## THE PRAYER OF THE CHALICE

Father, to Thee I raise my whole being,  
— a vessel emptied of self. Accept, Lord,  
this my emptiness, and so fill me with  
Thyself — Thy Light, Thy Love, Thy  
Life — that these Thy precious Gifts  
may radiate through me and over-  
flow the chalice of my heart into  
the hearts of all with whom I  
come in contact this day  
revealing unto them  
the beauty of  
Thy Joy  
and  
Wholeness  
and  
the  
serenity  
of Thy Peace  
which nothing can destroy.

## THE COVER

We had hoped to be able to present a new cover design this time, but it did not materialize. Therefore we again present as so often before for the August issue, - The PRAYER OF THE CHALICE. We do not feel any apology is appropriate, - for perhaps it is very important for this beautiful be repeated again and again until it sinks deeply into the conscious awareness of all.

EDITOR'S PAGE

My warm love and blessings flow out to all of you, my wonderful "Family" as I sit down to type this last page of the Summer issue; the rest of the layout is all finished, proofread and corrected, ready to go to press. Today finds me both glad and sad, all at the same time! I'm so glad for the wonderful opportunity to serve so many of the "forgotten ones" - the ones confined within prison walls, - yet reaching out and 'up' to redeem themselves from the past mistakes and learn to really KNOW themselves spiritually, mentally, emotionally and psychologically. There are now about 75 prison inmates receiving the Father's House, - and we fully expect to be serving 100 by the end of this year. So we are also glad that so many of you have generously given extra amounts for this very important part of our Spiritual Activity, for it is expensive!

Now for the sadness, and this too is very real! Near the end of my editorial in the May issue I stated that there were 160 who were long overdue in renewing their subscriptions. Today there are still 75 from whom we have not heard any response to our letter to them inserted in their copy of the May issue. Therefore we have no alternative but to remove their names from our mailing list. It somehow seems an odd paradox that it is exactly the same number as the prisoners who are now on our mailing list. We have never yet cancelled anyone's subscription if they will inform us of financial distress. This is still our policy as laid down by our Grand Director the A. K. O., but we are certainly entitled to receive information as to why they do not renew their subscriptions. That's just common courtesy! But we bless them and let them go.

To look back and reminisce a little bit, - just eight years ago this August I made my first trip to England and Scotland under specific orders from the A.K.O. to visit various groups and individuals over there including the budding Spiritual Activity at Findhorn in northern Scotland. There was also the Activity of the "Universal Link" at St. Annes, England that was at it's peak at that time, and had been widely publicized through the internationally known Anthony Brooke who spent a large portion of his time travelling over here from England every year for many years, and speaking to audiences all over the U. S. It was when I returned from my trip that I published an account of the trip with pictures of the Findhorn Community, including articles by Peter Caddy of Findhorn and Kathleen Fleming and Mollie Thompson of the Universal Link Activity. I still had no idea of a full-time publishing business. It was published under the name of the Universal Link Concept, Holiday Edition, mailed out about the first of December, 1968. But as soon as it was in the mail, -the Inner Voice clearly informed me that it was to be a regular quarterly publication and the name changed to THE FATHER'S HOUSE. Volume 1, Number One came out in February 1969, and among others contained articles by our beloved Illiana, Nellie Cain and Dorothy Davis, all well known to most of you. That summer we were ordered by the A.K.O to make another trip to England & Scotland, covering the same groups as before, but also visiting a Healing Group on the English Channel and Glastonbury ruins.

Space has run out for this time, - so 'HIS Radiant Light & LOVE to all!  
and with my love, Your Brother Francis

TO MY DISCIPLES

Through Illiana

Preface Note:

Guidance directed that material from "New Age Teachings" for the next few issues of the FATHER'S HOUSE should be taken from the recently published Monograph, - "TO MY DISCIPLES", Lessons from the Mystic Christ as received by Illiana. The Foreword states, "The following lessons are shared reverently with you just as they were received from the Mystic Christ, that Holy Spirit of Love which was once embodied in the man Jesus.

We live in crucial times and the consciousness of men and women has reached a point in its evolution in which it desires higher fulfillment. Because of this obvious, noble desire, the Cosmic Parent has willed that prepared Channels be the instruments through which the Son-Eternal will once again be heard.

The following lessons were carefully chosen through Divine Guidance in order to open the 'Eye of Awareness' of sincere Disciples. Many of the lessons are based on Biblical texts, and throw a new Mystic Light on certain subjects. All of the lessons are intended to awaken within the Soul of the reader a keener desire to be a TRUE Light Bearer, - one who brings hope, love and compassion to the seeking souls of Earth."

INTRODUCTION BY THE CHRIST:

My Beloved Ones, - you who have chosen to be My Disciples, hear Me as I speak to you! Feel My Presence as I dwell among you! Share with Me the burden of Light that must be SHONE in all the dark corners of the planet!

I stand on the Mountain top of your thoughts as I gather you together before Me in order to instruct you, heal you and feed you the Bread of Life! And I baptize you in the Sea of Holiness, preparing you for the tasks that lie ahead. I ordain you, as I ordained Peter, John, James, Thomas and the others long ago. Think not that I Am less present because the physical eyes of man behold Me not! In this dimension of Immortal Spirit which I dwell in, - every 'eye' (that sees) can SEE Me! I AM Limitless and Boundless, - for I AM the expression from the Father, - the Ever-Living Spark that cometh to you as Love, Truth, Wisdom and Peace.

In many Ages I entered your planet in physical form to express these Divine Qualities. It was necessary then to be 'seen' by men and women. It was helpful that I dwelt among them as one of them, - subjected to every form of temptation as they were, in order to teach those who

would listen, the Higher Wisdom. I was despised by many, accepted by much of society as a 'strange' man. Even those who knew Me best, - my brothers, sisters and neighbors considered Me queer and erratic of thought, - and most of them I could not reach!

By many 'religious' people of that era I was considered to be possessed by the Ruler of the Dark Forces! But these attitudes had to be, blessed ones, - in order that the present day conditions that My Disciples face could be understood. For you too must come face to face with similar conditions. Those nearest and dearest to you may also devise ways to arrest your activities, - just as well meaning beings did when I was physically in their midst. Take courage in your trying times and recall the anguish I suffered; the name calling and other indignities! Remember that I suffered thus that YOU might be saved from uncertainties when similar conditions occur in your life.

Yes, I died that you might be saved! But do not misunderstand this statement which is so frequently misinterpreted by many of your church leaders! My life and death were examples of the fortitude needed to pursue the TRUE WAY as I taught it. I 'saved' My Disciples and My followers in that, as I so lived and willingly died for TRUTH so that each of you may now be aware of the beauty and joy in so LIVING Truth that no fear of persecution and travail may overcome you. Yea, I have saved you from that uncertainty by going before you and experiencing what you too may taste. I comfort you and I am by your side sustaining you when the trials appear most difficult!

Express My Love to all My people on the little Planet. That is your greatest mission which I remind you of. YOU must be My body! YOU must be my Voice! YOU must be My will! YOU are the 'Peters' of today; the 'Johns' and the 'Pauls'! I endow you with the same power that I left with them in the age past. You will establish My Temple of Peace in all hearts that yearn for Me. You will heal the broken spirit and the painful bodies. You will lead the blind to Me, - for you will open their 'eye' until they can behold Me dwelling within themselves! You must go to the top of the Highest Mountain, and into the depths of the lowest mine to seek those who desire to BE sought.

My Blessed ones, when you accepted and returned My call, much responsibility was cast your way. You have committed yourselves to be a shepherd in the vast desert where hover many wolves waiting to devour the 'sheep'. You must face these ravenous wolves! You cannot turn back now, for you are committed because YOU chose to follow Me! You have been ordained to protect and lead the sheep out of the danger areas where dens of wolves prepare to attack!

The multitudes of you who are My Disciples, are all members of the ONE body. Each of you have certain functions to perform, just as the arms, legs, teeth, eyes, ears and all the rest of the parts of a physical body have assigned tasks. You are all parts of Me, - the

Christ Spirit! You ARE My arms, eyes, ears, feet, digestive organs, - yea, all parts required to perform the task of freeing My sheep from the wild deserts where wolves prepare to catch their prey!

You honor My physical birth, and My physical death and resurrection as the man Jesus. But you must understand the great spiritual significance of these events which occurred to Me when I entered Earth in that physical form. I came as the expression of God's Love for His Creation. I willingly took on the role of humble servant that I might express His Love for all people. In this incarnation as Jesus, My important mission was to teach Love by BEING LOVE! In other incarnations I came to serve as other expressions of the Beloved God, - as DEVOTION, LAW, NON-ATTACHMENT, WISDOM, TRUTH.

As Jesus' LOVE was the factor prominent which, if adopted by men, could bring peace and total fulfillment, thus bringing wholeness to the souls of men. My mission of LOVE is not complete until all beings of Earth have accepted this important factor in their lives. Even My physical death and resurrection were tokens of My LOVE for My people.

Through the Resurrection I tried to teach the newness of Life, - the immortal qualities within each one which can never be destroyed by physical death! Once man has learned devotion, law, non-attachment, wisdom, Truth and Love, he has fulfilled the requirements for total liberation and thus truly cannot die! But, oh how man lacks understanding about these Holy Truths, and so places improper interpretations on My birth, death and return!

