## THE JOURNAL OF BORDERLAND RESEARCH

Edited by Riley Mansard Crabb

A Publication of Borderland Sciences Research Associates  
Foundation, Inc.

The Journal is published at the rate of seven or eight issues a year, with the assistance of the Associates, at BSRA Headquarters, the home of the Director, 1103 Bobolink Drive, Vista. Phone No. 714-724-2043. The Foundation was incorporated under California law, May 21, 1951, #254263, and has been in continuous existence since then. Address all correspondence to PO Box 548 Vista, Calif., 92083. The Journal is included in the Association membership of \$5.00 a year. Persons who do not care to join the Association, may receive the Journal by donating \$5.00 or more a year to the Foundation. Single copies may be purchased for a dollar. Membership has not been increased since BSRA was founded by N. Meade Layne in 1946, but delinquent members desiring back issues will be charged a dollar for each copy. Office manager for BSRA is Mrs. Judith Crabb.

### PURPOSES OF BSRA

BSRA is a non-profit, informal organization of people who take an active interest in unusual happenings along the borderland between the visible and invisible worlds. In the words of the late Meade Layne, founder and director of BSRA from 1946 to 1959, "BSRA publications are scientific in approach but employ few technical expressions. They deal with significant phenomena which orthodox science cannot or will not investigate. For example: the Fortean falls of strange objects from the skies, Teleportation, Radiesthesia, PK Effects, Underground Races, Mysterious Disappearances, Occult and Psychic Phenomena, Photography of the Invisible, the Nature of the Ethers, and the problem of the Aeroforms (Flying Saucers). In the year 1945 the Associates obtained an interpretation of the phenomena which has since come to be known as the Etheric or 4-D Interpretation, and which has not been radically altered since that time. This continues to be the only explanation which makes good science, sound metaphysics and common sense."

The chief present concern of the Association is to make this information available as a public service, with Headquarters acting as a receiving, counseling, coordinating and distributing center. A list of BSRA publications is available on request, send 25¢ in coin or stamps for a copy.

### THREE GREAT AQUARIAN AGE HEALERS

Review of the Introduction to "Healing Hands"

by J. Bernard Hutton

W. H. Allen, London, 1966

We are on the cusp between the Piscean Age and the Aquarian Age. The one must naturally link up with the other. There must be a carrying over of the ideals of Christianity into the religion of the New Age. There will also be a carrying over and linking up of the best of the waning medical practices with new healing techniques for new people in the New Age. But before getting into that, let us lay a ground-work for the natural rhythm of civilization. On this we can better understand why one age or civilization comes to an end even while another is being born.

Every cycle of life must go through four phases to be complete, and one phase follows another as naturally as day follows night.

1. There is God, the Creator, This would be called the Fertility aspect, when the seed is planted.
2. God the Redeemer. In religion, This is represented by the Saviour who is the Healer and the Harmonizer. In the Western World, this is Christianity with Jesus, as the Redeemer.
3. This phase is God, the Holy Spirit. Here; He manifest to mankind as Illuminator and Initiator. The religion of the Aquarian Age will manifest this mature aspect of creation. The Aquarian Age healing will discard the Piscean emphasis drugs and surgery and shift to the higher vibrations of Light and sound. There will be conscious awareness of and cooperation with healing agents from Higher Worlds.
4. This aspect of the cycle of Life is God, the Destroyer. To the un-enlightened, this apparently final act of creation is evil. Their consciousness is centered on the form aspect of life, ignoring the all-important life aspect. Old forms must be destroyed to make room for the new. The work of God, the Destroyer, the Devil, is just as important as God the Creator.

The Past is never destroyed. The essence of experience is carried over into new forms to undergo further processing in the school room of life.

The problem confronting advanced thinkers and leaders' in every field at the present time is that antiquated Piscean ideas have become fixed in the daily life of the race. Christianity has become stuck on the Redeemer idea in religion. The founders, the Christian Fathers denied any and all connection with the Pagan past and present Christian are so fixed on the stereotyped image of the Crucified Christ that they won't accept the Second Coming of Christ even if that happens. The idea of a circuit or spiral evolution with the constantly recurring four phases would be repugnant to them.

## THE OLD ORDER CHANGETH

The Coming of the New Saviour means change. His presence in the world signifies the end of the Old Order and the Birth of the New. To the Old order, He is God the Destroyer, Evil, and must be destroyed; so the God of the New Order is always destroyed by the God of the Old. This is why the Saviour of every race is crucified, and always by the established religion of the time at which He appears. It was the Priesthood of the Jews who demanded the blood of Jesus and got it.

In India in 1947, it was a young fanatic of the conservative right who shot Mahatma Gandhi. Nevertheless, the Age of the Redeemer must give way to the Age of the Illuminator. If it doesn't, the individual or the nation falls back into the Age of the Creator; for the Redeemer phase has not been completed and the work must be done over. We have all seen adults who have never grown up and accepted the responsibilities of adult life. They continue to live in the animistic self-centered phase of childhood. This is the God, the Creator, Fertility aspect period. At the international level, Germany under Hitler, Italy under Mussolini, and Japan under the Barons did the same thing in 1930s. They refused to allow their nations to join the rest of the world in the common movement toward the Aquarian Age idea of United Nations and World Government.

God, the Illuminator is the Pentecostal Fire. Unless the Soul of the Man and the Soul of the Nations have been purified in the Self-denial of the Crucifixion, they cannot safely contain the Illuminating Fire when it descends.

When the work of the Redeemer phase is not completed, and the Illuminator phase is entered, the fire descends to the lower levels and is expressed in selfish and destructive orgies.

The behavior of Hitler and Mussolini and their staffs in the last days of World War II are good examples of this. This will have also happened to the world at the international level if we get into an all-out atomic war.

Read the record of the Redeeming Saviours of all nations past and you will find that they brought the gifts of civilization.

## THE LAW OF LIFE

Each succeeding Age is the polar-opposite of the one which precedes it. So naturally the adherents of Old religious cults must be opposed to the New. The Law of Life is that current flows only between polar-opposites, positive and negative. Whether we like it or not, this movement or flow, from North to South guarantees the life of the system. But this flow also guarantees the change which is disturbing to the conservatives. The fears of the conservative are really groundless because each phase of creation takes up where the other left off. Nothing of real value is lost. If it were, there would be no continuity to life, and all would be lost.

So when God, the Holy Spirit starts the third degree of Manifestation on the Super-human level in the Aquarian Age, all that has been achieved under the Redeemer phase in the Piscean Age will in us too. The achievements of the Creative work of the Arian Age were with us during the Piscean Age; and of course the essence of all work done in the ages before that.

These abstract Cosmic Principles can be more easily understood if you relate them to your own life. You come into incarnation under the influence of the Creator God, all children are Pagans in the so-called Animistic phase and should live close to nature. For most of us this phase is left behind when we enter young manhood or young womanhood.

Then we come under the influence of the Redeemer and enter into social life. The Redeemer influence should generally carry us until we have repaid our obligations to our race. This means contributing to the common good with our work and raising children to launch them on to their social life. With children gone, there is or should be inclination and leisure for study of the deeper phases of life. This will be the third or Holy Spirit phase of the life cycle, where some attempt should be made toward Soul Consciousness.

#### THE WAY OF THE CROSS

God the Destroyer presides over the period between incarnations. If a person is to pass successfully from the Redeemer phase into the Holy Spirit or Illuminator phase of his personal cycle, there must be something akin to what is called conversion in Christian dogma. The Way of the Cross exemplified by the Master Jesus is really an example for anyone in the Western World; and all who suffer and are ennobled by that suffering, tread the Way of the Cross, whether they consider themselves to be Christian or not. Unless this experience comes to a person in his adult life and he cries out in anguish for his Soul's comfort, he cannot pass on to the Illuminator phase.

As with the individual so with nations, and at this time, so with the world. The Way of the Cross is heavy upon mankind now as God, the Destroyer shatters the out-moded forms of the Piscean Age; and the cry for Light, more Light, rises from million's of hearts around the world. But even as these cries go up, they are answered by the powerful, higher impulses of the Aquarian Age.

Forms come and go, but life goes on. The discerning eye, illumined by Soul-Consciousness, the early forms of the Aquarian Age are already visible.

The condition of our health is important to all of us, and we should be interested in the new forms of healing already being revealed by Aquarian Age influence. In 1966, metaphysical circles of America have been stirred by the fantastic tales of Psychic Surgery in the Philippine Islands and Brazil.

Simple men of Roman Catholic faith are performing miracles of healing which they attribute to Spirit doctors and especially to the Power of the Holy Spirit, God the Illuminator. But these healers being Mystic, cannot tell us why these miracles happen under their hands.

#### PSYCHIC SURGERY IN ENGLAND

A new book from England, "Healing Hands" goes far in telling us why and how Invisible Spirit forces can bring about sudden changes in physical organs. The author of the book is J. Bernard Hutton, a professional journalist. In the autumn of 1963, a long history of illness came to a climax for him when his doctor told him that he had polio, the non-paralytic kind. Worst of all for a man of his profession, he was going blind and medical science could do nothing to stop the progressive nature of his disease.

Hutton had no belief in life after death, and was not interested in Spiritualism; so much against his better judgment, he reluctantly agreed to his wife's suggestion to try Psychic Surgery. When Hutton arrived at the Aylesbury Clinic for his appointment on Jan. 22, 1964, Chapman was already in trance and under the control of Dr. Lang. Though the medium was in his early 40s the white-coated figure that greeted Hutton seemed stooped and old, the face lined and elderly, and even the voice sounded old. After all, the receptionist had said, "Dr. Lang will see you," and the man was in his 80s when he died in 1937. Through thick-lensed glasses, Hutton was surprised to see that the medium's eyes were closed tight. Yet when the figure turned to him from the window, there was no hesitation and the owner of the body, whoever he was, reached out his hand to welcome Hutton as though he could see clearly. There was no groping but the eyes were tight shut.

