PEACE

During these "end times" while some are still dwelling on chaos and destruction, sending out fear vibrations and negative thought forms, we at the City of the Sun feel led to help negate and transmute this misdirected energy by dedicating this issue of the Golden Dawn to PEACE. Also, we are planning a 24 hour Prayer Vigil For Peace starting Wednesday, July 11th at 8:00 P.M. You are invited to participate, either here or in your home.

How sad it is that some people do not yet understand or believe His words, "As ye sow, so shall ye reap". It is a Cosmic Law, just as the ripples go out and return when a pebble is dropped into a calm brook. We were taught to pray "Forgive us our trespasses (debts) as we forgive those who trespass against us (our debtors), and He said, "Love thy neighbor (fellowman) as thy self". What He is telling us is that as we forgive, so are we forgiven, and if we have not yet learned to love our true Christ Self, how can we recognize or love the Christ Self within our fellowman.

All the energies of the Universe are ours to use, as we so choose (Free-Will). We are Co-creators with God, in that we create our own little world and the world about us. We were told we could even do greater things than 'He' did, but "Ch, ye of little faith". Through fear, lack of understanding and negative thoughts (misdirected energy) we find ourselves on the brink of not only destroying humanity, but also our beautiful planet.

We are told we have help from the Higher Ones and from our Space Brothers, but They can not do our job for us. It is up to each one of us to realize that by our thoughts, actions and reactions so goes our individual world AND our planet.

We can change no one, or nothing, but ourself, our thought patterns, our attitudes. If we do not like what we are, or the conditions of our world, then we, as individuals, are the ones that must change. If we do not want nuclear war we must change our thought patterns from fear of war and destruction to thoughts of World Peace, Harmony and Brotherly Love with all the faith and trust we can muster. We must learn to have faith, to believe without question, without doubt.

Whatever we are capable of doing (creating) we are also capable of undoing. We pray it is not too late to reverse the misdirected energies and negative thought forms to positive "thought-imagery" of PEACE, HARMONY AND DIVINE LOVE.

Peace and Harmony: within self; among family; world leaders; all of humanity and the Universe.

Divine Love: of and for "All" life; self, fellowman, animals, the elementals;

all life animate and inanimate.

Forgive: self; family members; neighbors; world leaders and all humanity for ALL transgressions against ourself; our fellowman; our beautiful planet and its atmosphere. Forgiveness is an important key in spiritual growth.

It's time we grew up and assumed the responsibility of our own wrong thoughts and actions, and stopped blaming our spouse, children, parents, neighbors, world leaders, etc. for our present situations, whatever they may be. We are here to grow in Wisdom and Maturity.

Work with each one of the above individually. There are numerous ways of doing this. Here is a suggestion: Recognize your Oneness with your Creator (God) within you. (Pick the subject.) Starting first with Self (Forgive self, love self, etc.), image it, feel it, know it - without any doubt. When you begin to feel it within the fiber of your being then project that same feeling out into your home, family, community, gradually expanding it to all humanity and Mother Earth, until it encompasses the entire Universe. Hold the thought image (the one you selected) for a few minutes and then release it with thanksgiving, knowing that Divine Order is NOW being established within your self, your world, and the Universe, and that the Master's Plan is being fulfilled NOW, for the highest good of all concerned. Then proceed to the next subject and repeat.

Some may choose to work with the Violet Transmuting Flame, as well as imagery. Great! The important thing is to start doing it NOW, if you haven't already. Time is of the essence. "Be it done unto you according to your faith". Peace be unto you and the whole Universe. So be it.

Sarah Leonard, City of the Sun

We at the City of the Sun live in the Mountain Standard Time. If you would care to be included on our hourly schedule for the Peace Prayer Vigil (as explained on previous page) you may write or telephone Sarah Leonard - P. O. Box 356, Columbus or call (505) 531-2691.

From the song "Let There Be Peace On Earth":

Let there be Peace on Earth
And let it begin with me.
Let there be Peace on Earth
The Peace that was meant to be;
With God as our Father,
Brothers all are we.
Let me walk with my brother
In perfect harmony.

