NOTICE TO ALL EXCHANGE MAGAZINES ETC.

DUE TO THE RISE ON COST OF PAPER DURING THE LAST SIX MONTHS? AND NOW AN INCREASE IN POSTAL CHARGES. MAKING THE PRODUCTION OF THIS MAGAZINE COSTLIER? YET NOT DESIRING TO RAISE THE PRICE OF SAME. AND YET NOT GET IN DEBT ON OUR BOOKS WE HAVE REVIEWED THE SITUATION? AND FIND THAT A NUMBER OF E. CHANGE MAGAZINES TO WHOM WE HAVE BEEN SENDING OUR MAGAZINES? HAVE NOT BEEN RECIPROCATING REGULARLY. YET WE HAVE HAD ALSO MANY OTHER NEW ORGANISATIONS WHO ARE REQUESTING EXCHANGES TO WHOM WE WOULD LIKE TO EXCHANGE. BUT OUR LIST OVER THE YEARS HAS GROWN SO LARGE THAT WE HAD TO LIMIT THE EXCHANGE COPIES WITHIN THE MEANS OF OUR FINANCIAL SUBSCRIBERS LIST .SO THAT THE PROFITS COULD GO INTO EXTENDING OUR SCOPE OF EXCHANGE.

IT HAS NOW BEEN DECIDED THAT WHERE EXCHANGE COPIES ARE NOT RECEIVED REGULARLY WE REGRETTABLY WILL REMOVE SUCH FROM OUR MAILING LIST AND SELECT OTHERS WHO WANT EXCHANGE AND ARE WILLING TO MAINTAIN A BASIS OF STEADY RECIPROCAL EXCHANGE WITH US. EDITORS PLEASE NOTE THE ABOVE

EDITORIAL .

MESSAGES FROM SPACE

This much discussed and very controversial phrase of U.F.O. Research ,seems to be reaching a stage where even leading and folk such as our own Group, have to start to take a line of demarkation.

For some length of time, your Editor has recieved publications of all sorts from this type of folk who push out literature , some very beautifully got up and with patience he has read it all, agreeing with some here and there. perhaps in some points totally agreeing , but in others total disagreement. but in all trying to maintain what we have preached so long and plugged for, and open minded approach to it all. We still do.

However one thing has been very clear, and that is the trend of much of the material recieved is very honey tongued and glib philosophical ideas, supposed to have been recieved from the VERY HIGH UPS in space. which indirectly infers that they have much superior knowledge wisdom , and sense of rightness of things in that in all cases they claim to know ALL ABOUT US. and by this we presume they know our historical data and the facts which have led up to our present sad state of International intrigues of war etc etc.

Having such knowledge . we also presume that they cannot be ignorant of the true CAUSE behind it all . for they should know of the powerful intrigues of international monopolies etc etc. which are basically the cause of not only our wars but our economic straits, poverty and its attending environments which breed the hate , the strife, the warfare. upon which they as powers play upon to foster their schemes to furnish themselves with still more power/ Yet despite these claims that such messages have come from such intelligent superior beings. a great percentage of these messages whilst being on the surface highly inspirational. are becoming more and more. lacking of factual backing

Editorial (2)

of the true causes of some of the very vital things they give us such corrective instructions about.

This more and more to any sane logical person indicates one thing very clear. Either the message is coming from the source claimed to be from, and by this it shows clear proof that the source is NOT as full of wisdom or in possession of knowledge of our world affairs as claimed. or

(2) The source is not from the magnificent forces of Light and Love, so played upon in the descriptive terms by those receiving the messages, but from some lower forces of a negative type, and herein we immediately lay ourselves open to the charge made by so many of our religious sects etc etc. that our source of knowledge is not of God but of the Devil as recently so dynamically declared by a world wide religious and well known T.V. Evangelist. of a certain section of the Christian Faith. (Who incidently we do not agree with on this matter).

(3) The source of the messages is NOT from space beings, but from the own inner subconscious thinking of the receiver. Very possibly quite honestly believing that he or she is receiving the message from those in outer space. For in fairness to many, I do not believe that all are dishonest and frauds. Or trying to perpetrate a hoax.

To the last class we must add those who claim to have received written messages left by people claiming themselves to be space folk. and here again, the same rule applies, either we must brand the claimant as a deceiver or deliberate hoaxer, or he himself is being deceived grossly by some earthly folk to use him as a means to deceive others. and this he does quite honestly believing that the source of the messages is that from space people.

This brings me to what I feel has to be a show down on my part of what I feel is a clear proof of such a case. which in all honesty is claimed to have been messages written and left by space space people. and I refer to Mr. X. of New Zealand.

In the following pages I have already written on this case. having received a special airmail from my very valued friends. Fred and Phillis Dickeson. of Timaru. But since writing those pages. a further message had been received by Mr. X. Left in his letter box by his " two space friends" .

This to me was a final indication by its very contents, that Mr. "X" was being grossly hoaxed. for having met this fine gentleman and his wife. and discussed the whole of his earlier incidents. when in Timaru. I could never brand him as one who would stoop to any hoax. and therefore can only conclude that sad to say he must be being deceived by some very clever and unscrupulous people, and this letter makes me feel the more so. because it is the very type of stuff such people peddle in propaganda. Let me first quote you the latest letter received by Mr. "X". on June 8th 1967 and I quote from Fred Dickeson's News letter of April-June No. 49 & 50.

" One June the 8th. when Mr. X went out to his gate to leave his milk bottles there about 6.p.m. he checked his letter box and to his surprise found another note which reads .

" We are making further attempts to rectify the world trouble. We believe that we have made some headway, but we cannot do the impossible. Israel is on the side of Justice for she has a destiny to fulfil. We shall watch her progress with much interest. That is where our sympathies are. Her part is all important to us, and the whole world.

" In our prophecies of long ago , we told of her rise to great things JUSTICE is on her side. We believe we can softenthe blow.

Their is a vileness in the highest of places , and men are afraid of things that are on the earth, for they know not where to look for help. We know and you know. We thank you for all your help "

Very nice and pretty and comforting. some of which was a waste of time telling us anyway. such as vileness in the highest of places etc' also their claim that "they" in their prophesies told us long ago of these things.

