NOTICE! Due to the most serious nature of this issue, we are NOT going to copyright this material. We sincerely hope that other publications will reprint some of this data and thereby furnish their readers with the information concerning CONTACT and all it's ramifications. We would, however, appreciate name and address credit given to our Journal. We would also like to thank all of our Staff Researchers whose efforts have gone into making this a concerted effort, Mary and TAL Levesque, August C. Roberts, Harry Hoffman, Jack and Mary Robinson, Rod Perry, Betty Dickson, Jean Chapman (our local staff) and an extra thanks to all who sent in the all-important clippings!

THE NEW ATLANTIAN RESEARCH SOCIETY maintains extensive files of UNusual events, paranormal phenomena and Unidentified flying objects. We also mount field trips, research expeditions, and train our own UFO Investigators. We then distribute, through our Journal and our monthly meetings, this information to the general public. We also maintain two photographic labs, one in Haskell, N.J. and the other in Dade City, Fla.

SUBSCRIPTION RATES: \$5.00 yearly. (quarterly). ALL SUBSCRIPTIONS, LETTERS TO THE EDITOR, ARTICLES, ADVERTISING, TO BE SENT TO HEADQUARTERS, 4280 68th. Avenue North, Pinellas Park, Florida 33565. RATES OVERSEAS: \$6.00 (airmail).

With this JUNE issue we are asking ALL of our subscribers to become AREA REPORTERS. If you wish to be named on this format page in our next issue as such, just write. We want to cover ALL news events, and we need the expanded coverage to do so. So, if you feel that you can act in this capacity, you are really needed!

If you have the background or the experience to become a FIELD INVESTIGATOR for our Society in the AREAS OUTSIDE of the state of Florida, please contact us! This is a specialized job as you must be familiar with radiation techniques, photo - techniques, cast-molding, the taking of physical evidence, interviewing techniques, etc. Previous experience preferable! We cannot pay for your services, but we feel that in being able to inform the public of the events that do occur is payment for all of us! Please remember the following:

by Joan O'Connell, Editor

Early Mankind made CONTACT with 'Gods' which gave them knowledge concerning religion, or moral laws, astronomy and agriculture. Modern day CONTACT, according to the most recent reports, has now taken the form of an apparent 'abduction' and subsequent 'medical exam', mental programming and resultant time and memory loss, physical complaints such as severe headaches, eye impairments, hearing and speech problems, etc. What happened to all the previous CONTACTS that were so pleasurable and knowledge-filled? Have 'They' suddenly changed their tactics -- or -- were they doing the same thing before, and we never realized it? Or -- are we misjudging the entire scene? OR -- are we being misled in a systematic scheme? Could it not be possible that any or all of the above issues are true, but that instead of laying the 'blame' on any ONE group of 'Them', we try to understand the issue for what it most probably IS -- More than one Source of 'being'? In fact, we DO seem to have at least TWO types of 'entities! ONE type gives data and information on the positive or constructive side, while the OTHER seems to take the 'scare' approach, which would tend to turn anyone off to the whole subject of CONTACT -- which could be just the very reason 'They' are doing this!

The 'Contactee' often claims to be hearing 'voices in the head', or a 'little voice within' -- and they call it telepathy. However, it cannot be ordinary telepathy, it must be an amplified type of 'telepathy'. The human auditive nerve system is sensitive not only to sound frequencies but also to certain electromagnetic waves, which build harmonics to sound frequencies. Hearing is, in large part, a function of the BRAIN as well as the cochlea. The cochlea, the seat of hearing, is a tiny chamber shaped like a snail's shell. It is a transducer that converts mechanical energy into electrical signals. Special electrodes placed near the ears can transmit sounds by coupling radio frequency signals through the skin to the nerves of the head. Certain electromagnetic waves can also affect the cochlea and the brain directly -- and the Contactee will get the IMPRESSION that telepathy is used.

By using this type of technique it might be possible to produce ANY image or thought in the brain, so that the person HAS REALLY SEEN what he or she claims to have seen be it a trip to the Moon, or OuterAnyWhere! He will even pass a lie detector test (in some cases) because he REALLY BELIEVES what he is claiming, and is not consciously trying to tell a lie! There may have been NO physical basis or object behind the image that he perceives. In many landing and contact cases the witness reports seeing a blinding flash of light, or has a memory oapse along with a time displacement -- all are indicative of tampering with the normal brain functions. .... WHY? .... In the question of the Contactee it seems that the UFO-nauts desire a CONDITIONED reflex, a definite pattern of thinking -- and they are taking no chances that their 'orders' will NOT be carried out. Apparently, 'They' have 'their' own plans for 'their' interests here on Earth, and it is our job to try to understand just what the Plan IS! Physical or NON-physical, the thing we need the most is KNOWLEDGE.

## EARTHCHANGES!

by Joan O'Connell

NOTE: One of the most prevalent of predictions, both by psychics and Contactees, has been one of the destruction of California by mainly earthquakes and/or their aftermath. Could there be any basis in fact for so many of the events?

HEADLINE: SCIENTISTS DON'T KNOW IF BULGE PREDICTS EARTHQUAKE. (Source: Daily Breeze, Ca. 3/12/76) Los Angeles - Whether or not the "Palmdale bubble" signals a future Southern California earthquake, discussion about it has underlined weaknesses in planning for quakes, says California's seismic safety chairman. "The public has not been taken care of nearly enough," said Karl Steinbrugge after a hearing Thursday on concern that an earthquake might be brewing on the San Andreas Fault north of L.A. Noting that a study predicts 12,000 persons could die in a major quake in L.A. Steinbrugge said, "people are living in unsafe areas. What do we do with them?" And a city building official said 75,000 to 100,000 persons, mainly elderly and poor, live in older housing that can't withstand a major quake. (the "Palmdale bubble" was recently discovered by earthquake experts, it seems to be a huge bulge, or huge swelling of the earth, found along a 60 mile stretch of the massive earthquake fault line)...

Another prediction that has been cited time and time again is that of general weather changes, extreme ones as well. This, according to the psychics and the contactees, pretends food shortages due to crop losses, flooding, etc. Can any of these trends be seen in the news?