I came in a physical body that My people might understand LIFE! I left the Earth plane to return to My Father-Mother (the Cosmic Realm) that I might be more available to those who seek Me. In this dimension My Spirit can be anywhere I am called to be. Do not doubt My Presence, blessed ones, - for I AM with you. I continue to serve all My Disciples; I continue to seek the 'lost sheep'. My Spirit which is your Comforter abides with you always. LOVE continues to be the all-important expression of My service, and until every being of My Little Planet has succumbed to LOVE, - I will continue to express it, - and even beyond, for LOVE is an endless commodity!

ALL of you are My Beloved Ones, of whatever race or creed you have adopted in this, your present life expression. I Am Black, White, Red, Yellow; I Am Christian, Hindu, Jew, Mohammedan, Buddhist and all the others! I see no creeds and I see no races, - I see only the inner needs of man, and I see also the 'divisions' man has made which have truly separated him from God. My Mission is to bridge these divisions and make all of My Beloved ones ONE!

My purpose as Jesus, Buddha, Krishna, Moses and all the rest was NOT to establish a religion as men think. Nay, My Blessed ones, it was

purely and simply to establish a Kingdom in each heart where Truth unadorned, and Love uncomplicated, would reign! And that is still My Mission! Dear ones, do not burden yourselves with the clutter of dogmas and creeds, for such things are useless. Did I not try to preach this to the Pharisees and the Sadducees when I was in the body of Jesus? Men then, as men now, cluttered their lives with man-made doctrines, rituals and laws which complicated Truth and caused them to be less than compassionate and loving toward all creatures.

Truth is simplicity. Truth is totally unadorned! Love is the essence of Life and is Eternal, Immortal and forever binding the children of Illumination! Be ye such children! Be loving and kind, just and compassionate, peaceful and courageous, wise and prudent. These are the qualities My Disciples must have if they will be fruitful workers in the Sheepfold. Do not succumb to the wolves' tactics that cause prejudice, ignorance, dogmatism, aggressiveness, arrogance, pride and self-righteousness to be your guides, - for then I cannot number you among My Disciples.

You ARE My Disciples, and Co-workers with Me if you follow My example and obey My New Commandment which is LOVE! Love one another; just as I Love you, so shall you love one another. By this pure, unconditional, unattached Love will all men and women know that you ARE My Disciples!

GOD SO LOVED THE WORLD, - (John 3:16)

There is much that remains unrevealed in the recorded accounts of My Teachings, - and so much therein that is misunderstood. My Teachings contain deeper meanings than is usually understood, and much that I taught was not revealed in your printed pages due to the manipulations of early church leaders. All this was done in order to bind their subjects to dogmas formed by mortal flesh! Yet TRUTH cannot be hidden from the Children of Light, - from one whose 'eye' is opened! From the beginning of time, Messengers from the Cosmic Realms were in attendance (unseen) at all the conferences which made the decisions formulating Holy Script as it would be distributed to the public. Those men whose intentions were to bind the people to their own doctrines, were unaware of the Holy Presence, and in spite of their vague attempts a shadow was placed over their work. Intermingled in their distortions of facts are the TRUTHS that Children of Light can readily understand. Those who have not ascended to this level of understanding will see only the surface teachings and will be satisfied. That is as it should be. But you, Beloved Disciples of Truth, - comprehend the deeper HIDDEN meanings contained in the Holy Script. And I will help you to understand even more fully, for your hearts are ready.

I AM the Christ of ALL Ages! I AM the Divine Principle present in ALL beings. I AM He who once was Krishna, Buddha, Jesus and

many others. The name or body I use at any given time is not important, for in fact I Am using ALL bodies! It is the principle of Truth which I Am that is important. "God so loved the world that He gave His only begotten Son that whosoever believeth in Him should not perish but have everlasting life." Yes, My blessed Souls, - God gives His only begotten Knowledge (Power or Son) to whoever believes, - a power dwells within each one awaiting birth; the Power (Knowledge) of unending Life, of Life Eternal (or immortal if you wish), - which means that once a Soul has reached this point in his growth, - a point where PURE TRUTH and WISDOM is understood and lived, he will no longer need to return again and again (perish) but will have everlasting Life!

Oh My Blessed ones, this important and Cosmic lesson as recorded by the great Mystic John (who has ascended to the Highest Realm), has no implications to the man Jesus as so many think. What John is referring to is the "PRINCIPLE of TRUTH" (the Christ) which is WITHIN each one! Yes, in God's great Love, He gave this Christ-quality to EACH ONE! Since there is but ONE TRUTH, it therefore is "His only begotten Son"! When you can understand this, then you can also comprehend that Illumined Beings living in ages long before the appearance of the man 'Jesus' were also receivers of this same TRUTH!

We cannot awaken those in deep slumber, so they will continue to relate these teachings to a literal standard, thus limiting their understanding and developing arrogant attitudes, thinking only that those who "believe in the Lord Jesus Christ" can be saved! They do not yet understand that NAMES and certain WORDS are vibratory in effect carrying great power. The name 'Jesus' in that time on Earth carried great power, - just as other Holy Words did in times past, and as certain words do in the present time. It is not the MAN, but the Principle within him that carried great energy for GOOD. This POWER is as potent each time it manifests on Earth in a bodily vehicle, and in that manifestation it is important to the peoples of that era and location. That is how it always was and always will be.

I repeat again, - it is NOT the man or woman, but the POWER within that forges forth raising people from the 'dead'; healing all manner of illnesses; defying the laws of physical man such as walking on water, stopping the heart from beating at will, and causing it to be in motion again; turning water into wine; throwing off poisons that have entered the body, etc. This POWER, - the Christ Principle, is a valid gift from God, - His "only begotten Son" given to EACH ONE, but lying dormant in many people.

And when I taught through the body of Jesus, I taught this lesson of "resurrection from the dead" - for in truth what most of Earth's children have done is to crucify this Power, the Son of God, and entomb it in the darkest vault. And until they RESURRECT the Son or the POWER, - they themselves are suffering the torments of hell

and subject to many births until they ascend in thought and deed releasing the Son (power) from this bondage. When the resurrection occurs, the progression into Realms of Light will take place until they no longer perish but have 'everlasting life' - an Eternal (Immortal) Life FREE from the bondage of comings and goings, generally known as 'Reincarnations'. Thus the saying by Me, - "If a man keep My saying (understands the laws of Truth) he shall NEVER SEE DEATH".

A LIGHT IN THE WORLD, - (John 12:46 - 50)

Knowing your TRUE SELF, Blessed Students of Light, is the first and foremost Knowledge you must have. To seek great intellectual knowledge of all worldly things will in the end gain you nothing if you do not know your Self first, if you are not truly aware of who and what you are. Once you have accomplished knowledge of Self; once you know your true identity, you will stand as a great pillar of strength. You will hold Life in your hands, - not death! The Power (Son) within you will be free, - a liberated Self, and you can go on into your world aiding those who have yet to free the Self from delusive bondage.

If you BELIEVE that I AM the Light of the World (mystically a 'world' is a soul, so each one is a world unto himself) then you will not abide in darkness or in ignorance, - for the I AM is the Higher Self, - the Christ Principle which lies within, NOT to judge the world but to save the 'world'. If you reject 'Me' (the Higher Self) then you judge yourself and cast yourself into utter darkness, - and when you walk in darkness you do not know where you are going. There is then a groping experience before 'finding' the Light once again!

But the GOD-PRINCIPLE is merciful and removes not the Light from the world, and neither does It force the world to follow this Light, - yet those who DO will have Eternal Life. They will not taste 'death' and will dwell in the beams of this Light, having discovered their Higher Selves, removing all impurities from the 'world', being ONE with It, - for the SON and the FATHER are ONE! I Am the Son, as you are the Son, - meaning that each soul is the personification of Truth and ONE with Divine Principle. There is no separation unless you cause it to be. I AM that I AM, and you are that I AM, the ONE and the ONE still being ONE! That is the greatest mystery, and yet no mystery at all!

As illumined beings you are aware of the Universality of the God-Principle. You do not place It on a human level, for It is not like the physical manifestations we are when we take on physical bodies. It is Divine Principle, called by many names to please many people. It is the Principle of Great Power which LOVES ALL WORLDS AND UNIVERSES. It is that which created LIGHT and which does not dictate, but SUGGESTS! It does not destroy, but BUILDS that which is non-personal, and yet which succors the helpless through Its many embodiments.

This Christ Principle, - It is the Light which Lights EVERY Soul as they enter the womb of Earth. It is that Spark of Divinity coming direct from the Highest Mind, - the Omnipotent, Omniscient, Omnipresent ONE the 'Father' spoken of by earthly men. Beings may reject this Light, but It is present even so, - always ready to be an Illuminator when a being awakens from fitful slumber. It is the Fire of Love and burns endlessly within each being. Some, through their shallow, ignorant ways are oblivious of this Power and must return many times until their awareness is kindled and they become ONE with the Light, this Divine Fire!

Once you become ONE with the Light; once your awareness sees your Oneness with God, - then you are also a personified Christ! That is perfect Truth and not blasphemy as less illumined minds may think. Even though there are many lessons hidden from the masses by those who prepared the Bible, - yet they could not hide this Truth, for the Christ speaking through the man Jesus, spoke many things that suggest the I AM Presence within each one. That is why He told the Disciples to "go and do likewise" and "greater things than this shall ye do". He also reminded the critical rabbis of an old prophet's teaching, - "Ye are Gods!"

