CITY OF THE SUN FOUNDATION

NUMBER 57  
(Nov-Dec. 1930)

AWAKE YE CHILDREN OF THE MOST HIGH.

I address the people everywhere:

It has come to my attention through a cross-section of the personal readings that we do everyday, plus my own observations, that the people are not listening to that inner voice, nor do they care to recognize that the handwriting is indeed upon the wall for those who have eyes to see.

Children of the Light: Time-and-a-half has now ended and unless you have prepared for the days ahead you will be sorely put upon and hard pressed to make it through these days. We have said to many that the next five years are very crucial, not only for the nation (United States of America\_ as a whole,) but for individuals as well. The two years coming are most crucial. They are the preparation for that which is to eventually come. During the coming two years, each individual will be put to several tests or trials to test the temper of the soul's steel. Just as a sword is placed in a fiery furnace to temper its blades.

We find many lacking in soul purpose. Against the very advice of their innermost Hearts of Light, they do the very opposite of what was given. Why? Because they did not like the advice given. Thusly, they have sealed their own doom.

Children of the One Most High, this is no time to tarry, blinded by the so called "delights" of the outer world. These will shortly fade away and where will you be then? This is the time for deep thought and inner preparation. For the body must be CLEANSED of all outer excesses whether it be mental, emotional or physical. The soul must make itself felt and known to man. Those without a purpose, those without an inner conviction and attachment to the Light will find themselves alone on a storm tossed sea, adrift in uselessness and despair.

AS we have said many times, the energies bombarding the earth at this time are the Shiva energies and that which is false within man must be destroyed or it will destroy man.

Those who work in the fields of mental illness should be alerted that case loads will become greatly increased as those with mental/emotional instabilities begin to feel the full weight of the Shiva energies. Those who are the psychologists of today will no longer be able to fall back upon the well-worn tenets of psychology. For the field of psychology is also to feel the winds of change for the better as more and more people realize that there is more to the healing than simply the "mind" of the physical body.

As we speak with psychologists, we alert them to these facts. For man now must be taken in the full light of his True Being - The Spiritual Child of the Most High and if he is to rise above his earthly encasement and constant rounds of karmic evolution then the whole BEING must be healed. Therefore, there must be a mashing of the theoretical philosophy of psychology with that of the Spiritual Man. No longer will psychologists/psychiatrists be able to deal simply with the "human operations" but must go deeper into the illness of the soul, as it approaches its dark night.

Evolution in the earth plane has caused and created many operations of the soul which have to be dealt with time and time again. For it is now that the mashing of the human and spiritual can finally take place, under these trying conditions, and from the dying embers will arise the Spiritual Man, healed of all his earthly ills.

It will take time. It will take open-mindedness and above all, it will take knowledge of the true spirit of man. This will come from within, from the intuitive center of being. Here the lessons will be taught. For the psychologist of tomorrow will be a healer, intuitionist (we do not like the word "psychic") and above all, true worker of the spirit, knowledgeable in its illnesses, and manifesting creative healing ways. All that dogmatic training will be lost to the old ways, once the new science of soul healing comes forth.

Children of the Light, put away your drugs, your rock 'n' roll music. Put away the insatiable desires of the earthly body. Put on the cloth of your Real Being - become the Child of God.

Thank you for your attention. May the Father's Peace and Comfort enfold you now and forevermore.

Pax vobiscum.

Excerpt from "The Power of Thanksgiving":

You are about to celebrate the day set aside for Thanksgiving where beautiful tables are set and families gather to participate in the activities. There will be too much eating of rich food and not enough deep gratitude for the privilege of having it. There will be too much idle chatter and not enough quiet contemplation of the many blessings enjoyed throughout the past and those yet to come.

Let your Thanksgiving Day be each and every day. Be grateful for all things - great and small, rejoice in life and sing songs of praise and thanksgiving. Let your spirits soar into the heights where there is inspiration and beauty. Let your actions and words proclaim the fact that you are a grateful person, giving constant thanks to God for the good in your life and affairs. Only through gratitude can you enjoy the fruits of the Spirit, for without it the flow of supply is steamed and the ability to see the opportunities for thanksgiving is dimmed and the total experience of Life is starved. For gratitude and thanksgiving are food for the Spirit to use to expand the awareness of God in your life and affairs.

