WHERE DOES THE TIME GO?

Many feel pushed for the time to do everything they think they want or should do! This pressure will continue to be felt by those who are not in the flow, who are not harmonized with the new vibrations which are permeating earth. You have been told that the time has come when there is a change in the vibratory rate of earth life. This is true and it is causing many changes both in the experiences of human life and in the planet also. To you who feel frustrated because there is 'not enough time' we would say - be patient, there is all eternity!!

When one can come into a harmonious rhythm with Life he will find that he can accomplish all that is necessary without being pressured. It is those who 'fight the clock' who find themselves always racing to get things done. To flow with Life is not difficult. It requires the understanding and acceptance that all is in Divine Order and then act accordingly. This may sound difficult but in reality it is the simplest way to live. As long as one is eternally 'trying' he is setting up barriers to his own good, for to try creates tension. If one 'lets' things happen he is free from tension, the tension of trying. This does not mean inactivity! It means that one accepts what life offers and uses it for his growth. If there seems to be an obstacle he finds that in reality it is an opportunity for a new experience. One must be active on the physical plane. It is the attitude toward Life which makes the difference between flowing and fighting, between not enough time and timelessness.

In the eternal plan all things will be accomplished. There are so many things which are unimportant and yet mankind is so tied to them that he is unable to see the larger plan. He keeps his eyes and attention on the material aspect of Life, and fails to realize that Life is so much more than daily duties to the physical. There is joy to be experienced, beauty to be seen, love to be shared, and so much more for those who are ready to accept Life in its fullness. These are all timeless. They will never cease to exist. Long after all of the material world is gone, the Divine attributes will still exist.

Tune in to the Eternal and time will cease to be a burden. Time was made for physical life and one must be governed by the clock to carry on his physical life, but he need not let it control his inner life! One can live by the clock and yet not be affected by it for he knows that it is only a temporary commodity to assist him in his physical life. When there is no longer a body there will be nothing to measure time - clocks will be no more. Thus, the inner man who is eternal knows not the hours or days but only IS.

Bless you my beloveds. Begin to see the timelessness of Life and let your daily life take on the serenity of knowing that there is no time in the eternal, but plenty of time in the physical. Let not your hearts be troubled by the new vibrations but blend with them and find the rewards which are there. Again, I bless you with eternal Love and Light.

INFINITE WELL OF POWER

Selah, Hosanna, Vasu, Barogous!

Welcome to the great Infinite Well of Power. You have been initiated and accepted into this most secret place of the Most High. This is where the Inner You is dissected. This is where you will see yourself as you really are - through the mind of your soul. In the eyes of the Father you will see yourself. You are privileged, beloved, to bask in this radiance, to know the truth that does set you free, to know your responsibilities to the Father and to yourself. Did you know, dear ones, you are responsible more to yourself because the Father is in each and every one of you? You must answer to yourself. Now is the time for YOUR great soul cleansing. Search it. Search thyself, beloved. Are you being true to thyself? Thyself is thy great provider, a great guide, a teacher, thy counselor, thy spark of the Father, given you; very precious, You are guarded well. Now you must meet yourself face to face. And only you judge yourself. You and you alone within the closet of your consciousness and mind of your soul was given by the Father, inviolate forever; cannot be violated. It's inviolate. Take these words to that sacred part of you, brothers and sisters. Love, Barogous, Love, brothers and sisters. The word Barogous applies equally well to sisters. What you have heard this evening, I think it was described as second class citizenship, is wrong. That is not the way of the Father. What Father would categorize his children as such? The image and likeness given you is equal in all creations. You are given the power within yourself, this mind of your soul, equally. Remember this always, beloved. I speak from the center of that part within you. I am you, speaking to YOU from this composite frequency we are using. The voice is all of you speaking back to you. This is your voice you are hearing; the Impersonal Self speaking to you as an entity. The Impersonal Self, beloved, is something that you should dwell upon and think about and compare, talk with, love, use, judge by, this Impersonal Self. It is perfection, as you are perfection in thought. Only through improper thinking comes imperfection.

