EXPLANATION OF "HOLES IN SKIN"

Case Report of April 6, 1939, in regard to L. J., 36 years, who rented a Spectro-Chrome to be used on his twin boys, 12 days old, Robert and William, for a very bad Skin Disorder. They brought this Skin Disorder home from the Hospital, where 11 other babies also had similar Skin Disorder. Robert had "holes" on his Neck, Torso and Legs the size of an ordinary lead pencil eraser. The Sores were holes in which a lead pencil eraser would fit without dropping out. After two weeks of Green Systemic they were normalatated.

The mother said Spectro-Chrome was a Godsend.

(Signed) Otto H. L., Milwaukee, Wisconsin.

MY EXPERIENCE WITH SPECTRO-CHROME

A Series Of Interesting Normalations

By:—FRANK J. C., *Farmingdale, New York.*

My daughter was burnt in the eye with a firecracker; blister and swelling appeared and disappeared in one Tonation of Turquoise and Blue; two Tonations and eye completely normalated.

Pneumonia. Saved a boy with one Tonation of Blue; could not continue, as nurse would not stop Medicine. Boy was later sent to Sanatorium.

High Blood Pressure. Set this case right in seven days; Purple 4 and 18 alternating.

Low Blood Pressure. The same result with Scarlet.

Appendicitis responded in four Tonations of Turquoise Local. Burn of Third Degree, normalated in five weeks with Blue and Turquoise Systemic. Magenta on Areas 4 and 18.

Hemorrhage from Lung. Orange 4-5-17, sealed in five minutes, right in one week.

Hemorrhage from Nose, Indigo Area 1; three Tonations normalated.

All users of Spectro-Chrome in this locality, are getting good results, except two who still believe in putting wood on the fire with their eating habits.

Mrs. M. who was at death's door with Heart Disorder, Kidney Disorder, Enlarged Thyroid Gland and Nervousness, is now worrying how to get thin again!

Frank M., Pleurisy and Tuberculosis, with severe Hemorrhage from the Nose is again enjoying normal health. Weight increased from 123 to 185 pounds at present.

Anna Rose M. completely normalated of Epileptic Fits.

W. of Floral Park who had Diabetes and Rheumatism is now well.

S. of the same town, with Enlarged Thyroid Gland, Heart Disorder and Respiratory Disorder, is now able to do her house chores with less difficulty. Her husband says, "life was never like this before."

It is by far the greatest Healing Science in existence today. The technique of Spectro-Chrome Institute is far more superior than any method of teaching I encountered in the past. Being reduced to a minimum by experiments and demonstrations, it bars all doubts which ordinarily cause resistance in our receptive faculties. Therefore, knowledge acquired by this method, makes a lasting impression upon the mind of every student of Spectro-Chrome Metry.

FIRST DETROIT MICHIGAN PLANET

(HOTEL TULLER, DETROIT, MICHIGAN)

Meeting Of Thursday, August 3, 1939

Successful Use Of Spectro-Chrome In:—Sunburn, Nervousness, Chronic Arthritis, Pneumonia, Diabetes, Fall, Scratch, Inflammation, Exophthalmia, Tumor, Blindness.

Reported By:—GLADYS CLARK, Recorder.

Deputy L. Roy Dodman was in the chair.

The Deputy spoke of the Colonel's success in his recent Meetings held in this City on July 28, 29, and 30. Although many were away on their vacations, the Arabian Room was well filled during each session and to those who listened, it will provide food for thought for many months to come.

Case reports were as follows:—

Emma H.'s son was badly burned on his Back from over-exposure to the Sun. Blue was used and he had no Pain whatever.

Marie S.'s husband was operated in Ford's Hospital in 1932 under a local anaesthetic. He has been extremely nervous ever since and also had Chronic Arthritis. Blue was used for Pain and Yellow Systemic brought some improvement.

