

THE GOLDEN DAWN

CITY-OF-THE-SUN FOUNDATION

NUMBER 1.

PLANS FOR THE CITY OF THE SUN REVEALED FROM ON HIGH.

This news letter is the first of a long series of publications that will reveal the story behind the plans for this great City of the Sun, how it was given to us, and the steps that have been taken up to the present time in setting the 'wheels in motion' to lay the foundation for this project.

My wife Grace and I had been active for several years in the development and operation of the Light group in Melbourne, Florida, known as SOLOGA which publishes the SOLOGRAPH. Likewise, I organized and managed the publication of THE MENTOR magazine until I started making plans for leaving Florida for New Mexico to fulfill my present mission. I also published my book, PILLARS OF LIGHT which concerns Light students and the work of the Masters which is probably well known to many who receive this news letter.

My wife, being one of the channels in SOLOGA, had many contacts with the various Masters in the higher realms concerning New Age activities. For several years previous to our Sologra activities, and during them, we had the inner feeling that eventually we would be led out West on a new mission but we knew not to what or where. Finally the Masters began to give us hints of what was ahead for us, but only when they decided the time was right did they reveal the story that we were to go to Southwest New Mexico to establish a New Age community. Through unusual circumstances a 159 acre tract of land came into my possession in that area years before but little did I realize that this was a part of the divine plan.

We were told to make a preliminary trip out there to look things over and get the 'feel' of things and when there and later more information would be revealed. So we made the trip about three years ago, and then the plans began to be unfolded for us.

We were then told to make specific plans for selling our home and other properties in Florida and to proceed with various details of the program. The Masters continued to reveal to us the information they wanted us to have. After several months spent in liquidating our assets and disposing of many cumbersome and unessential personal effects, we loaded our pick-up truck and U-Haul trailer and 'burned our bridges behind us', as the saying goes, as we headed West on our new mission.

We lived temporarily in a rented house until we were able to prepare another (small) tract of land on which to install a newly-purchased mobile home. This land also was to be made into a trailer park as well as to serve as headquarters for our project for some time to come. This is how I am situated at present (my wife having made her transition into the higher realms in the fall of 1970).

During the two years or so since arriving in the Columbus area, much preliminary work has been done, including clearing some of the community land, sending out several bulletins about our plans, and carrying on rather extensive correspondence all over the country. Also, engineers have completed plans for our sewage disposal system also our own water system.

We have had many visitors including some who plan to move here after the land is ready for occupancy, etc. At the time of sending out this news letter, there is one co-worker residing at headquarters, but we anticipate that others will come here in the months ahead to form our headquarters staff, and from then on to proceed with the development of our community land, etc. Our financial situation looks very encouraging.

Rev. WAYNE H. TAYLOR, Director

A NEW PUBLICATION IS BORN.

We are happy to put in the mails this, the first issue of our new publication for New Age students. Previously, over many months we sent out several bulletins, briefly outlining this project. This new publication will be issued every few weeks and it will embrace all important information previously given, but in a more comprehensive manner along with much additional information.

It is our desire to share with you our readers, spiritual knowledge and enlightenment as furnished by the Masters of Wisdom by telepathic communication or E.S.P., also news about outer-space activities and other New Age information in general.

We also wish to keep our readers informed about the plans for the CITY OF THE SUN which is to be established in Southwestern New Mexico. This will truly be a New Age City, the plans for which are being lowered from the heavenly realms by the spiritual Hierarchy of the earth planet. We will give more details about the plans and progress of this spiritually inspired city from time to time in this publication.

In time we trust that this news letter will grow in size and quality to become an outstanding New Age Light magazine which will print many messages of wisdom and enlightenment from the Masters, also relate interesting developments and activities within the CITY OF THE SUN itself.

We welcome your comments, suggestions, encouragement and support, that we may fulfill what we consider a need for this type of magazine. Also, please send to us the names and addresses of your friends on the path who are seeking New Age teachings and information such as we present in these pages, for only in this way can our work expand and develop as we progress.

HOW CAN THE MASTERS SPEAK TO US THROUGH E.S.P.?

Many people who will be receiving this publication are already familiar with the wisdom and enlightenment that is given by the Masters to the 'Light Students' as they are usually called. However, many others who consider themselves New Age students may not be familiar with this type of communication. Such people may be or have been students of astrology, mysticism, Rosecrucianism, metaphysics, occultism and various other branches of spiritual development. Some such people may question if we can really communicate with the Masters or Higher Beings.