So, My beloved ones, do you not see that EACH day should be set aside for giving thanks and being grateful? Giving thanks and being joyfully grateful is one aspect of love, for love expresses through gratitude and thanksgiving.

I AM LIMITLESS LOVE.

## AN ENCOUNTER WITH THE GUARDIANS.

### Part 3. Capt. Avalon Discusses the Planetary Alignment.

"Capt. Avalon, I wish to convey to you the gratitude of all of us who follow your words and the insight you have shared with us. Naturally, most of us are intensely interested in the phenomenal planetary alignment that is underway. Can you discuss the time schedule and description of what to expect in connection with this historical, astronomical event?"

Answer: "I will be pleased to discuss these things. We of the Galactic Council are quite disturbed at the general indifference of your people to these things. It is not negative thinking to consider the possibility of these occurrences, and take such steps of preparation as are necessary for personal survival toward those days. Neither the Etheric Masters nor the Space Armada will go for you that which you are capable of doing for yourselves. We would advocate that any personal steps of preparation as are planned and desired, would be completed by the spring of next year (1931). Too many events are set in the heavens to risk delay beyond that time. Remember your Scout motto ("Be Prepared"), and do likewise. It is truly said that all events are first written in the heavens. Crucial periods of stress for the coming two years can best be astrologically determined by the wise among you.

As the alignment maneuvers towards its peak in 1932, the planets are pulling magnetically all in one direction from the sun. At certain times great flares from the sun are created and tremendous electrical action surrounds the earth. Expect an abnormal abundance of electrical storms, thunder, tornados and lightning. Because of the electricity bouncing off the planet, there will be more lightning than the world has ever seen. There will be electricity in the air. There will be great flashes in the sky. You must avoid looking at the sky. You must not go outside of your house, but remain inside with the curtains drawn. Your eyes must not be exposed to these powerful flashes during these 3 dark days - really 3 days of flashing lights. The heavy, impenetrable room-darkening type of shades at each window would be wise for this purpose, for the sky will be like unto your coming July 4th celebrations, but on a cosmic scale. Calls to God, and the Elementals, and the Space Brothers can keep these sparks away from your homes and your area. When these things begin to manifest, your televisions and electrical appliances must be unplugged from your current. This particular phenomena will last about three days. Gradually the skies will darken, but there will be such a quantity of electricity in the atmosphere that it will not seem dark. As you already know, there will be scattered through the alignment period adverse disturbances in weather situations and of a geological nature. You are already seeing these beginnings in the abundance of earthquakes this current year, volcanic activity, prolonged drought and record breaking heat waves. Your winters and summers will not fit into preconceived patterns. Be prepared for extremes of heat and cold and loss of crops resulting from this.

These alignment situations will occur against the backdrop of continuing inflation and economic pressures, as well as internationally threatening events. No positive result can come from the murderous slaughter of war. In war, everyone loses and no one wins. Guardian rescue and Divine intervention is hopefully taking the form of total prevention of such an eventuality. Let those who plan for war in their secret chambers take heed. The Higher Ones who make these decisions are working toward total prevention, while as well taking into account all of the balancing actions involved. We of the Space Federation do not consider war as a positive thing that will be permitted. Such an eventuality is closely related to the change within the hearts of mankind in the incoming changes. Problems associated with the planetary alignment are those with which we are primarily concerned at present. There will be much loss of life

in these, but those who are destined by personal choice to survive, whose Light will be needed immediately afterwards, will be lifted out by us if situations warrant this action. They will be cared for by us until the distress is passed. If the homes remain, they will be returned to their homes to carry on, but if not, homes will be provided elsewhere.

