## Cites Important Changes in Modern Idea of Religion

Dr. Grimshaw Preaches Farewell Sermon in Heights Church

"The modern idea of religion isn't the mere assurance of owning an insurance policy for entrance into heaven.

"This was the thought developed yesterday by Dr. Ivan G. Grimshaw in his farewell sermon as associate minister of Fairmount Presbyterian church, Fairmount boulevard and Coventry road.

"Dr. Grimshaw, who leaves the city this week to become dean of students at American International College, Springfield, Mass., spoke on 'Religion: Pure and Undefined.'

"Two important developments have changed our picture of religion," he said. 'Namely, the new attitude toward man which has developed from the study of scientific psychology and the new conception of God which has arisen through the study of the physical sciences.

"In the new attitude toward man the meaning of religion has changed from one of salvation in the narrow, revivalist usage of the term to one of right conduct in all the phases of life.

"The new attitude toward God, springing from the conception of the universe as one of law and order, sees God as a Being who is stable and self-consistent with His universe of law and order.

"We need a social outlook which understands that one cannot serve God unless one also serves his fellow men," Dr. Grimshaw declared."

The above article from a Cleveland, Ohio, newspaper, is a bit of additional proof that the teachings of "Psychiana" are permeating the churches. Of course, there are still a few who wish to tell us that God Almighty was killed on a cross for the sins of the world, but that few is rapidly disappearing. Every week there comes to us an item from some prominent preacher's sermon, giving conclusive evidence that the "Psychiana" Teach-

ing is getting into the very heart of the churches. I am very happy over this, for it just means that before too long, the whole world will know that our conception of God is the true conception, and it will mean that peace, eternal peace, will dwell on this earth forever, with such men as Hitler forever banished. Instead of trying to rule the earth, men of this type will know the Power of the Spirit of God, and that Spirit will drive out of them all desire to ruthlessly blast millions of men and women into eternity, just because they have the military might to do so.

There is one interesting thing which should be noted as this change from the false to the true religion becomes manifest. *Not one single preacher or church organization will tell where they got this new conception. And none of them will give the Founder of this Movement credit. They will steal everything we have and give it out as their own.* I have known all along that the churches would do this. I did not expect it to happen quite as rapidly, however. The Presbyterians are trying to steal my "Spiritual Blitzkrieg" idea, but they will fail, for they want to use my methods to put across the story of Jesus Christ being God Almighty.

Dr. Grimshaw says that the new conception of God is one of *law and order*. We all know where that came from. If God is *Law*, Jesus Christ was neither born of a virgin nor was he God. That being a fact, one might as well raze every building teaching that false and pagan system of theology. *God Almighty did not die on the cross to save anyone. God Almighty, the Great Spirit of God, actually lives in us all, and it is through this Power such madmen as Hitler can be brought to their knees, and through no other power.* There is no possibility of Hitler winning this war as long as the "Psychiana" Spiritual Blitzkrieg is in existence. Too many of our Students are throwing the Power of the Spirit of God against him.

I think these preachers and churches would get along faster, though,

with our conception of God, if they gave credit to this Movement instead of trying to palm it off as their own. Personally, I am happy when I read such an article. I wish every church in existence would teach what I am teaching, for then, with their organization, I could lay down my weapons of warfare and rest for a while. Perhaps for a long while. For I am a very tired man, I can tell you. However, my strength through the Spirit of God in me will be sufficient for my day, and I expect inside of two years to see the foolish heathen idea of God Almighty on a cross once and forever banished from the face of the earth. When that happens, man will discover that he has *in him*, more of the Spirit of God than he can ever use.

For that day must come. It is almost here. If some wealthy man or woman would give me \$100,000, I can bring in that day very speedily. I have done a marvellous thing as it is in the past twelve years. All man needs to do is to *recognize that the Great Spirit—God—does not live above the sky, was not crucified on a cross, was not born of a virgin, but*

"The sun, the moon, the stars, the hills and the plains,  
Are not these, O Soul, the vision of Him who reigns?  
The ear of man cannot hear and the eye of man cannot see;  
But if we could see and hear this vision—were it not He?  
Speak to Him, thou, for He hears and spirit with spirit shall meet.  
Closer is He than breathing and nearer than hands or feet."

