ALPHA TO OMEGA

The True Ecumenical Council
of all Worlds

by Gladys I. Spearman-Cook

As the Solar Orb rolled across the heavens in all its glorious magnificence, it declared the mystery within its journey, as the daily raining from the sky. The earth revolving on its axis by the Law of Destiny, being bathed in the heavenly light. That which declares of wealth untold, now being revealed to man and maid. Man born from all worlds, but unknown to himself, now in the uniting factor of the Golden Glory. Where wonder after wonder will come forth and reveal its hidden treasure.

"For I am Alpha to Omega the first and the last, what thou seest send unto the seven churches" (Rev. 1 v. 11).

That the mind of soul will rise up to the heights, as the mystery of the seven stars. They that must become the seven lights radiating in the diamond of twelve facets, as the golden gem of the soul-mind. Here is where the wealth of all the worlds will be found in their glorious array, seeking to give forth of wealth untold, the birth of a greater day. For Alpha as the Ox is always revealing the wealth of Omega, the great and long in the intercalary drive, as unto its chief point or purpose.

"That which is, and which was, and which is to come" (verse 8).

The depths of the Almighty. Hence all the worlds rolled into one, declaring of all that had been of the inhabited worlds. The mystery of the seven stars, the elements of creation; that which reveals the witness of that struggle, to rise up as the pinnacle point of the heights.

The Seven Churches of Asia

HERE we come to the intercalary drive of Alpha to Omega, where the Ox can come forth as the Bull, the driving acme of the soul. For the great and long is the struggle, to bring forth the wealth of Ages; yet the might of the Almighty as the rising mount of light.

THE GLORIES OF THE FATHER'S FIRE

THIS magnificent plate has unending wealth in the study of its detail, creativeness, artistry, and originality. In the base lie the tell-tale pointers of this soul's past:—the mask of the Eve as Lilith the evil temptress of desire that became his earth consciousness; the goat-horned Saturn, as the mind gatherings of the beast that ever fed the soul with yet greater devilry of the animal; the lizard, snake, rodent, owl, toadstool, each portray its separate magnetic and lunar illusions which have held man's creative fire captive in the depths. Yet too it shows the way each man must journey. Woman, his feminine fructifying nature must become stripped of her past growth of desire, and utilise her intuitive consciousness to labour and weave to raise up the fires alight by the Words of Wisdom she has captured via her mind sensitivity. Now the Fire has become the generating WORD, bringing forth via the God-Fire of Scorpio, unity with the Central Sun, the source of Its Being, the home of the CHRISTOS LIGHT, the Lord Maitreya of Aquarius.

THE BLACK MASS EXPOSED

Editorial ♦♦ ♦♦ Comet Heralds Descent of Vulcan's Fire

FOR many years has this column, and particularly the Pen of Gladys Spearman-Cook, referred to the coming Day when the DESCENT OF FIRE would commence. Now the Hour has come and mankind will learn to obey the whiplash of Scorpio as the regenerative Waters infuse LIFE into dead souls, worn out through the wasted and wanton lives of many past ages. On 23rd October 1965 at eleven minutes past three (Greenwich Mean Time) The Sun enters the sign of Scorpio and on 24th October three days after the Comet entered the Sun's Corona, this Herald, the planet VULCAN, the dynamic Power of Mars raised to its highest degree, opened the door for the Floodgates of the HOLY FIRE, to descend through the Scorpio Hierarchy. As in the Heavens so in man and it is through his generative energies that new life and power is to enter the world. But no longer will man be able to act in wantonness and delight, for at the Turning tide of Relativity the LAW has been changed and the Great Hierarchical Powers have been embodied into the Earth, being given Mind Life in full Consciousness of Solar understanding.

On Wednesday 20th October the Lord Maitreya forewarned man of this hour revealing the future plans of the Hierarchical Lords and their effect on Earth and man, and on page 15 special advice is given in the Healing Column of the action mankind should follow.*1

Through the action and incessant toil and sacrifice of one soul,—the dynamic heart of a Woman—the generative powers of Scorpio were raised up to the very throne of the SUN, at which point the very depths, Her Fount, united with the very Heights, the Central Sun, fusing all into Oneness, a Supreme Conscious Awareness. By her action in using and fully establishing in practical application that born unto her in belief and honour, carrying out in every detail that of the WORD received by her, she built a new code of LAW, so that as the Cosmic Rains descended, they could flood the Earth with the fertility of the new mind Wisdom born through her. The whole earth is now raised up and the Holy FIRES of the DIVINE FATHERHOOD are freely descending having been captured and embodied by the Royal Scapegoat.

* * * *

HENCEFORTH the WILL of the FATHERHOOD will prevail and rule the Earth, for the Central Spiritual SUN, the united embodiment of the 12 Cosmic Hierarchs, has its counterpart on earth as Macrocosm unto microcosm, and as the Fatherhood has been established by the Royal Scapegoat, so will man, the microcosm, have to follow. No longer will he have the free will to act and delight as of old, but by and through rigid discipline upraising his fires to feed and bring forth Mind Awareness, each feeding his own 12 gods in his meninges, each building the fruits of his mind harvest, so that the atomic wealth of the Atom Life of the Cosmic Powers can be raised back up to the Central SUN, by the action of man unifying all 12 Powers and bringing forth All Enlightenment, the full LIGHT of CHRISTOS AWARENESS.

*1 A special stop press leaflet has been prepared printing this message and is inserted in this issue.

Now the FIRE descends it will burn into man forcing over the space of a year the full force of cleansing the blood and the ground of the verminous state that has been injected into it by the vile actions of man and beast. Chaos will ensue as the burning takes place, and to those blind fools who still rebel they will not be spared as the Fire forces its way into the rebellious soul to capture and reclaim the Atomic Powers of the Hierarchical Gods. The Burning can be severe and may terrify and devastate the land. Thousands will not be able to stand the fresh vibrant frequency being established and will fall into a sleeping sickness not having the mind equipment to embrace the new Laws. This sleeping

Truth of reality will be stripped from him and the true Dorian Gray forcibly shown to be the heartless and soulless being it is.

This is too the HOUR of TRIUMPH, the Hour of supreme achievement to the one who has slaved toiled and sacrificed, enduring the evil brutality of men as her etheric and spiritual bodies were ripped apart by the black papal and other forces of the depths. But by her indomitable will and her ever enduring Faith and belief, this, the greatest of all PRIESTS, carried out her task, never leaving her post, and always stepping into the shoes of those whose evil treachery caused them to wantonly and cruelly stab her in the back, and fail their sacred vows. Those who came back to carry out their sacred priesthood to aid her in her Divine Task, the Task to restore the lost Hierarchical Atoms back to their Source, in fact failed bitterly in their duty, and the world like snarling beasts gloried in the dirt they could resurrect and delight in scandalising her falsely and without a vestige of truth.

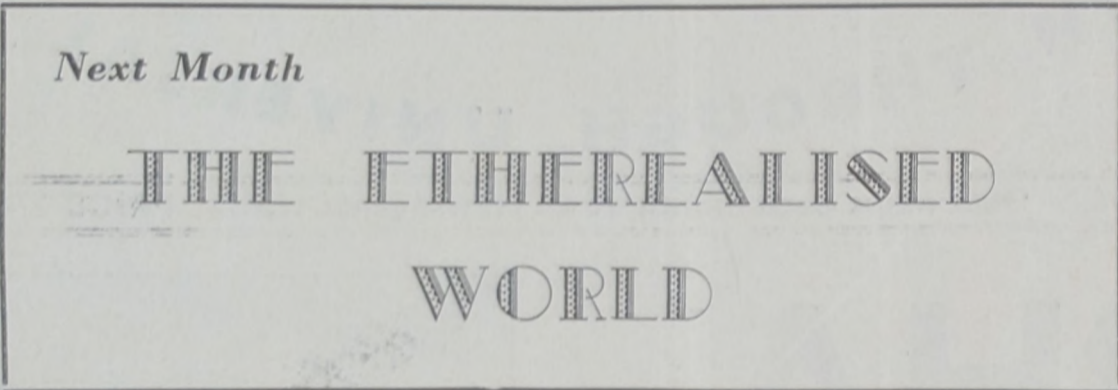

It is this one soul whose heart was so great that has been the only soul who has managed to restore the Divine Reign on Earth. For from now on it is going to be the ruthless will of the Greater Ones, as they ruthlessly deal with the animalism and wanton vices, the physical pollution of the flesh caused by drink, drug, animal foods, smoking, and much else besides. For as ruthlessly and wickedly as man dealt with their much beloved PRIEST so will man have to face the equal for the LIGHT of the HEAVENLY WILL to be established in Heaven and Earth.

Even as yet there may be those who still disbelieve and still mock the TEACHER, whose Voice that guides her is the LORD MAITREYA, the Christos. But as the days advance even their doubt will be swept away as it is abundantly proved that the Hierarchies as the Cosmic Powers have complete control at last, dire and ghastly though the fight between the Black and the White had been, one frail soul, against the black and terrifying evil powers of the black papal hordes.

Let the Papers of the world declare forth this message of warning as to what is happening. They are no longer able to claim the freedom of licence to print the rubbish of the past but must seek to feed the people not with what the people like but what they have got to be instructed with. It may take a little time to control these rebellious souls and others who hold on to the fleshpots and their earth powers, but the WILL of the FATHERHOOD must prevail or the Sting in the tail of the Scorpion power will devastate those who dare to oppose the Divine Call.

Let the Cosmic Clarion of Re-birth issue forth and let the joy and wealth of man's true heritage be born.

Next Month

But Man has not been left without a witness, and at this very moment the Cosmic Herald blazons its trail across the Heavens awakening all mankind to its message, if they are capable of receiving it, by having their Lamps Trimmed and alight, their Perceptory Principle of Venus-Uranus, the wine of Pituitary. As in the Macrocosm the Comet entered the SUN, so the FIRE of ANTARES, the Martian LORD of SCORPIO, fused with the great Powers of the DIVINE FATHERHOOD, and the Descent commenced. Now over the whole world the Rains will come forth, the very Deluge that all mankind has been promised, yet utterly disbelieved by animal man who continued their sport and pleasure in vice and desire acting treacherously in every possible vile way to destroy the Goddess Teacher that had once more entered Earth to become the Channel for the HOLY FIRE to revivify the Atomic Powers of the lost Atoms of the Hierarchies.

sickness could lead to death in such instances especially where inertia of mind activity has been the order of the day.

* * * *

HENCEFORTH man will be ruled by the Hierarchs through their PRIEST on earth and men and Governments will have to learn to obey the higher Will. Vast and sweeping Earth Changes will be made. Religions especially the evil pollution of roman catholicism will break up fast and their enormous stolen wealth restored to the countries they have pillaged it from. Conventional society, the present financial system of the world will all be changed as man will be forced by the FIRE to LISTEN, HONOUR and OBEY.

As the FIRE penetrates into the solidity to break it up only chaos and treachery will break out as man's own basic nature becomes revealed unto himself. All his false skins hiding the

★—ANNOUNCEMENT—★

MANY readers have already foreseen the inevitable day when a price increase of the OCCULT GAZETTE would be announced, and indeed have suggested it. This day has at last arrived and with effect from SEPTEMBER 1965, the Anniversary Date of our 1st issue, 5 years ago in September 1960, the new prices and subscription rates will be as listed below. This increase is long overdue, for as all must have realised the basic cost to produce such quality, plate selection, besides the priceless magnificence of the Wisdom, has far exceeded the present prices. However to those few to whom this increase represents a too great burden, we will be most happy to lend a sympathetic ear, as always, especially to Old Age Pensioners.

ALPHA TO OMEGA

Continued from the Front Page

The ever unfolding Fatherhood as the seed of all life. The great potential that is ever coming forth, as the moving and rolling unseen depths, of the sea of Blackness. That which was, now as a point to become, and seek yet again when it becomes, for it was the ever unfolding state of becoming, that now is the glory of the Fatherhood. The ever emerging out of the Mother, yet she who was born out of him.

So what we are seeking is the state of ever becoming, as the point of discrimination, where all is revealed in one flash of the eye, and one roll of the glib tongue. Truth in all its golden glory, the wealth of Kingdom come. For Alpha to Omega is the wealth of TIME, the whole internal action of life as the rolling waves of experience. It is this that gives to man the colour of knowing, that which knowledge affords to every man as the passing of time. Ways and means of life untold that gives colour to the void,*1 for here is where the true Ecumenical Council of the gods take place, around the fulness of TIME.

THE CIRCLE OF WILLIS
(See text in col. 2)

Where wisdom received is the means of rebirth taking place, and changing the beam of the Eye. Where God and soul draw closer together, as the poise of understanding. But where all men draw from the intake of the breath, the possible radiance of the prism. For the void indicates the wealth of the soul, that being his mirror of reflection of what he is creating out of life.

As by growth the soul awakens the gods, which he does by drawing the tone of the prism, for they as seven Chakras rule their action, and are the seven stars in the sky. The lords of the seven churches of Asia, an ancient world of basic growth, that which sets the pattern of life. That which became the setting of the spine, the uniting of the vertebrae.

Thus as the tone of these are set, so are the gods awakened, brought into birth and set alive into active motion. Being trained to come forth as Power upon the earth, Master Vibrations as means of inflow that water the maelstrom with continual new life. Thus feed the sick and lead the wise, slowly diminishing the evil of the earth as heights and depths meet. Therefore when a soul,

who has reached the stage of bringing an Ecumenical council together in their heights, and walks abroad the earth, they are as the Buddha, a walking heaven, carrying light and life to all.

The Wealth of the Meninges

SO with this introduction into such a possibility, which is rare but hopeful, we can now give some deeper interpenetration as to its possible expansion. For all that has been, and all worlds that are, are gathered at that mountain stream, so what greater heights could surpass the wonders of that glorious magnificent.

But it is of Alpha to Omega we must enquire, if we wish to seek into its preparation, for it can only be of souls who have awakened in their depths, as to what realities there are for their struggle. Those who are merely going round and round in the field of darkness, if they could rise in their frequency, and circle that roundabout up in their heights, wealth untold would be theirs. By raising up their theorem

(See plate in col. 1) regarding life, causing their fired passions to set their inner wealth into combustion and rising into new life. Thus set the blood revolving, that the Circle of Willis, the base of this government, would be set revolving, causing the gods to assemble together.

For it would be quickened vibrations they were receiving up the twelve pairs of cranial nerves, that would set the whole of the heights alight. (See the plate and caption "Home of the Gods" in October 1965 issue on page 11, col. 3) Thereby the meninges*2 will dance and vibrate in response to the corresponding limbs below, thus quickening the sensitivity, and driving soul forth to heightened belief. Yet there are others who find themselves awakened through sorrow and anguish, their heart knifed and bleeding through some irresponsible act. Thus causing them to seek of the divine, seeking solace for the heart would cause the gods to become awakened, in their numbed brain cells. They then

becoming touched in the depths by the movement in the heights, yet it was the anguish in the depths, that resulted in the heights becoming awakened.

This was demonstrated very clearly in Gen. 42 onwards, where Jacob dying in the heights for want of resuscitation from the depths, hears that there is corn down in Egypt. Immediately he sends ten sons of the twelve down to the depths, by uniting with their limbs in the depths. There makes contact with Joseph, the spirit or eleventh son, the inner sensitivity of the etheric. He, whose two sons, Ephraim and Manasseh, ruled that of Pisces to prevent danger to those heights.

By so doing unity was made between heights and depths, setting Jacob into action once

The Mind Development Class

EACH Week on every Saturday at 6.30 p.m. G.M.T. Mrs. Spearman-Cook holds her Special Mind Development Class at the School's H.Q. A special Subject is concentrated upon for about 40 minutes and then each sitter is individually helped to interpret and understand his or her findings. Any readers can join; those nearby can make application to attend each week, and those too far away can send in their names and link in each week at the time stated, their names being entered in a Special Book for this purpose. The subjects for concentration are:

THE BRIDGE OF MAKARA

"WHAT most souls are unconsciously afraid of is the fact that their lower dinosaur states have never been turned in, but lie in the depths... By the study of the Word... all those states would become turned in, be given their mortuary meal. Thus the soul would recognise by the Wisdom what states of action he should take and thus those actions of past ages would automatically become neutralised and no longer one of the multitude to be saved. Here Makara the Crocodile, the mount of Capricorn, becomes the bridge over which the soul passes, slowly bringing to his mind a greater rising of the solar Light, absolving the darkness. (See text on page 4, col. 1).

again. But all the twelve sons were truly active, including Benjamin the conscious mind, dancing in argument and action with his right hand. Hence left and right were also set into activation, causing even Jacob to go down into Egypt by vibration of unity. In so doing he claimed the right to the land of Goshen, the higher ground of the solar plexus. The ground where his herds could gather at the well, at the end of the pneumo-gastric assembly. There to be either sent up to the heights, or down into the darkened pit.

