COSMIC CONSCIOUSNESS

as the Divine Awakening
of the NORM

by Gladys I. Spearman-Cook

AS THE MORNING SUN ROSE in all its radiant Glory, the world blind to truth, trembled as those early Rays interpenetrated the unfolding earth. For Merope had opened up the glory of the 'eighth' and set the Norm alight. Turning all the darkness into glorious new-born day, the wonder and beauty of divinity, but that lost for the moment in its unexpanded reality, the glory of the spirit. Truth as never known before was now the pathway of life, with divine Transcendental Glory flowing down from those Heavens in the Divine Prismic Breath. Making all men subcon-

sciously born as unto cosmic consciousness, turning their eyes unto the Heavens, seeking of their mighty mystery, the revealing of their interminable glory. Yet man never realising, as they send forth missiles into that Heavenly Space, that only by mind is this mighty unfolding objective achieved.

The Rewards of Sensitivity

FOR by raising up his risen sensitivity, man will spin up the glory of his unfolding frequency into dynamic wonders of the unknown. Dancing and thrilling to its expansive beauty, embracing unseen possibilities. A world

(See the Front Page plate)

of unknown mighty depths, where Divinity reigns in all ITS profound glory. Mighty and dynamic in its powerful Rights, being the vibronic majesty of rebirth. Powers as Dominions, Elements, Intelligencia and Divinity, are the Prismic magnitude of this vast astounding bounty, yet the wealth that must come to matter and manifest its mighty wonders in that world of untold possibility. For as above so below, as all is HERE and NOW.

Man as the unfolding magnitude of that glory, the mighty recipient of its beauty, is the vessel that is filled from the Waters of that mighty Orion MAN, as he pours down His Glories into the depths. Wonders to come forth

ONCE AGAIN WE HAVE HAD TO SUFFER THE "slings and arrows" of the Easter period, with its robot reaction of hypocrisy and hot-cross buns. Just how much longer will man allow himself to be swayed by the perpetrators of such an evil and distorted religion, whose very root growth is soaked in the blood of Inquisitional torture and so-called Sacred Wars! For 1600 years man has been kidded, coaxed, and bullied into believing this utterly false story of a Christ and a crucifixion; never realising that the New Testament was written as a guide to mankind as he entered upon the path of Initiation, and was most definitely NEVER, NEVER, a literal happening. Of course, papalism has considerably altered the original texts, to bring all into line with their twisted teachings, but the basic theme remains throughout, and is always there, waiting to be perceived by the enlightened seeker. Papalism played hard upon the idea that man was not personally responsible to the Divinity for his actions, and placed an utterly mythical figure upon a cross to carry the burden instead. Then said, "Now worship him,—or else!" In doing this they completely cut man off from the gods, and the chaos, disease and disaster in the world today is the direct result.

★ ★ ★ ★

IF man had been nurtured upon the true Solar Wisdom of life, he would now be finding himself blossoming into the godship he once knew, instead of Uranus striking to test his purpose, and finding him sadly lacking. There is only one way that man can extricate himself from the mess he is in, and that is by making every effort to comprehend the Cosmic Laws, and then putting them into operation in his every day life. Universal Philosophy gradually unfolds these greater Laws unto man, that he can recognise and reverence their inner glory, for divinity is the underlying causation of all heavenly Laws.

Here is where Merope holds the Keys of evolution, for by her frequency she is in at-one-ment with the Source, and so brings down the Voice of Divinity in all its purity, untarnished by the mundane thoughts of the earth. Man though, is a selfish creature, and will not accept anything new unless it fills his coffers and increases his ego. Well then, he must learn the hard way—AND LEARN THE HARD WAY HE WILL—for Merope is drawing down the mighty Hydroxyl Waters, and will continue to intensify them more and more, until man is forced to bow the knee in submission to those Higher Powers, and reverence Divinity, as the fiery quintessential glory of his inner being.

Man is going to learn that he is nought else but Mind, and that if he does not build up Divinity as the glory of that Mind, then he is nothing, and as a Spark of continuity, will cease to exist. This is why we strongly condemn the present conception of communism, for it only panders to materialism and builds up text-books and memory machines, ignoring the possibility that man is but a distorted reflection of

a Higher Consciousness, and should be as a god-like soul, walking hand in hand with the Divinity who first gave him birth.

In view of this it was interesting to read of a 36 year old Russian who was trying to renounce his Soviet citizenship on the grounds that he did not believe in communism as it condemned him to spiritual extinction, only leaving for him a slave-like, completely animal existence, unworthy of a man. The truth of this will not be denied by any; yet the majority, though condemning communism, will not see that its counterpart exists in the Western world, done up in the false trappings of ritual and dogma, and passing under the name of roman catholicism.

How anybody could believe that this mentally depressive creature in the Vatican, verging on senility, is God's chosen vessel, is absolutely beyond my understanding. While its

English offshoot, the Church of England, headed by the Archblunderer himself, advocating everything from homosexuality to divorce by dinner-time, is so pitifully dead that it hardly deserves a mention! Oh yes, it's easy for man to ignore the truth when it suits him, but I repeat that sodomy, contraception, and abortion, are not contained in the Message of God, and those that advocate their acceptability have never known the Spirit of God within them.

★ ★ ★ ★

ANOTHER big issue at the present moment is that of the Race Relations Bill, and is where every

is that of vibration, but a most vital point to comprehend. In the countries of our coloured friends, the vibrations are much slower than they are in England, and for them to enter into such quickened vibrations only causes chaos to their internal bodies. While from the point of the English, although they are far from recognising the fact, a great influx of coloured immigrants would cause a considerable slowing down of the vibrations in England, and discord could not help but take place.

This has nothing at all to do with 'racial policies' or any other such rubbish, but is Cosmic Truth and therefore must be voiced. Regarding those of the white Races who have settled in the countries of Africa, the important factor is not whether they are entitled to live there, but that they have entered into slower conditions of existence and so have gone back upon themselves. If they stay there long enough, although their skins may still outwardly be white, their internal bodies will have become so 'blackened', that they will be no different to their coloured neighbours. Ridicule this and decry it as much as you like, you cannot alter Truth, and this should therefore be the basis for any talks upon the colour problem in any country.

The answer is not the allowing of a vast immigrant population into Britain, but the feeding of those countries who have retrograded in the past with Higher Wisdom; that they can awaken to the Laws of life, and raise up their vibrations back to what they once were, and so claim their divine heritage which is the birth-right of all souls. This is where the Church has failed abysmally, for they have decried the Higher Wisdom and persecuted its followers; therefore the blame for the present troubles must lie directly at their doors.

Church leaders are hypocritical humbugs, and the best thing they could do for all of us, is to sit in the middle of the Ganges with the Maharishi, and wait for the transcending flood-waters to carry them off,—and to be quite honest, that would be the only useful thing that this absurd form of meditation could ever accomplish!

YOU MAY FEEL THAT I HAVE BEEN FLIPPANT IN MY WRITING. I CAN ASSURE YOU THAT I HAVE NEVER BEEN MORE SERIOUS IN MY LIFE.

politician and Party do not understand the deeper problem that is involved here. Man does not understand of vibrations, does not accept reincarnation and the continuity of life, and so cannot see the real problem that he is faced with.

Firstly we must all accept that at one time there was no such difference as the colour of the skin; all lived on the oft talked of Plane of Paradise as unfolding god-creations. Then came the Fall,—the fall in mind frequency, into the lower desires,—with some falling back upon themselves to a greater degree than others. Their minds became inert and their vibrations slowed up, and the inflowing Solar Fires, instead of feeding their inner being with new life, only 'burnt up' their internal cellular creation, and in their next incarnation they were born of a darkened skin.

Therefore the only real difference between the black and white Races

COSMIC CONSCIOUSNESS

Continued from the Front Page

as rich bounteous Wine to stir the hearts of men, and open up those closed gates to the beauties of the Heavens. Deep untold wonders that can reveal mysteries as past dynamic Ages, when man as soul was still divine and held the unfolding glories of the spirit of his internal being. The descent down the Planes, when the glory of consciousness was being unfolded in the mighty creation of soul beauty. Bringing into birth the mysteries and wonders that have ever remained as the Plane Creation of the NORM's descent.

Each one a world of astounding mystery and glory which could reveal wonders untold. Profundity that could, if it became the unfolded wealth of man, be wisdom that could become his own uprising mind glory.

For every Plane is a world unto its own, that is an unfolding strata to that final world of becoming. That when created, lost its actionary momentum and slumbered in its immensity of divine beauty. Causing all to become enclosed in a rock of multiplying intensity, becoming lost to the glories of the spirit, with the Galactical profundities set into motion, awaiting the moment of action. That they could continue the unfolding mystery into the uprisen rebound of MIND propensity.

A Plane reborn from their polarity, that could reveal of their internal wonders on a Plane of unfolding mind possibility. For as a virgin spirit on a Virgin Plane, the wonders to come forth of the intricacies of that descent, could become the unfolded glory of the mind belief. Gathering up the profundities differentiated, building up a woven glory of its mighty Cosmic Consciousness. Revealing the unified wonders that were now a mighty Cosmic Pattern for soul to unfold through mind creation, and bring into birth the glories of Divinity made manifest through man.

But in acquiring these mighty glories, man became born of the fallen might of Saturn, where Shamash became his dynamic Godhead and infused him with the belief of possession, instead of the glory of LOVE. Giving and becoming in the abstrusive divinity of the royal unfolding of heavenly expansion. Therefore left that mighty Plane of Abyss creation to the wiles and depths of its own illusive beliefs, until man awakened to his lost mighty heritage which he had sold for a mess of pottage. For Merope, the Goddess who had come down to help them, in drawing down of the Heavenly Fire to drive the glories upwards, was now responsible for the creation until soul awakened.

The Mind Comprehension

SO with the dimming of the Ages and magnitude collected, with man treading the path of negative glory as the unfolding world of WOMAN, was Merope ever the secret instigator of the moving propensity, as of that secret Race Elect. The undulating Stream of Spirit Life awaiting the moment when all

DIVINE AWAKENMENT

AS the glory of perception dawned upon his mind, did he cry out to Divinity to bless his new-found Purpose. Then naked and unashamed he danced before the Lord, for he had solved the mystery of the Covenant, and returned the glory of his consciousness unto the mighty Arc.

Therefore bestowed upon him the wealth of mind comprehension, which gave to Joseph his ladder of Mahanaim, where the heavens descended and began the means of leading man back to unfolding consciousness. Hence the heavens awakened in his mind the wonders of heavenly strategics, the unfolding glories of the mystical Colure unto the minds of men, with the Starry Lore as the mighty wonders of the Heavens becoming his guiding bent. Thus giving unto Merope, the watching Medea, the Time

secret of their original birth. For here was the Prototype of the opening of the mouth, the glory and the mystery of resurrection. Thus they were completely lost to the grandeur they once owned, and the mighty glory of their heritage.

Hence the Planes and their divinities, as the soul life left to activate these Planes, became as the Galactical glory guiding and aiding the Seed life below, by even descending down into their depths. Entering into their being as an embodiment to try and rouse them to make an effort to rise

With the Heavenly Powers of these mighty Planes having to continually feed this creation with those sustaining glories which they were half consistent of. Yet always with the hope that they would awaken and turn to the heavenly life they had lost for the time being. With Merope secretly following the lead, ever being the means of more wealth and heavenly glories descending to fortify these children in the depths. She too, eventually becoming lost in the human body she had to assume and wear on that earthly plane.

Yet these mighty Planes, that appeared as the starry heavens, were ever the means of feeding this revolving ball of solidifying matter, which had cast off its lunar shell to prepare to take on of the Solar glory of divine light. With the Sun and moon as luminaries, through night and day following in the blackness of night. That which Atlantis had forced them into by a further intensity of the Fall.

Thus the mighty Galactical system of Earth and its attending heavenly wonders, were now the sole Creation at the time. With dynamic magnificence being created in Egypt, out of the might and residue left with them after the dynamic chaos experienced in Babylonia as the elements were brought into birth. So mighty were their wonders, that another attempt was made to bring about a rise, but it only resulted in another status of deluge.

Awakening of the Norm

THIS time Akhnaton was the means of being the Scapegoat to initiate their glories into the depths, but only to meet a more enfolding setback, in man using the powers received for his own status of indulgence. So more and more Powers had to descend, to keep the Fire revolving and activating in the depths, with vast Nations now beginning to grow by the earthy method of generation. Bringing into birth, in a flesh-born child, elementals from all the lower earthy conditions of existence; those without a soul consistency, born from the dregs of matter. With the belief of 144,000 becoming lost to their memory of reconstruction.

While the wealth being gathered in the depths was slowly becoming the means of making the soul captive in the depths, instead of the glories of the spirit. With the Planes now merely becoming a fusing particle in the Prismic Breath, while the wonders and beauties of their inflowing glory were only as a status of unifying influence.

Now with a mystical unseen God that they began to worship, with the Cosmic Glories that they created as they found aspiration in ascending and burnishing the so-called heavens. Yet all the time the Cosmic Cause was ever evolving under the Law of Evolution. For mighty Races were now inhabiting vast countries, the summed up glory of the world of the Abyss. And as their strength grew, so the heavens evolved, and man and Deity unfolded the course entirely on the lowest vibration possible. With those higher Powers having to sustain them in their captive state, yet the very wealth that man now is retrieving on his road of return.

DIVINE LE ROS

AS the Hydrogen and the Oxygen imploded as the Divine Breath within her, did she find herself being forced higher and higher, until all turned into the glory of the Divine Eagle, carrying her up the golden pathway of the Sun. For here was she in the divine embrace of her holy Spouse, being drawn away from the darkness of the earth into the glory of the magnitude of the Central Sun. Thus they spun up in radiant glory, in the holy love of God, the mighty and mysterious Unknown. (See text on page 5, col. 1).

was set for that unfolding rise, which would create the intended Plane of the MIND.

Thus the Galactical Affinities of the unfolding Cosmic heavens, the polarity of the striving depths, were ever manifesting their evolutionary wealth as a guiding influence on those below. That which had now reached a status of descending Transcendental Glory, as unfolding mysteries to the depths.

Objects that can only be identified by the sensitivity of the unfolding mind of the spirit. These Affinities of Galactical magnitude, the might of the Prismic unfolding Breath, were the guiding Witness of the Heavenly Deity who was as the moving Finger and watching Glory over the unfolding soul below.

and Season when she could begin to lead the soul back to his lost path of Virgin glory.

Thus here we find Merope, in the Age of Relativity, making her way back in unification up that lost road of soul descent. Worlds where mighty Powers were born and created into the glories that were to guide the soul when it reached the basic of its differentiation.

Then all would be ready and prepared for that one to rise, with the might and wonder of LOVE as its impetus to ascend. But soul, in its unfolding power of human life, became enamoured with the glories around him; thus settled onto the Plane they now had created, beginning a status of manifestation.

It was then that the mighty glories of the Heavens began to descend to fortify their Seed and wealth in the depths, but also with the intention of awakening the soul into making an enormous effort to return. This the soul merely turned into Totemic and Sun worship, as unto creating a mighty Deity in those vast Heavens, forgetting the real

by mind assertion. But they too became completely lost in this miasma of illusion and reflection; thereby solidification began to intensify. With materialism, domination and war bringing all to a closer propensity. With poor Merope, who had entered down as a Goddess to aid and direct them, becoming lost in their human density which they now had begun to bring to an intensified status of mastery.

For they now were receiving help and guidance from those higher Planes, by direct inflow of their mighty glories. Wealth that was already with them as the 'heavenly wonder' they had created on the way down, in the Ages of the Creation of the Human Race, but now with duality and gender taking over, as the soul established a dynamic World in the depths. Causing the Pole, which was then a fast fixed structure, to fall onto one side, with seas and currents, storms and violence, to rock this world in turbulence and destruction, as it began revolving into solidifying matter. It being a no-ending struggle for the Higher Powers to meet the continual falling status of this bestial creation.

COSMIC CONSCIOUSNESS

Continued from page 3

For by Merope bidding her time she began the Road of Ascension, whereby she called down further Powers, lifted up the glory of the fallen Uranus, and recreated the FACE, glorifying the whole of the Macroprosopus. Then unified with the Gods, who were now becoming very lame and impoverished by soul turning to complete materialism in the depths. Yet all the time, the mighty Plan of Evolution had gone on in the Heavens, unfolding the dynamic mystery of the Cosmic Prototype, to manifest as soon as the ascension could begin.

Yet here lay the foundation of the Cosmic Consciousness to now come forth as soon as the Norm awakened. A mighty glory that could reveal the dynamic wonders that were instilled into the unfolding Planes while soul was in a status of creation.

The 'unfolding being' never realising the wonders set for them to bring forth, as well as the might and glory of this dynamic plan, set into motion by that Mighty Unseen Power of the Heights. For as Spirit descended, so the Plan increased and revealed more and more of its possibilities to those Great Divinities of the Heavens. For at the present only the outer and more superficial power of the Elements was revealing itself, with the inner core holding all the Fiery action, lying dormant, awaiting its opportunity to come forth.

This is the mystery of the Great Work which Merope is now striving to bring forth; the inner depths of the vast sea of created life which soul is now unifying through Relativity; yet states that have to be met, unfolded and Solarised, that completion can come to all past creation. Every particle being a part of the whole and intricate measure of the Great Plan, the mighty Blue-print of Evolution.

Man of today has no idea of the glories he once possessed,—wealth far beyond his understanding,—yet the wonders that were the means of creating the mysterious vehicle called soul, with the physical body following on as a misdemeanour, a replica of the inner.

For the intricate workings of the soul body, with its interblending and cross-union of creation, is amazing. It being this unified glory that brings into birth the created spirit-glory of the Heavens, with the Great Unseen Illimitable Fatherhood as the audible Voice of Truth.

EVERY NERVE, SINEW, ORGAN AND ACTION, ARE NECESSARY FOR THAT VOICE TO MANIFEST IN ALL ITS FULNESS OF TRUTH.

