# Buying or building a pyramid? These things you should know about!

There are three electromagnetic planes of consciousness:

PHYSICAL

MENTAL

SPIRITUAL

WITHIN 20 YEARS: The electromagnetic frequencies of the earth will change:  
They will change from the physical plane to the mental plane!

Man's consciousness will have to change. Only those that seek the true knowledge of wisdom, THE HEAVENLY FATHER - will be able to make this change! It is by His grace. You are made of His spirit.

The pyramid was given by the angel Hermes, to help Mankind raise his frequencies to the electron spin of the mental plane. It is an electromagnetic antenna.

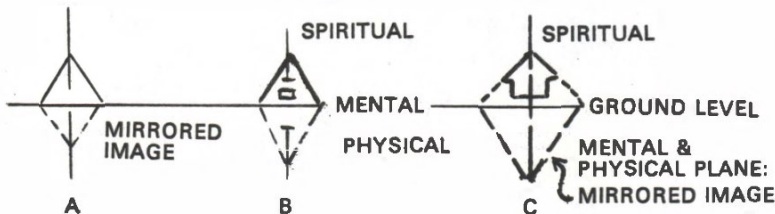

NOT ALL PYRAMIDS ARE CORRECT ANTENNAS FOR THIS TIME AND SPACE!  
PYRAMIDS MUST CREATE A VORTEX OF LIGHT THAT CAN BE SEEN AND FELT.  
FRAME PYRAMIDS DO NOT DO THIS. Jesus said: I AM THE LIGHT.

## ILLUSTRATION

A **AS ABOVE, SO BELOW!**

B Cheops has three frequencies or planes of consciousness. This is the reason why there are THREE chambers. To benefit from the pyramid, you cannot mix the frequencies! Most pyramidologists do not understand this.

C The pack-up-and-go pyramid that Ken Killick designed has ONLY the spiritual frequencies built into it! The mental and physical planes are NOT designed in the physical structure of our pyramid!

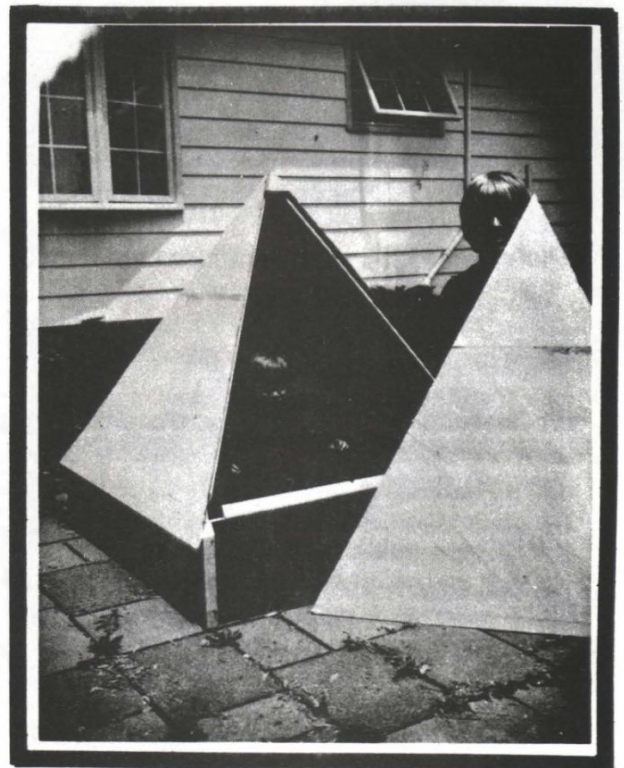

That's why our pyramid works! It was designed right! Pyramids are antennas! They help us advance into the MENTAL frequencies or planes of consciousness. WILL YOU be ready when the Earth advances into this plane of consciousness 20 years from now?

Will YOU be among those humans who will have made a start on the long road to overcome Matter?

You don't have to wait 20 years. Start today! Send today for blueprints that will enable you to build a pyramid that will develop ONLY the spiritual plane: INDOOR MODELS - \$10; BACKYARD PYRAMIDS: \$20 (all three planes - SPIRITUAL, MENTAL, PHYSICAL: see illustration C above).

## Letters to the Editor

Dear Editor: I received my sample copy of the New Atlantean Journal. I was very much impressed and very interested in all your subjects. I am enclosing \$5.00 for a years subscription. Sincerely yours, Mrs. Marjain L. Brooks, Long Beach, Ca.

\* This is only one of over 100 letters received when Al Collins of Radio KGO, San Francisco, gave us a plug! At 3:10 AM! A grand bunch of UFO listeners!

Dear Joan: I wish to subscribe to the New Atlantean Journal for 3 years (10 dollars). Let's be the first to tell the world! Sincerely, Mark J. Kowalski, Fairfield, Ca.

\* Dear Mark: We are NOT the first - but I think we are the loudest! Thanks for your comments!

Dear Patrick and Joan: I received my renewal notice and I'm enclosing a check for \$10 to have a 3 year subscription. I am very pleased with your magazine. It covers many interest of UFO, Atlantis, and other of the strange things that are happening on our planet. I get 2 UFO magazines, SAGA UFO Report, and Official UFO, but I find your magazine covers what they miss so I'm increasing my subscription so I don't miss any issues. I enjoy the ads in your magazine, thank you for having a good magazine. Richard Wolfe, Filmore, N.D.

\* Dear Richard: Your interest and your faith is what really makes a good magazine. The feedback, good and bad, is really the only bridge we have to our readers. We are very happy that you are happy!

Dear Joan: Just received the June NAJ, and I dare say it's one of the most interesting issues you've ever published, and I'd like to address some of the issues. Beginning with the editorial on the "Booms": WOW! you really socked it to 'em re the "Concorde" theory! One might also ask what manner of "Concorde" was flying around since the dawn of modern history, as mysterious booms have been. Somehow I don't remember reading in my history books about SST's landing at the Massachusetts Bay Colony or Jamestown! Their theory of "sonic booms" is obviously a sonic bust!

It seems to me that the Georgia UFO landing's "Jimmy Hoffa" angle was a ploy by the UFO-nauts to conceal their real mission, but there is no little factual data on Hoffa's whereabouts, so that the idea that the space people got him is as good as any -- until, that is, one wonders what use "they" would have of him!... It would seem that all this so-called science fiction is really parallel to UFO and Occult tradition. Note the alleged presence of a 200 ft. tall crystal on the Chinese Pyramid! Get a geologist to look at this "crystal" business. Kudos are also due for the fascinating article on the Tesla Effect and "The Force" AND - May the FORCE be with you! David Krouse, Wallingford, Pa.

\* Dear David: AND- May the FORCE be with YOU! Thank you!

Dear Joan: Have had quite a bit of comment on the March issue! AND- On page 33 I got a chuckle out of "decoding'?? the interpretation of the hieroglyphics; it reads backwards: ROSENBCURG'S ELIXIR OF LIFE! Haa - the old patent medicine men really got around, eh? Your editorial was just great; keep up the good work. As for Peter Kor, his intellectual capacity could well stand a good dose of "Cosmic Pulse of Life" by Trevor James Constable... Have really enjoyed your Florida abduction case; how I would love to sit down with this lady for a few days and help her understand much of what she has experienced. The seven points of the symbol will bear further study. Would certainly like to contact Dr. Ron Anjard and learn more of the Chinese Pyramids; the crystal capstones certainly tie up some loose ends for me. This is part also of the old Temple of Poseidon I think Charles Berlitz may be very close to with his sonar discovery of a pyramid in the Sargasso Sea area... Sincerely, with love, Rev. Thomas Allen Long. Meridian, Mississippi.

\* Dear Rev. Long: We had many comments also, all Good, on your Atlantean Predictions, can't wait for the next ones! By this time you have received Dr. Anjard's address, and I hope you two will pool the considerable knowledge held by you both! Such a story-- YOU predict 'em -- and he will discover 'em!

As to the newly discovered Pyramid in the Triangle area: we have had so many requests for the back issue in which we printed the actual depth chart, we now have only one lonely file copy left! So, in this issue we reprint it! It is a very tangled story, with many people involved - Suffice it to say we had the depth chart in our physical possession in DECEMBER, 1976. And we had it in print in our first of the year issue in 1977... And, we were NOT the first ones to print it! George Van Tassel did!

INSTANT ZAP!

The mysteries of the Ancient Ones which have lain dormant for countless centuries are now restless in their selfimposed silence. The lifting of the Time-Lock which guards the recycling vaults has been accomplished. The physical world has now moved into the plane of vibratory frequencies which will facilitate the 'openings' of various Halls that are scattered over and under the surface of the world of Mankind. Beware the coming of the Guardians who are entrusted with the knowledge of these Sacred Places. Know also that all these Places are THOUGHT-GUARDED. Vibrationally coded. It is YOUR vibrations - and YOURS alone, which will permit entry into the sanctuaries.

They all possess a very special door- a door which has no physical key, but a spiritual one. A Key that cannot be copied, nor destroyed. It fits into a Lock which again is NOT physical but composed of the etheric properties that are properly attuned to the EXACT pitch. Any frequency which does not EXACTLY match that of the Time-Lock will be instantly eliminated, obliterated, sent back into the void. No Access. For many thousands of years there has been a Frequency Barrier that was between the Material/Physical world plane - and the Sanctuaries. This no longer exists. But the frequency of the personal entity DOES. This is the Selector of the body that will be 'first' into the ancient halls, wherever they may be located.

YOU, as YOU, are a sum total of all your past-life experiences and the present-life Karma. The YOU that is YOU vibrates to an exact frequency. It may vary a bit from day to day, but essentially it falls into a coded frequency between certain levels. THIS is YOU. NOT what you say, nor what others Say. It is what you ARE. And - nospoken words carry the Key that can change that. It is this vibratory pattern that the YOU that IS YOU brings to the long buried Openings.

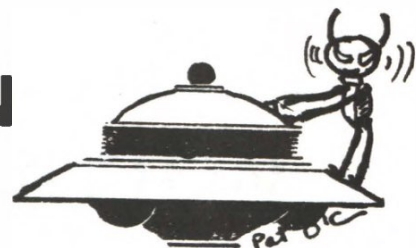

Your vibrations, in their present state, decree whether or not YOU will be among the 'First' -to find a pyramid, or a Sacred Cave, or a Record. No one gives anyone the Right to be a Selector - only you. You decree for yourself. It is your responsibility, not the Creators'. It is with this in mind that I bring forth to you this Knowledge, as the Time-Lock has been lifted, and the Openings are becoming physical instead of vibratory. They can, and they WILL BE found! INTENT is the 'Key' to the Opening. I guarantee you that if the INTENT be of an EGOnature, of SelfGlory, of the vainfulness of wanting to be FIRST - the Key will not only NOT fit, but it will not even exist. You shall be led to the doorway and refused entrance. So shall it be in these the last days of the Present Cycle.

