UUA CELEBRATES FIRST ANNIVERSARY

Atlanta, Georgia - February 6, 1964 - (LS) - On December 22nd, 1963, the United UFOlogical Association celebrated its first anniversary. The UUA was formed by a merger of the two principle UFO Unions, The International UFO Information Exchange Alliance and the National Aerophenomena Research League. In mid-December 1962, a conference call was held between a number of American UFO leaders to discuss the idea of unity in UFOlogy and inter-group cooperation. The conference was sponsored by The United Saucer Council of Ohio (Now part of the newly-formed American UFO Committee). The Constitution of the UUA was first ratified by Allen Greenfield on behalf of the Alliance faction, on December 15, 1962. NARL leader Alan Katz ratified on December 22nd of that year, thus completing the merger. The UUA presently represents over 3,000 UFOlogists, and has member-groups in Canada, Denmark, England, Germany, Holland, South Africa, and the United States. The UUA Publishes two newsletters, "The Look-See" and "The UFO Informer-UUA News." They are published free of charge by the UUA Newspaper Committee, Allen Greenfield, Chairman, and the UUA Projects Committee, Ricky Hilberg, Chairman, respectively. The UUA maintains the machinery of a Court of Arbitration, designed to mediate any serious dispute that may arise between UFO organizations within or outside of the UUA. The UUA may be represented by an exhibit of UFO publications from all over the world at the Congress of Scientific UFOlogists in Cleveland, Ohio, June ~~1964~~, 1964.

STATEMENT OF PURPOSE

The United UFOlogical Association was formed for the set and exclusive purpose of promoting unity in the scientific ufology movement through a wide series of programs. (1) The UUA advocates better communications between UFO groups through correspondence, meetings, and the frequent exchange of publications. This is also extended to groups outside the UUA. (2) We also promote better understanding between groups through the official UUA publications. (3) We provide Look-See as a source of UFO news as a service to member-groups. In turn, we expect member-groups to cooperate by contributing material for publication. (4) We provide a safeguard to protect UFOlogy and UFOlogists from injustice through the UUA Court.

NEWS NOTES

Early tabulations by one private research group indicates that the total of sighting reports for 1963 may be higher than the figures for the preceding year.

Noted UFO 'fan' and Zoologist Ivan Sanderson recently appeared on the NBC Television "Tonight Show." Sanderson discussed such subjects as the abominable snowman, seamonsters, and also touched on UFOs.

Our thanks go to membergroups V.F.S.R.S. of Victoria, Australia for the extensive material on the Charles Brew and other cases this past year. Send us those reports, to: 2875 Sequoyah Drive, Atlanta, Georgia, U.S.A.