Become one with that Self within you; that secret place of the Most High; that mind and soul within you. Become one with that and you will become perfect, as it has been said that the Father in Heaven is perfect. Heaven, beloved, is within, the real you is within and you are one with that in reality. Only in the illusion of thought in the time and space frame of reference does this appear that you are not perfect. Imperfection - always a by-product of illusion. Remember that. Perfection is not a by-product; it is the ultimate - what the Father has given you. The ultimate perfection which is constantly being carried further and further as the Infinite Self furthers itself in Love, and what is beyond Love. There is much, beloved, that cannot be shared in this manner, through the voice, and a great deal that cannot be shared in thought, but within this secret place within yourselves you can find this happiness, this great truth, the true meaning of being born free and being perfect, the whole history of why you are here, what pact you made before coming here. I use the word here to mean the present lifetime, the present vesselship on the planet Urania, the planet Shan, the planet Earth, the planet Terra. There are

many names. What I mean is the time and space frame reference that you are living in the physical, the mundane life that you are living. That is what I speak of. The other end of the spectrum is the perfection I also speak of. That is you, the real you. That was given by the Father, and in the soul there is no sexual connotation, male or female. You must know now, beloved, that that was done by men in the physical frame of reference.

Unfortunately, those who reportedly wrote the sacred words in the Bible, referred to as the Holy Bible, were men. In their perfection became imperfection in thought. It is unfortunate, but true, that the Father's teachings are not depicted in the religious movements of today. It is sad, but it is true. That is one of the main reasons why you are here in this vibration and hearing these words from the core of yourselves. We are created equal. That is the Father's way. You know within yourselves, equal creativity, this you know. Alas, alas, many churches also follow this doctrine of down-grading one half of civilization, the half that carries the great love polarity, which is named here the negative polarity which is really a bad word to use. It should be called the love polarity. I think, maybe, we should refer to that as the positive polarity for the male body, the Love polarity for the female body. That is much more precise, exacting and correct in the final analysis.

Beloved ones, become one with this Self we speak of, this Impersonal Self, this secret place within each and every one of you. The secret place, of course, is at beginning of your thought stream. That is where the power merges and that is, of course, the Infinite Well Power we speak of. That Infinite Well draws its source from the constantly multiplying and amplifying power of Love by the moment. As you are attuned with this inner spark of yourselves, you will feel the increase within. Outwardly you will tear the white blood we call tears, the cleansing. You will feel this in the heart center of your light bodies. You will feel it in the area of your heart in your physical bodies. Do not be afraid to attune with this great vortex. It is truly a vortex within the selves; definitely not contained, of course, in the physical body, because, dimensionally speaking, this physical body of this size on this planet Earth can never contain the real self. You exist in an entirely different media; entirely different dimension, so to speak. Some of your bodies, by comparison, may be larger than the planet you live upon here. The body of Brother Sananda would astound you if you knew the true dimensions. At times it is very painful for these Great Beings to corporealize themselves on the physical level as He is doing this evening. It is very painful, as you would say, to shrink ourselves into a head of a pin in comparison. I am speaking physically, as well as in love. So, beloved, during this meditation, during this attunement with thyself, directly with this Infinite Well of Power, bear in mind the purpose of this meditation.

For you to know the truth and to be free and to perfectionalize your thinking do not think imperfection. To think is to create. Beloved, why create imperfection by thinking such - thinking that I cannot do this, I cannot do that. Is that not negative thinking? Think positive. Think in love. Think perfection, and you will see yourself change. You will become that that you really are. Always, always thinking is creative. Thinking is creative. Love is perfection. Love is creation. Remember the Father within. That is the point I am speaking of, the Impersonal Self, the Father within. That is you. You are your Father within. You and your Father are one. Sananda in this incarnation as the carpenter's son, Jesus of Nazareth, made that statement, "I and the Father are one." That is what He meant, beloved. Think very deeply on this. The truth, beloved, is beautiful and is so simple. At times I marvel at the beautiful simplicity of the creation of which we are all a part. Yet, within ourselves we are an independent, separate entity of creation. We are very self contained. Yet we have a oneness; we have a relationship with all other creations. It matters not where those creations may be located, geographically,

vibrationally, in thought, in love, within Infinite proper. It matters not. We have a relationship. Remember this one binding Cosmic Law. Every creation has a relationship with every other creation. It is part of the phenomena we speak of as Omnipotence, Omniscience and Omnipresence. We are separate, and yet we are one. WE ARE SEPARATE AND YET WE ARE ONE. It bears repeating.

