An enemy, like a snake, will usually be safe from injuring you or your cause if left alone or at a safe distance. To love an enemy is to ignore and forget that he exists at all.

We never regret our small beginnings; somehow they become a thing of credit and honor when the day of greater things arrive; but, oh, how it hurts to begin on high and land way down below.

Never sell your talents for less than normal value; seek no man's hurt by entering in competition where worth is might, and doing for less than rightful recompense undoes a brother man.

If you have that which is good and proved to be good for self and other selves, let it be known; pound away until it is recognized; keep pounding away until ALL shall see, hear and know it.

Be on the square with self first; size up thine own manhood and see that all is on the square with thine own self, then, go ahead; you will usually, thereafter, be on the square with all associates.

When we were children all was trust in father and mother's care, now that we are older grown, why not it be trust in the higher nature of ourselves? The Spirit Divine illumines if we but trust and know.

"Anything goes in business," has ruined many a prospectively great business man. Character is more of worth in the end than questionable business methods; all is not money that, at first, piles up in Gold.

God gives us the Talents, the Capacity and the Spirit, but man must take these and finding the material, in the rough, proceed to make the best of everything for self and all that associates or association may bring him. Man is most assuredly the promoter of his own salvation.

Build your business or profession as you would a mighty and strong building, on a firm foundation, would you see it stand the stress of trying times. Who builds for territory and customers on merit seldom fails.

The hardest work any man may enter is that of true Psychic, Mystic and Occult; there can be no fool's play in such a Profession; it embodies ALL that Higher Brain, Nerve and Functional Energies can mean.

Who spends much time in striving to undo fellowman seldom finds time to uplift or benefit self; my energies are my own but their expression belongs to all that is or may be of my fullest environmental surroundings.

Who comes from afar wait till he proves his Gifts ere being in haste to bite at his bait; newspapers have much space for sale and it's all right for the user thereof; but wait, and see, and know of the works, is the wiser way.

Tom Thumb was a little mite, but oh, how the world wielded to him the Master's encomium. Not in the size of things or forms lies the greatest power for good, but rather in the Spirit of the thing or form is true might.

Wash day comes to every well regulated household; so does clearing up day come to all thriving business houses. Balancing of accounts should be regularly adhered to for real thrift and success. Taking stock is useful both as to trade and talents.

Never mistake the trivial for that which is simple; Truth is ever simple while the trivial may be clothed in highest caste and smell of University's learned and Philosophic theorizing. How often admired is some dear old Granny in her simple modes and ways; she knows but Truth, and what to us seemeth simple, clothes all she does in charity and strength of innate innocence.

If you would know mankind get your mirror and study the features there.

A little place crowded with customers often misleads us to move to a larger place which seldom wins; stick to the crowded place; people like to go where the crowd and the cramp is; a restaurant where we have to stand and wait for sitting room always wins.

Seconds become minutes, minutes become hours and hours days, weeks months and years the latter to become eternity; waste not these jewels of time, for to each moment is allotted its degree of perfecting the whole of your own Immortal Being's final expression.

Who impoverishes the land of his citizenship in the least adds that mite to his own after impoverishment; it matters not how small the sum we add or take from those about us, spiritually, socially or financially, even so, is it added or taken from our own account.

First find your own likings or desire as to vocation that you would fill, then, size up the field of operations, and if there is a demand for such service sail in and stay with it until Success crowns your efforts. All success comes by slow Process and all wealth by slow degrees.

Doubt, lack of trust and short in self or human confidence are real impediments to progress; stop and remove these rocks upon the way; it will pay you; it is never a waste of time; it reserves after energy and overcomes possibilities of sad defeat. Sickness is of the same category.

Spirituality means simply becoming that which is natural, the most natural thing in all the Universe; the taking in the great ONE LIFE as of the ONE GREAT INDWELLING LOVE as given forth from the ONE SUPREME SOURCE OF BEING; the very simple fact of imitating Nature the profoundest expression of the Innate Spiritual.

Who knows you not in adversity is seldom worth your while in time of prosperity. Friendship knows but one thing and that is yourself, whether it be in others or in your own personality; it delves beneath mere appearances; it is that which knows the soul of things and beings.

If things are not what you would they should be, then set to work to find out the trouble and having found it remove it; trust the soul of you more and expect constant increase in capacity and ability to overcome defects or troubles about or in you, and usually, good results will follow.

Beware of the letter writer and also of letter writing; it is the means whereby many a happy lot is ruined; it may involve but two, yet it may go so far as to involve the many. If write you must, so word your letter that all the world may read, and reading find naught but truth and wisdom therein.

When you hear of the great and good in any profession and KNOW of their WORK as GOOD and GREAT, seek such ones out; never mind their personality; it's the GOOD you want which lies deeply within the soul of them and not the outside appearances as made up of the form of the man.

A laugh or even a smiling face has turned many a possible evening of discomfort to one of joy and good will; it's the sunny face that keeps the wrong vibrations out of most social gatherings; such a knack and tact has won fame for more than one in this world of trifling matters leading to ill or good.

You rob mankind when Healing Gifts are yours, if you sneak off and hide them, or tie your Talents up and bury them; these Gifts come to few; they ARE GIVEN TO BUT FEW in order that NONE may ABUSE them; beware of wrong interpretations of these MIGHTY RARELY-FOUND GIFTS.

When an engineer discovers a rock upon the track, while running his engine, he puts on brakes, reverses his engine, stops until the impediment is removed and thus he saves precious lives as well as himself, train and crew; even so should we each do when we find impediments upon life's busy way; it pays to stop and remove impediments ere going on.

In order to alter circumstances we must be able of true ability to overcome and defeat Fate; it is done by the gifted and it is the result of creative ability. Fear nothing greater than your own inability or incapacity; you are the Master at the helm; see that the ship runs true to its course; if unable to do so, get the assistance of a Master who can do so for you.

I rise to-day, now, to greater things and become larger day by day in my aspirations and hopes; the more perfectly I do my work to-day and now, the greater my unfoldment for the immediate following endeavor; I am now increase of power in all I do or undertake and this increase of power is my proper measure of increase of value and worth in all that I need or require.

A little capital with self-confidence and vim and pluck, along with perseverance, has made many an after millionaire. Opportunity is oftener the recognition of one's own ability and capacity to shape ends to meet demands and to suit circumstances; some people would starve to death in the midst of abundance for sheer lack of self-reliance, vim and persevering pluck.

Awaken the strings of inner being; arouse the chords of the soul; bring forth the infinite vibrations of all that's Peace and Calm within; unite these blessings from the within with well trained Talents without, and there you have the secret of the Most High revealed and made manifest within and of and for you.

A lamp with a clean chimney is worth a thousand lamps with smoky globes; the difference is very marked in the humor of the parties to the light; even so is a mind, clear and clean and sweet, expressive of love and light, worth a thousand dull, dim, whining minds expressive of grim despair or faulty mood. It's the LIGHT that TALKS everywhere.

A cat or a dog can whine and cry or yowl and howl, but he, she, or it, gets a kick for its persevering disturbances. A man or a woman may whine, bawl or scold and do this a life through, yet they think it's something terrific if even shunned by their more humane and sunny dispositioned kind. In both instances the offense is the same, the creation of distemper, discord and unsettled nerves and mind; it's a disease that should be early cured.

Occultism is not Black Art, neither is it Second Sight or Clairvoyance; it is the power to utilize the Silent, the Hidden Energies, the Invisible actually expressive, in and through all that is, properly channeled to be effective in man's affairs. It takes a Revealer, a LIFE REVEALER, to be a genuine Occult, and he is also a genuine Mystic. Hypnotism is nothing as compared with this Mighty Power for Good; it cannot be for ill, if really Occultism.

Some one knocks. Oh, who may it be? 'Tis a stranger to "The Immanence of God" and His Process to set us free. Bid him enter while the day is yet on; let no delay be permitted on this bright dawn; the night is near and the storm draws closer as the hours pass into measureless time; waste, then, not a moment's precious opportunity, for a soul raps at the portals there; bid him in, now is the HOUR OF SALVATION AND HEALTH TO HIM.

Give a man a Cigarette, heavy beauty horns completely obscuring his partially developed frontal head, and a giggling girl or two, and the monkey family cer-

tainly, are completely knocked out as to human antics. Of course, we never expect respect or money or any other respectable qualification from these by-products of civilization; they sprang up from—well, what matters it. They are useless to themselves, a curse to civilization and a blasphemy to the Almighty.

All people who attended our Circles from March to July this year will kindly rise up and take notice; every storm wave was correctly foretold; the days, from July first to July seventh in particular. We emphatically instructed our people if traveling to take lunches for fear of delays by washouts, etc., and still there are other dates already given, each and every one of which will prove right up to date revelations. No other Worker in the world has done so well, and yet we are but a child in the work.

