THE PRAYER OF THE CHALICE

Father, to Thee I raise my whole being
— a vessel emptied of self. Accept, Lord,
this my emptiness, and so fill me with
Thyself — Thy Light, Thy Love, Thy
Life — that these Thy precious Gifts
may radiate through me and over-
flow the chalice of my heart into
the hearts of all with whom I
come in contact this day
revealing unto them
the beauty of
Thy Joy
and
Wholeness
and
the
serenity
of Thy Peace
which nothing can destroy.

The Prayer of the Chalice has always been a very popular cover, and since it has now been more than a year since last we used it, we decided that now is a very good time for a repeat. It was first obtained back in 1969 when I paid a visit to the Glastonbury Ruins in Southwest England during my second trip to England and Scotland under orders from the All Knowing One. Earlier, at the beginning of 1969, this publication was 'born'. We've come a long way since then! But the Indwelling Spirit by whatever name called, is the Grand Director, Always!

Dear Ones All! Though the Festival of Easter is a month away as I write this, it will be just about here in the present tense when most of you read this greeting. So I do most earnestly hope and pray that each and every one will enjoy a most wonderful "Quickening" of the Heart and Soul,-the Center within you of the 'Christ Self' or whatever designation you wish to label it. At that time we will also be into the first of the three "Linked Festivals" of Easter, Wesak and Humanity that are centered around the Full Moons of Aries, Taurus and Gemini. I have spoken of this period a number of times in the past, - but it is important to again bring it to your Conscious Awareness so that by your active cooperation and understanding, you may "rise with the crest of the Wave" caused by the great Acceleration of Spiritual Energies. Because of our preoccupation with the many problems of everyday life, we tend to forget these important things of the spirit and thereby get caught unawares.

We must remember to exercise 'eternal vigilance' against the tremendous epidemic of "NEGATIVITY" that is flooding the world more and more. It is such a 'human' thing, and of course can be expressed in an infinite number of ways in ordinary conversation, for instance. One of the most common mistakes we all (or most of us anyway) skid into, like a car on icy pavement, - is to take up and perhaps repeat critical remarks about another person or situation. Even though there may be some basis of truth at times concerning a weak point or characteristic that has tripped up one of our friends or acquaintances, - nevertheless if we gossip or speak words of criticism, - we too become a party to the fault of our brother or sister. Did not our Elder Brother Jesus say to the mob, -"let him who is without sin among you cast the first stone!" Don't be too smug, either, - and think you have never been guilty of such a thing! We make a 'conversation piece' out of a piece of "juicy gossip" - isn't that so? It gives us an air of importance, and also feeds the ego, does it not, - to be in on the "know" of somebody's slipup or boo-boo? I well know that I'm not without fault at times (to put it mildly) but I'm working diligently on the program of 'self-mastery' in lots of different ways. If it's any consolation to any of you, - if you were perfect, would you be here on this planet Earth right now? That's what it is all about!

Before I ramble on and use up all the space, I want to mention the avalanche of beautiful Christmas greeting cards I received from my wonderful "family" of the Father's House during the Holy Season, - almost one hundred arrived, and the large majority from people I've never had the pleasure of meeting in person! That was nearly double the usual number I get at Christmas time. My large livingroom triple window is 9 feet across and nearly 4 feet high... it was FULL! I'm on the second floor and my living room looks out over the swimming pool in the Inner Court. I strung six rows of cards hung on strong cords, 15 to each row. It was a gorgeous sight from outside! Thank you each and every one!!! Such a wonderful outpouring of pure Love, there was hardly room enough to receive it! (paraphrasing Malachi 3:10.) So sorry that it just wasn't possible to personally respond to each one. I once spoke of starting a "love epidemic" so maybe that's at least part of the answer to what happened. ???

SPECIAL MESSAGE TO LIGHT WORKERS

Through Illiana

(Note: In view of recent happenings, - the raging rains, floods, mud slides, blizzards, hurricanes, etc., Guidance has led me to share with the FATHER'S HOUSE Family a message received last November and published in "New Age Teachings" in its November-December issue, regarding the cycle we now know as 1978. We include it here in its entirety. May it bring a Ray of Light to each one, encouraging us onward as we serve in our own capacity, the Realm of PURE LIGHT! - Loving Blessings to all, - Illiana.)

Dear Souls, born of Cosmic Love, you are approaching the end of a very powerful cycle, - 1977, as Earth generally measures time. Before the new yearly cycle begins, I have some Words to speak which can help guide the Light Worker into another strong period, - 1978!

Whenever a 'strong period' is in cyclic rhythm, - two things occur: stronger POSITIVE vibrations AND stronger NEGATIVE vibrations are in evidence. So it was in 1977. First consider the Spiritual activities. Many more have become attuned to the Higher Cosmic Realm, and made great progress in Soul-development. (In some cases this resulted in the birth of very advanced New Age Souls in all areas of Planet Earth.) These attuned Souls have sought their Spiritual Guidance from PURE Teachings and through the Lessons as expressed through the many COSMICALLY ordained Channels.

But there has also been an abundance of psychic display which is of a lower astral vibration, and NOT Cosmically ordained as the way to Pure Spiritual development! I admonish all sincere Light Seekers to be discriminative and KNOW the difference! As you know, 'psychism' is primarily affecting physical man, - concerned with foretelling 'future' events or bodily conditions, with little concern for the Spiritual Self. Psychics of this sort make use of 'physical' properties to assist them in their readings, - such as cards, tea leaves, palms, boards, human minds, etc. Those who seek favors from psychics are those still attached to matter and to the physical self.

Channels, on the other hand, are those 'tuned in' to the Cosmic Realm, who through PURE Meditation, receive Cosmic Teachings which are aimed solely at SOUL DEVELOPMENT! These Pure Channels use NO physical tools of any kind, nor do they need to be in a trance state in order to communicate with the Realm Of Light. Those who seek Spiritual Guidance through Cosmically ordained Channels (or through their own Inner Source of Light) are those whose desire is PRIMARILY to find total SPIRITUAL Fulfillment! Mundane matters are not part of Cosmic Teachings except when they are DIRECTLY concerned with that Soul's Spiritual growth.

I AM telling you all of this, - explaining these differences, to alert you to the choices you have. In both areas there has been a great increase of activity and YOU must decide which source will benefit you. Where are YOU on the ladder of Spiritual Evolution! This is the question, - and only you can answer it.

The year 1978 will be an extremely 'busy' year as it reaches many climaxes in Spiritual history! All that I speak to you at this time is for your knowledge that you can be prepared to cope with the many changes, the dramatic climaxes that will occur, and the perplexing events to come that will APPEAR on the surface to be contradictory to Spiritual Law.

The Planet is always moving forward in Spiritual history. Regardless of OUTWARD appearance, - KNOW that all is in Spiritual Motion toward Renewal. 'Man' will experience many upheavals as the planet prepares for the New Energies. There will be tremors, powerful storms of many kinds, and areas of drought and famine. These are conditions of purification, and must be looked upon without fear or anger! The Earth has undergone many ravishments at man's own hand, - so it is now necessary for Nature to reestablish order, and this can only be accomplished by way of powerful cleansing processes! If you are attuned to LIGHT you are capable of enduring these things and of comprehending the role of karma in the lives of the human beings who will suffer loss. And remember this, - Nature does NOT remove anything from you that is not replaced by more SUPERIOR SUBSTANCE!!

Man will also bring on many changes in his mental environment! First you will observe tremendous negative activity caused by aggressive acts. You see, all negative thoughts and deeds need to come forward into the OPEN! It has been hidden too long in some beings' consciousness, until a raging fire burns and spills out into the Earth's vibrations. Once the 'fire' is discovered, THEN it can be quenched! So, My Blessed Ones, you will see this increase in troubled minds, but you will also observe an increase in Awareness by those Positively led who will, in deep compassion, aid the troubled ones in "putting out the fires" that bring on destruction to themselves and others. Also the raging fire of WAR between brother-sister nations will continue to flare up as the purging of these nations continues.

You are not to be alarmed by all of this, for it is working toward the cleansing of a very distressed Planet. During 1978 through 1980 these negative-positive activities will be very heavy. The year 1977 has been preparation for this, - like the homemaker who gathers together all the tools necessary to thoroughly clean the home! Now, in 1978 and beyond, is the actual "cleaning up and repair process" that will occur. Following this will be the 'remodeling process' taking many years, - during which time the 'new' babies now being born will be POSITIVELY raised as New Age Leaders, both by their aware parents and most especially by the Cosmic Realm.

Let me tell you that these Souls in new bodies, born to these aware New Age parents, - are evolved Souls already prepared on the Cosmic Realm for the New Age Mission they are to fulfill! They will grow as normal children, but theirs will be a SPECIAL life. When very young they will express great wisdom which those aware of the LIGHT will recognize. By the time they are in their mid-twenties (according to Earth figures) they will be fully mature intellectually AND emotionally, - young Master Souls filled with God-Light and God-Love. They will be well prepared to lead the Planet in every phase of activity, - scientific, political, educational, spiritual and physical. Since

their parents (and grandparents in some instances) are also Light Beings in Earth bodies, - you can understand how peacefully, lovingly and WISELY the planet will begin its Ascent into the Fourth Dimension.

I AM speaking this message to you with the intention of inspiring, encouraging and stimulating you into more and more POSITIVE ACTION! Consider this, My Message to you as very IMPORTANT, WHENEVER it may reach you! Observe the Signs of the Times and gratefully acknowledge the Higher Wisdom of Father-Mother-God Who is LIFE to you and your planet, and to the WHOLE UNIVERSE! Accept the Plan for Earth as the Divine Plan and cooperate as YOU are ordained, - helping in restoring BALANCE and HARMONY where you are!

ESPECIALLY be attuned to the Cosmic Realm and resort not to lesser astral psychic teachings and methods, - for therein is much deceit! More and more become ego-less in nature. Seek PURE Truth, PURE Healing, PURE fellowship from the Inner Quiet Temple of Peace rather than the boisterous congregations of display seekers. The Spirit of Light-Life-Love is WITHIN you, - working silently and lovingly Its Perfect Way to bring Holy Healing to your Soul. THIS is the only demonstration that gives LASTING Wholeness to you and your planet, both PHYSICALLY and SPIRITUALLY!!

