## THE COVER

Guidance in selecting the Cover for this issue indicated that we should repeat the special one used on the May 1975 issue, - a beautiful symbol of the "Wesak Festival" which occurs at the Full Moon in Taurus, - this year on the 11th of May. The artist is Mr. David Smith.

For the Back Cover, we have chosen The Creed of World Servers.

## THE EDITOR'S PAGE

Since this issue spans all of the "Three Linked Festivals" - namely Easter, Wesak and the Festival of Humanity which have been dealt with several times in these pages during the past several years, - I feel like I want to greet you this time with the same words that I use to sign off in all my letters or notes to you individually, - and so I greet you now "In HIS Radiant Light and LIMITLESS LOVE! For does not Easter especially memorialize even more than any of the other celebrations, the very acme of His Divine LIMITLESS LOVE that He came to Earth to demonstrate to mankind.

On this page in the last issue I went into considerable detail about the 'Acceleration of Spiritual Energies' and at this point we find ourselves right in the middle of the longest of the two annual periods of acceleration. This present period spans the same period of time as these Three Linked Festivals mentioned above. And what do you find in the daily news, not only in Iran but the warlike activities concerning China, Russia and Vietnam? We of this our own country, as well as all the others over the face of this planet are walking a "tight rope" to use a familiar phrase, - and pray most earnestly to Almighty God that we may not lose our 'balance!'

Now back to this Spiritual Activity, I'm a little bit saddened that there are fifty members of our 'Family' that for unknown reasons have not sent in their renewal gifts of support, and consequently must be dropped from our active mailing list. Each of these received a personal note from me and were asked to let me know if there was a temporary emergency in the financial department I would gladly keep them on the mailing list, if they would only drop me a line letting me know about the problem. The work is certainly going to continue however, - even though the load now falls on that many fewer shoulders. The late renewals that continued through January and February have now just about come to a halt.

We all tend to be creatures of habit, and I've noticed that those who have previously been late by several months in renewing, subconsciously have in mind that their subscription runs a year from the time they sent in their last donation, rather than the announced standard renewal time for ALL subscriptions which is the month of November, - the time of 'Thanksgiving! I am grateful to the many who DID renew during this past October-November and up into December. They represented a little more than half of our total 'membership'. The sending out of individual notices takes a great deal time effort and expense that I just don't have to spare, and hopefully will not be necessary hereafter. Thanks a lot!!

It's time now to give a gentle hint that another person should be drawn into this Activity on or before the end of this year, - one who would gradually be able and capable of taking over the reins completely sometime next year, thus freeing me for other important Spiritual Ministry, albeit much less exhausting of my time and vital energies. The 'right one' will hear the call!

## QUESTIONS And ANSWERS

(Phases and Aspects of Spiritual Evolvment)  
Channeled by ILLIANA of New Age Teachings

### Part IV

Note: This concludes the series of Questions and Answers, - the original of which was received during the year 1978 and early 1979.

#### REGARDING THE APPEARANCE OF MOTHER MARY, -

Question: - What is the significance of the many appearances of the Virgin Mary to children during the past century? (in Lourdes, Belgium, Fatima and recently in Garabandel, Spain). Is it really this soul which incarnated as Mary, the mother of Jesus? Why is she visible only to children as a rule?

Answer: The soul which incarnated as Mary the Mother of Jesus, took on this responsibility as part of Its Cosmic duty to serve on Planet Earth one more time. The total Soul-Force (negative-positive) which was Mary-Jesus are ONE, - Twin Rays of one another. As Mary, the feminine or negative (passive) counterpart, this Soul-Ray served to nurture and care for the man-child known as Jesus, who was the masculine or positive (active) counterpart of this Divine Soul-Force until He became mature and able to fulfill His role as a Messiah, - a Christ Manifestation.

Mary and Jesus are ONE, - presently being Cosmically united as a Glorious, Golden Soul-Ray, - the elevated Sun of Father-Mother God. They will not again be separated, - for Their Mission is continued from the Realm of LIGHT! A 'return' to Earth may occur, but only after Earth has moved up into a Higher Dimension of Being and they can remain ONE! Now this magnificent Soul-Force serves the Earth as an Invisible Logos. I say 'invisible' because mankind lives in such a world of illusion that he cannot 'see' what is REAL! The Presence of this Soul-Force is ever-present, - yet man does not accept it because 'he' cannot see It with his physical eyes.

However certain people ARE 'open' to the Higher Vision and among them are many children. Children, you know, are very 'open' and they allow their sight to encompass more than just what is physically around them. When the Soul-Twin Ray Mary appears, she is quickly observed by the Aware Children in the vicinity of her appearance. Adults have also seen her, but often refuse to report their sighting fearing the opinions of man!

The Twin-Ray Mary serves an important Mission. There are radiant Mother-God vibrations of Love poured forth on Earth through Her entrance into your dimension. Also she 'speaks' to those who view and hear her, - giving valuable lessons on 'Life' and admonitions for survival and growth. In a way, she is the gentle Spokeswoman for the Christ, her Twin-Ray Jesus who was her physical son nearly 2000 years ago.

Within the past century a great deal of Illumination was brought forth on Earth. If you will study the religious history of the past hundred years, you will note the various religions and spiritual movements which have come about, - the many valid **Paths** which serve the many needs of humanity! In the present Moment of Time more growth is going on wherein certain Mysteries are unveiled! ALL of this is due to the high Energies which have been showered on Earth by this Vibrant Soul Force (Twin Rays last known as Jesus-Mary) Who impregnates Earth with the Seeds of Knowledge. Its 'appearance' from time to time serves to remind the people of Its Cosmic Existence, and of Its REALITY!

#### ABOUT THE RAPTURE, - (I Thessalonians 4:16, 17)

Question: What is the explanation of I Thess. 4:16, 17? - the so-called "Rapture" to which so much emphasis is being given in Fundamental Circles. Here is, indeed one place where scientific understanding would help!

Answer: - Beloved, in the Western world there is for the most part, a great misunderstanding of the recorded Bible. The Western mind views many things literally, whereas the words are intended to describe certain events symbolically. Consider now the portion of script as recorded in the above cited verses.

First, let me explain some 'key' words and phrases as they SHOULD be understood. 'Dead' and 'asleep' refer to those who are not yet aware of Cosmic LIGHT, - who are existing in a 'dead' state symbolically, because they have not awakened the Inner Spark. The word 'Christ' denotes, - NOT the man Jesus, or any other entity, - but the Indwelling Spirit of Truth that is present in ALL beings, though dormant in many. "Voice of the arch-angel" - is the Inner Voice as It awakens your Consciousness. The 'trump of God' - is the great Vibratory sound, which when one is awakened, - roars loudly within. "Caught up together in the clouds" - the term cloud being the state of Awareness, of God-Centeredness, when one is spiritually 'not of the world' - that is, - when one has made the final Ascension into LIGHT!

If 'Suns of Light' will comprehend these scriptural texts in the Light in which they were recorded, and according to the Universal Law of 'return' (reincarnation), - they will quickly be filled with pure Understanding! Let us translate these verses into "New Age Language" - "For the Lord Himself shall descend from Heaven with a shout, with the voice of the arch-angel, and with the trump of God." (The Indwelling Christ-Self will be awakened from slumber as Consciousness is resurrected with the Inner Sound of LIGHT, - A . . . U . . . M . . . - the Sound of God of Creation), "and the dead in Christ shall rise first". (that is, those who received pure Knowledge, but REFUSED that Knowledge) - now they are AWAKENED and proceed to further develop their Higher Selves.

"Then we which are alive and remain, shall be caught up together with them in the clouds to meet the Lord in the air, - and so shall we ever be with the Lord." (Those that 'are alive' refers to those having reached the

Realm of LIGHT in Consciousness, - "to come no more out" as stated in the Book of Revelation. Those who were 'dead in Christ' and who had more Earth lives to experience, will have completed their experiences through earth embodiments, - therefore meeting together with those already 'alive' - "in the clouds" (the Realm of LIGHT, - the highest State of Consciousness), all meeting together the Lord (God-LIGHT) dwelling forever in this State of Holy Light.

If you read and study the texts before and after these two, you will see that in the Light of Universal Law, there is no question that these verses make reference to Spiritual Development through the avenue of Spiritual Birth and re-birth, as well as physical birth and re-birth, - and finally the ASCENSION OF THE SOUL!

You must remember, Beloved, that Paul as well as all the prophets, spoke TRUTH, - yet it is not fully comprehended by man. For instance the statement in verse 15 that "we which are alive and remain unto the coming of the Lord!" cannot be fully understood (since Paul as a human entity, and his followers died centuries ago shortly after the statement was made,) UNLESS one understands the Law of LIGHT, i.e. Karma-rebirth-finally Ascension into the Realm of Light, - which is what Paul refers to. If you have ears to hear, and a mind to understand, - you WILL comprehend these Mystical Teachings.

THE "CLEANSING BLOOD" and "VIOLET TRANSMUTING FLAME".

Question:- What is the difference between the 'cleansing blood of Jesus' and the Violet Transmuting Flame? Is their action the same?

Answer:- Re the 'cleansing blood of Jesus' - again here is symbolic Eastern verbalism! Since in earlier Biblical times, animal blood was shed to demonstrate purification, - it was necessary to gradually wean the people away from such unnecessary rituals. Actually, My Beloved, - even the thought of 'blood-shedding' should be repulsive to you! You are awakened! But in that Age 'man' had not yet released himself from such inhumane rituals, and in order to help them understand, - the 'blood of Jesus' was symbolically applied to the atonement of sin!

