## BIRTH OF THE SOLAR LIGHT

by Gladys I. Spearman-Cook\*

HIS IS GOING TO BE AN interpenetration into the Mystery of the Harvest of Life; an explanation of the secret of Agriculture left to mankind by Demeter. The whole story of Alpha to Omega now brought to its Solar birth, that, as the pawn on the chessboard of TIME, the king and the queen become one. How the

root that became buried into the earth, now blossoms and bursts into light; yet, how knowledge, taken on that journey, must become the subject of sowing and plowing, reaping and mowing, that wisdom can fill the barns of the Gods. The drop of blood that at last comes forth from the heart that has been pierced, and colours the world with its ruby red hue. (See the plate on page 3, cols. 3 and 4). The gifts and the glories ever flowing from the Father, the mighty Ruler of the heavens, the dynamic mystery of the Darkness of Night, the secret of the Blackness of Space.

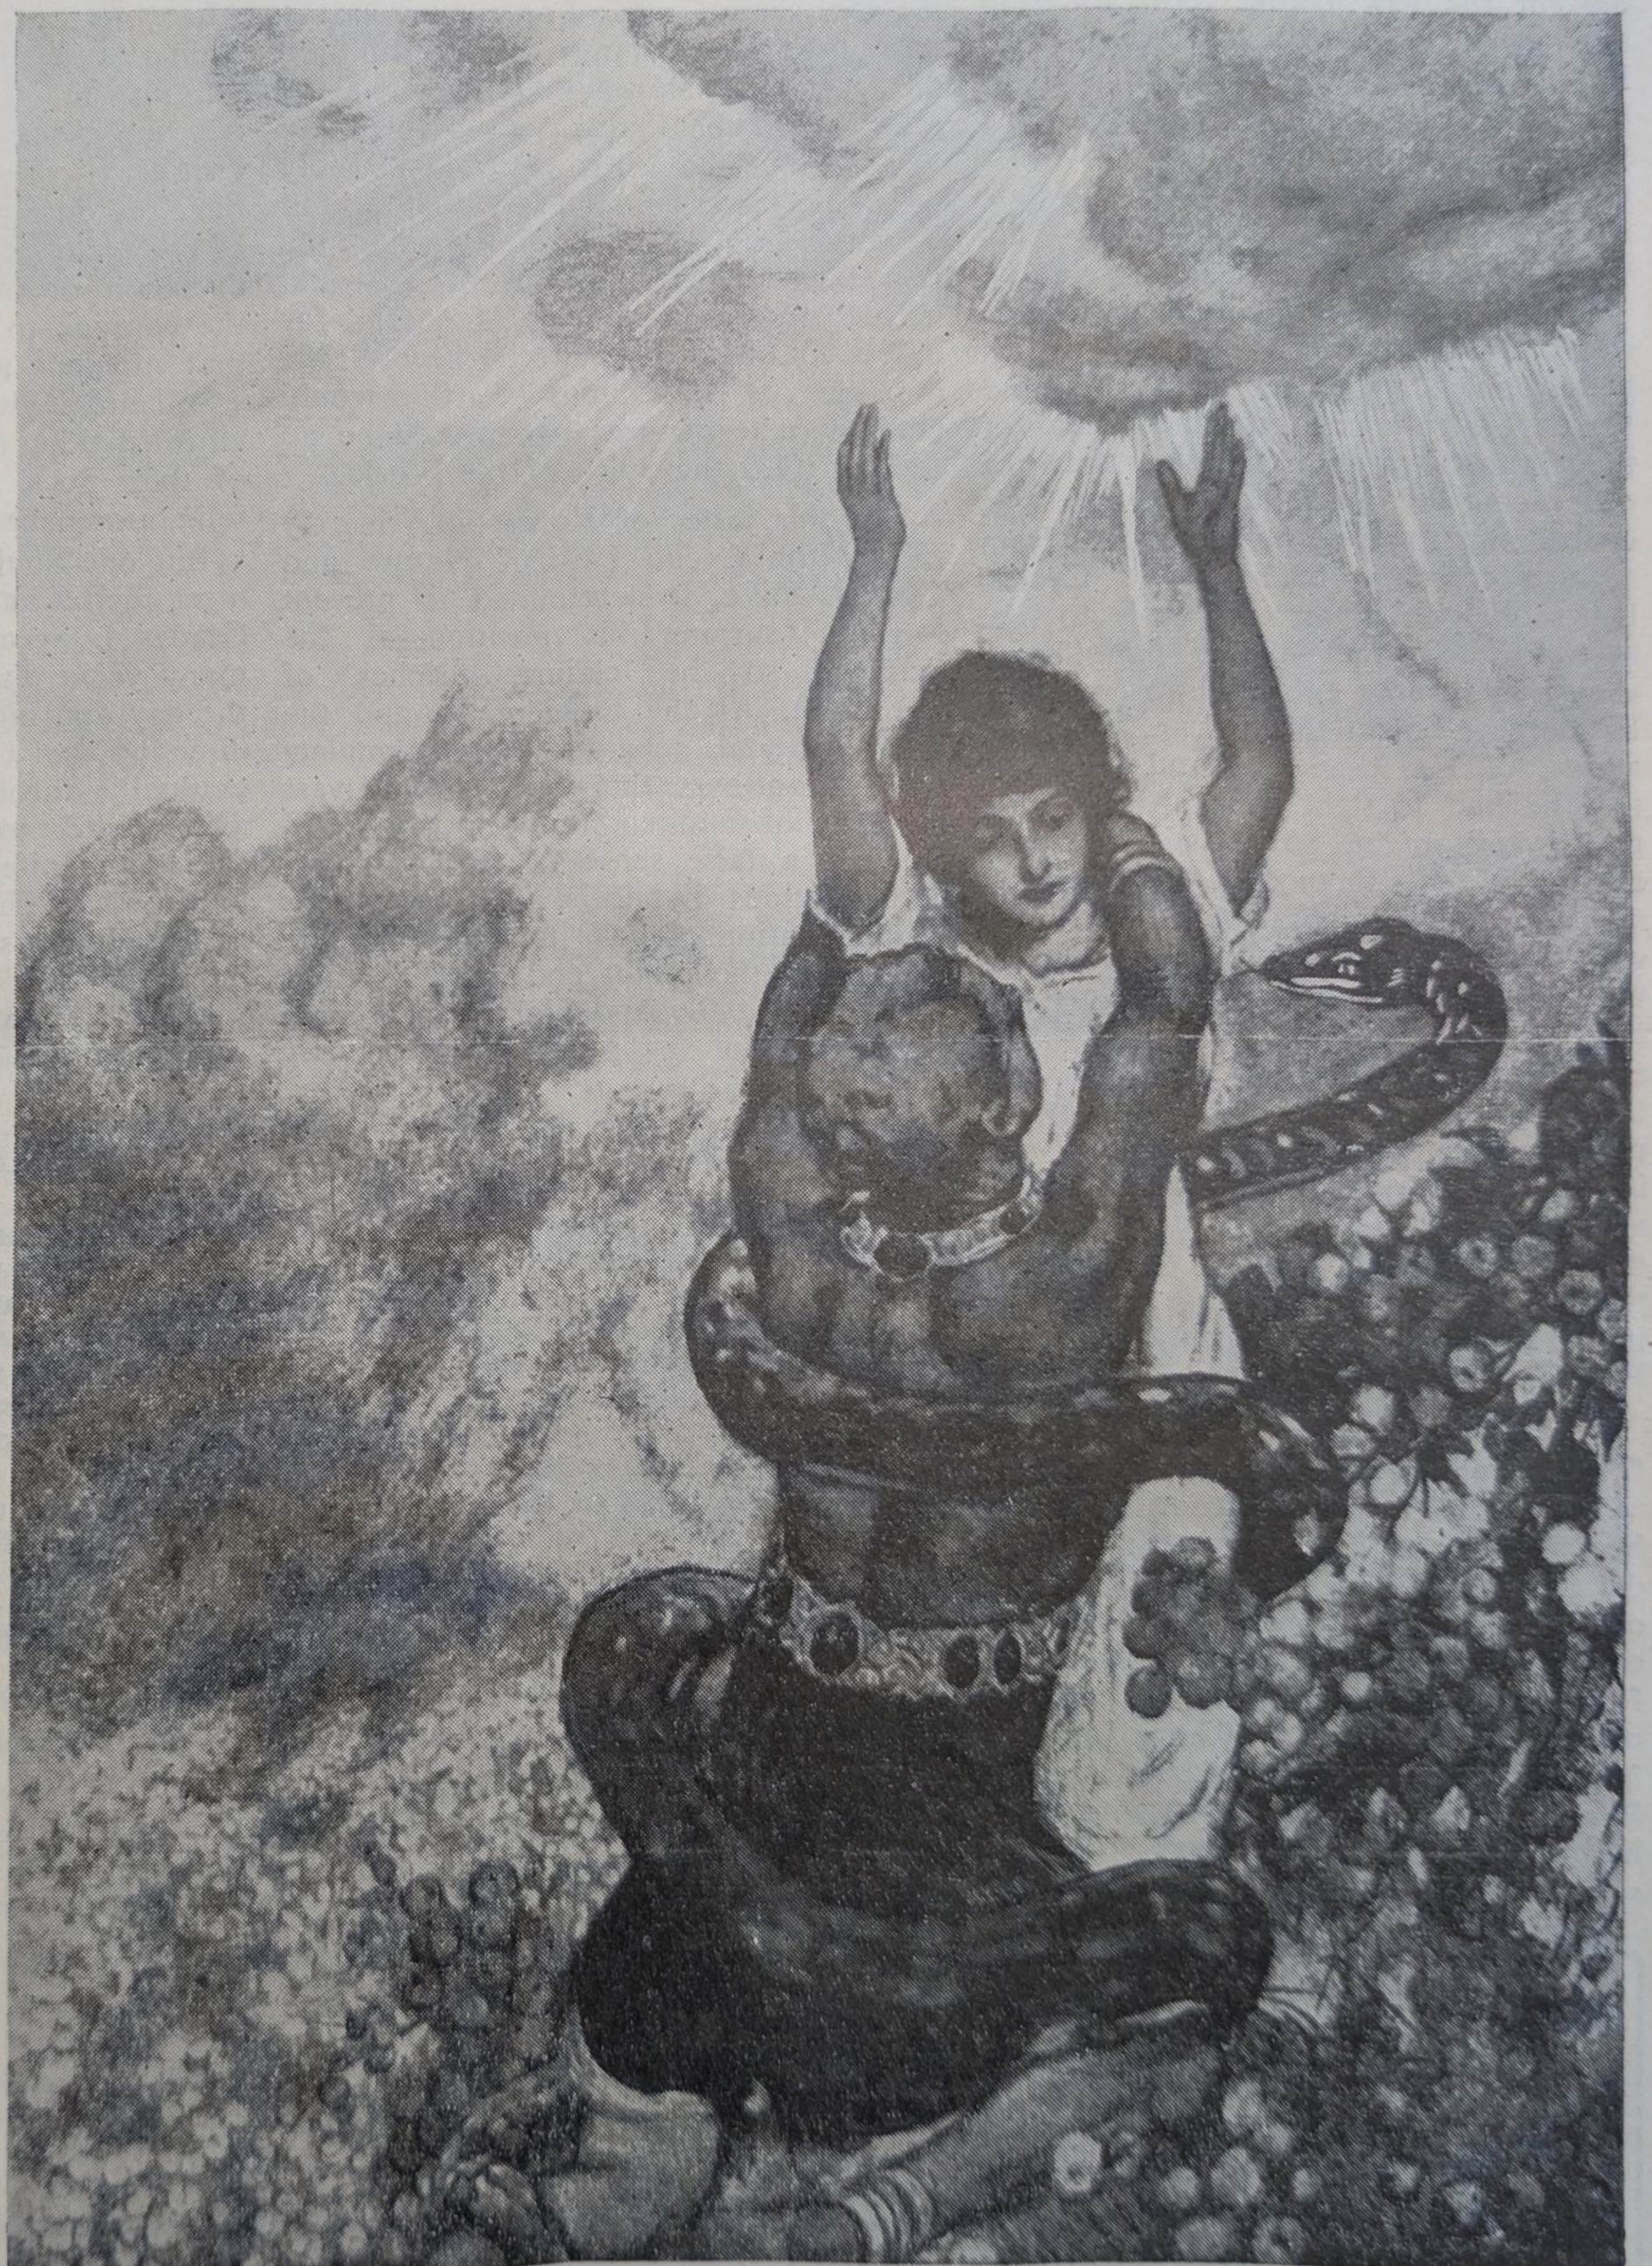

This vast story, whereas it once was the labours of Demeter, now was the tremendous task of Merope.\*1 She, who once brought down the Fire, and never set it alight, was now being called to bring down of the glorious Solar light, and set the world ablaze. That which would raise man up out of the luna waters, and lift him up on high. For man was starved of mind unfoldment, and although receiving of the Cosmic Elements, was not knowing how to bring them to life.

The EL Powers as the Cosmic Rays, the mysterious Almighty Shaddai, had been flooding them and changing the contour and planes of the earth, while they had even broken up the concrete of religion, that had been hemming them in. But it never awakened the consciousness of man who was stoned into a dead sleep, by the religious bogey of TIME. Yet it was changing him vastly, unconsciously to himself, but to awaken him consciously into active life of Solar expansion, was the copious question of the moment.

### The Religious Prison

FOR the Solar light was the fulness of Spirit now come to blossoming radiation, where all was raised up out of the luna waters, into golden mind light. Unless man consciously awakened to the wonders that were ever moving and growing in and about him, he would never be aware of the changes that could open up the mysterious wells of life. Inner depths that had never yet been probed, and were seeking to come forth and give of their wealth, the depths and glories of the soul.

## THE BLACK MASS EXPOSED

## Editorial ♦♦ The Glorious Fight of One Soul

**I**N every New Age there must manifest the death of the Old and the birth of the New, following Nature's Law as unto the Seasons, for without there becoming the Spring inflow of new life each year the whole of the Earth would soon die through want of new Life. Each year the old is rooted completely out, and buried in as the humus to help feed the new of its wealth. Nature is exacting in its task of obeying the Cosmic Law for when the cycle of birth and death exists... as assuredly it does... then it is imperative that the old is swept away.

In each Age of each Equinox there must manifest the wisdom Power and might of a New Force and energy, and the old becomes as the foundation if such is worthy to become so. If however as so often in old trees it has become rotten and needs being destroyed root and branch then the whole edifice that has manifested its season is destroyed.

Nature is a great teacher and when there has ruled a Bull in a herd and the day dawns when his season ends, the Old Stag does not give way to the new without a fight unto the Death. This rule of Life is the rule of the Spirit LAW too and thus it follows that it manifests as part of the cyclic growth throughout all Nature, whatever Kingdom such manifests. As in Nature so in mankind, for when the New Age enters, as it has done so to-day, the old hangs on tenaciously to their Powers and their wealth, and do all in their power to prevent the new taking root, going to any length whatsoever to stop these Powers of New Life being born. This may not seem apparent to the sleeping world, but at the moment a Battle is raging upon which result hangs the fate and future of all Life, whether Cosmic or of Earth.

The Age of Aquarius with its space-ships, missiles, and Atomic wealth manifesting a vast new wealth of mind life, is bringing into birth new ideas of thought and wisdom, showing that the old is out of place and its time has ended. But priestal religion, far from wishing to obey the Law of Cycles, hangs on even more tenaciously to life, even to the extent of the pope being stirred into some cunning movement as he journeys out of the vatican. He knew a new Age had been born and knew too that he had to fight to keep his sect's power and might, so as still to have control of the finances and minds of men. This was imperative, for now he was going to defy the Greater LAW of the SPIRIT, and to try at all costs to hold on to his post of influence. To this end he martialled all his minions, and the strictest secret instructions were passed down the ranks to fight every inch of the way to maintain the might and influence of their position. It did not matter to him that he was fighting the new Cosmic Inflow and preventing its manifestation. He was out for POWER, not Life.

\* \* \* \*

**T**HE pope even went so far as to kiss a stone, showing categorically that he was going to make sure that his sect did not stir one foot into one spark of change. Far from new breath this act emphasised that he was encouraging his followers to hold tight at all costs to old ideas and refuse to change into the New. His religion was of the Age of Pisces and as Aquarius came into birth he should have had enough common sense to know, that there was now going

around gripping minds in a vast vibrational sea of maelstrom darkness.

The pope and his minions know of the Laws to some extent, and know that bells and incense help to paralyse the free action of mental enquiry, and thus they use the same as much as they can to spread and contaminate the whole area around. In this way they constantly retrench and dig in their hold and might over whatever area their bells echo their ghastly death-call.

selves, the Central Sun, the Solar Lord.

Then it was that the new Voice of Aquarius, the Royal Scorpio Lord, united with her and became her Power and Might, He and all the other 11 Hierarchies, uniting behind her so that New Life of the Heavens could pour into the world, whose very soul had become rank and poisoned by the salted and soddened earth life... led by the chief poisoner and arch-demon, the pope himself. For he was not ignorant of the new Law nor was he ignorant that it was now the New Age. Either his whole religious edifice completely changed its ideas, giving birth to the New Voice of Aquarius and changing utterly the old roots of life, even unto surrendering their immense cash, property and land wealth unto the countries from whom their church had stolen it over the ages, or it must surrender its hold over the minds of mankind.

But the pope and his college of cardinals, though they know perfectly well of what they should do and that their teachings are as false as they could be, are determined to fight to the bitter end to retain their power and position. Conferences, commissions, new journeys, etc. were made but their roots and their old ways became more and more entrenched to hold on at all costs.

\* \* \* \*

**B**UT one Woman is the Scapegoat of the Hierarchical Powers to bring to all mankind a complete change of thought and to completely vanquish their leadership, building up a mind ascendancy that is so far above them and creating Wisdom and Wealth of the Hierarchical Elements, that the Human Race is rejuvenated and reborn. They fought her viciously every hour year by year, with as ruthless a determination as though she were an evil serpent. For they knew that as a result of their Challenge Exhibition they had set up in open fight against all form of new Thought and Element Inflow. The Instrument of Aquarius was attacked in mind, body and spirit, night and day to try to interfere and undermine the Spirit and Hierarchical Inflow of Cosmic Power that flowed through her into the Earth. Thus she became as Mary, as the CHRISTOS manifested through her.

Those who read of her Pen are able to see the enormity of the Fight at this Hour. To the tens of thousands who have awakened to the Truth of her Pen, use your minds daily and hourly to support her cause and the Cause of Freedom.

**NOW IS THE HOUR OF CHANGE AND NEW LIFE.**

Now is the Hour of the second coming of the Christos. Only the jackals and serpents of the past will try to prevent its voice. For a manifestation of the Solar Lord there must be, so that new Life flows down to an earth utterly drained of sustenance due to religion cutting of the Planes of Spirit.

Let all men feel the stir of the New Breeze as the Cosmic Powers themselves surge into action, determined to destroy the whole of the decadent Piscean religion, priests, churches and all, so that the World of the SPIRIT may once more reign over the race of man, and the Hierarchical Atoms be restored to their God Source.

to come forth of greater Wealth, from the very same Cosmic Forces that should have sired his teachings. By him holding on to his, he shows blatantly that the religious claims that he gives forth are as far from the truth as could possibly be. If they were in touch with the God Powers of the Universe as he claims the very God Powers themselves would help to manifest the new SEASON, for unless this gave birth of its new WINE of the SPIRIT, the Earth would commence to die for there would be no food to feed the Spirit of the World.

But this jester of Rome, who merely mocks the Cyclic Law of Nature and Cosmos alike, is determined to prevent anyone usurping his position as the leading, so he claims, teacher of the earth. At the moment he and the other priestal religions hold complete domination over the minds of the vast majority of man, so capturing them, and creating a false sense of truth by fear and religious hypnosis. The very constant chanting of bells tap out onto the maelstrom the might and dirge of their power, and daily and nightly their song seeps into the very walls of the houses

**A**T this time One Paper and One Pen took up their arrogant and evil challenge of 1965 as they deliberately set up their stalls in the vibrational centre of the World, it being on the centre axis of Aries 'O.' Here in London they set out to challenge the New Age of Thought, determined to master any diversion or new shoot should it have the courage to give of its New Life. At that moment millions were under their domination, giving out of fear their ill-afforded tithe, extracted and extorted out of their flock by mind domination and religious enchantment.

But one Soul did have the courage to meet their Challenge, and that soul was Gladys I. Spearman-Cook. She had for many years placed herself each hour of the day and night under the control and direction of the SPIRIT VOICE, gradually through their encouragement altering her mind ideas until she was able to manifest a mind frequency far higher than she had ever had. Slowly and gradually she so raised up her body sensitivity and mind consciousness that she was able to attune her mind unto the very Hierarchical Centres of Life them-

## ★—ANNOUNCEMENT—★

**M**ANY readers have already foreseen the inevitable day when a price increase of the OCCULT GAZETTE would be announced, and indeed have suggested it. This day has at last arrived and with effect from SEPTEMBER 1965, the Anniversary Date of our 1st issue, 5 years ago in September 1960, the new prices and subscription rates will be as listed below. This increase is long overdue, for as all must have realised the basic cost to produce such quality, plate selection, besides the priceless magnificence of the Wisdom, has far exceeded the present prices. However to those few to whom this increase represents a too great burden, we will be most happy to lend a sympathetic ear, as always, especially to Old Age Pensioners.