Well we know that a very wonderful Book. and Sacred Volume does indeed tell us very dramatically of the times in which we live. Surely we do not need any space man to come and tell us about it. for any serious student of world affairs with his Bible in his hand does not have to look far to see the correlation of that foretold and the fulfillment before his very eyes.

But it is not this where the whole deicietful issues lie. and the misleading of unsuspecting and trusting people can be misled. Let ud examine a few of the statements made. and reread them and what they imply.

" Israel is on the side of Justice. Lets stop here. Surely if space people sent that message. they must be ones with very poor memory and knowledge of our historical facts concerning this people calling themselves Israel. By no stretch of imagination can they be called a pure race as far as those who claim the land of Israel. for they are a polyglot of color and their only tie of unity is the religious faith of the Talmud . One had only to go to Israel to see . Yellow Jews. Black Jews, in fact almost any color. to prove that racially they have no claim. But talking of Justice. what short memories these space people have. Do they not recall. the slaughter in thousands of innocent Arab. men, women and children. plus the thousands of British troops sent to help these very so called israelites attain the " Homeland ??? " in 1947 Would they then call those International "Stern" gangsters. carrying out JUSTICE? what a travesty on the word. Surely whilst remaining purely partisan one cannot deny that the Arabs and Jordanians also have a right to Palestine In fact they are purer racially and thus have more claim to it in a secondary way than the REAL ISRAEL. who they are fully aware of, and know it is not the International Zionists who are forcing themselves upon even their own few orthodox Jew brothers. These space people have an easy way of forgetting and live in a world of self glory . and delusion when they talk of Justice.

" She has a destiny to fulfill. i.e. Israel. Yes we agree. So has any nation, but not necessarily that of rightness. for so did Pharoah of Egypt of old. when he persecuted the old Israel. and finally met his "destiny" at the very place where conflict exists today . Also Napoleon. . so has any nation but it is not always that of glory.

" That is where our sympathies lie " AH. at last we have got it. Now we know at least whose side they are on. The showdown has taken place and needs no interpretation for any clear thinking man .

This from so called space people . without any explanation of the rightness or wrongfulness of the case. NO mention that the Arabs, and remember we have not said a word about the Egyptians under Nassar , The Araba are the pure descendants of Ishmael. the Son of Abraham and Haggar. and in their own right Biblically have a right to certain areas of Palestine. The Jordanians too are of the pure stock of Moab . of which race Ruth of biblical fame was one. they also have their place in any religious claim for Palestine. Have our space men forgotten that , or did they not even know it , or perhaps did not WANT TO KNOW OR REMEMBER IT. Methinks. the latter for it would be very typical of any group who on earth favors Israel of today. and wants to deceive trusting folk into their way of thinking.

So much for this "message??" from space. and alas there are so many more like it under the guise of brotherly love and preaching a mixed bag of world brotherhood, without any reasoning as to the vast problems such a brotherhood would mean, for despite the desire to make all men equal by men of earth. there still remains the vast difference of abilities and know how. for one cannot stop the march of progress in one race of people to allow the others to catch up. if that were even possible. for whilst one backward race is progressing the more fully developed races are also moving forward this still leaving a gap between them. The undeveloped race has a correct right to attain as much as lieth in him but not at the expense of causing deterioration of other races in advance of him.

The above subject is too vast to dwell on here and is certainly not one for these pages. but has been mentioned because within the realms of Ufology there is so much now creeping in which is a hashup of all types of metaphysical thinking. and judging from the great contradictory statements made all supposedly from space people/ the above has been written because your Editor can no longer just sit back and say "Let them work it out for themselves" such complacency is not his. for he does have a conscience despite what some may think and having given the right to others to express their opinion he now is claiming the same privilege in return.

Finally, If we must give heed to messages from space. then let us be sane and sensible people. and not gullible kindergarten kids. Weigh everything in the light of historical fact and evidence. and more, first get a clear understanding of just what is making the international wheels tick, and who pulls the levers and moves the pawns in the game. Without that knowledge. you can and will be an open target for all sorts of forms of hoax. gimmicks. propaganda. and worse still you yourself can become a very instrument in causing others to become as deluded as yourself. What a price to pay, and what a reward waits for those who refuse to heed the warnings. and set themselves up as guides and teachers. alas its the old case of the "Blind leading the blind" The Greatest Teacher of all said. of such for our very day.

"They will set up teachers, who have itching ears" and in another place "They have ears to hear, but they hear not." simply because they hear only the things they want to hear. Oh yes it makes them comfy and feel nice. but what happens when what they have heard and thought was the truth. turns out to be the reverse.?. Surely it is time we began to take stock and stopped taking everything for granted simply because some said it was from a space man. Far better not to take any notice of it all, than to foolishly accept it without weighing and judging if it is what is really claims to be.

I apologise if I have hurt any. but assure it is NOT. done with intent to hurt. but to awaken some of my very dear friends into a little less apathy of mental alertness. Its all up to you.

YOUR EDITOR WISHES TO APOLOGISE FOR THE DELAY IN THIS EDITION. WHICH HAS BEEN DUE TO ILLHEALTH. MANY THANKS ALSO FOR THE WONDERFUL SUPPORTING COMMITTEE WHO HAVE nobly stood by and taken over in some cases for lectures.

LECTURES GIVEN THIS LAST T O MONTHS. TO Lincoln University College. Rose Park Methodist Youth Group. Glenelg Methodist Youth Group. Cabra R.C. College. Fathers .Brighton High School. and numerous House party groups. with thanks to the many hostesses etc.

.....

MORE NEWS FROM MR "X" OF N.ZEALAND.

To those of our new readers who may not understand who Mr. "X" is, we offer a brief explanation.

Mr. "X" who prefers to remain anonymous, although by now his name is fairly well known throughout New Zealand by UFO workers, is a man whom the Editor heard of just prior to his visit to New Zealand in 1964, in that through the media of the Newsletter of Nz. workers Fred and Phyllis Dickenson, of Timaru whom the Editor considers as some of the most sincere people he met whilst there and values their friendship very much.