Dr. Lang's elderly point of view was obvious when he asked, "Well, what troubles you young man?"

Those tightly closed eyes "saw" Hutton's thick lensed glasses, remarked on his eye trouble, and asked politely to see the glasses. Peering at them closely through the closed eyes of George Chapman's body, Dr. Lang shook his head and said, "Oh dear, minus 18."

Hutton was amazed because his thick glasses were minus 18, but he had not said anything about them. Dr. Lang then touched Hutton's eye with his thumb, and remarked that this journalist had had a splint operation on both eyes when he was quite young. Hutton was staggered again. How could this utter stranger possibly know this incident from long ago childhood. Not even his wife had known it and he himself had forgotten it for years.

#### CLINICAL CONSULTATION

Then Dr. Lang went into a long diagnosis of Hutton's eye trouble using medical terms and professional phrases which bespoke a life-time experience in the art, all the time with his thumb touching lightly on the eyes. This could only be psychic diagnosis or a reading of the Akashic records of Hutton's life up to that time.

As the journalist learned later Dr. Lang was talking to his Invisible colleagues on the other side of the Veil. The Spirit doctor did not work alone, though there were only the two of them in the consulting room.

The Doctor told the journalist there was something more than the eyes bothering him and asked if he might make a more thorough examination. Remember, Hutton had said nothing to anyone at Aylesbury Clinic about his illness or past history. He half expected to be asked to strip down for examination but it was carried out where he sat, with the Doctor touching him gently here and there with his hands. Hutton noted that the eyes were still closed.

If Hutton was amazed before, he writes, he was speechless now as this Spirit surgeon told him of his own doctor's diagnosis of non-paralytic polio.

"That virus is gone now," Dr. Lang told Hutton, "but you have something which is very serious, a hepatitis virus that is upsetting your liver."

This was sapping the journalist's strength and causing most of his trouble. Dr. Lang suggested that he first operate on his eyes, but made it clear that he would operate on the eyes of the Spirit body, not the physical. He told the spiritually ignorant Hutton that he expected the operation to produce a corresponding effect on Hutton's physical body and also asked him not to be alarmed when he talked to his Invisible Colleagues during the operation.

Hutton was asked to lie down on the couch and was assured there would be no pain. At first he was inclined to laugh at this mimicry, but the professional dialogue and the performance of Dr. Lan's hands above him changed his feelings to deadly serious. For he began to experience the physical sensation of incisions being made and afterwards the stitching of the wounds.

#### WORSE THAN BEFORE

This over, the Doctor continued discussing this case with his Spirit colleagues, suggesting that it wouldn't be much use to operate on the eyes without clearing up the hepatitis. This called for a liver operation and soon it was under way. When it was over, Hutton sat up, dizzy. He was shocked and frightened to realize that his sight was worse than before!! Now he could scarcely distinguish between light and dark, much less focus on anything. He panicked and began to shout, and it took Dr. Lang's unruffled professional air to calm him.

"Don't worry young man, it's only temporary, it will soon lift and you will notice considerable improvement."

Dr. Lang assured him he would visit Hutton during his sleep "because I can then more easily detach your Spirit body from your physical body and give you the necessary treatment." He also asked Hutton if he would return for further treatment in three months, to which he agreed. Dr. Lang called for the attendant to lead Hutton out to his car. He assured the journalist that it wouldn't be very long for he would see. At the car, he found his wife and children had gone for a walk. He sat there on that cold January day still dizzy, and with a splitting headache. He even burned his hands trying to light his cigarette.

Then his eye-sight began to come back. He could see trees on the street, even the bare branches and twigs, and suddenly the dirt on the windshield in front of his eyes was in sharp focus: He closed his eyes in disbelief and when he opened them again he could see people walking down the street. Then came the Soul's relief and he cried unashamed. The "people" were his wife and children and he could see them clearly for the first time in years.

In these first five pages of our second talk on spiritual healing we open a new chapter in our search for Truth in this area of borderland research. If you are eager to read the whole of Hutton's book, "Healing Hands", 200 pages, buy it from Psychic News Bookshop, 23 Gt Queen St., London WC2, for 32s or \$5.15 postpaid. The address of the Chapman-Lang clinic is not given but Aylesbury is the country seat of Buckingham, about forty miles northwest of London.

Many of our readers will be relieved to know that successful psychic surgery is not the sole prerogative of Roman Catholic mystics in Brazil and the Philippines. Interest in the power of spirit forces has been stirred by the phenomenal and sometimes successful operations of Arigo in Brazil, Brother Terte and the Espiritas and Tony Agpaca in the Philippines, but many are also repelled by the primitive conditions in which these devoted spiritual healers work. So, the results of Hutton's exhaustive researches into the bloodless surgery of Dr. Lang come as a great relief; for this famous British surgeon is carrying on his practice through the Veil, shorn of religious cant.

Our first talk on spiritual healing was, "Psychic Surgery in the Philippines, Pagan Healing in Hawaii, and New Age Developments in California". This second talk admirably fills our "need to know" just exactly what a spirit doctor does in working through an entranced medium. "Three Great Aquarian Age Healers", 50 pages plus, 8½ x 11, mimeo book, illustrated, \$2.50 postpaid. The two talks on tape, 1½ hrs each, 7 in reel, Monaural, 3 3/4 speed, \$7.00. Californians add 4% sales tax. We are in the process of mimeographing the first talk and will announce publication later.

## THIS TEENAGER CRIES FOR A NEW SPIRITUALISM

By Jenny Hodgson

In a Challenging Article in the London "Psychic News" for Sept. 3, 1966, the Grand-daughter of a Famous English Trance-Medium Asks Piscean Age Borderlanders To Move!

The majority of young people do not want a religion of church-going and services of worship. They want a way of life -- a belief which covers all facets of human experience and explains not only life and death, but why life exists at all. Spiritualism should and could be such a religion, but is it?

If you ask any ordinary man in the street what image the word "Spiritualism" conveys he will probably answer with one of the following: Fortune-telling, ghosts and spirits, interfering with the supernatural, getting messages (very suspect ones) from Aunt Jane or Uncle Tom, seances and all sorts of witchcraft and mumbo-jumbo.

With this image in their minds the majority of young people look upon Spiritualism either as something to laugh at or to analyse critically. Never do they regard it as something which could affect them in any way, as a serious religion and way of life. Spiritualism needs a public relations officer and an advertising campaign to sweep away all the misconceptions and prejudices of the first half of the century, and to bring in the modern image of a "philosophy of life" that White Eagle teaches ( her grandmother's guide).

The Old Spiritualism clings to evidence of Survival and messages from those just passed over. The New Spiritualism appeals to the modern mind and intellect. It goes far beyond mere evidence of Survival which is just a small part of the immense jig-saw puzzle. It provides the whole answer and is a way of life.

If Spiritualism is to prosper in today's world, which places so much emphasis on science and the intellect, if it is to attract more followers, and especially young people to its ranks, it must get its image right. It must show that it is as important to one's well-being as the beating of the heart.

I suggest that Spiritualism's Seven Principles with some small revision in the light of White Eagle's teachings, provide the foundation upon which to build such a philosophy of life. In revising these principles, and in accordance with White Eagle's teaching, I would first of all suggest, "The father-motherhood of God". The concept of Eternal Spirit as exclusively masculine is old-fashioned and puzzles the inquirer. The Eternal Spirit combines all life, both positive and negative, the father and mother principle.

The second principle should include some mention of the brotherhood, not only of man but of all life. visible and invisible. Thus it would become, "The brotherhood of man and all life visible and invisible."

#### BUILDING THE BRIDGE OF AWARENESS

As a modern interpretation of the third principle, I suggest, "An awareness of the invisible world which bridges separation and death and reveals the eternal unity of life."

I think the fourth principle should include the truth of reincarnation, knowledge of which is so important in forming a philosophy of life. It would read, "The continuous existence of the human soul and the return of the soul to earth many times until mastery over physical matter is attained."

The fifth, "Personal responsibility", needs no revision, nor does the seventh, "Eternal progress open to every soul", but the sixth would benefit from modern phraseology, for example, "Every soul has to bear the consequences of its own thoughts and actions, whether good or bad, now and in future lives."

These are the seven principles on which I suggest Spiritualism should launch its campaign as the religion for the 1970s! Most Spiritualists are so preoccupied with getting spirit messages that they lose sight altogether of the most important part of Spiritualism which can be related to everyday life. Spiritualism for the 1970s needs more emphasis on philosophy and less on Survivalism. I think all Spiritualists, particularly young ones, should work for this modern image for the 1970s.

#### SPIRITUALISM'S SEVEN OLD PRINCIPLES

1. The fatherhood of God.
2. The brotherhood of man.
3. The communion of spirits and the ministry of angels.
4. The continuous existence of the human soul.
5. Personal responsibility.
6. Compensation and retribution hereafter for all good and evil deeds done on earth.
7. Eternal progress open to every human soul.

The philosophy of White Eagle is pretty much in agreement with that of our own Inner Circle. If you would like to read more of it, write to The White Eagle Publishing Trust, Newlands, Liss, Hampshire, England for a list of publications. Jenny Hodgson's grandmother, and White Eagle's channel, is Grace "Minesta" Cooke. With the cooperation of White Eagle she was also the channel for Sir Arthur Conan Doyle when he came through the Veil in 1932 to give some ideas on Aquarian Age color healing.