# BIRTH OF THE SOLAR LIGHT

Continued from the Front Page

It was these, in not coming forth to a fulness of being, held in retention by orthodox religion, that were causing all the chaos now ensuing in the world, causing man to become mentally unbalanced. He is the victim of the religious pomp and glory set up and enjoyed by popes and bishops down the Ages; they who have lived in luxury and glory on the blood life of the whole Nation of men and women. They who have received NO eucharistical unction, to swell their inner panacea into blossoming light.

(See the article: "Papalism, the black Scorpion of the Human Race" printed in July 1965)

Consequently man has not been bringing all to a fulness of mind creation, that which was fully due at the Age of the Waterpot (Aquarius); therefore now he was crying out for the Solar expansion, which the pope responded to by kissing a cold dead stone. Hence all held in retention by the antiquated and erroneous religious theory of the Age. (See the plate on page 9, cols. 1 and 2)

For everything in life whatever it may be, whether dinosaur or God, must come forth and be buried in as mind wealth, to complete the soul's Parabrahmic root. Then as the resting buddha be lifted up onto his feet, and begin to tread all into the earth, the wealth of his revolving active feet. The enlightened one lifting up the plane of the Earth, into a golden ball of Light.

Hence religion in closing down the mind and mouth of man, had shut up the wells that could have fed them with life, therefore now were in utter famine themselves, with mankind following close on behind. (See the plate on page 5, cols. 1 and 2)

So Merope, like Hannah, Ruth, Rebekah and Rachel, knew there was only one way to awaken man to the unfolding Fatherhood of life; that by which man could gain his positive manifestation of his manhood, and be anointed with the golden light. It was for her, like all the others, to open up her womb, and draw down the Fires from the heights and set man into active motion. But she like Mary had to roll the rock away from the Tomb, that she could find her Christos Lord, as the flaming torch of her mind.

(See the plate on page 5, col. 4)

But man was stoned and the priesthood dead, so who would give her the Unction to open up her womb? Thereby set the earth as well as the heavens alight with the radiating Solar Ray. She had performed it in the Cosmos, which was sending down of its Solar light, but now it must become the radiation of the earth, the expansion of man's mind.

(See the plate on page 6, cols. 1 and 2)

This meant everything in matter becoming electrically charged, breaking up all the old Saturn states, moving the magnetic into life, that was killing man by its density of inertia. This was the problem that had been through the whole of the Ages, and now more acute than ever, with man and science, medical and

\*1 See the Article on Merope and the Royal Eagle of Scorpio on page 15.

priesthood completely dead to any form of expanding spiritual life. For they were completely enmeshed in money-making concerns, and would suggest anything whether good or ill, that would fill their own dung lined coffers.

To probe the depths that were within the soul is a feat within itself, for as complication after complication was stripped away by the down-pouring waters, would the new ideas be opened up that would set the soul onto the right path. For man had to be cleansed of all false ideas, that truth could become the sacred drop to feed the depths from the heights. For man has always been a mighty problem right down the Ages, with Sages and Teachers ever seeking out ways and means, to rouse him from his slumbers. Then to find him only coming forth, hearing the voice of Echo.

## The Labyrinth

SO now with all the changes that were taking place and could bring the necessary probe required to awaken soul into the reality of truth, it still required the way to go, to interpenetrate those many mysterious roads of man's labyrinth of underground growth. Roots that still held his mind down in the luna waters, and only by him being made to compare one state with another, would he start by his own accord, to make an effort of survival.

(See the plate on page 4, cols. 1 and 2)

So first of all the Hierarchical Powers, who had the task in hand, brought about an enormous drive to stir things into action. Sending forth of Word and Solar Force, that would force the lost soul into

THE SECRET OF THE HEART

AT the moment mankind are "stoned," inert and sterile in mind freedom, unaware of the purpose of the inflowing Cosmic Rays, the Elements of Fire, that are pouring into the Earth. But directly man's Heart can commence to awake and respond to The Great Fatherhood, the CENTRAL SUN, from Whom each has received their Seed of manhood, ... "the drop of blood at last comes forth and colours the world with its ruby red hue." (See text on the front page).

enquiry. Expanding their being if only by anger, thereby the Word being safely earthed; for any expansion towards a greater purpose would give the Solar life, the means of a forced entry.\*2

For no soul likes coming out of his humid warmth, its comfort being a deep armchair. Thereby the Solar rains in falling upon him, would only lull him into sleep, with all passing him by and him blank of mind, on another plane of comprehension. Yet the Waters in coming down from the heights, were penetrating the very ground under their feet, breaking up of old states that were holding them fast to the ground. The Word in going

\*2 See the plate on page 10, columns 2 and 3, and also the Article, "The Phantom Drive of the Heights" which was printed on page 14 of the September 1965 issue.

out and being placed into their hands, would bring their attention to the need for their mind expansion. How they must take the light of truth and set it like a flame alight. Especially now that the harvest season was here, were man as well as Nature, where to reap their karmic rebound through relativity, that would fully establish the world on the fourth dimension.

(See the plate on page 4, cols. 4 and 5)

But man was so stoned by the strangle-hold of papalism, he had lost the rudiments of life. For their theme was soul must not think for itself, but follow blindly the dirge and litany of an erroneous theory, deeply enmeshed in the luna waters.

Therefore for the time, everything was in a vast confusion, of which the Hierarchical

Powers were seeking to bring to change, for as to how to awaken soul to a conscious understanding, was still the tremendous problem of the day. So deep was the dye, it was difficult for the Solar light, as the Blood of the Christos Ray, to interpenetrate and find its way through the many pockets of life, that were like ivy clinging to a wall. That which was the means of cancer growth taking hold underneath its branches. That which held many seeds and eggs of ancient times, that had never been expanded.

(See the plate on page 8, cols. 4 and 5)

Yet for Ages the Solar light as the Blood life of the Fatherhood, had been permeating the soul, filling it with Solar Fire, to try and bring it to positive manhood growth. But the soul was so held by the erroneous wisdom of papal infection, that the Solar Fire could not burst into light.

For they taught of a God dead on a cross, where it was He, as the Live Begotten Son of the Fatherhood, who, as the raised up Arc by Noah and David, was flooding the soul with the Solar Fire. But not able to get the expansion as the Fatherhood within the soul, bursting forth out of the Motherhood, the negative luna waters, and bring the mind to Solar expansion.

So as the Cosmic Rays fell, and the scientist sent forth of their text book theory, they saturated every nook and cranny, right down to the marrow of their bones. Planes were lifted up as Merope set the wisdom, and in finding expansion in the Cosmos, the Arc was set ablaze, with sunshine pouring down in abundance, and man lazing more and more in the warmth of its radiant rays. But for man to awaken out of their fixed theories of life and turn to the mysteries and truth they had shunned, was the problem the Higher Powers were still facing.

For as they entered deeper and deeper into the density of matter through Merope, they found that the problem of man and his inertia, was far greater than they had ever believed. Man's problem was far more serious, than ever he was yet brought to believe; and unless something was done, even greater than what had been set into motion, man would be badly scarred for a considerable aeon of TIME.

## The Shield of the Fatherhood

SO as we pen this deep and mystical message to the Nation, it is into such problems we must go, that the Fatherhood can become the wealth of the soul, and drip the dye into the foaming waters of the depths. By such all will be buried in as the wealth and strength of the Aquarian Age, with all the past Ages unified and becoming the mighty oneness of the Androgynous path. But unless man awakens to the truth, comparing illusion with reality, he will never be stirred out of his old lethargy

## RISE O ADONICUS CLAIM THY GODHOOD

FOR centuries the serpent of desire and lust has been entertained by man, never attempting to upraise its Powers, to feed the mind. The Great Seeds of FIRE from the Scorpio Constellation held by beasthood while man allowed the very Atomic Essence to become polluted. Now from the pages of the OCCULT GAZETTE every month, UNIVERSAL PHILOSOPHY sends forth its Call, feeding the parched mental earthiness with new ideas of WORD. Above all is taught the sacred value of the SEED, teaching that if it was upraised as the fiery Serpent up the spinal channel over the brain onto the Pituitary to bring forth that of the SPIRIT 'Spit,' the Heavenly Dew from the Pineal, as a fresh Food of WORD is fed into the Soul. and turn the luna into the Solar. Turn from the earth to the heavens, where reflection will be lifted up to reality, for mind and its power of direction of thought and expansion, is always man's own prerogative. (See plate on page 7, cols. 1 and 2)

For he is the creator, the builder of dreams, that which must ever become the reality of life, for they were born from those higher waters. The Chain of Causes as they found their niche, stirring ideas in the brain, with the Solar light as the positive born radiance of the Cosmos, seeking to set them alight. But man ever taking the wealth that they brought into birth and never discarding of old ideas; that which could, if he had allowed his mind to expand, have taken on of Ariel wings. This is what man has failed to do, so become glutted and over-balanced.

So the vast drive was instigated by the Heights, to awaken man into the new belief. Hence major towns were flooded with truth by Merope's band of workers, for the Word stating many direct facts laid down by those dynamic Powers of the heights, would trend their mind to the fact of truth as the Waters permeated and changed their (See plate on page 10, cols. 4 and 5)

blood-life. Cleansing their inner being with purified air, changed and activated by Merope lifting up the Arc. An age-worn struggle that many had succumbed under, but this time No, for she had been made indestructible by the shield of God, when she posed the Solar Fire up in the Cosmos.

**"FEAR NOT, FOR I AM THY SHIELD AND THY EXCEEDING GREAT REWARD."** (Gen. 15 v. 1).

Therefore, with all well raised up and Waters of a pure and fiery nature saturating the whole of the Earth, the Higher Powers were changing the whole being of life, that the Solar Rays could enter. Yet although Rays of no mean nature, rays of the highest dimension, man was still badly fixed, especially those of the old school tie who were nicely seated in a comfortable arm-chair, carrying a long string of names. Yet these powers were of the Central Sun, ablaze with the Generative Waters, and would be the Scorpion riding on the back of the Bull, driving it into action, breaking up the black scorpion of religion, leaving it well behind.

But this meant that man would suffer, and every man, whether priest, beggar or king, held the wealth that the Gods were seeking to retrieve, and take back up to the heights. So the concern was to save all life, but it was religion that was preventing the Solar Rays from entering and expanding him into radiant life. (See plate on page 7, cols. 4 and 5)

**Man's mind, sealed by fear intilled all through the Ages, thereby pinning man down in the luna waters drowning his sensitivity. For the Waters that were being driven to the Earth could not continue on the old death dealing wisdom of orthodoxy, for all would have gone from bad to worse, and expanded in a luna deluge.**

But Mahomet would not go to the fountain, so the fountain had to go to Mahomet, so the Hierarchical Powers instigated the drive, to set all into active motion. With the promise of the protection of the SHIELD. Therefore all had to be upon the glories of TRUTH, the wisdom of the heavens that expansion could be made. Not

religion with its dead god upon a cross, but the glories of mystical unfoldment, where the true God alive and real, played the major part. Where man by taking of His inflowing life of heavenly light, unfolded into growing godship. A son born out of his own struggle of life through the test of the seasons; thereby master of his road of destiny, offering all his wealth to the glory of the uprisen Solar Lord, as the uprisen Flame of the Mind.

**So it can be seen, that even more had to be done, the touching off of their mount into light, for as they rose it up by the Word, would that demand much help and guidance.**

Yet other women down the Ages had faced this problem before, but this time, not only must man awaken, but also come alight. With the Equinox becoming Solar born, that which had never taken place before. Knowledge and wisdom in abundance, with lambs and lizards tails filling every nook and cranny; but to set the hour alight, that the Flame could cause man to consciously awaken, was still the dynamic problem. So Merope set the Arc with purified wisdom, and she released Monte Christo out of the Bastille, where he had been held as a prisoner by religion in belief of the Christos, as the Royal Embodiment of life. Doing this by the artifice of woman, for as they threw him over the parapet for dead and took up real estate, she raised up the True Godhead to his rightful place, out of the captured Embodiment, as the Mind Flame of the Age.

**Therefore man, starved and crying out against the electrical treatment of the medical fraternity, would now turn, even if very slowly, their minds to the only promise that had been made, that all men would be saved by the inflowing Waters from the down-pouring heights.**

## The Golden Rain

**B**UT Merope knew that there was only one thing, she must put this into action first herself; thereby go up to the heights and get the mighty Lord of the Flame to set the Earth alight through her Channel of interblending. Then he would by the necessary reactionary Chain of Causes continually feed the earth with the GOLDEN RAIN that would set man alight.

Merope making a blending between heights and depths by her state of mind awareness, and in the same way as all the other Women of the Ages, flood her already flowing Stream, with the Golden Rays of the Central Sun. But with her becoming electrically alight upon the earth, and radiating it far and wide, would every soul upon the earth, be caught up by her radiating mind.

(See the front page plate)

**For the Word in the OCCULT GAZETTE would not only be a carrier for truth, but the risen up Spirit of the Earth. The buried Embodiment left for dead, now raised up as she as Mary removed the rock of the Tomb, and placed the God up into his rightful place, by her declaration of mind belief.**

So up she rose by frequency of mind, to her own Sanctuary in her Void,\*3 that she could vibrate her thoughts up to the Mighty Lord of the Flame, and beg of his royal advice. For she believed she could solve this problem, but the full details of how and be, she could not fully detail. So it was only by going up to this Great Lord through the frequencies of her mind, whom she had placed

THE SPHINX OF RELATIVITY

**THE** Sphinx epitomises the spread of the SOLAR YEAR, the full cycle of the passage of the 12 Equinoxes from that of Leo until the final one, that of Virgo, via the Age of Aries. Now in this Age of Aquarius, the full sweep of 13,000 years has to be unified, embracing the multitudinous religious thought and dogma that has flooded the earth. Thus the Karmic roots have to be met and harvested, with each man trying to bring up onto a new plane of understanding the full wealth of the Bloodstream, which holds the consciousness of Time. So that which is Past and Future can become of HERE and NOW. Thus he can gain answer to the chaos of priest and kingship and turn from man's gods to the Great Central SUN, the FATHERHOOD OF THE CHRISTOS, and "establish the world of the fourth dimension." (See text on page 3, col. 4 and page 10, col. 1).

up on those heights by the frequencies of her mind, would she be further blessed and royal appointed to carry out the next surge upon the Earth.

So she called upon his son, the risen Eagle,\*4 up in her own auric seminalis, her own raised up passion belief, to conduct her up to those mighty heights. For they were stupendous even though of her making, and were a perpendicular climb. For the Great Lord now fully enthroned, as the Embodiment brought to life by the Second Advent, now through the results of the great drive, which had broken up the old concrete of religious beliefs, was ruling and reigning from those elevated heights, as the crowning glory of the Solar Year.

He was the Mind Flame that had to be established by one on the Earth, then the whole Earth would be born of the Solar light, and would in time turn one and all from the luna into Solar mind expansion. So the Solar drive instigated by the Hierarchical Powers, had taken the altar vessels of fixed orthodox belief, with every man in the town flooded with the

Solar light. So successful was the drive, that in the first fourteen visits, the power to the strength of 150 was gained, with hundreds responding to the new wisdom. For this is what man had been waiting for, for they inwardly knew that their encroaching sickness was due to the lack of mind fresh air.

Yet the Motherhood had ever been issuing forth of the unfolding Fatherhood, and as the ever rising quest of life, was waiting for some soul to announce Him. Not in multiplicity in religious incestuous beliefs, but awareness as continual Reality bringing forth of the Solar light as golden nuggets of TRUTH. That which gave to man the final answer of the black and white or past and present united. With relativity the order of the Age, brought to unification, the complete fulfillment of the established Embodiment. The way being made for spirit to rise up as soul, and soul rising up as a god-like being.

As Merope perceived this promise made to every being,

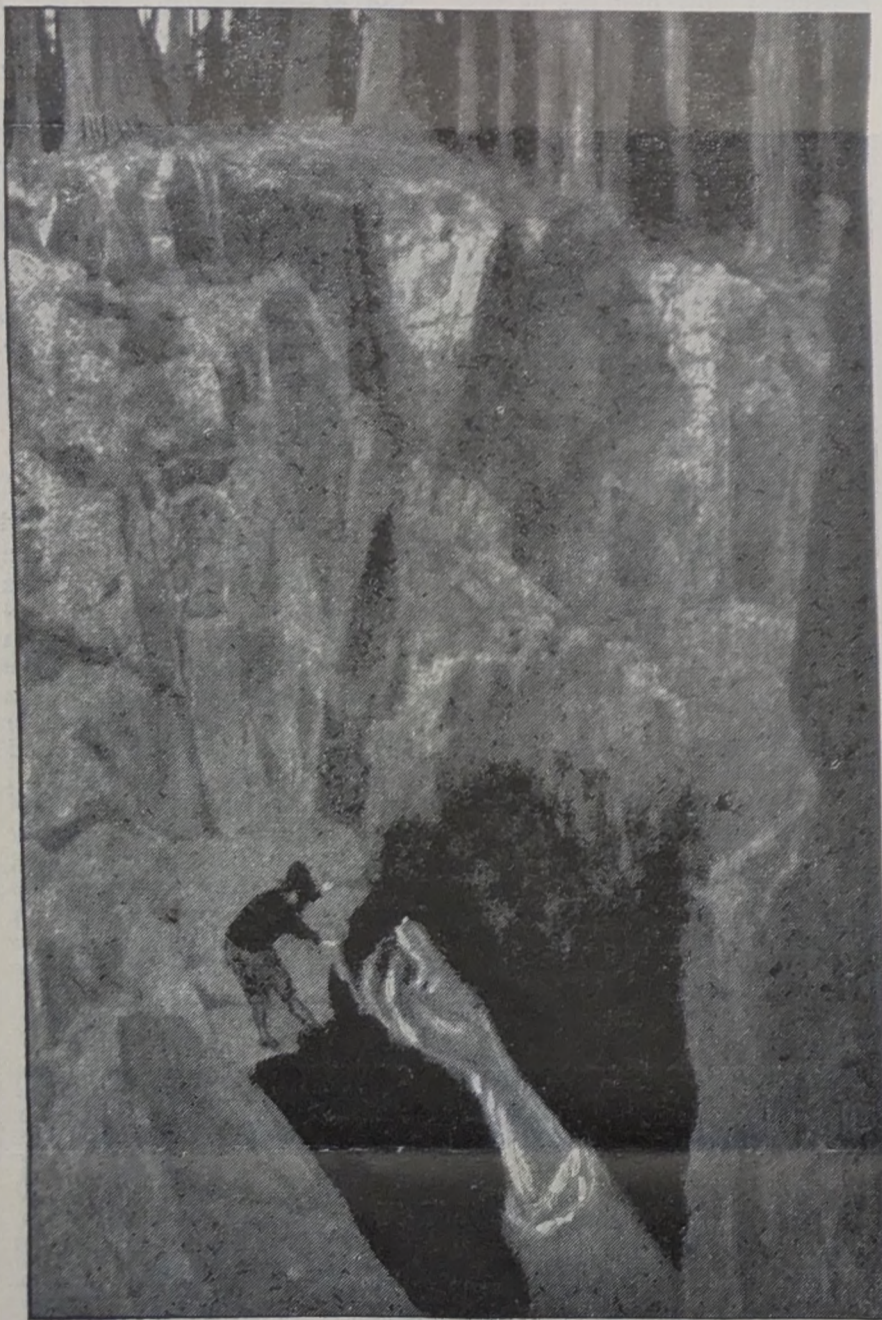

**"IT IS WRITTEN IN THE LAW, THAT YE ARE GODS,"** (John 10 v. 34),

She rose up to her own heavenly heights, that she could converse with that mighty Being. For she knew now by much experience, that as she raised up her frequency by right of service and heart intent, she could claim audience from that Great and Mighty Being. Her own Sanctuary up in the heights of her mind, was far mightier than any on the earth. For her vibrations as set, alone by relative comparison, united her with the vast heavenly heights. She being of the spectrum six, united into the violet ray, her radiation was of a mighty force, before she ever started a state of rise.

Therefore she rose up and went to her own mighty Cathedral up in those heavenly heights. Then sat down at the keyboard of her well created organ, to peel out rhyme and rhythm to soothe her strained and earth-worn soul. Then she could prepare herself to go up and seek of the mighty Flame for wisdom to establish the Solar Light upon the earth beneath. That which was established in the heights, and sending down its glories to the earth below so that man could awaken, and establish in his own mind meet.

