

GOD IS RAISING THE CONSCIOUSNESS OF MAN! ALLELUJAH!

SOLAR INITIATION TO TAKE PLACE FEB. 4-9, 1962

One noon before Christmas there appeared a vision of a beautiful golden gate in a wall. The top of the opening was spanned by a metal arch of lovely golden lace like our modern iron lace work. Golden light radiated upward from the arch in long slender rays. On the arch golden letters formed the words, "Christmas, 1961." A hill in the distance behind the gate was crowned with a golden temple, darker and somewhat obscured. I asked what the temple was and heard, "Feb. 9, 1962." Again I asked, "Am I getting this right? Could you mean Feb. 4, the time of the eclipse?" The answer was very definite, "No, Feb. 9." Since one of those present at the time has a birthday on that date, I thought it might refer to something special for him, and yet there was the strong impression that all prophesied a rise in consciousness during this period. Today I received this message during the noon hour meditation:

ST. GERMAINE speaking: I touch you close to the eye (explaining a new touch just received) for I shall help you to see clearly. I touch you on the temple to remind you that you are a temple of gold for THE LORD OF THE SUN (the Solar Logos). Together we shall all enter His GREAT GOLDEN TEMPLE which you once saw vaguely. I confirm that Feb. 9, 1962, is the very important date when the Earth will enter more fully into the higher vibrations and the golden emanations of the CENTRAL SUN. At this time our Sun will lead its group of planets, by the force of its moving, into a place of Higher Consciousness in space.

From the 4th, the time of the eclipse, through the 9th inclusive should be days of prayer and projection of love and light, days of fasting from all self-centered thoughts and of carrying the whole Earth in the arms of love and faith. Send out this message, this call to participate in the Solar Initiation which will be taking place at this time. Peace be unto you and to all who accept this call.

This message was also confirmed by the Master Kut Humi at the time of its reception.

Respectfully and gratefully transmitted,