THE DR. DROWN BIOGRAPHY, "CRIMINAL OR GENIUS?"

And Why It Has Not Been Published

By Trevor James

The status of my biography of the late Dr. Ruth Drown is evidently of considerable interest to many Associates, including Margaret L. McKinnon of Turlock. Her letter in the July 1966 Journal, the radiesthesia inquiry of Robert and Grace Reynolds in the same issue and the Rev. Jamison's comments exemplify the interest that is centered on this general field. I also get many mailed inquiries about the Drown biography, which my absence in the U.S. Merchant Marine during the present emergency makes it hard for me to answer. Accordingly the following comments should serve to bring many friends and Associates up to date on the book project and perhaps start new inquiry into radiesthesia by interested persons.

The Drown biography, "Criminal or Genius?" was completed to her satisfaction in 1961. Offered in the regular literary marketplace, the volume quickly ran afoul of the long arm of Big Medicine. All major publishers in New York retain one or more medical doctors as literary consultants on properties having a medical aspect. The editors are rarely empowered to proceed with publication of medically oriented books without the "opinion" of such consultants.

The writer on radionics, radiesthesia and kindred subjects may thus be assured that the monolithic objectives of America's medical politicians are well served in publishing. The experiences which my literary agent and myself had with book publishers and "Criminal or Genius?" uniformly followed the medical censorship pattern. . . all "unofficial" but quite definite. The only possibility of publishing "Criminal or Genius?" without editorial or medical conditioning of its content is to publish it privately.

The problems of publishing the biography were soon overtaken by the final, classically tragic events of Dr. Drown's life. Her arrest, subsequent illness, death and the complicated litigation surrounding these events have kept the book out of publication, even privately, for a number of reasons too involved to detail here.

Meanwhile, my understanding of this field has progressed considerably, as a result of much study and experiment. My view is that the book should now be rewritten to include much additional illuminating information developed directly from Dr. Drown's indications. What the ultimate version of "Criminal or Genius?" will be, or even if it will ever be published is something I cannot say at present. It may be appropriate to run some significant excerpts from "Criminal or Genius?" in future issues of the Journal.

Margaret McKinnon's ethical objections to radionic attacks on her foes parallel those of Dr. Drown, and on this point I differed sharply with the late genius and pioneer. In Dr. Drown's case one was in the presence of a classical tragedy and they were events not intended to be aborted, even though her adamant refusal to use her instruments with harm to anyone was not based on any sense of destiny, but upon the inflexible high-mindedness that governed her life.

#### ARMAGEDDON IN AMERICA

American life is falling increasingly into the grip of Life-Negative forces. Many of the personalities occupying the seats of power, both minor and major, are to the occult scientist clearly non-human. There can be no doubt that the world and especially America (the battleground) is being systematically and even feverishly prepared for the Ahrimanic incarnation (Ahriman, the embodiment of evil or the devil in Persia at the time of Zoroaster. RHC) We are entering a critical period of human evolution where we must be willing to defend ourselves if we are to discharge our obligations as fighters for Truth and Light.

The occultist, who is also a supreme realist, makes no bones about self-defense. He does not undertake his own higher development for the purpose of being wiped out by the first malefic entity he encounters. He MASTERS these things as the price of his survival and development, so that he ultimately becomes a MASTER. When lethal energies are sent against him, and he is protected through his own, rituals, it is not his concern that the lethal forces rebound to their source and consume the personality whose malevolence released them in the first place!

The situation we face today is that the whole apparatus of civil power is being used to extinguish the efforts being made in behalf of radionics, radiesthesia, Drown therapy and kindred arts. The black hearted men who have corrupted the American concept of government and liberty have made it a fact of modern life that scientific truth is determined in the courts -- by lawyers, judges and panels of ignorant and often bribed lay jurors. The question is whether or not those who want to see "fine force" medicine prevail are willing to develop its defensive aspects.

No help whatever can be expected from the orthodox, official, mechanistically-minded scientific community. On the contrary, battalions of so-called "experts" from all scientific disciplines will trample each other into the tarmac in their enthusiastic efforts to get to the nearest Drown or Reich trial and use their fake, self-appointed authority to sink the humanitarians. These carrion men not only push the Avatars off the Earth but also set their work back decades in the process. My view is that ways must be found by which courtroom demonstrations of a lethal character can be developed, so that these pestilential district attorneys and fake "expert" witnesses can be brought face to face with the life-negative forces whose votaries they are.

## THE BEST DEFENSE IS OFFENSE

This is a period when fighting for the Truth means that a far more direct combat will be joined on the physical plane. The Ahrimanic powers are entering incarnation in force, and in cooperation with their unseen cohorts, are preparing humanity for the most stupendous event since Golgotha. If Armageddon be at hand, who among Borderlanders really believes that the Forces of Light fulfil their destiny simply by lining up like ten pins to be bowled over by the opposition? Who can honestly advocate that the human destiny be sumpinely surrendered to the powers that stand below Man? Not all the agonizing reappraisals of our time are to be made by diplomats and politicians!

Those who are drawn to radionics, radiesthesia and kindred arts are expressing a soul-hunger for the re-establishment of conscious connections between microcosm and macrocosm, long ago lost by Mechanistic science and unregainable by mechanistic methods. The innocuous appearing Drown "rates" are the master mathematical key to the functioning of the great Rays in the life of the Earth, including their functioning in matter. Such revelations are the spearhead of the New Age, and will suffer the full fury of Ahrimanic assault until such time as the strength of human convictions makes them the foundation of a new Life-Positive science. As the basis of scientific inquiry alters so will the scientific nature of the Drown instruments be correctly understood.

On the question of the scientific vs. psychic aspects of the Drown work, which are raised again in our Director's reply to Bob and Grace Reynolds, let me reiterate that the Drown work is not "psychic" in the sense usually implied by that word in Borderland circles. Drown therapy has nothing to do with dim, happenstance, quasi-mediumistic perceptions of any asserted or would-be seer. From the point of view of mechanistic, official science the Drown instruments are "psychic" in the sense of being beyond known physical processes. At this point, the mode and nature of human cognition enter the picture with decisive importance. Discussion of the matter becomes impossible without a few extra conceptual stepping stones.

One of my main beefs with and major criticisms of Borderland experimenters in general is their desire to have their work "accepted" by official science. Nothing in this world is more irrational than this business of running to medical doctors, mechanistic chemists and the physicists of the dead-and-decomposed when your efforts are being expended in the realm of the Living! The people whose approval, endorsement and acceptance you are seeking are qualified and trained in all the things that your work is not. Their intuitive capacities have been systematically expunged or suppressed by the dead educational methods of which they are the products. Their world outlook, if indeed it can be graced by the term, is split into mechanistic, materialist sciences on the one hand, and mysticism on the other. They automatically deem you a mystic.

If the vital stirrings of functional, life-positive thinking

were not active in a Borderlander, he would not be a Borderlander in the first place. He would be laboring the dead vineyards of official science with the rest of the world's life-negative scientific workers, his labors destined inevitably to land him and the rest of the human race in explosive substance. Running to the men of the past for approval of the sciences of the future -- now in their infancy -- is the action of irrational people.

#### BEWARE "AUTHORITY"

Neither the evolving human mind nor the methodology of science are static. Both burn onward from year to year. Thus, the so-called scientific worker who says "Man is thus and so, and knows only thus-and so, therefore the Drown work is not scientific" is a drag on human progress. Tomorrow man adds new capacities or wins new insight, then he knows something else. Beware the highly-qualified Authority who wants to anchor you in static confines of his comfortable conception. Only a damned fool seeks the approval of such people.

Nevertheless even enlightened people in our time, including some of our Borderlanders, grub and scrape for such approval. Borderland work of significance is and must be independent in the literal sense of the word. The findings and discoveries of such independent work will always find their way to those ready to study, accept and use such work, whether in or out of the professional world. A classic case is that of Wilhelm Reich, M.D., who as a brilliant psychoanalyst clearly saw the need to make his discoveries in primary energy into an independent new scientific discipline, which he called Orgonomy. He published everything as he went along, and it waits today for all with the will and guidance to seek it out. Reich knew the savagery of the irrational human being as few men have ever known it, and that savagery manifests as an urge to throttle and suppress everything to do with living functioning.

The life-negative world never ceases trying to eradicate those who advance the cause of living functioning. Where they cannot ridicule, professionally eliminate, murder or suppress, they try and confuse and disrupt. Or what is worse, subvert discoveries in living functioning by trying to drag them into a false relationship with the world of Authority. It was just such a situation that Ruth Drown confronted in the early nineteen thirties.

She was compelled to maintain an independence which many people found impenetrable, because she quickly discerned that her field of work exerted an inordinate attraction for the mechanistic electronic-minded dabbler. Without any substantial knowledge of either the human body or the functional principles on which the physical Drown instruments were and are based, these misguided individuals began the widespread distortion and corruption of an otherwise pure stream of thought. The confusion surrounding the theory and practice of radionics today stems from this period, as does the multiplicity of instrument designs and conceptions that bedevil and bemuse the newcomer. (To be concluded in the next Journal.)

THE FIRST PHASE OF ARMAGEDDON IS COMPLETE

The Lower Astral Plane Has Been  
Cleared Of Obsessing Entities!!  
It Says Here, In White Star's Bul-  
letin for July 1966. PO Box 307,  
Joshua Tree, Calif. 92252

"The greater plan has been to clear out those factions upon the Lower Planes that influence humanity, in order that the Higher Light might come into the consciousness of man without the distractions of Powers and Principalities upon the earthbound and upon the first six conscious kingdoms of the second density (astral)."

