CITY OF THE SUN FOUNDATION

NUMBER 86  
(Sept.- Oct. 1985)

(This issue dedicated especially to ALL Light Seekers, and Workers With Light.)

"Ye are the light of the world. A city that is set on a hill cannot be hid. Neither do men light a candle, and put it under a bushel, but on a candlestick; and it giveth light unto all that are in the house.

Let your light so shine before men, that they may see your good works, and glorify your Father which is in heaven."

(From Matthew V)

## "LIGHT" - THE BEAUTIFUL FORCE

Greetings in the "light" of Our Radiant One, I am Korton.

Awareness is in the air. It fills the ethers with positive vibrations of enlightenment. It is the awareness that there truly is more to life than meets the eye. Seekers of truth and wisdom are recognizing that they are not alone in life. They are perceiving that there are beings tuned in to their existence who have a sincere and loving interest in them.

It is not commonly understood by persons on Earth that their lives were pre-planned for the most part before entering Earth incarnation. Nor are most persons aware that they have had other lives on Earth, that life is meant to offer persons experiences for soul growth, or that they might be involved in karmic situations dating back to past lives.

From an Earth level of perception, much of what occurs in life is a wonderment. Why does this happen? Why doesn't that happen? Life appears rather hectic as the unexpected always seems to occur. There seems to be no way to control one's life. Is there a way? Yes, my friends, there is.

Prayer is most valid and beneficial. God is illimitable. God with infinite wisdom has structured life in the universe so that every divine manifestation can have help and guidance when it is sought. Prayer calls attention to need, and prayer can bring the most appropriate aid to a being at that time. Know, however, that what is deemed appropriate is left to the discretion of guidance at other levels. Persons of Earth sometimes think prayer is meaningless because of their perception of its results.

Spiritual guides, God's helpers, often will not interfere with a person's

pre-planned Earth life. There is, in fact, a universal law against involving oneself in another's life plan in such a way as to change the plan. However, guidance can help the existing plan. Becoming aware of guidance is the key to more rapid awareness unfoldment. How can this be done?

We are workers in the "Light", or "Lightbearers" of Our Radiant One - God. The "Light," the strongest most beautiful force in the universe, is the power which manifests the will of The Creator.

Commanding, or invoking, the "Light" to aid oneself is the right and privilege of every being in the universe - a little known fact to Earthpeople. The "Light" will work only as Our Radiant One intends, and this intention is prescribed in the Divine Plan for the universe. Hence, a person cannot direct the "Light;" he or she can only focus it on a situation and let it work as it will.

The answer to receiving, perceiving and knowledgeably following "Lighted" guidance is to use the "Light." Invoke the "Light" for guidance. Invoke the "Light" on all phases of your life. Invoke the "Light" for others. Invoke the "Light" for your planet, the solar system, the whole universe and all who inhabit it.

The more one uses (invokes) the "Light," the more "Lighted" guidance is drawn to one. The brighter one becomes because of using the "Light", the more attention one brings to oneself from "Lighted" spiritual beings. The more "Lighted" one becomes, the more one becomes aware of life's true meanings.

Using the "Light" brings guidance. Using the "Light" brings awareness. Using the "Light" brings enlightenment to that planet because of your presence there. Invocations of the "Light" are first perceived at angelic levels. It is angelics who have assumed the role of "Light" helpers at other levels. They can do nothing, however, until a being invokes the "Light".

Seek and ye shall find is a truism. By invoking the "Light" on given situations, you are calling attention to yourself in the angelic realms. Your commands do not go unnoticed or unattended. Patience must be exercised on your part, however, for the "Light" works in its own time and only as intended, as stated before. Often the "Light" will work in a situation without anyone perceiving change taking place. It is a very subtle power, but a very strong one.