What Jesus and His Disciples intended to impress the multitudes with was the Truth that, - NOT the physical blood of Jesus, but the ACTIVE LIFE of Jesus was that which aided in the cleansing process, - PROVIDING that the followers or believers molded their own lives and acts according to the pattern set by Jesus! (You see, blood is a symbol of LIFE here, - just as real blood coursing through your veins insures physical life present in your very own physical body!)

Today, in the New Age Dispensation, those still in need of visual and symbolic patterns can relate to the Violet Transmuting Flame. It is all the same, Suns of Light. As Beings are raised in Consciousness, they develop less and less a need for these symbolic tools, - whether it is the blood of a lamb, the blood of Jesus, or the Violet Transmuting Flame! As you raise your Consciousness higher and higher, - you shed all ego-needs; all attachments. You BECOME LIGHT! You are caught up in the purity of LOVE! Is there need for anything else??

However, it is **IMPORTANT** that each Seeker be permitted to clutch whatever principle or ritual or belief that aids him into fuller Spiritual development! Wherever one stands on the Ladder of Evolvment, he must be allowed to stand unhampered by those who feel differently! Censorship, - whether by church, government, New Age group, - is never to be condoned or allowed! **FREEDOM OF CHOICE** in all matters is important to one's Spiritual Development. This is a God-given gift to each Being upon entering Planet Earth. No one must be permitted to remove this Gift Of Freedom from anyone! Nor must condemnation be made if one's beliefs contradict another. Do not, beloved, - I repeat **DO NOT** bring condemnation on yourself, by taking any kind of prohibitive action regarding another's 'Freedom of Choice'.

Let all be exposed to every philosophy, so that each one can decide where they stand on the ladder of Spiritual Evolution! That is why, Suns of Light, We permit so much diversity in all things on Earth! Man must be **FREE** to **CHOOSE**! We condemn any nation or groups of individuals within a nation which attempts to remove this Gift of **FREEDOM**!

#### EXPLANATION OF THE LIGHT:

Question: - When we speak of 'The Light' are we interpreting this **LIGHT** as the Mind of God? Is this Light the pure Essence of Being, - the gathering together of **ALL** the High Vibrations or Essences of those who have reached the Higher Planes of Consciousness?

Answer:- For Beings of Earth to fully comprehend **LIGHT**, it is necessary that they begin by removing from their thoughts all notions which pertain to physical properties attached to the word 'light' as used in normal earth language. **LIGHT** as spoken of by the Cosmic Hierarchy, refers to High Energy, to the Universal Mind. The Rate of Vibration of pure **LIGHT** is very high and incomprehensible to Earth entities according to their laws of science.

Indeed, God **IS LIGHT**! Since this Spirit of **LIGHT** created all Beings in 'His Image' (that is, with the same spiritual properties), there is no doubt that **ALL** of you are potential Light Beings. That 'Spark' known also as the **I AM Principle**, - is within each of you. Due to many causes, Earth beings have disconnected themselves from the 'Main Current and so they appear to flounder in darkness. But as they re-discover their innate potential, as they 'find' their **I AM Selves**, - they are re-attached to the Main Current - **GOD LIGHT**, - and quickly regain what they lost. As they infill themselves with **LIGHT** they too become Luminous, their vibrations are refined; they glow with the Inner Light, casting out into the etherwaves more and more positive Energies which aid others who are struggling to also return to the Source - **GOD LIGHT**!

As a Being becomes more and more refined, - It reaches higher and higher states of Consciousness. It matters not whether It is embodied, - the Higher Self thus reaches the Goal, - **ONENESS WITH ALL** (Eternal **LIGHT**) and so functions as a human entity to serve the spiritual needs of others.

Such a Being understands the so-called 'mysteries' and words are no longer necessary for It to comprehend the marvels of Cosmic Light!

If you think about all earth entities as being 'Sparks' from Divine Light, rather than singular embodied egos, - you will have a better understanding of this seeming complex subject - LIGHT. There is but ONE Light; all are part of this Light! Through choice you have disengaged yourselves from the Center and become 'individual' sparks functioning independently, like light bulbs giving comparatively dim light many times, yet deriving even that small power from the main electrical Power Plant. The Light Center, God, as many call It, remains POWERFUL, for all the Energies are THERE.

Once you accept and understand your place in the Divine Plan, - then you study, experience, serve until you achieve greater knowledge of Who and what you really are; what, in fact, you have forgotten due to ages and ages of wrong concepts brought on by ego-trappings! Then once again you experience a 'return' to the Source, GOD LIGHT, where you are a radiating part of the Pulse of the Universe! Individualism then, as you know it, is extinct as you become ONE with the ALL! Thus is manifested through you, the I AM THAT I AM, - and nothing else truly exists. Identities, so familiar on Earth, no longer matter, - and you ARE LIGHT !!

All the great Avatars chose to come to Earth to bring this Truth to the people. Krishna, Buddha and Jesus, - they all declared, "I AM - the Light of the World!" Do you understand what They taught? "I AM" - not inferring a personal "I am" as is usually interpreted, - but meaning "I AM" (is) the Light of the World." The 'world' being YOU, My Beloved! Oh, how truly misunderstood are the Teachings of the Great Ones! "I AM - the Light, - that which IS you! You must believe this, - then will you manifest this Light into the world, pulsating as it were, the Divine Energies from your God-Self raising the rate of Vibrations to a higher level, thus aiding in the Purification Process of Planet Earth! So be it, Blessed Suns of LIGHT !!

#### ON RELIGIOUS DIVISION, and SPIRITUAL ORGANIZATION:

The following questions were received telepathically by Illiana early in January, and are pertinent matters dealing very much with our present organizational needs, - so it was impressed upon her to include these questions and answers as a conclusion to this segment of our contributions to The FATHERS HOUSE.

Question:- Why is there within each major religion so many divisions? Christianity, Buddhism, Mohammedanism and others? Each had a founding Master Who taught pure Knowledge, - yet today we see constant struggle within these systems. Can this be explained? Also are there ways which can be employed to restore their original Purities?

Answer:- Suns of Light, - the Earth system has become a very complicated system and its inhabitants have reached a state both of confusion and awakening.

The question comes from millions of minds and reflects the strong desire of each one to return to the Pure State of Being!

I AM that Pure Essence of LIGHT contained within each heart and mind, and within the basic core of all religions. Yes, My Suns, I AM Love-Light-Life, - LIMITLESS in all aspects. They who know Me, who accept Me as the Motivating Force within themselves, - realize too that this same Force, I AM THAT I AM, was/is existent within all the Masters, - coming forth from them as Wisdom Teachings, imparting Blessings on all mankind! Now, as this same I AM Principle, - I will answer the questions of millions.

My Suns, - whenever a Master Soul appears on Earth, it is for the purpose of inspiring and teaching the multitudes who follow him or her, - the Universal Knowledge which uplifts Souls; which uncovers the 'hidden' I AM Force within each Soul! AT NO TIME do the Master Teachers, - be that one Jesus, Buddha, Krishna or others of 'yesterday' or today, intend to develop an "organization". While they are among the people, there is purity, simplicity, humility in the Teachings. Their followers become blest with Knowledge and they follow the Master's Path without question, - expressing love and compassion in all their relationships. Before such a Master leaves his body home, - he instructs the Disciples to closely follow the Teachings in the Purity and Simplicity that they have been given. The Disciples who follow such a Master DO retain this purity.

Now for a few moments, permit Me to speak about these Teachings. ALL the Master-Teachers give to the world the same basic lessons, - LOVE, SIMPLICITY, HUMILITY, COMPASSION, PEACE, HARMONY, HONESTY! There are no complicated Laws confusing these issues. The Masters themselves live uncluttered, simple lives, - speaking to the Disciples and the multitudes from any available area such as a mountain-side, a simple hut, on a river boat, in a cave, in homes or at Temple gatherings. NEVER do they seek luxurious surroundings, expensive food and clothes, fame or fortune. They are content and happy to serve in their ordained mission, that is to speak Truth to the sincere seeker in plain, understandable language.

NEVER do the Masters, - the REAL Masters, suggest that an "organization" should be built around them or their Teachings. Quite plainly They speak to their followers that they should continue the Master's Work (after He leaves the Planet) in the SAME WAY IT WAS GIVEN, - with HUMILITY, asking no REWARD, seeking NO GLORY, and carrying NO TITLES!!

But, My Suns, - though each movement began in this pure, simple way, - after a few decades following a Master's departure from Earth, - impurities began to appear. Laws and dogmas were invented around the Teachings by those who felt the need to "INSTITUTIONALIZE" the Pure Simplicity of the now 'departed' Master-Teacher. So man wrapped up the Purity in legal, human garb! This required human 'Boards of Directors, committees, councils and much more. Laws, and by-laws and constitutions came into being, and people were scrutinized before gaining admittance into the ORGANIZATION!

My Blessed Suns, - the moment 'man' takes it upon himself to 'govern' a Holy System, - that moment **CORRUPTION** enters in because of the **EGO** which literally controls mankind! Opposing voices are heard, antagonism brews, meetings are scheduled to decide this and that, - and very soon many divisions occur within the Body of Followers until you have your present-day system which is **NOT** in any way the ideal conceived by the Master, be that one Jesus, Krishna, Buddha or one of the later Teachers.