This is a staggering piece of information to be handed to any student of metaphysics, including the director of BSRA! If it is true it means that the black-robed, black-hearted Adepts and Masters of the Astral hells are no longer guiding the great political, religious and criminal organizations which are holding man in slavery. Let's withhold judgment on White Star as a channel and read on.

"This has involved more than the average student has awareness of and entails so many aspects that we will not indulge in a full descriptive account at this time. The main factor to bring forth is: What is the present status of Armageddon and what effects will be shown forth in the world of humanity upon the planet?"

"The struggle between the Light and Dark factions has been going on since the beginning of the knowledge of right and wrong. However, with the turn of the cycle into the greater Cosmic Age of Enlightenment, when man is to be given the opportunity to return into the full consciousness of his identity, there have been sent forth from the Central Focus of the Universe great armies of Celestial Beings to assist the Solar Systems in their change of Arc positions.

"To the Earth heavens there came an especially trained and programmed host, and those of the Planetary evolutions who were keenly interested in earth and her Evolutions were gathered together into a specialized command under the command of the Arc Angels who had been assigned to this program.

"With the joint efforts of the Cosmic Hosts, Planetary Hierarchies and humanity (with the awareness to attune), the Lower Astral kingdoms have been cleared of those souls who have rebelled against divine order. The First Phase of Armageddon on the Astral plane has been completed with the surrender of those leaders of Powers and Principalities (disincarnate). Likewise, all earthbound disincarnates have been removed."

What this means to mankind entombed in the flesh at this time

is of almost incalculable significance to us. If it means what I think it means, a whip of scorpions has been removed from around our necks. Millions of earthbound, discarnate humans have been removed from the vicinity of the earth. Few of us would be consciously aware of it but this sudden release from pressure, the pressure toward vice and viciousness, should profoundly affect our behavior. Most important of all, our leaders have lost their Guidance toward evil! The result of this should be confusion in the minds and hearts of those men who have organized vice on a world-wide scale. Those who control the international traffic in dope, prostitution, liquor, tobacco, military weapons, the international oil cartel, private control of public gold, and so on, are now on their own if this information from White Star is correct. They no longer enjoy the calculated guidance of the astral devils to whom they sold their souls.

"THE PRESENT STATUS IS THIS:

"1. Those Astral Beings who have been dedicated to Truth and have stood with the Spiritual Government in its efforts to bring about the Astral clearance have been re-assigned to assist earthlings to whom they feel an affinity. This is conducted under the full direction of the Divine nature of those who are assisting and those who are being assisted.

"2. Since the beginning of Armageddon, disincarnates of family groups have been affinitized and attuned with incarnate family members. This was to strengthen the Astral levels and stabilize where possible. Disincarnates who were not in full accord and understanding were a drag upon their incarnate anchor, causing much discomfort and misdirection. But by their association with those incarnate students of Light, they learned much, and in many cases became willing students of Higher Truth. These have now been taken out of the influence of their earth anchors, freeing the incarnate souls from the extra burden of holding the Light for them.

"3. Humble and sincere souls who are now disincarnate. . . have been gathered together from the four corners of the heavens and an avenue of departure has been opened between the earth Astral and Venus, and these souls have been taken from the earth pull to the peaceful planet of Venus. They have full consciousness and do not suffer the limitations of the planet earth. These beings will later enter into the third-density evolution of Venus. Venus is their next planet of evolution."

The above information may be the answer to the problem of an Associate whose mother passed on a year or so ago. Both are students of the Light and they made a pact that the mother would communicate from the other side of the Veil after her passing. The daughter had already had several years of successful channeling and there was a close bond between the two, yet no contact through the Veil has been established. The daughter only draws a blank. The answer might be that the mother took advantage of the opportunity to go on to Venus rather than hang around the Astral fringes of this insane asylum, especially if the loving father had already gone there too!

"4. Visiting planetary beings who have come to the earth Astral from other planets to assist with the clearance have been taken back to their respective planets to be in their own familiar environment when the vibratory step-up comes. (For the whole Solar System. RHC) Many of these beings had already evolved into the fourth-density level of their respective planets, but used their Astral bodies to travel to earth, leaving their evolutionary higher forms behind on their home planet, or on space platforms. Many of these have been working by affinity with earth physical incarnates by joining them through their Astral form bodies.

#### IT HAPPENED AT THE SUMMER SOLSTICE

"These have the first two phases of exodus: The first wave of departing souls took place by your earth time, June 21, 1966 at the time of the Solstice. This first group of departing souls were taken to Venus. Many of these will be returned when the Astral of earth is brought into full stability. Many of these were given their choice and considering all facets, decided to depart for a season.

"The second departing wave took place July 23, 1966. This consisted of planetary Visitors (astral).

"5. Space beings who have come as a part of the host command have not departed.

"6. Disincarnates who have worked with the spiritual government as servers remain.

"7. Negatives who have been removed have been taken back to the planets of Vulcan, or Mercury, depending upon their grade. There are high evolutions on both of these planets, but their present status of evolving-humanity is elemental. Many of these earthlings will be brought back to reincarnate upon earth when they become conscious of their follies. They will be 'cast' into the earth's third-density which will be as the earth Astral is at this time. (a plane lower than evolving-humanity, a sub-evolutionary plane.)

"Armageddon on the Astral plane is over. What does this mean to incarnate humanity? It means that individuals who are incarnate and have been associated with negative factions on the Astral plane will no longer have their Astral contacts. The manifesting effects will be:

"1. All planetary beings who have been inspired by Astral powers and Principalities will be on their own to continue without the added thrust of cumulative Astral power, and in cases where they have set up earthly schools (the monasteries, nunneries and secret lodges of all organized religions, Roman Catholic, Mormon, Buddhist, Shinto, Mohammedan, Coptic, Greek Orthodox, Hindu, Parsee, and so on, RHC), it will be necessary to become dependent on drawing energies from their students, to keep the Astral image fed. (Astral negatives who are incarnate in physical bodies were not removed, but their removal will take place as soon as they disincarnate.)

## SHOCKING REVELATIONS OF EVIL IN 1967

"2. Instruments (the devils' disciples in the flesh, RHC) who have been used by discarnates will no longer feel the great power and will slip into confusion. But those who were sincere and did not have discernment to know the source of their communications will be assigned Astral assistants who will seek to enlighten them and set them upon the path of truth.

"3. Incarnates who have worn a false face with the aid of their Astral boosters will no longer be able to hide their true nature."

With the organizing intelligence of their Black Masters gone from the Lower Astral, just watch the physical plane power structures in politics, religion and economics start coming apart at the seams this year! The brief, front-page skirmish between former Attorney General Bobby Kennedy and J. Edgar Hoover, head of the Fumbling Bureau of Investigation, in December, is only a brief warmup for what is to come later as certain key people are free to express their true natures. Another time bomb is the Bobby Baker case. If his prosecution is pushed to a successful conclusion, he has vowed to take others down with him, adding considerably to the burden of discord and distrust already on the President's shoulders.

When will this hit this year? Not until fall, according to the new Moon Sign Book for 1967. Turn to Fritzie Armstrong's World Predictions for 1967. On page 210, at the time of the Autumnal Equinox in September she writes: ". . . It is impossible to envision the scope and the depth of the treacheries that will come to light. A 'Pandora's Box' of the most insidious nature will be revealed. Glaring facts of deceit and involvements will be brought out for public viewing.

"Those in influential positions, not only in the U.S.A. but probably throughout the world, will find that they are stripped of their 'halo' overnight. None who are involved will be spared. Undoubtedly, an international cartel will crumble and fall. There appears to be something to do with wholesale death or slaughter, something to do with monies of the dead. Therefore we may expect frauds in insurance companies to play a big part in this. A devouring monster seems to be unmasked. Dope, liquor, moral traffic and such entrapments may be part of the befuddled picture. We of the United States are the major victims. A sort of ganging up on us by other countries is possible."

The Moon Sign Book is available at many book and magazine stores at \$1.50 a copy, or direct from Llewellyn Publications, St. Paul, Minnesota 55101. Now back to the White Star bulletin.

"4. Light workers upon the plane of evolution who have carried many Astral students will feel a void until reinforcements are affinitized. Also, they will no longer feel the drawing restrictions of those who have been in opposition on the Astral plane.

"5. Individuals who have been under negative influences and have given opposition to those who have been working with the Spiritual

Host will suddenly change their attitudes and seek enlightenment.

"6. Those who have desired to follow the Path of Truth have lost nothing but have gained the freedom to progress into wider fields of expression. However, it is to be remembered that the experiences of the past have left their image upon the reflecting-cells of their elemental records, and until these are fully faced and cleared, there will be some manifestation of negative reaction."

We judge from this that the "heaven" of the Aquarian Age is not going to be handed to us on a platter. The habitual beastialities of our lower natures are going to have to be cleaned out before we can be trusted with the wonderful powers of the New Age, and each must take care of his own junk!

#### THERE'LL BE SOME VERY SUDDEN EXITS FROM THE FLESH

"7. Those who have loved ones who have been taken to greater safety will still have a communication line as soon as those lines can be effected.

"8. Line tapping will cease except in cases of incarnates who Astral travel to be interlopers, but they will be swiftly apprehended and run the risk of being disconnected from their forms (in the case of a public figure who has been doing some private meddling from the Astral, the newspapers will say, 'He died in his sleep.' RHC), as they are law breakers. The earth Astral is now under the full police force of the Divine Orders of Being.