HEADLINE: ATLANTIC COAST HAVING WARMER WINTERS, RESEARCHER SAYS. "A federal researcher says major changes have occurred in the U.S. weather patterns in the last four years. The Atlantic Coast is having warmer winter, but winters in the Great Plains are turning colder and the Southeast is experiencing an exceptional increase in precipitation, according to Norton Strommen. It is this...pattern... that has enabled us to minimize the impact of the natural gas shortage," he said ... Source: Times Digest, St. Pete Times - Dec. 22, 1975.

HEADLINE: DUST STORMS CHOKER PLAINS - (UPI) - Warm, gusty winds kicked up severe dust storms on the dry Kansas and Oklahoma Plains Monday and early today. Clouds of choking dust cut visibility to zero, billowed to 11,000 feet over the Liberal, KA. area and severely damaged the already vulnerable wheat crop. The wind storms were the worst in several years on parts of the high plains. Source: Daily Breeze, Ca. 2/10/76.

HEADLINE: DROUGHT PLAGUES CALIFORNIA - (UPI) The cost of a California winter drought mounted to an estimated \$310.5 million Saturday and dried out Kansas wheat lay vulnerable to wind erosion... Date: 2/1/76.

WHATEVER is going on, the psychics and the contactees have one thing in common, they both have forewarned about these conditions, and they seem to have hit the proverbial nail on the head. As I have previously stated, SOME predictions have rung true, OTHERS have not -- we still do not have the knowledge to understand the mechanism by which these predictions arrive! But, it would be foolish to totally ignore them, also!

EARTHCHANGES!

CIA CLAIMS WEATHER CHANGES WILL DAMAGE CROPS, TRIGGER FAMINES - Washington -5/1/76.

A CIA report warns of global political and economic upheaval almost "beyond comprehension" because of climactic changes that already have occurred. The report says the world has entered a period of adverse weather that will reduce crop production and trigger widespread famine and starvation. Additional solar radiation penetrating the Earth's atmosphere is cited as the cause for the weather changes, but the report does not elaborate on this. The unfavorable weather is likely to last for at least 40 years and possibly centuries, the report said... As examples of the change in climate that is taking place, the report cited record high rains and cold spells for the last three years from Burma to the United States.... Another CIA report, made public last year, said grave food shortages would prompt increasingly desperate attempts on the part of the powerful, but hungry nations, to get grain any way they could. Massive migrations, sometimes backed by force, would occur and political and economic instability would be widespread. (Source: St. Pete Times)\*\*\*\*\*

METEORITES SHOWER CHINA - Hong Kong (UPI) -- More than 100 meteorites, including a fireball which weighed almost two tons, fell on northeast China last month. It was one of the largest known meteorite showers in history... Based on the meteorites already recovered, the shower covered an area of more than 190 square miles on the outskirts of Kirin city in Kirin province... The shower occurred on the afternoon of March 8, when a large meteor entered the atmosphere... (March 8, our date, was when the 'fireball' was seen in St. Pete.)

U.S. SHOULD HEED CHINESE ABOUT QUAKES - The United States should learn from the Chinese about earthquake prediction and how to respond to projected quakes, says the president of the American Geophysical Union. Dr. Frank Press told the union's annual meeting Wednesday that officials in mainland China took advantage of early warnings to prepare for the strong quake which shook Liaoning province Feb.4, 1975. The Chinese earlier noticed a slight uplift in the ground which, sometimes, precede large, destructive quakes. Press said a similar uplift recently was found along the San Andreas Fault in California, adding that U.S. officials therefore should be particularly interested in what the Chinese did. The Chinese immediately began an intensive study of the uplift, which centered near the major city of Haicheng. Sensitive, early-warning equipment was stationed in the area to notify officials of the first clue of a quake. Press said the scientific assault was coupled with extensive public education campaigns on how to respond in case of a quake -- where to go, what to do and how to minimize danger and damage. When news of the earthquake finally came, the population was ready to receive it and act accordingly. A million people were successfully evacuated...

The Rawlins Tribune

October 28, 1974 by S. Taylor

"Everyone will think I'm a quack, but it really happened," Carl Higdon said Monday. He was referring to his elk hunting trip Friday which turned into a bizarre experience for him. Higdon was hunting south of Rawlins on the north boundry of the national forest about 4p.m. Friday when his "experience" began to unfold.

"I walked down over this hill and saw five elk," Higdon said. "I raised my rifle and fired, but the bullet only went about 50 feet and dropped. I looked over to my right and there in the shadow was this sort of man standing there." Higdon said the "man" was about six-foot-two and weighed 180 pounds. He was dressed in a black suit and black shoes and wore a belt with a star in the middle and a yellow emblem. He was quite bowlegged and had a slanted head. His forehead and facial features were similar to humans but he had no chin. His hair was thin and stood up straight on his head, Higdon said. "He asked me if I was hungry and I said yes," Higdon said, "So he tossed me some pills and I took one. I don't know why I did it -- I never take pills of any kind unless a doctor prescribes them, not even aspirin."

Higdon said the "man" then pointed what resembled a long finger at him and the next thing he knew, he was in a seven by seven foot cubicle with two "men". "He asked me if I wanted to go with him and I said 'yes', Higdon said. "I told my wife a long time ago, when these stories about UFO's and strange creatures were coming out, that if I ever got a chance, I would talk with them or go with them." Higdon said the "men" placed a helmet on him with a strap around his neck. Six wires were sticking out from it on three sides, Higdon said. The "man" then told him they were going "home" which was 163,000 miles away. "In no time we arrived at this tall tower similar to a rotating restaurant like the Seattle Space Needle," Higdon said. "The lights there were so intense and hurt my eyes a lot and the "men" said our sun affects them in the same way."

..."The next thing I remember is talking to Roy Fleming on the radio," he said. "My truck was about three miles from where I parked it ,,, "It's only a two wheel drive and was in a mud hole where no one without a four wheel drive would attempt to go." After Higdon was rescued by the Carbon County Sheriff's officers, he was taken to Carbon County Memorial Hospital for observation. "My doctor said there were no bruises on me and I wasn't bleeding anywhere, but I'm still suffering from headaches and a backache..." Higdon's wife said she and two friends went looking for her husband when he failed to return home on time and as they approached the area they saw a bright red, white and green light resembling a large star... Higdon said he does not drink and does not take drugs of any kind.

NOTE: This type of contact has elements of mind control, drug taking, time distortion, physical complaints and general disorientation. We would be most interested in knowing if a regression was done after his contact.