Believe in the Indwelling Light, - the Christ Principle within you, and you will not be consumed by darkness. You will be One with the 'FATHER' and heir to Life Everlasting, - being free from the cycles of births and deaths. You will be a Pillar in the Mansion of Eternity, coming no more out!

I AM THE WAY, THE TRUTH AND THE LIFE!

"I AM THE WAY, - so just follow Me!  
Though the way be rough and you cannot see.

I AM THE TRUTH which all men seek;  
So heed not false prophets nor the words that they speak!

I AM THE LIFE, and I hold the KEY  
That opens the door to ETERNITY!

And in this dark world, - I AM THE LIGHT  
TO THE PROMISED LAND where there is no NIGHT!"

## THE NATURE OF TRUE LOVE

By Mary Myneta

Feel yourselves now enveloped in the Golden Radiance of Sun Substance which you have invoked. Feel it now descend in a great stream of Golden Light Substance, saturating the atmosphere in your environment, dividing into rays and penetrating the forcefield of each person individually. Visualize a great focus of Sun Substance established within the cup upon your altar which becomes a permanent receptacle there. Invoke that Radiant Substance to remain anchored within the cup that there may be an overflowing, continuously expanding outpouring of Golden Sun Substance into your individual forcefield, into your city, and into the beings and worlds of all under the radiation of your Mentors wherever they may be. For the Divine gift of the invisible radiant Substance of the Sun, - the energy of all beings, - be grateful to your own beloved Mighty Presence of Life and the wondrous presence of Soltar, Solon, Solaris and Mighty Solel from the Sun Temples at this particular time.

Raise your consciousness out of the mundane activities of the earth, all personal affairs, human thoughts, feelings and desires. Move your consciousness into the Consciousness of the Christ Self, the higher mental body. Your consciousness is wherever you direct your attention. If you are concerned with the news of the outer world and its affairs and activities, be they negative or positive, - your consciousness is there.

If you are concerned with holding your consciousness within the bounds of the higher realms, the consciousness of your own Christ Self or any of the great Beings of Light, - your consciousness will be held upon that which you desire to draw forth or invoke, and upon which your attention rests. It is therefore incumbent upon those upon the Pathway to hold control over their own conscious attention.

As individuals embodied upon the Earth, you have no jurisdiction over the consciousness of any other individual, except to direct and point the way; to explain and show by example, - but not to endeavor to control the attention, the decisions or the activities of any other individual, no matter whether you feel that they are acting in a negative or undesirable way or not. The great Master Jesus-Sananda said to mankind in the days of His ministry upon the Earth, - "I come not to judge." This is a rule which has been laid upon all those who fashion their lives after the life and example of the beloved Jesus-Sananda.

Let us pause here for a moment to speak of the name Jesus-Sananda. There are many individuals in the world who have come up from various Christian religious teachings, who resent the title of Sananda, as a reference to the great Master Jesus. Among the Jewish people, as in all races, - certain names are popular. The name Jesus is a common name among Jewish people as well as those of Mexican origin.

You may find that the man who runs your elevator or mows your lawn or waits on you in the store is named Jesus. To him and to his family and race, this is not a sacrilege. This is an honorable name, and hundreds and perhaps thousands of individuals upon the earth at this time may bear that name, - not because of the Master Jesus, but because among their people it is a popular name. Other nationalities who are predominantly Christians, the name Jesus is thought of as belonging to the great Master Jesus only. To them it is a holy name. It may seem sacrilegious to you when you meet a young boy on the street and his companions call him by that name.

Those who are unwilling, or do not desire to think of the great Master in any other way than as Jesus, are indeed privileged to do so. It was a name which applied to the individual body consciousness of the Master as He lived in a physical flesh form two thousand years ago. He has been known by other names with which you are less familiar, but which were useful to Him in His past embodiments. After His death and resurrection He moved on into His Ascension, and from His Ascension He has moved on into Cosmic and Hierarchal activities. As a Hierarchal Being for your planet, He has become known by His title 'Sananda'. Many other great Beings are known by their titles. For instance 'Buddha' is a title, - in fact 'Christ' is a title rather than a name, and there are others who are more commonly known by their titles. Presently many are using the name Jesus and adding the title Sananda as being appropriate during the transition period between the Piscean and Aquarian Ages.

The Beloved Master Jesus desires it to be known that He answers to the name of Jesus for those who know Him thus and desire to call unto Him by that name to invoke His Presence. So do not be disturbed or dismayed, - by whatever name called, He responds to all sincere souls who call upon Him. However be advised that SANANDA is the great EXPANDED CONSCIOUSNESS, - the Title of the Cosmic Consciousness of that Beloved One known to you all as Jesus the Christ! The TRUTH which He brought to mankind in His ministry almost two thousand years ago, has not altered. That which He taught the people in that day were simple truths that they could easily understand. Those truths expand but do not alter.

If you take a thought and begin to enlarge upon it in meditation, you do not alter the truth of the thought, nor the thought itself, - but rather you EXPAND it. Thus it is with the truths which you will find in the New Testament of our Bible. TRUTHS DO NOT ALTER! The Law of God, the Will of God, the consciousness of Purity, Peace and Love, - all attributes of God, do not change from century to century, from age to age, or even from planet to planet! True Love on the planet Venus is the same as true Love on the planet Earth, except that on Venus Love is practiced in a Divine way. It is more purified, more impersonal than the consciousness of love on planet Earth.

The great Master Jesus-Sananda brought to mankind, and added to the Commandments given by Moses, - the Law of LOVE! "A new Commandment I give unto you that ye love one another." Two thousand years have passed since that commandment was given to mankind and still mankind has failed to truly love one another. There have constantly been wars between men upon this planet, - not only before, but even since that commandment was given.

Think you that war can be waged between men if men love one another? True, all nations that have separated themselves into races upon this planet do not embrace the Christian faith, - yet love is not solely a Christian concept! Love is the concept of the Will of the great Creator! The teaching of the Master Jesus has been rather confined to the Christian church, - yet nothing that was taught by Jesus differs in any way from what is taught in any of the other faiths established amongst men by great Spiritual Teachers. The commandments which were handed down through Moses to the Hebrews are commandments for all mankind, - NOT just Hebrews or Christians. There are no people on the face of the Earth who can deny the good within each and every one of the Ten Commandments.

They may defy those commandments; they may refuse to accept; they may rebel against those commandments, - yet, in their heart of hearts they KNOW that those commandments are the basis for the behavior of all advancing beings who inhabit this planet. They are not confined to any race, any religion, neither is the New Commandment, the LAW OF LOVE so confined. Man has never understood the Law of Love, nor has he ever understood Love itself, - even though LOVE is the Essence of his being!

Man is acquainted with the concept of love as it applies to individual associations which he has chosen. A man takes unto himself a wife. Between them the activity of the Sacred Fire brings into being a child or many children, and bestows upon each the same qualities of the Sacred Fire. Within each is the power to reproduce. What think you is the power to reproduce? No man can lay his finger upon it. No man can call it forth. It is the ESSENCE and SPIRIT of God, - the great CREATIVE BEING Who creates for one purpose ONLY, - and that is to express LOVE!

The Law of the great Creative Presence is the outflowing of the Essence of Being. When you have a family, you have an attachment to that family. Ofttimes, unfortunately that attachment grows into an obsession. When anyone thinks of and calls this kind of obsession 'love' it is a misnomer! There is no possession in True Love! As radiant energies flow from the great Sun with which you are familiar, - there is no possessiveness. There is no obsession in the outpouring of the golden radiant substance which is invisible to your physical sight. It flows to one and all alike. It is a power of Love. Whatever flows

impersonally to all for their good is a facet of the Law of Love. When Ascended Masters refrain from entering into the fullness of Their freedom and refrain from utilizing Their time and energies, but instead focus Their attention upon a group of human beings, such as your Mentors have done in the past and such as I am doing at this hour, - what think you is the motivating cause? LOVE! We are eager to share our Illumination, but We are NOT eager to parade Our victorious accomplishments before those who have not yet made those victorious accomplishments. We are not filled with vanity and pride, - nor are We arrogant or deceitful. We come into the octave of your earth to release a message through the channel who can best benefit those who can be reached, for one purpose only, and that is to express God's Love! I say GOD'S LOVE, - for True Love is of God and NOT of man, Ascended or otherwise. Individuals in the flesh body believe themselves to be the instigators, the perpetrators, the projectors of love. There are billions of protestations of love cast into the atmosphere by individuals hourly, - yet that love is only human passion, possessiveness or obsession with a concept of love which is not understood.

### TRUE LOVE

True Love is not generated within the individual! If you remember nothing else of My words today, - remember this only! TRUE LOVE is not generated within the human individual, or ANY individual, not even an Ascended individual! My Love, which I say is My Love, - the Love which streams through Me to you at this hour and motivates My Presence to be in your midst, - is really not MY Love at all any more than it is yours. It IS the LOVE of GOD, - even as the Spirit Substance of Life is NOT My Life or your life, - but the Life of the great Creative Presence pouring into and through, and demonstrating in form from the great central Source of Life, of which your physical Sun with which you are familiar, is a channel. Life did not originate within your Sun; It is just a CHANNEL through which the Life Force is channeled into your planetary system which is revolving around it.

