

THE GOLDEN DAWN

CITY OF THE SUN FOUNDATION

NUMBER 90
(May - June - 1986)

THE CHOICE IS YOURS

As has been given so many times in the past, you of Earth are in a period of cleansing. This period of cleansing will actually last well into the 1990's, and began during the period of seven eclipses in 1982. At this particular time, with the entrance of Pluto into Scorpio, a new phase of that cleansing has begun.

Now, as never before, must you make certain that that which is hidden deeply within the subconscious is brought to the conscious mind for cleansing, transmuted and elevation. For only through understanding self can you proceed unto that elevation which is necessary. This is a very important concept for these energies which are stimulating the subconscious also contribute greatly to the many unusual energy patterns and illness that many people are experiencing.

Pluto might be likened unto that "power pack" which will lift you out of the mortal realms of the earthbound, into the realm of the Christic energies. This is the time on earth when man must return to the Christ Energies, to overcome the miasma of the earthworld. For indeed, you are being pulled, as you have never been pulled before; pulled out of your earth world into the realm of Spirit, there to abide with the Father. This cannot be accomplished, however, if there is any residue of negative karma residing within the cellular memory bank.

As the subconscious is stimulated by outer circumstances, it brings forth from its storehouse of memory that which must be faced. Another way to term this would be that this is the hour of the meeting of the Dweller on the Threshold to the Christ Mind. So, as negativity is pushed into the conscious mind from the subconscious, it meets with the higher vibrational energies and an "explosion" manifests at the conscious level. This "explosion" may take place in the form of positive or negative mental activity; or, the physical body may manifest an illness as it tries to cope with an acceleration of energy, which it is not used to.

Many of the complaints of vertigo recently stem from the heavy stress placed upon the body physical by the combined energies of "earth and heaven."

However, if you are to survive the acceleration of energy, you must transmute all that is not of the Christ Light, so that when the energies are finally increased to their full potential, you will be able to tolerate the Christ Energy pulsating through your body. Otherwise, the physical body will take leave of the planet and the soul will continue its growth pattern elsewhere at a more leisurely pace. The choice is yours.

BOUNDARIES

My Child: You feel that you are bound by present circumstances. Realize that there are NO boundaries! The only restrictions to Life are man's doing! Light is boundless and eternal. One cannot capture light and put it in chains. It is everywhere present, even in what man calls darkness.

Love, too, is a Universal power which cannot be measured nor hoarded but only treasured as it blesses your life. You cannot own or keep joy. You may rejoice but joy is a bubbling, flowing energy which cannot be bottled!

And so it is with abundance. You cannot own anything! All is loaned to you for a short time and then it moves on out of your life and affairs. As you recognize and understand these Divine energies you can then open yourself to their perfect flow through your life. It is impossible to bind or hold on to any of these for they belong not to you but to the Universe, and the Universe is boundless. Even in your wildest imagination you cannot fathom the reaches of creation. Even though man has gone into space and explored other planets, he has only touched the hem of the Divine garment.

There is no limit to what the mind can accomplish, but through the unknowing of mankind he has put a limit on his thinking and allowed human reason to put boundaries upon it.

REASONING IS LIMITED BY THE KNOWLEDGE OF MAN BUT WISDOM IS BOUNDLESS BECAUSE IT IS OF GOD!

You are as limitless as you allow yourself to be. You have been conditioned through the ages to put limits or boundaries upon everything - to even put love and joy in small boxes and attempt to own them! Now you have the opportunity to open all of the doors of your mind and heart and allow the fullness of the Spirit to penetrate every cell of your being, and bring freedom from limitations. You are unlimited in your potential. Nothing is impossible to him who has the faith to step out into the boundlessness of God and know that all power is his to use - not own - but use as his needs require.

Remove the dams. Turn on the switches. Unlock the doors and let the mighty flood of God-presence sweep you up into the boundlessness of eternal bliss! There is no limit to what you are capable of accomplishing as you allow the power of this mighty dynamo carry you in its majestic arms!