Amputated limbs through inflation of flesh, all belittle the beauty that could manifest, undermining the glory of its imparted Truth. It is the full understanding of this dynamic and intricate wisdom which reveals to the soul the wonders that are with him, and what he can reveal. Everything being revealed to the soul by reality, the inner concept of knowing; where all the inner faculties are able to respond to the fact revealed, and open up through the manifestation of the slowly unfolding glory. This is where belief plays a dynamic part, with the lever to Pandora's box opening up and bringing forth of its mighty wealth.

Voice of the Fatherhood

THE Sea of Life, the manifestation of Time, was but the reflection of the mighty glory that was waiting to actually manifest. Hence the reason why Timelessness is the manifesting answer as the 'mind flash' that comes into birth as the glory of perceptory awareness. For the alchemicalisation has unified the outer consciousness with the divine inner consciousness, into a oneness of perfect comprehension. Therefore, without belief, courage, dauntlessness and enterprise, the soul will never bring forth those mighty inner depths, they being the Prototype to the full creation of their possible mind conception on the new Plane of Vega.

It will now need much courage to continually dive into that vast sea of unknown wealth, to bring forth the glories of those deep and deedy depths. For soul will now only find its great wealth in that mysterious undercurrent of searching, to then determine its intrinsic glory through polarisation of mind belief. The soul ever keeping deeply before him, that the greater the outlook of the mind and more lofty its ideals, the greater the creation will ever come forth as the audible perfection of Truth.

For Saturn now has been involved into the glory of the Solar beauty, as Merope found that through his obstructive qualities being so deeply embedded in the soul, his greater possibilities could never come forth in the 'fulness' that was intended. So it was much better to retrieve the 'little' and erase him from the Blue-Print of soul creation, that they could strive to climb without his impeding difficulties. Therefore as one daring soul brought him to full perfection and failed to fulfil his demands, Merope mastered the cause by the brilliance of the Central Sun, giving him his necessary mortuary meal.

Now Jupiter could send all its wealth up to the heights as the mighty fullness of the 'sixth,' that the way could be made for the mysterious 'seventh' to awaken from its deep and dark sleep, it having fallen into this somnambulant depth when Babylonia fell to the evils of deluge. The repetition of the first great over-spilling, causing man to have long and lasting repercussions, with all his mighty wealth becoming buried into the depths of the Waters.

(See plate on this page)

Yet with Merope now all ready and set to begin that mighty trek into that 'vast sea of unknown depths,' to capture its long lost mighty wealth. That which could only come at the turn of the tide, in the Age of Relativity, when all by the Law of Unification would reflect its dim and distant past in the mirror of polarisation. For everything ever revolves in circles, and in reaching its zenith, returning by the Law of Attraction to the basic of its ever-unfolding Source.

Hence the soul seeking to awaken the Norm, that it can unify and bring forth the

greater wealth on the Plane of Outer World stimulation. Extreme depths and heights now polarised, whereby soul can draw forth direct from the Source, unimpeded by multiplicity. For with the higher sensitivity having raised up the frequency, the perception could now, through the red dye of Time, capture its mighty intent on the highest of perceptory awareness. Thus in a 'flash' capture its mighty truth, that it can in time become the audible glory of the Fount to the mouth.

The mighty Voice of the mysterious Unseen which still lies in the depths of the Seed. That which can only come forth as perfect polarisation is accomplished. The depths of the Seed unifying with the depths of the mind, that in electrified glory, the mighty message of "IT" could issue forth as the glorious Voice of the Fatherhood.

The Divine FACE now becoming the radiant manifestation of its shining Glory in the audible speech of the Source of all Creation. That the full depths of Cosmic Consciousness can be fully made known to one and all, in all the soul unfoldment.

Whereby now in its expanding beauty, soul can be sustained once again by the Source that gave it birth, that a greater manifestation can then begin upon the higher Plane of the MIND. An ever-unfolding glory of the Seed unifying the depths of Creation, that the greater truth of unfoldment can yet come forth through the interblended Virgin Breath from those mighty heights.

TRUTHS THAT WILL SOLVE THE PROBLEMS OF THE SOUL, IN ROOT AND BRANCHES UNIFYING,

THAT ITS BUDS CAN BLOSSOM AND GIVE FORTH OF ITS WEALTH IN ANOTHER GREATER SEEDING IN THE DEPTHS. BUT NOW ON THE PLANE OF THE GREATER MIND, THAT THE GREATER DIVINITY CAN BLOSSOM FORTH AS THE AURIC RADIANCE OF HOLY LIGHT.

That which is ever drawing nearer and nearer to that mighty Unseen and Unheard MIND that gave it eternal birth. Something that was never existent except in the glory of the thought, yet a world now where the Sun never sets; a world of interminable beauty. Where immortality is the order of the night, and glory the mystery of the day, that as they verge into timeless beauty, soul opens up the internal glory of divinity.

The mighty wealth of yesterday, the unfolding glory of those descending Planes, now becoming the polarised glory of the blossoming beauty of today. Planes that Merope had passed through many times on her way up to the Central Radiance, which had extended forth as she rose upwards and onwards in their extensive glory of support.

Now by Relativity, their wondrous beauty can be touched by all who have the courage to reach forth. But only the man with sincerity and truth must reach forth his hand to touch them; otherwise, like Uzzah as he touched the Arc,—having no right to do so,—was admonished by the Mighty One, and returned into the vortex of the Stream.

Unification of the Seed

THE Virgin Plane is a world of Divine Truth and Purity, where every soul has been unconsciously cleansed and purified. That as he can open up his mind to this mighty reality, will he shoot forth onto a higher Plane of Heavenly Light, whereby he can start his Outer Space quest of diligent heart enquiry. For by now, a flame has issued forth in the glory of his own auric divinity, that was preparing the way for the greater over-shadowing by Light of the Heavenly Divinity, the Mighty Flame.

So Merope, as the Scapegoat and the Creator of the Prototype of the Blue-Print, went up into the Rose-pink Bower, and prepared the way of that terrestrial unified expansion. At the time, Twilight was deepening into the darkness of night, as she found herself gazing expectantly at the distant horizon. As she peered forth,

THE LOST GOD

ONCE man was royal, and walked as a god, following the Laws of Evolution; but then the Fiery Intruder infused his being, and glorying in his new-found power he refused to return it back unto the Divinity as expanded light of the mind. Whereby all crashed into the depths of the lower desires, and he became trapped by the curse of Self, the illusionary glory of Me and Mine. (See text in col. 2).

she saw the whole of the background behind the earth's dark rim, slowly lit up by a pale golden glow.

Then it was as though the horizon suddenly parted in the centre, and there surged forth the whole of the Aurora Borealis, which was displaying its ever moving pulsating Beauty in all its breath-taking glory. Then wonder of wonders, the very centre of this Glorious radiance formed itself into the body of an enormous Eagle, its great and mighty wings taking shape from the vibrating Rays of LIGHT on either side. There was no denying the Royalty of this glorious Bird, with his head held high and his eyes piercing the heights above.

Then suddenly Merope found his mighty claws were holding her gently yet firmly, clasping her around the waist...

(See plate on page 3)

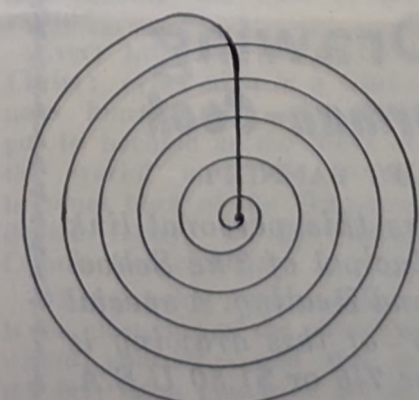

...as though he had rescued her from some dreadful disaster, which indeed was the case, for he was releasing her from the magnetism of the earth.

The whole of the atmosphere was now suffused with Uranian blue vapour, and as the Great Bird soared upwards and onwards, it could be seen that he was flying by the side of a gigantic perpendicular black mountain. Then suddenly, there was no longer that mighty black mountain, but a glorious Palace of Heavenly Light, into which the Great Flame was taking Merope, that she could receive the healing she needed after her fight and wrestle with the magnetic density of matter, whereby she could begin her mighty infusion of the present with the past, in the great mystery of unified Relativity.

For there in the glorified wonder of her own heights, the mighty depths of that released ionised Seed became the whole of her Auric glory. Raising her up to the dynamic frequency of the Central Sun, with the mighty Eagle now the Great Flame within her being, and the Brilliance of her overshadowing Presence.

Thereby raising the world up into Virgin beauty, as the mysterious snowflakes began to flutter to the earth from those unseen Heavenly realms of purified Glory. For Merope, being the Scapegoat, the Law and the Christou, the unfolding Cosmic propensity of that mystical Source followed on in all she set into motion by the glory of her ever-unfolding belief. She ever realising more and more the Transcendental Glory, as she wrestled with the problems of the depths, and opened up by the wells of mystery.

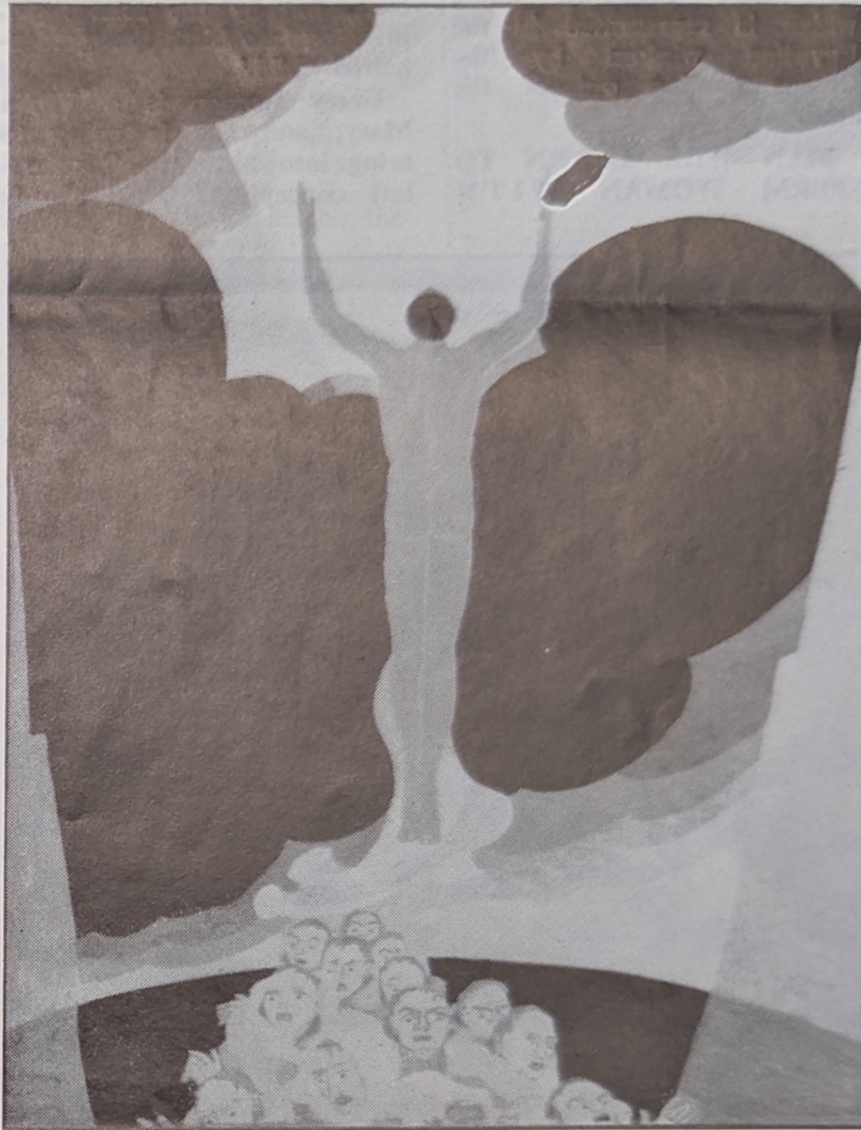

For as she flew up under the guiding hand of her expanding Eagle, the whole of Humanity took unto themselves the glory of her mighty struggle. Ever piercing more and more into the dynamic magnitude of the Seed, which had correspondence with the Planes of Relativity, where it had gathered up of its mighty internal propensity. Thus her depths as the OS and the mystery of Time, when unified with that Seed as the Unseen Fire from the Heights...

...gave unto Merope all the

fervour she needed to set her infinity revolving greater than ever. Piercing more and more the intensity of that mighty black mountain, which held the mystery of all TIME, and the opening up of her cosmic consciousness.

Thus here more than ever, she knew it was a world where the Sun never sets, the world of internal reckoning; the mighty world of immortality where all light was born out of that swiftly moving Sea of Fire. The ever revolving status of infinity, which would leave its glories in the 'seventh' as the beauty of the Central Sun.

THE TRUE INITIATE

NOW ariel born, he seeks of Divinity to lead him on, upon that unseen Path of the Initiate; for he is touching a world that man has never trod before, the world of the Mind, the mystery of Outer Space, and yet the innermost glory of his internal being. Oh go forth, thou gallant warrior, with steadfast tread, for thou art truly a MAN, and will soon perceive the peaks of Paradise, and sup with Divinity by the crystal Waters that flow from the depths of the Source. (See text on page 4, col. 5).

Where a revolving mirror ever revealed the glories of the past. Those that now could be spun up into the higher glories of the Plane of divine mind propensity, that of the cosmic consciousness.

For there above her head was a mighty EYE, with the pupil like a vast sea, coming forth from which was the Argo in full sail, seeking to change the course of the Beam. Then as Merope came back from her intensified wandering she knew it was the awakening Norm opening up to its different states of consciousness.

Worlds of many forms of glory, offering to the world of lost beliefs, glories and wonders untold, where wealth that had never been touched before could now come forth and declare of many things which would astound the soul and change the course of belief. For who but the Egyptians gained the wealth of Plane after Plane of descent, where mysteries were entered into creation by that mighty MIND, which is now merely flesh and bones, oil wells and dams.

Yet whose intentions were of creation, but intensified glory of the mind; a creation of glorified beauty that could have brought all into intensified wonder. For the Mighty MIND had vast intentions for this creature called man, but whose means of 'record' only resulted in pillars of hieroglyphics which have never really been truly delineated. Hence

mighty wealth has now been sacrificed to the waters until man can raise his sensitivity and search for those long lost glories.

The Metabolism of the Inner Bodies

BUT this now was Merope's intention, through the intensified path of Relativity, going forth on the Ariel flight of Outer World Space, to capture the glory of those Planes and bring them down to earth. Then she can help the world to understand more

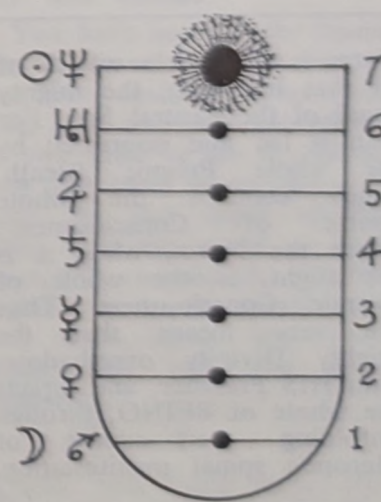

the soul, meant that each Plane was feeding and controlling those Pranas. Each Chakra has correlation with a Plane, hence the activity of every Chakra is equal to the Plane it is attached to. This brings all back to what we have ever stated,—making the NORM equal to the Source and that of the Central Sun; thus would receive its Power and supply from that Plane itself. Thus equal in Relativity but an Octave differentiated; so that an expansion would be similar in correlation, except that the lower is of Water and the higher of Fire, resulting in the Air of the MIND.

Yet all have the power of HERE and NOW, being merely Planes of expression in heights and depths. While higher still, would be a state of Cosmic Consciousness, that equal to the higher Ethers.

Then there before Merope stood Kali enveloped in flames, with a sun just above her head like an Auric presence. This being the polarity of Merope herself, she being as the Augoides Ochema of the Cosmos. The ever transmuted Kali states of the labourer in the depths, ever feeding the divine luminous radiation of the EGO, the ever effulgent lustrous self, with the pure glory gained from its service and experiences.

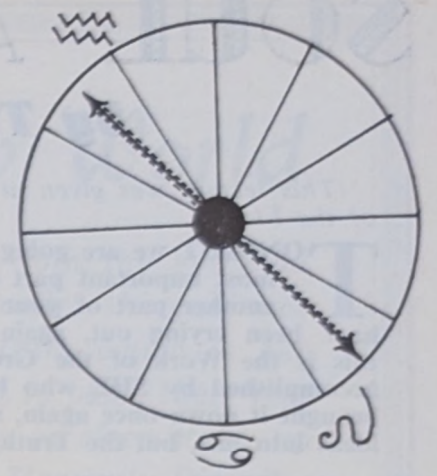

Thus the inner Robe of the soul as a ray-like light, being as that of the Source, pure and unmixed, with the full glory of divinity. Thus as the Augoides of the Cosmos, would be as the divine illuminative belief of the transcending rebirth derived from the higher Ethers. Yet that which cannot be communed with by a hierophant who is with a touch of mortal passion. Hence as the Norm, declares of the wonders of the glorious Sun, as the namesake of its beauty.

Thus here we explain away the glory of the Norm, with the lesser corresponding with each Chakra. With Mars as the equal 'correspondence' of the Moon in the lowest Chakra, where the inter-union "spits" the Spiritus Air into birth as the fiery apparatus of the mind.

The answer to why woman has difficulty in raising her Kundalini Fire, for she is of the magnetic fire, the sulphuric density of the OS. She makes her way by the struggle for love, to help her raise her fire up out of the depths. Thus climbs up the ionized creation to find that she has obtained of her glorious Robe through the struggle she has put into operation.

Thus here we find the building up of the Cosmic Consciousness, through the awakening of the gods in the meninges. Hence the stereohelic Blue-print of combustible oxygenic frequency, whereby the soul in reaching this degree of change would, through raising up their mind to the Vega Plane, be able to transmute the incoming pure oxygen into Fire, through the ionizing of the Poles. (See diagram in col. 5).

