A FLAG PRESENTATION ON THE EVE OF JULY FOURTH

THIS SERVICE IS DEDICATED TO THE UNFOLDMENT OF THE DIVINE PLAN TO BRING ABOUT FREEDOM AND PEACE, NOT ONLY IN YOUR INDIVIDUAL BEINGS AND WORLDS, BUT IN YOUR BELOVED LAND, THE UNITED STATES OF AMERICA. RETIRE NOW INTO THE INNER RECESSES OF YOUR HEARTS WHEREIN THERE IS PEACE OF MIND AND HEART, AND FEEL THE PEACE OF GOD.

EACH YEAR JUST PREVIOUS TO YOUR FOURTH OF JULY CELEBRATIONS, ALL AMERICANS BECOME CONCERNED WITH FREEDOM AND PEACE. JULY FOURTH IS YOUR ANNIVERSARY FOR THE CELEBRATION OF FREEDOM AND PEACE. BELLS OF FREEDOM SOUND AT INNER LEVELS OR HIGHER REALMS OF CONSCIOUSNESS EACH YEAR AT THIS TIME, SOUNDING THE VIBRATIONS OF TRUE FREEDOM. AT THIS TIME, WITHIN EVERY MAN, THERE IS A GENTLE AWAKENING TO THE HIDDEN MEANING OF FREEDOM AND ITS RESPONSIBILITIES. AGAIN THERE IS RELEASED THOSE VIBRATIONS WHICH INSPIRED YOUR GREAT GENERAL WASHINGTON TO BRING FORTH YOUR SYMBOL OF FREEDOM, THE AMERICAN FLAG. KNOW THAT YOUR GENERAL STILL STRIVES FOR THE FREEDOM OF AMERICA AND ALL WITHIN ITS BOUNDARIES. MAY YOU EACH ONE NOW BECOME RECEPTIVE TO THESE RECURRING VIBRATIONS AND ONE AND ALL REPEAT, EITHER ALONE OR TOGETHER, THE AMERICAN'S CREED AND THE PLEDGE OF ALLEGIANCE TO THAT HOLY FLAG OF FREEDOM. 'LONG MAY IT WAVE O'ER THE LAND OF THE FREE AND THE HOME OF THE BRAVE.'

Will you each now envision the presence of an Angelic Being approaching you and placing within your hands, a beautiful etheric replica of The American Flag. It is for you to treasure always within your heart. Now there approaches a host of Angels, forty-nine in number, each bearing a similar banner. They are placed around your altar and as the last one is set into its place, they all seem to blend into one great banner which expands and enfolds your sanctuary, your home, your forcefield or in what ever place you may presently be. From this great Banner of Light there shall flow to all, a new concept of Peace, Liberty and Freedom as yet not conceived by man. This concept shall continue to expand and flow out unto all mankind until Freedom is won for all. Let joy and gratitude arise from your hearts and join together or alone as you may be, and raise your voices in song. Let the words of "GOD BLESS AMERICA" fill your heart and let "THE STARS AND STRIPES FOREVER" stir your feet to the rhythms of marching pilgrims. Let your song "MY COUNTRY 'TIS OF THEE" stir your patriotism and sing for joy "THE STAR SPANGLED BANNER" which

is YOUR DECLARATION OF FAITH. The Angelic Messengers will gather your energies of joy and hope and faith and bear it to THE ROYAL TETON where The Hierarchy is gathered at this time to prepare America for the coming days. Your America has "a government of the people, for the people and by the people" and it also has a God Government, presided over by The Hierarchal Beings who are appointed to those exalted positions by Cosmic Directors concerned with this small earth's affairs. You are invited to visit and participate in these plans, if you care to, or you so will it. May all men soon join the march to eternal Freedom.

I AM MENTORA

*A MESSENGER FROM THE ROYAL TETON
INVITES YOUR PARTICIPATION*

I am a Messenger from the Royal Tetons. I have been Dispatched by the Great Lord Confucius to bear to you a message of Gratitude and of Love for your willingness to become open channels for the outpouring of the Christ-Conscious Light which now envelopes your earth. The dangers within the atmospheres of this planet are greater than you know. In etheric realms of outer space, there have been established forcefields by which the balance of your earth may be sustained in the days of stress and trial ahead. You are mostly unaware and unmindful of the service of the great Hierarchy of Heaven. Accept these few details which from time to time are generously revealed to you. Many of those who listen to the words of the great Ascended Hosts of Light do not accept truth or do not believe. There are always a few scoffers. There will always be unbelievers. We are accustomed to them, yet do not lend them your ears, no matter how reasonable their words might seem to you. Listen to My words of council and comfort. Look not to the opinions, the feelings, the thoughts, or the written pages of those of mankind who have not yet contacted or accepted as Truth the Divine source of being. Give credence to those in the realms of Light who have come from other planets and other stars to communicate with you, to assist you, to guide and to direct you.

Ofttimes there are Exalted Beings standing by your side as your own light flashes within the dense veil of human creation. From our position in the etheric realms of Light where We are stationed, We see and hear that flashing of light even as your telegraph operators, sound a signal for sending or the receiving of a message. We see you, My Blessed Friends, as you struggle within the darkness of outer-world creation. We count your small joys as our joys. Count Our joys as your blessings for they fall like soothing rain upon scorched earth,

into your beings and worlds. They rain into the consciousness of masses of mankind and still the fears and oftentimes heal the bodies and sustain the courage and faith of those who otherwise might be driven from sanity under the pressures and tensions of their daily living. Little do you understand or realize what these great Beings from the Hierarchal realms of Light do to maintain and sustain you in your ways of life. Yet We cannot tarry too long. The Cosmic Circle has been drawn. The cosmic cycle is in progress. We seek those who will offer their chalices to the Light of God and many of you have this hour complied with the need.

Some of you have come out upon that pathway of Light and sought to enter into our realms. We welcome you. You shall, each of you during these coming days, be drawn into your lovely Etheric forms or into your Christ Consciousness bodies if you are permitted to assume those garments and thus visit the Teton Retreat. Ask your own Guardian Presence to give to you the joy of remembering. Yet perchance, if you do not recall your experiences in the Halls of Light, be not dismayed. Do not strain, do not struggle, for struggle creates the veil which hides truth from you. I have come as a delegate from the Great Teton conferences where your hearts desires carried on the Wings of love have reached us. Our Great Hierarch has paused in the official business of the hour to send me as a Messenger to convey His love and His Greetings to you. Be thou now enfolded in His Blessing. Accept now the Light of the Convening Hierarchy and abide in patience for you shall indeed be received.

