BLESSINGS

The blessings that you speak forth on yourself, your friend, your car or a feeling that you have, this is righteous power and issues forth from the third seal. When you bless some thing or some one, you are standing forth in your power to arrange Thought into your design, that is to do your bidding. Ramtha says that a blessing is as a great sword of light that comes forth from the solar plexus and cuts through the fears and confusions of limited thinking. It is power of Thought. To bless yourself signals to the Soul that you Love and align Self with the Father-God within you.

I have seen the power of blessing on several occasions, and all who practice this have wonderful stories to tell of incidents that are transformed from disaster and misfortune, into lessons of joy and Loving communication between people.

My friend Linda is a nurse. She deals with many cancer patients and administers medication intravenously. She has seen patients who were "impossible" to calm or even speak to, become suddenly cooperative and quiet. Each time she enters a room to give treatment she blesses everyone involved, including the other nurses and staff, and sees the God in the patient and in all things concerning the situation. When you look inside to the God within someone, you'll find that things are simpler, sweeter, and harmony is given a chance to ring out among people. It is the God in one Man giving the signal to the God of another that he has a "blank check" to be or feel, act or speak however he chooses, and to know that he will not be judged or squelched. This is Loving in freedom.

Among strangers and in potentially difficult situations, the blessing is a peacemaker. It is your opportunity to demonstrate to Self continually that you are now greater than the obstacles which confront and attempt to define you. This is righteous (right-use-of) power.

My friend Linda has found that her work as a nurse is augmented tremendously, for in each instance when she blesses someone, their Spirit responds, and in a greater capacity for allowing themselves to heal themselves, her care and Love of people is given a chance to be seen. Even when the person isn't outwardly aware of what's happening to them, the Spirit knows and responds to her touch.

THE LETTERS THAT ANNALEE SKARIN WROTE HELP ANSWER SOME OF OUR QUESTIONS

Question: What do we do when we cannot reach our loved one with the Light?

"I love you, darling. It is a privilege to write you. It seems that the great joy in my soul is just in knowing that you are again with me, travelling upward into the Light. It is so marvelous I can only express it in tears of gratitude. It seems that times I will burst with the very joy and wonder of it. How good God has been to us, and how very gracious. I love you. I have always loved you. I will always love you.

"Don't worry about your "Dear" One. You feel badly that you cannot reach her. I know how you feel, but don't let it disturb you. Each person must find his own place, reach his own level, and use his great gift of free agency. All we can do for such is to enfold them in our love and leave it to the gracious, enfolding love of our Father. He understands and loves them, and when they are prepared He will give them the power to comprehend Light. Somehow as one travels farther and farther into the Light the problems of life disappear and one views things from the eternal, loving standpoint of the Father - and in eternity all things are made right.

"Then it seems that this earth and its ills and hurts and darkness become only a passing shadow which shut out the great light of glory but momentarily, and all grief is forgotten, all darkness banished and even the memory of it becomes an amused memory as of a bad dream when the day dawns and the sun arises to bless and enlighten. So dear, don't grieve over those who cannot accept these things - just know that they too are in the hands of their Father and that they are not as far advanced and it may take them lots longer to travel the road we have reached, but God loves them, and will gather them also when they are prepared and willing."

Question: Is it wrong to feel we can live as Christ lived?

"It is so marvelous to be hearing again from you. Across the miles my love reaches out to embrace you.

"Then, dear, your account seemed so amusing. How could anyone possibly condemn the idea of learning to think kind, generous thoughts, instead of permitting morbid, unkind, hateful thoughts to rule one's life? What ridiculous excuses people use to squirm out of the Light, and evade striving to fulfill these Higher Laws. I was told that we were not meant to become perfect, and it was a most terrible transgression possible to even consider such a thing. I was even told that we were not supposed to try and live as Christ lived, and that it was not necessary for us to forgive anybody, for everybody would have to stand before God and be judged.

"I blessed the heart of the person telling me these things, and I knew if the person gave up these beliefs her heart would be naked and empty, for she could not take hold of the Higher Laws nor fill herself with love, joy and gladness.

"Oh, goodness, if I had to think and feel like that I would truly perish. I do feel that some day this Light will have to reach through to her. People who are intelligent can't always hide their heads in the sand and deny truth.

