A DISSERTATION ON CONTACTING THE GUARDIANS.

By ANDROMEDA REX

Contacting one of us is no different than contact would be with any member of the Spiritual Hierarchy. There are five basic requirements which lead to successful communication between our dimensions, in conscious contact and telepathic thought exchange.

First I would list **QUALIFICATION OF MOTIVE**. What is the motive in the desire? This should be carefully scrutinized and carefully searched by the participating soul. The desire must stand clean and undefiled by any self centered purpose. The motive must be totally free of any desire for self aggrandizement or the flaunting of the self above others. The desire must be without any taint of launching a program that would return gain or fame to the souls so seeking. Wrong motivation will stop any seeker "in their tracks" toward advancement if it is born from an impure desire not in keeping with Light advancement upon the planet. Likewise, intellectual curiosity will bring no results whatever. Seeking in order to remove disbelief is another hindrance to results. One must believe in our presence before one seeks to converse with us. So let the heart be searched for perfect motive.

Then, let **DEDICATION BE THE INSPIRATION WHICH DIRECTS THE HEART IN OUR DIRECTION**. The life and soul purpose of that one who desires our words must be one which has been dedicated to fellow men and the uplifting of the planet earth into its fourth dimensional expression and the fulfillment of the Aquarian Age on earth. For this we ever watch and monitor your world, seeking those hearts that are awakening to the greater picture, and the greater burden for a planet and its people. Those whose hearts bleed for the spiritual needs of humanity, and are dedicated to the coming of the Kingdom of God on earth, register our attention automatically.

I am listing **CONSECRATION** as another basic requirement. This is an act of Love and Surrender of the human spirit to a Divine Purpose. Love is the strongest element in the Universe and the highest possible vibration upon your planet. It shines upon our monitoring board like diamonds across a dark sky. One who has begun to vibrate a life of love to all Men of all worlds, and is expressing that love to us in particular, will in no wise be ignored. That spoken Love will bring a like minded response from our hearts to that one who seeks. For consecration added to dedication, builds a road or a frequency, along which our communications can travel back to the source of thought which has been projected to us. Thus as you lift your loving thoughts higher to us and our octave, you enable us to return our own along that same energy path back unto you.

Further, let me speak of CONCENTRATION. It is the nature of the human mind that it must be thinking of something, for it cannot be blank or motionless nor void. We therefore encourage concentration upon one certain thing, in order that mental activity in other directions can be erased. While one is thus concentrating upon one chosen thing, all else is shut out enabling one to subdue the busy conscious mind into stillness. Thus, if one will concentrate upon our ships in the higher atmospheres, thinking of our Love, our activities, and beaming Love to us in a quiet peaceful way, this action will be monitored and response will finally reach one who practises this discipline faithfully and regularly.

I will close my thoughts on the matter by calling attention to MEDITATION. How comes that moment of still waiting, that quietness within, like unto the quiet waters of a beautiful lake. Into this stillness, rigorously held intact by the mind, while in total physical and mental relaxation, will come the still small voice of heavenly response.

Following these exercises one always gives thanks for that quiet moment spent with inner divinity, whatever its results may or may not have been.

HILARION GIVES US MORE INFORMATION ON THE PROPHECIES THAT HAVE BEEN TOLD.

We have worked consistently over a long period of time to prevent these prophecies from being crystalized. Decrees by the Master Elihu are not merely decrees. They have been the opening of the directing force for the carrying out of the decree of the Goddess of Mercy, Kwan Yin, based upon the dispensation of the Great Central Sun for the saving of this planet, for the civilization and the assistance of the great beings of the planet, of the healing of his/her body, and the stabilization of his/her axis. Therefore, the areas of dissension are being corrected. All of these areas of action by mismatic effluvias of pollution - electronic, chemical and industrial - are being changed. The new aura of the planet built of the energies of the rays of the colors is 3,500 miles deep. By the intervention of great Prince Michael (Archangel Michael) the angels of the higher sources of Light beyond this planet, have continually, daily, sealed the aura of this planet against these outside influences.

