PURIFICATION AND PERFECTION

(Part I of another unpublished message of ANNALEE SKARIN.)

So that you can get ready for the greater things let me share these Truths with you. After you have learned to live that first and great commandment literally until it becomes a living, vibrating part of your whole being, when you can contact that Spirit of Almighty God and be aware of its preference within you, then I want you to know that you have the most divine perfect microphone in all existence right within you. Your own heart is a divine, glorious instrument of power. Speak to the Lord through it often. Love Him; adore Him; praise Him and give thanks and honor and devotion. Give it through your heart, and you will begin to realize just how close that contact is, and how glorious it is to walk with God.

Now the next step - begin to learn to speak every word you utter through that glorious, divine instrument of love, your own heart. As you do this, as you practice it and work on it, and get the feel of it, and the knowing of its sweetness and power, you will begin to comprehend that He is speaking through you even as He spoke through Christ at all times. No one can give you this knowledge, for the glory of it can only be yours as you experience it yourself.

Then the next step is to begin to think through that instrument of glory, your heart, and as you filter every thought through this power of love you will realize that you are beginning to think His thoughts. Or perhaps it is, that He is beginning to think through your mind, and your heart will be opened to receive that glorious gift of love which the Father sheds forth in the hearts of the children of men, according to I Nephi 11:22,23,25. When you take hold of this and can use this knowledge in your life then you will know that you are truly eating of the fruit of the Tree of Life. Then you will be ready for the greater knowledge.

This practice of sending out this Light is the greatest power of preparation possible. We have struggled to become conscious of the Light within. We have fought to fill our beings with it. Now that it might be brought forth fully, we must begin to send it forth. This is the most important thing I have ever written upon this subject. This is your step now, and is to prepare for that which is to come.

You ask why it is that sometimes this is so easy to hold to, and other times becomes so elusive. Everything on earth grows in waves that go out and then seem to hesitate or stop. Growth is accomplished, shall we say, in jerks of progress and periods of stillness. This work is like that. There are the great moments

and hours and days of high inspiration, and the days of comparative stillness. But you may be sure of this, each time that inspiration sings forth in the glory and joy of God, its power increases until it becomes the full reality of living. You asked how to hold it. The easiest and surest way is just to praise God and glorify His name with every thought and with every breath. Adore and worship Him with all your heart and soul, and the contact with His glorious all-enfolding Spirit is complete. Don't just think that you love Him, but feel that love and gratitude, and that makes it real.

Before long you will be able to hold this joyous singing song of ecstasy, and just know that when you have that inner song of joy singing in your soul that it is the Spirit of the Lord becoming active within you. Know that any dark, gloomy, depressing thoughts crowd it out. It is most sensitive and cannot endure depressive, sad, unkind, irritated, dark thoughts. It has to withdraw when we permit ourselves to become filled with darkness. When you fully KNOW this, then it will be possible for you to gather to you the eternal glory of Light, to completely unfold yourself in it until you are filled with Light, and comprehend all things.

Thus His Light is in us. In fact, we were a very part of it before our individualities were brought forth. This great Light was us. We are it, that is, as we throw off the mortal concept and wrap ourselves in this Light and Spirit of God, which is everywhere present filling all space and all material. As we become more and more aware of this Spirit of God that literally surrounds us as the water surrounds the fish in the sea, or as given in Acts 17:28, "For in Him we live and move and have our being," we become generators to gather this Spirit into us and to send it out with increased power. In this way this power of God abides in us, and it does the works, and our bodies become the living Temples of the Most High God. This light sent out from the Great Central Sun, or the throne of God, is continually being drawn back to Its source in an ever flowing current of life giving energy. None of it is ever destroyed.

Study carefully and prayerfully John 3:1-8, especially the following verses: "That which is born of the flesh is flesh; and that which is born of the SPIRIT IS SPIRIT. Marvel not that I said unto thee, ye must be born again. The wind bloweth where it listeth, and thou hearest the sound thereof, but canst not tell whence it cometh or whither it goeth; SO IS EVERYONE THAT IS BORN OF THE SPIRIT." In other words, when anyone is born of the Spirit he can come and go by the power of the Spirit, and none will know whence he came from or whither he goeth.