Love and "Light" are inseparable. They are like two sides of a coin. As a person becomes more "Lighted" through use of the "Light," he or she is perceived as more loving. "Light" and love bring to a person what you call charisma, a rather undefinable power of attraction which characterizes enlightened beings. With your Jesus of Nazareth and beings known as angels on Earth, this charisma, this brilliance was described as a halo or the Christ light.

Can you tap this power? Can you become "Lighted" and loving? Of course you can! Use the "Light" every conscious moment you can. You do yourself and the entire universe a great service when you do.

In the "Light" of Our Radiant One, I am Korton. Adonai.

## A CLASS ON THE LIGHT BODY AND THE NEW DIMENSION

Let's talk about the Light Body, the actual physical, material change that we are all going through!

The Light Body is the Christ Consciousness Body, the overlapping body of Truth, the body that Jesus brought to Earth as His own. It is the Consciousness body of reality. It knows no separation. It is the wonderful body of the Lord or divine Word in you. It is a new dimensional body. It is immediate.

Your physical body, the body you have known as your body, is undergoing changes. Layers upon layers are falling away, revealing a less denser body, a body of light. How rapidly you are changing depends on your consciousness and your vibratory rhythm with the Lord. "I will draw all things up unto Me." I first became aware or conscious of this body of light when I underwent a frequency change called "translation". It was an inner experience that created an abrupt physical change. My diet changed - even my voice. I joined God in a different dimension than I had ever experienced before and I knew that we were one. That Presence pervaded every cell and molecule of my body. It was the glorifying of the flesh.

Several years ago a very strong message was given to me: It was that I was to "teach" concerning the body of light - that I was to talk about it and urge people to accept that body as their own. This was the stabilizing essence of my message, that the body of light was freely given to those who were conscious of the Lord, to those who were willing to be one with Christ. I was impressed with the words that this body (of light) was freely given, that it was important that we accept it and become aware of it, so that it could BE in us.

Now the reason that this body is so important is because we are entering a new dimension where we speak the Word in union with God; we command. The creative energy rises - in perfect pitch with the Voice - with such a force, so dynamic, so powerful, that the intense heat and radiation of this new life fire, Universal Energy, would destroy the dense body. The body we have known as "our body" would not be able to stand the vibratory heat that is the rhythm of Christ or the Life Energy. Do you see why "self-mastery" is so important and the disciplines of your I AM Presence? Without these disciplines, you would not be prepared for the next step in the Light-awareness.

This Light Body is the armour of Light; it is the spiritual energy body. It is the transparency of the Truth. This body becomes very anchored and very strong. You are energy in this body, vibrating pure energy, and you feel the strength surging through your body. It is the creative level of existence! Such a body belongs to Fire. In the body of light, you have command and dominion in all regions and all spheres. You don't have to be worried about being "grounded" in this body, because you are grounded. You feel it. You know it. You, because of the spiritual energy and the light that you are, can move, if necessary, without an airplane, as Consciousness in the rhythm, in the Spirit, and the nature of God.

So, the body is changing its texture. It is becoming Light. It is very important for you to remember what I tell you because the changes are coming very quickly. Earth, herself, is becoming a radiant sun, a beautiful body of light. The body of Light is the unfoldment - and here is the key - of your own consciousness as your reality through the form. You see you become what you truly are.

The momentum has increased on this planet. It is due to conscious realization

through Jesus The Christ, and avatars and teachers before Him, that now we have an explosion of conscious unity.