THE CAVERNS OF A SOUL

**U**KNOWN, unpenetrated, deep in the fastnesses of the rocks of Time, lies man's beginnings, his roots which each must now meet in the relativity of the Aquarian Age. From these depths will come forth the giant hand, his enormous Creative potential, which he will either command to lead him unto the Solar Genius, or which he will become a victim unto, the evil Genie which through the actions of his personality manifests destruction and destroys the wealth of his soul growth. (See text on page 3, col. 2).

\*3 In the June and July Gazettes 1965 special articles were published called the Temple of Ra, and Creating the Void, in which full explanation with diagrams was given, of how by raising up the Seminal Seed, the Fire in the generative power mounts the spine, up the cervical channel, and onto the Pituitary. Thereupon the Scorpio Fire in the Seed sets alight to the Pituitary bringing forth the Flame of the Mind. The Birth of the SOLAR LIGHT. This was the Pathway of the action of Le ROS, the Raising up of the Atomic Fire in the Seed back unto the FATHER, the CENTRAL SUN, the Lord MAITREYA of the Age.

and stained glass windows, accentuating the glories of its unique workmanship and wealth, for the Dove had descended in Eucharistical Baptism, as it had done to Hannah.

For her womb was filled with the Holy Blessing that would unite her with that heavenly Lord, her void now fully Solar Born with the rays of the Central Sun. Then by her upraised spiralling mind, the notes of her own heavenly organ, it rose her up on her shell like chariot. That created out of her luna waters, as the passions of her deep.

Then as she rose up in her divine ecstasy to those unknown heights, there beside her holding the reins of her dapple grey horses, was the mighty Eagle. Her lord on earth, her own heavenly spouse, the manhood of her own heights. (See the medical diagrams on page 11)

him up by her own atomic seed, the means whereby the atomic spark of the Godhead of life, descends down into the density of Matter, was now her own created godhead.

For life is NOT form, that is bulk and density becoming that of the magnetic, never intended by LIFE. That taken by man and densified into solidification, by never raising it up out of the luna waters of emotionalism, until it awakens him by its mortal fury. Then he knows not which way to turn, he being in the magnetic clutches of death and disease. (See plate on page 7, cols. 4 and 5)

So when Merope sailed up to the heights, with her own raised up lord of the heights of the mind, it was to go forth like a queen, for of the heavens she was. She it was who had given them life, so was their reigning queen. Young and proud with regal beauty in her etheric creation, she sat there beside her lord, as he

god-like creature, and would, although upon the earth, by mind vibration live up in those heights with his own lord and spouse. A soul now god-born through his pinnacle point of his mount, now a flaming light. For as unto the message of the Christos, in his Cosmic Embodiment, he climbed up to the top of the mount of Olives, but never became the Flaming light. For man crucified the belief before it could get born, by controversy of man-made creed and dogma.

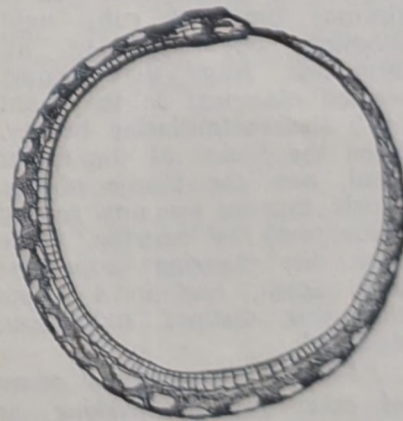

So as Merope in the understanding of this wisdom, climbed up to her lord and spouse, her Abel raised up to her higher mind manhood, he in turn could take her soul up to mysterious Unknown Heights, through further mind expansion. Where mysteries immense could be peered into and perceived, that could give to that rising soul, inner mind possibilities, completely unknown to man held by the earth.

**The Hierarchical Heights**

Therefore Merope instead of just receiving the wealth of the Chain of Causes at the base and weaving into life, she by raising up her mind vibrations into ariel freedom from one to seven, was able to climb up its inter-actionary ladder, to the source of its beginning. For she had in her soul creation created it all the way down TIME, and now in her mind creation, expanded it into a stream of magnificent Solar light, that by relativity she could climb back up to its source of creation.

For it gave her the freedom of the planes, she having captured its inner mystery; but going up with her own lord and spouse, was the higher mind of the whole of her rational intensity. All that which she had gathered over TIME from the heights, as her mind creation of Earth. Now having awakened and made unity by progress of struggle and labour, was able to span the heights.

So being born of the whole of these planes, and the inflowing Chain of Causes, was the living mind immensity as soul, now free as a ariel born mind. For having expanded it into Solar light, had the power by relativity, of returning up to those heights. She was a being who had mastered the winds and the waves, perceived the immense truth and value of her own inner seed, and expanded its inner atomic wealth into her mind and soul expansion. Like the serpent she was swallowing her own tail

thus a revolving intensity of mind light and possibility. A soul not held by the intensity of matter, that which could hold the mind in a grip of captivity. But her mind free, that could sail up free from her body, and dance through all the planes of air.

But furthermore, use all the faculties of matter, to assist her in that upward journey, for she was climbing back up the inner immensity, of what on earth as the risen Arc, she had expanded into that of the Solar intensity.

For the magnificence of light that man calls the Solar orb, is in reality the Hierarchical heights of the heavenly

THE FLAME

The Flame of the Solar Light, which Merope the Scapegoat of the Aquarian age, must see "... become the radiation of the Earth, the expansion of man's mind." (See text on page 3, col. 1).

Masters; that which she by her recognition, had burst into the light of the Central Sun. For by her raising up the Scorpio Constellatory Powers, she had raised up all states of Generation. Once man perceives a point of creation, it is born into Cosmic manifestation.

Then when she established it upon the earth by declaring its immensity and creation, she established by Law, of which she would have to uphold, both up and below, the Solar born creation of Matter. Hence from depths to heights, Matter was to become alight, and by the revolving of the earth from night and day,—a density of state created by man,—death and life was enacted, and man would be born of the greater immensity.

For man when he took his creative faculties down into the depths of matter, lost his spiritual freedom as a soul of spirit, until he could raise it up as a soul of light. By so doing he turned his outer cloak of matter into a solidified creation of physical matter. (See plate on page 6, col. 5) This made him a captive in the depths with seven natures and seven skins, until he could by mind assimilation, awaken to the freedom of thought, and sail up by mind ascension, into the heights of the heavens.

**Birth of the Fatherhood**

So Merope by the shell created out of the emotional waters, driven by her horses created from the passionate waters gathered from

the same plane, she and her God-created heights, rose up the heavenly planes. That given creation as her positive faculty, from the negative state of her womanhood in the depths. The Fatherhood who was immersing out of her creative mind, that by heart purpose she gave of life, as a living foundation of god-hood.

For everything is moving vibration, that soul by its belief, creates into a solid perception. So much so, it lives and becomes as a formed creation in the soul. Man by building up solid missiles to sail up to the heights, does also in his mind, which gives him by his mind, the REALITY of the freedom of the heights.

But him by not raising his frequency of belief, seeking for spectacular grandeur, only creates in states of matter, causing chaos and havoc to the planes. Hemming man in by solidification. So here is another state of stoning, for one is of the earth, solid matter that cannot really leave the earth, the other is of the heights and has freedom to go there by vibration.

But the soul in creating such things is raising his own frequency, but remaining chained to matter, whereby in time he will split asunder. It is by changing the frequency by intensity of belief, which carries the soul mind up to whatever it perceives, for everything is moving and changing vibration. All is death and life in the true sense of the word, but not in the intensity that man so creates, and clings to as the luna state of matter.

For all is HERE and NOW in that intensity of becoming, that which changes man from darkness into light. For as avidya is stripped away, man is born from luna into Solar, the inner mind radiance of the glorious Solar Light.

So as Merope and her lord sailed up to the heights, they passed through all the planes of Creation, a complete etheric raise up of the sensitivity of her spinal column in that of relativity. Thereby reached the heights unknown to man, where intensity of all was just vibration. Although Merope retained her form and the shell carriage and prancing horses in her mind perception, they were now only as moving vibration of her own mind creation, now sailing back up to the extreme heights. She had left her physical form behind in the world of matter, and by her soul etheric as the homogeneous of her bloodstream, was sailing up to her heights.

For this is the mind of the soul, and can when it becomes ariel born, go forth as a soul born to freedom. That which leaves its body at death, and abides on whatever plane it can find adjustment.

So here was a soul who could by freedom of vibronic adjustment, change her frequency by will. As she thought so she became in intensity of belief, for that is all that creation amounts to, SEE, BELIEVE and BECOME.

For man has the seed of the Fatherhood from the heights, which contains the whole of Creation, which, when he can burst this into life by his mind propensity of perception, bursts open its inner secret, and releases it into life.

It being of the atomic, its immensity is enormous; but man brings it to form as of divers creations, which ever remains in his mind, until he, by fluidity of mind adjustment

THE FIRES IN DROUGHT

"... religion, in closing down the mind and mouth of man, shut up the wells (of Truth), that could have fed them with (the Waters of) life, ..." and now man are in utter famine, his wealth of creative fire being diseased, sterile, and without direction. The Passional Fires, as the donkey, dying through want of spiritual sustenance. (See text on page 3, col. 1).

He, of her meninges as her Scorpio God, born and created out of her heart belief. The Presence that reigns in the heights of the soul, when they raise all up to its highest degree. He was the raised up Generative Powers of the soul, and was in that raised up manifestation, the God of Scorpio, the son to the mighty Flame.

Power, vibration and created magnitude, that makes man into a god. For in bringing the heights down into a created formation, she had raised up herself as a living god-like creation. But as she so created, was she making the way for all men to follow.

(See the front page plate)

What was vibronic life issuing forth out of Space as a Chain of interactionary Causes driving down to the Earth as Cosmic Rays, now a living tangible status within her mind, as the raised up Godhead of life. Not a dead god upon a cross, but she having raised

held those straining horses, dashing up higher and higher.

So as they rose, the Blackness, although intense, was like a living lighted path. For its radiance was in the inner intensity, of which its vastness held complete. Therefore, she in becoming of its intensity by her rising frequency, was one with its inner radiance, as Hannah rose up in her silent prayer and rose up the planes of life.

It is like a creature crawling in and out of the earth, it being of the intensity of the earth, would know no other matter. While a creature of the waters, being of that fluidity of its moving density, would only understand of water. But man, if he raised up of his mind vibrations and became ariel born, would be of the vibration of the heights and depths. So could sail forth by his mind from earth to the heavens, dancing in and out of the planes.

For freed from the lower Kingdoms, he became as a soul solar born. Thus becoming a

brought into birth by the gathered oil from the Word, can move from form to non-form.

## The Blackness of Space

IN the same way as man raises up his vibration and brings down of sound, and places form notes of music upon a sheet of paper, it becomes the sound notes of his mind. Then being uttered by his mouth as a living tangible creation from what he perceived and captured in the beginning. For he captured sound out of the higher vibration, by his raised up exhilarated emotional frequency; that which raised up his mind into the Blackness of Space and captured sound before it was lost in the density of the earth frequency of matter.

So as Merope sailed up to the heights, they passed through all the inner wealth lying dormant within man. That which he will not give expression to, being content with the desires of the beast; lost in the density of his stomach, and desire of sex creation. But (See the plate on page 4, col. 4) once he can get free, he can sail forth as Merope, going up higher and higher to those heavenly heights, where she had raised up her Lord Maitreya, as the Flame of her mind. Given him his rightful place as the Generative Source of Creation, the manifested Parabrahmic Root, issuing forth of the Divine Effulgence.

Yet not only the Source, but also the created light in the Arc, that which fed the world and man, with renewed life. Alpha and Omega, the beginning and the end, with Saturn as the intervening body, being turned from darkness into Light. But also evil into Good, and hate into Love, all things negative into positive creation, with beast-man into a god-like state. The seven headed Hydra captured and brought to the Beast before the throne, the Lamb as the Christos mind blood, enthroned as mind light.

What Merope perceived as she sailed those heights, could only be perceived by Merope. For it was her inner tangibility interpenetrating vibration, and drawing out its inner possibility. So when it is described as Merope seeing shafts of moving light as of myriads of glorious colours, as balls of dazzling lights darting here and there, it was worlds of possibility that had never yet been given any creation of mind-form or light. Notes of sound that could swell the earth into ecstasy of delight, unseen form that could drive the artist wild, in trying to capture its unseen mystery.

Therefore when we again state, that she came upon a blazing light, with scintillating rays darting out here and there, we are now coming to the heavenly abode, that she by her mind perception, allotted to the Lord of Life, the Generative Father of the Heavens.

She gave Him life, she rose Him up, she declared Him in matter; hence here He was as she perceived Him in all His regal Glory, according to her frequency of perception. A magnificence only known to Merope, for to her He was the Lord of ALL-LIFE, He that gave to man birth and progression, and the possibility of a heavenly god-like state. Man to become free from all the evils of life, and reign as the Fathers mind-sake. Creating glories out of the dust, and bringing everything on the

earth to a plane of golden mind-light.

Until man tastes the freedom of mind, from the beast-like state, he will never know what he is missing, and what he is suffering in the plague of captivity.

(See the plate on page 8, col. 2)

MAN'S PRISON

STRIPPED of any garment of the soul, with the creative fires chained and imprisoned by conventional orthodoxy and priesthood, man seeks rescue from the goal he has allowed himself to be placed. Only by becoming winged of thought, sensitive of body and master of the beast will he bring forth the freedom of the conscious mind from the bog of intellectualism and multiplicity. (See text on page 3, col. 1 and page 9, col. 5).

## Flame of the World

AS they reach these regal heights, she turned to address her lord, the Eagle god-creation of her mind heights. As a Seed vibration of the Scorpio Constellation, he were absorbed by vibratory measure, back into its heights for the time being. So all degrees of vibronic expression in the world of Multiplicity, were now in those heights as one in the Source of Life, with Merope, also as vibration, looking on. Yet, through her created mind of form intensity, she was the creator of all that was manifesting now, at the very Source. For all had been declared by her mind interpenetration, as to its possibility; although myriads more in that declared creation, could come into birth by further mind expansion.

As she arrived at her point of destination after she had passed through the portals of the Central Sun, she found her shell carriage, now drawn by swans, drawing up at the Gates of Heaven. Massive golden gates that swung open wide, for her heavenly cortege to enter. For all was taking on a replica of earth, as she perceived of its beauty. Before a massive portal her carriage came to a standstill, with her by an impelling force, stepping forth into this world of LIGHT. For all was one mass of glorious golden light, a world of heavenly form.

Merope stepped forth, but in a glorious robe of shimmering white and gold, a creation that she would now deem most fitting, to meet her Lord and King. Yet only as form in her mind creation, for up here in the world of vibration, only to the soul itself would it be known or seen. So as she entered these portals of light, she almost saw a replica of her own earth Temple, but far more ostentatious than the earth creation below. Everything magnificent, rich and royal, with the cardinal carpet thick and resilient to the feet as you walked upon it.

Here all was regal which was missing in the earth Temple, it

renewed sustenance of life in what I now reveal to you, which has been waiting for you all your life. Only when you could perceive it could it become your possibility of re-creation. But not only for you, but for all men that have the courage to seek it.

But you being the Scapegoat, will make the gate strait for all men to follow."

## Mystery of the Fount

MEROPE turned round to the centre of the floor, and waited the Great Lord's command. Suddenly a mist arose and swirled and swayed, then finally writhed into a whirlwind, and spiralled up into the air. As it cleared, there in the centre of the floor appeared a well of bubbling clear water. By a mysterious impelling action, Merope was led to going forward and gazing into its depths; and as she did so, she knew she was looking into her own Fount, that was portraying the whole spate of TIME.

This crystal pool was bubbling from what appeared an unseen depth, but as she looked deeper, Merope became lost to her immediate surroundings. It was as if the pool drew her down into the vortex of existence, and once again she was the living figure in its working activity. She saw herself as in the beginning, drawing down the Fire from the heavens to resuscitate a lost Nation of people. The results as they took the Fire and the world as the result of that meet.

Then the Ages of the Spirit captured in the dung of matter, with the birth of the black Scorpion who traded with its beauty; and of the evils it loaded out to man in the name of God.

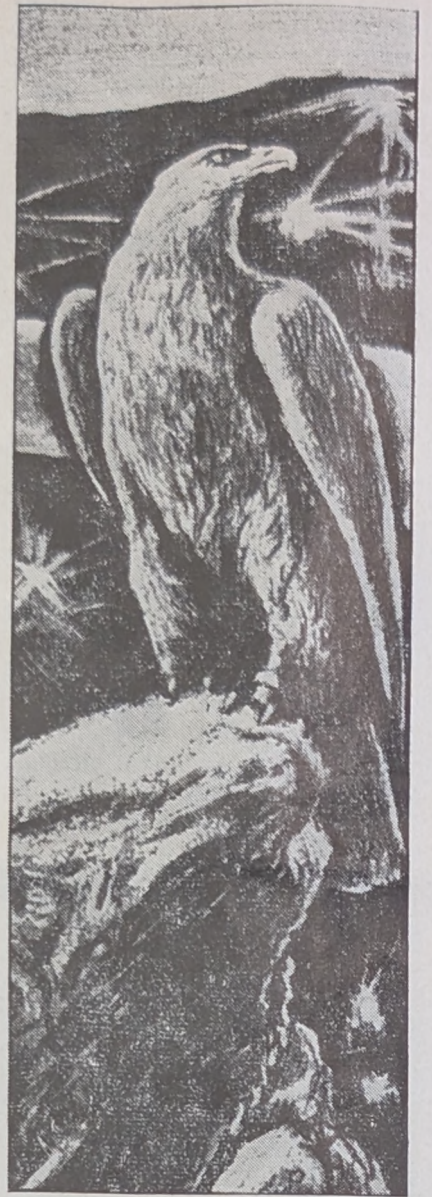

(See the plate on page 9, cols. 1 and 2)

Then the sorrows of how she had suffered untold pain and misery at their death dealing hand. The hand that should have raised up a people, but only held them in the grip of fear. Then the scene changed, and Merope saw herself being

THE CUP

MAN is the cup, the vehicle through which the great Rhythm of the Spheres must ever manifest, the created Specie that must become the willing Messenger of the Gods, the 12 God Powers of the Hierarchies, the Element god-powers of each ever seeking awakenment in the Meninges of every soul. (See text in col. 1 and diagram on page 11).

THE CHAINED FIRE

WHEN man is aware that the Scorpio Constellation is the ruler and provider of the Sacred Seminal Seed, and realises that such should never have been used for animal delights of human generation but ever only for mind fire, then he will raise up the serpent to becoming the Winged Eagle of Scorpio and let it fly to the Source of All Creation, the Sacred Central SUN of the UNIVERSE. (See text on page 5, col. 4).

commissioned to return into matter, to take up the cudgel as Scapegoat. What it would entail, for it was a time when treachery was rife, it being an inborn status of everyman set by religious domination. For religion now ruled the world, not by being the priest of the two Worlds, but by monopoly of political and financial ruling. With a fear imbedded so deeply in every soul, that sceptibility towards the Divine, was now the ultimate result.

This, Merope was being told, was her task to uproot and transmute; to destroy the evil that was distorting the human soul, resulting in all the drug menace that was now engulfing the Spirit. For man in his defiance did not know what hell he was building up for himself. Then again the scene changed, this time not as upon the earth, but she saw suspended between heaven and earth, the Solar Divinity nailed to a cross.

As she gazed with sad and tearful heart, she knew this was the blood life of the Cosmos being crucified by man himself. The blood wealth that she had brought down at the beginning of time, and now the Cosmic Manhood of the World of LIFE, spurned and prostituted

by man, who at the same time was crying out for life.

Completely carried away by the spell of her own uniformity of Alpha to Omega, she saw herself taking on of the task of freeing man from his avidya. The sorrow and anguish that went with the preparation, the injustices dealt out by man as she gave them love and the whole nucleus of her blood life. Judases that gave out a dead snail with one hand, and demanded back a life ransom with the other; but ever with the greater picture of the

the child in Virgo. For she is what she as Merope had done out of the drive, to finally break down of the black Scorpion that was destroying of human life.

(See the plate on page 9, col. 3)

**FOR THE CHILD THAT SHE HAD IN HER WOMB AS MARY, WAS THE SOLAR BABE.**

**The Crown of Christhood**

AS she gave birth to the new comprehension, it was only by rolling the rock away from the tomb, to find that the child as her Solar inbirth, had now been buried into the soul. For by the reality it no longer existed as a burden of struggle, but became a pearl in the camel's hump, to carry her home to the heights. Here was the fallacy of Mary opening the tomb, to find her lord gone. This is the burial into the soul of the Christos birth, to the new comprehension of truth.

The next burden lay in getting the camel as the agging process across the desert of Sinai, that of the state of not knowing. Awareness of the point which buries all in, but the new outlook which is now the new law of Reality, that the soul must accept instead of the old outlook of illusion.

That is, the Solar light, the radiance of the Christos Blood,

from the rock of the tomb, place all into one driving flash.