Mr. "X" who resides at Timaru also, and was acquainted with the Dickesons claimed he had received a number of letters placed in his letter box and which were supposed to have been left there by "spacemen".

The case was thoroughly investigated by the Dickesons and they felt that Mr. "X" was not playing a hoax, in fact certain points of evidence made it apparent that he could not have done so.

Your Editor was asked by many as to his opinion of the case and he being a cautious man asked that any statement he had to make would have to be made AFTER he had met Mr. "X" personally, when he eventually arrived at Timaru. This meeting was arranged and from this and certain events which happened whilst your Editor was there he could not deny that the information relayed (up to that date) was a strong confirmation which he himself had received by telepathy previously in Australia. This and the fact that his meeting several times with Mr. "X" made it apparent that here was no man seeking to hoax people. led your Editor then to publicly make a statement to all groups in N.Z. and also over the radio when asked about the genuineness of Mr. "X" that he considered that the messages received were genuine and that Mr. "X" was what he claimed to be, an honest sincere man who merely related what had happened to him. this and the close examination of the letters received, were positively not the hand writing of Mr. "X."

The year later 1965 however the written messages stopped and Mr. "X" then began to receive messages by telepathy. now having experienced the same, it was not for us to question the possibility of this. but it was the content of the message which aroused our misgivings for they strongly contradicted many statements made by space personalities to ourselves and many over seas. Knowing full well that the experience of E.S.P. is not infallible, and often open to the subconscious mind of the individual asserting itself OVER that of the sender. WE suspected that this was what was happening in the case of Mr. "X". and that some of the statements made were those of his own thinking subconscious mind. Especially in that it appeared evident that he was not protecting himself. from being influenced by lower entities. (Not an unusual thing in the case of novices and those who have not studied the laws of Metaphysics. In all good faith we had to conscientiously state that whilst we accepted the previous received messages (those written) we had grave doubts of the entire contents of those he was now allegedly receiving by telepathy. From this on we never heard any more of "Mr. X".

This month June 1967 we have received an urgent message from the Dickesons who have related that "communication has now been established again with " Mr. "X" and we therefor print the story as sent to us.

We must make it clear however that the reception and interpretation of this message must be evaluated by our readers for what it worth to them by themselves. and although as your Editor feels the contents of the message is very TRUE and he endorses the statement...

Mr. "X" STORY (2)

THE LATEST INCIDENT IN THE MR. "X". CASE.

At. 3.p.m. today , N.Z. Time. May 29th 1967. Mr. "X" was sitting in his front sitting room when he happened to see a yellow coloured mini minor car drive off from his gateway . Being used to having various pamphlets dropped in his letter box at times, he imagined another had been left and so decided to investigate . To his astonishment he opened his mail box to find a note from his TWO FRIENDS(The Space-men) and it reads.

" YOUR WORLD IS ON THE BRINK OF THE MOST BLOODY AND DEVASTATING WAR OF ALL TIME. WE HAVE DONE OUR BEST. BUT HAVE FAILED TO PREVENT IT. WE SHALL GIVE HELP WHERE WE CAN . PLEASE MAKE THIS WIDELY KNOWN . WATCH FOR US IN YOUR DARKEST HOUR OF DESPAIR. WE SHALL NOT MAKE OURSELVES TOO CONSPICUOUS BUT WE SHALL BE WITH YOU ALL THE SAME. IT WILL HAPPEN AT ANY MOMENT BUT CANNOT GO BEYOND YOUR YEAR 1970.

YOUR TWO FRIENDS (End of Quote)

We feel it would be unwise of us to make any further comments. except that the above message has merely confirmed several we received some considerable time ago . and giving this year and those ahead as very serious ones for the whole world. We shall however be glad to receive from any of our readers their views and comments. either way . THE EDITOR..

=====

WE SAW BALL OF LIGHT LAND ON SYDNEY.

" THE SUN HERALD" SYDNEY. 16/7/67

Two fishermen yesterday told the " Sun Herald" about a huge golden ball of light and flame which appeared to " land" twice in Sydney early on Friday.

Details are being sent to the American scientist Prof. James McDonald , who left Sydney this week after investigating five flying saucer sightings in Australia.

The two men were fishing four miles out to sea off Cronulla at midnight Thursday, when they first saw the object .

One Mr. Maurice Allen. of Kingsgrove and the other Mr Glen Mitchell.

Mr Allen said . " It was uncanny. At first I thought it was a plane with its landing lights on . But I realised that was wrong. Then I thought it might be a helicopter, but that was wrong, too ."

Mr Allen who is training for a pilots license, said. " It was like nothing that I have ever seen in the air before. "

" We checked with the Dept . of Civil Aviation . and there was no aircraft in the vicinity at that time . " I don't know how to explain it. "

The two men agree it was a golden ball of light which had flickering light similar to flames from a fire.

They said it was 200 ft in diameter . It swept across the sky and then descended almost vertically from about 1,700 feet to ground level.

The two men brought their boat into Botany Bay an hour later and were fishing inside the Bay when they saw the light again .

Mr. Mitchell said . " It had the same appearance but was probably ten miles away . " This time it seemed to land behind the Taren Point bridge. I'm surprised that no one else has reported seeing it. "

" Flying Saucers?" said Mr. Mitchell. " I don't know about that. But I admit I am puzzled. "

THE PROPHECIES OF MOTHER SHIPTON .
.....

For a number of years, I have often wished to obtain a copy of these prophecies by this remarkable woman way back in the Fifteenth Century.

A few of my readers and correspondents have also asked me if I could put them into touch with such a copy. At last by mere chance I called into a second hand book shop, a lady who was present was talking to the assistant about this very woman, and with apologies I asked her where the copy could be found. She herself was a Canadian now retired in Australia, and like myself had been a professional singer, in both countries, in her case.

This naturally gave us a common ground of communication and she volunteered to send me a copy of the prophecies as given in a Canadian paper "The Free Press" and published about 1929.

I feel that as the same are now hard to obtain and those readers who asked for my help in obtaining it will welcome same, that also there may be others who may like to keep a copy. With this in mind the following is given.

.....

ALL ABOUT MOTHER SHIPTON .

Mother Shipton was born in Yorkshire, England on July 1488 and died about 1559.