Stella H. reported that a baby became suddenly ill. It was thought at first that it had Pneumonia. An oxygen tent was used. X-Rays were taken and it was decided the child had a Tumor; afterward it was decided it had no Tumor. Finally they used Spectro-Chrome, Turquoise Systemic and the child is improving nicely. Kardoscil 88.

Ellen H. reported her son, who had been seriously ill for months from Diabetes, was very much improved through the use of Spectro-Chrome. Before using Spectro-Chrome he was a hopeless case, but, now, he is ready to return to school. At present, his Kardoscil is 90, Spiroscil 17.

Adolph D. fell about 12 feet from a step ladder. Turquoise was used and he suffered no ill effects. His daughter, 2½ years old, scratched her nose; Inflammation set in. Face and Head were a solid sore with a crust of about one eighth inch depth. Nine Tonations of Turquoise and the application of cocoanut oil cleared the condition without leaving a mark. His wife is now home from the Hospital after having an "emergency operation" for Goitre. Her Legs and Eyes were badly swollen. After four weeks of Lemon Systemic she is much improved and doing her own housework.

Aurelia G. had a lump on her Arm the size of a nickel for the past twelve years and used Lemon Systemic about six weeks and it is entirely gone.

The Recorder reported: (1) A boy of eleven, while riding a bicycle, fell; it removed the flesh in places on the Knee Cap right to the Bone. Turquoise Local was used; the child had little or no Pain and after about eight days, it was filled with new flesh.

(2) Boy of eight, almost Blind since the age of two, very dull in school. His trouble was supposed to have been caused by the effects of Caesarian birth. Child's vision now almost Normal. Mental condition much improved. Orange Systemic Back and Front; Magenta on Area 4.

The Deputy gave an interesting talk on Wave Lengths.

The question arose: Are there Infra-Red and Ultra-Violet Rays in the Human Body? Please answer.

EDITORIAL

REMARKS

As the Human Body generates Heat by the process of Oxygenation, it does produce Infra-Red Rays, because Heat is on that Spectral Division. Similarly, as the Motor Mechanism of the Physical Vehicle is actuated by Electrical Currents, Electricity being on the Ultra-Violet Division, the Body also has Ultra-Violet Emanations. However as all these Energies are results of Chemical Reactions, Spectro-Chrome automatically acts through the Auric Vehicle, without the necessity of the confusing guesswork of other methods.

SPECTRO-CHROME SMILES

Viewpoint—"I had a tumor on my Ovelim."

Smile—"It must be a flowing rivulet."

Viewpoint—"My directions were all turned the opposite way."

Smile—"Press the rudderbar the other way."

Viewpoint—"My blood was running down."

Smile—"Put it on an elevator."

Viewpoint—"My Expendisk is removed."

Smile—"That is why your clutch slips."

Viewpoint—"My head is very noisy."

Smile—"There must be some Bombay Parsee Anti-Prohibitionists in it."

OUR NINETEENTH ANNUAL CONVENTION

**SIX EDUCATIONAL, FREE, PUBLIC SESSIONS, WITH PROFUSE
EXPERIMENTS, DEMONSTRATIONS AND
ILLUSTRATIONS WITH THE STEREOPTICON.**

**A Brilliant Exponence Of The Marvelous Spectro-Chrome And
Its Near-Miraculous Potency As The Unrivalled Science Of Automati-
Precision, by Colonel Dinshah, The Originator.**

The Nineteenth Annual Convention of the Scientific Order Of Spectro-Chrome Metrists, will be held in the Milwaukee Auditorium, (Peter Engelmann Hall), 500 W. Kilbourn Avenue, Milwaukee, Wisconsin, for three consecutive days, beginning Sunday, October 1, 1939. The Originator, Colonel Dinshah P. Ghadiali, recently returned from a scientific tour in India will preside.

All Sessions will be open to the public, free and without any charge or collection, as our main object is to awaken the public to a realization of the Truth. The Sessions will be a round of genuine intellectual banquets for the Truth-Seeker. During each Session the activities of the Annual Convention will be interpolated and actual Case Reports will be presented, by Spectro-Chrome Normalators as well as Sufferers who will speak voluntarily.