To such people we say that there are many precedents, plenty of books, etc. with which they are probably familiar, the material for which has come through this means. What about the early prophets such as Isaiah, Jeremiah and others whose teachings are so profound and were so highly respected in ages past that they were incorporated into the books of the Bible? They acknowledge that they received their wisdom from on High, likewise their prophecies of the future which we feel are now coming to pass. Students of the books published by the Theosophical Society know that Madame Blavatsky and others were sensitives or instruments through which Masters such as Kuthumi and Dwal Kuhl spoke. And more recently, the profound Alice Bailey books by The Tibetan, were written in this manner.

Today there are hundreds of such modern prophets or 'channels' as we speak of them now who maintain communication with the Masters, angelic Beings and Cosmic Beings from the higher realms. Such activities are part of the phenomena of these 'latter days' by which the Masters are able to give important information to man of earth on spiritual laws, on the activities of the Hierarchy in the unseen realms, and to give the New Age students instructions in helping to prepare the world for the new spiritual dispensation spoken of in the Bible as the millenium, or the Aquarian Age as many of us think of it today.

So, when we come to realize that there are many 'telephone lines' of communication constantly open between the heavenly realm and the people of earth, and that the Masters and other Beings are anxious to teach us, to enlighten us, to guide us and to prepare us to meet the days of catastrophe and of travail that are ahead, we should realize how fortunate we are indeed to be so privileged.

THE TIME IS SHORT.

This news letter and later ones are being written and distributed especially for the ever-growing number of students on the 'path' who realize that there are difficult times ahead for this country and for the entire world as we approach the end of the Piscean age. Many are the Bible prophecies concerning these last days, such as wars and

rumors of wars....nation shall rise against nation, and kingdom against kingdom.... there shall be famine, pestilences, and earthquakes....ye therefore shall see the abomination of desolation, spoken by Daniel the prophet....let them which be in Judea flee into the mountains....let him which is on the housetop not come down to take anything out of the house....neither let him which is in the field return back to take his clothes....then there shall be great tribulation such as was not since the beginning of the world to this time, nor ever shall be....two shall be in the field; the one shall be taken and the other one left.... Most of us feel that these prophecies are now being fulfilled and that the world has reached the point of no return in lust, social degeneration and the break-down of our economic processes and spiritual values.

In a message received from Archangel Michael on October 30, 1970 He said, in connection with warnings that are known by most of the Light students: "The call has gone out and those who heed shall be blest, but those who heed not, there remains all those disturbances of the physical world that lie ahead. Even so, in the days of Noah, under the arc of destruction, this call went out, and many times before the destruction of the great lands that lie beneath the sea on either side of this fair land, this call went out and those who were spiritually attuned heard and knew its truth and accepted it. So all we can do now is to say that those who are chosen have ears to hear."

Numerous retreats and communities will be established in different parts of the United States by New Age workers, and possibly small groups of families and associates will be establishing their own havens of security and peace in secluded areas. Those who have the foresight and are under divine guidance to make the move will go to the places they feel best for them. Our particular project is for the students who seek the highest teachings in spiritual wisdom and enlightenment and who wish to join with others of like mind in fellowship, in brotherly love, in co-operative living and dedicated effort for the spiritual advancement of themselves and their fellow man, as well as for their own security.

DEVELOPMENT OF THE LAND

The quarter section of land that already belongs to the organization, is located 30 miles south of Deming, New Mexico, close to the small village of Columbus. Columbus, itself is only three miles from the Mexican border. Our land is a little over 4,000 feet above sea level which is the proper altitude to protect a great city from the floods which, we are told by the Masters, will inundate all the lowlands of the earth in years to come.

We have also been told that according to divine plan, this area was protected from developing into a metropolitan area in order to keep our City of the Sun free from the negative vibrations of the world. This area was chosen for this New Age city thousands of years ago, for it was holy ground in ages gone by. Deep in the ground beneath our land can be found remnants of sacred temples, etc., and there will be New Age temples and edifices built here likewise in keeping with the plans of this great spiritual city of the future.

