

# "Psychiana" Weekly

VOL. I, NO. 22.

MOSCOW, IDAHO, SATURDAY, JUNE 1, 1940

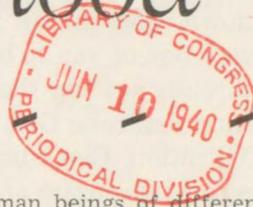

10 CENTS A COPY.

I AM writing this to you on Mother's Day. There have come in the mail this Sunday morning, two letters. I receive many such letters, but these two have moved me to write this article for the Weekly. Perhaps we can clarify the atmosphere a little bit, insofar as my good "Christian" friends are concerned. I have many such friends. They like me. A Methodist minister said to me just yesterday, while talking about the Weekly: "I like a lot of what you write, but sometimes I get so mad at you I'd like to skin you alive." I understand that. This man is a good friend of mine nevertheless, and before many years have passed, perhaps before one year has passed, these good ministers and priests will know for certain that the Spirit of God is speaking through what I write, regardless of whether these good fellows agree with me or not. Let no reader of this magazine think for one moment that I should teach and write, unless I KNEW that God was about to make a new revelation of Himself to the world through what I do write, and through his Movement.

Now to get to these two letters. The first one says: "You say you talked with God, but you are a liar; you will find yourself roasting in hell some day and talking to the devil; then you will wish you were talking to God." That letter, of course, comes from a religious fanatic, and one who could not grasp truth if it were offered to him. We can discount that type of letter, although it would surprise you how many such letters I receive in a year's time, similar to this one. The second letter is much more pertinent to the beliefs of many, so I want for the first time to my knowledge to clarify my Students on what are the fundamentals of many who very honestly and earnestly believe in some form of "orthodox" religion. This second letter states: "I would like to study with you, for I believe you have something. However, I find not one word about the blood of Jesus in anything you write, so until I do, I shall not take your Teaching."

That is an honest letter. Let me say to the writer that she will never find me teaching blood, regardless of whose blood it is. This world, as I write this, is bathed in blood—the blood of the just for the unjust, which is exactly what the Christian and many other religions teach. I have never been able to see how a religious philosophy based on such a preposterous presumption can bring peace to this war-torn world. There is blood being spilt in Europe, even as I write this to you. Bombs are being dropped from the sky, along with soldiers parachuted to earth, and these bombs carry death and misery to countless thousands

## The Blood of Gods

of peace-loving human beings of different nationalities. Truly, the blood of the just, the peace-loving, the innocent, is being shed for and by the unjust, for if ever this world saw an unjust human monster, Hitler is that one. How he ever came into such power is the greatest blot on human history. Yet religion would have us believe that God Almighty resorted to such a similar expedient, to bring to this earth "salvation," whatever that may mean. I PUBLICLY BRAND THAT STORY TO BE UTTERLY FALSE. GOD ALMIGHTY, THE SUPREME MAKER AND RULER OF THIS UNIVERSE, NEVER DID ANYTHING OF THE SORT.

Every organization which teaches that he did, is teaching falsehood, and I care not what the name of the organization may be. It is a direct result of such a teaching, together with the impotence of the religious organizations teaching it, that has made it possible for such a monstrosity as Hitler to manifest and be allowed to live. If the Power of God were known on this earth, and if the religious organizations had known the slightest thing about God, do you think for one moment such a man as this would be allowed to do what he is doing?

It is because of the absence of knowledge of the True Spirit which is God that this reign of terror we are now witnessing has been made possible. It will remain in power (listen to me)—this rule of brute force will continue unbroken until someone brings to earth the true conception of the Almighty. That conception is NOT to be found in the "blood of Jesus" or the blood of any other crucified god, and the world has had a lot of them, according to the traditions of the various religious organizations.

Let us lay emotion and prejudices to one side. Let us look at the facts. In these facts lies the answer to the God proposition, and if that correct answer is not found, and found fast, the whole world will come under the domination of Hitler, for there is no human power, and no combination of human powers, which can bring him to his knees. He has prepared too carefully. He has prepared too long. Now the "Psychiana" Movement has stepped into the world picture. Its growth has been amazing. It reads like a fairy-story. This Movement comes to the world of religion and it tells that world that the story of the "blood of Jesus" is not true. The Move-

ment tells the world that God is not in such a story, and it further tells the world that, while God exists, he cannot possibly be found as long as church organizations tell people what is so very evidently an old religious pagan superstition told once more.

Either the Founder of "Psychiana" is insane, or he knows what he is talking about. If he knows what he is talking about, he can prove it. Let us see. It is my contention that these stories of crucified gods who shed their blood for the sins of the world are all pagan, including the story of the shed blood of Jesus Christ, the crucified god of the Christian religion. Shall we see? This story is given to the world as a true, original, and "divinely inspired" story. Let us see that also. For if we find that the same story was ever told before by anyone, we shall then have proved that the whole story is of pagan origin, and is not the truth. If it is not the truth, and if God Almighty cannot work through that story, THE TRUTH MUST LIE SOMEWHERE ELSE. IT DOES, AND WE OF "PSYCHIANA" ARE GIVING TO THE WORLD THAT TRUTH. It is diametrically opposed to almost everything orthodox religions teach. Now, was the story ever told before in religious history or tradition? Read on, then, judge for yourself. If you find this story false, happy should you be, for then you can find God entirely outside of the story. Here is the evidence, weigh it carefully—it is all to be found in the traditions of these respective religions. When you have weighed it carefully, ask yourself whether the "blood of Jesus" or the blood of any of the rest of these "crucified gods" is sufficient to bring a knowledge of the True Spirit which is God to this world. I can list about 34 others besides these, but space forbids.

