FORCEFIELD
OF

THE BELOVED ELOHIM HERCULES

Forcefields

A FORCEFIELD is a consciously magnetized focus created by a person or a group of persons for the purpose of giving service to a particular area and ultimately to the entire Earth itself. In the case of the group activity, the Director in cooperation with the Group first designs within the mind the particular activity to which the group service is to be consecrated. If possible, the actual design should be brought into a visual activity (picture) so that all may be sure to direct their energies into the same activity. It is essential that this picture remain the same at all meetings once it has been drawn forth so that it will grow and expand its blessings through the group to the entire vicinity. By continual contemplation and by constant directing of the qualities of energy desired within the Forcefield, this can be made to grow in intensity to a point where it is a potent force for good in its own immediate area and throughout the atmosphere of the Earth itself. A FORCEFIELD is in constant motion, and through it will pour the limitless Gifts of the Divine Beings to whom it is dedicated as it is strengthened and expanded at each group meeting.....

There has been a detailed discussion of the word "momentum" and the various talents and developments of the lifestreams, their various likes and dislikes, their affinities, aversions, and these are very lightly referred to by the students as a "gathered momentum" in a certain direction. The students further realize that "momentum" is a constant repetition of certain actions and re-actions toward a certain qualification of energy which gains in volume and intensity by such repetition and, therefore, becomes a pressure of reserved energy that acts almost independently of the conscious volition of the individual.

Kindliness, humility, genuine warmth of heart-felt feeling are developed by the lifestream at first through very definite conscious effort, then as the radiation becomes more a part of the individual, the momentum of good makes the sustained harmony almost automatic in its expression.

People in physical embodiment spend many years in developing a momentum of energy to acquire skill in many expressions of art, music, business, commerce and then commence the study which involved the drawing of their God energy forth and focusing it into a definite channel, with the realization that a certain amount of God energy must be expended in order to achieve a reasonable amount of dexterity in their chosen field.

In the same manner, lifestreams who have taken stock of their lists of attributes and habits of the personal self, should take the same impersonal reasonable attitude toward the cultivation of the God Qualities as they do towards the cultivation of certain knowledge in the outer world.

Every Being, from the electron to the God-head expands by his or her conscious absorption of the God Energy, his particular quality and directs it according to the free will of the self-conscious life. There is NO substitute for "gathered momentum" of a quality! Each person, ascended or unascended, represents today the sum total of his or her own energy qualified through the centuries according to the individual's choice. Some people have a momentum of discord!

In the New Day, all previously charged momentums of discord must be dissolved and then replaced through the conscious effort of the individual by drawing forth of the God energy and a setting up of new qualities and new expressions that are in accord with God's Will. Here is where We come to a very marvelous and little understood explanation of how unascended beings are chosen by the Hierarchy and the Lords of Karma to assist in the bringing forth of the Perfection which will form the pattern for the New Day.

The gathered momentum of each lifestream in any constructive channel forms a great "stock pile" of energy or force, which makes such an one a tremendous pressure for good through the already developed inner nature, and the Masters use that momentum through the instruments already prepared with certain faculties, which make them natural channels for the work at hand. It is like utilizing experienced actors instead of absolutely untrained people for the expression of their work. For instance, an individual who has taught for centuries is an easier instrument for the Masters to use to deliver a lecture than it would be for Him to take one who had never builded a momentum of teaching and try to arrange the inner bodies in such a manner that the pressure of His thought and feeling might be expressed forcibly and well.

That is why all groups of students and aspirants are chosen, not by their present outer expression but by the momentum of inner talents and qualities that can be utilized in a certain locality, blended with others for the greatest good of all.

Another aspect of the Law will be found in the precipitation of opulence, beauty, etc. When a lifestream has held a desire for a certain number of years or embodiments, they form in the ethers a Cup or outline, representing such a powerful desire whether it be for a home, or on a larger scale for a Universal Brotherhood, or a Mass Education for the Young. These forms are already cut out of the Universal Life Substance, and when they are in agreement with the constructive plan of the Universe, one or more of the Ascended Masters may ensoul such a desire, thought and feeling form or vision, with Their full gathered Cosmic Momentum and Power of Precipitation through the lifestream who has held such a vision, and in that manner bring it into manifestation.

KUTHUMI

Individual's Sphere of Influence

The individual's sphere of influence is synonymous with his personal aura. Each individualized intelligence magnetizes, through the Immortal Three-fold Flame within the heart, a certain amount of life energy which he qualifies according to free will. This energy passes through his physical, mental, emotional and etheric envelopes into the atmosphere around him and becomes his sphere of influence upon life in general.

All, self-conscious intelligences, taking the responsibility for calling forth and qualifying life, are an influence upon the general atmosphere and environment in which they function because they are radiating centers of energy. The quality and type of radiation is determined by the free will choice of the qualifying intelligence. As energy is constantly flowing through the individual, it is flowing into the atmosphere and environment in which the intelligent consciousness abides. To become a beneficial influence on life, one must learn to consciously qualify this energy constructively.

A controlled, constructive, harmonious, positive sphere of influence does exactly what its name implies - influences the generation of similar qualities of faith, hope, charity, harmony, spiritual aspiration in those it contacts. The power of contagion, so aptly demonstrated in the transference of fear and panic through mass

hysteria, is equally applicable in the transference of God's Qualities and Nature.

There really is no difference between a "sphere of influence" and a "forcefield". The Beloved Maha Chohan has chosen to use the word "forcefield" to convey the picture of the battery of constructively charged energy made up of the combined auras of groups of conscious students gathered together in cooperative service to mankind. The Forcefield is made up of blended energies gathered together by Angel Devas and Builders of Form. These combine the decrees, visualizations, invocations, songs and general application of a group of students who wish to form a radiating center for God blessings in their locality. In exactly the same manner that the individual sphere of influence is a combination of the energies released through the contributing centers of thought, feeling and action, so is the corporate "forcefield" of the group composed of the consciousness and application of every member of that group.