When you become consciously aware of Truth, it affects your whole household. Consciousness waves are released that move out to touch and glorify those near and around you. The vibration is electric. Those affected don't know why they feel better, lighter! So it was in Jesus' time. He knew the Truth of Be-ing, that He was one with God and He spoke that Truth out. He lifted our Earth by His consciousness and forgave us all in His heart. Such a forgiveness cannot go un-noticed. As He walked through death declaring, "It is nothing" and said to His disciples, those who were gathered together to meet Him, "I am alive. I am real." that lifted the consciousness and set the momentum for this planet. He created a vibratory charge at that time that stimulated the atomic structure of our Earth. We are in the last stages of this increased momentum. It could be tonight when we hit that quantum shift, that paradigm shift, and we find ourselves part of a new heaven and a new earth. This is an act of consciousness. (10/20/84)

#### EXERCISE FOR STRENGTHENING OF THE AURA

As you visualize the cosmic white-fire radiance around yourself, do not be concerned with the errors in your thought that through the years may have intruded themselves upon your consciousness. Do not allow yourself to concentrate upon any negative quality or condition. Do not let your attention rest upon your supposed imperfections. Instead, see what the light can do for you. See how even your physical form can change, how a strengthening of the bonds of your health can occur in body, mind and spirit. Try this exercise, simple though it may seem, and know that many ascended beings will be performing it with you

Begin by visualizing the threefold flame expanding from within your heart. Now seal yourself and your consciousness in a globe of white fire; when you are ready recite the following words with utter humility and devotion.

I AM light, glowing light,  
Radiating light, intensified light.  
God consumes my darkness,  
Transmuting it into light.  
This day I AM a focus of the central sun.  
Flowing through me is the crystal river,  
A living fountain of light  
That can never be qualified  
By human thought and feeling.  
I AM an outpost of the Divine.  
Such darkness as has used me is swallowed up  
By the mighty river of light which I AM  
I AM, I AM, I AM light.  
I live, I live, I live in light.  
I AM light's fullest dimension;  
I AM light's purest intention.  
I AM light, light, light  
Flooding the world everywhere I move,  
Blessing, strengthening, and conveying  
The purpose of the kingdom of heaven!

where they are nourished and grow to the glory of the Father. These are the "glad-some toilers" in God's fields who live the holy life of Love, Truth and Power; who rejoice that they can serve God in any capacity that will be for the benefit of fellow travelers on Earth. They tell people the Truth and set them free, so they too can become part of the Kingdom of God.

The last Sower of the Seeds of Light on Earth was Jesus the Christ who said, "Go and do likewise." He also warned his followers and listeners that the "sower may not come again in this or in the age to come." (Aquarian Gospel of Jesus the Christ, page. 166.) But as evidenced by the many believers in Truth today much of the seed the Master sowed did fall on good ground and brought forth fruit to feed the Soul of man. If this were not true, every man, woman and child on this earth would be trekking to a temple today leading an innocent lamb or bird to be sacrificed in a pool of blood to appease the dubious appetite of gods and goddesses, or even one God worshipped in fear.

Are there hampering stones (crystallized Light) in your path? (Or in the path of others?) The place to start is your own patch of Earth of the soul - your own small acre. Then will the way be made clear for you to serve others, and no stone can remain to bruise the Spirit and make you stumble and fall.

Not too far in the distant future, all the stones that evil has nurtured will be removed from the living fields of Earth, and God's lands will all be fertile for God's Seeds of Light.

Those whose hearts are hardened against Truth and refuse to give up the stones that pervert the Soul will reincarnate on two planets being formed and will have the opportunity to start all over again on virgin planets still full of chaos and natural development. They will share these bare planets with souls of like mind. God's Laws are immutable.

We pray that all stones of the soul will be transmuted to Seeds of Light in the cultivated fields of the Soul. For the wheat and the darnel grow together waiting for the harvest of God's children not too far in the future. The wheat will be part of the New Age, and the darnel will be disposed of as the Father sees fit. It is not for us to judge.

FROM THE TEACHER ORION:

Our child, thou who art so easily discouraged because the Light thou wouldst outshine seemeth often dim, know this - there is only one Light. He who shineth forth but a candle flame of that Light may reach someone who would be blinded by a more powerful illumination, being not as yet ready for it. The degree of one's spontaneous selflessness determines the resultant degree of one's outshining of the Light. Therefore, our child, be content to outshine every day, everywhere, the candle gleam of thy present understanding of, and thy present attainment unto the Christ Love, the Christ Light and BE AT PEACE. GOD OF NATURE

Your spirit in all the world of nature  
 is so strongly in it -  
 The world of all things is so much your spirit  
 and nothing more -  
 That it is no wonder the world of leaves and winds  
 tell me they breathe nothing but God.-  
 are conscious of nothing else -  
 and say nothing but God, their life.

