SACRED EARTH, SACRED PLACE

The conditions of this planet are and will continue to move consciousness of humanity into a new sphere.

This is a declaration of a new humanity and a new radiant planet Earth, who, as the Creative Power rises, move into a new dimension and a new embodiment of light fluid.

The human condition is changing - but not fast enough. More is needed from each and every one of you. As you listen and decree, know that Earth is listening too. If you agree, manifestation will occur.

No more can you live for yourself, O man. I say, no more. I, Divine Intelligence, respond only to the whole embodiment that I have created as I AM. I do not know separation. What has been cannot be. I have become greater in you. I have embodied My Son's Truth on Earth, in her every living cell. She is of Me and I of her. We are together at-one. You have brought into earth a false program. I breathe you into newness, God-centeredness. I breathe new life into you and complete you as Myself. Therefore, come to that which is whole and decree. And the fluid shall answer you as the I AM.

Such are the conditions on Earth at this time that humanity can no longer live upon it without altering his/her energy pattern. The rapidly changing Earth planet is literally forcing creation, including human beings, into the etheric light zones (fifth and sixth dimensions).

For in order to adapt at Universe consistency, human beings and all creation must loose the denser physical body and reclothe themselves in light. To remain on the planet, that is.

As the Positioning Consciousness is vitalizing itself within you as consciousness supreme, so the Positioning Consciousness is vitalizing Itself on and within planet Earth. This is the PASSAGEWAY to the new, the Ultimate.

You cannot live in the Presence of this Positioning Consciousness without changing - if you are to adapt and continue to live on this planet. The higher horizons cannot be sustained or maintained without the consciousness of ALL the interconnectiveness of all life. This awareness and agreement of the BODY OF CHRIST, the Supreme Lord of this planet, is paramount as humanity moves into a new dimension of Ultimate frequency and recognized wholeness. The awareness that everything is interconnected and inter-related as a body or consciousness that is Supreme Intelligence is the revelation for this time and hour.

You see, the body temperature and frequency is changing in the quest for life. EVERYTHING is changing in its desire to survive and live on this planet. The Earth is changing. It is becoming a star brilliant in the heavens. It is translating into light. Therefore, the body of man (humanity) is changing as rapidly as possible to light that man might continue to dwell upon this Earth. As your body awareness

is changing, so must your heart and mind: being always conscious of the oneness of life and the interconnectiveness of all creation.

(Not only is woman rising and we must remember the power of woman, but we must also remember the power of the squirrel and the power of the wind. We cannot live separately any longer. This planet will not permit it.)

DECREE FOR THE EARTH AND HER NATIONS

In the Full Power and Authority of the Beloved Presence of God "I AM" We, the Children of Earth, humbly come to the Throne of our Father-Mother God to invoke into the physical plane of Earth the most intensified activity of GOD'S WILL ever manifested in the history of time.

We ask the Legions of Light serving this Sweet Earth to absorb this Divine Essence into every fiber of Their Beings and project It into the Heart Flame and conscious mind of every person associated with the governments of this Planet in any way, shape or form.

Blaze the Cosmic Flame of God's Will through each of these souls and clear away any destructive activity of their own free will which might rush in to impede their conscious desire to do God's Will.

Help them to become and remain obedient to the Law of Harmony and BE God in Action at all times.

Seal all governmental positions, individually and collectively, in the radiance of God's Will.

Reveal through Illumination's Flame, the Divine Purpose and Plan for each office and individual, and give to each person the Spiritual Courage to fulfill that plan perfectly.

Let the Will of God be MANIFEST in, through and around all the governments of the world NOW and FOREVER!

Let the LIGHT OF GOD THAT IS ETERNALLY VICTORIOUS illumine and lead all Humanity everywhere!

We consciously ACCEPT this MANIFESTING NOW even as we call!
SO BE IT! BELOVED "I AM".

LORD MAITREYA -

"Every place you move on the planet Earth you carry with you the. ALL Power of the majestic, magnificent, victorious Eternal God! There is only One Power in this Universe that can act for good, and that Power acts for YOU according to your Faith in IT!"

DAIAI IAMA -

"The world grows smaller and smaller, more and more interdependent. Today more than ever before, life must be characterized by a sense of universal responsibility, not only nation to nation, and human to human, but also human to other forms of life."