In the Grand Body of the Universe may be both harmony and chaos; Spirit of Love purifies all in the final consummation of Divine Purpose; but Spirit, being the illumining life principle at work in all and through all, in the Grand Body, does not of necessity guarantee that all is NOW SPIRIT IN TRUTH. To say ALL IS SPIRIT, is but to state a half Truth, for were ALL Spirit, in fact, in the Grand Body, there could, then, be no imperfect parts or sick or chaotic conditions.

Tangled, troubled minds should never be permitted to issue thoughts so as to become Auto-Suggestive influences within the precincts of the finer and higher Mind or Nature; it's best when troubled to stop thinking as nearly as possible and turn the mind, Objective, to some familiar tune or song, or any pleasantry, or take a stroll among pleasant scenes; this will save after serious disturbed conditions, physically and mentally and perhaps, even, spiritually. Too often we have built as we have formerly thought, and that, too, to discords.

Raise the curtains to the windows of your intellect if you would behold the world's might and grandeur; lift up the shutters to your soul if you would see the Infinite Calm, beauty and Life of Love in all its magnitude and might of possibility. Be not deceived if you will remain shut up within narrow confines, keeping the blinds of the windows of intellect and soul drawn down, there can be no extended view of the great and good come unto or into your selfhood. Blindness is often a self-imposed torment.

Some people go to the extreme of thinking that Faith without Works will bring great results; to have faith is an absolute essential to greater and greater rise of ability to do and perform great feats, in any thing; but some seem to think that any kind of effort, haphazard or otherwise, will do, provided they have faith; this is not the law, at all; we had better use more effort and lack faith than have all faith and use no effort; it's the effort with HOPE, or EXPENTANCY, of constant better and greater results that counts in all endeavor.

Spirit is the Light, Interpretation and Life of all that is; it is the means or process of evolution, revealing the how to and of everything; it permits the invisible to become the known; it is the lever of Mind, Love and Will, in all and in everything and everywhere; it makes known and reveals the Infinite and makes man capable of benefiting from all that is of the Infinite; without spirit in thought or word, there is no becoming of anything to such thought or word; it is the Spirit in the word that makes it the living thing, flesh or form.

Most assuredly the quality of anything is not improved by excesses; to run to excesses in love matters is to invite the penalty of death; it may be but the death of infatuation, or it may go so deep as to mean the demise of every vestige of true and pure affection, or it may result in disease or even death of the physical body. Beware of excesses in anything or any

phase of life's two-fold expression. The downward path is surely taken the moment excess or over indulgence takes the place of moderation or healthful use of God-given and intended blessings.

The Objective thought may become the inner subjective ideal or concept for use in the building of our bodies, and will do so unless through high soul attainment we are controlled, exclusively by the Innate Reason, that comes of the realms of Spirit or Infinite Intelligence; this latter can set aside Carnal or Objective Decree, simply by our giving it credence and conclusive obedience; it makes itself known by premonition, presentment or "The Still Little Voice" within the precincts of the finer and higher Nature or Mind, as of the Soul itself.

If we desire true greatness in ourselves, the royal way is to think great thoughts; live great lives; be noble, generous, magnanimous, whole souled beings in spirit and in truth; give unto others the right to Live, Move and have Being as best suits their own election and selection, so long as for the best good of the whole, as a community of interests. Be greatness in thought, act and deed and imbibe of the Spirit of greatness, is the law. Narrow minds can never be great neither broad and magnanimous; the limited can never encompass the limitless.

Billions, yea Trillions, of "I AMS" there are yet when searched to the final test, all resolve into ONE, GREAT, CALM, SWEET, VOICE, "I AM," which fills all space, all that space may seem to represent. This is Truth as revealed by many sittings by this editor and, Oh, what a magnificent scheme of at-one-ment of Souls, in the ONE GRAND OVER SOUL, and what a sublime Harmony Divine it bespeaks. How easy to HEAL ALL WE COME IN CONTACT WITH WHEN THIS LAW OF HARMONY IS RIGHTLY UNDERSTOOD.

How the glitter of promised gold misleads; one of the most brilliant writers of this age is making a fatal mistake; he possessed the world in his one brilliantly edited Magazine; he has been absorbed by a great Corporation; several Magazines are already afloat; the error is too apparent; too bad we cannot be content with the munificence owned and possessed in our own good way. Never permit Dollars to allure you nor larger undertakings to deceive and mislead you. Let well enough alone. Some men make tremendous hits in one mercantile house and then lose all by branching out into a dozen; it seldom wins and rarely pays; be wise in time, is our caution.

A listless way or manner of receiving and entertaining people will never win great favor with the masses; the good and accomplished man or woman of great repute is full of the spirit of animation and sends forth the spirit of interest and gladness, whether feeling so disposed or not. The good politician always and invariably and on all occasions takes delighted interest in the welfare of the entire family of the man he seeks as possible voter for himself and his party; it's the spirit with which one receives and entertains that talks. Be interested in others, their affairs, their likes and desires, even though it may require special effort, if you wish the favor and regards of those about you.

This is one of the primal keys to success in any life or business.

Trifles often enter into our thoughts so continuously as to beget in us the very spirit they represent. Little worries soon grow into big ones and tiny frettings grow, gradually, into mighty monsters; begin the habit of finding little faults with people about and soon all is faulty in them; permit yourself to scold daily and, ere long, it's almost impossible to cease the great impelling spirit of the scold. Teach yourself to think right, speak right, act right and talk good, be good and stay good if you would be glad

hearted, joy of spirit and a welcome guest and friend with any and all associates. Health is ruined more often by fretful and scolding spirit and thoughts than we think possible.

Do not long tarry in that which you do not understand or fail to see in the right light; do not stay in any profession or business too long, which you find you cannot possibly admire or enter into the spirit of with perfect congeniality and the deepest interest; to do so will only antagonize you and eventually undo you, mentally, physically and perhaps even spiritually. Antagonisms will eventually set up vibrations absolutely undoing and demagnetizing; get away from that which you find it impossible to affiliate with or enter into with the spirit of good will, joy or cheer; it will pay you well, in the end, and may save after harm to self and others. Of course, some people never are content at anything or happy in any position, business or place, such are of the abnormal and to such this does not apply; we advise this latter referred to type, to get a long course of good Metaphysical Treatment ere doing anything else.

We are not here to upset present matters but to gently lead out from mistaken premises and evolve from what is that which may be an improvement as to the after general welfare of the whole of society as against the classes or interests thereof. The Political Phase, we will therefore let alone until conditions warrant any reflections thereon.

Each branch of the Institutional unfolds along fixed lines and radical and revolutionary changes are not always the proper means of correction of any possibly existing partial evils. Conservative methods are the saner and, in the long run, the safer; it's too often the process that defeats both individual Attainment and Success and that of the people making up any particular phase of the Institutional; radical reforms are possible but Evolutionary Reformations are more apt to stick and finally win.

To eternally strive to be Spiritual is like constantly endeavoring to be overly nice and good; it's spoiled in the constant effort. Ease in the getting, the attaining and the becoming is of growth process and unfoldment unto final fulfillment; this is the only Law of becoming Spiritual and so-called Religious. Rules and man-made Creeds and Isms the oftener defeat a High Spirituality than make possible its attainment. "Lest ye BECOME as LITTLE CHILDREN ye shall in no wise ENTER the KINGDOM of Heaven," means open up your soul and take in the Spirit Divine and then let loose and become Spiritualized; hinder not Spiritual Growth by mental agony or mortal, carnally minded decrees. God's Spirit is free and begets Liberty and Freedom; it comes for the asking; no man or set of men can copyright its words or teachings; it is the ALL in ALL, the LIGHT of ALL WISDOM, LOVE AND WILL, in action as LIFE ETERNAL and ever continuous.

We greatly appreciate the courtesy extended by Señor Frederico W. Fernández, of Buenos Aires, Argentina, S. A., in the publication of our Map of Storm Zones and Earthquake Regions, covering the United States, Mexico, The Peninsular Districts, the Cuban Islands and ALL of South America; the same appeared in his splendid Magazine, "La Verdad," issue of May this year. Much of the marked area has already proved out as predicted by us and the Texas disturbance, as well as the Mexican Seismic disaster were exactly as indicated; while the remaining prophecies are extended over a time reaching up to January 17th, 1910, we feel that they will occur just about as indicated upon the map here referred to. Aside from this, the Map might become of immense Geological importance, as it indicates all the most dangerous Zones, those most likely to Seismic disturbances, and the general trend and direction of the Seismic movements. We surely appreciate the Señor's most kindly attention to our prophetic vision.