A "forcefield" renders several services. First it is a magnetic center which draws the Presence of the Ascended Masters, Angelic Beings, and all Divine Intelligences who desire always to find an Open Door through which to pour Their radiation and blessings to mankind. As the pollen in the flowers draws the bees, so does such a consciously created forcefield draw the Presence of the Beings to Whom it is dedicated and for Whom it has been formed. Secondly, it forms a concentrate of consciously qualified God Energy which is funneled down from the Octaves of Light, and which provides a spiritual nourishment to all those who enter that forcefield beyond the natural radiation ordinarily present in the sphere in which the individual dwells. Thirdly, it

forms a radiating center of these same God Qualities into the atmosphere and locality in which it has been builded. It acts as the physical Sun itself, sending forth light, warmth, nourishment, and God Gifts into the City, town or village where it has been created and where it is sustained by rhythmic attention to its presence. Lastly, it provides an ever-present conductor which the Guardian Intelligences of this Universe may use, upon a moment's notice, to flash forth protection, purification, balance, healing, or harmony when the need arises. Thus much time is saved which would ordinarily have to be employed in creating such a funnel through which to give a blessing and protection in times of crises.

A "forcefield" takes different forms according to the particular types of students who are developing such a magnetic and radiating center. Sometimes the leader chooses a design and the form is builded by the obedient Angel Devas and Builders of Form around the thought form of the leader. Sometimes, when such an one does not take the initiative, the forcefield assumes the pattern of an etheric focus which previously was active in that locality. Ofttimes it has only a vague blurred outline and looks like a vapory cloud in the atmosphere. Of course, the more perfect the mental design of the forcefield' the more it is shared by the conscious creative centers of the students, the more value it is to the Hierarchy.

KUTHUMI

Spaceships

Have you thought of your Forecefields as 'Spaceships' - as beautiful as any of those you read about with such avidity; that you move, sometimes visible to the physical sight of people on other continents as a flashing beam of Light - almost with the speed of Light - and they, seeing that, are not fully aware from whence it came?

KUTHUMI

Pink Flame

Beloved Children, the potent force of Love is little understood by the aspirant and yet there is no form that can come into being or be sustained without the cohesive power of Love within it which keeps the elemental substance from returning to the Great Unformed. The Planet Earth, the Stars in the Heavens, the Sun in your sky, the garments that you wear are all held together by the presence and power of Love.

Mankind in all its seeking can never draw to itself the fulness that Life holds until the Magnetic Currents of Love within the heart center are sent forth over which all good rides in to the experience of the LOVER.

To make your-self a Cosmic Center of Love is to draw from the Heart of the Great Eternal Father, from the Heart of Lord Buddha, My Self, The Princely Jesus or the Lady Mary, the substance which begins to enter the inner bodies and the consciousness, and there to generate deep below the surface the Divine Vibrations of Love.

When one loves enough, all the supply, all the good of the Universe rushes toward the source of that Love for benediction and bathes in its Essence as happy children bathe in a fountain on a hot summer day. When one loves enough, both animate and inanimate life draws toward the heart center of that Love because such is The Kingdom of Heaven, and from the plant, the mineral, the vegetable, the animal and the human kingdoms the heart cry is for the re-establishment of the soul and spirit of that Kingdom from which all strayed.

Seeing your endeavors to establish and sustain a focus of the Ascended Masters in the Western World, I say to you, if you were to fill your buildings from the foundation beneath the surface of the ground to the top-most spar with the substance of Love (which is the natural Pink Flame generated and drawn forth from the Three-fold Flame in the Heart even as you draw water from a well), you would draw to yourselves both students and children that would tax the capacity of your present equipment and facilities and you would experience opulence of every kind and every form.

True Love is not sentiment -- It is not spasmodic but constant and can transform your activity into a Mountain of Pink Flame as high as Mount Everest, and at Its apex will stand the Crowning Victory of your vision in the visible Temple to the Lord of Life and His Children. From all over the Planet Earth I have drawn the greatest minds and hearts over mountain passes inaccessible and dangerous, through hardships that you in the western bodies cannot comprehend into the fastness of the upper regions. What think you, has drawn them? The Flame of LOVE!

If I could draw people across a nation or a continent by that Flame, could you not in the accessible region in which your present environment has placed you, utilize My Cosmic Power to draw this Activity from a struggling few into a Majestic Victory of Love! You can train yourselves to flood from the Heart of the Presence that Flame that no person nor part of Life can resist nor refuse entry into their hearts for their blessing and enrichment and in that blessing and outpouring, you are increasing the strength and opulence of your own lifestream and drawing it ever closer to the Pink Mountain of Attainment.

What I have done YOU SHALL DO and you can build a Great Mountain of Pink Flame, charging and feeding it with the Great Flame within your own hearts, amplified with the Glorious Pink Flame of Love within the Hearts of all Ascended Beings which will flow forth to Victorious Accomplishment as you utilize it.

GOD HIMALAYA

Your Authority and Responsibility

I bring to you the blessings of the Cosmic Hand of the Holy Spirit, which is constantly outstretched in blessing, in benediction, in the giving forth of Its substance to enrich the consciousness of mankind and all evolutions presently developing in, through and around the atmosphere of Earth.

Channeled energy is an interesting study in itself. It is, particularly, the activity of the Seventh Ray. Energy (life) is drawn and qualified

through the centuries by Beings Who have attained God Mastery. This qualified energy from the atmosphere and the personal auras of those Beings in the Realms of Perfection. To draw the blessings of energy already qualified with healing, purification, illumination, abundance and peace into the lower atmosphere where it can be absorbed by those requiring that assistance, it is necessary for the conscious creation of channels and focuses through which that energy may be magnetized and radiated.

As heat rises when the activity of Flame quickens the vibratory action of the atmosphere and as cold settles when the vibratory action of the atmosphere is slowed down, so does the energy qualified by harmonious consciousness rise to its own level and energy qualified by inharmonious consciousness settles around the individuals in distress. This adds to the shadows through which the soul seeks to find freedom.

To draw rapidly vibrating energy into the more slowly moving rates of vibration in which mankind and much of the elemental kingdom abide, it is necessary to invert the natural law of the Ascension of perfection. How is this done? By the INTEREST OF INDIVIDUAL BEINGS (Not necessarily ascended). These offer to descend into a vibratory action where the need is great and they have access through knowledge, conscious application and assistance from Beings Who abide in the Perfected Realms to the gifts, powers and radiations required so much to remove mankind's distress.

These individuals offer to magnetize the cosmic currents through their own consciousness and then radiate these cosmic benedictions to their fellowmen. They are individuals who are dear

to My Heart and who form the foundation of the Ceremonial Ray to the present evolutionary Scheme.

