I GREET EACH DAY WITH LOVE IN MY HEART

I greet each day with love in my heart for this is a great secret of happiness. Only the unseen power of love can open the hearts of all people; I will make love my most effective tool in bringing happiness to others and myself. My love will melt all hearts liken to the sun whose rays soften the coldest day.

I greet each day with love in my heart.

Henceforth, will I look on all things with love and I will be born again.

I will love the sun for it warms my bones; yet I will love the rain for it cleanses my spirit.

I will love the light for it shows me the way; yet I will love the darkness for it shows me the stars.

I will welcome happiness for it enlarges my heart;

I will endure sadness for it teaches me compassion.

I will welcome all obstacles for they speed my growth.

I greet each day with love in my heart.

I will laud my enemies and they will become my friends.

I will encourage my friends and they will become brothers and sisters.

Always will I dig for reasons to applaud; never will I scratch for excuses to gossip.

When I am tempted to criticize, I will hold my tongue.

When I am moved to praise I will shout from the roofs.

Is it not so that birds, the wind, the sea and all nature speaks with the music of praise for their creator?

Cannot I speak with the same music to his children?

Henceforth will I remember this and it will change my life.

I will love all manners of humanity for each has qualities to be admired even though they be hidden.

With love I will tear down the wall of suspicion and hate which they have built round their hearts, and in its place I will build bridges.

I will love the ambitious for they can inspire me.

I will love the failures for they can teach me.

I will love the young for the faith they hold.

I will love the old for the wisdom they share.

I will love the ugly, the beautiful, the rich, the poor and the meek.

I will acknowledge the spark of Divinity that resides in each one I meet.

I greet each day with love in my heart.

I will respond to the actions of others with love.

Adversity and discouragement will beat against my shield of love and become as the softest of rains.

My shield of love will sustain me when I am alone, uplift me in moments of despair and calm me in times of exultation.

I will awake each morning with a vitality I have never known before.

My vigor will increase, my enthusiasm will rise, my desire to meet the world will overcome every fear I once knew at sunrise, and I will be happier than I ever believed possible to be.

I will become stronger until one day I can cast aside the shield and walk unencumbered among all manners of humanity.

Then the radiation of my unconditional love will reawaken the joy of living in everyone I meet.

I greet each day with love in my heart.

I will address each whom I confront in only one way: in silence and to myself I will say, "I love you."

Though spoken in silence, these words will shine in my eyes, unwrinkle my brow, bring a smile to my lips and echo in my voice.

For each pleasant and constructive experience I will be grateful.

And for each unpleasant experience I will learn, and for that learning I will be grateful.

I greet each day with love in my heart.

Most important of all I will love myself, and because of this I will zealously inspect all things which enter my body, my mind, my soul and my heart.

Never will I overindulge the requests of the flesh; rather I will cherish this present body with cleanliness and moderation.

Never will I allow my mind to be attracted to evil and despair; rather I will uplift it with the knowledge and wisdom of the ages.

Never will I allow my soul to become complacent and satisfied; rather I will feed it with meditation and prayer.

Never will I allow my heart to become small and bitter; rather I will share it and it will grow and warm the earth.

I greet each day with love in my heart.

Henceforth will I love all the world.

From this moment I take the first steps towards a higher level of development in the improvement of humanity.

If I had no other quality, I can succeed with love alone.

Love alone is capable of uniting beings in such a way as to complete and fulfill them, for it alone takes them and joins them by what is deepest in themselves.

And if this is daily practiced on an individual basis, can it not bring about the day when it embraces all of the world?

Message given to Bonnie Ireland on Sunday Morning 2:00 A.M. July 13/82

I am Shekinah, Daughter of Light. I come to bring thee Greetings from the Order of The Red Rose.

Courage my sons and daughters of Wisdom. Do not fail in the everlasting fountain of creating Truth and Wisdom wherever thou art, for that which is within thee must become a living source of great understanding to all those who come unto thee.

The sacrifices of Man must now become greater than ever before. In the eyes of the Great Silent Watcher the time is of a new beginning. Fear not for the future. It is every man's destiny to become a part of the New Age of Light if he so desires it.