IT IS TIME

Visualize a planet of harmony. See the fellow creatures enjoying themselves in the Silence. Visualize the planet as whole and complete and feed that vision of World Harmony as you would your child nourishment. Let it become a reality, vibrating its essence as the creative activity within you. Visualize, for the planet's sake, World Harmony and allow the master vision to become actualized through your consciousness as Christed government on earth. I bring good news to the planet Earth that what man seeks will become a reality, for the gift of harmony is yours. Enjoy this beautiful light energy, divine created energy, as it stirs in you. And as you hear the song of the new creation World Harmony, join in this song.

the sacred song of creation, and let it become the focus of your lives. As you learn to focus on the world vision together, all Earth will be consummated in divine harmony, for peace will be yours.

But you must learn to focus your energies together for the planet to move into her new radiation as Christed peace. O, workers of My planet Earth, as you lift this planet together, world harmony is yours. This is the sacred planet of abundance where Man became God and all the heavens stirred with this manifestation of Truth.

My children of this Earth, world harmony is yours as you move together as a collective whole and join in true oneness to bring about the world harmony of My Life Stream. This strong Call is coming and it is for you to hear this Call. Collect as a movement to initiate the joy of the new vibration that is CHRIST IN MAN. Lift your hearts in song and travel forth as children of the Light. As you lift your hearts, so does the energy stir in your breast. It is through this energy - holy fire - that the new paradigm will become an actuality.

Focus on the golden age, on WORLD HARMONY, and join with your co-workers on planet Earth to bring in this new dispensation of divine energy. Join with your brothers and sisters in the Order of Melchizedek to introduce a new vibration of unity, ALL IS ONE.

Peace be amongst you and disease be no more. Let the movement of this great and holy Order of Melchizedek bring to planet Earth the vibrations of the Son. Let this Order formed in The Son restore this planet and give her peace. Let those who are called, answer the Call in joy. February 20, 1984

THE BREATH OF GOD

Our atmosphere contains a force known as THE BREATH OF GOD. When this BREATH is consciously inhaled, it can bring health and strength to those who make use of it in the right spirit.

When this BREATH is sent out, with thoughts of love and peace, the resulting vibrations will change the world. We invite you to work with us in the practice of THE BREATH OF GOD, to help yourself and those around you, bringing true peace and brotherhood to all of God's creation. Will you help?

THE BREATH OF GOD EXERCISE

Assume a relaxed, comfortable position. Now slowly draw in a deep breath from the abdomen holding the thought as you do so: "I WILL DRAW IN THE OMNIPOTENT BREATH OF GOD."

Retain the breath for five seconds as you hold the thought: "I SEND THE BREATH OF GOD THROUGHOUT MY ENTIRE BEING TO HEAL AND TO STRENGTHEN."

Lastly, as you slowly exhale, and with all the feeling and dedication you can muster, hold these thought vibrations: "I SEND OUT LOVE AND PEACE TO ALL HUMANITY."

The entire exercise may be repeated several times a day if you desire, but to begin with do not force yourself or overdo. Practice no more than three minutes at a time.

The power and results possible from following this procedure are incalculable, and its value and benefits will be quickly proven if you but give it a TRY. After

you have completed the practice be at peace with complete trust in your effort, knowing that even though the world may appear to be on the brink of disaster, WITH THE BREATH OF GOD THERE IS ALWAYS A WAY.

While THE BREATH OF GOD may be used several times a day, one of those times should be at 12:00 o'clock noon EACH DAY. As we ALL do this, a powerful wave of love and peace vibrations will immediately sweep around the world from time zone to time zone.

BEAUTIFUL PAINTED ARROW - THE WAY OF HARMONY

" a step is but a football in the direction of harmony."

At the medicine workshop held at the Brigade of Light Center in Charlotte, we introduced the participants to the new and yet ancient understanding of the mystical meaning of walking.

When we walk, the left foot as it touches the ground honors mother Earth - the feminine energy - and the right foot as it makes contact expresses the essence of father Sky - the masculine energy. In the hour-long quarter mile ceremony of "Healing the Earth and Sky" 45 people over the weekend shared in the creative art of walking - blessing and balancing and healing the earth with each step, and receiving the same in return.

"Staying alive and well" was the creed of the pre-columbian people on this continent, and the practices of holistic health were the result. Out of a tradition of walking for health came the idea of "awareness walking."

The medicine people of those years connected inspiration with the mind, body and soul by performing various ceremonies and rituals. Consequently, their pilgrimages to sacred shrines became forms of meditation and prayers to sanctify wellness and to maintain their sacredness in the cosmos. Today as in the past, the pure joy of walking is to stay alive and well and in harmony.