But by the former through the sensory system, the greater bloodstream quantity. But Jacob in reality had fixed his midstream girdle, whereby he could make extension into the heights. Therefore it was granted unto Jacob by Pharaoh, the Capricornian king, who was also waiting to be reborn, and risen up higher on the mount.

So it was arranged by law that when all were gathered in, the fifth went to Saturn, who transformed with each tithal gathering, until all was risen up, and soul then lived up in

the heights with the gods, a god-like being by his right of ascension. For it caused Jacob to obtain of the EL fires in the electrification set into motion, whereby his name was transformed from Jacob into Israel. This to Jacob was the rebound of a Cycle, (See plate page 4, cols. 2 and 3) relativity,*3 whereby he was reaping what he had put into action, thus with such wealth, being able to reach up into the heights, and his gods gaining wisdom by their experience.

*3 Relativity is the meeting of the Roots of man's beginning in the human evolution in the Leo Equinox some 13,000 years ago, when the Holy Fire was earthed by the Goddess Merope, and the then status of evolution known as the Loves, the hermaphrodite beings, were unable to respond in upward growth as evolving beings and the Fall commenced. Now in the corresponding and opposite Age of Aquarius, each man must seek and blend into his roots of beginning in that Leo Age, by unifying all his in-between lives and uprising back unto the Heights the Holy Fire, the Seminal Seed, by bringing all into Oneness with the Great Fatherhood, the Central Sun.

Hence the gods were now assembled in peace and plenty, for it had set the depths into action, causing Moses to eventually begin the Exodus. He would be the Aries son preparing the way for warriorship, to ever keep the heights alive. But as retribution in one direction, so in another, for the tramp was over the wilderness, caused by Jacob's isolation and the rebellion of the Hebrews, that set all into movement of initiation in a minute way. Yet the root of the tree that was to grow in every individual soul, but the beginning of that activation that was to become the restoration of the soul, up to the heights.

But this only resulted in man raising his luna emotions, and living in his luna waters; making his land of Goshen, a field plowed in for rows of root potatoes. Very few made it a true fodder field for their herds to gather, which could only be done, by the circumcising of the Hebrew. Cutting away of the lower states, that all could rise and swell the treasury of the soul. Thus only the rising up of the luna waters, causing the passions to be locked up in the stable. The horses going lame and not racing around the flooded arena; so all turned into a farmyard, where hogs were digging up the mud. Rooting only in the earthy states, instead of spiralling up to their heights.

MEROPE

The True Minister of the Solar Flame

THIS is what Merope*4 was seeking to move, when she drove the spirit chariot for the Phantom Heights.*5 Leaving Word wherever they went, stirring man by their inner wisdom, and the reborn inflow of new life that would cause man to think. Inciting them to rise up out of the luna waters, where orthodoxy was feeding them on wet corn, and all states of human captivity. (See the front page plate)

*4 See the note on Merope and The Royal Eagle of Scorpio on page 7.

*5 In June the School of Universal Philosophy and Healing were commanded by the Hierarchical Lords to distribute pamphlets and leaflets to Towns and villages throughout England and Wales. From then unto October tens of thousands of Gazettes and pamphlets were delivered to all kinds of men and women. The pamphlets were special reprints of two articles written by Mrs. Spearman-Cook called Papalism, the black scorpion of the human race, and Challenge 65 and its Purpose. The whole Drive was to answer the Roman Catholic Exhibition of vocational work which was held from 27th June to 4th July, so that the public could be made aware of the destructive nature of this evil religion.

ALPHA TO OMEGA

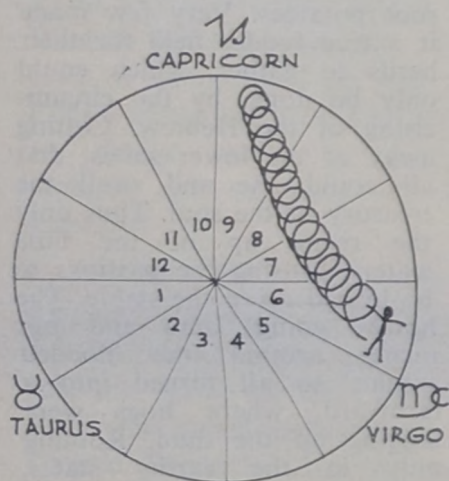

Continued from Page 3

Whereas, the Word and wisdom of the Occult Gazette was stirring man's circulation; showing him the necessity and the way to get his blood pulsating. Thus opening them up to the inflowing Waters, the fluidity from the heights. That set into motion by Merope, who rose up and set her motions into action, bringing her gods to life.

(See the plate on page 3, cols. 3 and 4)

What most souls are subconsciously afraid of, is the fact that their lower dinosaur states have never been turned in; but lying dormant in the depths, the incongruous states of Alpha to Omega. By the study of the Word, the lower potter's field could be plowed and raised up with corn, turning in all those depths by the mortuary meal that field would produce. Allowing Ornan's threshing floor, that of the 6th house, to produce the ground corn for the heights, producing the winging back and forth through the mind, whereby Jacob would go down to Pharaoh, the Bull in the depths, who is also the king in the heights.

The continual alternation of the triune of earth swinging round from Taurus to Virgo, up to the mount of Capricorn. Whereby the waters will dry up, setting the steamy aspiration rising, with the spiritus air going up to the heights.

Now the mind is going back and forth, winging up to the heights, causing the whole nervous system to dance with delight. Twanging and ringing, dancing and running, setting the gods into movement, if not conscious activity. Causing the bulrushes to sway to and fro, as le Ros*6 twirls round and round. For soul in the depths has to really get moving, for conscious reality to be born. Yet it will be by this that the heights will eventually be the means of drawing down the fires from the Heights.

But how high depends upon the dance of the soul, his purpose and his enthusiasm, for the majority are only drawing on the lowest of the prism, thus living deep down in the magnetic depths. While some, just a little higher on the psychic, as unto the luna fluidity. But with such action taking place in the lower, it will be stirring the heights into movement, that some day will seek for greater report.

This would cause the owl to eventually settle on the top of the raised up ladder, the raised up spinal column, by the rising sensitivity going back and forth. The rungs of the ladder being the united vertebrae by the Chakra activity, linking up the sensitivity to the heights if not in conscious recognition. But by bringing wealth up to

*6 Le Ros is the action of raising the seminal seed up the sacred channel of the Spine so that the divine powers of the Seed may be brought forth and feed the brain to awaken the Flame of Mind Light. (See description in text page 6, cols. 1 and 2).

its higher frequency, it became the guiding factor, not only to the soul but into the depths of matter. For as Merope brought wisdom up to the heights, so she climbed the ascendancy; causing the cat in the depths, that of the magnetic field, to also partake of the food.

So as the soul grows by seeking into the wisdom, more and more will he become aware of the necessity for a change of religious policy. For soul was being led in the wrong direction, receiving food that was literally stoning him, for instead of receiving wisdom from the heights, they were receiving powers of the astral planes.

For the network of nerves linking with the intercalary action, which is the world of Universal causes, is the polarity to the birth, of the upper Ecumenical council. For the soul who can bring all wisdom to a selected point, takes the

THE SKULLS OF RELATIVITY

EVERY man must meet of these, the remnant states of mind as the past personalities, which have gathered wealth of experience but have not obtained the wisdom of understanding to blend all knowledge gained into one point of Awareness. Once a soul can unite all the ends and threads of self and raise up the sensitivity until the god-powers of his own heights, his meninges, are awoken then he can become a direct channel for the Powers to use, as a Jacob. (See text on page 3, col. 5).

right as the pope, who ever he or she may be.

This is what Merope struggled for and won, therefore became Pope by the right of conquest as the true minister of the Solar Flame. For she gave Him birth, therefore, the Mother to the Gods. This she drove right to the heights, to act as a locking device to prevent any form of ascendancy in mundane theories. For she rose the Arc right up to the very full, placing the Master, the Lord of the Flame, as the Lord of that ascendancy. Thereby giving the great lords of the Hierarchy, the ascendancy over the world of men.

(See plate in col. 5)

It was when the pope of Rome suppressed the minds of men, that he cut off his own roots of ascendancy. For it is (See the plate on page 5, cols. 1 and 2)

man that feed one another, and feed the heights by their aspiration to the greater, with the Chief Priest, the Lord of the Flame, reigning in Divinity.

The Greatest Fight of the Black & White Knights

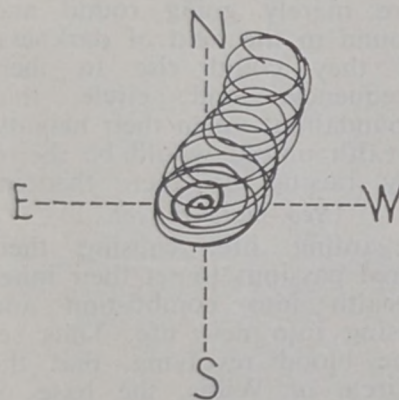

THE conquest of right in the depths, is the Bull in the ring being captured by the matador, he who is the Scapegoat that he becomes the victor or white knight that masters the black knight, and captures the right of the Law. Spain, who has been the worst culprit, is the deepest symbolism of the rise.

So here was the problem as placed to Merope, but could she maintain the drive. So she prepared all so that her Ecumenical council of gods were the reigning law. Thus with the right of the true gods

reigning in the depths through her means of capacity. She as the Channel was the leeway for them to the depths and gaining ascendancy over men, directing the Powers from the heights out onto the maelstrom stream. This not only rose the Arc and the powers of Merope, who was the wielder of the pen, but the source of supply of the true spiritual Word going out to the world of men.

This rose her up to heights out of their reach, giving her the Source of ascendancy, and began the greatest and fiercest battle that has ever been known in the world of Light. It was the fight between the Ecumenical Council of Gods up in the heights through Merope, and those in the depths as Roman Catholicism, that the fight for the spirit began. With Merope pulling through, being led by the Great Master the Lord of the Flame, were the heights controlling the issue. As the battle raged, it all took place in Merope's void, which was the Council room for her to send forth of the wisdom. Her hand holding the pen that wielded of the truth, driving it forth onto the maelstrom as the risen wisdom of the heights.

For it is the spinning up of the Solar light between the magnetic poles of the earth in North to South and East to West, that the tangent rise takes place.

It was when the gods had risen and had taken over, the spinning rose up to untold heights. Not only out of the range of every soul, but contacting heights of inflowing Powers, that in their inflowing raw state, were Powers of utter purity, and of extreme heights, those of Hydrogen Pure Energy.

It was of this that brought Merope up to a frequency and vibration that started her inner globe of united heights and depths to glow; the Central Sun beginning to shine forth as the inner nucleus of world light. This began the spinning hub for the major world ascendancy of the drive. For with this shining forth, began the complete collapse of all orthodox religious authority; and Occult wisdom ruling the day.

But the battle raged fierce while it lasted, with every weapon that the dark forces held, all centred on Merope to destroy her once and for all.

(See plate on page 8, cols. 2 and 3)

HUNTING FOR THE GODS

IN this plate the dogs represent the activity of the two pillars of the mind, ever arguing, seeking, investigating into new ideas, until completely new thought and understanding is brought forth from the highest point possible. Here Frigga the Goddess of the Norse Legends, represents the feminine nature ever toiling and struggling to achieve mind extension and expansion so that fresh "air" may feed the world. Where there is such a one as a Scapegoat or Pioneer this is their task so that the whole world can be given new sustenance and awareness as the Bread of Life. (See text in col. 3).

As she struggled to maintain her Brahmic link with the heights, by so doing and being successful, it made her completely invulnerable. It would have been utterly impossible if she had not, for the opposing forces had the root, trunk and branches of the old tree, while Merope had only a young sapling of new life, that had never been able to get rooted.

Now it was, by the frankness and candour of her pen, she won over many hearts and minds in the world of men. She had given of truths far surpassing any wisdom of the Catholics, wisdom that helped men to think. Even showing them the way to go, releasing them out of their dilemma.

The Evil Hordes of the Black Mass

THIS is what man wanted, but she was one soul against evil hordes not seeking by wisdom, but the application of black masses supported by their blind followers. All centred on one soul, yet six times she won through and drove back the black scorpionic hordes.

(See plates page 8, cols. 2 and 3 and page 9, cols. 1 and 2)

So it can be seen how all is linked between Taurus and Scorpio, and how the Matador must capture the Bull. He being the Scorpionic Master in the heights, catching the mind of the soul, as he was able to drive the wisdom into the intercalary of Gemini. And as it made its back and forth rally, drive right up over the pons varolii, by the archer

shooting the bow and making a complete bull's eye score. This would change the Eye of Aldebaran, the Eye of the Bull. The outlook of the heights, who would send down more Scorpionic inflow through the inflowing prism. The polarity void of depths and heights, the ever changing of passions through polarity Cycles. For as the heights were changed, so would the depths, bringing new ideas to be met with.

So by this it can be seen the great battle that was being waged by the ecumenical council in Rome and the

right from the past. Popes and cardinals studying ancient wisdom, and becoming past masters at the game, but for their own ends. Not for the true light of the world, but for their own pomp and domination, with everything in their favour in the Piscean Age.

So Merope undertaking this battle in the Age of Aquarius, when Saturn was ruling high, was an Herculean feat of no mean order. It required what she could not obtain, supporters of the staunchest, those that could withstand the rise of the planes to the highest, and swiftly as could be.

DESTROYING THE WORD OF THE SPIRIT

FOR years the catholic religion with its rules and powers over the countries has destroyed every new birth of fresh thought and condemned man to a life of stagnancy. "A stream of world menace that has been the means of killing off the race, dragging them down into dust and forcing them (man) to bury their nose right into the dung." (See text in col. 3 and on page 4, col. 3).

Ecumenical Council of the Gods up in Merope's Void. Then claiming her laurels through her pen, with all the hordes in the astral planes and the latin ridden old men in Rome driving at her, Merope had the Hierarchial Forces working through as the Cosmic Heights, acting as the harbingers of the holy Rain. For they would pour her wisdom down into the depths and saturate every soul with new life.

Yet orthodoxy was not without much of this wisdom, for they had this knowledge

But she performed the task, and stood the ground, raising the Powers up to the highest. Thus she boarded the blue ariel drive, that drove up to the All-Highest. This resulting in her winning the laurels, by over-throwing the dark forces, and raising truth up to the

very highest. For through Uranus, they, in striving to drive the power of destruction into the camp, sent power over transformed into a ramrod of the wall to Merope, which she rise. Hence the tackle proved successful, and Merope won the struggle.

For she had the clue to reaching and maintaining the ascendancy, by raising up her frequency, until she could unite the Fount*7 with the mouth, bringing forth wisdom that held the link with the heights, making it superior to all other, thus rising above their attack.

Then she had the inner circling wealth of the gods, driving through her bloodstream; which gave the spirit the power to drive, not only through one soul, but her being the means of ever raising the Law and the prism, the Solar beam, in the world of men. For as the Vesica Piscis*8 was in her own radiance, was it also in the Cosmos, slowly churning and grinding out the false christ of orthodoxy and raising up the true light as the Lord of the Flame.

A dead christ on a cross, with no life of ascendancy, could not hold the sway, for the true Christ is Spirit, of which Roman Catholicism deny. Thereby cutting themselves off from the truth, with their own spirit buried in the mud of their own depths, completely lost to any hopes of ascendancy, for they have blanked out the minds of men by blind obedience, who would have been their "feeders" in the depths.