As usual, **writing notes will not be allowed.** Positively **NO SMOKING** will be permitted. Expelled Affiliates will have no access to any of the Sessions. Right of denial of admission to any person is reserved.

DATE AND TIME

Sunday, October 1, 1939—	2 P. M. to 5 P. M.
	8 P. M. to 11 P. M.
Monday, October 2, 1939—	2 P. M. to 5 P. M.
	8 P. M. to 11 P. M.
Tuesday, October 3, 1939—	2 P. M. to 5 P. M.
	8 P. M. to 11 P. M.

TOPICS

Debunking Medical Fallacies. Medical Empirics Displaced By Spectro-Chrome Science. Marvels Of Spectro-Chrome. Challenging Eye-Openers. Explosion Of Germ Theories. Nine Organic Systems Of The Physical Body. Occult Side Of Life.

No Diagnosis — No Drugs — No Manipulation — No Surgery

FIRST MILWAUKEE WISCONSIN PLANET

(HOTEL WISCONSIN, MILWAUKEE, WISCONSIN)

Meeting Of Thursday, August 3, 1939**Successful Use Of Spectro-Chrome In:—Leaky Heart.***Reported By:—CAROLINE ZIMMERLING, Recorder*

Deputy Frank Burns was in the chair. He opened the Meeting by reading a letter from Colonel Dinshah, relative to his visit to Milwaukee in October and other business.

The Deputy then gave a long and very instructive discourse on Spectro-Chrome Axioms, as found in the Spectro-Chrome Home Guide. These Axioms were illustrated on the blackboard with the diagram of the Mogen David.

Otto C. wanted to tell of his oldest son's Heart Disorder. It was a case of Leakage and the boy was in very bad condition. He could not get work because of the physical examinations he would have to pass. Sometimes the Heart Beats could not be felt, but after a few Magenta Tonations, the Beats became even and he is now doing nicely.

Theodore M. wanted to know whether the Heart Beat of an adult had to be a certain speed to be normal, or whether the Ratio was the important thing. He said that when he rises in the morning, his Pulse is never more than 48 and his Breathing 12, but after he is up for a while, this increases to 60 and 15, respectively. He maintains this Ratio. He said he never has any trouble with his Heart and is apparently in perfect Health.

During the course of the discussion on Axioms, the question came up as to the Normalation of Imbackelim (Constipation). Otto L. was asked his opinion on the subject. He said that such condition responded to Yellow on Areas 8, 9 and 10.

Hilda J. spoke of a woman who had a Swelling on the right side of the Head, which Blue relieved. When she used Orange, her Ear began to drain and was still draining. Blue stopped the draining slightly, but the Deputy said she should continue the use of Orange to keep it draining. She complained about her Head feeling as if it had a metal plate in it, also, the Deafness had moved from the opposite side of the Head and she was somewhat discouraged.

Foods were discussed, also whether it was all right to take a Tonation immediately after a meal.

The question was also raised as to whether it was necessary to own a set of Spectro-Chrome Metry Encyclopaedia in order to be

eligible to take the Spectro-Chrome Normalator Course. The Affiliates of the Planet would like to have this answered.

EDITORIAL

REMARKS

Page 62 of Spectro-Chrome Home Guide has all the answers about Heart Beats and Ratio. The number depends upon the age and sex, while the Ratio depends upon the relation to the Respiratory System; by the Ratio, the hopeful character or otherwise of a case is opined.

After a meal, no Tonation should be taken for at least 90 minutes, except for Disorders in Areas 7, 8, 9, 10, where indicated.

None is eligible to take the Course for becoming a Spectro-Chrome Normalator, except the Registered Purchaser of a Spectro-Chrome and who is also an Enrolled Free Student through a set of Spectro-Chrome Encyclopaedia.