As this was portrayed unto Merope, she now knew the full mystery of the disappearance of the Eagle as she approached the portals of his Sire. How the generative unification folded in, bringing the soul with their new uprisen birth, completely to the androgynous oneness. Thus becoming a cell in the Father's Kingdom,

**"I and my Father are one."**

How man was so deluded by the lack of discarding his personal outlook, which prevented him from the wider vista of view. How religion had clamped down the mind expansion of man, by keeping the story of evolution, a personal state around a dead human god. When really the dead god was the soul itself awaiting resurrection.

She as Merope had once again brought down the Fire and imbued man with new life; for now with the wisdom being sent forth in the Occult Gazette and the Golden Rain that was now down-pouring, by her uniting of heaven and earth with the Solar born wisdom, the world was well alight. The first time for 13,000 years that the earth had been born with LIGHT.

Hence she had finished off the task that Demeter had started, and Persephone was free from the underworld, for Pluto as the Christos lord had been restored to the heights. Now as the Lord of the Flame in the Cosmic Realm of Divinity, it was in the soul the opening of the Third Eye, the reborn pituitary gland, where every soul who struggled to become, would be born of the flaming mind. The soul anointed with the glory of the eucharistical inflow, gained by their own struggles of life. Their struggle to discard of the beast and unite with the Lord in the heights, through the Cosmical inflow.

As Merope drew back from the depths of the wonders of the Waters of Time, she realised she had been gazing into the whole pipeline of her Fount; that which went from the beginning of time, to the completion of the moment, and as the mouth, the Lord was now to speak through the Merope as the true Vicar of Christ. And although she was standing at the end of the journey, she was also at the beginning. The moment when the serpent swallows his own tail, and all was born anew as he shed his old skin; and here she was, gazing into the whole of TIME, as a mirror of magical wonder.

Then the Voice of the reigning Lord called her attention to him,

"Merope as much as you may wish it otherwise, and man will want to decry it, I crown you with the Crown of Christhood, for you are the first soul to make that journey of life. You have mastered the old laws that were strangling man unto death, raised up the Fire of the inflowing Fatherhood, and given man his right to action of a forming godhood. Something man has never even accepted, for his manhood had never really been given birth, but only assumed as a state of gender as the fire burnt into his brain.

Now the world is ready to live, and to go forth to freedom of becoming, for you, as Mary, have given birth to Divinity, the immortality of life. Now teach them how to become electrified by the heart purpose of intent, where man serves from his heart and not from personality desire. How they can ripen

by R. S. J. Speller

THY hands have never been so beautiful,  
For as the lilies of the field  
And the dewdrop in the morning  
So are thy hands, O Queen of All Creation.

FOR in the twilight of thy hours  
Think not of earth and clay,  
But rise in thy ethereal Majesty  
To await thy Crowning Day.

FOR who can know the heights you touch,  
And who can know the pain,  
Yet you shall find sweet Paradise  
As thy eternal gain,

FORGET the sorrows of the past  
And soar on Neptune's foam,  
And think on the day, Beloved,  
When I will lead you home.

FOR I as thy God, the Eagle,  
Shall swoop in joyous flight  
When I can lift you from the depths  
Away from that of night.

FOR here is prepared a palace  
Magnificent in its sight,  
Thy home, Divine Merope,  
Thy home of golden light.

SO I await your coming  
And when from earth you part  
I will show you of your beauty  
And add to it My heart.

EVER keep this in thy memory,  
Never let the vision fade  
Of the glories that await you,  
For the debt is fully paid.

THE CROSS OF PAPALISM

THE God Generative FIRE is smashed by the lunar waters, the desires of self and flesh, whilst his feminine principle (the everyday conscious practical weaving mind) is held by the false cross of religious dogma and priesthood. . . . "Man's mind sealed by fear instilled all through the Ages thereby pinning man down in the luna waters drowning his sensitivity. . . ." (See text on page 4, col. 2, page 5, col. 2 and page 9, col. 1).

their field of corn by the God intent.

Whether man believes, accepts or not, he will this path have to tread. For it is the Law now set for the whole Solar Year, which depends as unto time, on the action of man, as to how he will come forth from its rebirth. Therefore as the first soul to rise up as a spirit-born being, one Christed with the Solar birth, will you lead mankind with the wisdom of Truth, that the Hierarchical Lords will send forth from the heights. As a Solar-born soul you are invincible, for spirit risen up is indestructible.

Hence the Shield of Divinity that becomes the right of every God-born soul. Go your way and lead man until the close of your life, then as my Spouse, who raised me back up to my rightful place, return, and I shall be waiting for you."

(See the poem above)

As the Voice stopped, Merope came back to herself,

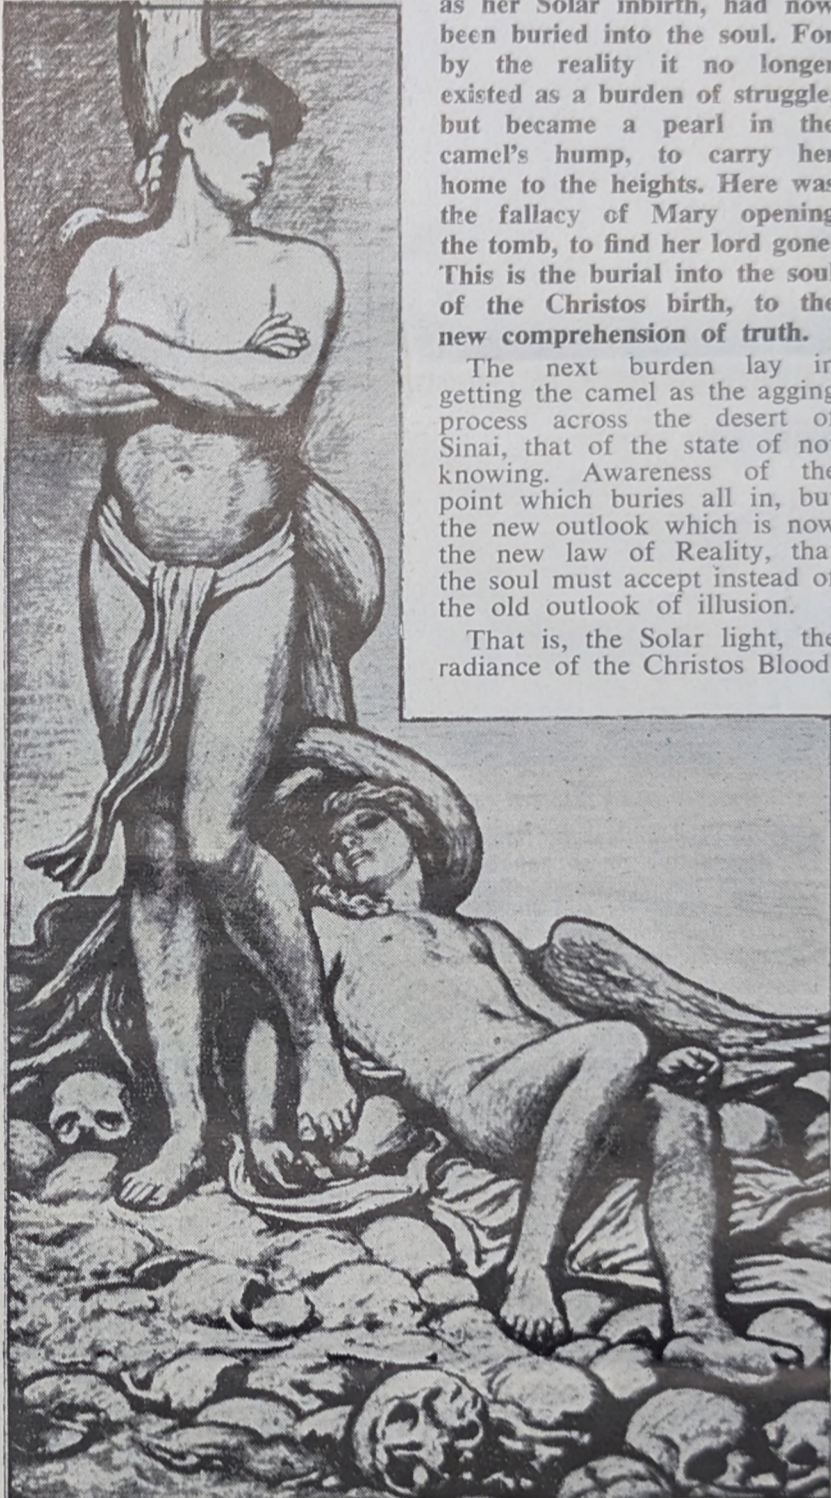

and although crowned with purpose and strength, overawed to the extent of fear. For in the world as it was today, it would be a greater crucifixion. But as if her very thought was read, the Voice boomed out,

**"I am thy shield and thy exceeding great reward."**

(See the plate on page 9, col. 5)

As Merope returned to Earth, she came not only to finish off her task, but to a world completely born anew. Now it was for man as he assumed his new re-formation of birth, to step into the breach with alacrity. For although this was the path he would now have to follow, it lay in his hands, as to whether it was as a creator, or a soul trailing on in the quest of strength that ever eluded his being.

For everyman now was a Christ unto himself, as promised by the Cosmic Lord.

THE SKULLS OF TIME

OVER ages each life was yet one more personality layer upon another, until each soul was surrounded by his calvary, the hill of self, and his earth mind dominated by the serpent of desire and lust, with the free Spirit suffocated, cast into the lunar depths. . . . "Man ever taking of the wealth that they brought into birth, but never discarding of old ideas. . . ." (See text on page 4, col. 1).

Cosmic life, that every Scapegoat builds up as the counterpart to the struggles with the hell of Service.

Then there came before her of how she had even raised up the glory of Demeter's wealth of Agriculture; taught man of the vaster intensity, that went with the sowing and reaping. # THE GREAT DELUGE

**M**Y postbag over this past period has been utterly indescribable, for circumstances have been fast and furious, with questions coming in from all quarters, and far more propitious than I expected. But naturally all around the drive, and the amazing topic, the flooding of Rome by the deluge. Yet there is also the one letter of considerable importance, one that might help us to comprehend a more modern understanding of Ireland and its antiquated state, through Roman Catholicism stoning it to death. (See letter below). A country that has never changed its status from the beginning of time, and nothing can stand still, as the Law is evolution. Although I must admit I have never visited of such, never having any desire to do so. Its saturation by papalism was my main objection, knowing that the real core of this evil was in this catholic infested country. Perhaps since I make such bold and decided statements around this very intricate subject, I might answer a question put up by one reader to the Gazette, as to why I am so vehement regarding them. Although she quite agreed, she would like some deeper thinking upon the subject.

## R.C. Duplicity

**F**IRSTLY, and most important, I am a servant of the Masters, the Great Powers of the Heights. It is They who are so vehement regarding Roman Catholicism, for they have gathered up remnants of ancient Religions, roots and wealth of great and profound truth, and distorted them to suit pompous popes. Swearing they had captured the Embodiment of the Christos buried into the depths at the beginning of the Piscean Age.

When the very fact of the rubbish they put to it, alone decries their knowing anything about what they declared they have taken. Truths that have no utterance whatsoever with the tawdry fabrications that they are advocating. Dead gods on crosses, his mother as their lady who will save women, which in the long run is nothing more than a financial racket, as seen by every church you enter into.

Roman Catholicism is a financial scheme set up by popes all through the Ages ever using the political angles of the day. They were powerful naga born men that came back from Atlantis, and continued the same old racket all over again. This they held over the people as the sword of Damocles, burning souls at the stake and any other diabolical torture that could be raised up to hold their power and sway over the masses.

**NEVER AT ANY TIME HAS THERE BEEN ONE SHRED OF TRUTH IN THEIR RELIGIOUS HUMBUG, BUT A SNARE TO CATCH THE WEAK AND CREDULOUS, THOSE WHO ONCE WERE HIGHLY SUPERSTITIOUS.**

The fact that these bishops and popes took the ancient religions and changed their dates of the inflowing of the God powers, placing their own so-called saints into the office by changing the day by a few days grace, alone proves their ignorance. They cut off the root power of the entry of the Divine Effulgence, holding all the prismic powers from the heights, hence the decrepid state of their churches and the servants that work in them. There has been no inflow from the heights; but worse still, millions of people have been also stoned by them, bringing

THE HANDS OF DAEDALUS

the Race to what it is. (See plate in cols. 4 and 5)

It was when I let in the fresh air that de la Bedoyere\*1 said we needed, that man began to breathe, whereby the Spirit started to rise up in the soul, bringing thousands seeking of the Gazette. By doing this, it caused the Catholic sect to crumble up in dust, hence the beginning of the cracking, in the Deluge by Water at the core and root of the octopii lair.

Certainly in the Jesuit monasteries, the mysteries to a certain degree were practised, but in such a way as to cause a violent over-spilling in the Nation round about. In England alone, untold damage was caused by this unwise use of the mysteries that help man to expand and strip off old states. They would never have overspilt if they were spun up to the heights, sent back to the Gods who sent down the wisdom. This is what the Heights are now seeking that the Cosmos can continue evolution; that which I set into motion, when I raised this

\*1 The book, *Objections to Roman Catholicism*, published in London by Constable in November last year, was edited by Michael de la Bedoyere, ex-editor of the *Catholic Herald*, and present editor and publisher of the independent newsletter *Search*. The book consists of the written views of 6 Catholics, 2 being women, who boldly criticise some of its worst features.

THE FEAR OF IGNORANCE

**N**O disease or death, however of hell, can be so evil, tortuous, destructive or so penetrating than the canker of FEAR. Yet papalism has its whole edifice based bred and fed by its ghastly menace. Here its evil message goes forth each time any catholic church peals out their bells, vibrating its terror unseen into the atmosphere breathed. (See text in col. 3 and page 3, col. 5).

School and brought this wisdom into birth, and took out the new thought as fresh air to thousands of people on the Drive.\*2. Only we know what good it has done, for souls so far are still struggling under the menace of the old fear; that which the inflowing Cosmic Rays will dissolve ere very long.

(See plate in col. 2)

This alone speaks for itself, and of which I know to be true, for I am the Scapegoat set by these heights to set strait the gate, for everyman to walk

\*2 See the diagram and caption called "The Phantom Drive of the Heights," on page 10, cols. 3 and 4.

through into fresh fields of understanding. This is what the heights are waiting to retrieve, the wealth stolen by this clandestine body of human life, which of course is now being witnessed in the flooding of Rome. It coming to the working classes is sad, for always the poor suffer; but we must remember, it was ordained that the schism would come in their own midst. That is the only way the Catholics will learn and seek to retrieve the wealth that has been pilfered from them for Ages, leaving them poverty stricken in times of dilemma.

## The Rome Deluge

**I**T was stated in the *Observer* and others on Sunday 5th September 1965, that angry peasants were declaring,

"WE do not need your blessing. We need money to rebuild our homes."

Then a man who was sitting high and dry with the wealth that had been stolen from these people for Ages, replies,

"I have come to share your sufferings."

(See plate on page 9, col. 3)

He that refused to give over the money to prevent the overflowing of the Tiber, that could deluge the whole of the centre of Rome, now says he wants to share their sufferings, and even gives £1,200 as money to ease his conscience, and raise up a good face amongst the populace. Too late, Paul, you never changed over from the Saul to meet the situation that was coming to all as Initiation, through the inflowing EL Powers.

We were all warned that the moment was here, when every man was going to be raised up by the harvest that was born from what I had set into motion. Either man found his mind, or found himself blank and blind. Roman Catholicism found itself in deluge through truths they had taken, and never brought to a truthful end. No, this is the only way papalism can be broken up, and broken up it is from a

## Mrs. "X" of Eire.

Please excuse the delay in ordering my beloved Gazette. It is truly the Word of the Holy Ghost that you are giving us, to dispel all the darkness from our lives. I was so pleased that you got only the one letter of objection to the Black Scorpion article. It is good to know, that the Higher Powers are now able to speak out against these creators of Beelzebub. It was almighty good of you, Mr. Averill and the others to challenge them at Earls Court, and so uphold the soul of the World from being raped. Their reaction was typical of them, so vain, ignorant, crude.

I, too, am one of those catholics who got away. My mother died when I was seven, and my father was a chronic drinker and gambler, so I was put in an industrial school and brought up by nuns. I can assure you there was no love in that place, we were regimented around as though we were mere robots. We were not even called by our christian names by those in authority, mostly by our surnames, and by vulgar offensive names as well. We were beaten and clouted at the least excuse. There was never any attempt to give us understanding, sensitivity, perception, insight or wisdom, all they wanted was blind obedience. It is not surprising that so many fell by the wayside after leaving. We only got the minimum possible to eat, fattening stuff, mostly bread soaked in dripping; hence we all had just one great ambition, to get out so that we could have enough to eat, (hungry stomachs have no ears they say). This is what they call the advantage of a catholic upbringing.

I knew this god they worshipped was a god of their own making, and had nothing in common with the God of Truth and Justice; also I noted their characters had nothing in common with the character of Christ as given

in the Bible. A few years after leaving school I decided Hell could not possibly be true, hence I decided to search for Truth, which eventually led to the OCCULT GAZETTE. Despite an unpromising beginning and much worldly opposition I am now in harmony with the Divine Way, thanks to your beautiful teachings.

Since the end of June we have been under extreme excommunication here in Ireland. Nightly we were awakened sharply at 2 a.m. The Higher Powers kept us aware of the terrible forces the Catholic Church was using to destroy us. About mid-August they slackened, and I understand are now seeking the support of the Freemasons and the Jews. We have been told of the Jewish idea of helping which was—"you exorcise their spirits, and then we will put the law on them" which was most illuminating. No doubt this is what is called upholding Western civilisation, but we are not afraid of their "black art," we will leave all those crafty hypocrites to face their Waterloo.

Signed Mrs. "X"

Though this lady has not requested anonymous covering, in view of the evil astral hordes of the catholics, it would not be safe to publish her name or give hint of her whereabouts in Southern Ireland. (Editor).

moral standpoint. This I made as a prophecy in the August issue of the Gazette, and it is now beginning its course.

For the whole of this cult is riddled with blood and crime, perpetrated by the popes down the Ages, with orthodoxy but a branch of the old root, and merely modifies the rubbish. (See plate below)

What has gone on in the name of religion by this stream of high mass jiggery pokery, would amaze the world if a 100th part was ever revealed. For the vibrations created by them are appalling, one mass of dark grey matter. In fact it would amaze the priest and clerics themselves if they could see what I see around them, and the creations they build up in their midst.

(See plate on page 8, col. 1)

The gathering together of their dossier is amazing. I happen to be in possession of such a remarkable document. One of those books that the Vatican never gathered in, and escaped their vigilant eye.

Dates that when proved individually are perfectly correct, when gathered together enough to set the next missile going up to kingdom-cum, and back again to its own source. What seems to escape the notice of many, is the fact that this sect are stoning the Race; preventing man from building his mind body by the stipulation that you must obey without any point of question. (See plate on page 7, cols. 4 and 5)

Never think but by what we are telling, and above all, do not read that dreadful Occult Gazette, it will tell you things you ought to know.

I bet poor old Friar Benet\*3 caught a packet for daring to read it to his novices. And furthermore even getting the cement mixed to aid and abet the ancient crime in the depths of his cult. This is a part of the wisdom of the mysteries, never add one word to that which you wish to obliterate, it becomes a past continuance.

\*3 In the August issue on page 15 there was published a letter from a friar Benet of the Xaverian Brothers at Wadhurst who had received a July 1965 issue and had read it to his Novices. Readers should refer to it and the Editor's Reply.

THE DEATH OF THE SOUL FIRE

MAN is the microcosm of the Great Macrocosm, and in miniature has all the power and wealth of his Father, into becoming a Creative Genius, bringing forth enlightened out of the Darkness, the glories of the LIGHT of MIND, the freedom of the Creative Fire. But priesthood, especially that of papalism, murder the Spark-Flame of IDEA, regimenting the soul's thoughts into a state of death, killing the spur of Originality. (See text above, on page 3, col. 1 and page 6, col. 4).

They know that all this was true, evils that went on down in the past in the Black Ages.

A Vast Bazaar

WHY is there trouble in the Vatican between those of the Commissions? They all know, except the old fossils in the Vatican itself, that unless something was done, trouble was on the way. That is what I determined about the 14th of September. I knew that something had to be done, particularly in Ireland, for it was once stated to me in England by a Roman Catholic priest, that the Irish as well as the Italians went too far with their rules, and would someday have to recant them. And he was not an excommunicated one, but one officiating in a R.C. church.

(See letter on page 8)

He quite agreed with me, that unless a human soul built up its mind body, it can never leave the astral planes. For they become earth-bound, of which most nuns are. When I put this question to him, he said he quite agreed it was so, but he said, that quietly he was seeking to do what he knew to be right, without the blind officials over his head perceiving what he was doing.

Building up the mind body is only done by free mind investigation; souls seeking and working out life as unto the covenant in the first two Chapters of Genesis. And after all, this is our Book of Oath, that by which man swears his life away in the Courts of Justice.