After all, joy is in the seeming and a good time in the viewpoint of him who enjoys. Whatever seemeth joy is what is sought and as the viewpoint taken, so must the seeming be. Deceiving one's self is the feature we should watch for and, noting the deception, hasten to correct our own view of things. A gay life with gay associates seldom proves lasting and rarely pays in after good. Sobriety in all things does not necessitate abstinence, but it's better to abstain than to overdo or do at the expense of one's greatest good. The spirit with which one does is the determining point. The Spirit of good never leads to abuse of one's selfhood nor to that which destroys health, business, position, name or fame. This determining of what kind of spirit moves one, is the secret to correct ethics and all that predetermines one's best good in life.

How strange things work; listen to this; we met a little boy on the west side of Denver; boy-like he ran up to us and joyfully exclaimed, "We have whiskey, beer and wine at our house now, since the saloons are closed, and mamma and papa and all of us drink it too; papa used to go to the saloon and we didn't have any; I'm glad the saloons are shut up." No wonder there was a consumption of some 800,000 barrels more of beer the past year than ever before in the United States, and some 200,000 barrels increase in the sale of high wines. We exchange the saloon for home consumption. Out at Evergreen, a little mountain town, where there was once a saloon, the consumption of all kinds of liquors the past year, since it went dry, is estimated to have increased nearly 400 gallons. We are going back to ye olden days when every household had its wine cellar, or barrel of liquor down cellar, and every meal saw it upon the table. You cannot legislate temperance into people; it must be a Spiritualizing, Overcoming Process or else it fails. Hate never did correct an evil.

Man cannot belie his Creator, neither can the Creator deny the created. The world was created for the continuance of Creative Process; man fails of his mission if he, as a factor of the One Great Oversoul, Mind and Spirit, utilizes not his powers of creativeness in the remodeling and remoulding of the Objective to suit his own aspirations, health and best good, while, at the same time conserving and persevering in the best good of the One Supreme Intelligence, Life and Love. The Aquarian Age Reveals God Manifest of His Spirit as Fulfilling His Own Designs and Purposes in Man, His Own Image. He requires that worshipful goodness alone of us which partakes of Confidence, Trust and Love in Obedience to the Spirit of Life, Love and Truth, which of Truth is our OWN ALL IN ALL AND PERFECTION IN SELF CONFIDENCE, SELF KNOWING AND SELF TRUST. A father admires Wisdom and Confidence in a son, so even does the ALL WISE ONE OF A UNIVERSE, likewise glory in the ATTAINMENTS of His OWN CREATIONS.

Many wish to be gifted Dramatic Play-rights; let us warn such aspirants; first place your staging; arrange the entire scenery and plant your scene; second, place each and every character upon the stage; third, arrange the acts to suit your staging and the placing of the characters, as the personels; become these arrangements, scenery, staging, personels and all; fourth, become the audience and, then, in the midst of your enthusiasm, write your play as if you were all that this entire statement of necessary and essential matter represents and you will have the right method, if not a sure success. The Novelist must create his scenes and characters and fit them into his story; the Dramatist must write his story from his already created scenes, staging, theatre premises, audience and characters, as in actual action before and of himself. This requires somewhat of prescience, prevision and Spirit of In-

spiration, as well as an accurate knowledge of men and events. People desire in the Drama a highly colored, yet rational and sensible, view of themselves in every day life. Tragedy must be softened with Love, poverty with riches and honor, and all life's ups and downs nicely blended to suit the ideal.

Yes, dear brother or sister, we can begin to set you free from disease, fear and tribulation, the moment you come and ask us to do so, because we know the Law and **BECOME IT IN ACTIVE SERVICE**; we know how to grapple with your infirmities, tie and bind them and then cast them out; we know, too, how to send forth and center Love's Healing Energies, as of Spirit Divine and then, letting loose, leave you free to go on and grow and thrive until, like the well pruned vine, you **BECOME** what we **MUST BE** in ourselves, Truth that sets free and guarantees **HEALTH** or whatever your demand might be.

We dare not fetter you with fear or doubt, disbelief or lack of Faith by having any such in our own make up; we dare not even obstruct Spirit by thinking disease in or out of you; we are the select agency, the station or better substation on the way for the continuity of His Will and Love and Purpose; the Process is Psychic and the **GIFT OF SPIRIT** actualized as Conscious Knowing that permits of its use and usefulness; it's worth Gold and Silver to you and hence, we are worth and earn what we ask for such well directed ardent service. You must grow even as the plant does to health.

A great Master or a Guru will form a domain as given him of the Infinite and nothing aside from those entering of free will, into his domain, becoming thereby of his domain, can partake of the Spiritual or Occult or Healing, or other Good, making up his Revelation. None can attract or detract from his Central Point of manifestation or rulership; he is of those energies and that Love and Life and illumination Divine, which is given

him of the Divine Spirit; he will extend his blessings to all who seek his domain; but all who enter must aid in the maintaining of the domain; each factor, therein, gives of what he may possess in exchange for what he lacks and may be had from out the ruling Provinces of the body politic, thereof; this accounts for the reasonableness of all Gifted People being protected in their own and of right receiving recompense for their services; without recompense there can be no extension of true service in any place, domain or anything. This is the Law and the Why of special blessings extending from certain Gifted Ones and this is the why, when people strive to undo such gifted ones by any process or by cheating them, the Law takes charge and not only defeats such ones but sends them back manifold that which they strive to do, as their own after destructive agencies. Always pay and do as you agree.

Let the soul desires rule you if you would always be right; the personal desires are not always reliable, neither are they best; remember all you see about you represents the prowess and genius of man; you have a perfect right to partake of it as set before you, just the same right that would be yours at a good theater; and you need not envy those who own or possess or have produced what is about you, for that is a weakness and is a wrong to self and others; but you can, by the enjoying of the same, appropriate the good thereof and enlarge your own selfhood thereby.

Optimism sees good in all, partakes of the good of all, believes and confides and trusts in the good of all and relishes and makes of this good of all, its own self good; it then grows up to some fixed ideal and identifies itself with the good of all that is round about it. Be the spirit of all that you behold as good and you will grow steadily into the largeness that that spirit gives forth; be joyous and glad, then, in spirit and joy and gladness will expand your mental vision into that joyousness which builds for nobler and better things. 'Tis the mark

of extreme smallness to envy and it is never wise to enter into peevishness because we possess not all the things the eye lays before us, as desirable; our own comes to us, provided we seek for it in the right spirit and permit the soul to govern our desires. The true soul is never greedy nor envious.

Sometimes when that peculiar ennui which demagnetizes man and woman for each other's good as man and wife, creeps over a couple, a short trip or visit of one away from home restores the old attractiveness and brings back love's magnetism. Sometimes separate rooms will have the same effect; it's the commonness of attractions that breeds ennui in most natures.

But Imagination, too, often plays an important part; do not cultivate such false imagination; kill it off; do it at once; do not permit such foolishness to possess you or rule your own good will power; curb the desire of mind and shut down on false imagination, and as a rule, there will be nothing to mar love's triumphant hold upon both man and wife for each other's good and long continued happiness; the glitter deceives only too often, while worth remains unnoticed. Get the Spirit of LOVE and that Spirit for each other and keep it, and very little danger will come near. Be as nearly as you were while yet sweethearts; play sweethearts often; it pays, dear friends, to be sweethearts and play the dear old game every little while. All flesh is given LOVE POWERS, but ALL do not use these precious GIFTS of SPIRIT often enough, or continue their use after marriage; instead, each blames the other and HATE begins to be the spirit instead of the genuine Spirit of real Love, in each party to the contract.

Fire will die out, too, if you never replenish the fuel; everything on earth dies out if not replenished; be sensible, then, and replenish oft the fountain of Love with genuine Spirit of Love.

To-morrow, yes, to-morrow, dear, I will come home to thee, and then my baby dear, Mamma will smooth away

your tiny griefs and bring sweet joys to your little tear-stained face; but to-morrow will never come; a one more sweet day's run with sin; a one more long hour of glee and wine, of false love's death-like embrace, of luring words and social whirl amidst the shine of luxurious lights, paid for with life's best blood; Jealously, Monster, Green Eyed as he is, stalks forth; a gun; a scream; three quick, loud, sharp reports, a telephone receiver drops, inanimate thing, and the body of a woman whirls about, falls, inanimate flesh now; another sharp crack and a man falls, too, inanimate, and the to-morrow is ushered in, while baby, innocent, ignorant of it all, wonders when Mamma's to-morrow shall come to her. Such was the ending, such the tragedy enacted in Denver on the evening of August 3, 1909; thus is life in the midst of death and death in the midst of life. The Spirit of God shall alone determine the aftermath and what to-morrow really means. Poor little Maxine Elliott, may you never know the truth of what your Mamma's to-morrow meant, and may The Blessed Christ Spirit so indwell your dear little soul, as to preclude, or forever shut out, the possibility of any Obsession from the tragedy here referred to; for, sometimes the spirits of the dead of such foolish ones come back to possess the loved ones left behind and to curse, with their own past follies and remorse, the life of such as they thought of, just as earth life ebbed away. Thus are the sins of the parents often spent upon the children even unto the third and fourth generation. It is the spirit we leave behind us that is for good or for after ill to earth's little ones. Oh, what does to-morrow mean? Spirit answers, it is not.