To keep a magnetized center of living spiritual force radiating forth in the lower atmosphere of Earth requires the assumption of authority by some intelligent being who chooses to become such a conductor, protector and radiating center of a specific God virtue.

You know how certain chemicals when exposed to air dissipate themselves and the radiation and efficacy of their element grows weaker and is finally absorbed by the atmosphere. You have seen how smoke billows are dispersed by the winds. Thus, if magnetized currents of spiritual essence when drawn into the lower atmosphere are not constantly replenished through rhythmic applications, decrees, visualizations and attention, they spend themselves and are no more. This is the purpose of creating decree groups and designing forcefields dedicated to not only invoking but sustaining the radiation of the Ascended Masters. These focuses are like suns that do not lose their radiance by shining and the very life of the students forms the sustaining of that virtue, gift or blessing for the benefit of all peoples.

You have been taught that the results of your harmoniously qualified energy rise and become the glory of the Casual Body and the results of the destructively qualified energy become the karmic shell around the outer consciousness..... Here you have another example of the natural law by which good ascends and evil descends.

The great Lord Guatama, Buddha, the Master Jesus and many Others have voluntarily bathed in the essence of God's Heart and then consciously descended into the world of form to remain a magnet

of attraction of those Higher vibrations which otherwise would be too subtle in their essence to bless mankind.

The Archangel Zadkiel and My humble Self are engaged in the training of a few among mankind in the art of conscious invocation at this time. As the forcefields of group endeavors develop and mature, the radiation of the specific Being to whom the students have dedicated their services will become a predominant influence upon the outer consciousness of the people.

The requirement of the hour is constancy of endeavor so that the invoked blessing may be sustained by the joyous life of the students given in decree, song and application.

SAINT GERMAIN

Establishment of Forcefields

When it was perceived that My Beloved Sons, El Morya and Saint Germain were going to endeavor to again present certain truths to interested people upon the planet Earth, I conceived the idea of developing (outside of the Ascended Master Retreats) certain specialized foci of harmoniously qualified energy which could be used for the expansion of the Nature of God through the emotional, mental, etheric and physical worlds of mankind.

These foci would depend, primarily, upon the interest, sustained enthusiasm and inspiration of those who desire to contribute to the impersonal welfare of the planet.

In the Ascended Masters' Octave, all Beings (while fully master of all energy entrusted to Them by God) chose to specialize in the magnetizing, qualifying, expanding and sustaining of some specific service by which the race as a whole might benefit. It was thought worthy of the time and energy expended to try to inculcate such an interest in groups of unascended beings and thus accelerate the progress of the entire evolution in, through and around the Earth.

Each Ascended Master Retreat is dedicated to the expansion of some such Divine blessing. In time, with patience, harmony, constancy and love unascended beings will create and sustain some Divine blessing which is a power that can be invoked at will by any and all other interested lifestreams in times of crises.

A "forcefield" usually takes on the form (pattern) of the actual activity which a group of individuals desires to magnetize and radiate forth for the impersonal blessing of all life. This "forcefield" is as powerful as the interest, enthusiasm, faith and constancy of endeavor of its component parts (students). A "forcefield" will take on the shape (form) of the service to be rendered, without the conscious use of the mental faculties of the students, but this form becomes more powerful, more clearly cut out of Universal Light and more enduring, if the mental faculties of the leader and the students help to sustain it in a certain definite pattern. If the pattern is constantly changing, according to the whim of the leader, it is more ephemeral and the responsibility for its sustenance lies primarily with the invisible Builders of Form. If, however, the leader and students work together to create and sustain a particular "forcefield", energizing it by their life (in visualization,

song and decree) it gradually becomes more distinct, powerful and efficacious in the emotional, mental, etheric and physical worlds, wherein the greatest requirement for assistance presently lies.

In the early Golden Ages, these "forcefields" were well known to the Priests and Priestesses Who officiated in the various Temples dedicated to certain specific God qualities; i.e. protection, healing etc. The mass of the people often made pilgrimages to such foci of specialized blessing and benediction, bathing in the full, gathered momentum already established there by those dedicated to this service of magnetizing, sustaining and radiating their gifts of life for the impersonal blessing of all mankind.

Again, as We enter the gates of the Golden Age of Freedom, We are endeavoring to stimulate the desire within the hearts of the "few" to so establish such "forcefields". Thus, each group becomes a radiating center of certain God Virtues; also learning the power of concentration and impersonal service.

Mankind enmasse suffer from many limitations and the range of possible services is limitless. Usually, in the unascended state, one individual strongly impressed by a desire to help his fellow-man, will catch a glimpse of one particular service and then, in turn, through the power of persuasion, gather around himself others who are interested in a similar project. These "forcefields" are like beautiful flowers upon the person of the Earth. In time, all chelas will know what specialized activities are magnetized at certain points upon the Earth's surface and they, in turn, may ask for the assistance of such already established "forcefields" to assist them in particular local crises.

The purpose of the establishment of such "forcefields" is not to exploit the personality nor the efficacy of any individual or group but to so magnetize and sustain certain God-qualities so that they are always available for the use of all. It is so with the Ascended Host Who offer all Their momentums of perfection to any one member, when Universal progress will result from such selfless service.

The Transmission Flame Classes were also instigated at My humble suggestion, so that the individual "forcefields" might magnetize into their momentums the already gathered Cosmic Momentums of the Ascended Masters' Retreats. This is done, primarily, through the inbreathing of the substance of the Flame and Virtue of the Retreat! Then, the sincere and selfless students (using the magnetizing center of their forcefield) expand these Virtues into their localities (through the expansion and projection of their breath). Thus, unascended beings are learning to work with and expand the service of the Ascended Masters' Retreats.

We are very well pleased with the sincere interest in this Endeavor and the kindly cooperation with it by so many individuals across the face of this sweet Earth. The "forcefield" in time can be made permanent and will remain long after the original leader and his group have ascended into the Realm where We abide. I recommend most strongly the necessity for examining the motive behind the establishment of such "forcefields", as well as recognizing the need for absolute unity, cooperation, constancy of endeavor and true loving desire to impersonally help the race in its uphill climb back to its God Estate.

The projection of the consciousness or the

students into the actual Retreat does not neutralize the activity performed by their physical bodies which are actually breathing the Flame from that Retreat into and out of their bodies. It rather increases the capacity of each such an one to be a "conductor of the Light and Power of that Retreat into their local orbit.