And now, about Christ coming in a day of great wickedness. That is most assuredly true. The world will be in a condition of such distress and wickedness as has never before existed upon the earth, and as He stands upon the Mount of Olives five out of six gathered upon that ancient battlefield will perish with the Light and Glory of His Presence. But you must also understand that there needs to be established before He comes, a people purified even as He is pure, who are LIKE HIM AT HIS COMING. Zion must be built, and Zion is first a condition for . . . it means literally, THE PURE IN HEART, and the word "Saints" means "HOLY ONES". First there must be those who can purify themselves, and as they perfect that condition within themselves, the great city can be established - AND NOT BEFORE. For all the prophets tell that ONLY THE PURE IN HEART can enter that city - those who have fulfilled all the laws and cleansed the inside of the cup. I wish I could talk to you about that city. It is so sacred, so gloriously sacred. And He has said, "My people will I preserve." The knowledge of the Lord cannot possibly cover the earth as the waters cover the sea until the great destructions prepare the majority who will remain upon the earth to receive Him. But His Spirit must begin to be

comprehended , for it cannot be poured out upon all flesh until they comprehend even in the cells of their bodies and in the fibres of their beings just what that Spirit is, and begin to perfect It within themselves. This will not be an instantaneous thing. This is where the TEACHING will come in, for they will have to be taught by those Mighty Ones who have already perfected that Light within themselves. Then armed with the authority and power of the Almighty they will go forth to do the works that He did. If He came now the world is in such a condition that it would be utterly wasted at His coming. ANNALEE SKARIN

THE AQUARIAN AGE

There are those that we see all around us
If we pause for a moment to look
At their struggles, ambitions and life styles
That lie open to read - like a book.
There are those growing older and older
They just know that they surely will die
They've been prudent and cautious and careful
But life's purpose - they never knew why.
And there's some that will live on forever
They're the ones who are learning to fly
For they're on the highway to heaven
And all that see them will cry.
They'll cry for their great negativity
They'll cry for the chances they blew
In a lifetime they spent in just getting
Yet the best things in life - never knew.
They'll look back on their life and its systems
Its mortgages, overdrafts and schemes
And they'll cry for Spirit neglected
As the earth and the grave claim their dreams.
For there surely is dawning a new day
It has limitless power - beyond gauge
And it's stirring our soul to an awakening
In an enlightened Aquarian Age.

SPECIAL ANNOUNCEMENT:

A 95 year old friend of our Golden Dawn publication writes "that he would like to see the circulation expanded so many more who are elderly could receive the paper." This was sort of the "spark" which led us to make the following suggestion:

Do you know of ANY INDIVIDUAL PERSON who could receive a regular copy of the Golden Dawn FOR a Rest Home, Senior Citizens Group, Convalescent Hospital, Study Group, Library or Prison Library? We are asking our Readers to do the groundwork-secure the name and address of ONE person who would be responsible. Be certain the institution (group) would APPRECIATE IT. Show them your copy.

We agree with our 95 year old friend that it is time to send as much Light as possible. Let us hear from you.

Have you remembered The City of the Sun Foundation in your will?

THOUGHTS FOR 1983

Once again we stand on the brink of a New Year. A year that can be filled with peace, prosperity for all. Or it can be a year when the "Grim Reaper" makes his appearance and World Karma is returned tenfold to those who must be its participants in the unfoldment. Which it will be, is very much in the hands of the world's populace. Not trained in the ways of a Spiritual Path, many will continue to flounder; nations will continue to practice brinkmanship, and there will be the ever-present menace of world destruction. It need not be.

May we give you some pointers for a new year of endeavor. To begin with, 1983 will be just as unpredictable as 1982 has been. However, what you have experienced personally and what has been experienced by the Nations as a whole, AND NOT TRANSMUTED in 1982, will be encountered again, twice as difficult for refinement in 1983. This is why we have counseled through our messages to you in 1982 to transmute, by use of the Violet Flame, as much negative personal karma as could be handled. For now, in 1983, you must face those unresolved problems which have accumulated a greater force of energy behind them. Face them most courageously and resolve them. It is never wise to put off resolving a problem hoping it will go away, especially in these years of the severe planetary alignments, as the energies behind the unresolved problems only increase rather than dissipate.