Questions and Answers

Ques: My husband, whom you prayed for in a recent automobile accident, has fully recovered in a remarkable manner. Glory be to God and many thanks to you. Will you please accept the enclosed \$20 as a love-gift?

Ans: Sorry, but we cannot accept "love-gifts" for anything we may have been able to do spiritually. All we ask is that every Student pay us for the Lessons. If such Student would like to see us grow faster than we are already growing, and has surplus funds with which to help us, we shall be happy to receive them, but never for ourselves and never for anything spiritually we have been able to do. Your husband's recovery was very unusual. However, we did not "pray" for him—we threw the Power of the Spirit of God your way, and, of course, the physical disability had to vanish before the higher spiritual Power of the Spirit of God. The \$20 has been given to a needy family here in Moscow, Idaho—not Russia.

Ques: What do you think of Winchell as a commentator?

Ans: I wish we had about 1,000 more like him.

Ques: Why do you persist in robbing men and women of their Christian faith? Is there no better way you can use your unquestioned ability?

Ans: What do you think I am in this work for? Why do you think I slave day and night, giving my all to the Kingdom of God and suffering humanity? Do you think it is for cash? If you do, you are mistaken. The best way to stop these Christian criticisms is for the Christian church, if it can, to prove its story to me. It is significant that not one member of either Christian or Catholic faith has ever, in a kindly manner, attempted to show me where I am wrong. They have damned me into hell and everything else, but they have not even tried to show me my error. Surely the Christian church has one theologian who can refute what I say. If it has not, what I say must be true. In any event, and regardless of what the effects of this ministry may be, I shall, as long as I have breath, teach and preach what I believe to be the truths of God. If the Christian faith is so valuable, why can it not do something about these madmen who, by force of arms, are trying to rule the world by brute force, and are trying right here in America to destroy everything we hold dear? If the Christian faith is of God, and if that faith can actually and literally reveal God to this world, as we can and do, why is the whole structure so impotent? Don't criticize me until you can do more for a suffering humanity than I am doing. I may be wrong, but if I am, you show me where. You are supposed to be a "man of God," a Seventh Day Adventist minister. What are YOU doing to reveal the Spirit of God to the world? You wouldn't last very long in my shoes, brother. Better see that your own "faith" is well grounded before you criticize mine.

Ques: Are you on the radio or will you be there this fall and winter?

Ans: No. There is so much junk on the air today that the results are nil. Radio does not prove profitable. The newspapers and magazines will be used exclusively so far as I know now.

Ques: If the story of Jesus Christ were not in the Christian doctrine, could you subscribe to the rest of it, and if so, why do you not join the Unitarian church, which does not believe in the divinity of Jesus Christ?

Ans: If the story of Jesus Christ were to be deleted from the Christian religion, there would be no Christian religion. This proves it to be a religion of Jesus Christ, and not a religion of God. The Christian religion can get along without God; it cannot get along without Jesus Christ. If, however, the story of Jesus Christ were to be eliminated from the Christian religion, and if it were to give all its time to teaching the present existence of the Spirit of God, I could give my all to it. As for joining the Unitarians, why should I join any church? Have I not the largest individual congregation in the world myself? I think I have. I know of no other man who teaches as large a religious group as I teach.

Ques: If Hitler wins, what will he do to you?

Ans: Nothing. He will not win. This whole thing will not be permanent. He will not win. It will get a lot bigger before it's over. Japan and the United States will be in it. But, sad though the days will be, the fight will not be too long, for the Spirit of God is speaking even now, and after this holocaust is over and after the totalitarians and Communists and Nazis and Fascists have gone to their doom, you and I and the rest of the world can and will live in permanent peace, for by that time the world will have discovered who and what the True Spirit of God is, and that Spirit will rule and reign on the earth. There will be no "crosses" preached then. There never should have been anyhow, as they are not true. In the meantime, let us all follow out the instructions I have mailed to every Student, and let us throw the Power of God against Hitler four times daily. He cannot withstand such a Power as that.

Ques: Is Hitler the greatest genius the world has ever had?