If you have not yet decided upon the types and quality of your group and individual service, I strongly recommend that you soon do so! The world and its people require health, peace, illumination, financial freedom, faith in God, liberation from the many "woes" that spring from conscious or unconscious allegiance to the "shadow-world"! Becomes a forerunner of an era and age wherein the Temples of the Sacred Fire will again be manifest in this physical appearance world. All large activities have a "small beginning"..... from the embryo to the seed idea of planet, a Universe or a Galaxy! The importance is in -- BEGINNING NOW!!!

THE MAHA CHOCHAN

The Purpose of this Endeavor

The purpose of this Endeavor is to bring to mankind the Law of Life -- the Truth, which mankind in applying, might weave into his own energies, thus regulating harmoniously all appearances in this world, becoming master of himself and as such master of self each such one will then be a contributing factor to the light of the World.

Throughout the ages that have been, the Spiritual Hierarchy of Sanat Kumara has been dedicated to bringing Truth to mankind through whatsoever agencies were available and through whatsoever spirits and souls volunteered to assume the responsibility of lowering the Word of God and that Truth into a vibratory action that might be absorbed and comprehended by the masses in each successive generation.

In the early ages, these individuals and their particular group of dedicated lifestreams worked always in the privacy of the great Temples of the Sacred Fire and the amount of spiritual wealth that infiltrated the mass mind in that age was determined both by the development and nature of the conductor, and the strength and vitality of the forcefields which were voluntarily created by the individuals who stood around such an one. This acted both as a magnetic field to draw the Truth and the presence of the Master and as a radiating center through dedicated lifestreams who were prepared to carry that instruction to the people.

Graded radiation is not understood by individuals who chafe at the capacities of other lifestreams to draw and condense certain qualities and gifts of the Godhead. However, it must be understood by a few in order to form a proper nucleus for the magnetizing the greatest amount of the law which is applicable to the conditions which govern the evolution at a given moment.

The magnetic field which is the sphere of influence or aura of every lifestream is a powerful factor in determining the grants by the Cosmic Law of more than ordinary release of Instruction

into the lower atmosphere of Earth. The discipline and preparation of the individual units who choose to offer their energies as such a magnetic field will determine how much of the Law which We have at Our disposal can be infiltrated through the consciousness of the receiving channel and then in turn sent forth through the Messengers and the written word to the people.

All people are no more ready to hear the deeper truths of life today than they were at the time of Jesus, or of Buddha, or of Krishna, nor are they more ready to act as magnetic fields to draw that powerful concentrated energy, nor to take responsibility through their own presence within a group dedicated to such a selfless and arduous task.

When this is understood by a group of individuals and I am enabled through limited Karma of those who choose to so avail themselves to create a permanent research center, (We will call it) I can in good conscience release the activities of the Sacred Fire which, if applied and drawn through the energies of those participating, will be all the proof that is required of the efficacy of the practical application of the Law. Those incorporating the truths given in the energies of their own bodies will then be well prepared to carry that truth into the world of form.

This was Our original design. Through the clamoring of the outer self and through the intrusion of many wills, We have seemingly deviated somewhat from Our original purpose, We shall endeavor in the future however, to again draw forth that concentrated energy and to draw around Ourselves, lifestreams capable of receiving---capable of offering their energies to hold a

harmonious sphere of influence long enough for the presence of the Master to convey not only the word, but the feeling and, allowing it to enter the consciousness of the chela, make a workable and practical pattern whereby the miracles and marvels spoken of become fact.

The creation of a spiritual forcefield for a research center such as We had on Atlantis and on Lemuria becomes the obligation of every member of such a community and the sustaining of that forcefield without a flicker of the vibratory action of discord or inharmony, becomes the responsibility and obligation of each such one through the mastery and control of his own energies while he remains a part of such a living organism. If, as has been said through the years, "indestructible harmony" could be maintained through the component parts that make up that forcefield, We would have then a proper conductor of energy and into the world of these communities would flow the Sacred Fire, with the applicable conscious knowledge, by which all conditions could be handled as We handle them in the inner realms, by light and by love.

The Beloved Ladies of Heaven, Beloved Mary, Beloved Kwan Yin and Beloved Meta are eagerly seeking opportunity to bring forth some of the Law on spiritual healings. It is one of the greatest services that could be rendered mankind today and the capacity of the lifestream of a chela to connect within the energies already qualified within the Healing Temples is merely dependent upon this control of feelings.

As My center and focus of light is directly concerned with the feeling world, I shall endeavor in every way at My command that is possible to assist you individually. Then in your collective

groups, when you come to draw the power of the Sacred Fire through the worded expression and sit consciously at the feet of the Master, (if you will help Us with this forcefield, say for an hour or so prior to Our entrance) We will have then, energy voluntarily emitted from your own bodies, like a great open Lotus through which the Master Presence can direct a permanent gift for the blessing of all life as well as for yourselves.

Besides the research and the drawing forth of the spiritual law, We must have a practical laboratory where the law is put into action. Therefore, I am hoping that somewhere, someone will get the understanding behind Our endeavor and know that, in order to draw forth instruction that has not been given since the last Golden Age, it requires the cooperation of groups. Perhaps one member of the group is qualified to draw the grace others qualified to conduct the feeling and all qualified by the giving of their personal life energies in the creating of a forcefield which is not only a magnetizing center for Truths that has never manifest, but which may be a radiating center for the qualities of the Being or Beings Who invest Their life energy in reaching the seemingly limited consciousness of just a few.

You see, as the Beloved Morya has explained to you, the priceless quality of life is not at all understood by unascended beings. Life within your own precious hearts is exquisite and priceless. There is no man who can hold or sustain it when the Will of the great individual Source causes it to withdraw. However, life which belongs to a God-free Being, every electron of which has been qualified with some dynamic God Quality and which can be invested in Cosmic

service by which millions upon a planet and countless trillions within a universe may be blessed, benefitted, raised and redeemed, can not be idly invested in a handful of individuals except in so far as they become radiating centers and double and treble the investment in work!

Every dispensation that has closed the door between the Ascended Master Octave and the human, was closed because the investment from above was not balanced by work below.... and it has nothing to do with personal favor.