1982, 1983 and 1984 are very crucial years of returning karma, not only to the Nations, but their peoples as well. A nation's decisions always effect its peoples, and especially this coming year. We will find a continuation of harsh, repressive actions in Poland, Afghanistan, with further excursions into the vital Middle East, which will shake with the fury and anger of political battles and subversive activity. A virtual tinderbox, ready to explode at any moment into a momentous religious war which could very easily draw the larger nations into the midst of battle "to protect their oil interests". Oil and religion do not mix well this year of 1982 and one can cause the igniting of the other. Peace is very fragile in that area and will be evenmore so in 1983.

The drums of war will seem to be beating to a faster cadence by the middle of the year, and it will be by the Grace of God and the thoughtful action on the part of Light Students everywhere that the world will be saved from another religious war, the likes of which have not been seen since the Crusades. Knowledge is to be forewarned. Again we call upon the Students of Light to continue their purifying actions. Purification of self is the most important aspect to saving world peace. That which you broadcast from self via the etheric envelope or aura, is accumulated along with the broadcasts of everyone else, and if those accumulations are negative, then there is a constant buildup of negative affluvium around your globe. The darkness and stench of that negative affluvium is appalling to us. It is this negative affluvium which will cause the overturning of your poles later on in the century. That affluvium coalescing into third dimensional matter is bringing about the shifting of poles and the geological changes beforehand. Therefore, do you not see, peoples of the world, as you think, so goes the world?

While it may be too late to change certain things, it is never too late to change self and that is what 1983 is all about. You must review self image, and bring it more into alignment with the new spiritual consciousness which will be triggered by the final eclipse of 1982 - the mystical seventh eclipse which, on December, issues into a new age, the Age of Spiritual Man. On December 30th, those who are ready, will make that ascent in consciousness and touch the hem of their own Christ Self, or Divine Being, never to be the same again.

It will be these Children of Light who have proven their response to the Christ within, upon whom we will rely most heavily. For they are the ones who have proved receptive and responsible to our overtures of help. To these then, the Planetary Hierarchy of Masters offer assistance in the overcoming of personal karma so that they may stand ready to serve Hierarchy in the months and years ahead. Unless your karmic load has been lightened by your own personal determination to do so, you can be of very little help to us. Therefore, by your immediate actions to purify self and make self ready to be of service to your planet, so you will be chosen to serve.

There are many who talk a good story. By that we mean they talk a "spiritual" line, but if you were to look deep within them, as we do, you would find little of a spiritual nature. These, then, who seek to deceive themselves and others, will serve a while longer in the art of deceiver, for their roles are to lead the Children of Light astray in the battle that is being fought on every level of consciousness; to lead as many Children of Light astray, to confuse and alter the truth coming from Hierarchy to the Planet Earth, before they themselves are destroyed by the very same Shiva energies they seek to distort.

Therefore, in 1983 you will continue to be exposed to cults which are not of the Light even though they profess allegiance. Strange, incoherent mutterings will issue forth from these groups as their channels hasten to bring forth, in a blaze of glamour, the "latest word" from the spirit realm, albeit the lower astral plane wherein those who are not of the Light sit in readiness to take over a vehicle to espouse their nefarious causes. We say to you of the Light, stand fast in the Light. Filter all incoming information from EVERY source through your own Divine Being. React only to that information which "feels" right to you. Discard all else. Keep in mind that "by their fruits you will know them." DISCERNMENT is severely tested in 1983. Are you ready?

1983, therefore, is another year of testing, a year in which great strides can be made, goals reached, if one keeps in mind that common sense must be anchored in the Christ Self. Walk hand in hand with the God Within and achieve those goals victorious which you set forth for self to meet in the annual ritual on New Year's Eve of making resolutions for the coming year. There is a very positive power in this ritual and should be followed in seriousness.

We bid you peace, prosperity, and God's protection in 1983. We stand to serve you if you will serve us from the purity of your cleansed body, heart and mind. Will you come unto us?

Pax vobiscum

(Your name) I love you and believe in you, The Christ Light within you; the Divine Love within and around you. I thank you, God, for life itself and the abundance of all good things that are mine to enjoy, to use, and to give away. I always make the right decision because I hear God's voice throughout the day. Thank You, Father, that I am forgiving, calm, healthy, loving, patient and kind as I go about my Father's business. And so it is.

THE GREAT INVOCATION: (Esoteric Meaning of this WORLD PRAYER.)

WHY IS IT UNIQUE AS A WORLD PRAYER? Because it asks nothing for self. It carries a high vibration of pure selflessness. It is evidence that God's Plan for humanity is succeeding and mankind is evolving to that Plan. It voices the destiny and plan for man in the New Aquarian Age.