(See plate in cols. 1 and 2)

Just blind obedience is no good, you want minds that are ever in state of argument and enquiry, with intercalaries racing high. Those that by their struggle supercede the Teacher's ascendancy, forcing him to rise yet higher to maintain his right of Teacher. But the pope is fixed in religious mania, trying in his blank blind avidya, to carry out the stupidity of his previous colleagues. A stream of world menace that has been the means of killing off the Race. Dragging them down into the dust and forcing them to bury their nose, right into the dung.

(See the plate below in col. 5 and on page 8, col. 5)

Capturing the Pure Eucharistical Kiss

NOW the Axe is chopping away the old wood, and getting the way cleared for the cement, mixing up of new ideas to start laying a brand new foundation. For now the pine cone has grown upon the top of the "thyrsus" rod, the spine, preparing the way for all souls to begin the new path. For this is the pons varolii on the top of the medulla oblongata now all alight, waiting for the renunciation of old ways, that which will give the soul the leeway of driving the wisdom up to the heights, and setting his own ecumenical council into operation.

(See the diagram on page 11, cols. 1 and 2 of October 1965 issue)

For as individual man becomes touched with the new light, he over-rides the old ways, and the new way is rooted, growing its branches and leaves, for a new tree of truth to shed its seeds. This is how Evolution makes its drive, and brings new life to one and all. But unfortunately this had only been maintained at a standstill, and not a revolving up to the heights. The tangent had not been rising, owing to orthodox impregnation stoning

*7 The Fount was the first beginning of the Baptismal Waters that gave unto man his first seed of manhood. But ever remained with woman as her Seed down in her very depths. Hence the Seed base of all human life as soul received of the Fire Element for the first time.

*8 Vesica Piscis is the name given to the establishment of self-fertilisation by raising the seminal energies up the spine firing the pituitary and feeding the pineal. By constant uplift the seminal fire not only makes its own revolution but by its interaction with the pineal-pituitary brings forth the Spirit Inflow which by uniting with mind cells becomes the new enlightenment gained as a result of a greater frequency of mind. This is the self-fertilisation or refuelment of the Spirit Fire.

MAN RAISED UP UNTO THE HEIGHTS

BY the Generative Powers becoming upraised unto the very highest point, Man, whether he likes it or not, has now got to obey the New Cosmic Laws, and will find himself risen up by the infeding of the Scorpionic Powers as they descend as the Cosmic Rays. (See Editorial and text on page 13, cols. 1 and 2).

the minds of men. Fear having ruled the world for Ages, so it needed some drastic act to break that blind illusion.

(See plate on page 9, cols. 1 & 2)

This Merope did by interpenetrating their superiority by her Hierarchial drive, leaving the truth of the black scorpion where ever she could. Proving that her God Powers were greater than theirs by state of evolutionary ascendancy, which is the work of every Age,

the higher electrical Hierarchial inflow, but set all into activity for a dynamic change.

For as she struggled, there were three blasts of thunder rolling across the sky, cutting and tearing away old ideas, out of the solidified maelstrom. The Prism and Nature both working to aid Merope, and help her instal new life into the magnetic depths.

But at the time, her frequency was of such, that she was able by her antennae, her Scorpio and Taurus intercalary extension, to capture the pure Eucharistical Fires, the Pure Fire of the Hydrogen Energy. Thus bringing forth a Stream of Life that would free all men from death. For all who could embrace of this Stream and raise up of their electrical mind, would find the way to expansion that would build up of their etheric carrier, and make ascension into the heights at the end of their longevity.

Thereby, Merope being able through the stress and the struggle, to reach out to the extreme heights, making what she had been forced to do, her own electrical strength, her own infused vibronic life force. Also by this act directed against her, the Powers of the heights had been able to interpenetrate the maelstrom, without being contaminated with the old ideas, consequently a complete new interpenetration was made. So it is an ill wind that blows nobody good. The higher Powers had come to assist her, and as she was able to capture at once, it was Uranus striking deep into the offenders, and helping Merope to win through.

THE PAPAL DOMINATION

EVER since Rome began, it has assiduously sought out every new Word and destroyed it, never allowing any truth to be given to the hungry of mind and starved of heart, thus man was lain under their fixed and rigid latin mass, slowly dying for want of Word of the SPIRIT. (See text in col. 3).

bringing the Macroprosopus as the Long Face into a greater and clearer understanding in the mind of man.

This the pope would not do, so prevented himself from getting the Eucharistical Kiss, for Merope had stole the "thunder," holding the right-away of wisdom. She had not only stolen the thunder, with the lightning being touched by

THE DIVINE MARY

The Mother of ALL the Earth

by The Great Eagle

(This statement by The Great Eagle, The Lord of Scorpio Hierarchy, was made at the beginning of a lecture on Wednesday 6th October 1965, the day after which the pope delivered to United Nations Assembly his so-called call for peace. The "Instrument" here referred to is Mrs. Gladys I. Spearman-Cook, the Founder and Principal of The School of Universal Philosophy and Healing, the Publishers of the OCCULT GAZETTE, and the lecture was delivered in her Sanctuary at The School at 6 Phillimore Place, Kensington, W.8. The Master's esoteric description of the plate shown is so outstanding that there cannot be one reader who will not benefit. This excerpt of a current lecture illustrates the magnificent wealth that is delivered each Wednesday and Sunday at 7.15 p.m. and 6.30 p.m. respectively, to which all readers are welcome to attend. Editor).

AS we come amongst you, we come in multitudes, for the Heights are rejoicing and are now coming down to the Earth in the Channel that they can unite with you and build up that great Power which is so necessary that the Word can go out onto the maelstrom once again. Of course I do not have to tell you that in entering into an Instrument, that has come out of one of the most violent attacks of Black Mass that has ever been levelled out, you must realise that it has left a very shaken and bereft state. (See the telegrams below). So I am calling upon every one of you to give me of your strength, for nothing can attack you or touch anybody while this soul remains the 'door' to keep out all those states from mankind. And they are the worst states of black magic that can possibly be brought into birth; yet it is against the law and no one has the courage to stop them except this one small soul who is making every effort to clear up the rubble of the Earth before she leaves it and passes into Spirit.

Once she breaks it down, particularly in this month of October, the month of the Law, it can never be brought up again; for new Laws are now being born. This is where the Weighing of the Scales comes into birth; which side of the scales was going to win through? The dark masses of the Catholics, or the raised-up Light of Occult Wisdom?

And Occult Wisdom has won through.

The True Ecumenical Council

IT has been a very difficult day for this little soul; far more than she has allowed others to see, and it has affected her body badly. So I am wanting every one of you now to give me of your strength as I bring you a very very simple understanding of "LE ROS and ITS THORN." (the name of the Lecture).

Very few of you realise the Powers that are with you and how, by sublimating these fires (seminal energy) and raising them up,—dancing them up and down the spine,—do you open up every one of your inner natures, radiating all your glandular system, all your bloodstream and your nervous system with electrified Light.

Le Ros is the dance that is danced up the spine to bring activity to the mind, and the greatest understanding of this is the Swan Lake Ballet. We will bring it to you very soon so that you will get a better understanding of this, but the dance that is there arrayed of the Swan being gathered-in until the Neptunian Waters flow, is the Dance of Le Ros, and which each soul is striving to do; dancing up his sensitivity until he finds the true path of perception, bringing every nature within his being dancing into Life, so that he is quivering with sensitivity and understanding; bringing into birth 'genius' from the Outer World Life. And that is what every man has got to do; capture the starry heights from outside of the Glorious Planes of Outer Space.

There is a great deal more that will be brought to you in time, when man is ready to receive it, which at the present rather terrifies him as to what he is being cut off from; but

Le Ros and its Thorn

BY dancing the seminal fire up the spine, bringing the activity of the mind, each soul will find... "the true path of perception, bringing every nature within his being dancing into Life, so that he is quivering with sensitivity and understanding..." (See text in column 1).

as you advance more in your mind and open up your mind, and as you perceive the Wisdom, you will not see things then as you are seeing them now; you will see them in a far different frequency of understanding and a more elevated state of mind. So do go on with the Word, because it is most essential that you do. In bringing the words slowly to you on these Elementary nights we are opening up to you of the depth of the Word and helping you to raise up your frequency and bring yourself out of the rut you have got caught in, and helping you up onto a higher Plane. So now do struggle in every way to try and extract the Oil from the Word, and embrace it into your inner being.

Man is so superficial; he

never sees the real true side of the picture and how he is building up his etheric body; the most important thing he could possess. It is not the physical that is of value to you; that is only a form covering. The true creation is within the etheric, which you must build up into its higher Soma Psyche Pneuma.

If you don't, you are only going to remain on the lower planes; and many of you have only returned to the Earth to find elevation up onto the higher. So do not be caught-up and lost so that, when you get back, you find yourself in the underworld, down with the Catholic regime. Rise up out of it, and become one of the human band rising up to enter into the great Holy City as a Cell of the Great Fatherhood of Life; a vibrational being communing with the true Ecumenical Council.

For the real Ecumenical Council is the gathering of the gods in the meninges; not a bunch of old men looking into the understanding of the contraceptive pill. It is far more important than that. Try and see everything with the royalty of your mind, and see yourself as a royal being. Try and raise yourself up and live with dignity, whatever be the circumstances of your life. So now give me your attention. Let it be a royal night; a night of spiritual beings.

(In the Sanctuary, the Lecture is delivered by means of projecting a typewritten scroll on to a screen by use of an Epidiascope, the MASTER reading it and commenting. Each night one or more slides are projected at the beginning to illustrate special points of important wisdom. The plate here reproduced was used this night).

The Immaculate Conception

NOW follow the details of the mystery plate, because these are most important. We know that the Virgin with the babe is the raised-up Mary of the Virgo mind. She has in her arms the mind-child; that which the soul has brought into birth, and she has to carry it up to the heights, and there see the true side of the picture. What is in the base there is only what the soul imagines has taken place in their Virgo mind.

That would be like my Instrument with her Babe, which is of course this Temple now, which she is ever renewing with new struggle and new effort, that it can rise up as the Royal Holy Babe in the life.

If you look to the top, you will see the Royal Church; for what is built below has to be built above. On the right you see the two figures that are really struggling to bring this into birth: they are striving to rise up the hill and are being touched by the angels; the descending Dove, the descending Eucharistical Blessing. They are the ones that are struggling with their mind wealth, and she represents their feminine principle.

As she brought this babe into birth,—which is what you would call the Immaculate Conception, the birth in her womb from the heavenly sperm,—you can see the Waters running to the Earth. That is the Stream she sets into motion, as My Instrument set into motion that of the Cosmic Rays. In front of her is the tree that she has caused to grow, with all the leaves of wisdom. All this represents the crucifixion of a soul as they struggle to bring new Life to the Earth.

This is what the Catholics are cutting off: they are deliberately cutting this away, saying, "You only listen; and you must only listen to what we say"; and they are merely repeating, round and round, old ritual of the Earth; consequently it never lets in the Fresh Air.

You must have Fresh Air and Fresh Life from the Heights. If you don't, the Earth becomes stagnant and corroded with verminous life. That is why their churches are rat-holes, because they are breeding the vermin of repetition.

You only have to see it in this normal understanding; then you get a full gist of the evil that is being carried out; all that has caused the mentality of the World, the disease and the corruption; all the war and the strife. Until each soul, who is an individual being, thinks for himself and reaches-up to find his own godhead, he will never grow.

No pope has to go out to gather all those numbers to beat one small "Occult Gazette,"—and that is all he did it for; gathered all the numbers to beat and break down this Temple, because they had been flooded with it, by the Instrument continually sending out to one and the other; but to have to go out there and have thousands of armed guards and helicopters overhead,—please, can anybody tell me where he can bring down the Eucharistical Kiss!! That alone tells you what a farce it is, and how much it has got to be broken down.

Every country in the World now is beginning to rebel against it, but they are all still frightened of the Black Mass. My Instrument has taken away the gate, and they can do it no more to anybody else. This is the sixth one she has received. Unfortunately it has

MEROPE & THE ROYAL EAGLE OF SCORPIO

THE present human Cycle of Leo, as the Hermaphrodite Beings, and since that time mankind have incarnated time and time again, each Being taking on that of the masculine or feminine gender according as to whether the soul had taken of the FIRE of the FATHERHOOD, or had merely stayed under the Matriarch Influence. The former became of the Masculine gender and the rest as the Feminine. It was then that the Sons of GOD, (THE FATHERHOOD) became ensnared with the daughters of Earth, and all that of the FIRE, the seminal Seed fell, and mankind turned to the beast.

To-day is the Age of Aquarius, which as the diagram shows is the opposite to Leo, and as every action has an opposite and equal re-action, the Race will start to feel all the conditions and events of those ancient days, the very root essence of our Beings. The sooner therefore we are able to 'drill' through the intervening lives that encase us as a rock, and unify all the personalities that the Being, moving through the Soul growth, has existed in, the sooner we will be able to master those very ancient Roots, and extract the wealth of those ancient days.

But far more important than that fact, is the urgent necessity to send back to their source not only the Father's FIRE, the SEMINAL SEED, that is channelled to the Earth via the Scorpio Constellation, but all the 12 Hierarchical ELEMENTS that we have taken with the Breath we breathe. It was this realisation that caused Mrs.

Spearman-Cook to seek to raise up the frequency of her mind until she was able to penetrate back and meet her Being of that day, MEROPE. For she it was that came as the Venusian Goddess, to help to stir the Earth Hermaphrodite life into activity, so that she could act as the channel for the Holy Fire of the Fatherhood to enter in.

By upraising the SEED up the spine the FIRE that had manifested on earth only as the serpent beast action, became born as the EAGLE, the Royal Lord of Scorpio retrieved at last from the purgatory of living in the animal bestiality that mankind had imprisoned it.

Now all Beings of the present Race have to find this ancient root of SELF, raising the FATHERHOOD which has been so polluted, back unto the Central Sun, the CHRISTOS LIGHT, the manifestation of the LORD of the FLAME, the LORD MAITREYA. For she it is that is now the vehicle and cause of the manifestation of the CHRIST, she being as Mary, the Mother of GOD. EDITOR.

taken away a little of the strength of her legs, and she may have a very unpleasant few days ahead, for it plays very badly upon the nervous system. They know the understanding of the powers of vibration; they know by certain actions—which they only do know—of how to strike another.

But one thing they do not know,—and of which My Instrument knows,—how to combat it by Spiritual Powers. That is what they do not know. It has confounded them; they are completely lost for words. And what is more; all that they have done has been recorded by her and recognised, and she has had the courage to rebuke it. That alone has given

THE HEEL OF DEATH

THE Ruthless evil of papal domination over the freedom of the Spirit within each soul, is the root cause of the creeping mental disease that has now so established itself in the world that 100's of millions will have to be 'buried in,' no longer capable of being free souls, and their God Atoms returned to the Heights.

her strength. And all the Wealth they were supposed to have taken, has entered into the Temple.

When you can understand this wisdom to that depth, then you will be able to understand the real mysteries and intricacies of man and his life. All this has got to be understood; it has all got to come into birth, because Aquarius is the Age of the Mysteries; and unless all is united and brought into Life, man is going to go on in the terrible muddle he is in, more and more multiplying and becoming riddled with incestuous disease. It has got to stop, because the higher Powers are waiting to unite with the Earth.

Now here you are seeing before you, in this Plate, what My Instrument has already set into operation. So she has the right now to say that SHE IS THE DIVINE MARY, THE MOTHER OF ALL THE EARTH.

Student :

"This is the first time it has ever really been established, isn't it?"

The first time, and the only time.

Student :

"Is the stream shown in the Plate the Golden Rain that is falling?"

It is THE STREAM: the Cosmic Rays which the scientist measures up by so many thousands of light years away, or something to that understanding; and of course they are not; they are HERE and NOW. We just cannot understand what they are talking about, because it in no light has anything whatever to do with it.