THE WORLD WITHIN

We ARE the world, the sky, the sun,
Beside us is no other one.
When consciousness expands, we see
That we are all - and all is ME!
I AM the universe - complete
With stars and galaxies at My feet.
The Power that holds these Lights in space
Is Mine, To look upon My Face
And LIVE is goal enough for thee.
So love and give in peace - be FREE.
This is the Truth - we all are HE!

DECLARATION OF PEACE (7th December, 1983)

I AM THAT I AM - I AM that YOU ARE. I AM that ALL IS.

I bring to you on this 7th December 1983 a DECLARATION OF PERFECTED PEACE, not only in consciousness, but also into the hearts and minds of mankind and from there to be brought forth on the physical plane.

This Declaration comes from the Highest Father-Mother God Source and comes from all Universal and Planetary Hierarchical Systems into the now I AM level of consciousness on Planet Earth, for all of Earth is receiving of this Universal Life Force. Nothing but Perfected Peace shall come forth. All other misqualified energies will be transformed into qualified energies. This must, and is being done on the Earth plane. This will first be put into action individually and collectively radiated out on the physical plane, so as to bring forth Permanent Peace; this being done by the one assuming the role of the Cosmic Christ Consciousness, and thus becoming the action of the Will of God on the physical plane.

You must also see the role of America (U.S.A.) coming forth also as the manifested Love and Peace to be first amongst all nations to bring Light, Love, Peace, Harmony and Understanding to all. (No more aggression being brought forth by the nation, only Peace in thought, word and deed.) In this way, and this way only, will this nation come forth and fulfill its Divine Purpose to become the action of Peace for all other nations and peoples to follow, and in this way will all upon your planet achieve Permanent Peace on the physical plane, no more ever to be involved with methods of conflict, only Perfected Peace.

As of this day, this hour, this minute I, the I AM OF ALL, Declare this to come forth on the Physical Plane.

I AM LIGHT, I AM LOVE, I AM-PEACE,

I AM ALL THAT IS

"SONG OF PEACE"

Since the above date at every sharing we have sung the following words to the tune of "Finlandia". The words are appropriate - America playing the Wayshower and all 'other Nations' following. For Peace begins with us - the yous and mes, the people, the consciousness. We make a great nation, and ultimately a whole planet.

This is my song, O God of all the Nations

A song of Peace, for lands a-far and mine;

1- This is my home, the country where my heart is,

Here are my hopes, my dreams, my holy shrine;

But other hearts in other lands are beating

With hopes and dreams as true and high as mine.

My countries skies are bluer than the ocean,

And sunlight beams on clover, leaf and pine.

2- But other lands have sunlight too, and clover,

And skies are ev'ry where as blue as mine.

O hear my song, thou God of all the nations,

A song of peace, for their land and for mine.

Help me to understand, Dear Lord,

That "Peace" must begin with me,

For I cannot change the world

While my neighbor with anger I see! mjs

DEAR FRIEND OF MAN:

Your race stands now at a crossroads of destiny. The next few years will decide whether the human species is so deeply flawed as to unfit it to continue on this planet. It is not merely the threat of nuclear holocaust that lies heavily upon the world, but the equally great risk of economic, political and ecological collapse. The human race has literally created the means of its own undoing.

Many have abandoned all hope that the tide of destruction can be turned. Others, though earnestly desiring to step back from the abyss before it is too late, are appalled by the sheer momentum of man's headlong rush, and they too have retired into apathy. A few believe that the course of events can be changed by taking affirmative action: through the media, or along political channels, or by civil disobedience. Though such steps can often alert others to the seriousness of the situation, they also carry the risk of polarizing opinion, of hardening attitudes, and of blocking the very consensus of goodwill which alone can achieve the goal which the activists seek.

The truth is that the politicians and military leaders - those whom the activists perceive as enemies - are not demons or ogres. They are merely human beings who have become persuaded that peace can best be guaranteed through military strength. Their error is in believing that they can forever contain the risk of a nuclear war by constructing ever mightier machines by which to wage one. Sooner or later the process must pass out of man's control.

But there is another way to work for peace and sanity - one that does not pit human wills and emotions against each other. That way is to use the combined power of many people to simultaneously create a thought image of peace - one which can touch millions of others through the subtle persuasion of the subconscious.

This method has already been successfully employed. In England during the Second World War, the Candle-light Movement called upon participants to light a candle or small bulb each midnight and pray for peace. It was so successful that the Germans concluded the British had developed some sort of secret weapon.