WHAT IS AN INVOCATION? To invoke something is to call upon a Divine Being as in a prayer. To call forth to invoke mercy or assistance, make supplication for some action to take place.

WHERE DID IT COME FROM? It was given to the world under the instruction of the Christ by the Tibetan Teacher, Djwal Khul through Alice Bailey. It was written between 1935 and 1945, with five years in between stanzas.

WHAT WAS THE PURPOSE? It was an outpouring of love and light on mankind from Shamballa, which is located in the Gobi Desert called White Island. This is an energy point in the etheric as is Shigatse and many others scattered all over the world.

It is an invocatory appeal to the Christ, head of the Hierarchy, to reappear. This cannot come about except through invocation, even Jesus the Christ was invoked by the Jewish nation 2,000 years ago.

Another purpose was the establishment on earth of a Divine Plan to be carried out by mankind itself, but WILLINGLY.

WHAT IS THE DIVINE PLAN? First there must be the establishment of right relationships between men, and men and God. It is a Plan of Love and Light to which mankind can most easily respond within its capacity of understanding at this point.

It is the greatest world prayer because it LINKS the Father, the Christ and humanity in one great relationship. It is a WORLD PRAYER - not men praying for themselves or those they love ONLY.

It is used, and to be used, to CHANGE WORLD AFFAIRS (Universal Love.) It was translated into eight languages three months after published.

The Divine Plan is the original blueprint given to man in the beginning to establish Love, Light and Truth as the true path of the soul.

The Great Invocation - stanza by stanza releasing GOD POWER.

- a. From the point of Light within the Mind of God,
 - b. Let Light stream forth into the minds of men.
 - c. Let Light descend on earth.
- a. This invokes LIGHT from the very MIND OF GOD.
 - b. This invokes Light for men everywhere regardless of evolution, intelligence, whether they are sinful or good - whatever their circumstances. It breaks down all selection and barriers regardless of race, color or creed.
 - c. This invokes the Light to descend specifically HERE, on earth, streaming down to wash out all evil, anything not of God!
 - a. From the point of Love within the Heart of God,
 - b. Let Love stream forth into the hearts of men.
 - c. May Christ return to earth.
- a. What is needed more on earth than love? And what PURER FORM could it take than out of the very Heart of God Who is Love?
 - b. This invokes the Love of God to STREAM (endlessly) into the cold hearts of mankind because it is so badly needed, especially into those hearts that are closed to Him now.
 - c. Christ was the Master of Love - so what better place to invoke His return than on the stream of God's Love. This follows the universal law that to inspire action one must ASK. Who better could greet the Light of the Aquarian Age than the Morning Star?

- a. From the centre where the Will of God is known,
 - b. Let purpose guide the little wills of men,
 - c. The purpose which the Masters know and serve.
- a. The centre is the focal point, the strong point, where God's will is known and followed.
 - b. This asks that "purpose" or direction guide men's WILL to the purpose and will of God, away from the direction of money, power and materialism that it is directed to now.
 - c. The Masters are used as an example here because they serve God through mankind in spurring the evolvement of this planet and they follow God's Will completely. The Masters are also brought in here to be brought to the attention of mankind in a simple acceptable, reasonable fashion. They are the GIVERS of the HEALING RAYS, balancing energies and ridding the planet of much effluvia externalized by man's consciousness. The more one knows about the "Hierarchy" and the work done by the Masters the more one knows of God!
- a. From the centre which we call the race of men,
 - b. Let the Plan of Love and Light work out,
 - c. And may it SEAL the door where evil dwells.
- a. The whole POWER of the invocation focuses on the human kingdom; the race of men.
 - b. The PLAN again, God's Plan for mankind is Light and Love; also man's destiny with other kingdoms on earth is meant.
 - c. It proves that man's destiny is to resolve the problem of good and evil which he, himself has perpetuated. Evil can exist only as we RELATE to it. It starts in the consciousness and then manifests as a reality in the world. It asks that evil be "shut off", isolated, locked out! It states it as emphatically as possible in the word "seal". To seal something is to close it off completely. We do not need evil to be good. When directed by God's Laws, WE KNOW. Mankind knows it always has a choice, the invocation asks for help to make the right decisions so the Plan of God will once more be everyman's birthright.
- a. LET LIGHT AND LOVE AND POWER RESTORE THE PLAN ON EARTH.
- a. The key word in the last line is "restore". In our "choices" we disrupted God's Plan and here we ask that the Plan be REINITIATED for the benefit of ALL. All suffering has been a result of disregarding the PLAN. This last line of the invocation puts us back on the right track and neutralizes thought debris put out by man's wrong thinking. It invokes the harvest of Light, Love and Power making humanity ONE with God again.
- (Note: The Masters heartily endorse every Light student learningc this "Invocation" by heart for every utterance of it is an appeal to the Most High for help. It is a shared prayer for every human being on this planet, and will do more than anything else to soften or side-track some of the mass impending Karmic results of mankind's ignoring of God's Laws, hanging "heavy-heavy" over our planet. Keep it on a mirror until learned, and repeat it at least once a day. It is a gift from the Christ to help us to help ourselves.)