Ans: A madman is never a genius. There's a yellow streak up that man's back a yard wide. What he ought to do is commit suicide—it would save the world much bloodshed. That will not be, however, for this fight will mean the utter destruction of every man and every nation which tries to oppose justice and righteousness and freedom by the sword. They who take the sword shall perish by the sword. This applies to the bombing-plane, too. I would say Hitler is the most bloodthirsty, ruthless, anti-God madman the world has ever seen. Some man, of equal mentality and power, will have to head up the religions of the world, or rather he should head them up. He will, too.

War Has Brought Shortage of Human Skulls

It might be guessed, offhand, that it would be the other way around, but the war has made human skulls scarcer. Skulls and skeletons seen in schools and doctors' offices are seldom home-grown, mostly imported, and war conditions in Europe and the Orient combined with greatly curtailed shipping facilities threaten a shortage.

Even so, the finest quality skulls, perfect with natural teeth, cost only \$32. Second rate skulls with slight defects but entirely suitable for general study are \$15.—*Science News Letter.*

My Jewels

My moments with God are my jewels;  
A precious store rich and rare.  
To possess all the wealth of a nation  
I have to talk with Him—where  
Golden truths gleam thro' the darkness  
Lighting the pathway ahead:  
The wisdom of countless ages  
Doth a glow of rich radiance shed:  
Pearls of great price are His counsels,  
And all are my very own;  
Culled in a wonderful silence  
At the foot of the Infinite Throne.

"Psychiana" is a Movement of the Spirit of God on the earth, and the aim of this Magazine is to assist "Psychiana" in making the Spirit of God a vital living Power in the lives of our fellow-men. The Movement is non-denominational. Its Members comprise adherents to every faith in the world. It wants to help them all. We have no "articles of faith" nor do we have creeds or rituals. We know man exists, and we know the Spirit of God exists. We know man can know the Power of the Spirit of God while on this earth and through this Movement God is being made a Living Reality to men and women of every race and creed all over the world.

Whenever it is necessary, this Magazine speaks very plainly. Many traditions of "orthodoxy" are shown for what they really are. Whenever we find ancient myth and superstition masquerading as being of the Spirit of God, we bring the facts to the world, kindly but forcefully. We believe the Power of the Spirit of God is abundantly able to step into this desperate and discouraging world picture, and bring a permanent peace. To this end we are striving, and as the Spirit of God reveals Itself to us, we reveal It to others without fear.

Members of every church are cordially invited to come and find and use the Power of the Spirit of God with us. An infinite love for all is the motivating Power of this entire Movement. Through this Movement the Spirit of God is making Its presence known on earth.

The Editor.

## An Editorial

This Weekly is a religious periodical. It is absolutely non-political. We reproduce the following editorial as a masterpiece of editorial writing. The unusual thing is that it came from a small weekly in a small Idaho mining town.

### Reflect on Contrasting Facts as to Roosevelts and Hoovers

"An inspired piece from one of the New Deal propagandists says that 'Hoover was a complete failure.'

"So he was. He failed in a lot of things. He failed to draw out his salary of \$75,000 a year while he was President, turning it all back into the treasury. He failed to have his sons organize insurance companies to write insurance on government enterprises. He built a Rapidan resort for fishing and recreation at his own expense and gave it to the government. None of his sons went racing through the divorce courts to the disillusionment of the public. He never

bundled up a lot of government documents to sell as a book to the faithful at a huge profit to himself, and he never sold himself into political slavery to a labor organization for a \$500,000 campaign fund. He gathered a marvelous collection of war stuff and built a museum for it, and failed to ask congress to pay the bill—he paid it himself.

"He did not preach to promote class hatred, and he did not try to pack the supreme court. He did not plow up every third row of cotton, and he did not promise the American people one thing while at the very same moment doing everything to accomplish the directly opposite result.

"He did not ask congress to assess the taxpayers billions of dollars every time someone shot off a firecracker in Europe, and he did not go on fishing trips on government warships accompanied by a fleet of destroyers. Neither did he kill off all the farmers' little pigs, nor encourage the importation of Argentine beef.

"In fact, there were a lot of foolish things that Hoover didn't do that some other people have done. There are a lot of constructive things that he could have done if he had not had the opposition of a Democratic congress . . . but, anyway, he did not leave the American people \$54,000,000,000 in debt.