KEEP AMERICA OUT OF WAR!!!

Monroe Doctrine As Gutta Percha Viewpoint

Spectro-Chrome is not a political organization, but, in as much as we are Americans, we dutifully voice our candid views in regard to the preservation of the country wherein are located our major activities and to which our allegiance is pledged.

Once more the craze of conquest by war, gripped Europe. As outlined in the Spectro-Chrome of August 1938, events are proving one after another, that once more the European nations will do their utmost to pull us into the boiling cauldron, from which they will get the fruits and this nation shall be chewing the clean-picked stones, as 1918 to 1939 amply proved.

President Franklin D. Roosevelt proclaimed alleged "Neutrality". We call it alleged, because the leaky valves opening into our heart through this sham "Neutrality" are devoid of regulative potency. To sell war materials to a so-called neutral nation, which may subsequently sell the bill-of-lading to a belligerent is **not** neutrality. To remedy those leaky valves, Roosevelt asks for change of the embargo to a cash-and-carry plan. It sounds wonderfully good, but, such a plan would be neutral solely where both the belligerent parties have equal access to our ports as our customers. In the case in question, one set of belligerents has the whole Atlantic Ocean to itself, while the other set has no way to reach us without sub-oceanic warfare. It seems to us logical, that we should be absolutely neutral and impartial.

The only way in which we can be so, is to keep ourselves out of both direct as well as indirect contact with the War Plague. Last year, President Roosevelt voiced a startling view that Americans will not stand by and watch calmly if Canada were in danger. He interprets the Monroe Doctrine to apply in such contingency. We differ from the opinion. The Monroe Doctrine would apply solely when a European Power would **invade** Canada voluntarily and as an aggressor, but, when Canada by declaring War on a European Belligerent Set becomes itself involved in aggression, it is hardly right to expect the United States Of America to enforce the gutta percha of the Monroe Doctrine.

We are neutral. Our foundation as laid by George Washington is on neutrality; we disregarded his wise principles in 1917 and plunged the country into perdition; that **one lesson** should have been enough. Our warning again is **Keep Neutral And Out Of War**.

IMPORTANT:—Notification is issued to all Affiliates of Scientific Order Of Spectro-Chrome Metrists, to refrain from discussing any War news in our Planet Meetings and our Deputies are requested to enforce **complete silence and neutrality** in this regard therein. **BE NEUTRAL! KEEP AMERICA OUT OF WAR!!!**

SPECTRO-CHROME METRY ENCYCLOPAEDIA—VOLUME 2 SECOND EDITION

Volume 2 of the Spectro-Chrome Metry Encyclopaedia, Second Edition, is on the Press and when ready will be mailed to the subscribers. Please do not bombard us with inquiries about it. We are doing the best we can. It will be mailed by end of October 1939.

Special Meeting Of First Milwaukee Wisconsin Planet

On Saturday, September 30, 1939, at 8 P. M. there will be a Special Meeting in the Gold Room, Hotel Wisconsin, Milwaukee, Wisconsin, open to Affiliates of the Scientific Order Of Spectro-Chrome Metrists exclusively. No admission in this Special Meeting without presentation of the Affiliation Card and Registration of full name and address.

Meet Colonel Dinshah. Introduce yourself personally. He will discuss recent developments and give you Free Guidance on your Reports.

OUR AIM: SPECTRO-CHROME—IN EVERY HOME

THE REACH OF SPECTRO-CHROME

An Unrivalled Accomplishment Far Surpassing Centuries Of Drugs

During the past 19 years, what was accomplished by Spectro-Chrome Metry may be partially adjudged from the cases reported in our magazine. The list is by no means complete and the names of Disorders are given in their original terminology. The reported cases are those mentioned in our Planet Meetings upto the end of December 1938 and does not cover the vast field of unreported cases, which are of everyday occurrence in the families of Purchasers and Users. The numbers refer to the pages in Spectro-Chrome:

FIRST ST. LOUIS MISSOURI PLANET

(HOTEL MELBOURNE, ST. LOUIS, MISSOURI)

Meeting Of Thursday, August 3, 1939

Successful Use Of Spectro-Chrome In:—Horse Eye Cancer, Constipation, Diabetes, High Blood Pressure, Paralysis, Child Disorder, Leg Sores, Nervousness, Headache, Insomnia.