Wherever thou art, the principles of Truth and Light will follow thee. When one becomes a student of the Most High, then the resurrection forces are ever moving within the vehicle of the processes of that being. The armour of Love is being put around every cell in that body as a special source of Light and Understanding.

It is time, my beloved ones, to partake of all that greater knowledge and wisdom from the Higher Dimensions. For now the mind sources have induction into the cells of those who are truly wanting to learn and become a part of a great new source of everlasting Light to create a Nation of Higher Beings of which those who now wish to become One, shall do so by becoming a part of that which is now in the making. For the creative forces of a new generation and a new world are now in process in the Universe, and all the powers of Higher Beings are being brought together at a focal point of being, to produce a greater perfection and oneness on planet Earth. The negativity of the multitudes must reign no more and the Higher Light Forces of Truth and Understanding must now become a part of all.

We who are now working so desperately for this great cause need your help and understanding to bring it to perfection. Wisdom is a profound thing - and true wisdom is created from a balance of all Nature, of which each one of you is as a seedling to become as One - a Flower of infinite beauty and wonder to all who may behold its brightness. Thus you will become a part of the Light which it imparts to all who behold and understand its beauty.

There is a limitlessness to all which is now being brought forth into this new creativity. Each one of you can become a part of this great limitless new world which will bring forth new and greater creations for the advancement of all creatures who come into its existence. Do not hesitate, beloved ones, but give forth of thy efforts to bring this new and greater future into existence so that all may partake of its greater value in love and understanding throughout the Universe. Thus a greater knowledge of Truth will evolve from all and to all beings in this Universe. There is much knowledge to be attained, so understand and become a part of all that is to be.

We need thee, beloved sons and daughters of Light. We hail thee as adversaries against the Dark Forces, to bring forth Light, Love and Understanding in this New Age of Wisdom.

We salute thee beloved ones, and extend our promise to guard and sustain thee to become a part of this great new venture of the God Power. And so it is.

THE GREAT COUNCIL OF ASCENDED LIGHT MASTERS

ELECTRONS - THE BODY OF GOD

"We live and move and have our being in God". How can this be? Let us contemplate the immensity of the all-encompassing Body of God which is one Great Sea of Light. As I understand it, this light - this Body of God - is composed of Electrons, these tiny, tiny points of Light which make up the atoms in varying forms of the physical world. These Electrons are pure Universal Light-Substance everywhere $\frac{1}{2}$ present, which have Intelligence within them and respond to the Creative Power of both God and man. This Electronic Light-Substance is within all manifest form - within AND without, so we can see that we really do live, move and have our Being in God - that all-encompassing Body of Light. We are surrounded by it and suffused with it.

All physical substance is part of this Universal Light-Substance and ALL is the Body of God. We are forever immersed in that Great Pure Sea of Electronic Light, and, since It is responsive and obedient to the commands of God and man, we have a great responsibility as to how we make use of this Electronic Light. We can mold our bodies, minds and affairs into Harmony, Health and Well-Being, or whatever is the specific requirement, if we are determined enough, by directing these Electrons into the thought-form that we hold.

It is an unfortunate fact that we humans do not use this Electronic Light Substance wisely enough. We do not even recognize these pure Electrons from the Heart of God, nor what they can do for us. They are ours to use without limit, to qualify and mold into form of any specific requirement for ourselves, mankind or the Beloved Ascended Masters' requests.

These countless millions of minute God-Perfect Electrons come from Father-Mother God in Love and Purity to enrich Life, sustain Life and expand the Borders of God's Kingdom. Let us see to it that we do not contaminate that Pure Electronic Light-Substance with our negative and impure thoughts, but let us bless these little Electrons, love them and thank them and draw their pure essence into our four lower bodies, then radiate their Love, Purity, Harmony, Healing and Peace out to all the world, adding to the Light of the World. By so doing we shall be helping to make this Earth a Bright Shining Star, which it is intended to be.

This ceaseless stream of Electrons flows from the Great Central Sun, through our physical Sun, through our own Individualized "I AM" Presence, down into our hearts; through our four lower bodies and out into the world.

It is mankind's responsibility to see that those Electrons - that Universal Light Essence - is sent out from us as pure as we received It; but, sad to relate, we are somewhat lacking in this. No wonder the Blessed Ascended Masters are continually admonishing us to hold the harmony and clothe our energy in Pure Divine Love. We can and must do just that, for the Light MUST be increased on Planet Earth.