That which fructifies the Seed and brings forth its internal glory unto the raised up Augoides Ochema. The collective cosmic consciousness which brings the Norm into becoming alight, through bringing into birth the divine Robe of the luminous self. The divine Ego now brought into divine manifestation through the Augoides Ochema from the starry heights, and the OS struggle of the depths.

Then the Robe that finally comes into birth as the Pneuma Christou glory. That which resides in the haemoglobin of the blood, to radiate forth as the divine auric glory of the soul. Yet that which by the ionizing of the Poles, would bring immortality into birth, and the NORM would radiate with light.

Thus here we see the mighty glory that every soul, awakened to truth through the risen up sensitivity, struggles to bring into birth as the glory of the divine soul. Realising that the real answer lies in the feeding of the Cosmos with glory; that by reburnishing the Heavens, the whole of the Galactical glory is raised up onto a higher Plane of comprehension. Where soul awakens and seeks with all his driving will to get activity moving at all costs.

For it is not only soul inertia that has to be met, but the Gryphons that come into being as any new plan is placed onto the maelstrom, to let in the glory of the new Law. For Cosmical expansion is a dynamic course for that capturing to drive into place. Where everything, soul and Nation, is led and organised into a new impending Law. That which eventually leads the soul up onto another plane of contention, driving the wheel of Evolution. Only by this driving on and on, can Nations unfold and grow, bringing more and more into action the unseen glory of the mystical world of Outer Space. Whereby the Source gives forth with unending rapidity the internal glory of its being.

The Inborn World of Service

FOR Merope now is drawing mighty wealth direct from the Source, as in having raised up her own Source unto those heights of untold magnitude, she is able to bring forth that which would have to pass through many channels before the true inner depths were reached. By this, the whole of the Cosmic unborn reality becomes the Reality of truth and light. Streaming its purified air down into the darkness of the depths, driving all up into glorified unfolded beauty.

IT IS BY SUCH THAT MEROPE IS ABLE TO GIVE REBIRTH TO THE WHOLE OF THE LIVING CONSCIOUSNESS, WHEREBY UNSEEN GLORY IS ABLE TO BLOSSOM FORTH FROM THAT DEPTH OF UNKNOWN BIRTH.

SOUL AND ITS INTERNAL WEALTH

by The Lord of the Flame

(This lecture was given at the S.U.P.H., on Wednesday, 24th January, 1968 by the Lord of the Flame).

TONIGHT we are going to show you how the cauda-equina, the tail of your spine, is a most important part of your anatomy, and how its action is directly connected with another part of your body. This is the seat of the Great Fire which many prophets have been crying out, again and again, would destroy the world; but this is not so, for this is the Work of the Great Cosmos; it is the Great Rebirth, and it could only be accomplished by SHE who brought the Fire down at the beginning of Time, and who has brought it down once again, as the Holy Fire. Now remember that we do not bring religious ideas into this, but the Truth, and that is most important.

The Divine Fires of Life

NOW those of you who have studied anatomy, will know that the maters of the brain are not only to be found in the head, but can also be seen in the cauda-equina, at the end of the spine. Therefore when I tell you that the cauda-equina is the tail of the brain, and the maters in the base are the roots of the lotus up in the brain, you will quite easily be able to understand why.

You will see from this plate

that the fibres go up underneath the brain, right up into the top of the brain, where they link with the maters in the heights. So it is the roots of the brain that are in the base of your spine, which set all the heights agog.

UNLESS YOU GET THAT 'FIRE' RISING UP FROM DEPTHS TO HEIGHTS, YOU WILL NEVER GET YOUR 'SPIRIT' INTO BIRTH.

This is the length between the depths and the heights; the interblending and the union that has to take place between the 'him' and the 'her.' In the same way that an animal obtains balance by its tail, so do you obtain balance from the end of your spine.

Cosmic Consciousness

Concluded from page 5

For when it is realised that man and Macrocosm move together, it will more clearly be seen of how these mighty depths are unfolded. Of how the Scapegoat with an inner body of Augoides Ochema, could move the whole of being in one mighty sweep. Turning the tide of the whole of creation, bringing the whole course of being onto another manifestation of rebirth. Bringing a world of lunar tendency onto the course of Solar expansion, opening up the Plane of the Mind. Although this was known by all the Mystics, none but Merope ever had the courage to put it into operation. For it meant that she would be fired by the Elemental Powers of the greater Heavenly resources, completely changing the whole course of life, if she could survive the issue.

This Merope put into operation, that the Seed of Life could be saved; thus took the whole of the Cosmic rebirth through the internal course of her blood. Forcing the issue through her own channel of expansion, turning the world round and round through revolving the whole issue of her spinal column. For the

Now that is where you get all this 'agitation,' down in your seminal waters. The horses represent the 'fire,' and (See plate in cols. 3 & 4)

there you see Cetus, the lower desires, trying to capture them; these are what you have to fight, so you want to know how you are going to do this, because this is the 'new turn' that is coming with the installation of the New World. When Cetus has been mastered, there will be a rising up of 'spiritus air' up the spine.

The males do not know the value of their 'fire,' and how well-fledged they are, with all that glorious wealth pouring through them, as rich as the Great Heaven itself.

The medical world does not want to accept this, and plenty of others do not, because it is going to uncover and strip them for what they are.

All the way through your Holy Book the great prophets were trying to bring this truth home to the Hebrews, but they did not want to know, and it was they who put it down into the depths, down the pit.

Now Woman is the one who has got to feed man and get him raised up, and capture his sperm waters through the mind. For it is only Woman now, in her raised-up glory, who can bring all this Wealth to mankind, for she has been through all the experiences of life.

Woman now has to learn a great deal. She has to raise up her man and seek to bring him into glorious mind unfoldment; because if she does that, then he will sperm her with 'mind-

Norm is the whole wealth of all that has been, the mighty equal of the Central Sun. For man is fed and nourished by the whole Prismic Breath, which contains the whole course of Consciousness; hence the Norm, when it is set alight, is the whole of Cosmic Consciousness. Thus the very means that the mighty Divinity overshadows with HIS Presence, and directs the whole of BEING, through unfolding the course of Merope's spinal manifestation.

A life of service that warrants the inbirth of that soul into the glory of the mighty World of the inborn World of God-life. A Glory completely unknown to man, and only partly perceived by the highest of unfolded Divinities. For it takes the whole of BEING into its compass, and unifies the soul into its vibration of light; for it is the LIGHT of the World and overshadows the whole of Creation.

As Merope so beheld, it was as though a hand reached up from her radiating NORM, and as it did so, another hand appeared above it, holding a pink rose. Then the hand from the NORM took the rose and drew it back down into the Norm centre. For by such depths of thought, LOVE had

light.' She does not want 'raw fire,' she wants to be spermated by man's raised-up mind, which is represented in the Egyptian wisdom by the Uraeus coming out of the head.

MAN WILL LEARN TO SPERM WOMAN WITH

THE MYSTERY OF THE SEMINAL WATERS

(See text in col. 2)

been born, and became the entire radiating centre of Creation, the divine glory of being. For Merope at last had been able to release the fetters of Time, those created by the personality states of desire and the evil machinations of men.

For by her sufferings and her struggles to reveal the true meaning of life, she had changed the whole context of life, and awakened every NORM to its real and holy purpose of existence. Every Law and vibration of Human intent was now the unfolding glory of heavenly gravitation. With every soul being newly born, becoming nearer and nearer to the plan and prototype set for the future Race of elevated souls of Vega.

FOR AT LAST, THE REAL AND TRUE GLORY OF LOVE HAD MADE ITSELF MANIFEST IN THE WORLD OF MEN. BRINGING ITS SINE RISEN UP TO TOUCHING THE OUTER FRINGES OF THE MIGHTY RADIATIONS FROM THE CENTRAL SUN, WHICH WAS MAKING ITS WAY BY THE LAW OF ATTRACTION, TO ENCOMPASSING IT WITHIN ITS MIGHTY GRASP OF UNIFICATION.

WISDOM, AND THEN THEY WILL 'DANCE THE WISDOM' TOGETHER. THIS WILL HELP THEM BOTH TO BECOME BLENDED UP WITHIN, IN MARITAL EMBRACE IN THEIR OWN BEING, AND THEN EACH SOUL WILL HAVE THEIR OWN WATER-POT FILLED WITH 'LIGHT.'

But it is now most essential for woman to raise herself up and go right up to the heights; no longer staying down in the base, but by the ariel flight, bringing into birth the 'golden-haired child.'

Every woman is a Virgin Mary, and she is going to bring into birth the 'immaculate conception.' Then she is

IS NOW BLENDED WITH ME. MEROPE AND I ARE ONE. IF YOU SEE US AS FORM, OF COURSE YOU WILL NEVER UNDERSTAND THIS. YOU HAVE TO SEE EVEN MEROPE AS VIBRATION.

I have told many of you to build up a vision of The Flame; you can do this in whatever form you like, but if you build it up in the form of Hermes to begin with, this will give you a better understanding of the idea. The last building-up of the Divinity by man was as Hermes, but do not see the Divinity in any way as built up by religion.

IT WAS MEROPE WHO BUILT HIM UP AS THE GREAT FLAME. WITHIN YOURSELF IT IS THE RAISING OF THE EAGLE, WHICH IS THE FIRST RAISING UP OF THE SCORPIO FIRES.

I AM THE EAGLE. I stay on top of Merope's Arc. I am a part of THE GREAT FLAME. I am Merope's Divinity. I am her Jesse's Rod, and thus I overshadow Merope, and nurture Merope.

Secret of the Winged Mind

NOW let us look at a plate of a Centaur. Perhaps you (See plate on page 7)

can gather from this some understanding of the two ends of the spine; the upper part to become the man, and the other part, the tail, in which there is all the wealth of the animal, that has to be mastered and transmuted by the soul. Then the Norm will open up wide, and he will be able to look right up through the Void.

I have explained to you of the aura that is over the head, whereby the soul can look up to the Divinity, but that can only come about when there is a building up of the Mind.

This is where you must break down the rock of Saturn, where the mind only sees in a Saturn way, instead of perceiving the Royal Divinity, the freedom of the divinity. The soul only perceiving through convention, through the dogma and ritual of religion.

AS SOON AS YOU CAN SEE WITH THE FREEDOM OF YOUR MIND, THEN YOU WILL DISSOLVE THE SATURN STATE, AND THERE WILL BE A DANCING UP AND DOWN YOUR SPINE.

But to do this, the soul must be prepared to wing his 'fires' upwards, and as Perseus the warrior, cut off the head of the Medusa, that of the desires which are holding him to the base. The heroes of the past,—through what was driven right down into that base,—had to go right down into those depths to capture of this wealth.

This was where Perseus held around himself his Cloak of

going to dance up and down the spine, and up to the heights, carrying the 'babe' right up to her lord, for she is going to supplement the wealth of her lord.

EVERY TIME SHE SEES A NEW POINT OF DIVINITY, SHE THEN WILL BRING INTO BIRTH THE GOLDEN-HAIRED CHILD.

But at the present, woman is being surrounded merely with man's swirling lower waters, instead of being fed with the 'fire' which she needs, and this is what Merope has to battle with. But this is the plight of the poor feminine principle within your own being.

WHAT YOU HAVE TO DO IS TO MARRY UP YOUR DEPTHS WITH YOUR HEIGHTS, IN THE SAME WAY AS MEROPE

Invulnerability, as he descended to the depths and met the three witches, the three old graeae. These were the three maters, from whom Perseus stole their 'one eye,' their vision; because they had all the wealth down there.

This is where you go 'down south,' and are prepared to delve into any depths to find out this wisdom. As you master these depths, so will you be able to fly right up into the heavens, into the glories of the Sun. This means that you can dance up and down in the Arc of your mind, from the Norm; and from the top of the spine to the base.

This is the raised-up glory of your 'fire,' and you are going to wing it right up to the heights, in the meninges; building the infinity between your Norm and your Solar-beam. If you can raise it up to the Central Sun in its glory, then indeed you are going to be over-shadowed by The Divine Presence.

The Spiritual Marriage of Perfection

NOW here we have a plate of the Planisphere of the

(See plate on page 11)

Heavens, showing the two Colures. The first Colure is that of the Ecliptic, where you see the deep line running right the way round the Signs. The dotted line, which is the second Colure, is the Path of the Initiate; the Equatorial Path.

Well now, the Initiate's Path is the path for every soul in the future. This is the New World, and those who refuse to walk the Initiate's Path will, I am afraid, be thrown into the Stream and lost. Here is the mystery of the 144,000; that of your 144,000 intercalaries built up within the astrological chart.

Merope has been studying and working things out very diligently, and we have been working through her. So now we will show you of what you should do; but you will only do this after you have embraced the heights and depths, bringing the 'spiritual marriage' within your own being; otherwise you will just be 'on fire' and separated, with no mind; then you will be turning in the wrong direction, to all those things you have no right to do, because they will be building up 'false fire.'

YOU NOW HAVE TO BUILD UP WITH THE 'FIRE OF THE SPIRIT,' SO THAT YOU BECOME SPIRITUALLY BORN; YOU BECOME OF THE MIND.

NOW in the Sign of Taurus you see ORION, the Glorious One; the Constellation built up by those in the past who realised that there was going to be a glorious building up of the Spirit by the mastery of the Elements. This would be by mastering the Signs of the Ecliptic: everybody has these within them by now, and every soul is now filled up with the Fire. So what you have to do, is to bring all this wealth to 'light' and become 'the light of the world.'

Every man has got to be a Christ; every man is a Christ unto himself. All men have got to become as the 'light of the world' until the World becomes born of the Transcendental Glory, as the Great Cosmic Consciousness.

What is being portrayed here is the mastering of the elements within yourself; and this is the first thing you have got to get into your mind, whereby you will say "I have now got

to become as the Light of the World"; the Light of the Mind; the understanding of Truth.

Because those of the past, the Hebrews, discarded this knowledge, it went down into the 'southern quarter,' right down into the 'pit,' the depths.

Merope raised the Spirit up, and made HIM the GREAT FLAME, which brought about the 'changes' that are taking place today. Oh yes! Merope has done it, and many realise what she has done. That is why Merope is never allowed outside, so she stays in here so that nobody can get at her.

WHAT you have to do is to master the SEA MONSTER, because you will find that this Equatorial creature goes right through all the Signs. You have to master the 'monster of desires.' That is

A CENTAUR

(See text on page 6, col. 5)

why the 'group' have been put onto a special diet, so that they can learn the lesson of mastering themselves.

Master thought, and then you have your mind started, otherwise you are filled with all the 'waters of the depths'; the mind sodden with lower desires. Only when you are no longer held as a 'slave to the beast,' are you going to realise the wonders of being 'free.' Then you can order yourself around, say what you want to do, what you are going to do, and how you are going to do it.

NOW you see that the dotted line (the Equatorial) passes through the head of CETUS. So you have to blend up the two lines of the Atomic and the Magnetic, that you can become electrified whereby you will be able to 'catch the fish out of the waters.' Because it is Cetus that eats up the 'fish,' the Word, and leaves you bereft. This would be the Southern Fish, the Southern Star.

THEN if you look at TOPHIUCHUS you will see the great Serpent Holder who has to wrestle with the 'serpent fire.' So you are going to wrestle with your serpent fires, because you realise how important they are, and how you want to get them up to your

Initiates of the New World

ALL genuine and earnest seekers can now join the spiritual pilgrimage up to the plane of initiation, under the guidance of Mrs. Spearman-Cook; for on June 12th, which is her own birthday, she will lead all who are prepared to place their feet upon the "new earth" of Vega, by taking them in sleep-state, up to this mighty plane, to be blessed by the Great Heavenly Divinity. All who wish to be included, write now and let us know, and then prepare themselves by the cleansing of the diet, and the raising up of the mind. Then in the July issue, a recording of the journey, which is always remembered by Mrs. Spearman-Cook, will be made the leading article in the Gazette.

This definitely deals with Jacob, and the 'mound' he laid his head upon, for he had suddenly built up a belief. The soul would not get it up there, unless he had built up a belief; but you must get it 'across the eighth house,' because, if you don't, it goes down the pit.

YOU WILL ONLY GET IT ACROSS THE EIGHTH IF YOU MAKE IT 'ROYAL,' WITH ZEST, ZEAL AND PURPOSE. SO THIS IS THE BALANCE YOU HAVE TO FIND AS YOU RAISE EVERYTHING UP TO THE SEVENTH.

Many souls get up into the seventh house, but they never move out of it, because they will not 'change their heart.' They will not recognise the new Divine Law; they are everlastingly going back on themselves, going back to the old law.

THE next thing you have to find is the 'wealth of the virgin.' You are now going to raise all that 'corn' which she holds, up to the true wealth of the VIRGIN; and this is what is now going to take place upon the New Journey.

She is now unified with her lord, and earnestly wants to go up as the positive side of everything, the glory of the mind; for she now has to find her 'true wealth.'

You have never really found the wealth of the mind yet; it has never really been revealed. You have only seen everything as you want to see it, and so now you have to try and perceive the real depth of the mind. You can never go high enough in your beliefs, and the higher you do, the greater will you draw down into your being, and raise up your frequency.

NOW you must make the journey of the ship of life, the ARGO, in which you go out onto the Waters; and this is very very important. You are now going to pierce the HYDRA, the risen-up Kundalini fire, whereby the Serpent can start to swallow his own tail, and you get a revolving from heights to depths of your 'infinity.' This is what you want, so that you are everlastingly feeding yourself with your own inner fires of life.

You will go on breathing and drawing down the Breath, turning it into wisdom and light; dancing with it, and trying to 'live it.' Then the Serpent will swallow his own tail, because you will go out continually in the Argo onto the Waters, which are the experiences of life. You will go 'down south,' learning to master conditions, and you will bring back the wealth of your mastery.