Reported By:—CLEMENS M. P. NEUMANN, Deputy

Deputy Clemens M. P. Neumann was in the chair.

Charles S. spoke about his own case. His areas 8, 9, and 10 are now in better shape than ever before. He used Red on Area 7 and Violet on Area 6 with good results. His Area 16 causes him some trouble. It is a stiffness with some Pain and he cannot turn his Head freely. He used Orange and is now under Free Guidance. Then he spoke about his wife, who has an attack of spots in front of her Eyes, which is very annoying. She does not feel sick in Area 8 or have any Dizziness or Imbackelim. Her Ratio is 1 to 4 (20-80). He also mentioned that her hearing is not normal and thinks that Sinus Disorder may be the trouble. We discussed the above case and asked him to request Free Guidance from Spectro-Chrome Institute.

Konrad S. asked, why when requesting Free Guidance, the case History must always be fully repeated, also what the restriction was for Free Guidance. The Deputy explained that each General Advice Chart must present a complete case in itself, as a possibility might arise for action at Law and Spectro-Chrome Institute would then be able to plead each Chart as a case in itself. It is therefore necessary to give a short History in each Chart and all questions should be answered in type and signed personally in ink. As to the second question it was made clear that Free Guidance could not go on indefinitely and the restriction was made in accordance with a ruling made at our last Convention in Detroit, Michigan.

Then a question was asked in regard to Collaborator blanks and it was explained that we extend Aid and Relief only to Collaborators.

Otto K. reported that his wife was taking Tonations on Area 17. She had Pimples all over her Body, also seems to have Ringworm on Leg. The Skin is dry and scaly. He was referred to Spectro-Chrome Home Guide under the caption "Skin Disorders" and advised to follow directions.

A question arose in regard to public swimming pools and Skin Disorders. As the water in these pools is not changed very often and the public is admitted without a thorough cleansing, the Skin comes in contact with impurities. The Deputy explained the system of taking a "Bucket Bath" as Colonel Dinshah taught us, by starting with the Head and finishing at the lower extremities. No need for swimming pools and contamination of water used for bathing purposes.

Marie G. reported her own case. She gained 12 pounds, feels well. She asked, "What is good for a heavy feeling in Area 8?" Orange was suggested, for Areas 8, 9 and 10.

In regard to Worms, which will yield to Yellow, it was also stressed that Magenta should be used on 4 and 18.

An article appeared in our daily newspaper, written by a Medical Doctor, warning that pork should be cooked very well, as it is estimated that the parasite Trichina has infested 17% of the people. A lively discussion followed and it was said that pork is not inspected for Trichina in certain slaughter houses.

Charles S. asked if Infra-Green Atcowas are used at night with the window open and moonlight floods the room, has it a counteracting effect on the Infra-Green Atcowas? Also, if the window be open and moonlight is not flooding the room? The Deputy explained that moonlight should not touch the Body or Area irradiated, otherwise moonlight is not harmful; however, this question was referred to Spectro-Chrome Institute for answer.

A suggestion was made to use air-cooled beds for Tonations during the hot season. Others said that they went to the basement for Tonations.

Konrad S. asked Marie G. what she ate to gain 12 pounds. She replied, "Rational Food Of Man". She incidentally mentioned that she had her teeth removed.

Otto K.'s little girl suffers from Adenoid Disorder. Turquoise and later Indigo were suggested, also that Ratio be watched.

Joseph H. wanted to have a correction: He did not use Orange on his Eye, but used Green, the best Atcowa for his Eye.