Several Light Groups are using a "new" GREAT INVOCATION

From the point of Light within the Mind of God,
Let Light stream forth into my mind,
that I may shed forth Light to others;

From the point of Love within the Heart of God,
Let Love stream forth into my heart,
that I may reveal the Christ to others;

From the Center where the Will of God is known,
Let Purpose guide my will,
The Purpose which the Master would have me know and serve;

From my Center within the race of men,
Let the Plan of Love and Light work out,
And may the door of my heart be sealed against all evil;

Let Light and Love and Power restore Balance within my entire being.
That I may be truly whole within the Greater Whole.

SPIRITUAL CONCEPTS OF THE CITY OF THE SUN

(Revised 1982)

The Founder of the City of the Sun was Rev. Wayne H. Taylor, with the help of his wife, Grace. On May 21, 1968 it was stated in the Dedication Service by Alpha and Omega that the plans of the Spiritual Hierarchy are being carried out and that the Masters and Space Brothers will be inspiring and guiding the Foundation from above.

The purpose of the City of the Sun is to provide a healing city. It will be a wholistic healing center, encompassing the mental, physical, and above all, the spiritual part of each individual. Each person will be encouraged to work toward achieving their highest spiritual potential.

There are two distinguishing characteristics of our group. One, is our Vortex of Light and Energies that come from the Central Sun. This is, and will be used for healing, among other things. It is this energy that keeps the City of the Sun alive in a higher vibratory rate.

Second, is that each Light Seeker is free to follow his/her own Inner Christ guidance as long as it is in harmony with Universal Truth and the Divine Plan for the City of the Sun. There is no one spiritual philosophy that all must adhere to. We agree on the Fatherhood of God and the Brotherhood of Man. As long as we can build harmony from diversity we will be strong.

Our desire is to share our talents and skills to develop the City of the Sun into the healing community it is meant to be.

We believe that under the Law of Love we can bring about the perfect healing of mind and body, and the spiritual growth of those seeking Oneness with their Creator. We at the City of the Sun pledge our help to any and all who come seeking. This is the Plan of the Spiritual Hierarchy. Let it be known, this is the City of the Sun's existence.

HOLD THE WORLD TO YOUR HEART

Greetings to the children of Limitless Love. I am known as Paul the Venetian. I come from out of the pink ray of Love and Life. I come to you in the gentleness and the softness of the vibration of Love, from the Most High Plane. I am filling this room with my pink ray as it swirls round and about your physical form and the chair where you are seated. I weave round and about your being pulsing vibrations of the Love of God.

I ask you for this moment to visualize your world globe. Visualize upon it the continents, the great bodies of water, and the land masses upon it. Now take the swirling pattern of Divine Love with which I have encircled you, and HOLD THE WORLD TO YOUR HEART with both of your hands and arms about it. Let Love, which I pour through your heart chakra, penetrate all of the land masses, the continents, the mountains, the deserts, the high places and the low places, the great oceans and the bodies of water, the great cities and the plains, the populated places and the deserted places, the cold frozen north and the warm tropical south, and let the Love of God flow from your heart to the world and all thereon.

Let this Divine Love which at this moment is being poured through your four lower bodies, your entire being, let this Love go forth to every man, woman and child wherever they may be. I send this pink ray of Divine Love to every living soul of America. Let us expand our Love Ray and project this Love northward throughout Canada and from the length and the breadth of this hemisphere, and fill it with Love, and flow Love out to all of life. Let us flow this Divine Love upon the ships at sea, on the oceans and the great bays, and to everyone who is at sea. Let the Love of God flow round and about every ship and vessel everywhere - the keeping, protecting, beautifying pink ray of the Love of God.