Each of you, My lovely Friends, have within you the ability to step through into your own God Consciousness mind and communicate with your own God-self and your Master if you should so choose. Why tarry in the darkness when you can walk upon the pathway of Light? None walks that pathway alone. You may think you have set out upon a solitary journey My Friends, yet there are Angelic Beings who will conduct you. They await the signal from your heart's Light. May they not wait in vain. I have come because of the great magnetic pull of your heart's Light from this forcefield. I have come to establish, anchor and sustain you during these coming days and years if need be, by an additional anchorage of Light and sustaining Christ Illumination from the Great Teton Retreat. You are already tied by a ribbon of Light to the Great White City of Shamballa, and this hour I reach into that stream of Light in the center of your forcefield and tie you into the flaming essence of Light upon the altar within the Great Teton Retreat. You should have no difficulty in following that great span of Light. There are many highways in space. I warn you to stay upon those highways and do not be misled. In all your Heart's Light and in all Our Heart's Light, we now may commune together. Fill your Chalice and carry it high and let the blessings of The Tetons through you flow to bless all life wherever you pass by. That which you can give to the earth is greater than

you know. Silently standing upon the earth with your heart in the heart of heaven, you can become a Chalice Bearer from whom there shall pour streams of Light from The Tetons to bless man and the earth even beyond your dreams.

YOUR PETITION TO THE HIERARCHAL BOARD

JUSTINÁ, A Messenger From The Karmic Council, Invites you to send your petitions To The Hierarchal Board.

A Beautiful Being, to be known as Justina, abides within your atmosphere at this moment and indicates that She has come to offer to you all a new service in which none of you have participated up to this moment. In the past it has been the custom for chelas and students and disciples of Light to gather together on the eve of The Fourth of July, and bring petitions which they have individually conceived stating their desires or wishes to participate in certain Hierarchal activities for the protection or illumination of the planet. Some have offered their own ideas and asked for opportunity to bring them into being. These petitions have been penned lovingly by each individual and in a proper ceremony they have been blessed and then burned in a suitable brazier at the appointed hour. Tonight, Justina would like to give to you the opportunity to present your Petition, not by writing it on paper with your physical hands, but by thought transference. The angelic beings who came shortly before this and presented you with your gifts of the American Flags, still stand by your sides and you will deliver into their hands a message which you will inscribe in letters of living light out of your own consciousness upon a clear white parchment which the angel beings will present to you. Justina will speak to you.

Beloved Friends: At this sacred hour, on the eve of July Fourth, it is my privilege to stand here within the forcefield of your beautiful sanctuary and to draw to myself the energies of your beings and worlds. There is not a great volume of energy proceeding from any one of you and yet your heart intent is great. Therefore I take this great heart intent also added to the energies which have been poured forth so lovingly and so willingly under these unusual circumstances. Your love, your determination and your envisioned purpose is of greater value than the energies of the words you speak. I wish now that you would learn to control the energies of your beings and worlds so as to do silently those things which you are accustomed to doing with the spoken energies of your physical body. So tonight, rather than ask you to present your written petitions to be burned in the brazier upon your altar, we are bringing to each of you a clean, new parchment upon which your consciousness will imprint any

desire or idea you may wish to present to the Karmic Board. When you have inscribed upon this parchment that which is your hearts desire, the angel who waits in patience and love by your side will convey that parchment to Those Who await your message as you participate in the Karmic activities at the Royal Teton.

It is surely unnecessary for you as a chela on the pathway to make a written record of the thoughts, feelings and desires of your hearts for each one of you become as an open book. It is possible for us to look upon the aura of each one of you and read written there, that which you have been, that which you now are, that which you desire to be. But this takes our concentrated attention. It is a time-saver for us if we receive your written message which can be quickly discerned by that one who is already awaiting your message.

As you are seated comfortably within your beautiful forcefield, your angelic messenger will now present to you the scroll of pure white parchment. Take it in your etheric hands and as you gaze upon it, you concentrate the substance and energy of your mental body and your feeling body upon that parchment. There will appear, engraved in letters of gold, that message which you desire to convey. We shall stand in abeyance and wait. Thank you beloved ones for your earnest, concentrated effort. One of your scrolls, which has been received, has pink roses upon the margins and is tied with a flaming pink bow. How beautiful! How thoughtful! How lovely! I am receiving another. It is tied with a red, white, and blue ribbon, symbolic of your beloved America. Each and every one I receive is embellished by your love and your gratitude for this opportunity. Those of you who have not yet written your scrolls will have ample opportunity to do so. When they are ready, whether it be tonight, tomorrow or the next day, the angel standing by will receive it and deliver it to me. Be not disturbed in your thoughts and feelings over these simple things.

Each one of you know in your heart, that which you desire to do in order that you may serve life and fulfill the Divine Plan. Your divine self knows and understands and will convey through your outer self these desires, *if and when you lift the gates of tension, of fear and of doubt*. If your scroll is not yet prepared, do not be disturbed. It will be brought by the messenger who will bide Her time and walk by your side and bring the scroll when it is prepared. If it should be that you do not desire to present a scroll, just roll the parchment and give it back to the angelic being who brought it to you. It is not required that you should inscribe it. This is but a Divine opportunity. It is Love's opportunity to serve. This is your opportunity to serve. This is our opportunity also for we are giving to you a Divine opportunity in your human sense-conscious effort which you have never enjoyed before. If perchance you could think of a new and better plan and you desire to express to the great Karmic Board, you

may at any moment between now and July Fourth call for the messenger and send another scroll.

The blessings of the Great Karmic Board who are meeting at the Great Teton Retreat, rests upon you, My Lovely Friends. I have been sent upon the Pathway of Light that has been so recently anchored into your forcefield and I shall abide until my service is rendered.

The pouring of the Light of Life, The pouring of feeling of peace, the pouring forth of the feeling and the knowledge of comfort, of healing and of sustaining energy is important to each and every one of you, and I have come to stabilize these forces, pouring into your forcefield and pouring back again into your world from your forcefield. Your outpouring is a two-way activity. That which goes forth brings something in return and that which returns goes forth again. There is a constant pouring of energy, both outward and inward, from the macracosm to the microcosm, from the microcosm to the macrocosm and ad infinitum. This is the law of energy and vibration.

Tonight I have come to hold this forcefield in the embrace of My Light to receive your love, your courage, your strength, your steadfastness and in turn, to pour back to you Our Love, Our Strength, Our Courage, Our Steadfastness. May you be blessed during this season of great Patriotic Activity in your United States and may that patriotism be a true patriotism from within the heart. We desire to have foci of Light such as yours upon the face of the earth at this time through which we can channel Our thoughts of Liberty, Our knowledge of Freedom, Our Power of Peace and of Truth and of Courage and of God Illumination, all of which are a part of that Great Freedom which each of you, in the sincerity of your purpose and in the sincerity of your beings, have become channels.

There are others upon the earth and to each group which is offering energies to the great Hierarchy of Heaven, there will come forth a host of angels and a guardian Presence to take up their energy and pour it forth through the beings and worlds of all of those under the radiation of the Masters who are consciously working upon the spiral of spiritual illumination. We bless each and every one of you for your individual service.

