WE labor for the Physical Regeneration of the Race, well knowing that only through this can we successfully promote the Intellectual and Moral Elevation of our fellow men. Health of Body and health of Mind and Heart are so intimately connected, while we abide in the flesh, that, while the former is wanting, we despair of the latter. It is the appointed and glorious mission of the

WATER-CURE JOURNAL

to proclaim and hasten the advent of UNIVERSAL HEALTH, VIRTUE AND HAPPINESS. We ask all who love their brothers and sisters of the Human Family to aid in this work, by becoming co-workers with us in the great cause of Hydropathy.
