by the study of the cultural values of art, if one intends visiting the art centers of the world. Without such a study as this, many of your inner plane experiences will be lost to you as the untrained senses, the still dim-sighted inner eyes will miss them even when looking directly at them. Such a study will sharpen the inner sight so that details will stand out which otherwise would be overlooked. The Realm of the Oversoul, the Absolute, the beginning of ALL, and the Ultimate end of all, cannot be realized, comprehended, understood or EXPERIENCED until one is conscious that one IS THAT.

The only way I can describe that which happened to me when I was permitted to glimpse the ETERNAL ALLNESS, that which is beyond God, during my "after-death" experience (and since) is to say that I was lifted out of my human mind, out of the region of my human limiting-senses, into that which knows no limits, no boundaries, no limitation. Before this experience could be granted to me, I had to be cleansed completely of fear of the unknown. Even a small vestige of

fear would have clouded and limited my vision of the GREAT ALLNESS which lives in all and through all, yet which has a separate existence, as well as an infinite number of focal points through which it expresses form. Man in his human mind calls these focal points trees, stones, animals, air, clouds, man, gods, God. Man, in his Divine Consciousness knows these focal points as "containers" and "holders", as points in Consciousness of the attributes of God, God being the nearest nameable consciousness of this GREAT ALLNESS.

As you lay down forever the human attribute fear, you open the way for your personal illuminations. So long as you cling to it, you block the way. May the moment soon come to you when you have really laid down fear of death. Yes, we say so often that we do "not fear death", we say it long before that state of mind really comes to us in actuality in which we can say truthfully: "Death to me is as a birth into a new state of understanding. It is growth, and I welcome it."

There is no need to confuse the two attributes, Fear and Caution. Caution remains with you even though fear has left. Caution is that attribute of God which prevents your approaching too near a precipice, or too close to the full Light of God before your nature is ready to receive it. That need not be confused with fear. Caution is wisdom; fear is bred from ignorance.