In books of information concerning her, she is described as a half-mythical English Prophetess.

Baptised as Ursula Southiel, she married Tony Shipton, a builder, and according to traditions, she was the child of Agatha Shipton and the Devil. The following was taken from a scrap book made more than 40 years ago (now 90 years) and owned by a Rochester woman, according to the "Rochester Democratic Chronicle".

The PROPHECIES.

A house of glass shall come to pass, In Merry England, but alas,
War will follow with the work, In the land of the bloody Turk,
And State and State in fiercest strife, shall struggle for each others life,
Carriages without horses shall go, And accidents fill the world with woe.
In London Primrose Hill shall be, and the centre of the Bishops See.
Around the world shall fly, In the twinkling of an eye.

Through the hills men shall ride, and neither horse or ass bestride.
Under water men shall walk, shall ride, shall sleep, and also talk.
Iron on the water shall float as easily as a wooden boat.
Gold shall be found and shown In a land that's not unknown.
Fire and water shall wonders do, And England shall admit a Jew.
Three shall lovely France be led to dance a bloody dance, before her
people shall be free.

Three tyrant rulers shall we see. Each springing from a different dynasty,
And when the last great fight is won. England and France shall be as one.
And now a word in uncouth rhyme of what shall be in latter time.
In those wonderful far off days, women shall get a strange new craze.
To dress like men and breeches wear, And cut off their beautiful locks
of hair.

And ride astride with brazen brow, as witches do on broomsticks now.
Then love shall die and marriage cease, and babes and sucklings
so decrease.

That wives shall fondle cats and dogs, and men live much the same as hogs,
In fear and trembling this will do, Fly to the mountains and to the glens
To bogs and forests and wild dens, For tempest shall rage and oceans will
roar (next page)

MOTHER SHIPTONS PROPHECIES CONT (2)

And "Gabriel" stand on sea and shore, and as he toots his wondrous horn,
Old world shall die and New be born .

In the air men shall be seen , In white and black and also green ,
Now strange, but yet they shall be , true. The world then upside down s
shallibe.

And Gold shall be found at the root of a tree.

When pictures look alive with movements free .

When ships like fishes swim below the sea

When man outstripping birds scour the sky.

Then half the world deep drenched in blood , shall die.

.....

EDITORIAL COMMENT....

Today as we look back on the sayings of the remarkable woman. we cannot be but amazed at the accuracy of her predictions. considering that none of these wonders of the modern age were ever thought of or considered possible. Then they called her a witch or something as well derogatory.

Toad however those of us who accept the ability of the inner senses of the psyche. know that E.S.P. or Extra Sensory Perception is possible and that poeple can see things which are not known to man at present and predict such as Mother Shipton many coming events.

We are not talking here of mediums or seances. but actual wide awake people who are not in trances actually have displayed some remarkable inner ability to foresee things.

In some cases these people have been adamant that they knowledge was NOT something of themselves , but was relayed by telepathy from other beings. such beings who gave Glory to God and acknowledged the Christ manifestation .

Of course there are people who will immediately call them, as they did Mother Shipton , "servants of the Devil" but one is directed to the words of the Christ Himself who said. when rebuking his disciples for doing just that same thing. and because they found a man healing on the Christ name wanted the Master to allow them to forbid him.

The Masters reply is full of meaning and teaches great caution to our modern critics , " " He that is with me cannot be against me"

Surely the experiences of the prophets has ever been one of censure and persecution. even some to the loss of their lives.

Shall we then be so unwise as to rashly condemn those today who can and do have the ability to assist us by bringing to our knowledge things which shall come to pass.

Frauds there will ever be. but unwise is the man who refuses to accept the Positive reality for the Negative shoadows.

We fully understand that many of our Saucer research workers do not favor those who claim E.S.P. despite that scientific experiments have now been acknoeldged as logical by both East and West.

However there is a growing large group of workers who have been prepared to keep AN OPEN MIND and SIFT THE WHEAT FROM THE CHAFF. and whose own experiences or those of others has more than proved that E.SP. IS a GIFT and that it is one to be reckoned with if we are to fit the jig saw piacs together . in our work of Investigation.

Not all our readers may agree with us. but we askk that they maintain an open mind on the subject for it is on this basis of open forum of ideas and freedom of expression this magazine is founded and we hope shall nev-er be silenced or cease from the same.

- IF, AND WHEN -

By: A. E. BRAN .

The whole tenure of present day thinking among U.F.O. research workers, is occupied with the one all pervading thought of "If and When".

IF the presence of alien space craft in our skies indicates that a benevolent, advanced, space people are overlooking us, preparatory to leading us to "greener pastures" in the event of possible world catastrophe, and WHEN; if the former is correct, are they going to show their hand ?

Theo-sophers amongst our ranks, assure us quite solemnly "what is written" must surely happen. I might point out at this juncture that quite a few times in the history of mankind, learned philosophers, astrologers and theologians, (and quite a few cranks) have stated emphatically that the world will end in catastrophe on such a date, and at such a time. Their forecasts of course, with the passage of time have been proved fallacious.

The learned gentlemen mentioned previously pessimistically predict that the mass appearance of alien space-craft in our skies at the present time, is the beginning of the end for our planet, and the demise of all humanity. They base their arguments partly on "signs" and "portents" and partly on quotations or extracts from ancient chronicles including the Bible.

Other, "informed" people, with a more optimistic attitude towards life, are inclined to shrug their shoulders, and with indulgent glances of amusement at their "learned" colleagues, state equally as emphatically that all such talk is nonsense, and anything that the Divine Creator has made, HE would not destroy ! Now, let us put all this pessimism and so called optimism on one side, and consider a few relevant points which have arisen in latter years, during intensive research into the mystery of Ufology taking into consideration the scientific, astrophysical and meta-physical aspects of the question.

Let us study some of the scientific theories which have emerged from U.F.O. research, quite apart from numerous theses of types of propulsion, design of craft, planet or system of origin, etc., etc.,

It has been made abundantly clear to Investigators, that, most sightings both here in Australia, and in fact every Country in the world have a definite pattern to their movements. Time after time, it has been noted the preponderance of sightings over, or near power supplies, water catchment areas, geological fault lines, or atom and rocket testing grounds.