There is information that should be made known to you in the event that our rescue action should become necessary either from nuclear actions or for whatever cause. Pleased be warned, that whenever you approach one of our ships YOU MUST WAIT TO BE CALLED FORWARD, AND WAIT TO BE INVITED IN. DO NOT ALLOW THE PEOPLE TO RUSH FORWARD TOWARD THE SHIP IN ANY KIND OF PANIC. After a ship has landed the rays that oscillate around its structure need to cool down and shut off. Warn the people to WAIT UNTIL THEY ARE INVITED IN, and the DOORS ARE OPENED. Never approach a ship until the doors are open."

Question: "Avalon, are you acquainted with J.W. Lord of Jupiter? In a book he has left us, he recommends having a small suitcase prepared with very basic personal items, ready for the events you describe. Would you advocate this kind of preparation?"

Answer: "Yes. I have had the pleasure of hearing this great Being speak many times at our Councils, and I know of his book. I certainly concur in this suggestion. There are many personal items you would desire, which we could not provide here, and if these few small things will make you more contented and happy while you wait, then they should be included. Your own ingenuity will exercise here, keeping the contents few but vital."

"It is important to remember that not all of the manifestations of the alignment will be exterior - not the most important ones. Tremendous changes will take place within the inner levels of the consciousness of mankind upon the planet. Enlightened Ones will make tremendous strides toward advancement while materialism will fall in the fray. The magnetic pull of these new incoming energies will work miraculous change on inner levels for those who are ready for change. For those who are not, their intensities will be directed in opposite patterns. Much lawlessness and violence will express itself in man, as these same energies would express from within a volcano."

Question: "Captain Avalon, we have received interesting comments from Joshua (through Lucy Colson) concerning the seventh ray energies to be released through the eclipses of 1932. Would you care to add to these comments?"

Answer: "The seventh ray energies as they are progressively released over the next two years, building up in intensity, will be used as a forcefield around the earth to disintegrate the layers of effluvia and misapplied energies that cling to the earth like a crust or veil in particular places. As explained, this clash of vibrations as they occur, will bring explosions in the etheric and upper levels of the astral that will penetrate downward as weather disturbances. The Children of Light would do well to keep themselves in the vibrations of the Violet Flame during those days and during approaching storms, doing this as a method of transmuting the negative vibrations present that would ATTRACT disturbances. Clear and cleanse your atmosphere by using the Violet Flame upon your environment.

"In these crucial times it is of utmost importance that enlightened souls do not yield up their instruments to the inroads of negative emotions. The destructive forces that can linger in your atmosphere when you indulge self in anger, or harbor jealousies, or hatred of neighbor, will attract to your atmosphere, your homes, your areas further clinging clouds of destructive forces. For when lovelessness, in the

form of negative emotions are projected, especially when fortified by spoken words, they become magnetic in the atmosphere, attracting more and more negativity to become a great black cloud that grows and grows. Those with eyes to see can discern these great clouds of darkness hovering over the homes of enlightened ones who indulge self in wrong and destructive thoughts. These are the clouds that will attract to you the explosions of weather disturbances as well.

"We of the Guardian Action pledge ourselves to assist in dispersing all such as possible, so that the Light may shine clean, up from your homes, and down upon your homes. We ask you to walk in Love, and live in Love, and experience Love toward one another, regardless of human faults and even human failures. Realize that all are the children of God, created in the image of God, and that all is Perfection within. Realize only this Perfection and shed forth your Love upon each one and help to dispel the clouds of negativity around your homes, and We will work with you to help you.

"As for the changes that must come, make all of your preparations as desired, then FORGET THEM, and go about your daily lives in blessing one to the other, in faith knowing that your Heavenly Father careth for you. This is Avalon of the Space Action in New Mexico sending blessings to all.:

"Thank you Avalon. We are grateful for your words."

We share the First Part of an unpublished "Letter to a Friend" written by ANFALEE SKARIN just previous to her Translation in 1952. "Reason" whom she mentions, was her husband, and he too translated. She mentions her "Work" of bringing forth a book as God directed her.