As a means of safety, Master Elihu has directed the continual working of billions and billions of angels of the Purification Flame, to bring the great roaring fountain of purple fire, of consuming and transmuting power, up from the core of the earth, and blaze it through all situations containing these qualified energies and mismatic effluvias of negative polarities. The atmosphere is being cleansed. The situations concerning government are being stripped of maya, of mayasmatic effluvia as those who work with them can see them in their true sense, and in their true realities, and make their decisions accordingly. The White House, the Congressional and Senatorial office buildings, the United Nations, parliaments of all nations, the areas of decisions in the Kremlin, in all the satellite nations, and especially the situations in Cuba, Nicaragua, Colombia, San Salvador, Afghanistan, Middle East, and all through the government of China have been, and are being continually filled with the Violet Transmuting and Consuming Flame. (You will notice how the government of China has changed in its actions.) These purification energies are staying in contact with all of these areas. Decrees have been made for the outlawing of war, and the stopping of aggression.

Help has been sent to those in Afghanistan who are holding the line against the

Soviet Aggression. The prayers you sent have been energy which has been used in many of the areas. The continual decrees by the Master Eihu direct the energies of purification of brotherhood and peace, of changing of everything that has not been crystallized in the events coming about to happen. Therefore, we say that all minds must be changed to accept the good and the positive. All of those who are not with us are against us. All negative decrees going forth aid the destruction and negative crystallization of old prophecies. This planet has been saved from destruction many times, and the dispensation from the Great Central Sun says that now is the time to destroy all mismatic effluvias of negative happenings, to establish peace and brotherhood upon this planet, to bring all things into action which are of a positive nature, so that we now build the foundation for the Golden Age in the beginning of the next century. All of this mismatic effluvia must be burned out. All misqualified energies must be gathered. The efforts to empty all of the lower astral areas of those who are lost, and all of the negative energies crystallized in them, is going on full blast at this time. So, therefore, everything that can be done to hold this planet in line, to continue to re-energize its aura - all these are of great assistance in holding this in a good and positive manner. Prince Michael, Himself, directs the Archangels' energy of the Blue Cosmic Fire to stabilize the axis of the planet. Those great lieutenants of His in His fiery army hold this planet in stabilization.

I know not where other efforts can be made, but everything there in good and positive order is being done. The only place where we could be misled, is that human minds will hold onto old negative ideas, and energize them by putting action into them, and decreeing the opposite of that which is constructive. Also, we have the good and positive flowing over this planet now of the great tide of loving kindness, mercy and forgiveness, directed by the decree of the Great Goddess of Mercy, Kwan Yin.

There is today a great assistance from Lord Sanat Kumara, also, and His entire army of Kumaras who have set themselves to send energies to all the lifestreams of evolution evolving upon this planet, as an assistance to those who are helpless, and an assistance to guard those who are strong in all the elemental kingdoms, and all lifestreams of evolution evolving upon this planet today. Now all things are working together, and all energies are working together to hold this planet, to stop the evolution of negative forces, and to clean the mismatic effluvias, to collect all misqualified energies, and to use the rays of Light and their energies constructively.

In the past it was necessary for some great being to intervene. Now, mankind today must help to do it himself. At this time there are enough enlightened beings upon the surface of this planet to understand what has been done, to station themselves on the power-points and re-direct and amplify the energies swirling there, for good and positive advantage. It is true that those who decree the triumph of negative energy upon this planet are against us, for he who is not with us is against us. But we shall accomplish that which has been our dispensation from the Great Central Sun. Assistance has come from the Goddess of Mercy, and all the great arangels of Light. The rays which we hold the images are being used to accomplish this.

OVERCOMING FEAR

(The 2nd part - and conclusion - of a message from  
Lady Wancia speaking from the 6th Ray Consciousness - CP)

As he programs the subconscious computer he calls his soul, to accept the fact that he's a Divine Being, One with all Life, and the sole creator of his own reality - fear will leave him, and with it the physical manifestations of anger, hate, greed, and violence. The Perfect LOVE he IS will have cast out fear once and for all, and his body and whatever he surveys will become the Heaven on Earth, he has projected from his own Divine Kingdom, Within. He'll be the creative Lord and master of his own Reality, and as far as he is concerned, there shall be no gods before Him to control or upset the workings of his world.