Now you know the result of man's interference into these Holy Systems. Once the division occurs, - a competitive spirit also appears and your history has records of the multitudes of vicious wars fought in the name of religion!! Even today this is occurring in many sectors of your Planet! My Suns, can any of you honestly believe that the Masters who introduced the Message of Love, Simplicity, Humility, Forgiveness, Non-attachment are supporting these tragic conflicts? Of course not! All of these acts performed by beings who claim to be followers of the Master Jesus, or Gautama Buddha, Krishna or Mohammed, - are acts which the Master warned His Disciples against while He was in their physical presence!

But, as stated earlier, - once the Master leaves the physical Realm, and upon entrance of new 'disciples' - the Teachings become tampered with as power-hungry individuals devise plans to **ORGANIZE** the group and the Teachings into a **RELIGION!!**

Question:- But why should 'organization' cause such problems? Isn't it proper to have order and discipline; to be somewhat business-like when a group of people become extensive in number?

Answer:- To have order and discipline is not the problem, My Suns. Of course you must have this! But the business-like 'organization' **IS** Man-Made, and such a program requires that the group institute rigid laws, by-laws, a governing body, trustees, boards, councils, etc., etc. as mentioned earlier. When such organizations are formed, there is required a 'tie' with governmental bodies. An impersonal business-like attitude takes over. Men and women haggle over the 'letter of the law' and this is one of the things the Masters rejected about the organized religions existing in their day! So they taught a 'new way' - the way of **Light-Love-Life!** Don't you see how all of this "organization" can interfere with the purity and simplicity of the original Teachings!

Question:- Then you do not consider it important or necessary for New Age Groups to become 'institutionalized' as it were, - forming into large organizations, banding together for strength? Since New Age groups do not have a 'living' Master, - does it then matter?

Answer:- Please hear Me carefully, Suns of Light! Since those centuries ago and before, and **NOW**, - the Voice of Truth, (the same Voice which spoke through all the Masters alluded to in this Communication) **DID** and **DOES** 'live' among you! Make no mistake about that! **THE VOICE OF TRUTH IS ETERNAL - ALWAYS BE-ING!!**

Now this is a NEW Period, for man has awakened to the knowledge that physical embodiment is not necessary for the Living Spirit of Truth to be present! Indeed, within all sincere Suns of Light, the SPIRIT OF TRUTH IS EXPRESSED! What is now transpiring on Earth spiritually, is an overhauling of the Truth within these Spiritual Bodies. This is the purification we speak of so often. The 'days' are precious few before the New Golden Age moves into its proper position, and We are making haste, so to speak, to awaken man to the Reality of the ONENESS OF TRUTH!!

There is no time, My Beloved, for man-made organizing of Light Groups! You who are PURE Centers of LIGHT, ARE part of the Cosmic Hierarchy, - that ONE noble 'Organization' which is fully governed by DIVINE LOVE, HUMILITY and SIMPLICITY and requires NO Boards of Directors, NO President, NO rigid laws and dogmas. EACH of you serve as a member of the ONE Body; each of you have a particular and special Mission to perform. You ARE united through your heart and Soul, - so why should you require an earthly governing control??

You must not restrict anyone from entering the portals of your meeting houses IF they are sincere and willing to learn and to share. That should be the ONLY requirement. Discourage no one! HELP EVERYONE!!

Keep your link to the Cosmic Realm ever firm as you serve LIGHT in whatever expression you are ordained to serve. Be mindful always that the PURE 'organization' is not decided by Earth beings, nor is it so governed. The Supreme Organization (speaking in your verbalisms) surrounds the Universe, and embraces all individuals and groups who humbly and freely serve LIGHT through their POSITIVE Deeds and Thoughts.

We Bless all who Serve as Members of the ONE Body, - LIGHT!

I AM THAT I AM! Light-Love-Life of the UNIVERSE!

THIS THING CALLED YOU!

(A Communication of Vardis - CP)

People think of the God-Head as being "out there" - yet what you see in your Universe actually lies **WITHIN YOURSELF!** If this weren't so, you couldn't become aware of it at all, since your world is but the mirror-image of your soul. Your own God-Head is physically located just beneath your brain, where the God-Idea of **YOU** as a perfect Being lies, and your five senses, coming from this Cranial Center, correspond to the four elements of Earth, plus a sixth Higher Element that connects and energizes them all.

These six human forces and their Spiritual analysis are as follows:  
**SENSE 1**, - corresponds to the first Ray of Life, and the so-called astrological Earth Element as well as to your physical body. This is the sense of **TASTE**, centered in your mouth and tongue, and projected from your throat or **POWER CHAKRA**.

Here you "**SPEAK the WORD**" - **EXPRESS** the idea of your own being; energize your feelings and thoughts into **OUTER ACTIVITY**. The "**WORD of God**" is **YOU**, Beloved! It's the 'Inner Pattern' of the perfect man or woman that someday you will project into **ACTIVE FORM** on the physical plane.

Your Bible says, "For the dwelling place of the **WORD** is man, and its Truth is **LOVE!**" This simply means that **YOU** can become an incarnate Christ, and your flesh will be made of the substance of **LOVE** alone. "**In the Beginning was the WORD**" - (the perfect **IDEA** of man that would eventually manifest on Earth), and the **WORD** was with God, and the **Word WAS God!**" Since 'Word' means **CHRIST** in this case, - this is just another way of saying, - "Ye are Gods" and will someday materialize your Christhood. Meanwhile, the **POWER SENSE** you use in deciding your own reaction to what goes on out there, - stems from your tongue by which you speak forth your thoughts and feelings, and is called **TASTE**.

Tasting everything helps babies who've just entered their physical bodies, find out about the **ACTION** that surrounds them. When they want help, they **CRY** until someone **ACTS** to fulfill their needs. By tasting foods you learn what to eat that you may efficiently **ACTIVATE** and **ENERGIZE** your physical form. A sore mouth (like a sore throat) indicates a sense of powerlessness or a feeling of restraint on your activities. On the other hand, **KISSING** denotes a deliberate effort to unite your own vibratory forces with someone you feel is in tune with them.

Children whose teeth decay easily, are those who feel restrained or frustrated in their activities; and that's why old people often lose their teeth, - while babies don't have them until they become **ACTIVE** on their own and can take in solid food to their **TASTE**. All these are **POWER EXPRESSIONS** involving the **TASTE AREA!!** Your mouth is the most mobile

expressive area of your face. It shows your passing thoughts and feelings, while your eyes tend to remain more constant in outpicturing the general state of your soul. Sticking out your tongue or giving a 'bronx cheer' ACTIVELY displays strong rebellion or disapproval; and the mouth controls sound (spent power), speaking and communication.

SENSE #2, - corresponds to the second Ray of Life and the WATER Element. It involves the EMOTIONS and the so-called ASTRAL BODY. This is the sense of TOUCH or FEELING, carried from head to toe throughout the body by the skin, - and the seat of this Sense lies in the HEART where Substance arises. This is the Contact Center that connects man with his soul and the 'I AM' Presence combined, - and is called the Love Chakra. In fact, your skin is actually the 'LOVE SUBSTANCE' that holds your physical body together in its present visible form. It receives impressions from without, and will erupt if your emotions become too stressful within.

Your thwarted DESIRES may produce allergies, and your incompatible FEELINGS may cause eczema. For instance, women who hate to do dishes or housework often find themselves with "detergent hands" - especially if they feel 'trapped' on the job. The adolescent, overwhelmed by new hormones that upset and stimulate his FEELING nature, breaks out in acne, while the man who is disturbed by extra tasks may cut himself at work, or run a sliver in his hand.

Babies need to be CUDDLED so they will feel wanted and secure, - while sweethearts CARESS each other to show their affection and Love. Young folk with poor self-images and a sense of rebellion may "tune out" their elders' advice or scoldings, - even their praise! Still, they cannot ignore an approving or affectionate hug or a pat, and this often becomes the only way to influence such youngsters.

The SKIN communicates LOVE. The approving pat on the back; the kiss on the lips; the hug, all mean the same thing in varying degrees, - and conversely, the spank conveys disapproval, just as a fist in the mouth indicates feelings of anger or hatred.

TOUCHING has been found to save marriages. It revitalizes love-starved tots who might otherwise have died, - for bodies large and small need the Love-Substance in the TOUCH to maintain health, harmony and happiness.

Your skin also expresses your emotions to those around you, and it reveals your inner FEELINGS at any given time, according to how much you perspire as well as by erupting and becoming cold, as with fear stemming from a sense of lacking LOVE SUBSTANCE. It flushes red with fever as may be caused by deep or 'turned-in' emotions like frustration or fury, - and you blush when you feel embarrassed.

SENSE #3, - corresponds to the third Ray of Life, and the astrological AIR Element, as well as to the so-called MENTAL BODY and the BRAIN

CENTER or WISDOM CHAKRA. It is the Sense of SIGHT or perception, and is centered in the EYES, by which you convey understanding and intelligence from your "I Am Presence" through your soul. The left eye is receptive, and the right eye expressive, and in the case where one has the talent of "discerning Spirits" both eyes must be seen to get a true picture of the soul and what it contains. Actually, both soul and Presence look out from these 'windows' so to speak. The idea pattern of the individual comes from the Mind Center in the MENTAL BODY that's housed in the brain. The imagination or imaging center by which you create your outer world, comes from your "third eye" of INNER SIGHT in the brow area. After the Fourth Initiation you gain control of this Imaging Power, and learn to make your body and environment take whatever form you desire.