#### PERSONAL GLIMPSES.

Before I came to Buffalo, oh, a year or so before, I used to look at my books and know that I was going to leave, and that I would not be able to take them with me, and that anything I wanted out of them I would have to get into my mind and being. And now I know that shortly every book and record I have in my possession will be left behind, that whatever I take with me must be carried in the cells of my mind and my body. It sort of gives one that famished feeling which bears get late in the autumn before they hibernate. They are never ravenous when they come out in the spring, but as they seek to store food for the winter ahead. Well, that is me at the present time. I am almost trying to memorize every important passage of scripture we possess - and as one advances along the highway, they each become more and more important. I have to enlarge my capacity to consume and to digest mentally and spiritually every needed morsel for the future - and then I know that the Holy Spirit will bring it forth when I need it.

It is all so wonderful. I am so filled with joy and gladness and rejoicing that it seems that the whole universe is becoming a melody of light and glory, and as though my own love was lifting me out into it. How great God has been to us to give us blessings so great.

Thanksgiving (1951) Reason and I sat down as soon as we got out of bed and each began writing down the list of our deepest gratitudes. After we had each finished two full pages we compared them and they were almost identical, just worded differently.

And now before I go running away with all this singing joy in my soul I want to

tell you something that you might be interested in. Remember our first attempted Christmas gift, and how far we fell short? Then last year I offered as my gift this singing song of ecstasy, promising to never lose it for a minute if possible. It has been such a source of strength to me, and has seemed to open the very windows of heaven during this last year. There were moments when I did not live up to it - but never more than an hour at a time did there come even a shadow of a vibration over me that was not pure glory - and then it was a wan little flickering fear as to what the authorities would do when this new book is released, for it is tremendous, and the impact of it will truly be like an arrow, violently shot from a bow, as the writer of the Odes of Solomon described it. But even the great responsibility of going beyond the orthodox teachings can no longer send the tiniest breath of a shadow across my mind now - and it seems that life has become glorified in pure light.

I used to grieve over the responsibility of this work for I felt so sure that if the authorities could not see or accept it then it was I who had been led astray. And I felt that if I had failed, or been deceived I would be willing to crawl across this entire continent on my hands and knees to seek forgiveness and to try and undo what I had sent forth in that first small work. I would kneel for hours pleading with the Lord to let me know wherein I had erred, or failed. Then came the answer and I could never again doubt, nor be dismayed or concerned, for if I had it would have been the unpardonable sin.

I was asked, "Annalee, is it wickedness to believe in the words that Christ taught, The Sermon on the Mount, the mercy and power of being able to forgive evil, the great two Commandments, the perfecting of love, the vision of perfection? Are these things truth or error? And what is the price you are willing to pay for TRUTH? Can you give up conformity for it? Can you stand alone against the world for it?" And it no longer mattered who believed and who didn't.

I am standing quite breathless upon the threshold of the New Year - for it is the year of fulfillment (1952). Continually more and more marvelous things are happening. And more and more people are coming to us, asking what it is we have, most of them perfect strangers. A woman came Friday to the house saying she felt that she just had to talk to me for when I passed her it was like being surrounded with music and light. Imagine!

If only I could just send you my letter files and let you read the miraculous things which are recorded in them - letters from people on the verge of suicide, those given up by doctors, those so hopeless and in such despair they desire only to die, and then these books come into their hands, and as they begin to apply these higher teachings and darkness lifts, and their letters become a melody of living light and glory. It is a miracle and a wonder continually, the power of this Light as it begins to grow in the hearts and souls of men.

Remember, the time my hand was burned so terribly on the electric iron, and how it was healed in one night - and the time I told you about when I had made up my mind to enjoy my sinus - and the results? Well, all it was was just contacting this super-consciousness, or this great Spiritual force of Light and power. Now I know just how to do it, and just what it is. And when one learns to abide in that light, they are truly abiding in God and He is abiding in them, and there is nothing that can hurt them. Pain becomes a thing that can no longer exist for that person. Can you understand? Please try hard. Not with a great tenseness, but with a relaxed stillness of Inner Joy. This great power has always been with us. It is ours. It always has been.

You mentioned that sacred symbol of seven. Seven has always had a special place in my life. I was born on the seventh day of the seventh month. I was the seventh child

in my family, and have seven letters in my name. From the time I was a little girl I have always felt that there was a definite meaning behind those sevens. And especially in this seventh year of never ending struggle to fulfill the teachings as they were unfolded.