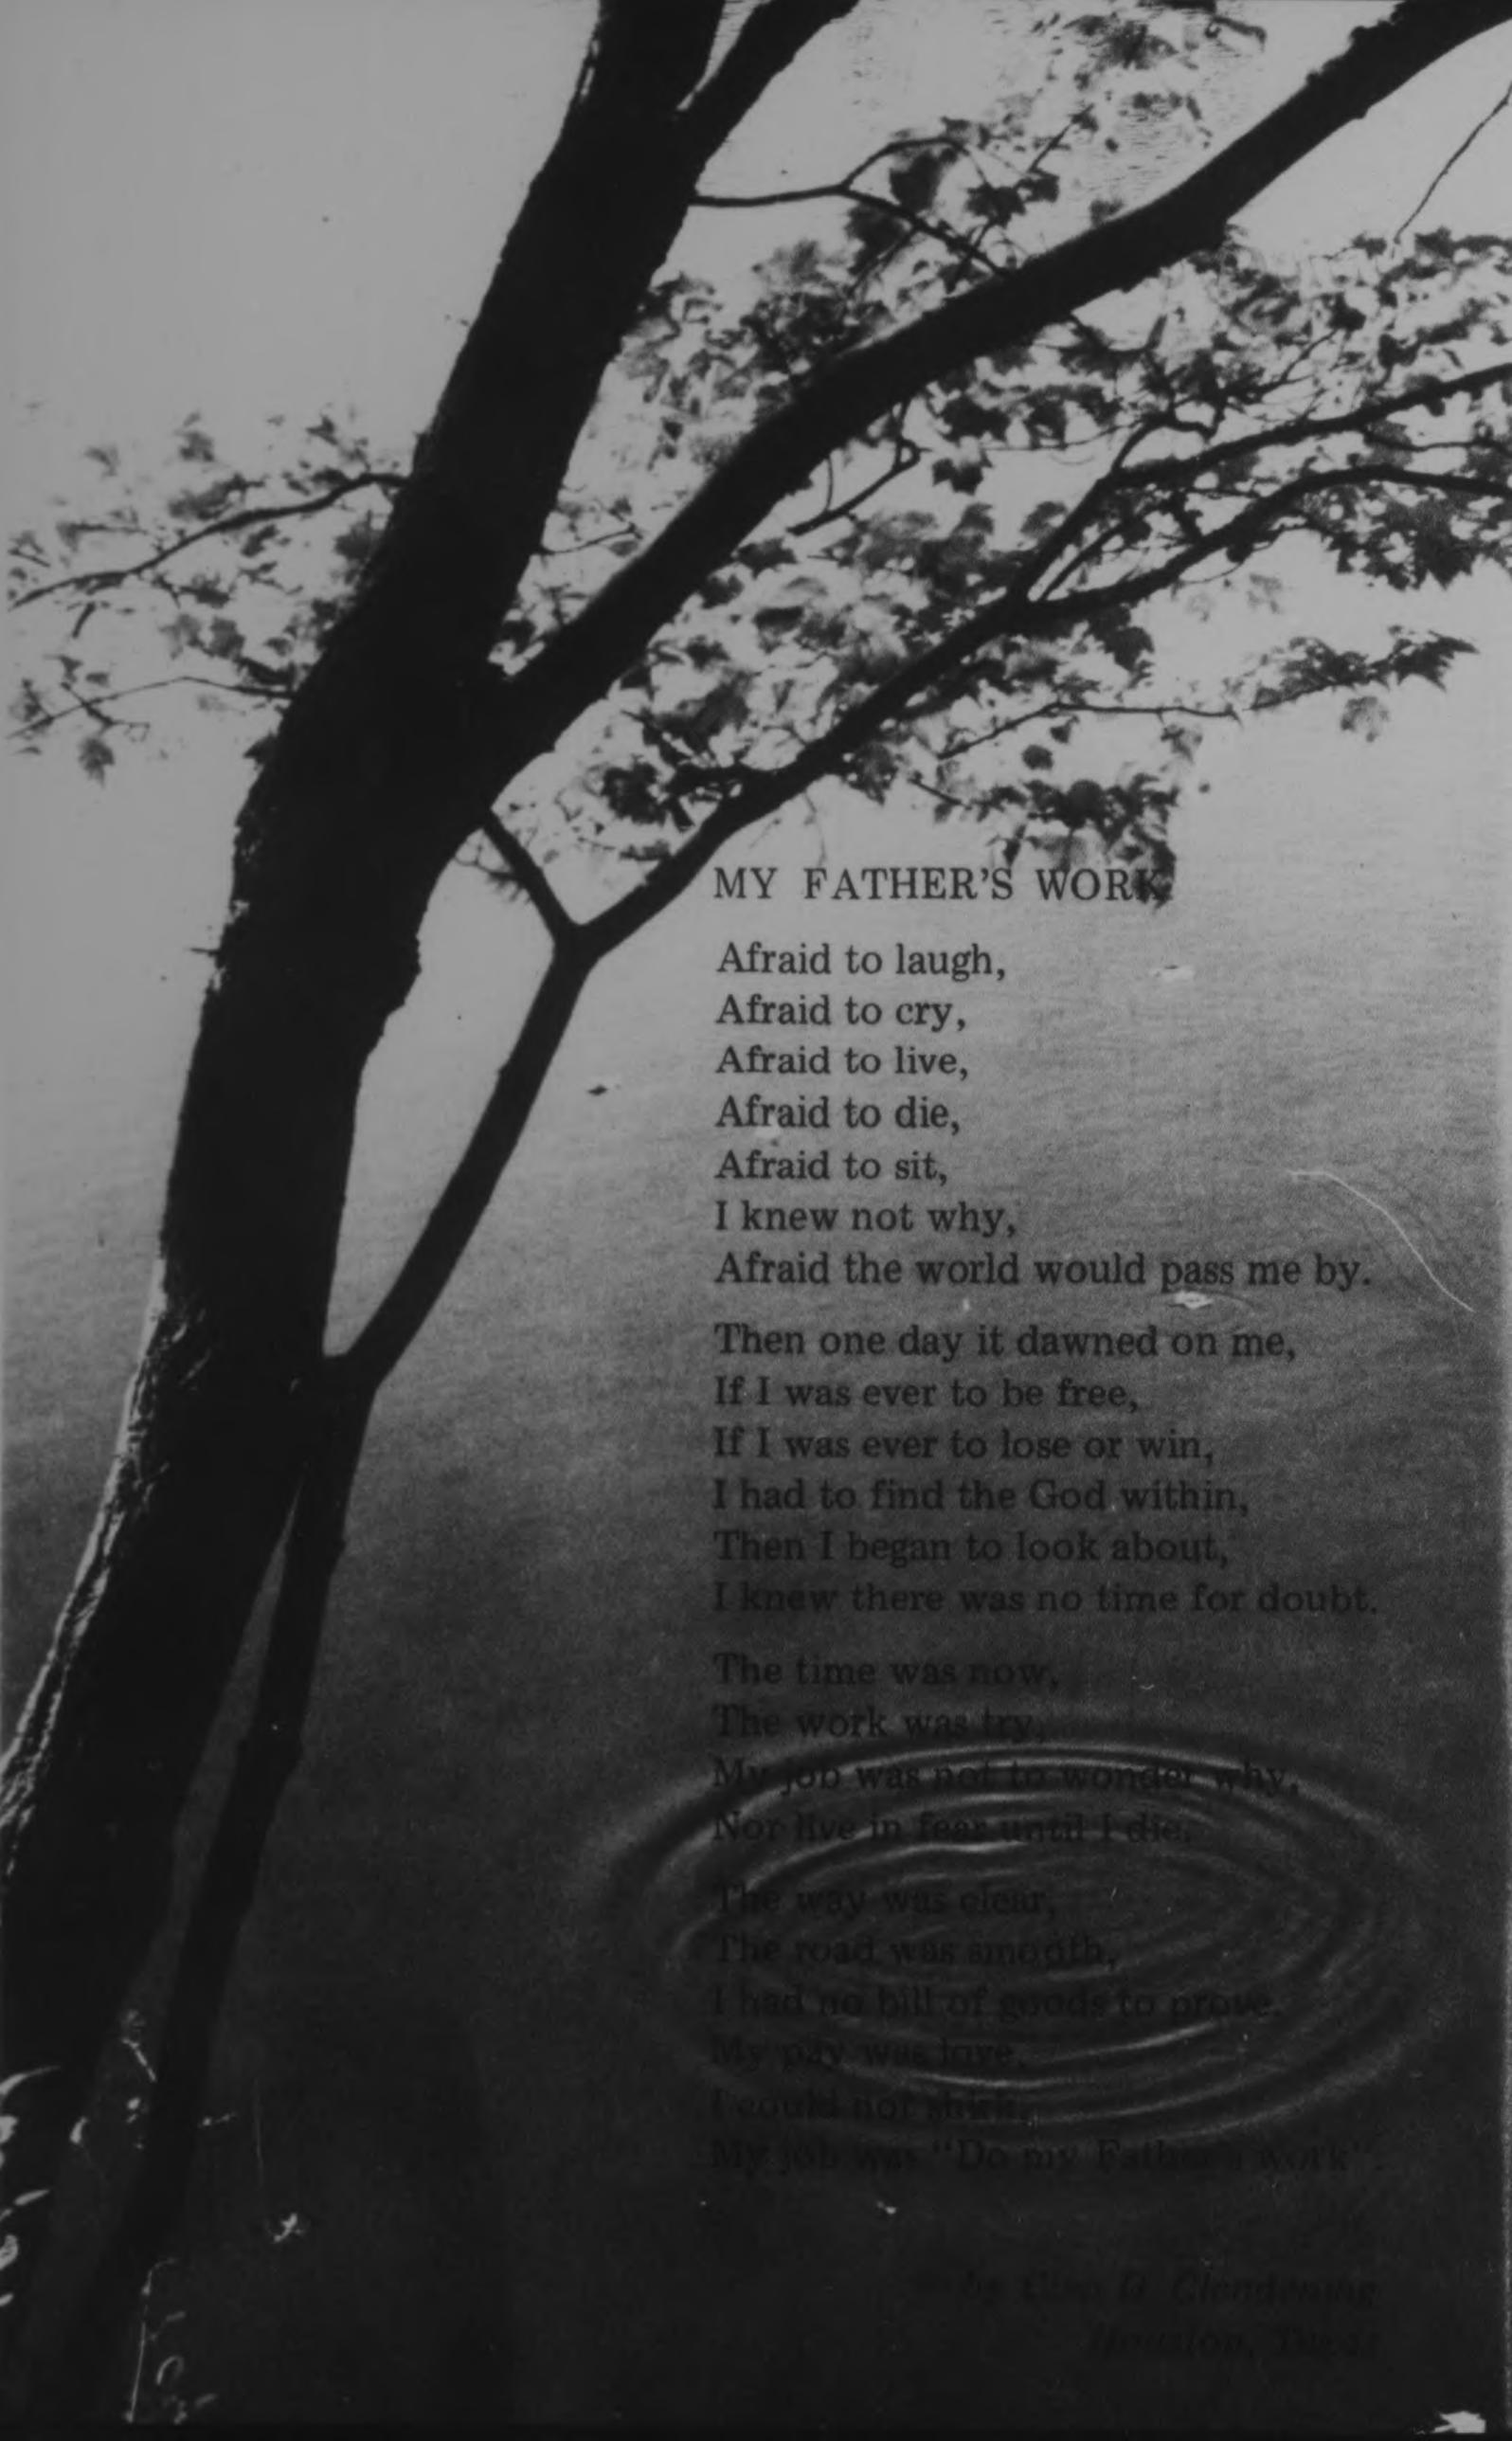

During my "after-death" experiences when I was conscious of the Angel Presence, I realized that It was with me as a caution that I did not go into states of being beyond my depth. Therefore I know that there is MUCH in the Inner Worlds which I have not experienced yet, and I am glad that it is so. It takes Eternity to go through all the experiences already created for a Soul, and new experiences are being created constantly for the Soul to experience in new Eternities. Yes, truly, that which we know as LIFE is never-ending. There are cycles of sleep and rest, when deep Soul and form changes go on; then comes the new Awakening with the flush of renewed Life and the glimpses of new experiences. What a glorious thing is Life!

**The foregoing article is based on inner teachings given by the White Brotherhood, page x of this issue.**

*Dear Lord, take up our tangled strands,  
Where we have wrought in vain;  
That by the skill of Thy dear hands,  
Some beauty may remain!*

MY FATHER'S WORK

Afraid to laugh,  
Afraid to cry,  
Afraid to live,  
Afraid to die,  
Afraid to sit,  
I knew not why,  
Afraid the world would pass me by.

Then one day it dawned on me,  
If I was ever to be free,  
If I was ever to lose or win,  
I had to find the God within,  
Then I began to look about,  
I knew there was no time for doubt.

The time was now,  
The work was try,  
My job was not to wonder why,  
Nor live in fear until I die.

The way was clear,  
The road was smooth,  
I had no bill of goods to prove,  
My pay was love,  
I could not shrink,  
My job was "Do my Father's work"

# BOOK TALK

THOSE WHO HAVE been reading Chimes regularly for the last few years are aware of a close affinity for the Mark-Age writings. One of the reasons for this is that theirs is a message for our times . . . for the light workers who are engaged in the work of raising the spiritual consciousness of man on this planet before these end times expire.

Of their three books — *Mark Age Period and Program* concerning the nature, powers, history and development of man and the plan to begin a new level of spiritual evolution, and *How To Do All Things: Your Use Of Divine Power* which provides a guide to contacting the inner self, the last book to be issued, *Evolution of Man — 206,000,000 years on Earth* — is perhaps the most stimulating and remarkable in its revelations of what awaits us preceding the return of Jesus the Christ, known as Sananda to the Aquarian Age truth students, and the role His light workers will play in expediting His return.

The soul cleansings and manifestations of light bodies due to take place during these end times will raise the frequencies in and through and around this planet, transforming it by the higher thoughts, deeds and goals of mankind present upon the Earth. Thus we see our roles in helping Earth to take its place in the formation of a new solar system. We see even more clearly why in these ending days all that has been hidden from man's conscious memory is to be revealed that the divine source within may manifest the Christed Self.