To my way of thinking it can mean one of two things, either that they are merely curious of our way of life and are surveying the various channels from which we obtain two of the necessities of life, namely water and power, plus our facilities for waging atomic warfare, or, they are purely and simply hovering over power lines to tap electro-magnetic power for their craft, and are collecting water for their drinking purposes (a mundane thought), whilst the observance of craft over fault lines and testing grounds could mean that they, being a far

superior type to us both mentally and spiritually, are concerned over our welfare, with regards to our atomic potential and radio active fall-out, plus its corresponding stresses and strains on the earth's crust.

The astrophysical aspect of U.F.O. research is a much maligned and often ridiculed branch of this work and of necessity it is therefore not very well known to the general public. Its conclusions, theories, and practices are usually promulgated in private among groups of dedicated workers. The results thereof are then distributed to all world groups via the media of magazines, and sundry literature.

The information obtained by these workers, is proving of ineffable value in assessing the full import of the reasons why aliens (??) from space, are spending the time to visit our planetary shores.

For instance, they often startle the more scientifico-technical members of our ranks, with ideas theories and facts which run contrary to all accepted scientific principles, and which, upon being checked have been found to be entirely feasible.

The astro-physicists state positively that our space visitors are being contacted both physically, and by means of telepathy, and have been so for a very long time. Those of my readers who have read any of the works of Mead Layne or George Hunt Williamson, will be familiar with the depth and range of Border Science, etc. Whilst not agreeing whole heartedly with all of their pronouncements, some, I feel should be accorded certain consideration. They claim that they are able to contact our space brethren not only by physical means (telepathy) but also mechanically, by the use of intricate radio type equipment.

The information they claim to have received via these methods, if true, will prove of incalculable value in plotting our future course, with regards to our relations with the space people, and preparations for any catastrophe which might involve our planet.

No doubt by now, you are all fully aware of the potential menace to earth, by the planetoid ICARAS whose tail we are due to pass through either in June 1967 or June 1968 (there are two schools of thought on these dates), and that the official estimate of its distance from Earth at that time will be 4,000,000M. Informed sources in U.F.O. work, doubt this "official" estimate, and are more prepared to believe the forecast of our astro-physicists who state that the estimated distance will be only 1,000,000M. The latter forecast, if correct, proves once again that our Governments are trying to pull the wool over our eyes, and are endeavouring to cloud the issue, in the mistaken belief that "what we don't know, won't hurt us". The A.P. boys state that our space brethren are waiting until the opportune moment, when a gigantic air-lift will be swung into operation, moving their earth brothers and sisters to places of safety. Smile you may, and say "what a lot of foolery" But please keep this point in mind, the whole operation may be a terrifically stupendous one, though I don't for a moment think, that our space brethren, with their obviously far superior intelligence, would not have fore-seen all the vast difficulties and therefore have laid their plans accordingly.

We turn now to the meta-physicists, those workers, who are an integral part of U.F.O. research, not as well known as their more scientific colleagues perhaps but never-the-less researchers who have a very large following among those people, who shall we say, have more inclination towards the spiritual, rather than the scientific principles of Ufology. Meta-physics as you probably know is the study of the spiritual rather than the physical elements of life and the hereafter. This rather abstract and very involved form of investigation has brought to life many interesting and contentions answers to the varied problems confronting us at the present time. They agree about the fact that our space brethren re writing to evacuate their Earth "relations" to places of safety, but they are more specific in their statements, and add a few points which may or may not, (depending on your faith) give you, my readers, quite a jolt !

Whether we like it or not, Christianity, the faith to which most of us subscribe, either through conviction or hereditary habit, and its chronicle the Bible, give us (according to the meta-physicists) a lot of answers to our questions. This, combined with the information gained through spiritual channels, points to the reason why the Earth is approaching possible chaos.

It is the age old conflict between right and wrong, light and dark, good and evil. In the beginning man was placed upon this Earth to expiate the sins accrued over previous incarnations on other worlds, to study in the school-room of life how to rise above his baseness, his previous vile and carnal existence. Many people overcame their evil side and in doing so drew nearer to the Grand Design laid down by the Divine Creator, but others continued in their former degenerate way, and so approximately 1,967 years ago, the Divine Intelligence sent his Son and Captain of his Forces, to Earth to be incarnated as the baby son of a lowly but reverent young couple, a carpenter and his child-wife. The reason being to try and lead those people who had strayed from the Light, back to the path of reason and goodness. His Great Sacrifice and subsequent martyrdom was designed to shock the people into an awareness of their infidelity and sacreligion. To a great extent it served the purpose and a massive spiritual upsurge was the result. Christianity grew by leaps and bounds, and Disciples spread throughout the known world drawing converts into the fold.

Unfortunately, pockets of die-hard pagans managed to survive the Christian onslaught, and they, being so imbrued with their habits of devil and idol worship continued on in their former dark and evil ways. These two schools of thought represented by Light and Dark, have developed throughout the intervening centuries, side by side, yet conversely in totally different camps, and at frequent periods, clashing with devastating effects, as witness the frequent wars which have beset the long suffering Earth populace. Not only wars but many other horrible things can be laid at the doors of the "Sons of darkness", crime, famine, pestilence, to name a few. Many crimes have also been committed in the name of Christianity, two, which are brought to mind being the misguided zeal of the Jesuits during the Spanish Inquisition, and the purge of Catholics in England during the reign of the Tudors. Some theologians agree that the latter conflicts were possibly initiated through poison

being injected into the minds of individuals by the forces of Darkness.

I personally subscribe to this thought. At the present time we still have the forces of Light and Dark locked in conflict. The separate sects & schisms of the Christian Church are endeavouring to resolve their difficulties and the resultant strength will provide a strong and united front against the opposite powers. The world is divided into two camps, those of Democracy as represented by the Western powers and those of Autocracy as represented by the East. Crime is on the increase, corruption is rife, famine and pestilence is on the way up, sexualism is becoming the "thing" via the medium of press and television, which all goes to prove that the "Dark Forces" are also on the march and the time is fast approaching when both could meet on the field of battle, spiritually and physically. Such a conflict could well prove the end of all things we hold dear or it could herald the cleansing of the world and the emergence of a New Golden Age !