UFO IMPRINTS! - (Source: The Citizen - South Africa - 3/26/77) - More than 80 imprints left, according to witnesses, by flying saucers have been found on a patch of ground in the Spanish province of Biscay. Several people claim to have heard noises and seen strange lights, hovering over the ground which is in an isolated locality near a mine. The imprints form circles of varying diameters.

UFO CLAIMJUMPERS! (Source: San Francisco Chronicle - 2/5/78) - An elderly Redding couple got so angry at being zapped unconscious by a UFO that descended uninvited on their mining claim (see above strange mine story) that they tried to set a dynamite trap in case it reappeared. But sheriff's deputies persuaded them to abandon their lethal plan. Paul Cerny, a 46 year old Bay Area engineer who is a director for MUFON, has just completed a report on the incident, which occurred a year ago... The Chapins, who had been working their small placer gold mine about 40 years, saw an egg-shaped object the size of a small car about 70 feet away in the bushes... What is so unusual about the story is what the UFO supposedly left behind -- a small metal blob about the size of a child's fist and a pile of glassy, green sand. Cerny has had the objects analyzed ... the metal blob, gun-metal colored on the outside with a brass-like interior, is not a meteorite, yet lab tests showed it must have been formed in a vacuum or in space. He says electron microscope analysis seem to show the lump was made up of seven metals fused together by great heat, selectly applied. The pale green glassy objects, furthermore, turned out to be the purest silicone the lab had ever seen, unlikely to have been dropped by the UFO," Cerny said.... In December, 1976, the Chapins saw a similar UFO squatting on the ground... "Get the gun. It's here again," Clint shouted to his wife. But the strange, domed object rose into the air about 100 feet, Cerny related, and the Chapins were knocked unconscious by some invisible force. Now they are hopping mad, and Mrs. Chapin says the UFO made her ill.

THE "STRANGE" IN SANTA FE, ARGENTINA! (Source: La Nacion -2/14/78) - A strange phenomena was observed by two young men who live in the city of San Just, 100 kilometers from Santa Fe - Jorge Daniel Lamazon and Hario Hartinez were going to Parana in a car. When they were about 10 kilometers south of San Justo they saw a very bright white light... After a minute they saw a tall humanoid, dressed in black clothes - standing by the light. The alien got closer to the witnesses car and stood there for a while. Then he went back into the light... The car could not move for several minutes but when the alien went away they were able to start the engine.

PYRAMID MUST COME DOWN! (Source: Daily News - Australia - 3/10/78) - CAIRO, EGYPT - Egyptian authorities have ordered Japanese researchers to tear down a model pyramid on which they had hoped to show how the ancient Egyptians built the gigantic monuments. The attempt failed - and the unfinished structure "took on the appearance of a deformity," Al Ahram newspaper said yesterday...

\*\*\*\*\*

JUDGE 'POOH-Poohs' BIGFOOT! - (Source: Valleho, Ca. Times-Herald) - Redding - A judge pooh-poohed the Bigfoot story and said Shasta County doesn't have to pay Jumboldt County for the search of a young woman that Bigfoot allegedly carried away... Humboldt County officials launched a search two years ago after Cherie Darvell of Redding, in Shasta County, was reportedly carried away by a big black creature while accompanying a party of film-makers who said they were searching for Bigfoot... Humboldt County said the search, involving bloodhounds and a helicopter, cost more than \$10,000. Miss Darvell was found three days later sitting unharmed beside a nearby road. Judge Peterson called the search bor BigFoot "at least an exercise in futility"...

KANGAROO SIGHTINGS BEWILDER WISCONSIN! - (Source: St. Pete Times -4/78) Waukesha, Wis. - Residents of the surburban area west of Milwaukee, have been reporting large animals hopping over their hillsides the past two weeks -- kangaroos. Several sightings have been reported to bewildered authorities, starting April 7. In all the reports, the animals are described as fast-moving, between 3 and 5 ft. tall, the color of a deer, and possessing a long tail... Officials at the Milwaukee County Zoo, the only zoo in the area that has knagarooos, says none of them is missing... (Note: THAT is always the case)

MYSTERIOUS GAS CLOUD CLAIMS FIRST HUMAN LIFE! (Source: St. Pete Times - \$/21/78) - Porto Alegre, Brazil - A mysterious gas cloud killing sea lions, fish, horses, cows and dogs, along a 286 mile stretch of Brazilian and Uruguayan coast, has apparently taken its first human life. Authorities from both countries are sending experts to see if the ammonia-like gas originates from a natural chemical reaction in the South Atlantic... The deadly, 286 mile long cloud has been striking men, women and children with fits of nausea and dissiness and killing fish, etc. since early this month... Molina's death was the first reported fatality linked to the poisonous cloud that swept into the tiny resort hamlet on March 31 after several days of storms and strong winds from the south... (NOTE: Nothing further was found in the papers as to the disposition of this event. If you readers out there have any other clips, please send them.)

THE HIDDEN SECRETS OF THE SOUTHWEST

by TAL LEVESQUE

The Hopi Say: "We are entering 'The Purification', which will settle their Fate and that of the rest of Mankind. If their white brother does not come to save them, the 4 Forces of Nature will come, with natural disasters, earthquakes, floods, famine, and a change in the weather. And in the whole world, only FOUR CORNERS will be a sanctuary, for it is to this place that all good people will come when the day of Purification arrives."

The whole region around the Gila River, in Southwestern New Mexico, is covered with ruins. The remains of Ancient cities that appear to have been violently destroyed in a vast catastrophe involving the levels of heat which can only be attributed to thermonuclear explosions! These cities are burnt out and VITRIFIED in part, full of fused stones and craters, caused by heat that was hot enough to liquefy any rock or metal. Strangely enough, as the Cycles of Time would have it; when nuclear weapons were test-fired in the New Mexico desert, the sand was also VITRIFIED (fused into glass) by the heat of the explosions. Intense heat is needed for this - volcanic action will not produce this effect, not ordinary explosives, nor fires. The heat of millions of degrees, that of thermonuclear reactions, is necessary.

Many Indian traditions speak of how long ago their Ancestors took refuge underground from cataclysms and aerial war. In the Southwestern states are found signs of great civilizations in areas now desolate. Helmeted figures have been found on rock and cave walls. These figures are often associated with Flying Discs. Our explanation for this is, perhaps, they are people wearing protective clothing to guard them against radioactive contamination. Also protection from increased solar radiation and against possibly highly dangerous Terrestrial micro - organisms. The surface-dwelling Survivors witnessed the suited visitors on survey missions, that had arrived by some sort of flying machine - from areas not so severely affected by contamination, for from their deep underground shelters. From Man's golden past age, come the hidden Remnant of past advanced earth cultures. and the Cycle may be getting ready to repeat itself AGAIN!

Our government after World War Two researched into the quite advanced underground installations of Sweden. They had moved the most important defense manufacturing far below ground. Also vital installations were put underground, like docks for destroyers and submarines; hangers for interceptors and light attack planes. Big underground storages were built for oil, gas and coal. And hydro-electric power plants were constructed using underground rivers. In 1958, Project Rand, held the first annual Deep Underground-Protective Construction Symposium. The list of attendees to these meetings, found people from all the armed services, etc... Inside Sandia Peak, near Albuquerque, the real story of Sandia Labs Scientific achievement has only been partially revealed because of security. But they do tell of developing a Laser Tunnel boring machine, that forms a protective outer shell on the sides of the tunnel as it goes.

Isn't it strange that the Spanish explorers talked about this land as "LA NUEVA MEXICO" - the NEW Mexico... after the Indian name "MEXITLI", - THE WAR GOD -! Yet this area holds the Seed of Hope for survival. With the Hopi (which means "Peaceful") Indians, who live in NE Arizona; the Zuni Indians who live close to the Arizona-New Mexico border, and the Rio Grande Indians who live in and around Santa Fe and Albuquerque. The Zuni and Hopi Indians have retained a remarkable degree of the Ancient culture. The Zuni state they "Came out of the earth" many years ago. The tribe came from a subterranean land, with Maize (Corn) seeds that were necessary for the tribes' survival on the surface. With the help of "Magical Beings" of the middle world, they lived here in a land believed, by others, to be too dangerous.

We have learned that Navajo Indian legend is as follows" "... The Navajos, the Coyoters and the White People once lived together underground, under a Mountain near the River called San Juan." (Near the Four Corners). After coming to the surface the Indians built Pueblos and grew crops. But the White People started off at once for the rising sun. (Note: we suspect that the White People re-entered at a main tunnel entrance, into the Center of the Earth; due East of Four Corners, not far from the town of Sulphur Springs, Oklahoma. )

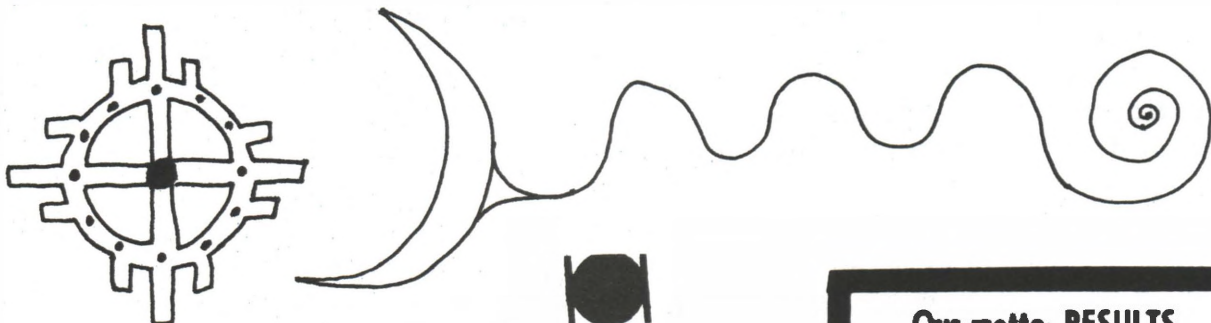

A few years ago, in New Mexico, Jerry Trout, 37, the U.S. Forest Services' only designated "Cave Specialist", and Charlie Peterson, 28, the only person carrying a similar title with the National Park Service, discovered another new cave. Inside the deep cave, on the shores of an underground lake, they came upon the skeletal remains of a man. Carbon dating showed the man apparently died 10,000 years ago!