To prepare the soil for the seed is the only proper first step to insure a good harvest; time taken in fore preparation often means more than all after time to successful endeavor.

A mine is a good thing provided you do not expect to get rich quick.

## EDITORIAL.

The editor of this Magazine wishes to thank Professor Neuman of this city for a splendid Astrological Delineation given him some time ago; it HAS proved a CHART of RARE VALUE to him, in that by it, through Clairaudience, he has been enabled to offset the Evil Planetary Transit of the past few months. We will say for our ease, Prof. Neuman DID DO good WORK. We know good work when we get it and appreciate it.

## THE FEAR OF DEATH ALL OF THE MIND.

To live more and more of joyous, vigorous, sparkling and rippling Life is the privilege of each of God's creatures. To love ALL Life with a love so intensely joyous as to be happiness in the loving, is Spirit in actual Consciousness. To so live and BE of the fullness of the ALL LIFE as to forget the very passing of the days and years, while here, is to become Life's fulfillment here, and to enter into the calm of the Infinite Good. To dread Death is to grow, more and more, towards Death's likeness and lose the brilliancy and snap of Intellect given of happy fulfilling of Life's destinies. Out of the fullness of all indwelling Spirit of Love springs that sweetness of inspiration which bespeaks Life.

"I am the Way, the Truth and the Life; I am the Resurrection and the LIFE," said that ONE of Gallilee who on the Cross Symbolized but the death of the Fleishy Body, the limited Life, that we might enjoy the fruits of the Continuity of LIFE in the Limitless and eternal Infinite.

Never, once, did that ONE say aught of, I am the DEATH and AGONY, THE BLOOD AND SORROW, THE MISERY AND GLOOM of the CROSS or the TOMB. Never, in ALL HIS blessed REVEALMENT, did HE say, keep in mind, talk, portray, picture or bring to vision my Crucifixion Scene as the Way to Life and after JOYOUS entrance into the felicities of the ALL LIFE.

"I am the TRUE VINE and YE are the BRANCHES," said He. Never did He REVEAL anything that spoke or referred to the fact of, I am the Death and the Way. "I and the Father are ONE," was HIS statement of LIVING TRUTH and He, purposely, so stated in order to evade ALL possible reference to anything, aside from the Father and His Spirit, Divine, as the sole means of SALVATION and the BECOMING of that LIFE which is to LIVE.

To lose ourselves in the LIFE that is worth while, is to talk Life, become more and more Life in expression, to study all growing things that give beauty to Life, to portray the beautiful in all that manifests Life, and to walk, act and express the very vigor and vital energies expressive of abundance of Life. To get away from fear of Death and old age, or the growing old, never think Death, reveal death, talk of death nor dwell upon dead, dying or decaying things; never look back on scenes that refer to, remind you of, or picture, idealize or portray death or death-like conditions. When brought face to face with the dying or dead, among neighbors or loved ones, see nothing but what Christ's Crucifixion symbolized, the passing from the limited to the limitless and note, alone, the glories of the new, the blessed Spiritual Life; on such occasions do as this editor does, when preaching funeral sermons, forget the Form and remember and see only the LIFE that manifested in the Form; to him there is no Dead lying there; there is but the empty house; there is but the change of abodes, the shifting of the place of residence and the perfect continuity of the loved Life, just beyond the Form of things. To so see Life as to BE IT IN SPIRIT in spite of FORMS or THINGS; to so know LIFE as to BE ALL that LIFE IS at ALL times and under ALL circumstances, is to LIVE that which IS LIFE and be filled with the SPIRIT of the LIVING GOD. Listen: One night we sat at our table, when suddenly the Spirit within the soul

of us spake and said, "Look at the floor; what do you see?" We answered, "We see the floor, yet not the floor, for all is as unimpeded vacancy or space." "Look at the walls and ceiling and what do you see?" We looked and said, "We see nothing but space and vacancy, nothing, yet something may be between us and that all embracing etheric space;" again spake the Voice, "What do you hear?" I hear as if coming from somewhere and yet everywhere the words, "I AM" and "I AM IS ALL THAT IS IN ALL THAT YOU SEE AND EVERYWHERE." "This IS THAT WHICH YE SEEK and shall find the INFINITE LIFE ever beautiful, ever calm and sweet and ALL EMBRACING, THINE OWN INDIVIDUAL CHARACTER JOINED IN PERFECT RYTHM AND MEASURE AND AT-O-MENT WITH THE ALL DIVINE"; "this IS CONSCIOUSNESS IN ETERNAL RESONANCE AND VIBRATION"; NOW THOU KNOWEST THERE IS NO REALITY TO FORM except as a passing shadow of the REAL." "Why then, fear that which is but the unclothing of thyself, the removing of the shadows or filmy prison things that enwrap thee, here and now?" Oh, the joy of moving on and on into more far reaching realms and knowing the grand LIFE of the Infinite. Oh, the CALM of Spirit we enter into when once we know in Consciousness, the larger and greater Life. Oh, the sweet YOUTHFULNESS of thought permitted him who knows that LIFE, in reality, is EVERYOUNG and FRESH and VIGOROUS and JOYOUS, even as it was, is and ever shall be. The old men become young under our grand, Spiritual, Mystic Process; we teach this Youthfulness of indwelling LIFE; we practice it and to-day, at the age of forty-seven, all who have known this editor, are declaring he is more youthful appearing than he was at thirty-two years of age; even so do they say of every patient who has had this man's treatment for any length of time and permitted his revelation to become their own sweet

youthfulness and vigor, in Form and expression thereof. Fear of Death is of the Mind; fear of Death is an aging and killing process; fear of Death leads but to decay and defeats longevity and youthfulness of spirit, even in the midst of age and years. Fear and portraying of Death and Death Scenes sets up an ALL destructive Process wherein Auto-Suggestion plays a terrible part.

The world is sick, aged, wrinkled and decrepit to-day, in its physical expression of LIFE, simply as a result of wrong ideals and the constant mixing of Death, Misery and Gloom in our Religious Preaching, teaching and Services; Auto-Suggestion, resultant from such wrongful revelation of God, His Son and His Spirit, has sowed the seeds of a terrible harvest.

We have made of, "I am the Way, the Truth and the LIFE," I am the Misery, the Woe, the Anguish of Bleeding, Dying Manhood and of Death and the Tomb, with results that Man Dies through Auto-Suggestion causing the Subconscious, or Subjective to BUILD for Destruction, instead of Joy, Peace, LOVE, TRUTH, Happiness and the BEAUTIES OF GROWING, UNFOLDING LIFE. Let one enter into the SPIRIT of Christ's correct REVEALMENT and DO it heartily and with Soul, Mind and Spirit set right, so shall the Body express and that shall be for LIFE and NEVER for DEATH.

Love life, talk life, be life, walk for life, eat for more life and a constant increase of life in completeness, and abundance shall keep you from thoughts, or time to think or talk Death. To BE LIFE is to forget DEATH.

"I shall soon destroy all the ungodly that are in the land that I may root out all wicked doers from the City of the Lord."—Psm. 110:2.

#### LOOK, KNOW AND GATHER.

Where lies worth? Where dwells fame and Fortune? Right near, 'tis said.

Seek the Best; stay by the Best; and get the Best.

"Seek and ye shall find;" "knock and it shall be opened unto you."

There has been money enough spent by Denver seekers after Higher Truth, so-called, to build the grandest Temple the World has ever seen.