"I too used to wonder if I had completely gone under - I just couldn't think that everyone else would be wrong and I was the only one who was right. If these great things my mind beheld were wicked then truly I was the most wicked person on the face of the whole earth. Many more learned than I, more versed in the Gospels; the authorities, and so many, many others could see no light nor good in these things. I clothed myself in spiritual sackcloth and bathed myself in tears and bowed myself to the earth and begged God to let me understand wherein I had erred, and why it was so wicked to believe literally every word Christ ever spoke, and what was so evil in trying to fulfill His laws and to believe in the promises He had given. At times it seemed that the very magnitude of such a responsibility of this

work would choke me. But the more I prayed the more brilliant became the Light, the more glorious these laws of perfection, and the more real His promises. Then quite suddenly it no longer mattered what anyone thought for these great Truths were no longer just a belief in my mind, they were embedded into every cell and fibre of my being. They were my life. They were glory and truth and promises and power and joy and estacy that could never again be squelched nor lost. I realized that I had reached the point where I could never be plucked out of His hand.

"Now it has all become such a singing glory, and so beautiful that no matter what happened I could rejoice in it and glorify Him. For the Light is eternal Light and It has been separated completely from the darkness that could not comprehend it. And every day I marvel more and more at the wonder of it all. There are still moments when the Light is so brilliant that I am partially blinded by it - but never do I doubt, never am I afraid, for now I KNOW."

These are excerpts from letters written shortly before Annalee Skarin translated.

YESTERDAY, TODAY, AND TOMORROW

There are two days in every week about which we should not worry - two days which should be kept free from fear and apprehension.

One of these days is YESTERDAY with all its mistakes and cares, its aches and pains, its faults and blunders. Yesterday has passed forever from beyond our control. All the money in the world cannot bring back Yesterday. We cannot undo a single act we performed. We cannot erase a single word we said. Yesterday is gone.

The other day we should not worry about is TOMORROW with its possible adversities, its burdens, its large promises and poor performance. Tomorrow, also, is beyond our control. Tomorrow's sun will rise - either in splendor or behind a veil of cloud - but it will rise. Until it does, we have no stake in tomorrow, for it is yet unborn.

That leaves only one day - TODAY.

Any man can fight the battles of just one day. It is only when you and I add the burdens of those two awful eternities - Yesterday and Tomorrow - that we break down. It is not the experience of Today that drives a man mad; it is remorse or bitterness for something which happened Yesterday, and the dread of what Tomorrow may bring.

Let us, therefore, journey but one day at a time - TODAY!

ASSISTING THOSE WHO PASS OVER INTO OTHER DIMENSIONS

Several of we City of the Sun Members have been thinking of ways to assist when many people "pass over to the Other Dimensions" at one time. This seems to happen often lately upon planet Earth. These are the different ways we found help being given:

- 1- Prayer, of course (Probably each in his own way.)
- 2- Send Light to the Light Angels.
- 3- Invoke the Emblem of the White Brotherhood for Their help. (Page 6, Nov.-Dec. 1985 Golden Dawn)
- 4- A "Call" as follows:

ARCHANGEL MICHAEL SAYS -

"I would ask that you make "the call" three times a day if possible for those passing through so-called Death. Ask that they be taken to one of the Purifying Temples that Saint Germain and I have established in the Astral Realms, so that not one may descend into the terrific hell of thought and feelings of their own darkened consciousness. In every twenty-four hour period so many souls go over, nine-tenths of whom never receive a prayer and know not of themselves what to do. Your calls for these unhappy ones would assist Us, not to mention what it would do for them."

(SUGGESTED PRAYER TO LORD MICHAEL FOR THOSE PASSING FROM THE EARTH PLANE.)

"In the Name and by the Power of the Presence of God, "I AM", and in the Name of the Ascended Jesus Christ! I call to you, Beloved Archangel Michael, on behalf of the souls of all the men, women and children who are being released from the body during this twenty-four hour period.

Cut them free, instantly, from the magnetic pull of Earth, the things of Earth, and all the passions, lusts and appetites that might hold them Earthbound.

Send Thy Angels of Light to enfold them, and carry them quickly through the effluvia of the Earth's atmosphere to the realm of Light and Peace. Here prepare them through the merciful fires of Purification to stand before the Lords of Karma with their robes as white as snow. Accept the good of my own Causal Body as an offering before this Great Council of Judgment that these souls may be taken at once to the school rooms where they may best learn the Law and reembody, if necessary, in harmony, to win their individual Victory in the Light.

Thank you, Oh Prince of the Heavenly Host, for your Guardian Presence among us, for Your constant and watchful care of us - not only at the time of so-called death, but through our days! "Blessed be Thy Holy Name."