Let all of your activities, words, and thoughts be a living tribute to God who knows not limitation or boundaries.

Peace, my beloveds, peace

I AM FROM EVERLASTING TO EVERLASTING LIFE.

I FEEL YOUR HEALING LOVE

Dear Father-God:

Now that I am quiet and faith filled I can feel your healing Love flowing through every cell of my body making it Whole, Vibrant, Alive.

Thank You, Father, for Your Healing Presence within me right now.

A New Zealand Friend

A HEALING MESSAGE

(The suggestion was made that anyone suffering from some health problem could perhaps record the following Healing Message, or read it several times a day for a week or two. It could help bring about profound changes in consciousness which usually precede the restoration of health.)

My beloved child of GOD, rest in the Lord. The Lord thy GOD healeth thee. You are now in the presence of GOD. Rest in your seat and be at peace, knowing that GOD is with you now. GOD is all there is. You are a cell in His body. He is all of you and you are a small part of Him. You are His beloved child, a thought in His mind which He is maintaining.

GOD IS ALL-CONSCIOUSNESS. He speaks the word of His thinking and we become. He maintains us with the depth of His thought. Not a hair of our heads but what He knows, for He is thinking every cell, every particle of all of our beings. He maintains us with His thought. Rest in the peace of understanding that GOD is thinking you.

GOD is Omnipotent; He is All Power. GOD is Omnipresent. You never can be absent from the presence of GOD, for He is ALL PRESENCE. He is your presence. He is the presence of every one else, and of everything. He is Omniscient - All Knowing. He knows every part of your body as you know your hand. He knows all of your affairs, all of your condition better than you can possibly know yourself. He understands your troubles. He understands your sickness, your frustrations, your unhappiness, your disappointment, your discouragement. All of these things are within GOD. He knows what you desire for He knows the thoughts of your heart.

GOD heals you. He pours into your body the healing power of His own health. GOD is the only healer. GOD pours the fullness of His healing power through His Word, His Christ, and the Christ attends you. The Christ comes to you as the Comforter. What you must do is to self-consciously accept the Presence of GOD with you now, the Word of GOD healing you now. Be at peace. Be filled with joy for GOD is with you. Be filled with gladness for GOD is healing you. Know that all is well with you. ALL IS WELL WITH YOU, with all of your affairs, all of your problems. GOD is moving through them to adjust them now and to bring about in His time the proper solution for your highest good.

You are GOD'S beloved child. He loves you with the greatness of His Love. He is the very breath you draw into your body, the healing oxygen, the pure air. He is the very blood that flows in your veins. His is the heart-beat that keeps you alive. He manifests His warmth and love in the sun that provides life to the earth and gives you food, to maintain your earthly bodies. GOD alone is the healer. Others may be messengers, carrying His healing power, His healing faith and His healing word. But GOD'S power, GOD'S faith and GOD'S word are all there is. You do not have to depend upon the weakness of the physical voice that is speaking to you for you can depend on GOD. You do not have to depend on anyone else's faith or on your faith. You depend on GOD'S faith which is a gift as free to you as the air you breathe.

GOD'S faith is the only faith there is. Use it. Say to yourself, "I am in the presence of GOD. I move forward into the center of His being. I step into His perfect health. I step into His perfect health by standing in His perfect faith that all is well with me. All must be well with me since I am the expression of GOD. GOD'S Life is the only life I have. I manifest all of GOD'S health now, at

this moment. GOD'S Love is the only Love I have ever known through any other human being or through myself.

