STORMS

Beloved Suns of Light, even the strongest winds and the torrential downpours serve to cleanse the Earth and carry away countless undesirable bacteria. It is unfortunate that the human family sees Nature's events as evil. Nature is NOT intent on destroying that which is good. It has a Plan and follows it. The wise ones will be guided by their Higher Instincts and will avoid harm. I AM with you now to share Wisdom from the Realm of L I G H T about 'storms' - the Inner and Outer Storms.

Whenever a hurricane, or an earthquake, or other storm strikes the earth many are troubled as they see the devastation wrought by the erratic disturbances. There is no doubt that often innocent people either suffer the loss of a loved one, or the loss of their dwelling. And there is no consolation that even WE can offer them. But We can, perhaps, help all of you understand that these outer (or physical) storms are truly the result of human manipulation of Nature! For instance, the areas which are prone to Earthquakes have been abused very often through atomic experimentation which weakens the fault lines - earth's atmosphere, almost totally, has been, and continues to be laden with impurities placed there by 'man'. These things cause imbalances which force Nature's re-action as She tries to bring into harmony that which man has upset. Also, certain movements by Nature is intended as Earth's cycle moves forward and Earth changes occur. This is necessary too in order to complete the Work of Planetary Change. My Suns, you must not look upon 'storms' as being only occurrences of disaster - think instead of 'storms' as cleansing agents - as interludes during which matter is either rearranged or dissolved.

Do you not experience 'storms' also in your Inner Life? In EVERY life there occurs the 'earthquakes', the 'hurricanes', the 'tornadoes' - times when events are turbulent, when joy and gladness seem to be so far away. These are times when illness may strike or when a loved one leaves his/her body, or when a child errs against himself and society. At any of these times your being lives through a 'stormy' state, but, if you are wise and prudent you will not let it devastate you. Instead, you will accept this as part of GROWTH and your being will sense a cleansing joy as you learn again to rely on DIVINE L I G H T. As your Positive Enzymes take

over you will see the storm abate, and, like the physical storm's outcome, a purer, sweeter, and more sunny 'day' arrives when all things are made N E W. The past 'storm' you experienced is regarded as a Blessing since it helped to bring about more understanding, more love, more appreciation, and more dedication to The HIGHER S E L F.

Yes, storms, whether in nature or in your Inner Life, are necessary for Earth and Its Inhabitants for they serve an important function. As long as Earth remains in its 3rd dimensional position these things will occur in order that each one experience the balances in Life. After all, that is the greatest Lesson for Earth Entities to learn. NOTHING that occurs in your personal life or in Planetary life is without justification. ALL IS IN COSMIC, DIVINE ORDER.

Therefore, when you experience another 'storm', personal or otherwise, contemplate on it and LEARN from it. In a personal storm look within to see what, in yourself, needs cleansing and rebalancing. In Planetary storms, such as recently experienced, try to visualize the cleansing that IS going on - i.e., bacterial cleansing, toppling over of dead branches and trees, cleansing of the seas, and yes, THE REMINDING THE HUMAN RACE AGAIN THAT POLLUTANTS OF EVERY KIND CAUSES THE FORCE OF NATURE TO RISE UP & ATTEMPT TO RE-BALANCE THE ENERGIES.

My Suns, be as optimistic as possible remembering that you are dwelling on a fragile, mortal planet and what YOU must see is the SPIRITUAL outcome of all things. Think wisely. Those who 'die' bodily RISE TO LIVE ETERNALLY. Those who suffer harm or loss have an opportunity to learn important Lessons. NOTHING is wasted, truly. Only if you fail to recognize the Lessons that are there for you is there failure. I AM the Light within you. Let It illumine you fully as each 'storm' comes, and your Spirit will be strengthened by the Love and Light and Life of the ETERNAL. O N E.

I .. AM .. THAT .. I .. AM ... Light - Love - Life of the U N I V E R S E.