When you take upon yourselves the obligations of parenthood, you become responsible for your offspring until they have reached a certain age of responsibility for themselves, - but so long as they remain in embodiment, the parent still retains a certain amount of responsibility. Oh yes, - the parent can say, "I no longer have the responsibility, - my children are married and gone and they are on their own!" But just let something happen and there you are worrying and still bearing a responsibility for your child. You have a responsibility not only for your offspring, but for EVERYTHING which you bring into being, visible and invisible! Remember this! You bear a responsibility not only to your children and your family, - but to everything you bring into manifestation, visible or invisible! Your every thought, word and deed, you are responsible for! Responsibility is perhaps the most important law pertaining to the evolution of man.

Man is a creature of love. He was conceived in love. He in turn conceived others in love. Those who were conceived through him continue in turn to conceive in love. Perhaps you may desire to debate this. I say the power of procreation is the Flame of Pure Divine Love even though the individuals utilizing that power are unaware of it. They may not have accepted their responsibility unless they were aware of it. This is the difficulty upon the earth today. The individual who cannot or does not accept his responsibility is the individual who will go out and destroy the body or the property of his fellowmen. The lack of the acknowledgment of responsibility to the Law of Love is the basis for all war, the cause for hate, for doubt and for fear. Think this through.

Remember that love is not generated within you as an individual. This is the first thing that I have asked you to remember. The second thing is that you remember that you have a responsibility for every person, place, condition, thought, feeling, every act and desire which is motivated by your individual consciousness.

### SUN SUBSTANCE

Remember that LOVE is streaming through the Sun as an invisible substance. Do you find it difficult to accept 'substance' as being invisible? SUN SUBSTANCE IS INVISIBLE! It only becomes visible under certain circumstances. When your astronauts move out of the atmosphere of the Earth, they enter into total darkness! The Sun is out there and they are moving out into the 'atmosphere' of space where there is no visible light. The only light to be seen is where this invisible substance of the Sun touches upon matter. When that invisible Sun Substance touches the vehicle in which the astronauts are moving there is a great radiance and the astronauts are aware of the Sun.

The Substance of the Sun becomes sunlight when it contacts material substance, and is thereby reflected. The Moon is dark except where a portion of it receives the direct radiation of Sun Substance. The stars in the sky receive the radiation or the outpouring of the radiance of the Sun, - but they are invisible during the day because your planet is reflecting the Sun Substance. You do not see through the atmosphere of your earth until you are turned away from the Sun. The atmosphere not reflecting the Sun Substance then allows you to see the reflection of the Sun Substance upon the myriads of other stars and planets in space. Each one has a dark side as well as the Earth, - for each one only reflects its golden radiance when it is in direct contact with the radiant outpouring of the Sun.

If it can be dark in outer space, then the Sun Substance must be invisible. Only that is visible which is the reflection of energy as it touches upon substance. Have you ever watched the tiny flakes of dust floating in the atmosphere on a sunny day? Each one shines like a tiny pinpoint of light. Each is a tiny fleck of substance reflecting the Sun radiance.

I say to you, Love is also invisible. It is not generated within the heart of the individual, but from the Sun Substance which flows into your being and world, which is life. Love is the Life Essence pouring into your being and world.

### THE REINCARNATING EGO

It does not matter whether you are in a physical body or in an etheric body. This same river of Life Essence is flowing into your being and world when you are in the etheric, the same as when you are in the physical form, - otherwise the individuality would not continue to exist. So long as there is an individualized being, there must be a point of contact into which Life flows. When an individual discards the physical body, it is as though he removed a cloak and cast it aside. The individual then goes on without the body or cloak since it is not necessary for his use or purpose. The Life Essence from the great Creative Presence is anchored within the individuality from the moment of conception. As that individuality travels through embodiment after embodiment, it is the same as the individual moving through season after season and putting on garments that are heavier in the winter, and then taking off these garments to put on lighter garments in the summer, - DISCARDING the garments but NOT altering the individuality. The individual drops off the physical body, moves on into the etheric form, - then returns to a physical body when required to do so; moves out of it again into the etheric body. These cycles go on back and forth even as you move through seasons, - changing your clothing for more suitable garments each time, - but the INDIVIDUALITY remaining in every instance, expanding and externalizing with greater understanding, with greater Love as it evolves from the embryonic pattern which came forth as a concept from the Heart of the Creator.

Your children are conceived and pass through that embryonic stage before they enter into the world. You were conceived by the great Father-Mother-God responsible for the people of this planet and the planetary system to which you belong. After this Divine Conception you passed through an embryonic stage with all the Potentials of the Godhead, and have moved through lifetime after lifetime, expanding and externalizing the concept of the Creative Process.

You plant a seed in your garden knowing that the entire concept of the plant is contained within the seed. When each individual man was conceived into being by the great Creative Presence, his permanent individuality contained within itself the entire concept of the Divine Parent Being. You are those Beings, evolving into what is to become the full 'God Potential' within your nature. Just as the seed within the earth puts forth sprouts, stems, leaves and finally fruit, - you are evolving into that creature which was conceived in the beginning and endowed with the qualities of God! You are at a point on the pathway where you are beginning to comprehend the law of your own being which is the Law of Love.

The CHALLENGE Of The AQUARIAN AGE

Excerpts From The Diary Of Phoenecia

By Rev. Frances B. McKay

I will admit that many who walk the "Wisdom Path" to God-Self Awareness have studied Alchemy and Astrology. However, the modern form of the latter science, in which man attempts to understand a little bit about his relationship to the stars, the Universe and other worlds, is not only incomplete today, but different from that originally taught by the early sages. That is why many Masters warn their disciples to steer clear of astrological forecasts. They explain that most people worry about dangerous looking predictions and instead of letting their All-Powerful I Am Presence take charge of whatever they've found in their charts, - they tend to brood about a 'square' or an alarming conjunction, and wonder at length how to escape this so-called malevolent energy. Thus, their own thoughts, focused in FEAR can produce the very trouble they seek to avoid!

Suppose you notice a "death sign" in the horoscope of someone you know. Suppose you shake your head pessimistically and go on thinking about it, half expecting the worst, - even repeating what you've seen to a friend. If you have passed the First Initiation, your creative powers are greatly increased, and though you may not intend to do harm, - your mental picture imprinted on your feeling-substance can actually CAUSE the victim's death, or at least help to bring it about. That's why it is best not to get involved in ANYTHING that might make you pay the Karmic debt for murder! . . . and I do mean MURDER!

Now of course I'm referring to the astrological forecasts concerning PEOPLE, - but when it comes to those that affect your entire planet, there are some things you really ought to know. Many of you came on Earth to help bring in the present Cosmic Cycle and your work can be made a lot easier if you understand, more or less, what's taking place. Therefore to start, let me say that your 'World Soul' evolves through the twelve signs of the Zodiak, just as you do in your spiritual unfoldment. But since you are His mirror image and likeness in physical form, - He does this in what appears to be the reverse order of your own progression.

That is why the last three time cycles of Earth began with the Age of Aries, and having completed that, your planet went on into Pisces, after which it is now on the brink of Aquarius, the controversial sign that has inspired your young people with everything from a popular song to a return to the ancient Wisdom of the Masters.

Your Arian Age under Moses and Abraham, saw mankind become monotheistic at last, and their "One God" gave them knowledge in the

Ten Commandments. Since Wisdom involves the Chakra at the top of the skull,- the Deity of that day was pictured as being way up in the sky OVERHEAD, His symbol, the mighty Ram gazing fiercely down from the highest pinnacle of the mountaintop and judging those below by the Great Light of His Being! This, of course, shone like a mighty single SUN on the "just and the unjust" alike,- causing humanity to quake in dread and awe before its superior God of KNOWING!

Then, time for you Earthlings passed, and the "human brain cells" of your World Soul evolved into a wiser and more merciful state. The Age of Pisces dawned, bringing forth its Avatar,- the gentle, compassionate healer called Jesus, who taught that every human soul is Divine at heart; that we are actually individualized focuses (children) of the God worshipped for so long from afar. He also made it clear that your Deity isn't a great and revengeful Super-MAN, requiring you to appease Him by trials and sacrifices. In fact He is not SEPARATE from you at all,- but an integral part of YOURSELF, your Source of Life, your Loving Father with Whom you are actually ONE!

Now this was a pretty big step to take,- a really large expansion of mankind's consciousness, and to this day many of you haven't been able to accept the whole Truth. However, those who could, no longer had to grovel and gaze toward the Heights of Heaven above, wondering if so remote and awesome a God would deign to hear the feeble prayers of those so far beneath His "Lotus Feet!"

Again reversing the order of things as they affect the individual man we see that the Age of Aries gave your world the Third Ray of Wisdom FIRST,- after which the Cycle of Pisces brought mankind into the second Ray of Love, and the symbol of Pisces is appropriately the 'Fish'. Now water ALWAYS represents FEELING,- the silent or turbulent waves of emotion. Therefore, we see that Jesus took the Wisdom of God and His Divine Ideas down from the unattainable heights of knowing and put them CONSCIOUSLY within the hearts of men.