GOD'S Love is infinite, poured out upon all without measure, equally, given as the sunshine is given and as the rain is given, to heal and to bless. I rejoice in the love of GOD which surrounds me with every good thing. His mercy is boundless and I live in His mercy. His health is perfect; I move in His health. His Light is eternal, enlightening my day and my night. With His All-Knowledge I know. With His All-Power I operate. In His All-Presence I live and move and have my being. Therefore, knowing His love, knowing His wisdom, knowing that His will is done, I place my will within His will that He may work out in my body and in my life that which is for my highest good at this moment. I rejoice in GOD, my Father, Who healeth me NOW. I accept this healing with all my heart NOW. I move forward in the constant knowledge that this healing is never absent." His healing power is as permanent in your life as He is everlasting. You have but to stop and establish in your thinking His presence and His healing power ever with you to be able to draw the harmony, the peace, the perfect health into your manifestation. In the faith of GOD accept this so fully that it drives the thought of health and the healing of GOD into your subconscious, that your whole body may receive and accept and rejoice in the Light of the ever-present healing Father. See the Light of GOD pouring through your veins and arteries in the place of your blood. See it cleansing, purifying, re-building, and harmonizing every little cell, every organ, every tissue of your being. See Light swirling in a vortex at the place that needs this healing. See it spinning round and round. Know that it is the Light and the Life-power of GOD cleansing, throwing out all that should not be there, re-building, putting perfect tissue in the place of that which has been damaged, bringing strength and vigor and alignment with the perfect pattern of GOD'S thinking for that part of you.

Whenever, during the day, the problem seems to present itself again, let yourself think of this Light whirling in the places where it is needed. Build within yourself the ability to imagine this Light and to see it, the Light of the ever-present healing GOD, operating to bring you back into perfect harmony with His perfect thought of you. GOD'S Light flows without anything to hinder it in your being NOW, for He is now present with you. GOD'S Light heals. GOD'S Life invigorates. GOD'S Light, Life and Love flow through you to attune all of your being, to put you at perfect ease, to give you comfort, and to bring you into perfect harmony and health. Accept this Light with all of your being. Know yourself surrounded and permeated with the Light and the Love of GOD. Know that GOD'S Love is the warmth in your body. Know that GOD'S Love holds every particle of your body together in its attraction, and holds you in the Being of GOD. Know that the very fact that you are alive is proof that the Love of GOD is operating in you to manifest the thought of GOD for you as best as can be done with the difficulties you have in accepting perfection.

Cleanse yourself. Cleanse your own thinking. Ask yourself, "Is there someone who has hurt me?" Then send Love to THAT person. "Is there someone I think is not quite right or good?" Then see all the good possible in THAT person. Enlarge it and let the rest of the manifestation go completely from your thinking. Wash it away in a flood of GOD'S Love to this person. Let GOD'S Love manifest in great strength, pouring through you to all about you. As you do this, your own heart and mind will be cleansed, and you can receive the healing flow of GOD'S Love to every part of your being and your affairs. Give Love. That is the true meaning of forgiveness. As we "forgive", we give "love for". Pour out the Love of GOD through your being to all about you in great gratitude that it is yours to use. Rejoice in the fact that GOD'S

Love is yours to use. Rejoice that GOD'S Love is healing you now. Accept His perfection. Accept His will for you, knowing that His will for the world is perfection, harmony, love, growth, expansion, moving forward, that it is freedom, freedom to achieve the highest good that is possible to you at present. Know that this is true for you now, and give thanks, be glad, rejoice in it. Say, "My Father whom I adore, I turn my whole being over to Thee. I give all of my affairs into Thy keeping. Since Thou knowest that which is wise and best for me, I find my greatest freedom to move forward when I move forward according to Thy plans for me. Obstructions vanish when I come fully under Thy will, and the free-flowing power of GOD takes over and manifests in all outward affairs. In great gladness, in thanksgiving I come under Thy will, accepting for all of my being Thy healing power now, accepting Thy faith as my right to use in all of my affairs, knowing that as I work in Thee I cannot fail because I work not for my own selfish pleasure but for the giving of Thy love and the pouring it through myself into Thy creation. As I work with Thee, all falls into place. I am blessed; I am healed; I am perfect; I am filled with Thy heavenly harmony in every aspect of my being because I accept Thee in the fullness of Thy great love and Thy great healing power pouring into my life and into the lives of all about me. Because I accept all of this for me, I accept also its flow through me to others. With all my heart I rejoice. Every cell in my body rejoices in Thy healing Light, Blessed Father. Every bit of me says, "ALLELUIA! THANK YOU, OH GOD, FOR HEALING ME!"