Tonight you will receive the Blessing of the Mighty Goddess of Justice, the Great Goddess of Peace, your Beloved Mother Mary and all the hosts of Heaven, and especially those Divine Beings who sit upon the Great Karmic Board in Their Great Chamber of Light. Those exalted Beings are gathered together around a council table. They see through the dark veils of earth with the knowing mind of God, and they will ascertain what can be done at this particular moment in cosmic time to sustain earth in her travail. This wondrous group of Exalted Beings have channeled Their Blessing through Me to you. May you feel it, may you accept it, may it expand within your being and world, and may

it pour forth through you to bless all whom you contact. Let it channel out now into the city in which your sanctuary, or your forcefield stands. As you release this Light into your city, you will enter into the substance and energy of the beings and worlds of all those who abide in this great city and bring to them this same blessing that I have brought to you. May Peace and God's Freedom now enfold you all.

I am Justina, Messenger from The Karmic Council
at The Royal Teton

*YOUR BLESSING FOR THE CELEBRATION
OF YOUR FOURTH OF JULY*

Justina, a Messenger from the Goddess of Justice of the Karmic Council comes to envelop you in Her Blessing and remain with you during the four first days of July. Now you have present another beautiful Being, Another Illumined One, above and beyond your own state of consciousness. The Beloved Marina, a Priestess in the Healing Temple under the radiation of the Beloved Mother Mary, brings to you the full gathered momentum of the Temple of Ministration from the standpoint of a Priestess who is a Neophyte in the Temple, training as a Priestess. Here also is Christopher who represents the Ray of the Great Master Jesus, also from the Temple of Ministration (and from the masculine aspect) is also a neophyte in that Temple seeking Priesthood. These two beings have come into the atmosphere of your forcefield tonight and are to be permanently stationed here to participate whenever there is a service to guard, to protect and to assist in expanding the powers and activities of light which are drawn here.

There is also here a guardian from the Violet Temple whom the great Master Saint Germain has given the privilege of standing at attention before this platform and before your chalice. Many of you have read the descriptions of this being or have heard the descriptions of this one who is on His first earthly assignment. He is to be known now by the name of KORT. You knew him once as John. He stands here wearing the armour in which some of you saw him last during his transition, with a blue tunic beneath silver armour. He is tall and handsome now, quite different in appearance from when you knew him in the flesh. There is also with you here, as a wonderful dispensation and a joy to all of you, your friend and past associate, Alberta. She stands by the door as she has always stood. She wears a new body which you would not recognize. She appears to be rather tall. She has chestnut brown hair, drawn loosely back from Her face, and only by her deep-set brown eyes that glow with great joy for the privilege of being in your midst, would you know her.

This One is a doorkeeper in Her new sphere just as She has been a doorkeeper in Spiritual service through many embodiments. It is Her chosen service and She is permitted tonight to stand as a doorkeeper, here in your Sanctuary. I hope that each and every one can behold Her with your inner vision. It will give her much joy. She has been given no other name by which She may be known. She desires that she shall be known to you always as ALBERTA. Her garments are very deep Indigo blue and she bows in her acknowledgement and in secret pleasure at the surprise that some of you may feel at Her presence here. Now you are being enveloped in a wall of dazzling white Light substance. Mighty Justina envelops and enfolds you in her Light also.

These Great Beings come from the Temple of Ministration, to abide with you and will be permitted to remain permanently in your forcefield if you invite Them to do so. Is it not a joy to welcome your friends of the past into your midst once more with Their added powers and freedom of Christ Mind?

As you arise in consciousness, your inner bodies take complete command, control and possession of you, that is, if you permit them to do so. You will begin to think and feel, with the thoughts and feelings of your extended consciousness, the Christ Consciousness. As you arise into that Consciousness you will become *aware* of that state of consciousness into which you have arisen. Some of you find difficulty in sensing how to step out of the physical into that of the Spiritual consciousness. It is only a matter of changing the thoughts. You step out of the thoughts and feelings of the human sense-consciousness. Cease to be concerned about the physical garments you wear or the thoughts and feelings of the outer world such as the feeling of tiredness, or your sense of hunger or pain and discomfort, or any other thought or feeling which you may have brought with you from the physical body. Now, become so centered in the consciousness of your higher mental body that you are unmindful of your physical body. It is only a matter of changing the thought pattern. When you enter into a tall building you walk into an elevator on the ground level and that elevator takes you to whatever floor in the upper part of the building you designate. You rise quickly without question of doubt and without fear.

When you desire to enter into your etheric consciousness or into the secret place within your own heart, ask your Mighty 'I' Presence to take complete command and possession of your desires and raise you into Its Own Heart and then you cut out all of the outer human thoughts and feelings and arise into a state of Spiritual consciousness. It is as simple as that. There are no mantrums required, there are no exercises required. It is only a matter of deciding and concentrating on that state of consciousness in which you desire to dwell and in which you desire to function. No one imposes anything upon you. You are in complete command and control of your own physical senses. There is

no hypnotic control exerted over anyone. You are completely free to maintain your own desired state of consciousness. You are free also to utilize your own span of vision. If a Great Being Directs the preceptress and gives to you a description of that which is taking place, it is for the purpose of pointing out the details of the activities which we desire for you to enter into as a group. You can meditate or go off in a beautiful spiritual journey by yourself, but since this is a group activity and you are under the radiation of Beings who have come to you from other spheres, you are directed and your energy channeled in a direction which you can all follow. As we explained to you recently, it is like a directed tour. When you enter into a sight-seeing bus or when you go to a museum or a public building, a tour director points your attention to various things within the building or along the street where you pass as a group, and the entire group consciousness is directed toward these particular things. Your preceptress does exactly the same thing. Your attention is directed toward certain things, certain activities, or certain personalities who are assisting in the services. No one is compelled to look at what the preceptress directs your attention to. There is no hypnotic domination connected with it in any way. Each and every one of you are free to either enter upon the journey in the Light or remain elsewhere.

When Divine Beings utilize Their Energies and take time from Their Cosmic Activity to come into a forcefield such as this one, to instruct a group of individuals, envelop them in their own auras, and with them direct Their forces to various spheres of Light for some specific activity, then every individual should joyously and willingly desire to go along on the journey. We find that this is not always true and so your journeys have been curtailed for the present time until there is a group who satisfactorily can, and desires to enter into these activities again. However, there are messengers being sent to you to bring their radiation from their higher spheres. I believe it would seem reasonable to each and every one of you to state that Great Spiritual beings, members of the Karmic Board, Directors of the Hierarchal Realm and Cosmic Beings, do not and cannot take their valuable time, if you wish to think of time, to come into the various groups whose attention is focused upon them throughout the world and answer each and every call to them. They usually send messengers from the Retreats, from amongst Their Personal pupils, or whomsoever They find who would be desirable messengers to bring Their Personal Radiation and Their Message.

