As I sit down this morning to share a few thoughts with you, my wonderful "family" scattered all over the world, there is an ever increasing feeling or sensing of our 'oneness' and a conscious awareness of the very definite GROWTH that has taken place within our 'Inner Being' (at least for most of us), in the way of what I may term "Spiritual Understanding!" This matter of 'understanding' is stressed throughout our Bible from beginning to end, and in one place it says, -"with all thy getting, - get UNDERSTANDING!" However like most things of great value, the attainment of understanding comes oftentimes through some very severe tests or experiences that involve the mastery of some particular weakness. Isn't this the price of growth?

I believe it is quite apropos to mention again right here the subject of the outpouring upon this planet Earth of increasingly accelerated Spiritual Energies to hasten and shorten the painful "end-time" as the Piscean Age of Illusion (the third dimensional plane of the five physical senses). There is no doubt that we are far along in the cusp or overlapping period between the old Piscean Age and the already dawning of the new Golden Age of Aquarius. As we enter the Holy Day season in November, we also be experiencing another period of intensified Acceleration of Energies as mentioned above. The acceleration will be much more intense during this period of approximately two months than it has ever been before. Remember that in proportion to the degree of negative or positive polarity that one is manifesting in their daily life, governs the EFFECT of this acceleration upon that individual. The effect on predominantly negative people is being brought to our attention rather dramatically in the daily news!

Reporting on the "Diamond Jubilee Fund" ('DJ' for short), after the last issue was mailed out, I was led to make some changes in the setup proposed in the last paragraph on page 34. Instead of the Bank of America, I decided to open the initial account as a 2-year Maturity Passbook Savings Account with the Crocker National Bank, where I have a regular account for the Father's House. Additional deposits in the Savings account above must be in units of \$100 or multiples thereof. With the "OK of the A. K. O." this initial account is in the amount of \$1,000, - half drawn from the Father's House and half from my personal funds. Since that time (August first) about \$300 has been received from our subscribers. I feel sure that at least that much more will be received by the year's end, at which time the decision will be made as to placing deposits for this Fund in a regular Savings & Loan Bank paying somewhat higher interest rates. It is a great pleasure to receive gifts in ANY amount, - even though some cannot give more than the minimum \$7.50 suggested; however may I suggest that as many as possible of you consider the concept of giving a "Tithe" to the Father's Spiritual Activity of which I Am Custodian, so that this very important Center may become a manifest fact by the end of 1975?

WISDOM FOR NEW AGE DISCIPLES

By The Christ Soul Through Illiana

The Essence of Purity, of Divine concept, - permeates the air about you. There is a real need for more knowledge which will reveal the true meaning of purity and other Divine attributes.

As related in your Holy Records, - when I was in the body of the man Jesus, I was rebuked, along with My disciples many times by the devout Pharisees because I was less concerned for the outer display of cleanliness than they were. They abode by the laws of ancient time which required certain vessels for particular foods, and also the washing of the hands before certain rituals. When My disciples and I abstained from these formalities, we were rebuked and considered to be outcasts! They were to be excused, - these Pharisees, - for they had not been awakened from their past traditions. Therefore I taught them and those who were open to Truth, to understand what I had been sent to Earth to reveal, and I aided them to become reborn to a fuller, more meaningful life.

In your present day there still exists those who conform to certain traditions, and those who make certain conditions of health too important. Let Me re-emphasize what is TRULY important to you. Repeating what I said these centuries ago, - it is not what man takes into his belly that defiles him, for what he eats or drinks will be released, - but what a man performs in deeds, and what a man says and thinks is more to be considered. For what comes forth FROM him, - from his spirit, can defile him if it is of an evil nature.

My blessed disciples, - it is not that I condone the acts that damage the temple of the soul; of course it is necessary for you to be good caretakers of your bodies. You must consider the body and nourish it with the food ordained by God, and you must not pollute it with substances that are poisonous. This includes certain foods and the varieties of drugs used even by your medical men. Yes, you must take proper care of the body, - HOWEVER, consider first your spiritual health. Permit NOTHING of a negative (or evil) nature to enter your minds or your higher selves, for it will pollute BOTH the spiritual and physical bodies! Yes, give strict concern to what enters your innermost Self. As you perform your life on Earth, express only the Higher Principles that will elevate man and your own person.

If you should eat or drink what some call unclean food, realize that if your SPIRITUAL ATTITUDE is right, these properties which you were perhaps forced to take, - will leave your body and not harm you. Be not like the Pharisees, - do not judge a man's spiritual worth by the diet he takes, for there are some who are strict in this area, yet who leave important things undone! They are

the hypocrites of your day as many were in the days long ago! Nor judge not a man if he does not accept your ritualistic ways, for in his heart he may worship and serve God in a more generous way than he would through rituals.

It is good if man can be so well balanced that he can be a highly developed spiritual being while living a fully clean life in respect to diet and health habits, - but one must never judge another by health standards! Yet, alas, I see many of my disciples who do this very thing! I beg of you not to be this way. It is erroneous to condemn a man (or woman) for any reason! Seek first to cleanse your Higher Self and THEN your temple. Realize that this is your assignment to do, and your brother has the same assignment to perform for himself.

The being of high ideals who lives a devoted life, - devoted to God and man, is one who has placed importance on the values that are spiritual. Such a one has little concern for the physical aspects of life, - eating ONLY to nourish the body, and eating what is placed before him, especially if he is a wanderer. Such a being cleanses his body but without undue fetish which would take away from his spiritual pursuits. He will perform rituals if they aid him in centering the Higher Self, yet he will not be a slave to such customs. Only to God and the highest principles will he be devoted. He will express God-qualities always, thus being a powerful beacon on the road he travels. Out of his mouth, - out of his every fiber will come forth radiant Truth and Love that all who know and hear him will be blest and aided a step further on the journey.

Consider this well, My disciples, - for too often certain of My children neglect the IMPORTANT aspect of their lives and begin to sound like empty drums, -- hollow and lacking the resonance of Truth! Blessed are ye if you follow My instructions!

- - - - -

To those who HEAR My Voice, - who truly UNDERSTAND what My mission is, - I speak words of Truth and Wisdom. My message is LOVE! But you must understand that the Peace and Love I speak of is not what your world thinks. I speak of Love and Peace as they must exist in your inner depths of being. This is the message I decreed that all My disciples should preach. It is not so important that you relate the dire conditions prevalent on the Earth, - for man is not without such knowledge; it faces him at every corner!

My Kingdom is not of this world you live in, nor is it built on fear, - yet it is fear that many use to convert others. I admonish you all who serve God in My name, to use great wisdom in your confrontations with others. Remember it is said in the Holy Book by the ardent apostle Paul that mine is a 'gospel of peace'!-(Eph. 6:15 and Romans 10:15). And the old prophet Isaiah who prophesied

so well the coming birth of the Christed One, declared that He would be the "Prince of Peace". (Isaiah 9:6). Yes, My beloved children of Light, - My gospel or 'good news' is that I bring to each one who accepts My message, - an inner and beautiful peace accompanied by a degree of unconditional Love unknown to the fear-ridden masses who lay stress only on the dire happenings around them. It is not to be denied that these conditions exist, but it is a great error to be overly concerned. My blessed ones who hear and read My words, - understand what I came to Earth to leave with you. It is NOT a false peace nor a false love that I left with you, - but the most glorious and joyful inner experience available to man if he will only BELIEVE and ACCEPT without being pressured by fear. The negative force is indeed running rampant upon your planet, and know this My children, - this force uses fear as a tool to turn My children from finding the Peace I left with them. Be very concerned about this and be not deceived.

Oh yes! the signs of the time are upon you and there is great destruction to come upon the planet as this age (the end of time or generation), comes to a close preparing the way for the New Age, - the Kingdom of God on the Earth as well as within you! This is all inevitable, and to speculate upon the day or hour, or who the 'Anti-Christ' may be, does NOT bring evolvment to your soul! Rather than contemplating on these things, study more carefully My teachings as recorded in your Holy Book called the Bible as well as teachings found in other Holy Books which reveal the word of Truth.

My teachings offer hope, peace and love in the midst of turmoil. If you have these gifts then you will be prepared to face whatever calamity will befall the planet. If you ARE My disciples you will face persecution unafraid and will not run from it. If you ARE My disciples you will not condemn a man if he disagrees with you, for My disciples KNOW that Truth is expressed in many ways and through many people. My TRUE disciples will easily recognize the ones who are disciples of the Anti-Christ (anti-truth) by their false dogmatic doctrines and dramatic displays which use the psychic elements of one's being.