"One of the obvious characteristics of our Nigerian daily life is that we are always busy. Especially our days are filled with doings - people to meet, projects to finish, letters to write, calls to make and appointments to keep. Our lives often are like over-packed suitcases bursting at the seams. In fact, we are almost always aware of being behind schedule."

This is true of life in America too!!! Upon contemplation of it -

As I awakened this morning
I sought in vain for peace,
Mind dwelling on trivialities -
Thought forms which did not cease!

I must accomplish much this day,
Must shop and bake and plan;
Should get at unfinished tasks -
In this vein busy mind ran.

Then Spirit entered in
And set me back aghast.
"Where's time for soul seeking,
Heartwarming efforts that last?"

What's REALLY my work for today?
Only my heart can know,
But I MUST give it time,
Allow Spirit within to grow!

JUPITER AND THE AGE OF AQUARIUS

This period of time is potentially very fortunate for New Age communities and endeavors. During the past year the planet Jupiter transited the sign Aquarius and is now transiting the constellation Aquarius. The cause of the difference between the sign and the constellation is the precession of the Equinoxes, which is also responsible for the movement of the planet Earth out of the Piscean Age and into the Aquarian Age. Jupiter is known as the planet of growth and expansion. Its movement through Aquarius indicates growth of those things represented by Aquarius, including groups, organizations and anything considered to be New Age. Therefore, we can expect that there are unusual possibilities now for all New Age efforts. Such a period of growth arrives only once every 12 years. The next transit by Jupiter of Aquarius will not occur until near the end of this century. The obvious advice to all New Age workers is to "strike while the iron is hot", so as to not let the present opportunities slip through our fingers.

There has been much debate concerning what is characteristic of the New Age and what is not. The clearest explanation, perhaps, is put forth by Djwahl Kuhl, The Tibetan. He says that the most important lesson to be learned is that mankind must now put aside the intense individual competition and isolationism of the previous Ages and work toward group consciousness and cooperation. One of the most striking examples of this is the emergence of cooperative communities, such as City of the Sun. Because of our previous experiences and programming, this type of cooperation seems to be rather difficult to achieve and even contrary to human nature. Nonetheless, this attitude of goodwill and cooperation among Mankind is absolutely essential to our survival as a species.

Our best wishes and encouragement go out to all people and groups of people on the planet who are trying to accomplish this goal.

By a City of the Sun resident.

BECAUSE I AM

BECAUSE I AM in harmony with myself, I am in harmony with all of my environment.
BECAUSE I AM at peace with myself, I see no wrong in others.
BECAUSE I HAVE no guilt within myself, I see no wrong in others.
BECAUSE I DO NOT judge myself, I see no wrong in others.
BECAUSE I LOVINGLY ACCEPT myself, the way I am, I can lovingly accept others the way they are.
BECAUSE I AM in constant contact with my Inner Christ, I can behold the Christ in others.
BECAUSE I AM in communication with myself, I communicate clearly with others.
BECAUSE I KNOW my true beauty, I can recognize the beauty in others.
BECAUSE I LOVE myself completely, I can love all persons completely.
BECAUSE I AM GOD, I see God everywhere.

AN EXCERPT FROM "THE JOY OF ASCENSION"

One evening as I walked the beach I contemplated ecstasy. I felt the wind on my face and tasted the lusty air and the twilit sky. As I stood on the shore, the surf washed in and out so softly, so evenly. I crouched down on my haunches with the water rolling right over my shoes. I wanted to be right in the water, to have it envelope me up to my shoulders. I wanted to BE the water.