You can conceptualize this to give you a picture to grasp. It is very difficult in any language. You are entirely separate and apart and yet you are one. You may think of water composed of individual atoms and yet it flows as one. That's as close as we can get in this vernacular here. We are all molecules in a great ocean of water except in our case of Love. We are separate, as the atom is separate, yet we are one. The atom is separate yet within itself it is composed of many particles not yet known to any science. Think you are that. You are composed of atoms, and you have a seed atom and go within that you will find your spark, you will find your Secret Place of the Most High. The seed atom can change geographically as far as your body is concerned, can be repositioned, sometimes in the heart, sometimes in the groin of your system, sometimes in the feet. This is all sacred, beloved, but is a very happy occasion too. Get to know your real self, that real you inside. That's where you owe your allegiance to. That is the God - the closest you will ever get to a personification of God is yourself. You are an incarnation of God yourself. Each and every one of us. All levels of frequencies, all dimensions, we are all the same. It is true that some are a little further along in their progression than others. Would you have it any other way? If every one was created karmically in perfection and left there, you would have a static creation. But you are allowed to separate, divorce yourselves from the perfection and go through several stages of evolution (as you are doing here) graduate, and when you go back and again you want to be of service and again you divorce yourselves from your true consciousness, come down to help your wayward brothers and sisters return to the path. Take that to heart. Think about it as we say now we are gradually bringing you down, emerging your spirit thinking with the physical. As my voice is coming back to the normal physical you are also coming back, but we are keeping this alive in your consciousness.

Keep in mind what the real Impersonal Self is, that is the God. You are an incarnation of that, the Impersonal Self. That is the only God, the Father within. Yet within is vast. As within the Self is that seed atom, the eye in the needle we speak of quite often. You will find this vastness of the Self in each and every one of us. That's where the Father is, and you ARE an incarnation of the Father. Remember the expression, "I and the Father are one", "You and the Father are one." Together I AM which means when you speak, use the "we" the editorial "we" - the "I AM" consciousness. So as you begin to talk and use the word "we" you are speaking of the totality of yourself, the inner as well as the outer.

Hopefully the vibrational rapport will help you to grasp these points. It may well be that several weeks will transpire before you fully understand this, but you will understand it. This is the time that was planned for you to understand this and be merged with your True Self. As Free Will will always be involved in these things, how you react to this is strictly up to you. Nobody is pushing you or holding you back. You will have to be a self starter. The only person you have to please is yourself. That is the weakest part of your God within. The secret place that you have within your being, you will find it a wonderful place. You are alone, and yet you are not alone; you are part of it all. Sweet Paradise. Right now let's bring yourselves out of meditation. You should be very close to the physical.

THE WHITE BROTHERHOOD

Greetings in the White Light of Our Heavenly Father, I am Zanadar.

I extend to you my love and appreciation from realms of loving existence for all you do for the advancement for my home planet, Earth. I am Zanadar, elder of the Council for Human Awareness. It is my extreme pleasure to be given the privilege of sharing with you information on the fraternity of advanced Earth souls known as the White Brotherhood.

What is The White Brotherhood? First, white does not refer to racial skin tone. Our membership is composed of all Earth races and cultures. Brotherhood? The Lord Jesus proclaimed His desire for love of all mankind during his ministry. Our brotherhood is based on love and caring. White is the color of purity, purity of thought, action and deed. Purity is a symbol not unlike clarity. Clarity can be described as a true perception of what is. A true perception is one which is unadulterated by foreign factors.

At a given level of soul progression one reaches an awareness of what is pure thought, action and deed. When one does, we know we have a candidate for our brotherhood. Membership is optional. Most who qualify are pleased to sign on. Dues are not high. One simply commits oneself to the betterment of mankind on Earth.

We are generous with life memberships. Each neophyte receives one upon completion of first mission. We are not sexist. Men and women make up our organization. We operate both in physical and in spirit. The "Light" and the White Light are essentially the same. It is a matter of semantics. Large numbers of our brotherhood are present on Earth as incarnates. They operate somewhat incognito in most cases. The current Earth mission affords us the pleasure of working closely with "lighted" beings from all over the universe. We are most grateful for their "lighted" assistance on our planet.