By all this alone, it can be seen the dilemma the Race is in, in the clutches of this cult of money making schemers. The whole of Westminster Cathedral is one vast bazaar, where God or Spirit, or even the Heavens as fresh air, never get a chance to get inside. It is this that is causing the Race to go stoned and mental, with disease following in by lack of mind growth.

The question I would like to ask the thinking minded public, particularly the English Press:

"What are you afraid of, when you just dip your feet in the edge of the pool, and make statements, yet would like to

THE WEB OF FALSEHOOD

MAN should not "hearken to the voice of charmers... the honeyed tones of conventional goodness that has led man into the morass of intellectual quagmire, no longer free to think originally. (See text page 8, col. 5 and page 7, col. 1).

utter a great deal more ??? ? Do not tell me you could not be so rude, I happen to know reporters. The only way you can get underneath the supercilious righteousness assumed by these puppets of religious dogma, is to tell them what they really are, straight from the shoulder."

This of course has been tried by those who were not under the protection of the Spirit. For instance in the People of Sunday 5th a glowing account was given of a young man who tried out a round of exhibitionism. He certainly took things into his own hands, but since I agree with his sentiments, and of which he is 100% correct, it is a tragedy that he was not fined or given a small period of imprisonment for the damage he caused, instead of placing him into a mental asylum. Then if this was done to deter me, then it misfired.

They may state he was mental, but I would not take their word regarding this, for I happen to know the law, and how such things are angled. We are living in an age of distorted ideals, and ways that do not correspond with the Higher LAWS of the Great World, who are determined that they are going to change. I would like to talk to that young man and give him spiritual healing if such was the case: for up till then he was considered quite alright, but unfortunately took the law into his own hands to carry out his beliefs.

If he had turned to the spirit, he would have been guided in this matter; but quite possibly in time to come he will be lauded as one of the heroes that got rid of the curse of the human Race.

But the real tragedy lies in the fact if he is not really so mental. To have been at large without any fear, of which he proved, to suddenly be clamped into an asylum at the mercy of experimenting doctors, is a very dreadful thing, I am afraid a great deal more is going to arise around the corrupted states of the world.

Where was the dean of Canterbury cathedral to not offer help to this boy? Is not this what they are meant for, to help souls in distress, if this boy was? The only remark passed by Talbot\*4 was, we are not taking any action, a very sad case. I wonder what he would have done if that was his son, he and I both know the answer to that.

It is all these things that are proving religion fallible and auguring its downfall. The theory that the world has gone antichrist, is due to religion

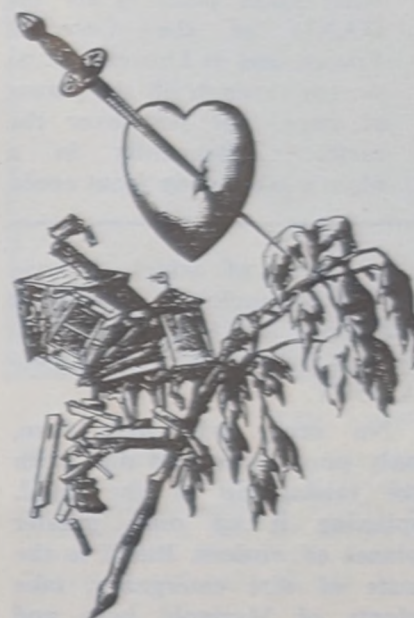

\*4 The name of the present Dean of Canterbury.

itself. This was stated only too well in the Times of August 1st as they dared to put their whole foot in the pool, and stated that the pope was causing his own confusion and adding to his own troubles. The crimes and evil over the Ages are now having their come back, for you cannot stop retribution, it is a LAW unto itself.

The Realism of the Central Sun

THE Equinox of Pisces was ordained to give unto man untold expansion, when all it brought was religious and mechanical monsters. Consequently the Aquarian Age that is so important where Humanity are concerned, came in bare, blank and blind, with Saturn ruling its production. Look at the result—disease and the mentality overbalanced everywhere.

As one who knows the mysteries and the working of

THE SWORD OF THE CHRISTOS

AS prophesied by the Sages of old... "I come not to send Peace but the Sword..." and thus the whole edifice of false religion is to be cut to the ground, breaking every altar unto dust. No wonder the BOOK of OATHS shows how the pharisees and sadducees the priests of this day, try to kill the Christos Light and deny his very Blood. (See text below).

the Law of the Cosmos, I say emphatically, this should never have come about.

Where was the priesthood who claim Eucharistical unity from the heights? If Spirit as the higher inflow from the Cosmical Heavens had made unity with man and matter, this Age would have been flourishing with life and mental unfoldment from the Uranian counterbalance. Then the Second Advent would have brought about what man was seeking, and of which I captured, and have become the means of the Eucharistical Down-pouring. But unfortunately it has to clean up a great deal of evil, crime and disease before the real work begins. This is going to be drastic while it lasts, as seen in Italy already.

I warned that Roman Catholicism and Orthodox religion would have to go.

(See plate above)

That is already started, and go they both will. The Higher Powers have this under control, with complete control over the earth. It may be believed that I am another crank, WELL! watch and see. The deluge of Rome is only the beginning; if man will not learn quickly, then they must learn the hard way.

WHAT A PITY.

The glories that could be with mankind are beyond the understanding of the majority,

for as hard as life has been and my sacrifices as a Scapegoat, I have found the wonders of life, that of an Ariel mind. A mind that is free from all the contaminating states of the earth, and one that has witnessed the royal dynamic wonders of the Greater Planes. (See plate on page 6, cols. 2 and 3)

States that once witnessed could never be taken for the dilemmas of an unbalanced mind. But glories of REALITY, the beauty of a soul freed from the flesh, one who can help others less fortunate than oneself and take the kicks they offer in return.

There are not other worlds, but planes that are ready for the soul who gets free from the gravity of the earth. But greater still the glorious Realm of LIGHT, the raised up Arc of the Masters. The rolling ball of Radiating Magnificence that feeds and nourishes man every day.

This is the World that I know. I have not been hankering after the moon, but found the Realm of the Central Sun in which I bathe in nightly. The short space of time that I take for sleep, I sojourn to that Realm for refreshment, hence my power to heal the sick, and break down evil and erroneous cults. (See plate below)

This I will prove before I leave this Earth, and leave the world with NEW LIGHT. This is how I know SO MUCH.

The American Report on Fertility Pill

NOW another point that has been raised, and of which I would like to answer, is that of the Fertility Pill. A report made in an American newspaper called the Cincinnati Enquirer states that these pills are constructed from the urine of elderly women. Particularly nuns who are past the menstruating age, for evidently by them getting sexually excited in their religious adoration, they shed their hormone from the pituitary that goes down into the womb, and then into their bladder. These hormones are extracted and placed into pill form and given to barren women. Could there be anything more foul or disgusting?

WOMAN WITH STARS IN HER HAIR

IN this picture surely there is much verification of the fact that in the Meninges reside the sensitive Points as Valves to bring into attunement the GODS of the HIERARCHIES, the 12 ELEMENTS of the Central Sun. (See text above and page 7, col. 5).

# WESTMINSTER CATHEDRAL OUTWITTED

by Gladys I. Spearman-Cook

**O**N September 6th, this undated letter was received from Mr. Sean Lawlor by the School regarding a pamphlet received by them. Here is another incident of papalism applying a course of fear to the simple minded. But I do not happen to be so simple minded as they think, for I am being directed and guided by the Great Hierarchical Powers, who answered this letter in question.

This is another example of how papalism has held the people through the Ages. An undermining current of doubt and fear, but now they are going to meet the Great Powers of the Universe, who have already broken up their foundation. This is NOT a statement of fear, but a statement of TRUTH, which is already beginning to show above the surface. For the time they are still holding the press this way, for I happen to know a number who state otherwise. The point is, I am not playing to the public, but stating the TRUTH. Yes! unpleasant, but a fact.

The trouble that is now with papalism is the fear that they have levelled out against simple souls all through the Ages, is now coming back to roost through RELATIVITY. That (See the plate on page 4)

which the popes, cardinals and bishops of France, Italy and Spain have accrued in the past, is now theirs to balance up into future growth. Rather a sad outlook? Hence they are using the press to bolster themselves up, for it is already being felt, and they are trying to cover up

their dilemma in not having a pope who is being guided by the Higher Powers of Authority. Of which he is running about everywhere to try and gain some sort of impetus.

The difference between them and me, is the fact that what takes place is by the HAND of the Cosmical Forces, and is Universal, and sweeps through all the planes at once, not just over the earth. Consequently in a night a whole continent could

be submerged by the undermining of these Great Cosmical Rays.

The fear of papalism is due to their being saturated with luna powers, states that open them up to the power of ingestion. They being glutted by their luna retrogression taken by transubstantiation.

This should never be taken only under the Solar Rays, and this they are refuting. The Power of the Spirit, of which the Christ Blood is. This was first broached in A.D. 831 by Paschasius Radobertus, Abbot of Corbie, and forced into the belief of the Body and Blood of the Christ as a Physical

state by Emperor Charles the Bald in A.D. 877. This boundlessly increased the power of the priests, which eventually became an irresistible temptation.

This went on until the Trent commission, but still erroneously applied. It is because man has shut out the Solar Rays by living in the luna, and religiously trained and enforced into the luna, that man today is so sadly sick and corrupted. Seeking of the Solar Rays as the Spirit is the only way of rebirth, not just lying in the sun and destroying the electrical charge of sensitivity at the end of the nerve ends of the skin. This is what turns the cells black and brings the black Races into being. Once upon a time all men were white, being of the spirit, which the dark Races refer to in their legends.

The astral planes are one mass of earthbound Catholics wildly trying to find inlet to the earth through possible channels, and of which the luna state is. Hence the present state of mental unbalance, with religious furore basing it. That which I stated so clearly in my pamphlet of the Black Scorpion, in which millions have gone out all over the world. All this and all other states down the Ages, including the Inquisition, will now have to be met in Relativity, and brought by papalism to unification. No wonder they do not want to accept reincarnation, or bring changes to bear on life and its growth.

They now will have to face up to themselves and take the consequences. It is these changes that the Great Powers are enforcing, that which will force papalism to bring about their own end. This is why some, more far seeing than others, are demanding changes; but the pope is a part of the dead past, and the death knell to the sect. But in any case, why are we allowing ourselves to be ruled over religiously by a dead antiquated Race with a very questionable history???

No! I am afraid their own case history in relativity, will alone kill them, but with the Higher Powers helping the situation it will be hurried into action.

The future has got to be a world for free men and women, where every soul seeks through the wisdom of life, and strives to attain that divinity which is the heritage of all. That which is the true Blood life of every soul, the Divine Effulgence coming forth out of the Great Heavenly Heights, the great Depths of the Great Parabolic Root. That which is going to give to all men the Cosmic inflow of new life, once they are ready to open themselves to receive it. If not, then it must be the hard way. But everywhere an Occult Gazette or Pamphlet reaches its goal, it opens a way of entry for the Higher Forces. This is the mystery of vibration, unknown to man today; but a truth that is going to bear its revelation not so very far ahead.

Dear Sir or Madam,

I read a copy of the reprint "Papalism and Religion" and "Challenge '65," which you sent to Westminster Cathedral. I was of course extremely amused and would be pleased if you could let me have another dozen copies. I trust the sum enclosed (5d.) will be sufficient to cover the postage. I regret that I cannot make a contribution since much as your work interests me I cannot pretend to wish to extend your influence,

yours sincerely (signed) Sean Lawlor.

Mr. Sean Lawlor, London, S.W.1.

In reply to your undated letter received on the 6th of September, we note the contents. When you let us know exactly why you require these extra 12 copies of the Occult Pamphlet, we will give it our due consideration.

## Reminiscences

Concluded from Page 9

But when one knows as much as I do, regarding the Laws of Life, the repercussions for interfering with karmic debts that have to be met, it will be realised of what these money making gangsters are doing.

But then, that is another point on the blacklist, and is amazing how quickly that is working. Many tragedies are being revealed, with a host more to come. This is not a matter of trying to build up Utopia, but the Laws of LIFE demanding that man obeys, or he will have to take the consequences. Life is far different to what man believes, it is not for his convenience, neither is he just the answer to his parents amours.

It is Evolution of a Great Cosmic Plan, a Stem from the Parabrahmic Root that goes forth, whether man likes it or not. The Race are the sparks or atoms that were sent down in the form of soul, that they could perpetuate this plan. Then they will be gathered back into the conscious whole. Man cannot run it as he likes, he was sent down under a covenant to perform a task. He has done it his way for 13,000 years, now he is going to obey the Greater Law, but by unifying his own creation through Relativity.

This is not going to be very comfortable, but where are the priests who are the receivers of the Eucharist and instructions to unify the people with the Godhead???. Why have they not received the true wisdom, instead of the babbling rubbish they dish up. But further still, where are the stupid public to have allowed themselves to be duped by it???

Avidya will not spare anybody now, neither the fact;

"Oh well, we never really took them seriously, but we have to comply with the conventionalism to keep up our face in the neighbourhood."

These Laws that are now descending are the Cosmic Rays of Hydrogen purity; pure Energy direct from the Central Sun. And when they enter the bloodstream, by-gum

they burn, of which I have passed through, in my 22nd initiation, so I DO KNOW WHAT I AM TALKING ABOUT.

No drugs will help then, only pure water and diet, with the raising up of the mind, spinning it up onto greater planes of wisdom. But if in the state of dire emergency, take plenty of Marigold herb and dab any troublesome Chakra of the prana of the spinal column with witch-hazel solution\*4. But on no account take drugs or anti-biotics, they will only add unto your problems. And on no account allow the medical world to kid you to lose of your womb or internal organs, without trying herbs and healing first.

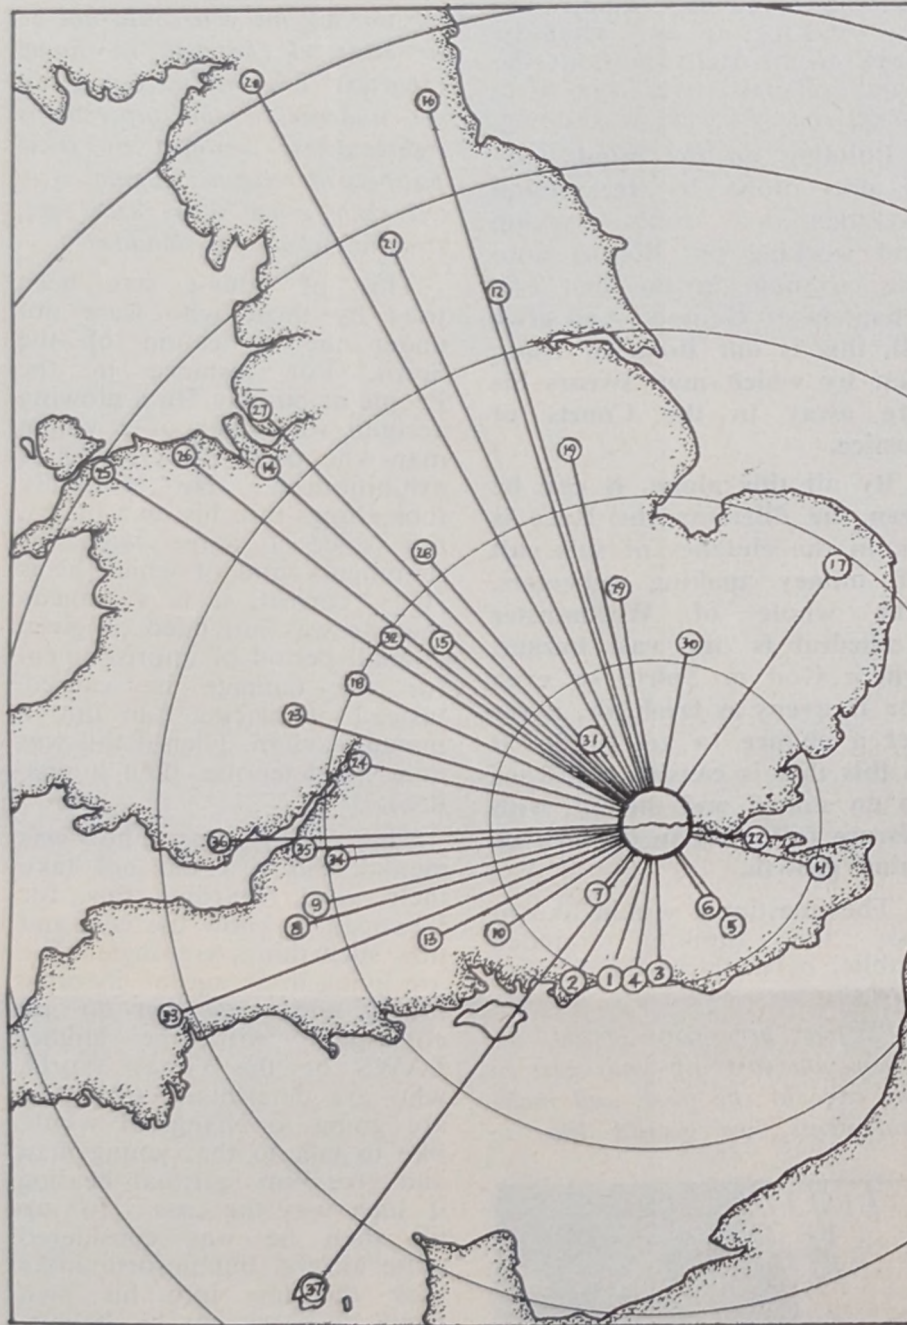

I SPEAK NOW WITH AUTHORITY THAT WILL STAND EVERYONE OF US IN GOOD STEAD ERE VERY LONG, THAT WHICH I HAVE GAINED BY CONTINUALLY RAISING MY FREQUENCY FROM PLANE TO PLANE.

A kindly warning to all Catholic Churches; Do not waste your time on black masses or excommunication, for it is foolish, as I know how to transmute to my own advantage. This is what a Cathedral in England has just found out, for after three days hard going round the clock on their part, after I had collected all the power I wanted, I thanked them by telegram for the power they had given me, and how I could send in onto Rome.

Next month in my Reminiscence, I will give a full account of this experience, with the visions shown unto me by the Hierarchical Powers of such a dastardly act carried out by a religious force in the name of God. This will be accompanied by the article written with the power, called The Black Powers of Heights and depths.

Roman Catholicism is now facing its relativity of Ages of BLOOD and CRIME.

\*4 Both the Herb Marigold Flowers as well as Petals, and also the solution, Witch Hazel, are available from the publishers The School of Universal Philosophy and Healing.

THE PHANTOM DRIVE OF THE HEIGHTS

THE Drive here referred to was the fact that tens of thousands of Gazettes, Leaflets and pamphlets have saturated the length and breadth of Britain bringing to hundreds of thousands of new people the Truth and Reality of the SOLAR BIRTH and the ignominious death of papalism and religion, stoned by the pope's kiss of death. The glad tidings of the mastery over prelate and priesthood by the Powers of the Elements issuing forth of the WORD, fired and stirred the hearts and minds of the nation as witnessed by the heavy congratulatory messages that came back with all speed. By this triumphant conquest the old edifice has crumbled as well they know and the NEW DAWN of Truth and Light of the SPIRIT has commenced.

scattered and unbalanced states, could be unified by the Rhythm of the Spheres. The undulating balm of its prismic Waters healing the chaotic states splayed by the erroneous wisdom concerning the heights; with souls, "dead" and mortified by the electrical treatment that had withered the cells of the brain, rejuvenated into life.