We now arrive at the point which inspired me to write this article and which provided me with my phrase , IF AND WHEN.

I firmly believe that the majority of the space craft in our skies, ARE controlled by intelligent, friendly and benevolent space people who ARE waiting to lead us to greener pastures, WHEN, the moment of truth arrives and the Earth is plunged into chaos. Until that time, they wait, and through various means both spiritually and telepathically contact individuals here on Earth, inspiring them, like the Disciples of old, to go out and alert- their Earth brethren and prepare them for the possibility of things to come.

In conclusion I have these things to say, which I feel, will allay the alarm that my article has possibly aroused. No matter to what Country, race or religion, you my readers may belong, no matter whether you are a pessimist or an optimist, the highest in the land or the lowest of labourers, if you have an inherent faith in "Source of all goodness" the triumph of right over wrong, and love for your brothers you should have no fear. For you will be chosen to inhabit a Brave New World in the coming Golden Age. Above all, have faith, for it is above religion, cult or race, and if you believe in a Divine Creator, You will survive !

DID THEY SEE A FLYING SAUCER.

TWO NOTED T.V. STARS THINK THEY DID.

Sun herald " 16/7/67.

Beauty and the Beast panelists Maggie Tabberer and Pat Firman have a problem that tops all those they've answered on the show. .. did they or did they not see a flying saucer . ?.

ATN 7's Brains and beauty pair claim they did. What's more , they've described the sighting in detail to Visiting American Prof. James McDonald.

They sighted the saucer while they were driving to a recording session at ATN 7's Epping Studios. just after they left the Sydney Harbour Bridge.

At the time they told noone about it , but the story finally broke when flying saucers were being discussed on the show.

They have passed on the details to Prof McDonald.

Say Mag ie and Pat: "The professor seemed to think it was a genuine U.F.O.

T.V. STARS sighting continued.

" he said our description matched many other sightings in most respects"

" What we saw was a silvery shaped like a silver salver, obviously metallic and glittering in the sun . "

" The morning was clear, and the object hovered over buildings quite near to us.

" We exhausted every possibility as we sat at the side of the road and watchd.

" But we told nobody about it for months "

CHIEF OFFICER OF COAST GUARD HAS
UNUSUAL SIGHTING .

Cf. Reports Express and Echo 28/4/67 Sunday Express 21/5/67/
Our Report from Reg Bradbury in his Kingdom Voice July 1967.

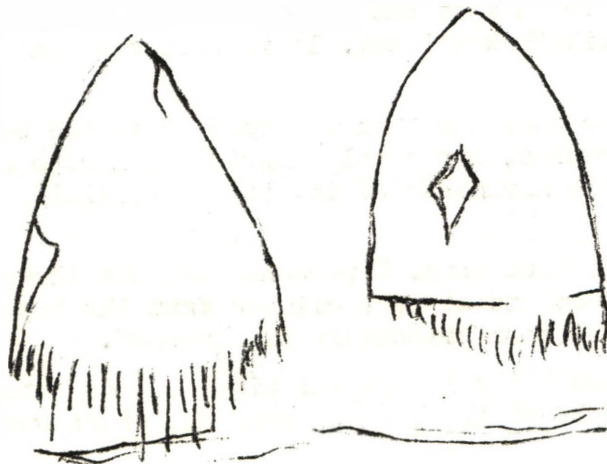

The sighting was made at Brixham England. on April 27th 1967/ by Coast Guard Harry Johnson and others who are trained personel at the Berry Head Coast Guard Station . It was also seen by residents in Brixham , as it hovered for at least an hour, watched by the Coast guards Harry Johnson and Brian Jennings. through high powered glasses. Scores of people along the Devon coast telephoned the police stations to ask about this object, sighted at noon on April 28th. As it hovered over Brixham , Devon, it slowly revolved, revealing what seemd to be some sort of door. (see skecth drawn by Coast Guard Harry Johnson for Reg. Bradbury).

A reporter in the papers and to interviewer Reg Bradbury. on May 13th. within minutes of the sighting the Caostguard staion alerted the registite authorities, and an aircraft apporached, flew round the object, and then flew away. According to the Sunday Express account, a senior R.A.F. controller at Plymouth said " I understand the UFO was also tracked by radar". The same report staid that a Ministry of Defence spokesman suggested that the object might have been ' a refelction of car lights or some sort of meteorological Phenomena".

Commenting on this at the Berry H ad Brixham CaostGuard Station. Chief Officer Harry Johnson said.

" It's just laughable for anyone to suggest to a highly trained body of observers that this was the reflection of car lights. It was midday. The object was obviously highly polished, and reflected the sunlight like a star."

The drawing below is copied from that given in the Kingdom Voice and is a sketch by the Cief Officer. Harry Johson of the Brixham Devon. England. Berry Head Coastguard Station .

SIGHTING REPORTS FROM HERE AND THERE

DENMARK. ADAPTED FROM N.U.F.O.K. REPORT DENMARK . EDITOR WILLY OLSEN.

TWO SMALL BOYS OBSERVED FLYING SAUCER ..
 =====

Experst describe two kids' assertion about the behaviour of a " flying saucer" at low height across Sjellands Odde, as most credible. Avery heavy lump which afterwards was found on the shore, seems further to certify the boys' explanation .

One of the boys meant that the flying object had thrown down someboxes. A piece of the lump was sent to technological institute for examination; the institute reported never to have seen or explain the way in which the elements (some of which were lime and inorganic coal) were mixed.

The two boys' observation, which took plave some time ago, has been kept back by the parents for fear of ridicule by school friends. In the beginning the parents were sceptic too; but as the boys very strongly kept to their explanation, they also were convinced that the boys' told the truth. In order to get the question examined , the mother applied to " Rude Skov Satellite tracking station . " which referred her to the central office of Scandinavian UFO Information .

The central office sent a representative to Sjellands Odde, where he examined the boys and found many details , which agreed with near observations from the whole world. In areport to the magazine of the organisation , UFO-NYT, he reproduces the boys report as below.

=====

The two boys were playing in front of a big stack of hay; when it became dark they wanted to go home. As one of them happened to look up, he noticed a gre-dark object in the sky .