Then up into Europe and the northernmost parts into the nation of Russia, and up into Siberia, and all over the continent, to the north and to the south of it, to the east and to the west of it, I shed forth through my being this projection of the pink ray of the Love of God, everywhere upon the planet. Down through Australia, all through the African continent, and all around through the Orient and the great land of India I enclose them all in my arms of Love, and I project the pink ray of the Love of God through thy being at this hour, and send it round and round and about the entire planet to hold it together, to keep it together, to exalt Love in the human heart.

I send Love, the Love of the pink ray to all the world leaders of all nations. I shed forth through all of the national governments the pink ray of the Love of God and brotherhood and Love for one another, that mankind may awaken and come to know his brother in the Love of God. I call forth the Angels of the Celestial Kingdom, great legions upon legions of Angels, to encircle the globe and to weave round and about it, a great geometric pattern, an interlocking pattern of Love, that mankind will Love one another. AS the Love of God prevails throughout the Universes in beauty and harmony, so shall the pink ray of Divine Love be flooded upon the earth from the hands of the Angels who answer my call and do my bidding. I administer the energies of Love to the planet. It is my heart which bleeds forth everywhere at this hour, a new baptism of Love through my order that has gone forth, to increase and to step up the vibrations of the Love Ray through this Solar System.

I call for Love Meditations where souls shall gather together to measure the depth and the status of their Love, and the quality of their Love one for another. I call for the great ray of Love to cleanse and to penetrate every beating heart

with humility, the openness and the brokenness in the presence of the Love of God.

The Love Pay can solve every problem that besets your world. Love is the answer. Anything less than Perfect Love is the problem, but Love is the answer. Beloved Soul, are you motivated by Love in your personal affairs? Are you motivated by Love in your community affairs? Are you motivated by Love in your national affairs? Are you motivated by Love in international relationships and decisions? Anything less than Perfect Love is not only a part of the problem but a producer of the problem, but Love is the answer. The Love of God within your heart, operating, motivating every thought and word and deed can END ALL WAR FOREVER! Love operating on the human level can bring Peace and Harmony to all the other kingdoms and bring balance to your planet. But anything less than Perfect Love can bring destruction through disharmony.

Love in action in the affairs of humanity can bring a smooth and a beautiful transition to your planet as you enter the new dimension and the new expression of Love in the Golden Age. But anything less than Perfect Love can forfeit your participation in these beautiful things. My call has gone forth to every beating heart, a call for Love to be given its natural place in your lives, and your affairs in your future. Lay aside the clutter of lesser demands, the harshness, the coldness, and the callousness of indifference. Open thy being and call upon the Heavenly Father to LOVE THROUGH YOU AND THIS HE WILL DO. This is my call - to Love!

This is my benediction, the gridwork and the pattern of the Ray of Love that the Angels have placed around your world. I hold it in position. It is lowered enough for you to reach and pull down into your life and your world. It is NOT too late! There is still time to shed love abroad into all planetary affairs, and all the details of your personal lives. You are in embodiment that you might learn the lessons of Love. I have spoken to you from out of the flowing spiral of the pink ray of Divine Love.

A QUESTION ON TRUTH

ANN/AERIAL (channel) continues: I have received a letter from a Leader of a powerful Center in California, and he has received a letter which I'll read to you. It says: "I'm sure that this question is not at all new to most people, but recently I received a letter from a reader from overseas who was utterly confused because of numerous messages and articles by the various channels. They seemed to differ." He said, "Ann will you try to tune in and see what you can get on this?- so we can straighten out this paradox once and for all?"

So I did tune in, and I was impressed to bring this today. As I tuned in, The GREAT ARHURA spoke and gave me this message:

ARHURA: Let us begin with this premise: All is Truth on that particular Plane. When a certain Channel is capable of rising to a particular Plane, he received Truth from the Spokesman on that Plane. The Spokesman speaks in and on that Plane of Consciousness.

Then, let us take another channel who is able to rise in Consciousness to a much Higher Plane. Then it would follow that this Channel would give it as understood on that HIGH PLANE OF CONSCIOUSNESS. And so on, out and up this HIGHROAD into all LIGHT - THE ALL CONSCIOUSNESS OF THE ALL.