TRANSFORMATION

by Patricia Diane Cota-Robles

The purpose of our Life is to Glorify the flesh and Glorify the Earth, raising the vibrations of physical matter until the entire Planet becomes TRANSFORMED into 4th Dimensional Frequencies, thus Ascending Spiritually on Its return journey to the Father-Mother God.

Through Divine Love and Wisdom, and through service to our fellow human beings our bodies become Purified - literally refined and rarefied.

Transformation occurs when the God Self pulsating in our Hearts becomes so integrated with the outer little self or personality that the dense substance of the physical body can no longer hold dominion. Through this integration, the body is purified by the Power of God within.

It is time for us to move into our Hearts. Transformation cannot occur on a mental level alone, but must resonate through a selfless Heart. In that Inner Sanctuary Truth abides. The Truth is that a Master is one who has attained mastery over not only the lower self, but every plane of being. Such mastery is attained through the Power of Love. Love is a magnet for Transformation. The greatest power in the Universe is Love. Love is Power, and Love is Wisdom. Love, Wisdom and Power are inseparable. These qualities represent the TRINITY OF GOD and are anchored in every human Heart. Love is the cohesive essence which unifies, yet gives complete Freedom. When applied to Transformation, it is ALWAYS Victorious.

This is the Cosmic Moment on Earth when matter will be Transformed. The DNA in our cells is being reprogrammed by our God Self to accept higher sensory capabilities so that our consciousness will Ascend into the "Light Body."

NOTE: Many of you Golden Dawn Readers have taken part in some of the Planetary Activation Events - such as the World Peace Meditations which began Dec. 31, 1986, Harmonic Convergence of Aug. 16, 17, 1987, Earth Link Feb. 1988, and Earth Day celebrated last Apr. 20, 1990. Each of these events has served to further bring the planet and humanity into an increased sense of Oneness with the Planetary Logos.

So we await the next step of consciousness raising for the Earth and for ourselves. You may be interested in a booklet entitled "The Next Major Planetary Activation 11:11 (Jan. 11, 1992) (\$1.00) from Star-Borne Unlimited

Rt. 7, Box 191B
Charlottesville, VA 22901 (U.S.A.)

Here is their "Call To Activation:

"Here we stand in the midst of great changes. The survival of planet Earth and its inhabitants is now on the line. We are constantly being pulled back and forth between an ingoing and an outgoing tide. This is causing turmoil, confusion and fear. The outgoing tide is composed of the third and fourth dimensional energies of duality and separation which are in the process of being removed from our sphere. Hence their final battle for supremacy and control is now taking place.

The ingoing tide represents the awareness of our inherent Oneness. It resonates with our new Divine Dispensation and is our Call to Completion and Freedom. It is our graduation from illusion and the next step on our journey homeward. This is where we must now fully anchor our beings in order to keep our balance between these two very different energy patternings.

Ahead of us lies a tremendous task, to open the Doorway of the 11:11 and to move onto a new spiral of consciousness. In order to achieve this, in order even to survive through these tumultuous times, we must fully focus and align ourselves irrevocably with our Higher Purpose. No matter what is happening on the outer levels,

we must keep a positive outlook! Remain centered and remember at all times what is truly in play. Do not allow yourself to feed the negative patterings by giving them life. Do not propagate doom and gloom. Remember that they are all based on third dimensional illusion. They do not emanate from the Greater Reality.

Whenever you begin to get drawn into the outgoing illusions, simply pause, re-align your being and quietly state that you do not accept this reality. Remain focused on the great awakening currently taken place on Earth. Remember who you really are and see the Doorway of the 11:11 open and this activated arc of Light serving as our bridge to the new Divine Dispensation which contains New Octaves of Harmony, Peace and Oneness.

This anchoring of your being into the Greater Reality is crucial to the fulfillment of the Divine Plan on Earth. Your total commitment is needed now!"

GREETINGS MY BROTHERS AND SISTERS:

"I have a new story to relate to you. It is about the Devas -
(Elementals or Nature Spirits if you will.)

The Devas cannot survive without us, and we cannot survive without them for we are an integral part of each other's Life Force.

Have you a garden my friends? (Learn of Findhorn, Scotland!) Look at nature and you will see the power of the Devas. (who serve the Most Radiant One!)