It has been charged that I am trying to destroy the Christian religion. If it is FALSE, it should be destroyed. I am, however, not trying to destroy anything—I am trying to find the truth about God. That truth, no religion has brought to this earth in the past 5000 years, and we have come to a place in our evolution where IT IS NECESSARY THAT THE TRUE GOD BE FOUND. NOTHING LESS CAN BRING THIS HITLER MONSTROSITY TO HIS KNEES. If I am to be blamed for doing that, regardless of whom it hurts, let them make the most of it. Naturally, the church does not like these truths, but they are TRUTHS, and God is in TRUTH, NO MATTER WHO WRITES IT. God is NOT in untruth, no matter who teaches it. Now read this list:

**JESUS CHRIST, born 2,000 years ago.**

## Stopping the War

While we have no way of knowing how many of our Members are doing the little spiritual exercises against the Russians and the Hitlerites, we do know that we were absolutely swamped with signatures stating that the Students would cooperate in this attempt to stop the powers of darkness by the forces of Light. We sent out about 75,000 of those slips and we received back about half of them, so there must be at least 100,000 Members throwing the Power of God against Hitler and in behalf of the Allies.

Of course, what we would like to see would be the whole thing stopped, but we do not believe that is in the cards yet. This is a life and death struggle between the powers of hate, war, etc., and the powers which believe in the Power of the Spirit of God. The war will not end tomorrow, for those powers which are opposed to justice, or rather, which have a kind of justice all their own, will put up a strenuous fight before they are brought to their knees. It is not the poor Russians, for they do not know why they are fighting. It is not the German people, for they fight only because they are afraid not to. It is these two men, Hitler and Stalin, upon whose shoulders the blame lies. What a pity they do not know of the Power of the Spirit of God, for that Power can supply every lack, and it will do so when it is given an opportunity.

This "Psychiana" Movement is the greatest religious awakening this world has ever seen. It's in its infancy yet, to be sure, but the Power of the Spirit of God behind it will make it an unquenchable fire for God, and through our united efforts, we shall be instrumental in bringing to this world the peace which has been promised for 2,000 years now, and which has not come; yet it will come.

This being purely a Movement of the Spirit of God on the earth, our movements will not be noisy at all. The world little suspects today that there are 100,000 good Americans, three times daily throwing the Power of the Spirit of God against the Russians and the Germans. That must

have its effect. It is a pity that President Roosevelt, when he called the leaders of three religions together to confer with him about taking some steps to try and end this war, did not include the name of the Founder of "Psychiana." However, ere long the full import of this Movement will be known, and in the meantime, I ask every one of you to be instant in your exercises against these powers which would dethrone God, and destroy our civilization. Communism and Nazism are the two curses of humanity today, and it will take all the spiritual Power we possess to overthrow them. So please do your duty. We shall do ours.

---

No man can hunger and thirst for God and not be immediately filled to overflowing. All that is necessary is to know that God—the infinite Spirit of God—lives in each one of us with all His Power. That is far better than to tell mankind that "God's in heaven; all's right with the world."

## The Weekly

We are very happy at the response to the Weekly. Subscriptions are coming in very much faster than we had anticipated and it is a source of joy that this is so. I shall devote my best efforts and most of my time to the Weekly, because I can see where so much more good can be done through a weekly magazine than in any other way. The subscription list of this magazine, the way it is going now, should be over 100,000 before the end of the year. I don't care so much about how big the subscription list is, just to be saying it is big. What I want to do is to reveal to as many thousands as possible, through this magazine, the truths of the new conception of God, as tens of thousands have proved those truths to exist.

It is something new for me to be issuing a Weekly. Yet I am convinced that this Weekly can be the biggest thing we have ever done. It comes every week, and the Student does not have to wait two weeks for word from Moscow. The united efforts of everyone here will be placed behind this magazine, and if you will let me know what I can do to make it better, I will consider those suggestions thankfully. Of course, there is only one thing which can make the magazine successful, and that one thing we shall always do. You want to know

the truths of God. The whole world wants to know those same truths. They are not being given to the world by any religious organization we know of today. So then, haven't we got the whole field? Can we not do a miraculous work for humanity by bringing to it the actual and literal truths of God? Of course we can, and I want to do this as speedily as possible.

This war in Europe is terrible. The wanton slaughter of human lives and the destruction of property are diabolical. Only the Truths of God can halt that terrible thing. We have those truths of God, and the world is fast finding out that we have them. Then let us bind ourselves together, and through this magazine we can bring these truths, first to those of other churches, then to the world at large. This work cannot continue much longer without the whole world knowing of it, and when these truths are known to the whole world, the Day of God will have come. What a work! What an honor to be called of God to do this! What a responsibility! Yet, what a joy. You will do your part, will you not? I know you will, and thank you for doing it.