I went out into the hills and pleaded with God to let me understand His Will and was told that if Reason and I would carry and live the law of chastity for a year we would receive the love that passeth understanding. It was just a year later that this work was placed in our laps - this great work that purifies and perfects love - love so divine, so glorious and so eternal it can heal a world and melt the stones. Yes, we did receive that love, and the law of chastity has become a part of our lives. How good God has been to us. That first year we spent much of our nights on our knees and in tears, so great was our love for each other, but for God, for the world, for all mankind; and the promise has been fulfilled beyond anything I could possibly have dreamed of at the time it was given.

We have traveled such a long ways since that winter of intense training. I don't think either my mind or my soul has ever let go for one instant since this was placed so definitely in our hands. It has been something so real that I have never been able to let go of it. It has been so much bigger than I, so far beyond my feebleness and inability to comprehend and cope with in times past, but a thing that had to be lived and proved and made into tangible reality. It has been there every waking moment - a living, growing challenge. I stand with my head bowed and such a feeling of reverence and awe in my soul that only tears can express.

Reason, bless his dear heart, it wasn't until he came back here the last time and mortgaged his life for several years ahead to have this work published that it became a part of him also. It would come and go in his life, but it was never a steady thing until he gave of himself - and for these last four years he too had held to it without ever wavering for a moment. He has been wonderful! The light-mindedness has been so far left behind that it is almost impossible to recall those moments. His true sense of humor, his joy in existence has increased. His depth of understanding and his love are so much a part of him that never an instant are they lacking. He has learned to stand like a rock, firm and true, and a joy to work with. These great truths bring out the great strength of one's soul, and it is truly as though they were a new creature. Once or twice I tried to tell you that I could look beyond the outside and look into Reason's soul; and it was so wonderful. He has completely fulfilled every expectation and has practically turned himself inside out for now the outside is like I know the inside to be. One has but to look at him to feel that they are viewing the realm beyond the pearly gates. He is peace and quiet and power and goodness and infinite love. We have never taken much time to enjoy each other. We have both been so absorbed in comprehending and fulfilling these laws, in training our minds and soul to glorify God, but I feel that he was called and ordained to help establish this work. It has been such a great joy to travel together. It had to be this way.

In Reason's blessing he was told that he had chosen me to be his mate in the pre-existence - and that during the millennium we would have a family. The time is so close. This little while ahead will soon end. Yes, Reason has been the most wonderful partner in this work. He has sacrificed, and labored and taken odd jobs on the side and drudged to put this work out, and never in these four and one-half years has he ever complained. In the beginning we often went hungry to meet the payment, and he loved it. It seemed like the tougher it got the more he rejoiced in it. Lathered like during the coldest parts of the winter he would walk the two or three miles to work because he didn't have bus fare. He has been like a Superman from the moment he finally got a good hold upon this work. He has been magnificent. When he was a boy, Reason used to study the promises made in Revelations. They opened his heart and

started him searching for truth and light and caused him to walk out of the Presbyterian Church when he was only 16 years old - sent him around the world and brought us together when he was prepared to fulfill those higher laws.

(This Letter of ANNALEE SKARIN will be continued.)

FEAR

FEAR as a frequency, FORMS a suction within mans' ENERGY-FIELD that draws to him as a magnet, the very condition of his fears. Thought having no power of itself becomes CREATIVE when fed with feeling. FLEETING THOUGHT passing through mans' awareness, passes through in PEACE until man FEEDS it by RE-ACTION. The moment man reacts emotionally to a thought, it is fed SUBSTANCE - becoming REALITY. Resistance to THOUGHT - feeds the IMAGE.

ALL THOUGHT PATTERNS created and ACTIVATED since the beginning of Earth time, are contained in the RACE-CONSCIOUS record surrounding your Earth. Like radio WAVES, they can be tuned in upon when proper CONDITIONS are set up.