Blessings, My Beloved Souls, - as you embark JOYOUSLY on the next cycle of Activity! The more you radiate Cosmic Virtues, the more profound will be your enlightenment and thus your worth as a LIGHT BEARER! Yes! I AM THAT I AM, - the Pure Source of Life-Light-Love within your VERY SELF!!

MYSTICAL LESSONS FOR ALL LIGHT WORKERS, From The I AM !!

TIME and DAYS are INFINITE, Blessed SUNS Of LIGHT! It seems so important to many of you to have special Festival Days, - special days to honor Great Ones, and even special days to remember certain events in your own lives! But I tell you, on the Realm of Light, - the Cosmic Realm, ALL Time is INFINITE, - WHOLLY DEDICATED to All Good Things and to ALL Holy Beings!

Certainly there is no wrong in these Earth-oriented observances! Festivals to the Moon, to the Sun and even to the Stars, if it gives you pleasure and sustenance, - is noble and good, for I Am all of these! And if you feel a certain joy in setting aside a certain time or day to honor the birth and the Ascension of a Holy Avatar, - then by all means, do so! However, DO NOT use these Holy Days as targets for discussion and disagreement! It is observed that many make claims that a certain date is correct as a birthdate for a Holy Avatar, and another makes claim to a different date! Beloved, this is useless waste of energy! Don't you know by now that I AM ALL HOLY ONES! I Am All Time, All Space?!! If I Am Limitless Love, - then I Am also Limitless Time and Limitless Space! Let those argue over 'correct dates' who are still unaware of Limitless Love and Truth, - but you, My Beloved, need waste no time in this manner. I Am That I Am! Through Krishna I Am; through Moses I Am;

through Buddha I Am; through Jesus I Am, and through you I Am as long as you remain free from limiting thought!

DAILY I AM Within you, - and DAILY I Am resurrected within you!! Yes, My own Beloved, - each moment of time is spent in expansion as I Am servant to all, as well as Master of all! And just as long as you remain aware of My Limitless Presence, you are an Instrument of Peace through whom countless Atoms of Energy extend themselves to the hungry Sheep!!

So, My Blessed Ones, - waste no time in trivial matters! Days, times, - what do they matter when in Eternal Space all is NOW, - Timeless, Spaceless, INFINITE? !! Seek only to express as a Divine Light of Love, ANY TIME, ANY PLACE, - ALL TIME, and in ALL PLACES! Live always in the Eternal NOW. This is the new Awareness, - the mark of a true, a New Age Disciple. Seed your Souls with fertile Seed from the Cosmic Storehouse. Love, Purity, Noble Living, Non-attachment, Joy, Peace and Harmony, - these are the Seeds that grow into perfect Fruit of Immortal Spirit!

NOW I SPEAK TO YOU ABOUT TRUE WISDOM:

Knowledge such as the world possesses is of no consequence in the World of Light! Pure Mystical Wisdom is not found in books or in intellectual pursuits. When you become attuned to LIGHT, the experiences of your Soul will be of such delight that you will soar in Cosmic Space into a state of Limitless Ecstasy wherein the profound Truths of LIFE will be exposed to you. THEN will you know the important difference between Earth acquired knowledge and Cosmic Knowledge!

Beloved, Beloved! How difficult it is for the earth-embodied traveller to accept the truth that Higher Wisdom as sent forth from the Cosmic Realm is PURE, and can only remain pure if It is not tampered with by man's intellectual dissection. Even among those Cosmically ordained as Disciples of Light are many who resort to Earth methods of comprehending Truth. That is why, My Beloved Ones, - so much confusion exists, so many barriers are formed, and with so many becoming discouraged in the maze of conflicting explanations!

Earth's wisdom is limited by man's ego. Many books are written on the same subject, - yet each author intellectualizes the subject matter differently, suiting his own personality-ego! In Earth's schools, all these differing accounts are studied; confusion exists; debates are formed, and divisions occur. Contrary to this, - Cosmic Knowledge is simple and PURE, - spoken directly through the Inner I Am Presence. If you, as embodied Souls of Love, will refrain from intellectualizing these Truths, then the Knowledge will penetrate your Soul in Its Purity, bringing you contentment, peace and understanding.

ALL Holy writings, as originally recorded, were received by Channels (Prophets) simply and purely. These Holy Writings date back many, many centuries, as your time-records are kept. Yet, through these eons of time, there are countless numbers of beings called 'scholars' who have manipulated

these simple Truths, until today volumes are written giving different interpretations. And now today, the same Pure Truth is once again repeated, - and again through Channel-Prophets. It is NOT a new message, Beloved, - but THE Message of LIGHT which is Ageless, - given purely, with the admonition to you that It must not be 'humanized'! Its simplicity and Its purity must remain unchanged if the noble Truths It contains are to adorn the Souls of the Devotees!

Be content, My Beloved Ones, - to drink in these Truths, permitting Their flowing Nectar to bathe your intellect, keeping it untainted by man's ego-filled nuggets of worldly thought! Yes, Beloved Light Bearers, renounce the mind-flesh attachments and the intellectual jewels which separate you from God-Realization. Immerse your Self ONLY in the Pool of Infinite Light, permitting the Divine Mother and the Divine Father complete control of your every thought. Be content in the Cosmic Parent's warm embrace and become aware of the simple and noble Eternal Truths revealed within your very Self, - lessons unadorned by intellectual frills that detract from Its Purity.

You are eternally blest in your pursuit of Spirtual Happiness! Seek earnestly and you SHALL find that Ever-Present Source of Wisdom which surpasses all worldly knowledge.

LET THINE EYE BE SINGLE, BELOVED SOULS:

Recognize only GOD (GOOD) as the Source of Life. Acknowledge that there is but ONE Power in your life, and that Power is GOOD, (GOD). Whenever you recognize two powers, - good and evil, you are serving two masters. Beloved, keep your eye single, -(that is, keep your mind one-pointed), seeing only GOD, the Spirit of ALL-GOOD! To serve two masters is to divide your attention and thus you will attract exactly what you sought, - good and evil! But to be one-pointed, - to acknowledge in your life ONLY the Inner Presence of God (GOOD) is to devote your full attention to this Spirit of Light which is within you, and to firmly affirm this GOOD as the ONLY Source from which your supply comes!

So it will be that your Life will be filled with Joy, and your expectations will reflect that which is GOOD, thereby conceiving positive attributes within you and 'evil' will no longer exist in your experience, since you no longer recognize it as a power in your life. As you achieve this One-Pointed Mind of Light, you will soon recognize that ALL things move in a POSITIVE direction in your life, including those experiences which serve as LEARNING DEVICES for you.

Keep uppermost in your mind that each living Soul is a RADIATING CENTER of that Perfect One, - GOD! You who are conscious of this are strong Radiating Centers from which goes forth the God Force in all directions, soundlessly to others, - lifting their spirits and impressing them with this Truth.

My Beloved, if there are those within your household or other areas of your service, who are yet unawakened to the Reality of the ONE Power, - then concentrate your single-mind on their awakening. Do not waste energy on speech to

THE FIFTH INITIATION

(Excerpts From the Diary of Phoenecia-Vardis) (cp)

By Rev. Frances B. McKay

Beloved One who am really I: You call me Vardis, which is your specific name for Me, as the God-Self in YOU. Since your present spiritual work is to continue seeking CONSCIOUS Oneness with Me in your outer personality as well as within, - let me remind you that according to your Christian Scriptures, what you ask or do in the name of the Lord, (which always means your own Divine Source of Being) will be granted or successfully completed.

How does this promise affect your daily life and your progress toward mastering the things and conditions that make up your physical world? Well, precious Soul, don't you see? When you learn to act in full self-awareness of being the Focus of God known as YOU; when you seek to accomplish ANYTHING while thus identified with your Spiritual Nature, the task is actually done by you under, (or you might say IN) the name of the God that you are! This name, standing for My Radiant Identity focused THROUGH YOU, AS YOU, - then becomes YOUR name, and your whole life on Earth must, someday, be lived under that name.

In other words, your human body and environment is supposed to be CONSCIOUSLY created by Me, AS YOU, in the name of the God that you are, and when you realize this; when you practise being the God that you are constantly, - your physical instrument and outer reality will become the TRUE "image and likeness" of your Divine Perfection.

Now, this applies to you, of course, - but it's also the case with every precious Soul on Earth. ALL are 'Gods' and when each of you ACCEPTS your inner Divinity, merging It into your normal daily self, - anything you do under that name or IN that name, - becomes a glorious fulfilling, successful experience over which you have full creative command.

This fusion of your soul with Me sets off the regenerative process in your flesh. The occultists call it the Fifth Initiation, - and it corresponds to the symbolic period in which Jesus resurrected and rebuilt His body after it was crucified. All of you dear ones must go through it, as you too, tread the path to becoming an incarnate Christ. When this state of God-Self Awareness is reached, your outer personality will be forever joined to your Spirit-Soul combination, forming a trinity of Oneness that becomes the "Ascended YOU". Then all ideas of separation between the outer self and the Inner Identity by which you can say, 'I am I forever' will be eliminated. This is a natural unfolding process, and will bring you into the conscious state of Christhood that the Masters have already attained and by which you will do EVERYTHING under the name of the God that you have outwardly become! All that Jesus did, you will be able to accomplish, - for physical matter will respond to your creative word. It will be yours to form and mold

as you choose, - but you must always remember to do so lovingly and with the limitless Wisdom of your Divine Source

"Be still and know that I am God," is simply a command you're supposed to say to yourself! When you become quiet and know that "I am God" you may go even farther by declaring that "I can do all things in the name of the God that I am!" Of course your outer self may do nothing alone, - but join that personal 'you' to the Father Within which is your REAL Source of Identity by which you can claim your Divine Eternal Being as "I" and you will perform miracles with ease.

It's a case of how, and on what, you focus your sense of self-awareness, - whether you think of your personality as separate or fused to your I Am Presence that waits and longs to come forth through you, as the ONLY YOU, into which the 'little you' fully blends. To ask or work in the name of God is to take the name of your immortal Focus of Life and make it your name "out there" as well! As you learn to do this, everything you accomplish under this realization of Who and what you truly are, MUST become a God-created form of visible Perfection!