AT THE CITY OF THE SUN:

On June 27th Mr. & Mrs. Clyde Clary, Lockheed Space & Missile Engineer and Specialist from Van Nuys, CA and Deming visited Dorothy Rayburn Zawick, artist now residing at City of the Sun. Also present were several members of the City of the Sun: Rev. Wayne Taylor, Helen Webber, Jim Hill, Wm. Switzler and Helen Till, an artist from California who was visiting Dorothy.

Two young people from France known to us as Patrick and Sophie were here several days. Different residents were host and hostess for their meals, overnight lodging as well as taking them to see nearby sights. She was a friend of a lady in Jean Michael's group in France.

A lovely surprise visit was had from Constance Arnot's friends, Yvonne and Ken Farewell of Oklahoma.

Our friend, Bill Van Winkle of Texas was again able to spend a weekend here.

Always it is a "big moment" when another mobile home is moved in. July 18th was arrival date for Jim and Barbara Hill's mobile. They are busy getting settled.

A family reunion was enjoyed by Drs. Jim and Verlie Barton, John and Bill Barton (sons) of Washington, D.C., and Dottie Blackman (daughter) of Agoura, Calif. were here for a wonderful several day visit.

We have had an unusually active and heavy "rainey season".

Special Appreciation - -----

You have, no doubt, noticed the pictures of our Pyramid? We are grateful to our members, Drs. Jim and Verlie Barton for making this possible.

-----  
The mail brought a beautiful sheet on "The Changing World" from New Vision, P. O. Box 4314, Hialeah, FL 33014.

They ask that anyone interested "HOLD THE IMMACULATE VISION" of the Earth.

"May the Light shine forth from all of you to the whole earth, for the need is great. The penetration of your vibration, the vibration of Light, is gradually turning the direction of the physical energy about.

By your willingly joining with other Light Workers all over the world you are creating a Light Force strong enough to bring the planet into alignment for the fourth dimension, ETC. ETC "

They enclosed a Special Page for those interested to become Light Workers for the Planet at this time.

We feel that you may wish to become a part of this. At least send enough for postage, and send for the entire beautiful discourse at the address given.

## SOME OF OUR MEMBERS HAVE A RARE PRIVILEGE

Resident members, Jim and Barbara Hill and Gabriel Hannon recently returned from a four-month stay in North Carolina where they studied Native American Medicine under Chief Two Trees. The Chief helps people to heal themselves by using a combination of herbal therapy, nutritional supplements and body manipulation. At his home in Old Fort he treats as many as two hundred people a day. He has had remarkable success with people who have not been able to achieve healing by any other methods they tried. He was born into the Bear Clan of the Cherokee Tribe and has been trained in the traditional ways of the Medicine Man since childhood. At a gathering of all the tribes of Canada, Mexico and the United States several years ago he was chosen Principal Chief of all tribes of North America. Our members who were privileged to study under this great man have brought back a portion of this knowledge and intend to sometime establish a similar practice here.

In April of this year Chief Two Trees delivered a lecture at the University of North Carolina. Here are several excerpts from that lecture: our

"This is a prayer offered at the beginning of all gatherings of people. It is the Pipe Ceremony. The first offering of the pipe is to the North. The color of North is White, indicating purity, pure spirit and intent, and wisdom. For before we begin a journey we should determine our spirit and intent. Our second offering of the pipe is to the East, whose color is golden and whose name is knowledge. When we have determined our spirit and intent, we seek knowledge. Our third offering of the pipe is to the South, whose color is green, whose name is giver of life and whose way is love, for this is the power that all things must operate on. Now we are armed with spirit and intent, knowledge and love. Then we offer the pipe to the West, whose color is black and whose name is truth. For is not the Truth hidden in darkness until it is illuminated by spirit and intent, knowledge and love? With only knowledge you have nothing. With only spirit and intent you have nothing. But armed with spirit and intent, knowledge and love then you may know the Truth when you find it. For we should determine our spirit and intent before we embark on any mission, any journey, or any task.