The Christian dispensation, which has functioned in blessing life for two thousand years, lived on the vital energies of Jesus in those works which He pressed into the three short years of His Conscious ministry. After His passing it lived on the magnetic forcefield drawn by Mary, His mother, the disciples and the apostles, which during the thirty years she remained after His Ascension, was stored into the etheric substance of the lower atmosphere of Earth. It was then easily accessible to the Christians up to and through the fourth century after His physical presence had ascended. That is why the early Christians were so vitalized with the power of light. The sustaining of the Christian dispensation, making possible the radiation vitalizing it since that time, has been due to the few who, beyond that fourth century mark, were able to individually and in small communities, pierce into the higher octaves, connect with the Presence of Jesus and through themselves paying the balance for the Christians who followed the teachings set forth to the best of their abilities.

In every activity, you have your workers, you have your absorbers, you have your conscious chelas willing to sacrifice self, and you have

the "drones". The "drones" one day will be workers in themselves by radiation. They will be those who by very proximity to the light will be transformed.... but the length of the dispensation, as well as the amount of instruction placed into the substance of the Earth is the written and spoken word (which will remain as a heritage and guide for the peoples of the future); are dependent upon the forcefields that are created by dedicated, consecrated, selfless men and women willing to pay the balance to life for the release.

If we find a dozen such in one century We are fortunate indeed!

THE MAHA CHOHAN

On The Subject of Forcefields

I would like to speak briefly on the subject of "forcefields." As you know "I AM" Representative of the Spirit of Nature for the planet Earth. All the species of flower, shrub and tree are held in embryo within My Consciousness and released freely to the Spirits of Nature, the Directors of the Planetary and localized verdures, Flora and fauna.

As every manifest gift of Nature is primarily an IDEA (from the great oceans and mountain ranges to the smallest violet tucked away amid the moss of the forest), so each "forcefield" in this exquisite garden of spiritual foci which "I AM" sponsoring and nourishing, first comes as a "seed idea" into the consciousness of some receptive individual.

If welcomed in enthusiasm, the idea takes form in the mind of the chela (Sponsor in the unascended realm). The chela then builds that form out of the thought force of his own lifestream and the cooperative energies of any group of individuals with whom he shares the design. The feelings of the chela and his group determine the size, efficacy, quality and Cosmic service which can be rendered by that particular "forcefield". The constant rhythmic feeding of the pattern keeps it from dissipating into the unformed ethers and, of course, the ensouling of these "forcefields" by the Angel Devas has given much greater strength and radiating power to them.

May I remind you that, for instance, besides loving the Elemental Kingdom there must be a strong positive current that GOVERNS their activities in time of crisis. Energy which fills human hearts and Elemental hearts as well, surges under extreme pressures. One who has stood in earnest contemplation upon the seashore and looked upon the powerful essence in the Undines can grasp the truth that the "forcefield" of an individual and a group would have to be extremely positive to govern a raging sea

Now, the perfume of the "forcefields" as they are nourished and expanded is an actual "essence" of spiritual light. This impersonally flows over the Earth and through the sensitive elements of the souls of men. "I AM" the Gardner endeavoring to create a beautiful garden of Victory for the Earth. The specific service of each "forcefield" becomes a powerhouse which can infuse its momentum through the other "forcefields" in the time of crisis. No one "forcefield" can do the work of another. The generalized "forcefields" of

the churches and metaphysical units lose some of their efficiency because they do not specialize. It is My desire to have such specialization.

Remember, children, that the Garden grows through exposure to different types of radiation. The gardener who fears for his tender shoots and holds an umbrella over them, loses his crop. The strong winds that carry certain pollens and certain spiritual nourishments are as necessary as the gentle Sun and the breeze of April..... Nature has a way of preserving the species, but not through foolish solicitude. It is done through careful planting and invitation to the four elements.... So should it be in spiritual endeavors.

THE MAHA CHOHAN

Symbols for Forcefields

I have been asking for "forcefields" for years and for a simple symbol which can be used as the center figure of such "forcefields" with which the students who belong to that Sanctuary are familiar. That symbol should give those Students a specific idea of what their group is doing and what particular service of magnetization and radiation is going forth from it. If the Sanctuary Director (as well as the Group Directors and students who work with that one) all have the same symbol for their groups, it builds strength. Through unity of mental concentration, the students cut out of Universal light substance a good, clear pattern and will with the feelings of joy and Christ accomplishment as they continue to release their energy in decrees, songs and so on.

Then, through projected consciousness, they can "travel" in that symbol which is a real form created of light substance; sustained and expanded by the energies of the groups. Through this projected consciousness, the students can visualize themselves traveling anywhere they wish to go and there, giving their decrees right into the activities which need help. For instance, you can go to the Middle East; in areas devastated by destructive climatic conditions, or wherever there is a need for your service. If every group in any one Sanctuary has a different symbol for the "forcefield" and no one has a clear and distinct idea of what they are doing you are dissipating your energies. The center of your "forcefield" can be any constructive pattern. Some of those who have complied with My request have used the Maltese Cross as their center figure. Several have used a large, pink rose and one is a large Grail of Blue Flame. As you have seen in your "Bridge" through their calls and directing of the energies in their "forcefields" some of the groups have been dissolving ice flows, stopping storms and rendering service in preventing and removing flood conditions.

Therefore, again I point you humbly to this idea and ask, if it is at all possible, that you decide upon and consciously create just a simple symbol which you wish to use as the central pattern for your particular "forcefield" in your local groups, wherever you live.

Beloved Sanctuary and group Directors please explain to the people in your groups that the Thought-form of the year IS NOT A "BAUBLE"!! It is a message. It comes from the Heavenly Host and each student who looks upon It is supposed to use it practically to heal, prosper and illumine

his own being and world as well as the lives of all with whom he comes in contact. Much of this is done through radiation alone.

Now, beloved ones, thanking you for your grace your love and your Presence. I love you always --deeply---more deeply than you know. At the time when your particular Chohan came to Me and said: "O, I have a wonderful chela; just the most magnificent lifestream. I would like to Sponsor this one in the world of form". Many times I, (knowing what was in that lifestream) have smiled and said: "All right, Son. You have not only My acquiescence but all of the powers, gifts and help of My Own Life. Go ahead"! Those of you who are here today are those who have been Sponsored by such Members of the Ascended Host and I have taken you into My Heart...Tonight and always...I Love You!