If this Mind, - this Mental Identity be in you as it was in Christ Jesus, you may ask what you will, and it shall be done, - for you will be acting just as He did, in a state of Christ Self-Awareness. Of course it will be as Christ Marian, Christ Elizabeth, Christ Robert, Christ Stuart, etc., instead, but that is how you "accept Christ in your heart," so you may be saved from the physical dangers of today, as well as damnation to the wheel of Karmic rebirth that some call "hell".

You already ARE a God! Jesus Himself told you so! Therefore accept what He said as Truth, - not blasphemy, and begin at once to identify your Real Self with the daily you. Then, as He predicted, you can also possess the miracle-working talents and powers the Nazarene displayed, - for they are your birth-right as "Sons" coming forth as a part of the Father. If you think this isn't literally so, you are refusing to believe your own Christian Bible! Your wonderful I Am Presence MUST become the everyday YOU before you can 'ascend' above the need for Karmic physical experience. Each soul on Earth has to start creating their reality in Oneness with the Divine Source, out of Perfect Love, according to your thought-patterns of true Wisdom.

This is the Mastery you've been striving to attain, just as the Great Ones did before you. You are meant to make your outer self 'God-Self Conscious' until you begin to use the name of God for your own in your daily existence. Be ye perfect, even as your Heavenly Father is perfect! The command sounds simple, - yet what does it mean?

Well, Beloved, Heaven is WITHIN you! Jesus described It as 'leaven put in a measure of meal, till all was leaven', and your Father is your Divine Source of being the YOU that you are today! Thus, your Heavenly Father is the root of your Divine Identity WITHIN YOU! Your real nature is bound to be perfect, for God is Perfection Itself, - and when you take His name as your own, you will soon be reflecting His flawlessness in the mirror of your flesh and surroundings.

You, as He, will then recreate the outer man you've thought of so limitedly as YOU, - in the image and likeness of the Divine Self you are now aware of being. Your world will become a Garden of Eden, and your body will regenerate as Jesus' did, into youthful health and vigor.

To "be perfect" as you were commanded to be, - you must learn to express your God Source through you, AS YOU, every day of your human life on Earth without interruption, until the physical identity with which you have always linked your conscious self-awareness accepts the fact that it too, and the Father are ONE! When this takes place, your name becomes the name of God, - and as I said, when you act or ask in that name, - NOTHING is impossible to you.

God-Life became focussed through you, AS you, - in order to express and experience Its Divine Ideas in physical form, that It might enjoy them and become even more in the process. Your job as a Divine Creator, is to impose the perfect patterns of Wisdom on the Substance of pure Love, and thus, through your spiritualized thoughts and feelings, to create the reality you experience in your daily existence as a "Paradise on Earth". YOU are the God who has to do the creating here! And you are the God who is meant to enjoy the results!

"Let go and let God" be you through you, - and your personality will soon reflect this Oneness into your body and environment as health, prosperity, emotional fulfillment, - anything joyous you could possibly want, - but you must work wholly in the name of the God that you ARE before you can master this art of creating perfection around you.

I repeat, for this is a lesson I want you to learn thoroughly and understand: You and the Father are really ONE, - yet you have to be aware of this fusion fully enough to think of yourself as being the God that you are in your OUTER self-awareness every moment of the day and night!

Your I Am Presence has to become the normal YOU in your body of flesh, BEFORE you can command the elemental substance of matter and make it take form in the name of the God that you are. Meanwhile, your sense of being that God will expand as you practice this conscious Oneness deliberately through adoration and meditation, until the day arrives when all the atoms of your world will heed your word, - and you can say to the mountain, - "Be ye removed and cast into the sea" and it will obey.

This isn't idle talk by any means. However, it's strong medicine for the doubting souls who have failed to make use of their Divine Abilities; who have failed to realize that they are immortal Gods, - not clods! All of you dear Earthlings aren't ready for this transformation in your human existence, because you haven't realized the power of your emotions to assume the forms you mold by the patterns of your thoughts.

For those of you who are, - begin at once to accept and speak the name of Yourself that you have always considered unspeakable in connection with your outer personality. That name is God! And though you may call It by various

sounds, - like Vardis, Eolia, El Morya, Sananda, etc, depending on who you are and how It individually relates to you, - that name of God is YOURS! In the awareness of It, you will unfold your Christhood like a budding flower, - and as your Bible says, "When you see God" (in yourself and others), you will be "like Him". Why? Because your own magnetic field will be vibrating in tune with your Divinity, and with that of those who are also Christed. It has been said that man will see the Masters in their electronic bodies, as the Aquarian Age unfolds, and that he will become aware of their beautiful etheric temples and cities round about him, - because he will be creating his own reality in accord with Their more Spiritual vibrations, - just as he now reflects his personal self in his present physical environment today.

On that Higher Wavelength of Being, you'll still agree by telepathic communication as to the appearance and surroundings of those on similar frequencies. You will grow conscious of the Light vehicles of the Ascended Ones and share their kind of environment which you will be creating for yourself too, in the "image and likeness" of the God you've outwardly become, - just as you now make your flesh and surroundings as reflections of your present personality.

Since "all are one in Christ", the 'Heaven World' as it's sometimes called, will be a normal part of your daily existence on Planet Earth, - just as it was before man sank into deep materialism, and the Masters walked freely among you as your visible teachers.

You're a God right now, Beloved! You're capable this very minute of making a Paradise for yourself, and this includes a healthy physical instrument through which you can function with efficient ease. Your mold for this, of course, is the trend of your thoughts and beliefs, but unless you replenish your form-building emotional substance with the pure Love from which Perfection is made, you won't have enough of this creative material in your auric field.

Adore your wonderful I Am Presence with all your strength, heart and mind, then your Love will give you something to work with. From It you may build health, harmony, abundance and emotional fulfillment into your new Divine Reality just as Jesus did. But you must identify your outer self with your Spiritual Source of Life until you have complete access to Its three main attributes of Power, Wisdom and Love. Then you will be as "wise as a serpent" - (a symbol of Immortal Understanding), in your thoughts, and as "harmless as a dove" in your heart from which Emotional Substance is always expressed.

Incidentally, the fact that the serpent in the Garden of Adam and Eve was forced to crawl on his belly through the dust of the Earth, signifies the eternal Spirit putting down an incarnate self which It accompanies into the world. There It tempts the soul into eating the fruit of material knowledge, which forces the Spirit associated with that individual to crawl through the dust of Karmic existence until its final personality, becoming Christed, - rises above the need for future physical life. In seeking this state of God-Self Awareness, a good attitude to assume in meditation to bring about the desired Oneness of Spirit, Soul and finally personality, is the following:

"I am a God, Incarnate, focused through my soul as ME! I am still and know that "I Am God!" That is my new name! Hence I ask and work under (in) the name of the Divine Self that I am!

"I am creating my present body and world in the physical 'image and likeness' of my Divine Nature. I am expressing only the Perfection of my I Am Presence, acting through me, AS ME, into my body and world.

"I am creating my reality out of the Love Substance that I am, -according to the thought patterns of Wisdom in my Limitless Mind.

"I am a perfect atom of Divine Energy, - creating my own surrounding Universe which I then radiate outward in Love, as the joyous God that I am! Therefore I experience only good in my outer existence!

"I have confidence in the perfect, harmonious Life of every cell in my body, and I know that each one is manifesting radiant health! I Love my dear body which I am creating in a state of comfortable well-being and wholeness, and I am at peace with my body now, - for it expresses me, - the Divine Me, as it should.

"I am the Master of my world and my fate within it. As the God that I am, I command the material substance of my Love in true Wisdom, and it responds gladly by assuming the perfect forms and conditions I desire to meet and experience in my daily life.

"Blessed I Am Presence, acting through me, AS ME, - I Love you with all my strength, all my heart and all my mind, and I constantly feel Your encompassing, constructive, supporting Love in return. This, I then pour forth to all life everywhere, - knowing that it leaves a supply of Substance in my auric sphere, which will take form perfectly according to the pattern of my lightest wish."

Such an attitude, persistently held will adjust your soul to the creative powers of Christhood, - but it must be done in Love! Otherwise, it would be best to leave such regenerative decrees alone, - for to the materialistic and the self-ambitious, they pose a real danger. Grow! Unfold! Your regeneration from 'clod' to God is not a race you're running! It is not seeing how fast you can perfect your body and world, - but a stage of evolution that you've entered instead.

This period of Spiritual growth, called the FIFTH INITIATION, is ONLY for those who are responsible enough to carry it through with Wisdom, persistence and a loving heart. It takes time, as you know, for a child to reach manhood. Even the lowliest plant must have a period of growth before it can flower. Though achieving the enlargement of self-awareness that makes a man a Christ, may seem to take place in the 'twinkling of an eye' - it should never be hurried.

Jesus was crucified while comparatively young, and regardless of popular belief, took much longer to regenerate Himself than history relates. He lived

on Earth as a Christ Incarnate, teaching others until the age of about 72 years. In fact, - it was the men who told and recorded the story, who shortened it to a matter of days, as they passed it from mouth to mouth, and generation to generation.

"Decree a thing and it shall be established unto you" and while the following declaration is dynamite unless you hold a wise attitude of loving humility, - if used 28 times a day or so, persistently, - it will help lift you into conscious Oneness with your own God Self! It is as follows:

"I am a Christ Incarnate now, with all the Powers of a Christ, and I always use them wisely and lovingly!" SING it if you want the idea to work with extra strength. But a word of caution to the wise, - ONLY use this decree if you are willing to purify your thoughts, your feelings and your diet to correspond. The guidance of your FATHER WITHIN will show you how.

- End -

MESSAGE To LIGHT WORKERS, - Continued from page 8.

convince them; instead let the Spirit of Love reach them as you concentrate on their Illumination. This Spirit will teach them more in a day than words can teach in years!! You see, - for so many generations 'man' has been taught separateness, - that he is far removed from God and from other beings, and that his life is influenced by negative conditions. These are false concepts which must be replaced with the REALITY of God's Indwelling Presence! Each of you, as you awaken to this Truth, become Beacons to others by your living example of Divine Oneness.

