CITY OF THE SUN FOUNDATION

NUMBER 81  
(Nov.- Dec. 1984)

GLORIFY GOD THIS DAY

My Child of Life: Let us glorify God this day! And how can this be done? It is very simple!! To glorify God is to live consciously in His presence - to live to the highest that you can, knowing that you are in harmony with Life.

It is through positive thinking that you glorify God.  
It is through giving constant praise and thanksgiving that you glorify God.  
It is through creative living that you glorify God.  
It is through selfless giving that you glorify God.  
It is through loving Life that you glorify God.

As you develop that capacity to do these things you are becoming more and more aware of yourSELF. Thus you are glorifying your SELF which is God in you! You cannot do one without the other. You cannot think positively, live creatively, praise constantly, give selflessly, and love limitlessly without glorifying yourself and as you bring all of these attributes into focus in your life, you are glorifying the Father within.

What is glory but a joyous radiance? It is a beautiful light and thus as your 'glory' grows so does your joy deepen and your light increase and you shed a radiant blessing upon all life. Yes, God in you blesses every experience in your life. God in you blesses and glorifies you, your thoughts, actions and reactions. Your environment will reflect the glory. Your relationship with others will be glorified and you will be bathed in the scintillating light of glorious living! To God the Glory as it expresses through you. You are then the benediction which blesses and glorifies everything you touch.

Bless you, My glorious Children of Light. Bless you as you seek ever to glorify God through your own Life.

As you approach your Christ-mass, remember the song the angels sang "Glory to God in the Highest, Peace on Earth and Good Will Toward Men." If you have the glory within you, then you have peace on Earth and there will be good will among men!

"Glory" is not only a beautiful word but there is much power in it. So begin today to add more glory to your life, to glorify God in new and greater ways, and your Christ-mass will truly be a season of deep awareness of the Glory of the Lord

as the Christ Presence enfolds you in its glorious Love and Light.

Peace, My Children, glorious Peace to yours this Holy-day Season.

NOTE FROM THE GOLDEN DAWN EDITOR:

One of the quickest ways to raise one's vibrations is "to praise God"

With this in mind we are using several pages of this holiday issue for this purpose. So please "walk" through these pages letting your cares grow lighter, and your heart be uplifted as YOU TOO

PRAISE

GIVE THANKS

EXPRESS YOUR GRATITUDE.

WHEN ONE IS LIFTED UP

The time has come when those of Ascending Consciousness should be as ONE in declaring: "I AM the Strength of the Nations. I AM the Peace of the World. I AM in My Heaven and ALL is healed and forgiven. You know that the Holy (WHOLE-I) SPIRIT takes no account of disorder, disease or disharmony because IN REALITY ALL IS PERFECTION, but until people in general realize this, their urgent need is to know that the past is forgiven and ALL IS INDEED WELL.

Divine Ones, make Your Declarations of Assurance and stand firm in your Convictions of innate Wholeness, for this will permeate the vital planetary ethers and bring a NEW CLIMATE OF WELLBEING FOR MANY. This is your means of helping others to transcend their sense of all karma. The looking-glass of the solar mirror is clear IF THEY WILL BUT LOOK DEEPLY AND TRULY.

LIGHT UP YOUR WORLD WITH JOY. Be a constantly lit Candle of Solar Celebration FOR YOU KNOW THAT LIFE IS GOOD, THAT THE SOLAR REALITY IS JOY, IS LIGHT, IS LOVE. Consciously belong to the UNIVERSE OF REALITY and radiate your Joy beyond all sense of darkness or limitations. It is time for the angelic host which you are to make the concerted divine impact, time to be ABSOLUTE IN YOUR CERTAINTY OF PERFECTION, TO BE TOTALLY GIVEN TO ITS COMPLETELY RESURRECTING POWER.

THIS IS THE REAL MEANING OF THE RESURRECTION OF THE BODY AND THE SAVING OF THE WORLD.