Every week or month or two, some one drops in on our unsuspecting and susceptible ones, and with some glittering generalities and sweet sounding fluencies, convinces them that they are **GREAT TEACHERS**. Where they come from is generally as mysterious as where they go to after they have fleeced a lot of people, and left **NOT ONE SINGLE ONE** to tell or reveal the **GOOD** derived. In this city is a **MAN** who **WAS BORN** in **COLORADO**; who has by **GRIT** and **VIM** and **WORTH** established himself, in spite of every **POSSIBLE REVEALMENT AGAINST HIM AND HIS METHOD**. He is **NOTED IN FAR OFF INDIA** as a **PROPHET, PSYCHIC AND MYSTIC**, as well as **OCCULT**, of **GIFTS** sufficiently **GOOD** to make him acceptable among the very **HIGHEST** and **BEST** of **WORKERS** there. In far away South America, in **Brazil** and **Argentina**, his **Phophecies** are noted and printed in **Spanish** for the good of **ALL** who **LOVE TRUTH** and splendid **Prevision** and **Prescience**, as **Divinely-given Attributes** of the soul; in many **American cities** this man has a correspondence and a reputation superior to any other known **Revealer** of note. He could go, to-day, to any of many large cities and **DO** a work that would doubly eclipse all that **Denver** gives forth. This man has sat at his post in spite of many most promising offers; refused to change his location for fame, name or gold; has taken up his place of work among this people; is known as the **BEST, MOST SUCCESSFUL HEALER THAT EVER HAS TAKEN UP THAT MIGHTY WORK**; stands unrivaled in **OCCULT** accomplishments; is known as a **MYSTIC** of rare **GIFTS** and of unprecedented **Insight** and correct **Prevision**, as to all great future events; has repeatedly proved, in cases of storms

and disasters, accidents great and small foretold, financial affairs correctly fore-stated, that he is **NOT** a **FORTUNE TELLER**, nor anything of the kind. He has had and has borne heavy outlays in daily expenses and made and met these obligations, a positive proof that he possesses powers not common to the generality of his kind. Now, doesn't it seem strange that one who **DOES KNOW, DOES DO THINGS, HAS HEALED HIMSELF, HIS OWN, AND** has lost fewer **CASES** than any other **Known Healer** or **Physician** of record, during the past eight years, **IS** sought out only **AFTER EVERY SKINNER** and **GRAFTER** running **LOOSE** has **WELL FLEECE**D THE **VICTIM**? His prices **ARE** in the reach of **ALL**; his work is **KNOWN** to **EXCEL**; his **HONOR AND HONESTY** IS **ABSOLUTELY BEYOND** ALL QUESTION OF DOUBT; his record stands **CLEAN AND CLEAR** above ALL QUESTION of any DOUBTS as to its correctness and **WORTH**. Now it's a wonder that he has had any chances at all to heal most **CASES** coming to him under such circumstances, as usually **ALL** Faith in the **WORK** has been destroyed by the previous entanglements and misrepresenting and bungled up work.

This man has a well Organized Temple Society; it is **GOOD**; it is **FREE** to be built on solid Principles of unusual Merit and Worth to **ALL** human kind; it is not opposed in principle to any Institutional Concern of any nature, kind, or degree; it is kept well under his own control for the very reason that it shall prevail along lines comprehensive enough and grand enough to cover and meet the objects for which it was Inaugurated and Incorporated. Many would like to own the Revealer and his Revelation, but that none can take or possess unless the good Lord gives it them. Why spend money in useless endeavor on worse than valueless schemes and isms and mere passing adventurers, with **ALL** right at our very door and ready for the **GOOD** of those who might aid in

its promulgation and final completion? This man does not pretend to live to self alone, but he is very much compelled to do so in order to protect what he knows is the good of all as well as himself. Kansas City people have at last seen the great Dr. Carson and have concluded to do themselves a lasting good by doing **RIGHT** by their **OWN GRAND MAN**. It seems to take a long time to bring the **RIGHT** to **LIGHT**, but the **GREAT SPIRIT WILL** some day **SHOW** the **WAY** and bring out the **GOOD** in spite of **ALL** that may **SEEM** to oppose its progress. Look about, dear friends; be sure you are **RIGHT** and set **RIGHT** and then **PROTECT** the **RIGHT** in and at your own **HOME**. Fortune smiles at every door, but it takes Wisdom's **Light** to catch it. None dare question this man's work and worth, or unblushingly, speak ill of it; it proves itself.

#### WHY IS IT?

Why is it that those who write and speak the most beautiful things, in New Thought Circles, are anything but what they teach and speak? Why is it that among High and well Developed Soul-Cultured people there is the most startling envy and jealousy and cutting and slashing of each other? Go where you will and every one pretending to any Gifts Metaphysical and Spiritual, pretending to **LOVE** and **LIFE** and **TRUTH** Revelation for all mankind, with here and there a rare exception, is filled to the brim with the most spiteful and meanest of low Vibrations for **ALL** others, at all up in the same line of work. It seems strange that this is true.

Do you know why? It's because there is no **REALITY** to their **INNATE** and they have but the **SURFACE** of **Psychic Powers** developed; there is a desire uppermost that undoes the deeper and loftier, as well as the more **Spiritual Consciousness**; it is the same desire that has made of every great **Spiritual** movement a means to a material pomposity that thinks **ALL** is in the elevation of **SELF** regardless of the

Innate **GOOD**; it is the ambition of the **Mortal** to overrule **ALL** that he himself may shine as the **ALL**; it is lack in **Spirit** and oversupply of **Egotism**; it is a deadness of the **Soul** with an oversupply of **SELF INTEREST**; it is the story of a **Cesar**, a **Cromwell**, a **Napoleon**; it is that trait of character which compels the losing of the **Essence** of things for the **form** and **glitter** thereof; it is the **FALSE** outshining the **TRUE**; it is the **Form** dictating to the **Soul**, the **Substance**, the **Reality** of things and **Being**. The true is invariably severely exacting, uncompromisingly correct of opinion and assertive of **Truth**, regardless of whom it hits or misses, pleases or displeases; the true is conservative of opinion; is positive in demeanor and statement and not overly given to palavering mannerisms; the true knows and elects to assert his knowing in strong, clear, well definable terms, and act in accord with strong, manly principles; the true will reveal truth regardless of whether it **MAKES HIM FRIENDS OR FOES**, makes him **MONEY** or **LOSES** it for him; he speaks, acts and practices **TRUTH** for **TRUTH'S SAKE**:

When a fondling, caressing one you see  
Speaking of great **LOVE'S** Silent De-  
cree;

Turn on the Spirit's searching **Light**,  
And read the soul of thought in might,  
Set forth by Spirit's sure interpretation.  
The wily eye, the smooth spoken word,  
The practiced smile of worldly station,  
May fool the mind of man; but the Lord  
Of Lords, alone, within the soul reveals,  
The true of purpose, bespeaks fair **Truth**,  
Makes manifest mighty **Love**, the **ALL**  
unseals.

The rogue may speak a thousand  
tongues;

The false may shine in a hundred ways;  
But Spirit knows from soul of tongues,  
And reveals the soul's own sweet lays.  
Who has Spirit, then, read souls aright,  
"Knows because he knows" the secret  
cause

Of words or deeds, discerns false from  
right,  
And rests, serenely blest in blessing all.

No other God, am I, than God of Love  
and Life;  
None other God can the soul reveal,  
aside,  
From God of Love and Life, the ALL in  
All  
Of Goodness, Charity and Love of  
mighty Truth.  
Be not deceived, the soul doth speak it-  
self,  
The Spirit doth Light of Wisdom mani-  
fest,  
In all, through all, for all, the SELF,  
Whether great or small, be its Interest.  
Oh Love Divine, Thou Healing Power  
serene,  
The true will show Thee forth, set Thee  
free,  
Make Thee known, wherever God's  
Works are seen!  
The Superman needs no special mode or  
way,  
Thou Art in him, Spirit's Magical De-  
cree!

The reason Occultism fails in nine out of every ten cases is the SOLE FAULT of LAZINESS in the PRACTITIONER; we have succeeded in over SIXTEEN HUNDRED CASES, PERSONALLY out of SIXTEEN HUNDRED AND EIGHTY CASES of ALL work given US PERSONALLY TO DO. The reason we SUCCEED is because we CONTINUE at our WORK and NEVER CEASE OUR WORK on a FIXED LINE and WORK FROM A CENTER OUT and WORK SIXTEEN HOURS DAILY along CONCENTRATED LINES and NEVER think, speak, act or amuse ourselves along LINES out of touch with our FULL REVEALMENT of TRUTH, LOVE AND LIFE. We do NOT expect to simply receive our work and the MONEY therefor and then NEVER again work or Concentrate or enter into the DEPTHS OF BEING TO PROMOTE ENERGIES AND EVOLVE FORCES that shall ever increase in power and magnitude unto the bringing to pass of that which we are ASKED and EXPECTED TO DO.

Occultism MEANS CONSTANT, CONTINUOUS EFFORT and NO let up until RESULTS SPEAK as the recompense for HOURS, DAYS, WEEKS AND MONTHS OF MOST INTENSE SPIRITUAL, MENTAL AND PHYSICAL CONCENTRATION AND EFFORT. Nothing grows by neglect; the PRICE must be PAID; nothing CAN SUCCEED but SUCCESS and that means WORK AND LOTS OF WORK and eternally at THE WORK, and never slumbering for a minute; it makes us SICK to hear great, big, lazy, materialists CALLING themselves successful OCCULTS when they KNOW nothing of the meaning of the WORD or the requirements thereof. There are mighty few HEALERS and OCCULTS.

