SELF CONCEPTS MIRRORED IN TIME.

Lady Vancia Speaks - CP

Jesus said in effect, "When someone insults you, turn the other cheek". This has eventually led aspiring Christians to think they must accept their hurt feelings, bless their attacker and let him (or her) misuse them again. Yet NOTHING COULD BE FURTHER FROM THE TRUTH! In fact, the Nazarene was simply teaching the Wisdom of non-resistance. He knew it was never wise to "fight back" with violence, thus adding to the vibratory discord, when love's radiations could cancel it out. He also knew one should "stand (firm) and see the salvation of the Lord," one's own Divine Inner Self, in times of stress, instead of recoiling and running away in emotional or physical pain.

Most "New Thought" teachers advise their pupils to "see only the Christ" in one who deliberately gives them "a hard time," so to speak. This is good AS FAR AS IT GOES, but to affirm the angelic perfection of one who's maliciously wounded you, can fill the person who tries to do this, with a sense of defeat and depression. They may turn their feelings inward and begin to think there is something wrong with themselves.

"How can I see only the Christ in my mother-in-law?" one sincere young woman cried out in anguish. "She wants to break up my marriage because I took her 25 year old 'baby' away from her. She makes impossible demands on him, as well as on me, and her tongue is more acid than a lemon. I'd be a hypocrite if I went around saying she's perfect in my sight, when both my reason and my feelings tell me she's disagreeable and meddling. In fact I never want to set eyes on her again!"

That girl has a point, and modern man's misinterpretation of the Bible is the cause of her obvious dilemma. Of course, when someone hurts your feelings, flying into a temper simply makes you lose control of the situation, and a spiteful exchange of words only makes things worse. However, you don't need to run and hide like a whipped puppy. Nor do you have to declare your adversary's perfection in the face of the unpleasant way you've been treated. That is why you're told NOT to judge by APPEARANCES AT ALL. If someone verbally attacks you or slights you or tries to make your personal business his own, you don't have to hash and rehash the difficulty again and again. You don't have to focus your ATTENTION on the apparent evil or its perpetrator for a moment. It's your right to CHOCSE what you'll think about, and when things have gone wrong, you should immediately turn your thoughts upon YOURSELF!

Why? Because your world and everything in it is the mirror of what you currently believe about YOU! You are a god; Jesus said so. You're the Lord of all you survey, and He admonished you to love the Lord (God YCU) with all your heart, soul, mind and strength FIRST, before you concentrate upon how you feel about anyone else, and this is an especially effective treatment when things have gone wrong. You need to see the Christ in you before you can see the Christ in someone else. All life is God - omnipresent and indivisible EXCEPT as you come to VIEW IT FOR YOURSELF.

The fact that you see your friends and dear ones about you, shows you've established a vibrational unity with them. The fact that they still seem to be separate beings, simply means your present attunement or (at-one-ment) isn't yet complete, though your radiations are close enough for you to see yourselves as similar and compatible in many ways. Of course, this explains why a man is born in a specific race, sex, nationality, creed, town and family - instead of in a different one. It accounts for his lot in life because whatever he recognizes - whoever he encounters, has struck a sympathetic chord in his soul, linking him to them to some extent, or he wouldn't even be aware of their existence.

Naturally you earthlings are more at one with those on this planet than you are with people on Jupiter where physical bodies with lungs like yours are unknown. Each of you feels a definite oneness with the person you're "in love with" - more so than with anyone else - a fact that gave rise to the traditional vow that has come down from the ancient teachings, whereby a man and his wife are said to be joined, that they may become "one flesh". Eventually, when "all self-awareness" or the "state of Nirvana" is reached, you'll find there is no separateness in life at the highest level. ALL are one in Christ, but to even SEE the Masters you must BE one yourself, at least to some extent, otherwise you won't become aware of Them in Their exalted vibratory existence.

When the "pupil is ready, the Master appears." Why? Because he is reflected forth to the chela from that individual's new consciousness of his own Divinity. A Golden Age comes when the people are spiritual enough to be aware of sufficient good will, sharing, caring and love - when the thought-patterns they think are collectively perfect enough to be felt as a sense of true brotherhood.