The Deputy received a report from an Affiliate who used Spectro-Chrome on the Eye of a horse. Doctors diagnosed it as Cancer. So far, results are: Upper Eyelid is coming along O. K., Lower Lid is showing improvement. Uses Lemon Systemic, Indigo Local. User is very well pleased with present results.

The Deputy reported a case of a woman, 65, High Blood Pressure, diabetic and paralyzed on Left Side. Ratio 25 to 116, could not move Arms, Fingers or Leg, Constipated as long as she can remember. Her son bought an Equipment, used about 2½ months. Results: Imbackelim corrected, moves regularly, almost unbelievable, as children say. She can now move her Fingers and Toes and sometimes Leg, although with great effort. The Medical Doctor gave her 3 to 7 days to live. Now she is surprised to find Blood Pressure almost normal and Sugar declining. Used Green Systemic, Magenta on 4 and 18; later Purple on 4, Lemon Systemic; now Yellow Systemic, Magenta on Areas 4 and 18 alternating. Very much pleased.

Case of baby, 6 months old, very much underweight. After meal, vomited everything; very puny and weak. Ratio 1 to 4; about 26 to 106; Constipated, restless. Atcows used: Green Systemic, Magenta on Areas 4 and 18; later Orange on Areas 8, 9 and 10, Turquoise Systemic; now, Orange Systemic and Magenta on Areas 4 and 18. Results: gained almost 6 pounds, tries to sit up and crawls. The mother is overjoyed; bought an Equipment.

Case of woman, grandmother of above mentioned child. Right and Left Leg had open Sores, Right Leg very much swollen and turning fearfully red, from Ankle to Knee. Medical Doctor wanted to transfer her to hospital for a possible amputation. High Fever, Ratio 1 to 3½, no Backelim and constant Pain in Right Knee, could not get up from sitting position but had to turn and support with hands to rise. High Blood Pressure and some Sugar. Atcowa used: Turquoise Systemic and later Blue, Magenta on Areas 4 and 18. Blue and Turquoise Local on Leg, alternating Systemic. Results: largest Open Sore on Leg completely healed, one small Sore still open, Leg

swelling now normal; Soreness and Redness left, can get up from sitting position as normal person can, Backelim and Frontelim normal. Ratio 20 to 80. Feels fine, but at times weak. However, is up and around. Very much pleased. Used daughter's Equipment.

Case of man, sore-like spots on Legs. He thought they might turn into Cancer. Imbackelim, Ratio 1 to 4, very nervous. Used Atcowa Green Systemic, Magenta on Areas 4 and 18. Bought own Equipment, now uses Lemon Systemic, Magenta on Area 4 and 18. Results: feels fine, does not smoke any more and is not half as nervous. Good Backelim and Sores on Leg are fading away. Very much pleased. His wife is highly nervous and had trouble in Areas 8, 9, 10 and 11. Feels much better and improved.

Case of woman, trouble in Areas 8, 9 and 10; very nervous, no Backelim, Headache and restless. Frequented many "Specialists" with no results. Atcowa used: Green Systemic, later Turquoise Systemic, Magenta on Areas 4 and 18, Yellow on Areas 8, 9 and 10. Results: sleeps better, not so restless, Backelim normal. Bought an Equipment and is well pleased.

Case of woman, highly nervous, no Backelim, Imbalance on Areas 8, 9 and 10, Sleepless. Atcowa Used: Green Systemic and Turquoise Systemic, Magenta on Areas 4 and 18, Yellow on Areas 8, 9 and 10. Results: Felt much better. She bought an Equipment. Now feels well enough to go on vacation. Husband very much pleased. Had doctored many months.

EDITORIAL

REMARKS

Charles S. is now better than he was and will have to make the best of the remainder by correct living.

Full History must be given each time. The General Advice Chart is not always read by the same Officer and it is impracticable to refer to prior Charts constantly; furthermore, we have to watch for legal traps from opponents. No institution in the World gives such Free Guidance and unless we received strict co:operation, such service could never have been established.