Though the Arian shepherd who raised his song of praise to the Heavens on high, may have faithfully tended his sheep,- he never thought of himself as 'being one with them' - nor did he sense that he was a part of the God he adored until the Piscean influence of Love made him FEEL at last, the Presence of the "Lamb of Christ WITHIN his heart. "Closer than hands and feet" the Nazarene described it, which certainly doesn't refer to a God on a golden throne somewhere off in outer space!

To find and externalize your own Divinity, you dear ones must bring the cold, clear and distant ideas of mind into the warmth and substance of your heart so that they can take visible form. Thus you have used the Creative Equation that says PERFECT thoughts plus PERFECT Love will produce Christly Powers and also PERFECTION in the reality that surrounds you.

The Arian shepherd who sought God's lofty Wisdom became the Pisces 'fisher of men' and now two thousand years later, having brought up the Substance of Love from the depths of himself, - he is ready to use these two treasures in the Third Cycle of his Divine unfoldment, in the Age of Aquarius, the Golden Era that will see him become an **INDIVIDUALIZED CHRIST!** That's why you Earthlings must tend and nourish the budding Spiritual Nature **WITHIN** you. Your silently growing Real Self must be kept supplied with enough Love Substance to make It grow strong, so It can begin Its work of creating Perfection as **YOU**, in your body and environment.

The Aquarian symbol is that of a man pouring liquid from a jug, - the 'gardener' some have called him, giving the thirsty God-Self within each human being a drink from the "waters of Life". Here this represents an abundant supply of the form-making essence from which the soul objectifies its Real Identity as a Christ Incarnate in form.

The Spiritual Ego of every man, woman and child must become reflected in matter to the point where peace, health and abundance are the natural state of humanity on Earth, so you and your world can begin to experience Life in the Golden Age you have been helping him build for so long.

"Ye are Gods! declared Jesus, - but now every precious one of you must **BECOME** so in the outer world as well! You have to realize your value as a Divine Focus of Life and therefore you must now be freed from the controversial (and presently receding) prejudices that may involve your sex, color, creed, financial status, social position, etc. Such destructive notions, held by those as fearful and threatened as he is, - have kept the average individual feeling inferior and inefficient until his own true worth has gone unrecognized even by himself. However, this will change!

When the 'gardener' having long ago planted the seed of his Godhood, waters It with Perfect Love and watches It flourish beneath the sunlight of Wisdom, - he's going to have help in eliminating the weeds that have tended to choke it off. His protection will come from the planet Uranus which rules your brand new age. Known as the "slammer", the disintegrator, - it unexpectedly destroys, but only to rebuild something far more efficient and beautiful than ever before.

In its good or so-called favorable aspects, - it not only governs the sign of Aquarius, but the Higher Octaves of Life, plus metaphysical ideas and unselfish service to those in need. It portrays a Love free from all ulterior motives in regard to mankind, and fosters brotherhood, advanced math, public institutions (like the mass media) and inventive genius; but it also causes the underdog to revolt, - and those who feel oppressed by prejudice and unfair discrimination to demand their rights. In fact, its disquieting influence makes your present generation of young people rebel against the accepted customs of your century en-masse. Of course your youth have always changed their hair, speech

and dress, - but this time they embrace many new and strange forms of worship, as well as that which belonged to the ancients and which your modern orthodoxy calls "pagan!" They also defy their parents' views on marriage and divorce, - deliberately flaunting the long accepted rules of morality and social conduct, and running roughshod over the "establishment's loudly shouted taboos.

Yes, Uranus is destructive! When the pendulum makes a wider swing, it often goes too far before it regains its normal balance, yet in the end this "wayward" planet will free your Earth from a lot of outmoded ideas and conditions. Though necessary in their time, they are stumbling blocks to the blooming of man's individuality on his own merit. While Uranus sweeps out much that's good, - when the dust finally settles, civilization will again discover a useful set of values, and its Aquarian code of behavior will come from a level of understanding and love far in advance of any your world has ever known.

Uranus replaces the good with something that's better. It expands your Earth's self-awareness by sponsoring inventions that promote universal brotherhood, (when rightly used, of course). Thus you have electricity, fast transportation on land and air, telegraph, telephones, motion pictures, radio and T.V., - all ways of shrinking the distance of man to man through time and space. The radio and newspapers help everyone communicate quickly, and since you've each got to live in this world-wide state of "instant togetherness" you will just have to help and understand your neighbors, or ELSE!

Fortunately movies and television can show you how people live; how they think and feel about themselves, each other and their environment as well as what they need and want in order to be happy. To understand is to love, and though achieving a peaceful and cooperative existence all over your Earth may seem impossible right now, - it's actually coming to pass in a roundabout way.

Thanks to television plus the advertisements in your modern magazines, those who have little in the way of worldly goods are fast discovering the wonders and conveniences they could enjoy. Man receives not because he asks not, but first he must realize what he's been missing. Remember how you used to drive through the 'deep South' and look with sorrow at the tiny unscreened, tumble-down cabins? Then suddenly electric wires came through and those bare hovels began to sprout antennas! Before long a miracle commenced to happen as shack after shack was rebuilt, modern conveniences appeared and upgradation became the order of the day.

When man sees a picture, his longing to possess what it shows is simply a form of love. Thus he provides himself with the mental blueprint, PLUS the substance from which he creates something new and good in his outer reality. Modern cars and planes help you Earthlings know your neighbors well, - not just those in the tiny radius of your

home town, but out across the whole wide world! No wonder the stars have sparked your interest in psychology and metaphysics, - for all of you must learn to understand the human mind and heart if you are to have health, harmony and abundance in your ever widening circles of life.

"Women's Lib", regardless of its critics, springs up to free your women from bondage and discrimination as it shows them their equality to men, - while minority groups of every kind come forward to gain their rights. Thus Uranus works, equally loosing each soul from the chains of prejudice about its sex, creed, status, color, age, etc., letting the individual come into his own so he can reach for and objectify his Divinity.

Civilization has come of age. Its adolescent whims and foolish judgments of those within its ranks were made in FEAR, and they will soon be a thing of the past, replaced by the Aquarian Era, - and the Christ becomes the outer as well as the inner Self of every man, woman and child in the flesh!

The Aquarian Gardener is YOU, Beloved! You alone can pour the waters of Love on your tender, growing thoughts, and you alone can harvest the joy and Light and fulfillment of Illumination. Your goal is God-Self-Consciousness, - so keep that ever in mind, and "let not your heart be troubled" or afraid of the seemingly destructive housecleaning of Uranus.

"In My Father's House are many mansions" and yours can become a beautiful place, while others are being cleared of debris and trash forever. Don't let yourself be drawn into the negative side of Uranus. You're a builder at heart, - not a destroyer, - so think on the good that you see with Love! Lend your mental and emotional strength to the establishment of the new that is worthwhile. Aquarius promotes universal brotherhood and well-being, and you can join forces with its influence for good if you mind your own business and refuse to become critical of the things that are going on all about you and all over the world.

When you are grounded in Love and illumined by Light, - "Ten thousand shall fall at thy right hand, and it shall not come nigh thee" for Nature can always use a willing volunteer to help her rehabilitate Planet Earth. Even the flesh and blood of your body is pink because it's made from the Substance of Love. You were LOVED into existence so refuse to join hands with those who feel the emotional unrest of Uranus, and BE LOVE! THINK LOVE! EAT LOVE! DRINK LOVE!!

LOVE as you turn on the T.V., shut off the lights, sew up a seam, tie the baby's bib, get the mail, move the bureau or face some knotty problem. I mean this literally! You ARE Love! and if you want to make your Garden of Eden bloom once more on Earth, - YOU must provide the emotional substance, - the perfect OUTER soil from which It can be formed. This is your real job in the Aquarian Age, and you must do it with every breath you take, CONSCIOUSLY, until Love

becomes your AUTOMATIC response to ALL the circumstances and conditions of your life no matter what takes place around you!

This is the "prayer without ceasing" your Bible advises and there is nothing 'Pollyanna' about it. As a God-Self-Conscious Soul, you must learn to create Perfection in your own right, regardless of where you now stand in Spiritual understanding and unfoldment.

Will you accept the Aquarian challenge? You CAN - IF you THINK you can, - but IF you think you CAN'T, - then you are right about that as well! Therefore the question is, - how will you have your REALITY? Will your life in the Golden Age still be a desert of lack, judging, anger and fear, - or will you tend a garden of health, harmony, peace, abundance, and a wonderful world made visible from the omnipresent form-making material of your LOVE? Since YOU are the creator of all you survey, - the answer is up to YOU!

The NATURE Of TRUE LOVE, - Continued from page 16.

You are now discovering that Love is the potential by which you survive. Not only did you come into being by Love, - but you survived because of Love. You reembodyed because of Love. Again I say, I have no thought of personal, human love, - but of that great quality of the Divine Love which is the Essence of all Being. When man begins to understand the Law of Love, - man for man, creature for creature, - which was the commandment of the great Master Jesus, "Love ye one another," - then and only then will there be peace on Earth and brotherhood amongst men. Think on these things, and remember these two points which I have endeavored to make plain to you.