Now, all channels bring out a certain facet of TRUTH; and all of it is needed because of the many steps of Consciousness in this Mass Mind. And all must be fed with that which they can understand. Therefore, to give out the Higher TRUTH to the Masses would be of no benefit; and would only be confusing and incomprehensible to them. And so it would be rejected. Truth corresponding to their own level of understanding would feed those particular ones. It is very interesting, because at one time I went to a beautiful church, and as the minister was talking, I said, "Ch, but GOD, that isn't the TRUTH." And He said, "Ch, but it is truth; it is exactly what these blessed folks need." So I learned a lesson then.

Now, you are also aware that there are some Channels, who at times thru deep meditation, do rise to the Heights where they are able to reach the very GODHEAD. They do not always reach to that High Plateau; however, many do, and do serve you Beings who are growing and expanding in their awareness. You see, there are a number of such beautiful LIGHT CENTERS all over this Earth and they do serve a great need; and I just send LIGHT and LOVE to all of them. The Blessed Ones are doing such great work - Beings who are growing and expanding their Conscious Awareness and progressing upwards. And if WE may use the term: what WE want to make very plain, is that regardless of the particular place of mental awareness - TRUTH is still TRUTH, at that level, and fills the needs of individuals on that level that they can understand and relate to.

And so it is with all channels. Though none are perfect, yet they are used by our FATHER-GOD to fill the needs of all His Children.

As stated in the beginning, I AM ARHURA, The "I AM THAT I AM" This is a lesson to share. It is given in PURITY.

AT THE CITY OF THE SUN:

We continue to enjoy becoming acquainted with the Gleesson family. We do appreciate their work in our midst.

The Zawicks (Tony and Dorothy Rayburn) have had numerous visitors. Lyndo Hollingsworth of Modesto, California came by. Rev. Kenneth Ashhurst and wife Eileen visited. He was a missionary of Mexico and Central America for many years. Kenneth Reddick of Canada had a short visit and then returned for a longer stay, even driving Mrs. Hale to California and back. His friend, John Eschorr of Phoenix joined us for several days.

Althea and Elvin Noel were privileged to have a visit from Althea's son, Robert Ellis, his wife Claire, and their daughter Meri. The Ellises came from Massachusetts, and Meri from Texas.

A Thanksgiving pot-luck was planned, and then at the last moment quite a few of the City of the Sun residents joined with our Episcopalian friends in the Columbus area for a sumptuous dinner.

Nov. 18-29 Olie Mae Hale visited in California. First, she was with Robert Hale and family in the San Diego area where he was busy rehearsing for the opera season. Then she went to Sylmar to be with Elwood Hale and family for Thanksgiving and to attend some special church functions at which Elwood spoke.

Dr. William Duke of Vermont, and Bobbi Nowland Duke of Missouri (both recently of Iowa) are here visiting. They are interested in working with spiritual retreats. He continues his writing, and she hopes to work with children in the future.

Tony Zawick had a pleasant birthday celebration in Deming with friends.

As these stencils are being made our friend, Bill Van Winkle of Texas is arriving for several days, and we also expect momentarily our friend from Canada, Isabel Pearson to arrive.

Our City of the Sun family will have their Christmas dinner together in our community hall. Dorothy Rayburn Zawick is in charge. The many lovely greetings we have received from many of you will be used for decorations.

(Concerning one of our members who formerly resided in our community:)

Following her two lectures at the Reno, Nevada U.F.C. Convention on Nov. 14th, "Tuella" (Rev. Thelma Terrell) was presented a U.F.C. Certificate of Merit by Major Wayne Aho and the New Age Foundation, Inc.

It was stated that the acknowledgement was in recognition of her response to the Highest Call to Service and contribution through books and dedicated service to the cause of Interplanetary Fellowship in our Universe.

Tuella recently compiled and published "PROJECT: WORLD EVACUATION" By The Ashtar Command, which sold out its first edition of 3000 copies in six weeks. The second edition is in preparation. In November of 1980 she compiled "WORLD MESSAGES FOR THE COMING DECADE" and has been an active lecturer since then throughout the southwest. Her company, Guardian Action Publications, is Deming, New Mexico, based. She is a member of the City of the Sun Foundation and our former Chairman.