You have two beautiful Messengers who have been sent to you from the Temple of Ministration to bring to you the Love, the Greetings, the Radiation, the Illumination, the Protection and the Guiding Presence of the Great Master Jesus and Beloved Mother Mary who are occupied elsewhere. At this time the energies of mankind are turned toward the celebration of your Great Fourth of

July. It is an American Holiday, a day upon which the hearts of mankind, and particularly those in America, should rejoice at the privilege of living in a homeland of such freedom and liberty as you find here. And yet mankind find themselves still limited. The Limitation is within!

I have come from the Temple of Ministration. I, Christopher, come to bear you a message of Liberation on this the eve of your Fourth of July. My Beloved, Adorable Master, who is known to you as Jesus, has long been the Prince of Peace and it is His Heart's desire that Peace should manifest within the hearts of mankind. That Peace must emanate from within the individual. So long as individuals live in physical flesh bodies upon the face of this earth, so long will there be differences of human opinion, and to some degree, limitations of the human sense-consciousness. But that Peace which comes from within is true liberation. Each man, each woman, each neophyte, kneeling before the Altar of the Sacred Fire, finds freedom in their individualized understanding of Peace. Each of you may find that Peace even in the midst of the maelstrom. Each of you can find that Peace in your day's activities. It does not follow that there is required a cessation from war in order that you find Peace. Each of you have the seed of Peace within your hearts. Peace, I leave with you -- the Peace of the Master. Let it expand, let it grow, let it blaze and expand within you to produce within you that fair flower of Peace which blossomed within the nature of your great Master Jesus as he walked upon earth.

I come from the Temple of Ministration to bring to you a gift which you have already possessed but perhaps as you meditate upon it you will discover that you have failed to acknowledge it. Look within and find Peace. Through that Peace, let the Essence of His Light flow through you to bring greater peace, to expand His Peace to all your fellowmen. As each one finds and develops that great Peace within, it will expand and spread like a mighty contagion. Those who look upon you will rest secure and serene in your Peace until they too find Peace. I enfold you in My Mantle, My Aura, My hearts Light which is endowed with the Peace from the Great Master, Jesus. He would desire and direct that you expand that Peace in and through your healing Chalice, in and through your forcefield and in and through the beings and worlds of one another. There should be no strife, amongst those who walk upon the Spiritual pathway. There shall always be human differences but there should never be discord amongst you. In the mantle of my Light, I leave with you a Peace which has within it the dissolving qualities for all personal discord, for all human opinions, for all distress and all limitation of the human sense-consciousness which prevents you from acknowledging within your own nature, the beautiful and wondrous state of Peace which is within you.

Thank you for the opportunity to bring this message. I AM bid remain amongst you so that I may guard your chalice for so long as it shall remain a

focus of your Light and your love and your determination to bring healing, illumination and Peace to your fellowman. I shall expand your energies and I shall add to them, My own, to assist in manifesting that Peace which I have brought from the Heart of the Master Jesus. For this privilege, for this opportunity I Am grateful. I take up my abode with you, if you will permit it. I shall now withdraw so that My beloved may speak to you.

I am Marina, delegated by the Beloved Mother Mary, Queen of Angels, to bring to you Her Comfort and Her Healing Radiance. Those of you who have consecrated your energies to the healing activity are doubly blessed in having for your sponsor, the Great Lady, The Divine Mother, Mary. I have become a Neophyte in the Temple of Ministration so that I may become a Priestess of the Flame upon the altar. I am learning the disciplines in that Temple of Light under the Radiation and loving guidance of those lovely lady beings who have lain aside the physical garments which I so lately wore and from which I have now been cut free. It is my privilege, on this my first assignment, to come into your midst. May I call you My Friends? It has not been My privilege to know you personally before. I look upon you now as a group of devoted souls with blazing Light streaming forth from your inner bodies and an eagerness to serve in that Peace which has been bestowed upon you. It takes a certain amount of spiritual understanding which is above and beyond that which you know in the outer world. It is a joy to look upon you and to be in your midst. Since I myself have recently come from the physical flesh body, I am accustomed to the vibration of earth, and since it was my sincere and devout desire to serve my fellowman, I have been afforded this opportunity. I have been permitted to draw into my being and world and to deliver to you for your blessings, love, healing power, and Divine Illumination of the flame from the Heart of the Beloved Mother Mary, in the limited capacity that I am at this point able to convey, and yet is sufficient, for even you in all your spiritual illumination are not yet prepared to receive the full gathered momentum of Light from the Heart of the Gracious Lady. So it was that I was chosen and deemed capable of bringing to you these blessings upon this holy occasion.

Those of you who were present when one in your midst made a transition recently, were blessed in becoming a part of that transmission, and Kort returns now to be a Guardian of your forcefield while I and my Beloved Christopher pour our Light and our Radiance through you into your healing Chalice. We shall be with you whenever you convene and we shall assist you in expanding the energies and activities of the healing Power so that all that which you decree for those whose names are so lovingly held within your chalice, may receive the blessing which they so much require. With my heart I bless you and enfold you in wings of pink flame. Christopher adds his blazing light which has the appearance of wings of white fire and together we enfold you and your forcefield on

this holy occasion. From the temple of Ministration we bring to you, for your liberation, the Power of Love, of Healing and of Peace.

Many of you have been taken on journeys into other realms and many of you have been shown and have been given, in inner levels, opportunity to serve in other spheres, even as I have been given the opportunity to come to you. But I come now *representing* the Holy Mother, Mary. You who had often visited in your Temple of Comfort, under the radiation of your Beloved Maha Chohan and those who serve and guide, govern and direct you from that retreat, have gone forth in the name of Beloved Mother Mary and your Great Master Jesus. You too can carry Comfort to the earth, when you are free from the limitations of the physical body. You have been taught to leave the physical flesh body and consciously stand in your etheric body to listen to your Mentor's words.

There are amongst you, a few who can behold My Presence. I extend my hands to you, in love and in gratitude. I long to return to earth and to be seen and heard in My Light Form. It is for you to be able to raise your consciousness into those spheres where we may contact you. It is practically impossible to gain the attention of individuals who live in the world of form for they are completely possessed by their human desires and feelings and should they even for an instant sense the presence of some entity or a being outside their own sphere of being they would be frightened and instantly close their door of consciousness. To find a group of individuals such as you are, and who will and desire to consciously step forth into that sphere where we may meet and commune, is rare indeed, and so it is with joy that I, Christopher, enter into your midst. We are grateful for your acceptance. We are grateful for the opportunity to minister unto you and through you. Our possible ministration through you is the purpose for our coming. You have been taught to go out into outer realms of light and assist. We too are in training. So it is our Divine privilege to come and, through you, pour Our Blessing upon those whose names are held within your chalice, those of your loved ones to whom your attention goes, and all those in the outer world who claim your attention. It is through you that We can reach those still in the human octave and give to them the opportunity to expand these blessings in a way in which they were previously incapable.