One beautiful way to raise vibrations is to sing. These words from songs seem to be so uplifting whether spoken OR sung:

WE PRAISE THEE, O GOD

We praise Thee, O God, For the Spirit of Light,  
That has shown us Thy goodness and scattered our night.

All glory and praise, For thy likeness within;  
As the sons of the Father, Our triumphs begin

Rejoice and rejoice! Let the Son in you shine;  
Give praise and thanksgiving For Love that's divine.

Rejoice and be glad, For the life of today;  
And the promise it carries; I'm with you always.

Refrain - Hallelujah! Thine the glory;  
Hallelujah again!  
Hallelujah! Thine the glory;  
We praise Thee Amen.

A MORNING PRAYER

Heavenly Father, grant Thy blessing On each act of this glad day;  
Let, oh, let Thy Holy Spirit Lead and guide us all the way.

May Thy life flow freely thro' us, Purify us, heart and soul;  
Heal and harmonize and strengthen, Make us free, complete and whole.

Fill our hearts with true thanksgiving, Tune our lips to sing Thy praise;  
May Thy love, our lives expressing, Bless and hallow all our days. Amen.

REFRAIN: Glory! glory! Hallelujah!  
Glory! glory! Hallelujah!  
Glory! glory! Hallelujah!  
His Truth is marching on.

GLORIA

Hearken, all! what holy singing, Now is sounding from the sky!  
'Tis a hymn with grandeur ringing, Sung by voices clear and high.

REFRAIN - Gloria.....in excelsis Deo,  
Gloria ..... in excelsis Deo!

melts it, and stores for the dry season. Hatred and persecutions can be  
turned into good if received with joy and converted through love."

REFLECTIONS FROM SPIRIT

QUESTION: I know there must be a way to live abundantly and joyously, but I can't seem to get the "formula right". Any suggestions?

ANSWER: It is the Father's good will to give you the Kingdom, and abundance, peace, love and joy be yours every day. A few simple rules that might guide your consciousness toward accepting that truth are as follows:

1. First, there must be a DESIRE to change.
2. You must BELIEVE that you CAN change.
3. Start VISUALIZING what you hope to accomplish. Begin to SEE yourself prosperous and joyous, instead of sad and bankrupt.
4. Acknowledge that you are DESERVING of good - that you ARE the heir of the KING, not of the bondservant!
5. Begin EXPECTING miracles, and good, to happen to you.
6. Make your TITHE, for these are the SEEDS for great harvest. GIVE spontaneously and expansively with a sense of joy!
7. Give the BEST you have to offer into work, relationships, life - and fill your consciousness with HOPE.
8. Be KIND to YOURSELF. Love yourself, as you would have the Universe love and nurture you.
9. Stop criticizing OTHERS; work, instead, on YOURSELF and your attitudes.
10. Take the FIRST step. DO SOMETHING good for someone else, unconditionally, and without any expectations - just do it for the sheer joy of doing it!

These are simple steps, but they are moving in the right direction to make changes in your life. We are each responsible for our own little part of the universe, and it's up to us to create either chaos or cosmos. When we are ignorant of our creative abilities, and think and feel negatively, then destructive, unhappy actions follow. When we embrace Truth, and begin to discipline our thoughts, tempering them with tolerance, compassion and love, then ORDER emerges.

We aren't VICTIMS of a capricious "Fate", being struck down for no apparent reason. We are, instead, learning how to be "Gods", and how to create a heaven here on earth. As we make CHOICES, we build our world, thought by thought.

I've recommended these books several times, but again would remind you of the valued wisdoms of:

1. "The Game of Life" by Florence Scovel Shinn
2. "The Power of Your Spoken Word" by Florence Scovel Shinn.
3. "The Prosperity Secret of the Ages" by Catherine Ponder.
4. "The Mystical "I" by Joel Goldsmith.

CANDLE IN YOUR SOUL

The Light of the Christ has been given to abide in every individual in this world. All it takes is recognition to open the seal to the door in the heart where it is waiting in all its splendor. This Light that shines from within glorifies the Father "which art in Heaven". When one becomes conscious of this Light, one becomes the LIGHT. The Master said, "Don't hide your Light under a bushel, but put it on the mountain top where every man can see it." Once the candle in your heart is lit you will need no other way to climb up into the Higher Realms.