As I felt the water within my Being, a phrase I'd uttered countless times came through my consciousness, though I did not "think" of it, or hear it or say it. I simply felt and became it "The Father and I are One." At that moment I looked up to the edge of water rippling down the beach. I saw the horizon and its soft light meet the water. I was aware of my own outline and form only as it melted into all of these. My body seemed to disappear, and in that instant I became profoundly aware of the total absence of boundaries separating me from water or sky or mountain or cloud. I felt what it is to become the things which I observed.

My Spirit expanded, took on the feeling of the Spirit of all things. The essence of the very earth I walk became clear to me, for it is inside of me. Only then do I know it. Only as I see and feel a person or a tree within my Soul are they a part of my experience and a part of me.

Now, I must tell you that I'd known this in my head as theory for quite a while. It was only when I felt it demonstrated conclusively in my experience and with physical sensations, that I became this knowingness.

This is knowingness realized, when you become the feeling, and so become the person or the tree or the Thought. To be in receivership of these feelings, these Thoughts, this is the trick. Some are uncomfortable, some are downright painful when viewed alone, that is, without the perspective of divinity that is the eternal basis of your Beingness. But to arrive at a place where you can accept all feelings without judging or separating yourself from them, this is ultimate freedom. Then you are a great and sovereign God, capable of expressing anything, and able to relate to all life in a Oneness with it.

I watch the water lap the shore, waves roll steadily
Inward
Constant
Tireless knowing only NOW.

O Teach me Sea
Teach me to be steadfast, peaceful, constant
To be buoyant in all moments, JOYFUL!
Teach me evenness, to ride the waves of my emotion
To reflect the Light, exquisitely and with my own
Character.

O Remind me of the vast expanse of my Being
The Ocean of the
Depth within
Teach my voice to (whspr) softly gently such as the sand
Receives the flow
So I become the Flow, serenity, resolve.

O Teach me to be still, content
To be as the Sea,
To merely
BE.

This is a rare message by one of the co-Founders of the City of the Sun - Grace Taylor. It was printed some time ago in another paper, but we thought you would be interested.

THE POWER OF THOUGHT

Man is a thought within the Mind of God. The flowers of the field were painted from the thoughts of God. The universe is brought into being by the thoughts of God. And man, being a part of God the Father, has the power of thought even as strong as the Father. And he has been given free will to use this power of thought. I say unto you, you can build yourselves strong and mighty and powerful in the work of the Lord, or you can tear yourselves down - by pure thought!

Thought. How mighty and powerful is that word. If you think aught against another, that thought rebounds unto you. It is the inevitable law of the universe and it will out-manifest itself in some way in your life or in one around you. If you arise in the morning and say, "I don't feel right today. I feel sick." What have you done? You have declared for yourself the way that day shall go, for the power of the spoken word and thought - the spoken word is thought - for without thought it could not be spoken. Mighty are the powers of the Father and mighty are the powers of the children of God.

For one moment think now - many of you have been thinking, "I am weary - not only physically but mentally and spiritually weary." What have you done? You have set the pattern, beloveds, and it shall fall upon your head. Even though you may not feel so well, it is a thought that brings it into being. Why will you allow yourselves to think these things when you only have to realize that you are the sons and daughters of God the Father, and through Him pours all power into your being. YOU have the key to your own life. You have the power to turn that key and open the door by PURE THINKING. For it has been truly said, "As a man thinketh in his heart, so is he." Why do you waste your time in these thoughts? Why do you not cast them aside, and upon arising say, "Father, this day work Thy will through me. This day shall Thou manifest through me and all that comes about through this day, is from Thee. And I rejoice and I am glad in it."

When you say those words and when you think those words, you have put into being the pattern for your day. And you shall see that it shall follow that pattern. If aught comes to discourage you, and it will, rejoice that you are a child of the Father and you have the power to change that, with thinking - thinking with the mind of the Father, not the mind of yourself, of your ego.