Remember the late and great Richard Shaver? His "mer-Men"(and Maids) who inhabited OUR airspace a few millenium ago? You know, the same R.S. that everyone laughed at for his "theories"? His theories about mutations, half (or  $\frac{1}{2}$ ) men, the results of disasterous radiations, etc. \*\*\*\*\* TWO FISH STORIES \*\*\*\*\* A 'fish' with "two legs with ten toes on each and two arms with five fingers on each, the arms protruded from it's chest, where there was also one eye. On its right side there was another eye which glowed brightly at night. It also had a small horn, like that of a cow, one ear, and a hump. A large, toothless mouth and a beard under it's chin... when landed it was alive, and stayed alive for some time..." This was in the Kilwa area of Southern Tanzania - circa 1975... And if THAT is not a mutation --- don't BOTHER to tell me what IS! \*\*\*\*\*

FISH STORY NO. 2! Let us zip on over to TIMBUKTU, West Africa, to the African tribe called the "DOGAN", who center their lives around the worship of SIRIUS, the 'Dog Star', and it's minute companion star which circles Sirius --- a star so small that IT IS VISIBLE ONLY WITH THE MOST POWERFUL TELESCOPES. ... "High Priests of the tribe told details of this minute star's orbit which turned out to be entirely correct according to modern astronomical studies. Yet this knowledge has been a part of the tribe's heritage for thousands of years." The most logical explanation according to Semple is that the primitive natives must have learned it from extraterrestrial visitors! This theory also maintains the tenet of mermaid-like creatures which apparently traveled here from a planet near Sirius. Richard Shaver (WhereEver you are) take a bow! Vindication --- even if too late for this earthly existence should be appreciated. Thanks to Ron Kelley, and UNDERSTANDING for the two above 'fish' stories!

A NINE-STAR (the VERY BEST) rating goes to the following readers who can remember ALL THOSE EARLY 'STORIES' that the FIRST 'contactees' told? To the effect that there was once a mighty planet, ANOTHER planet, in our system -- but that it was destroyed, blew apart, etc.? WELL NOW! Along comes Dr. Thomas C. Van Flandern of the U.S. Naval Observatory who says that the computer plotting of the orbits of 60 comets indicate they originated from the explosion of a giant planet that once existed between MARS AND JUPITER! Ah -- how sweet it is! Confirmation...

CUTE (?) QUOTE OF THE MONTH AWARD! "ATLANTIS NEVER DID EXIST." Who said it? Jacques Cousteau! He who has accepted the 'Atlantis' discovery project with mucho publicity AND funded by the Greek government "at a cost of nearly \$2 Million!" Like to hear mor quotes? (Which appeared in the WASHINGTON STAR, April 11, 1976)-- ... "As far as I'm concerned," the silver-haired, dauntless explorer said in a recent interview, "Atlantis never did exist. It's a publicity hoax, a balloon which can be blown up by a single cigarette." OF COURSE HE IS DOING A DOCUMENTARY -- in fact two! One to be titled "Atlantis"... How sad it is... Editor's Note: I am sick and tired of all the money being spent on the 'search' for Atlantis -- ONLY TO MAKE-A-BUCK for a movie. MAKE-A-BUCK FEVER, I call it, for what is to me a sacred search. I hope the Atlantean ruins will STAY HIDDEN, at least from eyes that can only see a buck. The REAL search is NOT a physical thing, but a quest for one's inner soul, the Knowing, the adoration of what was once our greatest Home. -- And which was lost through our own stupidity. May it forever stay 'LOST'...

FLASH!! A secret MAYAN code has been discovered! According to a Reuters dispatch a Russian, Dr. Yuri Knorozov has produced an answer to one of the world's great linguistic mysteries with a translation of the hieroglyphic manuscripts of the ancient Mayas of Central America... The MAYAS might not be around to see the effects of the probing -- but -- Let's take a look at the latest project of non other than TED OWENS, PK Man (Box 32, Cape Charles, Va. 23310) HIS newest he calls Project Amin"! Look out Uganda! PK has sent out letters announcing this to various scientists, researchers, etc. and he is going to demonstrate his Pyramid Power! I have known Ted Owens for many years, and have received his predictions -- and he is remarkably correct! He is one psychic who goes out of his way to notify and identify -- no generalities for him. Ted's main concern is Man's INhumanity to Man -- and animals. We will be doing a profile on Ted in our next issue! For MORE profiles of Atlantean Researchers see the EXPLORERS JOURNAL for Spring, 1976, for background data on the most famous of them! Dr. J. Manson Valentine, Dimitri Rebikoff, Pino Turolla, Robert Brush, Trigg Adams, David Zink and written by our newest subscriber, Peter Tompkins!

AND SPEAKING OF THE "TRIANGLE" -- The ENQUIRER for May 4, 1976, has a lulu!!! A 'Mysterious Force' took over a plane -- and after the crew bailed out -- it turned 180 degrees and flew 1,500 miles further before crashing!!! Buy it! --- If you think this is fantastic (!) the latest of the contactees, Sean Morton-Downey, relates his misadventures to include driving his car into a black fog, in which there was a bright pulsating light -- and when he tried to get out of his car -- the door handles and window handles just spun around in his hands!!! For ALL details read "UFO 'ATTACKS' COUNTRY STAR by Vaun Wilmott, in MODERN PEOPLE!

FANTASTIC FLORIDA! Florida has been visited in recent months by 'fireballs', QUAKES, UFO's AND QUAKES --- Feb. 23rd, to be exact. The 'tremors' began at 3:30 pm - and a local TV report placed a spherical-shaped UFO hovering over the St. Pete area at the exact time! Our investigators were alerted, and one of our Investigators spotted the object and had it in view for about 45 minutes. Weeks later we found another person who also saw the same craft at the same time! Cheers to Raymond and Gerry Chieleski, and Betty Dickson for their reports! We also notified Dr. Hynek. We have had other reports from the Venice area, where the 'blood-drinking creatures' of last June were located! We were featured on several radio stations lately - WFLA, TAMPA, and WLCY, ST. PETE. We set up a UFO display booth at the STAR TREK CON - TAMPA, and by the time you will read this, we will have had our May SkyWatch for our Members and have gone to the Atlantean Jubilee to lecture for two days in Hollywood, Florida! During the 'fireball' incidents, which happened on March 8th, we tracked THREE objects, although the popular media reported only one! However, it couldn't be going South, West, "falling into the bay near Courteney Campbell Causeway, and landing in Pasco County --- all at the same time! Even I couldn't believe that! Needless to say-- The TIDAL wave that was predicted for Florida did NOT come! Although there are factual, geological signs that all is not well with the Florida waters... More on this in our next issue, too long and involved to put in this, our first STARTALK POI POURRI! P?S? -- I have on file all sources and date for the data in this report. If you want the full details, write and I'll send it.... JOC ...