We ask your help to create such a thought-image, by setting aside a specific date and time to combine your efforts together. Many will feel most comfortable by praying for peace, as was done in England. Others may wish to visualize a world of peace and harmony. Still others will prefer to do various meditation exercises.

The nature of the contribution does not matter. What is important is that the greatest possible number of people participate. The power generated by many minds working together is awesome, and if enough individuals willingly take part, a tremendous influence for peace and sanity in the world can flow from their efforts.

Never before has the need for this concerted action been so great, for never before has humanity held in its hands the means of annihilating all life on this planet.

SPECIAL NOTE: To you Golden Dawn Readers who faithfully follow the J.J. Hurtak "Twelve Principles" we WILL finish printing them in other issues. We felt the following message was of sufficient importance to take the place of "Principles" for this time.

PLANETARY AFFAIRS - AN UPDATE

We would like to give you an update of what is happening to your planet, how this is reflected by the actions of humanity, and why it is that into each life has come a period of chaos, of change, decision.

Nothing is static. Your whole solar system is moving in the Milky Way Galaxy, and the Galaxy is moving in the local universe. Right now your solar system is moving through an intense electrical field. This electrical field will wrought great changes to your solar system as a whole, but most especially to your planet. The area in which you are now travelling is an area which even we enter into with great caution. It is marked on all our charts as a perilous position, to be entered into only with great difficulty and clarity of mind. The natural vibrational changes to your planet would not be as severe if you had not entered this intense electrical field at the same time. The electrical field might be likened unto your beautiful aurora borealis, but it is playing havoc with the Earth's natural protective barriers.

As the energy filters down through the various departments or vibrational levels, the physical world is subject to severe electrical storms or stronger than normal wind funnels (tornadoes, hurricanes, typhoons) such as you experienced during the abnormal winter season, and will continue to experience. Because of the severity of the electrical field, we see vast changes to the planet as a result. This means, that because of the intense electrical infusion into the magnetic field of the Earth, it must respond by discharging the electrical energy. One of the ways to discharge this abundance of energy is through vulcanism; or, as everyone knows, through earth movement.

If humanity had been in a state of consciousness in which their collective thought forms had been of a very high vibration, the Earth would be able to sustain the warping of its energy field without as many adverse problems. But that is not the case. Mankind has not evolved sufficiently in the time it was given to do so, to be of help to its own planet in its time of tribulation. Conversely, it is adding to the problem.

Thought forms, not of a Christic nature, tend to be drawn into the Earth itself, and various fault lines act as collectors for the negativity. At one time, it was the duty of certain mountain ranges to act as collectors of affluvia from growing humanity. The negative thought forms were washed through the mountains' minerals, leaching out inferior vibrations, and the energy returned to creative substance in a pristine state. That is not the case now. Just as a person's internal system can back up with toxins, the earth itself is becoming toxic from the pollutants of industry. More important, it is toxic from the pollutants of the mind. It is this, then, that is triggering the imbalance in nature. This year is seeing a more active cleansing, not in punishment, but a warning that there is no time left.

Therefore, in accordance with the electro-magnetic output in the starry skies around your planet (an astrological roadmap), the planet has entered into a period of disruption, triggered by the intense energy field through which it is passing, and the resultant growing negativity of its peoples. Vulcanism is being renewed with greater frequency and intensity, for longer periods of time, as a release valve. More

frequent earthquakes are also acting as points to release tremendous energy pressures. By the end of this year, and into 1985, our indications are that this will intensify. Now, what does this all mean to the human race? Well, it certainly means that it is going to be a very uncomfortable period for those who are not of the Light.

To those of you who are continuing to search for your own truth, large increments of spiritual energy are being granted to hasten your development. In some cases this may not be an easy period as it may mean the return of karmic responsibilities to be discharged. Everyone, however, is in a period of intense change; the signal that growth is in process. "Beware, Men Working" is the sign we see everywhere and it gladdens our hearts, because we know that there are the few who have taken to heart our admonishment to live up to the divine potential within. Think of it. Your soul's cycle has been speeded up, so that which might have taken three lifetimes to process under normal circumstances, can be processed within one disciplined lifetime.