These are not idle words. You have read them and you have heard them, but I want you to think deeply on what I am saying for it is the thoughts of man right now that has this earth in the place that it is. Weeping, wailing, moaning, avarice, hate, spite - these are thought, and then put into words and deeds, and all rebound upon each other.

The Law of Karma will have its payment. If you would change your law of Karma, then change your way of thinking or else stay where you are down in the mire, and others shall go on into the Light. The time for self-pity is past. There is no time left for that. Now is the time for positive thought of the Love of Christ flowing through you into this earth, and YOU MUST BE AN OPEN CHANNEL OF THOUGHT OF PURE LOVE, else you will be of no good to yourself or to any other. So think upon

arising and every moment that you can, "The Father works through me in mysterious ways His wonders to perform.

Maintain a joyful spirit, sing and fulfill your daily chores lovingly, patiently and with kindness toward all. God be with you.

DISCOURAGE NEGATIVISM IN YOURSELF AND OTHERS

Happiness is helping to raise the consciousness by discouraging negativism in both yourself and others. Does it make you feel disgusted or discouraged to hear the judgmental and destructive expressions of others? Do you feel helpless caught in a web of negativity? This feeling is not necessary. You have a mental weapon that will stop it all very simply. Silently deny and destroy the negative thoughtforms being spewed into the atmosphere with positive mantras. For instance:

"The only Power and Presence in this room is God, Good."

"The Christ in you can only express love and light."

"The Christ in you sets you free and only harmony can exist where you and I Am!"

Now you have invoked the "I Am" - the sacred name of God, and nothing can manifest in THAT PRESENCE but truth and light.

We have seen the dark forces dissolved like mists in the early morning sun when one person in a destructive situation holds his guard of TRUTH AND LIGHT. It is a power stick that nothing on this earth can withstand. Use it. It is your gift from the Christ within. When you do not use this power, you allow the person expressing the negativity to destroy not only the Christ within them, but the Christ within you suffers again on a cross of darkness.

One day a soul was spewing forth a barrage of complaining and past reminiscences of former injuries and cruelties invoked by others. The Truth Student created little arrows of light and aimed them at the negative thoughtforms from her friend poisoning the atmosphere of her home, and destroyed them one by one. Suddenly her friend bewildered and surprisingly said, "How dare you shoot down what I'm saying with little arrows?" Her friend smiled and said nothing. Truth and light do not have to be "defended." They are self-evident even as God is Self-evident. Her friend had a raise in consciousness and her home had been saved from desecration.

As our Azrael put it so well, "So why tarry? USE THE POWER OF GOD - USE AND GIVE OF HIS LOVE TO ALL MEN!"

"Letters From Spirit" - Noree Liang Pope, 2312 Heidi Pl. #3, Santa Rosa, CA 95401

We feel that somehow we have failed at the City of the Sun, and in the Golden Dawn, to properly present our bright colored 36 page booklet with messages, prayers, poems, etc. for "wholeness".

Recently we have received several wonderful testimonies of its helpfulness. We are reminded of the fact that many of us send cards to those who are hospitalized, feeling discouraged, or suffering in any way. It is recommended that this booklet could be sent instead of 'store bought' cards. From the first article "Today Is The First Day of The Rest of Your Life" to "I Am With You Always - including practical "How-to" suggestions - there is help there.

"I AM" LORD'S PRAYER

Our Father, Who art in heaven,
Hallowed be Thy name, "I AM".
I AM Thy kingdom come,
I AM Thy will being done,
I AM on earth even as I AM in heaven.
I AM giving this day, daily bread to all,
I AM forgiving all life this day even as
I AM also all life forgiving me.
I AM leading all men away from temptation,
I AM delivery of all men from every evil condition.
I AM the kingdom,
I AM the power, and
I AM the Glory of God in eternal, immortal
manifestation.

