## DIVINE BEAUTY

In Autumn, the quiet season that becomes a restful interlude between the hurried pace of summer and the strenuous days of winter, an awareness of the Beauty of God - a Divine Beauty - comes closer to our hearts than at any other time of year.

With soothing brown and crimson and gold, nature transforms the landscape into an artist's dream, then adds the bright blue sky of October. We long to be out walking in the woods, soaking up the beauty of this sweet sad season - watching the sun leave its warmth lingering in the evening sky with sunsets that startle the mind with their radiance. As we stand and watch, the harvest moon, veiled in the silver mist of Indian Summer, adds mystery to the scene, in our imagination, corn stalks become dancing figures silhouetted against the darkening sky.

In this breath-taking atmosphere, we become one with nature and feel the warmth of the Father's love, and know we are in tune with all that is beautiful in the Universe - a Divine Beauty.

### Affirmation:

Today, as I recognize this Divine Beauty in the world around me, I become aware that God is the very essence of this beauty. I see the warmth of His love reflected in the autumn colors and I identify myself, my whole being, with this loveliness.

In this beauty, I am beautiful, and in my every thought and word and action, this beauty will shine through, manifesting as love and charm and grace. I see this beauty in others for they, too, are a part of this Divine Beauty that pours its infinite warmth and color and blessing over everything.

My mind is filled with a silent prayer of thanksgiving as I realize I shall never be separated from this Divine Beauty, for it dwells "..... in the eye of the beholder," and comes from the Living Spirit within.

"And let the beauty of the Lord our God be upon us ..... "Psalms 90:17

MESSAGE FROM LADY SHEKINAH given Monday, Jan. 17th, 1983 - 1:30 A.M.

Dear Students of Light:

Flight time is here. The Flight of the Dove is upon you. Each of you must get in the cockpit and stay balanced. For balance is the name of the game at this particular time. This is a warning - the negative force is trying to enter each individual soul personality. Each of you must be on guard at all times, every waking and sleeping moment. And I also say "sleeping" because I do mean just that! Do NOT go to bed with a negative thought on your mind. Release all that is not of a perfect, pure and positive nature before you close your eyes.

This is not an easy task by any means, because each of you will harbour some type of a negative thought. Now is the time to release this, for the thoughts of Purity and Love are so Light that they are easily taken over by the heavy thoughts of a negative nature.

It is time now to think and act. Those who harbour negativity are not going to be of any assistance or service to the Masters who need all the help they can get at this point. Negativity begets negativity..... The year 1982 was a year of mischief for all concerned. This coming year can bear witness to even greater forces of a destructive nature.

The WAR is on! That is why each of you must now stay securely in the cockpit of your own ship and be ready for action at a moment's notice. Never, for one moment now, must you let the barriers down. The Armour of Light must always be upon you. Your mind must ever be alert to the Higher Truths and Understanding Wisdom. You must learn, in the midst of chaos to step onto a higher plateau and give no part to the negative forces going on around you.

The answer to all this is: "Silence and Wait." Do not utter a verbal sound but mentally solve the problem from within. Loud and harsh words are a triumph to the negative forces. They cannot understand silence, nor do they know how to fight against it.

Dear Students, we need thee .... and so please accept our plea and take heed of that which we now speak. For only through this understanding can you learn to cope with the situation that is running rampant in the world today. Each one of you can quell the negative force around you and also those who are near you, during each day. So please learn to work with all types of situations that are running rampant in every city, town and country in your world today.

In the days to come you will realize my concern. We need a tremendous Army of Light Workers, but very few are qualified to work with us in this respect. Remember words of a positive nature can be spoken but thoughts and actions create a balance in the true spirituality of the Godhead.

In the ever-evolving forces of Nature, the energy patterns are now of such force that only the Light can work with them. All else works against these vibrations. Therefore the high electrical in-put which is now in these energy forces can eventually destroy minds. There will be many, before this era is over, who will completely lose control and go mad.

Remember, the key is perfection of Body, Spirit and Mind. Keep building with the Light until your Armour is so strong that nothing can invade its privacy.

We have spoken to thee before but never before have we felt the urgency of what the outcome can be for all, if action is not taken immediately.