#### ALL HELL BREAKS LOOSE IN 1967

"Armageddon now externalizes and the final stages will manifest upon earth. Incarnate negatives will become more aggressive and show themselves for what they are. 'Nothing shall be hidden.' This will bring forth much planetary violence in the form of warring factions."

Your editor is reminded here of the book on which he cut his metaphysical eye-teeth in 1936, "The Early Teachings of the Masters". This material was received in 1881 by two Englishmen in India, A.O. Hume and A.P. Sinnett, and channeled through H.P. Blavatsky. It was published by the American Theosophical Society in 1923. When I read Koot Hoomi's brief description of the cosmic principles behind the rise and fall of civilizations in 1936, I had no idea I would later have a grandstand seat for the observation of such a spectacle, but consider this observatinn by the Master; on page 110:

"No Mother Race, any more than her sub-races and offshoots, is allowed by the one reigning Law to trespass upon the prerogatives of the Race or sub-race that will follow it; least of all to encroach upon the knowledge and powers in store for its successor."

By this I take it that such honored Piscean institutions as private banking, dictatorships of the right and left, slavery, the degradation of women, organized religions and other bigoted and selfish

human creations will not be allowed to carry their limiting and restrictive ideas and policies into the Aquarian Age. In greater detail, K.H. wrote:

#### ATLANTIS DUNKED INTO THE ATLANTIC

"The approach of every new obscuration is always signalled by cataclysms of either fire or water. But apart from this, every 'ring' or Root Race has to be cut in two, so to say, by either one or the other. Thus having reached the apex of its development and glory the Fourth Race, the Atlantean, was destroyed by water. . . . When your race, the Fifth, will have reached the zenith of intellectuality and developed the highest civilization. . . . unable to go any higher in its own cycle, its progress towards absolute evil will be arrested (as its predecessors the Lemurians and the Atlanteans, the men of the Third and Fourth Races, were arrested in their progress towards the same) by one of such cataclysmic changes, its great civilization destroyed, and all the sub-races of that race will be found going down their respective cycles after a short period of glory and learning. See the remnants of the Atlanteans, the old Greeks and Romans. . . ."

What is the absolute evil toward which we are headed? Our headlong race in Vietnam toward a direct confrontation with Communist China, and the obvious need to use our biggest atomic weapons in an all-out effort to destroy the enemy. The consequences of this, if it were allowed to happen, would be too hideous to contemplate. Now to conclude the White Star bulletin of July 1966:

"Earth Astral is closed down to evolving humanity. Those who leave their bodies will be transported to their assigned planets. Those who pass out of their physical forms who are a part of the service program (like Dr. Wm. Lang mentioned in the opening article, RHC) will remain in the earth Astral to work with those who are still incarnate. The Spiritual Host moves into closer attunement and proximity. The planetary government will externalize with rapidity to assist with the final stages of the purification of the planet.

"Through assigned planetary governmental (spiritual) representative offices, you will be informed of the progress of the Plan. Program releases will be published by designated offices and will carry their assigned seal of identity, which may not be used by any other office. This in order to assure validity of releases and identity of their planetary source of releasement and availability. It will be the assigned duty of all students to alert as many as possible to prevailing conditions as the Elemental Kingdom of the earth becomes more and more distraught and those Elemental Powers that have been under the control of false masters are devoid of 'control' and must be re-oriented and brought into the light. . . ."

"The Truth that is Christ (annointed) born of the Father of Creation (the parent Creator) and the Mother of Life (all living substance) be manifest, and the earth and those who abide therein, glorified in true being, as in the beginning shall be the end, harmony of all Kingdoms of Being."

Central Government Communicator, Deska.

## OUR ONLY REAL PROTECTION AGAINST ATTACK!

From Ashtar, through Marian Hartill

Back in December, Associate Andy Hardie enjoyed a visit with his two daughters, one of whom is the above mentioned medium. He had also received the White Star communication on "The First Phase of Armageddon Is Complete" and was discussing it with them. One thing that puzzled them was that if the Lower Astral had been cleared of obsessing spirits, how could there be this continuation of crime and violence?

We remind Andy and you readers of the next to the last paragraph in Deska's communication to White Star: "It will be the assigned duty of all students to alert as many as possible to prevailing conditions as the Elemental Kingdom of the earth becomes more and more distraught and those Elemental Powers that have been under control of false masters are devoid of 'control' and must be re-oriented and brought into the Light. . . "

My guess is that Deska is referring to the 4th and 5th states of physical matter, the Chemical and Life Ethers, and to a certain group of Elemental Forces whose job it is to break down physical waste matter into simpler molecular structures for re-use by Nature. Certain elemental forces are released in this break-down process -- sewer gas, for instance -- and a "false master" knows how to draw on or collect this kind of energy and use it to "ensoul" his thought-forms. This is an un-natural, perverted business, details of which are too filthy to spelled out here. False Masters have deliberately cut themselves off from the positive and pure Christ Light. They can only steal energy from the negative end. To put it bluntly and crudely, Black Magicians are scavengers; they work at the ass-hole of creation!

Now, according to Deska and Ashtar, the False Masters of the Lower Astral have been removed to the Moon, or Mercury or Vulcan. But the natural, elemental forces they used to enslave mankind are still here. This is their home as much as it is ours! But they are free, running wild; and they will seek expression through those human beings who will not or cannot bring their own elemental passions under control. I'm sure they'll also find expression, these elemental forces, in some of the wildest and most violent weather this planet has yet seen, along with earthquakes, fires, avalanches and other natural disasters. The job of re-orienting these forces, bringing them under control, is going to take time.

What can you do? Earn the right to Divine protection by yourself being a center of stability and calm in these troubled times. The All-Powerful Christ Light is within your heart. Release this to soothe mind and emotions as Ashtar advised Andy.

## NEED FOR AWARENESS AND CONCENTRATION

"I am with you today because I have a warning for you all. I bring not fear. I bring Light and a new awareness of that which is coming into your life, not directly, but indirectly through others you know. You three are well aware of the negative nature of man around you; now you must be aware of that negation which is being released through the fourth dimension which will burst forth to confound and confront the mind and body of man upon the third dimension. The masses are not prepared for this in any measure and it will rest upon your shoulders to bring as much understanding as possible to those you know who will be panic stricken.

"This is not the Lower Astral, this is a far more gruesome aspect of life than that. The knowledge of the Christ-Light and protection it gives is of major importance as it is the only real protection a third dimension being has against attack. Locked doors mean nothing to this rampaging evil, that in itself knows no laws as you do.

"Lester (Marian's guide) has repeatedly told you to practice concentration upon a single point. This is our way of trying to get you to hold the Christ-Light vibration. You all do well in surrounding yourselves and your homes with this Light, but, you do not hold it long enough; so that it dissipates from lack of concentrated thought.

"You must at all times feel and radiate LIGHT, Christ-Light, to protect yourselves fully. Have it become such a strong part of your make-up that it is instantaneous at all times. Practice, practice, practice. It may mean the difference between Life and death to one you love or are trying to help protect.

"Remember, this is your job and we can only do so much. Our help is directly balanced with your own effort -- past that we cannot step; so don't be found asleep at the switch.

"This is a warning to all whom this message may contact. I speak with urgency to all who stand with the Christ Forces in this greatest of all wars."

And from an earlier message in November: "The lower levels of the astral plane have been swept clean. . . This cleansing will cause a sharp upswing in crime and perversion of all nature. Confusion and fear shall rule man of earth for being freed from the hold of the lower forces -- the mass shall have to rearrange its energy, and it does not by nature know how to or even that a re-balance must take place. Your position in the LIGHT is as secure as your desire is to remain there; so cling to the Light, and remember that we here are beside you on whatever path you may find yourself tomorrow or a year from tomorrow, as long as your goal is Spiritual Understanding, and an awareness of the Higher Self."

## LET THERE BE CHRISTMAS IN YOUR HEART

From the Western Mystery Tradition

In the late 19th Century there was an astounding and fascinating book written here in California, and published in 1900. It was entitled "Dweller On Two Planets". Aside from describing one of the great Atlantean civilizations, and the existence of intelligent, advanced beings on Venus, its author, Phyllos, devoted the last chapters to the eminent end of the Piscean Age. "Stand out from under," he shouted, "a world is falling!" His conclusion, "There will be no place of safety for the unchanged of heart."

Now, 66 years later, Phyllos' prophecy seems to be coming true; and contemporary messages through the Veil -- such as those from Ashtar and from our own Inner Circle -- urge us for our own sakes and for the sake of those around us, to concentrate the Christ Light in our hearts. It should then be released as a balancing and protecting overtone to our every word and deed.

Since the Winter Solstice of 1966, Mrs. Crabb and I have been using a simple Tiphareth Ritual as a means of stimulating the birth and growth of this Light within us. This seems an appropriate time to make it available to those who would like to work with knowledge and power in lighting a Spiritual Fire in their hearts -- to bring about the change demanded of everyone in the Aquarian Age.

Tiphareth is the sacred name for the Christ Center, the heart of the Tree of Life. This is the Sixth Sephirah, from which lines of force radiate to the other Sephirah. In the solar system, Tiphareth is the Sun. In man, Tiphareth is the heart of soul and body, and the Sun has direct influence on man's soul. To concentrate the Light of the Spiritual Sun in the heart one visualizes there the Infant Jesus, the new-born babe of the Nativity scene of Christmas. But this vision can be considerably enhanced by a certain amount of preparation based on time-honored practice and understanding of Cosmic Law. First of all there must be a reason for doing it.