GLORIES OF THE SOLAR HARVEST

(On September 29th 1965 there was a special opening Ceremony to mark the occasion of the Anniversary of the establishment of the Great Lord of the Flame upon his Throne. Below we have set out in full the Prayer that Mrs. Gladys I. Spearman-Cook made, she being the Christed Instrument that has brought into birth the Voice and Being of the Solar Lord, the Lord Maitreya, via upraising the Scorpic Fire. All our readers will be especially interested to read of the statement made by the MASTER as to the coming years especially the next 12 months. Most will be aware of the great Hierarchical Drive that has been in existence since June of this year to break down and crush the false edifice that Religion, particularly Roman Catholicism, has built thereby ruling and stoning mankind with their "dead god on a cross," until the final act of stupidity, the kiss of death by the pope. (Editor).

Let Us Make Invocation

Great Divine Spirit, we unite together on this most auspicious occasion, for today is St. Michael's Day, and for one whole year the Great Lord of the Flame has been established upon His Throne.

This gives Him now full establishment and places him up onto the Heights; raises Him up as The Great Christos of All Life, and now, with the Work of the Drive coming to its close, having fully undermined that of the old religion, the New Religion now goes forth as that of the Occult Installation, where man now looks into his own inner being and seeks of those Laws which he rose up upon, that he can adjust them and bring them to the fullness of Life, where each soul is going to learn to be an individual soul. Each man taking his own Cup and learning to be a cell of the Great Fatherhood, not restricting it or preventing it; each soul having the right to expand and become a living Blossom in that Great and Glorious World of the Central Sun. Much has been taking place which is very hard for us to understand, because it is all in the etheric action of the World; but to we who can have faith,—we who have belief,—can rise up in the etheric carrier of this World, leading men on to a greater understanding of Royalty and Divinity of the Heights. For that is what man must get back again to; the divinity of his own inner being.

So we leave ourselves in Thy hands tonight, that there can be a glorious gathering both of earth and Spirit; that there can be the fulfilment of the gathering in of the Wheat. And so we leave ourselves in Thy hands in the name of Love and Service.

Amen

Peace be unto you all

The Lord Maitreya faced the Altar, and with hands upraised in supplication to the Heights, continued thus:—

In the Glory of all that is, and to be, the freedom of mankind has been set; the restrictions of the old life completely removed. Hence now it is up to every man to seek of his own emancipation, that he now can go forth and receive of the Holy Fire and drink in of the Royal Waters, that he can find the way to Truth, Freedom and Light, and be born of the New Birth unto mankind.

We seek of Thy Blessing in this apparent small abode, but mighty and dynamic in its Creation; for it has been built on a Foundation of Truth, Light and Love. Blood spilt by her in many directions; sacrifice and renunciation being the whole theme of her life, that the Gods could reign once again. Hence now the Road is clear, with the Gods well installed into the Earth, and the New Blood of Life pouring everywhere. So we seek of Thy Blessing tonight as the Great Unification is fulfilled, that all can go forth in the true reality of the Harvest.

The Lord Maitreya then turned to face the students, saying...

To those of you who are in any way sensitised, you must feel the Royalty that is now within the Temple; for the Gods are all assembled with you, apart from many of you with your own gods awakened in your own heights. For in here is the true Ecumenical Council where the gathering in

of Universes, from beginning to end, is the Blood-life of the true risen man. For all that has been, from the beginning of Time, is the Blood-life in each soul and will have to be accounted for, in reality, down to the basic of his being. In the majority it has been transmuted up to the Chinese period, but all men are drawing from their own Chinese blood, which will give them the Wealth of Time.

Tonight is a most auspicious occasion, far more than you can understand, and it is of this I am going to try in the beginning to enlighten you just a little; how you either live in the density of matter, or you are living in the etheric blood of the Earth. It is entirely up to you on what range of vibration you attend,—whether in the mud or in the blossoming Glory. You will do this by rising above Saturn, he being the scythe that will cut away, or drive you into degradation.

England was destined to become the rising Life. She now has been reinstated. She is the Mother of the World. She is the Mother of All Life, with the Great Hierarchical Lord as her Son, but with The Lord of The Flame, Her Spouse and Her Directing Agent of HIM/HER into the depths.

Try to understand this, and you too will rise up into the heights of your own mind, into the royalty of your own waters. Try and live in an expansive attitude of seeing all from a royal understanding. Don't be afraid! Every man has the right, and every man can be a

king. Every man can wear a crown if he chooses to seek that way.

The Sheaf of Corn which has been upon the Altar, was now untied and handed to The Lord Maitreya, whereupon He threw the corn in all directions upon the Altar, and with arms upraised, spake thus...

THE GLORIES OF THE HARVEST WE GIVE UNTO THEE, WITH ALL OUR HEARTS AND PURPOSE, THAT ALL THAT HAS BEEN, WILL BE RAISED UP TO THE HIGHEST, AND MANKIND FOR EVER SET FREE.

When the Ritual of Movement had been concluded, the Temple's youngest Initiate, seven-year old Senarath, walked up the Aisle and bowed low, presenting a bouquet of red and yellow roses to The Lord Maitreya, who, after turning and facing the Altar, raised up the sheaf of corn in one hand and the bouquet in the other, saying...

With the Ears of Corn and the Roses of Life blended together, Her Work has been fulfilled, as determined all over these Ages of Strife. And now the moment has come when She can lead all men forth into Battle, with many now being drawn to follow her Train through the struggle of the New Law in-born. Thy Blessing upon this Sheaf of Love, given by those who are with Her, but the Wealth of the Heights that will now give unto all mankind the Glories of the Magnificat.

Amen in Magnificat.

The Glories of the Heights.

Amen. Amen.

by the Law of Return. Therefore this alone proves its truth, and whether I survive or not, what I have advocated is now the LAW for the future.

Raising the Arc of the Cosmos

THIS is one thing I thoroughly understand, that when a soul can raise the Arc or Law of the Cosmos, they hold the Way of the future. Hence I raised the Arc right up to its fullest extent for the world of the seven dimensions. Thus all will have to follow out the way of that prototype, but ever burnishing it into greater light. Everything has been set by will and determination for a World of LIGHT and LOVE, where music, art, honesty of thought and deed, are the major creations. But

Justice taking its own course. This does not mean righteous or sanctimonious love, but justice applied with mercy.

This is one of the first rudiments of rebirth, that which nearly every soul will have to learn; that which is true Justice, and how it must be applied. For if wrongly administered, will return with a rebound that is devastating in its return. The evidence of this is going to be very strong in the years to come. So all those who are seeking the path of Androgyneity, place this as your very basic, for it will be a good foundation to your gyroscopic rise.

Man may think he can go on as he has been doing, but ere 1966 is out, this will be proved a fallacy.

For that year's digitating

down, 1966=22, is the number of Pluto. So it is the destined rise of the Christos, Pluto being the ruling factor for the Christ. This means that every man will have to seek the seeds of Christos rebirth, otherwise they will degenerate into the lower races.

Therefore let us look forward to this following year with all the zest and zeal possible. A time when true religious guidance will begin in the individual heart of every man. For the basic of the power of rise is honour and exuberance from the heart, where man learns of wisdom and makes it his heart purpose. Not money, pomp and ceremony, with the wearing of a mitred hat, but a mind that is radiant with light and love; truth coming forth from every angle.

IT IS NOT A MATTER OF WHAT I THINK, BUT WHAT THE UPPER POWERS HAVE DECREED, AND I MADE LAW BY STRUGGLE AND PROWESS OF PEN AND HEART PURPOSE.

(See plate on page 6, cols. 4 & 5)

Drollery and Drivel from Vatican

WHEN we, who have risen up onto the higher plane of mind comprehension, survey all this lower mind drollery and drivel that Rome is dishing out to the world, I am surprised that intelligent men and women allow themselves to be classified with it. To me it would be like being offered a job in a London sewer; especially when we hear such drivel as was stated by Cardinal Beniamino de Arribaly I Castro of Tarragona, Spain. This was reported by R. Singleton in the

Destruction by the Fires

THE whole edifice of religion that has been the most powerful body on earth, by their loss of status they will become overwhelmed by the Downpouring Fires, the descending Solar Power which will burn them up. These are the Fires which have been prophesied for Ages and which started to descend as the Sun entered Scorpio on 23rd October 1965. (See text on page 8, col. 5 and the Editorial).

Daily Mail on the 16th of Sept. Castro declared that "only the Catholic Church had the right to preach the Gospel."

Does Castro know how much Spain and papalism stink in the nostrils of clean living decent minded people. Such inquisition as this plate is portraying, what took place in their earlier ages, whereby Spain played the worse part. (See plate in cols. 1 and 2)

A country that is still only on the mind level of a bull fighting ring, where visitors that come back declare it to be a God forsaken hole. No! Castro, you get rid of your karmic rats first, then you can be classified as a human being. Your very utterance of the Gospels defile them.

Why even in the Catholic Herald of the 17th Sept., Bishop Anoveros deploras the "living conditions in your rural Spain." He declares they are appalling, nothing more than slum huts, lacking most elementary conditions of hygiene. He finally ends with the statement, "the scandal of having too much money, while others are poor, may be the greatest sin of all." I presume he is referring to the Vatican, rolling in wealth, keeping the poor down under their heel. Then this man Castro dares to tell us that only such as he should preach the Gospel. Either he is mad, or I am.

Why there is schism and dissension everywhere amongst them, so drive on GREAT ONES, it is getting home, especially when we see that Saul sent a jewelled golden cross to be placed on the poet Dante's tomb. Yet he would not give out the money to stop the Tiber overflowing. Perhaps this was his idea of sacrifice, giving away a cross that somebody had given to him, and of which he had too many. If this is not a state of unbalance, then what is?????

What is passed my comprehension is how can any balanced minded human being with any sense of respect for their own intelligence, allow such states as Rome and Spain to dominate their state of mind growth? We all look on them as utter inferiors, and let them rule our outlook. That is alright for the Irish, they belong to them, but for an Englishman with such heritage as was offered to him in the early centuries of Pisces by the Higher Powers when the Embodiment descended, allowing these nations, blood stained with crime and religious intrigue, to rule their unfolding of unification in the Age of Aquarius, leaves me utterly speechless. And is a disgrace to the royalty that is ours.

Especially when we see in the Catholic Herald on Sept. 17th, that Rome is calling out for more guards to guard the pope. What for???? But it would make a nice change, boys, from the boy scouts. If this man is capable of calling down the Eucharistical blessing to aid and guard mankind, why does he require blood thirsty human beings to guard him, especially swiss guards? (See plate on page 11, col. 1) Does he not trust the Italians, and if not, why not? Is this another state of bullyism referred to by de la Bedoyere and of which Mr. Averill experienced at Challenge '65?*

All this man has offered to the world is dead meat, and people are crying out for life, not fear engendered that they have handed over their money to buy retribution to a man who has made untold promises that he has never honoured because he couldn't.

They want a live God who will fight their cause, not a dead god that they must go on sweating blood to retrieve.

Papal Torture

THIS plate shows how any female caught by the inquisitors was forced to be dressed when she was paraded at their Auto-de-Fe, their days of ceremony when their victims were murdered in front of the priestal powers, who revelled in their so called spiritual cleansing. Surely only could such be thought by minds of devilry?

To finally find themselves with a river over-flowing through the lack of repairs, and their homes washed away. Was this what Anoveros of Spain was referring to?

No, Saul, this will not save you from the OCCULT GAZETTE, or the Hierarchical inflow of Cosmic Fire. My task is to save the women of the Nations, those who hold the ancient Seed that will resurrect the wealth of the world. Whether he believes it or not, I am working with the Hierarchical Powers to get millions of women free from nun imprisonment that this man and his previous pope brothers have been stoning for ages. Stoning their minds, by inflicting such rubbish into them, and withholding from them the true wisdom of life. (See plate page 11, cols. 2 & 3)

*4 Michael de la Bedoyere, ex-editor of the Catholic Herald, edited a book published last November by Constable, in London, in which he had gathered the independent views of 6 catholics, 2 of them women, who were all very critical of the present roman church, condemning out of hand some of the worst practices of their evil and destructive teachings.

THE VICTIMS OF POPERY

THIS plate graphically shows what hell and fear can be engendered when the soul opposing them falls into their clutches and all hope is then lost as they dominate and imprison the mind. It is this living hell that has been exercised for over 1600 years that is so ingrained into the blood consciousness of all men. (See text on page 8, cols. 1 and 3 and page 9, col. 4).

where sloth and inertia are completely ruled out, and Judases are doomed for destruction. For there is nothing I loathe more than the treachery of men, which I have experienced in abundance.

Yet at the same time, I have experienced great love and not that of a physical nature; but love that helped me to fulfill my task of establishing the true Christ upon the throne of life, the Great Lord of the Flame.

For how can we survive with a dead god, common sense answers that one. It will not be so far ahead, that this will all be made evident by the downpouring Rains, hence man will know of what truth I speak, being the mouthpiece for the Higher Powers.

This I prove by the incident in September, much to the amazement of this papal edifice; for immediately they received my telegram, the whole direction stopped at once. I had found the true Cosmic answer in returning LOVE for evil, but with

THE TERRORS OF THE INQUISITION

THIS plate is by no means unusual as an example of what took place and what fear and terror was generated throughout their domain, and which saturated the very ground and walls of the lands quite outside the paralysing effect on all under their domination. This unseen impregnated evil must be cleansed, and this can only be done by the God Powers of the Heights. (See text page 8, col. 4).

CATHOLIC POPERY

That no longer holds Conviction

by Gladys I. Spearman-Cook

SINCE ALL OUR COPY HAVE TO GO TO PRINT EARLY, THAT WE CAN get our Gazette out on time, it is not possible to capture all the events of the month. This being so, at the last minute this column has been introduced, for it holds very important statements regarding the month's events. Cold as far as the newspapers are concerned, but then they do not understand wisdom, only seeking hot headlines to catch the early bird and his coppers.

The journey of the pope to America to try and capture power, gave a very clear picture to the World of what the individual Nations think with regard to the pope, the catholics, and his entry into the political world. First of all, a man does not have to be an Occultist to perceive that a man pretending to be an emissary of super-spiritual power, should, on taking a supposed peace mission of love to the United Nations, have required 18,000 armed guards to protect him. Helicopters hovering overhead, beside four thugs armed to the teeth hovering around him, and nine cardinals trailing behind; if he had those spiritual powers. At the same time trying to steal the powers that I had brought down to the earth, to bring peace to the world. For he knew that I had done this, and genuinely believes I have. Yet a man who is supposed to bring down the Eucharistical blessing and help souls with unction when they are dying, has to go to this extent to protect himself, because the world is tired of his junk.

(Especially see the outspoken criticism of the pope, the "blind obedience to him" and lack of mind freedom, made by Jesuit, Archbishop Thomas Roberts*1 reported in the London Times of 13th October 1965).

It now seems that it is he that goes about in fear, of the bogey that he and his colleagues have held over others for hundreds of years. Yet surely mankind are not still falling for this ludicrous wisdom that they still hawk around, and furthermore, being held under the spell of the fear they have exercised for Ages. Oh! yes, they can still carry it out to some degree as the evils of their PAST powers, but I have proved by my experiences of the period of June to Oct. of this year, when the Drive of the Higher Powers was on, that their powers were only of the luna states of matter.

the fact it IS the Law, and they played with the law of the devil.

Isn't it about time we learnt to rise above these thugs of the Medieval Ages; the remnants of the Black Ages?

I have proved it can be done, for by the seven attacks made by the individual dioceses of this lost and brutal sect, I have been safely weathered. But furthermore, as an Occultist, I know the outcome of these attacks, for what I was the means of automatically being able to boomerang back on Oct. 4th, was acted upon by the inflowing Cosmic Powers. For on the pope's visit to America I drew in, by my command of the Occult Laws, of all the power and vibration he had collected.

So American catholics and the whole wide-world broadcasting system, gave unto me all the powers they gathered, with the pope taking all the sewage of lost prestige through a threatened bomb and adverse criticism of the Nations. So he did himself more harm than good.

(See telegrams and the caption in cols. 4 and 5)

*1 The well known British Jesuit Archbishop Thomas Roberts of Sygdea, Mount Street, London, made an outspoken attack on the pope in a special 90 minute prepared statement he gave to an assembled press conference he had personally called owing to the fact that he had been deliberately muzzled by the various chairmen of the ecumenical council. He criticised that he was deliberately prevented speaking, and went on to declare that catholics had been frightened to think or had lacked courage to speak out on the matter of birth control, complaining that there was a tendency to blind obedience "taking everything from the pope." So the Occult Gazette's prophecy that there will be schisms and a final break-up now commences.