I AM in the midst of you! By this I mean I am in YOUR midst. And where is that? My beloved, in your HEART! If you recognize Me, the indwelling Christ, - then you are doing My will, My mission among the peoples of Earth. The Way of Truth is simple, pure and unadorned with complicated doctrines. It is a mission of Pure Love and Peace, and you who perform this mission are indeed doing the will of My Father who is also your Father. And let Me instruct you further. If you will bring peace to others, you FIRST must have found that Peace within yourself. Those who speak peace and yet live in fear are speaking empty words. Such are those who are nationalists who talk a message of peace for the nations while continually building defense tools! They are deceitful in that they speak peace and yet fail to have peace within themselves, - being so filled

with fear and hate for those they call the 'enemy'. As I said, My Peace is NOT of this world. The peace I offer is a beautiful spiritual condition which comes to one only when he has accepted the Truth that mortal existence is temporary, and in itself can bring NO peace. Only as one dwells in the higher dimensions of thought can he experience the peace I left with all My Earth brethren. Once this peace has been realized, there will be no longer such concern for the "letter of the law" and for the confusion caused by the doctrines of men and their varying interpretations of the Holy Words.

Yes, My disciples, - preach the good news to every being who will listen, the good news which I came to Earth to exemplify which is that God is a God of Love, Mercy and Peace. That He is a forgiving God, - not one who brings destruction upon man, but one who rebuilds the destruction MAN HIMSELF has caused by his foolish and arrogant ways. My Gospel is a gospel of hope, not doom. If man accepts the message brought to Earth he will be saved, - yes, saved from the slavery of fear and turmoil. He will know that God is merciful and shines His Glory on ALL men; on the unjust as well as on the just. Those who refuse to accept the Way, the Truth and the Life bring on their own damnation, for they will not know inner peace, soul fulfillment nor the love of the Father-Mother God. Their lives will be filled with misery and unhappiness, - a living, burning hell until they are awakened to this Truth, that the Kingdom of God IS WITHIN YOU! Build it now with the implements I give you, - PEACE and LOVE!

- - - - -

As the one who was anointed the Christ, I must speak to My followers, My disciples, further regarding the importance of what I taught while I dwelt on Earth in the body of Jesus. It is improper for man to so twist My words in order to appease his own desires! I said very plainly words that must NOT be distorted! Blessed ones do not seek to change My words to satisfy your materialistic pursuits, - for then you are grieving Me and preventing your own evolvment.

I said to all who will hear, - "Be perfect just as your Father which is in Heaven is perfect." These were not idle words; I never speak without cause and meaning! Yet many, in their earthy desires say that I didn't mean these words with their full meaning. These beings say that it is IMPOSSIBLE for man or woman to be perfect, - therefore they continue, I must not be interpreted literally. Blessed ones, I tell you now that I indeed meant these words in their exact meaning. Yes, you MUST BE PERFECT before you can attain total release and freedom, and find your oneness with the Father as I have! It is NOT impossible; many have achieved spiritual perfection. However, as long as one puts this stumbling block of "impossible" in the way, he will not achieve perfection. Nor can one achieve perfection if he worships the world's glitter, if he de-

scends to the temptations of the flesh, if he refuses to tread the Noble Royal Path which is not of the world. Remember the rich young ruler who came to Me? He obeyed all the laws of man as well as the organized church. He felt quite satisfied and I tell you this, when he approached Me with the question, "I do all these things; what else must I do to inherit Eternal Life?" He was arrogant and expected to be told that he was already perfect! But I cannot deceive any man, and this young man had great wealth which was destroying his soul. Therefore My admonition was that he should discard it all, give it to the poor, and follow the way of Love and Truth. As recorded, the young man went away sorrowfully, for he could not part with worldly glitter.

Be Ye Perfect! That IS a possible achievement, My blessed disciples, - let no man deceive you. It is not easy to be God-perfect, that is true, - for in each one's life there are 'riches' one must give up, and a few luxuries to be discarded. Now this is not always a tangible product such as was the rich young ruler's. For instance one may be filled with physical desires that are earth oriented. Passion, sex, drive for worldly fame; also there are those who worship nationalism as their God and because of this are slaves to this luxury which breeds hate for other nations and races. Others place family above God-ideals because it is a comfortable way - the world accepted way. Remember I taught and continue to teach that the Kingdom I offered was not of your world! It IS a possible achievement IF one is willing to let go of all the 'idols' he clings to! Separate yourself from the world even though you must be a dweller on Earth. That is the test! Can you be IN the world and yet not OF the world? You MUST be if you will achieve the perfection I speak of.

Too often man blinds his eyes, deafens his ears and even seals his mouth to the Christ Revelations. Therefore you have a mass of unfulfilled beings who dwell in constant fear of one another, who hate those whose ideologies differ, who even kill those who do not agree with them, who are competitive in all they do, whether it be in business, sports, education, religion and human relations. Where, oh where is their understanding of Universal Law? Sadly, many are still ignorant of the Greater Plan I was ordained to teach therefore they will return many times to Earth until they become awakened. But you who DO KNOW Universal Law, - it is expected that you will abide by it! You can be perfect NOW, and in your perfection be an example of what perfection means. EXPERIENCE IT WITHIN YOU! Feel its pure meaning; express it; let it radiate, and then like walking into a luminous cloud you will KNOW what "God-Perfect" is and can relate this expression to others who are yet seeking.

Cosmic perfection is of the Spirit, - workable from within. It is the development of purity, love, chastity, understanding, compassion, detachment and God-likeness. This is PERFECTION and achievable as one seriously develops these attributes.

Yes, BE perfect as your Father is perfect. Seek to be One with Him even as I am One with Him. I did nothing while on earth that you cannot do! The Christ that was within the man Jesus is also within you. You must express this Christ in your lives; you must express this Perfect One! The joys of such fulfillment are many and you will truly gather riches of Heavenly worth such as man can never offer you. Cosmic riches are not perishable, whereas man's promises and glittering gold can be washed away in a tidal wave or be burned up as dross in a fire!

I Am the Christ! I Am within each of you as I once was in Jesus, Krishna, Buddha, Abraham, Joseph, Moses; as I was in Therese, Cecelia, St. Francis of Assissi and as I am in the modern day Servers of Truth. I Am the Christ who speaks to you, who tugs at your heart attempting to awaken it into right Action. Yes, - I Am The Christ WITHIN each of you who never gives up, who keeps repeating, - "Give up all you have, and follow Me!"

Listen and DO if you will have Eternal Life even now! Be perfect in God's ways. Let man trample upon you, but be ye firm and perfect in His Way! Seek not vain glories; seek only Soul fulfillment and Heavenly Glories! Yes, be ye PERFECT, even as your Father which is in Heaven is perfect!

OUR EARTH LESSONS - WHY

EARTH'S lessons MUST be learned! If they were not necessary you would not have been placed upon the Earth Plane. The Soul is given a body in order that it be taught the right use of it.

You are surrounded by earth conditions that you may learn the strength and power of Soul, by handling them with Soul wisdom and knowledge. So beloved, be patient, - not only with others, but also with YOURSELF!

Only know that it is necessary to be conscious of the Holy Presence, and you will find that you will go calmly on your upward way, making full use of all experiences which come to you. KNOW that at this moment you are in your rightful place, and that the PRESENCE is there also!

## POWER OF THE LAW OF LOVE

Through Mary Myneta

The Power of Love is a LAW of Life with which you are familiar, but with which in a larger sense you are still unfamiliar. It is the Law which Jesus introduced to the awakening minds of mankind who were evolving at that period of time two thousand years ago. Preceding Him there came Moses who brought the laws or personal commandments to men of good will.

Mankind on the Earth, irrespective of religion or geographical location, has been more or less governed by those ten laws of behavior since that time. The Great Master Jesus came to Earth to add another commandment, - the Law of Love. Love is not really thought of as a law, yet it is law because of His commandment that men should love one another. A law is a command! "Love ye one another as I have loved you" commanded the Master Jesus. Mankind of Earth thinks deeply upon and with respect for the laws of the social order including the law of his moral nature, the law of his emotional nature, the law concerning the development of his intelligence and the law concerning his behavior amongst his fellowmen. He must therefore begin to respect and abide by the law of Love.

Man has set about creating laws to further the behavioral pattern of his fellowmen in accord with the state of civilization to which his group belongs. Men who still live in the African jungle are governed by a different set of laws or precepts than men who live in the great cities of America, Europe or Asia. Each has a set of values and human laws which govern their thinking, their feeling and their daily activities, - not personally so much as a behavioral pattern for group activities. Man may follow the dictates of these commandments or laws implicitly for lifetime after lifetime. He may be a model of sanctimonious obedience to these laws and the laws which man has instituted concerning his conduct in the social order, and yet that man may be so entirely lacking in spiritual values that he has no comprehension of truth. He is governed solely by law. If he is obedient to every law, he considers himself to be beyond reproach and yet within his nature there may lurk human qualifications which deter his spiritual progress.