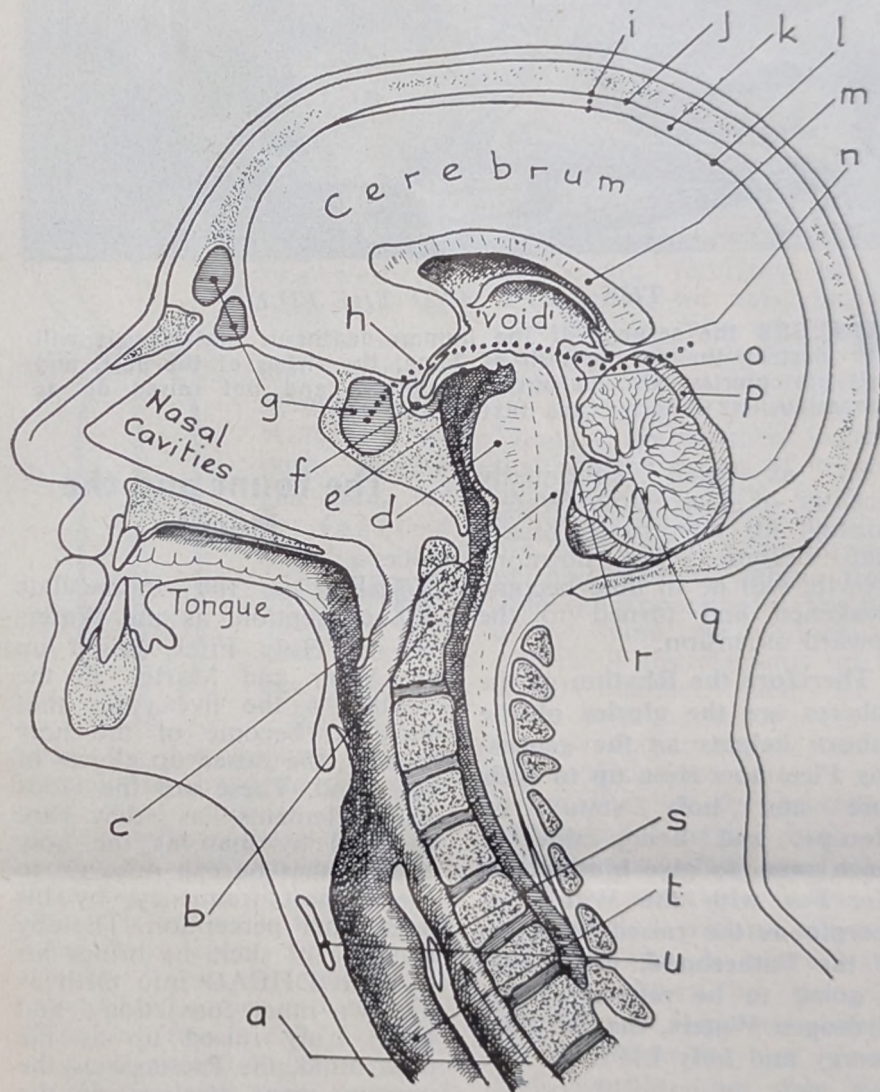

**FOR AS MEROPE SO DECREED, PERCEIVING NEEDS OF MAN, WOULD SHE AS THE LAW OF REBIRTH, BRING SUCH INTO BEING.**

## The Lord of the Flame

AS she did so, the heavens shot into light, for it had to be established in the higher LAW as the decree of the Scapegoat. For she had claimed the Hail Mary, the Mother of the Free; the true status of the Iesus rebirth as the manifestation of the Yod.

That every soul now could be steadied on his feet and shown the way to rise, for, having been led in the mystery of the alchemical journey, his feet were off the rock. So now the true work of the Gods could begin, they being the Rhythm of the Waters. While man being born from the Panacea of those heights, his status is of the Divine Effulgence. But now those Waters full of life, fully electrified into manifestation, will catch up each soul and gyroscope them up, as soon as they turn to the right direction.

Yet, although reorientated by the Law of Rebirth, they now must by their awakening mind, turn to the Risen Eagle. The Great Lord of the Flame through their own flaming mount; their soul lifted up and set alight, through the electrified Scorpionic Waters. The Flame as the radiant Arc of the heavens, the reborn Solar mind.

THE SKULL AND CERVICAL VERTEBRAE

So what man now has to believe, is the fact that he is the creator of the magnificence that can be. For electrified rhythm, colour and activity, can come forth out of those Waters, but born as man's directed belief. For the atoms he receives from those Waters are the wealth of the Gods; Powers that must be given life, by man moulding the wealth in the depths. Glories and wonders that can rise to heights divine, when man can perceive of Reality, and not that of illusion.

For Merope knew that through the Ages, there had been those who had received of the Voice of Divine Life, the Rhythm of the Spheres, in its pure inborn reception, by their own raised up frequency of awakened belief. Then man all told, can do the same again, by the unfolding of the Waters. Hence it was her task to aid and succour them through, by placing within the Stream, the nucleus of the Scorpionic Key. Showing man the way to listen more and more through his raised up fires, to the inner Voice that would break forth on their highly sensitised apparatus. Hence as she wrestled with that Stream, was she directing them in how they must remould their endeavours, thus with her now leading them in the right direction.

Not dead litany and raised up passions, to be reborn with luna waters, but raised up Fires to the heights through wisdom and understanding. Thus every man being a priest unto himself, bringing down into being the holy Waters of the heights, as the Eucharistical Kiss.

THE ATOMS OF THE GODS

Within the meninges resides the sacred cerebro-spinal fluid, which flows within the sub-arachnoid space (at 1) of the three membranes (see diagram in columns 1 and 2). At the top of the skull in the longitudinal sinus (at 2) and the pachionian bodies (at 3) are the gods as the ELEMENT Powers awaiting conscious embodiment. As the soul raises up his frequency, and feeds his cells and Elements with the sacred powers of his Seed, so the interaction between pituitary and pineal, the 6th and 7th chakra, bring forth the wealth of the Hierarchical Heights, ... "The Rhythm of the Spheres, that of the inflowing Waters, ..." that descend down the Falx Cerebri (at 4) and become the mystic Writing on the Wall, on the Corpus Callosum (at 5). (See text on this page, col. 4 and page 13, col. 3).

THE FIGHT FOR LIFE

EACH man must seek this road, the mastery of the serpent fire, and so master its tortuous ways of desire and beast, that for once and all such is utterly erased, and man can embrace the Heavens as a true son of the SUN, and become united with the Lord of the Flame, the Fatherhood Himself. (See text on page 16, col. 5 and page 12, col. 1).

As they did so, would the atoms of the Gods, already born in the soul's own heights, now asleep, become awake, and be fired into action. Thus Merope making Strait the Gate, for all men to be born of the true conception. For ever in the past as the weight of the Fire impounded the human soul, it drove it deeper and deeper into their depths, in search for human delights. So heights and depths were never united, but driven further and further apart; hence man, although born of the Gods, as seeds of their atoms, ever remained up in the heights of their mind, the mystery of the meninges.

(See the plates in cols. 1, 2 & 3)

Therefore Merope now knew more fully, why the Gods had used her as an insulated Channel. Hence the Abba Fatherhood as the Royalty of life, had now risen as the Scorpio Waters; but furthermore, how all things were only a bow-shot away, in the unfoldment of all men. For wealth was actually radiating from their aura, but man blind through the erroneous wisdom that Papalism had inflicted upon him, for the Piscean Embodiment.

(See the articles in July, August and September 1965 issues)

## No Man Now Ignorant

THUS man's heights were consistent of the hidden light and glories of the Holy Waters, with their depths only conscious of what they had been allowed to perceive, and then of a two-way track. For in their mass luna adoration and sex driven desires, they, through church-ography of legalised desecration of the Holy Fire, had been forced into incestuous multiplicity. (See the plate on page 5, cols. 1 and 2)

Thereby forcing man as he lived as such, living in reflection of all that was HERE and NOW.

But now by the reorientation of the Waters, that could bring him unbounding life, he must learn to raise up those precious fiery waters, for his mind unfoldment. Then as he so became filled with the down-pouring Stream of Cosmic Fire, would he as he perceived, create and set the pace of all the magnitude of wonders that

# RHYTHM OF THE SPHERES

Continued from Page 11

had been gathered up in the heights.

But while he only danced with the beast, and never looked upward to those heights, he would never become aware of the glories of that Stream, e'en though they be of his own inner being. For through the labours of Jacob, seven by seven, he brought those glories unto man, and made them his inner being. For as he so beheld and manifested of the LAW, it then became the depths of the man. So Merope was re-infusing what they had endeavoured to retrieve of the fallen waters; but this time with a well laid plan, that she took all the slaughter. She made Strait the Gate by treading the way through trial and error, making the way secure by fixing it by Law and Order, that man could sail forth with the wind. Therefore as declared unto Noah as he raised the Arc, no more by deluge of Water.

So now she could see all the more clearly, of how the work of the three Patriarchs had been to re-lay the Work of

Now NO MAN can say he does not know, for it is now Law and Order, whereby all he needs to do, is seek of his mind unfoldment. For the Waters now are set as the Cosmic Rays, that will saturate every soul and reorientate his being, with wisdom\*4 available to guide him through, and lift him up over the bridge of Helmergelver.

So whereas in the past, when man received a new inflow of Fire from the bursting heavens, and the Cycles had brought the ever deluging Waters, now it

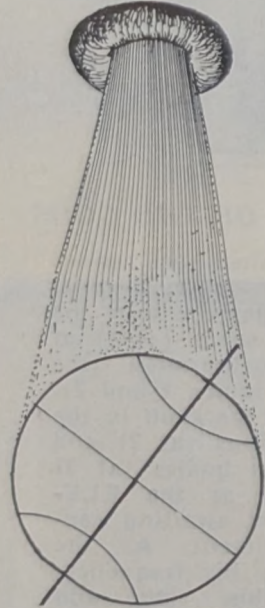

\*4 Since 1962 the Masters having been delivering through Mrs. Spearman-Cook a series of Lectures called THE SAGA of TIME, which embrace the hidden Mysteries of man's beginning as well as the Task that now lies before him. The Genius that lies hidden within these pages is vast and unbelievable and the Editor strongly recommends them as without their key to guide and aid Mankind he would not know of the Way Home.

was no longer Venus dancing after Mars, and him hunting the wild boar, but man looking upwards seeking with diligent intent, to find the Golden Hind.

Therefore with the way now prepared, all is adjusted with extreme heights and depths united as the Fount and the Mouth, making man securely set, for the whole of the Solar Year. His task being now, for him to adjust his own frequency to the wisdom now ready for him, and him becoming reborn of the highly charged efflatus of the Waters. Thus either bring unto him of his own inner wealth, through the inflowing Waters now charged with electrified life, or go blank through being raised up, but with no intention of labouring. Therefore, if of the former, he will as the son of the heights, become aware of the inflowing Rhythm, and give birth on a higher adjustment of creation. For genius is often only just round the corner, in many a soul chaotic in his reason.

## The Wisdom of Manipulation

SO having laid the way for a deeper comprehension, by Merope raising up the FACE as the Lord of the Flame, then bringing the inflow of the Holy Fires, and electrifying with Unction and Grace, she now sought to give the soul the wisdom of manipulation. Thereby that man and Gods, the inflowing Hierarchical band, could dance together through man's own inborn heights, by frequency of unfoldment; and become spun up into harmonic heights, by the inflowing waters. So as a salmon swimming up stream, let every zealous soul become born of new life, as was intended in the Beginning. Thereby find his new spawning ground, and give birth to his long lost wisdom.

So here, in a diminutive way, we perceive heights and depths... for as of the Macrocosm, so of the microcosm, with the sperming atom of the Scorpio Fires, feeding man in the base; for all is outer Space of Blackness, with man the world of Creation. Therefore the Source is from the boundless heights being received by man's point of creation. Then from that point it descends down the seven Natures of his etheric, to his conscious state of awareness, whether it be black or white.

Hence which ever way man desires it, in reality or reflection, will it descend and become of his status and

growth, and his garments of his etheric adjustment. But now, with everything set for a secure way of ascension and rebirth, or a rise of planes and a blanking of mind as the soul stands on the desert of rebirth.

Therefore man still has of his own free-will, but he cannot now send the darkness of his desire onto the maelstrom, the Hall of Mirrors, or up to the heights. For the frequency of the Waters are so set, as to urge on Evolution in the way it was fully intended. This alone is man's own safeguard, that he can find the way out of his present problems.

Here are the status of the seven elements that rule and manipulate the inflowing Blood life; with every man receiving on his own status of comprehension, the awareness awakened in the depths. But it is these that give unto the soul the means and where-with-all to find his new birth of sensitivity. For as he wrestles with Mars and Venus, does his mind unfold. Then Saturn and Jupiter wrestle of the prize, with Uranus seeking to spark any expansion into life, and then carry it up into the Temple of Ra.\*5 Thereby Neptune rolling forth and Pluto coming up out of the depths below, to become as the new born Christos child to the soul in its growth.

THE VIPER AND THE FILE

UNLESS the serpent of the human depths is mastered it will destroy the very wealth of Time, the riches of the past, and all its glories will be buried unknown and not raised up as consciousness reborn. (See text in col. 1).

So as man continually receives of these holy Waters through his own ruach breath that becomes his hormone growth, will he in time become awakened and turned to the upward ascension.

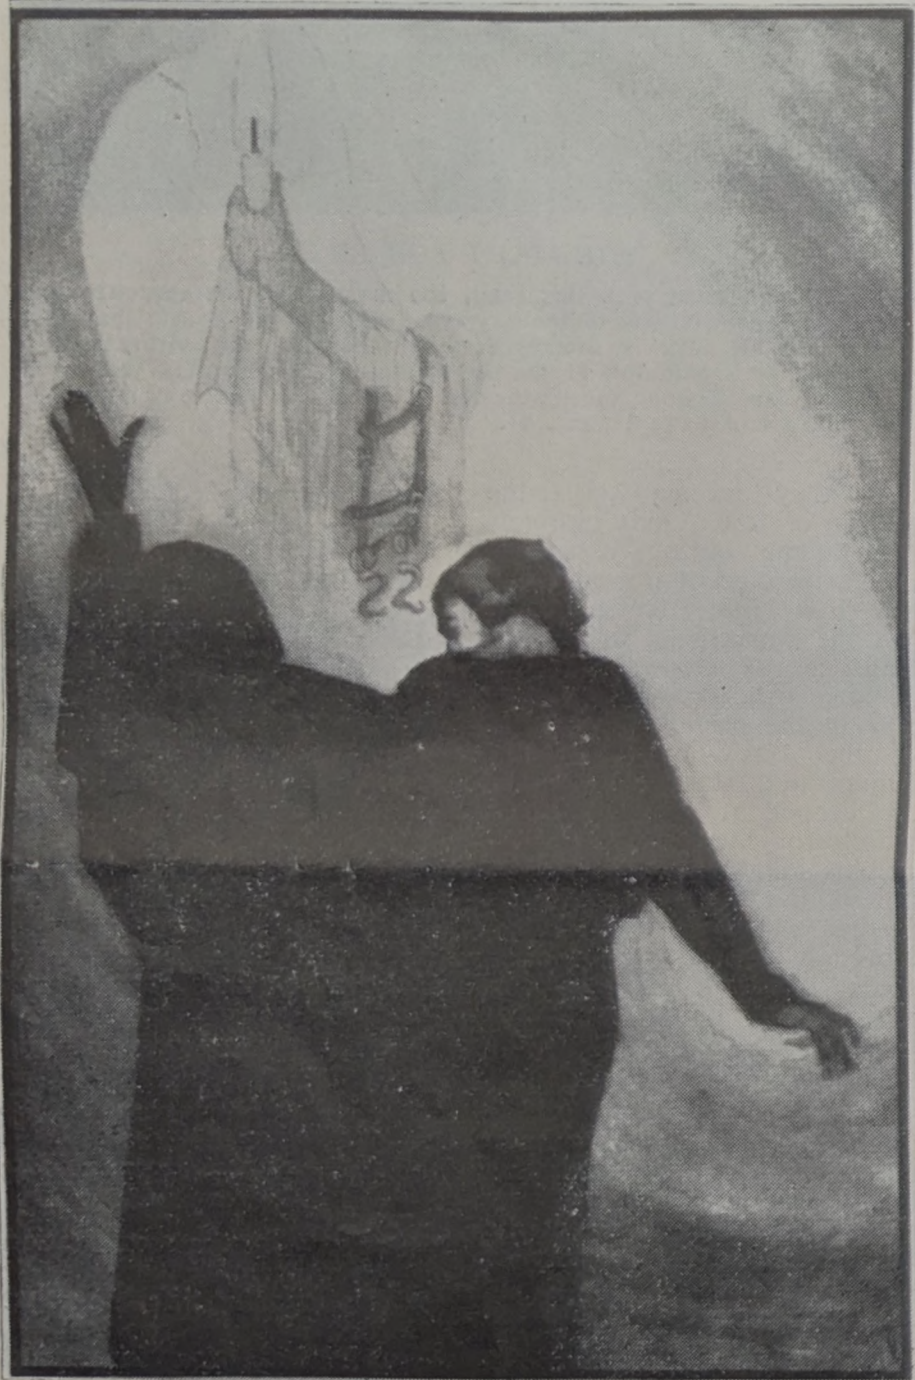

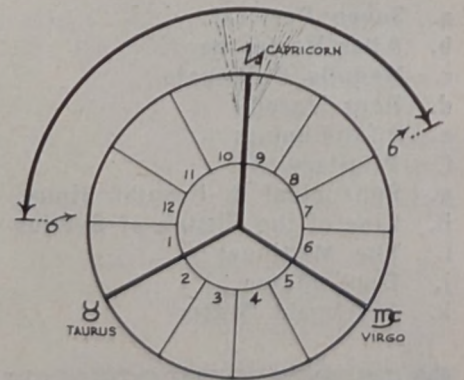

Therefore the Rhythm of the Spheres are the glories of the unborn heights as the generating Fire, now risen up to their pure and holy status by Merope, and being able to reach man, to give him reborn life. For with the Waters of Scorpio as the raised up Fires of the Fatherhood, every soul is going to be reborn of the Hydrogen Waters, that of Pure Energy and holy LIFE.

(See plate on page 13, cols. 1 and 2)

Then as every soul becomes cleansed and purged and reorientated by the electrified Waters, will they be raised up onto the mind plane of the higher octave of understanding. As they receive of the undulating waves of sound and colour of interpenetration, that which interblends and interchanges with every swirl of inflowing life, will the prism in its united measure of the Solar Ray, become received by the gods within the soul, in its inflow of seven colours of light.

## The Fount and the Mouth

HERE is the immaculate conception, as the Waters of the Holy Fires, raised up by Mary and Martha in the depths;\*6 the five cities that have to become of the holy Trinity, the raised up glories of the mind. These are the Gods and Elements as they are received by man as the holy breath, that he can raise up to the highest frequency, by his own inner perception. Thereby bringing of such, he brings his own GODHEAD into birth as his own inner conviction; and when truly raised up as the fired mind, the Presence as the uprisen inner nucleus of the atom, becomes the Father as the Voice, manifesting in the flesh. The Fount and the Mouth combined.

THE SIGN OF THE FLAME

BY the Fatherhood being established, the Lord of the Flame, the Flame of Mind LIGHT is being offered to all Mankind, men and women alike, for as they turn to the Spirit for their sole source of sustenance so will the solar light awaken in them their ancient wealth which once united into a Oneness will become as of the electrified Spirit Mind. (See text on page 11, col. 3).

Eve. The Motherhood that misfired the Fatherhood, and gave birth to it with a serpent. (See the front page plate, that in cols. 4 and 5 and on page 11, cols. 4 and 5)

So now it must be the risen Kundalini, the risen fires of the soul; the wealth of the ancient depth hidden in the seeds of the brain, as cells that are fast asleep. Then as soon as man awakens to the truth, these come forth as frozen fish from the Waters of the North. Thus descend down to the depths, to stir the conscious mind into active understanding. Therefore as Merope put this forth onto the Waters and stirred them up with electrified life, would every man be awakened to the truth; that which had been stoned unto death, by erroneous wisdom.

## THE HIERARCHIAL FIRES

**Gives New Life** to the Sick of Mind, the Diseased of Body and the Weary of Heart. The Lord Maitreya, as the Lord of the Flame, uses Gladys I. Spearman-Cook as His Instrument to bring Health and Life to the World.

**Every Thursday 6 p.m. to 8 p.m. (or between 2 p.m. to 6 p.m. by Appt).**

**Absent Healing** Any reader wishing to receive this Spirit Sustenance send in their Names to be placed in the Healing Book of Names to be blessed each lecture by The Lord Maitreya. A recording fee of 2/6 or 50 cents is requested.

**Health Advice** Anybody is welcome to write in and ask for advice as to health or herbs to be taken. Give details of Date, Time and Place of Birth.

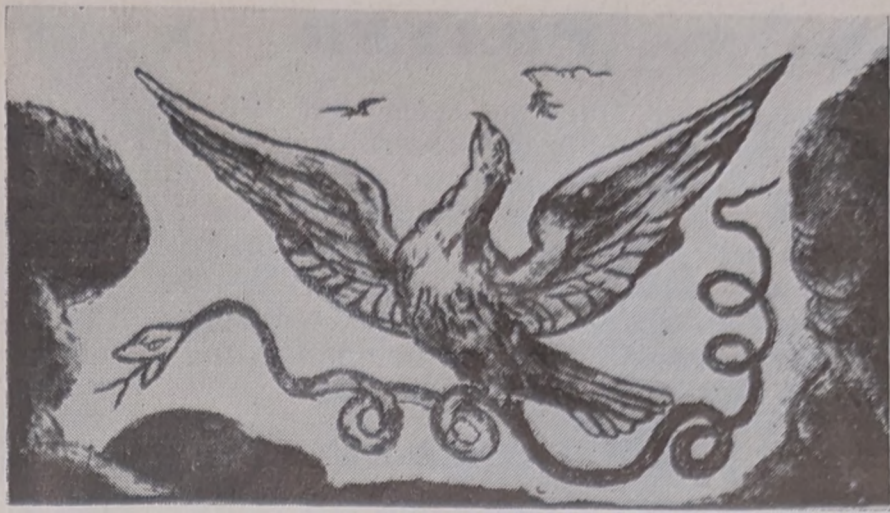

All those who can afford to do so, are requested to send in a fee of 10/6 or \$2 U.S.A.