THE MAHA CHOHAN

Individual Opportunity

Our project has drawn the interest and co-operation of Intelligences Who for countless aeons of time, have occupied Themselves with the drawing of the primal life essence into Their Consciousness -- then qualifying It with the particular God-virtues which form the nature of Divinity. Thus primal life, magnetized through love, becomes the Sacred Fire of Purity, of Peace, of Healing, of Supply and so on, indefinitely, through all the God-virtues. This Sacred Fire is already qualified God-life awaiting use through the channels of unascended incarnate lifestreams when called forth!

Do you see the opportunity herein? An individual may call forth primal life essence and, through the agency of thought and feeling, endeavor to qualify that life with power and efficacy to manifest perfection. True! However, such an individual can have the full use of already qualified life, if he will connect with Us by his attention and accept Our momentums of the Sacred Fire already prepared and awaiting claiming.

My original idea was to create strong "forcefields" made up of individual lifestreams drawing together in cooperative endeavor and when they have proven themselves by constancy of service and sustained enthusiasm, use these "forcefields" to conduct the qualified powers of the Sacred Fire through them into the world at large.

The Transmission Classes are now ready for this experiment. The breath of the students from the "forcefields"; the energies incorporated in the meeting determines the size of the periphery of the "field" (smaller or larger according to the directed cooperative energies of the group). The quality of the consciousness determines the invocative power to magnetize the Sacred Fire and the ability of the leader to hold a concentrated picture of the actual Flame and service to the Retreat, determines the projective power of that group. Naturally, the Ascended Sponsor does much to assist as yet, but We are endeavoring to concentrate the responsibility and opportunity for God-expansion through leaders and students themselves.....

THE MAHA CHOCHAN

Forcefields — The Greatest Hope

We are more grateful than words can tell that you have invited Us and given to Us your "forcefield", that through it We may give to many thousands of the people of Earth an understanding of Our specific service in the Universe.

In your innocence, you do not yet understand fully the importance of a "forcefield" to the Ascended Master Octave. It is a "pull" upon Our energies, which "pull" cannot be denied! That "forcefield" is proof to the Cosmic Law that there are embodied individuals who are interested in Our service to life; making an open door for Us through which We may give Our assistance to unascended mankind. It is also a radiating center so that when We do come closer into the atmosphere of Earth, Our gifts, radiation and power of accomplishment are not confined to the few who hear Our words but they become planetary in their blessings to the people.

Since the Atlantean days, these "forcefields" have been few and far between. On rare occasions, when great Beings like the Buddha, Beloved Jesus and some of your Saints took embodiment on Earth (before the victory of their Ascension had taken place), Their auras were such "forcefields" for the release of radiation from the Ascended Master's Octave, as They allowed Themselves to become selfless "conductors". Thus Their personal auras rendered a very definite service to mankind. However, the conscious, scientific creation of a permanent "forcefield" through the energies released by groups of individuals in decree, song, visualization and contemplation, is one of the greatest hopes for the establishment of the new Golden Age upon the Earth; with the minimum of cataclysmic action taking place and with

the opportunity for Us to enter into the affairs of men before, rather than after, world changes occur.

May I say to you whose lives are woven into this Activity here! Do you know that I can trace everyone of your lives -- your energies charged into this "forcefield" through the years -- by your own electronic pattern and the color of your Ray? Ah, sometimes you wonder if your individual presence really means so much in the co-operative group. Sometimes you wonder if you would be missed? If you could see, as I do, each one of those "ribbons" of light representing each one of your lifestreams, -- each time you are absent that particular "ribbon" does not have opportunity to increase in momentum in the same manner as the others and the "forcefield" as a whole is therefore denied the blessing of your life.

As I settled into the comfortable radiation of your "forcefield" this morning, I confess I was amazed at the power and positive control of harmoniously qualified energy which has been drawn thus into the atmosphere of Earth. Even though I had heard about it from Others Who had previously visited you, it was an amazement to My Consciousness.

Remembering Hercules as you move forward now, please do not accept such great limitation in your individual selves, when you know it only requires the exercise of the WILL within you to draw forth ALL -- ALL THAT YOU REQUIRE!

I WILL TO BE GOD-FREE!

In the Name and by the Power of Hercules, I
WILL TO BE GOD-MASTER!

In the Name and by the Power of Hercules, I
WILL TO BE A GOD INCARNATE!

Say it with all your hearts! Mean it! If
Buddha and Jesus did it; if Mother Mary and Kwan
Yin (Goddess of Mercy) did it; if Moses and
Saint Patrick did it; cannot you? Ah, yes My
children! You are the pillars of Hercules! You
are Myself in action! God bless you!

MIGHTY HERCULES.....
ELOHIM OF THE FIRST RAY

Every Group Member Important

Now let us consider for a moment the radiation
which goes forth from the energies released by
those who attend the group meetings. Let Me tell
you that the type of radiation and outpouring of
light's blessings drawn forth from Our Realm by
your calls (which radiation sometimes completely
envelops the Earth) may be determined by the very
least of you. You know, self-depreciation is a
very subtle and dangerous feeling and it is one
of the tools used by the forces of evil to keep
people from feeling that each one present becomes
a part of the Cosmic magnet to draw the perfec-
tion from Our Realms into yours. Some certain
God-quality of some Ascended Master's Presence
might be drawn into this Octave through the group
work in answer to a heart-call from one lifestream
in the group -- someone who seems quite insignif-
cant to the outer senses but who has a certain
harmonious attunement and spiritual power.

Then, too, let us not allow ourselves to be
depressed in any way in these meetings but let

us hold to a feeling of joyous enthusiasm, if we are in earnest about desiring to 'widen the borders of the Kingdom.' The sphere of influence of the class is determined by the quality of the energy in the worlds of every one present... Whenever possible, We come into an already builded and qualified "forcefield" and that "forcefield" is expanded by invocations, decrees, songs and enthusiastic feelings of every blessed member of the audience. This activity can be likened unto a wheel which is lying on its side; the hub is in the center, of course, and the spokes go from it in every direction to its rim (periphery). The size of this wheel of radiation is increased by the release of the combined energies from each one present. The larger the hub of the wheel (number present in the group), the greater the energy released to expand the radiation of the class farther and farther afield. Your own personal light might be the very last bit of radiation needed to make the activity world-engulfing and, without that light, such radiation might fall short of that world-enfolding service.