Finally let me emphasize that there must be RECOGNITION of God's Indwelling Power for It to manifest through you. Lack of this recognition is the reason so many 'negative' things crowd in on even those who are aware of these Truths. To be aware is important, but to recognize and ACKNOWLEDGE GOD ONLY as POWER is the way It will manifest in your Life.

Yes, - keep your Eye 'single' - ONE-POINTED, and your whole being will be filled with LIGHT!!!

I AM THAT I AM! LIGHT - LOVE - LIFE!

THE EASTER TIDE

Through Mary Myneta

Beloved students of the Light, would you be good enough to refer to your Bibles and read, as a foreword to these messages, the recorded gospels of Matthew, Mark Luke and John the Beloved regarding the circumstances preceding and during the resurrection of the Beloved Master Jesus the Christ? There are many versions of the story. Read from one or any version that you have and understand best. The impact of the Master upon life is recorded in brief, simple language, - too brief to be explicit, yet powerful and compelling. Perhaps more so since much is left to the reader's faith and spiritual perception.

The student is hungry for more detail, but without it, the inner mind is necessarily called upon to come into action, and to each one is revealed that which he can accept, understand and believe. Yes, dear ones, - there is a difference between acceptance and belief! Acceptance leaves room for possible doubt. One can accept a 'possibility'. One can accept with reservations, but belief is FULL acceptance! Belief is FAITH!

As you read each of the gospels, different portions of the miracle will be revealed as the writer stresses that part of the story which appealed most strongly to him. In the end, John records the heart filling words which close his report. "And there are also many other things which Jesus did, - and if they should be written, every one, I suppose that even the world itself could not contain the books that should be written."

Arise into the Higher Consciousness of your own Christ Self as completely as possible, and abide in stillness within that spiritual realm. Let the pictures of the past begin to flow before your eyes as the etheric record unfolds for your edification. Visualize the tomb, - not as it is portrayed by artists of by-gone days, but as it seems to your inner mind's eye. Run beside Mary Magdalene as she hurries hence at daybreak to visit the tomb. Peer into it and see the empty place where the Master had been laid to rest, and run again with her to tell the others. Stand by her as the Master speaks to her, - "Mary why weepst thou?" Feel the impact within your own world as He reveals Himself! In like manner will He come to you as you are raised in spirit to adjust to His vibration and accept His Presence.

It can be this hour if you are ready! The veil can be rent when the time has come for the revelation, but it is not for man to decide. It is within the province of the Christ Self to know when the time has come. There is oftentimes great terror in moments of revelation, - especially for those who are not prepared. Consider those of the Disciples who merely witnessed the empty tomb, They were terrified and yet awed when they realized the truth. It took time to adjust to the vibrations of the Master and accept the miracle.

The story is told that as the Master came forth, the guards who had been stationed around the tomb by Pilate's order, to prevent His possible escape

in the event of His resurrection, - fell into a deathlike swoon as He appeared. The same would happen today were the Master to materialize before unbelievers whose worlds were not somewhat purified by love and God Illumination.

Much transpires in your midst daily of which you are totally unaware. Masters and Cosmic Beings move often upon the Earth unseen, even by those who long to behold them. It is hard for the disciple to accept the fact that he is not yet steady and strong enough to withstand the tremendous outpouring of Life and Light from the great Ones. You may ask how it is that their Presence does not affect you as they move about, passing amongst you? The higher vibration of their Presence does not affect the lower vibrations of the human self. This may appear to be a contradiction, but further explanation seems only to cloud rather than clarify the mystery. Wait for the moment chosen by your Christ Self, in patience and in peace.

Read the Scriptures and let the pictures run as a film through your conscious mind. Having entered into the reality of the etheric record, rejoice and be glad! Some of you were nodoubt nearby at that hour. Let us all join together in repeating the prayer which He taught to His disciples, and with which each one of you are familiar in the vernacular of your church creed. Or better still repeat the Chalice prayer from the closing paragraphs of your own Order of Service, and prepare to receive a message from the One who stands in your midst, and who was witness from the Heaven Realms at the moment of the rending of the barriers of death. This One stood by and assisted as the stone was moved away, and sat silently within as the Master departed into the dawn's Light.

THE RESURRECTION

Children of the Creator Who dwelleth on the Planet called Earth, - long have you been entombed in a dark catacomb of earth consciousness. For centuries the whole of the Planet has been buried in darkness of its own creation. Each of you have been struggling through lifetime after lifetime, attempting to remove the stone, or to roll it away from the door of consciousness in order that you might arise and be totally alive again. As you determine to arise, so shall it be! Resurrect your souls my beloved. Awaken from the dark catacomb of despair! Remove the dark pall which covers you and put on the garment of Light which is now extended to you. Allow the angels of mercy to wrap you in its splendor and glory. As each of you succeed in this awakening, so will you aid in awakening the planet and raising it from its tomb of darkness to radiate light. Each arisen Light Bearer contributes to the whole. We know the struggle that many must experience to come out of their own dark catacomb of self. It is never easy to come from darkness into light after centuries that have been spent in a dark chamber of self-consciousness, - but with perseverance each one will find light and rid himself of the curse of darkness and death.

"I AM" the Resurrection and the Light of the Christ Presence! Do you know My meaning? This does not refer to the personal ego. Oh no My children, the "I AM" I spoke of is of the Cosmic Beloved which is in each of you. I know

this is not easy to comprehend. Indeed it is a mystery to some of you, but it is true. The "I AM" is within you, as in all beings. If you will let the "I AM" in you be the superior force, then you will awaken from the ignorance which is darkness and behold Light and Truth again. There shall be no mystery then.

Jesus always spoke in symbolism in order to be understood by those to whom He addressed Himself. Others sought another meaning. Meditate on the sayings of the great Master, - for therein lies immense wisdom. The "I AM" is the Resurrection and the Light. You who believe this will never die or return to darkness. Again My children, understand this, - I am speaking of spiritual life and death. To believe that the "I AM" is WITHIN, is the motivating force which propels you to an understanding of Truth! It means that true life, a life of spirit is for you, - everlasting! For you then, - there is NO DEATH! Immortality is yours! Ponder this; meditate upon it constantly and you will receive understanding. Yes, the body machine will become worn, will deteriorate and eventually will die, but your Divine egoic force can never die if you believe in life and obey the "I AM" within you.

My children, live in the spirit of truth in which you were created. Live in the spirit of joy in which you were created. If you dwell in these attributes, then you will live according to the potential within your Creator. You will then fulfill your role on the planet and light the flame of wisdom in many souls, - thus aiding others to resurrect from the darkness of ignorance. Arise my children, - arise and come forth into the Light and bring your brother with you. I am a Teacher, - a channel of Light.

Say together "I AM the Resurrection and the Light" nine times. Thus the vibrations of those words will take effect within your human consciousness. Visualize the great Master Jesus-Sananda in glowing, blazing splendor as He descends into this force-field upon a ray of dazzling fire substance to release His Love unto each one of you who speak those words of Light in understanding.

JESUS CONVEYS HIS LOVE AND ILLUMINATION

Beloved disciples and followers upon the pathway of spiritual illumination, I stand in your midst even as I walked on the roadway at Emmaus and spoke to those travellers so long ago, - yet you see Me not; you hear Me not! I come now to release into your minds, into your feelings, into your worlds, - the Peace of My Presence that you may push aside and lock out all interference and jangle of the outer world. Within the peace of your own I AM Presence, I will stand revealed, - for have I not said that I am with you always?

I spoke those words to my beloved disciples and challenged them as they prepared to go forth into the outer world to carry the gospel of Truth as I had revealed it to them. I spoke not only of the I AM which is the Divine Essence of Life within each of them and in Me, - but I also spoke of My personal Presence for those who serve Life in My Name are attached, as it were, by a silken cord of blazing Light Substance to My Heart, and where that one serves in My Name there I Am also! I brought to man a new commandment, - namely that he should

love his fellowman. That commandment has not yet been fulfilled. I challenge you who walk upon the spiral of attainment, to seek to fulfill that commandment now.

To love God is to love your fellowman. Love is the Light of the world, - and "I AM" that Light! "I AM" in you is that Light! Go now and fulfill that commandment. Only Love will save your world, and your world needs a savior. Though I come unto you and you see Me not, - I stand above your planet and pour out My Light. Those receive it who are prepared to receive it, even as I walk amongst you My disciples, proving to you the reality of My Presence. You have the record and you have the faith. Believe! believe! believe! Have faith, have courage; go forth and feed My sheep, for I AM with you all the way.

ACCEPTANCE

Beloved Master Jesus, - for your words of inspiration, for your words of comfort, for your words of wisdom, - we are grateful! For your wondrous Presence in our midst, we are grateful, - though we yet see but through darkness. We invoke Thy Radiant Presence and Thy loving hand to lift the veil, - that we too may perceive the reality of Your Presence when we have become sufficiently prepared. From this hour henceforth, may Thy Presence be a greater reality, a greater source of inspiration and an ever brighter light oh Beloved Master Jesus, our Lord, our Saviour and our Redeemer.

Each one please invoke silently your prayer of gratitude and love from your heart to the beloved Master as He stands in His luminous projected Presence to descend into every church and cathedral and to all those who may reach toward God Illumination. May the veil be lifted, and may all see the Redeemer and know Him face to face.

For a few moments silently visualize Him as best you can, in the consciousness of your Christ Self. Feel the Presence of the mighty Master and absorb the gift of His Light and Love into your individual beings and worlds. Pour out your love in deep gratitude to your mortal teachers and channels for opening the door, for raising the veil, for illumining mankind and making way for all those who have ascended to bring forth the Christ message through their Christed Beings as well as the Master Jesus Himself. Try to visualize them in their radiant, glorified God Presences, and send to them the gratitude of your hearts, - for they too exemplify the Risen Christ. Though they have not visibly returned as Jesus returned to His disciples that they might see Him face to face, - yet we know that in their great wisdom, their strength and their light, they have returned again and again to fortify those who follow the teaching of the Master as expressed through the open door of love, consecration and dedication.