This is why Merope has

reached the heights she has done; for she has been able to master these states. They really have not run away with Merope, although she has been 'floundered' here and there by the vibrations of others.

WHAT you are going to bring into birth now is not the dog as the Canis Major, but the CANIS MINOR; PROCYON the higher mind. You are going to bring the wealth of the higher mind as light, flooding the heights and depths.

The dog which you see there, flapping his tail around, has the tail of logical thinking; being the lower mind Sirius, which man has been guided by in the past as he went out in the boat. But now you are going to be guided by the higher mind, the proud Procyon, the great 'light of the heavens,' and you will seek to bring that royal divine light into birth.

Now this is all due to the great wealth that is within you, because Procyon is your wealth from the past; it is the 'light' which you built up in your higher mind that is crying out for mercy, crying out to you to get down to obtaining some wealth whereby it can expand. But if you are only going to feed it with all the 'desires,' and of the lower understanding, it will not be very long before you find yourself 'splitting in two.'

If you want to get your mind nicely balanced and blended up, then look to the higher wisdom, and when you raise it in aspiration up to Procyon, he will go on sending you down 'drip after drip of new thought.'

In this way you will start getting your wealth back; then you will 'fire your tail' by drawing in the Breath, and sending your 'fire' up to the heights; consequently, with a complete revolving of all your faculties, you will be a dancing Christ within your own being. You will be 'a whole world,' a 'whole radiance of the Solar Lord' within your own being; no false fire, but the 'fire of the spirit.'

Many are seeking of this wealth through the taking of drugs, but they will never receive what I am telling you about, because that is only the back-side of the picture.

I AM GIVING IT TO YOU AS SPIRIT; AND THROUGH A MIND THAT IS DANCING WITH THE ZEAL OF THE SPIRIT; ONE WHO HAS WILLINGLY FOREGONE AND

Continued on page 14

mind, whereby the whole of your spine is dancing.

You will notice that the Equatorial line passes through one of the pans of Libra, the Balance, for it is in the seventh house that balance has to be found.

Here is an Egyptian plate

which shows you the CRAB, and is also representative of the Scorpion; the two Water Signs. There you see the creature trying to take away what they call the 'circular altar.'

As soon as you are able to get anything raised up that Ecliptic, and into the seventh house, you then have to start thinking and finding a divine thought. It is no good you just raising it up as 'fire' or as 'knowledge'; it has got to be done with 'royal belief,' slowly going up all the way to the heights so that you can raise it up to the 'divinity.'

Reminiscences

Space, the heavenly Glories of the Divinities. While the moon, the present bauble toy of America and Russia, the full extension of their frequency, is a creation of the past, and no longer a World of tangible existence; merely the past vibration of the present Earth, before it became. Just a lunar fallacy existing in the mind of man as the desire body of humid sensation, the Globe in existence as the earth, before the unfolding genealogical creations changed its dimension from the Second unto the Third. Yet a memory of the past which ever lingers in the Maelstrom Waters as the magnetic states of the earth void. Thus this is the Whale Moby Dick, that Ahab is trying to catch, for it bit off his leg as he tried to expand; the legs being the expansion of every soul.

The Progressive Influence of the Heavenly Powers

MY present purpose of improving this, lies in America's present tragedy, and which to the gross and non-sensitive, well salted with form, will be intangible, and lacking in true substance. But my answer to that, is that vibrations, sensitivity and frequency, are not felt by the gross earthy soul, but belong to the inner-most soul, the World of mind and creative belief.

Not to the bestial creation of desire, centred around flesh and bone, the sensory glory of the animal mind, but the unfolding Spirit seeking expansion, that it can rise up, back again to its rightful propensity. Therefore, since the latter is the Real Man, it must at all costs be given the true prominence of progressive life, which the World at the present is evolving into, whether man likes it or not, or believes it or not.

At the present, man is an object of growth, well below his status of true conscious awareness, for the progressive influences these mighty heavenly Powers have been seeking to establish in the mind of man, have been sadly mis-directed. What should have been an inflowing Grace of Hydroxyl Breath, feeding man with Ultra wisdom, has merely turned into destructive atomic revelry, losing all status of proportion.

For years now, America has been slowly retrograding under her status of false scientific fallacy, which gradually became the mad unbalanced propaganda of the money sharks. Those seeking to create a dynamic business world around a robot immensity of financial racketeering tycoons. A status born of lunar created atomic missiles, immense absurdities of Space travel to the so-called moon, besides fantastic stories in newspaper trash and wild television series, to burn and rot the minds of young children, in order to swell their bloated coffers.

Utter madness created out of the lower Neptunian world of drink and drug ridden artifice. Yet scientific minds, enormous in their possibility, now born into a giant-like state of bandied figures, that have mounted up to a Kilimanjaro. To a soul with a risen up sensitised mind that can fathom these truths by casting off of the earthy, it is a diabolical orgy of lunar retrogression.

Here we incorporate the Beatles, who have badly retrogressed in Transcendental jiggery pokery, by taking this mighty wealth back into the arms of antiquated Hinduism. That which has fulfilled its

(See plate on this page) day, and never brought a LIGHT into birth, resulting in

THE END OF A LUNAR FALLACY

THE MOMENT HAS COME THAT I HAVE BEEN patiently waiting for, to prove to the World that man is not really consistent of flesh and bone, missile and atomic warfare, but a soul of mind and spirit that belongs to a Great World of Heavenly Glory, from whence his inner consistency belongs. A being born from the heavens, and to these heights must return, when this being of geneolithic existence proves his right to do so. That is, able to free himself by MIND expansion, from the depths that gave him the power to become. And that furthermore, Earth, as it is, is the only solid substance in existence, it being the basic of vibronic ratio; therefore no solid objects are up in the World of Outer

Space, the heavenly Glories of the Divinities. While the moon, the present bauble toy of America and Russia, the full extension of their frequency, is a creation of the past, and no longer a World of tangible existence; merely the past vibration of the present Earth, before it became. Just a lunar fallacy existing in the mind of man as the desire body of humid sensation, the Globe in existence as the earth, before the unfolding genealogical creations changed its dimension from the Second unto the Third. Thus this is the Whale Moby Dick, that Ahab is trying to catch, for it bit off his leg as he tried to expand; the legs being the expansion of every soul.

their poverty stricken state.

But they foolish enough to allow a false puffed up so-called guru, to eat up their young life-blood, stoning them into calcified false ideas, of an easy way to make their way back to Nirvana. That they, in a comparatively short time, can be trained to aid and raise the world up by spiritual aspiration! At least, thank God that Ringo Starr, the occult one out of the four, had the courage to escape, before the antiquated vibrations of India got into the marrow of his bones.

This I literally mean, for it is our bones that are filled with magnetic fire; that which I have shed, and am now awaiting the Solar inflow to bring me to an immortal being,—as long as I can keep out of the clutches of the medical world. For "good-bye Merope" if they in their blindness fill me with B.12, false cobalt chemical, killing off every bit of sensitivity I own.

I intend to get back to what I defaulted by avidya, the only way possible, by drawing down the Elements from Outer Space, and building up a mind creation that will take me back home. But unlike the Beatles, what I am doing, I do as a Scapegoat, clearing the way for every progressive being to find a clear field lined with key and wisdom, for them to renounce the magnetic and embrace the Solar, and become reborn through the risen up vibrations of the new-born Planes of Vega Life.

With Russia, a world of mighty mystery, killing off her able Seed, by selling her dynamic wealth to an atomic fallacy, built up as a competition wrought by a jangled state of pride and fury. For some considerable time I have known that these backward trends of imaginary scientific towers of babel, would court the lash of the boomerang sooner or later.

Thus, on Sunday the 17th day of March 1968, a meeting of dynamic size and power was arranged at Trafalgar Square by the zealous fired crowd of indignant-minded souls, whereby I knew the hour had come for the breaking of the bubble that had been swelling up for some time.

Their intent was to present to the American Embassy a petition against the evils of their unwarranted entry into Vietnam. As well as the ruthless murderous strategy of their war against a defenceless people, fired and supplied with diabolical weapons by their racketeering tycoons of big business.

But they never perceived what I knew, that America was slowly and surely walking into her OWN destruction. For she has been retrograding

into the past lunar states by her missile and earthy mind beliefs, fed and sponsored by big business. But a slide that was deep and treacherous, losing the power of the Gods who could have helped them to maintain, if they had only sought of the Higher Divinity.

FOR DIVINITY IS THE POWER OF THE SOURCE, AND WITHOUT IT YOU ARE BLIND. BUT THEY CHOSE THE WAY OF LUNAR POWER, OF WHICH THEIR ENORMOUS BLACK RACE CONSISTS, THEREBY GIVING THEM, PARTICULARLY ON THIS OCCASION, ALL THE STRENGTH AND POWER THEY REQUIRED, ONCE A FLARE SET THE PILE ALIGHT.

The Solar Purpose

I AS a Mystic, a Terrestrial Christed One and a Cosmic Scapegoat, whether you believe it or not, was instructed by the Greater Powers, who were just as eager to bring about

an enforced peace, to get the Occult Gazette delivered to those Hydroxyl-salted minds at Trafalgar Square, who intended to ply their powers to bring about a peace status, one way or another. Yet in reality, many waiting patiently to let off their pent up fires, they being in a wild orgy state of lunar-ridden madness through drugs, that could find no expansion. Our instructions were to deliver of our Paper, and get away from the Square at precisely 2.30 p.m., for danger was ahead.

What was being created as an under-current by America, to hold and gain power, would boomerang back upon her, on that day and age. Our work was to draw down Atomic Power of Peace and Strength, that would have given to the genuine, the power to fulfil their mission of Justice to the very full, if lunar anger had not risen high on both sides; that is, in both Police and the peace crusaders.

But man has not yet reached that stage of true Solar balanced perception. Hence the power that Vanessa Redgrave used for her so-called drive, I drove, through the Power of the Higher Forces, from my Rose-Pink Bower. Directing by my thought purpose the intent for Peace in Vietnam; but lunar desires and earthy ridden states of tea, beer, bread and drugs, were too strongly entrenched, and no Pure Atomic Fire could penetrate, to give them the REAL opportunity they were seeking.

TO LEAD SUCH A PURPOSE INTO ACTION SUCH AS THIS, THE SOUL WOULD HAVE TO BE OF THE SOLAR LIGHT, THE UNIFIED HEIGHTS AND DEPTHS OF THE SPIRIT,

AND THIS WAS NOT TO BE FOUND.

So unfortunately the Atomic Power of Holy Fire, that was induced for the occasion, in meeting false drug stimulants, did not harmonise in balanced mind astuteness; thus we saw the results. Many well under drug inflation found an outlet for their pent up minds,—anything to create a form of sensory activity to set their blood coursing in mad delight.

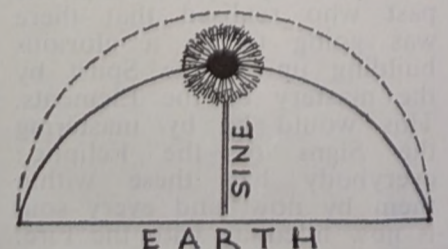

For many gathered there did not gather for the true cause, but for an opportunity to release the pent up state of their drug filled inner bodies. Causal bodies that have become built up to massive Dinosaur states, and some even to the degree of Pterodactyl and Brontosaurus lunar intensity, all seeking the opportunity for fun. But what angered them most, was the fact that they knew that the police gathered there to keep peace and order, were really in sympathy with their purpose, but "had to carry out their job, of a law gone cranky."

But the answer to this was not in what was perceived afterwards in fines, bruises and cracked skulls; hence the courts with their Judges who laddled out their verdicts like pouring out their whiskey, missed the true action to come.

For what was created on that Sabbath in the name of Justice, returned to the maelstrom stratosphere to keep the illusory moon company, by the Law of Magnetic Fulfilment. Thereby shrouding the Earth with anger and hate; yes, and more militant evil to be applied! With America taking the poisoned dart sent forth, and the world seething in an evil under-current for a reprisal.

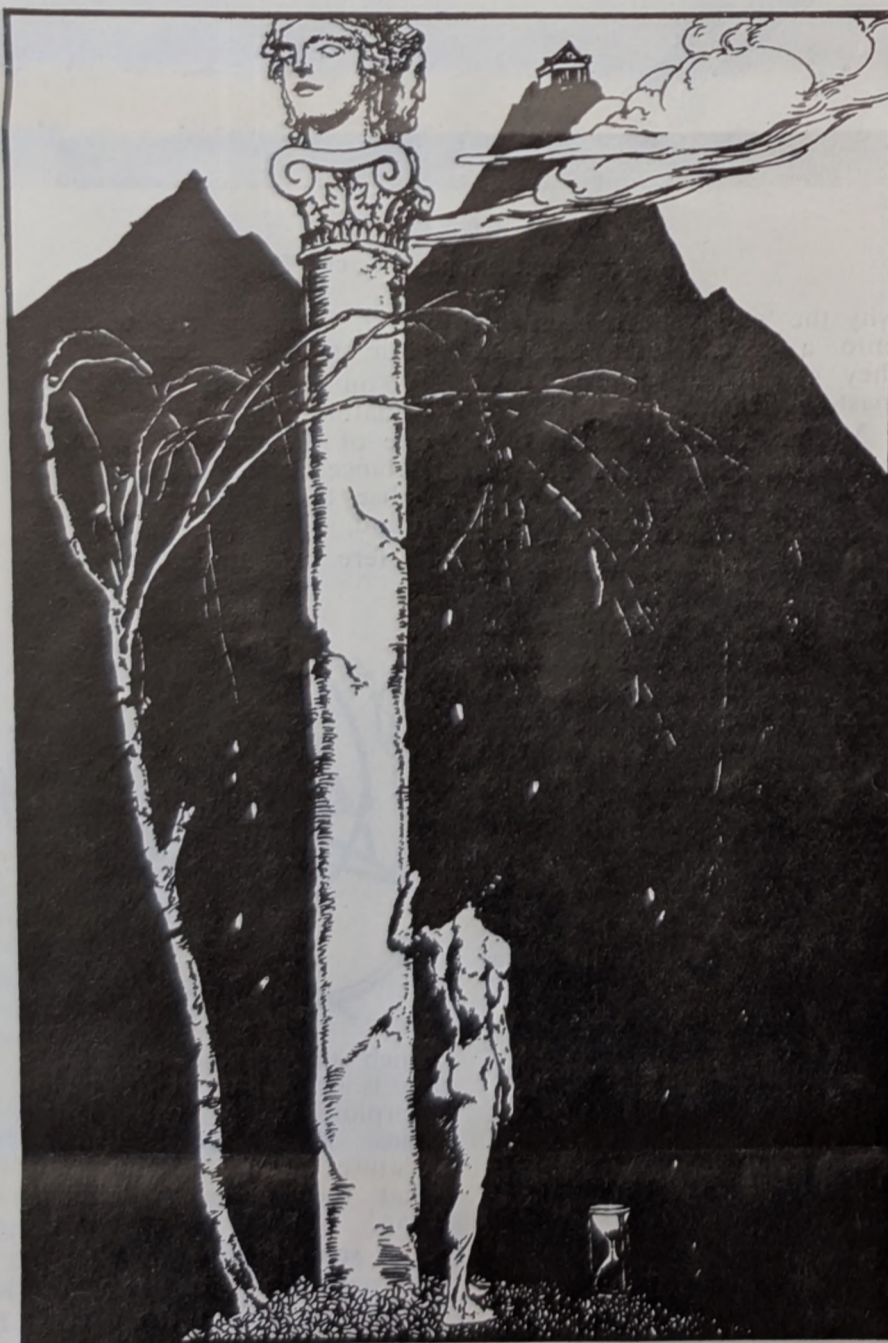

Having brought down the Power, as the Mystic of the Cosmic unification, to blend and bind up the evil about to burst forth, an adjustment had to be made to try to stop the ghastly boomerang that would return to America under her lunar aspirations. For think lunar and you receive lunar, as magnetic states of the earth, and you live in war and poverty.

Only the Solar, which is the true life Power of the Age and which is born of unified wisdom, holds the mystical vibrations ever in action of becoming. Thus became on this occasion through my action, an intensified promulgation of unfolding heights and depths; that ever coming into birth by the unseen Law of Causes. So by the wisdom and instructions I received from those Almighty Divinities—again whether you believe it or not—I raised up the Sine...

...the Arc of the Earth, by earthing the mystical wisdom of what had taken place on that occasion, in the Cosmic Archives of the School of Universal Philosophy.

Thus raising up the vibrations by removing the avidya, or darkness of ignorance, and then mastering the Powers that I had brought down, bringing all into a state of blended unfoldment. But unfortunately they were all mixed up with lunar anger and deceit, as well as the

THE HOUR OF RELATIVITY

THE Seeding of Divinity had passed him by, as he ever looked into the illusion of Time; merely holding to a crumbling pillar of past growth, making no expansion into greater Truths. Now, in only holding to the wisdom of the past, the hour of Relativity had struck, and left him stripped of all; bereft of any Solar garments, the robes of divinity that hold the mystery of the reborn FACE. (See text in col. 1).

negative minds of those who believed in the cause, but still carried out their job of work to prevent it. So that which would have balanced up the approaching tragedy, if the odds of lunar Gryphons had not been so dense, missed its power of purpose.

But unfortunately the raising up of the frequency to try and combat the evil pending, was the means of causing any atomic missiles and even aeroplanes of an intense lunar nature, to lose their status at that time, resulting in dire tragedy through vibrations of such rarified nature.

IN FACT THE WHOLE ALTITUDE WAS ENTIRELY CHANGED, COMPLETELY ALTERING THE VIBRONIC STRUCTURE OF THE EARTH, AND THE ATMOSPHERE AROUND IT.

Introducing the Ordained Activity

AMERICA, instead of taking the cue and bringing her piracy of false stolen glory to an end, whereby she would have turned her face to the Solar Glory of wisdom, stepped further back into the pit of pride. Losing all the wealth gained over all the Ages of time, in her refusal to show the glory of Mercy by calling off a war, that in her heart she knew was wrong.