Our property is located in the Mimbres Valley which is flanked by mountain ranges on both sides, and some small ranges are in between which add beauty and grandeur to the entire setting. There are thousands of acres of fertile land in this valley, now under cultivation in the growing of cotton and milo maize mostly. Tomatoes, beans and other garden produce thrive here also. The rainfall does not average over nine inches a year at present. However, there is an underground river flowing beneath our community property, bringing great quantities of water to this area from the mountains far north of here. We are told by our Mentors that the climate is due for a change for the better in the coming years. In any case, we are blest with an abundance of sunshine and pure fresh air, free of pollution.

We are glad to have the small Village of Columbus nearby where there is a post office, bank, grocery store, 2 service stations, hardware store, laundromat, sundry store for our immediate needs. Our major shopping is done in Deming, 30 miles to the north.

THE DIVINE PLAN FOR THE CITY OF THE SUN

The Master Hilarion (Apostle Paul) Chohan of the Fifth Ray, is in direct charge of the development of this community and city-to-be. He, in turn, is responsible to the Father-Mother God and the spiritual Hierarchy of this planet. This information was given in a direct communication with the nameless One 'THE ALPHA AND OMEGA, The Beginning and the End', Who said, in part:

"I COME UNTO THEE THIS DAY TO SPEAK WORDS OF COMFORT AND SAY UNTO THEE THAT WE ARE NOW CLOSING THE ERA OF THIS AGE, AND THAT THE NEW HEAVEN AND THE NEW EARTH WILL SOON BE LOWERED TO ALL MANKIND WHO WILL ACCEPT ME AND MY BELOVED SON, JESUS THE CHRIST. WE ARE ASKING EACH AND EVERY SOUL THAT IS INSPIRED BY THE HOLY SPIRIT TO NOW GO FORTH AND WIELD THE SWORD OF TRUTH

"I PLACE THE MASTER HILARION IN FULL CHARGE OF THIS WORK. HE IS UNDER MY DIRECTION AND WILL BE YOUR DIRECT CONTACT WITH ME THROUGHOUT THE ENTIRE ACTIVITY. I, THE ALPHA AND OMEGA, PLACE MY ANNOINTED BLESSINGS UPON THEE THAT HE MIGHT GIVE THEE DIRECTIVES TO ALL PLANS THAT ARE NOW IN EXISTENCE IN HIGHER REALMS AND SPHERES OF LIGHT. I AM THY BELOVED, THE I AM THAT I AM."

Thus the plan for the City of The Sun was not conjured in the minds of mortal man, but conceived in the Divine Mind of our Father-Mother God. In the beginning of creation God said, "Let there be Light, and there was Light". What is decreed by God comes to pass.

There is also a divine plan in the mind of God for the evolution of each planet. There is a time and a season for all things in accordance with which the earth and its inhabitants pass, through various ages. According to this divine plan Earth is now emerging from the Piscean Age and entering the Age of Aquarius which is to be a spiritual age when there is to be 'a new heaven and a new earth'.

By divine will it was ordained ages ago that the City of the Sun be established at this time as one of the foundation stones of the Golden Age of Aquarius. And when God said, "Let there be the New Age City of the Sun", it shall be made manifest.

The fulfillment of this fiat is under the direction of God's emissary, the Master Hilarion and other members of the Hierarchy of the planet Earth.

Honored indeed, and a great privilege it is to be numbered among those who are in the Light and who respond to their inner guidance to be members and co-creators with God in the establishing of the City of the Sun in the days ahead.

ADDITIONAL INFORMATION

Information will be given in the next issue of this magazine regarding the plans for the community, also membership, financial requirements, etc.

Many pages of future issues will be devoted to the messages given us by the Masters of Wisdom. Sometimes we will print outstanding messages borrowed from other Light-group magazines. The following message is by one of the Masters who frequently speaks through Illiana, the channel for 'New Age Teachings', P.O.Box 477, Brookfield, Mass.01506.

TOGETHER THE 'YOUNG' AND THE 'OLD'

The Master BAN-DHU: In these days of changing times on your planet, many are being born to it who are being prepared for future spiritual leadership. As these young beings grow and gather wisdom they will appear to certain ones as being 'strange', differing in their views. They will have far less concern for material accumulation. There will be those who will misinterpret their motives.... but I must tell you this, many who are dwelling in your Western sectors are such young men and women who, in a lifetime past, dwelt in far Eastern areas of India, Japan, Malaysia, Thailand, etc., and who were Holy Men, devoted solely to the practice of spiritual pursuits. They served their brethren then in a spiritual capacity, dropping gems of wisdom here and there. They were content to sit by the side of the road with their beggar's bowls asking only to be of service to the soul-hungry. Now, many of these have incarnated again but in this lifetime they have chosen a Western sector, in many cases, for it is in the West that such quiet spirituality is needed! If you meet one of these -- a devoted self-realized saint -- do not cast your judgment on him but help him to realize the role he has chosen to perform.