Even as the Masters gave them the responsibility of feeding sheep, many have fulfilled that mission and moved on into the resurrection and the ascension. Many have beheld them in their wondrous ascended bodies. May we now walk and talk with those who are illumined, as we raise our consciousness nearer and nearer to that of the Holy Christ Self. We send our deep love and gratitude to all those under the radiation of the Ascended Masters, both in this force field

and in other force fields, and to all others now risen into their eternal freedom also. We give our gratitude to Life and to the Christ, the Wayshower, the Life Giver for this knowledge of life eternal, and the Light of God that does not, can not and will not fail as It illumines every soul who makes his way upon the spiral of spiritual illumination, - either from the world of spirit or from the world of flesh. For the experiences of our lives and the opportunity which has been offered to us, that we may also manifest as our wayshowers have done, in the name of Jesus the Christ, we are grateful. "I AM in the Father and the Father is in me." Blessed be he that testifies unto this truth and thus feeds God's sheep.

The sign of the heart, the head and the hand to you! The blessing of the great Master Jesus rests upon you! Wherever you are, wherever you go, let this wondrous message through you flow. Throughout your days of activity, and even during your nights of rest, the ceaseless outpouring of this gift of Light keeps you and all those who look to you, forever in peace and forever blessed. I bless you as the Masters do. May your eyes behold the Living Christ; may your hearts respond to His call; may your hands and your feet become the hands and feet of the Christ, to serve amongst mankind to bring courage and healing, to inspire hope and faith among all wherever you pass by. The sign of the heart, the hand and the head to you! Go now in peace and feed God's sheep. On this glorious Easter Day may your spirit ascend into the Heart of the Christ and remain there sealed forever!

THE EASTER LILY

WHEN CHRIST AROSE ON EASTER MORN,
IN GLORY AND IN GRACE,
HE WALKED WITHIN THE GARDEN,
MAKING IT A HOLY PLACE,
FOR EVERYWHERE THE SAVIOR WALKED
A PURE WHITE LILY GREW
AND SHED ITS FRAGRANCE ON THE AIR
TO SCENT THE MORNING DEW.
AND STILL THE EASTER LILIES GROW,
AND BLOSSOM ON THE WAY
AS THEY FLOWERED IN CHRIST'S FOOTSTEPS
ON THAT FIRST GLAD EASTER DAY!

"KNOW THYSELF"

(Through God's Grace)

To KNOW the glorious creation that YOU are, - you must first realize the FULLNESS OF THE TRUTH! The truth is that YOU ARE GOD'S PERFECT CREATION! All that the Father is, is within EVERY CELL OF YOUR BEING! You were created in the image of the Father, and given DOMINION OVER ALL THINGS! Yet, when we analyze the whole of mankind some inhabitants have, in some ways, regressed below the animal, vegetable AND mineral kingdoms. Why do I say this? Those kingdoms still, for the greatest part, are in tune with the Infinite Intelligence of God within their beings. Behold the mustard seed; it has complete faith in the Creator. It does not struggle, plot, plead and pray to be itself. It KNOWS ITSELF and rests in the DIVINE WISDOM OF THE LORD! It lives one moment at a time enjoying the GLORY OF BECOMING! IT NEVER DOUBTS that it will break forth from the seed and grow into full manifestation, and it NEVER ATTEMPTS to tell God how it wishes to spring forth. With the faith of the mustard seed we would enjoy each moment set before us, doing the tasks of the Father to the BEST OF OUR ABILITY!

The birds do not worry over what they should wear, what they should eat or where they should find shelter. They listen to the FATHER WITHIN, and KNOW that even if they are directed to fly for miles and miles, - all that they need will be provided. So much greater is the direction given to us when we seek and LISTEN to the Father within our own being. Would not our song ring out even more gloriously than the song of the birds who sing their gratefulness to the Creator? The glories that God has in store for each of you, that will live in Christ and see the Christ in everyone, far surpass the glories of the other kingdoms.

We too must learn to listen and KNOW OURSELVES! We must grow up and into our dominion. We must be BORN AGAIN as a chick is born, by breaking out of our shell of illusion, penetrating the veil, - thereby KNOWING, BEING and INHERITING our kingdom. We must give up the ego trips and stop looking to man for answers. We must become as a child, - listening to the Father within Who KNOWS ALL THINGS! Until we do, we will never truly know ourselves and step up to our dominion. The Bible gives many paths to self-realization, but the following is the most importantly emphasized.

1. Ye must be born again.

A. Born of the Spirit.

1. By knowing and keeping in tune with TRUTH.

(a) The TRUTH that ALL IS GOD.

2. Seeing through the illusion of man's creation and becoming one with God.

- (a) Freeing the Temple within from hate, mistrust, doubt and other destructive thoughts so the Holy Spirit will wish to reside within.
2. Ye must be as a little child or you will in no wise enter the Kingdom of Heaven.
- A. A child listens and can be instructed. You must listen to the Father within as a child must listen to a parent. He is the All Knowing One!
 - B. You must become aware that of yourself you can truly do nothing. It is the Father within that doeth the works.
 - 1. Only through His Knowledge of ALL THINGS can you know the effect your actions will have on others and the whole of humanity.
3. You must grow in the WISDOM OF THE LORD.
- A. From the child you must grow to your Godhood with the help of the Father within.
 - 1. He will teach you the LAWS OF NATURE and the UNIVERSE, and give you dominion over ALL things.
 - (a) You will say to the mountain, move, and it will.
 - (b) You will heal the sick and raise the dead.
 - (c) You will control molecular substance and manifest instantly that which you need.
 - (d) You will travel where you wish in the time it takes to visualize your ascent.

Is there any desire one can have that would exceed these gifts from the Father? Is not the discipline it requires worth the reward? Before we go into these steps in more detail, let us once again review what the TRUTH IS. The Truth, as I am made aware of it, is that within each atom of our body, all of the Intelligence of the Father, and all that atom must perform is contained within it, just as each acorn on the oak tree contains its source and all of the characteristics of the tree it will become. No matter what your body appears to be manifesting, - (crippled, blindness, cancer, etc.) the molecular structure is always perfect. The atom is always perfect. The electron still circles in its perfect orbit, and all is good in God's Kingdom.

The miracle healings that occur are when the individual ceases to focus on the illusion of illness and begins focusing on truth (God's Perfection). God never created disease. It is man's creation and it must have man's belief in it in order to stay in existence. When man has enough faith in anything or person to change his consciousness from disease to LIFE, HEALTH and GOD, the disease can no longer exist! There is no energy to support it. When we pray to God to heal us, we are asking God to behold us as imperfect and then

No matter what your body appears to be manifesting, - (crippled, blindness, cancer, etc.) the molecular structure is always perfect. The atom is always perfect. The miracle healings that occur are when the individual ceases to focus on the illusion of illness and begins focusing on truth (God's Perfection). God never created disease. It is man's creation and it must have man's belief in it in order to stay in existence. When man has enough faith in anything or person to change his consciousness from disease to LIFE, HEALTH and GOD, the disease can no longer exist! There is no energy to support it. When we pray to God to heal us, we are asking God to behold us as imperfect and then

make us what we already are in truth, - PERFECT once again. Man's thinking cannot change the Truth in God's Creations. His Creations remain perfect no matter what man does. Does the Ocean become less powerful because a wave decides to remove itself from the whole? Is not the wave foolish to ask the Ocean to make it strong when it continues to remain away from the Ocean? ALL that God created is perfect. To know ourselves, we must realize that we are created in God's image and are also perfect. But we have all the power of the Father ONLY when we are ONE WITH HIM and moving in the same direction, according to His Guidance.

KNOW YOURSELF! Know how you have been using your creative powers by observing the world you have created. Yes, whether you care to accept it or not, you have created the world you now live in by your correct use or misuse of your creative powers. Every thought, word and knowing belief of the past has helped to mold what you see around you today, or what you have allowed to happen to you in the past. Certainly, you started in the world of your parents' creation, - but even then you were perfect in Christ. Once you became of age, you were free to create on your own. Your house, job, furniture, setting, etc., are a result of the choices you have made in the past.

Look around and know yourself! What has your thinking settled for? What price have you paid? Has your creating been within the Grace of God? Have you loved your brother and considered him as well as yourself while creating? Have you rested in the Peace and Instruction of the Lord? Or have you focussed on the material world and manifested a body full of tensions, hate, criticism and self-incrimination resulting in sickness and disease?

You see, we must keep the inside of our temples as clean as the outside. We must experience love for ourselves and our brothers to maintain temples of inner beauty, which results in health. Each fit of anger or held in grudge, blocks the body from its free flowing harmonious duties. Your general trend of thinking, talking and knowing has brought about all that you are, what you do and what you are experiencing from others.

Know yourself by looking at what you have created. If it is good, see if you can make it better. If you do not like what you see, - change your thinking, talking and knowing, to what you do desire. The ultimate is to KNOW THE TRUTH and keep it in your thinking, knowing and visualization, thus manifesting your HEAVEN ON EARTH - HERE AND NOW! Too difficult? It, like all things we learn to do in life, - becomes easier with practice. It is the most important accomplishment, with the greatest rewards that is possible for one to experience. It is the road to health, abundance and eternal life.

Another important insight can be gained in knowing yourself by analyzing what you see in those around you. What you see in another will tell you what you are or have been, and may give you an insight to what you could become. It is not expected that anyone will admit this as being true, - for it requires that we must honestly look at ourselves, and this is most difficult to do. When you are tempted to criticize another, you might ask yourself if it is

because **THEY** are not behaving in a manner that benefits **YOU**, or they possess a characteristic that you dislike in yourself. Think about it the next time you are tempted to criticize and use it as a tool. Purge the characteristic from your being, and forgive yourself if you possess it.

If you are criticizing because someone is not living their life according to your demands or expectations, - feel free to live your own life, but free them to live their own life also. God will bless you exceedingly! Measure where you are in the scale of evolution by what you see in others. If you are seeing the Christ in all without effort, you have made progress. If not, facing the fact that you have a way to go may cause you to start making progress.