For Harold Wilson had gone there and warned them, carrying out, unbeknown to himself, the inner voice of the Great Ones; so they had no excuse. By their refusal, what had been an under-current for centuries, now flared up and bellowed forth on the false power her scientific giants had been leading her into.

With her war-scarred youth looking on blindly for help, for they are fighting side by side with their dark-skinned buddies, both forced to shower evil disease and destruction upon a helpless Race of Ancient glories, at the present only buried in a field of dried dust and bones. But the boomerang is nothing more than America deserves, for she has used a country of simple people, who could not really defend themselves against her evil weapons or desires, to work out her spleen with Russia.

This is where we now take off our hat to Harold Wilson, in reverence and pride, for by him carrying out the spiritually inspired instructions of those Heavenly Ones regarding the selling of arms to South Africa, he saved the life of Britannicus. Placing us on the map as the Saviour of the New World, as poor as we may be. Showing the World that it is not power and money we are after, as put into practice in the past by the old autocratic regimes.

But truly wanting to bring the World to peace and re-birth, the ordained Law of those Great Ones. By this action, our Prime Minister was given power to resist the evil of blind criticism of the newspaper propaganda, and the power of drunken fools trying to stab him in the back at critical moments of achievement; in fact he was given the Cloak of Invulnerability.

But for all that, and this applies to ONE AND ALL, it is well to take note of what is happening in America, for while we hold the Powers safe and intact which I have brought into birth, and which belong to the Central Sun, we are safe and can drive the issue to World Peace and Security.

For the Central Sun is the true Cosmic Christ, the giver of life to the Earth. The Mighty Flame of MIND INTELLIGENCIA that has been risen up from out of the Pit of degradation, where He was thrown by orthodox religion. Then placed on a wooden cross to gratify the food and sex-ridden minds of those gorged in false ritual, which in the case of many, has turned to sodomitical pastimes.

I KNOW TO BE TRUE. THE OCCULT GAZETTE IS THE VOICE OF THESE GREAT ONES, AND THEY ARE RESPONSIBLE FOR ITS CIRCULATION.

The Powers of Law and Order

LET man do what he may, but remember there are other boomerangs beside the one now being experienced by America and the coming down

that could help every soul to bring forth of their ancient powers from the past, especially if they study the Word through the Occult Gazette, for then they are helped by the Unseen Powers that are living on the earth through the descent of the "Unidentified Flying Objects."

There is NO need for anyone to be frightened or get alarmed by these Powers; that is, if you are living your life in a proper way. But if

is something man will not do.

You cannot just use fabulous wealth to try and buy your way to heaven, by meditating at the foot of the Ganges, listening to a moth-eaten fake who has his eyes on the coffers, and not the Transcendental Glory!

Of course, someone might try to carry out upon me the prototype applied to Mahatma Gandhi and Dr. Luther King. Well, what if they do? While I am never a fallen Phaeton, the Laws set by the wisdom I have established, will ever remain, as it has been established by decree of the Cosmic LAW.

A Fallen Phaeton is one who falls back on their principles, and do you think I WOULD EVER DO THAT; I leave you to judge me after 32 years of struggle for truth, with no gain, or even at times, without sufficient to help see me through, government grants or otherwise. But this being a part of my test, as to how much I would give of my blood and strength for the truth I believed in.

The True Spiritual Leadership

AS I write this, our mail has just arrived, and in one of the letters from one of our readers, we received an article written in The People, of the 7th of April 1968. This was called, "What I think of the Americans," in an interview between Oriana Fallaci, the Italian woman journalist and Marshal Ky, the strong man of South Vietnam.

As she approached him upon his opinion of America, although they were "so-called" allies, he declared that in his opinion America was fighting the war for selfish colonialist motives, and that he believed he was on the wrong side, as he was not in the least frightened of Socialism, and what the country really needed was a revolution.

This has been my opinion all the way through, but now even moreso, as later on he stated that he was a tragic man, for to be a Vietnamese meant to find oneself in the middle of a war, between two giants or even three, who do not care about you, but use you as cannon fodder, with which to shoot other people.

This now is quite obvious to all, for many a newspaper has quoted that as soon as Hanoi declared of possible peace negotiations, big business racketeers rushed to the stock exchanges, and took their money out of armaments. O! to be in England now that Spring is here; Harold Wilson I thank you!

This view of Marshal Ky's, that the country needed a revolution, has always been my emphatic opinion; in fact, the statement from Higher Powers, to it being the only way that these ancient wealth-ridden people, will get stirred out of the mighty powers of the past. Those that they have got themselves buried under as dynamic wealth, which was drawn down by their Temple worship and ceremonial dancing. That which was never sent back as light, and died-in upon them.

As a mystic I know only too well of what this means, and which I have been battling with in the past six years, thus knew what to do with the Powers that were brought down on that memorable Sunday. But it did not stop the boomerang going back to America. So I speak with more authority than anyone else,

THE PEACEMAKER

LOVE is blind at all times, and its purpose can never be seen, for the sowing of the seed is the creation of the deed that will lead to ways sublime. Thus as she is told, does she sow that seed, having firm belief in her Christos Spouse, the mighty FLAME of the Central Sun. For it is her heart that guides the purpose, and will bring all men safely out of the darkness of avidya. (See text on page 12, col. 2).

Yes! Harold Wilson is going to pull through, and see another successful Election, for Harold Wilson was NOT CHOSEN by the people, to be discarded when they so desire, but placed into office by those Great Divinities, to carry out a MIGHTY task requiring honesty and sincerity. He was given the task against the EVILS set up and instilled by the Tory governments over the past decades, and is the only MAN that these Great Powers can trust.

POWERS THAT NOW HAVE COMPLETE CONTROL OF MAN AND THE WORLD, WHETHER I AM HERE OR NOT. THE FACT THAT YOU RIDICULE THIS, GIVES ME GREATER LICENCE TO VOICE WHAT

to earth of the atomic missiles. These are facts of FIRE that are now descending in the form of Hydroxyl Breath, which neither man, scientist, religion and least of all our dear "popey" can counteract or influence in any way whatsoever.

For these are Ether Powers direct from the Source, completely Virgin and uncontaminated, thus full of FIRE and very searching. That which fanatics were crying out against, that they would destroy the Earth. Yes, they would have done, if I had not placed myself as the Scapegoat, that my spinal column could act as an earthing power, for me to direct them through the channel of wisdom.

(See plate on page 10)

Now by wisdom, every man is safe, for these are Powers

you are a Savundra, Bloom, or such like, then they will search you out sometime or another. These Forces have every intent of balancing up the World, and nothing now can stop them, for as man thinks up any devilish trick to ply his skill, they will, through me, think out one ten times greater of a spiritual nature, to counteract it.

For I only have to polarise what has been brought, by enduring the frequency, and the problem is solved. And since I have made frequency with the Central Sun—whether you believe it or not—there is NO further expansion that man can make. Neither can he understand this wisdom, for these mystical truths belong to the sensitised who have sacrificed themselves on the Altar of LOVE and Service, and this

Reminiscences

for the majority have lost this truth occasioned by sensitivity, through having fallen to the charm of form and desire.

I have been declaring for some considerable time that the leaders of America are pirates of the worst type, using their tycoon powers of massive piled up armaments, to work off their spleen of lunar missile competition, off their own territory. But the boomerang says NO! you take back what you have given, this is the LAW now; so England take note of this, and well digest it, for no one now can transgress the LAW and get away with it.

When Oriana Fallaci pressed the point regarding America being his ally, Marshall Ky replied: "Robert Kennedy's type of democracy is laughable to me, exactly the type of democracy which leads to colonialism." While further he added; "I would love to tell him so, if he would only come here himself, and not send his little brother Ted." Then further in his interview he declared he had no admiration or respect for Queen Elizabeth.

Well I can understand him saying this, as it is the sentiment of many; thus as one of her "Dear People," may I offer my opinion that may explain Marshall Ky's reason, and that of many others, for stating this. If the Queen of England would only perceive that her Grandmother, Queen Mary, lived in the restricted conventional period of the past, when man was afraid to speak or act for fear of losing his job, with religion and autocracy holding their demagogical demoralising sway over all, she would realise that it is now impossible to prototype that attitude any further.

For man has grown an independence that has equalled this false virtue of qualities, bringing autocracy down to the level it rightfully deserves,—just a status of money. Also, in the present day fight for truth, with woman emancipated, it would have helped considerably, as the Queen of such a mighty Nation, if she had prototyped her mighty and gallant forebear, Queen Elizabeth the first, and been a leader of a new Cause. Setting a way to true theocratic progress, that these lesser Races could have looked up to, and exemplified, as well as establishing an outstanding example to the world of the real task that was set for England to perform, and quite capable of doing it. Thereby counteracting that so badly carried out under the autocracy of the Edwardian days.

The present day women of England want more than a dress model to lead them in the battle for full-fledged emancipation, that they too can rise up like our good friend Barbara Castle. Thereby assist our Prime Minister in

the task of pulling the world into a balanced status, after so much erroneous ruling of our autocracy and Tory governments of the past.

The Urgency of Divine Expansion

IN a furthering of the interview with Marshal Ky, he declared: "I am against anything which hinders progress and encourages chaos. I do not like the Catholics, while the Communists and the Catholics are very much like one another." As to that final statement, I would not pass my opinion, although I have heard many statements in this direction. But as to the former, I share it an hundredfold.

One has only to fathom into history to perceive of the ghastly murders, rape and atrocities that they committed in the name of God and Christ. Yet in reality looting and stealing right up to their necks to fill up their blood-stained and devil-ridden coffers to the full. A Vatican filled with all the loot that they gained by the murdering and raping of lesser countries, under the name of sacred wars.

With their monastery-trained Mystics placing a status of excommunication upon any they disliked, which is one of the most ghastly experiences that one can experience. It was through counteracting this, that I learnt that the Powers of the Greater Ones were superior. Never forgetting, that what is put into the growth of any society, religion or belief, becomes its blood-stained foundation, unto the end of its days. In fact, its continual infinity or vesica piscis, in ever repeating phases.

For neither Roman Catholicism nor Communism have any REAL true linking with Divinity and Spirit, and neither allow souls under their regime to expand their minds. This in itself being the progression and life blood of the Race, for man is nought else but mind, and with it being denied, you find the cause of the schism that is now prevailing in Roman Catholicism.

While the advocates of Communism, which is only in a pseudo state of unbalanced dictatorial ruling of labour unionism, have yet to learn of the mighty responsibility they have taken on, for they can, if they are not careful, rouse the worst side of the natures of man. Their task is to lead the working classes into true and genuine membership of good craftsmen, that man and master can blend together in harmony and peace. Not ever be at one another's throats for more money and less work, for that only results in the crisis that the country is in, and which followed up the tyrannical overbearing attitude of the monied classes.

Therefore any religions or societies that hold of NO

TRUTH, but just ritual and dogma or domineering control of the most stoning type, are those which the Heavenly Divinities are deliberately weeding out, that true democracy of REAL lasting truth will lead man up to the altar of God, through his own principles and unfolding beliefs of heart growth. And when

country that has been very badly belaboured, first by the Roman Catholics interfering with their religion, and secondly by America using her for the means of financial armament exploitation, speaking with bold outspoken truths, that many of our own leaders could have voiced, if they had the cause of the World at heart.

FOR THEIR ATOMS TO BE RETURNED, THAT THEY CAN DESCEND DOWN TO GAIN OF THEIR EXPERIENCE IN A WORLD OF MATTER, AND LEAVE WITH THE WORLD, TRUTHS CONCERNING THOSE HIGHER PLANES.

But all man is doing, is taking the wealth of descending wisdom, and stoning himself by gorging it merely as knowledge. Refusing to labour and expand it into mind light, thus merely becoming a lotus eater, drunken with intellectualism. All this now has been checked, with man being led into more progressive and spiritual attributes, by the down-pouring Hydroxyl Waters that can bring him to the god-like divinity he should be. That is, if he will only turn to the Occult Wisdom, which will explain the meaning of this Transcendental inflow.

No one can stop this, for this inflow is the Breath and life of every man, of which he must breathe. But now filled with Wisdom and Light, that I Cosmically prototyped. Those who do rebel, will do so at their own cost, for there are underworld pits of darkness where deceased Catholics reside, which are ready and open for such rebellants, for the world is now being ruled by the Higher LAW.

There is one last comment I would like to make, which is solely of constructive criticism, and by one who is fully justified in her bold speaking, being well aware of the Higher Law, and what is going to happen in the immediate future. For if this Reminiscence had only been intended to be destructive, I would not have offered my leading article as the spiritual antidote, which although received under trance, was delivered by those Higher Powers.

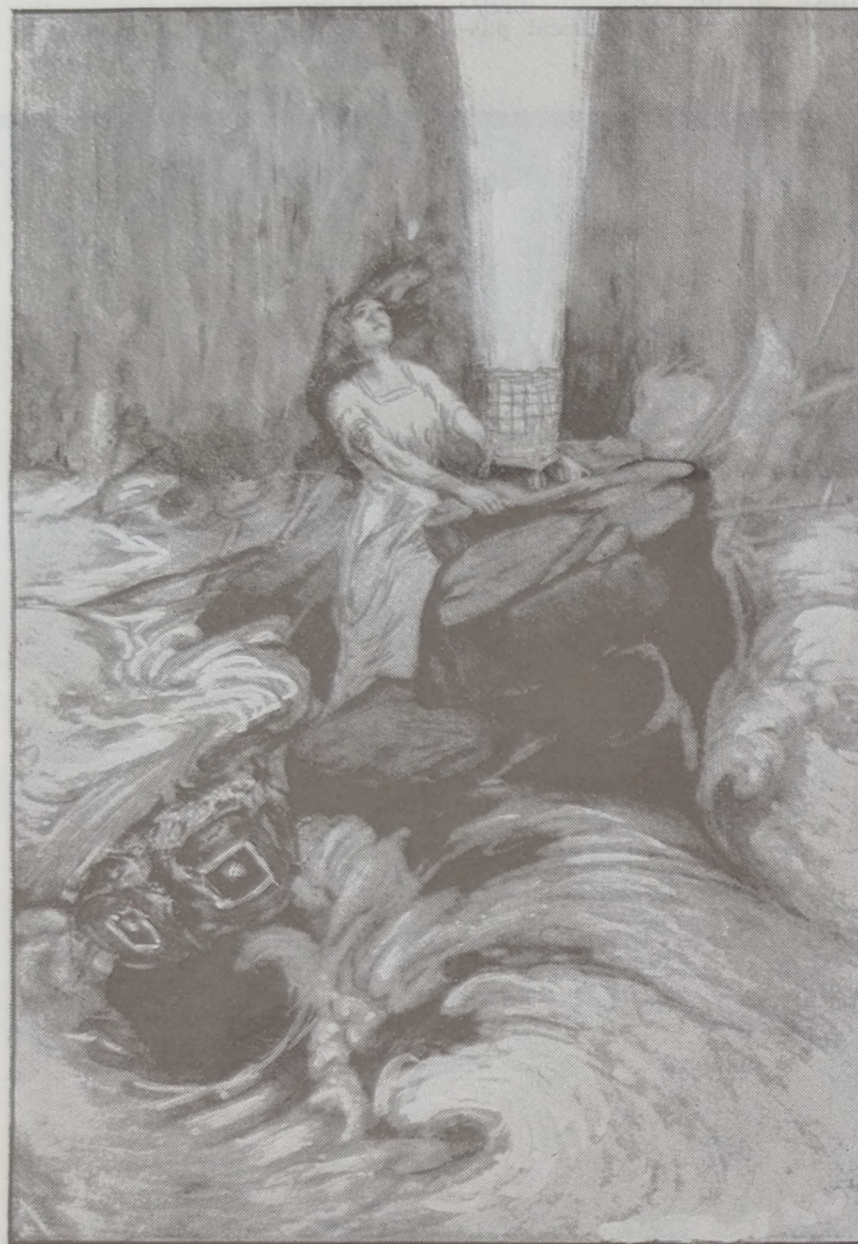

This last statement is to the newspaper The People. To a paper that puts forth some very clear-sighted information, which can put us right on many things of which we cannot get a personal lineup, why do you have to spoil such fine clear thinking, with such filth as strip-tease information. Surely you do not have to do this to sell your paper, when you could be the means of leading man into the right direction.

To see a group of young male life, the holders of the Seed of the Nation, garping with such sex-riddled faces at a woman stripped of her clothes, is in itself a deplorable and unintelligent sight. To think that these men, living under the hypnotism of sex orgy, can and do give life to young souls as innocent babes, the very Race of the future, more fully explains why the Higher Powers are cleaning up the World.

But further still, all these souls could be gods in the making, for they too are feeding at the Breast of Divinity, through the Breath they are breathing, but are taking what they receive, and turning it into the lowest of vibration. There is no denying that they are just animals, creatures of the lowest type, and still being bred from the Cancer marshes. Such as these are on the list of being doomed, as these mighty Powers transform the vibronic resistance of life.

A woman's body is a very beautiful thing in my opinion, especially as the mother of young life, but to degrade it under such lust and decadent desire, is something equal to the lunar fallacy, and the backward step into Hinduism.

MEROPE

AS she wrestled with the powers, she found the surging waters swirling up, throwing her wealth up to her feet in abundance. Thus more and more her fiery will, in determination and Cosmic creation, was driven up to the heights. Thereby righting the wrong of the world, establishing new thought and honesty of purpose, that those great Divinities could manifest their glory in the depths beneath. (See text on page 9, col. 3).

Marshal Ky states that they are blind fanatic adherents to a party, at the cost of individuals and feelings, I feel that he has put it mildly.

For I have had much to do with Roman Catholics, and speak with full authority as unto my opinion, knowing full well the comeback that one has now to take, in making these bold statements if they are not correct; for I am Isotope born, and cannot afford to dislocate the LAW. Many Roman Catholics are making their way into my School to listen to the lectures, to try and awaken their dead minds. While hundreds more are taking the Gazette unbeknown to other people, because the downpouring Waters are stirring their blood into change.