There are thousands of us who have achieved a goodly awareness as human beings, but the number is somewhat small compared with Earth's total population. Why? Earth has been an enigma to members of mankind throughout the universe. Earth also is somewhat an enigma to those who call it our home. One must remember that there are all stages of soul awareness present on Earth. Very young souls and very old souls tread the same highways and byways.

Under the universal law of cause and effect, karma, souls need time to work out a balance in soul existence. There are no mistakes in life, only actions and reactions. Even though a soul pre-plans life experiences before incarnating, once here the soul is unaware of such planning. If there is karma to be balanced from previous lifetimes, so shall it be. It is karma which causes life to be perceived as violent, traumatic and unfair in many instances.

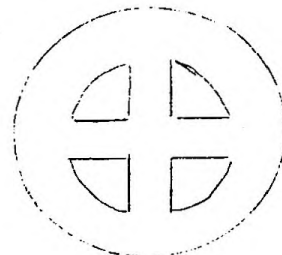

What is happening in these times is that there is no more time left for human beings to resolve the imbalances of their soul existence on Earth. The planet is changing. Earth souls either have to raise their vibratory levels of awareness to compatible levels of New Age Earth, or they are going to have to depart. It is comforting to know that there is another planet ready and waiting for those who are to depart.

If Earth is truly an unenlightened planet as it has been depicted, how could anyone advance one's awareness level to pure thought, action and deed? Free will, my friends. If one chooses to live a goodly life, a life of giving and sharing, one

positive karma which is much to one's credit. What holds soul progression back? Temptation. Along the path of Earth awareness are countless attractions which can alter the direction of life. They offer a soul numerous learning experiences.

It is not necessary to experience every possible life situation to gain soul awareness. Those of us who have achieved the status of The White Brotherhood somehow have been inclined to bypass some of Earth's challenges which seem to have tempted others. Temptation seems to imply wrongdoing. There is no right or wrong in the universe. There is only one's perception of events. This would seem to conflict with the Bible passage known as the Lord's Prayer - "lead us not into temptation". What Lord Jesus was trying to get across to his disciples was that they should not stray from their task of pursuing righteousness if they were to attain the kingdom of God on Earth. He was urging them to pursue the truth with firm resolve. Temptation, then, is the sidetracking of direction in pursuit of one's goals.

In summary, The White Brotherhood is a guiding force for persons seeking awareness of their greater truth. We work in physical and spiritual realms. We are not etherics. We work with space intelligences and beings of etheric realms to bring enlightenment to Earth. The White Brotherhood symbol, a white cross within a white circle on a magenta background serves as protection for all enlightened beings on Earth. You need only to send the thought "I invoke the symbol," and we are there to help you. Try it. You'll find it works.

We love this planet. We love the "light" you bring it. In the name of the Father, the Son and the Holy Ghost, I am Zanadar.

THE LAW OF GIVING AND RECEIVING

Everything in Nature moves in circles. What goes out must come back. Unless the seed is sown it cannot bear fruit. There must be a planting time for every harvest. Who gives all receives all. Who refuses to give limits the possibility of the greater good returning to him.

Love and you will be loved. Extend joy and you will become more joyful. The ancient Talmud says, "God will doubly guide the already guided," and Jesus, the greatest of the great, said, "Give, and it shall be given unto you; good measure, pressed down, and shaken together, and running over, shall men give into your bosom. For with the same measure that ye mete withal it shall be measured to you again." (Luke 6:38)