To solve or cure anything, Dear great and glorious physician, who goes by the name of YCU in your world, you must gain the right to show forth your own PERFECTION where the trouble seems to be and you do so by "healing yourself" first of all. How do you do this? You change your thought about who and what you are. You get still and know, "I Am God," until you program your subconscious to reflect the omnipotent, omnipresent Power, Wisdom-patterns and Love-Substance you ARE "out there" as health, regeneration to eternal youth and the ability to perform "miracles" plus success and abundance - plus harmony and perfection EVERYWHERE in the mirror of your body and world.

As I said, if someone attacks you, slights you or begins to interfere in your affairs, turn your thoughts on yourself. Take your ATTENTION OFF THE UNPLEASANT APPEARANCE. Don't judge it as offensive, but try to see what it reflects IN YOU that needs to be corrected. Continue to think about yourself as the God-you instead, affirming your possession of the quality your attacker obviously thought you lacked. If he snubbed you, CLAIM your value as a Divine Being. If he tried to take advantage of you, CLAIM your Power to create and control your life. If he was argumentative or verbally misused you, AFFIRM that you are Love and harmony personified as the god that you are.

How do YOU feel about what took place? Has it shattered your confidence -made you doubt your own self worth? If you're angry, of course it has? Your outrage indicates you're afraid your adversary may be right - that perhaps, whatever he claimed was amiss, may really be wrong with you. Beloved, the individual who made things so unpleasant was simply showing you how you FEEL about YOURSELF!- not how you really ARE at heart. You're a focus of God in the flesh! - a Master, in embryo, who only needs to be aware of his Divine Potential.

LANGUAGE.

Words have been given as a tonal vibration of creative expression. Each sound of one or more letter, with unique pronunciation and inflection, produces a different creation.

Stop a minute and think about words. Better yet, experience words with more than the mind. Feel the effect upon your body, the relaxation, the stress. Feel and eventually look to see how the energy moves with the sound, the colors, the forms. Each tone makes a structure in the etheric - spiritual positive words create symmetrically perfect, crystalline structures. Words of anger, fear and desecration, not only create unpleasant etheric forms, but return your creation back unto your temple with results in the physical, emotional body.

"In the beginning was the Word." Within the ongoing creation in the eternal moment, is continuously the Word. Each thought (for truly thoughts are as creative as the spoken word) is a spark of energy released unto the Cosmos - tonal vibration played within the Cosmic Orchestra. Your creative energy either disperses into the universe, or goes directly to your intended objective.

Thought, or the spoken word, is immediately received in the Universe. Then this creation spins around the aura of the objective, looking for an entrance. If the aura is vulnerable, as most sleeping souls on the planet are, it will enter in and produce an effect upon the intended one according to your energy. Whether or not it is accepted, it will still return back to your heart to magnify within your own seed atom permanently imbedded upon your soul.

No longer send our words in thought or speech as mere instruments of expression. Create responsibility, the beauty of God within your body and mind and express the highest energy. Meditate and experience within all your senses the words God, Love, Peace and Joy. Then experience other words as tones of light creations. "As above, so below", for each etheric creation will manifest in the physical.

LET US ALL CREATE A NEW HEAVEN AND A NEW EARTH!!

VISUALIZE YOUR WALK OF LIGHT

Q By Goddess of Mercy KIAN YIH

To those who tend to indulge in Fear, picture yourselves as surrounded by the Great Protective Ring of Light. Visualize yourselves walking within the walls of Purple Fire enclosed by the great wall of White Light, encircled by the Blue Cosmic Fire.

For this time of all times, individual children of the Light must rely upon the knowledge of their own safety, in the Light they have achieved, and through their perfect qualifications of Divine Energy. Physical catastrophes are only manifestations of physical occurrences and cannot harm the Being of Light who knows that he has Eternal Life.

For the great tide of Love and Forgiveness sweeps over this planet today, giving understanding to troubled ones, and Peace unto those who work out in the storms and the winds of change. As this time of Changes continues, it is well for the Children of Light to be affirmative of their own protective energies of safety in the Light.

The surety of Faith, and the achievements in the Light, give unto the Children of Light the Knowledge that all is well, no matter what storms may rage on the lower levels of the planet. There is no greater area of positive protection than the knowing that all is well, and that life is yours, no matter in what dimension of achievement. For there is great blessing in work done for the sense of learning and achievement, in the gathering of precious Wisdom and the ability to work successfully and well with Divine Energies. For those things which seem to be of Good and Light and Love on this plane of understanding are only the manifestation of the Rays of Love and Wisdom from the Great expressions of the Rays of Love and Wisdom of the Source of all things, which express in glorious Light from plane unto plane and from dimension unto dimension. In this world they shine through the channels of Light, or the Children of One, who express in these densities on these planes of lesser understanding, the Glories of the Great Source of All Light.