THE AUTOBIOGRAPHY OF MY SOUL

ITS Source is Love.

It was created beyond time and space.

IT only knows to love and express in beauty.

IT has its note which IT sings constantly to glorify ITS Source.

Where there is bitterness or hatred IT creates love and understanding.

Where there is chaos IT brings harmony.

Where there is Love and beauty there IT worships.

Where there is warmth and kindness there IT glows and grows.

Where there is weariness and pain, there IT brings rest and healing.

IT is always true, IT cannot lie.

IT cannot fight back but sometimes hides.

IT has seen all aspects of mortal life, and many rebuffs taken.

IT has been schooled and polished through the icy blasts of bitterness and jealousy, and then been burnt through and through by pain of heart until out of the ashes rose the Phoenix, a perfect Diamond.

ITS name is Love and when at rest IT only shines and plays ITS Holy Note.

TRUTH COMES FROM WITHIN

Greetings in the "Light" of our Radiant One. I am Elycea.

For those to whom my name is unfamiliar, let me introduce myself. I am Elycea, member of the Council of Elders, a somewhat august body working for the enlightenment of mankind throughout the universe, located on the planet Procyon. Over your Earth years our messages have had much the same thrust, that of attempting to stimulate your thinking toward greater emphasis upon an expanded perception of Life - a perception of the universality of life throughout what you call space.

Somewhere in this pursuit of thinking, one comes to know that all the answers to one's personal seeking will come from within one's being. While it may seem easier to seek answers from others, the truth one seeks truly comes most meaningfully from one's own source. With all the changes occurring on Earth today, it seems natural that persons view them as somewhat frightening for such changes would seem to threaten all people there. From a higher perspective, however, the changes are perceived as positive for they signal the oncoming arrival of The New Age. Earth must discard its old ways for the new times to come.

"Lighted" individuals on Earth from other realms are beginning to perceive that their roles are observational in nature and that they need not fear consequences of current catastrophic occurrences. I bring to you the thought that you are viewing the beginning of the end of unenlightenment in social structure and behavior on that planet. The stage is being set for the emergence of an Earth society which will have as its basis peace, love and brotherhood of man. The changes shall not destroy the planet. Its place in the solar system, the galaxy and the universe shall not be disrupted. It shall continue to be one of the true beauty spots of the universe.

For persons of faith and awareness that the fate of the world truly is in the hands of God, the display of unenlightened behavior upon the planet's surface is more easily understood. In order for Earth to be an enlightened planet all less-than-"Lighted" attitudes and behavior must be purged from its midst. It is this action that you are viewing, abhorrent as it may seem.

As the messengers of the "Light" you are, you have nothing to fear. Your mission is guided by the "Light", and all you experience is only for your highest good. You are most privileged to be an observer on Earth during these times. You shall witness one of the great transformations of all time in the universe - the change of a planet of darkness into one of universal enlightenment. There are great personal rewards for you because of your presence on Earth. Benefits from being in the greatest classroom in the universe (Earth) are immeasurable. You are making great strides in overall soul awareness growth.

Relax and flow with life, my dear ones, and try to live life one day at a time. As you bring calmness and tranquility into your life, so do you find deeper meaning to all with which you are involved. This is the purpose of what you call meditation. When one opens one's thinking to all the beautiful possibilities of life, one begins to perceive the beauty that exists in all creation. It is expanded thinking which can open the gateways to the reality of the universe for you.

Faith in yourself, faith in your feelings, faith in your own Godliness - that, is the key to expanded thinking and heightened awareness. You are on your own to pursue your own truth of reality any way you so choose. That is called free will.

If you can learn to channel your energies inward, you may be astounded by the understandings you will find. Again, you hold within you all the knowings you so fervently desire to recall.