Chapter of Silver Lilac.

P.S. As I am writing this article on August 1st - the day for anchoring the Yellow Ray of Wisdom and Illumination from the Master Ianto into the Earth, I am 'colouring' (visualising) these little Electrons (Electronic Light) with the Yellow Ray of Illumination and Wisdom as It flows from my "I AM" Presence through my body into the Earth. We can 'colour' these Electrons with whatever Ray is needed, when and where it is needed.

PEACE ON EARTH

During the evolution of Man, peace and orderly conditions have been wishes held by most people, but people often have the opinion that only in case their own ideas to an order become realized, order and peace can be established. Many wars have been fought on planet Earth by people whose ideas or whose religion were to make peace and order - just that they had different opinions on how this goal should be achieved.

Millions of people rejoiced and were happy when the message came that the Second World War was over. Finally Peace on Earth!

It must be quite clear to everybody that peace cannot be won by war!

Peace on Earth can be achieved when love, understanding and confidence prevail between people. Many groups all over the world are now gathered together to help each other in strengthening these qualities. And in our everyday life we must make an effort to live up to it. Let us unite in all groups with a wish for peace by giving each other complete confidence and making an effort to live up to it, so we feel joy and happiness by being together. Let us pass on this joy and happiness to everybody we meet every day, so they will spread like rings on water.

Just think of that day when all people on Earth give each other complete confidence and cooperate with common joy and happiness. Just think of that day when all radio and TV programs are interrupted all over the Earth, and we hear the voice of the General Secretary of the United States: "All countries on planet Earth have agreed that never again shall any war be fought, and that in the future they will all help each other ahead." Just think of that day when peace will come to everybody on Earth.

So let us all give each other the hand with a mutual wish for that confidence, joy and happiness, which will carry us to our common goal - PEACE ON EARTH. Come along!!!

WHY DOESN'T SOMEBODY DO SOMETHING?

One of our Christmas gifts was a copy of "The Nun's Prayer" written in the 17th century. It was a timely gift from a contemporary and now hangs on the kitchen wall where it is difficult to avoid seeing it.

"Lord thou knowest better than I know myself that I am growing older and will some day be old. Keep me from the habit of thinking I must say something on every subject and on every occasion. Release me from the craving to straighten out everybody's affairs. Make me thoughtful but not moody, helpful but not bossy. With my vast store of wisdom it seems a pity not to use it all, but Thou knowest, Lord, that I want to have a few friends at the end.

"Keep my mind free from the recital of endless details; give me wings to get to the point. Seal my lips on my aches and pains. They are increasing, and love of rehearsing them is becoming sweeter as the years go by. I dare not ask for grace enough to enjoy the tales of others' pains, but help me to endure them with patience.

"I dare not ask for improved memory, but for a growing humility and a lessening cocksureness when my memory seems to clash with memories of others. Teach me the glorious lesson that occasionally I may be mistaken.

"Keep me reasonably sweet. I do not want to be a Saint - some of them are so hard to live with - but a sour old person is one of the crowning works of the devil. Give me the ability to see good things in unexpected places, and talents in unexpected people. And give me, O Lord, the grace to tell them so. Amen."

I have been reflecting on the last two lines of this prayer and also on a quotation from Jerome K. Jerome: "He gathered from the reminiscences of the elderly over the ages that the world had been getting worse and worse ever since it was created. He added, understandably, that it must have been a delightful place when it was first open to the public", because the tendency to be critical does seem to increase with the years. If I see this happening in others then it is time to take a good look at myself.

When I was growing up criticism of others and their actions was strongly discouraged by example and comment. We were told that "If we had nothing kind or good to say about anyone" then it was better to remain silent, or, "No man knows the weight of another man's burden". I remember when a business friend of my father, in a very good position, had to resign without a character reference for other employment because of his theft as a servant. On other occasions when there was some wrongdoing reported, and the same inevitable comment and criticism was made, his quiet answer: "But for the Grace of God there go I."