While here we find Marshal Ky, who is considered an antiquated pagan by these so-called righteous belligerents, speaking clear-sighted truths, that the former have not the slightest understanding of. Yet a man who is the leader of a

The Interblending Higher Planes

YES! it is a changing world, far more than you know of, and ere this year is out, much more will be noticed, for I know much that has been prophesied unto me of what the Great Powers are driving into action. But I can assure you of one thing, all that is being done, is for the good of the Race and the Seed, the life blood of continuity. It may appear harsh and against your old fashioned Saturnian ideas, but the world must progress, as Cosmic Unfoldment is the life-blood of existence. If not Quartermass would follow in, and that would be worse than anything man has ever known.

Man would not change of his own accord, so they had to be forced into it, and who can blame those Higher Powers, when we see such mighty evil, intrigue, dishonesty and hypocrisy abound. It had to come to an end, or the world would have been under the throes of scientific giants and medical authorities changing our very organs under the ruling of stipulated law and order.

For they have already done enough damage with drugs, when they could have turned to a wider issue of healing, if they had sought through Solar expansion and not been held by a dictatorial medical board. Why not use herbs the right way, not turn them into drugs because they are a better financial proposition.

The Planisphere of the Heavens

HERE are pictured the heavenly Divinities, created by man all the way down the ages, as he built up and gave life to these mighty powers; whereby now they live within man in the negative, and in the heavens in their royal status of heavenly light. For they are the divine glory, and the powers of re-imburement, and man in only being the reflection, must either bow his knee or climb up the Pole within himself, bringing his frequency to their level. These are the creations as first set by the Hyksos kings, and have ever been added unto by the sages and the prophets, as seen by the stars of the First magnitude. But man in his bestial desires, separated the ecliptic from the equatorial, giving him the fissure of Sylvius. Merope, in perceiving this, and where man was keeping himself limited, united the two colures by the rising of the Fires up to the glory of Neptune. Thus forcing man to accept divinity, uniting his tail with his head, as it swallowed its own OS glories; thereby he rose the three maters up out of the Cancer Waters into the three Graces in the heights, where they watched over the gods as they built their wonders in the arachnoid web of delight. No longer can papalism delude us with false wisdom, for all occult glories have been restored, with their mysteries fathomed and risen up to the heights of the mind, as the glory of the soul's auric divinity. (See text on page 7, col. 1).

POLARISE IT YES! BUT NOT REPEAT IT, FOR IT HAS HAD ITS DAY.

The actual picture of her body is not the point at fault, but the bad influence which will flood all minds that read of the greater and more intellectual articles in the paper. But even such things as this will receive their boomerang, for nothing is going to be spared. Unfortunately while such things are going forth, they are only giving low thoughts and ideas to the young, who have not yet started out on their career of life.

The Solar Reality

I BROUGHT up three sons alone, and my greatest fight was to lead them onto the path of truth, and prevent them placing their feet on the path of destruction. For it is sad to see any man or woman at the end of their road, laden down with karmic evil and disease.

(See plate on this page)

And again I say, whether you believe it or not, that there is continuity, and here I would dare to quote Lewis Carroll's famous lines of the karma-laden soul, regarding the Carpenter and the Walrus.

"If seven maids with seven mops Swept it for half a year, Do you suppose" the Walrus said,

"That they could get it clear?" "I doubt it" said the Carpenter, And shed a bitter tear.

The sands of time that block one's path, and place the soul into captivity. Yet when we see spastics, polio victims, or those blind and even mental, we say, "Poor things," and rush to help them through, as if they were the victims of birth; when in reality they are really meeting, and working out, many wasted Ages of lives.

Has man forgotten all this wonderful literature that teaches him so much, wonderful reading that I revelled in when I was young. Yes! 50 years ago we revered such literature of mind raising beauty, often being set on our feet by it, to seek for yet greater ideals to lead us. To lose all this beauty for a mess of pottage, and with hell waiting round the corner, is unthinkable, and something that the Higher Powers are now working on, to bring the Race back to the god-like beings that they once were. I have touched such beauty that Paul quoted in 2 Cor. v. 2-4, and I know what glories can be experienced in unity with the spirit, the true inner man who came to earth as a divinity, to find expansion and light. That which the drug addicts are trying to find, but cannot under false stimulants that only in time destroy.

THIS SPIRITUAL GLORY WHEN ONCE EXPERIENCED, IS SOMETHING NEVER TO BE FORGOTTEN, FOR YOU LINK WITH WHAT YOU WERE, WHEN A PAST INHABITANT OF THE WORLD OF HEAVENLY LIFE.

As the Divinities flood the earth more and more, walking and living amongst us, just one degree higher in frequency than the maelstrom atmosphere, will they gradually flood the world with influence in keeping with the Hydroxyl Powers, as Breath, coming down from the Higher Ethers. This is why I raised the Planes, with man unconsciously raised up with them, that these

Powers can now walk and live amongst us.

This is not a lunar fallacy but a Solar Reality, and you can blame me for all these changes, for I am the Scapegoat and the wielder of the Power of the Source that a greater and more balanced World can come into being. A World fit for soul-life to come forth and blossom into its god-like status. It is only by man rebelling against the

This is an Age when sacrifices have got to be made, that the true man is born; but then what does the present day man really know of sacrifice; 50 years ago we really knew what it was to be without money, and even the opportunity to earn it. Man now is living in clover; in fact so much so, that unless he is able to own a fleet of cars, he is not satisfied. It will only be the man who awakens and becomes cosmically conscious to the fact that it is mind and mind only that counts, who will now survive, and come out safely.

KALI

WHEN man can behold that the personality is the offending state at all times, he will have found the biggest clue to solving his own problems. For it is she who is ever treading the Orion man into birth, changing the black into white. With the ever revolving past unsolved creations as the mighty chainwork of revolution. Thus the more she learns and overcomes avidya, will she find the mortuary meal to involve these creations, to bring her to a state of oneness with her male spouse, that she can ride high as the virgin Venus-Urania. (See text in col. 1).

ordained changes, that such accidents as are now happening, follow in the train of such unfolding glory.

What the pope failed to do in his false drawing down of so-called unction, I was successful in, and so took over, and am bringing down to the world changes that will stop an ATOM WAR of the direst and vilest creation possible.

(See plate on page 9)

For America and Russia have implements of the most diabolical nature to use against one another, if someone would only give them the opportunity.

SO HAROLD WILSON, GOD BLESS YOU AND MAY THE GREAT ONES EVER FIND THE WAY POSSIBLE TO GUIDE YOU AND LEAD YOU, THAT ENGLAND CAN BECOME THE SAVIOUR AND PROTOTYPE OF THE FUTURE.

HOLD ON WHATEVER YOU DO, FOR YOU ARE OUR ONLY HOPE, AND IT WILL NOT BE LONG BEFORE THE EVIL UNJUST CRITICISM BEING LEVELLED AGAINST YOU, WILL DIE A NATURAL DEATH.

Egyptian Mysteries

Continued from the Back Page

The Flash of Illumination

AS the vertebrae meets this mysterious creation, there is a "little door" that must be passed, and is the wall of heaven which John had to pass through to obtain the vision of the Apocalypse, or where Paul sat with Christ in heavenly places.

It is the golden tube coming up from the root of the earth, reaching up to Mount Hetep, Brahma randhra, the high place of earth, where Moses had revealed to him of the Law. Yet it is also Golgotha the field of skulls or burial place and is the definite link between the mysteries of the spirit and the body when the stone is rolled away, and reveals the Christ raised up.

It is through this narrow channel that the Kundalini fire makes its way through and crosses the bridge between earth and heaven, and sets into motion the quivering of the sensitive tissue surrounding this creative field. As it laps round this creation, it draws forth by its "Spit," the ancient truth which lies there, and is in correspondence with that which the raised up venom is seeking.

As Ra goes forth, he takes up over the sacred bridge, those that will raise the Arc of heaven, for they unite with their Ancestors, and the embrace causes a stir in the heavens as the pineal quivers, and the holy dew as the Shekinah breaks forth in the divine baptism. But it is the breaking through over this bridge, which is the great mystery of life, for here is where the lake of outer darkness exists, and is the fluid in which the pons varolii is bathed and protected by, so that nought but what is due can come forth.

It is this unity that causes the soul to dance with delight, for he knows that the roof of the house has become illuminated by the Northern Lights, and the flashes burst forth as he finishes his task in stinging into unity, swinging forth with his prize, a seed of the past. As he passes over the brain, through the infundibulum, he trickles this onto the pineal and the Seven Rishi of the Pole are stirred.

A quiver as the flash of illumination surges through the whole being as the pituitrin from the pituitary issues forth, and is caught by the wise man in his cup, as the ancient Mysteries are brought forth; the whispering Memnon spoke and was captured as it echoed over the wilderness. The search for the Holy Grail has born fruit.

Now it is necessary for a change of boat, for another voyage begins now, the mysterious journey of the Milky Way. It begins at the 9th house as the Archer poises his arrow, but must make sure that he scores the bull's eye, otherwise Antares stings and is deadly. This part of the journey where creation is accounted for, is the most conspicuous of the inaccessible stream, and in the ritual it is declared that when the boat reaches the starry shore, the mount of heaven is erected in the boat, and is seen here as such. This has linking with the seven steps or ladder which was double in the time of King Pepi.

This is the ladder of Sut, who makes his ascent from Amenta, but also Horus as his ascent to heaven, and is the mystery of the Milky Way as the soul makes its rebirth through its swirling stream. The bark that can ascend the stream depends upon the

Archer, and as he sends forth the quiver from his bow, although it pierces the point, it falls to earth; where he knows not.

But now the soul can make its glorious journey upward in the Argo Navis towards the circumpolar paradise in the Milky Way. This is the cavern of Putrata, where the holy birth is made. Here the manes must spring off as they make their unity with the mind, and become no more. This is the "leaping stone" in which the departed spirits gain their entrance into the other world.

The Eternal City of Salvation

MANY legends are associated with this mysterious part of life, and one where the dead rise up from under the Altar, and are made whole in the 144,000 to be saved. You get the leap from the Leucadian Rock, and the black unfathomable gulf in the Klond, or the Dinga Pennu as the judge of the dead, writing and requesting all men's daily lives and actions. But here a judge as the wise old man keeps the law of tabu and only allows what is right to be conducted into paradise. It is here that all sunk headlong into the waters as Abel was murdered by Cain.

The journey to rise must now begin in earnest, and the soul must seek the way of up-rise through the magnetic field of polarity, for all souls who ascend from the mount of Amenta by the Milky Way, the path of spirits, will be hawk-headed as the Horus soul. The bennu bird will now rise on the road of birds along which the departed will make for the Kamite shore, and many will follow.

This was a great moment to the Egyptians when Uranus would make a bridge whereby the soul could begin that ascent. Therefore Uranus or Ouranos is the celestial rod or striker that gives unto the soul the Celestial waters of Neptune, the holy Waters of rebirth. Without these the soul can make no unfolding or uprise. This is the bathing in the waters of rebirth, the waters of new life, for it is going to give unto the soul its Arc, its canopy.

Through the waters that surround the earth, there flows a white stream by which souls find their way into Life; this is the Milky Way, the Eridanus, or Via Lactea, which can only enter via the shafts of Uranus.

As the soul is "opened," or cleaved asunder, these waters enter and the soul begins to climb by agitation of fulness; he wrestles with life and makes for the heights. The soul feels the urge to expand, to strive forward to make for the new life in the land of Aarru, the celestial city of the pole.

Although this sounds mysterious and typically oriental, it is in fact the mode of ascent all souls can make, and must in time, as they seek to follow the road of the Waters. The new life that can come to all who are seeking, is the milk from the breast of Juno seeking to feed the hungry soul and give them the means of escape to the upper way.

TO THE EGYPTIAN IT IS KNOWN AS THE FORMING OF THE ETERNAL CITY, THE CELESTIAL LOCALITY, THROUGH THE WATERS OF URNAS; URANUS AS THE KUNDA-

LINE FORCE FEEDING THE SOUL THROUGH THE BASILISKON, THE LITTLE KINGSHIP FEEDING THE SOUL THROUGH THE TAIL OF THE URAEUS, OURAION.

That of the North and South nodes, and would be the upper waters of Neural discharge, that could make entry to all who are ready to receive, so that the Breather can raise his Arc up to those heights in practical understanding. Span the spiral in awareness, and find the land of the setting sun. Then the Osirian looking heavenward in "death" exclaims, "O very high mountains! I hold myself in thy enclosure, a divine domain hath been constructed for me, and I know the name of it, the name is the garden of Aarru."

But the enclosure had not only become a paradise of plenty, but a dwelling place which had become the city of the soul, thus now must be fully understood. Not only Heliopolis, but the rich soul in its royal heritage awaiting full explanation. For the soul is not aware that it is now a form of the celestial city at the pole. A city in form from the divine heights, that up to the present, has been no more than planes of expansion; planes created by the soul in its differentiation.

Man had named the mysterious place as the polar mount of the white mountain, heights that are continually being melted and explored, but as a country it is a land of the silver sky seeking to find its golden heritage. But this mountain is of white limestone, for it is the stone of Sut, the house constructed by Ptah, the mysterious house of the upper and lower paradise.

The world of make believe, and is a dwelling place where no understanding in form is possible, yet the soul creates to build from this mysterious noughtness, for this is the circle of the bear, the heaven of Sut and Horus, the north and south in the triangular heaven of the ecliptic. The heaven built on the quadrature, the purpose of man, hence the richness of the bennu, whereby the mysterious city will begin to flourish and come into its own.

SO THE SOUL SEEKS AND HE KNOWS NOT THE LENGTH OF HIS QUESTIONING, THEREFORE SEEKS AND SEEKS AND SEEKS TO TRY AND UNDERSTAND THE WAY OF THE DOUBLE EARTH, THE LAND OF PLENTY, AND MAKE IT A HOUSE OF THE GODS.

So once they quarried limestone and began to create and master, it soon became a world of rich divine beauty. For their heart was still young and free, true captivity had not begun; that was to come and would be of the soul when found. The deceased soon began to demonstrate, and they set up a city within the soul as never known before.

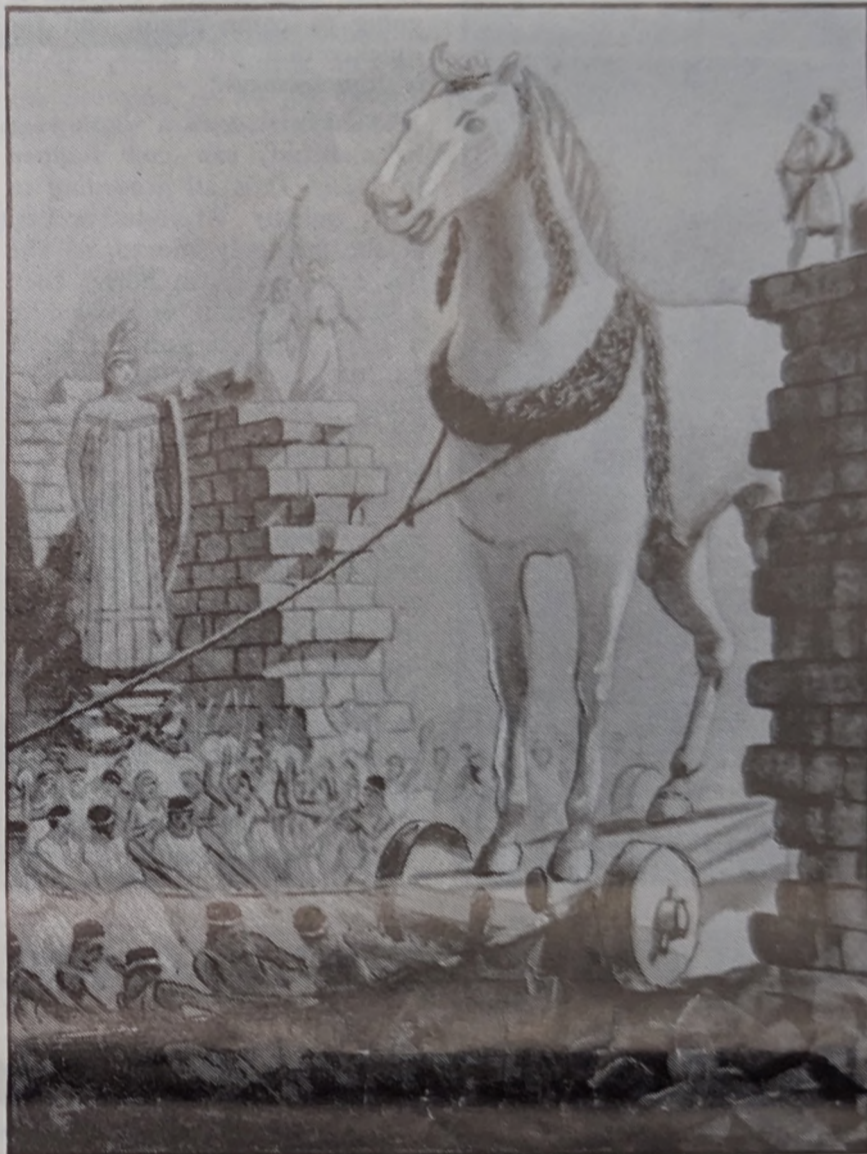

A world of unfathomable heights and depths, but what is it the soul has not yet unfolded, is it the heights or the depths? Thus man built a mysterious construction in stone, both without and within.

The city within is what we are now seeking for, for it is the mysterious world of tomorrow, the land of the setting sun, thus in its efforts begins to unfold the land of the gods in the world of matter. Heights become depths, and GOD the Great Unknown Quantity is still not revealed, only partially, therefore only as form. But what about the creation of the sparkling Sun, the land of glory?