Call on the Devas when you need their type of aid and they will help you!
(My plants have already started to flourish!)

I will not try to tell you how I communicate with the Devas for I strongly believe that this is something you have to learn by yourself, and no one else would be able to accurately explain and use your method.

Learn of the Devas. Aid them as they will aid you!!!

BE PREPARED

My child:

Again the warnings of earthcatastrophes have come to your attention. Let us assure you that there will always be the upheavals and the earth changes. The earth is a living entity and as such, is never dormant but always moving and changing for its growth and protection.

When man drills into the depths of her, when he uses explosives below her surface, when he denudes the ground, polutes the water and air, she must do something for these wounds. The balancing comes through volcanic activity, earthquakes, tidal waves and the like.

All of the scientific equipment man has devised cannot predict the exact time or location of any of these "natural" occurrences and so it is well if each one has his own protection perfected. This protection is his knowledge that he is an eternal being and regardless of what happens in the outer he will continue to exist in some dimension. Too long has man felt that the physical existence was all that was important.

With the impending balancing of the earth, whenever and however it comes, it is of grave importance for all to accept their Divinity and know that there is no death - only change.

The fear of death has held so many of My children in bondage for eons of time. The stories of hell and purgatory and the fear of the unknown have left their mark

on the mass consciousness and it is difficult for many to overcome these fears. It requires some 'knowledge' of the 'beyond!' Also, it requires a deep and abiding knowing that wherever one is or whatever befalls him, he is never outside of the love and light of the Divine or God. He cannot be separated from himself.

As to the physical aspects of preparedness, it is well to always be ready for emergencies and not only have supplies on hand but know how to respond in emergencies. In the event one is caught in any of the earth changes, he must know what steps to take for his own and others welfare. Many will panic and they need the steady and sure hand of those who are prepared, both inwardly and outwardly.

We would say, in closing, that he who has provided his inner welfare, will find that the outer, whatever it is will be understood and he will be ready and able to cope with any and every event. Be filled with the knowledge and be assured that he is the light which will guide the feet of others in the coming days.

Bless you my children of earth. You are where you are for a purpose. Let NOTHING dim your Light. I AM

POTENTIAL

You never know the gift you have
To inspire another soul,
The unlimited potential of life;
By joining energies you reach a goal.

Sometimes older, stabler ones
Can bring forth the Spirit's fire;
Mayhaps not in themselves alone,
But in a younger aspirant's desire.

We interplay in our missions -
The soul's horizons beyond belief.
Oh, dear God, we are not alone.
Our fellow travelers can bring relief.

Our Father/Mother God did plan
That we unite and know
We're ONE with men, angel, animal, plant -
Together we evolve and grow.

So do not belittle your potential
But use the means which are at hand.
What you can do together with others
Can make a difference in your land.

SHORTCUT TO SELF-REALIZATION

The name of God is the seed; Love is the water by which the crop grows; Discipline is the fence which protects the growing crop. The field in which the crop is grown is the spiritual heart. The crop, when it comes to harvest, is Bliss."

Sri Sathya Sai Baba

HEALTH TIP:

Stress is considered to be the number one cause of ill health in the world today. Stress is brought on by all the negative emotions such as fear, anger, resentment, guilt. The most effective means of stress control which you can practice is Meditation. When you meditate, you "plug-in" to the positive source of energy-God- and when you are daily filled with Light, Love, Peace, Joy there is no more room left for darkness or disease. Also, the best kept secret of Meditation is that it practically stops the aging process.

MEDITATION:

Infinite Spirit, we empty ourselves of all thought, emotion and ego - and lift our emptied body, mind, and soul as a Holy Grail to be filled with your pure Light of truth and love and joy and peace.

Visualize a pure white light pouring in through the top of your head, going down your spine and out through nerves to every part of your body. Inhale this Light. Think of yourself as attached to "The Father" by this cord of Light. With every breath you inhale, feel renewed and restored in divine perfection. With each breath you exhale, visualize a cool, violet cleansing light flowing up, through, and around you dissolving all shadows and problems. Release into this violet Light all imperfections and the memory of every unpleasant experience. Be cleansed, healed and filled with Peace.