LET GO AND LET GOD

As children bring their broken toys
With tears for us to mend
I brought my broken dreams to God
Because He was my friend.

But then, instead of leaving Him
In peace to work alone,
I hung around and tried to help
With ways that were my own.

At last I snatched them back and cried,
"How can You be so slow?"
"My Child, He said, "What could I do?
You never did let go."

AT THE CITY OF THE SUN:

It's always a pleasure to entertain visitors here at the City of the Sun. It was especially pleasant to welcome two lovely and gifted ladies, Bernardine Paull and Madelene Howes. These two have been traveling coast to coast giving workshops and clinics to teach various self-healing techniques, utilizing music, color, crystals, effective prayer, etc. They have studied with such outstanding teachers as Lynn Radcliff, Hannah Kroeger, Jim Hurley and Dr. F. Houston of Pine Valley, California. Madelene has a very unique gift. After a joint meditation with an individual, she shifts into another awareness and is able to give inspiring and revealing insights on a 'soul' or spiritual level, while drawing a 'portrait' of one's name vibrations - a most rewarding experience. Bernedene Paull shared her also unusual talent at a community dinner where she tuned into and played healing melodies to each individual on her omnichord. They will be holding a workshop in Akron, Ohio, May 17- July 13 and may be reached: c/o Core Ward, 467 N. Firestone Blvd., Akron, Ohio - 44301. (216) 724-3839.)

Easter vacation allowed a nice visit to Andrew and Helen Webber of their daughter Ann, her husband Kevin Dahlgren, the twins Jennifer and Sonya and Renée. They live in California - Alaska.

Easter Day itself was a "special" day from 5:20 A. M. until evening. Rev. Lorill Maxwell of Deming, N.M. conducted a Sunrise Service with several community members also sharing inspiration. Afterward a community breakfast was served. In the afternoon a number of community members joined in a giant pot luck shared by Unity members from all of the Las Cruces area. This lovely affair was hosted by Rev. Pierre Gallerdo and Ron and Beverly Potter. Others of the City of the Sun joined in a Columbus community dinner.

Dorothy Rayburn had numerous guests during the spring days: Jose Baca of Montclair, California, Carl Bartsch of East Germany, Kenneth Reddick of Canada. Dorothy Rayburn and Lee Zachary spent a week in Albuquerque, N.M. and Phoenix, AZ, where she and several friends attended Franklin Hall's International Healing Crusade.

On April 9th Lillie Mae Buckley of Camden, Arkansas, came for a good three weeks' visit with her sister, Dr. Verlie Barton, and her husband, Dr. Jim.

Our community was honored recently by a visit from an Algonquin-Miami Medicine Man, Jerry Two Suns. Jerry, who is presently based in Las Cruces, would like to initiate a series of Earth Walks in this area. He describes the Walks as truly transformational for the participants. He says, "Nobody fails - everyone experiences some kind of breakthrough in personal power and effectiveness." Jerry has been in training since the age of eleven and has had numerous interesting experiences to share. We are looking forward to his return and hope he'll be able to stay for a longer period next time.

On May 14th two new members were welcomed into the community of the City of the Sun Foundation: Lester S. Jackson of Amado, Arizona, and Faye Estes of Silver City, New Mexico. The evening preceding the Member's Meeting a lovely shared dinner was had so that all might become better acquainted with our fine new prospective members. Several people with April birthdays were also honored, including our Foundation Founder, Rev. Wayne Taylor.

PLANETARY COMMISSION PRAYERS:

Individual sign-up sheets for the Planetary Commission Prayer on Dec. 31, 1986, continue to come in. It is not too late to enter into the project. Men and women around the Earth will be acting in unison, consenting for the healing of the Earth, and sending Light and Love energies. A very beautiful World Healing Meditation will either appear in the Golden Dawn, or be sent personally to each of you who have joined the program of prayer efforts. Reminders of this will appear in succeeding Golden Dawns.