The woods are full of CIRCUS ADVERTISERS and VAUDEVILLE NONENTITIES, who live and thrive at the EXPENSE of the CREDULOUS. Bow WOW performers, Black Cat manipulators, Midnight Star Gazers, Broiling Caldron Magicians, whose SOLE means of doing anything is the power of IMAGINATIVE FEAR, are NOT OCCULTS; neither are SPIRITISTS OCCULTS. An OCCULT is a something that few understand and he is LAW in action and WILL get results if there is possibility of LAW bringing such results as are required. To earn fame or Money in anything, that is, to EARN IT, means EFFORT, LABOR and WILLINGNESS TO WAIT for RESULTS and to continue at a thing until results come to pay for earnest, faithful, continuous effort. A spatterling in a few Books, a little personal Magnetism or the wrapping the human system in Magnets and charged Electrical Batteries may fool the many credulous ones and show wonderful temporary Healings, but Occultism Heals by removing the CAUSE and is usually SLOW, SURE GROWTH PROCESS and WILL bring the BEST to its patrons, in spite of ALL obstacles. Wonders often rule for a day but the OCCULT rules forever.

## HEALING DEPARTMENT.

To attempt to tell all people how we **HEAL** their **ILLS** is to undertake the impossible; we cannot fully satisfy ourselves as to **ALL** that enters our Splendid **HEALING GIFTS**.

Every Machinist knows his own engine well; understands the needs of every portion thereof; never a minute passes but he listens to its music as in rightful motion revealed to his attentive and knowing ear; even so the True Healer is ever in touch with all his patients and the Sensitive Ear of his Soul Mind, the Subconscious, catches the tones, vibrations and music of the motion of those things, familiar to him, as of harmony or chaos in the Bodies, Minds and Souls of his Clientele. The good Machinist strives to keep his engine in repair, that's his greatest duty; even so with the manipulator of the Psychic Process, as the Healer, he is employed to see to the repairing and keeping in order, the organism and system of his Clientele; that is his high bounden duty.

Make your Profession your sole business and your sole business your better selfhood, expressive for the very highest and best good of all concerned.

Healing involves more than mere Divine Attributes and Spiritual, or Psychic Powers; it is an Art; it requires study and application; like any other Art, practice maketh more capable and much more perfect the artisan.

When my head is aching and I'm out  
o' sorts,

My mind muddled and Nerves all  
shaky too,

'Tis then I seek the Spirit, cut out re-  
sorts,

And trusting all to Soul of me, my ills  
undo.

Who would uplift any one must **BE**  
that which he would **MAKE** patient or  
his beneficiary **BECOME**; it's useless to

talk of **SUGGESTION** unless it involves this great Principle, as **THE FUNDAMENTAL ONE**.

We know, dear friends, you rarely like the positive style and stern methods of a thoroughly genuine Psychic Healer; but which is preferable, the foxy smoothness and oily-tongued money-grafting style, or the **MAN** who **DOES HEALING** and **EARNs** his **MONEY** by **ETERNAL POSITIVE ASSERTION OF OVERCOMING SPIRITUAL MAGIC**? Just stop and ask yourself this simple question: do I want **HEALTH** and **SUCCESS** and **PROSPERITY**, or do I want what purports to be it in some bland mannerism, which meets my eye or tickles my ear at the expense of time, health, success and money lost?

Evil is a **WARRIOR** strong and bold; it takes a **POSITIVE POWER** to meet and thwart such a warrior and it's pretty hard to be two things in one Form and Shape. Every great **PSYCHIC** is a **POSITIVE** and compromises never with **EVIL**. It is this **ATTITUDE** that **MAKES** him often misunderstood and, also, so often, causes people to overlook his intrinsic **GOODNESS, LOVE AND WORTH**. Be not deceived, who is **GREAT** in the **HEALING** or **OCCULT**, is seldom given to much **SOCIETY** conversationalism or **CAN** devote much **TIME** to **TRIVIAL MATTERS**; he must be about his Spirit's **Duty** and **OBEY THE FATHER'S WILL**; he is the most devoted of all **SERVANTS**.

So you get the **BEST** forget the rest and abide the actual **GOOD**.

We would not be cold, noither could we be indifferent to suffering, but Divine Healing requires most urgent care right on this very point.

To utter untold sympathy or to express agony is but fatal to any **FIRST CLASS HEALING ART**; sunshine, **SPIRIT OF GOOD CHEER** and

**CONFIDENCE IN ABILITY TO UNDO, CAST OUT AND OVERCOME** just the conditions prevailing is **THE SOLE ATTITUDE** to be assumed by the True Psychic. Confidence has saved many a case where **ALL** else would have lost. The Fearful and the Doubtful person in a sick room are the most **DANGEROUS** of **DEATH**-producing possibilities; keep **ALL** such personalities away from the patient and **DO** so at **ALL** times.

We have pulled several cases out of actual dying conditions and one out of Coma, so-called by the Physician, by our mere Magnetic Spiritual Presence, and that, too, by merely sitting down near the patient.

Eat your meals with attention to your meals alone; eat with an intent and purpose in view; even idealize your food, going through a perfect mastication, afterwards a perfect grinding and mixing process in the stomach, then becoming perfectly chemicalized Chyme, then purely healthful Chyle and afterwards good, clean, wholesome and pure building substance as blood and other fluids of your Bodily Organism; do this for the rest of your days and you may be surprised at the freedom from disease and length of your after life here in this sphere. True, if you are already careworn and diseased, it's necessary to get **HEALTH** and you should pay any reasonable sum to obtain such a benign blessing; but after you have received good health, eat, drink, walk, talk and exercise with attention drawn to the effects desired, the bringing about of **Beauty, Strength and Happiness** in perfection of **Vigorous Health** in Being.

We wash and bathe, some of us, too frequently the outside of the body, only to partake so sparingly of water within the same as to clog every Functional Organ, every Vein and Artery and totally deplete the Vital Processes of the body and then expect healthy action to continue just the same as if we properly watered our system. Weeds may thrive and

grow upon partially watered soil, but the finer plant life withers and dies unless given water in abundance and full supply. Drink from one and one-half to two quarts, at least, of good water every day and note how soon your Vital Energy revives and your mortal Vigor increases. We have healed our own case of Heart Trouble and cleared up a bad case of Kidney Disease in ourself by just such a process. Too much water on the outside demagnetizes and weakens, especially delicate people; sponge baths should be resorted to under such circumstances, with Bay Rum and Witch Hazel mixed as an after lotion with which to rub down the body. One part Bay Rum to two parts of Witch Hazel makes a most refreshing after bath.

Some people go to Church, once a month or once in six months, and there partake of the Lord's Supper; every meal should represent the Lord's Supper and prove Substance as such to each and every Physical Organism.

Praise the Lord at each meal by feeding the Body of His Substance with perfect expectancy of the All Good coming to you therefrom.

We have discovered that a very weak solution of Carbolic Acid used as a mouth wash a few times a week will prove of excellent benefit to general tone of stomach; this proves that mastication is affected by the health or ill conditions prevalent in teeth, tongue or mouth.

Fads in eating enter not into our curriculum; eat and drink for health and eat and drink what you find best promotes **YOUR HEALTH**; what some one else thinks should have nothing to do with what your system requires for its own good growth.

To live as Nature teaches; to partake of **ALL** that Nature gives us, to leave others about us to do likewise and then to **BE** Spirit of **LOVE**, in Truth with Trust in the **SOUL** of things, is Righteousness enough for any rightly endowed

individual. To wish others thrift, prosperity, health, love and peace, is true expressiveness of Godliness towards fellow man; while to accept Spiritual Peace, Love, and become God's WILL with an attitude of Praise and Thankfulness, is correct ideals towards God. Such is the royal path set forth for good citizenship.

Don't smoke, don't eat meat, don't;  
So many don't's and yet, who says don't,  
Seldom healthy is, or even congenial.  
We do as we please, eschew conventional  
Moods and worrying stews, phenomenal  
Though it be, we grow confidential  
Enough to say, we are Health now,  
And none excel us in Healing Power.

In taking up our Monthly Method, at five dollars per month, first sit down and figure out what Sickness will cost you in loss of time, wages or income; in possible Doctor Bills; in extra Drug Accounts; in worry and flurry and demagnetized conditions; in nurses, extra fuel, lights, etc. We believe you will find you can AFFORD to TAKE TIME to BE HEALED by a thorough and persevering course under our splendid Psychic and NOW NOTED Process. It pays to invest in Health and to GET well and stay WELL.

Don't ask us if we can HEAL you; ask THOSE who have tried our Psychic Process. We are not permitted to INVITE you to us beyond making KNOWN our whereabouts and Method, along with prices, etc. The Spirit, Universal, permits no further statements; it is for every one to COME and to ASK and PAY PROMPTLY THE REVEALER and "He SPIRIT OF TRUTH," in WHOM we believe and Trust, DOETH the REST. We can be but SUBSTATIONS as the SERVANTS of the Divine and nothing more; but we must understand the LAW in order to prove of APT service; we must make this our WORK and CONCENTRATE ALL our energies and mind to the one purpose and then trust and let go.