...Brian Scott, a 32 year-old draftsman for a Mission Vejo firm and father of two, believes he has been repeatedly taken aboard a strange craft piloted by beings from an alien planet. Scott is the same individual who paramedics reported being called by Monday to treat a 17 year old girl suffering from apparent hyperventilation, possibly from fear. The girl is Scott's sister-in-law. Scott said other family members and friends have seen the balls of light and some are now afraid to come near the family. The first abduction reportedly occurred in the Arizona desert near Phoenix in 1971 and the most recent just last Dec. 22, in Garden Grove. In between were three other "terrifying" sessions with the "things" and visits to his home by the "balls of light" and a transparent being called the "host". Scott believes his involvement with the aliens began on Oct. 12, 1959 -- his 16th birthday. Coming home late from celebrating, he observed a ball of light hovering over his dog, which was running in circles and jumping at it. "The ball was oval shape, semi-solid... it was 6 to 8 inches in diameter and reddish-orange." ... He said that he received some sort of communication from the ball through thoughts and pictures apparently transmitted into his mind. More than a dozen years passed without event when on the evening of March 14, 1971, Scott said he was transported aboard a hovering craft with a purplish light...

Not knowing why, he had driven into the desert near the Superstition Mts. outside Phoenix. Standing alone there he saw the strange craft fly over him and then felt a "pulsating, pulling feeling" that lifted him upward into the vehicle. Inside he found a friend of his, although he had been alone on the desert and did not know how his friend had come to be nearby to be picked up. Scott said the room was small, about the size capable of holding four persons, and that a fog or mist filled it. Suddenly the door shattered without sound or flash of explosion and four or five "very horrifying" creatures were seen. "They had grey skin like that of a corcodile or rhino with a thicker patch of hide over the front torso." Scott said he and his friend were disrobed and then led off in different directions. He said they seemed to carry him but to travel without bodily movement. "These people looked like a combination of animals, and had three fingers and a thumb kicked over to one side" of what he guessed to be a hand. "They were 7 ft. tall and very bulky."

Taken into a room with light the force of "50 floodlights", he was placed up against a wall and found himself unable to pull away from it although no visible bindings held him to it. Two of the "people" were behind a machine that seemed to revolve in some sort of medical examination of him. "The air was heavy and tremendously cold like a refrigerator"... Vapor formed at their mouths but seemed to be absorbed as a mist through the skin. Another being, this one about 9 ft. tall, approached and asked in some telecommunication manner, "Why are you afraid?" Scott said the being answered questions before he could mouth them, as if he were reading Scott's mind. Next his mind was transported to an alien world where he observed more of the strange creatures walking about a planet of jagged peaks and misty atmosphere. Finally he was rejoined with his friend and returned to the ground. His last memory of the strange craft at that time was a pungent odor like "rotten socks as if someone hadn't had their shoes off for 20 years."

Continued next page

His next experience also occurred in the desert near Phoenix. It was March 22, 1973... and much of the 1971 incident was repeated although he got the impression that not only was he being studied by the things but was being educated by them. ... It was also the first time he saw the pale, slender character that he now calls "the host". His third experience occurred Oct. 25, 1973, in the hills near the Bellehurst section of Buena Park... a friend was along on that meeting. He said she has since been driven to a sort of religious fanaticism by the experience. Although he was again transported into a craft, this was different from any for the others, and was subjected to some sort of examination and educational process aimed at making him able to understand this world so he could begin to understand the alien's, he believes. Twice since then - Nov. 21, 1975, when he disappeared for 27 hours, and Dec. 22, when he experienced another meeting like that in Buena Park -- he said he has been transported aboard alien vehicles.

Since the last, the strange drawings and writings he does in a trance-like state have increased in number and complexity. Self-styled experts, said Scott, have told him that the drawings indicate things that are well beyond his intellectual level. He has also suffered from what he said doctor's call Bell's palsy -- due to the extreme cold... As for his daughter in the hospital, Scott said he took her there to learn what the strange ball of light had done to her because she was running a temperature and showing signs of abdominal pain. (Officials at the hospital reported the child, Vickie, was suffering from dehydration and required an IV be administered to counteract that condition. She remained in the hospital overnight. Scott is convinced the alien light ball affected his daughter because on Tuesday she was twice transported from inside the house to outside in the backyard. He said that he became enraged at the light ball and swung at it with a broom. Instead of making contact, though, he said he was thrown back by a powerful force. He now thinks Vickie's condition is some sort of retribution for his aggressive act against the aliens... NOTE: A RELATED ARTICLE: (Source - Costa Mesa, Calif. DAILY PILOT February 14, 1976)

#### "UFO MALADY?"

A Garden Grove woman and her child, hospitalized under mysterious circumstances, were reported in good condition today as the father called upon an exorcist to release the pair from their "strange maladies." A spokesman for Fountain Valley Hospital said Brian Scott maintained a vigil there early Saturday morning to await the exorcist who was summoned at the suggestion of one of Scott's physicians. His wife remained hospitalized "under light restraints" after she was brought in late Friday suffering from an undefined seizure that Scott told hospital personnel was brought on by "a UFO experience." ... Scott summoned paramedics to his home Thursday after he claimed the child was found in the back yard with a strange red halo surrounding her head... A spokesman for the Garden Grove Police said paramedics were summoned to the Scott house a week ago under similar circumstances. The police spokesman said Scott contacted the department once in 1975 to report that he and his family had been kidnapped by a UFO and held captive for several days... The officer said the complaint was noted and filed without further investigation...

..... Read that last statement over again --- slowly. And you can see where the need is for public information concerning UFOs -- not a 'secrecy' atmosphere. The analysis of this case is not difficult -- to solve this man's personal problems will take a lifetime. He and his family will never be the same ordinary, everyday people they once were -- which is the WHY of this SPECIAL ISSUE...