Free Guidance is given solely to the Original Registered Purchaser, for the use of the Spectro-Chrome for members of his immediate family. A "family" means Parents and their children, but we have been very lenient and extended services to others of the "family", living under the same roof. Anyone from the outside is not included and Provisional Members should not attempt public service lest they be someday tangled with the monstrous Medical Laws.

Public pools can NEVER be entirely clean, as we understand cleanness.

Inspection of the abominable "pork" is a joke on the American "sucker". Read Spectro-Chrome of February 1939, "Pork Eating Most Dangerous."

When tonating, there should be no Moonlight, Sunlight or any other "Light" shining on the Sufferer. Moonlight is "Polarized" Light.

No "Air-cooled beds" are necessary. Tonation needs no "cool" basement. The warmth of the room increasing perspiration, tends to recovery. Do not be squeamish; learn to bear the inconveniences of life to develop mental power necessary to resist subversion of health equilibrium.

Why were those teeth removed? Did she ask for our Free Guidance before taking the step?

Many animal owners now use Spectro-Chrome for their pets. It works as well!

Pay no attention to the humbug of "Blood Pressure"; Ratio takes care of all.

"Specialist" is another racket.

FIRST SURAT INDIA PLANET

(Colonel Dinshah P. Ghadiali's Spectro-Chrome Office, Kanpith, Surat, India)

Meeting Of Thursday, August 3, 1939

Successful Use Of Spectro-Chrome In:—Appendicitis, Kidney Disorder, Amenorrhoea, Diabetes, Vomiting, Tongue Cancer.

Reported By:—INDUPRASAD D. MEHTA, Deputy

Induprasad D. Mehta, after signing the Affirmation of the Scientific Order of Spectro-Chrome Metrists, took the chair as Deputy.

He read the letter from Colonel Dinshah P. Ghadiali, informing of his arrival on December 8, 1939, to file suits against "Jame Jamshed" and "Kom Sevak".

The Deputy recommended Jayantilal Chhaganlal as Sub-Deputy and Navinchandra I. Shukla as Recorder, as both are ready to work voluntarily.

The Meeting was held exactly at 8 P. M. and a good number of Affiliates was present: eight out of eleven. It was quite an interest-

ing Meeting, as they all met after a long time.

During the discussion, Jayantilal proposed that the translation of the Spectro-Chrome Home Guide in Gujarati is quite necessary and was supported by all. The Deputy is also of the opinion that it is quite necessary.

Then followed the case reports. Many of the Affiliates forgot to bring their case reports. The Deputy requested them to bring them at the next Meeting for the benefit of all.

The Deputy then read his case reports:

(a) A Parsee girl, aged 15, had some Disorder in the Stomach and was vomiting. Medical Doctors diagnosed it as Appendicitis and she was about to be operated. The Deputy advised the parents of the girl to wait till his Spectro-Chrome arrived. They did wait. When his Spectro-Chrome arrived he gave her Tonations for six days. At-cowa used was Lemon Systemic for four days (4 Tonations). She felt better. Vomiting was subsided by Indigo on Areas 8 and 9. She is quite happy enjoying sound Health.

(b) The Deputy's father, aged 59, had Kidney Disorder for many years. Last Christmas, he suffered much and was in bed for a month. This year he had a relapse, but, we had Spectro-Chrome now. The Fever was 103 Degrees. The Deputy used Turquoise Systemic and the Fever subsided. Then was used Magenta on Area 18; the "Kidney Disorder" disappeared like magic! He continued Magenta for six days (6 tonations). Now he is quite O. K.

(c) A girl, aged 25, had Menstruation Disorder. She did not menstruate for the past eight to nine months. The Deputy used Green Systemic twice and then Scarlet on Areas 10 and 11 four times. She menstruated and went away to Ahmedabad quite happy.