\*5 The Article, The Temple of Ra appeared in the July issue as the front page article and copies of the same are still available at a cost of 1/6 or 30 cents U.S.A. This Temple is the radiance of mind created through the interaction of pineal and pituitary, the powers of URANUS and NEPTUNE.

\*6 Mary and Martha are the two sides of the conscious mind, the everyday practical mind, one side of which as the Martha has to labour hard keeping the fires of activity of perpetual search and investigation to find the point of wisdom and realisation, with which to hand as the spike-nard to the higher Intuitive mind, the Mary. This she will use as the light of awareness to 'wash' or cleanse of the chaotic multiplicity in the blood consciousness to enable the Christos Child of the Enlightened One to be born within the soul.

THE ALCHEMY OF CHANGE

AS man turns his mind to the Spirit and seeks to use his seminal waters for the feeding of his spiritual powers so assuredly will the time come when he too will become as the Eagle-born, winged of mind generation and free from the magnetic depths. (See text on page 12, col. 4).

The soul will bring Capricorn dancing with Virgo, bringing the triad of Earth into perfect harmonics; causing the spirit buried under the debris of matter, to spiral up to heights unknown. With the Waters now aiding and abetting him to a surety of effort. For wealth in abundance is buried in that mighty rock, but lost for the time being. But it is up to every soul not to lose it forever, for the Waters will turn it in as raised up status of growth, but blind and blank of mind comprehension.

So either the soul seeks to rescue, by using the Waters to cross over of his red sea... and become reborn of the Waters of pure Hydrogen life, or be ferried over purified but blind, and having to start from a new basis.

So the soul will by his genuine reborn effort, rise above the flat seven and break through into the eighth, by a comprehension of reality. Thereby bringing into birth the glories of the heavens; for it is by such, the soul so electrified, spins up to the heights. This is where the monochord comes into birth... (See the plate in cols. 4 and 5) expansion onto higher undulations, but with one point of purpose reforming the vision. The soul partaking of the seven of the prism, and by the perceptory sweep of Ariel freedom, inculcating every particle, and reblending in a flash of comprehension. That the whole unrolling and reuniting in one swift blending factor of depths to the heights, as a piercing point of rebirth.

Hence the seven becoming the darting beam of the arrow point, thereby raising the mind of the soul up the octaves, to the higher harmonics. Thus Scorpio as the atomic passionate virtue, now as the gyroscopic rise of the soul's unfolding virtues. The soul now seeing through the radiance of lavender blue, Venus and Mercury, as Venus-Urania rising up in radiant harmony.

The soul instead of living in the lower three, as the diapason corporealis, perceives the truth through the inflowing electrified Waters, and rises up and lives in the upper three as the diapason spiritualis. For now the Waters can bring this into birth, as man becomes purged of the old ideas, and sets the fires freely revolving. No longer driving the spirit down into the Midianites, but sending it up to the heavens. The Word becoming freed from the frozen North, with all becoming the light and radiance of the soul, him capturing the Rhythm of the Spheres.

All now risen up to the heights by the undulation of awareness, whereby the frozen fish become alive, and begin to spawn in the Waters. Man at last beginning to perceive, that what appeared to be revolving orbs, were really the mirror of his own perception, and the undulation of descent.

Wisdom of Renunciation

THEREFORE with us now perceiving man as a microcosm, receiving of the Macrocosm, we must perceive how he can raise up all back to the heights, as mind light. The basic three, as workers in the depths as Mars, Venus and Mercury, are the three vagrants that are the means of bringing the mind into birth from the inflowing ruach. The breath of life that contains the mystery of ALL-BEING. These three, although appearing as the base of the spine, the workers and drivers of the elements up the spinal channel, their REAL cause is in the mind, according to how man perceives and his plane of understanding.

But they as the process of alchemical drive, boil the waters and either send them forth as sensory desires, or by diligent action of mind thought. This is where Venus activates Mars by the right motive, and sends him hunting as the intercalary of Taurus and Scorpio, that the Word rising up the vagrants as spiritus air, seeks to become the risen Eagle.

Therefore as the soul seeks and enquires of the roots of established life, will he by his perception so raise himself up, as to perceive the wisdom of renunciation. For by discarding the lower planes of himself, will he by relativity and unification, find aspiration and new found belief, to spiral up to the heights on his champing horses, and live in the higher frequency. Whereby Uranus sparks the Void,\*7 and Neptune begins to roll forth, with Pluto being risen up from the depths, and becoming a blaze of light.

Man now becoming in harmony with the Spheres, dancing with their vibrations, thus what he brought forth not being in reflection, but the glories of Reality.

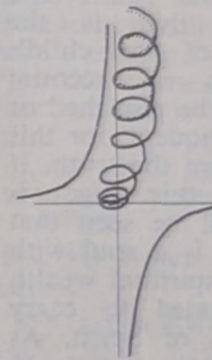

Therefore him being able to manifest what he receives after the broiling of his holy fire in the depths, and coming forth

\*7 A special article on the VOID was written in the May issue followed by the article The Temple of Ra in the July issue both of which showed how the soul labours to bring into birth the Flame of Awareness in the Void, the area within the brain between the pituitary and the pineal. (See diagrams on page 11, cols. 1, 2 and 3).

as mind light. Then by the activity brought into birth by Merope in the swirling Waters, the soul becoming fired into electrification, causing the magnetic to become alight as the electro-magnetic. Thus the earth laid ablaze with light as Virgo becomes the virgin, and Mars the winging eagle. But the whole of the earth as man and world becoming of the Central Sun.

the ruach\*8 but when he can in his manipulation of the prism, raise all up as his mind frequency of thought... will he break through to higher chords of undulation, in a tangent rise... but ever sailing higher and higher as the exaltation increases. Thus raising the Arc right up and through the sound barrier by mode of frequency, letting in the glories of the night sky.

The Songs of Meninges

THE Rhythm of the Spheres is that of the inflowing Waters, activating the gods within the meninges,\*9 through the raised up passions of the soul. (See diagrams on page 11, cols. 1, 2 and 3)

Then man responding to the higher Rhythm and expanding all up to the heights, thereby earthing the heavens in matter. The interblending of the sun and the moon within the soul through the interplanetary force raising the sensitivity of the soul, and all being married up as unified light. But when this is ripe and ready, to become the genius of the soul, as one bringing forth of new ideas, the birth out of the heavens. But when raised up by pseudo religious adoration, without the eucharistical inflow, these states are ripened up without the solar light, and merely states of lunar desires.

This is where a soul, in receiving of such from a priestal inflow becomes unbalanced, because there is no mind bridge as adjustment. That often found in the log of a nun as Venus-Urania uprising, or in a monk that of Neptune prominently placed, but only as a dreamer.\*10 This is where they in their discordant states come back to the earth as mentals and spastics, only receiving drugs and electrical treatment, destroying the faculties of the soul.

\*8 The Ruach is the Breath which holds of the whole of the ELEMENT Life, which when man raises it up is as the SPIRIT.

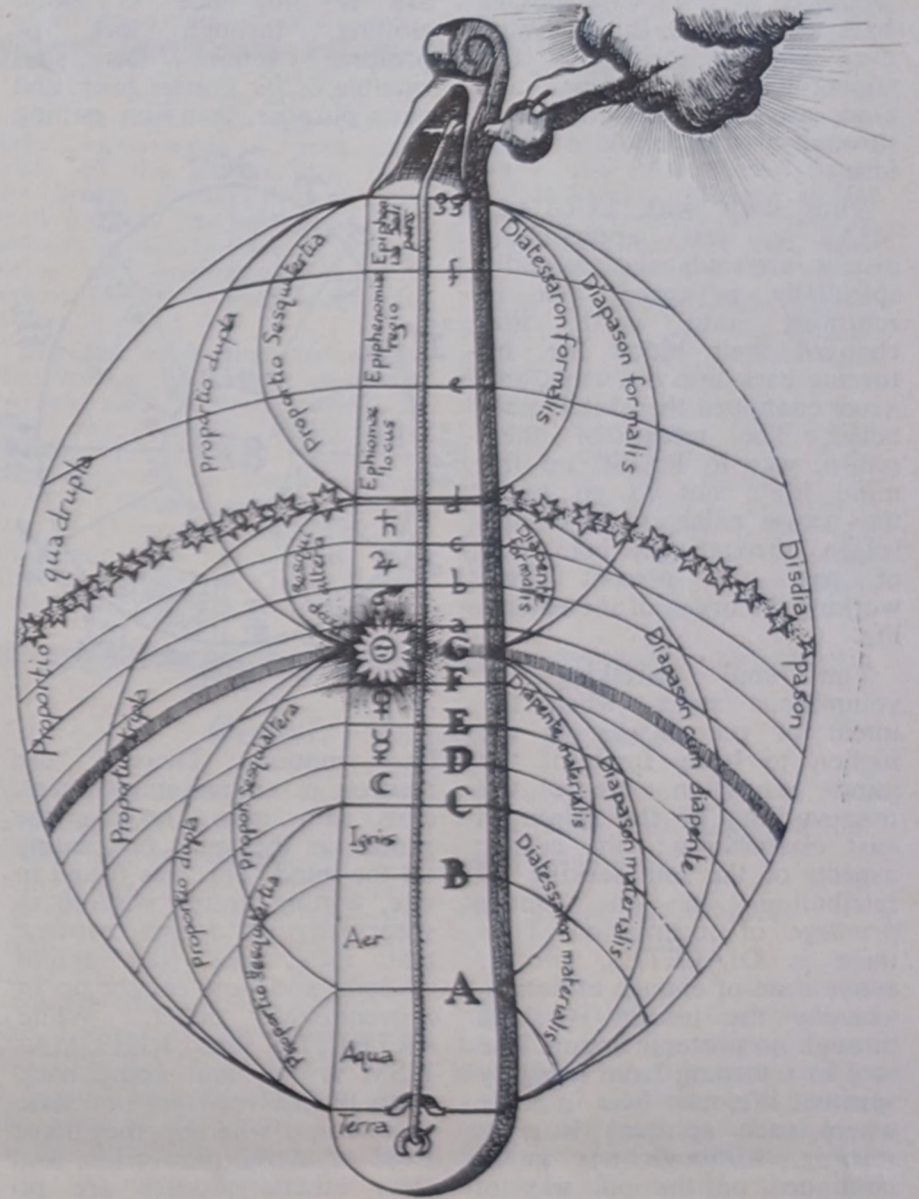

\*9 The Meninges are the three membranes, the dura mater, the arachnoid mater, and the pia mater, situated in the brain. See the diagrams on page 11 and the smaller diagram of the Falx Cerebri which shows the space in the Brain where the soul registers the GOD Life, and where his gods reside.

\*10 This refers to the reincarnation of a past monk or nun. By looking at their birth chart it can be seen by the positions of Venus and Uranus and that of Neptune.

The Mind Development Class

EACH Week on every Saturday at 5.30 p.m. G.M.T. Mrs. Spearman-Cook holds her Special Mind Development Class at the School's H.Q. A special Subject is concentrated upon for about 40 minutes and then each siter is individually helped to interpret and understand his or her findings. Any readers can join; those nearby can make application to attend each week, and those too far away can send in their names and link in each week at the time stated, their names being entered in a Special Book for this purpose. The subjects for concentration are:

Oct. 2nd	The Heart Beat	Nov. 6th	The Helmet of Perseus
Oct. 9th	Moby Dick	Nov. 13th	The Fire SEED
Oct. 16th	Mistress of the Copper Mountain	Nov. 20th	Cheiron
Oct. 23rd	Dionysius	Nov. 27th	The Nymphs
Oct. 30th	Esau's Birthright		

THE MONOCHORD (See the text in col. 1)

This is where the Waters will now blend all in, but needful of care and attention; where the soul is led to fully understand the value of his holy waters. For as he becomes raised up by the now inflowing Cosmic Rays, will such a soul in becoming balanced, remain blank and blind. But with them being trained to gain some Occult understanding, they can be brought back to mind light. This is something yet to come into birth out of the inflowing Waters; the wisdom and wealth of that set into birth by Merope, which is now the status of the LAW. Something that is going to amaze man, as the Lord of the Flame takes over the Arc of the mind of man, as his conscious acceptance.

For as the Waters so permeate the earth, will man find his status of thought becoming changed. Then when one truly awakens, and finds his inner wealth coming into life, will Uranus become electrified, and spark off the Void.\*3 Thus set the Phallus rising, which will cause Neptune to roll, which unites the Father with the Mother in holy Marriage. The two sides of the brain manifesting of one thought, giving birth to the unfurling of the waters within the soul, as a state of unfolding genius.

Therefore as Merope swam the Waters, uniting the depths with the inflowing heights, the Stream became alive with the golden fish, radiating the glory of the Flaming Mind, that was now the raised up Sine of the Masters. For as she electrified the Waters for man to receive, she electrified the Cosmic heavens.

Thus the whole of life has been wrested out of the hand of Saturn, and placed in the care of Uranus; with Saturn as the scything judge who will force every man to obey the Laws, or come under his status of ruling. Every soul seeking diligently of LIFE, and raising up his passionate waters, thereby will they radiate with life and new-born truth, with the Eagle as the uprisen wings of the radiating MIND.

(See plate in cols. 1 and 2)

So Adonicus can come out of the Waters now, and dance the joyous round of freedom; no longer stoned by a dead God upon a cross, but him accepting the truth, as his means of finding his way back home. The soul as a receptacle of the heavens, but as raised up waters of light manifesting the glories of his unified Mind. The manifesting son of the Fatherhood, for this is not only the rebirth of man, but the whole UNIVERSAL STATUS.

# THE GREAT EAGLE'S HEALING COLUMN

AS the Harvest of the Solar Year is being prepared by every soul, all meeting their Relativity, and having to face their Roots of living and motivation, I want to warn firmly the many who are ill and making no effort to alter their ways. Mankind must realise that he is the Harbinger of his own actions and he is the creator of his own disease and ill-health. It is no good going to a doctor and being pumped with drugs, or even more diabolical acts such as hysterectomy, spinal puncture, or blood transfusion, any of which takes away from the person all his Soul growth. We get so many letters from all over the world asking for help that I will this month deal with many problems generally and thus help thousands of our readers to see the dangers that they face unless they make changes.

Souls returning who take on of disease, do so through blood confusion, for they have been of one mind capacity, and returned to adopt another. Instead of going on in evolution, continued continuity, would be as Lot's wife looking back at old ideas. But in reality ever battling against a fast sliding world, where man and God are in utter confusion, through a stranglehold of false ideas.

Thus souls with LEUCAEMIA, a fast approaching disease, are souls who are really spiritually advanced, but in returning into earth life, changed their blood life, by turning back into old ways, and never continued their intelligible belief. The intent of their return, was to RAISE up the mind life; not to go back, thus cause enlargement of the spleen, through the confusion of past and present overworking the organ of the etheric life.

The soul partaking of voluminous states, when the intent of return was of the higher, to bring forth of the mind expansion. Hence the over-working of the spleen in vast clarification; the cosmic aspects of the soul seeking for retribution in the soul's privilege of incarnation. Then there is DIABETES, another active state of change of action, whereby the insulin is short through no protonic action. The soul in returning from a highly spiritual life, now lives in a life where such spiritual issue is missing. Although not to be pursued, to discard was just as evil.

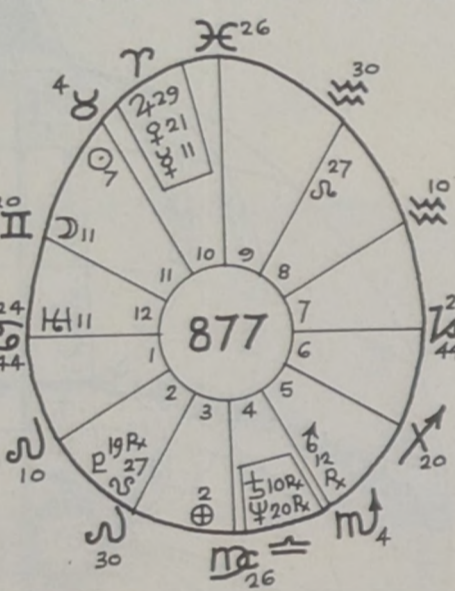

All should have been raised up onto a higher mind purpose; that intended by the returning soul. Hence having raised the white corpuscular count, was not activating by continued protonic action from the raised-up fiery seed. Having raised up by principle intent, had turned back into animal activity. The fiery issue required in abundance to bring forth of pure spiritual insulin, is now, not even supplying animal insulin, owing to the confusion. While CANCER is due to complete soul redundancy, no raised up spiritual intent at all; thereby the tissues completely lose their elasticity in proton and neutron quality, taking on of creeping quarter-mass.

Many believe they are spiritually minded, but their beliefs as frequency of count, go no higher than their belly, although they may pray and go to church, out of fear of the Unseen, or mere habit to keep in compliance with convention. God is not in a church; in fact according to the buildings now in erection, the last place you would expect to find him; but in man's heart as to his intent, and then in his actions. This is the confusion man has been in, in his rebirth; bringing on continual states of disease, and loss of mind status.

Now through the Waters this will all change, bringing man to a greater understanding; thereby making safe for those children who are to return, until the whole Race is uplifted and brought back to its spiritual

status. Then it will return to its method of differentiation, with the plane becoming once again the Golden Plane of Helioanthus.

CORONARY THROMBOSIS is only due to blood clotting, through lack of protonic action, the soul cauable of far greater heart and mind purpose, than now putting

into motion. Thereby the neutron in animal impediment, clots into mass, leaving the proton as the spirit fire, eating up the mind. This was found in one, writing untold wisdom in sheer religious dogma, proving that they once had untold wisdom, and now caught up in conventional belief. While ARTHRITIS and RHEUMATISM is the soul going back upon themselves from one state to another, whereby they have lived of active motivation, and their etheric natures are no longer being fed. With the result, the physical body is becoming calcified.

These are truly Lot's wives, ever turning back as the old city burns, retaining the memory of old ideas, and refusing to expand forward; sending back the wealth to the Gods, as mind light, thus raising their frequency according to their partaken understanding. This is seen only too clearly in the chart of the soul, ready for untold expansion. For every soul in returning, returns to find expansion; not just live life as he finds it, but to carry on of evolution, not retard it; and is the task he has promised to undertake when he returns.

### Wetting the Bed

Mrs. W., Warwickshire.

Writing about her son aged 13, mentioned that he suffered from wetting his bed at night. "He gets very hot at night and perspires very badly. I have to change his clothes about 11 p.m. every evening, he is quite wet. ... I should also have told you that he is only just stopping "wetting the bed." Can honestly say he is only just becoming

really 'with us.' He told me yesterday "Earth was very depressing." He gets bad headaches.

MANY mothers find this bedwetting occurring with their sons, and it is because it is very important to understand the reason why such takes place that this case is being taken as an example, so that mothers everywhere shall begin to realise of the Spirit and etheric growth that is the guiding factor of the child's unfoldment. On no account should the child be punished or treated as a delinquent, for this would be far from the truth. If Chart 877 (on this page) is looked at it will be seen that this young man is a soul with a great deal of spiritual wealth and has incarnated to carry forth the Torch of Spirit. As he rightly remarks, 'Earth IS depressing,' and he, as a very sensitised soul, finds the conditions of stagnant minds very difficult to endure. Modern education authorities stupidly categorise him as a backward, when in effect this soul is obeying his Higher Self, who does not want the lower mind to become filled with useless earth learning. This has no value but positively harms the young by the multiplicity of knowledge that floods them in a chaotic way.

In the past this soul has developed a brilliant mind, farsighted and well capable to be used by the Higher Powers. With Jupiter, Venus, and Mercury in Aries, he is rich with fertile Spirit ideas, which naturally will be far different from the intellectual brain washing of a school. He can become a powerful "stud bull" with his Sun in Taurus and his Mars in Scorpio, both in polarity, for he will be able to feed and sperm many with his uprisen Seed. He subconsciously knows that he must seek at all costs NOT to be fed by intellectual multiplicity, as with his Moon in Gemini in the house of the spirit, this could cause him to become played and divided of mind, and fail to carry out his purpose.

This happened in his last life and he failed to give of service that which he knew he ought, and the Higher Flame of realisation was not followed due to the confused learning he had taken. This disobedience caused the vibrant action of the pituitary function to be affected thereby in turn affecting the physical action of the pituitary gland and its hormone inflow. This slow down of the rate of activity, caused a slight retarding of his mind growth,

## ★ ★ PRAYER ★ ★

Great Divine One, we seek that the Waters of Life shall go forth to these souls in distress, that they will find the answer to Life through the Words sent forth onto the maelstrom; that as the Word goes forth so does the Blessing touch each one seeking of New Life. Help these souls to see that they, too, must make an effort; and as they seek will the door be opened and the New Word help them to turn the Key.

as well as causing a confused lack of having any purpose in life. It would be very advisable to have immediate Healing from my Instrument so that the Hydrogen Power can help to awaken and correct this pituitary imbalance.