Eye problems indicate a discrepancy between the IDEA in YOU of your Divine Perfection as a 'God' and what you see 'out there'. As people 'age' they often lose their focussing power of sight, - because all their lives they have been PERCEIVING imperfection in their own physical bodies and environment.

The 'I Am' and the physical eye both indicate the IDEA one holds of himself, and the eye pictured at the top of the pyramid on the dollar bill shows how well the ancient Egyptians knew the connection between the 'I Am' (one's sense of self identity) and what his physical eye beholds, - the latter of course, being the reflected image of the former at any given time.

The EYE, - the AIR Element, thinking, perceiving, imagining and bringing forth IDEAS are all a part of the SENSE of SIGHT in man. Most headaches indicate stress due to the ideas you hold when looking at your daily world. To keep your eye "SINGLE" - aware of PERFECTION alone, makes your whole existence 'full of Light' and Light of course, is synonymous with the Wisdom Quality of Life.

SENSE #4, - corresponds to the Fourth Ray and the Fire Element or SPIRITUAL VITALITY which includes all the other three aspects of Divine Consciousness, - namely Power, Love and Wisdom. This Sense is connected to the individual's Causal Body, or to his 'Light Body' if he has developed it. It's the Sense of SMELL, involving the NOSE, which of course is the gateway to the Creative Breath of the LUNGS. Your NOSE is the seat of your INTUITION, - your INTUITIVE INSPIRATION by which your ideas, plus the FEELINGS that give them physical FORM are conveyed to the lungs on the INBREATH. The IDEAS, (the Air Element) oxygenate the BLOOD (the water element of Love-Substance that makes them tangible manifestations) and are then projected into your outer world as thought-forms that eventually grow visible as you continue to concentrate your ATTENTION upon them, as you 'live and breathe'.

INTUITION is the FEELING of IDEAS into form! It is the most Spiritual kind of thinking, and creates the conditions and things one brings forth in

accord with his Divine Source, - the Father Within, Who then 'doeth the work'. One cannot go into 'Samadhi' with a plugged nose, or maintain contact with your Divine Self in that stuffed up condition. The NOSE is the CHANNEL between the God-Man and the outer personality. A sore nose indicates you haven't been 'letting the Father take charge' of things. The nostrils always flare as you communicate directly with your 'I Am Presence' (and externally speaking) at the high point in "sex" which has been 'normal humanity's' closest contact with its Creative Source of Life.

Musicians tend to flare their noses when performing highly "moving" passages of music, - melodies by which they feel inspired! In fact, the phrase, to be 'inspired' actually refers to the deep, swift breathing in of an IDEA, - plus an EMOTION, through the NOSE! Unless too powerful, - a sigh is expressed through the nasal passages too, - and means the soul has 'come back to Earth' after the flight of fancy or stress, so to speak.

You blow your nose to rid yourself of the head congestion that excessive MENTAL effort produces, and that's why many college students often end up with sinus trouble or a cold at examination time. The nose cleans (or spiritualizes) the AIR one breathes, - screening out all but the purest ideas and feelings if possible. NOTHING should be drawn into the lungs, such as drugs and cigarette smoke, to produce artificial relaxation or "highs". Such things interfere with the normal Spiritual development of the whole man by distorting the creative results of his lungs, and projecting him into hallucinatory conditions over which he hasn't the proper control as yet. This even includes incense, which shouldn't be used except in the hands of experts.

A large nose indicates INTUITIVE INTELLIGENCE that often makes one a leader, - while those with small noses tend to follow. However there are some exceptions to the above general rule where one has held over a wish for a certain type of beauty from a past life. This has much influence on the size and construction of ones present nose because it's such a prominent facial organ, and this explains why many with small noses are intuitives and leaders as well. The large red nose of the alcoholic usually indicates strong intuition at some level. The soul is so sensitive he has had to drug and dull his sensations which have become intolerable feelings of anxiety. He seeks to drown what he cannot understand and face.

There's a saying, - "When anything smells, don't put your nose in it!" An offensive odor normally means that the animating Spirit or Life Force has gone out of something, causing it to decay. Incidentally, - cheeses such as limburger shouldn't be eaten!

SENSE #5, - corresponds to the Fifth, Sixth and Seventh Rays of Life as they relate to Earthly existence. It involves all the qualities that the I Am Presence and soul project, and corresponds to the ETHER which connects and energizes the whole man. As the other senses relate to the physical, emotional (astral), mental and Light bodies, - this fifth sense is connected to the Etheric Double which some clairvoyants see as the physical 'aura.'

It is the sense of HEARING, centered in the ears, - which by the way continue to grow throughout your entire incarnation in the flesh. Your eyes, mouth, nose and skin membranes are ALL connected to the auric or ear cavity. Your ears affect your balance, and they STABILIZE you as you walk the Earth. Through your ears you respond to the outer voices, hear the 'still, small inner voice' of the heart, and listen for the secret voices in the brain center that give you ideas.

From man's HEARING comes DISCERNMENT, that he may judge what occurs in both the inner and outer space of his own created 'universe'.

Older people often go deaf because they subconsciously 'tune out' things they no longer wish to know, due to lack of interest in the life they're living. Thus, they gradually lose this energizing connection with their world. In the case of youthful deafness though, - some individuals have chosen to center their attention within, to concentrate on hearing their own bodily voices and rhythms, and learn intuitively.

An earache in a child indicates a rundown state in which another sense may also be blocked. This can be caused by too much book cramming; too much repression; too much "pushing to accomplish" or too much physical activity without enough rest or sleep. The latter tends to produce the "sore throat-ear infection syndrome so common in youngsters.

Man often mechanizes imitations of his own body organs, and present-day science energizes IDEAS, - sending them around the world by means of electronic EARS, called amplifiers, so that people may hear them and receive information that way. Microphones, TV sets, radios, etc., are such ears, - energizing thoughts and pictures, and projecting them into ACTION on Earth. A ringing in the ears indicates a blockage of this energizing force, or that one or more of the other senses is under or over-stimulated by it electrically. To sum up this Fifth Sense, - let me say that HEARING is the CONNECTING, ENERGIZING, ANIMATING FORCE that balances and revitalizes the body with all of its other senses. HEARING conveys to the soul the musical keynote on which it operates most efficiently. Thus, - you find music pleasant. It revitalizes your creative powers, and should be chosen according to your own individual wave-length and what you seek to accomplish at a given time.

Of course there is destructive music! A certain type of common 'rock' for example, which has two short and one long beat, - has been shown by scientists to slow down the power of the muscles, short-circuit ideas in the brain, ruin the hearing and potentially shorten the life-span. It allegedly interferes with the inner rhythms of the lungs and blood, reversing the body's keynote so that it cannot very well build ideas into 'substance' especially if listened to a great deal. This is said to account for the shortened lives of the 'rock stars' and why some of them are driven to the use of drugs in an effort to obtain relief. As I said, constructive, harmonious music aids your creative talents by energizing your thoughts, and harmonizing your form-making emotional substance. However, a constant background of unrelated noise like

## YOUR RADIANT CHRIST CONSCIOUSNESS

(A Special Easter Message)

By Mary Myneta

May the radiant splendor of your own Christ Self now enfold you. May you become aware of the garments of the Spiritual Substance with which that Spiritual Self is clothed, and ascend in consciousness into that form that you may be clothed in those wondrous garments of Light. Feel that you are now enveloped in the radiant energies of your own Christ Self so that you can be in direct communication with your Christ Consciousness.

The substance of the Spiritual Body, vibrating at a higher frequency than the material substance of the physical world, is not generally visible to your physical sight, but it is real, even as electricity is intangible and invisible, - yet powerful and real. Thus it is that this Spiritually Divine electric current of Golden Sun Substance is now emanating around the head area of each of you. It will be projected into, through and around the consciousness of each one as the release of this special Easter time touches your beings and worlds wherever you are.

Let it be understood that there is no sense of space or time in the Spiritual World of the Holy Christ Self. By thought, the consciousness can be directed instantly to distant places. There is nothing to interfere with the transfer of Spiritual Substance and Energy though you may not be entirely cognizant of it. Think of the lightning which flashes in your sky. It may flash in the north, and in an instant of time flash in the south. So that electric current which is your life energy, knows no impediment except the barrier of the human conscious mind, - and those barriers are merely human concepts.

Every individual upon the planet, as he enters into physical form, begins at the moment of birth to create and accumulate concepts. His own concepts are based upon his physical experiences and the experiences of others who exert an influence upon him. He experiences a severance from spiritual intuition, from many inner and spiritual revelations and from the direction or aid from any invisible source, - because the consciousness is lowered into a frequency of perceptibility which creates that sense of separation.

You who are moving forward on the Pathway of Spiritual Illumination are gradually becoming aware of the thinning of the veil of human concepts through your desire to overcome these obstacles, and through your use of Divine Laws as you understand them by which these obstacles are overcome. You have come to a place upon the pathway where at moments, you may perceive with the eye of the Spiritual Self, - the Christ Self! This takes place in flashes or perhaps for a very limited time, but it is enough to give you the encouragement to continue in your application, so by illumination concerning this seeming separation, this feeling of severance from the Spiritual Self can be completely eliminated. Jesus the Christos was able from the beginning of embodiment to master and control His own human concepts, and demonstrate the

power which is there for use in the beings and worlds of those who so dedicate themselves to stand humbly before the altar of their own God-Selves, the Father Presence within, and serve Life in His Name.