Give me something more practical, you say. Try these:

1. Love thyself as a divine being.
2. Love all others as divine beings as well.
3. Do not judge the worth of others.
4. Think positive at all times.
5. Look for beauty in all of life.
6. Consciously work for peace in your life.
7. Be a joy, a love, to all around you.
8. Remember always - YOU ARE A BEAUTIFUL PERSON!

To the degree of your positivity can the "Light" and Love shine through. To the degree of your positive thinking can you change what you wish to change. All is possible in the eyes of God, and God's energies, the "Light" can shine through you when you allow it a clear channel. Your Jesus of Nazareth was a shining example.

Your road to awareness lies before you. Truth comes from within. As Jesus proclaimed, "Ask, and it shall be given you; seek, and ye shall find; knock, and it shall be opened unto you: "For every one that asketh receiveth, and he that seeketh findeth; and to him that knocketh it shall be opened."

In the "Light" of Our Radiant Creator, I am Elycea. Adonai.

BEYOND BECOMING

As one by one sequential hours rise
Virginal and bright as butterflies,
Dies within me all that was of earth
Leaving only the self of vital worth.
These wings of my ascent will soon be free,
The cord well-cut from human gravity.
Then shall the nations rise where I am pledged,
In their uprising sure and strongly fledged,
Edged with the light that guides the spirit's force
Beyond the tides of evolution's course.

NAMASTE - "I SALUTE THE DIVINITY WITHIN YOU"

From a spiritual standpoint, this salutation has a magical power of evocation of our essential divinity. If we use it constantly and with awareness of its spiritual meaning, it can help us reciprocally to remember to deal with each other as souls and not as personalities. It sounds a note of reverence and spiritual awareness which is inspiring.

We can use it to our Self, especially on awakening, at intervals during the day, and on retiring: the salutation of the personality to the divine in oneself. Each time we meet friends who are aware of spiritual values, instead of saying "Hello", we can greet them with Namaste. Instead of saying "Goodbye", we can add Namasté. As "energy follows thought", it helps us to contact the Self in ourselves and others, and in a certain measure to evoke it.

For parents and educators, Namasté puts us in touch with the inner reality of the child and adolescent, fosters our loving understanding of their essential nature, and favors their inner growth. In many situations when we attempt to help a human being in distress or to resolve interpersonal tensions, Namasté can serve as a silent salutation to put us in tune with the creative spiritual energies which stand ever behind the apparent disturbance.

Namasté is also an apt way to develop and demonstrate the ability to function simultaneously and with an increasing awareness at two levels - that of the personality and that of the soul. NAMASTE.

SEND FORTH THE LIGHT!

A shout goes through the ethers -
The need is for Forces of Light;
Those of Earth who will give the time,
Angelic Forces helping Earth's plight.

For it takes both "sending and guiding"
For Light to be used as It should.
Although Light Angels have "know how",
We are instigators of this good.

For the Divine Bands of Beings
Know energy uses which are best.
They can speed Light to its destination,
Perfecting of soul's proven tests.

But we are creators of this plan,
Devised by our Heavenly Father-Mother.
Unless we often "SEND THE LIGHT"
Little help can reach our brother.

THE BLESSING YOU HAVE TO GIVE
TO OTHERS -

YOU have a "Light Blessing" to share in every situation. Read and view the news, people and situations with your "Light Blessing" handy. Do not send Light so that "your" solution can come about, but send it to God's Forces - the Light Angels - and let them direct the Light for the highest purpose to all concerned.

WHAT A BEAUTIFUL BLESSING WE HAVE TO
GIVE IN 1986!!

NOW! NOW! BE IT NOW!

Lady Vancia Speaks - CP

"The Perfection that I AM is flowing thru my body NOW, and I see my PERFECTION reflected EVERYWHERE in my world."

Remember, dear ones, present, past and future ALL become NOW at the point where you focus your selfhood. NOW is the acceptable time"... the ONLY time you can absorb the present into your existence as you go about your daily life, and since NOW is "Where it's all at," so is HERE as well. That is why your decrees need to be said in the present tense. This IS the Power Plane, the place to ACT, and your affirmations of BEING must program you to do so constantly.