(d) A man, aged 43, had Diabetes for the past two years. Used Yellow Systemic for six days (6 Tonations) and he is quite well. Used also Magenta on Areas 4 and 18. He is thinking of buying a Spectro-Chrome Equipment.

(e) A woman, aged 55, could not take any food, except milk and even that could not be retained. Backelim was three to four times a day in liquid form. Used Orange on Areas 8, 9 and 10 for ten days. She began to take a little food, but went away abruptly.

(f) A man, aged 52, had a Cancer on his Tongue. Gave him Green Systemic for three days and then Green Local, as well as Turquoise Systemic, for twenty-five days. Then the Tumor on the Tongue burst open and Blood, black in color, came out. The treatment with

Indigo is being continued. He gained weight by two pounds: 95½ pounds to 97½ pounds.

EDITORIAL

REMARKS

Congratulation to all the pioneers of Spectro-Chrome in India! You made a very good start in India and have reason to be proud of your hundred per cent. showing. Dinshah sold 11 Spectro-Chromes, during his last visit in your country and 8 of those 11 were in Surat. So your attendance of 8 was perfectly justified and the 3 others who did not appear in the Meeting, were not to be doubted in their enthusiasm, because they were in Bombay, 167 miles away.

The arrival of Dinshah in Bombay will be on Thursday, January 11, 1940. His program was changed, because of the American Neutrality Proclamation. He will meet you at Special Planet Meetings and gladly give you further instructions.

Please, continue your Meetings and Reports and always attach the full names and addresses of the Affiliates present. Above all, be loyal to the Cause—Service to Suffering Mankind, according to our Constitution and Rules.

THE GERMANS FOUNDED THE ENGLISH NATION!

Why America MUST STAY NEUTRAL

After I entered the Proprietary High School, in Bombay, India, on Thursday, 18th of August, 1881, I was taught English from the **Royal Readers**, printed in London, England for use in India as elsewhere. In the 4th book of that Series, at page 102, I found the history of "The English Settlement":

"1. Not long after the departure of the Romans, the Picts again invaded South Britain. The Britons, being unable to resist them, called in the aid of certain Germanic tribes who had been in the habit of visiting their coasts. The Germans gladly came; and they liked the country so much that they were loath to go away again, 449 A. D.

So they wrested from the Britons (or Welsh, as they called them), whom they had come to help, land on which they and their families might settle. These Germanic settlers were the founders of the English nation."

Think over this admission very carefully, Americans. The above ought to be sufficient reason for **ABSOLUTE NEUTRALITY** on our part, as both those belligerents are brothers under the skin!

COLONEL DINSHAH'S ONCOMING VOYAGE TO INDIA

American President's Neutrality Proclamation

Impels Him On An Around-The-World Detour

Circuitous Route To Bombay Will Take 2¼ Months!

The Neutrality Proclamation "to keep America out of war", promulgated by Honorable President Franklin D. Roosevelt, affected all holders of Passports of the United States Of America. Colonel Dinshah P. Ghadiali, had already secured his reservations on the Anchor Lines Limited Steamships, but as the "Proclamation" forbade American Citizens from going to Europe on British vessels, Dinshah had to alter his plans to suit the exigency.

He will leave by the American President Lines Steamship **President Harrison**, Cabin 219; the following is his complete itinerary and he may be reached without code through the ship's Radio in an emergency. All correspondence, however, should as usual be addressed to Spectro-Chrome Institute, Malaga, New Jersey; Vice-President Irene Grace Dinshah will be in charge.

Soon after his arrival in Bombay, India, Colonel Dinshah will institute suits against the Editors and certain Writers of the **Jame Jamshed** (Daily) and the **Kom Sevak** (Weekly) for Criminal Defamation and Libel. He already has all the needed evidence in his possession to prove Conspiracy against him to ruin his life's works and reputation and it is beyond doubt he will have quick and complete vindication, because British justice in India moves very swiftly and surely.