You are entering into a Season in which multitudes of individuals who follow the Christian way of life, humbly invoke the Powers of Light and Love, and endeavor to purify their beings and worlds to whatever extent that they understand and desire, - in order that they may better comprehend the activities of the Transfiguration, the Resurrection and the Ascension. To the mass of mankind, these are concepts which do not seem to apply to them as individuals.

Mankind has been willing to accept transfiguration, resurrection and ascension as being a wondrous and miraculous activity which the great Master Jesus accomplished, - but those same individuals have no concept of being able to accomplish these same manifestations for themselves. Those who witnessed the physical disappearance or Ascension of the great Master Jesus, were mystified and totally without any rational explanation of that which took place before or after the culmination of these experiences.

There is little if anything written to indicate any Spiritual Illumination of those who witnessed these mysterious or miraculous acts of the Master Jesus, and there are no stories told of what these individuals were able to comprehend after having been witnesses. There have been many who followed the Pathway of Light, - followed as best they could in Jesus' footsteps, but laboring under the burden of doubt and often disbelief, over the centuries of time. Some very few have been able to accomplish transfiguration, resurrection and the ascension in and from the material world, - yet the records of these instances lie buried in myth and legend, or hidden in the secret vaults of some mystic brotherhood.

During your Lenten Season meditations strive to so raise your conscious Awareness that you may enter into the "Secret Place of the Most High" in the Realms of Light in which the Christ Self, the Spirit Self and the Holy Christ Spirit dwells. Then through the means of this Higher Christ Consciousness, a channel may be opened so that you may commune with that Holy Spirit that there may be revealed to you individually, that which you desire and require to know as you move forward into the Higher Realms of Spiritual accomplishment. It is also incumbent upon you to demonstrate this Spiritual accomplishment in order that the faith, the hope and the assurance of others can thereby be established by your example.

You have been told many times that to know Truth is good, - but you had best never discovered Truth if you do not also demonstrate it. To demonstrate is to share. You do not need to preach on the hillside to share your enlightenment. You are known by your 'acts' more than by your words. He from whom the Light shines need not talk of Light, - for he demonstrates Light! Likewise, they who express and radiate Love, need not prattle of Love! Demonstration is SHARING, and you are at that point upon the Pathway where you need to demonstrate, you need to share! You will not all

publish a record of your achievements in the printed periodicals of your day, but your daily lives will bear testimony wherever you go. People will be touched if you desire to touch them. The Love and Light that you silently radiate is more convincing than thousands of words!

Let us presume that each of you is garmented in a beautiful etheric mantle of living, sparkling Light Substance, and that you move into an assembly of other individuals who outwardly seem to be negative or destructive. As you move into that group, will you draw your garments about you and close your eyes in order not to see them, and so that your garments will not touch them or will you walk with grace and release the Light and Love of your heart into all imprisoned life, - blessing all, touching all, illumining all, healing all, - fearing not for your wondrous garment of Light that it might be soiled or despoiled? Will you demonstrate Light, or will you withdraw into yourselves and fail to share or demonstrate the Love of God which seeks to shine from within you?

Each of you have a world in which you live and move and have your being. From your world you touch the worlds of others. Even if you share with only one other soul, and bring hope and courage, healing or faith, - then you have, as your old song of the evangelists goes, "a star in your crown". Seek not to add stars to your crown, but rather seek to light a flame in the heart of one of your fellowmen or many as the case may be. You cannot touch or see the stars in your crown. They are illumined by the radiant light of your heart. But you can, of your own free will, illumine, inspire and kindle the Christ Flame within the hearts of your fellowmen whoever and wherever they may be.

As you walk upon your city streets; as you move through your business establishments; as you use your means of communication and transportation, you move through the worlds of multitudes of individuals. Yours is a great opportunity as you pass through the worlds of hundreds of other individuals daily. Those who live in smaller communities do not have the opportunity of physically touching the worlds of so many, - yet I say to you, awaken the flame within even one, - is to make a star in your crown.

Now you enter into the season for the preparation of the understanding of transfiguration, which is a season for introspection. Think on these things and determine upon ways and means by which you can demonstrate the Light of the Living Christ in mortal form. This is your goal! Long have men lived with the sense of doubt or discouragement. After all, they say, in this modern day how can we perceive the light in our modern day activities, our inventions and modern technology? How can we believe that the spirit leaves the body and becomes immortalized? Yet one has testified unto multitudes. You are aware of many facts gleaned from your Spiritual education of which the masses of mankind are totally unaware. You have a faith which they do not share. It is for you now to demonstrate faith! The day may come when one or all of you may change form before the eyes of a living multitude, but it cannot be accomplished without your FAITH!

Now is the season for introspection. Delve deeply within spirit, - the

Christ Spirit, the Holy Spirit in these coming days as the gathering outpouring of the Resurrection Flame is released to those spirits are open and receptive. Yours is an opportunity and an obligation to clear the way for the greater expansion and expression of these spiritual activities. Try to realize that your physical body is but a receptacle within which the seed atom of the Christ Self is anchored. The body provides life and energy in a functional form, but it is not the whole of the self. It is an **EXTENSION** of self even as the fingers of your hand are extensions of your body, and can reach out and touch matter or material substance. These are extensions with a purpose. The entire physical body is an extension of your Christ Self in the same way as your fingers are an extension of the physical self. They are extensions for specific purposes and they can be trained for their many functions.

The body can be a receptacle through which a great current of healing can flow out through the hands, or through which some other force may flow under the direction of your will. A man may strike a blow in hate or anger; he may stretch out his hands to bless and assist someone. In either case the hands have been the focal point through which the power flows. The whole physical form is a receptacle for power with a governing intelligence to direct it.

Now I have endeavored to open a channel of communication from that physical aspect of the human mind into the Christ aspect of the Christ Mind, and from the desire and the emotional body of the Spiritual man. The Life Force is flowing, and the triune activity is flowing through both, but the extension is never as great as the whole, - the hand is not as great as the whole of the body. The body is not as great as the Christ Self, and the Christ Self is not as great as the God Self! The Divine Identity and its power flows **THROUGH** that Christ Self!

I desire that you be awakened this hour to begin this introspection in which you see yourself. Feel yourself to be a focal center of Light. Know yourself to be a being of spirit, and thus subject to great etheric change depending upon what is taking place **THROUGH** you at a given moment. Someone may call upon you mentally for assistance, and in perceptive vision or awareness, he might see your Presence as a Being of Light standing beside him pouring Light and Love and healing powers into his being and world. It is a **POSSIBILITY!** All potentials are possibilities, and I desire that you begin to understand and accept them. Feel yourselves to be elastic. Even your physical self alters day by day, perhaps imperceptibly, - but nonetheless there is alteration, not only in size and in weight, - but in spirit the change is greater and is controlled entirely by the spirit.

Meditate during these coming weeks, and endeavor to invoke the Powers of Light from within your own Holy Christ Self, - that they may flow in and through your human sense consciousness and leave a complete awareness of Truth and Reality within your conscious memory. Seek to become aware of that which takes place around you, so that you too may be able to witness the withdrawal of the spirit, or the Ascension of a Christed One as

the case may be when opportunity is presented. The whole world is soon to be a witness. You have long been trained to become such, and in these latter days in which you are privileged to live, and for which you have been prepared, - your opportunity is at hand. Fail not to make the most of it! Feel awareness now awaken within you, and be grateful for the expanding channel of your own Consciousness within you as you accept these blessings which you have received.

Feel that the spiritual garments of which you have been but dimly aware, become the permanent garments of your outer human self, and as you move into the world of form, acknowledge frequently the beauty of those garments, not for beauty's sake alone, but for the service which they render the Spirit as you move amongst mankind. For a moment feel the expanded and extended Consciousness of the Christ Self, and the substance and energy of that Self enveloping you, - so that you are like giants in stature, with the expanded activity of Light within and around you, not visible to the physical sight of one another but nonetheless real and powerful.

The sign of the heart, the head and the hand to you! The blessings which you have received and the Illumination which you have accepted, now flow through you. Wherever you are at this time, and any time henceforth, let those blessings flow.

The sign of the heart, the head and the hand to you! Through all of your daily activities, and even during your nights of rest, may that ceaseless outpouring of the HOLY SPIRIT keep you, - and through you, all those around you blessed!

The sign of the heart, the head and the hand to you!  
Now go forth in Peace, in Love, in Faith, in Hope, - and dedicated in service, fulfilling your obligations to Life in God's Most Holy Name.

As you are filled with that Spirit of your own Christ Self, - let the healing radiance of that Light flow from your heart. Release that energy, project that energy into the being and world of all who need healing, and or hope! Let the Electronic Energy flow out into their beings and worlds and establish comfort, assurance and Inner Peace, - even as My Light flows out to you now, to bless you in all of your God-directed activities of Being!

Arise into the Higher Consciousness of your own Christ Self as completely as possible and abide in stillness within that Spiritual Realm. Let the pictures of the past begin to flow before your eyes as the etheric record unfolds for your edification. Visualize the tomb, - not as it is portrayed by artists of bygone days, but as it seems to your inner mind's eye. Run beside Mary Magdalene as she hurries hence at daybreak to visit the tomb. Peer into it and see the empty place where the Master had been laid to rest, and run again with her to tell the others. Stand by her as the Master speaks to her, - "Mary, why weepest thou?" Feel the impact within your own world as He reveals Himself!