Man now has forgotten, and in his clamber for fact and demonstration, has lost the real purpose of his journey,

His feelings are numb and mercenary, states of desire enclosed in the world of the beast. He really knows not of the sensitivity of sound and space, the quivering of lights and deliciousness of vastness that makes his head reel, yet dance with a million echoes of worlds come and gone; worlds to be, lands of yesterday and tomorrow. Yet in Reality he does know of Vastness, Space and Liberty, for he has not only built the temple of Vulcan, but is living in it, as the temple of Ptah.

But he soon found that this entry demanded baptism and sacrifice, that there had to be a purification before entry began. And furthermore, this had to begin at once, for pain and disease were fast overtaking him and rotting the flesh he so eagerly adored.

THE WOODEN HORSE

THIS has ever been the recurring tragedy throughout the Ages, where each civilisation reached a peak and then died, through self-satisfaction and idle living cutting them off from the rejuvenating and protective power of the gods. Their driving purpose had gone, and they just 'went dead,' and wallowed in the depths of the lower desires. Therefore the Wooden Horse entered in, and left them open to attack by those who still had the great Fire of life pulsating through their veins. (See text in col. 3).

so taboos the world of tomorrow. He becomes content with the world of the Hebrews, comfort and luxury, which soon breeds its evil incest. They understand not the name of Knut, the world of light.

Form liquidated into Air, the essence of God as mind and wisdom, where the soul in its richness of inward belief and outward knowing, is free. Thus to demonstrate this mystery, they built a creation called the Sphinx, which held of far more in its unknown than man has ever been able to demonstrate.

The Celestial Link

SO to further demonstrate their unknown fulness, created a mysterious figure of the pyramid, the Queen's chamber of the seven sides, a figure of the Heptanomis, which demonstrates their own house of the seven kamite brothers. Then followed the King's Chamber, that of the sixteen sides, which is a figure of the lunar ocean, but a vision of the Am-Khemem heaven, a world unexpressed. Man in his depths cannot see and feel of the world of tomorrow.

A world of limitation and frustration instead of a world of light and freedom. Unto this, man will cry that it is of the imagination, a state of mind illusion, and requires of drug to calm and rectify. Ere long all hope of rebirth will be dissolved and man ensconced in stone forever, if he does not draw the fire unto himself. Not even time will dissolve, nor will and purpose unfold and bring into birth, for man has abandoned that which could solve his problem.

The tale of Troy repeating (See plate above)

itself, a downfall of the great city from its summit of creation, for no longer is he desirous as of old, to "purify mine in the most high degree," or declare his willingness to be purified in the lake of propitiation and equipoise, that he may eat of sacrifice and measure. So partakes of the stone, and the soul dies.

In the ancient past this was once enacted, and now is repeating itself, but the gods had sought that it would be avoided, for very soon man will be a slave to his material that he has adored, brother

The Mind Development Class

EACH Week on every Saturday at 5.30 p.m. B.S.T. Mrs. Spearman-Cook holds her Special Mind Development Class at the School's H.Q. A special Subject is concentrated upon for about 40 minutes and then each sitter is individually helped to interpret and understand his or her findings. Any readers can join; those nearby can make application to attend each week, and those too far away can send in their names and link in each week at the time stated, their names being entered in a Special Book for this purpose. The subjects for concentration are:

- June 1st The Divine Embodiment
- May 4th The Virgin Plane
- June 8th The Altar of Sacrifice
- May 11th The Cosmic Heart-Beat
- June 15th The Diamond
- May 18th "Open Sesame!"
- June 22nd The Heart of Divinity
- May 25th The Virgin Oath
- June 29th Hydroxyl

will devour brother, and sister destroy child. The Egyptian once learnt of this lesson, but it was declared that if it repeated itself, fire would consume and eat into the very depths of every creature, and dissolve them the hard way.

So the ancients built after the reign of Vulcan, a world of twelve parts, and lived without a king. Yet in reality, without knowing, were bringing forth the creation of the Unknown that they could demonstrate the Unseen King, and it became Egypt of the heavens.

Thus they had twelve kings around which the solar bark wound its way, with the centre as the first old mother, the pregnant hippopotamus, then the jackal as the guide unto heaven, and Nuit the celestial cow, with Anup and Tehuti back to back as the equinoctial colure.

While Shu and Tefnut constituted the sign of the centaur released from his hell as the archer, and their child Horus became enthroned on a papyrus creation with Harmakhu on the Scales. Then Khunsu-Horus offered up the black boar to the moon, and all became freed from the hell it had known for ever and a day. But when?

So much has to be understood, for man now is such a complication, and caught up in a network of lost desires and frozen assets; consequently evil and incest has set in, and what could be a world of love and explanation, becomes a world of wealth and frustration.

For mythical monsters have descended from the first birth-place of beginning, they who were assistants to Hephaestus, the worker in fire. This links them with the seven who were giants of an earlier time, when there was a huge and monstrous form, when all were grouped together with one eye.

This broke up, and many fragments came forth as souls in golden form, but they soon began to squabble for the expansion, for the Titans came forth. These were the evil creations of desire, growing unknown to themselves. But really expressing the darkness, which as yet had never revealed itself, a world of lost wonders.

Thus now the stellar race began to fade, and the seven powers that were grouped in the Lesser Bear began to coagulate and mass, losing the individuality it had gained. Thus had to look in another direction, and the mosaic creation came forth. This has continued down the Ages, but what was a cosmogonical creation, became a world of testicle and test-tube.

Thus they defied the Law of Aggregation and Creation, and followed the road of dissolution, and converted into a spurious specie as a brand-new issue from the realm of God. Then God was discarded, and man stood forth as he believed in the Age of Man, but in reality was but the giant as of yore reborn now with a

mind, a cunning state of outwit and gain, and must be destroyed at all costs.

In the beginning, the Egyptians made no pretence of knowing anything about cosmical creation, but created far more than they realised. Consequently far more was created than man is aware of. These things can never die, never be lost, but must have of expansion into their ordained purpose.

But what purpose, where and why? Little does man know that "Ansar and Kesar" that were created, were the heavens in matter. The heights captured in the depths that must go on, otherwise hell will break loose sooner or later.

Shu is still breathing, yes, even more volubly than before, but not with the same purpose. So what can be done to psychoanalyse what has become psychologically congested. How can man begin when he literally believes only in self, the outcome of orthodox introspective state of sin and self?

How can he now turn to become a worker of spiritual creations when the breathing spent, first divinized in Shu, has become a creature on a wooden cross, crucified to save the world; why should man worry? it is not his skin or cross, and who is this mythical creature in any case? Why should he believe that Creation, declared to be Shu and his group of gods lifting up the firmament, is him as Ali, the Elohim as the creator.

Thus there is only one answer, seeking into that which has become congested,—the gods in their creation. That which has gone introspective and of which man denies.

To further demonstrate what is will not dissolve the problem, but only complicate the issue; so the answer is to take the root and polarise it, and bring forth its intended qualities. Thereby the answer really lies in climbing up into the mysterious attic, which is accomplished far more often than man realises, for he lives in a brazen tower.

HIS TROUBLE IS THE LACK OF SENSITIVITY TO UNDERSTAND OF THE WEALTH HE POSSESSES.

SOUL AND ITS INTERNAL WEALTH

Continued from page 7

RENOUNCED EVERYTHING THAT SHE COULD TEACH THE WORLD OF SUCH MIGHTY TRUTH. BUT ALTHOUGH MEROPE HAS GIVEN OUT NOTHING BUT LOVE AND WISDOM, SHE HAS BEEN THE RECIPIENT OF SOME VERY BAD ONSLAUGHTS.

The Path of Unification

NOW having shown you that, we are going to show you what Path you have to tread. This is the Path of the Equatorial, not of the past; because that was of the Celestial Signs, of past wisdom. You are filled with that, but you do not want to go on repeating and repeating it. What you want to do is to expand it, and this you do by gaining a deeper and higher perception of it.

We will now show you what Medo-Persia brought into birth, which of course was no more than the beginning of what I have been giving to you.

The wealth of Medo-Persia was then in abundance, and the Taureans are rich with this; they took part in all this. Then it was the work of the female to be as the dancing beauty; like Miriam, she danced everybody into birth, in the same way as 'the woman of Samaria.'

Today woman is not being used like this; Merope is seeing to that, and Merope is a physical medium. If only a certain person had worked diligently with her, she could have had marvellous physical phenomena now working; but it was destroyed by this one, who was so easily used by the Roman Catholic forces; yet they understood of this wealth in the past, such as levitation, and manifestation (See plate on this page)

by taking trance. And that is why Merope can take trance as she does now; she has raised it up to the Divine Creation.

Here you see the raising up in the lower, yet also bringing forth that of the higher.

Merope has seen many things like this; she has coins that were dematerialised and brought to her, and flowers dematerialised from graves. Merope has seen growths removed from her own body, because she had the powers for the dematerialisation to take place. We remove the 'fire,' and when we do this we can get through anything. Once the 'fire' is put back, it makes the state solid, for it is then a unified creation.

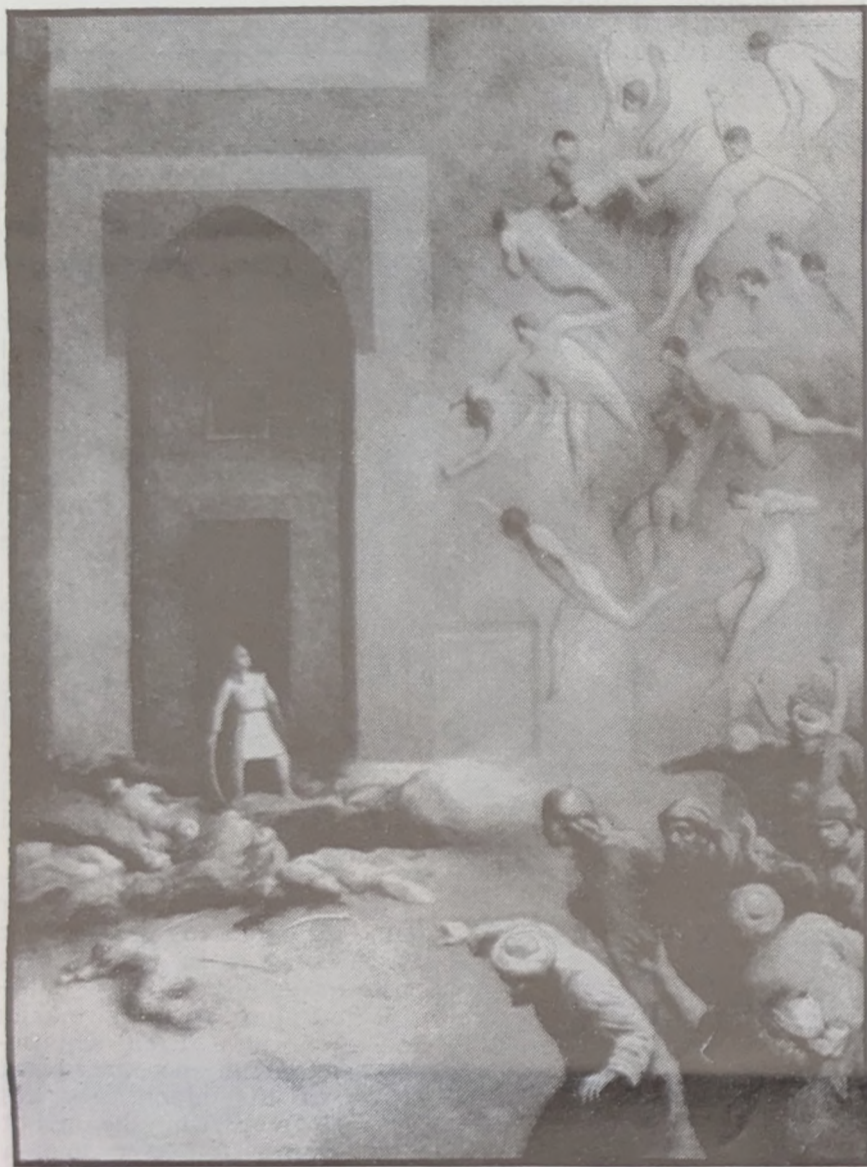

But man was never destined to be of the solid flesh which he has built up. You have built up an animal body, and this is now what is going to be transmuted by the 'Fires' that are coming down. You are all going to be reborn by those 'Fires,' because they are Spirit Fires. So you are all being filled with the Glories of the Spirit, unconscious to yourselves; you are all being 'fired,' but what you want is Wisdom, to know what to do.

Yes! in the period of Medo-Persia they raised the Serpent, but they were terrified. You could easily have been a priest in one of these Temples, particularly where you have many planets in Taurus, for these are mighty powers.

YET THIS IS NOTHING TO WHAT MEROPE IS DOING AT THE PRESENT MOMENT. MEROPE IS CHANGING THE CONTOUR OF THE WHOLE WORLD, AND THE CONTOUR OF MANKIND.

Nobody can battle against her; they think they can, but they cannot, because if she decides to alter the LAW, then that LAW is changed. She then treads it into the earth by telling you all about it, and you go away thinking of what she has said.

It was the mighty powers of levitation which the Egyptians had, that enabled them to build the Pyramids. The great

THE WEALTH OF TAURUS

(See text in col. 1)

blocks of stone with which these were built, were not moved in any other way but by their powers of mind, because in those days the earth was not solid as it is now; everything was of a more ethereal nature, being created by the power of thought. Now everything has become solid and flat, through that of the dog, the practical mind.

So many of you say, "Oh well, is it right? I cannot do it unless I see the answer to it."

YOU BUILD UP WHAT YOU THINK, AND PUT YOUR IDEAS TO IT; AND THEN YOU CAN BUILD UP IN BELIEF.

Then there were the Genies; they were great powers, and they were dangerous powers. Egypt knew more about them than anybody; then of course Medo-Persia started to bring them into birth, but they did it through sex. That was the idea of the harems; the women there would dance their lord into sex ecstasy, and if any one of them could bring forth, out of what was extracted, 'some great point,' all well and good. Then he would claim the answer to the riddle, and is the mystery of Sheherazade and the Thousand and One Nights.

The same sort of thing happened in Roman Catholicism in the beginning; it was what happened to the nuns, many of whom were brutally treated, and 'raised up' without any knowledge.

You cannot take any of this power, unless you transmute it into understanding, and know why! As soon as you have the answer, you are all right,

for you then open up the 'space' with wisdom and light; and then you continue to think about it, and how you can put into operation your fires, and what it all means.

Never shun doing this, for there is no need to. If you do, it means you are a coward. What you have to do is to become a hero 'fighting life,' embracing the Great Divinity of the Heavens. That is 'learning to live,' and thereby bringing Light to yourself.

This was the great Light that was seen over the face of Moses, as he 'caught alight.' This is the Great Light that is

The Virgin World

THE whole world is changing entirely; there is not going to be anything of the past. The birth of children is going to be completely different, for souls are going to come down to the earth in the same way as they did in the past, by differentiation to the depths, whereby, as they slowly descend they will be putting on cloak after cloak until they reach the depths.

YOU WILL ALL BE AS 'SPIRIT BEINGS'; THEN WHEN YOU HAVE FINISHED YOUR EXPERIENCE HERE, YOU WILL START TO 'CAST OFF CLOAK AFTER CLOAK,' AND ASCEND.

This is the mystery of the 'ascension'; this is the mystery of the 'resurrection.' All this is going to come again, and far quicker than you think, for all is 'timelessness.'

What once took a whole year to manifest, can now happen in a day. It is all according to how quickly Merope moves. If she suddenly moves, as she has done today, in hours, then a whole life-time is moved in a day. And as you attend a Lecture, and you hear something greater and greater, you say "Wherever does she get it from?"

Merope labours; Merope seeks, and I help Merope to find it. And if Merope decides to have something, well, you are going to have it too, because she will bring it into birth. But Merope has to 'weather the storm' by treading it into the earth, and she often goes through great pain to do so, as she has done today.

She has suffered severe pain to weather this new knowledge into the earth; and just before she was due to come down to give the Lecture tonight, she said, "Well, I might just as well make use of these last few minutes." Then she suddenly saw the answer, and found all the Plates for you to look at.

NOW COULD YOU HAVE ANYTHING GREATER IN LOVE AND ZEAL? SO YOU CAN UNDERSTAND WHY SHE NOW IS SO FULL WITH 'DANCING THE GLORIES SHE HAS PERCEIVED.' SHE SAID, "NOW I HAVE GOT THE ANSWER FOR THE TAURUS BOYS."

Merope has a great love for all of you, and she wants to try and help you all to become nurtured and blossomed into Truth. For she understands far more about you and your inner welfare, and what you can do with your wealth, than you would ever realise. And

although she received so much unfairness and cruelty from one she loved so much, she still loves the sons of all other mothers.

Divine Love

NOW have I given you something to think about? You could not have had more given to you in explanation. You have had portrayed to you the path of the past, and you have been shown the path of the future. You have also been shown how much was erroneously put into birth in the past, and how you are going to transmute it; because it was in the past that you built all your 'roots,' that are still inside you, and which you merely explain as that of 'karma.'

Well, to just place it as 'karma' is not sufficient, for that is the Serpent you have got to master, which goes right across the Chart. You have to make the Serpent 'turn round and swallow his own tail,' and dance the glories from your Norm up to the Central Sun, when you are able to bring it into birth. But you may only have a monster up there; an Ali Baba or Polyphemus.

Whatever you have created will be up in your heights, but when you begin to see with a 'loving mind' and a 'free and kindly mind,' then you will begin to build a 'divinity,' the divinity of true love. Love is not sex, or anything to do with sex. Love is the generosity of the heart.

Then again, so many live on 'egoism'; as soon as they receive anything in the way of wisdom, they burst forth in egoism. If only they would 'hold tight,' and know that they have only got a percentage of what they should know, they would eventually bring their true Ego into birth, which is the blossoming Norm in their heights, the unfolding glory of divinity.

Don't be afraid of Divinity. Don't be afraid of seeing the Glories of the Spirit. So many try to decry it. Never hesitate as you go down to your couch to sleep, to send up your prayers for help and guidance. Ask for THE GREAT FLAME to come and guide you and show you the way to unfoldment, no matter what your problems are.