I cannot speak of this too emphatically! Each student in the group represents a radiating center of some God-quality and is drawn into the group by the Powers of Light already accumulated in his or her own Causal Body all through the centuries. Every lifestream present contributes to the sphere of influence of that group, which influence can become world-engulfing. If the group is small in numbers and the enthusiasm rather 'lukewarm', it can but render just a localized service. In the case of this class here today, We have been enabled to completely encircle the planet Earth by the release of your energies. I am now speaking not only to you but through you to those whom you

will contact in the future, for you are to be the teachers of this Law at a later time... You are the men and women who are going to have to answer many questions from the 'lukewarm' and vaguely interested. The better your understanding of the truth and efficacy of this Law; the better your knowledge and application of It and just what takes place when It is invoked, the more answers you will have ready to give to your inquirers and the greater will be your service as arms of Our-selves in action.

Your group activities from a magnetic field of energy which draws Intelligences and Beings from the Realms of Light above the human octave, Who have fully developed Their Own God-mastery and Who are willing and able to give Their full-gathered momentums of that perfection to you and to all who will ask for and accept it. Through the release of the energy in definite visualization as well as through the spoken word released in invocations, decrees and songs, there is formed this magnetic field of energy ("forcefield") just referred to, which connects with the energies of the Higher Octaves, into which those energies are directed. This makes a sort of "funnel", cutting right through the shadowed substance of the Astral or Psychic Realm, --"funnel" of Light into the Realm of Perfection. What then flows down through that "funnel"? Electronic fire from Our Octave! That "fire" is the purity and power of the feelings of masterful perfection from the Ascended Beings. At your call, one or more of the Great Ones in Our Realm Whose attention you have drawn by that call, directs His consciously qualified light-substance to you here.

For instance, when you magnetize the Beloved Archangel Michael ... just what happens? First

You draw His attention and consciousness to you by your call to Him, with your thought and feeling thus fixed upon Him. The moment your attention goes to any Perfected Being, that moment this "virtue" automatically flows out from Him (or Her) to you. That energy is sent to you in the form of a Ray of Light, made up of what we call for simplicity and clarification....."electrons" This sending forth of the Ray by the Ascended Master is a descending activity. Then, when that Ray reaches the world of the one who has called for assistance, what happens? The same Ray qualified with the blessing necessary to answer the call for help from the supplicant, immediately brings its ascent back to its Sender as living Flame. The very nature of the Flame is always to rise and so, this Ray of perfected light energy passes as Flame up through the four lower bodies of the supplicant (physical, etheric, mental and emotional), as well as through the atmosphere around that one. This activity of the rising Flame then completes the Law of the Circle -- the Ray which the Master sent forth returning eventually to Him with the added blessing of the service rendered to the supplicant. Such returning Flame then adds to the glory of that Master's Causal Body. Whatever purification and blessing has taken place in the world of the unascended one is a permanent gift from the Master to that one. However, through the exercise of his own free-will that unascended one, by allowing momentums of certain destructively qualified energy from the past to act through habits of thought, feeling spoken word and deed, may re-create all over again the same distresses from which he has been set free!

In the case of the Beloved Michael, He directs His attention to the supplicant through that 'funnel' of which We spoke before and, because

all Perfected Beings desire only to expand God's goodness, Lord Michael desires only to pour the radiation and feeling of His Mastery of energy to you to help you. This is His gift of faith, confidence, enthusiasm and positively qualified energy through your world, the worlds of all you contact and into the general atmosphere of Earth. If you are holding your world in a state of sustained Harmony and Peace at all times, you then become a living 'conductor' of the fire of God-perfection into this physical appearance world and this 'fire' purifies and raises in consciousness everyone and everything it touches. Thus can you make of yourselves a constantly radiating center of Light's perfection which can go to the very ends of the Earth, if necessary.

BELOVED TRANQUILITY
ELOHIM OF PEACE

Importance of Building a Forcefield

Your blessed hands, your sweet hearts and your gentle spirits hold open the doors to the Kingdom. Have you thought of that? Have you realized in its fullness what it means to magnetize those spiritual currents of energy from above which form a "forcefield"? Through your heartbeat, beloved ones, flows the primal substance of life. Through free-will you have chosen to give that life to the magnetizing of the Angelic Host, the Cherubic Beings, the Seraphic Kingdom, the Cosmic Masters and Devas and Those individual consciousnesses who dwell in what has been called for centuries, "The Kingdom of Heaven". These Beings do not concentrate Their energies Earthward except through

'conductors'. Such 'conductors' are consecrated unascended lifestreams who magnetize the Masters' energies and form the open door through which blessings tremendously subtle and currents extremely vibrant enter into the atmosphere and the mental and feeling worlds of mankind. The unusual benedictions could never reach the slower vibrating action of the outer consciousness if there were not embodied 'step-down transformers' in the form of individual consciousnesses who are yet a part of the race.

So, each one of you whose vital energies, week after week, month after month, year after year, have magnetized the Presence of the Eternal God-free, has formed a jewel of blazing light in the heart of this great metropolis. From the center of this blazing jewel has flowed forth to the millions of people who live here - blessings, purification and spiritual upliftment of which your dear outer selves will never be conscious until you stand with Me in the God-free Realm. Then you may look back at the record which has been written by your own lives and see the pure energy that has replaced the effluvia of those who yet know not how to control thought and feeling.

Do you know what it means to give to Me the opportunity to draw from the energies of My world and from those Temples of the Sacred Heart where I serve, those Cosmic currents of Life and Light Eternal? Through your "forcefields", these can then energize the mental and feeling worlds of all the people in this great metropolis, as well as their physical bodies and the etheric garments.

At Lourdes, as well as at Fatima, there were visitations but We were able to say very little

since We dealt with the consciousness of children who could not grasp the deeper Law and who were not prepared and ready to understand more than the beauty of the actual visible Presence. Yet, through these Visitations, We were able to anchor into those localities a sufficient Cosmic current which has remained to this day and has made possible the healing and the freeing of lifestreams who have been encompassed for centuries in limitations of their own making. I is time --- that you who are entrusted with Our confidence, with Our very Presence and with Our instructions, should accept in the deepest recesses of your feeling, those currents of energy which We bring with Us and leave as a permanent river of living force. This surges forth from the heart-center of the established "forcefield" and, with a far greater efficacy than the thin stream of energy We have been able to draw forth at the Healing Shrines, it can be directed into your hospitals and asylums, into your homes and into the consciousness of your people every where.