If you have interesting short articles which you think would fit in here, send them along, but, if they are valuable, insure them, for we cannot be responsible for unsolicited manuscripts. There may be a news item, though, which you think should be brought to the attention of our readers. Send it in. Then, again, you might want to meet other Students in your own locality. If you do, we will publish your name and address free of charge, of course, so that others in your own community may get acquainted with you if they care to. Perhaps you know of others who would like to have this magazine. If you do, please do what you can to have them subscribe. I expect before long to be unable to handle the volume of subscribers with our present plant, but we will handle that when it comes. Don't forget to keep ever in mind, the fact that *in you, lives the Spirit of God, with all Its Power available to you. Experiment and see whether it does or not. You will find that it does.*

## Questions and Answers

Ques.: When will the European war be over and who will win?

Ans.: Not being a soothsayer or fortune-teller or other sort of faker, I cannot say, for I do not know. There are some things I do know about this war, however. In the first place, it is not a war. It is a revolution against everything free men and women cherish. The freedom which was bought at Waterloo is at stake, and the sad part of it is that there is not a single religious organization on the face of the earth which can do a thing to stop such madmen. In spite of their claims to have "the keys to the kingdom of God," in this emergency, these organizations are as impotent as anyone else is. Religion, as we know it, has been impotent for 2,000 years and longer than that. It seems a pity that thinking men and women do not throw away these old pagan superstitions about God, or at least exchange them for the actual living Spirit which is God, and which is today, as never before, ON THIS EARTH. This war will go on, and this madman Hitler will not be stopped by force of arms. He and his allies will sweep everything before them, and if anyone thinks that America is not in his wild dream, such a one badly fools himself. No country, or no combination of countries is powerful enough to stop this man and the allies he will turn loose shortly. He will take everything—and then, in the moment it seems as if he is to rule the world, this "PSYCHIANA" Movement will have come into its full power, and the Spirit of God which is behind this Movement, and which is manifesting through it, will speak, and, through the actual and literal Power of God, this man will be stopped—but he will not be stopped any other way. The churches will first have to come to the sad recognition of the sad fact that instead of their teaching the actual POWER of the Great Spirit, God, they have been teaching an old pagan superstition which was hoary with age long before Christianity was ever heard of. Think of it—the only place where the story of Jesus Christ is to be found is in the four "gospels" and those anonymous manuscripts were put in the "holy bible" of the Christian less than 400 years ago because animals have four legs. This is staggering information. Look it up. Ask your preacher or priest if Irenaeus, bishop of Lyons, had the four gospels put in the "canon" or "sacred scriptures" in 1545 A. D., and ask him if one of the reasons was because animals have four legs. I should like to write at length on the answer to this question. Civilization, as we now know it, is doomed. In its place will arise a new civilization which knows the actual Power and Existence of the Great Spirit—God. First, this man Hitler and his ilk will have to be brought to their knees, but no country or no combination of countries can do that—and this leaves the task in the hands in God, and in the hands of those who know the REAL GOD—not the pagan god the Christian church now has. Hard words, these—but, oh, how true. I wish they were not true. But the staggering fact of the exist-

ence of God here on this earth will shortly be universally known—in that day, death, sorrow, fear—all these and more, will be wiped away. Man shall live in peace with the world and with God because man will have found out who and what God actually is.

Ques.: I am a Christian—there has never been one God except Jesus, you and your teachings notwithstanding. Do not send me any more literature, as I shall return it unopened.

Ans.: You are mistaken, my friend—religious tradition gives us about 50 "crucified gods" long before the one you believe in. These other "gods" were also believed in, just as many today say they believe that Jesus Christ was God. They are wrong. This world only had one Creator, and that was a long, long time before the Christian religion was ever heard of. No one ever killed that Creator. He still lives, and will, if you allow him to, manifest in your life more Power than you have ever dreamed possible. However, if you want to stick to Jesus as God Almighty—that's your business.

Ques.: What started churches in the first place—or who?

Ans.: Religious promoters—and they still support them.

Ques.: What do you think of the "I AM" Movement?

Ans.: Haven't time to think of any Movement but the "Psychiana" Movement.

### Form Groups

I am asking every Student and every subscriber to the Weekly to do something really constructive for God and humanity. The best thing is that it doesn't cost anything, and once you start it, it will amaze you how many people there are in the United States who are thinking straight, living right, and believing in God to such an extent that they *know* He can step into this world picture and bring peace.

If every one of you will call up ten more people and invite them into your home for a "blitzkrieg" for God, you can, with me, start the greatest spiritual upheaval this country has ever known. Hitler won't be able to stand against the Power of God. Here is what you can do, after you have formed your little group. Read the circular you have received with the Weekly, giving the affirmation of faith in God against Hitler, and then have your group sit there and repeat this statement: "*The Spirit of God will bring your downfall.*"

Get a picture of Hitler from some newspaper, and tack it up where all can see it. The group can keep very still, recognizing the infinite Power

of the invisible Spirit of God in the midst of the little group. Then, when you are sure of the Power of God in that group, let the leader make the affirmation, the group joining with him or her. Then, a period of another few moments of silence, and again the affirmation. This is my "blitzkrieg" for God, and I am asking every one of you to do it. You can start with ten people, friends, and you can increase every week. People will come automatically to you, when they have attended one of these meetings, for there will be in them a Power they have never known before.