144,000 enlightened souls are to maintain their equilibrium while in incarnation that their light and the single-mindedness of their missions and roles bring forth such a wave of change and spiritual upliftment such as has not occurred on this planet for eons of time. Thus we see why all souls and individualizations who have participated in this race evolution and consciousness MUST evolve with it in the next thirty years or be reassigned elsewhere out of this solar system that it may take its new place within the galaxy, and the galaxy within the universe . . . truly a magnificent message for one book.

## THE BOOKS OF

# Lobsang Rampa

*Famous Author and Tibetan Lama....*

● **THIRD EYE, The**

1st of the Rampa series of books, and the most famous, it is truly immensely readable and thought provoking, containing highly controversial assertions as to how this mystic came to take on the body of a Tibetan lama in order to do his particular work on Earth.

● **DOCTOR FROM LHASA**

This is the saga of how Rampa proved that mortal man can discipline his mind and body to survive starvation and torture, yet evolve to ever higher states of consciousness.

● **RAMPA STORY, The**

A fascinating account of other aspects of this mystic author's strange life, and a look at the unusual spiritual gifts with which he is endowed and how they are put to use for good.

● **CAVE OF THE ANCIENTS, The**

Rampa's unequalled story revealing his experiences while undergoing spiritual-mystic training at the great lamaseries of Tibet. An eye-opener you will not soon forget!

● **YOU – FOREVER**

This book amounts to a special course in psychic unfoldment, as well as in metaphysics, written in the ABC's of English which you can put to work instantly. Excerpts from this book have appeared often in Chimes articles.

● **WISDOM OF THE ANCIENTS**

This is a book of special knowledge containing many special sections valuable for psychic unfoldment training, plus many breathing exercises and special diets.

● **SAFFRON ROBE, The**

In this account is the incredible personal story of this unusual author's boyhood at the great Lamasery at Potala, Tibet, and how – while there – he acquired the foundation for becoming a renowned mystic-seer-teacher.

● **LIVING WITH THE LAMA**

More details of Rampa's extraordinary existence – this time from a different angle – how his "cat" sees such goings-on. An unusual outlook on this plane as well as others.

● **CHAPTERS OF LIFE**

9th of the series in which Rampa gives the story of the "Coming World Leader" and what it will mean to all of Earth. Included also are instructions on how to meditate and go into trance, answers on whether astral travel is meant for YOU, and prophecies concerning happenings that will dramatically affect the destiny of all nations.

● **BEYOND THE TENTH**

10th in the Rampa series in which he mystically explores the spiritual potential in every human being, with advice and teachings on the care of man's physical, astral and spiritual forms.

● **FEEDING THE FLAME**

11th in the series in which Rampa is concerned mainly with answering some of the many questions from readers on a wide range of subjects relating to the occult.

● — All the above books \$1.60 postpaid — ●

● **HERMIT, The**

**\$1.75**

Here we have the 12th book in the Rampa series wherein a young monk goes to the cave of a blind hermit to learn something of his wisdom and of visitors from other planets.

● **THIRTEENTH CANDLE, The**

**\$1.75**

13th book in the Rampa series. More about the world of the astral, healing, life after death, and similar topics.

