Every issue we have published up to the present has differed from each other. This has been made purposely.

In the beginning, we decided not to give our publication a set form. We experimented from issue to issue, changing the quality of the paper, rearranging the format and trying different sizes. To help us improve our magazine, let us have your comments, suggestions and criticisms.

How about it readers? For the present, until we, have sifted all your replies, we are going to use our original form.

KENTUCKY FAMILY SEES "SPACEMEN"

August 23rd 1955 The J. C. Sutton family of Kelly, Kentucky reported to police Chief Russell Greenwell, that they saw 15 odd shaped men step down the gangplank of a spaceship that had landed on their farm. "It was shaped like a bathtub and glowed like a fire-ball", the family informed the police.

NEW JERSEY MAN REPORTS HIS "SAUCER SIGHTING"

August 24th 1955. From Maplewood, N. J. a plastic factory worker reported that he saw at 8:20 A. M. two very bright spots just beneath the clouds. They sort of jumped like a stone would when thrown onto the waves. They were circular and he felt that he was sure they were "SAUCERS". (Name withheld by request)

PENNSYLVANIA MEN SEE SAUCERS

May 15th 1955 about 10 P. M. George Siscoe 139 Park Road of Fair Haven, New Jersey was visiting with his friend Robert Rhodes R.D. 7 of Ridgewood Rd., York, Penna. While driving near Stairview, Pa. just north east of York, a back country road near W. G. A. L.'s TV tower. "We saw a saucer on the order of Adamski's type saucer ship, the lights seemed to revolve around the ship and one seemed to split up into two", they reported.

BRONX MAN AND WIFE SEE "SAUCER"

July 7, 1954 at 7 P. M. Mr. & Mrs. Clifton Smith 1265 Walton Ave., Bronx, New York while visiting their friend Charlott just outside of Warren, Ohio advise "we were all sitting on the porch when suddenly we heard a very loud report in the sky. We all rushed out to see what all the noise was about but saw nothing, however 6 months later our friend Charlott Fisher...at her home psychically received a report from a materialized being dressed in a close fitting uniform. He identified himself by having us recall to mind the loud report we had heard last summer. This he advised us was their way of bringing themselves to our attention by such loud signals. He said, "had you folks looked up into the sky very high a silver shaped cigar ship would have been seen". The space man advised that he would contact the group again and that the reason his crew didn't land was due to the dangerous reaction of the earth people

SWAN LAKE MAN REPORTS:

7/10/54 John Basso, Swan Lake Park, Swan Lake, New York. John a real flying saucer fan advises that his sister and brother - in - law who now reside in Florida both saw a saucer in Swan Lake about 11:30 P. M. on the above date.

Members and readers are requested to send in any sightings they see. Names withheld by request only.

SPACESHIPS AND ANGELS

by

Sonny Castator

For the last thirty to fifty million years there has been in existence, aggressive acts taken against fellow men, and advancement in general. Man does not want to advance, (at least until the last fifty years). As long as there is food in the back-yard and air to breathe, man is content. Man taken as a whole that is. There have always been those who yearn for the better life, but these were trampled under the feet of hundreds of years of custom and fashioned ways. This can be recalled throughout history-- when the young Columbus had the inward knowledge to "see" that the earth wasn't actually the fantasy of the elders, but in reality, curved into a sphere.

But the men of the fifteenth century had to have proof, lacking the inward knowledge themselves, they sought it out of those who had already acquired it. Even then there were those who scorned and scoffed at the very foundation of his reasoning. Just because Columbus could see ships disappear over the horizon, didn't mean that the earth was round! After all, all their learned scholars and teachers said that the earth is certainly flat. It must be, it looks that way. You will note various other persons, who, throughout our present-day history made discoveries that had baffled generations, and they, in turn, were laughed upon.

The average person after reading the preceding, will say.... "Yes, certainly. There have been men down the passage-way of time who have made important discoveries, and completely upturned previous theology". But at that they will stop, for it is good enough for such startling events to have happened long ago, but in this day and age such a shocking discovery could'nt happen. Do they think that all horizons have been reached? That our store-house of knowledge is so drogged with experience that we know what there is to know? The persons who once prosecuted the true knowledge of Columbus are now prosecuting the Truth Knowledge of people who will in the future days, be looked upon as the founders of a great revolution. To them, the ESP and telepathy worlds of tomorrow are as shocking as the atomic age was to the ancients. Mankind should want to improve and evolve, to get constantly closer to the divine entitys that have been ruling our existence for so many million years.

"Let it be on Earth as it is in Heaven." These are wise words that someday will come true to the letter. Man has recognised these words for quite some time, but knowing mortal bounds, cast the infinite word aside and ruled the world by HIS will. A world or planet without the spiritual aid that is free for the asking is a dead and negative abode, and is quick for total destruction. Those who have strayed from the Path of the Light will

either have to return to it, or continue their short existence by their own inexperienced manner. The words of our Elder Brothers have been given, are we to deny and misrepresent them? Or are we to profit by their experience?