The Great Master Jesus came to bring the Law of Love. I Amness is a manifestation of the law of love, - for out of the Great Creative Presence flowed Divine Love and from that love creation came into being. Love is the foremost of all laws or commandments which govern the behavioral patterns of man, one to another upon this Earth. They are required and they are important. When a man is growing from his lower nature in ascendancy toward his better nature, or when a man begins to move from his better nature into his spiritual nature, - then the new law of love becomes a require-

ment. Wars have been fought in the name of religion because men worshipped the "letter" of the law, but love was ignored. Mercy was unknown; understanding and forgiveness were thought to be weakness. The Great Ascended Master Teachers have recorded an entirely new set of commandments for their disciples upon the path and you are now familiar with them. They are not called laws but they are prerequisites for mastery.

There have been Ascended Master Teachers upon the planet long before you first came into this physical embodiment. An Ascended Master Teacher is a formal title which your Mentors have given to those who are your present teachers who have attained their Mastery. The great prophets of the past were not all Ascended Master Teachers. The disciples of the Great Master Jesus became teachers and some are finally Ascended Masters. Jesus Himself was an Ascended Master Teacher. The laws which they have brought to your attention since you have entered upon the pathway in this physical embodiment are externalizations, manifestations and expressions of the Law of Love which the Great Master Jesus named as the New Commandment. If you love one another, you will not consider adultery. If you love one another, you will not bear false witness against another. The Law of Love is the supreme law. To love God was the supreme law which the Great Master Jesus named when asked which was the greatest or most important law of the commandments. To love God with all your mind, with all your heart, with all your being, is the law, - and He added as a final commandment, "love ye also one another".

The Love of which Jesus spoke is not a sentimental demonstration by an individual who is caught up in an emotional outburst. Love is a deep feeling of understanding, of compassion and mercy. Love is all-encompassing. Love is all things to all creation. There are individuals who respond more to nature than to men. There are men who respond more to science than to human relationships. There are men who love daring adventure, and there are others who love solitary existence more than an association with men. There are those who love their fellowmen.

There are many ways of expressing love. Love is a selfless devotion. Perhaps this is a better terminology than the use of the word love which has come to have the qualifications of human emotions and human passions. A deep, sincere, selfless abiding devotion is the greatest thing which an individual can nurture in his nature. When a man so nurtures this condition within his nature, he naturally follows the other commandments without stress, strain or doubt. The individual who merely keeps the 'letter' of the law can be arrogant and unjust, while a man who loves mankind and who loves the Great Creative Presence is filled with natural warmth and beauty as expressed by the Great Creative Being.

It is my desire to bring to your conscious attention the difference between obeying the law and the fulfillment of the law or commandments. Millions of people consider themselves obedient to the law in their physical conduct, yet deep within their hearts resent the conditions to which they must subject themselves. An individual may not acknowledge that he covets his neighbor's wife, but in his thoughts and feelings he may commit adultery and feel that no one knows. This is not an expression of pure divine love. In the great kingdom which is to come, being male or female will be of little significance. Being black or white, brown, yellow or red will be of little or no significance. There will be no language barrier, and beloved peoples, I tell you that this day is near at hand.

You have not been sufficiently active in calling forth the powers of light to sustain and expand the Flame of Illumination within the planet, and yet I say, your sincere desire that the planet should manifest this perfection is a silent challenge, - is a mighty vibration which sets up new circumstances which a million words might not have accomplished. There are individuals who stand long hours and give much physical energy to decree for the various activities of the government, but within their hearts is not the enfolding light of true, divine love, gentleness, understanding or compassion.

A man might be born into this world in which you live and never use the gift of speech at all, - yet pour forth from his heart a radiation of such perfect love that the planet itself is changed. You can see how this is possible in a negative way when an individual gains power in some governmental activities. He can change through the silent power of his will, the forces acting within his nation. He can alter his business activities or his social relationships with others by the forces acting through his nature. If an individual can alter the relationships between individuals in a negative way, - then how much greater is the positive power of love? There are many instances in which the Great Master Jesus and others of the great World Teachers merely thought of healing or silently made a command for protection or direction and there was instantaneous fulfillment. There is some merit in the expenditure of physical energy in decreeing, to produce a positive vibration in opposition to negative vibrations. Yet a vibration is not totally positive unless it is created in pure love.

The triune activity of life is love, wisdom and power. To merely draw forth power and direct it to influence people, places or condition, is not the fulfillment of the law. The three-fold balanced action of the Flame of Creation is required. Your Ascended Master Teachers and Mentors have oftentimes stood by and poured the love of their beings into the vast sea of energy which is called forth from the consciousness of individuals in order to control conditions or situations. This is often a matter of spiritual power pitted against human energy, or spiritual force pitted against human force. The

greater force of course is spiritual. No achievement is permanent or God-sustained unless it is achieved through the balanced action of love and wisdom.

Many are the destructive forces which operate upon your earth. You are engulfed in a sea of forces which have been created, externalized and sustained by the powerful forces contained within the minds of men, yet devoid of love. There is oftentimes injustice; there is oftentimes hate; there is oftentimes greed. Love must be poured into these forces in order that good may be sustained and divine purpose fulfilled. It is possible to decree a powerful force into action, but without love that force is powerless to sustain itself or fulfill a divine purpose. God created and sustains His handiwork through the outpouring of love. Is it not said in your Scriptures that "God so loved the world that He sent His only begotten Son" to be its savior? God loved the world into being.

There are individuals who quarrel with the idea that all forces which act upon the planet within the affairs of men, are God forces. You have been told from time immemorial that there is but one power which can act. The force of good and the force of evil are ONE FORCE qualified either with God intent, or qualified with human intent. The human does not have the power to produce and sustain this force. The power of God, which is the power of love, has an endless opportunity to expand and externalize creation thru love. What think you causes a seed to germinate and produce a plant with seed which in turn will also germinate? It is not by a force which man has decreed. It is not by any demand which man makes upon the seed which causes it to develop, externalize and expand. It is the GOD FORCE OF LOVE within the seed which gives to it the power to reproduce its kind. Man cannot produce this. Man has made many strides in governing and controlling the forces of nature, - but he has yet to duplicate any of the great handiworks of nature which came from the heart of God upon the Love Ray.

Love sustains life. Love externalizes life. Love is the essence of life. The law of life is love. Love is that wondrous feeling of compassion, understanding, devotion and dedication which man cannot describe, cannot see or place his hand upon, and cannot call forth visibly or tangibly. Love is a quality or a vibration from the heart of God alone which acts through men to expand and express the divine plan. Man may consider himself capable of fulfilling the divine plan, but man has long tried to exist separate and apart from the laws of God. He but externalizes his own human will. His will may be a will for good; his desire may be a desire to manifest a God Plan, - but without the power of love and of the Wisdom of God, the plan cannot succeed because it does not bear the God-quality of love to balance the wisdom and the power of man in his desire to create.

Students upon the path have had a confused understanding of the

law of love, and I stand in your midst today having come from the great Cathedral of Peace to try to illumine or strengthen your understanding. The Master Jesus is my Teacher. From Him I have learned about this great Love of which He spoke. I have learned how to externalize it and utilize it for the blessing of man. I came into my ascension through my deep love and veneration for the great Lord Buddha. Now I am under the tutelage of the beloved Master Jesus-Sananda. It is my desire to endeavor to express to you, and to bring to your understanding some knowledge or feeling of the need and activity of love in all expressions of life.

For eons of time man has been evolving as a human creature. He is well developed as a person. He has become a conscious ego. It is time that the ego begin to express the power of love to balance the attributes of his own intelligence and the force of life which gives him the ability to think, feel and move about. Millions of individuals are thinking, feeling and moving about the world, - yet without love or an understanding of it. I stand in your midst to endeavor to convey to you, or to awaken within you a concept of the necessity for the establishment in your natures of this wonderful creative force of love as a balancing action which is required before the ultimate consummation of your egoic evolution can take place.

I have not had much experience in discussing these matters of importance with those still in physical bodies. Since my initiation, I have been directing my entire attention to the accumulation and expression of the God qualities which can be externalized and expressed by the Ascended Being. I am still a novice, yet I feel so deeply that the people upon the pathway do not have a comprehension of the necessity for understanding, utilizing and becoming the expression of the law of Love which our beloved Master revealed to man during the years of His ministry. You have arrived at the moment in time when the new cycle begins to manifest. All that is required of you must be hastily consummated so that the door of the past may be closed and you can enter freely into the new dispensation. If my words assist in awakening within you a deep realization of your present needs, I shall rejoice.