People who remain unlighted throughout their entire lives complain constantly about an 'emptiness' that they cannot seem to fill. Every candle that is lit in a cathedral, on a Christmas tree, in a home, is but a symbol of this divine Christ Light that waits patiently for you to release it within your own soul.

Love, praise and gratitude are the keys to all power and fulfillment within the soul. To be grateful for even a crust of bread will multiply that crust to a loaf, for that is the Law of Increase. The widow's oil was only increased after she filled all her neighbor's containers, and gave thanks - not just lip service, but gratitude released from the heart, the Christ center. If you concentrate your energies on the deficiencies in your life, you will attract more of the same, but being "thankful in all things" will open such a door of abundance out of Heaven, that you will be "hardly able to contain it all."

Light a candle as symbolic of the Christ Light and your prayer will storm the very gates of Heaven, otherwise it is just a bright decoration adding to the decor of your material world. You are an extension of His divine Light and ask how you can share your Light with the world - the angels themselves will come to enhance your Light and help it to shine brighter from within.

MANTRA: "In Love, Praise and Gratitude, I ask the Christ Light within me to not only illumine my path, but all those who walk beside me, and may the Christ Light grow brighter with each passing day."

Messenger: Noree Liang Pope, #3, 2312 Heidi Place, Santa Rosa, CA 95401

LORD MICHAEL: -----

My beloveds, your Light is like the beautiful desert rose, illuminating the desert with a beautiful hue. Radiate your Love Light into all the World that it might spark a flame of Love in the hearts of others. Be as blazing infernos, as the Torch Light of God, that other men and women may come to know a higher source of power and Light within their lives. As We charge you each, in like manner, We ask all those on this side of the veil to do likewise that the veil be rent and raught but Love and Light prevail. This is your true 'mission', to bear Light in all situations, in all environments, in all circumstances, to be as like your own Higher Self - Radiant and self-less, Loving beings. Let this then be your motto, to "Let Light Prevail", to let It shine continually in a never-ending stream of unfailing Light, for the Light of God can never fail (3X), and the Beloved I Am Presence is that Light.

TWELVE SPIRITUAL PRINCIPLES

RELATE TO ALL ADVERSITY THROUGH OUR HIGHER CONSCIOUSNESS, WITH BLESSING AND NOT CURSING. ONCE AGAIN, RELATE TO ALL ADVERSITY THROUGH OUR HIGHER CONSCIOUSNESS, WITH BLESSING AND NOT CURSING. It is very difficult to accept adversity and persecution with the human consciousness, with the human reason. There is no reason at all why the medical doctor should accept acupuncture as an additional dimension of energy. Acupuncture is working with a space relationship which is more biophysical than medical. It speaks of other pathways of life energy which can be put into the body. The body, according, can be made into the image of the other energy shells. The patient can be shown that he has many energy forms, many energy embodiments. In a like manner, the adversity, or the quote "enemy force", has to be shown the higher love or the meaning of all of this through a higher consciousness. Where a higher consciousness is patient, loving and forgiving, he will in time give to that person the higher experience. Now hate and death and persecution work in the short run, and the governments of the world and the so called liberation movements, which are liberation from the earth plane but not from the spiritual, are thinking of violence. But you really don't accomplish anything by killing somebody because, still that karma is there. That karma has to be recycled and can only be done through a higher pulsation of Light. So the thought form of that person, or the Light structure, will come back into a bio-chemical genetic pattern again and again. We are locked in orbit and the Chinese are correct when they tell us in the I Ching text that we are in chains to the planispheres. That person may not be that person, specifically in that realm of consciousness, but that Light Force will come back again and again, and it's only the ignoramus that thinks by killing someone he really kills someone. There is no death, there is only relativistic displacement.