I repeat to "know thyself," is to realize the Presence of your Highest Self - that Divine You, your Christian Bible always calls "the Lord" of your Being. This must become the ONLY YOU, and when your self awareness expands to this stage, the daily you (Its image and likeness in the flesh) will mirror your true Perfection so perfectly you'll become an incarnate Christ, as Jesus did. As the New Aquarian Age unfolds more and more souls will reach this level of True Self-Realization. They will find and learn to trust their inner voice of guidance until they eventually become aware of BEING the Gods they have always been, every moment of the day and night. Then, they'll no longer need to look "out there" for their happiness. Their world will be their own mirror and "before they ask" their needs and desires will be provided - reflected from their limitless Source of Power, Wisdom and Love, respectively as health, emotional fulfillment and the abundance, success will bring them on Earth.

Mark my words, when enough of you dear ones achieve this state of Oneness with your own Divine Identity, a lasting state of world peace that includes health, harmony and plenty in every household, as well as in every nation, will come to your planet. It must, for those who rely on their inner Source for Everything - those who in stillness have come to KNOW "I am God," soon grow so aware of their mastery over physical things, so full of confidence and Love, that they know no FEAR. At this point, "10,000 may fall at thy right hand and it shall not come nigh thee."

The man who rules himself, will rule his world as far as his own experience upon it is concerned. Therefore, why should he be afraid? Instead, as he continues to expand his sense of Identity into consciously BEING the Lord of all he surveys, he beholds the Divinity in others, as well as himself. As a God, he cannot "look upon iniquity." Therefore, the camera of his "eye" reflecting his perfect "I amness" outpictures nothing in his body and world but his own Divine Perfection, and this is included in his experiences with others. Those who were his "foes" must either become his friends or be removed from his environment, and that is why "loving your enemies" is so important - it changes them or makes them disappear from your world.

As the Soul realizes his Oneness with his Divine Source of Identity and programs himself thru meditation to become the God he is ALL THE TIME, he begins to FEEL his unity with all Life Everywhere. Soon he realizes that to hurt or harm another, simply brings him pain too. He actually suffers, when others about him suffer, and knows the world will never be complete as long as a single soul has failed to release Its own innate Divinity. The awakening individual sees that "all are one" when the stage of Christhood is reached, and thus he learns to work as much for the advancement and well-being of his fellow man, and the blessed animals and

plants of Earth, as he once did for his own security and happiness. War to him becomes unthinkable, and believe me, the day will soon arrive when all you blessed ones will forsake this. Instead, you will become so aware of your own Divine Light and warmth, you will go about in peace, radiating Love, Joy, Power and Wisdom everywhere on Earth.

Each of you will be able to perform ANY miracle, including all that Jesus did, and you'll reach this state by consciously unfolding your own self awareness toward it, day by day, in Love, Peace will then be the normal condition of your planet. The battles between men for supremacy that "civilized" people like to call "competition" will end. Each sex will contribute what it was designed to contribute in full cooperative contentment and partnership. All the races will mingle and each man will be the Priest within his own body-temple of the Most High. Each of you will consciously become the Lord and ruler of your own Kingdom within, and all that the Father, your Divine Source of Life and Identity hath, will be yours for the choosing. Then you will be quick to understand and bless your so-called enemies, tho you'll find that you have none. You will see the most offensive personality is but a mask that God is wearing. It cannot hurt or destroy you for it hides a potential Christ like yourself, and therefore, you can now offer to stretch forth your hands to help that individual and it will be a joy to give your Love to those who still feel threatened and afraid.

So be it! Amen

THE TRANSFORMATION

The wilderness and the solitary place shall rejoice,  
And many shall return hearing the Voice,  
The desert shall blossom as sweet as a rose,  
And many shall be free, yes, free from all foes.