The hand of our Creator is there for the asking, we have but to want, with our hearts, the Light of the Angeles. Those who have been constant and forthright in the study of the saucers, and are doing so for the good of mankind, are easily seen as their true selves... emmassaries of the Light. Man must only enter the Light to find the Truth. Universal Truth is plain to those who use God as a guide and not that of experience ~ limited persons who ultimately place themselves in that position. Orthodoxy has been a steady custom among men of earth. Let us profit by the evolution of those who love and pity us. When the Dawn shines, dogma will die quickly, and the New Earth be born. For centuries, man has heard but heeded not, the words of Christ, the great Avatar. They have made routine out of his preachings and pray to it, and yet the earth does not heed. "Thou shalt not kill," has potentness only in church. Huge wars are waged because it is thought best for those concerned. Experimentation with the best lethal weapons conceivable are effecting not only our planet, but others. If any of you are in lust for a great deal of money, I suggest you produce something even more destructive than the H-bomb.

The thought of "doing unto others as you would have them do unto you," does not fit in modern living at all. Everything is done for the stimulation of personal ego and personal possession. Society is the instrument with which we measure wealth and superiority. If your neighbor is a millionaire, he is to be envied and looked up to.

Those who can really "see", know that personal possession means nothing except to those who benefit in it. God's gifts are free to his children, and there is no price other than your love. If those who would benefit in personal possession were given the gifts of God, they would use it to further their own standing and not that of the human race. NOT SO with that part of the race that Pelly describes as the Goodly Company, Christ People, that Williamson calls Apples, that we have called Etherians or Aquarians, and in past times have been labeled ANGLES! They are constantly working for the good of mankind and future generations. There are, in the physical plane, literally millions of "instruments" of God here on earth, each working and doing his part for the betterment of Mankind. They have come into special effect in the last fifty years, helping even more in progression. Pushing us toward our speedily approaching goal. Within a decade, that goal will take its major step, and our space friends will visit us by the hordes and will "lighten the skys at night by millions of us". So that when this great event comes, the persons on this planet for the express purpose of accelerating its advancement, will come into full reign, and be recognized for what they are.

QUESTIONS WE ALL ASK
----- -- --- ---

QUESTION ----- Assuming that the flying saucers are real from where then do they come?

ANSWER ----- The various planets.

Question ----- How can you prove such a statement?

ANSWER ----- The Bible (King James Version) Chapter 12 Verse 12
Therefore rejoice, ye heavens, and ye that DWELL in them.
See also Chapter 13 Verse 6.

QUESTION ----- By what authority other than the Bible can you prove there is life on the planets other than earth?

ANSWER ----- Sir William Herschel, the astronomer who in 1781 discovered the planet Uranus, was convinced that the Sun was inhabited as well !

QUESTION ----- What is your source for this statement?

ANSWER ----- THE STARGAZER TALKS by RUPERT GOULD, published in England and now available in this country.

QUESTION ----- Can you name other astronomers that believed there is life on other planets than ours?

ANSWER ----- Yes. Schiaparelli, an Italian astronomer in 1877 announced that he'd observed the surface of Mars to be covered by a network of fine, continuous, intersecting streaks which he called cali or canals.

In 1886, Perrotin and Thollon the French astronomers both confirmed his report.

The late Dr. Percival Lowell, who worked at Flagstaff, Ariz. up until 1916 also agreed with the findings of canals on Mars as well.

RADIO STATION W. O. R. August 6th 1955 at 1:30 P.M. on the State Of The Nation program, a debate on the reality of the Flying Saucers was held. Your Editor took the affirmation or positive attitude proving their existence, while Dr. Sigfried Mandel, instructor at Polytechnical Institute tried to debunk them.

A recording had been made of the complete debate. Your Editor has a copy and at a (membership meeting) will play it for instructions.

Unfortunately the two radio programs were too late for the August edition of FLYING SAUCER NEWS---any last minute news we will try our best to insert in future issues.

NEW BOOKS AND REVIEWS

DONALD E. KEYHOE'S ----- New book " FLYING SAUCER CONSPIRACY " -----
has extended release to November 1955.

LEE CRANDALL -----According to our west coast reporter we are
advised a New York publisher is now considering his new manuscript.

GEORGE HUNT WILLIAMSON ----- His new book " OTHER TONGUES OTHER
FLESH " is also in the hands of a New York publisher and should be
ready for publication this winter.

GEORGE W. VAN TASSEL ----- " COUNCIL OF THE SEVEN LIGHTS ". This
book has been promised to the public ever since 1952..... Long time
waiting George..... what's the good word now?

GEORGE ADAMSKI ----- " INSIDE THE SPACE SHIPS " has been
on the market for some months now and is one of the best sellers.

DANA HOWARD ----- Dana is quite a prolific writer. Besides
writing articles on Flying Saucers for the Astrology magazines she
has several books in preparation now. Her last book " MY FLIGHT TO
VENUS " is still one of the best sellers.

EUGENE H. DRAKE ----- " VISITORS FROM SPACE " and " LIFE ON THE
PLANETS " both were written by him. Let me tell you that his two
books sell GOOD and further let me advise the writers that it is NOT
NECESSARY to publish a book with thousands of words and dress it up
with a fancy cloth cover et cetera. A few good distributors is all
you need plus a good story and have a picture or two in the book.
GOOD WORK Mr. Drake.