"Mrs. Hoover never made speeches or raced hither and yon on unimportant matters. She never wrote silly drivel on her every-day life and sold it to the newspapers, and she never sold soap over the radio. Her only appearance in public was as an honorary member of the Girl Scouts of America. She never invited Communist youth to the White House as her guests."

By MAGDA BRANDON

I have heard God frequently

Have felt the strength of Him who planned

Have found a song to heal all scars;  
For I have heard life's stirring bars

through the Realm of the Spirit of God, this whole universe will throw off the shackles of old-time religious myths and superstitions which have relegated God Almighty to a "home beyond the sky."

When the first faint gleams of the dawning of the Power of God are seen by humanity and when it is finally recognized that the Spirit which is God exists in every human life only waiting to be used, then, and not until then, will such a Spiritual Power be thrown against these world dictators that they will be thrown to their doom and eternal and infinite peace will dawn on this war-torn world.

Our progress to date in bringing the knowledge of the Spirit of God to the earth has been staggering, but, I repeat, the time has come for this Movement to really lead all churches and the rest of the world into the true

## Our Poll

Thurs., Sept. 19th.—Today we received the first ballots on our Presidential poll. They came from the states nearest to Idaho naturally, and they are but a small fraction of the number which will be received. This first number of ballots received is running about 2 to 1 in favor of Wendell Willkie.

Next week's issue will give you more information as many more ballots will have been received. Evidently our readers do not like the third term, judging from their comments. We are inclined to agree with them.

## Two Letters

"Dear Dr. Robinson:

Looking at your picture—a face kindly and honest—I am writing this to you. I am an excommunicated Catholic (please read all of this letter). I divorced a beast and married a man, a *fine, square man*. We have four little girls and no religion—now.

I won't bother you with details except to say that we are proud, of good families and expected to live up to a certain standard in our community. We can no longer do so. The misfortune that has pursued us has eaten like a cancer into our hearts and brains. We have discussed a suicide pact. At the end of the month, if something doesn't break, we shall finish with this horrid life. Desperation is a mild term. We cannot take your Lessons. We're *broke*. But from a heart in anguish comes this plea: *Will you answer these questions for me? Is there forgiveness for divorce and remarriage? Is despair the unpardonable sin? Will we go to hell if we end our lives?*

I can no longer write dispassionately, for my heart is surely breaking. Debt and illness have followed us for five years. We are finished. *Believe* that I am a *live* woman who loves and has *tried* and *failed*. I don't want to die. I am only 27 years old. But death seems the only course open to us.

If you are *good* and can help me, won't you answer those questions?"

Mrs. Mary T."

May 16, 1940

"Mrs. Mary T.

Key West, Florida

My Dear Mrs. T.:

I have read your letter with interest and let me state that you are, in my opinion, a woman who deserves a lot of credit for what you have done.

This suicide idea is not the sort of talk a real woman and mother of children would ever write. I am a little bit surprised at that. Don't let anyone tell you that there is no forgiveness for divorce and remarriage and don't let any church organization tell you that there is any such thing as an unpardonable sin. These are man-made dogmas of the Roman Catholic

church and they have no truth in them whatsoever.

This talk of dying, however, is very foolish and you had better put it out of your head at once. I am starting my Lessons to you today, complimentary, and they will show you who and what God really is and they will also show you the hollow sham of the Roman Catholic church.

Sincerely your friend and teacher,  
FRANK B. ROBINSON."

## Two Preachers

"New York, July 29. (AP)—Irving Berlin's song, 'God Bless America,' has swept the country until people are speaking of it as a second national anthem, but the Rev. Edgar Romig still doesn't like it.

"There is a strange and specious substitute for religion held by many in times of crisis like the present," he told his west end collegiate reformed congregation yesterday.

"It is compounded of excessive emotion, wishful thinking . . . And finds its expression in the mawkish iteration of snatches of song like 'God Bless America.'

"The great national anthems that have survived and that will outlive most contemporary doggerel came out of the hearts of men who knew what it was to sacrifice for America'."