1976 --- WILL THE SUN DRIVE US CRAZY? (From Xenolog - NO. 102 - Jan. - Feb. 1976  
Editors: Fred & Phyllis Dickeson  
33 Dee Street, Timaru, New Zealand)

AT LEAST 20 MILLION MAGNETIC PARTICLES A SECOND WILL  
BOMBARD THE EARTH FROM THE SUN DURING THE COMING MONTHS,  
PLAYING HAVOC WITH OUR LIVES AND TEMPERERS ...

You won't see it, hear it or feel it -- but it will still be the most gigantic invasion to have assaulted Earth for around Five Million years. When it happens, at least 20 million magnetic particles a second will bombard Earth from the sun, causing a magnetic commotion which, say medical scientists, could make 1976 the most emotionally charged year for decades, triggering off new outbreaks of violence, terrorism and even war.

These enormous magnetic emissions from the sun are due to start around June, 1976, testing our tempers to the full, according to a French scientist, Michael Gaugelin, director of the study of relationships between cosmic and physio-psychological rhyth at Strasburg University. He says: "This impending sun-spot activity will cause massive ionisation which can have a profound effect on the way humans react. After all, we are electrically-driven beings. Every body movement produces electricity, and our daily temperature curves remarkably resemble the curve of the electricity potential of the atmosphere. The electrical system of each organism from microbe to man governs growth and every living process." In the coming months, scientists expect the sun to hurl out trillions of particles which will create intense ionisation, particularly among air molecules.

#### EFFECT

And when this effect was recently produced artificially, it had a dramatic effect on the men involved in the experiments. Their behaviour became irrational. Indeed, it was found that they could be made ebullient or bad-tempered simply by producing excesses of either negative or positive ions.

The coming upheaval on the sun will be watched and monitored by a new giant solar telescope on top of Kitt Peak, a mountain in Arizona, in order to learn as much as possible about the turbulent events taking place on the star nearest Earth. Other scientists, based at Washington National Institute of Health, will monitor the behaviour of volunteers using "accelerometers," electrical gadgets which chart body impulses in relation to certain stimuli. Other research, particularly by scientists at Michigan University, has produced convincing proof that cosmic forces, and particularly those from the sun, can have a profound effect on humans with weak physical resistance. Explains a Michigan scientist: "Some areas of the human body contain a positive charge of electricity and others a negative one. So - arrival of electromagnetic waves from the sun can seriously upset the delicate balance between the two. Sometimes the affected person can even lose consciousness."

### DISEASE

Other doctors are becoming increasingly ~~worried~~ convinced that solar activity can trigger off a variety of diseases from heart attacks to arthritis. And, working on statistics compiled in the industrial Ruhr area of Germany, a doctor has also shown that sunspots may even be a contributing factor in accidents. He studied nearly 6,000 accident case-histories and discovered that the number of mishaps increased by 10% on days following major solar eruptions. And in the laboratory, researchers found volunteers reacted sluggishly when the Earth's magnetism was changed by sun-spots. Another German expert has even claimed to have found a link between suicide rate and sun activity. Indeed there seems little doubt that the sun, particularly when erupting, has a profound effect on everything on Earth. Including the blood in our veins. Recently, Japanese specialists carried out tests during a solar eclipse and discovered that the sun had a massive effect on the blood index of volunteers.

Some scientists are worried about the effect the coming sun-spot activity will have on world disease. It has been proved that the invasion of a human cell by a virus is virtually an electrical reaction. Normally the virus and the living cell carry a charge of negative ions, thus the virus is repelled and cannot enter the cell. When something happens to the body and the cell's charge becomes positive, then the virus is free to enter. This "something", it is thought, could be the disturbance caused by solar activity. So what can we expect when the sun goes mad this year? According to Dr. Gauguelin there could be:

- \* New violence in the current trouble-spots of the Middle East and Ireland.
- \* Further major outbreaks of crime particularly in major cities.
- \* Increases in marital strife and divorce. In fact many countries could have the worst divorce rate since the war.
- \* The weather could be turbulent with an above-average quota of floods and storms. Indeed, Dr. Gauguelin sums up saying: "It could, all in all, be a hell of a year," That could well be the understatement of the century.

( We had heard, that as far back as July last year, scientists were very concerned by disturbed magnetic fields on Earth. At the time we were not able to confirm the source from whence this information originated but taking into account the peculiar weather we have been experiencing in New Zealand since that time, we are inclined to think, our troubles could have started in 1975. One wonders what the conditions will be like at the height of magnetic disturbances in June of this year? Eds.)

THE JOURNAL ADDS! Amen to the above article -- and please see the below quote!

As it rotates, Earth wobbles in its axis. This deviation, known as Chandler's Wobble, reaches its peak every seventh year, and some scientists believe earthquakes are more numerous in those years. The next peak year -will be in 1978-

NOTED SCIENTIST CHARGES OUR GOVERNMENT BLOCKING SEARCH FOR LOST LAND OF ATLANTIS.  
URGES FEDERAL FUNDS BE USED TO PROBE AREA NEAR BIMINI - "The U.S. government is impeding research that could lead to proof that the lost continent of Atlantis exists off Bimini in the Caribbean, according to a leading American scientist. Speaking at a recent conference in Chicago, Dr. Stanley Krippner, Ph.D., charged the government is afraid that too much knowledge about the ancient civilization would radically change people's attitudes about the "past, present and future" (Source; The National Tattler - 3/7/76) This is a long article and a most controversial one about Atlantis. MONSTER REAL TO EXPERT - (Source: Daily Breeze, Ca. - 12/28/75) Washington - A Smithsonian Institution zoologist said Saturday that films shot underwater at Scotland's Loch Ness show "flipper - like appendages of aquatic animals" as well as an object appearing to be the head of some unknown animal. Dr. George Zug, curator of reptiles and amphibians at the National Museum of Natural History, was among scientists who viewed the movies earlier this month while attending a London conference on the fabled Loch Ness monster.

"This signal may act as a sexual stimulant," said test director Bryan King. "We beamed Beethoven's Fifth into a river and this brought some roach (small fish like shiners) to the surface."

DATED: MAY 24, 1975. Blessings - COMMANDER OF SATURN COUNCIL COMMAND:

The words I have to say are simply that I wish you people to try to gain knowledge of the sciences and practical end of your mission. I have been directed to give you technicalities and data required for you will need it specifically for craft understanding. Make it clear that we are here in PEACE and to offer our help and understanding and are always with you when the need is genuine. I have been designated by the HIGHEST SOURCE to receive your fullest co-operation in order to fulfill this mission.