In like manner will He come to you, as you are raised in Spirit to adjust to His vibration and accept His Presence. It can be this hour if you are ready. The veil can be rent when the time has come for the revelation, but it is not for man to decide, for it is within the province of the Christ Self to know when the time has come. There is oftentimes great terror in moments of revelation, - especially for those who are not prepared. Consider those of the disciples who merely witnessed the empty tomb. They were terrified and yet awed when they realized the truth. It took time to adjust to the vibration of the Master and accept the miracle.

It is told that as the Master came forth, the guards who had been stationed around the tomb by Pilate's order, to prevent His possible escape in the event of His resurrection, - fell into a deathlike swoon as He appeared. The same would happen today were the Master to materialize before unbelievers whose worlds were not somewhat purified by love and God Illumination.

Much transpires daily right in your midst of which you are totally unaware. Masters and Cosmic Beings often move upon the Earth unseen even by those who long to behold them. It is hard for the disciple to accept the fact that he is not yet steady and strong enough to withstand the tremendous outpouring of Life and Light from the great Ones. You may ask how it is that Their Presence does not affect you as They move about, passing amongst you? The higher vibration of their Presence does not affect the lower vibrations of the human self. This may appear to be a contradiction but further explanation seems only to cloud the mystery rather than clarify it. Wait for the moment chosen by your Christ Self in patience and in Peace.

### THE RESURRECTION: -

Children of the Creator who dwell upon the planet Earth, - long have you been entombed in a dark catacomb of earth consciousness. For centuries the whole planet has been buried in darkness of its own creation. Each of you have been struggling through lifetime after lifetime attempting to "remove the stone" or to roll it away from the door of consciousness in order that you might arise and be totally alive again. As you determine to arise, so shall it be! Resurrect your souls my beloved! Awaken from the dark 'catacomb' of despair! Remove the dark pall which covers you, and put on the garment of Light which is now extended to you. Allow the angels of mercy to wrap you in its splendor and glory.

As each of you succeed in this awakening, so will you aid in awakening the planet, in raising it from its tomb of darkness to radiate Light! Each risen Light Bearer contributes to the whole. We know the struggle that many must experience in order to come out of their own dark catacomb of self. It is never easy to come from darkness into Light after centuries spent in a dark chamber of self-consciousness, - but with perseverance each one will find Light and rid himself of the curse of darkness and death.

"I AM" the Resurrection and the Light of the Christ Presence! Do you

know My meaning? This does not refer to the personal ego. Oh no My Children, - the "I AM" I spoke of is of the Cosmic Beloved which is in each of you. This may not be easy for some of you to comprehend, and it may be a mystery to you, - but it is TRUE! The "I AM" is WITHIN you as in all beings. If you will let the "I AM" in you be the superior force, then you will awaken from the ignorance which is darkness, and behold Light and Truth again. There shall be no mystery then.

Jesus spoke in symbolism in order to be understood by those to whom He addressed Himself. Others sought another meaning. Meditate upon the sayings of the great Master, for therein lies immense wisdom. The "I AM" is the resurrection and the Light! You who believe this will never die or return to darkness. My Children, understand this, - I am speaking of SPIRITUAL life and death! Believe that the "I AM" is within, and is the motivating force which propels you to an understanding of Truth. It means that true Life, - a Life of Spirit is for you, EVERLASTING! For you then, there is no death! Immortality is yours! Ponder this. The body vehicle will deteriorate and die, - but your Divine egoic force can never die if you believe in Life and obey the I Am within you.

Live in the spirit of Truth in which you were created. Live also in the Joy and Wisdom wherein you were created; dwell in these attributes, then you will live according to the potential within your Creator, and fulfill your role on the planet, and light the flame of wisdom in many souls! Thus will you aid others to resurrect from the darkness of ignorance. Arise My children, arise and come forth into the Light and bring your brother and sister with you. I am a Teacher and Channel of Light. May the Light, Love and Peace of the great Master Jesus always go with you until you demonstrate your own Resurrection and Ascension to Life Eternal!!

MY EASTER MESSAGE

Channel, - Ann/Aeriel

"I AM THE ASCENSION FLAME drawing all My Children into My Light, the Light of Understanding. This shall raise My Beloved Earth Planet! As all hearts sing praises during this Holy Season, so shall these Vibrations of Color and Light dispell the impending darkness which cannot withstand the LIGHT!

"This darkness is merely the collective negative thought forms of negation, and must be negated by these notes and tones sent out into the ethers. Reason thus: these millions of souls feel the REBIRTH during the EASTER Season, - and yes, even those termed as the 'Orthodox' send or radiate the highest they can feel and understand. Then consider the millions of churches filled to capacity on this one Easter Sunday, - even though half empty between Christmas and Easter. Still, - this day of days shall glorify and touch all beings on the Earth Planet and higher! Such is the power of this LIGHT on Easter Sunday!

"I AM THE CHRIST OF THE EARTH PLANET! Much assistance is given by My Space Brothers, and this Planet Earth shall be raised and the Poles stabilized in position. If this causes certain shock waves, - then know ALL is in the DIVINE PLAN, and ALL is being fulfilled according to the Plan.

"Now, be mindful that LAW IS! All of this Power and Light being sent out MUST, - because of Law, come back to Bless My Beloved Earth and Earthman, - but God-man, or shall I say 'Gods in the flesh' - but being Gods, the flesh no longer holds man, for he is freed from the Cross, even as I Am FREE - for all ETERNITY!

"Oh Man, - KNOW the Cross has fallen from your shoulders, - then be FREE! for Victory is YOURS, - but ONLY as you CLAIM IT!!

"My PEACE I give unto you for all Eternity, - which is NOW! I AM SANANDA, - the CHRIST of My Planet Earth! PEACE, PEACE, PEACE!"

THE LAW OF LEVITATION as you ask: "You may call it the Law of LIGHTNESS which defies gravity. 'Tis well you practice this, for the time shall come when you shall use this law, - and when I say "you" I mean all who are walking in Light. A time will come when Light Workers shall again be PERSECUTED! But you shall learn to make yourself INVISIBLE! also and travel, even as I did when it was necessary to depart from an angry crowd. Yes, - this is in the offing, but not too far off."

"Then let us begin: - Each morning as you sit in meditation 'SEE' yourself in ANOTHER AREA! For as explained by William Lear, - your cells literally disintegrate and take FORM in that other area, wherever designated. This is already being done by many. You have been seen to

levitate, though you were not aware of this, - but you SHALL do this in full awareness! You also had the experience of viewing these cells as the SAME ESSENCE of all of it! It is as simple as seeing yourself there! Do you understand? - Then practice and PROVE this!

"I Am this One in you! These daily invocations and affirmations are most powerful, and shall accomplish all that you SPEAK into the Ethers! Then KNOW that when you are SEALED in this great tube of WHITE LIGHT, - IT BECOMES BLINDING LIGHT! and this form of you shall blend into the Light and become Atoms of Light Energy which is invisible! This is the Way of Lightness, even as explained in the Law of LEVITATION. This is My Easter Gift to you!

Note: - The following arrived in the mail just before going to press, with the request from Sananda that it be included if possible, following the article above.

THE EARTH FLIP: - "I Am Sananda Christ of the Planet Earth. There have been many dire predictions in the past. It is not in the Plan that these millions shall be swept out! The Earth Planet is being raised in exact ratio to all other planets, - for one planet cannot be raised without the exact order of LAW! Therefore all is in Divine Plan or order. There shall be many catastrophes, - but there have always been catastrophes in various parts of the world, - for when certain pressures build up in certain areas, this pressure must be released, causing upheavels in that area. Seas shall rise in certain areas, - yes, this is in the Plan, - but My world shall never be destroyed, - merely CLEANSED!

As has been stated in My Easter Message, - if this causes certain shock waves, still it is all in the Plan. Be mindful that such negative statements are not of the Christ! and as also stated, much help is being given Me by My Brothers in Space who have the power to negate much of what has been predicted! Then understand prophecy, - it is merely the effect of the CAUSE set into motion at that moment in Time. But be mindful also that all the Light, Love, Life, Peace and Power being projected by My Light Workers, is negating those dire predictions. Remember, My Beloved Christ-ians, - you walked with Me in that Age, and you promised to help Me raise My Beloved Earth in THIS Age, - the closing of this Dispensation.

"It is the Consciousness of the peoples that is helping to raise this planet. Therefore, My Beloved Children, My Emissaries, - be faithful, in balance, stable and constant in your daily projections of Light, Life, Love, Peace, Joy and Gratitude! This is that which shall stabilize the Poles as they move into position without a drastic FLIP, - or let us say that this Beloved planet Earth shall just move into position as the other planets move also into their position, - all according to Divine Plan, or EXACT LAW! "

" I Am Sananda. I Am with you always! I place My Seal upon this writing on this day, February 7, 1979". Channel, - Ann Herbstreith Dempsey.

I AM THAT I AM!

(From The BOOK Of LIFE)

By Ann Herbstreith

"I Am the Lord thy God, and in the ecstasy of this moment we shall reveal to the world this meaning of 'I AM'".

When Moses was given the Illumination of the "Burning Bush" it was revealed to him the Truth of his Being, - and in that moment he recognized what the world has called God, - but to him it was the revelation that God was ALL OF IT! Therefore the name "I AM THAT I AM". And so it is that "I AM" is not an entity, - but it is BEINGNESS in all forms! It is the ALLNESS Of The ALL! It is "IS-NESS". And in that Consciousness of the Allness in which he was, - it was forever a Truth of Being to Moses.