# Second Book of Acts

discovered and translated by Kenneth Sylvan Guthrie asks these questions

*... Do you think it strange that Mary, the mother of Jesus, should teach the return of Souls to this world?*

*... Do you know that some books of the New Testament represent this teaching as the current belief of the day in Palestine in the time of Jesus — a belief uttered by Him, Herod, and the common people?*

*... Before she made her ascension at 83, are you aware that Mary taught the Disciples that man is to learn who he has been, individually and as a race, what his present status is, and where he can go from this point?*

*... Have you ever thought of Mary as a medium in that lifetime as Jesus' mother — which she was as she communicated with, traveled to, and saw into the higher dimensions?*

Here you will learn of the six concurrent lives of Mary and Jesus and how they are to lead man on Earth into the federation of planets of this System by the year 2000 A.D.

# ...Poverty Long Enough?

Because of the many individuals who have queried me on the subject of abundance and plenty, the following, if faithfully executed, will result in riches beyond the wildest expectations. "Prove Me now herewith" saith the Lord of Hosts. "If I will not open for you the windows of heaven and pour you out a blessing, that there shall not be room enough to receive it."

For some reason, prosperity and the principles of having plenty of money, have seemed to be very elusive to most people, as if they were a deep guarded secret. Perhaps it is a secret since most people refuse to believe in a law of increase as natural as gravity, and as simple to practice as  $2 \times 2 = 4$ .

If we observe nature, we find the laws of prosperity being practiced with inexorable accuracy. The flower grows to maturity, gives of itself by dropping a seed so that a new flower may come forth in beauty and abundance. Again, the farmer very well knows that if he wants an abundant crop of wheat, he must give to the soil precious wheat grain which, perhaps, he can feed his family. But understanding the law of increase, the farmer takes part of the grain and returns it to the soil; lo and behold, a new crop of abundant wheat has grown.

Why does man believe that he does not partake of the same immutable law of nature which knows how to grow flowers and crops? Man is part of the all pervading life essence and must do his part willingly, if he is to acquire riches, for we are all part of the great law of cause and effect, these days commonly referred to as the Law of Karma.

What is the part man must play in the game of life if he is to become abundant? He must first come to realize that there is no outside force that has predetermined his destiny. He must know that there is no such thing as luck or chance, but that he makes his own luck by the thoughts he allows himself to think. He must know that success is to either make more than you spend, or spend less than you make. This understanding naturally comes through correct thinking. But there is another way which most people are aware of, yet hardly anyone really believes, considering it "old fashioned," or, "gone out with high button shoes." Yet it is the only "sure thing" we can depend on. Namely, it is the law of tithing! Before you lay aside this article, please allow me to explain:

Many individuals believe tithing to be a way in which churches acquire great amounts of money. This may, or may not be true, but there is much more to it than that! It was first

Have You Lived in...

..... by Bob Spiegel

propagated by the Hebrew wise men who taught and understood universal law. For it is a law, and just as dependable as the law of electricity. If we do not understand electrical laws, we are liable to become electrocuted. In the same instance, if one does not understand the law of tithes, he will be impoverished, suffering from lack and limitation until he makes up his mind to learn, and invoke the great law of tithes, thus allowing prosperity to flow through him as it should. This is right and just.

It certainly does not seem logical for one to give away a tenth of his income to God's work, when one earns very little to begin with, but this is exactly what one must do if he is to become prosperous. You may ask, "God certainly has no need of my material good, since God already has everything there is to have?" The answer is: we must give to those human enterprises which expound the truth of life to mankind; organizations which teach how to alleviate man's inhumanity to man. Groups that teach how to overcome suffering and sorrow. Namely, truth movements should receive one tenth of your income; right off the top, without any quibbling or reservations.

This tithe is not rightfully yours to begin with; it belongs to God! To withhold it and use it for personal gain, is as foolhardy as touching a live electrical wire expecting to light up your home. The ancient Jews understood this law quite well, for they were instructed by the high priests to give one tenth of whatever they had, no matter how little, without fail. If one were a husbandman, he would tithe cattle, if one were a farmer, he would give grain, or fruit. If one were a merchant, he would give ten percent of his goods. The rabbis used these tithes to further the Jewish causes in the name of God, and so Israel prospered and flourished beautifully for many, many years. The time came, unfortunately, when Israel neglected her duties to God, and so declined culturally, after many centuries of affluence. Today, many Jewish people of great wealth, as well as people of other faiths, owe their success to giving one tenth of their gross income to further God's work.

How about you! It is God's wish that you prosper, as long as you abide by God's laws, you will. I have made it plain and clear that if you wish to become prosperous, you must first give. Most people have the law backwards; they want to become wealthy first, then they will give. I wish it worked that way, but it doesn't.

*(concluded on page xvi)*

You must give first. The more you give, the more you will get. Remember, you are to give only to a movement that brings understanding, peace and truth to humanity. The average charity organization does not do this. It is also important that the tithe not be split between two or more recipients, for it will not be as effective. Ask yourself, "Which movement has been effective in enabling me to see the light? What movement has brought me some measure of peace?" That is the movement you should tithe to, and you should not procrastinate, but start today, now! You have lived in poverty long enough — release yourself from lack and limitation by following the tithing principle as outlined.

Abundance and prosperity is man's true birthright. If one is suffering from poverty, he is not living the life God intended. Experiment with the law of tithing for sixty days. See if what I say is not true.

### REALIZATION

Become still and say: riches are my birthright! I was not placed upon this earth to experience poverty, or unhappiness. It is my Father's good pleasure to give me the kingdom, and I now accept it. I will here and now invoke the great law of prosperity by giving one tenth of my income to a truth movement dedicated to bringing love and brotherhood to the world. I know that the law of increase immediately starts to function in my behalf, causing riches to come into my life beyond my wildest expectations. I am truly grateful for the understanding that God's abundance, and prosperity, are already circulating through my life, always leaving a divine surplus — AND SO IT IS!