Do not stand at my grave and weep
I am not there - I do not sleep
I am a thousand glints on snow
I am the sunlight on re-opened grain
I am the soft stars that shine at night
Do not stand at my grave and cry
I am not there, my soul did not die
I am the sunbeams at daylight
I am the moonbeams at night
Do not cry - My soul survives

From Southern France has come Jean Michael Surmely to the City of the Sun. He is the leader of a group of Light Seekers in France. We invited him to share what he felt led to in the Golden Dawn, and he has written about one of the important projects he will be working on in 1986.

1987 THE FUTURE IS NOW

Excerpts from "The Planetary Commission": by John Randolph Price.

"On Dec. 31, 1986, men and women of Love and Light all over the world will gather in spirit and in a simultaneous action at one specified time will release so much Love, Light and Spiritual Energy into the race mind that the hypnotic spell for the majority of mankind will break up like the thawing of a frozen lake in spring-time. And that will be the true beginning of the New Age!

Why Dec. 31, 1986? Because we have been told (the communication coming from within and through our monitors in the physical world) thzthat 1987 will be the year of the CRITICAL MASS. Thus far in our evolution, the mass of dark energy in the race mind has been sub-critical, in that the chain reaction of negative consequences has not been self-sustaining. Massive prayers during certain periods of history prevented the critical mass. But for the majority of people on the planet, prayer has now been replaced by either resistance or futility, giving the mass negative energy field a very satisfying diet. And as the density of the forcefield increases, it will reach the point where the darkness exceeds the Light, the positive balance is lost, and the negative chain reaction goes critical - and this self-sustaining action is predicted for 1987.

We will achieve a critical mass of spiritual consciousness to heal the sense of separation and restore mankind to Godkind. If 50 million people would meditate simultaneously and release their energies into the earth's magnetic field, the entire vibration of the planet would begin to change.

Our objective by Dec. 31, 1986 is to have 500-million people on earth simply consenting to a healing of this planet and to the reign of spiritual Love and Light in this world - with no less than 50 million meditating at the same time on Dec. 31, 1986. It is our feeling that tethe larger group, which will serve as the main body of the Planetary Commission and represents about ten percent of the global population, will not only maintain the negative energy mass in a sub-critical state, but will also begin to break up the severe intensity of the "dark pockets" thus preparing the collective consciousness for the massive penetration of Light on the final day of 1986.

IF YOU WISH TO PARTICIPATE make 2 copies of this Agreement, keep one and send one to City of the Sun Fd., P.O. Box 370, Columbus, N.M. 88029

I choose to be a part of the Planetary Commission, and I do hereby consent to the healing and harmonizing of this planet and all forms of life hereon. I shall begin this day to radiate the Infinite Spirit I AM in Truth to this world. I open my heart and I let Divine Love pour out to one and all, transmuting every negative situation and experience within the range of my consciousness. I forgive everyone, including myself. I forgive the past and I close the door. From this moment on, I shall dedicate my life to turning within and seeking, finding and knowing the only Piesence, the only Power, the only Cause, the only Activity of my eternal life. I place my faith in the Presence of God within as my Spirit, my Substance, my Supply and Support. I know that as I lift up my consciousness, I will be doing my part to cancel out the error of the race mind, heal the sense of separation, and restore the world to sanity.

With love in my heart, the thrill of victory in my mind, and joyous words on my lips, I agree to be a part of the world-wide group that will meet in spirit at noon

Greenwich time on Dec. 31, 1986, to release Light, Love and Spiritual Energy in the Healing Meditation for Planet Earth.

I now accept my appointment to the Planetary Commission!

(Please feel free to reproduce and spread largely this information about the Program of Light for "1987". This Program will be already translated into French and German to reach the entire West Europe and the whole African continent. As it is a planetary event, we expect others to make translations to other countries. Keep us informed.)

Jean Michael Surmely continues:

In order to increase and multiply this Program of Light, we will make now a special APPEAL TO ALL LIGHT WORKERS, LIGHT BEARERS, STAR HELPERS AND STAR SEEDS:

Spread the Golden Light this entire year to reach the ONE on Dec. 31, 1986 for the whole Earth's New Age Dawn of 1987! To understand the importance of this cosmic event, we will share with you some very major information:

According with the channeling of the Borup's Spiritual School, Denmark, our great Master Jesus-Sananda (Orthon) told us that our calendar is wrong by 13 years. Therefore, we are actually in 1999, that is - and we all are rushing into the present Program of Light to prepare the dawn of 1987 which will be in reality 2,000 !!!