Black Death of Inertia

THEN after taking the powers, I sent the first telegram here displayed; and when they started their black mass attack against me, I drew down the higher Powers and broke their influence upon me. (See plate page 8, cols. 2 and 3) Then I sent the second telegram and by the time it was received, it was lifted. This was felt and witnessed by eight other people, so do not doubt that this was NOT carried out, it is the blood link of their heritage. One of the dreaded states of the catholics, that have given them power so long.

(See the statement, "THE DIVINE MARY," on page 6, cols. 1 and 2, where the excruciating pain of a Black Mass was mentioned).

You first feel a cold inertia creeping over you, with a distinct pain in some part of your body, which can result in the black death by going out to sleep and never returning. It takes a form of sleeping sickness, but most noticeable of how by timing the journey of the telegram, it lifted like taking off shackles. The last episode I tested out on those here in my school who had no idea it was on, and as exactly as I experienced, unknown to them, did they experience the same.

But if you can call upon the Solar Ray, the Solar Blood of the Christos Life, or the Vital Essence of Life, you break the luna magnetic evil of the attack. Now with this Pile of Atomic Fire with its thousands of armed guards and precise preparation, I can completely rout the catholics into utter chaos, which was intended for me. So he did get the boomerang, which will do him more harm than good. Yet was this the answer to Westminster Cathedral's dilemma of last month's issue, where Sean Lawlor requested with a delicate air, for another twelve copies of the black scorpion pamphlet. That he could with his own copy build up the evil number of 13, the mystery of the black mass? Although to the Occultist it is the glory of initiation, where true renunciation takes place.

SEEN YOUR STATEMENT ON BAN OF VIOLENCE AND IDEOLOGICAL WARFARE DOES THAT INCLUDE THE BLACK MASS OCCULT GAZETTE

I request that the above telegram may be forwarded subject to the conditions printed on the back of this form to which I agree.

THE events leading up to the despatch of the first two telegrams is outlined in column one above, the two telegrams being sent immediately after the speech by the pope the day before. It was on this day, the 6th October, that the black Mass from Rome was commenced, that which was... "one of the most violent attacks of black mass that has ever been levelled out... the worst states of black magic that can possibly be brought into birth." (See article The Divine Mary on page 6, cols. 1 and 2). On the 7th October cardinal Alfredo Ottaviani had the effrontery after such attacks to plead in ecumenical council... "we must ban all forms of violence and include in this ban ideological warfare..." Such sheer effrontery after the cold-blooded horror of a black mass, was too much to stomach, hence the last telegram here reproduced. (See text on this page, col. 3)

They certainly put the death rope around their own neck, for it only needed one soul to take the plunge, and be led by the superior Forces of True Spiritual Light, to be the means of bringing these tyrants to heel.

Why the comments made by the individual Nations of this man's trumpety acting, alone undermines the confidence of their priests, who are already down at heel at the loss of the powers, of their so-called vicar of Christ. As well as finding their own powers having no effect upon what they call a heretic.

This was clearly emanated by a nun of an elderly nature, who was spoken to by one of our group. A woman far too old for the task, was trailing round from door to door with a younger woman, begging for money. Obviously trying to fleece any fool who was willing

to help pay for this jaunt to America. When the older woman was approached on the subject, as to why she was fool enough to do it, with downcast eyes, her reply was,

"We were told to do it."

But she certainly was not happy at what she had been told to do; perhaps she was waking up by the inflowing Rays?

If we allow this death rot to go on interpenetrating, we, as a world wide Nation, will never get out and come to sane thinking. There had to be somebody start a campaign, who could prove that the evil powers of this sect could be mastered, and they no longer ruled anything more than their own black scorpions, for I have made strait the gate.

They are the cause of all the evils the Race has come down to, in the same way as China has their results from the old emperors. Both the popes and the emperors declared,

We do the thinking, you just follow. If you do not, God help you; but in any case it is God help you.

With the result, China came down to poverty, while Ireland Spain and Italy are the same, with the Island of Guernsey, a catholic ridden island, as dead and cold as it can be. The luna states that this sect are aiding and abetting by their high altar mass, are the cause of all the evils the Race are having to combat at the present moment. They had, until I rose above it, shut off all "fresh air" as new thought entering the world. For what was becoming prominent by their luna adulations, was the sole revolution between the low elevation of the Arc of Sine-producing new life. The Intelligencia or Prism of the Solar Rays, were limited as to their vibrational entry, until I was able to enter the full quality of the Cosmic inflow.

How could it be otherwise? Their God or Christ was dead on a cross, so they are only advocating "dead life." Not an active live vibrant force coming from a wealth of Power, waiting to feed and activate the world into new powers, thoughts and creative beliefs. All the wars at the present and even the past, are due to this erroneous wisdom, which is not only cutting off the truth

as vibrant life from the inflowing Cosmic Rays, but solidifying the magnetic field with erroneous wisdom of dead life. Not Solar Blood Life, but Saturnic dead evil.

The Dead Isle of GUERNSEY

AS a man thinks so he is, and so the world becomes. Why did America, a go-ahead world, allow it? A man carrying the "dead ray" in his tread, steps off a plane straight from a country stone dead cold and deluged with water through his fault, thereby seething underneath with discontent and fury, to act as a peace agent in their country. While an ecumenical council is acting a punch and judy show, for the rest of the world to ridicule, and of which he cannot control, he brings peace to a country that can well look after these affairs if they wanted to. This man, carrying all this dry rot in his blood, and stamping it out in his tread, enters America to infuse it there and swears he has come to save the world.

Are you as silly and ludicrous as this sounds?

Surely some of you can think?

Why is President Johnson ill after the pope's visit?

Why did not the pope give him healing, which they claim to move at Lourdes?

Why if he is the vicar of Christ, did he not carry that healing in his presence?

WHY?

Because he only went to America to try and steal my declarations, which he knows are true. The Powers that I have been the means of drawing down to the Earth, will eventually be the means of bringing peace and plenty. But only when man has come to the true understanding of his soul qualities.

A man treads from the sole of his feet the thoughts and beliefs in his blood into the ground, and this man cannot even control his own affairs. This is where the Hindus can teach us a truth. The wisdom of the Buddha and his upraised feet, so that his holy sole only trod wisdom into the ground; his holy thoughts and spiritual expansion when he had fully brought it into birth. This was the theory of the emperors, the Dalai Lama and the pope.

That is why the latter wears red slippers, but not as active thoughts. He knows that he is wrong, but as it means a whole Race turning against him, so he goes on lying. He knows what I am doing, and he is trying to

kill me without giving me publicity. But the Higher Powers which are the true spiritual inflow, only want a live advocate, and they do the rest. All the Instrument has to do, is have the courage to follow out instructions.

The sooner the Nations give this man the brush off, the better, then he and his powers will sink away into the sewer where they belong. But if you are a gullible fool that falls for everything that the newspapers and broadcasting agents feed you with, then you are doomed. Think for yourselves, weigh up what you hear, and let the Solar Blood of New Life lead you on to becoming an active spiral of new life.

The extent to which this death dealing religion can bring a soul to, can be witnessed more fully in the Island of Guernsey, more than anywhere else. I almost believe it worse than Ireland, certainly not poverty stricken like Italy and Spain, but the deathly inertia that strikes any active minded individual as they enter into their magnetic field, is appalling. It is dead and cold, and their methods and laws are just as stone cold as their vibrations.

Here is a country, catholic ridden, with streets and towns named after their so-called saints, as dead as the black granite rock that abounds their coasts. For even the occupants are as stoned as their earth, for there is no alertness, but a slow drawl that is impossible for a live active minded soul to endure. This and the wet salt winds that penetrate the island, is causing everything to turn mildew, adding unto the death rot creeping slowly onto the people, riddled with a religion bringing it to its knees. But for all that, our visit was more than successful, for we left behind, in an island of "dead men," the interpenetration of Solar Rays.

The Voice of the Hierarchies

OUR motive is nothing more than to be the means for these higher Rays to enter. No political, religious, sectual theories, but as leaders and emissaries for the Higher Hierarchical Powers to enter, and start Solar interpenetration. Once we have been and left the Occult Gazette, it is completed. For the Occult Wisdom is the explanation of Occult Laws that rule all men and Cosmic inter-union. Without these, man is dead luna, cut off from the Solar Blood and chlorophyll inflow he needs.

Nobody is asked for any

finance to aid this work, neither are we sponsored by America or Communism. All is founded by the Hierarchical Powers, for this is their Paper, their VOICE. This does not say we do not receive donations to help us by those who have awakened to Solar life, we do. Our work is entirely of a different nature, it is of a sect called by those Powers, for them to do the work of bringing a world of people to a state of rebirth. That they can survive the "death rot" that Roman Catholicism has impregnated them with.

The live vibrant Force that these Powers are seeking to infuse man with, is the True Christos Blood of higher Hydrogen Pure Energy. Powers that will fill every soul, through their Scorpio generative inflow, with active radiant life. But he must not use it for excessive sex or desires, but mind activity that will help him to become an expansive being of new creative thought. Then he draws unto himself, radiant power of thought from the Thought Plane. The pope only believes in the womb to the tomb, hence he is dead and infusing everybody else with his death rot. For he as the so-called vicar of Christ, turned to the people to find protection, instead of turning to God, the Vital Essence of Life. Thus took their powers, of which he only took the dregs, and returned to them of luna stealth.

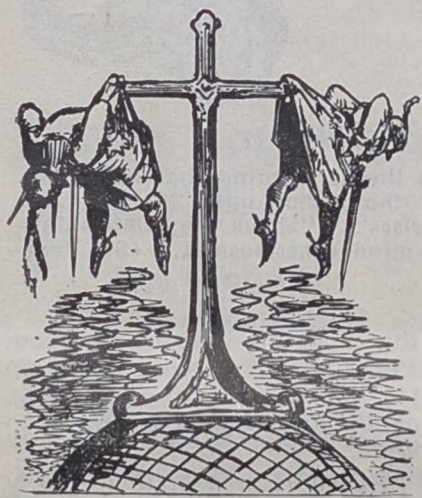

I have broken the spell they held over millions for hundreds of years, now the gate is strait for man to seek into the true Occult Laws of progressive life. But now papalism is completely undermined, everyman must break free from the fear that was entered into their blood, by the evils this sect inflicted on the Race through the Black Ages.

The Rays now flowing to the earth will give every soul new life, but it is up to him to raise up his mind to highest frequency he can possibly attain. Ever remembering, that every man views his God according to his plane of frequency, for the Inner Vital Essence of Life is that which is found in his own hormone seed. So as much as he sends this up as his mind rebirth, will he eventually view his God from the true standpoint of the Occult Laws. For they are the intermediate structure that lead him up to Paradise.

"And I was caught up to a third heaven and heard unspeakable words which it is not lawful for a man to utter." (2 Cor. 12, v. 1-4)

Reminiscences

Concluded from Page 9

This is alone proved by the drug sharks that have been transferring the ova sperm eggs from the urine of elderly nuns, to fertilise the woman barren through their previous stoning of catholicism. But they do not believe in life continuity, so shed that one comfortable for the time being. If these women have such qualities dormant in their bladder, and only turning to cystitis and cancer, then what is the pope doing about this as the Bull of their religion, to sperm them into life by Eucharistical blessing. He cannot even raise enough power to guard himself. Why? because he kissed a dead cold stone in the name of Christ and stoned himself, so no longer Paul, but Saul.

FOR THE TRUE CHRIST IS THE SOLAR BLOOD LIFE OF THE WORLD.

But all they can do, is black mass and what we see here referred to in the letter of Mrs. McC. of Solihull. This is shown in the plate of hooded men, being shown in this issue, with Spain being one of the worse culprits in this matter of religious hoodlism.

The Emerald Isle

MAN does not understand the importance of this hour, for we as the English are being called to lead the world in truth and honesty as we were instructed in those early days before the bishops of Rome stole our rights while England was still asleep. We a country who had been isolated by water, as the green Emerald Isle with the waters washing it

on all sides, specially prepared for the task. A country rich with wealth left us by the Druids, with untold wealth brought down at Stonehenge, Avebury, in Anglesey, and many other spots, all this to be overridden by such places as Rome, is but a blot upon our intelligence and honour.

A labour government has been put into office by the Hierarchical Powers, with the muckrakers being thrown out. Now a good dour Yorkshire man*5 is pulling us out of the rut, with us coming out fast and retrieving our honour lost through false religious pomp and blue blood stench.

Come on, men and women of Britain, look upwards and not downwards, let the higher inflow of fresh clean air from the heights whip us onto fighting for freedom from the dung of old decayed religious ideas and fears.

They are only keeping dead old men in a soft warm bed and easy jobs, which they will not vacate, while they can go on trading on the religious bunk they have fed you on for ages. All England has allowed herself to do is become lost in the mud of the old school tie, instead of the royal wealth of Hierarchical Guidance.

FOR ENGLAND IS THE MOTHER OF THE WORLD.

STONING MANKIND TO DEATH

CATHOLICISM and its creed and dogma have slowly anethetised the minds of all men, ... "stoning their minds by inflicting such rubbish into them, and withholding from them the true wisdom of life." (See page 9, column 5).

Gladys J. Shearman - Book.

THE BLACK POWERS

Continued from Page 16

old papal states. The planes of the heavens, now a status of living THOUGHT as the Intelligencia; which as a live status created by man, are taking an active part as the Grand Man.

The Fatherhood of the world, for the Generating force as the Scorpii Constellation has, in its manifestation of fiery life, now been risen up to the heights of the Arc, by the Scapegoat perceiving the lost divine Panacea. Thereby raising the Christos light up to the Lord of the Flame; no longer Jehovah or Christ, but the Lord of the Flaming Mind.

(See the front page plate)
She by perceiving of the truth and putting such into operation in the depths, drew the power from the Midianites, the traffickers of men. Camels that are ever trudging across the desert, never making any status of growth; those who merely build up of the magnetic, but have wealth in abundance in the depths.

Then by extracting by the centrifugal force and putting into operation by the gyroscopic rise, rose up all the planes, and forced man, unconscious to himself, to partake of new life. The Christ (See plate page 5, cols. 4 and 5) became extracted by her, by the centripetal force, that as the inward extraction became that which let the Christos reign as the anointed light. The mind of Divinity.

So the pineal gland, the seventh attainment, that of the norm of the soul in the beginning, has only become as the Caaba stone; that stoned by man through throwing the Uranian Fires down into the depths. Him merely making this into the seventh attainment, as a possible Philosopher's stone. Not his shining wealth of his pomegranate, that which holds the Seeds of past lives, but the black shiny stone in the hands of Saturn, that became the black Rose, the Moabite rascal of the depths. Yet that which has to rise and blossom in the heights.

Thus this is where man can acquire the Power of Introversion through the power of Unction, the power to climatization. The soul being helped by a Teacher to draw in of all the seven planes as he rises, through that of Initiation. He being prepared by the Teacher, who is an Adept of the Solar light, helping that soul to strip of all earthy states acquired in the Fall. Then reabsorbing of the higher status, climbing the mind ladder through wisdom, and a finer absorption of the heights.

That brought down by the Teacher, who helps feed him until he can stand on his own two feet, and absorb by the acquired higher frequency. The Teacher drawing down of the divine Panacea as Solar Essence, and feeding the soul seeking ascension. But growth

can only come by effort being made, where the soul ever gives forth, making the first initial rounds of the Vesica Piscis.*3

The Intelligencia

BUT at the same time it must be seen that the Black Powers of the depths are the Black Powers of the heights having become the quatermass of creation. The impediments of the maelstrom that are being unified up by man. The seed in becoming ripe in the void*4 for incubation, calls out for life, and like Jacob sends the ten sons down to try and buy corn. But would also be due to the Spirit working in the depths, through the alchemicalisation.

It would mean that all as fertility is now brought to a state of creation, that of Deuteronomy. That which was lacking in interaction, now ready by repetition or Cycle rebirth. So that all is in a combustionable state, ready to fire the world of Isis, the goddess of extinguished love, to that of Ra, that he can become prominent as Solar light.