You have to begin to transform the Light Force into a new code through a power that actually works, and that is through the power of the Living Light of Love, and the Love of the Living Light. The Tibetians call this Phowa, and the Hebrews call this the Nartoomid, the Eternal Light, and it's really there. It's on a dimension that goes beyond the common physics. Now when you plug into that dimension you have happiness of heart, you have moments of sadness and anxiety like everyone on the earth plane, but you truly acknowledge that ultimately everything remakes itself. If you are going to relate to your enemy or adverse circumstance, then you have to let that higher energy work on that enemy or that adverse circumstance. In reality you really have no enemy; that construct is in that person's mind or in that situation, and to move through that you have to allow the power to ultimately conquer that thought form. Therefore, no one is to be forced or converted into any consciousness relationship, and this must come as the next step in graduation.

The Brothers of Light are coming to the Earth Plane because many people down here are ready to graduate into the next dimension. This is synchronized by the over-all meridian change of the planetary mind which is going to put on a new skull cap; and the whole shell of the Earth will change. The inner hydro-dynamic fields are going to allow that skull cap to change very very quickly. While it's taking place the arc of Light will be seen and experienced.

Dr. J. J. Hurtak, P. O. Box FE, Los Gatos, CA 95030  
 (The concluding Principle will be in the next Golden Dawn.)

CONTINUED EMPHASIS ON "PEACE"

If you would like to carry on an "on-going" peace emphasis, we suggest one way is to become acquainted with the book, "Peace Pilgrim - Her Life and Work in Her Own Words, as put out by

Friends of Peace Pilgrim  
43480 Cedar Avenue,  
Hemet, California 92344

(Suggested donation was \$6.00)

Excerpts from the Book:

"The Way of Peace - This is the way of peace: Overcome evil with good, falsehood with truth, and hatred with love.

"It is hard for people to understand that all war is bad and self-defeating. People in their immaturity attempt to overcome evil with more evil, and that multiplies the evil. Only good can overcome evil.

"My simple peace message is adequate - really just the message that the way of peace is the way of love. Love is the greatest power on earth. It conquers all things. One in harmony with God's law of love has more strength than an army, for one needs not subdue an adversary; an adversary can be transformed.

"Be a sweet melody in the great orchestration, instead of a discordant note. The medicine this sick world needs is love. Hatred must be replaced by love, and fear by faith that love will prevail.

TRANSMUTATION

I AM THAT I AM, THE ALL CONSCIOUSNESS OF THE ALL:

I shall speak on TRANSMUTATION. What does this really mean? It means changing the atoms of the body to survive in this changing atmosphere, for a dense body cannot survive the "Change". As the Earth is being drawn up into the Sun, the Rays are much finer, the vibrations higher, and as a physical body cannot function in the 4th dimension as a physical body, so the gross, or dense flesh cannot stand the radiation of the coming acceleration of the Earth. Therefore, the admonition, "Be prepared".

Now, how does one prepare the physical? You have been told this in your Bible: "Be ye renewed by the renewing of your mind," and so it is now the same admonition. If you know you are a spiritual being and your flesh, or matter is subject to your word and thought, do you see it is you who must transmute the gross into the finer. This shall be accomplished, for within the very atmosphere is the Breath of Life. It shall sustain you even though material food is lacking, and as you breathe this Breath it shall change the very atoms of your body, purify, or change over into a body that shall stand the Change.

This is merely a process of evolution and can be witnessed even now as you ponder upon the conditions, climatic, that man lives in on Earth. The man in Iceland must condition his body to stand the cold; the one in tropical climate likewise is conditioned to tolerate, or be quite comfortable during intense heat. And so, this wonderfully made body of man is ever conditioned by the CONDITIONER within who knows all your needs. Be at peace, for all is forever well with you now and forever more.

JOY IN YOUR HEART

Start the day with joy in your heart and thanksgiving on your lips - there is so much to be grateful for - this raises your consciousness immediately.