Those seeking POWER and CONTROL over others, are aware of these processes, using them to gain ADVANTAGE over the masses. This is evidenced by campaigns of any nature-political, commercial, religious. Stimulating Emotional RESPONSES - feeding THOUGHT IMAGES. This is a LAW OF MIND and can be used for CONSTRUCTIVE or DESTRUCTIVE ends.

An ORATOR can sway whole masses by building Emotional RESPONSE in his audience. Mass hatred, mob violence, epidemics, suspicions, fears, are RESULTS of re-action to Emotional STIMULUS. The masses are swayed by these conditioned THOUGHT-ENERGY-POCKETS. Those having risen above the mob, attain to HIGHER WAVES OF THOUGHT ENERGY. Looking back, as upon a sea, they become AWARE of the black cloud that envelopes the lower RACE-CONSCIOUS frequency bands. "PEACE BE STILL"!!!!

In your daily activity, allow a STABILIZING frequency of PEACE and LOVE to FILL your consciousness, and as FALSE thoughts FLOW THROUGH from the RACE-CONSCIOUS LEVEL - do NOT plug up the circuit CAPTURING these thoughts, but allow them to pass THROUGH your LIGHT CIRCUIT un-detained - without RESISTANCE. Each time a RACE-CONSCIOUS thought passes through a LIGHT CIRCUIT it loses some of its POTENCY. To REFUSE to look upon existing conditions, forms a BLOCK that ADDS to its potency. LOOK - BUT CAPTURE ONLY THAT WHICH YOU DESIRE TO EXPERIENCE.

The Master's SCIENTIFIC formulas have been given little cognizance. Statements as: RESIST YE NOT EVIL - AGREE WITH THINE ADVERSARY QUICKLY, hold KEYS for the liberation of man. To agree does not mean to ACCEPT the principle of wrong. It means to ABSOLVE it by NON-RESISTANCE. It takes TWO to fight. TWO RESISTING forces create FRICTION.

Man calling upon COSMIC JUSTICE while remaining calm to attacking falsehood, becomes a MAGNET for the attraction of RIGHT ACTION. This is what takes place when you form VORTECES OF LIGHT for the DESCENT of the HIGHER LEVELS OF ACTION. You do not set up a RESISTANCE AGAINST false action, but you set up an ATTRACTION for RIGHT ACTION. You do not JUDGE - but call FORTH righteous judgment.

WORKERS IN LIGHT do not expect to escape attraction of the false. Moths are attracted to the LIGHT. They are also destroyed by it. Not by aggressive action, but by the mere fact of it BEING what it is.

Christ Action is NOT PASSIVE, as it would appear - but stands FIRM, unmoved, while ten-thousand fall to the left, and ten-thousand fall to the right, and not a hair is disturbed. There is no EMOTIONAL THOUGHT DISTURBANCE.

THE STARSHIP OF BETHLEHEM

Beloved of Earth, hear me from afar. I am the Starship whereupon I have spent much time, and whereupon I am prepared to receive them who are to be brought higher. I am in the same Starship which stood guard over Bethlehem on the night of Sananda's birth. It was I, Gabriel, who came unto Mother Mary.

Soon I shall stand upon the earth. I shall prepare fellow beings for an initiation within the Starship. There shall be prepared, from among thee, some who shall be taken unto the planet Sirius; some shall go to one called Clarion, others to Venus and Mars. For this has the child of earth waited, this New Age, the Age of Light. Every soul shall know the One and Only Father of this Solar system, and they shall know the powers which He has invested in them. They shall no longer use the machinery which they have struggled to perfect; they shall put the Divine Given Power to work; their inner inheritance, which has been dormant within them. When it is come that man has given his all for that which has availed him naught, he shall turn unto that Power which has created him and sustained him. Be ye alert, for coming events cast their shadows before them. Sananda has given of Himself that ye be prepared for this time when the veil of Maya shall be removed and ye shall see beyond thy limited horizon.