It is not the dimensional change which affects the CRAFT at all. I have explained before that they have a REACTOR setup to adjust to the stronger pull and thrust and this they do when they approach a planetary body. This will only be fully understood when you have boarded CRAFT and been instructed as to their operation. They have unlimited speed because of the use of MENTAL DEVICES. I want you to realize that the MIND, being PART OF GOD, IS INFINITE. Therefore if it is used to operate CRAFT there is infinite speed according to how well the being operating the Craft can keep it intact at such speed. Know that when you join the Confederation you will once again be in the BROTHERHOOD of your planetary neighbors and will be shown many modes of travel and life. They are numerous and you will be in their availability as soon as your planet understands its shift in SPIRITUAL DIMENSION.

Many of you have questions regarding our CRAFT. It is not possible, for instance, to board a CRAFT in your present molecular condition. You could ride one of our SHIPS in a decelerated state within your third dimensional space only. This is not done, however, because the ships must remain invisible but for momentary decelerations that are done to show you we are here. We cannot, however, remain in your dimension for long except in very isolated cases and in uninhabited areas due to the mechanical and varied effects this has on your atmosphere and POWER. We cannot do this in city areas due to power failures resulting, as they invariably do, in even a brief sighting. If we are seen only briefly it is for this reason. We do, however, wish to make you aware of us and the PROTECTION we represent. In this regard it is most important to be aware of your ability to protect yourselves from negative craft who are also active in your atmosphere. Not to be fearful, no indeed, but to be cheerfully aware of the PROTECTION OF GOD who watches all that moves and protects HIS OWN with a POWER THAT IS COMPLETE AND ABSOLUTE. That the Earth has attracted such negativity is a fact that all must understand without fear of this negative force. Understand that negative force cannot harm you if you are surrounded by the LIGHT SHIELD OF PROTECTIVE ARMoured LIGHT. This is simply to have faith, to trust in GOD and to be unafraid and of good courage in these days of trial ...

BLESSINGS UNTO YOU: ESU SPEAKING:

You have done as I have directed in putting down a stable knowledge in the right minds about your predictions and that is good. In this regard this is all you can do at this time. The warnings have been given, the areas specified, the spiralling problems delineated. Now, as given, all that stands between man and this fulfillment of prophecy is time, as you know it. For you already know that WE HAVE BEEN HOLDING ALL BUT UNINHABITED AREAS IN VERY STRONG MAGNETIC HOLD. We have prevented destruction on a large scale so as to allow each and every one to prepare HIS TEMPLE.

Shakings in KEY SPOTS have been occurring lightly and persistently as warnings to those who will heed the INNER VOICE. NO ONE WILL BE WITHOUT SUCH WARNING one way or the other. FREE WILL and INNER URGES WILL DIRECT YOU. Volcanic activity has become accelerated and apparent as scientific investigations have revealed this, so called, mysterious activity in cones long dormant. All venting of the INNER EARTH is occurring in mountain chains that are letting off steam, as it were.

The coastal and island cones are trembling as are the hearts of men who feel this NATURAL reaction just as the birds and the animal life respond in their own instinctive way to this Earth. Do you not know that ye also feel this instability? This accounts for the restlessness of SPIRIT, for SPIRIT KNOWS AND SPIRIT SPEAKS if man would but listen. THE EARTH IS SPEAKING AND TELLING ITS PAINFUL STORY TO MEN. At this point in time OF A VERY SPECIAL NATURE the Earth tells men to heed the smoke, the fire, the quaking within, and to observe that in but a short time span volcanic activity has all but tripled. This has caused wonderment, yea, even consternation the the circles you would deem scientific.

Do these men believe that their complicated measuring apparatus will stop this FLOW OF NATURE? Do they believe that they can obstruct or analyze GOD'S PLAN with instruments? Soon such scientific calculation will have the calculator's wringing their hands, yea, even gnashing their teeth in fear and helplessness. GOD IS GENTLE IN HIS PERSUASION but THE TIME FOR REAPING AND THE TIME OF JUDGMENT WILL BE DONE BY MAN HIMSELF. That is when men will cry out "OH, MY GOD, HAST THOU FORSAKEN ME?" Do not disregard the obvious, for these occurrences are meant for you, people of the Earth Planet. They will steadily increase and become more evident in every avenue of LIFE. Pay special heed to the CALIFORNIA SOIL AND OBSERVE THE LINK WITH THE MID-ATLANTIC RIFT, THE PACIFIC RING OF FIRE, THE SOMINICAN RING OF FIRE IN THE CARIBBEAN, ISLAND CHAINS AND CONES IN ALL PARTS OF THE WORLD, THE ITALIAN AND ADJACENT FAULTS AND CONES. None are without inner turbulence and COASTAL regions are exceedingly unstable as are all your MOUNTAIN BHAINS. These inner rumblings extend to meteorological change, changed weather patterns, exceeding high wind turbulence and unpredictable and unexpected flooding and droughting occurring in general patterns in all countries of the world where crop failures are also occurring. The scarcities in commoible food stuffs is now a reality in all lands and there will occur greater and greater deprivation in areas once fertile and abundant...

ANCIENT CRYSTALLINE RECORDS (reprinted from STARCRAFT - SOLAR LIGHT RETREAT  
7700 Avenue of the Sun, Central Point, Or. 97501)

Greetings, our brothers, our sisters, in Light. I, Ray-mere, once more transmit to you from the XY7 craft through relay transmitter. You will pardon the halting nature of my delivery in that I am attempting to attune a certain degree of data from another level of transmission. We ask your indulgence for one of your minutes.

In the history of Man upon Planet Earth or Terra as it is known to us, there are scant records of the most ancient civilizations existing upon the surface and beneath the surface of your planet. In the times which are fast approaching, as the major cycle ends and another begins, there will be an unearthing of vast quantities of data most explicitly connected to your ancient civilizations and their linkage with Starman, Starcraft, and the culture of Cosmic dimensions. Through the media of the crystalline records of which we may have spoken on many occasions, there will be made available to mankind of your present cultures a vast library of records, data, philosophies, technical information and explicit diagrams for the construction of interdimensional vehicles.