AFFIRMATION:

I am the way of Love and Light, of Truth and Joy. I am the way of perfect peace in my world today. Thank you, Father. And so it is.

A PRAYER FOR ALL DEPARTING SOULS

Beloved Presence of God - in the Name of the Humanity of Earth - particularly those who shall be called forth from their mortal forms this day - we make this CALL.

Let the Angels of PEACE stand by the physical body of each soul and hold the atmosphere and feelings where such release is taking place at Perfect Peace! Let an Aura of Sanctity abide at the hour of transition, that the soul may be easily CUT FREE from its Earthly tabernacle, and no grief, nor sorrow distress it at the Threshold of New FREEDOM!

Let the Angels of DELIVERANCE meet each soul. Let not a Lifestream to our evokution pass through the veil of so-called death "Unattended". Let each one be taken QUICKLY to the Realms of Mercy and Forgiveness and be bathed in LIGHT. Let them be prepared to enter the Heavenly Realms in DIGNITY and in conscious awareness. May each one be assigned to a Schoolroom of Learning and joyously and happily enter into the study of the LAW of their own Life.

We call for MERCY, LOVE and COMFORT to enfold all those whose loved ones are about to leave or have just left this Earth and to fill each Heart and Home with Happiness and Gratitude for the opportunity afforded their loved one to know TRUE FREEDOM and PROGRESS upon Life's path.

SO BE IT! AMEN!!

"I AM REALLY ON THE PATH:

If I always look for the best in each person, situation and thing.

If I resolutely turn my back on the past, good or bad, and live only in the present and future.

If I forgive everybody without exception, no matter what he may have done; and if I then forgive MYSELF whole-heartedly.

If I regard my job as sacred and do my day's work to the very best of my ability (whether I like it or not).

If I take every means to demonstrate a healthy body and harmonious surroundings for myself.

If I endeavor to make my life of as much service to others as possible, without interfering or fussing.

If I take every opportunity wisely to spread the knowledge of Truth to others.

If I rigidly refrain from personal criticism, and neither speak or listen to gossip.

If I devote at least a quarter of an hour a day to prayer and meditation.

If I read at least seven verses of the Bible every day.

If I specifically claim spiritual understanding for myself every day.

If I train myself to give the first thought on waking to God.

If I speak the word for the whole world every day - say, at noon.

If I PRACTICE the Golden Rule of Jesus instead of merely admiring it. He said, "Whatsoever ye would that men should do to you, do ye even so to them." The important point about the Golden Rule is that I am to practice it whether the other fellow does or not.

If, above all, I understand that whatever I see is but a picture which can be changed for the better by scientific prayer.

(If you want to demonstrate, ask yourself once a week how far you are observing these points in your life.) "

GREETINGS MY BROTHERS AND SISTERS:

"It has been over a year since I experienced the story I am about to write and now I feel led to share this with you (although with some reluctance on my part!)

Last year I was very close to passing over; as a matter of fact I was constantly drifting over from this side to the next! Every time I would travel to the other side I would always be encased in a type of "room". (I have no better word for it.) I remember traveling over the most beautiful countryside (rolling hills, forests and a large winding river), and there was this incredible blue-white light emanating from everything. This light gave me the feeling of complete love, peace and acceptance.

As I was looking out the "window" of this "room" I noticed a great gathering of all these beings on the ground waving and calling my name, and the feeling of total unconditional love coming from these beings was almost overwhelming. I felt a love for myself that I had never felt before. I cannot accurately express the feeling.

The "room" then landed and was almost immediately surrounded by all these beings who were all there giving me a most beautiful welcome! I wanted to leave and stay there but there was no way out!!

The "room" once again started to move. I rushed back to the "window" and I started to wave back to all those beings who were waving goodbye to me. The love was incredible. I have very rarely felt anything like it before!

The "room" was then moving down the river where it once again landed. Across the river from where I was there sat a solitary being who kept motioning me to cross the river to sit beside him. This time I could leave the "room"! I left the "room" and crossed the river to sit beside him, and then he told me, "You know, Phillip, you know who you are! You know what you're about! Why are you listening to other people? When people come up to you and start to put all of their negativity on you - when other people try to put you down - don't listen!! All you have to do is ball up all their negativity and throw it in this river and let it wash away! For what other people think of you is meaningless!! Trust in yourself, my friend. Trust in yourself!!!!"