This research into the bowels of the earth might discover the remains of human habitation - vast cities whose ruins attest the civilizations of Races, which flourished before our very incomplete Recorded History.

Ufo's are attracted to deposits of metal ore; like iron, nickel and Titanium. Checking through files of UFO reports, we can also find numerous instances of Flying Saucers sighted near caves. Could there be a Network of subterranean caves that are somehow used by SkyCrafts? If Ufonauts do occupy the inner earth, they may be slowly teaching, from below, knowledge lost to surface dwellers. "They" continue to develop in their own network of tunnels, interconnecting caves and underground rivers. Protected from harmful solar rays, radioactive dust, weather changes and the eyes of barbarian surface beings.

These Interior Lands may be inhabited by all kinds of beings; from the Giants to "the Wee People"; from a race of gentle, advanced People, to demonic Animal-men. So- when exploring these "UNKNOWN" areas, the new pioneer must venture into the subterranean lakes, in search of the Treasure Trove of Data on Mans' enigmatic past.

Tunnels... Treasure... Lost Worlds and Cities of Mystery! These legends of Inner-Earth Civilizations contain the essential ingredients of exciting adventure! NOTE: All drawings by TAL LEVESQUE.

THIS SYMBOL IS A MULTI-LEVEL  
MANDALA: USE IT WISELY!  
IT IS THE HOPI SYMBOL FOR  
"MOTHER EARTH".

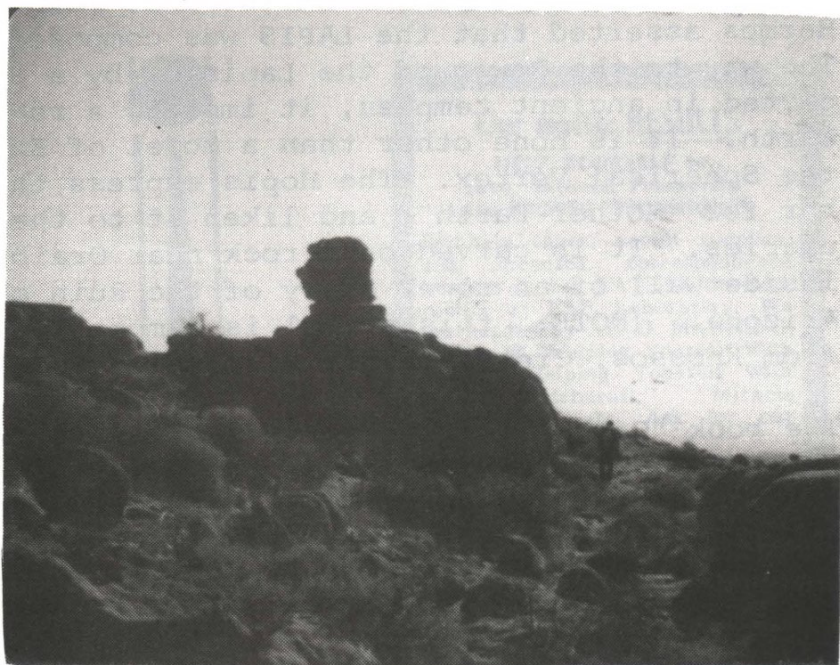

One level... The center line at the Entrance is directly connected with the Maze and represents the Emergence itself. The center of the Cross it forms, symbolizes the Sun Father, the Giver of Life, Within the Maze, lines end at four points. All lines and passages within the maze form the Universal Plan of the Creator. The Four Points also do mark where the Hopis have secret shrines within their sacred land -- bordered by the Colorado River on the west and the Rio Grande River on the East and North to the head waters of the Rio Grande, near Creede, Colorado.

The Alchemists used the word VITRIOL to stand for *Visita Interiora Terrae Rectificando Invenies Occultum Lapidem*. "Visit the Interior of the Earth; through Purification thou wilt find the Hidden Stone." Such a descent into the underworld is the theme of most initiation Rituals. In general, the Hidden Stone (LAPIS) is a kind of "Philosophers' Stone or aid to meditation... with the same meaning as the Mandala holds. Hermes asserted that the LAPIS was composed of Body, Soul and Spirit. The way to the Power of the Lapis is by a spiral or Labyrinth. As depicted in ancient temples, it implies a re-entry into the Womb of the Earth. It is none other than a model of Existence as we know it -- the Spherical Vortex. The Hopis express this Labyrinth with the symbol for "Mother Earth", and liken it to their own Underground sanctuaries. It is carved on a rock near Oraibi. Another is carved on the inside wall of an upper story of the Ruin of Casa Grande, near Florence, Arizona. (NOTE: this symbol is almost identical to that of a coin -- from Knossos, Crete - First Millennium B.C.).

The book "Oahspe" -(Sky, Earth and Spirit) was written in New Mexico in 1881. In it can be found: "I made the Ethereal worlds inhabitable both within and without, with entrances and exits, in arches and curves..." There are many reasons to look within the Earth, and we shall come back to Where and How to look for Entrances later in this article.

In the ancient past, the Colorado Plateau (the Four Corners area) was in the eastern section of the Motherland, Lemuria, a land known as - TELOS. Here was a great trade centre and the location of the most advanced scientific research. Here in underground vaults were placed the valuable Records and secrets of its great scientific knowledge. These 'vaults' are safe and await rediscovery. There are a lot of underground 'bases' in the Southwest. Being of crystal-like rock, it is a very positive and useful area, as well as being on the Earth's Time Coil. As in the past, the eventual release of Polar ice caps - both at the North and South Poles, will deluge the world with a superabundance of water. The melting of the ice will give the world a new supply of Purified Oxygen; and the water will wash the soil clean from all radioactive impurities that have settled into it as a result of fallout from the Worlds' misuse of nuclear energy.

A Refuge from this flood could be found on Mountain peaks (above the level of floodwaters) by entering openings into the Earth; via tunnels high upon the land. Some believe the saucers will take them off the Earth when that time comes, but evidence on this matter indicates that this is not possible for most. Therefore, being this way, mankind will eventually have to go underground. It would help to be guided by beings who have already burrowed into Mother Earth, and have established under world or Sub-Surface Kingdoms, and their remains can still be found - here in the Southwest. The tunnels afford refuge and extend into the subterranean world, where it is said, it is lit by a strange green luminescence which favours the growth of crops. This underground source of energy (VRIL) replaces that of the Sun and prolongs human life.

The Ancient vaults and the tunnel openings were marked on the Surface by SPHINX -- (Secret Places of the Lion) and other more subliminal Megalithic stone structures.

The "SPHINX" at the right was PHOTOGRAPHED by TAL Levesque several years ago in a South-western state. It's exact location remains with him... ..

## SUBLIMINAL EXPLORATION

Here we enter into a strange subject, a kind of Psychedelivision, where you are actually triggering something in the Unconscious by playing with Space/Time alterations. Our minds are conscious of very little, even though all kinds of information is now being broadcast continually and invisibly. Subliminal Exploration states as an exercise in the technique of letting the Mind 'see' patterns on Stones. We look for animal silhouettes and faces in the standing stones... to see even Human silhouettes in whole mountain ranges.

We need only to open our eyes... Relax... Bits of information are received into the subconscious... later to come to the surface again of your consciousness. There is the chance, again and again and again, to see that worthwhile patterns will suddenly appear in the Mind's Eye. Take photos of your exploration area (at different times of the day) then later LOOK at them. The 'seed' of being receptive to subliminal images has been planted.. an attempt at awakening higher levels of the mind. The human brain, which is also a digital computer, contains information in the 90% which we seldom use and that can be stimulated to come into our Present Consciousness to reveal past information put into Genetic Memory by our ancestors. TIME is a threefold Present: the Present as we experience it; the Past as Present Memory; the future as Present expectation. Hopi Indians, who think of themselves as Care-takers of the Planet, use only the Present Tense in their language - past is indicated as "present manifested", and the future is signified by "present manifesting". They intuitively understand the Space/Time continuum, unlike today's contemporary man.

The true Ancient/New Age people, are naturally at h"om"e in the SIMUL-SENSE. They are transformers of Energy. Representatives of electric social transformation (the Age of Aquarius = Communication). Earth survival techniques (underground complexes, etc.) and environment systems people.

The Four Corners area is "the Heart of the Beast". The center of power in the Americas. Just west of highway 666, in New Mexico, near the Arizona border, are the sacred Chuska Mountains (composed of a caprock of Quartz sandstone). At about 36 degrees Latitude (E.M. Power Zone) can be found a volcanic plug with striking features, a rounded ridge and a columnar pile, a 200 foot FACE, resembling a Lion. This is called "The Beast"! Further research here may reveal something even more extraordinary. 40 miles NE of Mt. Taylor, (in N.M.) is a sacred Cabezon Peak -- Head of the Giant - Ye-Itso... the Navajos claim they killed a giant who lived inside this ancient volcanic core, when he came out and tried to steal their women and food.

In Frijoles Canyon, near Los Alamos, are the "Stone Lions", two life-size crouching lions carved side by side, on a Mesa top. Nearby is the Painted Cave, a prehistoric art gallery of Pictographs. Also the ceremonial cave... in the floor of this cave is an underground Kiva. The KIVA (World below) is a ceremonial subterranean room, with a roof entry gained by descending a ladder. In the northern section of the floor is a hole called a SIPAPU. It is usually plugged and covered by a plank which is ritually removed when the Emergence from the Underworld is re-enacted. It is also known as the spot where supernaturals come to earth from the underworld.

Information received inside the brain is ONNI-directional (in Time and Space)... IMAGE-ination. We are Omni-Sense Transcieving stations... As transceivers we can become aware of bases of operations that are located within the crust of the earth, with centers of entry located in mountain lakes and areas for water entry. Those involved and operate in the Four Corners aregion are well aware of certain natural energies of the earth, which current studies are only becoming aware...they have built upon and accentuated certain natural energy focuses. Those who are truly interested will seek. The requirements are: the need to Know, to uncover hidden meanings. The desire to use that knowledge for self improvement. And there is a need on the part of the "Twilight Believers" to go beyond knowledge, to experience a new sensation, to shed the limitations of the human condition. VITRIOL..... Every discovery is also a Creation..... by TAL Levesque, New Mexico...