### WALK IN THE LIGHT.

It is not necessary to receive a great manifestation to know truth. First there must be the power to believe, without doubting, then that belief will grow into positive, definite knowledge. All that really matters is that you must reach the point where you will know of an assurance through your own testing whether these things are true or not. You must never accept the word of others as your own individual testimony. If you do, then you will never have the power to live by the strength of these higher truths if there should be the slightest criticism. And it is true that when one KNOWS a truth then he is held accountable for that truth. AND IF HE LOVES TRUTH MORE THAN HE LOVES HIS LIFE, then he is willing to die for it. Many people have KNOWN Truth, but have loved their own lives more than they have loved Truth.

It is definitely not good to work and struggle TOO hard. "Be Still" means to relax - "be at peace". And the easiest way to do this is to just love and worship and adore and let your whole soul open wide to His great healing love. There is no straining and struggling in loving - in adoring and in praising - and this is literally the turning unto Him as commanded in the 6th Section of the D. & C. (Doctrine & Covenants). When you can train yourself to turn to Him in every thought, with a deep inner peace of such unspeakable love you will have truly found the way of light and power.

I try to share these greater things only with those who are truly seeking. Not that I do not want to share continually this great and glorious light, but the more one receives and then rejects, the greater will be his darkness. Anyone who gets the vision of this work, who has an understanding of it, then drops it sinks deeper into despair than he ever was before. In fact, he even loses the light which he had. After you obtain the vision of this there is nothing else in the world that will ever again have any great meaning to you. Life will become more and more of a drab blank of existence, or it can become an ever increasing glory of joy and light. All anyone ever needs to do to prove this work is to live it, then he will know for himself that it is true. It is only by the application of light that light is made manifest and becomes an everlasting power.

The easiest way to banish those dark moments that come is by turning your mind completely to God in a song of praise and adoration. Turn to Revelations and read the song of praise offered at His throne by the Heavenly Hosts. Then get that love to reach beyond the words you are saying, beyond the thoughts that are insisting on them, and out into the emotions where they become eternal realities, and reach out across the universe to enfold a world in glory.

First only the mind begins to grasp and faintly comprehend the glory of a divine vision that is always like a mirage that is just beyond reach. But as one keeps his faith high, and his vision held upon that divine view of Celestial promise, it gradually becomes a part of one's being, fills one's heart, mind, soul and life and becomes a reality that can never be destroyed or lost. It gradually becomes a part of every cell and fibre of one's being, and light and love and joy and perfection and praise is all that is left. This is what the Lord meant when he commanded them to cast darkness from among them, to purify themselves and cleanse themselves from all sin that they might receive the very powers of heaven. All one needs to do to know if this work is of any value is just to let go of it for a day or so, or even an hour, to know how drab and desolate life is without it.

It is the tension that makes the road difficult. Just relax. Let the peace and light of eternity come stealing into your mind, and revel in it. Forget the darkness, just step with us into the light - and then the darkness is left behind. Remember, "Perfect love casts out all fear." It took years for me to understand and live up to that information. Then I discovered that it was not done by great strain and effort, but by complete loving.

There is such a joy in my soul, and I want so badly to share it with you completely, and will before too long. But now you must learn to hold to this yourself. Only in that way can you possibly accomplish the great and mighty things later. You must grow, and if anyone else does the work for you then you will not have developed to fill the role. It is a growing process, and when you feel that you are standing still, do not despair. If you will try harder than ever to hold to the light you will find that it is those spells of standing still that give you the power to go forward at greater speed. Growth, even in children is not a slow gradual thing. It is growth, then standing, then again growth. It is something that comes in waves of progress - particularly in this work. You will view an impossible goal far ahead, and wonder if it will ever be possible to reach. It isn't even too distinct or understandable. But as you struggle on, one day you will look back down the road you have traveled and to your utter amazement you will find that coveted goal behind you, and a joy and a gratitude will fill your being such as you have never before known. And always the road leads on and on, into eternal progress. It is only that after awhile your efforts will be freed from strife, and it is all light and glory and joy unspeakable.

