

The Rosicrucian Cosmo-Conception

SIXTH EDITION

600 pp. Cloth. Price \$1.50 Post Free

THIS remarkable book by Max Heindel marks an entirely new departure in mystic literature.

For the first time in history the *Western Wisdom Teaching* concerning Life and Being which the Rosicrucians have guarded for centuries, is here given by an authorized messenger, for it is held that the world is ready to receive this advanced science of the soul, the religious philosophy of the Aquarian Age, now at hand.

The existing soul-hunger, and the satisfying nature of the Rosicrucian teachings are equally well attested by the phenomenal sale of this great book, and the many thousands of letters received by the author from grateful students located all over the world, who testify that they have found in this book what they have long sought elsewhere in vain.

The wide scope of the book is indicated by the note on the title-page, in which it is stated to be "an elementary treatise upon man's past evolution, present constitution and future development."

We give herewith some headings of chapters and subdivisions as a slight indication of what is contained in this mine of mystic light and knowledge.