The Christ is within **ALL**! The God Intelligence is within every cell and atom. By tuning into that perfection, you tune into God. By seeing the Christ in all you meet, you help to bring it forth in them and in **YOURSELF**! Don't pretend to see It! Look deep **WITHIN**, and the Light will shine out with all Its magnificence. We are all one, and you will be seeing yourself then also. When you truly **KNOW** yourself, - your **ONENESS WITH ALL THAT EXISTS** will be realized. You **ARE** and always have been **ONE WITH GOD**! There is no way that you can separate yourself from Him! He is the Divine Intelligence within your every atom.

Each manifestation you see, - whether it be a table, flower or person, is alive with the energy and power of God's Presence. What you eat, drink and cover yourself with is composed of the molecular structure ruled by Divine Intelligence. Whether you are living in the heights of heaven or in the depths of hell, you are surrounded by and encompassed in God. He is in you, and you are residing in Him, as Jesus tried to explain. He always sees and knows your perfection, no matter what state of awareness you happen to be in. That is why so many pray amiss. They ask to be made whole, - and they **ALREADY ARE**! It's their belief that is wrong. He cannot make you more perfect than you already are! He will not force you to think, know or come to Him. You have free will to think what you will, - but do not ask Him to join in on your **ILLUSION**!

If you wish to know His Perfection, - practice seeing perfection in **ALL**, and thinking and talking thoughts of health, abundance and joy. Give Him your burdens, take His knowledge of Perfection and He will make the crooked places straight. Claim your heritage! The Kingdom of Heaven is **ALWAYS** at hand, waiting for you to accept it. If you are not experiencing **HEAVEN ON EARTH**, and you desire it, - start today by **KNOWING YOUR TRUE SELF**!! It matters not what your past has been. Sometimes it is easier for the so-called sinner to "ascend to Heaven" than one who has always lived a Christian life. Those who think of themselves as 'sinless' tend to be more critical of others. **ALL HAVE SINNED**, - but the sin is only the choice to believe in other than God, and at times, all are sinners in this respect.

One who has committed a crime against society is still perfect **WITHIN**, and once that perfection is understood, it is manifest in the physical. We can see therefore, that the one who realizes that he has not been perfect, may wish to change. Those who think perfection is already theirs, may not. Even Jesus

said, "Why callest thou Me good? None is good, save one, and that is God." Those who think they are so perfect they feel they may criticize, must realize **ONLY the FATHER WITHIN IS PERFECT** or they can never be one with the **ALL LOVING, WISE and FORGIVING FATHER WITHIN!** Heaven, you see, is the awakening to the Truth that we are only **PERFECT** when united with the **PERFECT FATHER WITHIN!** Any person, from any state of consciousness can awaken to that Truth, at **ANY TIME!** And the Father will lovingly forgive and accept that which always was, is and will be with Joy because of the awakening.

God will not punish the sleeping child. Sleeping was its own punishment. God never punishes. He only warns us about what our wrong thinking will bring to us. The awakening can be instantaneous, or in gradual steps. It is the awakening that is the 'rebirth' or the beginning. One must then learn the mastery of every thought, word and deed to continue in the God Consciousness. One must be as a child listening to the Father and grow up from that point by living every word that comes out of the mouth of God. It requires being in tune with Truth every waking moment, - until Truth becomes evident, even when dreaming. The chances of that happening instantaneously do not seem great. Many have been called and few chosen.

Many fall by the wayside because it does take discipline and determination. To have dominion over all, you must care equally for all! One must rise above selfishness and greed. By asking to be born again of the Spirit and accepting Jesus as the Shower of the Way, we can develop the same Christ within us that was in Jesus.

Can we go wrong by allowing ourselves to be taught by the God Within? Why not stop telling Him what to do, and instead ask Him for His Will to be done. **KNOW** and **BECOME** your **TRUE SELF!** It is God's Good Pleasure to give you His **WHOLE KINGDOM**, but you must first grow wise enough to know **HOW** to rule lovingly over those who would look up to you for guidance.

THE AWARENESS MOVEMENT

In The Washington State Penitentiary

The absolutely phenomenal success of this "do-it-yourself" or 'self-help' group of prison inmates in the Washington State Penitentiary just recently came to our attention. For the past three years we have been supplying several copies of each issue of the Father's House to another group with a similar name in this Institution and we had assumed that they were reaching all the inmates that were interested in what we have to offer in the way of Spiritual Truth. We have found that the number and/or percentage of inmates that are interested in our publication varies greatly from one Institution to another. Also we do not have information as to the total number of inmates in each of the prisons scattered all over the U. S. where the Father's House finds its way. Some are served through groups or prison libraries, chaplains, etc., but mostly our prisoner mailing list goes to individual names who have written a request that they be given a free subscription as offered in the book put out by the Hanuman Foundation, titled "INSIDE OUT".

So it was natural, when we received a letter from Mr. Charles Epperson, the "Internal Director" of the above group, that we referred him to the group to which we had been mailing for some time past, telling him that we would be glad to add some additional copies to their order. His response was to send us more complete information concerning their program and exactly what they are accomplishing. I then mailed two large packages of magazines and books that we could spare, with the promise to place them on the mailing list for a sufficient supply of future issues of the Father's House Quarterly.

A BRIEF HISTORY:

The Awareness Movement was begun in early 1974, by a group of prisoners in the Washington State Penitentiary who came together for the express purpose of finding solutions to the problems of prisoners. Two years ago, in February 1976, this group became incorporated as a Non-profit Corporation in the State of Washington. The purpose and goals are stated as follows:

"The Awareness Movement is a "prisoner-helping-prisoner" movement dedicated to complete revision of the corrections system. After 200 years of failure and injustice, we the prisoners doing time now, offer our total commitment to the attainment of that goal.

Further, we reach out to all of society, asking respectfully and with love, - that they join with us in dignity and unity as a "people-helping-people" movement for there are many 'walls' to lower! We plan to achieve this seeming impossible task simply through the creation of a better understanding of ourselves as prisoners to the world we live in here and now (prison), and to the world we will one day return to (free society).

A method of creating this understanding is contained within the Mini-Freedom Treatment Model which has been, and is being developed by prisoners, -

for prisoners. The Mini-Freedom Creed is as follows:

"The sole function of "Mini-Freedom" is to gain from the individual a total commitment to respond toward himself and toward others, - as a complete human being; one in tune with all the natural laws of the Universe."

During its four year history, this Movement has continually strived to create a program of convict-helping-convict through concern, interest and group interaction, - classes, seminars, circles as well as other group functions. The apparent strength and value of these encounters lies in the intense aura of identification that has helped to promote an atmosphere of absolute honesty.

It has been the intention of the founders and present members of the Awareness Movement to create here within this antiquated prison an "anti-criminal society". In this direction, we feel, lies our only chance of salvation from degrading frustration that comes from leading a life of social deviancy; anger at the Greater Society which is expressed through criminal acts, and then, of course, apprehension, remorse, ever-lengthening periods of confinement in prisons which do little more than add to the brutalizing of the convict.

Therefore, the members of the Awareness Movement have dedicated themselves to growth in a direction away from the old 'recidivist criminal trap' that claims most of the paroled prisoners. Statistics can be misleading, however we claim approximately a 5% recidivism rate. Even if this number were multiplied by 6 or 8, - it would still be far lower than any claim the State Prison system as a whole can make! Individuals who have had direct and involved contact with the Awareness Movement, and who leave this prison on parole, simply do not come back! This is in comaprison to the extremely high failure rate of traditional corrections, that has a 60% up to 80% return. So you see, Awareness Movement IS a successful organization!

The Movement began, as is usually the case, - by men who were gifted in many areas. Different theories of behavior modification were explored, such as Image Psychology, Reality Therapy, Success Motivation, Transactional Analysis as well as the many approaches advanced by the psychologists, sociologists and others of the academic community. The adoption of a curriculum, structure process and basic philosophy has been an eclectic one (selecting what is best from many different sources) and evolved through a trial and error procedure.

However, as our needs increase and new concepts emerge that will aid us in our continuing journey away from criminal attitudes, and towards standards, goals and the acceptance of the Greater Society, - our program will accommodate these new methods, if found practicable.

Approximately a year after the group's inception, it was felt by a great many of our members that the philosophy of the Movement was slanted too heavily toward a 'materialistic' definition of success, which had the danger of degenerating into selfishness and exploitation. A shift was then made toward a more giving-and-helping attitude with each member lending meaningful assist-

ance to each other and to the group. This prompted a radical change in the membership's attitude away from the old convict codes, and toward principles and ideals of brotherly love and the joy of helping one's brother in a significantly non-criminal way was discovered, - often with a sharp (and sometimes painful) nudge away from the old comfortable convict attitudes.

Change, of course, involves a degree of agony, - and as might have been expected, there were some who found change too painful and left the program. We have found, however, with our ever-evolving methods, - that those who stay with the Movement are unable to remain unchanged. We shall continue to grow, both in size and awareness, and eventually we will get the support and assistance we require, - and then we shall be able to accept new members. We are optimistic that this will happen soon, since we now have an experienced core group and four years of practical experience.

Most of the traditional and academic treatment models have failed, - either because the concepts upon which their methods were based were invalid, - or due to inability of the outside practitioner to communicate or identify with the treatment group. Many of the methods of these various treatment approaches are probably valid, and we have borrowed from those we thought suitable.

We are an educational organization in the highest sense. In our morning circles, there is a vigorous interchange of information and personal views, - often developing into debates and even at times, some direct verbal confrontation. During the afternoon classes we explore various social and psychological disciplines. Perhaps we might be exploring a new philosophy. We have discussed science, mathematics as well as the many religions and philosophical systems. We may have hit upon something valuable, in that we delve into man's existential awareness in the rapidly changing technological society. We call it the **PRINCIPLE OF POSITIVE EXISTENCE!**

In the evenings we have circles to discuss Awareness Movement business, and to interact with our friends from outside, - guests from the 'free world' who regularly attend and support our movement. An on-going project of our Movement is the workshops and seminars that are conducted in most of the clubs, groups and organizations inside this Institution. However we are also involved with workshops and circle discussions that involve members of the immediate outside community mentioned above, - and incidentally, these are also participated in by the institutional staff. These sessions enable a new and open channel of communication to flow between society, staff and prisoners.