You might advertise in your local paper the fact that all who believe in God are invited to attend the "Psychiana" "Blitzkrieg for God." When you cannot hold them all in your home, rent a hall, and do the exercises there. The only thing that can bring Fiend Hitler to his knees is the Spirit of God, and your Founder knows how to use that Power. I am, therefore, asking all to join with me. I do not know how many people here in the United States are doing this now, but judging from the mailing slips we have received, there are tens, and perhaps hundreds, of thousands. If everyone will make a group, look what we can do. Hitler could not stand this force, for God is dynamite to Hitler, and he knows it. Will you do this? Please write and say you will.

"Psychiana" is a Movement of the Spirit of God on the earth, and the aim of this Magazine is to assist "Psychiana" in making the Spirit of God a vital living Power in the lives of our fellow-men. The Movement is non-denominational. Its Members comprise adherents to every faith in the world. It wants to help them all. We have no "articles of faith" nor do we have creeds or rituals. We know man exists, and we know the Spirit of God exists. We know man can know the Power of the Spirit of God while on this earth, and through this Movement God is being made a Living Reality to men and women of every race and creed all over the world.

Whenever it is necessary, this Magazine speaks very plainly. Many traditions of "orthodoxy" are shown for what they really are. Whenever we find ancient myth and superstition masquerading as being of the Spirit of God, we bring the facts to the world, kindly but forcefully. We believe the Power of the Spirit of God is abundantly able to step into this desperate and discouraging world picture, and bring a permanent peace. To this end we are striving, and as the Spirit of God reveals Itself to us, we reveal It to others without fear.

Members of every church are cordially invited to come and find and use the Power of the Spirit of God with us. An infinite love for all is the motivating Power of this entire Movement. Through this Movement the Spirit of God is making Its presence known on earth.

The Editors.

## The Blood of Gods

(Continued from page 1)

Born December 25th. Born of a virgin. Crucified on a cross. Was God in human form. Came to save the world from sin. Mother and son visited by shepherds and "wise men" from the East. Rose from the dead and now sits at the right hand of God in "heaven." Note carefully the next "crucified god," 1,400 years before Christ.

**JESEUS CHRISHNA, born 1200-1400 years before Christ.** Born December 25th. Born of a virgin. Crucified on a cross. Was God in human form. Came to save the world from sin. Mother and son visited by shepherds and "wise men" from the East. Rose from the dead and now sits at the right hand of God in "heaven."

**QUETZALCOATL of Mexico, 587 B. C.** Born of a virgin. Crucified for the sins of the world. Died on the cross; was resurrected the third day; descended into hell; had an immaculate conception; was crucified between two thieves; was God in human form; is now in "heaven" with his father God.

**BUDDHA SAKYA, 600 years before Christ.** Born of a virgin; came to "save" a "lost" world. Was crucified on a cross; was called "The Savior of the World." Rose from the dead; will return to earth again, like Christ. Had more followers than Christ has. This story has every fundamental of

the Christ story, and had them long before Christ was ever heard of.

**THAMMUZ of Syria.** Born of a virgin; was crucified for the sins of the world; came to save the world; rose from the dead and is now in "heaven." Preached to the "spirits" in Gehenna.

**WITTOBA, 552 B. C.** Crucified on cross; depicted with nail-holes in hands and feet; still worshipped in Madure.

**IAO of Nepaul, 662 B. C.** VERY DEFINITE and specific testimony exists that this "savior" was crucified on a tree in Nepaul. Some say that "IAO" is the root of the name of the Jewish Jehovah or YAHWEH.

**HESUS, 834 B. C.** Hesus (note similarity to Jesus) was crucified with a lamb on one side of him and an elephant on the other. He was called "the lamb of god which taketh away the sins of the world," as the Christian "savior" is now called.

**QUIRINUS of Rome, 506 B. C.** Born of a virgin; his life was sought by the reigning king (like Christ's); was of kingly descent; was crucified and at his death the whole world was enveloped in darkness. (This is told of Christ, also.)

**PROMETHEUS, 547 B. C.** For a full account of this "crucified god" see the New American Cyclopedic, Vol. 1, page 157. Born of a virgin; crucified for the sins of the world; died on the cross, rose from the dead, and is now at the right hand of his father, God, in heaven.

**THULIS of Egypt, 1700 B. C.** Was crucified, dead, and buried, and on the third day rose again from the dead; he ascended into "heaven" and there became the "judge of the quick and the dead" like the Christian "savior" did. He was "full of grace and truth."

Before I leave this subject, and to complete the proof, may I say that the only place in existence where reference to Jesus Christ is to be found, is in the four gospels. These four gospels were voted by a group of Catholic priests into the canon of scripture in 1545 A. D., which means that it took the Christian church 1500 years to decide what was the "word of god," and then it was decided, not by "divine inspiration," but by a vote of Catholic priests. There are four gospels because animals have four legs. Irenaeus, Bishop of Lyons, in 1545 A. D. presided at the Council of Trent. This is what he said when these four gospels were voted into the present "divinely inspired word of god": "The earth has four corners, there are four great winds, ANIMALS HAVE FOUR LEGS, SO WE WILL HAVE FOUR GOSPELS, NO MORE AND NO LESS." I am giving you the facts here, and you can use your own intelligence in deciding whether this story is the sublime truth of God, or the origination of a man-made system of theology. Regarding the Christian bible, here is the story there.