The waters shall spring freely from the dry ground,  
For the truth of reality many have found.  
The parched ground shall become as a pool  
And many shall return, yea, even the fool.

So it's up to you, and up to me to enter this land of liberty  
Where the called and chosen are all set free.  
There shall be a highway there, and a way,  
And the night shall grow bright as the day.

No lion or ravenous beast shall tread thereon  
For the ransomed and redeemed have found their own.  
Sorrow and grief from them have flown, never more to be known,  
For this is truly Home Sweet Home.

LIGHT.

There can be no darkness where there is light. Where God is there is light. God is Light. Thus, if God is everywhere present then it follows that there is light or God in the darkness. Have you ever considered this fact?

Your scripture says that darkness was upon the face of the deep and God said "let there be light." Thus the darkness was transformed and was light. And so it is with the consciousness of man - he lives in seeming darkness until he says "let there be light." He then is transformed and becomes aware of his own light which was there all the time only he had not as yet called it forth. God indwells all life for HE IS LIFE and as man/woman comes to this realization, God or Spirit is "called forth" and light dawns in the human consciousness. Life for man then takes on a new dimension and all creation is seen from a new level of awareness - all is light! Know that in seeming darkness that light is there to be called forth, to be brought out. It is there awaiting the summons. Only the individual can seek it for himself. Again, it is the individual desire and search which will cause it to manifest in his life. Another may stimulate the desire. Another may encourage the endeavor. Another may partake in exercises etc., but when the light dawns in the consciousness it happens to the individual and is a private experience. You have had lessons on seeking God realization, on being Divine, on seeing God in all creation, etc. These are all saying basically the same thing. They are saying "Bring forth the light," for when you are a consciously lighted being you have God realization in some degree, you begin to see God in action in all life and you realize that you are a Divine Being.

You have also been taught that you are a creator. Thus, you can create or call forth light at any time, in any place, under any circumstance, and it will bring its Divine vibration to do its perfect work. KNOW that you are capable of calling forth light NOW. Know that there is no darkness, only areas where the light lies dormant, where it has not been activated or "called forth."

Begin today to use this powerful, divine energy to bring peace to the world. There is such a dire need for light in all areas. Where it is not called forth to do its work men and women will not survive to see the golden dawn, the culmination of the new age. "Light" is the password for entering the new dispensation. So, my beloveds, seek light, create light, call for it to become manifest for the salvation of mankind and for the earth.

This is an activity you may participate in without going out of your home, office or area. It is of great importance to the future of humanity. Your responsibility is great for you KNOW that this is your destiny - TO BE LIGHT.

I AM LIGHT, LIMITLESS AND EVERYWHERE PRESENT - CALL ME FORTH

FIRST PART: OVERCOMING SIN AND DEATH.

I am trying to teach mankind that it is possible for every child of God to be so in tune with Him that they can be directed in all that they say and do. "And everyone that harkeneth to the voice of the Spirit cometh unto God, even the Father." D & C 84:47

As we hold to light and cast out the darkness within us we become that light. We ourselves cast out the fears, darkness and confusion. No one can do it for us, not even God. The self must be truly put aside that God can work through us. Trials will be automatically overcome when we overcome our inner blindness. As we get ourselves in tune with the Spirit of the Lord, everything surrounding us falls into a rhythm of utter glory. When we fulfill the higher laws right here on earth, then right here on earth we receive of His fulness and our bodies are lifted to a higher vibration.

As one forgives his enemies HE IS AUTOMATICALLY FORGIVEN. As he loves with all his mind, he overcomes all darkness and thus he is cleansed from all sin. If you can but plant into your subconscious mind your desires and hold them there without wavering THEY WILL BE FULFILLED.

If ever fear enters your mind, or the old vibrations of darkness, then begin to worship God with all your heart, soul, mind and strength, and these higher vibrations of love will completely dissolve every vibration of evil and darkness. KNOW THIS. And use it always. THIS IS THE KEY OF POWER, for these higher vibrations are the Spirit of God as it swings into action right within you. If one lives literally that First Great Commandment HE not only OVERCOMES all sin, BUT THE VERY POWER TO SIN.