# ARTHUR FORD DESCRIBES

## PART II

*Because of the great interest in the work of the famous medium, Arthur Ford, we are presenting here a series of articles based on the newest book by Ruth Montgomery, "A World Beyond", in which Ford describes knowledge he has gained of the higher realms, particularly since he has passed to the spirit world.*

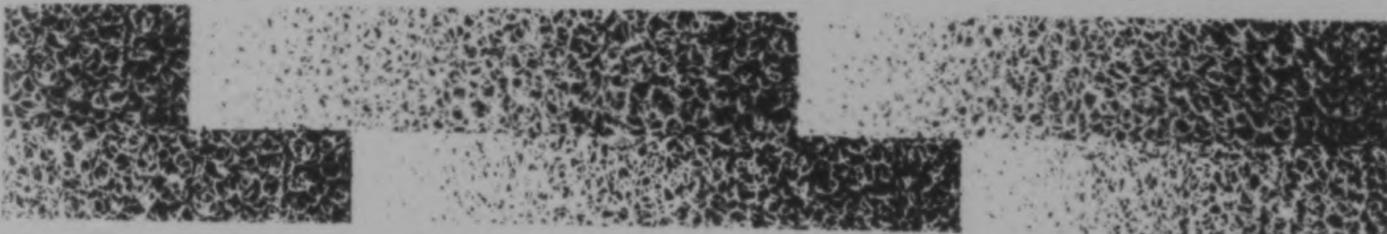

---

*In Part I of this article, in her book, referred to above, Ruth Montgomery is speaking with Arthur Ford and his associates in Spirit concerning the nature of the higher planes to which man evolves. Here we continue:*

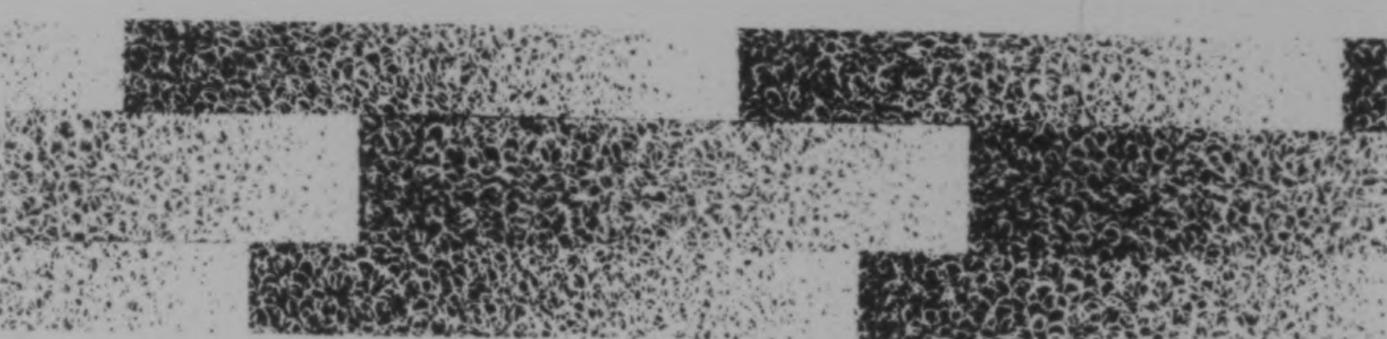

"Later we may pass on to Venus or Mars, or any of the other realms of consciousness in our planetary group. We are not so much a part of that planet as we are under the influence of its vibrations. We walk on the surfaces of these planets much as you in the physical state walk on earth, except that our beta bodies have no weight and no embodiments of flesh. We are rather more like ideas, and since we see other souls of like covering there, we could be said to mingle with them, but only as ideas. Some of the planetary vibrations are gentle and soothing, and others fiery and full of antagonistic pulls and pushes. We need to experience all of these in order to understand the universal oneness of all mankind and the laws which govern us."

Soon thereafter the writing resumed with, "This is Lily and the group, with Art participating. We are eager to tell you more about what occurs as the soul advances from this intermediate stage from which we are communicating with you. In the higher state this two-way communication is impossible, except for some such soul on the earth plane as Edgar Cayce, who was able so to step up his vibrations that by lowering our vibrations we could meet him halfway, so to speak. When I wish to summon the talents of one with whom we would communi, I return from the higher to this intermediate state, but that is why I do not hang around you all the time waiting until your highness is ready to be seated and receive. I am not trying to be sarcastic [Oh, no? I thought to myself] but merely to explain that there are many things more pressing than waiting around to see if you arise and shine in time for these morning sessions.

"In the next phase where I spend most of my life I am

# THE HIGHER PLANES

transfigured, so to speak, wearing light rather than astral form. This is because of the intensity of our devotion to the work of the Creator, and since we slip easily from the vibrations of one planet to others, we are best fitted for that work as a beam of light. Whatever form we wear, we never cease to be our own ego, for the self is what we will never escape. Some may wonder why there are those highly evolved souls in the earth plane who are always kindly and thoughtful, always willing to lend a helping hand, intelligent, beautiful, kings among men, while other souls are scarcely above the animal kingdom in their greediness, boorish manners, and lack of consideration for others. You wonder if each must always be himself throughout all the ages. The answer is yes, and before you think that this is unfair, I add that they started in the beginning as equal sparks of God. But as lives in the earth and on this side passed in succession, each developed his own personality through reaction to given situations, and since we choose our own situations into which to be born in the earth, they are the products of what they themselves have carried with them from one life to another in the earth plane. Interesting, isn't it! Each a duplicate of the other in the beginning, perfect sparks of God's love; yet how the earth plane changes them! This represents the reaction to temptation, so if one would be as the Master rather than as the uncouth oaf, let him look to himself and assess how he reacts to temptation. Form no habits that you cannot easily break, respond to the needs of others when asked, and remember always to be God-centered."

A little later they went into greater detail about the advancing states, writing, "From here, as you know, we have

by Ruth Montgomery

the choice of returning to flesh or going on to what you would call the third stage and the fourth. These are not too different one from the other, except that in stage three the higher vibrations are mastered and the steps taken for mounting into still higher frequencies of what you would call sound and light. We here are able through antennalike adjustments to attune ourselves to waves of sound and light that would electrocute or permanently deafen the physical man. We are attuned to these higher forces through a thinness of radiation which no longer requires protection when in the spirit body. As we attune to these higher frequencies, we find ourselves in a state most nearly described as fluid, for although there is no liquid, we are poured into the universal pattern, so to speak, and become so nearly one with it that we for a time lose consciousness of ego or self. We are a part of the fluid whole, and this benefits our understanding of what I have told you earlier about the realizations here that we are all a part of the perfect Whole.