We have heretofore tried to give Healing and Occult instructions in this Department, but we find many have made a sad mess of the same and have really detrimented the cause as well as themselves in their attempts to follow out rules and regulations. We feel it best, therefore, to state we are at the service of the needy, just as is your Barber, your Tailor, your Grocer or your Coal man; you can save time and make money best by following out your own talents and gifts and hiring others to do for you that which you do not understand or make a profession.

"Ask and ye shall receive; knock and it shall be opened unto you," means go forth and find and then proceed to engage those equipped to do for you that which you desire done. Spiritually, it means seek the Spirit of the ALL GOOD and open the doors of your soul that He may enter in and make His Temple there. The New Creature is a fact in Being, here and now, if we but ask for the Spirit and permit Him to make sure our regeneration; all else will surely follow if we but trust and have faith and wait.

Breathe deeply several times daily, not forcibly but easily and rhythmically; count eight while you inhale, hold three, count eight as you exhale; always stand erect, head up, shoulders back, heels together and feet at an angle of forty-five degrees; the military style and drill is THE BEST METHOD; "hands to start at sides on thighs, then raise and hold straight out from shoulders, palms down, then raise to head, tips of fingers of both hands together resting on top of head; next raise and put hands as high as you can easily, flat palms together, forming a triangle over your head; return the hands to original position by going through the same process, downward, always inhaling and exhaling as first here directed." This is the finest exercise of ALL that we have tried and serves the purpose of ALL others; it expands the chest naturally and beneficial-

ly; it does not injure delicate organs and break down muscular tissue as some of the more elaborate systems; it is safe and aids the muscles of the entire physical organism and, especially, of throat, chest and neck. The neck of every well person, especially the Medulla Oblongata, located in the back of the neck, is a very important factor in all strength, health and continuity of life in the physical organism.

We have built up the neck of a number of patients and found, thereafter, a most marked improvement in health; people pay too little attention to the gentle massaging of the neck, with results that their necks become thin, sinewy and flabby, and down goes good respiratory and circulation energies. Good breathing aids very much in the development of a good, well-formed neck; we can restore any weak neck to beauty and strength by our method and have no hesitancy in stating this important matter to all who suffer from such an unsightly and unhealthy thing as a poor neck.

Every day or two we notice in the Daily Press a statement something like this: "Physicians puzzled over strange case." Now Physicians know that there is one man in this Universe that has removed a good many of these puzzled conditions and also removed quite a few puzzling symptoms from puzzling patients. Why not CALL IN ALL THE SCIENTIFIC LEARNING AVAILABLE on ALL such puzzling cases? The duty of every Physician is to HEAL and such being the case, his methods and means of knowing and bringing to bear proper knowledge, and after remedial agencies being exhausted, why not, at least, utilize other known effective agencies? We CALL a Physician in ALL OUR desperate CASES where we feel that the proper step, and we find "The Silent Voice" within us is ALWAYS and invariably correct, when ordering such a move. Why not others be likewise liberal in obtaining ALL the BEST service possible? Psychics ARE here and here to STAY and the GOOD

ONES CAN and DO KNOW. If puzzled, CALL this EDITOR.

If Brain and Nervous System is troubling you; if EYES are getting dim; if EARS are growing DEAF; if you find Doctors and Medicine Failing, just REASON a little and CALL in ONE WHO HAS HELPED HUNDREDS and GET RID OF THE CAUSE. We KNOW WHO WE ARE IF COMMON HUMANITY CAN'T DETERMINE OUR PECULIAR GIFTS; besides this, what's the use of suffering ILLS simply because we nor those suffering cannot TELL THE HOW we HEAL desperate CASES.

A perpetual, gradual increase of success, health and wealth; a constant, continuous unfoldment of the same, per a steady and applied Spiritual, Mental and Physical, energizing growth process, is the only true Healing Formula. Who can BE this PROCESS unto himself, within and of himself will grow and unfold or develop more and more perfection in true being; who can Be this PROCESS, as a Psychic, WILL awaken and quicken others and thus extend his Process to others, thereby becoming a Divine Healer. The Divine Spirit is the regenerating Power, Illumination and Life which carries into effect the Process and keeps up its continuity in true ideal and purpose.

To become great in anything one must think great thoughts; to arouse constantly increasing energies or power in anything one must think constant increasing power and energy and become the spirit of what he desires in thought and act. We cannot rise above the spirit of our regularly maintained ideal in thought; to think poverty at any time is to set in motion that set of vibrations which build for poverty; to think and enter into the spirit of hate, builds for ugliness, dis-temper and hate in mental, spiritual and physical expression. We are as the spirit we entertain and as our thoughts instruct the Subjective Mind to build; let

us be ever watchful then with what manner of spirit we entertain ourselves and of what thought substance we instruct the Subjective Mind to form our buildings, whether of brain, nerves, vital organism of Spiritual Essence, in the soul of us. As we think, in spirit and within us, deeply, so shall we build for good or for ill ourselves or our environmental conditions and surroundings. Be careful of all that may be our after results of spirit and thought.

To build up Faith is to permit ourselves to become capable on all occasions to enter the limitless possibilities; to have Faith is to become great in the limitless Life and to enter into the enjoyment of all its joy and peace and power of infinite possibilities of Love, Wisdom and the boundless Life; thus are we abundance in all good things and thus may we partake of a constant, steady increase of new health forces, Life energies, Spiritual Gifts unto perfection, spiritual, mental and physical. To have Faith is to become great through the entrance into the all of the eternal unfoldment possibilities of the ALL LIFE in its Infinite variety of growth and eternal development, evolvment and unfoldment process. Lacking Faith we lack all that the Infinite implies, whether of Love, Truth or Life, and thus to be deprived of all that goes for true greatness.

A trifle has the oftener been the turning point in life than any one great act or deed; the whole Universe is made up of trifles, minute particles all united into One Stupendous Whole. Watch well the trifles and beware of that which may depend upon a trifle for after results. Paying attention and the taking of a keen interest is the beginning of any real successful character or career. This is the first lesson in real concentration and the second is like unto it, "read every article, or make note of everything about you with the same intense interest you would give to the most exciting details of a novel," most especially that same intense interest and attention you give at the point where the Hero rescues the Heroine from the Villain's attempted stroke of knife, or shot of gun.

## OUR METHOD.

### 24th LESSON—LIVE IN THE SUNSHINE.

We have Twenty-three Lessons already given and each protected for a period of years by our Monthly Copyright of the same; we caution all that any one pretending to teach or use the Method as published in the Twenty-four Issues of this Magazine cannot do so without infringing, unless credit be given to the Authorship of the same. The Revelation in the first Lesson of the **SIX GANGLIA BRAIN CENTERS** and also the **LESSON** in the **SECOND NUMBER OF HOW TO CONCENTRATE, ARE SO VALUABLE AS TO CAUSE MANY TO STRIVE TO COPY THE SAME**, but **CREDIT MUST BE GIVEN TO US THEREFOR** under **COPYRIGHT LAWS OF THE UNITED STATES**; those two **ISSUES** are of October and November, 1907.

Now, we wish to emphasize the all important feature of all Metaphysical Teaching; the fact of becoming what we will, we shall have and be and possess. The attitude of mind we maintain does instruct the Subjective; it so instructs it as to impel active building to be in accord with the Objective demands. Do not set aside sunshine in thought and mental attitude if you would have sunshine in your expression of eye, face or physical organism. Shadows will creep over our landscape and into our home and daily surroundings, but because the sun is obscured from our momentary vision is not to be permitted to reflect shadows in Mind.

A cheerful attitude of mind and mood means after atomic Brain, Nerve and bodily building Cell Life and causes a most vital change in the processes of the entire being. Live in the sunshine, not alone in rooms, stores and general environments, but also in the chambers of the Mind be, likewise, a dweller in the sunlight.

More and more is the increase of any long continued persevered-in attitude.

