Fascinating
as
Fiction

FOR many years there has been only one real mystical magazine published in America. That is the PRIVATE magazine issued by the Rosicrucian Order. It is called the *Rosicrucian Digest*, and it is beautifully printed, highly interesting and instructive magazine, NOT SOLD ON GENERAL NEWSSTANDS or in book stores.

EXCLUSIVE

It is a very exclusive magazine. The Rosicrucians never sell their teachings and do not commercialize their principles. And their magazine is limited solely to persons who have been invited to join the Rosicrucian Brotherhood or indicate an interest in higher thought. The magazine carries no outside advertisements but fills every page with the most helpful information procurable.

WHAT IT CONTAINS

Keep in mind the fact that the Rosicrucian Brotherhood is connected in every civilized land with the oldest and most reliable mystic sources. The Rosicrucians have access to more ancient records, more illuminating manuscripts and more mystery schools than any other organization in the world.

And think of its foreign and American branches with the highly trained masters and teachers and workers. Many of the masters of its branches in foreign lands are eminent mystics whose writings and teachings have been known for many years and who are looked upon by Europeans as the greatest leaders in their chosen work.

The ROSICRUCIAN DIGEST contains long articles each month by these master teachers and instructors including those by Dr. H. Spencer Lewis, Raymund Andrea, Fra. Fidelis, Royle Thurston, The Master K., and many others.

The subjects covered pertain to Concentration, Mystical Laws, The Development of the Inner Faculties, The Mystical Life of Jesus, The Teachings of the Masters of Tibet, Reincarnation, The Vibrations of Names, Colors, and Music, The Laws of Mental Creating, etc. The following are titles of some articles that appeared in one issue of the ROSICRUCIAN DIGEST: they are an example of the information packed between the covers of this helpful monthly magazine: Imagination, Some Mysteries of an Expanding Universe, The Secret of Praying, The Mystery of Life, Building the Pyramids, Running From Life, The Eternal Truths, Sin, The Cosmic Genie, Pages From the Past.

INSPIRING PICTORIAL SECTION

Each issue contains several reproductions of famous art masterpieces. The subjects of the photos are of a mystical nature. Each photo is so arranged that it can be framed and alone is worth the cost of the magazine, but is given **FREELY** to you.

VERY PRACTICAL

Like all the Rosicrucian teachings, these articles in the magazine are not theories, but practical explanations of laws and simple principles which every reader **CAN DEMONSTRATE FOR HIMSELF** and use in his or her daily affairs. The big idea back of all the Rosicrucian work is to teach others how to demonstrate in their own lives, rather than simply tell about the demonstrations made by others. We assure you that each and every article will provoke thought and give you mental exercise. Not that the articles are difficult to comprehend; they are simply and forcefully written, but will make your mind journey along different channels.

YOU MAY HAVE THE MAGAZINE

The magazine is sent free to all **MEMBERS** of the National Rosicrucian Lodge, **BUT** we will also permit prospective members to subscribe for it, so that they may get some idea as to what the Rosicrucian teachings are like, before joining the Order. Then, if they wish to join, the money paid for the subscription will be allowed on their Registration Fee.

Just fill out the subscription form and mail it today and you will find the magazine a **VERY GREAT PERSONAL HELP IN YOUR DAILY AFFAIRS**. Allow me to remind you that the Rosicrucian Brotherhood is **NOT A RELIGIOUS ORGANIZATION**. Therefore, its magazine is composed of non-sectarian articles, helpful but not limiting or biased.