In relativity the Pluto Ray, but in reality the Hierarchical Powers as the Intelligencia, the Cosmic life of rebirth. The Plutonian Ray being the electro-magnetic Helium coming forth out of the Wind of the North; coming out of the Depths through the raised up sensitivity. That which brings the heavens to light, and returns to man fresh air of new thought. But when no action is taken, only brings a bald heaven, a metallic state of response.

Hence the Plutonian Ray comes forth from the base of the bowels, which brings forth inter-spacial density. That

THE BLACK ARABIC WEALTH

IN many a soul lies untold powers, the powers of creative life, which as the Serpent must become winged unto the Golden Eagle, the upraised passional waters, that are raised up the spinal column to feed the cells of the mind, to bring forth the Solar Light, the glory of the Golden Flame. (See text page 16, col. 1).

THE MUSIC OF SPACE

which can by active motion, raise all up to the state of inconspicuous elevation of HERE and NOW. Outer space frequency only obtainable by complete freedom from inertia. The whole soul elevated by the lower passions, and raised up to the higher grade of elevated life.

(See plate page 13, cols. 1 and 2)

The Pluto Ray being the Christos Ray, the undulating Rays of the higher Prism or Solar Arc, received by man as fired THOUGHT from the heavens. But when he is not consciously awake to receive the inner message, only receives the Fire, or Fu, to wander through the course of rebirth in alchemicalisation, until awareness is born. Hence it is that which man is ever having to move from frequency to frequency within his own being, to gain conscious awareness. That which is now set at the highest point, the Central Sun, with the Scorpii Constellation centred therein. Thereby raising up the Eagle to the Lord of the Ring, the Christos Master of the Arc. The path of Androgyneity from depths to heights.

Thus the mystery of all the inter-spacial Depths, of all that which has been and reached a certain status of becoming, is still to be revealed. But in the depths, all the glandular action; hence the whole range of heights and depths, with man giving birth to the black heights in the depths, through his sperm as his black Arabic Horses. While woman, as the black depths through her Moabite Seed. The uniting of these two as Fount to mouth through mind copulation, bringing forth the Intelligencia as the Arc.

Then with the inflow from Internal Space, the Intelligencia becomes the Radiance of the Christos Divinity; the prismatic Prototype. That ever being beaten out on the anvil of Hephaistos, the Generative Fire of Scorpio ever being quenched in the Waters of rebirth. The divine insistency of the World to be.

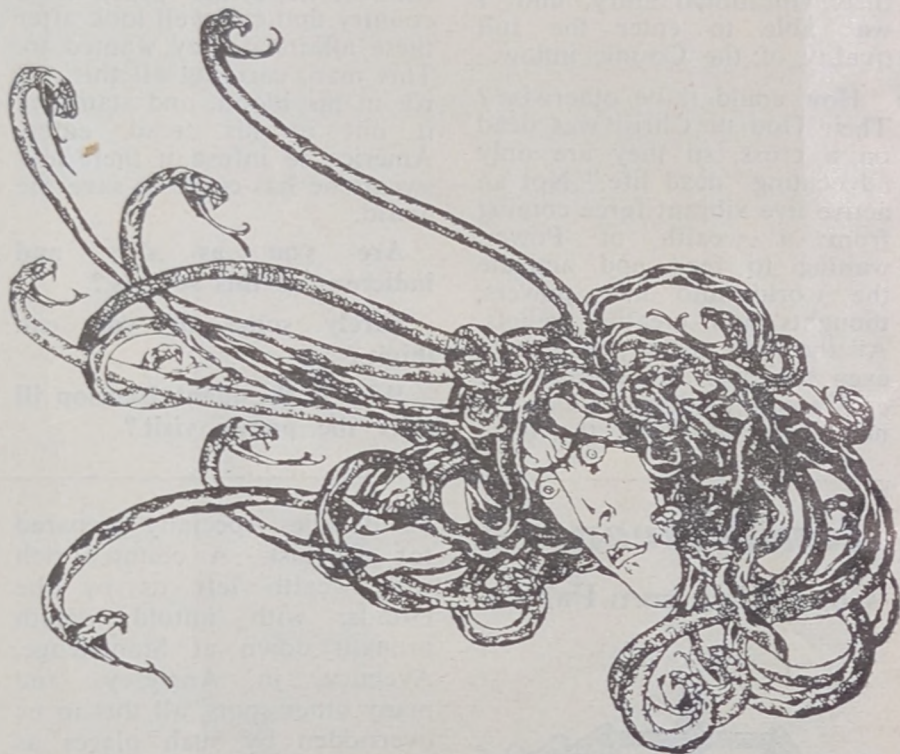

As Merope pounded her way through, she knew there could only be the new Road, when the old was broken down and involved. But the present old world, warm and snug in its deep bed of illusion was hard to move. Where in the past—

that set into action by orthodoxy itself, all being by bloody war and plunder—it now had to be of the mind. Therefore the pen was mightier than the sword; but unfortunately the Word had to be taken to Mahomet, for fear and insubjection had been the tyrants mode of establishment. Hence all had to be wrested out of their hands.

So as the Word went forth, the cross was swept from every Altar far and wide. As they fell to the earth, blood gushed from its limbo which all the rats, gathered up in their blood stained edifices, rushed to devour. For it was all the decayed blood drawn from the life of man; that which has never found expansion, yet the heights and depths of the Cosmos. As she looked on and sorrowed for those who were so foolish as to pass the Word

the source, where the soul climbs the ladder of Space, and enters into Space itself. Thus it will only be by the soul raising his frequency up the degrees of the planes, and blending all up into what differentiated down to the depths, will the Fount and the mouth be united. Depths and heights be completely blended in, that the Earth becomes blended into the Central Sun; that Isis and Ra are completely merged, and the Son as the Flame becomes the World to be.

So let us climb the planes through the inward unification of the void, where all status of solidification is dissolved into vibratory existency. By existence of Ariel freedom from all states of matter, the soul can begin by taking ariel flights; for it is from there

THE CALL OF THE BEAST

IT is the constant serpent voice in the earth mind that keeps the hell of desire uppermost in the mind, until the soul... "masters all states of inertia..." rises... "above the diminishing beast... into a status of growing mind consciousness." (See text page 16, col. 4).

by, she knew she truly was the Christos wearing the crown of thorns, solving the problems of the world. The Black Wealth of (See plate page 13, cols. 3 and 4)

Space being woven in intercalary and interaction of interchange, through the soul life.

Yet the refund to cast anew the basic of incarceration imprisonment; the imprisonment of the Spirit on the new basic of rebirth. Hence it is inevitable that changes take place, whether in the standing status, or fresh air takes the new course. So, whether orthodoxy likes it or not, new life is now in the breach. This has been enforced by what was the point of fact, having become a working factor, and the Arc raised up beyond their status of approach.

An Ariel Being

THEREFORE, having laid a basic for man to gain some foundation of the Power, that of Powers of Heights and depths, let us look at such from a point of unification. For by such all will be as the positive state of Reality, and not the negative of interspacial approach. Now it is a matter of interspacial unification back to

that man now begins his road. For in the Arc being raised up to the Source of beginning, depths and heights are ready to unite.

Hence it is a state of unity where ONENESS becomes the order of the day, not multiplication, but singleness of purpose to a state of cell unification in consciousness unity.

Therefore all now is ascension through the void as a state of mind embracement; whereas man has tried to make inter-spacial flight through missile creation, soul, through mind status of raised up frequency, making the inter-spacial blending, bringing the earth and the Central Sun into unification. Hence he will become a status of light, non-existence of matter, all density dissolved and man a flaming state of mind. This is the intercalary unity, where soul by realisation embraces and accepts, which brings the soul to that status.

Hence by frequency we now enter the void and begin the frequency of rise; that which Merope has been commanding all through these lectures, and been taken as just a fantasy of

a tale. What she has been demonstrating to you was reality of freedom from matter. The gyroscopic rise from density to fluidity; hence up we rise out of the density of matter, and find ourselves in space. No stars, sun and moon, but blackness of majestic Vastness. All is still, yet alive with the silent humming of a million bees.

As we rise we feel the pull of density, which is as a certain amount of gravity pull, but as we set our course upwards, we rise. First of all we find our assumed wings of freedom difficult to manipulate, then gain confidence as the new life becomes our status of acceptance. Independence, yet unification is slowly weaving together, for as we rise, new status of thought permeates our intensity.

Blackness of Space, yet an inner sight of knowing; not form, but knowing by the perceptivity of ever becoming.
(See the back page plate)

THE WINGS OF PEGASUS

EVERY soul must learn of the mind and this can only be achieved by raising up the generative fires to feed the cells of the brain. "The whole soul elevated by the lower passions and elevated life." (See text page 12, col. 4).

An involving that brings a state ever becoming, yet an ever attaining by realisation. As we go up and in, we are aware of others, but no more than if we were surging through a busy metropolis street. Only where there would be noise, form, obstruction and law of prevention, now it is silence, formlessness, freedom and Law of Envelopment and Embrace-ment.

As the soul sails higher and higher, they are aware of planes that are alive with life. But as Merope moves on in unification, there is an inward growing status that is waiting to burst into becoming. Yet awaiting a deeper state of embracement, for what was left behind seems to be growing in intensity of change. Whirling all around are movement of strange creations, but ever flowing downwards as Merope surges upwards.

Flashes of light whirling here and there, sudden whirlwinds

of an unseen status that could have caught Merope up and whirled her off her course, but she was set by an antennae direction of the mind. That which would be similar but with poise and balance, to the airman who experience airborne freedom.

Whereas they are shot all over the place and require oxygen resuscitation, Merope by mind ascension, assumed by renunciation, goes forth as an ariel being. One freed from all restriction by mind acceptance.

Climbing higher and higher, she finds the inward conception and acceptance is synonymous with each other. Awareness and realisation actually being her mode of ascension; always in a state of a gyroscopic rise. What once was a bugbear of resistance as past thoughts, these no longer exist, it is ever emerging and seeking with an eagerness of becoming that shot up her higher and higher. Then after a while she noticed, that apart from harmony as rhythm surging around her, she heard beings, although they spoke not with an audible sound. But a growing status of becoming, as that what had been as a world of human form, became merged into a world of non-form.

But not the cross-currents of life and its thorns, for where she had been wearing the crown of thorns, she now wore a laurel leaf crown of pure gold. Her garments had changed, and a body that once was cumbersome and heavy, wearisome with its physical disabilities, was now completely gone.

Merope and her Lord

THE gown that Merope was wearing, was of diaphanous white, sparkling with gems as a pattern. It seemed almost as the star dust was a part of her, for in the rising status all earth symbolism had dropped away, and this was a rising interblending world issuing out of its inner being. All the difficulties of desire and accommodating oneself to its changing acceptance, no longer existed. It was a world coming out of itself as the ascension of soul life. Although alone, she knew she was not alone, and sent forth in thought of others that were around her. Were they from the earth, or those that had already become? She had no sooner made the thought, than a voice not as sound, yet audible to her mind, replied,

"We are spirits as you, but gone on before. Those who made the journey of sacrifice before, and belong to these planes. But we have been waiting for you, for we knew one who held the key to life, would sooner or later bring the unification that we have been waiting for. When you and your Lord embrace, the world as promised to all men, will become. There are millions waiting your fulfillment."

As Merope listened, she knew that what she heard by inward perception from another vibration such as she, was quite right. For here no thought of egoism existed, all was pure belief and being. And what was once fear that held up all that

The Crown of Thorns

THE Terrors of mind and flagellation of body that have to be endured by the One who is the Cup of the Christos. Ever having to meet the beast of the 5 senses and transmute the powers into the luna and magnetic powers into winged mind, truly... "the Christos wearing the crown of thorns, solving the problems of the world." (See text page 12, col. 3).

As she approached this emerging beauty, it grew and grew, until she felt as though she would never be able to embrace the immensity of its greatness; the inward glory that she had to immerge into. Yet as she touched the first rays, although she felt the intensification, she merged into a glory that could only come by embracement with DIVINITY; the glory of All-Being. Then she heard a Voice that she knew so well,

"Come home Merope, your journey is ended, you have blended all worlds into one by your ascension. Come let me show you now the fullness of your work."

As though led by the glory of embrace, it seemed as though she stood on a pinnacle of being, looking into vastness of ALL-BEING that had not become. Then as if there was a rolling of all vibratory force into one, everything burst into light. What had been a status of darkness, yet inward light, was now one large world of glowing light, scintillating with myriads of colours rolling and undulating round and round. The joy of being was in the glory of that magnificence, the radiance of life.

What Merope was seeing and embracing, was the Cosmic glory that always comes before the World of Being. Men were living in it, but not being attuned or aware of it, could only see and feel of what they were, and would have to await the day they could assess such magnificence.

Merope had longed for it, worked for it, she had created it, for she was the spouse to her Lord, she gave him birth. Whereas men had denied him and placed him less than the dust, she had tended him and rose HIM up through her own being.

For she adored her Lord, He was her life, but could never become in the world of men.

Thus she gave her life and He became, and Merope glorified her own work, for she was one with Him.

ALPHA to OMEGA

Concluded from Page 5

The Globe of Heliocanthus

BUT the greater esoteric rendering was that of the Central Sun and Earth becoming one, where the Beginning and the End were united. This brought the end of the old world that man had sunk down into as death and life, day and night, that now he could become the whole totalitarian of the Spirit. For no longer was the Spirit buried in the earth, or requiring the earth to support it, but now born and fortified by the FIRE of the whole Universe manifesting in the human belief.

(See the front page plate)

For the soul who so raised his frequency, would at the end of his span on the Initiator Earth, discard his physical casing and ascend up to the heights, to his allotted plane of right. But as souls so assumed the new way of life, would the Globe of Earth become Heliocanthus, the Golden Globe of mind light.

Men would slowly become as gods, the true Ecumenical Council of the void, manifesting on Earth. For by this, man and God are one, and waiting to manifest as God as the mouthpiece of the soul, the manifestation of the Almighty Shaddai as the EL Powers, now the mind of man. The risen gods up in their heights, overshadowing their void.

The true Ecumenical Council of all Worlds declaring to the World of men, the REAL answer to LIFE, for is not Ra-Men-Ra, God-man-God, the son of Man come to life. With the great Lord of the Flame, the Scorpio Generator

of Life, come into his rightful manifestation, as the Lord of LIFE. That which Merope brought into birth, as she united the Central Sun with the earth of men.

(See the front page plate and on page 5, cols. 4 and 5)

These are the mysteries that are so minute in their application, for all is in its atomic infusion, with the solving, bringing the world-wide strength. Unfortunately man is ever looking for the results, not the reason; he not realising that he was the expander and the collector of all that was, that which Evolution automatically brings. This is that of Alpha to Omega that gives to the soul the whole range of time and experience through the two attributes of the moon, that are ever waiting for the constructive Solar answer. This is how Cronos becomes Christos,

(See plate below)

the ever changing state of green corn to golden corn, that would still feed the Nation with life, while they became born into the Cosmic change that has now taken place. States of change that will ever bring new life to the lost and needy, while Alpha to Omega brings all to its final conclusion.

This is where Revelations give a vital truth in 1 v. 8, in the fact of how the manifestation of all worlds are in one cell of the glorious World to

be. Bringing the Great Hierarchical heights down into the world of Heliopolis, the land of the gods.

"That which is, which was and which is to come."

The Cosmic instalment waiting to burst forth; the wealth and glory of the Almighty born in the struggling son.

"For what thou seest send unto the seven churches, and when I turned to see the voice that spoke with me, I saw seven golden candlesticks." (verses 11, 12).