Christopher and I, Marina, bid you a joyous good evening. Let your souls become aware of the great opportunity which stands as an open door before you and through which you may step at any moment, and aspire to any sphere that you so desire and at will. This is not a fantasy; this is a reality insofar as you can accept it. You are blessed. We have come to assist, to encourage, to guide and guard you, and to direct you so that healing may become a part of your service. We bless you, and thank you and hope that you will allow us to remain and work with you.

I am impelled to tell you that Kort, who has now completely occupied his Christ body has been allowed by the Master Saint Germain to come here as a Guardian Presence along with Christopher and myself. His great joy emanates like warmth from the sun to each and every one of you. In His silent way it is His Heart's Desire to bless you and to thank each one of you who once knew him in his frail, crippled body for your assistance in the transmission of his human self into His Eternal freedom. Your Beloved Master, Saint Germain, would like you to know that at this holy hour, for this is a holy hour when mankind's attention is drawn together in love of their country. Though they may not outwardly voice it, there is within the heart of every true American at this time a great love for their country. We desire that through your love for your country, you will expand that feeling of love. It is only love that will protect it. It is love that can guide it. It is your love that will determine its safety. There are those who are in your earth sphere who are all too willing to abandon it. There are those who do not choose to protect it. But you, who know of the Light of God that cannot, does not, and will not fail; you who have called into activity the powers and actions of the Sacred fire; you who have drawn forth the violet fire of liberation over these many years; it is for you *to love America free*. It is from that Peace within you, and that love within you that America will be saved. It is for you who understand how to save her now.

To the Master Saint Germain, we thank you for those words of encouragement, for your love and for your blessing. We are grateful for the guardian Presences who have been sent to us and abide with us to give us encouragement as we endeavor to carry on. Help us now to do that through our beings and worlds, that which is required of us that America may be protected, that mankind may be emancipated from the limitations of the human sense-consciousness, from the fear and doubt which beset mankind at this time.

FORTIFY YOUR OWN FORCEFIELD

(INTRODUCING THE BELOVED MASTER-TEACHER GODFRE.)

As you enter into this service, and as you visualize yourselves clothed in garments of Light and Beauty, with your hearts purified, with your beings and worlds filled with the powers of the Sacred Fire, the purifying, balancing, harmonizing activities within your own beings and worlds, you have, perhaps without being conscious of it, prepared yourselves to welcome into the vibration of this forcefield our Beloved Ascended Master Godfre, who joyously stands in a garment of golden Light, smiling and pouring forth His Light, His Love, His greeting, His gratitude and His power of Illumination upon each one of you. It

is not too many years since our Beloved Teacher, our Master, and our Beloved and devoted Friend, passed from the realms of Spiritual Being. Even though he has won for Himself an exalted place in the spheres which you call Heaven, still He finds it possible to return into a forcefield which is prepared to receive Him and to bring His blessing and His words of encouragement and Illumination. Thus it is that we who have known Him, and those of you who have only heard His name, open our hearts to welcome our Beloved Ascended Master, Friend and Teacher, Godfre.

“Dear Beloved Pupils, dear beloved disciples, dear beloved students and chelas upon the pathway of Light, I welcome you into the innermost heart of my heart. True, it is only a short time ago that I walked upon the pavements which are familiar to you. I stood upon your platforms, and many of you I called my friends. I spoke the words of Illumination which stirred My heart. From time to time I find it My joy and also My responsibility to return into your spheres of activity to touch again, where I may, the hearts of loyal and loved ones whom I have known, as well as those who have followed the pull of My heart.

I desire tonight to bring to your attention once more the powers and activities indwelling within your own individual forcefield. You have builded over the years a forcefield of Spiritual Light about yourselves, through meditation, through participation in Spiritual activities, through acknowledgement of the Truths and the Laws as expressed through the various Messengers, Teachers, and Mentors, who have come to convey the Truths which you are capable of understanding at this time. I come tonight to bring to you gratitude for the perseverance which has continued to flow within you as you have persevered against many odds, against discouragements and disillusionments. I come to congratulate you and to bear to you, My gratitude.

When one leaves the activities of the physical world as I did, one tends to look back upon the used energies by which he has obtained his liberation. For many years My energies were at the complete disposal of My Master, whom you know, and whom I know as St. Germain. I may say, though not with pride, but only gratitude, that I am grateful to be able to say that in the days of My service in His Name, He had the complete use of all of the energies flowing through My individual being. Never do I recall having placed My will or My individual desires before His, so that from the time that we became Pupil and Master, I was His Hands, His Voice, His Feet. I, therefore, have no regrets, and I speak of it only that you may be inspired to do likewise, for when the lifestream is severed from the vehicle, and the Divine Ego looks back upon the energies which it has been permitted to use in God's Name, the Ego oftentimes grieves deeply that the energies were not always used to the best advantage. I

come to express My Joy and My Gratitude that in my particular case My devotion came first to My Master.

For those who are seeking liberation upon the Spiritual Pathway, I come to remind you that deviation from the path is a waste of precious moments in time, in energy and in accomplishment. I do not come to impose a duty or an obligation upon you, but only to point to an opportunity which I know that you do not choose to lose. I come to remind you of the necessity for building a forcefield of great Light about your individual beings. Much has been said, through the years that have passed, concerning the raising of the consciousness of mankind, the purification of the city and all of the peoples in it, and also your governments. I come to you tonight, beloved disciples upon the pathway and dear Friends, to remind you of the responsibility for the protection and expansion of your own soul's Light.

The forces of Light act within all creation. It is a Truth to say that Light is in control; it is in action everywhere, yet it is also true that this is only comparative control. All things which manifest in form, all things which have being, are controlled by Light, yet it is only to the degree to which that particular individual or thing *desires to express that Light*. All things are relative. You are desirous of expressing powers of Light which the masses of mankind are unaware of. The expression of Light within your being and world, in relation to the Light within the being and world of one who yet moves in the mass consciousness, is considerable. One who moves in the mass consciousness is but a tiny point of Flame, as seen with the inner eye and the discerning consciousness of those who dwell in realms of greater Light. As I perceive each of you, you are like suns and stars with a radiance enveloping your entire beings, entering into and establishing within your worlds a certain degree of radiant energy. Your Light, as you move forward and expand your consciousness in Light, has an effect upon all things which you possess, use, or move through, in your daily existence. For example, the place, which you call your home, becomes saturated with the vibratory quality of the Light which your Divine Self is presently emitting and growing gradually as your soul-Light grows. All those things which you utilize during your daily activities absorb the vibratory quality which is the vibrational frequency of your being. Let us think for a moment of that individual who is unawakened to the consciousness of the Light within himself. His tiny point of Light is barely visible, even to the Initiate. Therefore, it can have only an infinitesimal effect upon his being and world and the place where he passes by.