# It's . . . It's 'Monsterous'

## MYSTERY SURROUNDS JAPANESE "MONSTER"!

TOKYO - Thirteen Japanese fishermen insist the two-ton carcass they pulled from the ocean near New Zealand was the body of a prehistoric creature. "It was no shark and it wasn't a whale, either," Akira Tanaka, Captain of the 2,455 ton fishing boat Zulyo Maru, said. "It was a monster," he said. "It had four large legs or flippers on its body. I saw them from the bridge." Tanaka's statement was made in an interview in the Yomiuri newspaper of Tokyo, whose reporters boarded the Zulyo Maru off New Zealand.

Controversy has raged in Japan, the United States and Scotland since mid July over the nature of the dead creature pulled up in the nets off the New Zealand coast last April 25.

A SPECIAL FORECAST FOR FLORIDA  
1978 -- AND -- BEYOND!  
by Rev. Thomas Allen Long  
On File: December, 1977

There is an energy field developing around the state of Florida as a whole; but the heaviest force is the eastern coastal areas with concentrations from central to south central areas. I feel this is going to attract some very heavy magnetic influences within a few years. Many people fear hurricanes, but I believe the real danger lies in disturbances that are electrical in nature. This could be due in part to the Bermuda Triangle phenomenon I have described in the 1977 Forecast.

There is a shift of polarity within Earth's magnetic flow that has not been made public to date. I believe it is over seven degrees from past norm at present and accelerating. Perhaps the National Academy of Science will verify this fact. Many sensitive people are detecting this shift; some are moving with it. Pressure is temporarily lessening in California and GROWING in Florida. This portends an energy shift within Earth AND our solar system that will see manifestations of earthquakes in a little-suspected area reaching from southeastern Georgia into southcentral Florida; which will coincide with an extremely active period of electro-magnetic discharges in ALL of the huge Bermuda Triangle area. This will bring lightning storms never before seen in the recorded history of this age, although they were frequent from the period of 9564 B.C. to 7000 B.C. There will be such an aeration of the Atlantic and Caribbean that ships will sink like rocks; tidal waves of such height and speed as to reach 20 to 30 miles inland in Florida and eastern seaboard states; many outlying islands will disappear; there will be hail of tremendous size, some pieces weighing up to 100 pounds!

Just as dedicated prayers by a few GENUINE spiritual people have temporarily alleviated the pressure upon California, so can a change in people within this forecast area forestall, or actually prevent, the severity of the earth changes mentioned herein. IF NOT, look for these events to occur before Thanksgiving 1984! There will be rumblings and weak manifestations preceding the cataclysm described; these are the warnings of that which is about to occur...

NOTE: As of this date, 1/16/78, Florida has sustained the same "booms" as have been felt along the eastern seaboard since December 2, 1977 and as late (or early) as a few days ago. The Suncoast area here has felt this quite strongly. On January 3rd, the officials for once did NOT have an explanation - and did NOT try to blame the "boom" on planes (because of the timing involved.)

## A WEIRD CASE

RANCHER FINDS MUTILATED BULL  
AND ODD TRACKS: UFO CONNECTION?

By Fritz Thompson -Albuquerque Journal

DATED: April 25, 1978 CREDIT: The Levesques.

Dulce - The body of a mutilated bull was found in a meadow on the outskirts of Dulce Monday, with a stream of mysterious, circular tracks leading to the carcass. State Police Officer Gabe Valdez said the case appears to be nearly a carbon copy of a still unsolved mutilation - which occurred here in June 1976. Valdez removed rissue from the mutilated animal Monday morning and said he will request lab and toxicology analyses.

The mutilation was the latest in about 40 cattle deaths which have occurred throughout New Mexico and other Western states during the past four years. Monday's mutilation was discovered less than half a mile from the owner's house in a pasture containing five other bulls and a flock of sheep. No other animals were molested. The 11 month old bull bore the classic mutilation signs. A neat, circular incision had been made around the rectum and the sex organs had been removed. Valdez said the circumstances of the death are as baffling as the 1976 case. "I'm confused as hell," he said. "Whether it's human or something else, they cut that animal and it was not a cow or horse or predator that left those tracks."... It is the second time the Gomez ranch - operated by the family for the last 101 years - has been stricken by a mysterious mutilation. In the 1976 case a cow was found mutilated' 12 miles from town. The carcass was surrounded by mysterious circular tracks identical to those found Monday. Absent from the recent mutilation was a set of triangular tracks.

The circular tracks found Monday are about 4 inches in diameter in sets of two -- about half an inch apart. The carcass was found stretched diagonally across a dirt surface road in the meadow. The road is the only access to the pasture and passes directly in front of the Gomez home. All the tracks are etched in the clay hardpan of the road. They are evenly depressed, perfectly circular and appear to have been left by something extremely heavy. Attempting to make a mark in the hardpan with a boot heel leaves no impression. ... As in numerous other mutilation cases there was an unofficial report -- from a Department of Game and Fish officer - of a large orange light in the darkness along a ridge directly south of the meadow. The light was seen Sunday night or Monday morning. No unusual tire tracks or predator tracks were found near the carcass...

THE PYRAMID SYSTEM: A UNIQUE GIFT FROM THE "GODS"  
BY DR. RONALD ANJARD.

Most, if not all, of the writings about the Pyramids focus on the Egyptian Pyramids. It is true that powerful and natural electromagnetic effects have been found in that region. In the 19th century, British inventor Sir W. Siemens, found that he could collect and discharge some of this electrical energy.

A few authors have indicated that the Pyramids were part of an ancient global space communications network. In one of my recent articles about the Gigantic Chinese Pyramids I reported information from a friend who lived in China for years. He said that the Chinese have known and have used pyramids for literally thousands of years as a communication system.

T.B. Pawlicki in his treatment of "the Pyramids as an Ancient Global Space Communications Network" presents much interesting data about the Schumann resonance and its relation to a 7.5 hertz cycle. He indicated that this wave is exactly 25,000 miles long. That means a radio wave emitted at that frequency will expand in a circle at the speed of light until it encompasses the entire planet. The wave then contracts until it comes to a focus at the antipodes of our planet. Without going on to a complete analysis, the result is that a single wave exists at any one time and that the whole world beats electromagnetically at this frequency. Pawlicki concluded that our Earth is a resonating sphere.

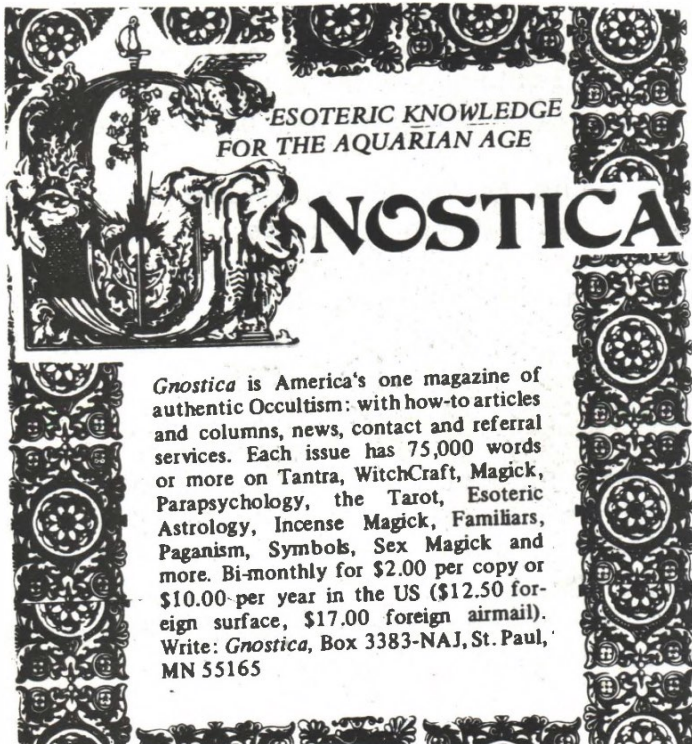

In his map of the world, Pawlicki chose the Egyptian Pyramids as the center -- or the origin for this frequency. However, this may not be correct. True, much energy has been recorded in the Egyptian region. But as each pyramid is an energy-contact point, one would expect to find much energy here. Consider the gigantic Shensi Pyramids in Central China. In a seven mile strip there are seven pyramids of decreasing size. The first two are much larger than any Egyptian pyramid. In fact, the first pyramid is four times (4x) larger (in volume) than the Great Pyramid of Cheops. The largest Shensi Pyramid is 1000' high -- it's neighbor is 800' high. The Chinese Pyramids magnify the energy twenty-eight times (28x). They produce a range of frequencies. And an important key mentioned earlier, the Chinese people had known about these pyramids as part of a communication system for thousands of years. In fact, the largest Chinese pyramid is called the Master Pyramid - and the Egyptian pyramids are copies.

There are other important pyramid sites in China which I've reported in several other articles. Pawlicki, in his treatment, drew a map of the world and used the Egyptian pyramids as the radiating source - as the central location. He measured other pyramid locales from the Egyptian pyramids. Because of the very important data and history concerning the Chinese pyramids we have used his approach but shifted the world to focus on the Sensi Pyramid complex. Thus, this is not a contradiction of his work, but an important refinement of it. Note that Peruvian and Mesoamerican pyramids become much more important in the revised map. The Egyptian pyramids are about 90 degrees - or half way to the American sites. A polar projection is used for the first time also to more dramatically show these interdependencies.

This article therefore combines important information about world pyramids and recognizes the importance of the Gigantic Sensi pyramids. The polar projection, with these Chinese Pyramids as the central point is a new approach. With the potential of using pyramids as a communication system today, there will be continued interest in understanding this whole concept.

Theorizing -- that all this data is correct -- that the pyramids are far more than mere picturesque shapes -- that the pyramids are indeed a complex system for energy collection and/or global-space communications -- then one must question the source for this fantastic wisdom used by the Ancients. Indirectly -- but very strongly -- it seems to support the concept that ancient astronauts were not only here -- but were instrumental in developing and using many very important concepts... ..

NOTE: We thank Dr. Anjard for the fantastic map which appears on the following page.

## EARTH AND ATMOSPHERIC CHANGES

by Rev. Thomas Allen Long  
The 'Atlantean Predictor'.