Beloved children, you are given a great opportunity to serve in this large city -- an opportunity to become a heart-center of Healing Light which can become planetary in its radiation, if you endure. Many opportunities come to mankind from time to time and to those who endure unto the end there is given the white garment of Victory.

Why are certain places upon the surface of this planet chosen as focuses of protection, of healing, of purity? There are many reasons, beloved ones, all in accord with a scientific law. In ages that have been, there were Golden Eras when the Angelic Host were visible and tangible to the sight of men and God-beings who had never taken flesh bodies, were still the recognized

authority governing the spiritual as well as the secular life of the race. During these times, many foci were drawn forth at the various points upon the surface of the Earth and beautiful Temples were built. Within those Temples lifestreams were drawn together who had an affinity for the vibratory action of blessings that were flowing. As I told you last evening, those blessings flowed like living rivers of force down from those Temples and out to bless the masses. When those foci were magnetized sufficiently and when from the civilizations that reigned during those particular eras there were drawn lifestreams who were willing and loyal enough to guard the Sacred Fire, that God Being Who guarded It, then gave the Fire into the keeping of those individuals who so qualified to receive It. The priests and priestesses in these Temples sustained the Light that was given and It became the spiritual nourishment and focus of balance for the people.

Lovely ones, as you stood together today and in the preceding days of this class, your Sanctuary looked like one of those beautiful Eucharistic Cups which has been fashioned in memorial of the first Communion service. From It has poured forth these various thought-forms, each engendered by your own particular vibratory action and the Ray to which you belong. All of them had tiny wings and they have gone north, south, east and west, anchoring in many human hearts and in many of the Forces of Nature, remaining ensouled thereby a Devic Being or a Cherubic Being as the encouragement of your light and as a lasting and permanent gift from this Class.

You see, it is not enough to issue the decrees, the fiats and the blessings and then, when they have spent themselves, to let the world return to

sleep again. Those decrees, fiats and blessings must be made "alive" and sustained in light eternal so that they live and grow, even as does the light of My Son, increasing in splendor, in magnetism and in the power to stir other lifestreams to a like accomplishment. That is the activity of "The Light of God that never Fails"; the activity of Those of Us Who serve It.

BELOVED MOTHER MARY

Grants and Investments of Masters' Energy

From a complete mechanical standpoint, your radio programs are conducted only as far as the beam of the local station can carry the vibrations, dependent upon the forcefield which is the power behind the beam. The same natural law controls the direction of spiritual energies, blessings and the powers from the Octaves that are above the Earthplane.

If it were possible for Us to direct and expand Our energies in an unlimited degree through the atmosphere of Earth, without the cooperation and assistance of the mankind to be benefited, We should long since have transferred the Ascended Masters' Octave to and through the Earth and had done with the tedious business! However, natural law allows Us to bless the sphere below Our own through the energies of those who are presently a part of that sphere. The statement that "God needs a body" is a spiritual truth; even the coming of the Christ has been effected through a natural body, incarnated, in every spiritual cycle.

As I have previously explained, We are allowed a certain amount of energy in a given cycle of time to invest in the evolution of the race. Whatever contributory energies We can receive from among the race to add to that store is just that much more capital with which We may work. The great impersonal Cosmic Law demands a balance for the investment of spiritual energies in the soul growth of the mankind whom We are endeavoring to reach through a specific endeavor... If We show such a balance, almost without question, the Law gives to Us additional energies to further Our Cause.

You will see then, as We draw together a few chosen lifestreams to become a spiritual forcefield through which the radiation of the Masters may bless the entire race, that the greater the power focused through that forcefield, the more far-reaching are the results in the transmutation of the thought and feeling centers of mankind. Those energies which you draw forth through directed thought, affirmation or decree, through songs or contemplations or aspirations, become the conductors through which the Masters' Address reaches into the consciousness of the people and through which the Masters' radiation blesses the inner bodies as well. Let us remember, however, that there is a specific moment when the climax or apex of the preparation is completed, the Master stands ready, and that is the moment to allow His Presence precedence. You will feel it as you attune yourself to the preparatory work and do not let it pass by, for it is not courtesy to Them nor efficacious to the work itself. Build to your climax, turning the energies and attention toward the coming Presentation, (the reading of the Masters Address) so that the mental and feeling energies of the

students are already at His Feet and the moment He is ready He may step into the created aura and energize it with His Love.

We are no longer dealing with the spiritual dilettantes that seek amusement or satisfaction of the cravings of the mental or emotional worlds. We are dealing with lifestreams who are willing to become bridge builders through the investment of their own energies in the preparation of the aura through which the Masters can influence and affect the greatest number of people. This can and should be explained to the students and they should happily and joyously desire to contribute the individual energies in such preparation for His coming.

We can tarry no longer in the personal self. We go forth to build a world in which PERFECTION shall be the lot of every man! The spiritual sound of the fire of My heart inspires those of you who wish to ride with Me in this service. To those who choose to remain I say ... "You will cross on the Bridge We build, one day, in safety ... in a great deal more comfort and in a great deal more peace.....I cannot force you to be among those who are the builders of the Bridge, whose very bodies are sacrificed to the tasks, whose consciousness is opened to the almost super-human release from Our Octave.....

There is blood, and sweat and tears in the service of those who choose to respond to the "Ho!" of the Spiritual Caravan! For those who choose to wait, there will be a beautiful white span made up of the electronic light of those lifestreams who have lived and died in service

---it will be soft to your feet --- It will be safe.... and the raging torrent beneath will have no danger for you! Someone who had gone before will have stood to his neck in that water, and perhaps been washed away in the raging flow of the tides.... these latter are the men and women who are the builders of this age! Those of you who are ready have been given My individual and collective counsel and opportunity -- avail your selves of it, if you choose...WE MARCH!!!!

Beloved ones, having delivered Myself of My message, may I assure you I also have developed, which was an essential ingredient of My release, a sweeter side! I have spoken officially, and now I speak as a Friend -- I love you! I loved you enough to stand before the Maha Chohan and implore Him to give Me the opportunity to contact a few of you, and prove that there are incarnate lifestreams who can believe in Intelligences who have no way and means of reaching the outer consciousness through the veil, except through such an instrument as He would allow. I pledged My life, a great store of My personal energies harnessed reluctantly --- for I am a freeborn Man, and I have written countless words harnessing the energies of My world to coax you to understand.....Thank You!