Your Mentor.

EXCERPTS FROM THE DIARY OF PHOENECIA

By Frances B. McKay

Ten Tiny Troubleshooters:

Sometimes "picture phrases" help clear the cobwebs from man's personal thinking. A graphic idea will often do a lot to solve the type of problem where one is so confused he "can't see the woods for the trees". It sums up the situation at a glance, and you might say, - provides a concrete antidote for "what ails you".

Here are "Ten Tiny Troubleshooters". -

1. **NOTHING IS IMPOSSIBLE!** If you can visualize a thing or condition, you've already contacted the vibratory rate that shows its existence SOMEWHERE. Now it's up to you to bring your own magnetic radiations into correspondence with those of your desire, and thus draw it into your world. Think constructively of what you want by picturing it often with a feeling of interest (which of course is a form of love) and you provide the means by which it can materialize as your own.

2. **TROUBLES DIE FOR LACK OF ATTENTION!** If you don't want something in your life, ignore it completely! Granted, this can be hard to do, - especially when you are scared or worried, so don't try to leave your mind and emotions a blank. Instead fill the gap by thinking about your wonderful 'I AM PRESENCE'. Keep calling it forth to take charge of your affairs and protect you, with loving adoration. This withdraws the strength of your thoughts and feelings which has been keeping your problem alive, - and connects you with your Source of deliverance and good. If you are persistent enough (and loving enough as well) you will soon find that the "bug-a-boo" has simply faded away and disappeared into nothingness, and meanwhile you have taken a spiritual step upward into greater joy, happiness and fulfillment than you've ever had before.

3. **LOOKING WITHOUT WILL KEEP YOU GOING "WITHOUT"!** Everything in the outer world has been brought into existence through the thoughts and feelings of others, except for that which you now possess. Therefore unless you also manage to add strength to the "things out there" by concentrating your own thoughts and feelings of ACCEPTANCE upon them, - they are actually disintegrating as far as you are concerned, for the force that made them what they are has been spent. When a man thinks about the possessions and situations he sees and wants in his life, he often does so with a sense of disappointment at his apparent lack of them. This actually repels his desires, and they often draw even farther away from his grasp. Never mind what your friend has, - or the man down the street. What he has came to him because HE provided the corres-

ponding radiations that drew them into his world, and you can do this too. However, ALWAYS make sure that you seek the "KINGDOM WITHIN" FIRST OF ALL, and ask your Presence to take full charge of supplying your wants and needs, - for your personal self may have misunderstood them. You may for instance, feel you must have another man's wife in order to be happy, - when what you really long for is the type of relationship that can fill your emotional needs in a satisfying way. Or you may insist that you want a certain job or house belonging to someone else, - when an even better one is slated to become your own. Depend upon your "PRESENCE WITHIN for everything, picturing complete fulfillment, with a grateful, expectant heart, and you will NEVER have to go without!

4. DON'T BE A SUCKER! Never DEMAND service (or love) from those around you, - even as your just reward. This is ALWAYS A WRONG ATTITUDE, FOR YOU WERE BORN TO RADIATE! It's your duty to EXPRESS LIFE, LOVE, WISDOM, POWER and JOY from your own GOD-SOURCE WITHIN, sending out these vibrant qualities to EVERYONE, EVERYTHING EVERYWHERE about you. GIVE to the world what you already ARE! Let your Chakras, your force centers, - flow forth with the qualities of God, as they were meant to do, - instead of reversing their action and trying to suck in your good from the world. Hoarding and grasping stops the inlet from your inexhaustable Life Force, and this can only produce stagnation which is death; while on the other hand, - RADIATING lifts you into Christhood with all its attendant powers and joys!

5. WHAT THE WORLD NEEDS IS LOVE! Love is the actual Substance from which ALL perfect forms are made. Wisdom, via your thoughts, impregnates this Condensation of Vibration, imposing upon It the proper patterns, and lo, - It brings forth correspondingly lovely 'things' and conditions to appear in your visible world. Love+ Wisdom always = Power. This is the Universal formula for making anything materialize anywhere. and thus your dominant FEELINGS plus 'normal' THOUGHTS produce EVERYTHING that you see, possess and experience in your body and affairs.

6. MAN DIDN'T FALL, - HE TIPPED OVER! Poor old Adam couldn't stay in PARADISE because he failed to balance the Wisdom from his Life Source with Love enough to make Perfection the state of his outer world. Therefore he began to see both good and 'evil' - a condition which he blamed on his wife, - since man's personality, - knowing its true Source to be Divine, cannot bear to think of itself as "wrong". (By the term 'man' I also mean you precious ladies who apparently may have forgotten, but still innately cling to the Truth that your High Self is perfect and that you should be manifesting It as such). However that may be, - "evil" is always some temporary appearance caused by a lack of the Love Substance needed to produce good instead, and causes man's illusive

idea that there is so-called "bad" in his experience. By transmuting your emotions of hate, greed, envy, anger, irritation, fear, etc., into LOVE alone, (and by this I don't mean repressing them, which is like bottling up dynamite) — by actually changing these destructive feelings into Pure Love, — you can restore harmony and perfection to your life and affairs. That's why the Master Jesus told man to love his enemies, to bless and do good to those who misused him; to turn the other cheek, etc., for the explosive ruffled tempers so prevalent in undeveloped personalities, keep them enmeshed in the want and turmoil that most people endure. To avoid this, simply ask your Presence to pass its Purple Ray of Forgiveness from your feet up, — which It will gladly do, — and then you may be sure that all discord and inharmony within your aura will be harmlessly and alchemically transmuted into the Love that you were meant to use and express. After that, bless your 'enemy' — for only thus can you control and avoid the unpleasant karmic results of your emotional transgressions. Only thus can you manifest the Perfection of Paradise once again on Earth, — which comes with Mastery and Self Control through loving forgiveness, and which every man must someday learn to do before he can become a Christ Incarnate!

Note: Always ask that the Purple Ray of Forgiveness in passing from your feet up, be self-sustained, — and this will be granted you.

7. DON'T FLUNK! Learn what this problem came to teach you and you will never have to meet it again. Otherwise you'll be forced to struggle with the same threatening conditions at some later date, for one cannot progress on his ascending path to Godhood until he learns each lesson, step by step along the way.

8. BE WHAT YOU WANT TO BE! People take you at your own face value. In psychology they speak of a good or bad self-concept, — for this is the key to why every man behaves as he does. The way you feel about yourself leads you to fail or succeed. It makes some men become first-rate citizens, kind and helpful to others and causes a few to get mixed up in lives of crime. Many who look upon themselves as inferior or worthless, develop crippling 'hangups' while those more confident in their own abilities have pleasant outgoing personalities. Your career, your marriage, your relationships with friends and co-workers, — all depend for their success on how you rate yourself deep down inside. Since people everywhere tend to estimate your value pretty much as you (secretly) do yourself, it's well to recall that the Christian Jesus said, "Ye are Gods! Sons of the Most High!" You're the child of a King as it were, — and when you turn to your REAL SOURCE WITHIN, claiming your "inheritance" and depending on your 'Presence' to take over your life and affairs, — "All that the Father hath is thine!" All you have to do to BE ANYTHING, — even a Christ on Earth, — is to start BEING THAT RIGHT NOW! You have full access through your I AM Presence WITHIN to all the Love, Wisdom and Power you could possibly need to realize and manifest any desire on Earth.

"It's the Father's good PLEASURE to give YOU the Kingdom" - so accept it in Love, and then go on to BE whatever you long to BE, and before long you will find that you have BECOME just that!

9. TAKE A DEEP BREATH! And when you do so, think adoringly of your Great I Am Presence - your God-Self Source of Life! Call on It to take charge of you and your world, - or ask It for health, harmony, opulence, friends, Love, Wisdom, the Power to become ANYTHING or what have you? Your own inbreath is receptive. Each time you inhale you are ACCEPTING LIFE into yourself according to the particular thoughts and feelings you entertain while this "Breath of Life" fills your body. On the other hand, your outbreath is EXPRESSIVE. It EXPELS what you've just received from your I Am Source according to the vibratory rate of the thoughts and feelings by which you qualified the last intake of Life's Pranic Energy, and now it PROPELS them out into your world where they will take form as the things and conditions you will be called upon to face in your body and affairs. YOU create your circumstances and possessions "out there" every time you take a breath, - so watch your thoughts and feelings! Remember wise mental patterns imposed on the pure Substance of Love, alone form PERFECTION in your outer world.