But what of the rest of the worlds upon worlds, upon galaxies upon galaxies? What about Time and Space? What about the billions of years (so-called) gone by in the billions of Universes? All is Life, or I AM ALL of that too! But what words can truly convey the TRUE meaning until and unless the individual experiences that for himself? Oh yes, I AM, but where does that place you, Man? It forever places you as a part of this I AM in the proper perspective, at ONE with 'I', 'Me' or shall we say LIFE? "I Am the Life" and since there is only One Life, - then you too are this same Life expressing temporarily in this present form. But what has 'form' to do with Life?

You were expressing Life since the beginning as electron, proton, neutron, atom, gasses, minerals, vegetables, animals and so on; now I am or Life is expressing through you! But Life is One and 'I' must express myself or Life through ALL forms that I may experience My Self in various degrees of Consciousness. Now, O man, I Am expressing through YOU, - therefore I Am, you Are, Life EXPRESSING!! But Life is Eternal, - no beginning, no end, - therefore one may ask, "What about this form, the present form of man?"

O Man, know that this present form through which you (Life) is expressing, is as far removed from that which you shall express through. When I say 'you' I refer to Life. Life is forever moving across the waters. Let us now call it 'Consciousness' which is merely another name for the I Am or Life, and as I, Life, move across the "face of the waters" I express in ever greater and greater degree, - for I AM the beginning; I Am the ending; I Am forever in cyclic motion. Therefore what is, has been; and what has been shall yet again appear, - endless, beginningless! Therefore I AM, and whatever you say I am, THAT I am to you, - for yes, I Am THAT I Am!

So, My Beloved Children, who are merely 'particles' of My Self, - there is no separation of this that I Am, but MAN has separated himself in consciousness from this WHOLE. Since he, man, lives in Me, or consciousness, still he must first become CONSCIOUS of My Self, which is his Self, - or let us just say the ONE SELF pervading all that is!

A TIME TO SOW

(Through God's Grace)

Let me take this opportunity to express the hope that each of you are experiencing a **HEALTHFUL, PROSPEROUS and JOYFUL NEW YEAR!!** Have you made and kept your New Years' Resolutions thus far?

Many who are reading this article are leaders or teachers and influence many in different ways. Those who say they do not should stop and reflect for a moment. Isn't it possible that you influence those around you without realizing it? Every word spoken expresses a 'seed of thought' which may be accepted by a fertile mind, germinate and grow. Therefore it becomes doubly important that we be cognizant of the type of seeds we are planting. That which we know to be true, think and talk about helps to form our world of tomorrow, **AND** may also influence the experiences of others.

**WE REAP WHAT WE HAVE SOWN!** This is a Divine Law. We are therefore responsible for what we have sown, and we are also responsible for **WHERE WE ARE SOWING IT!** What 'weeds of thought' are you planting in the minds of others in your every day conversations? The 'seeds of thought' we scatter daily **MAY BE** seeds that we sow **UNCONSCIOUSLY!** We must start being aware of them, and what they might **GROW INTO!** Do you listen to what you are saying when you talk to others? That is the only way of knowing what your **REAL BELIEFS** are. Are your thoughts reassuring, uplifting and healing? A disciplined mind is aware not only of what goes into the mind, - but what comes out!

As teachers and leaders of the New Age, - it is imperative that we be good examples which will teach our students habits of constructive thinking, talking and knowing the Truth. The Truth is that all is **ALREADY PERFECT** and what we see around us we have created with our **PAST KNOWING**. How easy it is to follow the trend of negativity so prevalent on every hand. The coming recession or depression, the earthquakes, tidal waves, end of the world, corruption within politics, sickness, crime, inflation are all topics of conversation indulged in by an alarming number of people. We do not need to join the numerous minds concentrated upon spreading the news of **DOOM and GLOOM!** It is our responsibility as leaders to reverse such habits by changing the subject to something **CONSTRUCTIVE!**

If you would be an advocate of health, prosperity and peace, **MONITOR** your conversation! Teach your students to monitor themselves. The time is ripe for planting seeds of thought that will bring forth a productive harvest.

**KNOW YOURSELF, YOUR BELIEFS** and what **SEEDS** you are planting in other minds by **LISTENING** to what you are talking about. That is the only way that you can realize what you **REALLY BELIEVE!** Are your words uplifting, encouraging, constructive, realistic and thoughts that you wish to be **MULTIPLIED?** Will they cause growth, love, prosperity, health and

enlightenment? How easy it is to respond with "OF COURSE!" Caution: Do not answer too quickly! First spend a week of total awareness by being conscious of WHAT you are talking about while engaged in casual conversation. There is no better way of knowing your deep core beliefs.

**HABITS** of conversation may be subconscious or not paid **ATTENTION TO!** As you know, habits are difficult to break! One helpful solution is to be aware of what goes on in your mind. News reports, gossip, murder mysteries, etc., are not predominant happenings in the average life. You cannot have a cheerful, healthy attitude if what is accepted by your mind is gloomy and unhealthy. We must therefore program ourselves with positive data so that we will add to the prosperity and love in the world, - **NOT** the woes! When we participate in spreading destructive rumors among the students that believe in what we have to say, - many will become focussed on the same destructive thoughts. The Bible says when two or more shall **KNOW** the same thing, it will be **DONE!** **KNOWING IS THE CREATOR!** **LET US KNOW THE TRUTH THAT ALL IS PERFECT!!!**

Take a moment to look around you **NOW!** What you see is the world that **YOU HAVE CREATED** with your past decisions, thoughts and **KNOWING.** Individually and collectively you have created and are creating. Do you like what you have created? Are you proud of what you have influenced others to create? If you are not, - do not condemn yourself. But **DO** begin creating **ARIGHT!** This is a **SCHOOL OF LEARNING** and no one has completed all the courses. Those who may think they have are in a dormant stage of temporary **'NON-GROWTH!** We never stop learning and growing unless it is our desire.

The greatest help to maintaining a continual constructive attitude is to form the habit of **TUNING IN** to the **FATHER** before falling asleep at night and also the first thing in the morning. Ask Him to make the crooked places **STRAIGHT!** **ALL IS PERFECT IN TRUTH!** All that was created by God was **GOOD,** and is **STILL GOOD!** We must let everyone be themselves, and know and **SEE PERFECTION WITHIN THEM!** It is **NOT** our job to try to change anyone, - for everyone is experiencing that which is necessary for their growth. They cannot grow if we take away their 'challenge' but they will grow strong by overcoming it themselves.

We can only express an opinion when **ASKED,** if we wish to be helpful. The greatest works are in the Spiritual. The vibrations you produce with your thinking, talking and **KNOWING** go out in this world, and are multiplied over and over again! **KNOW THE TRUTH** and the **TRUTH WILL MAKE YOU FREE!!** Be **CONSCIOUS** of the **SEEDS YOU ARE PLANTING** and expect the **HARVEST OF YOUR RETURNED GOOD!!** May **PEACE BE WITH YOU!!** **GOD BLESS!**

Love and **LIGHT,**

## THE TRUE STORY OF JUDAS

Channel: Sara Simmons

This is primarily my story of one lifetime, during the time of Jesus. I went to school and the Rabbi who taught us could be very stern and life could be very grim. It seemed to me that life should be full of laughter, love and gaiety. Within myself I sensed a God who was not being presented to me by the elders.

When I grew up I became a business man. I had a lot of fun and loved to go to parties. However, I still asked to be shown what God was really like, because I could not accept the God nor the teachings that were given to me. One day I went to the hills and again was asking God to 'show' Himself to me. Then I heard a song or chant, and thought it was a voice from Heaven. As I continued walking and found a lovely woman sitting on the hillside. She was chanting and I had never heard such beautiful sounds. As I listened and watched, I thought this was the sound of God; that through her I heard the God I was seeking; that she understood God to be like I thought He was, - a God of beauty, love, laughter and joy.

She looked up and smiled, and simply said, - "you came, didn't you?" I said yes, and she said "I was told to come and chant, and one would come who is very much needed to fulfill the Plan that is about to begin." I didn't know what she was talking about, but I followed her and she led me down to a little village where we met a man. Suddenly I knew that this man could teach me about the God I had been seeking, that I somehow knew had to be. He held out his hand to me and I became one with him and followed him. He indeed talked about such a God, - one of love, joy and peace! A God that did not require rituals and the sacrifice of animals or people; who asked only that you believe in Him and let Him work through you.

I followed the man Jesus whom I called the Master, and was content. I did not change much and continued to be full of fun and gaiety, but some of the others disapproved. They had various kinds of training and backgrounds, but since I had business experience I became something of the 'business manager'. I grew in understanding and awareness or oneness with God. This is what the Master taught, - that each one of us is the "son of God" rather than the son of man. He was our friend as well as our Creator, - this God of Love, Peace and Joy!

Then the knowledge came to us that the Master Jesus would not always be here to teach us; that He would have to go away from us in order that we could fully understand all that He had come to teach us. That was the Plan as He called it, but we were not told any of the details concerning it. We didn't know what was to happen to Him or how it would be brought about. We only knew that His last act would be to help us understand that neither the body, mind or the spirit dies with what we call death. We wondered about this even though we believed everything the Master taught. We did not see how He could teach us that there is no death, or that He could actually resurrect the body and be the

same personality and have the same soul. Then there came a time when He told us He must prepare for that which lay ahead, and He left us and went up into the hills.