The business of spirituality is not something that is nebulous or "churchy"; it is downright hard work. It means coming to terms with self. It means getting in there and working with self-esteem. These are the things to focus upon right now as your earth begins its transition. You may feel that we are out of touch with your reality, but we are not. We make this blanket statement to you: There are those who are meant to transit the earth plane through its changes. There are others who are to go on and become a part of a new age. It is individual choice. However, as you focus your attention on your own spiritual growth, you automatically generate protection around you. Keep to your activity at hand, continue in your places of work (unless otherwise advised to do so), and continue to GROW. The most important activity at this moment is your spiritual growth, for there are others in the world who will try to deny you that growth.

There are those who would make of the Earth a darkened planet through wars and strife. Planetary Hierarchy has given us permission to intervene should there be a nuclear attack so devastating that it would destroy the planet. Your planet cannot be destroyed. It is needed as a balance point in your solar system. Nuclear attack is very dangerous not only to the human body, but to the electrical currents of the "etheric body" as well. There is a certain consequence of the fission of materials which tends to warp the electrical portion of the "etheric", so that those who pass from the earth plane do so with great damage, which must be repaired later on in other dimensions. Mankind, having sought access to the very heart of life, is now using it as anti-life, and this has caused a grave problem for the Intergalactic Council.

If man is to become enlightened, he must have an opportunity to grow inwardly. Therefore, if it comes to the point where the will of certain people make it impossible for man to continue his evolutionary pattern, or even to survive, then measures will be taken to stop total annihilation. However, we operate within the confines of Cosmic Law, and one of the most important Codes states that a life form evolving on a planet must not be interfered with, UNLESS approval is given by those in charge of its evolutionary process. Interference must be in conjunction with, not forced upon humanity, in other words.

Nuclear fission was not meant for mankind at this point in his evolution, nor is it truly compatible with mankind. It has brought nothing but problems to the planet Earth. Consider Sodom and Gomorrah.

There is an alternative energy which has been "rediscovered". Somewhat on the

order of energy sources used in Atlantean times, it uses the electrical core of the planet rather than "crystal power." An ever renewable source of energy with no pollution! The neutralization of gravity will also become an important source of energy power and will be used in leaving the gravitational field of the Earth. When man of Earth is ready, we will give freely of our technology, so that eventually your solar system will become a Community of Souls. Keep the larger picture within your heart always through the turbulent times ahead.

Please realize how important your continued growth is to Hierarchy. Your Planetary Hierarchy has instigated a plan whereby mature souls are being brought to inhabit grown bodies, for there is no time to pass through the phase called childhood. Of course this is with the consent of the former owner of the body, and has been described at great length by one of your writers. "Walk-ins", as she calls them, have an important place in Hierarchy's plan to salvage the Earth and its people, and is an experiment which we are watching carefully.

This is the time described in your Bible as Armageddon. It is not necessarily a war among nations, but an individual choice to be made between Light and darkness. Without a doubt, this is a very serious time and we have given you a lot to think about. Nevertheless, there is always time for laughter, a time for fun; for spiritual growth is not for those with long faces. Let there always be a sparkle in your eyes, a glow of love upon your face. Let there be a perfect balance within, and then there will be a perfect balance in your world.

We are always with you.

RECEIVED FROM LADY MASTER SHEKINAH, 2:00 A.M., September 7th, 1983

Dear Students of Light:

The focus today must be on the Pyramid of Light which is to encompass the world. For those who are of the Light, it will never fail thee . . . Peace and Wisdom shall be thy reward. For as it was told long ago . . . "as it so was, so it shall be again . . ." And once again those Great Ones from the Hierarchical realms will come to walk on Planet Earth and teach the Great Truths of Higher Understanding to the multitudes.

For now only a small number are aware and understand . . . But in time to come it shall be that in every cubit of space on Planet Earth there shall be Light, Love and Understanding . . . For it was spoken thus a long time ago, and so it shall become Truth as ordained. And those who remain to become a part of the New World shall gain much Wisdom and then go on to Higher Realms of Understanding . . . For they shall become the under-studies of the Ascended Masters. For those Great Ones must be released to go on to further duties in other planes of space.

Each must know his destiny and abide by it. For in the Great Universe Beyond there is much to be learned and much to do.

You who are now on Planet Earth think only of yourselves, your personal survival and that which is surrounding you. It is time to release your mind to wander out

into space and become acquainted with other realms of being. There are many universes, many beings of great beauty and understanding, and your earth is on a very low scale at this point in time.

You who are now aware must become more so, as you will become the leaders of others. Know this and grow in Wisdom and Maturity . . . not to gloat over others because you know more, but use your wisdom to be their helper in time of need.