Now for a few moments will you silently pour your heart's eternal Light, Love and devotion to the great Master Jesus the Christos, - and as that wondrous Radiance begins to pour out to the Earth from the great Cathedral of Peace, begin to absorb it into your beings and worlds during the days to come. Continually absorb that Substance into your beings and worlds until you become saturated by that wondrous Radiant Substance which raises you into the Holy Spirit which you call CHRIST CONSCIOUSNESS!

## FROM ILLUSION TO LIGHT

### Through Nyome

Greetings to all who are teachers of the Light! The time is NOW at hand when you must show your strength, courage, superior determination and love for your fellow man by leading them into this new Age of Enlightenment. Listen carefully, for a lot depends upon you in this time of great change.

Your world is ready for its next step in evolution. The illusion you have been living under must now end as new Light and Love is being sent to planet Earth, causing those who will be teachers of the masses to awaken. It is time for all to come out of the illusion and into reality. Therefore if this message has meaning to you, and you can ascertain its deepest Truths, - then you are one of the chosen who will be a channel that helps to bring this New Age into being.

All on your planet have been living in an illusion of their own making. Each of you, depending upon your state of consciousness, are living in a different world that encompasses all levels, - from the depths of hell to the heights of heaven. If you do not agree, please tell me of one other person who sees the world exactly as you do; that evaluates each person exactly as you do; that finds the same things interesting to the same degree that you do. Oh beloved, if you can only see through the mist just long enough to catch a glimpse of the glory that awaits you.

All that you know to be true in your world at this time is an accumulation of beliefs that have been passed on for generations, most of which are not Truth, but are illusions. The Creator of your Planet was very very highly evolved and created all out of His own Substance, and it was all GOOD! Light, health, beauty, growth and all that is perfect and positive can be attributed to your God.

Even the free will that He gave to each of you was good, - for it caused you to grow strong and to learn many lessons that were necessary for you to learn. Can you not see that you are being prepared for Godhood? All of life is evolving in continuous evolution.

Now let me explain the illusion. Your God encompasses all that exists in your Universe. The ILLUSION is that you on Earth have believed in TWO powers, - one of GOOD and one of EVIL! The negative or evil is referred to in your Bible as the 'devil' or Satan, which is actually the illusion brought about by man's fears, superstitions and misinterpretation. It should be clear that if your God created all that exists, and it was all good, - did He create evil or Satan? If He is perfect, would He allow disease, lack, disaster and hate? Of course not! Evil is the accepted illusions passed on from gener-

ation to generation, and they become more and more powerful as the belief in disease, poverty and hate increases. Your God cannot eliminate disease and lack because it simply does EXIST except in the MINDS of the people! Your God will not interfere in any way with what you choose to believe, and He cannot illuminate something that is NOT! However, He is jealous of the fact that you chose to believe in sickness, poverty and lack instead of believing in Him and allowing Him to give you the Kingdom of Heaven! Such Love aches to be expressed! He wants to give you all that He has, - perfect Love, abundance and health, but He will not force these on you.

Your Bible describes Satan (or illusion) as the Temptor, and tells how even Jesus was tempted by the false appearance when He said, - "Get thee behind Me, Satan!" He was too much a part of the Truth to be fooled by the illusion that appeared to Him.

Did he say to the paralytic, - "Let Me pray to God for you so your sickness will be healed?" No, - He said, "Take up thy bed and walk!" In one of the other Gospels Jesus is quoted as saying to the man, - "Son, thy sins be forgiven thee!" The 'sin' was in believing there was another power. The Master Jesus chose to see only the Truth of perfection, which dissolved the illusion of imperfection.

Your world is already perfect in REALITY! It is YOU that must arise in consciousness and SEE its perfection! When you focus all of your attention on your God and cease to think of illusion, - watch the miracle happen! Your Bible gives you all the necessary steps.

1. "Be ye as little children, or you will in no wise enter the Kingdom of Heaven." (Let go of the illusion which is built up of false ideas, beliefs and opinions, - for then and only then can you be taught by your Father in Heaven. Be humble and listen to your God Who will teach you from within your own being. He is the 'still, small voice within' and the ONLY One who knows all!)

2. Knock and the door will be opened. (You must go to Him through the process you call meditation, or by conscious awareness. This is the knocking on the innermost temple door, - and then the door will be opened and the God Within will answer all your questions.)

3. Ask and it will be given unto you! (You have always been given what you have asked for in your conversations, thinking and believing. Now it is time to ask for Divine Knowledge and Truth.)

4. Seek and you will find! (Have you not found whatever it was you were seeking? If you were looking for the good within others, you found it! If you were looking for evil, - you found it! If you looked for a world of crime and disease, you found that, - and if you looked for Truth, you most assuredly will find that too!)

## JOYOUSNESS OF BEING DISCOURSES

From Aikon of Atlantis

Through Nakita

The JOYOUSNESS Of BEING is delight in Oneness with the Creator and all of His Creation. It is the Ecstasy of Soul to which those on the Path aspire. As you continue in patience to reach out for this blessing it will flow forth and bathe you in its ongoing Stream of Love.

This day is the beginning of a whole new life for you as each day you begin anew. Is it not joyful to live a day at a time and KNOW that the Eternal Now is the ONLY REALITY! As you grow into and develop this new concept of the Joyousness of Being in the Eternal Now, - you will attract many delightful experiences to yourself, as you will have freed the blockade and allowed the stream to flow in and through you.

My Purpose in Being is the same as all Being, - to express that Being as an individualized Soul. That Being is its own excuse for being. Being fulfills itself, - so relax and enjoy the Joy of Being! If that sounds profound, it is so very simple it SEEMS profound! Dear Ones, continue your efforts and do that which presents itself each day to be done, and all shall unfold. You are Lighted from within your own Inner Being and there is NO way you cannot succeed. Have patience and allow it to unfold.

When you are enjoying the fruits of your efforts, - that is the outward manifestation of the Inner Joyousness of Being. Such occasions are to be savored to the fullest as the knowing how this came to be leads to great Joy of Realization. The Joyousness of Being expresses itself in the action of doing what we are doing. The result itself is a reflection of that.

Let the Love and Light that shines brightly within and around you, and illuminates your whole being (as it IS your Being) enfold and unfold all that you desire to express. Your Creativity lies within the fact of your Being, and is not something that has to be created by you. Since it already IS, - it flows in you, around you, through your mind and thoughts and from you. Letting it flow is simply a matter of understanding the nature of Being and allowing it to be of and by itself without interference from theories and beliefs of a limiting nature.

Just by being, - you ARE! Knowing awareness of WHO and WHAT you are, - let your thoughts dwell on this as much as possible until you know the unlimited nature of your own Being, - its wholeness and oneness with all that IS, and it will flow out and fulfill Itself in all that you desire to express.

The spontaneity and joyousness of Spirit is able to open a door

and find a greater way outside of structured and formed patterns. That is how Creativity flows. When you least expect it and are in a moment of quietness and joy, - great inspirations come. Open your heart and mind to receive the influx of impressions at any time of day or night, and you will find greater and greater blessings coming to you. The truth is, - ANY time is the RIGHT time to let our channels be open for a free flow of ideas to come in.

As you continue to progress, it is good to know the Joyousness of Being that you share is going out to all others, as ALL are a part of the WHOLE! What affects one, - affects all! Continue to enjoy the Joyousness of Being as you go about the action of doing all that you do.

The Joyousness of Being is manifesting in all areas of action, as all action is creativity in the process of expression. This is a fact, or Law of Consciousness. A Cosmic Truth that you have heard many times, yet it cannot be stated too frequently, - for it will become part of your conscious knowing and you will see the freedom it brings from such understanding. Let it flow out from you in all that you say and do. You will come to the point where the spontaneous Joy of Being will permeate all that you are. The very thought of yourself and your relationship with the whole will be an experience of utter Joy! Let your Light shine and others will see and partake of your joyous Spirit!

Our labors are light and joyful, for what we are doing is expressing the Joyousness of Being in Creativity. I tell you the importance of repeating these words over and over until they are sealed in your consciousness and become a part of yourself, - your mortal self that is in tune with the physical material world. You see, beloved One, - your own joy in the creativity of your being will free you from the bondage of negativity and false beliefs. While it is true that "Love is the Key that unlocks all doors" - loving the wholeness of your Self, both inner and outer, and the expressing of its creativity with joy, is the second part of the great Realization of Self! It is the action of doing that which you know yourself to be, and expressing that Love and Joy of Being to others that they might in turn find such liberation for themselves.

Many joyous experiences await as you uncover your Joyousness of Being, - for you already ARE a Joyous Being, creating in all that you say and do, that joyousness of spontaneity. Let your Joyous Spirit have full reign of freedom to live and BE that Joyous Self, radiantly alive with Love and Light!

The Joyousness of Being is a stream of Creative Energy that is a Divine Flow. Spontaneity in action, bringing all that your heart desires into its manifested form on the physical plane where you are expressing what you call 'Life'. The creativity of which I speak is the simple action of the thoughts and images in the mind being translated into action in the outer physical world where you exist in a physical form. This inner

activity translated into outer activity, goes on for all of what you call 'time', - a never-ending flow, spontaneous and productive on whatever level you care to function. Even when it appears that nothing is happening, - the creative flow of ideas and thoughts in the mind never stops; even in the sleep state, the activity continues.