10. BE STILL AND KNOW THAT I AM GOD! When Father Abraham asked the Great One His true name, the answer he got was "I Am that I Am!" Naturally one asks, "But 'I Am' (or God) is WHAT 'I Am'?" and the answer comes again, "That in YOU which consciously identifies Itself as YOU - that by which YOU consciously identify YOURSELF as an individually aware focus of Life, and by which you claim "I am so-and-so" - is GOD! It is the Real, Immortal, All Loving, All Wise, All Powerful Self of YOU which has projected your present personality. In fact It is Life come forth as YOU, - the same Life you see existing EVERYWHERE AND THUS, YOU and GOD (the Father) are ONE! One with each other and with ALL living creatures everywhere!

- - - - -

YOU CAN BE WHAT YOU WANT TO BE!

Accept Your Full Mastery NOW!!

"NOW is the acceptable time," your Christian Scriptures say. Therefore in this new fourth-dimensional age, I command you to declare the Truth of your Being! Be still and KNOW; then say, "I Am God!" Claim all the Powers of your Christhood NOW! Affirm that "I Am Love, radiating constantly! I Am perfect Wisdom in Action!" What you KNOW yourself to BE, - you ARE at this very moment. Therefore accept yourself as Divine, and KNOW that you ALREADY HAVE all the Powers of a Christ. When you persistently see yourself as combining Pure Wisdom and Love together within yourself, you

actually BECOME their offspring, - and the son of this Mystic Marriage of God Qualities is ALWAYS the limitless ability to DO and to BE! Therefore you BECOME Power-in-Action, and you are a God-Incarnate the moment you realize this deliberately. Just accepting your Godhood MAKES It so, - for when you claim It, limitless Energy charges in to free you from all mortal limitation.

Decree, "I Am a Christ NOW!" KNOW and ACCEPT this, - for KNOWING and ACCEPTING your Divinity as a part of yourself, is to HAVE IT INSTANTLY at the inner levels of your Being. "Ye shall know the Truth" and that very Truth Itself will make you free (of all limitation) then and there. It's as simple as that, - yet man has come to believe that achieving his Godhood is a complicated experience, if not a well-nigh impossible job. Thus he, himself has shut the door on the Kingdom of Heaven by refusing to claim his rights as a little child would do and thus to simply enter in at will.

Precious ones of Earth, - you can BE what you WANT to BE! For in so BEING, you accept yourself in that capacity. In plainer words, - what you take into yourself becomes YOU! You are the DOER, - the ACTOR on the physical plane, as well as the receiver of your good. "That which you bind in Heaven as your own, becomes the Truth about YOU, and therefore the Reality of your Life.

Do you long to be a Master someday? Don't wait in hopes, wondering how you will accomplish this seemingly insurmountable feat. Instead, just ACCEPT your full Mastery NOW! BE a Master in your heart and mind right where you are this very minute! Call forth from your Mighty I Am Presence, all the Love, Wisdom and Power that Mastery entails, and then proceed to express It forth again to everyone you meet as the Great Ones do, every moment of the day and night, no matter what problems and situations confront you. "Decree a thing and it shall be established unto you" your Christian Bible states. When? Next week? Next month? NO! Right NOW; IMMEDIATELY, for you have already received It unto yourself; in your own sphere of awareness, and thus It is yours from this instant onward.

Remember Beloved, - you can BE whatever you WANT to BE at once, - for desire actually IS the Divine Substance from which all forms are composed. In Truth It is a part of Love, - so impregnate It with the Wisdom of your thought pattern, and this Emotional Essence will manifest Itself around you accordingly. It will proceed to BECOME whatever you believe that It IS, the very moment you accept It as the fulfillment of your need or your longing.

Created as a 'Creator' you also have free-will to choose what you wish to bring forth. Otherwise you would be a mere machine, reproducing the creations of someone else, and this of course, is NOT the role of a God. You are actually a conscious focus of Life who has reached the point in self-awareness where you now stand,

for the express purpose of making yourself (and your world) whatever you wish it to be. Also, this doesn't mean you are to do it sometime in the future. No indeed! As soon as your consciousness unites with an idea, and accepts it as your own, - it is yours, then and there! This can be something that concerns your world, your possessions, your relationships, your affairs or even your own self identity. You alone are the DOER in your sphere on Earth, and nobody else is responsible for what you are, what you have or what you achieve. That is because man's sole purpose in experiencing Life on this lower or physical plane, is to come here and learn how to act; to learn how to be a creator of form.

You have been given free-will to do as you choose here and NOW and your ability to do this is absolutely unlimited! "Ye are Gods" - the Savior promised. ACCEPT His words. Feel your Godhood, RIGHT NOW! And KNOW that you have all the Love, Wisdom and Power of a truly Divine Being, - and your receptive action in this will immediately make these Spiritual Attributes rush into your consciousness on the inner planes of Life. Since you've claimed these qualities as your own, they ARE yours now, - for like attracts like, and what you ARE draws the rest of your world to you, both from without and from within.

Hold to this acceptance of your Godhood, and you will soon see It commence to appear on Earth. BE a Christ - a Master - a God, - for you ARE a Christ, a Master, a God just as soon as you, yourself KNOW that you are one. Then start to ACT like a Christ and THINK like a Christ would think. This is the real road to Christhood since it actually incorporates the Christ qualities into your consciousness where you are free at once to accept and use them from now on if you will.

Only YOU can decide when you are to become a God on Earth, - for you have the gift of free choice, and that makes your progress entirely up to you. Then too, time as man knows it, has nothing to do with your decision, since it's only a question of making up your mind to begin! You may accept full Divinity now, as Jesus did long ago, or you can dally along till next week, next year, - or even the next "Cosmic Day". Actually there's no waiting, except in your own mind and heart, - for as soon as you know that you ARE a Christ, - the resulting inrush of POWER will make you BE a Christ, and soon those on Earth who can see, will find that you've BECOME a Christ, incarnate. If there seems to be any delay, - any limitation whatever upon your ability to express the fullness of your Godhood; if the attainment of it seems yet to be somewhere in the future, - you, yourself alone have put it there. After all, the Scriptures say, - "Ye ARE Gods!" NOW! And it is NOT YET REVEALED what ye SHALL BE!"

In Love, I Am the Christos-Vardis.

REVELATION - 1973 COMPREHENSION

By Hallie Walter

(Bible Quotations, - King James Version)

"For God is Light, and in Him is no darkness at all." 1 John 1:5

In these frightening days of crises upon our Earth, let us as Children of Light look behind the scenes and find reassuring Wisdom. If we accept the Bible as supreme authority, then we must also accept our own responsibility to comprehend its teachings. Some great truths have been concealed in its pages for many centuries until now, in God's own time, they are being revealed to those who are ready to receive them, giving meaning to the chaos of today's world in which we live and struggle. Many people are confused as well as concerned regarding the ultimate state of physical Earth and its inhabitants. But the information is given, as surely as an architect's design precedes the construction of a new building.

As our solar system moves faithfully in the precision of its assigned orbit, the direct light of its sun may shine upon a stationary earthly object for only a brief portion of a day's time, and possibly upon only a portion of the total area of that object. Yet if the object is moved and adjusted in the right continuing alignment, the light will fall upon its many features and even into darkened recesses of its contour.

The Light of God's Universal Wisdom is like this in our life: ONLY AS WE WILL ADJUST OUR OWN UNDERSTANDING, CAN THE LIGHT OF HIS SPIRIT OF TRUTH SHINE FULLY INTO THE TRUTHS that are recorded in our Bible, and show us their real significance. Many people feel that the great wisdom for all time is to be found in the Old Testament prophets, but this adds to the confusion because it then omits the responsibility of comprehending the later REVELATION which was given for this age of grace that is now drawing to a close. The Old Testament Prophets, in dealing with the TOTAL of "God's Holy Mountain" fail to distinguish between physical earth life and that of other dimensional existence. Many Bible scholars do not take this into consideration, thereby failing to see where the one leaves off and the other goes on.

The Book of REVELATION was given for OUR understanding and for our time. Long overlooked because of its very impenetrable symbologies, (or worse still, given scholarly "interpretations" by ambitious zealots who would use it as 'proof' for their favorite theories and prejudices), - it finally is coming into its own time. Soon it will be so fulfilled that its hidden meanings will be visible to all who wish to look for them, and to see what it is telling us even now. Its total coverage spans eons of time, and we now are much further

into 'eternity' than is commonly realized. This factor has caused much confusion and misinterpretation as teachers have attempted to explain certain things which occurred many ages ago, treating them as prophecies yet to be fulfilled.