This year I am offering for my gift the promise that I shall endeavor to hold myself in the Light of Christ every conscious second. This is how we abide in Him, and the promise is that if we abide in Him, He will abide in us. It is all so glorious and so beautiful - and as we turn consciously to this Light within it will grow within us until we are filled with Light and comprehend all things - and are anointed with Light and Ordained of Him.

I had been preparing this gift, as must needs be - and then quite suddenly a hundred verifications of it unfolded before my eyes. Remember the night we read the 6th chapter of John, and then in the night I was instructed as to its real meaning, and how terribly thrilled we were. Well, again the scripture of that precious chapter seemed to fill my being and it was even more beautiful than it had ever been before. Read it from the 26th verse. Let me quote a few passages: "Verily, verily, Moses gave you not that bread from heaven; but my Father giveth you the true bread from heaven, FOR THE BREAD OF GOD IS HE WHICH COMETH DOWN FROM HEAVEN, AND GIVETH LIFE UNTO THE WORLD. Then said they unto Him, - Lord, evermore give us this bread. And Jesus said unto them, I am the bread of life. He that cometh to me shall never hunger; and he that believeth on Me shall never thirst." He is speaking of this Light of Christ within. It is the hidden manna, hidden deep in our own souls, and if we go to it, or find that divine contact, we will never again hunger or thirst. This is so definitely true, for I have proved it. (The above from verses 32-35.)

Then in verses 43-45: "Jesus therefore answered and said unto them, Murmur not among yourselves. No man can come to me except the Father draw him, and I will raise him up at the last day. It is written in the prophets, and they shall all be taught of God. Every man therefore that hath heard and hath learned of the Father cometh unto me."

Even his closest followers began to murmur at the idea of eating or partaking of His flesh. In this last verse Christ is referring to Isa. 54:13, which makes it an unbreakable promise of God. This is also verified in D. & C. 1:19-23. And this work is to teach men just that - how each may contact God and abide in His light and use His power. For faith must increase on the earth. It is the contact with this divine Light of Christ within that is the way to God, so that He can be the teacher and instructor.

Now, slipping on down to verses 53-58: "Then Jesus said unto them, Verily, verily, I say unto you except ye eat the flesh of the Son of Man, and drink His blood, ye have no life in you. Whoso eateth My flesh and drinketh My blood hath eternal life; and I will raise him up at the last day. For My flesh is meat indeed, and My blood is drink indeed. He that eateth My flesh and drinketh My blood dwelleth in Me, and I in him. As the living Father hath sent me, and I live by the Father; so he that eateth Me, even he shall live by Me. This is the bread which came down from Heaven; not as your fathers did eat manna, and are dead. He that eateth of this bread shall live forever."

And then verse 63: "It is the Spirit that quickeneth; the flesh profiteth nothing. The words that I speak unto you, they are Spirit, and they are Life." This last truly contains the key of the whole thing. His mortal flesh had no meaning and was only an analogy. The whole thing is strictly spiritual - and to partake of the gift of life is to dwell in that Light of Christ within, to abide in it and it will truly abide in us. This is the hidden manna, which if one partakes of he need never die. And the blood is symbolical of the fountains of life which we were promised we should partake of freely. This is most surely true, for as one learns to abide in this Light the very fountains of eternal truth open to him and he grows from grace to grace, or from light to light, until he is filled with light and comprehends all things, or is given even of the fulness of the Father.