SILENCE AND WAIT, PATIENCE AND PEACE ..... For ALL that IS can be saved, even if only a handful understand and give forth their true love. Each must be a brother unto the other, without jealousy or intrigue. For the Lion is now ready to take its quantum leap into a Higher Dimension..... and so it is .....

LOVE AND BLESSINGS TO ALL,  
Lady Shekinah, of the  
ORDER OF THE RED ROSE and  
THE GREAT COUNCIL OF ASCENDED LIGHT MASTERS

WHEN TASKS ARE HEAVY FOR YOU

"When your tasks seem a little heavy and overwhelming, remember just to do one thing at a time quietly, and leave the rest because the rest is not your job. What you cannot get through you must hand back to God, and He will work it out for you."

Master "G": No soul on this Earth is given more to bear than it is capable of handling. If this seems the case, then you should look in your sack of responsibilities and see if by chance you are not usurping someone else's problems that don't belong to you. Taking others allotted responsibilities only interferes with the lessons they promised to learn this time and forestalling your time that should be spent learning and progressing on your own path. This is why White Eagle says, "and leave the rest because the rest is not your job."

To give a coin to a beggar who is capable of earning a living only adds to the indebtedness karmically of a soul who has chosen to "cop out" this time. To give money to souls who are capable of working and adding the burden to those who do (through government subsidies) is also adding karmic debts to those souls in another lifetime.

It is true that sometimes a relationship or problem seems insolvable. That is the time to give it to the "I AM" Presence.

"Father, I can't handle this. It's too much for me. I give it to You, knowing that whatever needs to be done, will be done."

Then forget about it. Releasing it fully in the soul starts an alchemy towards the solution that invariably seems almost miraculous. It's a "letting go, and letting God," that invariably opens the door that seemed immovable. In essence, you "handed it back to God." It is true ....that FAITH moves mountains. You will never know until you try it.....

EXTRACT OF A LETTER FROM ANNALEE SKARIN

"Last night, February 6, 1951, I was awakened at midnight with the Keys of Overcoming being placed before me. There was a typewritten paragraph placed before me and I was told to not only memorize it, but to embed it into every little cell and fiber of my entire being until it not only became a part of me, but I actually became it. I read it carefully, word by word, and then got up to write it. That paragraph remained in my mind and seemed to be engraved on the walls of my mind in flaming words of Living Fire. This paragraph (below) "The Keys To Overcoming Death" I was told to continue to repeat to myself until it was established unto me, or until every part of my being understood.

"There may not be too many ready for this yet, but those who are, will love it even as I loved it, and they too will feel the quickening power of the Spirit of God fill their hearts with the Truth of this Promise. For what He speaks unto one, He speaks unto all."

THE KEYS TO OVERCOMING DEATH GIVEN TO ANNALEE SKARIN

"I AM Love and I AM Light! As Christ had Life in Himself so has He given me power to have Life in myself. Yes, within me is the Power of Life Eternal. No man can take my life from me. I have the power to lay down my life, if I choose, and I have power to take it up again. I have the power to hold it forever, for I AM Life."

D. & C. 50:24-29 - "And who overcome by faith, and are sealed by the Holy Spirit of Promise, which the Father sheds forth upon all who are just and true....."

THIS IS MY GOLDEN MOMENT

This is my golden moment  
This is my priceless treasure.  
The "NOW" is all I have  
To accept life's fullest measure.  
I can make this time divine,  
Or fill it with defeat.  
It is mine to decide each day  
The philosophy I greet.  
So cherish I this moment,  
See it enfolded in Light;  
Perfection happening in my plans, mjs  
Culminating in soul's delight. City of the Sun

SELF TRANSFORMATION

I am about to embark upon a special project - the most important I will ever undertake. For I have made the irrevocable decision to change myself back into the perpetually fit, joyful and youthful person I was born to be! I am turning completely to the positive, constructive out-look and preparing to take proper charge of my body and my life.