The week beginning December 18, 1977 recorded extreme weather conditions very similar to that period of the historic "Great Chicago Fire" when all laws of physics were violated as flames sprang up spontaneously at many locations. As these gained force, fireballs were observed flying great distances, sometimes for miles and more spontaneous fires appeared in their wake. In a very short time the winds spawned by the roaring flames reached hurricane force. This is all past history, and like all history there are many lessons contained therein; if one will but seek.

We are now in that generation of time, or time-frame as some prefer to call it, in which earth and solar changes are precipitating major changes which may reach even greater proportions as we live through the 1980's and 90's. During this week which began Dec. 18th, 1977, the first indications of unusual conditions had been heralded by the atmospheric "sonic" booms up and down the entire Atlantic coastline. They were particularly loud in the New Jersey area; one U.S. government agency expressing an estimation of at least a 100 ton TNT equivalency! The whole eastern half of the nation experienced an extreme 'high' atmosphere with practically no humidity during this time. This set the stage for volatile and explosive situations at any place where any type of highly combustible or explosive material was stored or handled.

On Dec. 21, the first large-scale explosion occurred in Wayne City, Il. To be followed the next day by the tremendous explosions in New Orleans at the Continental Grain Co. Only a few hours later an explosion in Tupelo, Mississippi at the Sunshine Dog Food Mfg. Co. Dec. 28 brought explosions at the Farmers Export Grain Co. in Galveston, Tx. As of this time of writing, the date is Dec. 29, 1977, the atmospheric booms and shakins are still going on, ALTHOUGH there has been a change in weather conditions.

A number of government inspectors were among the fatalities in these explosions; now other government "experts" are saying it MAY be the weather conditions which are a contributing factor, among many other speculations they use to cloud this true statement. Why don't the government agencies involved tell the truth that the National Academy of Science correctly predicted just this type occurrence in their report of 1958 which had originally been instituted by President Eisenhower?

The major news medias were also furnished a copy of this report. I read portions of it on one of the BACK pages of a local paper, and that is all which has ever been made public. WHY? Because and I, old John Doe Public might panic! These "elitist" individuals are so dumb as to think the mass of humanity can't absorb, adjust, and prepare for ANY eventuality. This also includes their paranoid views concerning the UFO manifestations, among other ridiculous ideas.

This report completed in 1958 by The National Academy of Science also very accurately warned of the extreme levels of pollution due in the mid seventies. They even pinpointed the severe winters which began in 1976! I believe all this information is in the Congressional Record of 1958 if any one wishes to verify it. While these atmospheric changes were occurring on the east coast, the west coast was being battered by hurricane-force DRY winds which spread death and destruction over a wide area and piled sand and dust into homes, autos, and every other place imaginable. Fires raged uncontrolled.

Here in my native southland, timber fires sprang up and required massive efforts to control until finally the rains started Dec. 28. My youngest son observed this phenomenon of fire springing up spontaneously in timber while hunting with a friend... I am sure that any competent physicist could give you a detailed explanation as to why we have had this phenomenon. IF they would...

As the prophets of old have said, "Look to the sky (in these times), strange and wondrous things are to show forth". We see them daily and nightly, and all the intellectual boob-heads in the world are not going to convince old John Doe (Q) Public he ain;t seeing what he is looking at!

One more thought concerning the weather inclosing: watch the atmospheric lightning in the future, it is going to put on some spectaculars like never before seen in this age! What has been observed in the time period outlined concerning the atmospheric booms and the explosions and fires are proof of the electro-static and electro-magnetic forces at work which are now becoming magnified on earth due to the changing alignment of the earths' axis; and the solar system orbital changes our astronomers are not telling the old public dum-dums about. As they discover new stars and moons and black holes we are supposed to think new equipment is making it all possible! They, or all the "experts" can't hide the lightning, however! ... ..

Title: "THE SOLAR LOTUS"

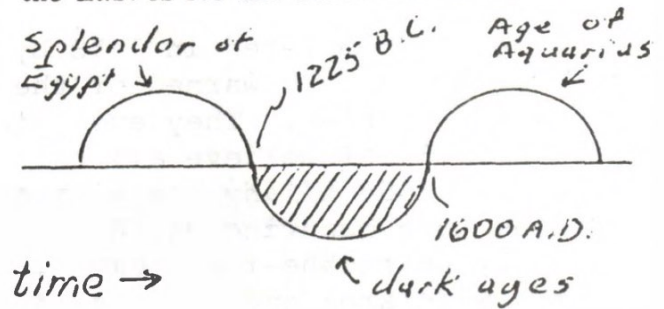

Author: Rocky McCollum

The technical names for the root races in the same order are: (4) the Godoic Children, (3) the Zodoic Children, (2) the Caudoic Children and the Avidic Children. Within each root race can be several sub-species or divisions of that race.

Groups (4) and (3) are collectively known as the Children of the West and groups (2) and (1) are known as the Children of the East. According to Ancient Egyptology, these two forces were in constant conflict, the tides of battle rising and falling for both sides in a cyclic manner. From history and philostophy, it

would seem that the Children of the East have been in positions of world power since the beginning of the reign of Rameses II (1225 B.C.). Besides being on his own personal ego trip, this Pharoah tore down buildings and religious monuments on a wholesale basis and used the stone to rebuild to his own tastes. His successors followed suit and the practice of stone pilferage continued right down to the days of the Romans. The Children of the East did not begin to fall from power until the discovery of the New World and the subsequent founding of the Democratic Republic, the United States. From that time, about early 1600's A. D., the Children of the West have continually gained in world power and recognition. The change is slow and gradual and not noticed on a daily basis. The Egyptians were the Children of the West, the children of Will and Love. Their enemies were the Children of the East, the proponents of Ego and Lust (appetite).

"The West is for the best and the chosen;  
the East is for the beast and the cloven."

Numbers found in the Ankh are; first of all, the number one, represented by the unity of the Ankh. Next, the number two as determined by the polar division of the cross into male and female parts. Three is represented by the God-head, four is represented by the bodily Chakras and by the Gamma division or root races, also the four is found in the four-petaled lotus in the center of the Ankh. Five is symbolized by the central star, the Aryan star. The numbers four plus five equal nine, this is the Zodoic number of the Ankh. The number six is not found anywhere in the Ankh, a unique feature. Seven is found by the seven chakras or rays. Eight is found by the Polar x Gamma product mentioned in an earlier paragraph. All numbers from one to nine are found except the six.

Nine can also be found by adding the seven chakras to the two in the center, the star and the lotus. The Zodoic number plus the Gamma number equal thirteen,  $9+4 = 13$ . The numbers 9 and 4 were the two most used numbers in Ancient Egyptian Religion, and the most revered.

Krishna devotees symbolize the Godoic division by the Ring of Wisdom for the Intellect chakra, the Zodoic division by the Lotus of Love, the Caudoic division by the war-like mace, and the Avidic division by a Conch-shell. The symbology and analogy runs deeper than space will allow to explain. Suffice it to say that there is one symbol for each Gamma division. Rudolph Steiner calls the number four, "the Number of Creation:" There is said to be the "mark of the four" on every creature, on humans it is said to be the four fingers (thumb excluded).

The male division (right) is symbolized by the Eye of Horus and it's clockwise swirl. The female division (left) is denoted by the Eye of Isis and it's counter-clockwise swirl or rotation. These opposing rotations can be detected by means of a pendulum held above the head of a subject or above his or her sexual organs. The pendulum (in the hands of a skilled operator) will always rotate clockwise over a male animal, egg, plant or what-have-you and will go in the opposite direction over the female. This system is actually employed in large chicken and turkey farms to separate the tom eggs from the hen eggs. A silk thread and plastic bead make up the simple pendulum used for this operation. Accuracies in sex determination run as high as 99%.

Question: Is the Ankh itself, male or female?

Answer: It is either or both, depending upon the viewpoint. Each of us, whether we are male or female, contain some of the characteristics of the opposite sex, to a greater or lesser extent. Are we Children of the West? Of the East? Are we Godoic? Zodoic? Caudoic? Avidic? This too, depends largely on various factors, mental attitudes, and our disposition towards others. A cross-section of society will reveal all types, varying by degree. It is one of the goals of studying Esoterics to lead all individuals to The Path toward higher spiritual evolution, understanding and self-realization.

One of the basic Theorems of Theosophy is that everything is part of a thing bigger than itself, except the last thing in the series, the Sea of Love. It is also a fundamental Precept in Buddhism that everything has a Lotus Nature and those Entities that are of the highest nature also have the Buddha Nature within them. This was Siddhartha Gautama's great discovery, that man, of all the animals on earth, he alone possessed Buddha Nature. He said that this was man's greatest possession (circa 500 B.C.).

Can the Theosophical Theorem and the Buddhist Precept be welded into a single fundamental principle? Can they both be true at the one and same time? Can we say that everything has a Lotus Nature and each Lotus is part of a larger Lotus? This is really a plausible conclusion so let us assume that the Ankh is a lotus and see if we can determine it's parts and how it is put together. This may lead us to a general conclusion about the structure of a lotus, be it plant, animal, or whatever.

First of all, we know that the Ankh began with the Seven Energy Rays, this was our starting point. Secondly, we see that the Ankh has four bodily parts; head, arms, upper body, and lower body. Thirdly it has an additional set of parts in the form of a five-pointed star and central four-petaled lotus. This is an "add-on" feature which we shall call a constant. The technical term is "constant of integration" or

the constant formed by the adding together of it's members in a special manner. The term will be familiar to calculus students, others may take my word for it.

Listing these parts in their order of appearance in the Ankh, we have: (1) Energy in the form of Rays, (2) Petals in the form of Parts, and (3) a Constant in the form of a central star. Therefore, it is but a further simple step to write out an equation for the lotus:

$$\text{Lotus} = \text{Energy} + \text{Petals} + \text{Constant}$$

This equation, for all of it's simplicity, is one of the most profound in all of Metaphysics. It is one of the Master Equations.

We can determine a symbolic number for the Ankh by adding up the number of it's parts. There are the Seven Energy Rays, there are the four bodily parts (Gamma division), and there is the constant having two parts ( the star plus the four-petaled lotus). It is not unusual for one lotus to be a part of a larger lotus, in fact, as stated previously, this is the rule rather than the exception. The combined principle at work.