There has never been known to exist one single original manuscript covering anything in the book. They were "all lost," the church tells us. The first bible was the Catholic Vulgate, in the 4th century. Then

in the ninth century came the Anglo-Saxon bible. This was followed in the 14th century by the Wickliffe bible, and you would not know the Wickliffe bible was the same thing as the Vulgate. It certainly was emasculated. From the 16th to the 17th century there came five more bibles, as follows: The Tyndale, the Coverdale, the Great bible and the Geneva, and these were followed by the Authorized version. In the 19th century, we were given the Revised version, and just a few months ago, the name of the Christian god—"Jehovah"—**WAS VOTED COMPLETELY OUT OF THE CHRISTIAN BIBLE BECAUSE, TO QUOTE THE SURGEONS, "PEOPLE NEVER USE THE NAME JEHOVAH ANY MORE."** The point to remember here is that outside of the Christian church, there is no proof of the existence of either Jesus Christ or anyone else spoken of in the bible. The original manuscripts were all lost, if they ever existed, and it was not until 1545 A. D. that the Catholic church had decided what was the "word of God."

I shall leave these facts with you. Do you think the world will be saved from such men as Hitler by these writings? Do you think that Almighty God, the Supreme Maker and Ruler of this universe, made a mistake when he made man, this mistake requiring the death of himself on a cross to obliterate the results of that mistake? Or do you believe the actual truths of God have not yet been brought to the world? Personally, I incline to the latter view. There have been too many crucified gods for me to believe in any of them. I do not believe God is to be found in any of these religious philosophies. Let me tell you what I believe to be the truth of God, and let me also say that during the past eleven years, the fact of the existence of God has been very abundantly proved in human lives by this Movement.

God lives in every created human being. He lives there in all of His great Power. Man has, through the indwelling Spirit of God, **ALL THE POWER OF THE UNIVERSE AT HIS DISPOSAL, AND IT IS ONLY BECAUSE OF THEORIES OF THE**

## How God Works

From Humboldt, Sask., Canada, comes this letter and I believe it will prove to you that there are no limitations to the Power of the indwelling Spirit of God.

"Dear Doctor Robinson:

Please refer to your wires of the 13th. inst. I want to thank you for what has already been done for my boy. He has been benefitted greatly. The growth is becoming softer and is being reduced. My boy now rests at night and is able to be out and play with his little friends. Before I informed you of his condition he was in pain and was unable to get his rest at night."

The letter is dated February 1, 1940, and this is a case which was cancer. The boy has recovered and it is just some more evidence of the remarkable Power of the Spirit of God over any and all untoward physical conditions. I don't know too much about the Power of the Spirit of God myself. I wish I knew more, but for eleven years now we have been demonstrating that Power to countless thousands. It lives in you. You can put it to work for you, even better than I can. First recognize it, then use it. It is the Infinite Spirit of the Infinite God.

## "Believing"

Hardly a day passes that we do not receive at least one letter from some good old "orthodox" Christian telling us, "I do not believe this" or, "I do believe that." I'm thinking this morning that it is not a case of what you and I believe at all—it's a case of *what are the facts?* If what we believe is not fact, or if it is not true, then all the "believing" in the world can't make it true. We can believe the moon is made of green cheese if we care to, and we can't prove that it isn't; but just because we believe it is, is no proof or sign that it is. Same thing is true in the realm of religion with its hundreds of differing "beliefs." All can't be true, yet all have "believers." The truths of God will never be found by "believing," unless such "believing" is accompanied by absolutely overwhelming proof. In this realm of religion, it is not neces-

sary to believe anything. *We know*, and that's a whole lot better than just "believing." *We know the Power of the Spirit of God lives in us.* Then let the "other fellow" argue about his "beliefs." We shall continue to *know*.

"If science does not assist me to give myself and others a better religion, a better understanding of the Creator, and a closer personal relationship with him; if science does not assist me in carrying out the divine purpose, then I am a failure as a scientist. But science has made me a better Christian; I believe it will make better Christians of all men and women who try to understand its simple and beautiful laws; because they are the laws of God."

## The Blood of Gods

(Continued from page 4)

CHURCHES THAT MAN DOES NOT KNOW THE FULLNESS OF THAT POWER. But a change is coming. The human race knows that neither the "blood of Jesus" nor the "blood of Christna" nor the blood of any other crucified god can save this world. IT WILL TAKE THE ACTUAL PRESENCE AND POWER OF THE GREAT SPIRIT—GOD, TO DO THAT. I do not believe it takes the shedding of the blood of ANY god to find that freedom and Power. Moreover, I do not believe that these pagan totalitarian nations will be stopped by human hands—I believe they are too strong. Therefore, some new conception of God is necessary before this world can live in peace. No religious organization I know anything about either knows enough about God, or has a sensible enough story of God, to stem the tide of madness and horror which is sweeping the world today. These are serious days. Don't fool yourself just because you live in the peaceful U. S. A. Such men as Hitler and others are out to rule this world, leaving God completely out of the picture. They will fail—but they will not fail unless the TRUE conception of God is brought to the earth by someone. The churches certainly cannot do it. The "shed blood of Jesus" cannot do it—BUT THE EVER-PRESENT SPIRIT OF GOD CAN DO IT. That Spirit is making its presence and Power known on the earth through this new revelation of God.