In Revelation, Chapter 12, - there is an account of the "great dragon, that old serpent called the Devil, and Satan, which deceiveth the whole world" - being cast out of heaven after a great war there (obviously a long time ago), cast unto the Earth, and being very angry to find that this had happened to him. And his angels were cast out with him. Being furious at the power of Christ which had done this to him, he concentrated on persecuting those of Earth who keep the commandments of God and have the testimony of Jesus Christ. "Woe to the inhabitants of the earth and of the sea! For the devil is come down unto you, having great wrath, because he knoweth that he hath but a short time."

To us in 1973, his 'short time' may seem like it has been around for a very LONG time, but don't forget that we live on an ancient planet, so that a few thousand years or even a few million, might be a short time in the total scheme of things. But as his time is running out, - his rage is intensified. The vicious results of this are evident in the affairs of our world today.

In Chapter 13, - The 'beast' is seen to rise up out of the sea. All favorite theories notwithstanding, - this is the sea of the consciousness of mankind. Further studies remove all doubt about that. The 'beast' has many heads, - many appearances and kinds of work. Later on these heads are said to represent kings of Earth. But there again is hidden meaning, - for we think of 'kings' as sovereign rulers of kingdoms. But in reality some of the real kings of earth are NOT necessarily those who wear crowns. They reign in 'kingdoms' of industry, labor, medicine, electronics, merchandising, entertainment, recreational activities and facilities, - many areas of accomplishment in earth life which have potential for both good and evil.

This 'beast' which rose out of the sea of consciousness, was given great power and authority, - and where did he get it? From the dragon which had been called the Devil and Satan! So there we have it in a specific explanation: Satan gave his power and his authority to the evil in man's consciousness. Power and greed (and the destructive results they produce), - every form of persecution of those who keep the commandments of God! ALL these heads comprise the beast which rose up out of that sea of man's consciousness, and which is raging and rampant in our midst today, - SATAN INCARNATE! That portion which is intent upon its own power of control and greed, and upon destructive, harmful effects in that which affects other persons, or their interests and well-being, - is of Satan!

The world wondered after him and his power, and "worshipped the dragon (satan) which gave power unto the beast (incarnate in man)

and they worshipped the beast, saying, Who is like unto the beast? Who is able to make war with him?" (Beware lest you too 'worship' him when you wail helplessly, "who is able?") OUR GOD IS ABLE!

But now the plot thickens: - for "there was given unto him a mouth speaking great things and blasphemies". Today's "news reporting" has a very big, loud mouth which certainly is speaking plenty of great things and blasphemies! The corruption which has crept into it while America slept is almost beyond comprehension! Little by little the "Mind Control Monster" with all its money and power, has taken control of one after another of the nation's newspapers and radio-television outlets, over a period of more than 25 years. It would seize control of the government itself, taking it out of the hands of the officials elected by the people. Belittling and discrediting those government officials in every way possible which they can contrive to influence the opinions of the people, exercising MIND CONTROL in subtle force. So if the press is to be worthy of its cherished freedom, - it must first turn the searchlight into its own ranks, and must cast out its deceivers and hate peddlers, and restore its own integrity.

In addition, this MIND CONTROL has crept into many other areas of interest. Political propaganda is woven into almost every so-called entertainment program. Obscenity and profanity is permitted on radio and television which only a few years ago would have been the cause of a program being cut off the air without any warning. The entertainment field has been almost entirely taken over by this and by the obsession with sex, (and its abnormal variations!), vulgarity and a low level of thought, ALL of which then becomes an integrated part of the thought pattern of individuals and makes them more vulnerable. Performers often concentrate on ridiculing the personalities and characteristics of public officials who are trying to do a decent and conscientious job of their serious work, - while audiences laugh in derision and mass mania. Drunkenness is a common occurrence on certain television shows in both the audiences and performers.

"There was given unto him a mouth speaking great things and blasphemies, - and power was given unto him to continue forty and two months. And he opened his mouth in blasphemy against God, to blaspheme His name and His Tabernacle, and them that dwell in Heaven. And it was given unto him to make war with the saints, and to overcome them. And power was given him over all kindreds, tongues and nations. And all that dwell upon the Earth shall worship him (whose names are not written in the Book of Life of the Lamb slain from the foundation of the world). IF ANY MAN HATH AN EAR, LET HIM HEAR!"

No one earthly nation or leader of nations, organization or ideology can be pinpointed as the "beast"- except as they conform to

serve as one of his "heads" or specific features. And of these there are many.

Then there appears a second beast, coming up out of the earth which resembled a lamb but spoke as a dragon. And this second beast "doeth great wonders, so that he maketh fire come down from heaven on the earth by means of those miracles which he had power to do in the sight of the beast; saying to them that dwell on the Earth that they should make an image to the beast." Coming up out the earth itself, this 'second beast' would be comprised of men and their powers.

"And he had power to give life unto the image of the beast, that the image of the beast should both speak, and cause that as many as would not worship the image of the beast should be killed. And he causeth all, both small and great, rich and poor, free and bond to receive a mark in their right hand, or in their foreheads, - that no man might buy or sell, save he that had the mark or the name of the beast, or the number of his name."

The same power which could give life unto the image, that it should both speak and wield such control over other minds, eventually is to hold them completely under his control (all whose names are not written in the Lamb's Book of Life.) Already a horrifying majority of earth's people have received his mark in their foreheads and in their hands. As they watch their television screens devotedly, their minds accepting its control over their thinking, they are worshipping the image and are receiving its mark in their "foreheads" deeply - the mark of the beast, through the power of his image. And in their hands which hasten to do the work it commands them to do; buy the products it tells them to buy, eat the foods it tells them to eat, mouth the words that have been crammed into their minds. Many even repeat its vicious acts of violent behavior shown as a way of life commonly accepted. Few are genuinely free of it. Power syndicates are wielding their might in and through every fiber of the consciousness and deeds of those who permit their control to enter in. This second beast, which resembled a lamb, but spoke as a dragon and gave power to the image.

Television, with its vast potential for GOOD and for important communication, - which was to have been its destiny on Earth, - has been almost lost to the "Mind Control Monster"!

"Here is wisdom. Let him that hath understanding count the NUMBER OF THE BEAST, for it is the number of a man, and his number is SIX HUNDRED THREESCORE AND SIX." There is a difference of opinion concerning that number. Many have taken it literally, and have attempted to prove that this was the clue to "who" the beast really is. Note that it stresses "understanding" rather than superior knowledge of historical data. Others see it as a spiritual numerology number of "man" himself. But the Scripture says it

is the number of "a" man. This could be an error of translations, but it is more apt to be a 'seeming' error wisely placed, helping to conceal these meanings until their time to be revealed, - when the time would be right for mankind to receive them. The 666, according to spiritual numerology (which designates 6 as the number of man himself) is believed to symbolize "all three parts of man, - physical, mental, spiritual." Therefore '666' the number of the beast, being the number or symbol of unredeemed mankind.

But in Chapter 14: Just when things can't get much worse, - "I looked, and lo a LAMB stood on Mount Sion! And with Him an hundred forty and four thousand, having His Father's name written in their foreheads. And I heard a voice from heaven, as the voice of many waters, and as the voice of a great thunder: and I heard the voice of harpers harping with their harps. And they sung as it were a new song before the throne. These are they which follow the Lamb wheresoever He goeth. These were redeemed from among men, being the first-fruits unto God and to the Lamb."

There are varying interpretations of this. Some expect that these '144,000' are yet to be selected from among mankind. (Who can say that the number is not 4,140?) And some believe that they are the saints of ages past and are yet to be resurrected, - bodies and all. From Old Testament writings, this might be assumed if we overlook the facts recorded in the New Testament: "And many of the graves were opened; and many bodies of the saints which slept arose, and came out of the graves after His resurrection, and went into the holy city and appeared unto many." This from Matthew, who should know! (Matt. 27:52, 53) Redeemed from among men, being the first-fruits unto God and to the Lamb! "Blessed are the dead which die in the Lord from henceforth: Yea saith the Spirit, that they may rest from their labors; and their works do follow them." Rev. 14:13.

Still in Chapter 14: I saw another angel fly in the midst of heaven, having the everlasting gospel to preach unto them that dwell on the Earth, and to every nation, and kindred, and tongue, and people, saying in a loud voice: **FEAR GOD AND GIVE GLORY TO HIM; FOR THE HOUR OF HIS JUDGMENT IS COME: AND WORSHIP HIM THAT MADE HEAVEN AND EARTH, AND THE SEA, AND THE FOUNTAINS OF WATERS!"**

Hundreds of thousands of people are hearing this message preached unto all them that dwell on the earth, - via radio, television and countless great mass meetings (many of which are broadcast on both radio and television). And in addition to this, there is a constant flow of it coming via mental receptivity, from His unseen messengers that fill our skies!