Substituting values in the Lotus Equation, we get:

$$\begin{aligned} \text{Lotus number of Ankh} &= 7 + 4 + 2 \\ &= 9 + 4 \\ &= 13 \end{aligned}$$

Notice the appearance again of the numbers nine and four. Let us now apply this simple equation to ourselves as humans:

$$\begin{aligned} \text{Lotus number (human)} &= 7 + 12 + 2 \\ &= 21 \end{aligned}$$

Here the 7 represents the Seven Energy Centers (chakras) formed by the Seven Rays, the 12 Petals are the primary bodily Parts, namely: (12) the Triple Warmer (Godhead), (11) Circulatory System, (10) Kidney, (9) Bladder, (8) Small Intestine, (7) Heart, (6) Spleen, (5) Stomach, (4) Large Intestine, (3) Lungs, (2) Liver, and (1) Gallbladder. The number preceding the part denotes it's rank as previously mentioned.

The number 2 denotes the Constant, and divides into (2) the Sex of the person, and (1) the Personality or Special Quality.

The numbers 7 and 2 appear to be in all lotuses, hence the importance of the number 9. Curious botanists and garden buffs can now further amuse themselves by counting the petals on their favorite flowers and plants.

Before we examine the Solar System as a lotus, let us look at ourselves in terms of the doctrine that says that everything is part of a thing that is bigger than itself. I will explain this doctrine more fully.

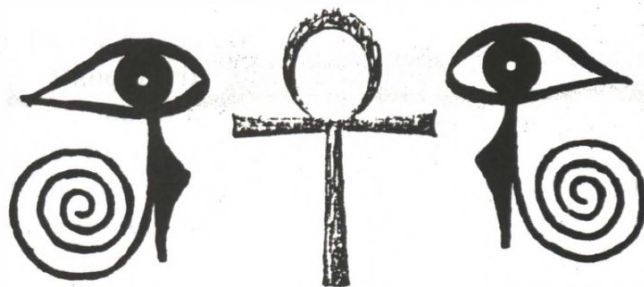

My bodily organs are part of me, but I am bigger than any of them. I am part of my family but my family is bigger than me. My family is part of the local community but the community is bigger than my family. My community is part of our nation but our nation is the bigger. Our nation is part of the world, etc. Our world is part of the Solar System. The Solar System is part of the Milky Way Galaxy, and so on and so forth, until we arrive at the Sea of Love which contains all. This Theorem has limits at both ends, the greater and the lesser, but that discussion is beyond this paper. I am concerned with Man's relation to the Sun.

Since this doctrine or theorem seems to hold true, it would seem that the next thing larger than the Earth would be the Solar System and that the Earth is part of this system of which the Sun is the central member. Let us look at that System from the viewpoint that it is in fact a Lotus. It's equation would then be:

$$\text{Lotus number (Solar)} = 7 + 12 + 2$$

This equation may not be obvious to some readers but it can be assumed and we can see where it will lead us on the basis of known astronomical facts.

FANTASTIC FLORIDA!

by Joan O'Connell

LIKE A STORY WITH NO ENDING ... .. That is the 'story' about the most recent reports of UFO phenomenon here in Florida. I could start back in 1965 with the Brooksville Landings and the contact that was made then with John Reeves. But I won't. I could relate the very weird BIGFoot reports (with low level UFO reports) in the Venice area in 1975 in which 'BigFoot' was seen to bite the heads off duck and chickens -- drain them of all blood, and fling the bodies in the corner. But I won't. I could tell you about the trials and tribulations of discovering an Atlantean artifact off the coast of Ft. Lauderdale, or the bitterness surrounding the finding of the now 'famous' Pyramid in the Triangle -- OR even the pitfalls of investigating the Triangle alone! However, the story I will tell you really begins late in 1975, in an area in north Florida near the Ocala National Forest.

First we got reports of an immense UFO that was spotted flying very low over three counties -- all duly being chased by a variety of law officers, local, county and state. We sent our investigators up there, and then went up there ourselves because in the meantime we got in a clipping that said a Loch Ness-type 'monster' was seen floating up the St. John's River in the thick of all the UFO reports! "It was the pink color of boiled shrimp, etc". Great! We had all the classic ingredients for a Fortean holiday! We discovered that the huge, dome-shaped UFO had apparently made a stop-over at a place named Salt Springs, where it was seen by several people giving off a strong beam of light, and angel hair, and leaving a burned patch. This attracted a great deal of attention from Dr. Hynek and a film crew from CBS! However, in the haste to get to Hastings where all this was seen, many other researchers failed to notice that while all the so-called UFO reports were in the NORTH part of Florida - SOUTH Florida was again teeming with the Bigfoot cases! This all amounts up to a good case of Keelian 'diversion'. How true.

This was in December, 1975. Again in the same time frame in 1976 and in 1977 we picked up numerous UFO reports in the same areas. But they outdid themselves in May, 1978. Mother's Day, to be exact! This time they were playing games on radar while flying over the Navy's electronic warfare center in the heart of the Ocala Forrest.

They were seen cavorting around - hair-pin turns, flashing lights, and all before an astonished audience of military personnel! There was also an unconfirmed radio report that the saucers were 'shot at' and that movie film was obtained! I find that the most astonishing feature in this case is the ease in which the information became known - instant access to radio, press, etc. AND a personal interview by Lt. Comdr. John Sullivan. Strange! The whole affair strikes me as a PR plug for SOMEONE. Such a stage show hasn't been put on since a huge formation of UFOS flew over the Vatican in broad daylight! OK, Fellows, we now know you are here -- what do you want us to do about it?

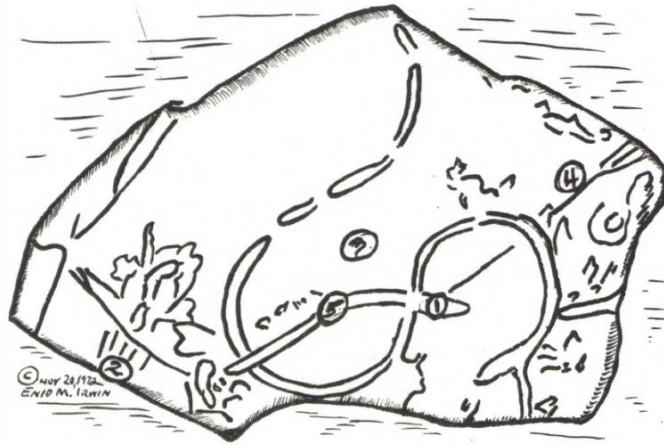

AND -- just to be SURE that all dumb investigators like us were VERY interested in what was going on in the Ocala National Forest -- they sent in their best front man, their most lively of appearing/disappearing apparitions -- BIGFOOT! Grab this headline: "HUGE BIGFOOT MONSTER TERRORIZES MINISTER". Now, I ask you, could any self respecting investigator let THIS go by? Quote: A respectable, 67 year old Baptist minister reports seeing a hairy, smelly 8 ft. tall creature resembling the infamous Bigfoot monster in Florida's Ocala National Forest. "It was standing upright, in the middle of some bushes. The sapsucker was at least 7½, maybe 8 feet tall," the Rev. S.L. Whatley told reporters. ... "It had dar, lighter than black hair on its head and chest, and none on its face. It had a kind of flat face, a flat nose, and its eyes were sunk in its sockets..." Other accounts of this case had the "Smelly Sapsucker" disappearing in front of the astounded minister.

During the original investigation of the UFO/Loch Nessie reports in 1975 we came across a fascinating piece of data: some people out in the Ocala Forest near the landing site (Salt Springs) were out in a truck, with a CB radio, looking for some lost hunting dogs. They spotted an immense dome-shaped object hovering over a power line. Their radio came forth with this message: "CONTACT HAS BEEN MADE. THE SERPENT IS IN THE GRASS". Please keep it in mind that where the UFOS were having a ball just a few weeks ago - is the same area where it has been seen off and on since 1975 - and again in 1978, we found rumors of an alleged 'landing' in the Salt Springs location. Burned areas, etc.

All of this wonderful Bigfoot/Nessie/Ufo/monster activity is probably designed, and staged, so that all of us BigTime UFO Investigators could be counted upon to dash up there within minutes of hearing about it -- spend weeks and months poring over the same reports -- MEANWHILE back somewhere else they REALLY WERE doing something! That they did not want us running around in... OR hearing about. Period. Now, all we have to do is to figure out what REALLY happened -- WHERE!

PICTURE RECORD OF LEMURIA  
FROM INDIANA

by Dr. Ronald P. Anjard

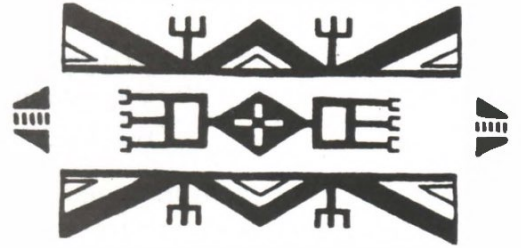

In may '72, a very unusual artifact was found in a cornfield in northern Indiana. This is one of may Picture Records which tell the story of man's early existance. The owner of the copyright, Mrs. E.M. Irwin, has given special permission to share this with you.

A copy of the Picture Rock is provided. Main points are marked for your convenience. One translation from an expert associate reads: (1) An ancient Prophet-Teacher. (2) A flower grown from a seedling represents man of earth. (3) The form of the womb as formed by the body of the serpent is a symbol meaning a messenger of God. (4) The head and tongue of the serpent means it speaks and (5) is the sign for directed attention meaning we are being cared for by the teacher. The rock is flat and is made in the shape of the continent of Lemuria, (MU) which has been theorized sunken in the Pacific Ocean.

This rock, five inches by eight inches, has a very smooth surface with the Picture; the reverse appears to be a very fine sandstone. The picture side appears to have been made while in a plastic state as there are sections which appeared to have been raised.

The owner offers the following translation: "I am a subject of MU at a time when the Eastern portion has gone down and the West is still up." Picture Rocks, such as this Indiana artifact, can lead to important understanding of our heritage. This can help rewrite history.

A SPECIAL AMERICAN VISITOR:  
TEACHER, HEALER & PROPHET.  
by Dr. Ron Anjard

I have some very unusual information to share with you. But first I must give you a little background. For many years I have researched the philosophy, science, medicine, metallurgy and other aspects of ancient American civilizations. Of special interest have been the Mayan, Inca, Hopi in particular and the American Indians in general. They had, in many ways, advanced to the same point as their counterparts in Europe. And like Europe much understanding has been lost through wars, ignorance, and lack of respect. In my search I have found a resource based on twenty-five years of detailed study which may be of unique interest. I've tried to condense and reorganize its concepts.