Suddenly I felt an urge to also go into the hills to be alone. I went to a favorite place of mine where I was quiet and at peace. One night I was wakened and a voice said to me, "I have a job for you to do!" I said, "of course I will do anything!" The Voice said, - "You know the one you follow must die." "Yes, I said, I know this." The voice said, "Do you know how?" I said no I don't know how." The voice said that He was to be crucified, and I cried out, "Oh, not that way! That's how we kill thieves and murderers! This man is your Son; how can You allow this?" The voice said, - "This is the way it must be in order to carry out the Plan!"

I sat and thought about this for a while, and then the voice spoke again and told me He would have to be betrayed and given into the hands of the people that they might do this to Him, in order that He might show us. I protested again, who would betray the Master? No one would do this! We LOVE Him!" Again the voice spoke and said, "You will betray the Master!" I could not speak!! I cried and ran trying to go where the voice couldn't find me, - running until I was exhausted. Finally I heard the voice again saying, "You have been chosen because you have bragged about how strong you are, and how much you love Him and would do anything for Him. You have taken pride in being the strongest, the boldest and thinking you love Him the most. Now prove that you mean it".

When the voice spoke again it said, "Alright, you wont do this! Who would you have betray the Master? Would you have His mother go to the soldiers and betray Him?" Of course I shouted No! No! "Then would you have Miriam go and betray Him? "NO! Then would you have," and he named all the names, and with each name I had to say No, "No they cannot do it, they would not know how; they have not the strength nor the belief!" "Then who shall do it? It must be done; it is part of the Plan! Who will do this? Who will fulfill this part of the Plan?"

Finally I understood this was why I had come - why I was here. So I said, "Very well, prepare me, - for I know not how to do it. I was told to pray that I might be filled with a Higher Consciousness! I was shown that only if I truly reached the heights I claimed to reach in my understanding and my love, and in my Oneness with God; only if I could truly do this could the Plan be fulfilled as it needed to be fulfilled. I was shown that when I leaned to kiss Him, the God-Consciousness or Energy in me would pass to Him. This would raise Him to the level of Consciousness He would need in order to endure that which must be done.

So as Jesus knelt and prayed, and had His trials and temptations, I also knelt and prayed and asked for the strength I had always claimed to have. I asked for the awareness of God I had always claimed to have. The days passed and we entered Jerusalem. There passed between us an understanding. He knew I had been chosen, but the others were not to know, for this was our burden that we had to carry. Finally came the night of the supper and Jesus told us the time had come for fulfillment of the Plan. We all cried out in anguish, and I among them. Then of course He did say "One of you will betray Me." Each one asked, Me? but when my turn came I merely said Me, and He looked at me and smiled and gave me strength for what had to be done.

When the time came I did nothing but pray. I had to fulfill my role. I had to go to the soldiers, and I had to come to the Garden. At that moment when I knew it was time for me to lean over and kiss Him, there came through my body like a bolt of lightning. That is the only way I can describe it. It did not come from me, - but THROUGH me! As I made contact with Him this bolt of lightning lifted Him up to the level of Consciousness that He could do what needed to be done, and that at all times He could have control over the situation, and believe me, - He DID!

When they took Him away, I could not move. It was as though my body had been completely burned out inside. I had nothing left and could not move. Finally asking for help, I dragged myself to the hills. Again the voice spoke to me, asking if I wanted to come with Him to help in what was to be done? I answered yes, - and that which was 'me' left my body. The report that I committed suicide is not true! God in His great mercy and understanding, and out of His great gratitude, released me from my body because I had done what He asked of me. Anyhow there was not much left of it; I could not have lived anyway, for the bolt of lightning had destroyed most of the inside.

I went and stood beside the Master, and was with Him and helped Him. To me this is one of the greatest rewards ever granted to any one. Then I was allowed from this side to understand how, after His body had died, He could prepare it so that He might enter into it, that it might function again, and that we might truly understand that there is indeed NO DEATH!! There is not even death for the body if you truly understood this. When you can accept and understand the true concept of God, you can claim your only parents are the Father-Mother God, so in this context, how can you claim death? God is ETERNAL! He creates eternally. When He created each of us, He created us eternally! He does not recognize death as we know it.

The main reason that we leave the body behind, is that at higher levels we do not need it. The time will come when all advanced souls will understand the function of the body, - that it can either be left behind or taken and reused. It can be reconstructed structurally cell by cell, at a higher vibrational rate. Therefore you can take your body and utilize it on higher planes, or you can leave it here, - but THERE IS NO DEATH!! That which is you, your personality or mind, - does not die; your soul does not die. All this was shown to me, and I was able in my own way to participate and help. I saw how He did it, and how He came back to walk and talk with those left behind.

The night I was chosen, and accepted the part I was to play in the Plan, - I was made aware that I would carry a tremendous burden for a long time. The great majority of people would not understand, and would despise me! This is my burden, - I who had bragged how strong I was, must now endure the brand of weakness, and this is the most difficult to carry. Even yet, it is surprising how people in their thoughts send me nothing but hatred and misunderstanding. But worse even than that, and it disturbs me the most, - is not my burden, - but how can people misunderstand what the Master came to teach! How it became so distorted, so misunderstood, so misused. He taught Love

and forgiveness, joy and healing; that there is oneness throughout ALL creation since God created all, therefore there is Divinity in EVERYTHING! We are really 'sons and daughters of God' rather than of physical parents in the final analysis of this great Divine Truth!

The Christ threw out sacrifice, ritual and dogma, - and what do we have? The people who claimed Him have killed in His name; they have discriminated in His name, built up ritual and dogma that have no meaning. This is what I have trouble in accepting. Can you imagine what would happen if He were to come to you people? Suppose He came in long hair, a beard, sandals and a white robe! Many would call Him an 'odd-ball or perhaps a 'hippie'. He would talk about love and brotherhood, and you would say 'We don't want you, - you belong with the kids.' If He should question what the churches are doing; if He would turn out the 'money-lenders' and the 'idols' from the churches, what would you do?

How have you grown, and what have you learned? What needs to be done in the immediate future, or the next few years? How will people come to know and understand what they have apparently forgotten? or distorted? or refused to accept? Do you really follow His Teachings? Do you really LOVE one another? Do you find yourselves at peace? Or do all of you have problems, conflicts, worries, doubts, fears and insecurity? Do you go about joyfully because your heart is filled with the understanding that you're a child of God? Can you teach and do all the things that the Master taught and did? Do you love and respect all races and all 'life' because it was created by the One Source?

The message is so simple! It is not filled with ritual, dogma or even prayers! It is simply an inner calmness and knowingness. As I walked down that path toward Him for the first time, I was aware of the profound stillness that radiated from His own being. Whether we were walking or talking, sleeping, or He was speaking to the people, or healing, - always there was that stillness within Him! Sometimes the silence was so 'loud' that it swept you off your feet; other times it was so gentle you could feel nothing but Love! Even in the midst of the storm, there too was the silence. This is how I see Him."

I AM THAT I AM, - Continued from page 26, -

If you will ponder this Truth it must bring a revelation, - the same revelation that Moses became aware of, - then you (as Moses) shall bow low to this mighty Life that you are! To whom shall you bow? If you know yourself to BE this One Life, - then bow to It, but know as you bow, - it is THYSELF that you bow to, - the ETERNAL ONE! I have spoken of Life, - O Man, understand this One Life that your days may be full of Joy in expressing this ONE!  
I AM THAT ONE, - The ALL-CONSCIOUSNESS Of The ALL"!!!

## LOVE

By Kahlil Gibran

Then said Almitra, "Speak to us of Love!  
And he raised his head and looked upon the people, and there fell a stillness upon them. And with a great voice he said:

When Love beckons to you, follow him, - though his ways are hard and steep. And when his wings enfold you, - yield to him, though the sword hidden among his pinions may wound you.

And when he speaks to you, believe in him, - though his voice may shatter your dreams as the north wind lays waste the garden. For even as Love crowns you, so shall he crucify you! Even as he is for your growth, - so is he for your pruning.

Even as he ascends to your height and caresses your tenderest branches that quiver in the sun, - so shall he descend to your roots and shake them in their clinging to the earth. Like sheaves of corn he gathers you unto himself. He threshes you to make you naked. He sifts you to free you from your husks. He grinds you to whiteness. He kneads you until you are pliant; and then he assigns you to his sacred fire, that you may become sacred bread for God's sacred feast.

All these things shall love do unto you that you may know the secrets of your heart, and in that knowledge become a fragment of Life's Heart. But if in your fear you would seek only Love's peace and Love's pleasure, - then it is better for you that you cover your nakedness and pass out of Love's threshing floor - into the seasonless world where you shall laugh, - but not all of your laughter, and weep, - but not all of your tears.

Love gives naught but Itself, and takes naught but from Itself. Love possesses not, nor would it be possessed! For Love is sufficient unto love. When you love you should not say, "God is in my heart" but rather, "I am in the Heart of God."

And think not that you can direct the course of Love, - for Love, if it finds you worthy, - directs YOUR course! Love has no other desire but to fulfill Itself. But if you love and must needs have desires, - let these be your desires: To melt and be like a running brook that sings its melody to the night.

To know the pain of too much tenderness. To be wounded by your own understanding of love; and to bleed willingly and joyfully. To wake at dawn with a winged heart and give thanks for another day of loving; to rest at noon hour and meditate Love's ecstasy; to return home at eventide with gratitude; and then to sleep with a prayer for the Beloved in your heart, and a song of praise upon your lips.

End