"NOW I am a Master in the flesh - FULLY and LOVINGLY in control of all that happens to ME! RIGHT NOW! THIS MINUTE! HERE! I am exercising complete dominion over my life!" "Decree a thing and it SHALL BE established unto you," Yes! But put it in the present tense, and your results can be instantaneous! NOW we must get outside of this "time idea". We are being lifted above the mere mortal idea of time and the sense of coming and going.

"Everything and everyone in my experience IS in perfect harmony with the God I AM." As that God, I no longer project ANYTHING but my own Divine Perfection wherever I go - whatever I do - wherever I look!" "I see ONLY good in the people I meet, for I allow them to mirror nothing but my own pure Spirituality as far as I'm concerned with them." That's why "a God cannot look upon iniquity", or anything discordant. Instead he sees the perfect mirror-image of what he, himself is aware of BEING, reflected back to him by all the world and everything his surroundings contain.

One who is conscious that he's Divine, finds flawlessness in all he surveys. As a God, he creates his "Adam" or external personality, with all its human experiences, in the "image and likeness" of what he conceives HIMSELF to be, nothing less. If he's a man, he sees other men. If he considers himself vulnerable, weak, sick or lacking in abundance he finds himself surrounded by others "in the same boat" as well. That is why "the Lord" warned his human projection that he could only stay in the "garden of existence," by refusing to "eat" or partake of BOTH good and evil fruits. THESE ARE THE "FRUITS" OF YOUR MIND, BELOVED, the manifestations objectified by your thoughts. If you BELIEVE you can experience evil, you will, but continue to decree your Godhood with all the Powers it entails IN THE PRESENT TENSE, and the purity of your loving heart-substance will make you see God and good EVERYWHERE around you.

Behold! I make all things new," when I realize "I am the Lord and there is none other." Still notice the name of God in you, like that of Moses, is "I am", not I will, or I was, or I am going to be. "God is the I Am that I am". Really know this truth about yourself, and all discord will disappear from your life. It must for when you cease to have "a mote in your own eye," (an eye for imperfection) you won't need to worry about such things in your brother - no, nor in any animal, condition or manifestation that affects you on Earth.

Make all things new for yourself, by recreating your body and its environment from the mental patterns of the Perfect Wisdom you've discovered you ARE. Then mold it into form out of the new found LOVE Substance that has made you an Incarnate Christ, in the flesh, this very day. How can you do this? By getting still and KNOWING "I AM God!" Not I will be, or I was at some early time in the embryonic history of the race. Realize, "I've found and know myself as a Divine Being, the epitome of Power, Wisdom and Love TODAY, THIS MINUTE! AND NOW! Therefore, I'm

ready at once to project my perfect personality and world in the "image and likeness" of this newly discovered ME that I AM!" Remember, an image is a reflection, not a cause in itself. Your affairs cannot cause you trouble, or pain, or poverty. YOU are the creator of that. You're reaping the seeds you've sown by your own BELIEF in your ineptness - your sense of being a "pawn of fate," - your acceptance of your mortality, etc. These mistaken ideas your scripture lumps together and calls your "sins," but don't forget it also says that God forgives sin, and YOU are a God - personified.

In the ancient Egyptian mysteries, Osiris was pictured as judging the soul who had died. However, in those same teachings EVERY man became Osiris when he passed out of his physical form. Why was this idea so prominent in their religion? Because these sages knew that YOU, alone, are responsible for what happens to you. You are the judge of yourself, as well as the creator of all you experience and when you transform your existence "by the renewing of your mind" and its mental concepts about who and what you are, YOU are also the redeemer, Christ in YOU is then your personal "savior", bringing you not just "the hope of glory" but the total realized dominion of "Mastery" as well.