Throughout the Americas - North, Central and South - and even in Polynesia, there are many ancient legends written down, told in story or shared in chants. They describe a great Teacher, a great Healer, a great Prophet who visited and lived with them about two thousand years ago. The Teacher taught of One Great Spirit who rules all men - of One God who ruled the heavens. He continually taught love and peace. He stopped wars and slavery in many areas (including the Toltecs of Mexico). He brought the Iroquois together as a nation. The Dakotas lived in peace for centuries after his leaving.

As a Healer, he helped all he met or who were brought to him from Peru to Canada. He has been quoted in one of the legends as being about "His Father's Business" and according to the Seri of the rugged California Baja, he said "In my Father's land, there are many lodges." In all the areas he stayed -- in the U.S.A., Central American and South America -- he left behind trained disciples - twelve in number - and a special leader. He used a ritual of ordination which included laying on of hands. He was known a Prophet because he not only predicted the bloody sacrificial Aztecs but repeatedly predicted the arrival of the white man. This was over one thousand years before Columbus. In one legend, he predicted the arrival of three ships flying like birds and their symbol would be a giant cross. These men in metal garmets would carry rods which spake with thunder and kill at a distance. His predictions of the arrival of white men with beards are very clear from Georgia to Pennsylvania, Michigan, Oklahoma, Wyoming, to even Washington.

In Mesoamerica, the great Toltec calendar prepared by him predicted the exact year of Cortez' arrival fifteen hundred years later. Montezuma, so afraid of his legend, had the calendar stone transformed into the "famous" Aztec Calendar stone by deliberately deleting the arrival date. The Prophet, at Quetzal-Coatl, said that these bearded strangers, although they will speak my precepts, would actually be children of war and will seek only the "Golden Metal".

Some of his other special attributes were quieting storms and walking on water (in Yucatan and Peru). The well formed when he thrust his staff in a lava bed to quench a starving city in Peru has been sacred ever since. Incidentally, he often used time based on Venus just as the Indians in the Southwest did in their Kivas.

According to every legend, including the Polynesians, Mayans, Itzas, Dakotas, Cherokees, Creeks, Hopi, Algonquin, Incas, the Healer -- the Prophet -- was a white man with long golden-brown hair which touched his shoulders, he wore a beard, always wore a white toga tied with a sash and sandals. He was such a healer that his sandals, when left behind, continued to heal. According to Yaqui, the people embroidered his symbol, the cross, on the hem of his toga. The Cherokee, Creeks and others still include one of his symbols in their woven baskets. In most areas the Giant Cross was his symbol and that of the Great Spirit. Even cities were laid out using the Cross pattern. The conquering conquistadores were confused when they found various statues, even on top of pyramids, of a bearded man with outstretched arms in clothes of biblical times.

We have discussed the cross as his symbol. According to the legends his hands -- in the palms -- showed the pattern of a cross. True! Most of the American Indians have long used the hand symbol to "denote supplication to the Great Spirit" for a great strength and power. Yes, the symbol of the pierced hand was one of the signs of the Prophet throughout the Americas. In Oklahoma, one can often find a cross on the palm pattern used on pottery. In Yucatan with the Itzas, he left his symbol -- the Hand Kabul - imprinted in an altar of granite. The Chippewa in Michigan have shared that the "traditional" Indian sign of greeting by raising the hand up was his "peace sign". They say he came over 1000 years ago before the Black Robes.

Now - a seeming switch. The Healer let the people name him wherever he went. He never suggested a name. The Papago named him E=see-cotl. (TL means Lord). The Algonquin used Ee-see-co-tl or Eme-she-to-tl. His Choctah name was Ee-ssee-nee. Other names and these would seem to sound like "Essene".

In Washington state a mountain was named after him, Tacoma. When asked by the Navaho for the name of the "One God" he gave "Yeh-ho-vah". True! Sounds Biblical? (When a Choctah was shown a picture of Osiris of Egypt, he described him as the "death god" and called him E-See-rees. Amazing! Shows evidence of "Biblical" contact also).

When asked about his birth, he said he was born where all men were like him. He was born to a virgin and there was a bright star and winged singing beings in the sky. He told of a man in his land who healed and taught and loved the people. In turn he was beloved by the people but incurred the jealousy and the anger of the priesthood. He was given a trial but the judge could find no wrong. His enemies forced him to be nailed to a cross between two thieves on a hilltop. When the soldiers saw the man was apparently lifeless, they brought him down. He was given to another who put him in a tomb with a large rock door. When women came they found the tomb empty. Amazing? Wait! It was in the Bay of Paracas, Peru, when the Healer shared this information with the people. They saw the shadow of three crosses on the hills behind him while he was speaking and still even later. So stonemasons carved these crosses deep into the hillside so that their children would always remember. He did not go through the Americas without trials. In several cities the leaders or priests were afraid of him and planned to eliminate him. But he was never harmed by them. He finally, according to the legends, left from famous Cosumel Island, Yucatan, in a ship from his own land to his home in the East.

Maybe it is because of my long term interest in the philosophy, mysticism, astronomy, pyramids, kivas, etc. that caused me to be truly affected by L. Taylor Hansen's "He Walked the Americas" (Amherst Press-'63). For so long I saw major similarities in many concepts and did feel that there had to be a direct tie between them.

Many, including this author, have written about the visitation and colonization of the Americas one thousand years B.C. We know the Phoenicians, Egyptians, Libyans, Celts, Iberians, Romans and Jews left their marks in the New World in many forms such as carvings, science, and even language. Hansen's 25 years of research presents a plausible solution to difficult yet important questions... ..

## INTERNATIONAL UFO UPDATE

ARGENTINA: (Source: La Nacion - 2/15/78) RIO de JANEIRO - The morning newspaper "ULTIMA HORA" states in an article that on July 16, 1975, a flying saucer appeared over the Alegrete military barracks, in southern Brazil, and that a soldier who fired on it was "Shot" in the leg which later had to be amputated. This story was told by Paulo Pacheoc, a resident of the town of Alegrete, who at that time was doing his military service... The point at issue took place at 13:45 hours, near the barracks of the 6th Regiment of Armoured Cavalry. According to the story, the soldier fired his automatic rifle several times in the direction of the flying saucer, which answered by firing two diminutive projectiles which the soldier received in his left leg. As a consequence of this the leg was later amputated. After the soldier fell, his weapon as well as his watch, belt, and other metallic objects, were thrown for a distance by a strange light beam which came from the unidentified flying object.

UFOS ARE LANDING TOP SPOTTERS IN HOSPITAL! - (Source: Sun Newspaper - London, England. 2/23/78) -- Close encounters with flying saucers should be avoided at all costs, an expert warned yesterday. He claimed that 10 top spotters -- including himself -- landed in the hospital with nervous breakdowns after sighting UFOs. And the expert, writer, Ken Rogers, 38, blamed the alien spacecraft. Mr. Rogers, Of Belsize Square, Hampstead, North London, has quit the chairmanship of the British UFO Society and burned all his files since his illness last year. He said yesterday: "I even know of people who had no previous interest in the subject but suffered mental stress after sighting a UFO."

"I WAS GRABBED BY A UFO" - (Source: Dublin Evening Press, Ire. 2/14/78) - A terrified housewife who believes she was kidnapped by creatures made her amazing story public... She claims she was snatched from her back garden by the crew of an alien craft and was later returned... "I was in my garden hanging out washing. I became aware of a blue light whirling towards me from the north. The light hovered over her, ... I was petrified. I dropped the washing. Then I was completely enveloped in bubbles of light. I saw three beings which looked like men. They did not speak. They were about five feet tall, wearing bluish metallic-like clothing. They grasped me by the arms and we were lifted up a beam of light into a kind of room. There were more of the men there. I was given the impression, I don't know how, that I would come to no harm. A little later, I found myself back on my lawn, I felt a sharp blow on the back of my neck. I was stunned but not hurt. When I looked around the thing set off at great speed and disappeared."...

NEVADA UPDATE : "THE SAGEBRUSH TRIANGLE"

BY Joan O'Connell

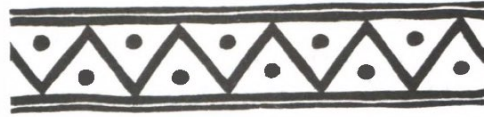

What caused three airplanes and one helicopter to crash in the same area in the space of one week? That's the question confronting both military and civilian aviation disaster investigators... Four men are dead, five were injured, one is still missing and one man survived the ordeal by hiking through mountainous terrain for two days before being found by searchers. The helicopter, two military planes and a private plane all crashed within 10 miles of one another within a five day period. (Source: Las Vegas Sun -2/10/78) These planes were from Nellis.

WHATEVER has been operating in, around, and over the new Triangle area has still been active in Nevada since the original reports became known. While February was the 'crash' month, March gave us some more insights into the Nevada mystery. In a clipping from the St. Petersburg Times, dated March 30, 1978 we pick up this unfortunate report: A fighter pilot, blinded when his F5E fighter lost its canopy at 20,000 feet, was guided to a safe landing by a pilot flying next to him, this was during a mock dogfight over the Gulf of Mexico. There have been 11 deaths in 14 aircraft crashes since the training mission called Red Flag started in December 1975, and the deaths included four pilots from Eglin, two in September and another two last month. THOSE ACCIDENTS OCCURRED AT THE NELLIS BASE IN NEVADA. (Caps mine-JOC) Nevada again.

According to stories published by MODERN PEOPLE (1/8/78) UFOs are now "snooping" around top US Government installations in the Nevada desert, drawn there by three recent underground nuclear tests, and two saucers played hide and seek with a number of Las Vegas residents and another motorist, boldly following them on the highway. There have been many recent UFO reports from Nevada and a well publicized contact was made by a country and western singer who was also waylaid on the highway.