I can understand just what you meant by going through a severe soul testing. We have been through them also. They come and continue to come in lesser and lesser degree until we completely overcome darkness. Each time one emerges from such an experience and again is filled with the glory of this light, he is stronger and can hold to it longer, until it finally becomes himself, or he becomes the light. When one is lifted into these realms of glorified Light and that joy of ecstasy is singing in his soul he cannot believe that anything can ever drag him down into the darkness again. When he is in the darkness he tries to comprehend what it was that caused his soul to rejoice in such singing, breathtaking glory. These two conditions are the two extremes - and understanding them gives one the vision and the power to cast darkness from him forever. And this is the very foundation of all power. Then before too long you will learn that it is all controlled by the thoughts from you. When that is thoroughly understood you will begin to comprehend how it is all subject unto you, both the light, and the life, the spirit and the power.

"LOOK TO THIS DAY"

Look to this day! For it is life, the very life of life.  
In its brief course lie all the verities and realities of your existence.  
The bliss of growth; The glory of action; The splendor of beauty;  
For yesterday is already a dream and tomorrow is only a vision.  
But today, well lived, makes every yesterday  
A dream of happiness, and every tomorrow a vision of hope.  
Look well, therefore, to this day!  
Such the salutation of the dawn!

EGO'S MANEUVERINGS

Ego tries to hide itself  
Among my nobler traits.  
Actually it plots and schemes  
For display of self it waits!

As others seem to speak and act  
Pressure on it mounts.  
It too wants to be seen  
And share its personal accounts!

At times I do fool myself  
Thinking I have handled the "beast".  
But there it is again,  
Not wanting to be the "least".

Each day is a new showcase  
With display of self galore.  
O, Holy Spirit within,  
Control this ego, and more!

May my Self be submerged  
Into Thy Holy Presence,  
That I give forth daily  
A humble, selfless essence!

PRAYER.

Father, I thank thee for the opportunity which Thou, this new day will give me to serve Thee. I know not yet what service will be required of me. It may be simply a quiet abiding in Thy Presence with perfect faith, with understanding love and with radiant joy. Such an abiding will so fill me with Thy light that I will, without conscious effort, radiate it to all about me. I would that my faith be as a light unto the feet of any who may walk in the darkness of doubt. I would that no thought of self pity or self adulation shall dim that God-within radiance. If, otherwise, the service Thou requirest of me this day shall be for outer action help me to say: "Father, but speak, and I will obey." Well I know that Thou wouldst not ask of me any service which is beyond my strength to accomplish: and so, humbly, without self seeking, once more I dedicate this day which Thou hast given unto me, to Thy service. I pray Thee to help me to hold fast to the high intention, the high aspiration of this moment. At the close of the day, may I find that not one thought of mine hath been tarnished with self-pity, self-seeking, nor with a desire for self-adulation; that each and all of the moments have been lived, consciously lived, in Thee, with Thee, for Thee as Jesus Christ our beloved elder brother hath so clearly shown the way. May it be so. Amen.

A QUESTION, AND AN ANSWER FROM WALTER HILARION.

QUESTION: I have been telling people in many places about the coming earth changes, the aligning of the planets, the high waters, etc. Now I would like to \* receive questions from you on these matters. Will they take place?

ANSWER: We have worked consistently over a long period of time to prevent these prophecies from being crystalized. The areas of dissension are being corrected, the areas of action by miasmatic effluvia of pollution - electronic, chemical and industrial - are being changed. The new aura of the planet built of the energies of the rays of color is 3,500 miles deep. By the intervention of great Prince Michael, the angels of the higher sources of light beyond this planet have continually, daily sealed the aura of this planet against these outside influences. As a means of safety Master Elihu has directed the continual working of billions of angels of the Purification Flame to bring the roaring fountain of purple fire, of consuming and transmating power, up from the core of the earth and blaze it thru all situations containing misqualified energies. The atmosphere is being cleansed.

The situations concerning the governments are being stripped of maya so that those who work with them can see them in their true sense and realities and make their decisions accordingly. The White House, Congressional and Senatorial buildings, United Nations, parliaments of all nations, areas of decision in Kremlin and satellite nations, and especially Central America, Middle East and government of China - all of these areas everywhere, NOT leaving out one across the planet HAS BEEN and IS BEING filled with Purification Energies. Decrees have been made for the outlawing of war and the stopping of aggression.