"Arise and go back to the Father!" Not next week or even tomorrow, but TODAY! Then the "husks" will cease to be a part of your lot in life. Your Source of I Amness within, will meet you halfway, for you'll reflect Its (and your) Perfection, Wholeness, Harmony, Happiness and Dominion over EVERYTHING that comes into your Garden of Life on Earth. "I am the way," says the Christ. What does that mean? It means your own Divine Christly "I Amness" is the way to dominion over all the Earth as far as you're concerned with it. "No man cometh unto the Father, except by Me." (his sense of who he really is - a God incarnate). When you really understand that "God is the I am that I am" - that your true identity is Divine, YOU'RE THERE! That's Christhood for YOU - NOW, TODAY and FOREVER!

I repeat - No one - nothing can cause you harm or pain or trouble. ONLY YOU can do that! You are the CAUSE, reflecting your own self-concept back to you in the form of what you see and experience on Earth. When you learn to think of your body and all you meet and possess in your human environment as simply "the mirror image of ME," then you're in a position, at last, to do something about it. You're ready to consciously "practice the Presence" of God AS YOU, and total Mastery is always the result of your ACTING on this new found self knowledge. Practice the Presence of God NOW! But you don't just practice this self concept, you unite yourself with this Divine Idea and BECOME IT.

Again let me remind you, LOVE, WISDOM and POWER, itself - that's what you ARE, no less! Knowing this truth will set you free to be as "perfect" as your Source of Identity Within, for there you can find and project the "kingdom of Heaven," on Earth where "your will (as a God) shall be done" forever. In the Light of your Being, you and the Father are ONE - ONE SUBSTANCE, ONE PATTERN, ONE SOUL ACTING ON EARTH AS YOU, and that's that!

The problem is that you must be aware of this to exert your sovereignty as a Christed Individual. After all, how do you know you can drive a car till you learn to do it? How can you write, cook, sew or build a house until you perfect your skills by trying? The man who doesn't know he can walk will sit in a chair until doomsday, UNLESS he gets up and begins to do something about it. The acceptable time is NOW if you're going to get the most out of life. Know thyself! Realize with heartfelt interest that you're the embodiment of Loving, wise Omnipotence, and you're free to be a Master HERE and NOW! In this present moment YOU are YOU! NOW is your

point of Union with the whole of BEING, so BE Divine in your own estimation at once! Don't strive and look FORWARD to Christhood. Don't look back either, with regrets or guilt. Don't just WISH or HOPE or talk about PREPARATION. Just BE! For in BEING you ARE - right NOW!

Stay in the present tense always. Never mind the "I'm going to," or the "Some-day." Understanding the NOWNESS of Time is the key to your full Christly achievement. After all, if you "always ARE," you'll never "cease to BE." An abstract train of thought? Perhaps, but reality isn't made from the things that appear - the conditions they came and go. It's projected as the ETERNAL NOW, and if you want to achieve immortal LIFE, you must learn to live in the present FOREVER. Not easy perhaps, but it must be done. Where you ARE, the past, present and future become one and the same, blended into your NOW self awareness. Beautiful, perfect, whole, that's the God you, and since God is omnipresent, how can you, as He, keep coming and going in time, unless you allow yourself to enter this illusion?

God is "all IN all," projecting life continually and you have found yourself partaking of that life. Since It's everywhere present, where could you go to escape it? This proves that death is but an illusion, projected by man's false idea concerning his own immortality. Identify yourself with the indestructible, outside the illusion of time. Be IN the world, but not OF IT in regards to its frailty and change. Life is forever and you ARE Life when you stay in the present. There is no past, no future - only the NOW you're always experiencing. Death is the last enemy that man must overcome, and what has he to conquer but his own mistaken self-concept that he's NOT a God, not eternal and synonymous with life.