### INTENTION or MOTIVE

What is your intention? To receive illumination and protection from your Higher Self, your soul.

### SURROUNDINGS

A quiet place where you can concentrate undisturbed for five or ten minutes, if this is all done mentally; or better yet, make a few gestures and chant some of the phrases aloud without attracting attention. Have beside you a piece of yellow paper on which simple signs can be drawn in violet or purple ink, pencil or crayon when called for in the ritual.

## QUIETING THE BODY

Seated comfortably, take three long, full breaths, inhaling the air and exhaling as completely as possible, through both nostrils and without hurry or strain.

## QUIETING THE PASSIONS

Perform the Kabalistic Cross to balance the elemental forces of earth, water, fire and air in your personality and bring them under control of your Higher Self. This is a blazing white, equal-armed cross.

Point above the head and say:

YECHIDAH (I am)

Touch the forehead and say:

ATOH (For Thine)

Touch the Solar Plexus and say:

MALKUTH (Is the kingdom)

Touch the Right Shoulder and say:

VE GEBURAH (and the Power)

Touch the Left Shoulder and say:

VE GEDULAH (and the Glory)

Clasp the hands over the Solar Plexus, bow the head slightly and say:

LE OLAM AMEN (Forever and ever, Amen)

## INSPIRING THE MIND

I call upon Thee, O living God, radiant with illuminating fire. O unseen Parent of the Sun! Pour forth Thy Light-giving power and energize Thy Divine Spark. Enter into this Flame and let it be agitated by the breaths of Thy Holy Spirit. Manifest Thy power and open for me the Temple of Almighty God which is within this Fire. Manifest Thy Light for my regeneration, and let the breadth, the height, the fullness and the Crown of the Solar Radiance appear, and may the God within shine forth!

## CONTACTING THE INVISIBLE FORCES OF TIPHARETH

Say or chant the God name for Tiphareth: ALOHA VA DAATH and visualize His color radiating from your heart, Rose pink.

Chant the name of the Archangel of Tiphareth: RAPHAEL and visualize His color in your heart, Yellow. Remember, RAPHAEL is the Archangel for Air. This is the sign and balancing force for the incoming Aquarian Age, an Air Age, a Space Age. Aquarius is one of the Air Signs of the Zodiac.

Chant the name for the angels of Tiphareth: MALACHIM and visualize their color in your heart, Salmon pink.

Now signal the messengers of the Christ, the Sylphs of the Air with their beams of Golden Amber Light, to fire your aura. Draw quickly their symbol, two base-to-base triangles on the upper part of your paper. Draw the higher triangle first and in the direction shown by the arrows. This is evoking.

#### CONCENTRATING THE FORCE IN THE HEART

Now visualize as carefully and clearly as possible, the Christ-Child in your heart. Every item in the Manger scene at Bethlehem is important or it wouldn't be there, but at least see the radiant Babe in his crib. Concentration is easier if you let the mind shift from one detail of his body and clothing to another as you build this all-important Tiphareth image. How long should you meditate on this? That's up to you.

#### COMPLETING THIS RITUAL OF TIPHARETH

Now gratefully dismiss the Intelligences whose cooperation you have invited. Draw again the base-to-base triangles as shown here. For banishing they are now drawn counter-clockwise, note the direction as shown by the arrows, again with the upper triangle drawn first.

Thank the angels of Tiphareth for assisting you and ask that they be ever ready to return again as needed.

Give thanks also to the Archangel of Tiphareth, Raphael, and to the God, Aloha Va Death, for their help and inspiration. Close the ritual with the Kabalistic Cross. Remember, this is your declaration of authority over the elemental forces within yourself and without. Burn the yellow paper if you used one.

For maximum effectiveness the ritual should be done morning and evening. If the pace of natural and man-made crisis increases, you won't lack for incentive to use it! If you would use it to protect others, call them by name and see them standing or sitting beside you as you go through it.

The Kabalistic Cross is a simple protective ritual which can be used any time when the need arises.

## GOD IS DEAD?

One news item last year was the widely quoted remark of Beatle John Lennon which attracted international interest, that "Christianity will shrink" and "we're more popular than Jesus". This young Englishman stirred a shock wave of protests from adults and just the opposite from many teen-agers. Here's a sample letter to the LA "Times" of Aug. 27, 1966:

"We are looking on the writhing of a dying world. Many of the old time virtues and values are about ready to croak, as we search and experiment to find a set of values of our own. John Lennon and the Beatles are a part of this rebelling and searching and growing.

"We have been made cynics before our time by lies spoon-fed to us with our pabulum, and by the hypocrisy and corruption we've witnessed from many of our parents, leaders and idols; what we value most is the Beatles' kind of openness and their willingness to blow the whole bit for what THEY care about. They've made a career out of putting down the whole world and they've made no secret of the fact.

"When John Lennon said that Christianity seems to be on its way out, he was only stating something that seems pretty obvious. The 'faith of our fathers' is no longer being accepted as 'gospel'. If the message of Christianity can't make the scene in today's world, we will have to find something else that will turn us on spiritually. John also said, 'Jesus was all right. . . It's them twisting it that that ruins it for me.' Amen to that!

"It seems that anything bright, shiny and brave that comes along the world can't wait to foul up. The beautiful truths of Jesus have been no exception. Religion is something that should make living -- and dying -- a little easier for us poor mortals, but too many fine feathered finks down through the ages have used it to enslave and make off with all the power and loot. We won't buy that kind of White Anglo Saxon Protestant God anymore. Most of the time honesty and frankness are admired by adults -- are these things laudable only when they don't offend anyone? When someone punctures their cherished illusions about themselves, they really get shook. Jesus was crucified for it almost two thousand years ago, and the witch-hunters are out to get John Lennon for it today. Holy Hypocrisy, Batman!!!"

Charlotte Perry  
Pomona, California

God isn't dead and Christianity isn't dying, Charlotte, at least not for the "fine feathered finks" who are making off "with all the power and loot" of today's scene in Vietnam!

## THE FAITH OF THIS FATHER!

"Cardinal Spellman Rides With A Machinegun" is the lead on a news item sent in by an Associate in Jamaica. On Dec. 31st the Kingston paper ran a front-page picture of the most powerful and prominent Man of God in the United States of America. His Eminence was sitting behind an M60 machinegun in a military helicopter waiting for takeoff at the U.S. military base of Long Binh, South Vietnam. "The Cardinal celebrated mass for some 5,000 troops at the headquarters of the 2nd Field Force." He is Roman Catholic Vicar for our armed forces. In the photo the Cardinal has a gleam of expectation in his eyes, apparently in anticipation of the millions of heretics, Communist and Buddhist, who will be slaughtered in the next few years as the Holy Roman Empire takes over all Asia, behind the power of American weapons.

United Press International dutifully reported the Holy Father's Christmas orders to our troops: "The New York Cardinal, in a Christmas sermon to American troops in Vietnam, urged them to fight for an all-out victory. 'Less than victory is inconceivable.' Cardinal Spellman was quoted as saying." General Westmoreland, Commanding general of our armed forces in Vietnam, in his Christmas message to the troops assured them that God is on our side.

But General Westmoreland's War God apparently isn't the deity of certain Protestant ministers who, at about the same time, were meeting in Chicago with student representatives of some 200 universities and colleges. We didn't see this in the newspapers but it was on television. The ministers and students are organizing a nationwide protest against the war in Vietnam, to be launched this spring.

## GOD ISN'T QUITE DEAD

Earlier, in mid-December at the First Unitarian Church in Los Angeles, the Rev. Stephen H. Fritchman dedicated a sermon to the Death of God movement and bluntly stated: "Organized Christianity is far nearer its demise than most people will admit" and he cited "the rebellion of millions of formerly docile Catholics" necessitating the Vatican councils, and "public criticism of vast church establishments and property holding". Because of increasing public awareness of this -- part of the expansion of consciousness of the Space Age, in our opinion -- organized Christianity has "surrendered its moral and ethical values".

Rev. Fritchman believes orthodox Christianity is on its way out because "its inner strength of commanding the faithful to total obedience had died or is well along the road toward death. The church's vast cathedrals, its billions in wealth, its army of ministers cannot save it. . . . The sophistries of organized religion must be ended, not only because it is an intellectual outrage to a thinking man, but because it impedes our being decent human beings to one another. . . . Today a new social ethic is being evolved around the world which most Christians are unable to accept." Here

Rev. Fritchman is unconsciously distinguishing between the stand-pat Piscean types and forward-looking Aquarians who welcome change. And about that New Social Ethic of the Aquarian Age, "It says that the needs of all people for peace and health must be met, that the ancient division between the rich and the poor, so piously sanctioned by almost all religions, is bankrupt.

#### "THE FATHER REJECTS THE CHILD"

"The new ethic is based in part on the Judean-Christian ethic but this is no longer the point. The father rejects the child. The Christian church calls the ethic of love-and-sharing an illegitimate child, and disowns it! If you wish evidence, listen to Christian leaders as they fly to Vietnam for Christian visits to our soldiers. Listen to the Cardinals of many a diocese defend housing discrimination, anti-Communist campaigns of hatred, and the despairs of unemployed millions on relief. I am speaking of the sin of a silent church in an age when great disasters can be mitigated or ended."