You, all Light Workers and Helpers know that the spiritual use of Crystals has been now released for the time being and that Crystals are amplifiers and amplify whatever is programmed into them. So the use of programmed Crystals at the same time by Light Workers will amplify the energies of the Golden White Light and multiply them by a countless numbers of 0 0 0 00 !

We will work this entire year with these programmed and attuned Crystals through that way. As we are a part of this planetary event we will make a special gathering of Light Workers and Star People in Europe to break up the strong "dark pockets" there. We will be only 300 miles from the Soviet Union where many of our sisters and brothers are suffering in labor camps. (Contactees, Star People, Light Workers). We will be on Dec. 31, 1986 in Norway, Scandinavia, in a Space Master's retreat and Spaceships base, the most important in Europe.

Welcome to Light Workers and Star People for this cosmic event, in the midst of the magnificent Northern Lights and Spaceships, to support the Golden Light dawn of 1987/2000!

AN OPEN LETTER TO "LIGHTBEARERS"

Greetings in the "Light" of Our Heavenly Father, I am Sananda.

I am privileged to come before you at this time to share thought with you concerning the current state of your planet. I am known in many places by many symbols of identification, but Sananda is perhaps one of my favorite ones. There are realms, of course, where no language symbols are necessary for soul identification. These are the "Lighted" realms where one is recognized by one's vibration and "Lightedness." This is as it shall be on planet Earth in times to come. It is most difficult for souls on Earth to comprehend the vast understandings of the spiritual universe, for you find yourselves under a dense canopy of fog which shrouds knowing.

On invoking the "Light" -

We who are given the privilege of observing and guiding the life experiences of "Lightbearers" on Earth do well understand a certain lack of understanding concerning use of the "Light" as well as The White Brotherhood symbol. We, as well, perceive how you must go on faith in most instances that these powers of the universe are in fact powers of the universe. It is a constant challenge on your planet to maintain faith in a belief system which seems out of the grasp of your physical existence.

To understand that the "Light" is the most powerful force in the universe, one must be privileged to be in a position to see it working, so to speak. It is true, on Earth it is difficult to associate what goes on with this cosmic force, for so much appears to rise up out of the denseness of the Earth vibration - that which is described as negative and less-than-loving thought form. You on Earth sometimes forget that you truly are part of the "Lighted" universe even if that little planet has yet to emerge from its cocoon of darkness. Imagine the butterfly as it struggles to bring itself out into the light of day. Can you not perceive yourselves going through a similar metamorphosis? You are, you know. You can make your own individual "Lighted" metamorphosis all the more easily understandable by invoking the "Light" of Our Heavenly Father for all aspects of your life, your planet and its evolution into a "Lighted" realm. Through use of the "Light" you create for yourself little evidences of its reality in your lives.

Through use of The White Brotherhood symbol you create for yourself an insulation from perceived perils of Earthlife - perceived or not. Through its use you begin to perceive more and more situations where you appear to be immune to less-than-"Lighted" confrontations which you would describe as negative. I need not go on and on in this regard. Our constant reminders are only intended to help you. We mean not to repetitiously bore you. What more can you do than invoke the "Light" and use The White Brotherhood symbol?

In your desire to bring about the greatest good for mankind, you display characteristic traits of all "Lightbearers" wherever found in the universe. These traits exemplify your allegiance to The Heavenly Father and your commitment to spread His "Lighted" work throughout His domain. Your commitment includes your most great efforts to bring "Lightedness" to all unenlightened areas. Thus it is when on Earth you do not comprehend the full extent of the power of the "Light" and its effect on all about you, you seek other avenues of enlightened direction in the belief that you may not be doing all you can to affect change that you desire.

My beloved ones on Earth, do not slight yourselves. Your very presence there is doing more than you can imagine for that planet in its evolutionary times.

Remember, you are not there by accident. You have brought your essence to Earth on a mission of enlightenment. All is unfolding according to plan, the Divine Plan of Our Creator. Fault yourself not for what you do not perceive you do. You are giving yourselves, your "Light", your very life energies to the earth mission.

Be yourself. Be your loving, "lighted" self. Pass on to others an aura of Love and "Light", caring and concern, compassion and understanding. Promote positive thinking in others by being positive yourself. Show the world the faith in God and His plan that you so truly have within you. Do not question the merits of your being, the merits of your mission! You are Sons and Daughters of the "Light". Accept your divinity. You are Messengers of God on Earth at this itime. Lo, I give you the truth. Why do you continue to doubt your greatness? Show the world your true essence. Let the "Light" shine through.