The radiance of his own mind, with the over-shadowing Presence of the Almighty. Then when all was recognised He said,

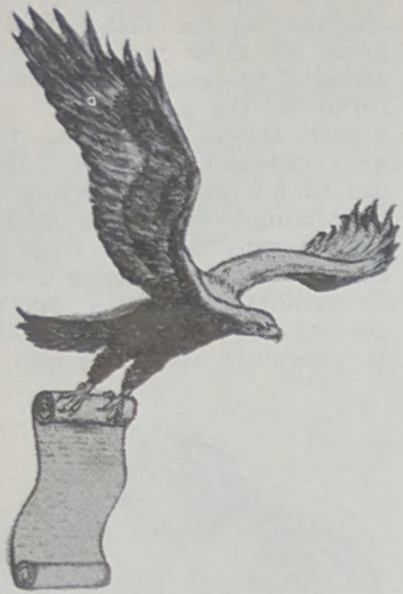

"It is done, for I will give unto all who thirst of the water of the fountain of life." (21 v. 6).

"For I am the first and the last." (22 v. 13).

THE BIRTH OF THE MIND FLAME

ONCE the soul embraces the Sphinx of Relativity, whereby he accepts that all his soul creation must unite... "and through the inward unification of the Void, all status of solidification is dissolved into vibratory existency."... "Hence he will become a status of light, non-existence of matter, where soul by realisation embraces and accepts..." (See text in col. 2).

Readers' Letters

I never cease to marvel at the workings of our Hierarchical MASTERS, for it seems that Man is not left without constant guidance. At this critical and momentous hour, when the Great FIRE is descending into Mankind untold havoc will be caused to many souls, and diseases of the skin become very commonplace. But in this month's letters we have the very example we need to learn how to cope. It is plain that numerous cases of skin disease, in fact very serious states of Lupus, will appear and unless Readers are fully instructed on how to deal with it, even more chaos will occur. Miss Louise Hawkes has just undergone the experience of being cleansed by the very FIRE that is now going to descend into the world, for by being resident in the School her cleansing took place first. Her letter is a marvellous tribute to our beloved and CHRISTED Leader, Gladys Spearman-Cook, whose Powers healed and cured her.

Miss Hawkes is undoubtedly a new woman, cleansed in every way of the mind sediment etc. of lives. How she was advised, and what treatment she had is fully set out in her letter, and for the benefit of everyone I am going to set out in fullest details of the instructions to apply the treatment advised, carrot applications, spinach leaves, and finally the Elm Marsh ointment, besides the herbs taken. Readers can rest assured that we will do all we can to help them and aid them in their difficulties and will send them herbs if they will only send in for them. These will certainly be needed.

CLEANSING BY THE FIRES

Lupus Condition

FOR the benefit of readers everywhere here are set out the exact instructions of how to apply the treatment that Miss Hawkes underwent, and if there are any other queries that readers have then please write in as soon as possible, and be very very patient with waiting for replies. Our staff is limited for it is made up only of those who have been allowed to enter the School permanently in full service to The MASTERS, and these as ever are few, for the world is blind to the urgency of service and sacrifice.

Carrot Dressing

FRESH large carrots were used which were thoroughly rubbed and washed but NOT scraped, and were then very finely sieved. It is important that the patient is prepared ready to have the carrot applied for it must be applied as soon as possible after sieving so that the full richness of the moisture penetrates. The grated carrot is liberally applied raw to their effected parts of the legs, placing on top of it all large pieces of gauze, and on top of that an oil silk was wrapped carefully round. Lastly a four inch bandage was placed to secure all, each leg taking three such bandages. One grating took place each day keeping the carrot on the whole 24 hours. After it is removed on each occasion it should be cleansed down with Witch Hazel solution.

Spinach Application

CHOOSE the largest leaves and having washed and dried them carefully, place them liberally over the leg making sure that all parts are thoroughly covered. Then it should be covered with gauze, followed by the oil silk and bandaged into place with a 4 inch bandage. This similarly should be left in place for 24 hours.

Elm Marsh Ointment

THIS was first spread on large pieces of gauze, which was then lain on linen, and applied touching the skin direct. On top was placed the oil skin and the leg was fully bandaged as usual. Each application remained for 24 hours and to take the ointment off, the best method is to once again resort to the Witch Hazel to cleanse the leg.

Roman Catholic Comments

A. J. Evans,
of London, N.W.10.
(a past President of Paddington Spiritualist Association).

I write first of all, to say how extraordinary the fine powers which have been given to Mrs. Spearman-Cook, how marvellous the progress she has made since 1935, when I knew her at the Paddington Sanctuary where I was president of a Spiritual Centre. She is no doubt, 'Cleaning' the R.C. structure, which has been wanted for ages. The July O.G. has portrayed the clear understanding of this religious hoodwinking; anybody with balanced sense could not fail to see the craft and guile of the Catholic Church. She has, and will get the 'Cane,' yet good luck to her and health to carry on the good work for Truth.

Mrs. L. L. Carino,
Ft. Lauderdale, Florida, U.S.A.

We received the 1963, 1964, and some of 1965 O.G. We have read, re-read, and studied them times and again. While we do not pretend to understand everything, repeated reading does give clearer vision on many points. This is the information I have been searching these many years. I ask myself "Am I too late?" but the answer is always a big "No."

Your articles on the Catholics are very timely. As a child of 12 I dropped out of the Catholic Religion because in my search for Light, the answer was always "My child, it is not for us to know," or "My child, you are forbidden to read such and such," etc. Such restrictions were not for me. When I was 16, I met a young man of 18 who was being groomed for the priesthood—he also broke away. Was

I responsible or was he just ready!

In all these years my search led to blank walls, until I met up with Mrs. Spearman-Cook and the Occult Gazette. Wish I lived nearer to personally attend her wonderful lectures.

However, my one question is—Is it safe to attempt to raise the Kundalini without the personal supervision of a teacher? I have always heard it was not.

Miss Violet Trevor,
Los Angeles, Calif., U.S.A.

It is hard to believe the Occult Gazette could get any better, but inspiration seems to have improved each issue. Under separate cover I have some thoughts on the misuse of hierarchy and what constitutes true hierarchy. Jesuits use the hierarchical system, but misuse it by asking blind obedience and reverse progress towards the desired goal. They, the dark side have transgressed against Cosmic Balance consciously.

Mrs. L. Rudd,
Aston, Birmingham.

I have been very interested in the talks about the R.C. state of mind, as we are closely surrounded by Irish people here and the crude conditions they bring with them, I was talking to one next door about this, I said she should break away from that church while she is still young or she wouldn't get any mind freedom, and she said she knew I was right but said "I shall never be free," as if it couldn't be done, that night I had a sort of vision dream, I saw a baby wrapped in a blanket and it had been dragged to a hole in the ground where underground powers had got it ready to pull in, and I was rushing to get it back, quite symbolic isn't it?

New WAYS

Simon Tom Akpan,
Ikot Ekpen, Nigeria.

I am writing to thank the Universal Divine Love for the great Light that is shining at, and radiating from your Temple through the Lectures of Ra-Men-Ra. When we, in our meeting of The Society of Metaphysicians here, decided to request for the Lectures, little did I personally know of the great wisdom that the Masters are pouring upon mankind through the services of Ra-Men-Ra and the great Instrument. Long live this Instrument and God's choicest blessings be upon her, and her Assistants.

Now, as I can see, in this part of the World, where denominational dogmas and pageantry had taken so deep roots in the religious life of the people, this exposition on the Teachings of our Lord Jesus will completely and surely revolutionise orthodoxy. On my part, I have been a "Free

Thinker" seeking to gather pebbles at the sea-shore of Divine Wisdom. And your Lectures have brought me immense illumination on points and problems of life.

Mrs. G. Younghusband,
Templegate, Leeds 15.

Thank you for your letter of 26th September,—I note what you advise regarding food, I have not eaten meat for over a year, but sorry to say I do eat fish, and most of the other things you mention, it will take a good deal of will power to follow out your instructions, but feeling you are absolutely right, I shall do my best,—(surely I must) for it means a change Spiritually, Mentally and Physically. The Occult Gazette is a Blessing to me, when it arrives everything has to be left while I sit down and study it.

Many thanks for your help, and all Good Wishes for Everything.

Miraculous Healing

Dear Zamiaar,*

I must write and thank you for a most miraculous and speedy healing. As you know, I had been an outside student of the school since 1961 when I came to you for Astro-Diagnosis. Previously I had been a meat eater, but gradually I cut out all animal foods including eggs, cheese and milk. Though I am no longer young (67), to my joy I was called into the school as an initiate on July 31st of this year. (Here I must in fairness say that I had varicose veins and my legs swelled at times. Also I had had two accidents to the left leg and the thigh and knee were swollen. In addition I had had twelfth house conditions (3 planets buried there Mars, Neptune and Pluto).

After I had been here about a month, to my horror, my mind stopped working, but I soon realised that a Cleansing of the Blood Consciousness was about to take place: I began to feel weak, and could feel the Fire working through my blood. I felt very sick, and could only take a very little orange juice and water. The legs swelled until they lost all shape. White watery blisters appeared which gave place to a lobster coloured rash which covered both legs from ankle to above the knee. There was intense irritation, and later a watery discharge. Needless to say I had to go to bed.

You spared yourself no pains to get me well. You gave instructions for diet and treatment, ordering bathing with marigold infusions and dressings of finely grated fresh raw carrot. The foot of my bed was raised about 18 ins. higher.

In addition you gave me Contact Healing, and one day when my legs were getting hotter and hotter, my face became puffed and red, and I was getting weaker and weaker, you came upstairs to me and drew off the poison. When you first examined my legs, you found a fair sized thrombosis on the inner side of my left thigh. After you had placed your hand upon it, it was evident that the thrombosis had reduced considerably. After 10 days of the fresh carrot dressings the discharge ceased, and most of the rash had cleared. During this time I had taken only a very little orange juice and water.

I was also taking about 1½ pints of Marigold Flowers each day.

You then ordered dressings of fresh spinach leaves and two good meals of fresh spinach a day with about 4 pints of the water it was cooked in to be taken daily. I was also taking the herbs. Both legs were dressed from the foot to well above the knee. After a week of the spinach dressings and diet, the thrombosis burst leaving a considerable area of the upper surface of the thigh bruised. This together with the rash has cleared, the legs have regained their shape, and indeed I have as good a pair of legs as anyone could wish for.

I was on the spinach for about a fortnight, during which time my whole body was saturated with the iron and chlorophyll needed. After this a special herb ointment, Elm Marsh—made from the two herbs Slippery Elm Bark and Marsh-mallow Leaves—was applied liberally over all my legs from the thigh downwards. It was truly marvellous to see the effect this had, for under my eyes my legs blossomed into fine healthy clear skin.

As soon as I entered the School I had experienced a "Fire sensation" in the region of the womb causing much discomfort. I was advised to take regular infusions of Rue and Broom Tops to cleanse all the accumulated poisons of ages. This advice has been very effective and I felt vastly different as the days passed.

In order to get my mind working I studied the wisdom assiduously, (a most important factor). ALL this happened in five short weeks with only 6 Contact Healings from you.

I am told I look 20 years younger, and I know I have been rejuvenated. Indeed I feel a totally different person and "At Peace." I am fully aware that the day I entered this school as an initiate was the day of my salvation, and I felt when I crossed its threshold that I had come home.

Once more my grateful thanks. I can never repay the debt I owe you, but I pray to be enabled to do my full share in furthering the work of the school, and that I may never go back on myself and harm you or it.

I would also like to thank everyone for their kindness, for everyone came forward and helped in some way. Particularly would I like to thank Merea who so patiently dressed the legs and cooked the spinach, also Dinah who kept me supplied with orange juice, tidied my room, and shopped for me.

Signed, Louise Hawkes.

Wonders of Marigold Herb

Mrs. Faye Moore,
Dallas, Texas, U.S.A.

After ten days use, I have received tremendous benefit from each as well as almost instant improvement of the Eczema in my ears from the Marigold Baths. It is my desire to continue their use until you think I am ready for the more expansive herbs. Therefore please send ½ lb. each of Buchu, Agrimony, Valerian Root and 300 Nerve Pills. I am most grateful to know of you and your fine work for the benefit of mankind and I know the Great Masters are gloriously proud of you.

Mr. W. Mildenhall,
Forest Gate, E.7.

I take it I have you to thank for the prompt and efficient delivery of "Marigold Petals." You will be very pleased to learn that results in usage have been very beneficial. The "Petals" were needed for medication of a very obstinate (TO ORTHODOXY) case of a hole, suppurating, in an elderly gentleman's foot. A genuine improvement has manifested, and I will report again to you when the cure has been affected. Best wishes for peace and wisdom profound to you all at 6.

THE GREAT EAGLE'S HEALING COLUMN

ON 23rd October 1965 at just after 3 p.m. G.M.T. the Sun entered into Scorpio, and thus commenced what has been heralded for thousands of years, the Descent of the FIRE. For the next five months the Golden Rain will fall as an avenging Sword, the Great Red Fire of Antares, Lord of the Scorpio Hierarchy. It is these Fires that Mrs. Gladys I. Spearman-Cook my Instrument had to endure as the Pioneer Scapegoat, so that the way could be prepared for all mankind to follow. Has it not been often said, "Follow ME," for now man will have to learn and follow the Road and the Way that she has established as The Christed One of Aquarius. It is to Her that all should look and be ready to take of her Advice and Word, and as there will be so much Solar sickness as the Fires beat into the Earth.

On Saturday 16th October in her Development Circle she especially spoke to them of the impending months to come, so let her words therefore be followed, even though I was the inspiration behind the Words she uttered.

The Scapegoat's Advice

AT the present moment the unfolding of the soul is imperative because on the 24th October the FIRES come in. While you get yourself moving with the Words you will be able to go along with the swim of the Waters. But if you do not then is going to come a time when you are going to cry out for mercy, because the Gods (12 Hierarchies) are ruthless. They are not going to spare anyone, they are going to be harsh, they are going to get their ATOMS back whether they mangle you or whether they don't. I can tell you that as a truth. If they want a job done, it does not matter about you whether you will do it. That is the attitude they take with me. They show no mercy, no mercy whatsoever.

THEY WANT THEIR ATOMS BACK.

They have gone on too long with them down in the Copper Mountains, and They are determined to get their Atoms back because the Heavens are bare. They had got to get them back because man was overriding the Gods. There is a terrible urgency.

No longer is man going to take the atom and split it up in a puff of smoke, or start burying it underneath the Earth, and letting it off. If that had not been stopped the scientists would have been ruling the Earth, and before long he would have shattered the lot to pieces.

HE HAD TO BE STOPPED.

They were the Atlanteans all over again. They had to be stopped or otherwise the Heights were being raped. Now that has been stopped the scientists have no say whatsoever. It is imperative, absolutely vital, and we have got to the 24th of this month, and then in come the Scorpicic WATERS, and they are unified with the centre of the Earth, and the Earth is blended with everything turned onto the right side.

Etherealisation

EVERY man is ready for Etherealisation. Now every man has got to labour. It is no good man start saying this material and that material comes before my job. We are now facing reality, we are in a world that is going to build THE HOLY CITY. We are out of the waters, we are now up upon the MIND Plane. Man is only seeing through reflection, illusion, but when the FIRES do start to come in and they are really blended, they are, as the Scorpio WATERS, going to come in via the generative waters, through our own generative fires.

Up to now they have been saturating the Earth as Cosmic Rays, but we have not been taking it to the extent it is

going to come after 24th October. It is going to come in through your own generative fires, and then they will start to burn, and it is going to saturate you.

I suppose they will start by calling it sleeping sickness, a bad attack of sleeping sickness, and could bring death by those unable to master it by lack of mind activity. But it is no good giving them drugs, because aspirins or anything of that nature is the worst thing out, and that is a mild drug. Drugs will drive you balmy. I have been all through this in the past three years, and you can't take drugs whilst you are like that because when they are entering you they make everything increase ten times the size.

The diet is going to become so important because of all these Fires, and the fact that the metabolism acts through the liver and it is in the liver that you do the digestion."

These words recorded at the time should be treated with urgency. Now is the hour when mankind must cease to be the independent rebellious human-animal on the lowest of mind frequencies, and must turn all his energies and thoughts towards the Hierarchical Powers, following carefully the wisdom of my Instrument, whose practical experiences have been incorporated in the Teachings that have been brought forth.

Unless man, and this embraces woman, learns to turn his heart and soul to the Spirit, for IT to sustain him, he will be doomed and merely become the humus for the next evolutionary growth. Our very first case illustrates this, a glaring example of a soul who must learn to labour and rebuild the wealth she has lost, the wealth of soul growth.