This is not a war; it's a world revolution of everything bad against everything good. It will, therefore, take a religious revolution to stop it. Nothing in the realm of religion possessed by any religious organization can do that. So then, instead of criticizing me, better listen, and as you see God Almighty working here and now, IN HUMAN LIVES, better get rid of the "blood of Jesus" and find the Power of the Spirit of God.

## Failure

If anyone thinks he is a failure, look at the record below. There is one good lesson we can learn from this, and that is never give up. On the inside of my study door is a motto which reads as follows:

*"When you get into a tight place and everything goes against you, till it seems as if you couldn't hold on a minute longer, never give up then, for that is just the place and time the tide will turn."*

Now read what one man who believed that accomplished:

Failed in business, 1831; defeated for legislature, 1832; failed in business again, 1833; elected to legislature, 1834; sweetheart died, 1835; nervous breakdown, 1836; defeated for speaker, 1838; defeated for elector, 1840; defeated for land officer, 1843; defeated for congress, 1843; elected to congress, 1846; defeated for re-election, 1848; defeated in senate, 1855; defeated for vice president, 1856; defeated for senate, 1858; elected president, 1860.

Do you know the name of this man? It was Abe Lincoln.

God send us men whose aim 'twill be  
Not to defend some ancient creed,  
But to LIVE OUT THE LAWS OF RIGHT  
IN EVERY THOUGHT AND WORD AND  
DEED.

God send us men with hearts ablaze,  
ALL TRUTH TO LOVE, ALL WRONG TO  
HATE;  
THESE are the patriots nations need,  
THESE are the bulwarks of the State.

## With Our... Students

From a Student in Independence, Mo., comes this letter. Mrs. George, No. 14-218. These numbers of Students we must have. (Sounds like a penal institution, doesn't it?) It's a penal institution all right, but we are all prisoners of the Living God, and we like that sort of "prison." Read this letter carefully, and thank God for this Great Power:

"Thanks for your nice letter. I wrote you several days after I sent the wire, but so many were here and I had so much to do, in the confusion, the letter was never mailed. I'm so sorry. I discovered it in my correspondence today. The day I wired you three doctors were at my brother's home, one from the board of health. When they pronounced it typhoid, the youngsters, Thomas, age 7, and Paul, age 6, had my sister-in-law so upset she looked positively ill. She was crying too, so I know you all knew about them. You see, at the same time the doctors were here, a funeral was being conducted at the little church almost next door to my brother's, the cars being parked right in front of their home. Incidentally, she died of typhoid fever. This whole community is raging with it, I should like to thank you for your help with the children—THEY ARE ALL UP AND EATING EVERYTHING THEY CAN GET. WE WISH TO THANK YOU FROM THE BOTTOM OF OUR HEARTS, AS IT DID NOT SEEM POSSIBLE WITH ALL THIS ILLNESS AROUND US. We only wish we could do good like that."

From Toledo, Ohio, I find on my desk this morning the following letter from a Student whose initials are J. M. P. It is one of the regular run of letters which tells in so amazing a manner what the Power of the Spirit of God did in that life. Some may laugh at these letters, and had we only a few scattered letters such as we publish, there might not be any significance to them, but when they come in as fast as they do, well, it means that the Spirit of God is working in human lives, and that's what we live for. Here is the letter:

"Enclosed please find \$2.25 to cover payment for Lessons. I have just received No. 11 and I am getting results. I am cured of sugar diabetes. My case was so bad that gangrene had set in and the flesh had rotted off my right foot. Have about completed growing a new foot. Tests show no sugar and this without dieting or any medicine. My financial problems are being solved, too. Do I believe in the God-Law? Ask me."

Sugar diabetes is a deadly disease unless insulin is used. This Student used no drugs—just used the God-Law—and you see what the results are. Could anything be more wonderful? Is not this a blessed work? I think it is.

From Porter, Oklahoma, comes this letter, and it, too, tells of the Power of the Spirit of God in this life:

"When I enrolled for your course of Studies, I had been bedfast for 8 months. Now, after four months, I am up most of the time. I can walk one half a mile without resting. My cough is gone and I eat and sleep well. The temperature is normal and I am gaining weight. Now what do you think of that?"

Signed, Miss E. W."

This is a case where the Student was in the last stages of T. B. when she came to us. But the Power of the Spirit of God

proved once more to be abundantly able to do for this girl what she needed done, and to do it in violation of what medical science says "cannot be." But any time the Power which created a human body can't look after it, well—you let me know about it.

Now from Elsay, Ill., we have this letter which is not a bodily healing letter. Read it, and be glad:

"I have now received up to the 13th Lesson. I want to say that your Teachings are the most wonderful Teachings ever put into print. These wonderful Lessons have shown me more about God than all the religious books and literature I have read during my life. I am happy to say that I am learning more about how to use the Power of the Living God-Law in my own life."

These are the Letters which make life worth living for us. We know that when once a Student recognizes the Power of the Spirit of God in his life, that Student CANNOT ever lose that vision. The good old Baptist has the right idea—he says you can "backslide" as many times as you want to, and still you are "saved." He means well. To put what he is trying to say, into up-to-date language is this—"WHEN ONCE YOU KNOW OF THE POWER OF THE SPIRIT OF GOD IN YOUR LIFE—YOU ALWAYS KNOW IT."