The next thing I remember is being back in my hospital room on my way to recovery!

This is my story, my friends. I send you all Love and Light."

(A Friend shares - GOD BLESS YOU!

GOD BLESS YOU! Words are empty things;

We speak and think not of our saying -

But in this phrase forever rings

The higher tenderness of praying.

It means so much - it means that we

Would have no fears or threats distress you,

Nor have your heart tuned to a sigh -

GOD BLESS YOU!

This trinity of blessed words

Holds all our wishes, oldest, newest -

The fairest deeds that can be wrought,

The palest greetings and the truest.

It's more than wishing joy and wealth,

That kindly fortune may caress you;

That you may have success and health.

GOD BLESS YOU!!!

AT THE CITY OF THE SUN:

Several of our residents have left for their summer activities in New York, Canada, Wisconsin, and California, to name a few.

Bob and Florence Guilford enjoyed the visit of their dear friends from San Antonio, Texas, Harry and Clara Hecker.

Rev. Wayne Taylor, Founder of the City of the Sun, was honored upon the occasion of his 87th birthday on April, 17th. A fine dinner and fellowship was enjoyed.

It had been over 30 years ago that the immediate family of William and Mary Jane Switzler had been together. Then - wonderfully - between March 13 and 19, 1991, all of them were at the City of the Sun with several hours when ALL were here at ONE time: Son, Ted, and wife Charyl, of Jacksonville Florida; son, Richard, and a friend, Michael York, from London, England, and a son, Paul, and wife, Jonne-Marie, from No. Hollywood, California. Also a one day visit was made by a granddaughter, Sherry Campbell, and her husband, Robert, and their friends from Georgia. It was a momentous week enjoyed by William, Mary Jane and a grandson, Scott Feiten, who is living at the City of the Sun.

Bill Barton and his daughter, Celeste came to visit his dad, Dr. Jim Barton and Dr. Verlie Barton. Bill is with the Post Office in Washington D.C.. Celeste has just completed her second year at University of Syracuse, New York. It was a real fun time with one trip to Albuquerque where they visited Dr. Jim's brother, Dr. Howard A. Barton and wife, Ruth.

We have been trying to remedy the situation at the City of the Sun of having more rental places for guests and/or members who are building homes. An excellent trailer was recently purchased and is being readied for useage. The Foundation arrived at a difficult decision - to raise the rental cost of these guest accommodations. This was needful because all the utility rates had gone up. We now charge \$7.00 per night for members and \$10.00 per night for non-members. These two places are like small apartments with refrigerator and cooking facilities. One of our members is also working upon guest facilities.

As we are finishing these stencils we are looking forward to the visit of the Peavys of Albuquerque, New Mexico. Rev. Jean Peavy will speak to us on "Angel Body Devas Take Care of You". Body Devas digest your food, operate in your blood cells, nervous system, glandular system, immune system, respiratory system, circulatory system, lymphatic system, skeletal system and electromagnetic system. As well as speaking to groups, she communes with the Angelic Kingdom and Spiritual Hierarchy and gives hour consultations on your personal health. Her address is 316 Horton Lane, NW, Albuquerque, N.M. 87114. Phone (505) 897-7450.

MAN THE ADEPT

By special permission we print the beautiful truths as expressed in the little 10 page booklet entitled "Man The Adept" by Solaris, put out by White Willow Press of England. There are 4 chapters in the booklet: True Self-Realization, In Search of the Absolute Self, The World of Light and Adeptship.

We have been given a number of the booklets with the suggestion we ask \$2.00 each and the monies go into the "Healing Building Fund". (It does make a good selection for birthdays or other remembrance.)

At this time we print Chapter 1 (True Self-Realization)

"I am the youngest vibration in the universe; I am ever-young Love.

I stand steadfast as the tides of time flow over and through me, for I know THAT I AM. Slowly I manifest THAT I AM even through the physical; thus comes into realization the true life-being.

I have chosen to live without decay or pain or the dis-ease called death. I have chosen to express through the mantle of matter TILL THAT WHICH I AM IS IN COMPLETE MANIFESTATION. It need not take long years of hard labour. Accomplishment occurs BY TRUE FOCUS UPON IT.