Criticism is so easy, particularly when criticizing the young, neighbors, friends, relations, solo parents, the government, the unemployed, the increasing materialism in our society, and last, but by no means least, the church. It is easy to overlook, particularly when criticizing the young, that the choice of things is so much greater, and increasing every day, and salaries, wages and even pensions, are much larger. It is the amount rather than the proportion of income which is spent on material things.

Some time ago I read of an American leading a youth programme in the Bronx.

When a neighborhood boy was killed by a street gang, he said to himself, "Why doesn't somebody do something?" Then it dawned on him, "Hey! I'm somebody."

So I have decided when I hear criticism of other people, or groups of people, I must let the comments drop like a stone in a pool and talk of other things. When I feel critical I must refrain from putting thoughts into words and see if this is an area where it is possible to "do something" because there is much that is wrong in our society. Some of it is the fault of my generation, and just being critical about other people's actions is not going to bring any improvement. We need action that will produce something better!

COLORS OF THE SPIRAL

You live in swirling color (for vibration is also color), but you do not see this except at rare intervals. Now as your thoughts spiral upwards (and indeed it is only your thoughts or consciousness that spirals) you raise your vibration or color. The higher the thought the finer the vibration, the deeper the color.

Now, at a low rate of vibration the color is a dense grayish essence, taking on hues of light blue, green, lavender and pink. Intense emotion changes the color or vibration; therefore, in moments of great love, the color takes on a deep rose and vibration into a red, the highest.

Anger, or the negative emotion, takes on the dark black, or densest color. Compassion vibrates to purple. The greater the compassion, the deeper the color. When you sit in meditation, your thoughts spiral upward, and, if you are blessed, you spiral into all Light, or the golden essence of the Sun, or Life Energy.

Each center within man vibrates to a distinct color. Therefore, the healing machines given man in the objective, to be brought into being, shall heal with color therapy. If man comes with a faulty heart, the machine shall beam upon him the blue ray. If the liver is affected, the green ray will heal that. Now, if man will treat his centers with color each day, he will literally be a god among men, for first and foremost the admonition is: Heal thyself. The higher in consciousness that man attains to, the deeper the tone of his vibration for he then becomes of the same essence of the FATHER, which is PURE SPIRIT.

, When speaking the Word for healing, it is necessary to put force or power behind it, for the vibration or color behind the Word of Authority is of a deep color, and must accomplish that which it is sent out to do. A weak command is lost in the aura of the one sending it, and is not effective.

So now you have color therapy. Use it to heal thyself. Send it out when asked, and share this wisdom with all whom you know shall understand.

REGARDING THE WORLD SCENE

You have been instructed not to become EMOTIONALLY INVOLVED in the traumas and turmoils of the world scene. The ability to SEE and KNOW righteous judgment is yours - given of the Spirit Self - only when your senses are not permitted to incite you to EMOTIONAL SIDE-TAKING. Reserving ALL judgments to the Father - you can be an INSTRUMENT OF BALANCE for HIS USE.

One who ALLOWS himself to be carried away EMOTIONALLY into side-taking - quickly loses all sense of BALANCE and Right Action - thus becoming a part of a mob-consciousness - and carried away with feelings of agitation - self-righteousness and ultimate violence. If not outwardly violent - then inwardly - creating inner agitations upon ones own physical cell structure. If expressed outwardly - a destructive force upon the world scene. Mob-violence is not constructive inwardly or outwardly. Agitation is friction and friction is violence which inflames and ultimately destroys.

The negative forces that play upon the world scene seeking SUPREMACY are cool and calm as they promote violence in others. Leaders seeking to RULE stir the pot of violence, and those who are ignorant followers are the ones who SUFFER for the CAUSE - not the promoters, as they are behind the scene of world carnage.

Be an OBSERVER and partake not of the FINAL THROES OF WORLD CHAOS. Partake only of the stability of INNER POWER that is yours to CLAIM, and stand fearless and calm as you OBSERVE - knowing well that in so doing - you have laid a CARPET OF CALM that can be used by Beings of the Higher Light as They are brought forth in the midst to wield the SWORD OF TRUTH, and establish DIVINE JUSTICE in the world. THIS IS THE ARMY GOD CALLS TO ARMS!