We realize, our brothers, our sisters, the immensity of that which we are presenting, in a sense, to your present consciousness in that the crystalline records are not stored in the form which you are accustomed to but in a different dimension, shall we say, of recording but nonetheless available to the consciousness of the mind of advanced Earth men. We have not previously stated in what manner the crystalline records would be made available for "playback" - to use one of your terms -- to you own level of consciousness. Now we state to you that once these crystalline records, or stored libraries, are discovered in the hidden places of your planet the method whereby the data can be extracted is by placing of these crystals against the part of the skull which you speak of as the third eye. Through setting up of certain vibratory rates within the receiving vehicle of Man, (the pineal and pituitary glands), the data contained in the crystalline records will be transmitted directly to the mind and brain of the investigator. It will, therefore, be necessary once these are discovered, to provide a panel of experts in various fields of the sciences known to you as material sciences, philosophies, technologies in order to have ready the right recipient for the various types of data which will be transferred to the consciousness of the individuals.

It may take some little time to sort out the necessary candidates, and to find the "tapes" (and I use your term when I say "tapes") or the crystalline records containing the data which can be fitted as a jigsaw puzzle to the understanding of the one who will be able to unravel some of the data. The method of transmission will be directly by means of certain high frequency waves similar to telepathy presenting the mind not only with the word, but with pictures and diagrams which can then be so vividly impressed and so indelibly, that they then can be transferred to your own methods of recording such as paper and pen and ink drawings and words...

CONTACT MESSAGE CIRCA 1973: via "ESTELLE".

NOTE: Let us look at a good example of this type of mental transmission, and let us see what what being broadcast in 1973!

ASHTAR COMMAND - Ashtar command consists of those of the Brotherhood who are engaged in what you might call an Army of the Air. They follow orders through free-will and help set up an organized system of WHITE LIGHT STABILIZERS throughout the Galaxy. They obtain their orders from the WHITE BROTHERHOOD who, in turn, send the commands through the different COUNCILS of the different Systems. All are engaged in binding together the LAWS OF THE ONE HIGHEST and creating help where it is needed within the boundaries of each planetary system. All are in this because they have chosen to serve their brothers in this way, and it is a sacrifice of a kind in that they leave their home planes for lengthy seasonal times. They are screened for their abilities aboard the Craft and also their knowledge of other dimensions. They will be heading the evacuation and will be doing so through Saturn Council Command within your LIGHT SPACE.

These people have been destined to guide you through this TIME and WITHOUT YOUR KNOWLEDGE. This is the only way they can shed the LIGHT they have to offer without FREE WILL being broken in any way. They usually replace those who die mysteriously or they come in strained areas where they are needed to best apply their abilities and recharged energies into various categories of society. They are important or unimportant in your thought and have sometimes an indefinite stay, sometimes only a few days, depending on the work they are to perform. Such people have been known to turn up in an emergency to change the plan of one in command and suddenly disappear, for they can beam down at any given moment, and so so invariably. At this time there are more than fifty-four thousand in your world. Men and women in all walks of life. To feel their vibration is to know and understand they have come in LOVE and merely treat them as the brothers and sisters they are, of the same blood as you and I. All life to its SEA. They beam down through a pure thought process which governs the breaking down and decomposing of the physical molecular structure into PURE LIGHT ENERGY which passes through the atmosphere easily. When this LIGHT hits its destination the MIND recomposed the molecules into third dimensional physical matter. This is a process that is easy to perform but must be done under the right circumstances. Do not think it is super-normal, for it could very well be that you performed it in a past incarnation.

Rays of a COSMIC nature can be either positive or negative. Those of a negative influence cause disruption and the breaking apart of molecular structure which is seen in the forces which are working in a form of tension and irritability. Those of a positive nature cause a raising up and a penetrating of particles which bind the ions in a force creating life and also causing a higher spiritual attunement to all nature, be it animal or vegetable. It is the two bombarding the same particle which causes the indecision and unreality of this day, which many do not understand and cannot cope with. You must avoid the negative by drawing the positive to you with thoughts of the same wave length. This can be done by thinking of others rather than your self. By drawing GOD down to you, thereby rising up in your own vibrational pattern... ADONAI VASSU -- DATED: MARCH 22, 1973...

PEOPLE, PANIC, AND PREDICTIONS by Joan O'Connell

QUOTES: "My wife is worried," the bank credit officer said. "She said we should buy a pair of motorcycle helmets and wear them when we're at home." ... "I live four miles from the epicenter of the last one, and also I'm right in the path of the Bouquet Reservoir, so I'll probably drown." ... Fireman Jack Grew, ... "predictions just scare a lot of people." "It's not definite. It disrupt's people's lives. It's bad for business, and bad for real estate." ... (St. Pete Times - April 23, 1976)

Are these the ramblings of people just hearing the latest prediction by the local psychic? Is this gigantic apathy generated by a fuzzy-headed streetcorner soothsayer? Does someone's left toe hurt and they 'feel' something is going to happen? NO! These remarks were made in regard to: "Most are just shrugging off a California Institute of Technology geophysicist's calculation that Southern California will be rocked by a 5.5 to 6.5 magnitude (Richter Scale) earthquake within the next 12 months..."

In other portions of this issue I have outlined the FACTS in the case -- the 'Bulge', the raising of the land around the San Andreas Fault, the NEW faults that have just been discovered in that state, etc. The FACTUAL reasons that the above geological report was made known to the public. I repeat, FACT, not fantasy! Genuine, 100%, bona fide geological data -- NOT psychic prediction. However, it apparently doesn't matter HOW the prediction (if that is what it is) was made -- the people would NOT, nor WILL NOT, listen.

Thanks to our Staff Consultant, Augie Roberts, we have been kept abreast of the latest quakes in NEW JERSEY. IN AREAS THAT HAVE NEVER BEFORE KNOWN A QUAKE! You say YOU haven't heard of them? Why not? Because all the clips I have on them are local ones, it seems the rest of the nation doesn't get the news, or even wants it. And incidently, UFO's have been seen many times in low level flight over the Atlantic Seaboard, especial in New Jersey. The first one happened on March 11, the second on April 13th. Quakes, that is. I can safely predict that if New Jersey were to make the same announcement that California did -- the same apathy would occur.