“Now that is stage three, and stage four is what I have suggested in earlier reports: inhabitation of such other planets as Mars, Jupiter, Uranus, Venus, and the like, but not so much in a physical sense as in a state of higher consciousness; for while these planets contain life forms, they are totally unrecognizable in terms of the life forms which inhabit earth in physical form. These planets, each so different from one another, have various stages of development from the lowest protoplasm to the highest forms of thought patterns, and while Uranus is a particularly destructive planet in terms of reformation from evil, the most highly developed one is Saturn, which contains pure thoughts without embroilment in lower states of consciousness. Those who inhabit these planets for a time in thought form are sometimes so far removed from what earth folks call sanity and reason that if they ever decide thereafter to return to physical body they are rather out of tune with fellow souls incarnated at that time. Either they have mellowed to such an extent that they do not seem to have things in common with fellow souls there or they have been so fed by hatreds and warlike tendencies on Mars and some others that they are too antagonistic for comfortable living in the flesh.”

At this point Arthur Ford broke in to say, “During my present time in this stage where I am now, I have not visited the other planets, but from recall I know of having been on three of them between other earth lives. I do not yet know whether I will go there again or return to earth to complete my cycle of incarnations. This I know: I do not want to visit Uranus again.”

The question was then put to the group whether any other

planets are inhabited by physical forms somewhat similar to these on earth, and the reply was, "No, not life as we recognize it in the flesh form of earth. They have many species of interesting thought forms, such as radishes with wings, turnips with tails, lettuce that laughs, and animal forms which walk on air as well as water, besides many grotesque shapes of mineral life which would frighten an earthling out of his wits but which are quite as matter-of-fact there as river stones. They all have various forms of communication and operate on higher or lower frequencies than earth forms. They have their cycles of return to their planets, just as we reincarnate on earth, and once in a while the more adventuresome ones choose to tackle an earth life, but usually with disastrous results. For instance, when an aborigine is found in an isolated spot in Africa or wherever, he is usually one of these other-planet peoples trying to inhabit an earth body in the flesh. The little ones who occasionally have lived with animals and are unable to speak like a human when found are from other planets and through curiosity have tried out this new type of body. But they do not fit into it anymore than a wolf would wear sheep's clothing well.

"There are earth people who have tried guises of Saturn and other planets too, but the results are not beneficial. For instance, it is the same folly as trying to breed disparate animals one to another. When I say that we visit other planets for a time, I do not mean that we inhabit bodies there, as does the original life stock of those planets. We go simply as thought forms, to learn the laws of the universe and understand the immutability of the Law of One."

Another day they wrote, "These other stars present entirely different opportunities for growth than does the planet known as earth, the only one with which most of us are familiar here in this intermediate phase. We are all earth-trained souls. While we have recently come from the physical earth phase, there are countless other souls who have developed while on other planets throughout the firmament.

"A World Beyond" and other books by Ruth Montgomery may be purchased from Chimes. See page ix to order.

Our goal on the spiritual path is to come to the place where we actually live in the master consciousness (in God consciousness) at all times.

—Editorial from **Orion** magazine

*It is not necessary for me to supply a name, for I do not use a name in the same manner as you of Earth do. I am directing my messages through an earth "channel." He is advised also not to reveal his name. We do not seek profit, publicity or vain glory.*

*Certain beings of my world are contacting various "Key" Channels at this time. They are the "focal points" for further amazing messages soon to reach you from higher dimensions.*

I now give you another symbol earth man; it will illustrate the unity of creation. In nature you have found that all life is intricately bound and interdependent. This is also true in the universal sense. Though diversity may appear (just as it does in your own *physical* body) there is still *one* organism, *one* intelligence and *one* spirit.

A few of your materialistic authorities think of the universe as a cold physical and mechanical thing – void of a governing Source. How could your vision be so narrow? Do you not understand the underlying creative forces at work in the invisible? Your tiny planet is immersed in a mighty, pulsating universe. It is a trinity: of *life/energy, mind, and substance!* (Observe the symbol.)

PART TWO  
THE UNIVERSAL BODY

Because we are all subtly bound spiritually, mentally and physically, perhaps you can understand our mounting concern for your misuse of natural and atomic forces. We continue to keep close check on earth. Our observations have been accelerated this year because your planet's balance is at a most delicate stage. Even more sightings of our craft will be made — however, these will be seen in large part by those who have faithfully practiced the spiritual laws and increased their psychic perception.

We can make predictions within certain limits (only the omnipotent Father knows the whole fate of creation). For now, it is sufficient to say that earth is “weighed in the balances.” The law of retribution as a moral force demands payment. You have already experienced some unfavorable chain reactions by upsetting the cycles of nature and harming lower life forms. Now, some of your governments are extending the risk of negative karma by secretly “tinkering” with cosmic forces for military purpose. Earth science must inevitably acknowledge, and be governed by, higher spiritual principles. The good of all earth — not just a select race, country or ideology will need to be considered. Before a purer science evolves, numerous “sacred” theories will be revised. Others will be abandoned — when the light of truth floods earth.

Our predictions cannot always be pleasant. Earth men are as children experiencing “growing pains” while maturing in character. The present age of earth's transition is a difficult one: it is the period when wheat is sifted from chaff (positive and negative forces are stirred to the surface), as predicted by the Master Jesus; a time when individual and collective character will be tempered for purity in the furnace of chemicalization.

We encourage those who are faithful to the cause of right thought and action. Be not over-alarmed, earth brothers. Do not decrease your light — increase it more. The need has never been more urgent. Remember, the darkest hour must pass before a new morning dawns.

To those who would reject universal law we leave a friendly warning. The governing of creation is carried out by divine cosmic beings. These sons of God are motivated by love and will not directly interfere with mankind's growth under average conditions (except to inspire constructive progress in receptive minds and aid scientific progress indirectly). But — after being “weighed in the balances” — your world is ... “found wanting” intervention may again be necessary.

Lessons on Unfolding . . .

## Your Spiritual Powers

### THE IMPORTANCE OF DEVELOPING YOURSELF WITH PSYCHIC ENERGY

In days to come certain highly trained and dedicated men and women will make their appearance in various parts of the world. Their purpose is to help humanity. They will teach, they will demonstrate, they will advise and give example. Their very presence will have a beneficent effect. But do not wait to be summoned by one of these Masters of Wisdom. Start now to develop yourself.

### THE OBJECTIVES OF THE MASTER PLAN

You may ask, "What is the objective of this plan? You have described the conditioning process. What will be the result if successful?"

The object is 1) to produce such an attunement between men that a perfect telepathic interplay will result. As you can realize, this will eventually annihilate time or at least our understanding of it; and 2) to so raise the human vibratory level that most men will be able to progress to the third level of understanding where there is available to their scrutiny and study all past achievements and knowledge. Man will then know the true significance of and the possibilities inherent in his mind and brain and

thus open the door to a God-like omniscience.