Participation in outside functions and speaking engagements is high on the list of priorities for the Awareness Movement. Formal speaking engagements representing our concepts are available. It is our sincere desire and hope that many of these engagements will henceforth be possible, so that the information and teachings of the Awareness Movement can be brought before the general public of the State of Washington, and else where too, - in order to bring about a positive change in the failing system of adult corrections. It is our desire to somehow work through the maze of absurdity and bureaucratic frustration from

which we all suffer today. Rather, it is our attempt to rededicate our lives to firm Principles of Truth, honesty and self-reliance! With this enlightenment we will become a significant force in destroying criminal attitudes, - and shall in return become concerned, productive citizens.

A. M. I. influence on the general prison population:

Although the Movement has limited housing facilities, consisting of one 22-cell tier of the old Admissions Building, - our membership does relate with the other inmates, especially with the various social, cultural and activity groups. We have done our best to overcome negative attitudes in the general prison population. This is very often a frustrating and disagreeable task, since the 'System' has created fixed attitudes in the convict which defy change.

We have conducted seminars for the general prison population which have met with some enthusiasm, and a certain degree of acceptance, - in spite of the entrenched convict codes against almost any type of rehabilitation efforts if it is promoted by the Prison Administration, that is. If nothing else, this is a beginning, - a step in the direction of reaching the entire prison population.

GOALS AND OBJECTIVES:

1. To continue our much-needed and worthwhile program.
2. To increase our expertise, and perfect our system so it will become more effective. This will be done by researching and trying new concepts of attitude and behavior - modification.
3. To enlarge our physical plant so that the Movement will be available to a greater number of inmates.
4. To establish our second stage program in the outside community.
5. To gain the recognition and support we need to expand.
6. To establish Awareness Movements in as many prisons as possible, - that is with seminars, workshops and material distribution.

Once again, we want to emphasize that the goals of this Awareness Movement are NOT limited to the problems of just prisons and prisoners! We seek a more harmonious existence for ALL of Mankind, and truly, -
"THERE ARE MANY WALLS TO LOWER!" In Love and Dignity, we Serve!

"WHAT HAS HAPPENED?"

A Revelation Concerning The Rapture Of
The Christian Church

By Olav Rogde

Following is a true account of an Inner Vision that came to me the afternoon of December 11, 1952. I was at prayer in a brother's home in Bergen, Norway. My thoughts were not in any way occupied by anything akin to that which was presented in the vision. It came to me that I should write an account of this vision, but somehow it did not appear to be a true vision, and I tried to ignore it, but I could get no peace. After a few weeks, it was repeated one night at 10 o'clock. So this time I got a pencil and found an old account book like those used by bookkeepers, - in which I began to write.

I wrote and wrote until one o'clock in the morning, and I was exhausted and could not continue. (I was 79 years old). I asked the Lord that if He desired to reveal any more, that it might be given the next day, - then I went to bed and fell asleep. It was a week later, - again at 10 o'clock at night, and it was a continuation from the point at which I previously stopped.

THE VISION:

It was 3 o'clock in the afternoon and Mrs. Andersen was sitting by the radio listening to the children's program. A little 'religion' was included which she considered good, though it mustn't be too much she thought, for that could become unbalanced. Suddenly after it had continued a few minutes, the broadcast was interrupted by a sensational communique from Oslo, to the effect that the whole city was in a wild panic! The report given was as follows:

"Information received from the police states that something very strange has happened! It seems that a large number of both children and adults have vanished into space. So many are involved that the authorities cannot organize a close search, so they ask that families or relatives contact the police, giving as detailed information as possible as to where and how the disappearance happened so that a correct survey of the situation might be obtained and a possible solution of the mystery discovered."

Again a few minutes later, a further report came in stating that several shopkeepers had disappeared from a market place. An eye-witness said she was about to pay for some flowers, and the florist was reaching into a bag for change when suddenly he completely disappeared! She heard him cry out, - "Thank you Jesus!" but she did not see him again. Then at this moment a young woman nearby began to cry, - staring at an empty perambulator. She began to run, shouting, "someone has stolen my child! Where is he? Where are the police? Later it was discovered her child was an 8 month old boy, and altho the police were present, it was found that nothing could be done. New shouts and cries were heard from everywhere!

A shopkeeper ran out of his store crying, - "Help me! Help me!" His two clerks had simply vanished from their positions at the counter!

The weird, unexplainable situation was worsening and spreading. Reports began coming in from other places. Stockholm stated that similar disappearances had taken place there, and that all the city was in a panic, and several police were among the missing. Copenhagen and Helsinki gave similar reports. Then reports began to pour in from the countryside everywhere that both children and adults were being taken away suddenly, and police were finding themselves powerless and frustrated.

Suddenly Mrs. Andersen cried out, - "Good God, what is it?" She moved away from the radio and ran out of the house, looking up and down the street. Then she spied her husband down the street coming home from work, - yet it was mid-afternoon! "What are you doing, coming home so early? she asked. "I can't do any more at work, - there is sheer confusion at the shop. Many mechanics have disappeared in a mysterious way, and several machines have stopped and at first we thought there had been an accident. We searched all around, but could find no trace of the missing men. One man who had gone to some religious meetings began to talk rather incoherently, saying over and over, "Now it has happened! Now it has happened!" I asked him, - what has happened? "Jesus has fetched His people" he told me, wringing his hands, crying 'I am left!'"

Down in town the position was still worse, - traffic completely congested; drivers had vanished from their buses and cars, as well as many passengers too. People were half-crazed with fear and anxiety as they ran around looking for relatives and friends. The police were powerless against such a tide of disaster! As Mr. and Mrs. Andersen went indoors, the radio was still on and there was a news report from Bergen speaking of vanished people every where. Phones were ringing constantly with inquiries about this horrible event. People had vanished from ships at sea. All the newborn babies had vanished from several maternity hospitals and the mothers were wailing in desperation! Even some of the nurses disappeared!

At 11 o'clock the radio broadcast a report from London which stated: "Today at 3 o'clock, communications began to come in from all over the British Isles, stating that many adults and children have disappeared without leaving the slightest trace. None of the vanished people have since been found, and this event is a complete mystery! Some clergymen investigated and found that the most God-fearing people among their members were the ones who had been taken; also many clergymen and priests were among the vanished people. Meanwhile new reports were arriving from all over the world, and from Korea came the most sensational statement, saying, -"In Korea the number of vanished people is estimated at several hundred thousand, among them many military men from the United Forces.

To describe occurrences as they increased during those first hours would be quite impossible. People were running to and fro in the streets wringing their hands, - especially the mothers who had lost children. A large number of people however were deriding and cursing both God and people. An elderly woman stood in a corner with folded hands, looking up at the sky, saying, -"Oh no, not when we were not prepared and ready to go with Him when He came! Good Lord Jesus, help us! Now it has happened! I've been religious all my life, but I never believed it would happen this way that He would come in actual fact. I never believed everything so literally!"

The newspapers were exhorting the people to be calm and stated that the police and authorities everywhere were working to obtain an accurate estimate of the total number of people who had vanished. Scientists, especially meteorologists, were also at work trying desperately to find the cause of this remarkable phenomena. Subsequently a report from the United States arrived, stating that information was coming in from Eastern Europe similar to the news already received in Norway. Details were also forthcoming about terrible traffic snarls in the U. S., together with many traffic accidents. At 8 o'clock that evening a news broadcast informed the public that the catastrophe was apparent in the same form throughout the whole world. The report continued, -"Many people have completely vanished. In the southern part of the world, similar things have happened and appear to be exactly parallel with what we have seen here in Norway."

A horrible anxiety was by now ruling everywhere! It seemed as though people dared not go to bed on this terrible night. In the streets, hysterical discussions took place, and more and more the opinion was growing that the mystery had to do with Christians and Christianity. Those who had known the vanished people said that it was only those that they had deemed to be Christian fanatics and children who had been taken away. A brewery worker was heard to say, -"Yes! Hans Olsen is gone now! Probably it is what he used to preach about. He always said that Jesus was to come and fetch him!" "Yes, replied another, we had someone like that and he's gone too. Maybe the authorities will have to forbid all religion so such a thing can't happen again." Ah, no! exclaimed a third one. "It will never occur again! Doubtless these Christians were right, for they had a premonition about it. If only we had listened to them, perhaps it would have been better than this hell and chaos that's breaking over us now, and will probably get worse."

"So you believed in them?" someone else added. "Then you ought to have gone with them when they went!" "I wish I had been able to do that," answered the other as he turned to go. One of the listeners called after him, -"You should be hanged, - both you and all the other people who concern themselves with this feeble-minded Christianity!"

The following day, the newspapers could give no explanation of the mystery, - while from every country in the world reports continued to pour into news centers. From missionary stations it was reported that many Christian people had disappeared, and that only a small number had been left behind. At a meeting called by the bishop, quite a number of priests and clergymen proved to be present, although many of their erstwhile colleagues had also been carried away. A nervous and dismal atmosphere prevailed throughout the assembled people and they were very unhappy, - but there was no doubt in anyone's mind that what had happened was the "Rapture of the Christian Church" or as some recalled that there had been a prophecy apparently referring to this event in which it was called the "Fetching of The Bride of Christ!"

Some clergymen at the meeting confessed that in spite of their theological training and studies of the Bible, they had never believed it would happen in this way. One said, "I have never been taught in such a way. Our professors didn't speak of the possibility of such a thing happening in these days!" There was a tendency to discussion, but their minds were too disturbed for such talk to be matter of fact. This was commented on by a journalist reporting on the meeting.

Subsequently a report based upon the findings of the meeting was drawn up, which the police proposed to lay before the public to test their opinion. Essentially the report was as follows:

"What has happened was a predicted Biblical event, - the so-called 'Rapture of the Christian Church, or Return of Christ for His Bride!' which meant that Christ had taken His people from the Earth. At present, this was all that could be said." However, the police proved uneasy about presenting such a statement to the public, thinking it the product of a nervous, hysterical imagination.