My children, many of these young beings have come to foreign territory after many lifetimes in the East and find it most difficult to find their true identity because of the ignorance of many they meet, yearning of the lack of wisdom even those they live with possess! So they flounder for many years, wasting precious time while they experiment with many methods to bring forward their true identity. Do you understand Me, My children? Be patient with these ones, aid them, you who have received enlightenment, and see through all the rags and riches into the holy souls beneath, that are trying to burst out of their shells! Encourage their valiant efforts toward Self-Realization. Do not cast boulders in their way, making their journey more difficult. Understand their need for simple clothes, for hair and face styles typical of the ancient East, for remember, they are reincarnated Eastern souls, who, in time, will bring wisdom of the Masters to you.

But some of you wonder if all these unusual beings are such dedicated souls. No, we cannot say so....but you must not be the judge; you are not qualified. Know this, that the Hierarchy will sift carefully the chaff from the wheat and the chaff will be put to one side and not permitted to hamper the work of the Beloved.

There is a desperate need for spiritual change on Earth, especially in Western sectors if balance is to be restored. Many of you who are in these areas who once were members of Eastern cultures ages ago, are being prepared for the larger work to come. You are workers coming from all age groups and must be willing and prepared to assist the younger ones who are preparing themselves to join the corps of workers for the Hierarchy.

We bless you, My beloved children of mature years, and We bless you our beloved young non-conformed individualists who refuse to be swallowed up by the crass materialism of your society. All of you, so dedicated to Truth, are rich beyond compare. We cherish each of you. THE TEACHER.

EDITOR'S REMARKS: You, our readers, will know of course that the 'non-conformed individualists' referred to above are our so-called 'hippies'. Their ways of life, their long hair, their clanish nature, their seeming lack of order in their personal ways, the desire of many of them to go barefoot, and oftentimes their aversion to participate in our industrial, social and political ways of life, have indeed created a wall around themselves. They can't seem to help it for they were born that way.

They were born of average, normal parents in our Western nations, but they were 'rebellious' even as small children, and they usually gave their parents a 'hard time' for neither they nor their parents understood each other.

The Master Ban-Dhu explained above that they spent their last several lifetimes in India or other far-Eastern countries. In that part of the world, long hair, bare feet, poverty, lack of many of the material things of life, or even worldly ambitions, was the normal way of life for them. But they did have an awareness of their oneness with God, and they had love and peace in their hearts. They were men of wisdom, holy men who gave counsel to their fellow men as they gathered together under a banyan tree or met one another along the dusty roads.

Many years ago, Paramhansa Yogananda came to the United States to bring the Wisdom of the East to this country. In his widely-read book, the Autobiography of a Yogi, he made a comparison of the spiritual teachings of the East with those of the West. He said the people of the Eastern cultures have much to learn from the West, and the people of the Western countries have much to learn about the laws of God, disciplines in the mind and body -- meditation, inner awakening, etc., as taught and practiced in the East. We in the West have learned to harness the forces in the electron and the atom to generate power and to create many things for the benefit of mankind. We call this science and industry. We have learned to work with nature to grow our food in better quality, variety and abundance with a minimum of daily toil.

Unfortunately, in the West, man's scientific and material advancements have far outpaced his spiritual development. We have become entirely too materialistic. This has led to sensuality, greed and degeneration. Similar conditions always preceded the fall and destruction of every advanced civilization in the past, and we have already reached the 'point of no return' in this present age as well. The old order will soon be no more.

In accordance with the divine scheme of things, a great migration of the holy people from the East to the Western sectors of the world is gradually taking place, not through the transporting of their physical bodies but through re-birth. These holy people are re-incarnating in the West for two reasons. One is to bring the wisdom of the East to

the West, and the other is to bring balance into their own understanding by learning from the West how to be creative in a material way and to become orderly and industrious at the same time.