This is rather a long letter, but I think I'll publish it all, as it speaks so very plainly and tells the story better than I could tell it. Just imagine that changes like this are being manifested every day, in every state in the Union, every city, and in a good many hamlets, too. Yet we have no churches or meeting places. We operate entirely by mail. What sort of a Power do you think can do these things?

"I am taking this opportunity to let you know of the benefits that I have derived from your Lessons to date.

For the past several years, misfortune has dogged my very footsteps and, try as I would, I have been unable to accomplish anything. Everything that I tried, simply turned to failure and I had reached the point where I was about to give up. I lived in fear of what the future had in store for me. It seemed that I was caught in a rut and I was unable to get out of it. Besides having a lot of misfortune, my health had not been so good and I arrived at the conclusion that my life was simply meant to be one of gloom and misery. Do you wonder why I lived in fear of everything (including life itself) when all I could see ahead of me was nothing but ill health and misfortune?

What a difference since I have taken up your course; what a difference. I have taken a new lease on life and the very things that I once feared have completely gone out of my system. Some of those things are now amazing me instead.

I want to say in all sincerity that your first Lesson took all the fear out of my life. I now think that life is wonderfully thrilling and well worth living. Your second Lesson opened my eyes a little more and as far as your third Lesson is concerned, there is nothing that I can say that will justify its merits. It has raised my hopes a million miles in the sky and when I look at the wonders of this world, and the sky above, it simply thrills me. I feel as though I am living in a different world. It is all so wonderful when one realizes his relationship to the Power of the Living God and I say to you, thanks a million times for calling this Course to my attention.

When I received your third Lesson, I kept reading and reading it and I had a smile on my face that reached from

ear to ear. You have no idea how that Lesson made me feel. I felt as though I was floating on air. All my friends are amazed at the change that has come over me. I assure you that it won't be long before some of my friends will take this Course for their own benefit. Again, I wish to thank you from the bottom of my heart.

Your friend and student,  
M. C.

Astoria, L. I., New York."

## Dynamic Power

In the Realm of the Spirit of God is dynamic Power. That Power lives in every human life regardless of whether we are conscious of it or not. If we are not conscious of it, we never can use. It is, then, a static Power. But when we throw that Power into use by recognizing it, it at once becomes dynamic, and things begin to happen. How could it be otherwise with all the Power of the Spirit of God living in us? So then, if the Power in you is static, make the connection with God by recognizing that Power, and thus make it dynamic. Your whole future depends upon your doing this. Who knows—you may be the one to lead the rest of us far deeper into the Spiritual Realm than we have ever been able to go before. So make the Power of God in you dynamic. The whole world may benefit if you do.

False pictures of God cannot last. Their trail is short and invariably ends in ignominy. The true picture of God is as everlasting as the hills. It shall stand as long as time endures. No "crucified god" ever entered into the truths of God. That is a church superstition which originated in pagan religions. It still exists in them.

## Hitler

The situation grows worse and worse in Europe. Hitler seems this far to be ahead of the Allies. That man will bear watching. He should not be underestimated. He is perhaps the shrewdest madman this world has ever known. He would have made a great religious leader. Too bad his perverted mind values human life so lightly. Human life to that man means nothing at all. He will kill Germans by the thousands and like flies if they do not submit to his "divine" will. This man will come to his end, and with the end of Hitler will come to this earth universal peace—not because Hitler is defeated, but because it will take the Power of God to defeat him.

Here is what I predict will happen: he will carry everything before him. Blood will flow like water, and the most fearful slaughter of human beings the world has ever known will follow the trail of this fellow. He will not be beaten by force of arms, for there is no nation or combination of nations which can lay low Hitler and the allied powers he can muster. If the going gets too tough for him, or if he gets too successful, watch out for a coalition of Germany, Russia, Italy and Japan against the rest of the world. There is no combination of democracies which can beat that combination.

Then, there will arise some religious leader, divinely inspired by God, full of the Power of the Spirit of God, and this man will bring to the earth the fullness of the Spirit of God, and it will be through the advent of this religious leader that Hitler and his ilk will be finally demolished, and a permanent peace brought to earth. When the forces of hate, war, murder and totalitarianism head up in one man, you can be sure that the forces of God will also head up in one man to oppose those negative, brutal powers of darkness, for the world will never see the day when the forces of wrong and untruth will triumph over the forces which are of God. It's the final battle between right and wrong—right will win. Right will always win, because it is right—and

## THE POWER DYNAMO

STEPHEN BERN DAHLMAN

right is God. Nothing wrong can be of God.

If the churches desire to be in on the great emancipation of the human race, they will join their forces with the forces of the spiritual leader which will arise. If they do that, the church can be rescued from the pit of myth and superstition into which it now is lost. I hope it does. Let the Catholic throw away his crucifixes, his black robes, his mass and his beads, and let the Protestant throw away his "crucified god," his Lord's Supper, his "conversion," etc., and let all unite and stand upon the one great fundamental fact of God—that is, *the present existence and Power of God entirely outside of their creeds and dogmas. Let the churches do that,*

*and they can then take part in the great salvation of man, which salvation will be brought about through man discovering now what he should have discovered ten thousand years ago—that is, that God lives in His creation—not outside of it.*

When this fact is realized, than do you not see that when all the Power of Right is arrayed against all the powers of wrong—the Right must win because of what it is. Things are about to move fast. They are moving fast now. Let every reader of this Weekly realize the ever-existing Power of the Spirit which is God—in you—and then you will become a very vital part of the force which will bring the Hitlers to their knees. I shall depend upon every one of you.