Mortal life is the shadow of the Real. Only POSITIVITY OF THE BEING IN ALL HIS LEVELS can give him awareness of his true dimensions.

So the mortal must make the effort to accomplish THE ATTAINMENT OF SPIRITUAL POSITIVITY.

Let man come to a crisis; then he will begin to stir, to seek the reason and the answer. Yet to do so is his natural evolution of self into positive undying existence and could be readily attained if Man applied himself. He would not then need the stimulus of suffering.

Man is an ancient angel who chose to identify with a younger bi-fold life-form to equip him to serve and guide humanity with complete understanding.

Now he must look again towards his higher nature in order to complete the process and return himself once more to mature Angelhood.

Mark the climate of my temperament. It is always composed of loving emotion. Only after a prolonged process of true self-knowing and refinement can one hope to consolidate the Angelic quality.

From the Angel's detachment from self grows an overwhelming longing to embrace all creation and carry it in its pure state back to God.

Yet all must pass along the evolutionary pathway EVEN IN THE FOOTSTEPS OF THE FIRST CREATOR.

Even as HE from very Love created Life, and through the spirals of Thought formed the whorling nebulae of life-planets, so EACH INDIVIDUAL WILL FOLLOW HIS PATTERN OUT OF MICROSCOPIC INTO MACROCOSMIC MANIFESTATION.

Thus, as the First Creator evolves, Angels and Men will follow HIM.

Each must find WITHIN HIMSELF the Route. Each man IN HIS UNFOLDMENT IS the Route. This is True Self-Realization.

Man can be weary; he can be sick. Yet this spirit which he is IS CAPABLE OF RISING ABOVE THESE OCCLUSIONS, capable of dwelling in that spiritual reality WHERE ALL IS CRYSTAL-CLEAR PERFECTION.

Picture yourself golden: GOLDEN with HEALTH, GOLDEN with WELLBEING, GOLDEN with LOVE. Picture everybody in this Light AND YOU WILL BEGIN TO SEE ALL IN TRUE SPIRITUAL PERSPECTIVE.

Your world has need of her evolving Angels: seek out your ancient Angelhood, and you will serve her well. "

YESTERDAY'S CHILD

I took up the route with an anxious heart,
For they said the way was grim,
And altho' Love would greet us at the end,
None had encountered him.

I stumbled and tripped at every step,
Good luck was never mine;
And I puzzled over this treatment from
One Who was Love divine.

All of my days were hurtful days,
I was nervous and unsure,
Tho' I picked myself up and journeyed on,
Trying hard to be true and pure.

And yesterday I gave up the fight,
Till a passing stranger said,
"You travel in doubt tho' you toil for faith.
Try confidence instead."

Then I put off the loathsome load
That had weighted me down with pain.
Alert and upright, balanced now,
The Way of Light grew plain:

I am bouyant and carefree now,
Luck favours me all the way.
For yesterday's child is buried and dead.
My life began today.

A QUESTION ANSWERED

What is a mantram? Do I need one? Where do I get the right one for me?

Answer:-

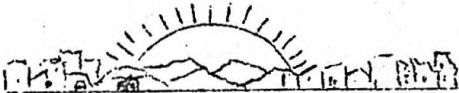

A mantram is the sounding, repeatedly, of a word or word combination to help dissolve tension, fear and karma. Each word contains vibrations of Light energies that are activated when the word is spoken prayerfully. Voiced with love and faith, the sacred mantram becomes a tool of freedom.

No, you don't need one, but it certainly speeds up the process of evolution if sacred words are spoken reverently and frequently.

A teacher or guru may give you a mantram, but your own soul is more likely to do so. As a Light statement repeats itself in your mind, it becomes your personal mantram, your prayer of self.

"I Am Light" or "I Am Love" are very simple, but powerful mantrams. Repeat them many times a day - upon arising, at noontime, in the evening, and whenever you are under stress. Repetitive soundings penetrate the subconscious mind, and as it begins to BELIEVE you really ARE Light, then joy and peace permeate the consciousness. Soon, from the place of peace and serenity, the emotions and mind clear, and you begin making clearer decisions and choices. As clear thinking emerges, dark fears and angers fade away to allow your beautiful Inner Christ Child to emerge.