#### ONE CATHOLIC WHO IS NOT SILENT

Is the Rev. Charles Davis. He shocked the clerical-intellectual world on both sides of the Atlantic when he "bugged out". The winds of change are blowing through the minds of thinking people. Here's the way "Time Magazine" for Dec. 30, 1966 put it: "The Rev. Charles Davis is England's leading Roman Catholic theologian. A peritus (expert) at the Second Vatican Council, he has been editor of the 'Clergy Review', a provocative intellectual monthly aimed at priests, professor of theology at Jesuit-run Heythrop College, Oxfordshire, and has written several well-reviewed theological tomes. Understandably, England's Catholics were shocked last week when Father Davis announced that after 20 years as a priest he was leaving the Church. Compounding the shock, Davis, 43, also said that he intended to marry an American Catholic, Florence Henderson, 36, of Farmingdale, N.Y., a theology student at Bristol University. She, too, plans to leave the Church.

"Davis explained that he still considers himself a Christian, although he has no plans to affiliate with any other church. As for Catholicism, he declared: 'I do not think that the claim the Church makes as an institution rests upon any adequate Biblical and historical basis. I don't believe that the Church is absolute, and I don't believe any more in Papal infallibility. There is concern for authority at the expense of truth, as I am constantly shown by instances of the damage to persons by the workings of an impersonal and unfree system.'" (He is so right! The damage to civilians in Vietnam is now about 100,000 killed a year. RHC)

#### AND ANOTHER WHO IS EQUALLY OUTSPOKEN!

When ex-priest Davis was doffing his robes in December because "an imperative urge within me to think creatively has been blocked and stifled beyond endurance by conformity to a rigidly dogmatic Church", an even more prominent California lay-Jesuit was finding that rigid dogma and conformity very, very profitable. We are

writing now of Rudolph A. Peterson, president of the Church owned Bank of America. This is the largest private bank in the world now with a capitalization of over \$8 billion. God -- the Green God -- is not dead to this devout Catholic, nor is there any doubt in his golden heart which side God is on! And, the American people had better support that side. On Wednesday, Dec. 14th, Peterson said:

"The hard fact is that, rich and powerful as this nation is, we cant do everything at once. We cant -- all in the same year -- fight a war, aid underdeveloped nations, rebuild our cities, eradicate poverty, clean up environmental pollution, retool our transit systems, and maintain our economy. At the moment, it seems that the war must be on the top of our priority list. Because of the war, the private sector has tightened its belt. (That's easy, just dry up the supply of domestic money by raising interest rates. RHC) There are sound and convincing economic reasons why the government must do likewise."

There's the word from the most powerful financial giant in the United States. Cut back domestic spending and pour billions down the Catholic rathole in Vietnam. He is sure we will be happy to do this if the American people are "told clearly the dimensions of the war emergency they are facing. They will respond as they always have -- on the production line, by re-allocating their savings, by cheerfully bearing whatever additional tax load is necessary."

As a reward for his outspoken patriotism, BankAmerica President Peterson was honored with a cover picture on the Dec. 30th "Time".

#### WHOSE BELT IS BEING TIGHTENED?

Certainly not Bank of America! On Dec. 9th the bank released a preliminary estimate of its over-all profit position for the year 1966. Up 11% over 1965! This was from its San Francisco headquarters. To make sure it gets its share of the billions being squandered in Vietnam, Bank of America opened a new branch in Saigon on Aug. 1, 1966. After all, American aid to Premiere Ky's South Vietnam dictatorship is now running at \$700 million a year and that aint hay. Then there are those millions of dollars worth of military payment certificates earned by our soldiers every month there. The boys will have their wine, women and song in Saigon; and the girls must have their piasters in payment. Changing the MPCs for piasters at a substantial discount should contribute to BankAmerica's profit picture for 1967, without fear that Cardinal Spellman, as Christ's personal representative, will drive the money-changers from the "temple" of Southeast Asia.

Why do we print these items in a Journal of Borderland Science? Because they are objective manifestations of subjective, invisible shifting forces which are our concern. Thousands upon thousands of highschool and college students in California read the LA "Times" and "Time Magazine" with intuitive perception equal to that of your BSRA director. They may be cannon fodder in a war profitably instigated by certain honored institutions here in the United States. Is

it any wonder that teen-agers like Charlotte Perry want "buy" the "old time virtues and values" of Holy-Man Spellman and Money-Man Peterson? The disillusionment and bitterness of the younger generation runs deep and their determination to do something about it will be a major contribution to the violence and change that lie immediately ahead. When school began last fall at the University of California at Berkeley, student body president Dan McIntosh spoke bluntly of Vietnam as "the single most frustrating issue for students today" and said the nation could expect "more radical demonstrations against Vietnam policy, on the part of the militants" at his school.

#### "MORE GOLDWATER THAN GOLDWATER"

"A lot of kids worked for Johnson as a man of peace," said McIntosh to an LA "Times" reporter, "a man who would not escalate the war. Six months later they found out the campaign was essentially a fraud. Johnson was doing precisely that the students thought they were voting against. He was outdoing Goldwater in escalating the war."

Consider what happened to United Nations Ambassador Goldberg when he was invited to address the university as part of the celebration of the 98th anniversary of its founding, in March. As Herb Gold described it in the "Saturday Evening Post": "The ceremonies proceeded, the speeches unrolled, the band played, the students responded sweetly, Ambassador Goldberg was introduced. And the exit began -- professors in robes, alumni, students -- quiet and determined, continuing while his voice boomed out over the loud-speakers. Outside the Greek Theater, the thousands of students who had wanted to be admitted -- so that they could then walk out -- cheered the first group of professors to emerge. There was an air of triumph and rejoicing."

The Berkeley campus affords a microcosmic survey of the macro-cosmic influences of Aquarius. These will eventually turn our society inside out. As Gold wrote it for the "Post": "Berkeley is also the advance post of what may be a new style in American life -- a radical disaffiliation from the traditions of industrial civilization, a radical concern with meaning, value and personal salvation."

"What is happening at Berkeley is happening also on the in-touch campuses all over the country -- at the University of Colorado at Boulder, at New York University, at the University of Michigan at Ann Arbor. There are echoes even in Texas, Montana and Yale. It is not merely a matter of experimentation with drug trips into 'inner space', with sex, with the new radicalism. There is the sense that the young must take the control of things away from the palsied hands of those over 30. The folk-rock voices are wailing. The times are a-changing, and perhaps first of all the clothes -- turned on, tough, a new uniform of self-assertion. Even at the chic little girls' colleges, there is a stretching out toward the Message -- revolution. . . ."

## THE FREE SPEECH REVOLUTION

Gold, sent to Berkeley to discover the student forces behind the successful "Free Speech" demonstrations of 1964, found two basic causes which "almost wrecked the university": "Student insistence, in a time of passionate decisions about war and civil rights, that they have the right to speak out for their ideas and advocate their causes with maximum freedom; and beneath this, a developing revulsion against the loneliness and depersonalization of what President Clark Kerr had called the 'multiversity'.

"The Berkeley campus sends more volunteers to the Peace Corps than any other school. Its students have been most active in the civil rights movements. . . ." Naturally, idealistic young people do not willingly see their school as "a university on the industrial model.

"The Free Speech Movement wanted the freedom to advocate change on campus, subject only to legal limits, not the pseudo-parental ones of the university. Its members were outraged at what they believed to be pressure on the regents and the administration from the right-wing former senator William Knowland, publisher of the Oakland 'Tribune', after a civil-rights picketing of his newspaper. But beyond the question of free speech no doubt lay the twin goads of a peculiarly high-powered and yet cold-running university and of a strong sense that the ills of society cannot be evaded, as the older beatniks tried to evade them. If the beatniks were nihilism's sad organization men, the Berkeley radicals are joyous small businessmen of causes and ideas. The ills of the world must be cured by action, not by hiding in pads with bongos and guitars. . . . Education did not break down entirely, but it bent. The final step from protest to revolution, from ardent demonstration to hysterical mob action, was not taken. . . ."

Not then at least, but then a month or so after school opened last fall; a flagrant symbol of President Johnson's fraudulent war policy showed up on the campus. A Navy recruiting team set up table in a forbidden area and began signing up patriotic students. This same area had been declared off-limits to student organization desiring to do recruiting for their own causes. It took police action to quiet the resulting ruckus and temporary peace came only after a class-room strike by many, many students. If anyone in California hoped the uneasy truce between the students and the administration (university, city and state) would continue indefinitely, their hopes were dashed with the election of Goldwater-Republican Ronald Reagan as the new governor of the State and member of the university Board of Regents!

For during the campaign, Governor-to-be Reagan made it very clear where he stands on Cardinal Spellman's war for American military dictatorship in Asia: "I think we should go in and get it over with. When you consider the size of our country and Vietnam, how can we talk about spending 10 years on this war?" And during the student strike over Vietnam recruiting he emphatically declared

that any student who didn't want to abide by the rules for getting an education at Berkeley or anywhere else in California, should get out of school! Soon after assuming office in January he threw down the gauntlet to the younger generation and rubbed salt in their wounds. He declared a 10%, across-the-board cut in the University's budget and asked for a \$400 tuition fee in the here-to-fore tuition-free school!

#### THE VOICE OF BIG BUSINESS

Governor Reagan can move with utmost confidence against the Aquarian tides of change because, himself a Catholic millionaire, he has the enthusiastic backing of America's largest and wealthiest corporations. He also received a mandate for the status-quo with a million-vote majority of California citizens in the 1966 election. The state's older citizens and the governor see the university as the final step in the "knowledge industry" production line. Where in the words of Herb Gold, "some of the brightest students in America are stamped with the proper circuitry for use in business or military technology."