These objectives are not to be realized in the dim and distant future. There are some men and women who are already beginning to open these long-closed doors. You can join this group—IF YOU WILL. The price of membership is not high. No money is required. The only payment is a willingness to study and work with persistence, a willingness to always put the welfare of your brother before your own and the ability to pick yourself up and start again, and again, and again.

### HOW TO GET FULFILLMENT OF YOUR DESIRES

Now join with me in one last exercise, an exercise I hope you will perform every day for the rest of your life. It will do everything for you that you want and need. I need say no more. Now sit back and relax as we begin.

1. Center your consciousness in your heart and visualize your entire chest area enveloped in a pink aura.
2. Take in a breath to the count of 6, holding this visualization.
3. Hold your breath in for a count of twelve and as you do so raise the pink cloud to a point about three inches above the top of your head.
4. Release your breath slowly to the count of eight and at the same time expand the pink cloud so that it includes your head and the upper part of your body.
5. When your breath is expelled and your lungs are empty, hold your breath out to the count of twelve and at the same time keep in your mind's eye the visualization of the shining pink cloud surrounding your head and upper body.
6. Now, center your consciousness in your throat and visualize a bright blue aura enveloping your throat and shoulders.
7. Take a breath to the count of six and hold the visualization of the blue aura.
8. Hold your breath in for a count of twelve and as you do raise the blue aura to a point about three inches above the top of your head.
9. Release your breath slowly to a count of eight and at the same time expand the blue cloud so that it includes your head and the upper part of your body.

**(To be continued — the foregoing, based on Joseph J. Weed's book, PSYCHIC ENERGY, a Chimes book ordered on pg. ix.)**

The joys of simple living and happy occasions are more than doubled when shared with good friends.

— Harold G. Hopper

# Lesson Twelve

## LOVE and COMPANIONSHIP

(continued)

Everybody in the world has done things of which they are ashamed. The wise person puts them down to experience, profits by that experience and forgets the bitterness of the experience. The man who loves you, loves you for what YOU NOW ARE. You are what you are because of the "seasoning" – the experiences you have had. Why make a "mental garbage can" of his mind dumping all your bitter past into it, perhaps to be thrown back at you later? Those who know human nature say "Never tell your past." A thousand chances to one he is not lily-white and has no right to demand that his wife should be. She, no doubt, has already shed enough tears to wash herself pure of her mistakes in judgment. The *real* man will not ask a woman's past. Many of those who ask, do so just because they enjoy the emotional thrill of listening to things best not recounted, better forgotten. The writer has known beautiful married romance, and has known married life that compared with Hades. In her particular line of work she has been brought into personal contact with more men than is usually woman's share. She writes from experience.

Never let a man become completely "used to you." You never thrill over your old clothes, do you? Keep yourself new, and fresh. Keep up with the new in many ways. Spend time learning to be interesting. When *you definitely resolve* that you will do this, ways and means will be put into your hands so you can.

Husbands can't be blamed much, or wives either, for beginning to stray when the married partner becomes careless, giving up all resemblance to the girl or man they married. Marriages are not all made in Heaven. From the long law court experience of the writer, listening to divorce cases being tried, it almost seems that some of them that reach the courts were made in the other place! "Whom *Good* has joined together" no one can part.

A marriage can be made Heaven, if it is between a husband and wife who are endeavoring to live a life of constant improvement and growth, ever changing themselves into something just a little finer, a little deeper, a little sweeter, and a little more thoughtful.

In your contact with your friends, be apparently pliable, not set or hard in your ways, but be firm underneath. This draws to you more respect. You will eventually attract friends equal to this standard who will breathe a sigh of relief when they find *you*.

Keep coordinated with conversing. Keep your entire attention on what is being said, not in a tense manner, but in a relaxed, smiling manner. Then you sparkle. Do not try to impress anyone. Be your natural self. You lose your matrimonial prospects when you obviously try too hard.

Getting rightly married is a science. Chance meetings may have to be arranged, so that you can again and again contact that one whom you think is a good prospect. But this will naturally occur. Men have no use for women who "run after them," they are flattered, of course, but the woman cheapens herself. With eligible bachelors in demand, woman must exercise her wisdom, just as man does when he finds a woman who attracted him, and whom he desires to see again. Woman does not respect the man who obviously "runs after" her.

It is right to want to get married. It is a normal state during the creative years, and should flower into true and satisfying companionship afterwards. Both husband and wife should feed a Divine Inner Life with proper books and meditations which will sustain happiness if the mate passes on.

It is also wise to adopt a child, if none come as result of the marriage. As years pass, a married couple without a child are so apt to become selfish, ingrown, unless they turn their thoughts outward to charitable and humanitarian work. Even then, until they find God Within, they are apt to feel a sense of futility, which they themselves can scarcely define, and do not know the reason for.

For those who must live alone, it is wise to have something alive about, even though it is only a canary. Have something with which you can talk when you get home tired from your office. Men use dogs, and women use cats for this purpose more often than they realize.

In following the prayer formula I have given you, put this prayer across into the great Universal Mind, with such energy and concentration that your subconscious knows you mean business. Then when you are sure you have the picture firmly engraved, remember to FORGET IT. You will then be subconsciously led into the places where you can contact this companion. When the right man comes there will be no wonder. Something within will say: "There he is." And you may first say: "I don't like his looks." Think back. Many times you have learned to like people very much who at first did not particularly impress you. Do not lose your heaven-sent opportunity because your Conscious mind can not *perhaps yet judge correctly from appearances.*

These lessons are preliminary to the advanced series of "Inner Teachings" offered by Chimes entitled "Light on the Science of Living." For more information, see page x.

Let nothing disturb thee;  
Nothing affright thee.  
All things are passing;  
God never changeth.  
Patient endurance attaineth to all things;  
Who God possesseth in nothing is wanting.  
Alone God sufficeth.

—Saint Teresa

# WORTHY WORDS

## **Phillips Brooks, Episcopal bishop**

Hold fast to yourself the sympathy and companionship of the unseen worlds. No doubt it is best for us now that they should be unseen. It cultivates in us that higher perception that we call 'faith'. But who can say that the time will not come when, even to those who live here upon earth, the unseen worlds shall no longer be unseen?

## **Azrael**

Your "time" – the years during which you are on Earth – is a critical period to the welfare of your successors.

## **Seneca, the Roman philosopher, born 58 B.C.**

A great soul takes no delight in staying with the body: it considers whence it came, and knows whither it is to go. The day will come that shall separate this mixture of soul and body of divine and human; my body I shall leave where I found it, my soul I will restore to heaven, which would have been there already, but for the clog that keeps it down.