" A water spout is coming, it is dnagerous", he cried and ran home . Here his mother remarked that it couldn't be a water-spout because it was not blowing enough . The other lad was not so afraid, but for safetys sake he crept down into a ditch, from where he went on watching the object.

The boy maintains to have seen the object go down toward the ground, while 3 legs were lowered through the bottom , at the same time it slowed dwn very strongly. It looked very much as if it was going to land.

When the object was 3 feet above the ground the legs were nearly pulled up again and it sppeded up. The boy tells that the object continued toward Kattegat (the sea) at low height and when it was over the shore it threw something which looked like"boxes " out. It is believed that it was the heavy lump which was found.

After a turn out over the sea, something, according to the boy, happened again a big hamp or box was lowered, apparently hanging on a rope or cable as thick as an arm . Judging by the movements of it, it was flexible and had no stiff connections.

As the box or hamp was lowered down. 8 persons came out through a hole in the bottom of the flying object and at once climbed ~~down~~ the rope or cable. The boy said alos that the took"binoculars or cameras".

The boy was not afraid and later he several times repeated to his mother that "they locked friendly". Half of the persons from the craft waved their hands

Sightings Denmark (2)

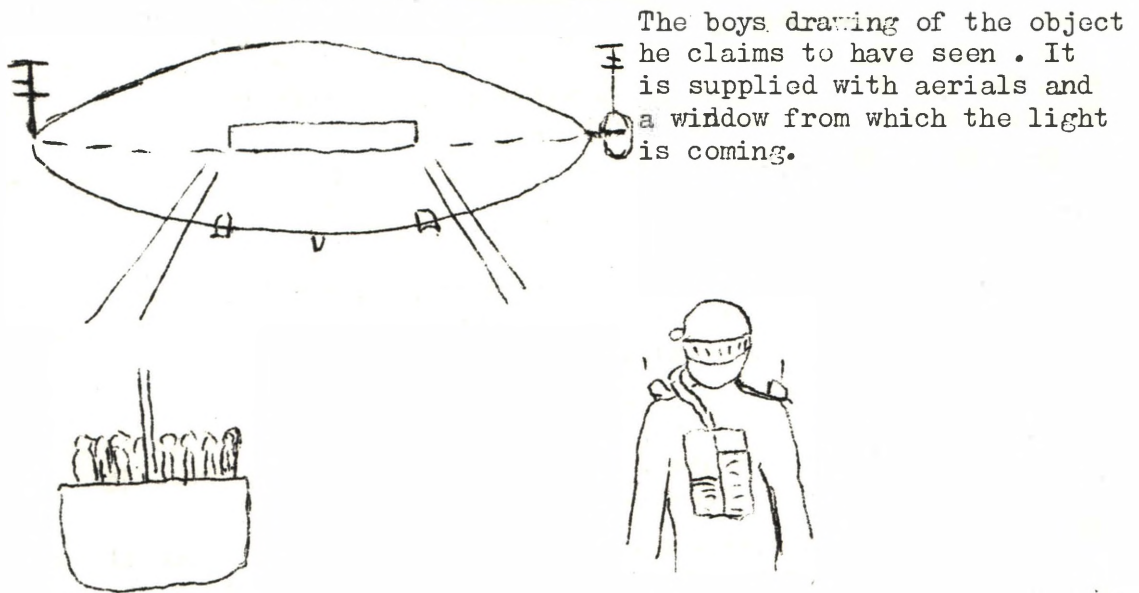

and smiled at him. But they did not wave their hands in the usual way . The boy said that " they held their palms vertical and made quick horizontal movements".

As the object disappeared, the boy heard a sound which he compared with the soft humming from a battery tape recorder. There was no breath of air or radiation of heat from the " flying saucer " .

The boy described the 8 persons as quite small-- like the size of himself. One of them wore a blue suit and the others a striped one. According to the lad , they all wore striped caps. Apart from the person in blue, they all had containers on the backs from where a tube led to their mouths.

Another remarkable detail should be recorded , in that they all " had lights on their shoulders", It looked as if they had electric torch lights on them" and there was a light in both ends of the electric torches, the boy said.

No one can guarantee that the report is true, the UFO representatives remarked. but he points out that no one in the family earlier had been interested in UFO phenomena, by which the boys could have been inspired in their imagination. . Source " Holbak Amts Venstreblad" April 15th 1968.

To the left you see the " box" which, as the boy says, was lowered under the spaceship with eight persons aboard.

To the right the boy has drawn how the space men looked. They had a container on their backs, and a light on their shoulders.

JENSEN . OF Denmark.

SOUTH AUSTRALIAN SIGHTINGS REPORT BY A.E. BRAN.

Readers will remember in the last edition of PANORAMA , I mentioned I would elaborate slightly about the strange occurrence near Peterborough, one of the Northern country towns of our State. approx 150 miles N.E. of Adelaide.

This occurred on the 30 th . March last,

Two, young apprentice mechanics (names on our files) were travelling on the Peterborough - Orroroo Road, when their car and two following vehicles were suddenly " stopped" by an object about the size of a car, which hovered above them and emitted a bluish glow. reminiscent of a mercury light .

The apprentices, and a High School teacher with a student companion (who occupied one of the following cars) report that the ir car engines simultaneously stopped running as if the electrical systems had broken down !

After hovering for a few moments, the object flew straight up. As soon as it had gone the cars were able to be started again .

I might add that the folk concerned were startled to say the least, and made haste to report the incident to the local police.

Several reports had been made to the police regarding sightings in the Peterborough - Terowie district during the March- April period, including one from a schoolteacher , who stated that he observed a red and white rotating light N.W. of Peterborough, over the Pekina and Yatina Hills.

Another statement reports that an object " rose like a rocket" then hovered , rotating , over the middle of a paddock, this craft like the previous one mentioned emitted no discernable noise.

APRIL 6th. 6.45. p.m.

Miss Raelene Camilleri, 23 of Mannum , and four of her friends (names not supplied) observed a bright object travelling across the northern sky from west to east. The bright object appeared to be about $\frac{3}{4}$ the size of the evening star. The evening was fine and clear with a few clouds, and a perfect unobstructed view was had by all.