It has become nationwide news that here in Florida we are going to have a tidal wave that will engulf the entire state! This IS a psychic prediction that was made by a woman who had correctly predicted the Quatamalan quakes. SO -- this is REALLY going to happen just because ONE prediction (?) of hers allegedly came true? I say NO, it WILL NOT HAPPEN. WHY? BECAUSE I HAVE STUDIED PREDICTIONS FOR MANY YEARS, ESPECIALLY THE ONE'S ASSOCIATED WITH THE UFO FIELD -- and I have come to the conclusion that WHOever or WHATever is giving these 'predictions' out (like candy) does so with ONE PURPOSE IN MIND. THAT ONE OF THESE 'PREDICTIONS' WILL COME TRUE, BUT THE SECOND ONE WILL NOT HAPPEN. WHY, AGAIN? BECAUSE "THEY" WANT YOU TO BELIEVE, AND WHEN IT DOESN'T HAPPEN, YOU LOSE YOUR BELIEF, AND THEN WHEN A REAL, REPEAT REAL 'PREDICTION' COMES ALONG -- YOU WON'T BELIEVE IT -- OR OBEY IT. WHEN THE REAL 'MESSAGES' COME THROUGH, ONLY A FEW PEOPLE WILL HEED THE 'WORD'. In the meantime, ridicule -- the the 'WORD' of the day! Laughter, snide remarks and APATHY. A word to the Wise -- all is KARMIC in nature, both personal Karma, and Group Karma.... THAT is why NOAH succeeded -- and others did not! The 'Ultimate Pick-UP' is a personal thing -- not a national one!

PIGLET BORN WITH FEATURES LIKE HUMAN - (Source - Sherman, TX DEMOCRAT - 2/4/76)  
Barranquilla, Columbia (UPI) A pig with some human features reportedly was born on a small farm last weekend, but it died two hours later. The oddity caused some panic in the area among local peasants, some of whom considered it a "diabolical creature"...

CESSNA-SIZED BIG BIRDS SWOOP OVER TEACHERS - (Source - The San Antonio Light, TX. 2/26/76) By K. Mack Sisk - Teacher Patricia Byrant says the two flying creatures that swooped over her car were as big as small airplanes and resembled prehistoric birds. Mrs. Bryant was one of three teachers who reported the latest sightings of Big Bird, a large feathered creature seen throughout South Texas in recent months. ... The birds cast a shadow across the entire road when they stopped their cars they saw another one circling like a buzzard over a herd of cattle... "It just glided. It didn't fly. It was no higher than the telephone line. It had a huge breast. It had different legs and it had huge wings, but the wings were very peculiar like. It had a boney structure, you know, like when you hold a bat by the wing tips, like it has bones at the top and in between." ...

PURSUIT ENDED SUDDENLY WHEN BIG FELLOW TURNED - (Source - Great Falls, Montana - TRIBUNE - 2/23/76) A motorist on Interstate 15 just south of the Great Falls International Airport reported sighting a large, humanoid creature walking in a field about a quarter mile from the highway Sunday morning. Leonard Hegele, a 29 year old vo-tech student from East Helena, told the Tribune he briefly pursued the creature on foot but retreated when his quarry stopped walking and turned to face Hegele. "I was carrying a .357 magnum pistol," Higele said. "But when he turned around, I felt completely defenseless." Hegele said he also saw a grey, oval-shaped object hovering in the air about a half mile from the highway. The Cascade County sheriff's office has investigated several hair-covered creatures during recent months. A spokesman said earlier this month the sightings of creatures and airborne objects were similar to reports being received throughout the country ... Hegele said the creature was about 7 feet tall with shoulders at least 3 ft. wide.

GUTWEIN LIVESTOCK TARGET OF ATTACKS BY INTRUDER - (Source - Rensselaer REPUBLICAN - Indiana - 12/12/75) By Richard Busse. No one knows what it is, but it kills for the sake of killing. It takes 60 to 100 pound hogs and tears them apart with a viciousness that chills John Gutwein and his son. Lynn, of Route 4. It doesn't appear to eat the hogs, Gutwein says, nor does it appear to want to.

"It just seems to want to kill," Gutwein believes, "Like it goes crazy with killing. I don't know what it is, but we've got to find out and soon." Gutwein has good reason — he's only lost 60 hogs to the intruder since September -- 31 in two nights. Lynn found the first dead hogs the evening of September 28. They'd been literally torn to pieces, gutted, dismembered, their parts strewn around like debris after a windstorm. "It made me sick," young Gutwein said. "You've never seen anything like that before in your life," his father told the REPUBLICAN. "Even other farmers hereabouts who came to see said they never saw animals ripped apart like that. Whatever it is didn't tear all the hogs completely apart, but it chewed them or injured them enough that they died in short order. We had to shoot some." Is it a dog, a wolf or another kind of wild animal?

"I don't know," John said. "I just honestly don't know. It's weird. It left no tracks last September, and it didn't leave any tracks when it struck the same pen again on November 25, in broad daylight, when we were laying tile in a field not more than a half-mile away. A week later, it struck a fourth time at night, but this time in another pen further south about a quarter of a mile or less. Tore them to pieces. Knocked down a section of electrified fence. You tell me."

That last time, in the hog lot, he said, you could see where the hogs had dug their front feet hoofs into the ground to fight off whatever was dragging them by their hindquarters -- but there were no tracks that anyone could find that may have been left by whatever it is, he explained. The ground was frozen. "There was blood everywhere. I've never seen so much in my life." ... This reporter saw some of the wounded hogs John and Lynn managed to save. Some were badly mutilated. The gashes in their flanks were large, almost too large to have been made by even a large dog's fang's. "Whatever it is has to either be pretty big or pretty powerful or both," Gutwein said. "Especially to tear off the legs of a hundred pound Hampshire." ,,,

MONSTER IN PALAWAN - (Source - Manila, Phill. EVENING POST - 1/21/76) Tingaplan, Palawan - More and more people are tending to connect the recent tragic landslide in Palawan with the giant Loch Ness-like creatures inhabiting some dark mountain crevices along the two rivers in the island province... Mayor Asgali said that only last week Palawan tribesmen saw a 20 meter long creature with head is as big as a jeep. He recounted the tribesmen first thought it was a log swept by strong current, however, its huge head and scaly tail suddenly moved as the creature cut through the water headed for the sea... The creatures were first sighted on Dec. 29 and again on Jan. 14 by Palawan tribesmen...