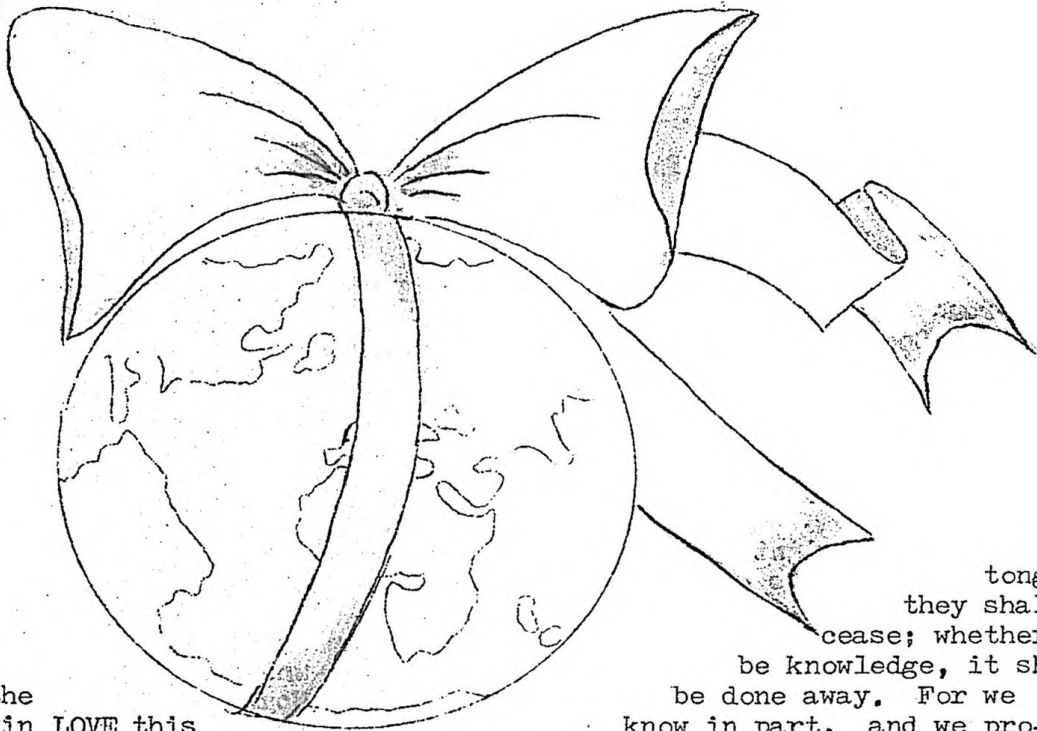

We do not give because God needs the gift but because the giving increases, broadens and deepens the life of the giver. Nor shall we give from the standpoint of duty. The Universe refuses to bargain with us. It already has given us everything it has. But it also has provided that the gift of life can be received in its fullness only as it flows through us to the fullness of others.

How wonderful is this exact balance which God and nature keep; how perfect is the law of Good and how glorious the opportunity to join with the Infinite Giver in the givingness of the self to the joy of life!

GIVE THE "GREATEST GIFT" THIS CHRISTMAS - L O V E !

If I speak with the tongues of men and of angels, but have not LOVE, I am become as sounding brass, or a clanging cymbal. And if I have the gift of prophecy, and know all mysteries and all knowledge; and if I have faith, so as to remove mountains, but have not LOVE, I am nothing. And if I bestow all my goods to feed the poor, and if I give my body to be burned, but have not LOVE, it profiteth nothing. LOVE suffereth long, and is kind; LOVE envieth not; LOVE vaunteth not itself, is not puffed up, doth not behave itself unseemly, seeketh not its own, is not provoked, taketh not account of evil; rejoiceth not in unrighteousness, but rejoiceth with the truth; beareth all things, believeth all things, hopeth all things, endureth all things. LOVE never faileth; but whether there be prophecies, they shall be done away; whether there be

tongues,
they shall
cease; whether there
be knowledge, it shall
be done away. For we
know in part, and we prophesy in part; but when that which is perfect is come, that which is in part shall be done away. When I was a child, I spake as a child, I felt as a child, I thought as a child; now that I am become a man, I have put away childish things. For now we see in a mirror darkly, but then shall I know fully even as also I was fully known. But now abideth faith, hope, LOVE, these three; and the greatest of these is LOVE.

Star Dweller

This world where I'm a dweller
Is, they say, a star.
How wondrous to be steller
As Suns and Comets are.

How lovely to reside in
So luminous a place.
We would see it shining
If we were out in space.

For, it to be so bright
I'm sure, there has to be
A little of the Light
Coming out of me.

Divine Discontent

If all would heed the axiom
Of contentment with things as they are,
No river would seek to flow to the sea
And no spring would heal winter's scars.
We all have a challenging urge to grow
To live and to learn each day
Without desire the seed would fail
And the Word would die unknown.