The Mass Mind

As you enter into a place where the mass mind is centered, you feel no inspiration, no spiritual elation. You are struck by the vibratory activity of the consciousness of these individuals whom we shall say exist in the lower mass

mind. What is the lower mass mind concerned with? Eating, sleeping, reproducing, and acquiring those things which bring bodily comfort and pleasure. This is the entire scope of the consciousness of the mass mind. There you see, scarcely visible, only the tiny point of Light, which is the animating force which gives Life and the ability to move, to think and to feel. As an individual awakens from this sleep of the mass consciousness, the Light seems to expand, as you are well aware. As the Light expands, it has an effect upon the thinking, the feeling and the activities of the individual. Infinitesimal as it may be, there is a beginning, and there is the expansion. Soon the effect begins to be noticeable. All that you consider yours, such as your homes and your personal belongings, bears the radiation of the Light from your innermost beings. Dear ones, you are, as I have said before, like glowing and beautiful stars, discernible by the Master, the Teacher, the Mentor, or whomsoever may be your Spiritual Guide.

I have come to point out to you the necessity for protecting your expanding Flame. In the past we have suggested continually that you, as groups of students, endeavor to pour forth protective and Illuminating forces into your governments and your cities and world at large. We now bring to you an awareness of the necessity for protecting your own Light. The destructive forces which are presently loosed upon the earth, will find ways and means of attacking and persecuting those whose Light is greater than their own. You are passing through a period of time when, if I may use an expression of earth consciousness, I may say, "All Hell is let loose!" I come, therefore, to commend you to the Light within your own expanding hearts. I come tonight to suggest to you that each of you build a powerful forcefield of spiritual Light around your individual beings.

Recall, if you will, the instruction which My Master brought to you concerning the tube of Light. Call it what you may, but invoke its powers. Strengthen those powers around you. Call this protection forth from your own Christ Being. Call it forth, if you will, from My Being. Call it forth from whomsoever in the Spiritual Realms you will, but I urge you to call it forth! Think not that because your Light already blazes brilliantly, that you may walk in safety without travail or without danger through the great jungle of forces which are loosed upon the earth today. An individual, who plans to enter into the great jungles of Africa does not go barefoot and unprotected. He is garmented suitably for his journey and bears arms for his protection as he enters into the jungle. I come to beg of you to do likewise. *Think not that your present Light alone will protect you.* Gird yourselves in an armour of Light through which nothing can penetrate of the evil and foul nature abroad upon your land. Wear this garment of Light. Create this forcefield of Light which will move with you wherever you go, waking or sleeping. I say to create, to invoke, to compel into being, a forcefield in which you will move. It is a necessity for your protection at this time.

Be not innocent. Be wise. This is not the hour for innocence abroad. Be mindful of the foul morass of substance and destructive energy through which you still move. Gird yourselves in an armour of Light, and invoke, create, sustain and expand a forcefield of pure electronic Light about you, which will become a repellent force through which these destructive vibrations cannot pass. Use the powers of the Violet Fire, dear Faithful Ones, the powers of the Violet Fire within your own forcefield. Keep burned away those small accumulations of your own energy, which might attract the enemy. Continue to purify your beings and worlds day by day so that there may be nothing within your forcefield to respond to the magnetic attraction of the powers of evil and destruction abroad.

Remember the words, "I fear no evil *because* Thou art with Me!!" You need fear no Evil because you are enveloped in a repellent power of Light, the Light of God, the Light of the Realms into which you are moving. O Beloved Ones, think not yourselves to be equal in the repelling power of your own Light to this emergency. Do not become arrogant. I must warn you. Therefore, invoke the powers of Light from the Temple of Peace. Invoke the powers of Light from the Temple of the Sun. Invoke the powers of Light from wheresoever you will, but depend not upon your own frail beautiful Light. It is insufficient unto the hour. There are abroad, within this sphere in which you are presently moving, legions upon legions of angelic beings to guide you, to guard you, to assist you, to illumine you, to protect you. *Invoke their services.* Think not yourselves to be sufficient unto the hour. Invoke the aid of Heaven, and fear not to walk hand in hand with those Angelic Guides. Again I say, beware of the spiritual pride that oftentimes touches even the faithful! I say to you in this hour to trust not your own delicate Light to completely illumine your way.

As I behold you, beautiful emanations of all of the shades of Light stream forth from you like fragile flowers emitting rare fragrance, delicate Light, beautiful and oftentimes quite perfect, yet fragile as the gossamer clouds of the summer sky, dissipated easily by a summer breeze. Oh, I commend you! I bless you! I praise you for the beauty which I see expanding within you as you stand upon the threshold of the Transformation Temple. I come, not to dishearten or frighten but to warn you that at the present through which you are moving through time, trust not the frail Light of your own heart. Seek rather the torch of a messenger, an angel, a guide, or a guardian. Invoke your Master, or whomsoever you will, to appoint a Legion, if required, to illumine your pathway and to assist you in invoking, in building, in sustaining a forcefield of Light around your delicate Flame through which the forces of Evil cannot pass and against which they cannot prevail. I come not to bring fear. I come to offer Wisdom. I am Godfre, who loves you."

I, your Mentor, will add My words of admonition to your Beloved Teacher

and your dear Friend. You have endeavored, under My direction, to formulate within your beings and worlds bonds of Love for one another. I would say to you tonight that those bonds of Love are also creations of the substance of Light which act as a protective cloak about you. They are not sufficient unto the needs of which your Beloved Godfre spoke, but they are a protection nonetheless. Man alone, generating his own strength, his own courage, his own soul-force, is a power. Two men together, not only double but triple that power. Three men together act in a power of a ninefold force. Meditate upon this. I AM pleased to have observed these ninefold forces building in the beauty and strength about you. Seek now to invoke and create, within and around your individual beings, additional powers of Light, which will in turn strengthen the ninefold powers of Light within the link to which you have been assigned. I say to meditate upon this!

A Forcefield

I wish to enlarge concerning the subject touched upon concerning the forcefield surrounding your Sanctuary or your home and the necessity for it. As you step into a forcefield, if you have no preparatory introduction to that forcefield, it comes as a shock, be it a higher vibration or a lower one. Such shocks are not desirable in the present state of affairs in which you are moving. Therefore, it is incumbent upon you to create a forcefield, not only within but expanding and radiating around your Sanctuary or home into which you step with ease since you have preparation for the radiation into which you will enter. It is not known to you what degree of intensity this radiation will be, for who of you tonight were aware of the intensely powerful outpouring which would be here as your Beloved Godfre externalized His presence in your midst? There are Angelic Beings, there are Devic Beings who prepare and plan for these activities. In their awareness of the need, they will give added power. It is one thing for an Angelic Being, or Devic Being, to prepare a forcefield into which you will step. It is something else again when you of your own conscious volition begin to call forth the powers of Light to create and to sustain the necessary vibratory frequency.