The prayers you have sent have been the energy used in many of these areas. The continual decrees of Master Elihu direct the energies to bring brotherhood and peace, of changing everything that has not been crystallized. ALL minds must be changed to accept the good and the positive. All negative decrees aid the crystallization of old prophecies. This planet has been saved from destruction many times, and the dispensation from the Great Central Sun says that NOW is the time to establish peace and brotherhood upon this planet, to bring all things into action of positive nature so that we can build the foundation for the Golden Age.

I know not where other efforts can be made, but everything that is in good and positive order is being done. The only place where we could be misled is that human minds will hold onto old negative ideas, and energize them by putting action into them and decreeing the opposite of that which is constructive. Also we have the flowing of loving kindness, mercy and forgiveness directed by the Goddess of Mercy Kwan Yin. There is great assistance from Lord Sanat Kumara and His entire army of Kumaras who have set themselves to send energies to all lifestreams evolving on this planet, as well as guard them.

In the past it was necessary for some great Being to intervene. Now, mankind today must help to do it himself. At this time there are enough Enlightened Beings upon the surface of this planet to understand what has to be done, to station themselves on the power points and re-direct and amplify the energies swirling there for good and positive advantage. It is true that those who decree the triumph of negative energy upon this planet are against us, but WE SHALL ACCOMPLISH that which has been our dispensation from the Central Sun.

THINGS TO CONSIDER.

Let us note there are various types of healing: total, partial, permanent, temporary and the "no apparent" healings. Let's explore the possibilities of the results and/or the apparent results. These are meant as things to consider if you are experiencing delays in your demonstrations for healing, or another need.

- (1) How strong is the desire? (True desire is of the mind and heart level.)
- (2) How strong and persistent is your faith? (In your Christ-self within and the person or persons you ask to treat or pray with you.)
- (3) Do you truly believe "All things are possible, etc."?
- (4) Can you cancel ALL doubt? ("BE STILL AND KNOW".)
- (5) Have you meditated on the possibilities of what brought about the condition? (Karma.)
- (6) Can you accept it as a spiritual growth learning experience?
- (7) Are you learning what you should from it - patience, forgiveness, and love of yourself and others?
- (8) Are you consistent in your prayer, or do you change it frequently? (We don't dig up a seed every day to see if it is sprouting. It would never mature.)
- (9) Is the desire both conscious and subconscious? (There are times the subconscious mind needs re-programing.)
- (10) What is the motive behind the desire? Why do you want it? (This is important!)
- (11) What is your attitude about it?
- (12) Have you stopped blaming yourself and others?
- (13) Are you ready physically, mentally and emotionally to accept the necessary change?
- (14) Can you be willing to accept whatever is for your highest good?
- (15) Do you practice patience with yourself and your Source of ALL Good?
- (16) Have you learned to love yourself in whatever state you are presently in?
- (17) Do you feed your energy to the solution or to the problem? (We are told to "dwell on the good things".)
- (18) Are you willing to release the apparent problem? (This is necessary before the change becomes permanent.)
- (19) Do you "give praise and thanksgiving" before you receive?
- (20) When you pray what do you sincerely expect? Are you sure?

If you are thirsty you drink water believing it will quench your thirst AND you expect it to do so. Otherwise, you probably wouldn't drink it. But, remember, one drink of water doesn't permanently quench your thirst.

We are told healing takes place in the subconscious and conscious mind; the mental and emotional bodies, before it is made manifest in the physical. All this may sound complicated, but it isn't. It IS possible for them to all to come together in one brief instant. Then you experience immediate healing, and by keeping that implicit faith you have "permanent" healing of whatever the need might be.

The Universal Will for you is ALL GOOD. "Prove Me NOW", saith the Lord. Mal. 3:10; "NOW is the acceptable time". II Cor. 6:2.

From the ASSEMBLED SOLAR LOGOI, through the Mother Lodge, 10th March, 1982.

We are all Logoi here, even as each of you is potentially a Logos, a statesman of the Inner Status of Being. We are all past masters of the Deed of Light, even as you, evoking solar memory, will recognize your Selves in Higher Dimensions.

Prepare now for further illumination from within. Look less and less to outer advice and guidance. Concentrate on the full-forging of the link with the Divine Father-Mother of All Being. Indeed, some should close down completely to spiritual advice outside themselves and be prepared to "rest in God", gradually thus to become fully Self-Realized Beings of God.