## **Starr King**

This world is simply the threshold of our vast life: the first steppingstone from nonentity into the boundless expanse of possibility. It is the infant school of the soul. The physical universe spreads out before us, and the spiritual trials and mysteries of our discipline are simply our primers, our grammar, our spelling dictionary, to teach us something of the language we are to use in maturity.

## **Henry Ward Beecher**

We go to the grave saying a man is dead; but Angels throng about him saying, "A man is born."

## **Ona Lacy Hunter**

When we make contact with God through our prayers, meditations and affirmations, we are refueling our own light from God's light of love.

– from *Orion* magazine

## **The Urantia Book\***

Never forget there is only one adventure which is more satisfying and thrilling than the attempt to discover the will of the living God, and that is the supreme experience of honestly trying to do that divine will. And fail not to remember that the will of God can be done in any earthly occupation. Some callings are not holy and other secular. All things are sacred in the lives of those who are spirit led.

Chimes is a point of contact for the healing and blessing of thousands who receive it and who believe that the power of Spirit is unlimited. If YOU believe that Spirit responds to the needs of all who ask for guidance, for protection, for strength, for the healing of any condition, that we DO receive as we *believe* and *accept* our good, then write your request for special prayers to Chimes, stating your need briefly. The moment you begin to write to Chimes your special prayer requests, you will be getting results. Countless blessings will flow to you, and your prayer may possibly already have been answered.

YOUR BOOK OF LIFE

*By Dr. Joseph Murphy  
Beverly Hills, California*

†††

Whatever thoughts, beliefs, opinions, theories, or dogmas you write, engrave, or impress on your subconscious mind, you shall experience them as the objective manifestations of circumstances, conditions, and events. What you write on the inside, you will experience on the outside. You have two sides to your life, objective and subjective, visible and invisible, thought and its manifestation.

Your thought is received by your brain, which is the organ of your conscious reasoning mind. When your conscious or objective mind accepts the thought completely, it is sent to the solar plexus, called the brain of your mind, where it becomes flesh and is made manifest in your experience.

Your subconscious does not argue; it acts only from what you write on it. It accepts your verdict or the conclusions of your conscious mind as final. This is why you are always writing in the book of life, because your thoughts become your experiences. The American essayist, Ralph Waldo Emerson, said, "*Man is what he thinks all day long.*"

The subconscious mind is something Dr. Murphy speaks about with authority and renown in his book **THE POWER OF YOUR SUBCONSCIOUS MIND** — a Chimes book.

Letters to the Editor

GROWING TOGETHER – Four of us started your “Light on the Science of Living” lessons as a study group two years ago. We have truly enjoyed the lessons very much, but unfortunately have very little time to get together. When our study group does meet we all have a feeling of elation which lasts for days. Wish we could meet more often. We love you all dearly for this wonderful opportunity of studying and discussing these marvelous lessons.

*(Those who are Truth students – centers of light – do need the spiritual uplift and companionship of sharing their insights with others of like mind from time to time. However, more important is that they be about the Father’s business inspiring and helping others who need them more. This is what the lessons referred to above, as well as all truth teachings and experiences of life prepare us for . . . to serve where we are needed and to leave the world a better place than when we came. Often it is a lonely road that Truth students walk, but it is because they have gained an inner strength they are able to do so, as well as help others.)*

LETTING GO – I just wanted to drop you a line to thank you for sending Chimes out. It always seems to come when I need an uplift the most. Also I wanted to pass along comment on an event that may help someone else.

Recently I attended a lecture on a philosophy in which I am involved. The speaker was talking on the lines of positive thinking for abundance. He said, “Imagine yourself holding a thousand dollar bill in your right hand and a thousand dollar bill in your left. Now if there was a pile of money on the floor (say \$100,000) and you knew that in order to pick up that money on the floor you would have to LET GO of the money in your right and left hand, what would you do? Well, dear friends of Chimes, this struck home to me because upon receiving “Seed Money in Action” and Chimes I would half-heartedly practice the formula, thinking to myself: “Well, I only have \$6 in my wallet. If I donate or give say \$2 away, I will only have \$4 left.” I couldn’t let go of the poverty concept stuck inside my subconscious many years ago. What I really ended up with was ten times more than I began with, but I couldn’t LET GO! This LET GO phrase merely means to LET GOD take over, for He will anyway, but if we constantly hold on to a limited concept, we reap limited rewards.) It’s good to learn this. Blessings to you,

R.J. Di Criscio, Magnolia, NJ

PART OF THE WORLD FAMILY . . . THE CHIMES FAMILY IS a family of light bearers, each in his own way doing something constructive and creative to usher in the coming Golden New Age.

NOW . . . in 1972

each and every child of light must link up his efforts with every other child of light to awaken the masses out of their ignorance of God's spiritual laws and the spiritual realms that surround us.

HOW CAN YOU HELP? . . .

by letting your light shine in the loving way in which you perform your daily tasks, in your quiet times of meditation, in your outreach of prayer — when you pray silently with and for others. Remember the saying — the family that prays together stays together — this is because much good is accomplished during those precious times... far beyond our present knowing.

LET YOUR LIGHT SHINE MORE BRIGHTLY THRU CHIMES . . .

by doing your part to guarantee its ongoing. Many have written of their wish to participate regularly by their *monthly donation*... and many already are doing so. This page, then, is the Family Participation Page that can serve as a reminder each month of what you wish to do to help keep the light shining thru Chimes. You may even have ideas on this subject that may be shared with others of the Chimes family. Here's where we do it. Here's your own special opportunity to help keep the family together. Do it the best way you know how!

*Here is my monthly donation for helping with the work of the Chimes Family and to widen the linking of lights to bring spiritual guidance in these Latter Days:*

# A World Beyond

the author of "Here and Hereafter" and "A Gift of Prophecy" brings you now an extraordinary description of the afterlife, the result of a series of messages from the famous medium, Arthur Ford, after his death.

Dictated by Ford to Mrs. Montgomery is a full explanation of what life is like beyond the physical plane. Ford tells what it is like to make the transition from earthly form to the Spirit world where all appears with infinitely greater beauty and intensity to the soul prepared to perceive it.

Ford also portrays the active and constructive life being led in the world beyond by John F. Kennedy, Robert Kennedy, FDR, Winston Churchill, Martin Luther King, Jr., as well as many other famous people, including Bishop Pike with whom he was deeply involved himself. A WORLD BEYOND is a totally unique exploration of the nature of man, God and the universe.