"Wenatchee, July 29.—The Rev. G. A. Seely, former pastor at Peshastin, has been arrested at Moscow, Idaho, for Chelan county officers on a warrant charging carnal knowledge of a minor girl. His bail has been set at \$5,000. Chelan deputies will leave for Moscow tomorrow to return him."

By the merest chance I happened to see the above two articles in the morning paper. I shall not comment on the case of the Rev. Dr. Seely, whom I know. The other fellow—well, he has no use for any song or any teaching which leaves the church out of things. If every American will sing "God Bless America" three times a day, and mean it, we shall have no need of churches with their sickly theologies. We need a universal conception of the nearness of the Presence of God, and the farther we keep away from "crosses," "beads," "confession boxes," "masses," "lord's

suppers," "prayer meetings"—the sooner will America find God. We have not been able to find Him *in* the church; now let us look outside of the church—we shall have better luck.

## Russia Looks Higher

Ray of hope for the beleaguered allies is to be seen in the acceptance by Moscow of ambassadors from Great Britain and France. It is not just chance that this move by soviet Russia, and reopened negotiations by a British trade mission to Moscow upon an optimistic note, coincide with the imminent entrance of Italy into the conflict.

Italy and Russia both want the same thing: free hands in the Balkans. The allies, in this respect, can give Russia what she wants; the Berlin-Rome axis won't.

It is not too speculative that Russia might in the long run turn against Berlin. Josef Stalin cannot in his wildest dreams have envisioned Germany having as easy a time of it as she has had these last two months. There is yet good evidence to support the contention that Russia tentatively lined up with Germany to coerce Hitler into a military trap so that he might be destroyed by the democracies—communism then to be the vulture to prey upon a dismembered and poverty-stricken Germania.

## With Our... Students

Now the next letter comes from a very prominent gentleman who is in the investment securities business in Boston, Mass., and on Broadway, New York. I do not believe there is a more intelligent class of people connected with any religious organization anywhere. If I were to make public the names of some of my Students many people would open their eyes, I assure you.

This is what he says:

"Am enjoying the Lessons very much. I do not have to ask questions now as I have in the past because all the answers are in the Lessons. All anyone has to do is just look. Just seek and he will always find. Dr. Robinson's Lessons are so plain and always right to the point. They leave no room for doubt. . . . I am sincerely grateful that through your Lessons I am able to talk with God, and it is the greatest knowledge possible to know that everybody can do it. Furthermore, we can get the answers to our problems just as plain as if some person were really talking to us. I have experienced this several times and positively know the truth of this statement.

"You may use all or any part of this letter should you so desire."

This gentleman lives on Sherwood Road, Medford, Mass., and it is evident that he is experiencing to his own satisfaction what I said in my advertisement, "MAN CAN NOW TALK WITH GOD".

Being in the investment and securities business, this gentleman naturally has a keen mind and a true sense of values. He deals with dollars and cents. I always appreciate letters from outstanding people because most religions are composed of people who just blindly believe any old thing their parents believed before them. There is no man or woman alive who can read through "Crucified Gods Galore" or "Gleams Over the Horizon" and doubt for one minute that what we have been taught as true religion is nothing of the sort. This world is in a sad mess today, and the reason it is in that mess is because no religious organization in existence has known enough about the truths of God to teach them. This Movement has begun and gone along over 12 years and has not even scratched the surface yet. In due time it will sweep this world because from this Movement the Spirit of God is making the real truth of God known to humanity.

The next letter comes from Raymond, Washington, which is not too far from Moscow, Idaho. Mrs. Hunt writes us a very wonderful letter. She starts her letter as follows:

"Mere words seem so very inadequate to express my appreciation for the wonderful enlightenment 'PSYCHIANA' is revealing to me. You explain things so clearly and it gives one something so upbuilding or the feeling that you really progress and have something definitely that makes living a great joy.

"I do feel the peace that passeth understanding is abiding with me and I feel that God is blessing and prospering you in this great work you are doing."

I do not believe I need to comment very much on that letter as it speaks for

itself. It is a source of great joy, though, to receive every day scores and scores of similar letters. It is evidence that the Power of the Spirit of God is being demonstrated on this earth through this Movement. In this world this Movement stands alone for I know of no other religious organization which produces such results as those you read in this column every week.