A Thought -

"I consider the human soul, without
education, like marble in a quarry which
shows none of it's inherent beauties until the skill of the polisher fetches out
the colors and makes the surface shine."

The Church That I Love Best

The church that I love best is small.
It is no grand pretentious hall,
Set round with works of holy art
It is the chamber of my heart.

Where else but in this secret place
May I catch glimpses of Truth's face,
And even catch, however dim,
A sense of being One with Him?

I have no church until I find
Holiness in my own mind;
Once found, wherever I may be
Becomes the House of God for me.

Afterglow

You came and made small talk with me.
You touched, a cup, a chair.
You brought a book for me to see,
A merry joke to share.
You did not speak to me of God,
But after you had gone,
Within the firelight where you stood
His presence lingered on.

SATHYA SAI BABA SPEAKS ON "ANGER"

The great Indian Avatar, Sathya Sai Baba, in a recent discourse declared that according to astrological signs, the coming year is named "Krodhana" meaning the very birthplace of anger. He said that according to astrologers, this period is going to be full of turmoil and trouble. Differences can be expected to emerge between men, villages, states and countries. Further, the year may be filled with so much anger and hatred that the heat will actually burn green grass! He exhorts everyone to be extremely watchful in all of our actions, as fire disasters can be numerous. Especially in our daily experience must we exercise discipline this year, weighing each word carefully before being spoken, and keeping ego and anger under strict control. He asks us to do our very best not to feel hatred or anger toward anyone. Even if there is provocation for such feelings, our behavior must be carefully monitored and held in check, declaring that if one succumbs to such provocation, grave consequences may result.

Controlling anger should be our primary obligation this year he declared, offering some practical, down to earth suggestions that might prove helpful. For example, when you feel anger beginning to rise, leave the area to provide cooling off space, walk briskly for a mile or two, or stand before a mirror and look at your face. Do not however, remain with the person who has aroused your anger (reminding yourself meanwhile that it is up to you not to permit your anger 'button' to be pushed in the first place). After all, if someone criticizes you and you criticize him in return, in what way are you better or different than he?

Sai Baba points out that due to anger and excitement the blood becomes overheated and may take as long as 3 months to cool down. Within that period the nerves weaken, blood cells are destroyed, memory fails and old age sets in prematurely.

While paying special attention to controlling our anger, we must also fill our hearts with pure, peaceful and sacred thoughts, he urges, then no year will be unfavorable. We should also remember that when Love is developed, anger automatically ceases. So it should be a simultaneous task, not only learning to control anger, but to encourage Love towards all to grow in our hearts. Some people feel content to merely love their close friends and relatives and think they are advancing spiritually. How mistaken they are. Real advancement comes from learning to love those who cause us to react with anger, irritation or hostility.

Just as a cooling rain provides instant relief to heat-parched flowers, next year should be a year of recovery, peace and abundance, depending of course, on how well we learn our lessons this year.

WOULD YOU LIKE A COPY? Re: "Keys of Enoch" by Dr. J.J. Hurtak (Synopsis)

G. Iris Clark, 205 Sunset Dr., Box 36, Sedona, Arizona, 86336 has written a seven page synopsis of the book "Keys of Enoch". (The synopsis was published by the Journal of Borderland Research). If you would like a copy of said review, please send a large self-addressed and stamped envelope to this address as given here. The City of the Sun does not have copies.

It is our privilege to assist with your Prayer Requests. If possible, send upon a separate note or card, and address City of the Sun Foundation, P. O. Box 370, Columbus, New Mexico 88029.

HAVE YOU EVER DREAMED?

Have you ever dreamed of crystal pure air warmed by a penetrating sun - fleecy white clouds floating in a cerulean blue sky against which rugged mountains are dramatically outlined? Have you ever dreamed of uncluttered horizons and profound stillness? Have you dreamed of reducing your life to utter simplicity so that you may expand your spiritual consciousness? If your answers to all of the above are an unqualified yes, why not consider residing at City of the Sun, for we are surrounded with just such an environment.

Did you know that (if accepted as a member) for an \$800.00 Community Development Fund, you will be assigned a lot on which you may put a dwelling - from adobe to mobile and other acceptable types.