Spiritual, Mental and Physical conditions are inter-reliant and the Subconscious is the Soil of the Objective, through which Objective Concepts are utilized and spiritualized and, then, become again the Concept or Ideal Objective; there is a taking in process, both mental and Spiritual, a dual process, the one constantly meeting the other and that, too, in the depths of real Being. The Spirit is the Light of Wisdom and **WILL CONTROL ALL**, both **SUBJECTIVE AND OBJECTIVE**, provided **ONCE** we are **ATTUNED TO THE INFINITE VIBRATIONS OF ETERNAL GOOD**; but, in the meantime, the **OBJECTIVE IS EXERCISING A MOST SALIENT EFFECT**, at **ALL TIMES**, as to the **HOW** it stands in Faith, Obedience and Attitude to this **INNER MONITOR OF BEING**. Sunshine within **WILL** eventually spiritualize and overcome shadows without, in spite of our attitude, but our attitude in mental thoughts does retard and delay and, unless a Healer Divine is at work, may overcome and defeat the **INNATE GOOD**. The genuine Psychic is Spirit all powerful at work, whether in and for self or for other selves, and **NO OBJECTIVE ATTITUDE CAN LONG WITHSTAND HIS HIGH RATE OF VIBRATIONS AS FROM THE SUPERIOR MIND FORCES AND SPIRITUAL ENERGIES OF INNER BEING**. The Psychic means the Gifted of "The Spirit's Breath," and neither he within himself nor any other form, person, being or thing can estop that Gift; it is of the Infinite and Divine and, while he or others may strive to oppose it, they will simply defeat their own good and, finally, be compelled to submit to the inevitable; such an one, so gifted, must express, and it's **BEST** to **EXPRESS SUNSHINE**, and **SUNSHINE THOUGHTS SHOULD, THEN, GOVERN** in **ALL MATTERS**; live in the sunshine, at any rate, whether merely Objective in your unfoldment, or of

the blessed High Revelation of the Soul of you.

We would advise all to talk, to live, to think and to act as of sunshine, cheer and opulence at all times and under all circumstances; it will wonderfully increase personal Gifts, most graciously pay big dividends in your welcome everywhere, and give powers that will attract what you want in spite of all other influences, or obstacles. You don't want to control people, but you do want to hold and attract them to you, which, alone, is true power for Success, Health and Wealth. We seek what pleases and want what we love, this is the reason some attract and others repel us.

Live constantly and think constantly more and more in the sunshine.

Selfishness and self-interest has often been the undoing fault of an otherwise great character. People so often say, "I will not put myself out to do this or that," when just such a selfish notion defeats them from rising to real greatness and keeps them from after enjoyment of prominence and comforts. Anything that will assist another without personal loss to self or too great inconvenience to self, will usually return manifold in blessings to the one who does the favor. To win friends one must most certainly expect to do what friendship exacts or requires; to hold many friends requires the knack and tact of being a first-class friend.

A pessimist is a thing of wrinkled brow who sees nothing good above or below; he wears a ten cent sneer upon his face and carries a slur at the tip of his tongue; it's too hot or else it's awfully cold; the town is no good and his neighbor don't know enough to count beans; sinister in mood and whining in his twang all things are awry and no one likes his way. His coffee is too strong or else too weak; his food is always faulty, and nothing fits his streak or freak; in fact, he is seldom at ease and rarely welcome any where; his is indeed the most dreadful of disease.

There is a Cistern that's beyond compare; it contains all infilling Love; tap it my friends and imbibe so deeply as to never fail to be welling over with its Magic Power; it sets in motion Life, the very Spirit of Lihesomeness, youth and youthfulness; it guarantees thrift, Success, Health and Wealth, it is the Essence Divine of and in Being; it is God manifest, the assurance of Continuity itself.

All men are not built or endowed alike, but all have the gift of the Spirit indwelling the soul, which corrects all error, provided it be permitted to express within the inmost being the soul of each. How it may express depends upon confidence, talent and capacity. "Our talents are cultivated in silence, our Character is made from contact with others."

To avoid law and lawyers is to always draw correct contract papers in all deals or associations and on all matters of whatever nature or kind involving money or values; then, remain within the pale of all laws both Spiritual and Physical; be correct Law in action within thine own good self.

Over the gateway to your house inscribe: enter peace, plenty and sweet Content here and abide always within these portals and you shall, if faithful to this motto, never want; the Divine Spirit is like unto a two edged sword, at such an entrance way.

One hour of pleasure rightly taken means many years added to life; but one hour of pleasure falsely indulged sows for an after harvest of sore disease. In the abuse and not in the use of material things lies the distemper of the human family.

An indiscreet friend is far more dangerous than an avowed enemy; the one you never know where he is, while the other you know precisely whom he is. Deliver one from his fool friends and unwise tongues.

Leon A. Freeman, of 27 West 10th Ave., Denver, is owner of one of the greatest labor-saving conveniences out, as a patented article. It is a clock device for turning on and off the lights, electric, at fixed hours, and will do its work perfectly. Can be set for any given time for turning on the light, and, at the same time, is the same clock set for the switching off of the light, thus saving all over-time and nuisance of a man running all over the city to attend to these important matters. Here is an INVESTMENT opportunity, as Mr. Freeman cannot place it himself. The Keystone Law & Patent Co. of Philadelphia has the matter in charge for sale.

If you really desire real progress in piano playing, get Mrs. Adelaide Wolcott's teaching for yourself or for your children. Remember, music is in you and of you, and must be evolved, brought out of you, and Mrs. Wolcott knows the HOW to bring your music out, and the HOW to execute after it is brought out. Her prices are reasonable.

When teeth is the question, safe work and quality should govern. Try Dr. Lewis, Suite 209 Symes Block.

The Pioneer Realty Co., 713 17th St., Phone Main 5071. All kinds of city and county realty. Give us your business and we will treat you right.

W. C. Danks, Attorney, Suite 228 Empire Block. We recommend Mr. Danks to in and out-of-town patrons.

Ella H. Griffith, M.D., 222-23 Temple Court, is recommended by this Magazine.

Thought is a tremendous power either for good or for evil; yet thought without spirit to give it life, is powerless when spirit arises to oppose it. What our inward finer spiritualized thought is, usually determines what our minds and bodies may express; but there is a law that determines results, per Auto-Suggestion which implies that as we continually permit our Objective Minds to express, in thought, becomes Subjective, and the building becomes a process, that may determine our state of being, defeats or success; it's this latter phase of the law of Mind that we must carefully guard in order that right Auto-Suggestion may be operative in and for us, to our after good health and success; be not deceived in your own self.

All is as Greek to us until we can read the manuscript of the soul's Symbolism; the Ideal must be studied as presented, learned, interpreted and then given over as the language of the Objective or the known; the invisible must become the visible and then be translated so as to be understandable; this, too, is the work of the Mystic, the Seer and the Prophet, also the work of the Medium or Adviser; it can be done in no other way.

There is an ecstasy that breeds content; there is also an ecstasy that bespeaks an unbalanced mind; be careful which esecstatic state you cultivate.

Sun of my soul God's healing Love,  
Light from above my eternal stay;  
Spirit Divine, great descending Dove,  
Lead Thou me, now and forever, all  
the way.

When earth's people suffer 'tis said,  
All Creation groans to set them free.  
Why then delay, why not, rather instead,  
Take of Divine Grace and with all be  
glee?

The storms along the way upset my plans  
to-day,  
But, ere I have the damage measured,  
some one  
Speaks within, about, over me, "I am the  
way"  
"The Life, the Truth," "I am All and  
All is One."

Thus my plans renewed, assured I am  
and win  
In spite of storms, in spite of trial or sin.

Be not dismayed, dear heart, I am with  
you,  
Always with you, early or late; no  
balm  
But Spirit I know, no solace more true,  
Than God' Healing Love thus sent to  
you.

At the gates of Love may we stand,  
Loyal and true our purpose there.  
Breathing in Life's every demand,  
Our soul's radiant Light from every-  
where.

We may listen, we may hear it now,  
That rythmic music of the spheres,  
If, in soul, we tune the ear and bow,  
In listening mood, where Spirit  
cheers.  
Thus, in tune with all that's Infinite,  
We become the rythmic vibration of  
Love.

Not a herb that grows, nor a flower  
that blooms but speaks of all that is Life,  
Spirit, Love and Will Divine. The  
everlasting hills, the rolling prairie and  
the billowy deeps, each and all, praise  
the Might of One Omnipotent Mind.

## THREE ADVANTAGES OF MAGAZINE ADVERTISING

### 1. ITS PERMANENCY

The life of a magazine advertisement is long. It remains effective for many months, often for years. A magazine is read, passed on, reread, goes to hospitals, to the army, navy-abroad, and is at last put on sale in the secondhand book stores, and begins a new life. No other form of advertising has this longevity.

### 2. ITS PUBLIC.

The magazine reading public is the live, up-to-date, busy, enterprising, inquisitive public. The magazine is the business man's and the housewife's literature. It is the recreation of the leisure hour, and the mirror of the world's events when these have been sifted from the chaff of rumor and mistake. Magazines are cheap enough to reach all intelligent readers, good enough to command their attention. The magazine public is the material upon which to build permanent advertising results.

### 3. ITS COMPANY

The great magazine advertisers are the prominent successes of the business world. To be associated with them in the public mind is to secure the very best publicity—to enter the aristocracy of advertising.