Now we come to rural route 2, Bryant, Indiana, and we find there a good Student who writes as follows:

"I am so happy I must tell you. I have had a bad case of eczema for several years. I had four doctors and they all told me it could not be cured. I put my case into God's hands with faith and in about four days it was completely cured and my skin is smooth and normal. I had been doctoring over four years.

"Please find enclosed \$2 donation. If I could I would gladly send more."

This gentleman is an old man and is a pensioner. His pension is very small, and a letter like this should be an incentive to those of my Students who are in a position to really help us financially. I do not like to continually talk about money. I am, however, primarily a man of action. I have been given the job of bringing to this world the plain, simple truths of God. We operate, not as a money making concern, but on a non-profit basis. We operate exclusively by mail. Our operating expenses, with our advertising, run into the neighborhood of \$10,000 a month and this money has to come from somewhere. I shall keep mentioning money until some man or woman who has lots of money makes it possible for me to do what I want to do, and that is, bring this conception of God to the whole world and without charge for it.

Now we go to Pittsburg, Kansas, and on looking at the postal directory I find 27 Pittsburgs in the United States. The name "Moscow" is rather an unusual name and yet there are 11 Moscovs in the United States and one in Russia. Sometimes I like to think that Moscow, Idaho, is throwing the Power of God against Godless Moscow, Russia. However this letter is from Pittsburg, Kansas, and I quote in part from the letter:

"You said in your last Lesson that if I had any change to let you know. Well, here it is. I am using the God-Given Power and it works. I do not go to work without talking to God and I take God with me wherever I go. I talk with God morning, noon and night and before I go to sleep. Of course I know that I am just beginning to understand what it is all about but my life is changing, my health is better. I have gained 17 pounds in two months. I feel like I could do wonders and when I put the Power of God up against anything it sure is wonderful to see what takes place at the spoken word.

"Yes, I catch your Power at 9 o'clock. Please keep it up. I am thankful for what I have learned and am eager for more. It is wonderful—yes, it is wonderful."

The above letter discloses what happens in the lives of probably 95 per cent of the people who study this Teaching of the Power of the Invisible Spirit of God. Most of these people have no use for any sort of orthodox churches, yet they are the ones who actually demonstrate the literal existing Power of this great invisible Spirit which is God. Certainly no one is sure of churches as we cannot both be right. I leave it to you which is really

teaching the truths of God and which can actually get results.

No statement of religion which is only used as a soothing syrup to make death easy can ever save this world for the future of this life is LIFE and not death in any sense of the word.

Results like the above are definite proof that the "PSYCHIANA" Movement is perhaps the only Movement on the face of the earth which knows who and what God is, and which is able to demonstrate the Power of God in human lives here and now.

## The "Draft" Accomplished

From the Kansas City Star: "The nomination of President Roosevelt for a third term is an unprecedented violation of a tradition that is as old as the republic.

It was certain that President Roosevelt could obtain renomination if he desired it. That he did desire it was evidenced by the strenuous efforts on his behalf made by the inner circle of New Dealers with no protest from the President. His attitude effectually prevented the building up of any other candidate. So the stage was set for the "draft" at Chicago.

The third-term issue is now transferred from the restricted arena of the convention to the broad arena of the national campaign. Undoubtedly it will be one of the major issues in the campaign. The question will be whether any emergency exists which justifies the ignoring of the arguments of Jefferson and an almost unbroken line of his successors on the dangers of setting a third-term precedent. For if President Roosevelt should be re-elected every succeeding President would be under temptation of shaping his course to obtain not only a second term, but a third and even a fourth term."

Every man has his devilish minutes.—Lavater.

## Our Spiritual Blitzkrieg

On August 31st this year, Lord Lothian, the British Ambassador to the United States, made the following significant statement: *"The battle of Britain is over. Notwithstanding the air might of Germany, she has been unable to penetrate the British air arm, and inside of two weeks, the weather will have covered Britain with an impregnable defense. Nightly air raids over Berlin and other German fortifications have not been given much publicity, but they have been very effective, and Germany now knows that she cannot win this war this winter."*

Adolf promised the German people that they would never hear or see a British plane over Berlin, because, he said, the British air force never could get that close. But as I write this, Berlin is getting plenty of bombing. It was August 15th that Adolf said he would be in Buckingham Palace, the British Empire at his feet. That was to have happened in 1940, this year. But, as I have previously stated, Adolf will never put a foot in England as its conqueror. He is doomed. Just as surely as if he had never been born. And the reason he is doomed is because the Power of the Spirit of God has been constantly thrown against him by hundreds of thousands of members of the "Psychiana" Spiritual Blitzkrieg.