If you are moved by the agitations of a dying world consciousness, you will die with it. But if you move upon the agitations of a dying world consciousness with an INNER PEACE - calling always for DIVINE JUSTICE and RIGHT ACTION - you will be a moving force to bring about a PEACEFUL WAVE OF HIGHER LIGHT INTO WORLD CONSCIOUSNESS, and thereby an INSTRUMENT in bringing about A NEW WORLD CONSCIOUSNESS.

Those who have been given in-SIGHT can SEE that the forces that are seeking to dominate humanity are attacking and eating away at all lower-levels of human communication - CREATING UPHEAVALS in methods of transportation, postal systems, telephone systems, all audio and video systems, as well as costs, scarcities, strikes, etc. Plus well planned FEAR campaigns all are a part of the underlying MOTIVES of those who SEEK TO RULE by their own might with total disregard for the welfare of the masses.

Leaders INCITE self-righteous feelings in individuals under their control, and brother slays brother in one way or another, with total disregard of the GOLDEN RULE. These blind followers after power drunk semi-gods are not evil, they are ENVELOPED in instigated emotional self-righteousness, and are BLIND to sanity.

As the WAYS of the world worsen, stand apart and SMILE, for the CHRIST WILL COME AND HEAL ALL WOUNDS - even as CHRIST HAS COME to those who BELIEVE - really BELIEVE!!

GOD GRANT YOU THE WISDOM OF UNIVERSAL TRUTH.

A MERRY HEART

He with a merry heart
Makes the world a brighter place,
Gives joy to self and others;
Uplifts the human race.

Nothing is so good to hear
As laughter, joyous tones,
Giving encouragement to others.
No more greans and moans.

So open your heart to love,
To humor and to wit,
Keep a twinkle in your mind;
Not in judgment sit!!

REFLECTIONS FROM SPIRIT: Seekers' Questions answered through Marian Starnes.

Question: I enjoy the beautiful decorations and trees at Christmastime, but I'm very confused about the rightness of cutting down living trees for this purpose. Would you comment please?

Answer: Every part of creation worships The King and Christ is King. When you lovingly select a living tree, taking it joyously home to make it even more beautiful with lights and ornaments, the Tree Deva is proud and happy that you chose "her creation" to focalize your celebration! All nature celebrates the rebirth of the Light on earth that we recognize at Christmas. So, my friend, select your tree with love, give thanks to Nature for this beautiful creation, and enjoy the wonder of the Holy Season, knowing the tree has reached its ultimate purpose by participating in the celebration of the Christ!

Question: Why do we use trees and wreaths in our celebration?

Answer: Long before the birth of Christianity, the Romans used evergreens as symbols of eternal life during their Saturnalia feast-times - which honored Saturn in mid December. Evergreens are symbolic of the Tree of Life, and man's ability to be victorious in the face of death. They symbolize Life eternal and enduring. The wreath of green, made in a circle, symbolizes man's Infinite Nature, without beginning and without end. At the time of the Winter Solstice, when Nature has let her creations die away to rest for awhile, the evergreens symbolize victory over death. And because the days then begin to lengthen and the Light again returns to the earth, we celebrate this return of the Light - The Christ by lighting candles and sharing joyously with one another.

The Golden Dawn is the official publication of the City of the Sun Foundation, P. O. Box 356, Columbus, New Mexico, 88029. It is published every two months and sent upon a freewill offering basis.

Have you remembered the City of the Sun in your will?

AT THE CITY OF THE SUN:

On July 23rd Ollie Mae Hale left for Marksville, Louisiana where she was called to the bedside of her sister, Lillie Woinche, who was ill. She was there a month and also visited with her daughter, De Juana from Alexandria, Virginia, and her son, Elwood Hale of California, as well as a number of other relatives and friends. Elwood had several speaking engagements.

The two new leaders of the Univesariun Foundation - Rev. Margie Myers and Rev. Philip W. Burbutis, were here for several days. Formerly of Portland, Oregon, the headquarters is now at 4360 N. Bear Claw Way, Tucson, Arizona, 85715. It was most enjoyable and worthwhile to become acquainted with them and some of their work. One evening people from the Deming area came to become acquainted.

Rev. Johnnie Prochaska, whom we hadn't seen for some years, came by to visit one Sunday. A number of Demingites accompanied him.