The craft kept a constant speed across the sky, and could possibly be mistaken for a satellite , but for its speed , which seemed to be more than twice as that of a man made craft . Duration of sighting approx. $4\frac{1}{2}$ mins.

=====

Hilarity, and not a little amused contempt was aroused recently amongst members of U.F.O.F.I.A. , by the publication of American reports that,

(a) " U.F.O.s were a myth, and merely clouds of " PLASMIC gasses travelling around our upper atmosphere", and (b) (just 2 weeks after the first release) " that the ultimate analysis had been made , and that U.F.O.s were nothing other than clouds of inflammable ammonia gas, complete with the portholes!!!

Just how stupid do the American scientific authorities think we are? to accept this type of hogwash?. I have no doubt, that there possibly are clouds of the gasses referred to, floating around , about above us. and that sometimes , I repeat SOMETIMES , they may delude innocent and enthusiastic observers, into believing they have seen the real " dinkum" thing .

Perhaps the same "scientific" gentlemen would care to explain how clouds of gas can cause cars to stop. blips to appear on radar , or how a cloud of gas can support the weight of several space - men as they wave to spectators as in

SIGHTING REPORTS CONTINUED. S.A. (2)

the case of the New Guinea sighting as reported by the Rev. Father. Booth Gill and others of the Boinoi Mission Station ?

These are but two of many arguments which came to mind when reading these futile and stupidly misleading " hand-puts" by the Western , scientific officials

Its high time that this ostrich-like attitude ceased, and governments realise that the general public are not a lot of ignorant morons.

Give us the truth about U.F.O sightings , credit us with a little more than a little intelligence, and allow us to decide whether the reports submitted by thousnads of honest upright citizens , skilled observers, astonomers, air line pilots etc etc , are perpetrating a gigantic hoax on mankind.

Then perhaps, we may see through the mists of ammonia and plasmic gasses, temperature inversions, flying geese . et al; to find that it has really been Scotch mist or good old Australian bull-dust clouding the issue.

Remember the age old saying, " better the Devil you know, than the pne you know not". So, secure with the knowledge of Truth, we can go ahead and face the unknown with fortitude, faith and courage, qualities of which, the human race are fully endowed. A.R. BRAN .

=====

Sat. May 6th. THREE YOUND TEENAGERS REPORT SIGHTING.

A bright object in the sky was reported by 3 teenagers travelling west to east across the northern area .

Their names are Reinhard Glasser. Frank Shannon, and Mary Pender. all of Lysle St. Brooklyn Pk.

The object appeared to be a bright yellow, alomst gilden in color, and approx. the size of a pea held at arms length . No unusual features were observed such a s pulsations , change in color etc . The only chnage being a decrease in size just before th disappearance of the object .

Duration of sighting 7 minutes.

.....

Sat 27th 6.45.p. m.

A Magill garage proprietor and his father were travelling back to Adelaide from the direction of Noarlunga, when from the top of O'Halloran Hill. approx. 12 miles south of the City , they sighted an unusual object outlined against the eastern sky by the rising sun . They stopped their vehicle and joined a group of other curious people who were also gazing at the spectacle.

The object appeared to be elliptical in shape and about the size of a cigare ette when held at arms length. It glowed with a bright golden hue as it hung motionless in the sky for several minutes.

A small dark object was seen to emerge from one end of the craft, and after moving aorund in the sky for a few moments , disappeared back from whence it came.

As the objects were at least 10 miles away from the observers, no positive description could be given with regards to the size or shape of the secondary object.

Upon the sun rising from behind the Adelaide Ranges . the craft rapidly disappeared.

This sighting was confirmed by an acquaintance of mine , who stated that he observed the object on his way to his Golf Club. He assumed that it was possibly a high flying jet- craft, but was intrigued by its bright golden colour and the fact that it appeared to hang motionless in the sky . He was interes-

SIGHTINGS CONT . (3)

ed. enough to park his car in another persons driveway, and sat watching the phenomenon until it disappeared from sight.

Duration of sighting . approx. 10 minutes.

.....

Investigators evaluation .

It would appear re. the sighting of th May (the young teenagers) that a satellite has again been confused with the real thing . We quite often receive reports from people , acting in all good faith. and which we value very much, which, when investigated are found to be genuine mistakes . However I would like to say if anyone sees an unusual or suspicious light or object in the sky to send the report to us , they can be sure then that a very careful analysis will be made of their sightings , and quite possibly a lot of them would be classified as non- identifiable.

With regards to the sighting of the " mother ship" no positive evidence is yet to hand to prove whether the sighting was a terrestrial object or if the object was of extra-terrestrial origin .

Information however was elicited from the Dept. of Civil Aviation that quite possibly high flying jet aircraft would be in that particular area at that time of morning, and either the craft or its vapour trail would be suffused by the glow from the rising sun , explaining its bright golden glow.

Several doubts were left in my mind however , by the C.I. As . glib explanation as follows.

(a) How was the plane , if plane it was, enabled to hang stationary in the sky for approximately 10 minutes.?.

(b) If it was a plane, why did it not emit any discernable sound?.

(c) How many planes in our knowledge are able to eject and receive back into themselves other flying craft, whilst remaining still stationary ?.

To my way of thinking the latter sighting must be consigned to our unidentified reports file. to keep company with many thousands of others like it.

Many thanks to the sharo sighted people concerned , . To the teenagers. Don't be discouraged maybe next time it will be the REAL thing. and to the gentlemen concerned in the latter report we hope they will continue to keep their eyes peeled for any further phenomena! A.E.BRAN .

WE ARE GOING TO REVIEW A NEW BOOK IN A NEXT EDITION. " THE SCORITON MYSTERY" In the meantime we ask our readers not to take too seriously the accounts of reports given in this of sightings in South Australia. by one who gave them to the author Eileen Buckle. More so the account of the Visit of George Adamski visit to Adelaide. we state emphatically is grossly distorted and false. Our surprise is that such well known and respected publishers as Neville Spearman of whom we have the greatest respect should allow such rubbish to invade the UFO reading world. WATCH FOR FULL REVIEW NEXT EDITION .