When this war broke out, I received a cable from Premier Risto Tyti of Finland, stating that he would be glad to have the spiritual cooperation of the "Psychiana" Movement. At once I formed the "Psychiana" Spiritual Blitzkrieg, and I do not know how many people today are, four times daily, looking at a picture of Adolf and Muscle-in-i and, looking at those two pictures, are throwing the Power of the Spirit of God against them both. That means that the Power of the Spirit of God will win. Neither Adolf nor Benito are quite big enough to stand for long against this Invisible Power which is being used against them by our "Blitzkrieg."

As the days go by, the handwriting on the wall will become plainer and plainer, and the defeat of these two maniacs will be brought closer and closer. This country, by politicians, has been whipped into a war fever, but I believe people are thinking today, and are seeing through the dirty political schemes which would take advantage of the world situation to plunge our beloved nation into dictatorship. It's close to that now, and we had better watch out carefully, for many of the moves Germany made before dictatorship are being made now by those who would like to have a dictatorship here in America. We shall never have a dictatorship. Americans are thinking. But, I repeat, it behooves us to keep an eye on Washington, especially when we hear political rumors that "England cannot last." England cannot be defeated by Hitler, because our "Spiritual Blitzkrieg" is too powerful for even a big shot like Adolf. Not even he can stand the Power of Right, or the Power of God.

Some eight years ago, I advocated a standing army of 10,000,000 men, 100,000 airplanes, and 10,000 submarines. I saw this coming. I am now for total and full preparedness, but I would suggest that God is not yet in any danger of defeat, and neither will any nation be whose trust is in the actual existence of God. Wendell Willkie hit the nail on the head in his acceptance speech. Let every reader of this simple message intensify the "Psychiana" Spiritual Blitzkrieg, and believe you me, not only will Adolf and Benito come to an untimely end, but the whole world will know the actual existing Power of the Spirit of God, here and now in every life, more than sufficient for every life, and when this simple conception of God is nationally known, and when all "crosses" and the like are forever discarded, man shall live on this earth in peace with man, because the invisible Spirit of God will be recognized in every human life. That means yours, my friend.

He that lacks time to mourn, lacks time to mend:  
Eternity mourns that. 'Tis an ill cure  
For life's worst ills to have no time  
to feel them.—Sir Henry Taylor.

### PREPAREDNESS.

A 10-year-old boy rushed into the shop.

"Father's being chased by a bull," he cried.

"What can I do about it?" asked the shopkeeper.

"Put a new roll of film in my camera."

### Getting There

(Continued from page 2)

*actually lives in each one of us, and manifests as the life we have.* Sad are the records of all churches which have taught that unless we believe in a "virgin-born, crucified god," hell is our doom. Sad is the condition of the church of today, both Catholic and Protestant, which teaches such foolish things. They are not true. They never were true. Now, even the preachers are denying them, and when preachers begin preaching the "Psychiana" doctrine, believe me, it will not be long until God and man know each other.

Let us, then, who would know God, keep away from any organization which teaches that God was "born of a virgin and crucified on a cross" for our sins. Let us all work together that the whole world may know the Power of the Spirit of God, not "beyond the tomb" but right here in our own lives. Let us live every moment with the consciousness of that Great Presence of Power, and let everyone join with me in the "Spiritual Blitzkrieg" against Adolf, and see him come down to his knees, along with every other despot, and there are others—many of them. All this world has ever needed to know the Power of God is to look where God is—in each one of us.

## Breaking His Pick

"We wonder if Mr. Roosevelt hasn't finally gone too far? The rider permitting conscription of industry, which was adroitly attached to the military conscription bill in the senate, no doubt looked politically wise at the moment. We imagine that even up to the present it has won more votes than it has lost. The 'conscript wealth' cry has its instantaneous appeal, to those who are eager for it.