ALL God, Life or Consciousness (since these 3 are the same) is ONE. However, as long as you tune into a mental pattern, with the idea of being a separate individual, your radiations vibrate in accord with that particular frequency. When you think of yourself as a mortal soul, you come and go from your sense of awareness, but as long as you stay on a particular wavelength, what you've experienced before you left the Earth last time, becomes your "former life." CHANGE your soul, however, by changing your focus of interest - transform yourself, as it were "by the refocusing of your mind," and you can literally alter your "past incarnations", as well as your future. You "die daily", as Paul said, by turning your attention away from one mental mold to the next, and when you do this radically enough in time, your past lives actually cease to belong to you. They can even become those of someone else who is now focused on their specific frequency. Also, your sense of being a personality is such a powerful illusion, that any mental concept you cease to remain in tune with, stops being a part of your soul and your experience, whether you regard it now as your past, present or future. You can change completely and be whatever you want to be.

In a modern day brain operation, an electrode can be used to stimulate the brain itself, causing the person involved to vividly RELIVE certain parts of his life. If those who are NOT on the Path, so to speak - those who still think of themselves as nothing more than an ensouled human body can be made to come and go in time like that, despite the heavy race belief in a limited life span and mortality, why does it seem odd to you that a Christed Being could learn to make past, present and future his NOW, WITHOUT such mechanical aid? If man is ever going to achieve CONSCIOUS Mastery he MUST learn not to dwell on the passing of "time". He must cease to think of the coming of "old age" as inevitable, or of "death" relentlessly drawing near.

These are ACTIVITIES that show your true belief about yourself, and this is the action plane. Therefore, such concepts will objectify as physical decrepitude and

decay, both in regard to yourself and those around you. Scientists speak of the "genetic time clock," They're working to find out what sets it in man, but I can tell you Beloved, YOU are the one who does that, and nobody else! If you feel you can die - you will die. If you feel that you are a Master and have programed yourself to BE one, that is what you be. That is how the Masters became what They are. How many times have you looked at your neighbor and "saw" he was ageing? How many times has this caused you to look at yourself in the mirror with a wary eye? Your actions speak louder than your decrees! Your preoccupation with time means you accept ageing and death as inevitable for YOU, EVEN THO YOU AFFIRM THE REVERSE. Deep inside, aided by the heavy pull of the race thought that death and debilitation MUST come, you still believe that mortality is the Truth about you and as long as you hold that belief it will manifest. That is why you must BE Perfect NOW - as perfect as the Divine Inner Source of your true identity. I know it's hard to buck the mental patterns that have piled up in mankinds' auric field with such a suffocating weight, but each one has to learn to do that. If the Master has succeeded, so can you. A word to the wise is sufficient.

So be it, Amen.

North Carolina, USA

"For years my mission has always been to BE - AM EFFORTLESSLY," Liebie Pugh once said, "If we make things an effort, then we are hindering the flow."

England

"I know everything which happens to us is the law in action - the ups and downs of life - sometimes very severe tests of strength, but then I know that is the intent on toughening us up for the work He has for us."

Cameroon

"Just for today I will try to live through this day only and not tackle all my life problems at once.

Just for today I will be agreeable, criticize not one bit, not find fault with anything, and not try to improve or regulate anyone but myself.

Just for today I will be unafraid. Especially I will not be afraid to enjoy what is beautiful, and to believe that as I give to the world, so the world will give to me."

LORD MICHAEL:

As with so many roses in a well ordered garden, so it is that We see your radiance shine on the surface of this Planet. And as the Sun shines above the garden, so hearts open to receive the Light, and in the Light their true radiance shines in a dazzling display, in a multitude of colors and forms, all to the Glory of the Father, all in perfect harmony; yet all not alike. Be true to yourself, My Beloved, and follow not the footsteps of some other, but depend solely on the Guiding Light within, on this same Loving Light which you call your Soul. It is a Healing Light, an unchanging Light, a Light of Mercy, it is the never failing Light of God, for the Light of God can never fail (3X). And the Beloved I Am is that Light.