So, now we find them in America, in Europe and other parts of the Western world, not understanding, as yet, where they came from and why they are here. As the Master Ben-Dhu said, "Many of these young beings have come to foreign territory after many lifetimes in the East and find it most difficult to find their true identity..... So they flounder for many years, wasting precious time, while they experiment with many methods to bring forward their true identity. Be patient with these ones, aid them, you who have received enlightenment, and see through all the rags and riches into the holy souls beneath, that are trying to burst out of their shells".

I am privileged to know some of these young people who have learned their true identity and whose hearts are full of divine love for others, and whose spiritual understanding and wisdom would be a credit to people of our generation several times their own age. Some are publishing New Age magazines that are distributed by the thousands to their long-haired friends, in the language and style that they can readily understand. These 'new people' are hungry for the truth and are fast reclaiming the heritage of great spiritual knowledge and wisdom that lies dormant within their sub-conscious minds. In the years ahead, many of them will make important contributions to the spiritual awakening of people in the Western world.

JESUS PROPHECIES THREE DAYS OF DARKNESS AND BREAKDOWN OF
OUR ECONOMY IN 1972

Excerpts from Message by Jesus-Sananda at Headquarters of
the City of the Sun in Columbus, New Mexico

I, Jesus-Sananda, come to you tonight, My beloved children. I know that there are many problems that confront you concerning the prophecies that have been given. Know that words of truth are coming through.

During those three days of darkness, there will be weeping, wailing and gnashing of teeth, but they are a forewarning to man. God loves His children, each one, those who are going on the right way, those who are going on the wrong way, the narrow path, the broad path. This is, as it were, a warning. When this happens, those who are 'righteous', those who will do the right. In other words, My children, those who have their foot on the path but are still undecided which way to trod, they too, will be given the same information, the same dissertations that the righteous and the un-righteous will receive, there will be warnings, and when ready, you must do as told. Do not go out of your home, do not look out of your windows, stay in prayer, meditation and fast as much as possible because they are very, very dire conditions on the outside.

The heavens and the lower heavens will be in warfare. But Michael who is great beyond man's comprehension, will have his army of angels, and this is the only way that a great cleansing can begin. After three days of continued and solid darkness, the light will appear, and a trumpet will sound throughout the land to tell man that he may come out of his house.

There will be desolation; there will be many who will be destroyed. Much of that which is of a mechanical means to man's betterment, will be destroyed, and man will have to start in many ways from the beginning. Industry will receive a great blow. The money system will be 'out'. Man needs not think about money now.

You who are in the Light, you will be told to prepare before these great days. You will have the food that you need, you will have the clothing, you will have even the transportation, whether it be by horse, or whatnot. There will be some carriages that will not need electricity. But do not rely on the electrical systems any longer. There are many things, new inventions that will come forth that have been stymied because of man's greed for money. As in the time of Atlantis, there were wonderful inventions coming forth, but they put God out of the Picture. They were destroyed.

But this earth is not to be destroyed. God must reign. He must be in the hearts of each child, each grown-up, each man, each woman; each heart and mind will turn towards his creator, towards his God and the Christ within. And I, Jesus, will be there. You will see My star in the heavens as it was in the times of Bethlehem when I came upon the earth as an infant. When you see that star, My hands will be raised in blessing for a new earth will begin. It is time this cleansing comes. And remember, you of the Light will be warned and will be ready and not one place where those who are Light groups will be destroyed or demolished in any way. You will be the nucleus for this new dispensation that is coming.

The City of the Sun will now go forth under full steam, as it were. You will have your apartments, you will begin to have homes ready. There will be food; there will be clothing. If all is not completed when this happens, know that ways and means, new inventions will bring forth many wonders to his land.

There is no more time left. God will not be mocked. His plans will not be thwarted. There are many good people upon this land who are powerless in the hands of the adversary. This will be broken for Satan must be bound..... The demonical forces are so tremendous that this cleansing must take place in this way. But this is not the 'last day'. These are not the last days, My children.

As this time approaches, you will be given instructions what to do. There will be a channel here and all the Light groups, who will guide and direct each step in each way so that there will be no faltering, and there will be no need or lack or want.

Question: Can I ask if these three days of darkness will be in the year of 1972?

Jesus-Sananda: Yes, that is the date set. My mother prophesied that date (The Lady of Fatima, 1913) And when she gives a prophecy, it is only coming forth in truth and wisdom. But do not ask the time; it will be given you. Thank you, my son.

Channel: Electra.