Love and "Light" to all of you.

I am Sananda.

THE TIMELESS ONE

Seed and blossom, fruit and stone:
Through these my seasonal works are done.
Their pageant dies while I remain,
For in me walks the Timeless One.

Atom and world and galaxy:
Through these my own expansion drives.
Though cosmos to chaos must return,
In me the Timeless One survives.

Still burns alike in every soul
That mighty and invincible Star
...And still men haply come and go
For want of knowing who they are.

BRINGING FORTH LIGHT

Now you have been told a great deal about bringing forth Light, but I don't think many of you know how to visualize the light in your bodies. When We send you light, we send you as it were little flames of light and they proceed thru your veins and arteries, thru every atom and cell, these very tiny flames of light. These flames of light keep moving. It is just as if they were on an electric current. They penetrate every part of your body. Usually when We project light to you, it works from the top of your head down, these little tongues of light, and spreads thru every part of your body. Maybe this will give you a better picture when We say we are giving you light, because the light We send takes the form of tiny tongues of flame or light.

Many, many of these tiny flames go thru you and your body becomes a great movement of light. Every part of your body, your head, neck, chest and shoulders, arms, back, torso, thighs, legs, and feet all have these tiny flames of light running thru them. This light burns away the negativities that are in any part of your body. By negativities we mean any maladjustments, any foreign matter that does not

belong there. It cleanses and invigorates your system, giving you new health. It makes you think more clearly. All your senses become sharpened. Your sight is better, hearing becomes more acute, smell and taste and touch become much more sensitive.

As often as you can picture this light going thru you, so is your body changed in the etheric sense. That is why We keep saying: "See yourself in the light". In time you will find that these little flames will cease and then your body will be just as tho it were completely lit up - illumined. Then you will have made yourselves so much one with the Light that you are able to translate easily into another plane. There is only one way you can accomplish this translation into a higher plane of consciousness, and by this I mean moving into another sphere entirely, is by means of the Light. Light coupled with Love will take you wherever you wish. Then you will have done what the alchemists did - you have changed your substance. The more you visualize Light the purer your bodies become. Disease moves out and health and strength move in. One does not have to appear sturdy or heavy to be strong. Your size and build makes no difference. It is what is within you that makes the difference. You can be a very well built person physically, yet have little energy or strength within you. The outer appearance does not always indicate inner strength. Your business is to bring the light forth within you so that you may realize and know that this is your strength, your health and your ability to translate.

LIFE IS -

Life is discovery. It is recognizing a friend the first time you meet.

Life is communication. It is sharing your innermost feelings and being there when you are needed. Silent communication of your love, expressing more concern for your loved one's desires than your own.

Life is a renaissance, evolving, changing and growing without cessation.

Life is overcoming our omnipresent ego.

Life is education, slowly teaching us the wisdom we need to acquire. With this possession, we have learned to love unselfishly, without condition. We are in command of the self and have attained inner strength and reliance. We live in harmony with the Universe.

AT THE CITY OF THE SUN:

On Jan. 20, 1986 the Annual Meeting of the City of the Sun Fd. was held with
Faun Homman, Chairperson. Rev. Wayne Taylor shared a part of his experience of
founding the City. Various yearly reports were given by Wm. Switzler, Dr. Verlie
Barton, Sarah G. Leonard, Mary Jane Switzler, Elvin Noel and Constance Arnot. The
following officers were elected: Trustees - Andrew Webber, Chairman, Dr. Jim Barton,
Vice-Chairman, Marcus Rogers, Secretary, and Wayne Taylor, David Johnson, Barbara
Hill and Kenneth Campbell. Sarah G. Leonard was elected Foundation Treasurer, Mary
Jane Switzler, Foundation Secretary, Barbara Hill, Chairperson of Members' Meeting,
and Helen Webber, Secretary Members' Meeting. Immediately the new officers entered
into a busy time cleaning and painting the community meeting room. They are en-
couraging and supporting the "Shelf of Light" project. Pocock

It has been a very busy time with visitors. Rose and Fred / (Helen Webber's
sister and husband) were here several days. Also, Richard Waring of California,
Faye Estes and Lester Jackson of Silver City, N.M., Lucille Craven and Gene LeBarron
of California returned, and Esther and Sean have a friend David from Florida. Many
came by for short visits, including a representative of Lama Foundation in northern
New Mexico. Our friend, Jean Michael Surmely of France is also here.