"Think about who you are as an American. You are the descendants of the bravest, strongest, most intelligent people in the world. Amongst our European brothers, they left the place where they were born, left their loved ones, knowing they would never see them again. They made their way to a seaport, got on a rickety old ship and crossed, usually carrying their own food, and got to this country. They usually couldn't speak the language and had no money. They made their way to the frontier, and established a homestead. Most of us have that blood descending down to us. That took a brave man, a strong man, and it took an intelligent person, for the weak ones and the timid ones perished along the way. Amongst our yellow brothers, the same thing occurred. They came as laborers. Only the most intelligent, bravest and strongest survived. Amongst our black brother, who were sold into slavery by their own people and made that rough crossing and survived slavery, only the most intelligent and strongest survived, like the rest of us. Amongst my own people, through 350 years of war only the bravest, strongest and most intelligent survived.

"So the common denominator we have as Americans is that we are the descendants of the bravest, strongest, and most intelligent people in the world. And we tell you, let those things our forefathers did to one another lie buried. And let only their knowing be lessons to us, that we can never look on one another as one of us being superior to the other. It is interesting to note that over 70 percent of all Americans have Indian blood. (This has been confirmed by the Smithsonian Institute.) Anyone whose family has been in America for 3 generations has a strong probability of having Indian blood. So the Indian never left the land. He is here now in the genetic heritage of that 70 plus percent of all Americans of Indian blood. This is especially apparent among our young people who imitate the Indian dress and customs.

The time has come to share the old legends and to bind up the wounds of our Nation and heal the wrongs that have been done to the Earth."

Chief Two Trees is available for consultation every day except Wednesday and Thursday (emergencies excepted). His address is: Native American Studies Institute, Rt. 2, Box 90E, Old Fort, North Carolina 28762. (Phone: 704-668-7368) He does not charge for his ministrations. However, most people give a Love Offering.

MY PEACE PACT WITH MYSELF AND GOD - NOW!

As a Child of God I want to assist the Earth, and my Fellowman, and Myself so that we may have "PEACE ON EARTH" NOW!

I recognize my need of wearing at all times "Light filled glasses" as I look at myself, my neighbor, and all inhabitants of the Earth. My duty is not to make "my neighbor over", nor to have him/her fit into my personal life style. My supreme job is to recognize him/her as ONE OF GOD'S BELOVED CHILDREN. (As I am too.)

ONLY thoughts of Blessing, and Love and Harmony MUST go out from myself to others. If I feel disappointed in the actions of myself or others, this MUST be transmuted, for "as a man thinketh, so he is." I MUST create a total climate of Peace, Harmony and Love for myself and ALL others NOW! This IS my part of the world. This IS MY responsibility for Peace HERE AND NOW!

Father God, help me this day to understand and forgive anything less than perfection.

I, \_\_\_\_\_, make this

(Your Name)

pact TODAY to live to the highest within myself, and project it to the Earth around myself.

(M. J. Switzler, City of the Sun Fd.)

THIS IS A SPECIAL PYRAMID UPDATE:

This shows some of the craftsmen building our pyramid at the City of the Sun. The work progresses slowly, mostly due to time commitments.

We are most gratified with the response of you, our Golden Dawn Readers, in assisting us to finish securing the needed materials for this project. All labor is being donated. We do not build ahead of the available funds.

As this goes to press, we have even more of the outside finished.