To start the day in a muddle and a blur is not helpful to yourself nor to your family nor to anyone. If you are feeling critical of someone, find some thing in that person which is positive and good. Concentrate on this until you feel love flowing through you to that person.

Be patient, loving and never at any time despair of any soul. Somewhere, somehow you will be able to touch that which will bring new life and joy and hope. The key is there, hidden away perhaps. Let this be like a treasure hunt, one clue leading to the next until the soul is reached. Persistence is essential. Some souls are more difficult to reach than others and they are so often the ones who need to be reached.

Choose the difficult ones; do this with My constant help and guidance and you cannot fail. Bless all, give thanks constantly, fill your heart with Love and radiate this to all you come into contact with.

I am your Guide. Walk in My path doing My will.

STAR DWELLER

This world where I'm a dweller is they say, a Star.  
How wondrous to be steller, as Suns and Comets are.

How lovely to reside in so luminous a place -  
We would see it shining if we were out in Space.

For, it to be so bright I'm sure, there has to be  
A little of the Light coming out of me.

MY THOUGHTS ON PRAYER

Prayer is a two-fold process consisting of giving thanks and creating positive images of perfection where we perceive incompleteness or lack (need for change). In giving thanks we affirm our recognition of the joy of life and the abundance of gifts we receive through the love of creation, and the creation of love. Through the process of giving thanks we quiet our minds, relaxing our perceptions of personal "needs". This allows us to contact the creative Spirit in ourselves, thus connecting us to unfolding perfection. Evolution or unfoldment of the present perfection into the future perfection is the developing image of infinite creativity, God. Prayer, then, leads us to perceive our role in the evolution of consciousness. We can then be about our work more directly and confidently.

Give thanks.

PYRAMID PROGRESS REPORT:

The erecting of the 7 course high concrete block foundation for the pyramid has finally been accomplished. J. R. Spurlin has done an excellent job of it. Filling the blocks with concrete and placing the anchor bolts is next. Then, installing the 2" x 8" wood plates will follow. This is the actual base for the structural frame-work of the pyramid. Before too long now the diagonal timbers will be raised. The apex will be about ten feet above ground level. Up to now the block work has been done below ground level and hence there is not much to show that we are building a pyramid unless you are near the location. The diagonals will really show up. We are told by those who can feel the flow of power, that the erecting of the four diagonals will actually begin a portion of the flow of power. Our progress report in the next Golden Dawn might have some interesting things to tell you about this.

AT THE CITY OF THE SUN:

With all of the extra rains the Foundation has had an on-going battle with MANY EXTRA weeds! Of course, MANY wildflowers bloomed as well!

An eight sided gazebo is being put up in the Park area. One big day's work for most of the menfolk was working along side a back hoe putting in the new sewer lines for the six new lots near the Vortex.

Drs. Jim and Verlie Barton gave a pancake breakfast honoring the Emergency Rescue Unit Workers in Columbus. The community members of City of the Sun were also invited. Bob Spriggs, the head of the Unit, told of many of the squad's functions. The Barton's friends, Leona Boyd and Betty Sanford from Truth or Consequences were also present.

Sept. 21 to 23 the Village of Columbus had a variety of events recognizing the Fiftieth Anniversary of the New Mexico State Parks. Of most importance was a dedication of a new area in the Pancho Villa State Park located in Columbus. A number of our residents took part in different activities of the event. (We understand Andrew was even too good at horseshoes!)

Steve McClendon joined the City of the Sun Foundation at the October Members' Meeting. He is a personable and gifted young man.

October 13th was the date of a pancake breakfast given by the City of the Sun Foundation to raise funds for the Columbus Emergency Rescue Unit. The Columbus Fire station was the place of service, and sale of tickets and donations totalling \$261.32 were received from many interested people. It was considered an outstanding success.

Drs. Barton were very busy displaying their art work in the Deming Public Library for October, as well as the Luna County Fair. Dr. Jim's daughter, Dorothy Blackman, and husband James, of Agoura<sup>a</sup>, California visited, as well as friends, Lucille Craver and Gene LeParron of Northern California.