Lupus Erythematosus

Mrs. C. of Ohio, U.S.A.

I have found the Gazette one of my "Missing Links" and as I travel through this moment of time it is comforting to know that the call is always heard and answered. Every article in every Gazette is not only informative, knowledgable, but needed desperately in these times. I have had a health problem since Aug. 1957—diagnosed as Lupus Erythematosus (Chronic and systerric) skin is tissue thin, easily damaged by slightest bump or pressure; complete loss of hair (I am bald,) repetition of blood blisters on and in mucus linings of body, eye weakness, loss of toe and fingernails, weak bladder and sensitive colon, difficulty in swallowing. I often feel as though needed energies are being blocked in body and are struggling to normalize.

My belief in herbs was compounded after reading your columns on healing and health.

THIS case is a forerunner of what many souls will experience who have allowed themselves to deteriorate into the luna quicksands.

As a result a state of rotting flesh disintegration through tuberculosis sweeping through the body has caused devastation to the riches that this woman has lost. Through her own action of mind apathy and inertia and love of desire and the animal fleshpots, all her mind strength has been taken away causing an even more dangerous loss, the sacred loss of her fingernails and toenails that which holds the concentrated Seed wealth. The hands are the creative instrument of the soul with the feet that which tread into the earth the vibrational life being built in mind activity. For as a man treads them into the earth with his feet and works them with his hands as a creation, the nails protect the points of each, giving unto the soul an automatic protection from base luna conditions that abound everywhere.

Now Mrs. C. has lost these solely due to her deliberately using her own Scorpio powers on the lower only, and making no attempt to seek or draw down the Spirit and Solar Life to refuel her and give her regeneration. Here this soul has allowed the flesh delights to so saturate that they have waterlogged her into becoming a rotting mass causing all the 7 bodies to become penetrated. She urgently needs to make rapid and immediate sacrifices in diet and mind activity so that there can be a cessation of the extreme luna activity.

All animal foods including milk, butter and cheese should cease, and she should make urgent endeavour to live on fruit of apples, pears, oranges and especially grapes, so that the body is given the chance to build again.

But the most important act is mind acceptance and study that the loss of the earth riches that have been woefully squandered can be prevented.

She must be prepared to obey rigidly the Word, the advice and teachings of this School that have been published in lecture form for years especially the last three, in order that she may fill the mind with Solar Activity. Now the FIRES are descending she must make every atonement she can for she is in a very dangerous state of being swallowed up by the luna waters.

Drugs, or false foods must be given a wide berth, especially the false stimulants such as tea and coffee. Herbs are strongly recommended and the only thing, and a daily infusion of MARIGOLD FLOWERS, HOLY THISTLE and VIOLET FLOWERS will help the body. All the effected parts should be bathed in Marigold regularly allowing the waters to dry into the flesh, for this herb does wonders as it holds directly the Solar Life. Mrs. C. needs the

blood to be completely purified of the conditions she has pumped into it, and we suggest Buchu, Dandelion and yellow Dock to help her.

Psychic meditation—sitting in silent negative contemplation is absolutely hopeless, and most destructive. The soul should start stirring the mind by constant activity in search and discovery ever placing all into practical application, seeking to raise up the fires up the Spine so that they rise through the cervical and on to the pituitary, thereby activating and firing the MIND VOID, to bring forth the inpouring of the EL Powers. But now the FIRE is descending Mrs. C. must make every effort to embrace, and if they burn and harrow too much, causing the flesh to become as fire, besides swallowing quantities of Marigold and Violet and Holy Thistle, if the body becomes unbearable by the burning, bathe it in Witch Hazel solution.

This is a case where the incest of mind thought, ever seeking inwardly, through endless memory repetition, that the very creeping incest ate her up, the body rotting through lack of Spirit and expansive action.

Goitre

Miss M. of Ohio, U.S.A.

Three years ago I had been operated on Goiter, now it came back again I have been to the Doctor and he now recommends to take Radio-Active Iodine internally. Would you suggest the same?

I have been taking Kelp and Sea Greens in tablet form. I have also been taking White Oak and Bayberry Teas since May, but I am still losing weight, eyes are protruding and heart palpitates.

Is there anything that I could do to get rid of the black spots called Floaters in the eyes? I would appreciate any information you can give me as soon as possible.

THE Goitre condition describes the swelling up of the front of the neck caused by the enlargement of the Thyroid gland. But the true reason that this condition appears or that any thyroid difficulty arises is that the physical body is not being supported and fed by the Solar Light, the Spirit, for unless the whole of the soul growth becomes fed and supported by it the physical body will react by taking on of marked internal disharmony which will manifest physically by breaking out into one of the particular diseases which the soul's weakness encourages. Thus by the effecting in the throat it shows that Miss M. is wasting that taken and stored by not labouring to build the wisdom she has taken in the past into a Reality.

The real root cause is that the higher Mind, activated and flamed into life by Uranus is not being carried out, because the soul has closed down the Pituitary functions, a gift that was with her, her powers of perception. If she turned to the wisdom and set all her generative energies dancing up her spine, she then would raise the Kundalini fires to unite with the pituitary, setting her perceptory vision into action. This would enable her to reach out and call down the Solar energy which would enter into the body and be stored in the

Thyroid, thereby overcome the Goitre condition.

The ignorant suggestion of the medical butchers is typical of their destructive activity and she on no account should follow it. Drugs of any kind can only do immense harm, and the radio-active iodine is utterly disastrous to the glandular activity causing permanent impairment. MARIGOLD FLOWERS and VIOLET LEAVES should be taken and also HOLY THISTLE to help activate the Pituitary gland to re-gain harmonic balance. The Marigold will infuse the soul with Solar Light and the Violet with the ultra-Violet ray which Miss M needs in its natural form. These with the Holy Thistle can be one infusion that is taken throughout the day.

The floaters as black spots before the eyes are caused by the liver. As a result of wrong diet and taking too much fat and animal food. Solar alchemicalisation has not (and cannot) penetrate into the blood consciousness, thus the soul is gradually becoming starved of any resuscitatory solar life powers. Her liver, crammed and poisoned by animal, and rich food, has become completely blocked so that the whole conscious mind vision is endangered. It is this, more than anything else that is causing the Goitre difficulty. This must be urgently cleansed and the soul is advised to take cleansing herbs immediately to clean the liver and gall of its poisons. Yellow Dock will be a powerful aid to cleanse the liver, together with Dandelion and Buchu.

The Womb Scraped

Mrs. B. of Ohio, U.S.A.

In the meanwhile have gone to the doctor for a check-up... and because my menstrual periods have been somewhat irregular from time to time he advised me to see another doctor... it appears that I would have to have my womb scraped. I am repulsed by the whole idea.

THIS iniquitous suggestion is diabolic. The sooner you women of the world stop going to doctors and turn to the ancient herbal wisdom—which wisdom you all have in abundance,—the sooner will you all all bring forth the wealth of your Seed that resides deep in your Founts. Let this be declared far and wide, that any interference in the womb or generative passages is totally unnecessary and of utmost danger.

There are well known herbs which will clear all womb trouble, and Mrs. B. should take RUE and BROOM together, and to aid restoring periods she should take MOTHERWORT three or four days before due, last thing at night. Through venereal disease flooding the race and increasingly interpenetrating in the blood down each generation, the majority of females will find that this condition will arise. In which case turn to these natural and safe remedies, long proved of utmost success.

Only this month Miss Hawkes writes glowingly of her being saved in her cleansing and she experienced an urgent need to cleanse the womb similarly, and she used these herbs much to her relief and happiness.

THE BLACK POWERS OF THE HEIGHTS & DEPTHS

This hitherto unpublished article was especially directed through the Pen of Gladys J. Spearman-Cook by the Lord Maitreya, the Lord of Central Sun, the unified Spiritual Wealth of the Cosmic Hierarchies.

AS THE GREAT BLACK WATERS SWEEP DOWN FROM THE WIDE open Black Space, they rumbled, tumbled to the depths in their interactionary interchange of rebirth. Bringing to the world new life and resuscitation as the prismic glory. The glorious Rays of the Solar light that swept across the horizon, as the Earth turned on its axis every twenty-four hours. Then as the winds blew and roared, the breath that fortified one and all, carried its glorious Rays. They that intercalared the Magnetic Poles and refreshed the Polar star. The mysterious Cosmic Rays that so confound the scientist, and caused them to jot down miles of figures, and become adept at their arithmetic. Yet the Black Space that has to be defined, and the black Arabic waters*1 that have to be awakened (see plate on page 12, col. 2). The mighty Waters of the Deep that manifest as both Depths and heights; yet the wealth of the Christos through the mind of a true priest, as seen in Matt. 12 v. 5, the seventh hour of the fulfillment.

"Have ye not read in the law, how that on the sabbath days, the priests in the temple profane the sabbath and are blame?"

The priest in his zeal of plucking of his riches did overspill because of his enormous black wealth, that which needed untold firing to bring forth into action. Yet the very depths as the queen of the south, that gave to Solomon his wisdom. Therefore his mother held no place at such as hour, for in their transmutation became the will of the Father. But seeing that, in emptying out of the old ways, only the Son of man returns, the glory of the Golden Flame.

Otherwise seven devils will enter in dividing himself against himself. Therefore guard against idle words or pompous actions as attributed unto the popes and cardinals of the Catholic faith.

The Wisdom of Alchemicalisation

BUT seek ye as David did in 1 Sam. 21 v. 6, 7. He ate of Hallowed bread, even though Doeg the Edomite, a servant of Saul was present, and by the courage obtained of Goliath's sword. Took of the fulness of wisdom, although he was not fully sublimated, and although it caused him to be in fear of Saul, he found strength to wield of Goliath's sword. Hence, although Saul slayed his thousands, David slayed his ten thousands; the sperming of the black goat.

Such glorious wisdom, when fully understood, gives unto the soul some minute knowledge of the wealth that lies with him; and that every man and maid stands an equal chance, and has of hope in the world of hopelessness. So to understand of such a vast subject should be the work of everyman, especially as the Book of Oaths displays such wonderful truths for all men.

Therefore, when we can, see the Black Powers of the heights as the glories of the heights, the great mystery of the North. That which is emptying out into the depths beneath, the magnitude of the Celestial Bodies. Yet the Black Powers are also in their interaction of change, the whole Chain of Causes. The higher Power of Genetic evolution; that which is found in the very humus of man's bacteriological decaying states. That which is

*1 These refer to the seminal powers that entered into the Earth in abundance during the Taurine Equinox as Taurus is the polarity to Scorpio, the channel through whom the Sacred Generative Waters descend. It was during this period that so much debauchery and mis-livence took place.

THE BLACKNESS OF SPACE

"everything is born out of this Blackness of Space, rhythm, happiness and peace, expansion and joy, for it is the great Father of the soul..." Once man can upraise his passions and fight to unite with the great Powers of Scorpio, then he will be able to command the Starry Dust and bring forth the glories of the Solar Harvest, that of the Central Sun. (See text in col. 3).

of the outer space brought down to the Bubonic plague, caused by unmoved wisdom in the alchemical action. That due to the lack of free active comprehension of a greater status.

A luna lunatic latitude — instead of a Solar pneumatikon — the power of expansion, as the soul + places himself on the cross of life. Seeking through initiation that he can learn the true rudiments of life. Not death that holds all in inertia when they refuse to think, and only led by a priest who is just as blind as himself. For it is man who has turned the glories of space into his present disease. Hence must dissolve by partaking of the Solar Ray through wisdom of the Word, otherwise all will turn black by the atomic burning. By this perhaps we can understand the profound wisdom offered by Paul as he struggled to comprehend of the Embodiment, that no one had really captured for 365 years.

"There are Celestial bodies and bodies terrestrial, but the glory of the Celestial is one and the glory of the terrestrial is another. There is one glory of the Sun, another of the moon, another of the stars, for one star differeth from another star in glory. (1 Cor. 15 v. 40, 41)."

He was trying to give forth of the wisdom of alchemicalisation, in how the starry dust as the nebula interactionary stream, became the united of sun and moon in the soul's crucible pot. Yet was the very depths of the soul as the queen of the soul that had to come forth, as his rising kundalini. The Rhythm of the Spheres that becomes the creation of the mind and hands of man, bringing that of the Chromatic scale into birth. The 13 semitones including the 8 scale tones, and the five intermediate tones, as life's rudiment of experience. All the inadequacies of life brought into perfect rhythm, through the soul's hands and mind. That which stretches from the minor to the major.

(See plate on page 12, col. 3)

Rhythm of the Astral

SHOWING to man how everything is born out of this Blackness of Space, rhythm, happiness and peace, expansion and joy, for it is the great Father of the soul, until he has the courage to partake of its wealth through knowledge, the Word buried in the depths. Then to open up of his

(See plate above) mind, and let that unseen Father manifest through his mouth, as a true priest of life, he reborn out of this glorious

expedition of life. The undulating rhythm of the Astral, the starry dust which are not bodies as man believes, but nebula life as a stream of pulsating life. The supersensible substance that pervades and enters into all bodies that are above the tangible world in refinement. Those that have risen up above the earth, to a mind status of comprehension.

So it is such, in being absorbed by the soul, forms the astral body as the geometric substance that carries the soul into the world of upper planes. Otherwise only of the lower astral, which is the colony of the Catholics; those who have shut their mind to truth, and refused to think and evolve. (See plate page 11, cols. 3 and 4)

They refuse to believe that this inflowing Space, is the inflowing rhythm that brings the Christos within the soul, by the natural status of alchemicalisation. The absorption of prismic powers that as geometric substance, treats of magnitude and its relations in

tion going up to the heights to become the Intelligencia of the heavens. The radiance of the glorious Solar orb, the radiance of the Masters.

Man giving birth to worlds through his growing faculties; yet all as illusion until he can turn his mind to the realisation of reflection. That all is HERE and NOW by a state of consciousness, through the frequency attained by the mind. As a man knows, sees and hears, so do these states manifest and become the vision of his mind upon the maelstrom hall of mirrors.

The Christos Light

SO let us seek just a little deeper, and realise that in the soul is the triceptomy of the heights as heights, breadth and depths. The trinity as the tricephalus, the three headed as Father, son and holy Ghost. Father, Mother and Son. The ever growing status from the power of the Graeae, unto the ever involving imbus. The revolving bloodstream that brings radiant life, radiating as the electrified mind, to the man who unifies by unification. But also showing how it had to eventually bring the desecration of the Catholics, through never unifying their heights and depths. And further, how wise is the man who ignores the diehards who are ever spouting of wisdom driving a man mad. This only takes place where the soul is a frog or pirate, and steals by an easy way of taking. Not taking that they can learn to serve, and bring the heights manifesting in the depths as the Kingdom of the Fatherhood. Not a religious application, but a true sense of evolution.

For now is all from the Central Sun instead of the centre of the earth, by the upraising work of the Scapegoat.*2 All men being brought to that of the etheric body, in the earth status of bodies being disintegrated, by the atomic status of inflow. The full birth of the Fatherhood having been established by the Scapegoat.

This she did by lifting up of the planes of the earth, so that she could get man free from the stifling and suffocating amnesia of papalism and orthodox religion. This left them in the pit, with the churches as the rat holes of the depths. But now, in having been touched by the Solar light, will open them up to the truth of their own surroundings.

So going yet deeper still, it can be seen how this undulating rhythm of the Astral, that which treats of magnitude and its relations, is the controversial contraband of the soul, the etheric emanations of the Cosmic. That which builds up the etheric conscious creation of the fifth dimension; man's etheric counterpart which is his twin soul, his body of Astral travel. That which is not received in the Eucharistical kiss, when the soul is wanting of its higher mind; neither from priest or man himself, only that of the luna.

Therefore we can now see how the Black Powers of the heavens are the exudance from the undulating Waters of the Astral. The interactionary and interchanging currents of the Spheres as the starry dust, opening up the curtains of the mind, bringing new light entering in. That which as the Mulaprakriti, the upper Ether, becomes the Prakriti, the akasa or breath of the lower planes. The rolling waters of the heavens, with the Power of Disintegration for breaking up