. . . "AND THE EARTH WAS REAPED!"  
(Verse 16)

The final plagues and the destruction of physical earth are described in Chapter 16 in terms which we can begin to understand now. In this time of desecration of Earth and sea and sky, geologists, engineers and certain scientists are making conditions known to those who will listen. Earth, water and air severely damaged, conditions of many kinds which are developing as direct results of certain contaminating factors and actions, have gone beyond the point of no return. Total effects of power and greed: It is not a pleasant sight to contemplate, and the Bible does NOT say that the physical Earth is to be restored. Those who give it that interpretation simply are not facing the ultimate outcome according to this REVELATION, - a LATER PROPHECY WHICH WAS GIVEN FOR OUR UNDERSTANDING.

But just before these final seven plagues are poured out upon the Earth: "I saw as it were a sea of glass mingled with fire; and them that had gotten the victory over the beast, and over his image and over his mark, and over the number of his name, - stand on the sea of glass, having the harps of God. And they sing the song of Moses, the servant of God, and the song of the Lamb, saying Great and marvelous are Thy works, Lord God Almighty; just and true are Thy ways, thou King of saints. Who shall not fear Thee, O Lord, and glorify Thy name? For Thou only art holy: for all nations shall come and worship before Thee; for Thy judgments are made manifest".

Those who have seen some of the larger UFO's in recent years can easily visualize that which appeared as a sea of glass mingled with fire, - upon which shall stand those who have resisted the powers and control of the beast and refused to worship his image, and have been rescued from the destruction that engulfs the physical earth. And there are many who do accept as matter-of-fact and give thanks for, - information that our beloved Space Brothers are prepared to DO this very kind of rescue operation when the time comes that it can no longer be avoided. They have demonstrated their abilities and their facilities to some who work with them, convincing beyond doubt.

The Bible tells us that AFTER the CHANGES of the END TIME, there shall be a New Heaven and a New Earth, for the former things shall have passed away. And the Tabernacle of God shall be with men and He shall dwell with them; behold, I make all things new".

Even now God is establishing the foundation of His Tabernacle: "Him that overcometh will I make a pillar in the temple of my God, and he shall go no more out; and I will write upon him the name of my God, which is New Jerusalem, which cometh down out of heaven from my God; and I will write upon him my new name." Rev. 3:12.

DURING THESE CHANGES: As this age, this period of grace is drawing to a close, we are in the turmoil of the end time now. It is the time of COMPLETION, of overcoming, and of qualifying to go no more out. The HOUR OF HIS JUDGMENT IS COME! As these completed individuals go forth into the GREATER GLORY of the Presence of the Lord, they become PILLARS in His Temple.

When two people are permitted to experience that inner closeness and awareness of completion together of the cycle of earth lifetimes, - two who are forever one with each other, - and when this completion is understood, we begin to learn that even now these **PILLARS IN HIS TEMPLE** are establishing invisible towers of strength through which the energies of God Power may circulate between heaven and earth dimensions, as HE further establishes the foundation of His Tabernacle.

When one is taken up and the other left to serve as ground level contact, or anchor point, for the higher wisdom and energies available through the other, such a tower is established in order to serve a certain area of Earth. Important work must be done by the two who continue to be closely associated in spirit, and in serving together from the two different dimensions. But if this is to function, the earth station of it **MUST** be freed from negative emotions, and **FROM STRIFE WHICH CREATES NEGATIVE ENERGIES** and their static interference: Must be aware of the surrounding earth needs and conditions, - but protected from them, - serving them in a very special way which most of mankind is not yet ready to comprehend.

These changes are occurring, preparing the way for the still **GREATER CHANGE! THROUGH HIS MANY PILLARS, GOD IS ESTABLISHING HIS TABERNACLE TO BE WITH HIS PEOPLE, - IN A NEWER FINER, HIGHER EXISTENCE, IN THE FOREVERNESS OF LIFE IN HIS MANY MANSIONS OF A NEW HEAVEN AND A NEW EARTH!**

"I AM ALPHA AND OMEGA,  
THE BEGINNING AND THE END,  
THE FIRST AND THE LAST!"

It is very evident to those who have a high degree of spiritual perception that our so-called "Money System" is on the way out, and our dollars may be practically worthless in a much shorter time than we realize at the present moment. Our own housing and a few acres of our planet Earth on which we can grow most of our necessary food along with the projected Healing Center and Sanctuary, and perhaps also our own printing equipment, - is a vitally important matter! Such a Center cannot be purchased on a small down payment, carry-a heavy mortgage. In those days to come, mortgages will be fore-closed!

## THINKING AND IMMORTALITY

By Sister Anonymous

It is held in many religions, teachings and schools of thought, that mind must be subjugated, suppressed, absolutely annihilated and the body be completely denied if man wants to be free from his troubles, and escape to the "land of milk and honey". But this is not the whole truth; it is only partial truth, onesided, consisting of the fragments of the same and therefore false. Truth is the WHOLE, and in its very nature is unitary. On the other hand, error, by its very nature is multiple.

Therefore, if man seeks to be free, he must really start to do some REAL THINKING, and use his rightness and reason regarding many of these fragments and half-truths. He must be free to think first "on these things" to find and use his own convictions, if he seeks to rid himself and others of such limitations by the "Truth which makes man free."

For aeons of time mankind has been aspiring and seeking for this Truth; it is inherently his essential nature in the very core of his being. Therefore he must find and recognize his true Self for himself, - seek until he does find, and this he will never do by stopping his thinking. This has been the cause of much trouble over many generations, and has kept man in bondage far too long. "Come out from amongst them" and do some REAL THINKING instead of being brain-washed with half truths, and going around in a never ending circle.

Nothing can be done unless first thought of, and the act follows the thought with all of its consequences. First of all, what is thinking? Mind is the first word that comes to us with this question and we answer, "I use my mind to think with". Now let us think about this sentence, - I use my mind to think with. Then we see that the mind is an instrument, and we have a thinker behind it that thinks. Let us decide what the average human being thinks about. He thinks about his body mostly, and how to satisfy all its wants. Food or the lack of it; comfort or the lack of it; sex, food, possessions, name and power, and all the means and ways of getting what he wants is as far as his thinking goes.

But this is not REAL thinking. This is continual body mind thinking. It has its place in the scheme of things, but must NOT be allowed to take the reins and drag all thinking by the heel to serve it. This is being controlled by nature, -serving and being a slave to sensations, pleasures and pains which keep him sense-bound and in continual turmoil. In REAL THINKING nature is controlled, passified, helped and guided to become conscious of its functions in higher and higher degrees of perfection.

Man WAS and IS destined for this work, to be Lord of Nature, Lord of himself and all the Kingdoms below him. All was prepared for him to take over this agency with his perfect body, the instrument for creative works of art - the good, the true and the beautiful! This is the true meaning of the 'Garden of Eden' or the Realm of Permanence, with man as its Lord and ruler. God looked upon His Creation and proclaimed it good, - and then He rested, having bequeathed man with reason and freewill. In other words, a free and intelligent being to act as His agent, to multiply and replenish the "Garden" in higher and higher degrees of variety and diversity in unity of beauty, truth and goodness in perfection. This is the seed within itself bearing fruit of its kind mentioned in Genesis.

To carry on with our real thinking, we will get back to the human being again and ask ourselves, - "what is a human being?" If we think seriously about this being, we must most certainly declare that this is NOT the being that God created in HIS likeness and proclaimed good! This is a fictitious person or creature usurping the title of man; a myth or widespread but false idea. But to deny the existence of human beings would also be a false idea, and make every possible thought and action absurd and meaningless. Whatever cannot be denied without making every possible thought and action meaningless must necessarily be true.

There are seven kingdoms contained within the Cosmos, namely: the aetherial, the sidereal, the mineral, the vegetable, the animal, the human and the celestial. In the Scriptures we read of the Order of Creation, where after the completion of the fifth (the animal), "God created man" and also He created him a little lower than the angels (the celestial) and He gave him dominion over all the kingdoms below him.

The kingdoms below him constitute Nature. But when we look out at the world of human beings, which we like to call the world of 'man' - we cannot deny that human beings, - far from having dominion over the lower kingdoms, - have actually sunk into them and have become the slaves of nature. So this then is the world of human beings, and is the "fall of man" into the state of a slave, - thus losing his high estate that God bequeathed him.