Dorothy Rayburn has been busy with her guest Lee Zachary (Live, unfired food
nutritionist). He speaks each Sunday at noon at Adobe Deli. (Vegetarian lunch op-
tional). Lester Warnake of Scranton, N.D. and Rev. Ron Sease of Elmira, N.Y. and
Deming, N.M. also were her guests.

Rev. Pierre Gallerdo showed video "100th Monkey" Feb. 12 for community and
friends. Feb. 14 we all enjoyed a fine Valentine fellowship.

PYRAMID UPDATE:

The framing around the outside of the windows of the Pyramid has been completed by David Johnson, a new member. It does look more attractive and finished. Other work is slow. With donated labor it sometimes has to wait on other obligations.

The Pyramid Committee has decided on some plans for the inside. At the entrance, the double doors are being made of beautiful oakwood by J.R. Spurling. Sarah Leonard donated the wood. There is to be an altar in the center of the room. The two inch thick marble slab that will be on the top was donated by the Snyders some time ago. Two pieces of onyx will be built into each end of the altar. Various crystals will be incorporated into the altar not only for looks, but also to work with the Pyramid forces. Flowing water under and around the altar, and a small waterfall will also contribute to special uses of the energies.

What electrical wiring is needed for lighting, heating and the water pump will be brought in from the outside at the corners of the Pyramid so as not to interfere with, or influence, the swirling nature of forces to be found in the inner area.

There is another pyramid at the City of the Sun that was built to experiment with storage of food, energizing water, etc. This is a smaller one with a 10 foot square base that I built in my back yard. These experiments have barely gotten started, but some interesting results have shown up already.

The first thing that was noticed was the fact that water placed in the pyramid did not freeze even though the inside and outside temperature had gotten down to 20°. Thinking that the water being in gallon jugs made a difference, some water was put in a shallow pie pan - still no freezing. The water placed outside would freeze around 30°. The procedure used was this: The jug of water is first placed in the location that some call the "focal point" which is directly under the tip of the pyramid, and 1/3 up the altitude above the base. After being there 24 hours it is put on a shelf anywhere in the pyramid until used. Although I haven't noticed any difference in the taste of the water, since using this pyramid water I find that I am drinking more water. My feeling is that the pyramid energies must keep the atoms, electrons, or whatever, in motion sufficiently to avoid freezing. Those who are sensitive to the energy have assured me that the pyramid water is more beneficial to a person than that not put into the pyramid. (Tests made without disclosing which water was pyramid water, or not.)

I haven't gotten into the matter of keeping food in the pyramid as compared with the refrigerator. The idea has come to mind that it would be worthwhile to ask you, our Golden Dawn Readers, who have a pyramid, and have experience along these lines, to write and tell us what you have discovered. Then the idea expanded a bit. There might be some of you who do not have a pyramid but would like to build one and feel you could IF you had directions. I am in the process of drawing up directions of how I built mine. Here is my offer:

To you Golden Dawn Readers who request a copy of the directions to build a ten foot square base pyramid, I will send you one. There is no set price involved, but a donation to the City of the Sun Pyramid Fund would be helpful. We would like to hear from you though, about your experiences in both building and experimenting with your pyramid.

A HAPPENING

A group of us stood in our community park, our hands clasped in a circle, with our pole planted in the center - while the newspaper photographer snapped the picture. I was reminded of Maypole dances that children do, but instead of bright ribbons, our pole was four-sided and each side bore the description MAY PEACE PREVAIL ON EARTH in English, French, Spanish and Hebrew. We were taking part in a global peace prayer that linked people in 168 countries in a two hour long simultaneous program of praying in unison that peace would prevail in all 168 countries, each named separately. In addition to our City of the Sun members, residents of Columbus participated in the program, including our local Columbus Catholic and Episcopalian Clergy.

We were responding to an invitation to join in celebrating the First International World Peace Prayer, as part of the International Year of Peace proclaimed by the United Nations. The peace pole program was started in Japan and to date they alone have 51,525 poles. The number of poles worldwide numbers 423 - 124 of these within the United States. Our pole is the first, but hopefully not the last, in New Mexico.

The 7½ ft. pole costs \$45.00, plus shipping, and makes an attractive, emphatic statement that can be a beautiful landmark for parks, churches, museums, city halls, libraries and New Age Centers.
