# THE EMERALD TABLETS OF THOTH THE ATLANTEAN

by

Dr. M. Doreal

When the time came for Thoth to leave Egypt, he erected the Great Pyramid over the entrance to the Great Halls of Amenti, placed in it his records and certain mechanical devices. He then appointed from among the highest of his people guards to protect his mighty secrets. In later times, the descendents of these guards became the Pyramid Priests while Thoth was deified as the God of Wisdom, the Recorder, by those in the age of darkness which followed his passing. In legend, the Halls of Amenti became the Under-world, the Halls of the Gods where the soul passed after death for judgment. During later ages the ego of Thoth passed into the bodies of men in the manner described in the Tablets. As such he incarnated three times, and in his last incarnation he was known as Hermes, the Thrice-born.

The Brotherhood publications has produced a most attractive binding of Dr. Doreal's translation with a cover design of the original Tablets. The demand for this book on the Atlantean Mysteries has been so great that already it is in its eleventh edition.

# VIBRATION SPIRITUAL AND MATERIAL

by

Dr. M. Doreal

(part six)

Doesn't the scientist say that the temperature of absolute zero is found in space? Is it not true that in laboratory tests the closest that they have been able to approximate absolute zero is a little under four degrees, that a block of solid silver subjected to that temperature of approximately absolute zero becomes as transparent as a pane of glass? Under those conditions, if space is solid, it could be solid and still be transparent and would support a medium for light and other energies flowing through.

It is just as in the Bible. They say you can find anything in it to support any point. The Bible says, "You shall not drink strong spirits or liquor." I can turn to second Timothy, where it says, "Drink no longer water but take a

little wine for thine often infirmities." You can prove anything by the Bible or you can disprove any point that you want to. The same way is true of science. If it does not prove a point, they conveniently ignore it. If you do not believe it, read the works of Charles Fort: "The Book of the Damned," "Lo," "Wild Talents," and one other. "The Book of the Damned" is on astronomers and when he gets through with them, he wonders if they know anything.

It is our awareness of movement which gives us our time sense, our time consciousness. We within our inner self, within our inner consciousness, are aware of that passage. Objectively we are not aware of it. Subconsciously we are aware of that passage of that law and that movement and therefore, we are aware of the passage of time and, of course, while we have been passing through that we have been doing various things. If we came to a dead stop and never moved which we will sometime, then time will cease to be and all internal motion will cease as will the vibration of every substance and particle of matter which is generated by the movement in that space, by the movement of the passage through and the original impetus. Let us put it

this way. Remember what I said about throwing a stone and if it were not for the law of inertia it would go right around the earth and hit you in the head, but the law of inertia pulls it around. We might say it is just like this, that the Divine creative power cast this earth and others through space and that first throw, when God cast the earths into this, he cast with a certain impetus and power and they will continue to move until that impetus stops. That is the point of what they call the end where they say; "Heaven and earth will pass away." That is the point which is spoken of in the Book of Enoch, where it says, "And then the moments and hours and days and weeks and months and years will become as one." When the motion ceases there will be no more seconds or minutes or hours or days or weeks or years. There will just be one. There will be no time: there will be no death either. There will be no death. Why? Because then man will be raised up a spirit incorruptible because then he will cease to be bound by the limitations of the earthly or material, but because as long as he is bound in the physical body, he is bound by earthly time, but when he is raised up from that then that will cease to be. The Divine Spirit casting out substance

and matter, regulated the speed of movement and the time of impetus to come to an end, when its purpose has been fulfilled and time will cease to exist and within the limitations of that time in which we exist we are free agents.

QUESTION: When the time comes when time is not, will all negative light have been consumed? ANSWER: Either that or cast out by a power outside of man.

When we go back to the beginning of time, as it were, through a space time spiral, that brings us to the present time. Everything which has ever been experienced by ourselves in this life or other lives, has been indelibly recorded in the time stream spiral. So far as space is concerned, we are never separated from any time by more than one second in distance. We are not separated from yesterday by twenty-four hours. We are separated from yesterday by the distance of the octave of vibration of the space time motion.

# WORTH

It is not what the world gives me

In honor, praise or gold:

It is what I do give the world.

So others do unfold.

If by my work through life I can

Another soul unfold.

Then I have done what cannot be

Made good, by praise or gold.

One tiny thought in tiny word

May give a great one birth,

And, if that thought was caused by me,

I lived a life of worth.

The  
Brotherhood  
Newsletter

Dear Students and Friends,

This has been another busy week for the Brotherhood Staff and for the Retreat. We have had many visitors for the past two weeks. We were very happy to meet and to see Marguerite Cardin from Montreal, Canada. Marguerite spent three days in the Retreat visiting with friends and students. She plans to start a Discussion Group as soon as she returns to Montreal.

Bonnie Ireland from Dallas, Texas also visited with the Staff this week and joined the Brotherhood College and Fellowship of the Avatar.

People are eagerly seeking the Truth. This month we have had a new student enroll each day. We are so grateful that the Brotherhood continues to greatly grow and steadily increase in spiritual knowledge, wisdom and power. This was one of Dr. Doreal's requests.

Because of the Labor Day week-end, some of the lessons and "The Light on the Path" magazine may be a day late in get-

ting to you, however everything will soon be back on schedule.

The weather is much cooler and we have had to turn our furnaces on; this has been delightful for those who live in hot, humid climates.

At the Avatar meeting last Sunday, we had the largest attendance of any Avatar meeting since August, 1956. Dr. Trenton Tully gave a most interesting and inspiring talk on the "Golden Age." We must give of ourselves, our wisdom and strength, in dedication to the Christ Consciousness, for the Christ is represented in each one of us. Each one of us has that Divine Power to produce what is godly and right in our lives, so that we may be an example of spiritual dignity, wisdom and strength to others, and light the darkness that still prevails in our world. The greatest blessing we can give to another is to extend a helping hand, and lift him out of material ignorance into the Infinite Realm of Divine Wisdom.

After the Avatar meeting, Drs. Jim and Marion Butler gave a reception, or open house for all those who wished to attend. The spirit of Brotherhood and happiness prevailed throughout the evening.

In Truth,  
The Brotherhood Staff.