Our City of the Sun Member becomes our reporter from the Nov.8-10, 1985 Three Day Intensive of Ramtha's on "Soulmates" held in Seattle, Washington.

"It was one of the most beautiful and inspiring and uplifting meetings I have ever attended. There were three wonderful days of Wisdom from Ramtha the Enlightened One. Words fail me to describe the true wisdom and knowledge this Great Master God, Ramtha, revealed to us at this Soulmates Intensive where approximately 700 were in attendance from all over the United States and Canada.

"But, as the Ram says, it is not in the words only, it is in the feelings deep in our innermost beings so that joy radiates from our Souls. In this feeling of joy and love we become the Isness and Beingness, the Gods that We Are, and this is the Oneness! We attract our Soulmates to us, for what we feel, our other half is feeling, and vice versa. We have to love ourselves enough that in this love and joy we become The One together, in power and light.

"No wars - but nature will rebel and act to bring us into Super Consciousness. Love is Divine Essence! It is the Isness, the Source, the Life. It is Light. It is God! And when you can love enough your body will be healed of all afflictions.

"Allow - allow - allow all things to happen. Know you that every living thing has a Soulmate. Why do you think birds sing? What do dogs and cats dream of? Their other half, of course. Love yourself, and know your self, before you can find your Soulmate - male and female - negative and positive polarity - emotions and feelings. Within our being is the love to find our other half of self. In that way we can contact our Soulmate in dreams and visions. Whatever we do and think, we affect our Soulmate, and this is also vice versa happening with our mate - male and female - two separate beings. They are the mirror of ourselves, sometimes showing us our hang-ups, and harmonizing these. Soulmates think from the same pattern. They are associated in the same processing and outworking wherever they are. The one on the physical out-pictures the same problems as the other half elsewhere.

"If you are not married to your Soulmate, you are married or living with someone's elses. The children from these marriages are confused. They know that they are in a limited association of marriage. Soulmates do not have children! Release these children as separate Souls to experience life.

"The totalness of what life is, is to gain knowledge and expansion of the two parts of yourself in life and how you affect or fulfill one another, and each one's contribution to coming 'full circle' and returning home as God-fulfilled and total Light. So be it! We are not androgenous. We are either complete female or male - not dual entities. You are not Group Souls. Soulmates are the impeccable knowledge of life itself. To know you is to know God!

"Celibacy is when one has reached forth and attained and has passed the necessity and has reached the ongoing of Enlightenment. No one will ascend who has not been a physical Christ. It is through electrons we procreate and evolve into Christ. You cannot make your Ascension without being a Christ, or reaching Christhood. But, you can make your Ascension without knowing your Soulmate in the physical. For the union is inevitably taking place. You own what you have experienced, and likewise your opposite. What you have mastered, you own. You are at one end of the spectrum and your Soulmate at the other. Now you are coming to the center of the fulcrum where they collide, and this makes the total Christ alignment. This union is God, is power for creation, and is fully entering creative powers. I Am Life. I AM. I AM. I AM."

Who is Ramtha the Enlightened One? "A teacher from another time and place. A once-a-man who walked this plane and who came to know all and journeyed

on. Lemurians called him their Liberator; Atlantians named him God of the Commoners; Hindus continue to worship him as Ram. " Of Himself, He says: "I am the Lord of the Wind - the All in All, and to you who are My peoples, I am a grand teacher indeed. Of that which I speak, in your souls you already know but have forgotten. It is your time now, to hear, to remember and to come back home. Of whatever I speak, it is your own understanding that will bring it to light. Listen and listen well. Let it resonate to the Lord God of your own being and there let it be your truth and your own grand moment of awakening. So be it."

"Worry not over the future.
The present is all that thou hast,
For the future will soon be the present,
And the present will soon be past!!!"