This young man has an awakened and devoted Mother, one well weaned on the Higher Wisdom and determined to serve her Children. Rare indeed is such. She must ever encourage him to turn to the

suffers from her throat/neck region, her shoulders, and a Glaucoma condition. Taurus rules the throat and neck, and Gemini the arms, hands and shoulders. With all those planets in Taurus and Gemini in the 12th, it was vitally necessary that she turned to the Spirit, for with her Sun and Jupiter in the 11th house, in Aries, the germinating mind should alone be the Spirit Seed brought forth through the raised up sensitisation.

But if this was not done the waste of food and other lower desires would slowly poison the whole lymphatic stream and infect the blood.

If this occurs and with Venus in the 12th house there is great likelihood of danger. Then the waste in the body can not only flood the sinus of the nose but if this is badly effected over years the lymph poison effects the eye, as the catarrh sinus waste is fed into the eye, and this in turn gets into the Eyeball, as waste fluid.

This is especially true if the generative powers are not channelled correctly, and this would seem the case with Uranus in Scorpio on the house of sickness with the Karmic Tail. This is borne out as this lady had the Glaucoma operation at the precise moment of the Moon crossing over her Karmic Tail in the house of sickness thereby activating the negative and destructive effect. If she had responded to her Higher Mind and sought to live the wisdom she received this would not have occurred but spiritual inertia once again struck. For Glaucoma is a specific difficulty to all souls who are not able to use the Scorpio energy powers they are destined to and turn back on what they believe in.

She must seek to regain the spiritual Vision the loss of which has sparked off the physical loss. A radical change of diet from the animal foods onto the normal fruit and fresh vegetable diet will aid her and she should seek quickly into the wisdom and start to dedicate her life to the learning of the Spirit Word.

Herbs will be a great help and would suggest, BUCHU, VERVAIN and CELANDINE, as well as some Nerve Pills to help the nervous condition. CHICKWEED should be used to bathe the eyes regularly to help clear the condition.

Spirit and to call on the Solar Light as well as to be told of the wonders and sacredness of his Fire. Our Cambodian Temple child of 7 has already been instructed in this, and it will enable the boy to build of mind sensitivity, and thus able to control his bodily functions the better. He should be steeped in the wisdom, and given regular instruction upon the early lectures by his mother. In this way he will resurrect his own Higher Mind which will aid him. Especially should he seek of the spirit before going to bed.

NERVE PILLS as well as ST. JOHN'S WORT, and MARIGOLD FLOWERS should be taken as in this way a steady natural aid, will give him the strength he has yet to build himself. He will do great things if only his mind is directed towards this Wisdom, in natural simplicity and child-faith.

### Glaucoma and Arthritis

Miss G. E. of Colchester, Essex.

I have been under medical treatment for my eyes, having an operation for Glaucoma in 1957. This condition seems to be deteriorating, as I become aware of it more frequently. Also I think there is an Arthritic condition in most parts of my body, particularly in neck and shoulders.

IN her chart can be seen the reason why this soul

# Readers' Letters

**I**N this Readers Page this month, we are going to take two cases of Spiritual Healing, cases which show so powerfully how practical diet changes, herbal treatment and Spiritual Healing all go hand in hand. In the first case that of Mrs. Elsie King of Dagenham, Essex, she was perilously close to having her womb removed by the local Hospital. Her husband a very regular attendant at the School's Lectures for many years, fought this possibility as well as discouraging the taking of the drugs she was given. She has now written to us setting out in her own words exactly what took place. To-day she is a radiant woman again, a joy to her husband and her family, and what is more a regular attender not only to the Healing on every Thursday but also to the Wednesday Lecture. She too is a regular Herb taker as are all the King family, ably led and encouraged by Father!!

The second story is being published to encourage many other sufferers from this Disease, which was answered in the Great Eagle's Healing Column in April 1965 on page 7. In March Mr. Lewis wrote asking for help for his wife who was suffering very badly with epilepsy and has done so since she was a child. She was recommended to take Nerve Pills, as well as two sets of herbs, MISTLETOE VALERIAN and SCULLCAP, on the one hand and CHAMOMILE FLOWERS and PEONY FLOWERS on the other. These sets of herbs have proved very successful and the following are extracts from Mr. Lewis's letters as well as a letter from her sister-in-law Mrs. Pyper who visited her in August. Earlier he had mentioned that she had been to a healer, for he had started to seek of the Spiritual Powers as soon as the doctors in the Hospital had told him there was nothing else they could do to help her.

## Soul's struggle against Epilepsy

**Mr. J. W. Lewis, South Wales.**  
(having set out many details regarding the actual disease, the answer to which was given in the April 1965 Gazette continued in a letter in May...)

Years ago she went to Harry Edwards the healer. He put his hand upon her head and told her to stop worrying, but her condition never really altered as far as I can make out... After she started taking herbs she has had a very sore chest, too tender to touch. The ribs and lungs were also tender. Also in the centre of the chest it was very sore... had quite a job at times to breathe.

(Mrs. L. continued with the Herb taking and the result was...)

After having the two turns on April 16th she found that all soreness of the chest had cleared away... also the neck pains and down the spine had cleared away, and she could now turn her head and neck without any pain.

(In May Mr. Lewis wrote)

My wife is coming on wonderfully with the herbs... she is brighter, better and the turns are getting less severe all the time.

## Tumour in Womb

**Mrs. E. B. King, Dagenham.**

At the end of 1964 I was not at all well. The beginning of 1965 I was feeling worse, having pains at the bottom of my back, and having had teeth out, was without much energy. I was not able to do much work and could not walk very far. Most of the day I had to rest.

I was attending my doctor once or twice a week, and he said I should go into hospital for an operation for tumour in the womb. I was losing weight and more strength, so I decided to go for Spiritual Healing.

I now give my thanks for the healing and am better, and do not now have the pains. My strength has picked up and I can now look after my family of six much better. I can now run a little way, whereas before I could only walk very slowly and then with difficulty.

(Further writing in June and July).

Find that the Herb pills are giving Mrs. L. confidence and helping her to overcome her condition. The mind is improving immensely beginning to think more clearly etc...

Mrs. L. making good progress and finds that Herb nerve pills are doing wonders for her besides the Herbs themselves. When she has run out of Pills she gets all worked up and nerves get bad...

(and ended triumphantly)

She has only had 5 turns since June 20th and it is now July 16th.

(and again)

Thanking you for your letter and glad that you are also able to see the improvement being made. She is better when she keeps up constantly with the Nerve Pills.

They make a vast difference with her. She has turns if she is worried or there is any argument: also cannot travel in a car or bus in comfort but gets vomiting. Since taking the nerve pills she is a lot better and if she takes Nerve Pills before going on any travelling,

including a train it is very rare that she has a turn or vomits. She finds now that she is also eating less although the eyes are very often bigger than her stomach... but there is a vast improvement in her outlook in life and gradually she is gaining more confidence every day. Very often when a turn comes over her she is able to fight it off.

(Lastly her sister-in-law Mrs. Pyper visited her and this was her letter).

**Mrs. M. Pyper of Carshalton, Surrey.**

My sister (Mrs. Lewis) has lately been having treatment and absent healing from your Sanctuary and I must write and thank you all for the wonderful progress in her health and the complete change that I saw in her when I visited her recently. She has suffered for years and no medical man has been able to cure her.

You all have done so much for her in such a short time and I bless you all with all my heart. We should all realise what this wonderful power can do, (if only we could) what a happy peaceful earth this would be.

## Comments on Catholicism

**Mr. L. J., Trinidad.**

I salute the Christ in you; Words are inadequate to express my joy at finding the Occult Gazette in my local bookshop. I have just read the August issue with much delight and deep concern at world changes in this Aquarian age, with you as the chief instrument and channel used by the Hierarchical Powers. The knowledge and wisdom contained in your writings has given new meaning and greater incentive to my life. Deep down inside I have ever yearned for the occult and spiritual things in life. Since nothing of the physical or surface interested me. It is wonderful to realise how I was protected along the path for it is twenty seven years ago I walk out of the Catholic faith disgusted and disappointed over the erroneous doctrines and dogmas taught. I had three or four quarrels with the priest over the authenticity of certain practices. Strangely enough it is exactly one year ago I was visiting a brother in Canada, when he showed me two Occult Gazettes, telling me

it is the best up-to-date spiritual I can read. Never have I been thoroughly happy and satisfied with any other views and concepts of life as I am with the Gazette. It seems the answer to my soul's need. I should like to express my desire to be associated with this grand and noble work and to participate in some way in serving humanity in the cause of Truth.

**Mrs. J. M., Spokie, Illinois, U.S.A.**

I find your paper most interesting but the contents takes a deal of thinking and studying. It is entirely new in context to other philosophies I have studied. I suspect if mind carries over hurts, I too must have some religious knots to unwind. For it almost happened again, I nearly entered the convent, but a wise aunt intervened. Since the Dawn of Life, groups, then masses of people have always been lead by the shrewd wizards. When will this planet come to some knowledgeable way to life as befits this Human self.

# MEROPE & THE ROYAL EAGLE OF SCORPIO

**T**HE present human Cycle of growth, that since the Fall, began in the Age of Leo, as the Hermaphrodite Beings, and since that time mankind have incarnated time and again, each Being taking on that of the masculine or feminine gender according as to whether the soul had taken of the FIRE of the FATHERHOOD, or had merely stayed under the Matriarch Influence. The former became of the Masculine gender and the rest as the Feminine. It was then that the Sons of GOD, (THE FATHERHOOD) became ensharpened with the daughters of Earth, and all that of the FIRE, the seminal Seed fell, and mankind turned to the beast.

To-day is the Age of Aquarius, which as the diagram shows is the opposite to Leo, and as every action has an opposite and equal re-action, the Race will start to feel all the conditions and events of those ancient days, the very root essence of our Beings. The sooner therefore we are able to 'drill' through the intervening lives that encase us as a rock, and unify all the personalities that the Being, moving through the Soul growth, has existed in, the sooner we will be able to master those very ancient Roots, and extract the wealth of those ancient days.

But far more important than that fact, is the urgent necessity to send back to their source not only the Father's FIRE, the SEMINAL SEED, that is channelled to the Earth via the Scorpio Constellation, but all the 12 Hierarchical ELEMENTS that we have taken with the Breath we breathe. It was this realisation that caused Mrs.

Spearman-Cook to seek to raise up the frequency of her mind until she was able to penetrate back and meet her Being of that day, MEROPE. For she it was that came from the Taurean Heights as the Venusian Goddess, to help to stir the Earth Hermaphrodite life into activity.

By upraising the SEED up the spine the FIRE that had manifested on earth only as the serpent beast action, became born as the EAGLE, the Royal Lord of Scorpio retrieved at last from the purgatory of living in the animal bestiality that mankind had imprisoned it.

Now all Beings of the present Race have to find this ancient root of SELF, raising the FATHERHOOD which has been so polluted, back unto the Central Sun, the CHRISTOS LIGHT, the manifestation of the LORD of the FLAME, the LORD MAITREYA. For she it is that is now the vehicle and cause of the manifestation of the CHRIST, she being as Mary, the Mother of GOD.

## Occult Gazette Praise

**Mr. H. Kudiabor, London, S.W.17.,**

a student from Ghana.

Find enclosed a donation, the first material fruit collected from my summer holiday job since my arrival in Britain. I dedicate this amount wholly to the Temple of my Master of Masters, the Great Eagle.

I must also inform you that the price of the Occult Gazette is too small to be compared with the deep Wisdom, which in ancient times used to be passed from lips to ear only to people actually recruited into monasteries etc., now being so freely released publicly. My opinion is to raise the price to meet material expenses, for it is true, every printing material is expensive today.

**Mrs. John J. Fisher, Virginia, U.S.A.**

We have received with many thanks your sample copy of the Occult Gazette, December 1964 issue, and find it most interesting and enlightening. As a matter of fact, of all the literature sent to us on trial throughout the year, yours is the first that magnetizes. Enclosed please find check for a one year subscription to the Occult Gazette starting with January 1965 edition. We enjoyed also your explanatory purpose leaflet (in violet print) as well as the kind circular. We are exceedingly grateful to

you, also to Mr. Roger of New York City who suggested our name to you.

**Miss Lilian McCormack, Solihull, Warwicks.**

Needless to say I am studying the Occult Gazette and trying to Co-ordinate and assimilate the knowledge gained. I am intensely interested in astrology (awakened by reading your articles) and wonder at myself for not learning more about it previously. Lots of questions occur but I cannot take up your valuable time by an individual answer. Perhaps I'll write some of them down and they can be answered in the paper. For instance while subject to rebirth, are we reborn under the same sign if we have not absorbed its lessons or if we move do we move to the next sign for instance Pisces to Aries.

I came across the Occult Gazette in this fashion. I was in Birmingham one morning in January, and it was very cold. I went into a large store cafe for a cup of tea. I noticed a paper folded up, and tucked under a plate, and as I loved to read, I took it, and opened it out and there it was. I sent a thought of gratitude to my unknown benefactor and to the Powers that be for leading me to it, as I hadn't seen it before.

# THE RHYTHM OF THE SPHERES

## Through Colour Interpenetration

by Gladys I. Spearman-Cook

This article was written through her Pen but under the direction and control of The Lord Maitreya, the Lord of the Flame, of the Central Sun

**A**S THE SUN ROSE HIGH IN THE SUMMER SKY, THE morn broke forth newly born, for pouring to the Earth were Cosmic Rays, that spoke of a new found understanding. That put into being by one who had truly awakened, and become the channel for the Gods, that their light and colour interpenetration, could fully flood the Earth with new life. That all men could awaken to the Rhythm of the Spheres, through their own inner heritage; thus fill the Earth with men and women, who were radiating with joy and peace. For the glory of these interpenetrating Rays, that come forth by an interchange of action, are the momentum of the now inflowing Stream that is flooding the Earth with highly charged Hydrogenic Waters. Glories and wonders that have never been known before, not even in Heliopolis, for then they were not charged with life and Time, as now afforded unto all men. In many cases sad and sorrowful, but then, that is the purple hue of the garment that gives unto the soul, the width of comprehension.

So now, with the uplift of the Cycle, man is ready to embrace of this new born understanding, that they can turn from illusion, and become truly Cosmic minded. Understand the wonders of the Universe they live in, not as just a reflection, but as a true conception that raises up their minds in a gyroscopic spin. Dances them up and down in new life, and the joy of awakening perception, where life and rhythm are undulating with new belief, in every unrolling moment. For the Waters\*1 now are purging them clean, free from the old ideas that blinded them. Filling their minds with heavenly truths, that will awaken the wealth within them. For many Ages man has had an erroneous idea regarding these impouring Waters, never really realising, that they were the Divine Pleroma. The Panacea of heaven born life, returning refilled from man's ascended ideas; that as he believed and created on Earth, so received back of the heavens, of which they would return to man, recharged with corresponding life. But unfortunately man has only seen in reflection, hence sent forth that of the downward spiral, until the Earth became so magnetically born, that the re-charge was driving them wild.

### Merope the Scapegoat

**S**O the only thing was, to find a Scapegoat who would be the mode of redirection. Hence Merope the Scapegoat for the Gods,\*2 now rose up the Stream, and as she rose up higher and higher to the risen Eagle, she found herself raising up the Arc of the Sine, as a rolling wave of perception broke into light. Dawning truths of how the Gods were but a part of her own being, and as she fathomed, danced and excelled, she interpenetrated new thoughts, theories and ideas. For the Waters coming down were radiant with unfurling, rolling colours, that as they swirled around her, she felt an inward breeze, like the stirring of the Memnon.

(See the plate above)

Thoughts were rushing through her wild, of wonders that once had been, and how in being united with the depths, they could bring forth wonders greater still. Not only old rocks broken up, but the heights manifesting in the depths. The FIRE, so giving new life to man, that it would bring the Scorpii Constellation blazing across the sky; every man becoming Eagle minded, through the raised up Waters. For that was her intention when she first brought down the Fire, and the rebirth of the Second Advent.

So having brought down the Fire, she knew there was only one thing she could do, as she sailed up those Waters, set the whole Earth alight. The rock, as religion, that had petrified man, was now broken into millions of pieces, and would never stand a chance again, of ever being redeemed. Now she

\*1 These Waters are the Cosmic Rays now descending strongly down through the planes onto the Earth. These are known to the Scientists, and are causing them so much speculation and imagination.

\*2 See the note called MEROPE and the SCORPIO Constellation on page 15.

must, as she swam up those Waters, bring every man to being alight; causing every frequency to spin and gyrate with exhilaration, and electrified undulation.

For as she so electrified the Stream, would every man spin up out of his flat seven, and brave the rigors of the harmonics. Everyman feeling the urge to drive up out of old ways and beliefs, for as the Waters fed the Earth, would they exuberate it with unbounding life. Joys and wonders that belong to the greater and fuller life, of the Scorpio Waters.

For Merope now realised that as the soul became of the revolving Fire within his own being, it rejuvenated, fired and exhilarated as unto the vesica Piscis. The soul radiant within his own being; a complete microcosm fed by the atoms of the Gods, as the Ruach breath.

For this was the getting under the Kirtle of God, the Stream now infused with the Hydrogen Waters, and sparking each soul who had awakened, with the Fiery Life. For as the soul breathed, he drew in of the Fire and replenished his own Fiery Waters. That had been Merope's intent in the beginning, the soul to become fired and drive onwards in his mind expansion. They then already having untold wealth,

but not with the experience they had now. That being the unrolling passage of TIME, filled with the purple waters of Sidon. They had wonders in abundance gained from the glories of Atlantis, but not then with the capacity to give for it was in its first throes of establishment.

Now man has suffered and witnessed suffering, but also the glories of possibility, therefore feels the urge to find the true way, to bring man to his right direction. This is the scything of Saturn, that he turns from the green lion to the golden, and becomes the full magnificence of the rolling magnitude, that passes daily across the expanse of the heavenly blue.

### The Blending of the Prism

**S**O as Merope clung on, and drove up the Stream, she was fully convinced that it was electrification she must set into motion, and set the action into motion. That the EL Fires could bring unto the soul, the nucleus depth of the Almighty Shaddai. The secret of immortality, the blending of the Prism, that the soul was completely Solar born out of his luna waters.

THE SONG OF THE WINDS OF THE SPHERES

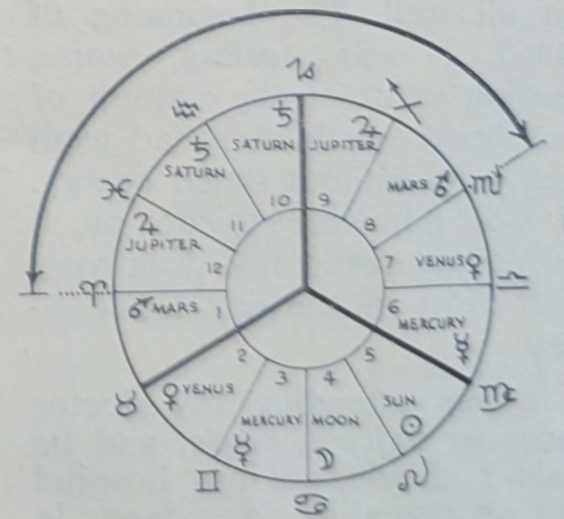

NOT alone has Merope, the Teacher of this Wisdom, to teach the glories of the Cosmic Heights, the freedom of being able to attune to the highest frequency known to mankind, that of the Hydrogen Fire, the Raw Cosmic Rays. Only by the generative fire being raised up unto Eagle-Winged, will he be able to unite and blend with the Whispering Rhythm of the Spheres. (See text in col. 1).

This was the only way he would lose the old ideas and roots of life, out of his mind memory; Merope flooding the Waters with her own unified being, as she becomes unified in her ascension. By this Saturn would be turned right over, and man drawing down the Solar Fires, the united blending of the Prism; that the Hydrogen Waters, the atom nucleus of the Stream would feed them with pure Scorpionic Life.

So Merope climbed the octaves of the Stream by mastering the harmonics of her own mind; for by perceiving the problems of man in the depths, she knew that he, by unifying his own prism, could be in harmony with the heights. For unless he brought his depths into balance, how could he master the greater. Therefore as she rose, she knew it all was in those Waters, for the first intent, and now the final problems, was the unification, that as they became fired, would be the rising pleroma that would bring the world alight.

**FOR IT WOULD PLACE THE TRUE CHRISTHOOD, AS THE SON OF THE FLAME, INTO HIS RIGHTFUL PROSPECTIVE.**

For when it is seen that Mars, as Aries and Scorpio are

the pillars of the mind... it can be seen how it can give complete new life to the earth, the basic of the soul life. This is the answer to all man's problems, him bringing his fires up to the heights of the mind, and preparing the way for the Presence. (See the plate on page 11, cols. 4 and 5).

So if Merope electrified the Stream, would it effuse the soul and raise them up, and they find the final answer. Because she now was the Mother to the Earth, the Hail Mary that would bring them life; the means of bringing effusion to their soul, and set their candle alight.

Whereby they had only been fed by old latin lunar litany, they now must be unified by the EL Waters, that their