For you and We are each Beings of God. The Light which powers Us powers you. See yourselves in that PERFECTION OF THE HIGHEST. Take up your dwelling within that Point of Self-Recognition by thinking and acting accordingly. You are being offered the chance of a new Beginning, each and every one of you. But in order to accomplish this, you must achieve that integrity which creates recognition with you in your own timeless identity. You are not that which anchors in the old earthly conditions. You are THAT WHICH seeks to transmute such conditions by cooperation of your awakening Spirit with God. It is of course necessary that you should have done your groundwork and so become able to determine your natural route of destiny, by which you, in true attunement with Divinity, will accomplish the transmutation of those conditions. Essentially, your Task is THE RAISING OF CONSCIOUSNESS, first in yourself, then by USE OF YOUR NATURAL GIFTS AND ATTRIBUTES, in others. THE ARTS are an outstanding example of the use of natural gifts in this way.

YOUR route is fundamental, to Us all, YET UNIQUE TO YOU. Do not rest content with the ideas and opinions of others regarding what it is or should be. DETERMINE ONLY FOR YOURSELF. See your own unique pathway within the RAINBOW WAY. See the wonderful FUNCTION only YOU can perform. Do not be persuaded to think as others think, but with utter self-honesty recognize that which is yours alone to do. Too many at this time find themselves drawn into groups of thought and feeling unsuited to the real development of their personal spiritual life. In some of these groupings the earthly personality of certain members can be strongly persuasive. But allow no other to know what is right for you. Only YOU can know this. Pursue this consideration with all sincerity, for the time is NOW for the dissolving of unsuitable interweaving between individuals, in order that EVERY Soul may be free to follow through his true God-given function and so endure the full working out OF THE TAPESTRY OF LIGHT for, if you are not capable of determining this for yourself then ask only for the Highest Inner Guidance - GOD GUIDANCE, and wait until you are CERTAIN of His Revelations. Use that waiting time creatively and its value will prove priceless. Allow Us to re-state at this Special Hour in Human Destiny THE VITAL NEED FOR ALL TO RECONSIDER THEMSELVES IN THIS LIGHT, AND BY FULLY RECOGNIZING HOW TO BE TRUE TO THEMSELVES, EACH WILL PLAY HIS DESTINED ROLE AS THE AGE OF LIGHT FURTHER EMBRACES THE PLANET AND ITS PEOPLES.

Immediately consequent upon THE INTENSIFYING LOGOS INFLUENCE now penetrating the planetary and auric human fields, the above requirement will become paramount in importance to every waking heart. But do not distress yourselves that certain changes must occur. Proceed LOVINGLY, understanding that whilst your Soul is Divinely at work in the world of so-called time, causing a sense of meetings and partings, YET IN REALITY ALL ARE ENGAGED UPON THE DIVINE WORK AND WILL GROW INCREASINGLY SENSITIVE TO THEIR POSITIONS WITHIN THE DIVINE STRATEGY. So it is no matter for undue concern but should be accepted as an indication of the forward movement that EVEN NOW IS UNDER WAY.

We, THE SOLAR LOGOI, serve many planets, many systems, even as you serve many, both Inner and Outer. This latter is something which at present you may know little of, but We bring the Fact to your attention for contemplation at this time. It is an indication of your conscious participation in THAT WHICH YOU ARE.

May our words descend like dew to nestle in your Soul. Do not disturb them. The Soul in her wisdom duly assimilates, and the result will journey through your Inner System of Worlds to reach your human consciousness at the correct moment. Thus you will come to know more of THAT WHICH YOU ARE and this will even enhance and dilate your consciousness further. The BLESSINGS of untold millions are with you and increasingly now you will FEEL this and KNOW this to be so. Keep faith with your higher convictions and you WILL become convinced of THE DIVINE TRUTH OF TRUTHS; you will become THE WAY, and you will exemplify THAT HOLY TRUTH

But to arrive in steadfast SOLAR CONSCIOUSNESS, and therefore ONENESS WITH US and ALL LIKE US, first attend to that degree of inner contemplation which will surely indicate the way in which you should now walk. Contact your innate Divinity and through it, consult GOD, your DIVINE DIRECTING SOURCE. Thus you will recognize your own NATURE, WORK and FUNCTION, and the PLAN OF LIGHT will move onward another step.