You will say, "What effect will this have upon people, places and conditions in the buildings surrounding our Sanctuary?" I say to you that it will have no effect upon them. Unless they respond in a like vibration, they will be unconscious of it. Vibration only acts upon that which reacts to it. We can produce an intense radiation within this forcefield, yet other beings beyond these walls, though the radiation extends through their beings and worlds, will be unconscious of it, for they will not be in tune with it. Therefore, they will be untouched and unaffected by it. It is possible that harmonious individuals coming within the sphere of this forcefield may find additional serenity, comfort, peace

and pleasure. They might well be vaguely affected, but it is not our purpose to visibly affect those beings at this moment. It is our purpose to set up an intensified vibration within and around this forcefield which will act as a magnet, a force center, a focal point into which Illumined Ones may materialize, descend, or otherwise communicate with you. It is not our purpose to produce any effect whatsoever upon neighboring individuals or conditions in this city or in the world. The *primary purpose is to prepare a force center*, as was done this night, into which the conscious individuality of your Beloved Godfre might descend and communicate. As was indicated, the purpose of our service, to you and through you, is at this time, entirely personal. Whatever service you may desire to render to your city through various foci of Violet Fire, or other activities which you have set into action, is good. But our primary purpose at this moment is the establishment of force centers within each one of you and within and around this focal point, into which you are drawn, which will provide a measure of safety, a measure of Illumination, of Peace, and of Light through which you may pass, protected and sustained by powers of Light, which you can understand and accept.

As an example, parents are interested in, and responsible for, their own offspring. They are interested in providing that which is required and desirable for their offspring, for their comfort, for their education, for their happiness and for the happiness of the family unit. Parents at times look about and behold the needs of other children less fortunate in the outer world and do what they can to alleviate their sufferings, their distress and their limitations. This is good. But their first obligation is to their own children. The parents do not alleviate the suffering of a stranger and neglect their own child, even though that child may be ungrateful and does not desire or deserve the parents' aid. So it is My Friends, that you are the children of your Masters and Teachers who are responsible for you. You are Their first responsibility. What can be *done through you to assist others* is good also but family comes first.

Your Master is interested in you because you belong to the family unit. You have ascended into that vibratory realm in which you have set up a certain faint communication. You have become a part of the being and worlds of the Master, the Temple, or the Teacher. Once that association has been established, you then belong to a unit or a link. You are therefore, first in receiving the outpouring, the protection, the Illumination, the consciousness, the Presence of the Master. As a child is conscious of his parents, and in times of want, in need, in danger, it is to the parent that the child turns. It is to the child that the parent turns. You are the disciples. You are the chelas. You are the students upon the pathway at this time. The Teacher and the Master finds His pupils of first importance and therefore, you are expected to clothe yourselves in His energies.

You have in the past called upon many of the Great Hosts of Light to whom you now must turn individually. Turn to whomsoever you will. Concerning this Sanctuary as a unit of Light, invoke together the Powers from the great Cathedral of Peace and the Powers from the Great Master Jesus, your planetary Christos. Call the Powers of Peace to descend. Call the Powers of Peace to defend. Call the Powers of Peace to maintain control. Call the Powers of Peace to now enfold you and hold you serene, supreme and steadfast in the Christ-Light. Therefore, you will see why the Sanctuary has now established about it a powerful radiating forcefield, extending far beyond the walls into which you sit. You have been prepared as you enter to receive the outpouring of the heart center. Before and around your altar is established a magnetic field, dear ones. Learn to be aware of it. Learn to reverence it. Learn to acknowledge it. Pray that you may perceive it. Abide within it, and invoke its powers to flow into and through your own beings and worlds so that you can establish that same Light within some focal point in your own home. It stands out to embrace you. It stands above and below to enfold you. It blazes with great intensity to protect and illumine you in accord with the quality or intensity of the Light required for the activity of the hour. The preparation for the coming of the Mighty Godfre was far greater than that preparation needed for My appearance here, for the intensity of His Being is greater by a millionfold than mine has yet become. I bow unto His Flaming Presence.

Learn, dear Disciples upon the path, discernment. All knowledge is not revealed to you upon every occasion, yet you can become sensitive to it. It is My hope and My desire, that through the establishment of the added powers of your blessed lifestreams in expanding the tolerance of your human sense-consciousness into the realms of brotherly Love, that you will become sensitive to the each radiation, and to the preparation for the coming of those whose Light is as a sun. Though you may have known the mighty Godfre as a man, none of you in mortal form are in a position to fully comprehend His present Light, though many of you were sensitive to it in the past, as well as now. Be thou, therefore, blessed in this hour of communication. I stand with you in acknowledging my debt to this Beloved One. In the Light of His Presence my responsibilities seem even greater than I had presumed, and as I see it, yours too, are greater than you had presumed.

I leave you and commend you now to your own Christ Mind. I invoke the powers of Christ memory to descend into the structure of your mind that you may retain the full meaning and memory of this Holy occasion. I commend you to one another in Godfre's Name, and that of the Beloved St. Germain, who now works in Cosmic activities, and to the Beloved Jesus Sananda and to His Hosts of Light. I, your Mentor, a messenger from the Cathedral of Peace, salute

you. May the Master's Peace be unto you now, a forcefield of protection. Peace, Healing, Comfort and Illumination - So be it.

*BELOVED GODFRE SPEAKS ON JULY FOURTH
OF IN-DEPENDENCE*

It is but a few years dear hearts, since I too stood in flesh in this garden, since I too used My voice and My Consciousness to receive the Blessings from the Great Hierarchy of Heaven to bless this house and those who lived within it. I have stood within these rooms and I have slept in this house and it has been filled with the vibrations and the radiations of the Blessed Ones. This one who stands before you now to give to you the use of the vocal cords, that I may speak, in turn has for many years and even for centuries of time in the past, given of her energies to assist mankind in this very activity of independence and freedom to which your attention is now drawn. I have stood here listening to this inspired writing and if it had been my voice speaking these words to you, I could have spoken no more wisely, no more eloquently, no more specifically than this inspired poem which you have just heard. As I listened I have poured into it My Love and My Blessings and the additional radiation of My Presence. May it abide within you and may it come to mean much to you.

I have stood in this garden, in My physical form of the past, and loved the trees and poured my gratitude and my love to the forces of the elements. Now there has come a host of angels, angel devas, and Beings from other planets as well, to stand here in this garden and amongst you this day. Many years ago I was a guest in this house, with my family and my staff. When we first went out carrying the message of the Great Master St. Germain and the Hierarchy, these same Blessings and these same Great Beings stood and blessed me and my loved ones and the family within this home. Today they have come again. The family has increased. You all are family and you belong to this blessed one who dwells within this house, and now receives Me again. I welcome you each and every one and I bless you each and every one for your abiding faith, for your constancy, your willingness to abide in hope for truth. I do not infer that those who are not in our midst today, abide without truth, and yet there is some joy, there is some great merit in constancy. I do not mean to infer that man should remain with those principles which he no longer believes nor can obey. It is not wise to remain constant to those principles which you can no longer give your full acceptance. There has never been anything except truth here within this house and within this one who ministers unto you now and I share with you, my sincere faith in this Beloved One.