The most recent of crashes to occur in Nevada took place in the now in-famous Sagebrush Triangle area. Headline: (Dated May 13, 1978) UPI. Las Vegas - Military officials Friday refused to confirm reports that a super-secret, high-altitude spy plane crashed recently at a southern Nevada test site. They said they was a plane crash. That was all. The crash at the Nellis Range last week was believed to have involved an aircraft under development to succeed the U2 and SR71. The area has been closed to the public as a weapons testing site since 1941... There have been unconfirmed reports a new US spy plane was being tested at a secret Defense Department installation within the 8 million acre Nellis Range Complex. (Source: St. Petersburg Times)

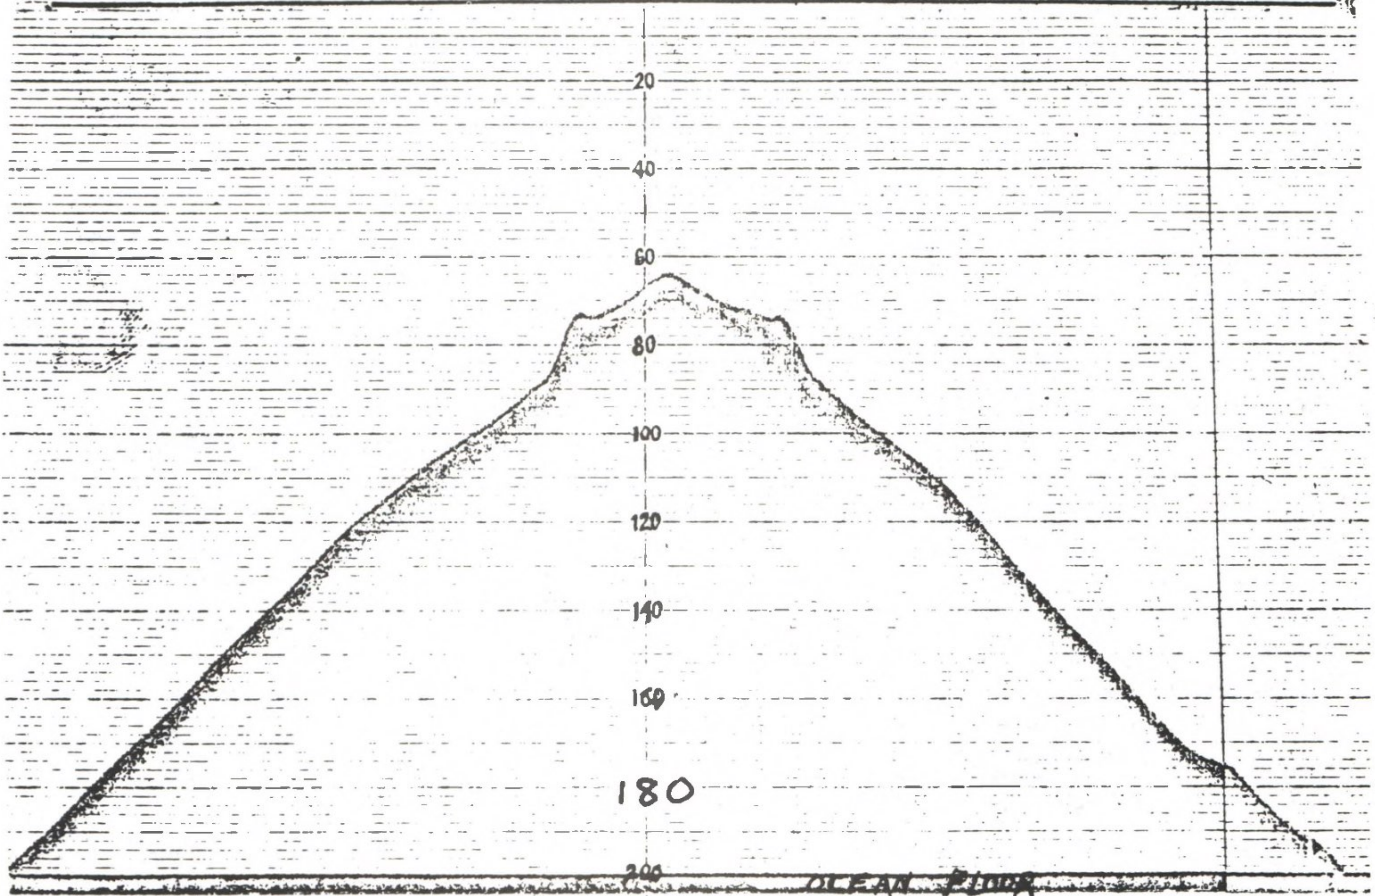

A new "Triangle"? An OLD 'Triangle'? SOMETHING is obviously there!

Below is our now famous photo of the sonar depth chart that we first printed in the March, 1977 issue, and have subsequently sold out! As previously stated, we had this in our physical possession in December, 1976 and George Van Tassel printed it before we did!! This 'Pyramid in the Triangle' has caused so much controversy as to who found it when, etc. that we want it on record when WE printed it! And - that is all I am sure of!

Throughout the northern hemisphere, farmers, government officials and climatologists had something new to wonder about last week: it was raining, raining pretty much everywhere. In quick succession three storms ended a drought in the Northwest, breaking all time records. For example, Pendleton, Or., normally has three-tenths of an inch of rain in August; last week it had nearly two inches. In the Midwest, it was a strange week for the "dog days" of August. They were bailing out in Minneapolis, which had seven inches of rain in about 3 hours. Des Moines had a record rainfall. It was generally soggy in England. There was flooding in France. In Lugano, Switzerland, it rained for a day and a half, accumulating a total of about 10 inches. In the traditional farming areas of western Russia, it continued to be wet and unusually cold. Further east, in the "New Lands" area, heavy rains were beating down the crops, giving farmers major problems in harvesting. There was some flooding in northern India. In China's northern plains, the rainfall was twice the normal amount.

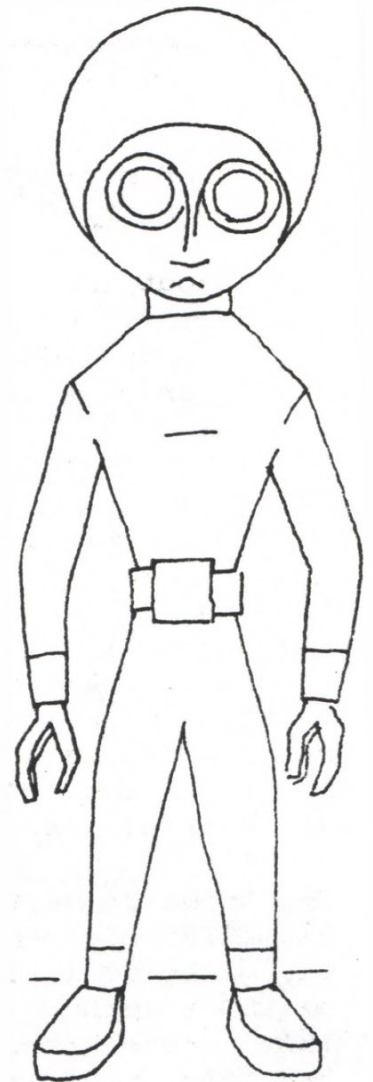

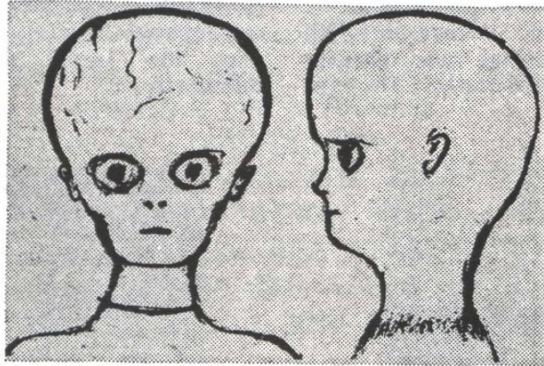

The Commerce Department's Environmental Data Service, which collected all this information, does not know quite what to make of it. "For the globe as a whole, this is quite unusual," says Malcolm Reid, head of EDS's section which analyzes climatic information... The picture that emerged from this study is that the weather between about 1900 and 1950, the weather many Americans have come to consider as normal, was decidedly not normal... Around 1940 a cooling trend set in, increasing polar ice formations and dropping temperatures slightly around the world. Reid A. Bryson, a University of Wisconsin climatologist, proclaimed three years ago that the changes meant we were on the brink of a new ice age. A British television documentary called the "Weather Machine" went a step further, suggesting that one day it would start snowing and just never stop, something the program referred to as a "snow Blitz"... Then the winter of 1977 arrived... Many people became believers in the impending New Ice Age theory last winter, but according to Reid and other EDS climatologists, that is not necessarily going to be the case... The studies show that carbon dioxide is accumulating in the upper atmosphere. There is now at least 13 percent more carbon dioxide in the air than there was 100 years ago... Using elaborate models of the earth's atmosphere (computers), the NAS concluded that the effect could raise average world temperatures by as much as 10 degrees or more. That would melt polar ice, raising the world's oceans by more than three feet. According to the NAS study the warming would trigger major disruptions and dislocations in food supplies...

THE LOVERS OF SUMPA

Like that utility that boasts "Dig we must", a 32 year old Fordham archeology professor is similarly obsessed - and her latest find unearthed the mores of amour in South America. Her find was the skeletal remains of the "Lovers of Sumpa", entwined around each other in a burial pit estimated to be 8,000 years old. "They seem to be hugging," said Prof. Karen Stothert, who unearthed the remains in Ecuador. "It's some sort of protective posture. I wouldn't be surprised if violence was involved."

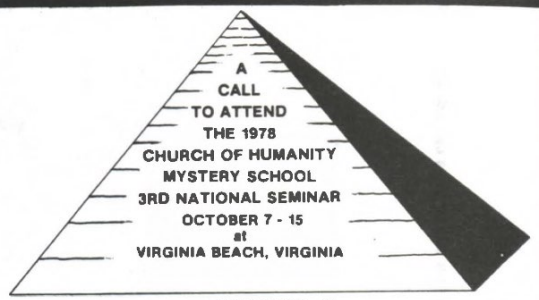

Preliminary analysis indicates that one skeleton is that of a man - shielding his lover, from the heavy stones placed on their bodies, Stothert said. "They were buried together and have been hugging for 8,000 years," she said. For all those years they remained buried in the hot sand in what was once a community 80 miles west of Guayaquil. "The stones were placed very strategically -- on her chest, on both their pelvises and his legs." "I don't actually think they were used to kill them, but to hold them down or to keep out the evil spirits." ... "It's unique," Stothers said of the find. But the way the lovers were buried "is a different pattern". "They weren't killed where they were found. A large pit was dug and the lovers were moved into the cemetery and arranged in this fashion." The site contains the oldest ruins in Ecuador. "I've excavated 50 other burials and these are the first people that have been buried with stones. They were found in the same site with a lot of other burials, but the others were alone. Stothert has been digging in Ecuador since 1970 and she said that she has never seen a burial "quite so dramatic" as the "Lovers of Sumpa". On the central coast of Peru, however, she has unearthed other remains of couples buried together... (Date: 2/19/78) ... ..