On September 5th, 1982 Faun Homman went with her friend, Joanna Briggs, to Carmel, California. What a delightful city Carmel is! Trees, shrubs and flowers grow abundantly. The beach is considered the most beautiful in North America. Since Faun loves birds she had such fun feeding the sea gulls pieces of bread which they caught on the wing. Coming home from Alpine to Norencie, Arizona through the wilderness was a lovely sermon on a Sunday forenoon. The air, conifers and fall flowers were God in all. It was a restful, interesting two weeks vacation.

Maurice Hastings made a flying trip to Minnesota to attend the memorial service for his mother who passed on September twenty-seventh.

Dr. Love brought his wife's sister and husband, Durward and Loretta Powell, out for a morning visit. They had been in the City of the Sun before and it was good to see them again, and their recovery from the automobile accident.

An enjoyable birthday fellowship for Dorothy Rayburn Zawick was had at the Hale residence.

After a lingering illness, our beloved Ruth Love died October 11. Surviving is her husband, Dr. Austin Love, who now resides at #37, 800 W. Buckeye Street, Deming, New Mexico. 88030.

Bill Van Winkle of Texas came for a "time apart".

To "OUR GOLDEN DAWN FAMILY OF READERS":

A MESSAGE FOR ALL PEOPLES FROM THE BROTHERHOOD OF LIGHT

To the Conclave at Shamballa come all the Members of the Great White Brotherhood and every Being connected with the evolution of the planet, filled with the happy anticipation of the joyous reunion and loving association with their celestial Brothers coupled with the Glorious Feast of the Christ Iass. At this time of year all the variegated services of the Brotherhood blend gently into the Keynote of the year, forming the Christmas Spirit which is felt, absorbed and enacted by the race.

The approach of the Christmas Holidays brings the Presence of the Masters very much closer to the consciousness of the people of Earth. This Season is most advantageous for our Spiritual Harvest. We press into the seven-week period all the light that the Cosmic Law allows by the up-reaching of mankind's thought and feeling to the Realm of Celestial Giving.

The Christmas Spirit begins to flow around the first of December and carries through for seven weeks until the 12th or 13th of January. The Christ Spirit is an outpouring of Love and all the perfect qualities from the Angels, Masters, and other Divine Beings, and it pours over the Earth like a golden rain of beautiful particles of Light. Each particle is like a nine-pointed star, and the entire lower atmosphere of Earth and all the bodies of the people are enveloped in it. It increases in power until Christmas Eve when its potent presence is almost palpably felt by even the coarsest outer minds. To that outpouring of all the celestial Beings is added a tremendous radiation from the Retreats and Sanctuaries throughout the world, under the direct guardianship and guidance of the Masters and chelas.

At many of the Retreats the Christmas Wreath manifests in the upper atmosphere. This is a constant outpouring of a Ring of Flame qualified by a radiation of Peace and Goodwill to men. These Retreats present a beautiful sight to the spiritual eye, and there is no part of life on the planet Earth, from a lump of coal to a singing sparrow, that does not receive a gift of Love and blessing from each Retreat and Sanctuary.

Accept all that the Christmas Season offers, because it is one of the greatest opportunities for soul and spirit growth that the Whole year affords. During the Christmas Season the atmosphere is literally "star-dust" (radiation) which the people breathe in, unconsciously filling their inner bodies with a sense of ease, peace and happiness which they attribute to the "Spirit of Christmas".

When people are through with the trees, it would be a good idea to burn them rather than throw them carelessly aside. They have been light bearers and should be returned to the Flame when their service is ended.

From the Realms of Light I send you My Christmas Blessing.

YOUR GIFT

Your gift arrived and strange to say
I found no package
Tinsel decked and gay.
I found no crinkly tissue
No holly wreath of red
No card to say, "I wish you
Years of joy ahead."

Your gift, it came swiftly
Long ere the postman's ring
Darted thru space into my heart
Sailing on downy wings.
It warms me, it holds me tight
No box could it contain
It swells and its hot breath
Burns brighter than a flame.

Your gift I'll cherish ever
A portion I will share.
The more of it I give away
The more I have to spare.
Your gift grows ever larger
With blessings from above.
Your gift is from His chalice.
Its perfect name is LOVE.