When you live and move and have your being inside of that creative activity, it is difficult to realize the creativeness of it. Yet, you are a creator, and your creations are the unceasing expression of the joyousness of your being. If one has not been aware of this joyousness of being and the Divine Flow of all things, - then the joyousness of being is not on the surface. But the Inner Being is a never-ending joy that finds expression in the Creative Flow. It is a spontaneous action and reaction that exists within and without, - in time and space as you know it, and OUTSIDE of time and space.

Your world is full of the Creativity that fills all planes of existence. Earthman has separated his level of existence from that of the rest of the Universe. That is, - he tends to think of the Universe as APART from himself, - when in reality he is as much a part of the Universe as any other part and the same universal laws apply to all.

The Joyousness of Being is the KEY that will ease the flow. As I come to you, I Am conscious of Myself as a Creative Being in the act of creating; a Creator. This is the thought or image I wish to convey to you. Let this thought remain with you, and as often as you recall the thought, see that creativity in action and know that you also are a creator in every sense of the word, - creating your own reality in every thought you think. Is it not awesome to realize the power, - the creative power of all that is, manifesting in and through yourself and all beings? Let us face each new beginning (day) with the joyousness of Eternal Being, so that Light and Love shall be expressed in this great joy!

We stand on the threshold of all that is, and yet it must be experienced moment by moment and bit by bit. There is an acceleration of activity and yet no room for haste; a paradox and yet not a paradox. All that you are or ever shall be, - you are at this very moment. It exists simultaneously in an ETERNAL NOW! To understand it, it must be experienced, - yet outside of the experience time stands still, and that which is to be, is already finished in all its perfection and glory. If these thoughts seem deep and unfathomable, know that true Wisdom and understanding come about only through experience. So let your experiences give you these perfect gifts.

That which we set out to do is already finished, - so we are only in a sense going through the motions, observing the fine details for the enlightenment of our own understanding and the enlightenment of others. Yet, what we project and bring into focus is done in total and complete freedom. Let old fixed patterns (belief structures, if you will) be replaced

with the new realizations coming, - the Joyousness of Being and the Creative Flow that moves through that Joy. The process will cleanse and remove from your daily life that debris which clogs the channels and keeps from you that which your heart desires to manifest. Get into the Creative Flow and express your joyousness of being in all of your on-going activity. Let the old habits of thinking and activity be left in the passing on into the dawning of the New Day. Each day we are born again; each tomorrow is a new beginning. There is no room for discouragement. Each day is a golden opportunity to build that Creativity in Joy. Each day will be its own reward in the knowing and doing of Joyous Creativity!

The Joyousness of Being is the goal of all souls on the Planet Earth. As you move into the Creativity of the Divine, flow in all and through all! Share your Joyous Being therefore on all levels and your joys shall find unlimited ways to express its creativity. There are many being drawn to receive, even now, at the fountain of your joy! The Joyousness of Being attracts like to itself, so others in Joyousness of Being Consciousness States respond and grow by such expressions lovingly sent forth.

FROM ILLUSION TO LIGHT, - Continued from page 24.

5. Seek ye first the Kingdom of Heaven and ALL THINGS will be given unto you! (This is the whole secret!) If all your energies are given to seeking the Kingdom and KNOWING your God, - then all that exists will be yours. Then and ONLY then will you go back to reality and be rid of the ILLUSION! Peace, Love, health and abundance will then be realized, for it was always yours for the conscious recognition of it.

Your world will then abide in His Consciousness forever and forever as you rise to GODHOOD, and your God becomes a God of Gods! Teach these simple Truths to all and be ready for this new consciousness. Your own Godhood is waiting for you NOW, for the time is at hand. Love and Light be yours until the Door to Heaven opens and you have your abundance of LIGHT AND LOVE!

UNIVERSAL LAWS  
OF  
INTER-DIMENSIONAL COMMUNICATION  
AND SOUL GROWTH

Reverend Louise Marshall

Not so long ago psychic sensitives, formerly called 'mediums' were branded as witches or the practice of witchcraft. If not that drastic a judgment, - they were considered as possessing a supernormal power conferred upon a chosen few, - either by God or the Devil. Even today there is a much too close ring of familiarity with age-old fears and dependency on something OUTSIDE ourselves. The masses still want an "easy way out" or a quick way in via either the drug route, stimulants or perhaps techniques for altering consciousness to achieve a dream or an "end result". All these are presented and available to those wanting to make changes in their lives. The question is, how much do you want to change and for what purpose? Finally, - will you persevere in this stage of development, from what you were to what you want to BECOME?

Within the Universal Law of cause and effect, the only 'constant' is CONSTANT CHANGE! As long as man has worn the "garment of flesh" and deals with its seven bodies, - there will be constant change. The ultimate goal is a perfect state of love, - and love is the most changeable state of consciousness that has ever existed, or ever will exist.

We must not fear change, - for we are changing even as we sit, read, listen, talk, move, but especially as we THINK! The beauty of change is that life can never be dull or listless if we only pause for just a moment and watch the changes within us. It is easy to see changes outside of ourselves, for it seems the world around us is in constant movement with construction of buildings, cities, groups and even philosophies! Yet, if we look, we realize the changes are all coming from WITNIN US! The prototype that is manifesting in the fourth dimensional realm, is reflecting and responding into our third dimensional world.

Our third and fourth dimensional realms are sometimes confused because we do not understand 'thought forms' or the power of the spoken word, - or even our dreams. From our quiet thoughts comes forth the miracle of healings, meeting of minds and the blending of universes. For those in our third dimensional world who think this is all there is, - IT IS! but only until we improve our thinking, or find a way to better the outer world. Yet, the fourth dimensional realm of consciousness is ALREADY aware of perfection and completeness!

By simply stilling the body, - the mind automatically stills, and as the mind stills there is room for improvement and new thoughts to

enter. As we began eons ago to open ourselves to peacefulness, then things seemed to happen much faster.

In the physical world, we see through history that 'cave-man' needed warmth and began to build fires, cook food and improve their shelter. Today we have stoves heated in various ways, gourmet food and homes of beauty heated even by solar heat. The avenue for finding the greatness of growth is not to be found only in the physical world, but more importantly in another dimension which affects the physical world. Jesus said to His Disciples, "In My Father's House are many mansions" (dimensions.) Those gifted ones in our physical world who have the ability to communicate with beings in this Higher Frequency or dimension are called 'mediums' but now we prefer the term "sensitives".

Before going further into this subject, I would like to point out that 'dimensions' which we are discussing here may be compared to musical octaves. Thus there is a wide range of understanding or spiritual consciousness within any particular dimension, whether it be the third, the fourth or still higher dimension. Like always attracts like, - and to be psychically sensitive does not necessarily connote a high degree of spiritual evolvment or understanding. So the spiritual growth level that a human sensitive has attained largely governs the type or level of spiritual conscious awareness that one may contact in the fourth dimension.

It is to be hoped that the level of understanding we are seeking thru psychic sensitivity is the kingdom of the soul, or the Kingdom of Heaven to use a Biblical term. Just praying, - even all day or all night will not take you there UNLESS you are praying in the spirit of the world of the Higher or more perfect conscious awareness, such as our great Master Jesus taught and demonstrated while on Earth.

Psychic sensitivity is not limited to being 'controlled' or to be in a deep state of trance. Rather, true spiritual sensitivity is the unfoldment of the Divine Light that ever burns within your being. The sensitive or 'channel' should always endeavor to operate in the awareness of Universal Harmony. Then, you will automatically see with a clearer sense of alertness, and hear with a much greater understanding. Then you will always be open to creativity, growth and revelation from the Higher dimensions. It is to be deplored that so many are intent upon using the God-given gift of sensitivity (of themselves or another) to deal with the carnal and mortal aspects of life. It is such a waste of time and of a Divine Gift!

The Magic Key is given to all who will continue to cleanse the mind and body of unneeded clutter such as hate, anger, jealousy, greed and lust, - the weaknesses of the flesh. So-called time is relative only to the physical, three-dimensional world, - the world of 'illusion'. It is unknown in the higher dimensional Realms of God's great Universe, but because the human body and mind operate in the third dimension, we need to become sensitive to all that is going on around us in all aspects of consciousness. The opening up or tuning in to higher Truths seems endless viewed from our limited viewpoint in our world of illusion.

The purpose of Time seems to be only for the physical body, - time to grow, time to adjust, time to harvest, a time and a season for all things under the sun. The emotional and desire bodies are next in the degree of difficulty to adjust and accept change. These bodies carry the energies that aid and stimulate, - but if not properly directed, can cause confusion and great disturbances to the point of physical or psychosomatic body reactions.

The mental body accepts change with a realization of the Truth. Sometimes a lifetime can be understood in a moment, - but usually the mental body takes an "inventory and stock check" periodically and then draws a conclusion from the facts presented.

The etheric and astral bodies are more elusive, - being harder to define, and yet, their purpose is important in order to allow and encourage the invisible to explore and investigate other areas in time, space and purpose.

The Spiritual body is the God-head, - the union of and with Light, Love and Life! The Truth of all things, - that which was, that which is, and that which always shall be! The God-head, - SOURCE of all things; BEING all things, - is what we are striving to recall and then RETURN UNTO!!