There are many challenges to be found here, and one should be aware of them before contemplating even writing for more information;

A prospective member should have a definite skill or profession, or be self supporting as jobs in the immediate area are virtually non-existent. One should be willing to relinquish concepts of "me" and "mine" in favor of cooperating and sharing. Physical activity on behalf of the community will be necessary, so good physical and emotional health is a "desired" requisite. We are very much interested in attracting people with expertise in generating income-producing activities, such as cottage type craft, light industrial or agricultural possibilities. The cost of living generally is much lower here, as one would expect, since it is an isolated area, and the availability of shopping in Mexico contributes to lower costs. If you have been thinking more and more about coming earth changes and the advisability of moving toward self sufficiency appeals to you, why delay? Write P. O. Box 370, Columbus, New Mexico 88029 for more information, or call 531-2532, Constance Arnot, if you wish to call and talk with some one.

AN INDIAN PRAYER

O GREAT SPIRIT, Whose voice I hear in the winds,
And whose breath gives life to all the world, hear me!
I am small and weak. I need your strength and wisdom.
LET ME WALK IN BEAUTY, and make my eyes ever behold the red and purple
sunset.
MAKE MY HANDS respect the things you have made and my ears sharp to
hear your voice.
MAKE ME WISE so that I may understand the things you have taught my
people.
LET ME LEARN the lessons you have hidden in every leaf and rock,
I SEEK STRENGTH, not to be greater than my brother, but to fight my
greatest enemy - myself.
MAKE ME ALWAYS READY to come to you with clean hands and straight
eyes.
SO WHEN LIFE FADES, as the fading sunset, my spirit may come to you
without shame.

AT THE CITY OF THE SUN:

Twenty-seven people from the Columbus area, and other cities of New Mexico, assisted Dorothy Rayburn Zawick in celebrating her birthday in September. Special music was enjoyed and an art display was held of Dorothy's paintings, as well as those of Frances Tillman. Dorothy does unusual "hand paintings" in 24th dimension.

A tasty "Southern dinner" at the Drs. Bartons' home honored the September birthday of our new member, Jim Hill.

On September 14th, at the regular Membership Meeting of the Foundation, Officer Jim Smith of the Border Patrol Station at East Pine Street, Deming, spoke on the Work and Problems of the Border Patrol. He allowed adequate time for a Question and Answer period, and we learned a great deal from him.

The City of the Sun Community has been busy earning money for a washer for the Recreational Vehicle Area of our grounds. Taking part in a Flea Market Sale, as well as a Special Pancake Breakfast put on by two of our members in the Columbus Community Center, were important parts of the money raising project.

Several of our dear friends of the past from Deming came by for short visits.

We, as well as the American people in general, were active in trying to assist the victims of the Earthquake in Mexico.

We have been privileged to assist with sending Light materials to a Ghana, Africa, Light Center group who lost all materials and equipment in a fire. We feel we have made several fine new friends through the unfortunate occurrence.

The City of the Sun Foundation was well represented in the Southwest New Mexico State Fair. Dr. Verlie Barton received a 1st, 2nd and 3rd place in Water Colors, and Dr. Jim Barton received 1st place and Honorable Mention in Oil Paintings, and 1st place for his Divinity Candy.

Our member, Rowena Armstrong, returned from Sedona, AZ., and a busy schedule of showing Videos of the "Illuminated Master Ramtha." Our community group, interested Columbus neighbors, as well as members and friends in Deming, are seeing this unusual series of colorful videos taken at the Ramtha Retreats and Intensives held in various cities. For many of us this is almost our first experience in the "world of Videos". "Christ - rising in man, or God Man" is a general topic. In many ways the Master Ramtha presented the ageless wisdom of "Learning to Love Our-selves, and Becoming Involved with What We Are!" Pertinent Question and Answer periods with the audiences at the Retreats gave much information. A BEAUTIFUL EXPERIENCE!! For anyone wishing information of these Videos or Meetings write I Am Church, Box 1210, Yelm, Washington 98597. Ask for their Yearly Calendar. It should be stated that they have regular cassettes besides videos. We are studying tapes from the Seattle Intensive Conference held May 21, 1985 on "Survival".

Lucille Craver and Gene LeBarron returned from Northern California and they will be here and in Mexico pursuing their studies for awhile.