Our sacrament symbols are only the outside emblems of this great life eternal which must be contacted through faith, love and seasoning, which opens the heart wide so that His love can be shed forth in the heart. This is indeed the very fruit of the Tree of Life as given in I Nephi 11:23, 23, 25. Thus the meaning of the sacrament and our covenants and the promise given with it becomes a living reality instead of a crumb of bread and a swallow of water. For we covenant that we will always remember Him - and the promise to us is that we will ALWAYS have His Spirit to be with us, or abide in that loving contact. And now comes the most startling part of all. When He commanded us to meet together often that we might partake of the sacrament, or the Hidden Manna, or Life of Christ, He meant something quite different than we have understood. He meant that the conscious mind must meet often with this Light of Christ within - for this is partaking of the true spiritual sacrament, the life and light of Jesus Christ, for He is the vine - and the vine always feeds the branches from within, never from without. As we begin to comprehend the effable glory of such a holy sacrament, or the True Divine COMMUNION, we increase that Light within us into the perfect day, or, as promised in this 6th chapter of John, "He will lift us up at the last day." The last day of our perfecting which may be anytime in which we have truly proved that we are willing to take His name upon us as given in the prayer of the sacrament.

Now let me quote from Christ's words to the Samaritan woman who met Him at the well: "Jesus saith unto her, Woman believe me, the hour cometh when ye shall neither in this mountain, nor yet at Jerusalem, worship the Father. Ye worship ye know not what. We know what we worship, for salvation is of the Jews. But the hour cometh, and now is, when the true worshippers shall worship him in spirit." When one contacts the living fountain of waters they just never run dry - continual light and knowledge is unfolded until one will eventually comprehend all things.

From 2 Nephi 28 note especially the 23rd verse: "Yea, they are grasped (the Saints) with death and hell and the devil, and all that have been siezed therewith must stand before the throne of God and be judged according to their works....." From here on everyone who dies will have to be judged by the Almighty, for death is not necessary. It is the last enemy to be overcome by each man. It is his own personal enemy - and AFTER he has overcome all his other weaknesses, that one will also be conquered, and He will never have to stand before God to be judged. Thus we can walk in heaven right here on earth, and can be caught up by the power and glory of the maker. From the Emphatic Diaglott translation: Matthew 18:8 - "If then thy hand or thy foot ensnare thee, cut it off and throw it away; it is better for thee to enter life crippled or lame than having two hands or two feet to be cast into ... fire." (See also Mark 9:43,45)

Did it ever dawn on you that THIS GREATER LIFE WE ARE TO ENTER INTO IS RIGHT HERE ON EARTH? It certainly does not mean an infant entering life, because surely the eyes of a baby could not offend, nor could its hands or feet. This is talking of a higher way of life that can only be reached when we have learned to control our minds, which in turn control the members of our bodies.

#### AT THE CITY OF THE SUN:

This issue of The Golden Dawn is being put out earlier than usual. We are trying to have it safely in the post office before the postal rates increase Nov. 1st. "At the City of the Sun" will be abbreviated this time because several personal items will not be able to be in.

Sarah Leonard and Rev. Nancy Wickingstad enjoyed an interesting and exciting trip through Arizona, visiting New Age Light Centers and on to the Grand Canyon. We will miss Nancy's dropping in as she is moving to Tucson, Arizona.

Jim Emerson from Florida had a brief overnight trip into our midst. It was nice to see him again, however.

Maurice Hastings had a short visit with his brother, mother and friends in Minnesota. He enjoyed the beautiful autumn colors, particularly in approaching the Denver Airport when the Golden Aspen could be seen from great heights above the city.

We were privileged to have Rev. Isabel Pearson of Vancouver, British Columbia, Canada spend several days with us. Instead of having scheduled services for her, we chose to visit and counsel her on a one to one basis. We enjoyed her visit and look forward to her return.

It has been a beautiful fall so far. Most of our gardens are in the last stages of producing. Somehow most of us have not gotten into winter greenhouse planting.

I have an International Bulletin for you.

The slaying of our Brother Sadat who was an Emissary of the Light is going to result in international repercussions. This will be an opportunity, a wedge, for those who oppose the Peace to gain a stranglehold in the affairs of the Middle East. Tension will increase there far more than has been recently.

This will require much handling on Our part, but we are hopeful a successful delay of overt actions can be maintained. We request the Calls and the Light of those who serve with us to give Us that full authority to enter into the situation. There will be a great deal of danger in the area with the removal of our devoted Brother Sadat. But he will return to his place with Us and continue to serve all of International Peace on Earth from this higher octave.