Be ye not afraid, for we who have held thee fast, shall be at thy side, and we are ready to rescue thee. Many shall be brought out in the hour of disaster. We come unto thee, that ye shall not know suffering and sorrow. We stand at thy side and admonish thee, "See and hear, and be prepared." We stand upon the threshold of earth ready to release those who are prepared. Fear not, for we shall be thy hands and feet, swift and sure. And when ye are prepared ye shall be prepared that ye might deliver others, and therein is wisdom.

Ye shall awaken upon a morning not far off and find the world has passed out of berth and into another port. There shall be great joy, for it shall shine in all its glory as a Sun made new. It shall fulfill that for which it was created. The earth shall become as a Sun unto another planet, for this has the earth been prepared. And ye have been prepared to assist the planet to be reborn.

Blest shall ye be who give ear unto us who await thy coming. Ye shall receive more from this realm, and ye shall know that which has been kept from thee. I give unto all my blessings and my Light.

BROTHERHOOD

My Children, arouse ye to the great need for world brotherhood, without which life on earth is purposeless; with which life is given true meaning in which all men, without respect to race, color or creed can live together in perfect harmony, each respecting the other's ideas. UNION OF IDEAS is not the one essential, UNION OF IDEALS is. Therefore, let all men be united, incontrovertably united in and by a oneness of IDEALS. There is but one perfection toward which all mankind should endeavor to grow - WORLD BROTHERHOOD.

AT THE CITY OF THE SUN:

September brought Connie Arnot of the San Joaquin Valley, California to our community. She had visited twice before with her mother, and we are glad she has come to permanently be with us. During October as Faun Homman was visiting in the state of Minnesota, Connie took over the good-sized job of caring for Faun's chickens.

Near the end of September Marcus Rogers, and Ruth Rogers, his mother, arrived. They had been in Columbus before and connected with our group. It is a joy to have them in our midst again. Marcus has been doing much needed work for the Foundation. They hope they might be able to work things out to stay here.

The Sarah Leonard mobile home has been set up all ready for her arrival.

Rev. Jeffrey Albert of Los Angeles, California, and three friends visited Wayne Taylor. They are interested in the Movement of Spiritual Inner Awareness. The Gallardos of Deming, New Mexico visited with this group and other members of the community.

It has been two years since Faun Homman took a much needed vacation and a time to visit her sister and close friends in the Minneapolis area.

Dr. and Mrs. George Wolfe of San Jose, California stopped by overnight to visit here. It was most interesting to get to know these Light people, and share mutual interests with them.

Maurice Hastings was gone for almost four months as he visited with his mother, brother and friends in Minnesota, and took care of business in Michigan, Wisconsin and Arizona.

On October 12th we were especially blessed by the presence of Rev. J.R. Spurlin and his family, from Deming, for our Sunday service. His beautiful singing was greatly used by God's Spirit as well as the deep insight of his message. Others from Deming visiting our service that day were Mr. Charles Artz and daughter, Jacqueline, and Mr. and Mrs. Lyle Muir.

A year's Satsang Class in Eckankar is now coming to a close. Several members of our community took part, as well as quite a number of visitors. Area Representatives from Deming faithfully came twice each month to conduct the class.

The Rev. Robert Short of the Blue Rose Ministry, who was scheduled to be with us on the weekend of October 11th, had to postpone the meetings due to the transition of his mother. We extend our condolences to him. A new date has been set up for the meetings - November 8 and 9. The Saturday information as regards time is the same as that set up in Golden Dawn No. 56. For information call (505) 531-2266.

HIS GIFT

As the Lord Jesus proffered a gift  
Of "Peace" he said, "This I give unto you".  
It is not as material presents,  
But it will affect all you say and do.

Complete, absolute cessation of hostilities -  
This is the meaning of "Peace".  
Your sub-conscious stops being a battlefield,  
All uprising, resenting, agitation cease..

"Let God" handle every situation  
And you can have "Peace" forevermore.  
Let no thought of yours rise up;  
Divine feelings into you will pour.

With "Peace" as your heart's tenant,  
You can rise above all petty spats,  
And send love in every involvement;  
No more retributive "tit for tat".

This holy Christ Presence is with you,  
For in accepting the gift you see,  
Not only "Peace" comes to your heart,  
But Christ Himself now dwells with thee.