Thus, man degenerated into a "human being" and this false creature has procreated his own world around him, and all that goes with it in his petty little mind. All his sickness, worries and troubles; sometimes good, sometimes bad; sometimes happy, sometimes sad; joy, sorrow, hot and cold, war and peace, life and death, ...and all the pairs of opposites, we could go on naming indefinitely. Thus he has procreated a world of illusions, (the Adam dream) and exists in a cul de sac!

Everyone is interested in immortality. Many believe that while on the earth they are mortal, and that when they 'die' from accident, disease or from old age, which is commonly called "normal death"

they become spirits or spiritual (immortal) and are then destined for either heaven or hell everlasting. This belief applies to the masses at the ordinary level of human existence (be they rich or poor in material wealth or knowledge) and is sometimes called the "mortal dream" which will continue in the same degree of mortality on this side of the veil or the other, and is NOT changed by the advent of 'death'.

There are only two types of beings, including all below, in and above time and space and motion in the whole Universe. The consciously immortal, and the unconsciously immortal. Let us define these two types. UNCONSCIOUSLY means without being aware of. CONSCIOUSLY is in full possession of knowing and total awareness. Thus we can define these two types as, - those being in full possession of the knowledge and total awareness of the imperishable existence with life everlasting; or those WITHOUT being aware of this Truth. The fact of those beings that are NOT AWARE of this Truth, for whatever reason or belief, - cannot alter the truth of this because it is the Law and Universal. God is the Universal Life, and all life is contained in Him, and continually springs from Him, and in Him there is NO DEATH!

GOD IS SPIRIT! There is then this Spirit of Infinite Life and Power behind all, and is the SOURCE OF ALL! This Source, this Infinite Life, this Infinite Spirit, this awareness of conscious immortality, no matter what name we call IT, - so long as we consciously realize the fact or principle that we and all else beside are partakers of "IT"! The one Infinite Spirit from which all individualized spirit springs. All being of the same ESSENCE, but differing in degree, because IT far transcends the life of any individual, since IT includes ALL ELSE beside and is not limited by physical law, and is beyond the field of experience.

As every religion, school of thought must spring from IT and be partakers of It in essence, - all must, in the very nature of things have some truth as its basis. It happens that the more difficult, unreasonable, or even absurd any idea seems to be, the more illuminative does it become when thoroughly understood, - for only some important truth could have availed to give currency to a teaching of extreme incredibility. Thus each and all has its flower of diversity to offer to the Bouquet of Integrality. The one in the many, and the many in the One Eternal Religion!

THE ABSOLUTE TRUTH -

- INTEGRALITY!

NECESSARY TRUTHS

TO BE INCORPORATED IN THE WORLDVIEW OF THE DAY

By Brother Amsala'

The objects of sense perception are real, and really perceived. Within, behind and above them are more important and powerful invisible realities.

Terrestrial life is dependent upon the Unseen Ruler. Men are destined to endure beyond the grave, and to be happy or miserable thereafter in proportion to their obedience to Him. Reverence is due to superiors. Fraternal cooperation is due to associates. Kindly guidance and assistance is due to subordinates. All friendly services are due to those who need them.

**LOVE IS DUE TO ALL BEINGS!**

Organization is necessary for the cooperative accomplishment of important ends.

Formulation is necessary for the aquisition, understanding and impartation of truth, - even the detection and rebuttal of error.

Ceremony is the appropriate garb of distinctly human actions, especially of great moments.

Order is good, and disorder evil.

Law, liberty and justice are good; lawlessness and oppression evil.

Permanence is good and transitoriness evil.

Beauty is good and ugliness evil.

Family, place, tribe, craft and state are units to the interests of which the individual interests should be subordinated.

All human possessions and functions are naturally and normally hereditary.

Personalities are relatively efficient, and headless aggregates relatively inefficient.

The great deeds, the great facts, the great event, the great things and the great works are the ones that matter.

The very least things are capable of being made the instruments of the greatest purposes.

Even those who can do least, in any way, - may well keep their place joyously and with invincible loyalty among those who walk in the ever brightening light of the True Wisdom, and clothe themselves in the ever increasing beauty of the Perfect Order.

Note: These truths should be imparted as freely as possible.

A VITAL MESSAGE

By Amsala'

"It is written: Of all creative energies, thought remains supreme. Freedom of will lies in all, and the planet itself is in the power of the human spirit. Conditions on earth today are largely because of the action of a small minority of the people who are able to think clearly, and who know exactly what they want, - and consequently bring it into manifestation.

The majority either are unable to think clearly, do not realize the power of thought, do not know what they really want, - or concentrate on the negative aspect, viz, - things they do NOT want! Few indeed know clearly what is best for all, - and AFFIRM IT!

- - - - -

AFFIRMATION

May the GREAT PURPOSE be fulfilled in all lives and worlds!

I am a part of the manifestation of the Infinite Being,  
A willing instrument of the Universal Lord.  
IN HIS NAME I affirm that greater Unity, Beauty, Truth,  
Goodness and Love; Greater knowledge, Wisdom and Power  
for their sakes, and greater Bliss as the reward  
to be REALIZED in ALL beings on this Planet, and  
Throughout all TIME and SPACE and MOTION!

To this end LET ALL THINGS PROSPER!

\* \* \* \* \*

Those whose will is set on the general good, - which of course includes their own highest interests on every plane, are invited to make the best use of this vital formula.

Repeat the affirmation daily, nine times, and at the same time thinking the highest you know. (In India, this affirmation is called the "MANTRINASŪRYA")

ETHEREAL SPIRIT OF INSPIRATION

By William Trower

The ethereal Spirit of unspoken thought  
That travels here or there, - is seldom sought  
From mind to mind, - yet it controls the smoldering fires  
In mankind's being, in unborn acts, - unseen - inspired.

Oh impenetrable mind of mortal man, - -  
Immortal - yet within life's earthly span,  
Cogitate and ponder at your will,  
To seek the power and further purpose still.

To add, with all thy highest worldly might,  
Of things achieved on earth, - the teeming right  
Of starry skies beyond your grasping reach -  
The power unharnessed, unsurpassed and unimpeached!

Humble then must mortal mankind ever be,  
To face Creation; yet so clearly see  
The Power of God, - of faith and prayer, -  
Of Cosmic Spirit's thought in flight - to who knows where?

Though seemingly so far from man the stars descend;  
Still further yet from greatest deeds this light transcends  
A power so ethereally unclothed in mists,  
And eluding human grasp, - yet still - we know that it exists!

Oh human heart, - it may not be just myth or fantasy  
To think of angel's mystic stairways to the sea,  
From the unfathomable heavens above,  
Where all is light and bright - and GOD IS LOVE!

Is it the ethereal Spirit of unspoken thought  
That travels here or there, - unseen - unsought,  
Like an angel coming down a sunlit ray,  
Heralding to man a new and better day?

The Father's House is a New Age Spiritual Activity, Universal and worldwide in scope. It is not the mouthpiece of any church or philosophical organization though we recognize that all have their place in serving the spiritual needs of mankind. The material presented in these pages comes from the very cream of New Age authors and thinkers, both East and West. It is understandable that not all of our readers will agree with every statement or concept that appears in the various articles. This does not render them false or lacking in truth however. Truth is relative to spiritual awareness and the level of understanding of each individual soul. In other words, Truth is Infinite, but human minds are finite! Right? That which we do not understand or grasp now, may well clear up later on.

The policies and necessary rules governing this spiritual activity including ALL of its various facets, including my own life and affairs is under the divine direction of our Beloved Christ Soul, which in the context of this particular mission of the Father's House we choose to call the All Knowing ONE of Limitless Love and Light. Those who feel more in tune with the name Jesus, or Jesus-Sananda should follow the dictates of their own heart...He is One and the same to ALL!

Financial Policies: No preset price tag as a condition for subscriptions to the Father's House magazine. No one is excluded from our subscription list for lack of money. However, each one is asked to give freely of your means and with the prompting of the Inner Voice of the Soul for the support of this very important and unique New Age Spiritual Activity of which the magazine is the main part. The giver of the gift is doubly blessed when there is a real sacrifice involved, regardless of the amount given.

The ways are many  
By which lives are shared,  
Gray links of sorrow,  
    gay links of laughter,  
Sturdy links of work, and sweat, and play--  
But, you and I,  
Did we not touch the most enduring  
    Link of all..

Timeless, priceless,  
Forged by Almighty Hand,  
Borne by Him who walked in Galilee.  
    .. the Link of Love  
    that welds your heart to mine --  
    through Him.

Across the miles, this quiet night  
I kneel again with you;  
We would live and work and pray  
That every man in struggle -- pain --  
    in fear,

May find and grasp that strongest link --  
Timeless, priceless  
Forged by Almighty Hand.

-- This is the greatest Gift of all.