# God and Eternity . . . . .

THIS Sunday morning, during breakfast, the radio was on and some church service or other was being broadcasted. Usually I turn those things off at once, but this morning I allowed it to be tuned in, as it had been so long since I had listened to a preacher that I thought perhaps I might be missing something. However, I soon turned it off, for the first words I heard were these: "Think of the millions of poor souls who will enter a terrible eternity without God, there to live in hell-fire throughout millions of eons." Naturally I tuned such a philosophy out. Yet the entire religious structure as we have it today is founded on that very theory.

It makes no difference whether or not we are told, as I have been told by preachers, that "we do not believe that any more," the fact remains that this heathenish theory is taught in the Christian bible, and the whole Christian religion is founded upon that doctrine. Man, naturally, is a lost soul. He is doomed to hell unless he finds "salvation," whatever that may be. The only place where "salvation" can be found, and the only name under which it can be secured, is in the church, and by believing in the god the church offers. Naturally, I say, I tuned such a program out as millions of others probably also did.

No one is going to roast, and frizzle, and fry in hell-fire through countless eons of time. No one is going into eternity with that horrid prospect to face. The very thought is revolting and I am surprised that the National Association of Broadcasters allowed such stuff to be put over the air at all. What sort of a psychology is that, anyway? What do you think its effect on the mind of the child is? I would not allow my little girl to listen to such chaff for anything. She believes in God, but she believes in a *present* God, who, under no circumstances, would ever ordain that man, whom God made in the lost condition in which we are told he now exists, should have to leave this life and go into such a fictitious place as "hell-fire." I wonder what the mentality of the man preaching that story was. I should hate to

have that outlook on life. If I believed that, I should go insane. So would you; but I do not believe it. Neither do you. Neither do those who say they do. Such a mental theory is impossible for anyone to hold and retain his right mind. I don't care who he may be. The thought of such horrible suffering would drive anyone insane.

Those who tell us they represent God on this earth, are trying to tell the people that they cannot escape unless they find "salvation" through the hands of the church. I disagree. I tell the whole American public that story is not true, and I can prove it is not true.

When this physical life is ended, the spiritual life, or the Spirit which is God, which has inhabited this body and given us life, is liberated. The body is buried. It decays. It can never be resurrected. But the life—well, being a part of the Great Life-Spirit, it naturally leaves this body and goes back into the Great Whole, which is God. The deeds done in the physical body while here on earth have nothing to do with the Great Life which is God, which life occupied this body and made it a "living thing." Therefore, never let anyone tell you that either body or soul shall be tormented throughout eternity unless you find God through some church organization or other. Certainly the body is buried and decays, and just as certainly the soul, or the God in man, cannot ever be cast into hell-fire, so what is there left to cast in?

The quicker these old untrue, pagan ideas of God are forever discarded the quicker will men and women find God, and, finding God, the future will never worry them. All that is necessary here on this earth is to recognize the present existence of the Spirit of God. When that is done the future and "hell-fire" can be forgotten. There is no future with God. All, in that Realm of Spiritual Peace, is an eternal "now."

Religion speaks a language all its own. Its language is peace, power, joy, fullness of supply, and kindness.

Governor Sprague, of Oregon, recently said this: "Conditions at the present time the world over reveal great moral relapse. In international affairs, force and the threat of force have replaced peaceful negotiations. In domestic affairs demands for material prosperity crowd out consideration of spiritual welfare. It is important therefore that ministers of religion attend the fires of faith and keep them glowing. The ministry which is needed today is that which flames with a zeal like that of the Prophet Isaiah and that also which comes with healing like the words of Jesus. I believe that ministers need to overlook sectarian differences now to unite in a common defense of the essentials of religion."

Governor Sprague is correct, but the Christian church will have to first discard the false story of Jesus Christ. It will have to replace that pagan story with the Power of the indwelling Spirit of God. Then, after it has done that, it will know what true religion and God really are. It cannot know these two things as long as it has a pagan conception of the Deity.

The world is dividing into two armed camps. One believes in God, the other is attempting to bring in a civilization of materialism leaving God out of the picture completely. All religions which believe in God should first make sure their own philosophies are true, and then, after having established that fact, they can stand and oppose those who do not believe in God. If the story of Jesus Christ as God were eliminated, the churches of all denominations could unite on the common ground of the existence of the Spirit of God. With the story of Jesus Christ, however, they are impotent and will always be impotent; for Power comes from the Spirit of God—not through Jesus Christ who, if he ever lived, died 2000 years ago and has never been heard from since. That's too long.

This world will not be won to God by the man who has only enough ambition to preach two sermons each Sunday. It will be won to God by the man who knows so much about the Spirit of God that he has no time to preach even one sermon. Preaching is displaying one's ignorance of the vital things of God. Wisdom consists in recognizing the Spirit of God in you. That Spirit will lead the rest of the way.