I will start by being as fair to myself as I would be to another. I will keep to the natural wholesome diet that suits me, take adequate fresh air and exercise, balance my times of being solitary and companionable. I will not overtire. Tiredness defeats good objective. These basic arrangements settled, I will proceed with the definite assumption of success. I will never deviate from that assumption. Because I proceed with determination and commonsense, I know success is sure.

Correctly used, thought possesses an amazing power to transform the body. Accurately directed, the body can regain its original pattern of vital and youthful wellbeing. It is a matter of coming into charge. Every cell of the body is being constantly renewed. Why should I assume decline or decay? We get what we assume. I assume health. I will succeed.

The odds are loaded in my favour, for I am equipped with a tool finer than the world's finest computer: the human mind. I am going to reprogramme it according to the knowledge experience has afforded. I know this knowledge is authentic. It cannot fail. So I will first call up the image and feel of my youthful wellbeing, when spirit, mind and body were as one. I will recall those times when I felt my very best, my fittest, happiest and most useful, and relive them. This is the pattern, these are the pictures which I will feed into my mind. In this way, I will reprogramme it to outpicture the real me as I inwardly know myself to be. For what PERSON WHO IS SICK OR WEARY BELIEVES THAT TO BE THE NORMAL STATE OF AFFAIRS? What person who is 'old' in years relates to age? What person who is miserable accepts that as the norm?

So I will deliberately feed in the information that represents my positive unchanging reality as I see it to be. I will thrill myself visualizing and recreating my feeling, as I call up my living reality of changeless wellbeing, balanced energy and vigorous good health. I will relive my reality until it is again the dominant repetitive pattern dictated by my mind to every cell of the body. I will feel the correct pattern taking over. I will rejoice, knowing that in eliciting response from the realm of feeling, I am actually bringing about the desired transformation. I will do this often, especially on waking, before sleep, and if I wake at night, for these are times when the mind is quiet and fully receptive. I will start each day with this happy technique for a transformed self and a more vital lifestyle. And each day I will keep the general tone of my thinking cheerfully optimistic and cause myself and others uplift.

I will look with pleasure on all that is beautiful, graceful, joyful and dynamic, knowing I am basically the same. I will appreciate the achievements of those who have keen senses and perfect co-ordination, for I am of the same. I will envy none, for what is there to envy? With persistence and commonsense, I will reach my goal. I will never give up. This is not a battle, it is a marvelous change to regain my birthright by letting go of the negatives that have crept into my nature. Light dissolves darkness, proving it unreal. Thought-power is the greatest power there is. It can sway nations, entire civilizations. So my personal transformation is perfectly within my scope. I have only to select the right information and work in harmonious consistency with my living computer. Success is inevitable.

I will be the fit, joyful and youthful person I was born to be - permanently.

TWELVE SPIRITUAL PRINCIPLES

PRINCIPLE TEN, TO GLORIFY ALL OF GOD'S CREATION, HONORING HEAVENLY AND EARTHLY ENERGIES, WHICH ARE MOTHER AND FATHER TO US. THIS TENTH PRINCIPLE THEN, SPEAKS OF THE MOTHER EARTH AND THE FATHER HEAVENS, SHEMAYEM, THE FATHER UNIVERSES ACCORDING TO ENOCH, WHICH ARE ABLE TO CREATE AND RECREATE. This process of wondrous creation is precisely that. The people on this Earth cannot understand the larger totality until they have some direct experience, or are taken out of their bodies, either through spiritual travel or through the physical dimension of the Higher Intelligence. When they take you out, you go through threshold clearances, and you begin to see how the Higher Teachings of the Masters could never be understood in the language of Earth man. The language structure is not sufficient. It cannot calculate, literally the myriads of the other structures that are there, the other dimensions. It cannot see down here how there are threshold grids out there, all having different light thresholds of spectre and spectra; and how each dimension has its own bio-chemical form of evolution, so we go from one creative dimension into another, and see the whole creation remake itself. Within the galaxy, our local universe, we see a wondrous creation taking place. To see the wondrous creation is also to see the Mother and Father forces of other star dimensions, including the grotesque beings that have landed on this planet from time to time. They have the Mother and the Father principal from their chemistry. We are to acknowledge them. We are not to worship them. We are to be one with the brothers and sisters of Light that have our image and similitude. If we worship them, we are still back in the category of worshipping graven images. We are still back in the category of worshipping their space vehicles as golden calves in the sky rather than following the pillar of Light of the B'nai Or, the Sons of Light that are taking us on our planetary exodus.