Wisdom itself can be an honored path to Beauty and Simplicity . . . For when one is wise, the path becomes straight and narrow, and only the simple things become a necessity. For when one knows and understands there is no yearning, no reaching out for that which is not known . . . There is only a great enveloping Peace that surrounds all that you are; all that you have become! For here you have reached a state of emission, where all answers ARE! One does not have to strive for attainment, one has become a part of ALL THERE IS, and ALL THERE IS, is in that ONE!

PEACE! My Children of Earth . . . Be gentle in thy understanding and thus grow in wisdom and stature so that the Laws of the Universe can be at thy command . . . And so it is.

INNER PEACE

INNER PEACE - that serene sense of Quietness which bathes the Soul and washes all the debris from Consciousness.

INNER PEACE - the inner Tranquility which soothes the worn Spirit, which erases the joyless gloom that emanates from a negative world.

INNER PEACE - That Peace which transcends ALL other forms of peace. It is the Peace that cannot be understood through human mind for it is totally ego-less, totally free of all attachments that bring anxieties to the human spirit.

My Suns, when you think of INNER PEACE leave behind all thoughts associated with the peace most beings conform to for THAT peace is truly a false peace. Peace, as given by man, is quickly lost - at a moment of confusion or disappointment, such peace vanishes. BUT the PURE, INNER PEACE of which we speak is E T E R N A L - a State of Being that is deeply in-grained within the Soul. No matter what the problems may be which invades your 'space' YOU can be at ease for Inner Peace prevails!

You know about Divine Love - now understand this: INNER PEACE IS THE CONSTANT COMPANION OF DIVINE LOVE. You cannot have one without the other.

Know this too, Suns of LIGHT. If you are truly anxious for world peace, world order and unity then let EACH ONE FIRST have INNER PEACE. You can have it. It is your gift but YOU must take it and YOU must USE it if benefits are to be derived. Begin by casting aside all selfish thoughts - by eliminating from your lives all unnecessary habits that cause you to cling to material attitudes - by seeing all things and beings as pure expressions of LIGHT just as you are - by concentrating, not on nationalism, but on UNIVERSALITY through unity and cooperation rather than by separation and differences. Have NO malice for anyone, any nation, any system. Let the INNER LIGHT of L O V E completely embrace you until you KNOW the pure Reality of I N N E R P E A C E - a Peace serene and Holy - a Peace joyful and compassionate - a Peace that IS UNIVERSAL and the Spirit of Divine LOVE.

AT THE CITY OF THE SUN:

Althea Noel, a pioneer resident at the City of the Sun Foundation, made her transition May 9th, 1984. She will always be remembered for her beautiful spirit and helpfulness through the years the Foundation was getting started. Her husband, Elvin Noel, still resides here.

For the first time, on May 12th, the Foundation took part in the monthly Flea Market held in Columbus. Eight of our members assisted with the sale, and it proved to be a profitable and interesting experience.

A lovely birthday fellowship was held for May Hastings on May 21st.

Carol B. Ely is now a member of the Foundation. Already we have found her to be a quiet, thoughtful and helpful member. She took charge of a "May Celebration". She fixed an unusual and tasty supper, and showed a thought provoking video for the members present.

Ron Sease from Deming visited a number of our members.

David and Blanche Harrison came by to greet old friends and see the progress made.

Allen J. Newman of Colorado/Alabama visited for two weeks and then decided he would become a member. At this time he has left to prepare for permanently moving here. We feel joy over his decision to be with us and work on the Project.

Dr. Jim Barton and Dr. Verlie Barton have made many quick trips in and out of the City of the Sun as they prepare to be here.

"Peace" is my humble name.
I stand at each nation's door
Hoping to be invited in,
No further waiting - ignored.

MY NAME IS "PEACE"

I could tell each man my secrets
How to dwell in sweet accord,
With each one respecting the other -
Trust, understanding be restored.

Christ talked of my way;
This His ideal plan too,
Each seeing the other as brother
With dignity, quiet strength imbued.

I came to the shores of America
Where portals seemed to be so wide;
Special interests, intrigue entered
Stifling Me from every side.

I continue My faithful seeking
For each country's sake.
Let the world accept its High Mission.
Let not devastation overtake.

So lift I high My banner.
May warfare entirely cease;
Growth of brotherhood increase
As Christ's Spirit is released.