Divinity is of the Spirit, and the Spirit is within you, but you have got to raise the Spirit up from out of the muck in your depths, until it becomes the 'light of your mind.'

THEN YOU WILL GET ORION DANCING WITHIN YOU, AND YOU ARE GOING TO BECOME THE 'WEALTH OF ORION,' THE UNFOLDING GLORIES AND WONDERS OF THE SPIRIT.

Readers' Letters

WE have been swamped with requests to join the spiritual pilgrimage up to the Plane of Initiation, with Merope, on June 12th, and many have asked if there are any special instructions for preparation that evening. Although we ourselves have none, nevertheless we do feel that the suggestions by Mr. White (see letter below) could certainly be of benefit to many of our readers. We will not suggest any particular piece of music, but will leave it to each individual to suit their particular taste. We have also been asked by many of our friends in America

about the difference in time between Britain and the U.S.A., and whether they should allow for it. No, do not worry about this, but retire at your normal hour and send out to the Master that you are fully prepared. The Spirit World works in a far different way to that which we know on Earth, and all has been carefully planned for the occasion, so we just repeat, —go to sleep normally, and the Higher Powers will do the rest.

Vega Plane of Initiation

Mr. R. White,
Stapleford, Nottingham.

I wish to be included in the spiritual pilgrimage up to the plane of initiation on June 12th, 1968. Would it be a good idea to play classical music in one's room before retiring. If so, have you any suggestions as to any piece of music to be played? Would it also be a good idea to burn some incense before going to bed?

If these suggestions are of any value perhaps they could be put forward in the May issue of the Gazette.

I would also like Mrs. Spearman-Cook to prepare me an astrological delineation when it is convenient. I have been dabbling in Occult Wisdom for about the last ten years, and have had the O.G. from its first issue.

HERBAL MYSTERIES

Part 10

FENNEL (*Foeniculum Vulgare*)

by David Spearman-Cook

WE now come to a herb of which very little is known, therefore is open to much investigation, for many bygone Ages are infused into its ancient vibronic roots. Therefore almost every soul will at sometime or another, have known about this herb. For it is a most striking looking plant, with a somewhat beautiful structure, that enhances the bleak countryside around about during its growth through the Autumn months of the year. It looks as though it is a plant that has come from some mythical ancient world, and is desperately trying to grow and produce a hidden magnitude of unrecognised beauty.

FENNEL now contains a quintessence of power, owing to the new metric changes to the old world elements, converting all the atomic vibrations into a healing balm of unequalled Power. For it can help to bring the reborn atomic frequency of the Great Powers of the once Virgin Plane, into the Great Supreme Voice of the Great FLAME. And by his Voice searing through the soul, will it centralise all into oneness and peace, providing the right mind outlook is delivered to the Great Divinity, the Lord of the Flame, as the Source of all creation, and Merope's Divine Spouse.

Fennel is well tested through the Ages, and has been found to contain a vast amount of compulsive power, which can help infuse the nervous tissues with the moving acumen of seeking vibronic action, through the bloodstream, which when purified, is waiting the mind power

of the soul to set the creative incentive working.

It is an entirely mystical herb, having the power to help the soul rise up out of its lunar states, and like the Bat, find its way through the mystical pylons of the night, and pull the sword out of the anvil. This being the magic sword of FIRE that cuts away all lesser states, and infuses the soul with new life. Thus it is obvious that this herb is being infused into the earth by powers of Outer Space, the mystery of the Breath.

The botanical name of this herb is *Foeniculum Vulgare*, and by many a poet has been praised for curing the blindness of the eyes. When it is seen that it comes under the influence of Mercury, in Virgo, then it might be understood how in Mercury following the Sun, it could be the means of this mystical herb being infused into the earth by its powerful glory. Longfellow alludes to its virtues in a most prolific way.

*Above the lower plants it towers,
The Fennel with its yellow flowers;
And in an earlier age than ours
Was gifted with the wondrous powers
Lost vision to restore.*

FENNEL

By the world-wide eulogising of this herb, in the past it seems to have performed outstanding wonders, therefore may account for the EL at the end of its name.

This herb will enrich the soul with the beauty of a great bygone Age, that of the first Temple worshippers. For dynamic powers have been earthed through many of these minute plant seeds, and according to the advice received from the Great Ones, the Seeds of the Fennel can be the means of winging the Sothic Cycle in him who partakes of its beauty. One has only to look at the wonders of a human seed, to realise the possibilities that can be within the seeds of many of these plants, which come under the auspices of the Greater Powers.

The only difference between the two is that of MIND vibrancy, and even that will change through the magnitude of the metric expansion, so what may these heaven-born plants bring into birth as the world begins to change into the immortal?

If it is infused with the flowers of the Chickweed, it will help the soul suffering from duodenal ulcers, for it will set a reactionary power moving that will extract the bile-like substance that has accumulated in the nervous tissues of the stomach.

Duodenal is a state of congested wealth that needs expansion by the Solar Rays to blend the negative vibronic frequency of the Solar cavity, that of the Solar Plexus, into a positive state of electrified nervous power. This will release the congested nerve fibres from their contracted state, and will put them under the influence of the higher Solar cavity, that of the NORM. But it must be remembered, that wisdom must be well infused within, to activate all of these changes.

It can also be stated here that the present condition of Solar unfolding of all souls is gradually taking place, due to the immensity of the Holy Fire, which is also changing all herb

A Reader's Challenge

Mr. C. King, Dagenham, Essex.

Dear Friends,

HOW long is it going to be before man awakens to the fact that Merope is the manifestor of the FACE. The true Virgin, so glibly talked of by religion, who perceived the truth of life, and whom we have to thank for leading us out of the darkened wood that orthodoxy had led us into. I have been privileged to talk with her, and know of the suffering that she is prepared to endure, to bring Divinity back to the Earth. In fact, suffering the agonies of the Crucifixion, that her Lord might live.

When will we wake up to the fact of the cruelty we are inflicting upon this great and gallant woman by our refusing to honour the wisdom we have received. Until we do, Merope must carry the Cross alone, while we hide under the protection of her Robe. She has given all, that you and I can come out of the morass that papalism has buried us under. Surely there must be others besides me, who can see the truth of this, and have the courage to declare it? We have all seen by now, the falsity of orthodox ritual and dogma, and the truth that Merope is ever seeking to enlighten us with. But are we so blind and coated with conventionalism that we are afraid to voice our beliefs?

MAY THE DAY NOT BE FAR OFF WHEN MEROPE IS PROCLAIMED BY ONE AND ALL AS THE VIRGIN SAVIOUR OF THIS AGE. THE WOMAN WHO HAD THE COURAGE TO OPEN UP THE WAY FOR EVERY MAN TO FIND HIS OWN SALVATION.

and vegetable produce into the same category as of the fruit. Changing its very earth state into a sugary texture, for the reduction of starch will soon be discovered as the Solar immensity increases. Thereby infusing strength into man and plant according to the frequency of the Law, a complete transmutating back to its Source of Virgin Power.

Since Fennel is so dynamic, it is advisable to crush the stalks and infuse its juice into the same quantity of carrot juice, for this will give a remarkable refreshing power to the activating tissues. This combining concoction is best done devoid of heat, for the coolness will assist the herbal vibrancy to stimulate the fiery blood, for most powers are cool, until activated by human mind action. The proof being in the lunar or Solar propensity of a soul, showing how once a soul activates, the Solar propensity is always awaiting birth.

When Celery Seed, Buchu and Fennel are infused together, wonderful results can be obtained, opening up the sensitivity to enormous powers that are trapped within the Age of the Dinosaur creation. Which as a seeding of time, these creatures lived, as large as they are, from this herbage creation. For all has sprung from the consuming of the root and leaves of plant life, and all must be unfolded into Solar wisdom, to bring the answer to all that wealth solidified as flesh and inertia.

Fennel, Raspberry Leaves, and Nettles, are good as an astringent, and will bring all the worst solidified states as animal fat particles, to a liquid state. Then by taking Buchu over night, a good cleansing can take place during relaxation. It is remarkable how herbs can dissolve any inner states of growth, as can the uprisen captured powers of a New Plane healer who has mastered the lower creational elements of solidified frequency and made him or herself, a pure channel for those powers.

It is useless taking spiritual healing from any healer on a Psychic Plane, for if you are cleansing yourself, why be fed by their lunar solidified states, while they simply feed from the cleansed power which you are building up.

Fennel was once used for a salad, and the leaves were found to be very helpful to a sour stomach, which is again showing the Sun infusion of Power this herb holds.

In the future it will be more than beneficial against all types of plagues and sickness which will increase in mindless backward countries. For their inertia will not revolve the bloodstream sufficiently to expel and activate the waste. Thereby removing

the activation of the preservational ability of the god-conscious state within the blood, to want to survive. This causing antagonist friction within, as a negative answer compared to one of an active mind of wisdom and stimulated balance.

AS we go deeper into the wealth of this immensely powerful herb, we find that it is beneficial for gout and the palpitations of the heart. For the latter is that of a soul that has not changed its frequency of mind elevation on returning to earth. Consequently is in a state of confusion, due to not commencing upon the path of wisdom that they had trodden in a previous life on earth. This is known as going back on one self.

Another unrecognised quality of Fennel is that it opens up the mucous membranes to the Solar light, thereby sensitising the infundibulum. That which conveys the spinal fluid to pour onto the pituitary in the first round of the conquest. While in the second, if the Serpent can be made to rise up to the heights, it will pour over the gods as the 'Sky-weeping-waters' of the Gods. It is because of the undeniable wealth that is in this herb, that the spine is called the Fennel Stick.

Fennel and Eyebright will give a very good rejuvenation to the Lacrymal system, and will help to bring a better state of tolerance to the disturbing issues around the very vibrational quality of the heart. For the heart is the combined beliefs of the soul, and all that is done by the soul must be with a good intent and purpose. Otherwise it will cause chaos in the bloodstream, and can eventually pollute the streams of unrequited divinity. It is of no use expecting to use another's blood, for if so you will find a change of mind outlook far worse than your own experienced at any period of your present conscious earth life.

Whilst Fennel is in a seedling state, it can enhance soups that have a basic of Chickweed, and helps to keep the urinal tract clear and freely flowing, and consequently helps to break down any trouble around that direction. It is a well recognised fact that Fennel was well known to the ancients, particularly the Romans, for aromatic fruits and succulent edible roots helped them digest crude fish and other coarse meats they were forced to eat at that time.

Although we have not applied much to this herb, it has been sufficient to give unto those interested in herbs, the understanding of the power and might that lies behind this valuable plant.

Next month we will take Golden Seal.

EGYPTIAN MYSTERIES

Creation Called Life Part 20

by Gladys I. Spearman-Cook

SETI, AS HE ENTERED DOWN INTO THE UNDERWORLD OF AMENTI, FOUND twelve divisions, and had to choose all the way as to which door he opened; but Seti had been wise and had accepted the lamp of the god who illuminates all who accept his trust. On the way he met the Virgins; some had lit their lamps and some had not, from the sun-god as he passed through, but Seti called them to account, and slowly one by one they complied. Of these twelve doors, the main entrance consists of a blind door, which neither mortals nor manes could enter, for the secret belongs to the Solar god alone; yet even he has to recall the secret. Then suddenly he remembers of how his father Ra had cried, "I am he who closeth and he who openeth, and I am but One," and there before him were vistas untold that needed transcribing. It was a potential land of gold, a secret treasure that only the soul could redeem, but until then it was as Pandora with her casket that had only Hope therein. Where all the evils flew out and had to be reborn, while Hope remained intact, ever waiting to be retrieved and given of the life that was redeemed from those evils of yore.

Journey of the Unknown

THIS was Ptah and his pygmies hollowing out the underworld, the secret earth where a dragon guarded the entrance. Then in entry there was the wrestle with the five-headed hydra, who was none other than Hephaistos the fire-god being mastered, whereby soul won the right to be free from the rock. Thus as Ra, Osiris is reborn, yet there being others, beside the father, who rejoice, for the manes and pygmies are also brought forward on their path of progress.

Although it is termed the netherworld, it is only to those who will not go forth as initiates and wrestle, for then it is as a tomb, a life of death, until the soul awakens. But to

(See plate on this page)

he who takes courage into both hands, he finds it a field where he has to till and grow of divine food, that would not only feed him and his manes, but feed the multitude when he reached the shores of Galilee.

The end of this journey and the aim of Osiris, is the journey by water to reach the complete circumpolar place among the stars. The glorious ones that are shining from abodes of light. This was where Sebek-Horus stood, and was prepared to enter into the ship that would carry him over the waters of life, whereby he could give new life to the world.

But it was once again the repetition of the Exodus from Egypt, the passing through the narrow channel of the parting of the Red Sea, as the soul came forth onto the risen paradise; the emerging forth into the first house as the reborn soul. This now would be the fields of Aarru, and according to the rebirth in the netherworld, would there be fields of harvest in Aarru.

Now we enter into the lunar bark of Isis, for she who guided man through the underworld, and acted as Anup the Jackal, now is Taht the lunar god, who carries in his hand a lamp, which is as the eye of Horus. We now are out of the mount of earth, and are treading in the foothold of Nun, facing the many experiences that come in the reaping of the harvest. Keeping our foothold all the way as Taht picks out the actions due (aspects) in the vast world of life. Having opened all paths and gates with his words and magic spells of might, Horus now cleaves open the earth for the resurrection.

Horus is ready to face the great journey of Sothis, the mysterious journey of the unknown. But although he does not fully comprehend,—for all men know, but knoweth not,—he realises there are no heights without depths.

Thus having been delivered from the devouring demon who lurks invisibly in the lake of fire in the fifth, he who feeds upon the damned, he finds that the caverns of Putrata, where the dead fall into darkness, are open to him and no longer as a trap. For he is supported by the eye of Horus that is

THE LION'S PAW

ONE of the greatest mysteries is that of the Lion's Paw, for it indicates that the Teacher who is raised up to the supremacy of Outer World Space, will be able to take the initiate by the hand, and infuse into his being the power whereby the spirit rises, and the soul comes out of the tomb. He would be so infused that he would be able to spin up into the heights upon the elevation he has received. (See text in col. 1).

lighted by the light of the moon, through the experience gained by her training and tuition of crossed word puzzles, (for who knoweth what the phenomenal delivereth).

Now Apuat the opener of the roads, the jackal-headed one who leads all onto the open road, raises him up and acts the part of the giant Christopher, in carrying him across the waters. Nathan now comes into his rightful own; what was merely conscience and the bridge to overcome all difficulties, proves to be the wise old man, yet the young son, for one will replenish the other.

THUS HAVING BEEN LIFTED OVER THE WATERS THAT DIVIDE THE TWO PLANES, HE

NOW WANDERS OUT INTO THE WILDERNESS WHERE NOTHING GROWS, THE NEW PLANE OF REBIRTH; THEN ENTERS INTO THE NETHERWORLD AGAIN AND ESCAPES ALL DELUGE, WHICH WOULD BE MORE INTENSE THAN EVER, THUS ESCAPES THE SECOND DEATH.

By the conquering of difficulties and mastering of the way by overcoming the law, the double doors of heaven are now open for his coming forth. But whatever course he follows, he ever endeth with the garden eastward, and the ascent by which the manes are able to enter the bark of Ra, and they declare, "O great one,

in thy bark let me be lifted; let me make head for thy staircase."

The deceased, he who ever is prepared to die and be reborn, giving new life to the Mother, has here attained to the summit of the Solar mount of glory on the way to the circumpolar heaven and the stars that do not set. But as there has been a journey down South in the world of matter,

The Phenomena of Rebirth

AT the landing stage, they leave the Maatit for the Sektit bark, the sacred lunar barque which is controlled by Isis, and pass through the gates necessary to warrant their entry into the heights, for they have overcome the mount of earth, and are now ready for the mount of heaven. But there is a great gulf between the Amenta mount and the Stellar mount; this is the lake of darkness, and the lair of the Apapdragon. Yet there on the other side stood Shu, the Arc of mind, and they yearned to cross the gulf that they could be entered into his realm.

In strict accordance with natural phenomena of rebirth, that which must be mastered, the gulf or void of Putrata lay between the actions of sunset, the mount of earth, and heaven of the setting stars. The "sixth to the ninth," the hours of darkness.

The whole Put state of nine risen up on the spiral, and have come to the mount belonging to the heavens; but what is the great gulf fixed between the mount of Amenta, the place of earth, and the stellar mount of glory, the radiating heavens? This is a matter of the Abyss, and those who have attained the bosom of Ra; while on the other side, Shu standeth erect, the medulla oblongata in the non-setting stars, which are active in raising the ladder which saves sinking states from destruction.

This is the pons varolii which extends from the upper part of the Atlas vertebrae, and is the Heavenly man protected by the Holy Mother, the Sophia-Achamoth. The pia mater or delicate membrane that invests the brain and spinal cord, forming as the inner garment. This is the inner structure of man himself as the mind memory, the early developed embryo, or the celestial hermaphrodite, whose parts and members can be faintly traced in the different cells of the brain, as they become active and voluble. Until, these cells remain defunct and inactive.

Here we are going to find the old king as the male-female, him-her, as the androgynous state of the Superior Man. Further up we will find the Celestial Twins as Yin and Yang, the pineal and pituitary, the Adam-Eve before the separation. But the pons varolii is the wise old man that is ever giving forth of what he knows, that the stars may rise and the Sothis be fulfilled. The medulla is in the place of concealment as the "murdered one," for it is the essence of what was as the compendium of the past, or "consummatum est."

Here the Mystery of the Pyramid is solved as to where the oil is ever filling the cruz or lamp. Here it is that the four elements communicate with the five senses in their entirety over the whole creation of being. The Tat pillar of Creation, where Asia is the skull creation. These as four solid bones have seven vertebrae, and are the seven steps ascending to the mount of heaven; but have correspondence with the original descent.