In all of this is the acknowledgement of the Ten Commandments, which Enoch explained to me in terms of ten light pyramids, and every commandment stood for a configuration of pyramids, and working with the higher science of the Living Light he said that man would find that there is a pyramid of Light on every evolutionary level. This is tied into a master control here on this planet and on every other space grid. Space does not exist, it's merely a replica of the chemical scenario of the person working out the glory of creation. The glory of creation then, is a glory that you share with the many creations. You cannot create in science without creating in art. The most perfect art is science; the most perfect science is art. You cannot create in the spiritual without creating in the scientific; the scientific without creating in the spiritual. You cannot create in art, astronomy, and cosmology without ultimately linking up to other astronomies and cosmologies. We're becoming the creative servants, the servant astronomers, the servant cosmologists of the teaching Brotherhoods of Light. They are here to open up the picture, to open up the frame, to elongate the spectrum if necessary.

So we come to the end of this consciousness time cell and recognize that we can go through beginning and end, Alpha and Omega. We don't stop there and say this is the beginning and the end. We worship the Messiah, or the Christ, or Maitreya, or the next prophet or Buddha, but we go through our threshold control of beginning and end, and participate freely in the other dimensions of Greater Intelligence. When you truly understand this, your heart begins to pulsate, your body throws off tremendous light energy, your eyes begin to sparkle. You begin to feel great happiness and sadness because you see everything must go through its cycles of death and rebirth. It's not simply in the abstract sense of simply happenstance relativity that we might be around, but you know that we will be around. You know that we will continue if we work with the Living Light and the spiritual teachings of the Living God. Because this planet is one of what the ancients call the lower heavens, one of the dust world

creations, the majority of the people have yet to find that Divine spark for real. So they tend to debate the notion of a higher Divine Mind or Infinite Mind. It's something that is there in the abstract sense. However, if they would begin to use the ancient texts, the sutras, the Biblical sections of song, of meditation, they would see as Enoch told me, that the Bible is a computer code structure of this time evolution. It brings together all levels of psychology, philosophy, cosmology, and astronomy.

The Torah Or, or the Book of Light, is the actual consciousness pyramid of Light. It's the capstone that you must put on yourself before the greater capstone comes down on you. It opens your crown chakra by virtue of all of the mathematical keys which are in there. Every Hebrew word is a cosmological constant of Light. You breathe it; you live it; you understand it. You break the circuit structure of death, which is the death of your self and your violence, and you go into the love projection of Yahweh or Yod-He-Vod-He, and the messengers will appear to you and open the greater text to you, and you will see how every mathematical code there is some dimension of the pyramid. Every mathematical code there in some way will relate to the circulatory systems within your body, the nerves and the spinal column. The mid brain, working with the primitive brain, cerebral cortex, the light synthesis known as the Lok-Boy-Mer is in essence the greater totality of the mind. With all of the parts working with this, you can understand how the Christ is the combination of the thirty-two basic chemical elements that are synthesized into the next light field, which is thirty-three, and how the thirty-three functions is for you to realize that there are three dimensions of the chemical shell and three dimensions of the electrical shell. The three and the three becomes the thirty-three. The thirty-three becomes the double bonding between chemical shells and electrical shells, between genetic programming, between the electrical shell of this Earth and the electrical chemical shell that we are moving into. So when we go through that Lok-Boy-Mer, that pillar of Light, we actually bring down into the physical dimension the potential of becoming like the higher intelligence.

UPDATE ON THE PYRAMID BUILDING AND PYRAMID FUND

We are becoming more aware of the importance of the pyramid with its special energies. This is the first structure which is being erected in this area of the City of the Sun Foundation's land - an area the Masters have told us will be a future healing center. We feel that this edifice will be a sort of catalyst for the Future Work a number of residents also feel led will be here. Many of the residents and many of the visitors have been interested in the "whole person" - a healing of body, mind and soul. This is not by accident, for there is ever a greater interest here in purification of the physical temple and spiritual growth. Many have, and have had, special skills, studies and interests along these lines. We feel the energies of the pyramid will assist "to a better life" for the community and individuals now, and in the future.