God promises that all things are possible; abundance, health, friendship, love and above all, - Spiritual Awareness! The Universal Law is inviting us as well as leading us into completeness and a state of perfection. On this path we must remember things like honor, respect, love, dignity, service and faith! The rewards are many, and the Law of Compensation returns unto to us in like manner that which we send out into our world. The result is love and peace, - a Peace that surpasses all understanding!

Our individual sensitivity is our personal blessings along the part of the path where guidance is needed and used. As we progress, we find there is not the need for the 'outer' smiles, because you ARE a Smile of Joy! There is not the need for a teacher or priest, - because you ARE the teacher, student, priest and worshipper! The God-part of you is shining forth with a Radiance that will Light the World, - YOURS and your fellowman's! If God believes in US, as a part of HIMSELF, - can we possibly afford to believe any less?

We might remember the Prayer of Protection, and now use it as a Prayer of Fulfillment: "The Light of God surrounds me;  
The Love of God enfolds me; The Power of God protects me;  
The Presence of God watches over me. Wherever I Am, GOD IS!

# INTIMATE GLIMPSES INTO THE EARTHLY LIFE OF JESUS, THE CHRIST

By An Eye-Witness

## A BOOK REVIEW:

The author, Reverend Marjorie B. Patrick, says that all her life she has seen visions, and that stories of the life of Jesus seemed to be "real and thrilling!" Later, a number of Spiritual Guides made themselves known to her. Among these is the Persian Mystic Kaspar, now known as Alsirian, and also the well known Master Kuthumi. A little later on, Reverend Marjorie reports that "Jesus, Himself, appeared to me several times in my own home, asking me to write from 'Recall', concerning His life on Earth as she had seen and known Him.

Finally in September 1970, - her husband, J. Winthrop Patrick suggested that he would try to "regress" her to the year of Jesus' birth. This proved remarkably successful, and there followed many of these sessions of regression in which pictures flashed before her in rich, beautiful colors, somewhat similar to our present-day photo slides. In her own words, - "Another feature of these pictures was that they gave me the feeling of looking once more at some event, well known to me, but which I had temporarily forgotten." I was told that in Recall, I am re-reading a part of my own 'Akashic Record'!

The first two chapters of this book are the result of a series of these regressions with the aid of her husband. However Bishop Patrick made his transition from earth life through a sudden heart attack on February 3, 1973, and there was a lapse in the writing of the story, - but not for very long. She reports that both Jesus and Mary wished me to continue writing the true story of His Life on Earth, - making it into a book of ten or twelve chapters, relating little intimate details not recorded elsewhere. So, from this point on she was able to write from recall alone, and it was no longer necessary for her to be 'regressed'.

At this point it will be helpful to include a few excerpts from the book. The first one is from the book's preface, re the Birth Scene:

"The picture built up slowly; first, I saw the outside of the cave, with an impression of it being filled with light. Then, after the Master Essene spoke and invited us to enter, - the inside of the cave appeared and my attention was especially drawn to the left side where I saw the animals, the shepherds and the peasants. Finally came the impressive tableau of the Holy Family, the Angels, the Essenes and the Wise Men. By that time we could see the Angels in many different places in the cave. Even the animals seemed affected by the whole scene, - I almost believe they understood the majesty and importance of that moment!

Chapter 7 covers that part of Jesus' life, when at 13 years of age a Prince from India, Ravanna by name, came in search of the young Prophet Jesus and asked permission of Mary and Joseph to take Him back to India for a few years to talk and teach in their many temples and centers of learning and carry His message from His Father God to every land. In addressing the Prince, Jesus said, - "It is true God sent me forth to carry to His children everywhere, His Love that they may learn His Wisdom and His Laws, that they may henceforth live lives of Peace, Joy and loving service to their fellowmen. With the permission of my earthly parents here, I will delight to go with you to India, - and thus to start my journey into every nation on this Earth. "

At 22 years of age Jesus returns home by way of Assyria and Persia and before long was visited by the Sage Apollo from Greece requesting that He also visit Athens. This time though, Mary and many other close friends were invited to go along including Lazarus. While there Jesus was invited to speak to the Athenians in the huge Amphitheatre filled to capacity. From there Jesus went alone to Egypt, while Mary and the other friends went back home. The story of His experiences and Initiation in the Temple at Heliopolis in Egypt are not covered in this book, - but rather in the book Aquarian Gospel by Levi.

The three short remaining chapters cover the 'Gathering Storm', the Crucifixion, Resurrection and a lovely account of meeting with a large number of old friends, - fully materialized, talking and eating with them at a banquet at which a number of Sages from foreign lands were also present as guests. Toward the end He told many of those present what they would be doing, and under what names they would be identified in this end-time of the Twentieth Century. Space here does not permit going into detail regarding this part.

However it is appropriate to say that the author, Reverend Marjorie Patrick in those days was Rachel of Tyre, the wife of Kaspar the Persian Sage. Jesus has now indicated to her that this is to be a companion book with The Aquarian Gospel of Jesus the Christ, by Levi and a third book called the "Three Days Scene" by Jacob Lorber, which we have distributed through the Father's House for the past six years. These last mentioned books are again being made available through this publication.

THE THREE DAYS SCENE  
At The Temple In Jerusalem

By Jacob Lorber

REVIEW: A brief resume' of the original review in the May 1970 issue.

Since a great many of our present readers are not familiar with this book now being featured as a companion-book to "INTIMATE GLIMPSES INTO THE EARTHLY LIFE OF JESUS" and "The AQUARIAN GOSPEL" we deem it important to give you this brief resume'.

The author, Jacob Lorber, was born in Austria July 22, 1800. At the age of 40, while packing to move to a distant city to take employment as musician, - suddenly a strong inner voice commanded "Take up thy pen and write!" He obeyed immediately and cancelled the position offered to him. The next 20 years were given over to writing as the Inner Voice dictated, and this book was among the last of his writings, - but also the most significant. In 1932 this and a few other writings was translated into English from the original German and is obtainable only from the publishers in Wurttemberg. Our Grand Director, the A.K.O. has been very positive in urging me to make it available again along with the two books mentioned above as a priceless set of three in which each author was long ago 'predestined' to write of His Life on Earth that portion or portions scarcely covered in our Bible.

Now a few brief excerpts:- (Jesus' words are in the first person, so undoubtedly directly from the Akashic Records.) In chapter 4, Jesus demands that the priests and elders explain the prophecy in Isaiah 9:6,7 "Unto us a child is born". It "blew their mind" that this lad of 12 had such flawless knowledge of the Scriptures to which in those days no layman had access. One of them sarcastically asked "now tell me what I am going to ask you?" To which Jesus replied, "It does no honor to you . . . .if the obvious learning of a boy from Galilee causes you so much astonishment! for thereby you show that your boys stand but little above the animal kingdom in their education." (The Roman Commissioner laughed aloud!) Our space here is so limited that we can only give a portion of the summation by the Roman at the end of the three days.

. . . "He is most certainly a different being from us poor mortal men of this earth. . . I have taken note that the spirit of this boy really is the foundation of ALL LAWS as well as of each state and social and national order. . . .at the same time He is a wise and most just judge. . I therefore place Him above all our laws as well as your insignificant Temple laws, seing He is evidently a Lord over all laws!" "He shall take the salvation from you Jews & give it to us heathen, and you shall be trodden under our heavy heels in this His time. Dust and ashes shall we strew upon this place where you allow yourselves to be praised, yea formerly to be adored as Gods by the infatuated people" . . . "Why waste holy words on completely deaf ears and hearts of stone!" and the session was ended.

BRITISH ISLES REPRESENTATIVE:

Mr. Charles Andrews, - 6 Slade Lane, Homer,  
Much Wenlock, Salop, TF 13 6ND, England.

The FATHER'S HOUSE is an Aquarian Age Spiritual Activity that is operated under the Divine Direction and sponsorship of the Cosmic Beloved Master, Christ Jesus-Sananda, or just 'Sananda'. Those wishing a full explanation of the title Sananda, see the article by Mary Myneta beginning on page 11 of this issue. However, He has made it clear that He answers the earnest, sincere petition or prayer from any child of God regardless of the name or title used.

This Quarterly publication is definitely not the sum-total of the spiritual activity called The Father's House! Other aspects of our activity are expanding and growing at a rapid rate, - especially the program to make this magazine available to inmates of any prison in the U. S. upon their written request, and free of charge of course.

We repeat again and again that we do not expect all our readers to agree with or accept blindly every statement they may read in this publication. Truth is Infinite, - whereas the human mind is finite, limited. We DO request however that anything you cannot understand or accept herein, just lay it aside quietly, and one day later on you will run across something that will make it perfectly clear and understandable.

Special Notice regarding EXPIRED SUBSCRIPTIONS: Reluctantly, - but with the full concurrence of our Divine Director, - a Grace period of only 6 months (2 issues) beyond the First of each calendar year will be allowed for delinquent Renewals (or a letter of explanation in case of financial difficulties) will be quite acceptable in lieu of Renewal Gift. Again we suggest Semi-Annual donations of not less than \$4 or \$5 each for those whose finances make it difficult to make an adequate lump sum annual Gift. The mid-year gift is requested during May or June. One more item: PLEASE do NOT send financial Gifts that you expect to cover more than one calendar year, - unless you make specific arrangements with us to that effect in advance!