I wish to pour into the beings and worlds of each one of you, a deep under-

standing if you can and will accept it, of the meaning of INDEPENDENCE. Dependence, as you understand it, is that quality or necessity within man which requires that it shall lean upon or look to some other form of life or power for support. Think now of Independence. I should like to give it a new meaning to you today. I should like you to understand today that INDEPENDENCE does not mean your freedom from authority, but rather your dependence on that which is within you, YOUR I AM PRESENCE. Perhaps the greatest joy that I have known since I have come into this Ascended estate, which is beyond the great veil of the physical being, is the gratitude of my soul for being allowed to continue to broadcast to man an understanding of "I AM." Much has been written concerning it. It has been discussed rather lightly in many ways and in many doctrines. You will find that it is not an invention of mine and yet it was my privilege and my prerogative to bring to masses of mankind in the world of form, a deeper understanding of the "I AM Presence," which is the God-Presence within man. You understand the I amness within each of you, I am sure.

Today is called Independence Day. The outer world assumes it to be a day celebrating liberation or Independence from a governing authority which was no longer desirable. The whole world is fighting for INDEPENDENCE from its dictators, from its overlords, from those who have set themselves up as leaders. All mankind seeks independence,or the ability to think and act more freely, according to his own will or according to a government which represents his own desires. Today, while people in America consider *this* kind of independence, I bring to you a realization and an understanding of the INNER MEANING of INDEPENDENCE IN DEPENDENCE on God. Each of you, as I speak these words, has quickly drawn a mental picture of your own God-self as you are able to conceive it, and as you drew this picture into your mind, there flashed to you a new deeper sense of the meaning of DEPENDENCE. There is no source in the outer world in which you live . . . anywhere . . . in government, local state or international, upon which you may ultimately depend for your freedom and your liberty. INDEPENDENCE is within. Mankind will come one day to realize that as each one understands liberty and freedom within their own consciousness, they will begin to experience that freedom and that liberty. Masses of mankind will then begin to experience the liberty and freedom from within. Then America will truly become a nation of In-Dependence. But so long as masses of mankind do not understand freedom, do not respond to the acknowledgment of the God-Self within themselves, so long as mankind does not understand this "WITHIN DEPENDENCE," THERE CAN NEVER BE FREEDOM AND LIBERTY FOR ALL. So long as mankind depends upon Social Security, and all of the other activities in the outer world, which make men dependent upon some force outside himself, he can never know, nor understand nor enjoy, complete freedom, and liberty. It is not that We desire to deprive man of any of

his just rights. It is rather that we do not desire to see mankind deprived of his Divine Prerogative, that is, to be dependent on that which is within himself. Those who have not realized independence, have not the ability to understand freedom. They cannot understand liberty, or freedom when they are dependent upon that which any other source must give them in order that they may sustain their lives.

My Friends, today, it is my great, great joy to stand here upon this lawn, only a few feet removed from you, in an etheric body which, if you look with your own deep inner vision, you can behold Me. I have come to stand by the side of one whom I have loved dearly and who has walked by my physical side, with deep love and with devotion. I am come that you might understand this "*within*" DEPENDENCE. I now charge this realization into the beings and worlds of each and every one of you, not only through this spoken world, but through the radiation of My Own Being, WHICH IS HERE. I AM HERE. Through My Being and World, I charge through the being and world of each one of you, a feeling, a deep understanding and feeling of "IN-DEPENDENCE." When last I stood upon these stones, The Beloved Master Jesus came and gave His blessing to this household through Me. I come now to bring, once more, the radiant splendor of that Great Cosmic Lord, Jesus the Christos who desires that I release His Blessings into and through this place, and all surrounding it, and into and through the beings and worlds of this family. These children who were but babes who stood beneath my palms are now grown and a new generation is already arriving. And you are also a part of this family. I come and I bless each one of you with the fullness of my heart's light and my heart's love that you too may understand, and feel the "I AM" within you, and all that it means to you and that which it can do for you and that which now in the light of Heaven. It must flow through you to bless life, to bring to the rest of the world the understanding, of "in-dependence." There seemed no better day than today, the Fourth of July, to come and to share this joyous occasion with you. I shall tarry and those who have accompanied me, shall tarry and mingle in your midst as you enjoy these pleasant hours. When people of like heart come together and participate at a banquet such as you have had this day, without formality and all of the trimmings and austerity that usually are commensurate upon a banquet, you enjoy brotherhood in mingling one with another. While you are participating in the food and breathing the pure air, and the sun is pouring out about you, then it is that Those in the Great Hierarchal realm and the Angelic Kingdom can reach deep into your hearts and bestow upon you blessings which otherwise might not be possible. We have come to be a part of this occasion. My joy is twice your joy, because I have been permitted to participate and to bless you. I have enjoyed your party, My Friends, and I have doubly enjoyed giving you my blessing. I pour My Heart's Deep Love upon

you. Remain together, in joy and peace and understanding love, and God will Bless You beyond your dreams.

I Am Your Faithful Friend

THE EARLY BIBLE

Jesus wrote nothing. His Disciples wrote nothing, and for the most part, except for Mark and Paul, and one or two others, they were illiterate men. However it did not seem necessary to write of the Master. His teaching was so personal to them all. They depended on their faith, their memory, their love and the hope that The Master would return soon. When writing was finally done, it was done not for posterity but only to clarify their own faith and reestablish the memory which with time becomes altered or fades or becomes exaggerated or distorted. In time the record became known as the New Testament which was a revision of the original word which was Covenant.

There have been repeated attempts to revise and to retranslate the biblical literature but few have had the impact upon men that is to be found in the King James version, in the Moffat translation and in the Catholic versions which are now in use.

In the early centuries, the people were not permitted to possess the scriptures. Only the Church possessed the holy writ. About the time of Henry VIII there came about a craving from the hearts of the people for the possession of the scriptures and a "mysterious" translator Thomas Matthew had his work both dedicated and licensed by Henry the King which ultimately put the scriptures into the hands of the common people. The following lines are from an early poem found in the introduction to the Moffat translation.

The Sacred Book,

In dusty sequestration want too long,
Assumes the accents of our native tongue;
And he who guides the plough, or wields the crook,
With understanding spirit now may look
Upon her records, listen to her song,
and sift her laws.

These many translations of the bible not only satisfy a curiosity amongst scholars but serve to bring new illumination and new meaning to many ambiguities arising out of the customs of the past and the strangeness of the laws by which man is no longer bound. The purpose is ever to strengthen the faith,

and to keep alive the memory of days which must not be forgotten and the truth which is ever manifesting in the lives of men and recorded in holy writ. Read and ponder these many things.