A PART OF THE FUTURE IN THIS DESERT PLACE:

Last Golden Dawn issue we didn't mention the pyramid for we were still waiting out the long time it took to secure a permit from the State so we could go ahead with the building. At last the permit arrived, and forms for the foundation were placed in the hole. The Inspector gave a "go ahead" signal on the actual laying of the concrete bricks. Then almost continuous daily rain held us up again, and so now we are proceeding with the foundation. J.R. Spurlin, and son Jon, have been working with us on it.

Concerning the Fund which had been set up to complete the pyramid building: As you recall, two-thirds of the cost of materials had been made by our resident members, Mr. & Mrs. Ralph Snyder. Quite a few of you Golden Dawn Readers responded in contributing sums to assist in the completion of the pyramid, and we are very appreciative of your help. The Fund is yet open for others who wish to be in on such a project.

We expect to make regular reports in the Golden Dawn.

MAKING SPIRITUAL EFFORT & PROGRESS

Blessed Ones, amid the turmoil of life on Earth ye (I AM) observe the many among you who continually think about your past errors. You are filled with guilt complexes and continually dwell on the wrongs you have committed. But, My Suns, that is totally wasted energy. Try to remember that these 'wrongs' no longer belong to you - they are of the past and should not be part of your recollection any longer. NOW you should concentrate on making spiritual progress - use your effort-your Energy in THIS manner.

Remember, dear Ones, that as long as you 'replay' the 'record' of old wrongs it will be constantly before you and you will go on suffering over unwise action of the past. My Suns, cast out such memories from your mind and do not repeat the negative actions or thoughts - just keep on making SPIRITUAL effort and you will discover a calm and peace which clears and purifies the mind of all past errors.

Retaining guilty feelings is often the result of mind conditioning from early childhood where well-meaning church leaders, teachers and parents emphasized human frailties and placed much emphasis on the 'impossibility for humans to be God-like! Rather than that, the emphasis should have been (should be) on a clear statement found in the Christian Bible: "Know ye not that ye are the Temple of God, and that the Spirit of God dwelleth in you?" Is not THIS the assurance that you are a God-Being, with the potential for Spiritual Perfection?

Psychologically if someone expects naughtiness from another it will certainly bring forth naughty behavior. But if someone expects GOOD behavior then THAT will be the behavior expressed. You are what you are expected to be - so consider the expectations of Father-Mother-God. He-She created you in His-Her image. Discard all the man-made notions and KEEP IN MIND the Purity, Light and Perfection that is YOUR inherited lot. FORGET the past ignorance and begin NOW to re-establish your relationship with Divine Mind-Energy making Spiritual gains DAILY. Think like Paul did when he said, "I die daily." Think of EACH DAY as a BIRTH day - a day of Re-new-All - of starting again. At the end of the day 'die' - that is, bury whatever ignorance may have surfaced and prepare for the New Day - the New Beginning - the New Birth 'tomorrow'. Let the Spirit of God WITHIN Guide and Direct you.

The greatest 'sin' of all is to condemn yourself as a sinner. That is an affront to Father-Mother-God, Divine MIND, which created you in HIS-HER I M A G E. The main thing is to continually THINK and ACT in positive ways, acknowledging your Pure Birthright, accepting each day as a NEW BEGINNING, letting go of physical-mental frailties as you become more and more deeply aware of your Perfect God-Self and in your Awareness become confident enough to allow the Higher Self to be in control. Then will Perfection manifest through you raising your Spirit out of the depths of guilt-ridden complexes. Once all ego is dropped away you will be a shining Diamond - a Gem of Life as you were created to be!

## AT THE CITY OF THE SUN:

Several members and guests from Deming joined us in our new park in front of the Community Building for our June "Celebration" Day. Member, Ray Schuckmann, a cut blood Indian with a tribe in California, was our host. Because of his knowledge of Indian Rituals and his interest in healing Mother Earth, he held an outdoor celebration Indian fashion. He opened with smudging of those present as we sat around the open pit for fire. The ceremony included the Medicine Wheel, smoking the Peace Pipe, and concluded by his leading us in an Indian chant. The delightful evening ended with a watermelon feast.