At least 3000 or more of Berkeley's students are idealistic-activists, enough to have marched in picket lines. They are "rid of the apathies of the 1950s," says Gold, "eager to embrace history and change the world, they felt nothing but contempt for the conservative bureaucracy running the University of California. The contempt was mutual. There was talk of breaking up the Berkeley campus. . . ."

Will Governor Reagan do this as the split between the two generations widens? Yes, we very likely will see chaos and even shutting down of the California university system this year. He has already threatened to move the university headquarters to San Francisco, off the campus for better control, and has recently fired university President Clark Kerr. The war is on now and it will probably flare into the open when the semester opens in February. As a former employee of General Electric Company and other businesses, Governor Reagan will undoubtedly try to see to it that the school must turn out well-polished, socially acceptable graduates who will fit smoothly into vacant managerial and technical jobs in business, a worthwhile goal which satisfies him and his supporters.

But in their public speeches, university presidents across the nation say that the goal of a university is a search for truth! It would seem that the stars of Aquarius will stimulate this quest to a degree this planet has never seen before. Thus, not only here in California but all over the world, the irresistible force of the young will run into the immovable object of the old. In her "Predictions for 1967" in the Moon Sign Book, Fritzie Armstrong puts it this way: "Democracy as YOUTH sees it, will be fought for in every corner of the earth. There is a 'Togetherness Quality' among these often enraged people, bringing a Comradarie spirit within their ranks. Freedom to live and work THEIR WAY, not for their country. . . the continual turmoil comes from the people.

They are filled with fury in an abandoned way!" There is no doubt that Governor Reagan will use the police power of the State to quell the riots and rebellions against the corrupt old system he represents. This is his duty, but in the long run youth will prevail for time is on their side. For when Reagan has gone on to the Catholic heaven to assume his place at the right hand of St. Peter -- an honored chair promised him by the Cardinal, no doubt -- these Aquarian Age kids will be making the State of California over in their own image! If you think your Director has flipped over the border, see these students through the eyes of a world-weary, politically cynical columnist from Washington, Joseph Alsop

#### "A WARMING GLOW OF HOPE FOR THE AMERICAN FUTURE"

BERKELEY (LA Times, Oct. 27, 1966) - ". . . This reporter joined Sen. Bobby Kennedy's entourage for his swing through California which came to a climax here a day or so ago. The entourage itself was phenomenal -- on the scale of the party that used to accompany President Franklin Roosevelt in the neolithic age of American politics. There were foreign newspapermen and television crews from three or four countries. There were enough American cameramen and reporters and radio and television people to fill a huge jetliner...

"What made it exhausting was the grueling combination of the countless stops and the almost terrifying enthusiasm of the overflow crowds at every stop. Hard-pressed Gov. Pat Brown had asked the young senator to come to California to put a badly needed electric charge into his campaign for re-election. The junior senator got out the crowds, and his way with them and their way with him were something to behold. . . When he made his appearance the young would burst into a deafening roar of welcome. . . Then at the end they would surge around him and clutch desperately at him. . .

"On occasion the spectacle of Kennedy and crowd can be downright stirring. It was stirring here at Berkeley in the great Greek amphitheater which was filled to overflowing. Student life at Berkeley is much discussed; but whatever controversial currents may run through their lives, these young people were a sight for sore eyes, healthy and handsome, fervent with idealism, golden with promise. Kennedy gave them a speech on civil rights and the Negro movement that was equal to the occasion.

"Everything about it -- the language, mood and thought, above all -- was elevated, moving and wise. It was not cheap or soft-headed, either. The hardness of the problems, the folly of violence, the wickedness of extremism -- all these were plainly underlined. And the duty of every American in this great matter was also underlined magnificently; and the 20,000 or so young men and women responded in a way that filled one with a warming glow of hope for the American future."

## FOUNDATION BUSINESS FOR 1967

For some time now the State has been reminding us that we must have Federal approval as a non-profit corporation. This change could be the basis for a new cycle in our borderland research. It would put us in a favorable position to seek and accept large research grants to prove out Associates' ideas and publish the results in book form,

We have been operating under a California charter, #254263, granted in May 1951 to Borderland Sciences Research Foundation, with BSRA Associates Clarence and Ruth Alling and Harriet P. Foster as organizers. Harriet was Meade Layne's secretary at the time and she transcribed many of the early Inner Circle seances. The whole thing was then turned over to Meade Layne, BSRA founder.

When Mrs. Crabb and I took over in 1959, I suggested to Mrs. Foster at the first board meeting that the name of the organization be changed to Borderland Sciences Research Associates Foundation. The change was duly noted on our stationery and government reports but it was never formally proposed to the State. This was a change in the Charter and, according to the California Corporations Code, it requires certified approval of the Board of Directors and the members.

Also, the 1951 Corporate Charter does not conform to the provisions for non-profit corporations under Section 501 of the Internal Revenue Code of 1954. These provisions are concerned with the use of net profits, political activities if any, and distribution of assets upon dissolution. So let's bring ourselves up to date, as prescribed in the California Corporations Code, Sects. 3632 and 3672, by voting on the following amendments. They were proposed and voted unanimously by the Board of Directors: Riley Hansard Crabb, President; Florence Verrico, Vice-President; and Judith Crabb, Secretary-Treasurer, at the regular annual meeting of the Board in Mrs. Verrico's home, 1234 N. Mansfield, Hollywood, California, Jan. 20, 1967. We hope the majority of the members will concur.

PROPOSAL: Be it proposed by the Board of Directors and Members of the Borderland Sciences Research Foundation, that the First Article of the Corporate Charter which now reads:

"FIRST: That the name of the corporation shall be BORDERLAND SCIENCES RESEARCH FOUNDATION."

shall be amended to read:

"FIRST: That the name of the corporation shall be BORDERLAND SCIENCES RESEARCH ASSOCIATES FOUNDATION."

Be it further proposed by the Board of Directors and the members of the Borderland Sciences Research Foundation, that the Fourth Article of the Corporate Charter which now reads:

"FOURTH: That this corporation is organized pursuant to the general non-profit Corporation Laws, or pursuant to Part 1 of Division 2 of Title 1 of the Corporation Code of the State of California."

shall be amended with two paragraphs as suggested by the Director of Internal Revenue, Document 5551, page 6, as follows:

(a) No part of the net earnings of the corporation shall inure to the benefit of or be distributable to its members, trustees, directors, officers or other private persons, except that the corporation shall be authorized and empowered to pay reasonable compensation for services rendered and to make payments and distributions in furtherance of the purposes set forth in Article Third thereof. No substantial part of the activities of the corporation shall be the carrying on of propaganda, or otherwise attempting, to influence legislation, and the corporation shall not participate in, or intervene in (including the publishing and distributing of statements), any political campaign on behalf of any candidate for public office. Notwithstanding any other provisions of these articles, the corporation shall not carry on any other activities not permitted to be carried on (a) by a corporation exempt from Federal income tax under section 501 (c)(3) of the Internal Revenue Code of 1954 (or the corresponding provisions of any future United States Internal Revenue Law) or (b) by a corporation, contributions to which are deductible under section 170 (c)(2) of the Internal Revenue Code of 1954 (or the corresponding provisions of any future United States Internal Revenue Law).

(b) Upon the dissolution of the corporation, the Board of Directors shall, after paying or making provisions for payment of all of the liabilities of the corporation, dispose of all of the assets of the corporation exclusively for the purposes of the corporation in such manner, or to such organization or organizations organized and operated exclusively for charitable, educational, religious, or scientific purposes as shall at the time qualify as an exempt organization or organizations under section 501 (c)(3) of the Internal Revenue Code of 1954 (or the corresponding provisions of any future United States Internal Revenue Code or Law), as the Board of Directors shall determine. Any of such assets not so disposed of shall be disposed of by the Superior Court of the county in which the principal offices of the corporation are then located, exclusively for such purposes or to such organization or organizations, as said Court shall determine, which are organized and operated exclusively for such purposes."

THREE GREAT AQUARIAN AGE HEALERS - The second talk in a series by the Director of BSRA Foundation analyzing the occult science behind Spiritual Healing. The questions posed by the Psychic Surgery of Tony Agpaoa and Brother Terte in the Philippines are here answered in detail by Dr. William Lang, who died in London in 1937. He carries on his practice through trance medium George Chapman. Dr. Lang trained for five years before the Healing Ministry began at Aylesbury Clinic. The second section of the talk is devoted to Healing with Light, the Healing Light of the Christ manifested physically as complementary colors! Two Aquarian Age pioneers in medicine, Drs. Pancoast and White, developed color therapy techniques generations ahead of their time. Dr. Pancoast was a Kabalist and Dr. White an incarnated Visitor from a Golden Planet outside our solar system. This illustrated, 50-page plus mimeo book also contains drawings for a Duo-Rhythm, 150-watt color projector for Associate experimentation. . . . . \$2.50

BSRA NO. 10-Q - Of the Inner Circle Transcripts of 1951. This is the latest in the hitherto unpublished communications through Mark Probert, from Lo Sun Yat, the Yada di Shi'ite, Ramon Natalli, Professor Luntz and the Maharaja Natcha. Their metaphysical and philosophical observations on war at the height of the Korean crisis are equally applicable today; for the same forces of the Extreme Left and the Extreme Right are locked in combat in Vietnam. These seances date from July 3 through Sept 27, 1951. One outstanding feature is a long discourse from the Hindu Adept, Natcha, on such diverse subjects as Astral Shells, Magnetic Vortexes, Reincarnation, the secrets of Egyptian initiations on the Cross, and Soul Seed. Prof. Luntz gives an explanation of the psychic operation of the "water compass" or dowsing rod. 32 pages. . . . \$1.25