"But a provision so fundamentally bad cannot but have its reaction, and there should be time enough between now and November 5 to bring out exactly why it is bad.

"After all, the reasoning involved is not complex. It should be possible by November 5 to make every voter aware that a commandeered plant becomes a government plant, and that Mr. Roosevelt himself has said, workers cannot strike against the government. Consequently, the right to commandeer plants becomes the right to commandeer labor. And if that is not dictatorship, what in the name of heaven is it?

"Nor would the power stop with 'plants,' as this word is understood in the popular sense. The term used in the rider is 'facilities.' The president would have the right to take over, at a value to be fixed later, whatever facilities the war and navy departments could not reach a satisfactory agreement with—satisfactory to the war and navy departments, that is. And since the president and his department heads would be the sole judges of what facilities were necessary to the defense program, the power of commandeering could be extended to take in virtually anything and everything. As Mr. Willkie has pointed out, agriculture, the radio, big business and little business, the press, industry and everything else, could be drawn within the purview of such a law.

"And with each extension of government control over these facilities, that many more workmen would become slaves. Because—and the words are Mr. Roosevelt's own—you cannot strike against the government. 'Con-

scription of industry,' said Mr. Willkie, 'is conscription of labor'."

## Your Job—Not Mine

(Continued from page 4)

light of God. This Movement was born for this specific purpose, and I am sure that as a result of this appeal, enough money will be sent to me to bring our picture of God and all the Power that goes with it to the churches of the world. I am asking every reader of this magazine without exception to do what Miss Marilyn Allen did. Naturally, there are some who cannot do this, but that number must be very few. There are others of my Students who can do far more than this, and I am asking them to do everything they can do. This money is needed now.

Perhaps you have some connection or know of some wealthy man or woman who would like to really do something substantial to save this world through spiritual Power, which is the only way it will be saved from its present horror.

I have given my time, services, and effort with no thought of personal gain and shall continue to do so as long as I live. The logical method of financing this Movement is through its own members and through others who have enough confidence left in God to believe that once the Truths of God are told, they will be instantly recognized and this world will be a safe place to live in once more.

Your Founder gets a fixed salary from this Movement, and whatever other expenses are necessary. This salary is not as much as a Methodist bishop gets. So please put to one side any idea that anyone connected with this Movement wants anything personally. We don't. I do feel, however, that we know the time is here in which this true conception of God must be brought to this world. Miss Allen's letter gave me the idea of how to raise this money, and I feel confident that this appeal will not be put out in vain.

Billions are being spent for national defense. Millions are being loaned to foreign countries. The banks are bulging with surplus money and I am quite sure that every reader of this *Weekly* will recognize the absolute importance of standing behind

this Movement of the Spirit of God on this earth.

All indications point to the self-evident fact that this is a war of the Right against the wrong. Everything right originates in the Realm of the Spirit of God, and in the final clash between the forces of Right and wrong, let me say to you now that the forces of Right will win.

Our followers by the thousands are daily throwing the infinite Power of the Spirit of God against such world disturbers as Hitler, Mussolini and others. It is interesting to know at this writing that Hitler recognizes the fact that he cannot defeat Great Britain. The more people we can get to throw the invisible Power of God against Mr. Hitler, the faster will his doom be sealed.

God always works through human beings. Divine rule will not shower \$1,000,000 into my lap, but divine rule will impress upon every reader of this magazine that the crucial time for the proper financing of this Movement has arrived. So I leave it with you, every one of you. If 999 Students will do what Miss Allen did, I shall be a very happy man and I will promise you fast action for God and humanity. There is somewhere a man or woman who will read this article who could make us a substantial gift. Regardless of who that person may be, I am asking that this be done now. Now it is up to you to see that this Movement, which is of such momentous import to this world, is properly financed. You can make no sacrifice which can compare with the sacrifices I have made and I am asking you and depending upon you whether Student or not to do your part in the financing of this Movement, which before it is through will have won world-wide recognition as the Movement which really brought to this earth the liberating Truths of God.

May the Spirit of infinite Peace be with you all.