Our 24 hour PEACE Prayer Vigil had marvelous support! An entire New Age group in Sedona, Arizona, and one in California joined us for the total period; a number of local people in Columbus, N.M. and Deming, N.M. also, numerous members and individuals throughout the world gave of their time and energy toward our united efforts to establish Peace and Harmony within self and families; World Leaders, the elements and all living things. Praise God the Light Forces are winning the battle! We send love, peace and blessings to each of you that participated to help save our beautiful planet and its people.

Sarah would like to thank all those who wrote such loving and encouraging letters and sent us inspiring materials on Peace. A goodly number of which were used in our opening and closing hours of the Prayer Vigil. Bless you!

A special, special event for Rev. Wayne H. Taylor June 28 to July 1, was a family reunion here with his three sisters: Ernestine Armstead of the Portland, Oregon area, and Grace Adsit and Mary Cowgill of the Los Angeles, California vicinity. This was the first Taylor family reunion ever held. Mary and Grace had lived in Columbus when they were young. Margaret Epps, who knew them then, and still resides here, was the expert guide in showing them around, for actually Columbus was larger many years ago than it is today. So she often showed them where "things had been". On June 30th, fourteen of our City of the Sun residents, besides Mrs. Epp, had a watermelon feed and had the privilege of becoming acquainted with Ernestine, Mary and Grace. Wayne was so very pleased with the entire reunion!

The Drs. Jim and Verlie Barton are staying here in their motor home. July 6th they were the gracious host and hostess at a dinner given for the City of the Sun members. Dr. Verlie kept several stoves busy with her extensive and tasty menu. Carol Ely talked a bit on her recent meaningful trip to New York and New England where she kept a busy schedule with friends and meetings on "healing the Earth".

Each year we love to see the quail families wander through our yards, streets and orchard. One member saw 2 adult quail herding 27 young ones in perfect order! (They had probably acquired an extra family or two.)

Olie Mae Hale attended the Eternal Flame Convention in Scottsdale, Arizona. June 17th thru 24th. It was a great love feast with Charlie Brown, and other speakers, giving forth Light and Truth on the New Age and the Creation that is coming forth now. Olie felt confirmation of what God had already revealed to her of "Christ in you the hope of glory", and "It's just letting go and letting God have His wonderful way". The Word says "The wages of sin is death - so it's time to quit collecting wages and accept life, and that more abundantly. I Cor. 15:25-26 For He must reign 'til He has put all enemies under His feet, and the last enemy that shall be destroyed is death. I Cor. 15: 51, 53 states all changed from corruptible to incorruptible, for mortals must put on immortality; then shall come to pass that death is swallowed up in victory.

Our July "Celebration" became a delightful luncheon prepared by several of our members, and honored Dr. Verlie Barton's birthday.

Paul Lordi from Indiana, on the way to Arizona, stopped by a couple of nights to become acquainted.

(Continued next page - )

(continued)

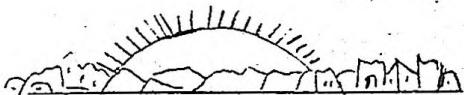

August 16, 1984 was a "leave-taking" by the members of the City of the Sun with Clie Mae Hale, one of the pioneers of our little community who had resided here since 1973. She has been hostess to members and visitors innumerable times during this period! We know a number of you Readers correspond with her, and her new address will be c/o her son, Elwood Hale, 13624 Mindora Ave., Sylmar, Calif. 91342.

Drs. Jim and Verlie Barton are purchasing Mrs. Hale's mobile home at the City of the Sun. Dr. Jim is already starting to fix up the little apartment in back for an office.

Helen and Andrew Webber just returned from an extensive trip seeing many relatives, and friends, and sights in western United States. Already they are at work roofing in their home addition. It is nice to have them back.

Friends of the Annalee Skarin teachings from El Paso and Amarillo, Texas, came by to get acquainted and share in the joy of her work.