Among the Christians, the atmosphere seemed to be very heavy and pressing. The following Sunday, all churches and meeting places were full to capacity, even though in some churches there was no minister, and many of their erstwhile members were reported as having disappeared. In other churches there was a mere sprinkling of believing people left, - but in addition there was an enormous stream of outsiders who had in most cases, 'met the great accident' as they termed it. People were desirous of hearing God's Word, but now it was obscured. Someone tried to read from the Bible, but after a brief attempt gave it up, saying, "I don't understand anything!" The Bible was handed to another, but he said, - "I can't read it!" Other people wept.

The majority seemed to be united about Christianity being the direct cause of this tragic event, and they had thought they could obtain a possible explanation at Christian places of worship. Many had come to seek God's help. They were profoundly unhappy! At most meetings there was total confusion. At one, a man stood with clenched fists and shouted to the clergyman, - "It's your fault that so many of us have been left! You never told us that Jesus was to return to fetch His people, - and still less about having a pure heart, being filled with the Holy Ghost and having everything straight with God and our fellow men! I KNOW what has held me back! Small things, yes, small things, - but, - but, God help me!!" Be Silent!" said the clergyman, and considered that he had done his duty.

Thus it went on, one person blaming another, - intermingled with roaring and crying! They were 'knocking' but the door was closed! The state of growing panic can hardly be described as people realized that a terrible time was yet to come! All hope had gone, for the 'gate' was irrevocably CLOSED! They knocked and they cried! (those who had been content with empty Christian words). Some of them had professed Christianity for the sake of fellowship; others only because they had different tasks as choir members and in the music section. Still they had been without 'regeneration', and by that the right also of the inheritance of God given thru Jesus Christ! Indeed, for many the life they had led as members of church congregations was no different from taking part in any section of society's activities, - a hobby to help pass leisure time. But now they all knocked at the door crying, - "My Lord! My Lord! open the door to me!"

In addition to all of this, - horrible rumors began to circulate that the Third World War was liable to break out at any moment. Diplomatic relations between East and West were broken off. Terror grew!

Concerning the taking of Christ's Church from the Earth, and what to do about Christian people, - it took the authorities only a short time to reach a decision.

From the Eastern states an edict was issued to the effect that the Communist states were now at the head of everything, and that all Christian activity and meetings were now forbidden by law! This was accompanied by threats of the death penalty. The mention of the name of Jesus Christ was also forbidden. Countries were to be completely purged of Christian literature! With the Bible uppermost, everything was to be burnt. To have anything which in any way related to the Christian religion meant death to the owner!

In the Western States it took a somewhat longer time before such prohibitions were brought into force. But the Godless members of society, both among the authorities and the common people, - were shocked at what had happened and demanded that something drastic should be done! The majority won, and since it was Christianity that had been the cause of the accidents to the community, the result was in no doubt! Thus the most terrible time in the history of mankind began. Many of the Christian people left, went on crying to God, refusing to obey the prohibitions. They were promptly arrested and examined under Gestapo conditions. "If you want to save your life, curse and deny Jesus Christ!" was the appalling demand!

In spite of this horror, - thousands of people stood firm, and the wholesale murdering which followed was indescribable. Many victims were tormented until they died. There was no true law and order any more. SATAN WAS LET LOOSE! Woe to the world, and they who live upon it!! Several people yielded to this terrible pressure. They had no place to which they could flee, and the Scripture was being fulfilled, that the "whole earth is at the mercy of the Wicked One!"

All countries were now united in their opinion about the extermination of Christians and Christianity. The prince of this world had now taken his power! Children betrayed their parents to their deaths.

Thus was fulfilled that which is written in the Gospel of Luke, Chapter 21:16, "AND YE SHALL BE BETRAYED BOTH BY PARENTS AND BRETHREN AND KINSFOLKS AND FRIENDS; AND SOME OF YOU SHALL THEY CAUSE TO BE PUT TO DEATH. AND YE SHALL BE HATED OF ALL MEN FOR MY NAMES SAKE."

Such a situation would appear impossible to describe, but God has given us knowledge of the whole thing in the Book of Revelation. The cry of the unhappy people left on the Earth was, - "Lord, make these days shorter!"

My dear friend! You ought not to risk being left when Jesus comes to fetch His people, - but you can know what to do about it. Go to God in prayer and ask for LIGHT and GRACE! Today there is time! Today you can be sealed as the property of Jesus Christ, and will be numbered among His people when HE returns to fetch them!

EDITOR'S PAGE continued... This is TOP PRIORITY!!

Now I must mention something that I regret very much having to bring up! It concerns the renewal of subscriptions to the Father's House for this year of 1978. As announced in the October issue and again in the January issue, ALL subscriptions expire with the October issue, - and we now have initiated a new policy making the time for renewals for Thanksgiving week - BEFORE the onset of the Holidays. It is so very appropriate also to give thanks at this time for the "Spiritual Feast" that you have received all during the year in these pages of this publication. Nearly all that I have heard from are delighted to have Renewals come due at this time of year, and before the stress and strain of settling up the year-end bills! However as we go to press now, - there are still about 125 that have not yet sent in their renewal gifts for the year 1978! This is the second issue for the year, and we surely don't want to deprive anyone of sitting at the Feast Table with us, and we are ESPECIALLY anxious that all of you have the chance to read the article in this issue by a prison inmate describing the Awareness Movement in the Washington State Penitentiary that has become such an outstanding success!! YOUR Gifts make it possible for us to carry on the Prison Ashram Program! About 150 or more copies of each issue go out to prison inmates all over the United States and a few in Canada.

As I have said before, - I just CANNOT send out individual letters and notices to remind subscribers that their subscriptions have expired. I have ALL I can do (and more!) getting this publication edited and published and into the mail every three months - meanwhile maintaining the very high quality that has been consistently maintained for ten years, and improving all the time, so I'm told! Most of you know that I have no office help whatever, - yet I have determined to maintain a PERSONAL relationship with each and every one of you, for you are all members of one very wonderful "family"!!!

Now here is what I'm going to do! Everyone on the mailing list will receive this, the April issue. However if I do not receive your renewal promptly, your subscription will automatically be terminated without further notice. Then here - after starting the 1979 year, only ONE extra issue (the January number) will be mailed out without a Renewal in our hands - UNLESS there is an emergency and we are notified in advance, - in which case we gladly make arrangements to continue the subscription without charge temporarily. All we ask or expect is that you abide by the 'Golden Rule'...and do as you would be done by in similar circumstances. Right? And another thing, in case Thanksgiving rolls around and something happens that you are temporarily lacking financially, then just send a small amount (\$5 if possible) and the balance in May. But whatever, do please communicate with us...ANYONE can spare ten minutes and a stamp.

GOD LOVES YOU!!! I LOVE YOU!! LOVE ONE ANOTHER!!!

"Bring ye all the 'tithes' into the storehouse, that there may be meat in mine house, and PROVE ME now herewith, saith the Lord of Hosts, - if I will not open to you the Windows of Heaven and pour you out a blessing, that there shall not be room enough to receive it." Malachi 3:10 - King James Version. P. S. It works! I've 'proved Him over and over again! Try it!

The FATHER'S HOUSE, in all of its aspects which include this Quarterly publication and the Prisoners free subscription program, is a New Age Spiritual Activity, independent of any church, philosophical or metaphysical organization, in preference to another. We fully recognize the essential good in all, as they serve humanity at countless levels of Spiritual Understanding. Our publication has been aptly termed a "Spiritual Readers Digest". We teach and promote the simple Truth as enunciated by our Beloved Master Teacher Jesus, - that the 'Kingdom of Heaven' is HERE and NOW, WITHIN every human soul who can believe and accept that fact! We recognize the fact that each one of us create our own 'heaven' or 'hell' (or a mixture of the two) by our daily thoughts and actions.

We do not expect that all of our readers will necessarily agree with or understand every statement or concept expressed by our writers, - for Truth itself is INFINITE, whereas the human mind is finite, therefore limited in its ability to comprehend all Truth. That which you cannot accept or understand today, very well may sooner or later become clear and acceptable to you.

The magazine itself is not for sale for a stated fee like other publications, but we ask your support of the entire Spiritual Activity just as you would give as generously as you are able to a favorite charity or church of your choice. Since many people have no idea what it costs to maintain this Activity, we give you a general idea by saying that the Prison Program alone costs about \$1000 a year to serve more than 140 inmates (the number continues to grow). At our present level of active subscribers, we need a minimum of not less than \$10 a year but to make it easy for those with very limited income, your gift may be made semi-annually if you desire. All subscriptions are on an annual basis starting with the January issue (mailed the middle of December or earlier). RENEWAL time is now standardized at about Thanksgiving time which is midway between the October and January issues. Nearly everyone is applauding this change as being so much better and convenient time to give, before the Christmas holiday expenses come along.

There was no space to list our favorite books in the last issue, - so here we now recommend a few that we consider exceptionally good both for coping with everyday living and for inspiration. We still have several copies on hand of the "Collectors Item book" the "Three Days Scene". It was reviewed briefly in the July issue. No more will be available anywhere when our supply is exhausted.

- The THREE DAYS SCENE, by Jacob Lorber, \$2.00
- The AQUARIAN GOSPEL, by Levi 3.00
- The COSMIC POWER WITHIN YOU, by Joseph Murphy 3.00
- The POWER OF SUBCONSCIOUS MIND " " 3.00
- The NEW GITA, by Wesley LaViolette, 3.50

NOTE: To above prices please add for postage/handling 50¢ for first book, plus 15¢ for each additional book; California residents add 6% Sales tax.
P. S. - We can also supply almost any book listed in recent issues.

THE VOICE OF SPRING

The dull gray skies have changed to blue;
Once barren trees are decked with green.
Awakened from its winter nap,
Rejoicing in the verdant scene,
Behold a world made new!

Behold the miracle, rebirth,
Regeneration, - winter's dream
Of warmth and growth is coming true.
Bird songs are echoing the theme:
Behold a blossoming earth!

Behold and let each heart rejoice;
With deep abiding faith respond
To sky and bird and bud and all
These living vestments earth has donned;
And listen to the voice

Of Spring. It sings with fragrant breath
The ageless song that is enshrined
With light and beauty, peace and joy
Within the heart of all mankind:
